

WAR SOVEREIGN SOARING THE HEAVENS

Chapter 9: Frost God's Sword Technique

Chapter 9: Frost God's Sword Technique

Nine Dragons War Sovereign Technique, Spirit Serpent Form!

Sitting cross-legged in the bath barrel, Duan Ling Tian had a tranquil expression as he cultivated with his eyes closed....

The water inside the bath barrel started spinning around Duan Ling Tian's body, creating a whirlpool.

Seven Treasures Body Tempering Liquid gathered at the heart of the whirlpool, continuously fusing into Duan Ling Tian's body and helping him cultivate.

Subtle changes were occurring in Duan Ling Tian's body at every moment.

His lifeblood was strengthening and his muscles were pulsating.

“Hua la la~~”

When the Seven Treasures Body Tempering Liquid inside the barrel was fully absorbed, Duan Ling Tian opened his eyes and walked out of the bath barrel.

“Looks like it will take me quite some time to break through to the second level of the Body Tempering stage.

As he lightly clenched his fists and felt strength flowing through his body, a trace of bright light passed through Duan Ling Tian's eyes.

“I need to break through to the third level of the Body Tempering stage before my battle with Li Jie! If not, even with the help of inscriptions, I will lose the initiative in the battle with Li Jie.”

Li Jie was a fourth level Body Tempering stage martial artist, so his cultivation provided him with an extra two hundred pounds of strength. Furthermore, his body, bones, and internal organs had gone through a large degree of metamorphosis which caused its toughness to rise beyond that of an ordinary person's body.

If Duan Ling Tian does not break through to the third level of the Body Tempering stage by the end of the one month period, even if Li Jie stands there like a punching bag, Duan Ling Tian still might not be able to injure him even if Form and Will Boxing is stronger.

The concept is likened to a child that has just learned to walk. Even if the child has a Grandmaster level Form and Will Boxing comprehension, the child will not be able to harm an adult.

The child and the adult are not on the same level playing field.

If one's strength can't even go through the opponent's defense, what use would skills and techniques have?

"Right, I have a rendezvous with Ke Er."

Duan Ling Tian walked out of his room thinking about what cultivation method he should pass to Ke Er.

Besides the two top cultivation methods, Nine Dragons War Sovereign Technique and Three Lives Rebirth Technique, Rebirth Martial Emperor's memories contained many other cultivation methods that could be cultivated to the Martial Emperor Stage.

It's not that Duan Ling Tian was unwilling to pass on the best Nine Dragons War Sovereign Technique to Ke Er and was purposely concealing it, the issue was that this cultivation method pursued a Dao of indomitable fierceness, so it was not suitable for women.

“Got it, this cultivation method isn’t bad.... Frost God’s Sword Technique, the cultivation method of a Martial Emperor from twenty thousand years ago. This Martial Emperor was a formidable cultivator of the sword, and most importantly, she was a woman!”

No matter whether it was Earth from his previous life or his current lifetime in Cloud Continent, in terms of physical constitution, women were naturally weaker than men; this was an undeniable fact.

In Cloud Continent, if a woman wanted to become strong, she would need to put in much more effort than a man would!

Frost Martial Emperor aroused deep veneration and respect in Duan Ling Tian!

Through Rebirth Martial Emperor’s memories, Duan Ling Tian found out that Rebirth Martial Emperor and Frost Martial Emperor had battled once....

In that battle, the wager was their personal cultivation methods. In the end, Rebirth Martial Emperor won, and that is how he acquired Frost Martial Emperor’s cultivation method.

“Yes, I’ll pass this cultivation method to Ke Er.”

When Duan Ling Tian finally made his decision, he had already arrived outside Ke Er’s bedroom.

He lightly knocked on the door.

The door opened.

“Young Master.”

The young girl lightly said when she saw Duan Ling Tian, then her immature and beautiful face turned slightly red.

Duan Ling Tian entered Ke Er's bedroom and closed the door behind him.

"Ke Er, I've already thought about which cultivation method to pass on to you. Come, I'll pass the Body Tempering section to you first. You need to remember it properly."

Looking at the young girl who was not at ease due to being nervous, Duan Ling Tian lightly smiled.

The young girl lightly nodded, listening seriously.

It has to be said that Ke Er was indeed a very intelligent young girl.

Duan Ling Tian only recited the Body Tempering section of Frost God's Sword Technique three times before Ke Er was able to fully memorize it.

But, problems arose quickly as well.

"Young master, I....Although I have already memorized the cultivation method, I don't know where all the acupuncture points listed are located. What should I do?"

Ke Er looked eagerly at Duan Ling Tian with a delicate and touching expression.

"I was careless. Why don't I teach you how to identify those acupuncture points?"

Duan Ling Tian was dazed for a moment before shaking his head and smiling.

"OK, OK."

Ke Er nodded excitedly.

In Ke Er's heart, she really desired to become a martial artist.

In her mind, once she becomes a martial artist, she will be able to protect her loved ones like the young master and the madam.

Following the directions of Duan Ling Tian, Ke Er sat on the bed facing him.

“Ke Er, the Jiu Wei Acupuncture Point is seven inches above the belly button....Yes, it’s here.”

Duan Ling Tian slowly extended his hand and located her belly button through her thin clothes. His finger moved upwards and stopped at her Jiu Wei Acupuncture Point.

“Ke Er, have you remembered it?”

Duan Ling Tian could feel how her body was trembling lightly.

He thought about how sensitive this girl was while secretly laughing to himself.

“Yes....Yes, I’ve remembered.”

The young girl’s face was as red as an apple and her voice was lightly quivering because she was feeling extremely shy.

Duan Ling Tian taught her how to identify the acupuncture points one by one.

As his hand slowly moved upwards, the young girl’s body started to shake even more intensely, causing Duan Ling Tian’s heart to become slightly restless.

Although Ke Er was only fifteen, she had developed well. To Duan Ling Tian, it was undoubtedly an enormous temptation.

After he became a mercenary in his previous life, Duan Ling Tian’s life could be described as unrestrained.

Of course, it was merely for amusement most of the time.

As a mercenary that was constantly in the battlefield, he was self-conscious.

He knew that love was just a dream, and he wasn’t willing to allow a woman to become a weak point that his enemies could use against him.

“Ke Er, can you still continue?”

Duan Ling Tian asked after noticing that she was covered in sweat.

“Young master, you can continue.”

She said unyieldingly.

“Ke Er, here is the Shan Zhong Acupuncture Point.”

Duan Ling Tian nodded, then he extended a finger and pressed down again.

Ke Er’s body trembled intensely, as if shocked by electricity. She could not hold on any longer, so she fell forward into Duan Ling Tian’s embrace.

As the beautiful young girl covered in sweat fell down on him, a sweet scent entered his nose. Duan Ling Tian caught her in his arms.

When the soft and supple figure entered his arms, the mood in the room became slightly charming and gentle....

The young girl’s body trembled and she shyly lowered her head.

It coincidentally knocked into a hard object, causing Duan Ling Tian’s face to distort. He then let out a smothered sound.

“Young master, you....you’re OK, right?”

The young girl hurriedly raised her head, looking at Duan Ling Tian with a slightly panic-stricken expression.

“I’m fine.”

Duan Ling Tian forced out a low growl from his throat.

The young girl seemed to have realized something at this moment, so she shyly lowered her head, not daring to look at Duan Ling Tian.

“Ke Er, ask my mother to teach you how to identify the rest of the acupuncture points. I need to leave now.”

Duan Ling Tian unwillingly got off the bed and fled.

“I’m so ashamed....just now I actually....actually....”

He left behind the young girl whose face was so red that it seemed as if blood would drip out at any moment talking to herself in a low voice.

After Duan Ling Tian left the young girl’s room, he took a deep breath. He was afraid that he would be unable to refrain himself from doing something crazy.

According to what people would say in his previous life.

The fifteen-year-old Ke Er was a girl that had not reached adulthood.

“Tian, why are you coming out of Ke Er’s room, huh?”

Li Rou, who had just returned, coincidentally bumped into Duan Ling Tian and noticed his panicked discomposure.

“Mom, I have things to do. I’m going back to my room.”

When Duan Ling Tian noticed Li Rou’s gaze, he laughed embarrassedly and hurriedly returned to his room.

As someone who was experienced, Li Rou couldn’t hold back her laughter.

It seemed her son had grown up.

Li Rou walked up and entered Ke Er’s room which had not been closed yet.

“Ke Er, you....”

Li Rou was just in time to see the young girl sitting on her bed with a flushed complexion. Li Rou’s gaze had a hint of playfulness.

“Madam!”

Noticing Li Rou, the young girl was startled.

“Madam, it’s not what you’re thinking, I....Young master....Young master was just teaching me how to identify acupuncture points.”

She hurriedly explained.

“Identify acupuncture points?”

After hearing her, Li Rou’s gaze became even weirder.
