“Human oil cigarettes? Dafu Are you mistaken!”

Wu Huo’s face bristled at hearing that, the name sounded oozy, human oil... Who would take human oil to make cigarettes.

“Haha, uncle see, I told you he was a liar, that serious doctor would say the word human oil cigarettes!”

Wycking jumped out and scoffed.

“Shut up!”

Wu Huo scolded, whirling around and glaring at him before looking at Lin Ran and saying slightly apologetically.

“Doctor Lin, don’t be so normal with him, this nephew of mine has had a bad brain since he was a child, so you should bear with him!”

“Who’s not good in the head!”

Huaiking was so angry that his face turned blue, but he didn’t dare to contradict Wu Huo, he could only hold it in his heart.

“Well, see!”

Lin Ran smiled and nodded his head.

“So, Doctor Lin, what is this human oil cigarette all about!”

Seeing that Lin Ran was not moved to anger, Wu Huo then breathed a sigh of relief and hurriedly asked.

The many staff members at the side were also listening closely, they also wanted to know what this human oil cigarette was all about.

“Just explain, we want to know too!”

Qin Bing also came over and asked.

She found that she had known Lin since then, and all her years of experience in medicine seemed to be completely useless, the causes of the illnesses this guy saw were always bizarrely vicious, even convincing her, an atheist, to the feng shui theory now.

“Okay, in that case, then I’ll talk about it!”

Seeing that everyone was interested, Lin Ran said with a smile.

“Actually, a human oil cigarette is just an ordinary cigarette, only the difference lies in the fact that the cigarette you smoke is stained with human oil!”

“Impossible, I buy all my cigarettes from the supermarket downstairs, many people in the company also buy them from his house, how come mine alone is the only one with problems!”

Wu Huo asked hurriedly, he was very puzzled.

“It’s not the supermarket’s problem, the problem lies with you!”

Lin Ran laughed, while taking a cigarette from the table and handing one to Wu Huo, saying.

“Don’t smoke it now, follow your usual habits, what will happen to you!”

Wu Hugh took the cigarette, a little surprised, and after pondering for a while, he smoothly put the cigarette in his ear and said.

“I usually hold it in my ear when I’m not smoking!”

“It’s because of this habit of yours!”

Lin Ran said.

“Which isn’t right, I usually put it in my ear even when I don’t smoke, so how come I’m fine!”

A male clerk jumped out at one side and said.

Wycking stood aside and sneered.

“And doctor, doesn’t it feel good to be hit in the face in public!”

Lin Ran smiled as he looked at Huaiking and shook his head with a smile, this guy was really doing everything he could, jumping out to denigrate himself whenever he had the chance, he was like a fly on the wall, it was annoying.

“You’re fine, it’s because of your physique!”

Lin Ran didn't bother to pay attention to Huai King and turned around to look at the male clerk and Wu Huo and said.

"You should all be clear about your own skin type, Wu Hugh's physique is prone to oily sweat, if you don't believe me you can take the cigarette off and take a look!"

"Huh?"

Wu Hugh smiled and hurriedly took the cigarette off his ear, and was shocked when he took a look, it had only been on for less than two minutes, and the side near his ear was already clearly covered with wet oil stains.

"It's really like this, I don't usually sweat and get oily!"

The male employee was surprised.

Wu Huo, however, froze in place and suddenly spoke.

"I said how I usually always feel like I buy a box of cigarettes, there are real and fake, it turns out that this is the problem!"

Usually he smoked, a box of cigarettes but there are two kinds of taste, he thought he bought fake cigarettes, but changed many supermarkets are like this.

"Cigarettes tainted with human oil will taste spicy when smoked!"

Lin Ran reminded.

Approval appeared on Wu Huo's face and he nodded hastily.

"Yes, yes, that's the feeling you're talking about!"

"Yes, so that's why the phlegm you spit out is black, while the phlegm the average smoker spits out is earthy brown!"

Lin Ran said with a smile.

"Awesome, really awesome!"

Wu Huo looked at Lin Ran with admiration in his eyes, having figured out the reason, his heart had fallen to the ground, and then looked at Lin Ran and smiled.

"Right, Doctor Lin, do I still need to go to the hospital for this illness?"

"No, the thick phlegm in your lungs from the acupuncture just now has been spat out, just try to smoke less in the future!"

Lin Ran said.

Wu Huo showed his gratitude and took Lin Ran's hand, saying.

"Thank you really too much, why don't I treat you to dinner later?"

Lin Ran's medical skills had convinced him deeply and he wanted to pull in his relationship with him.

"Forget about dinner, it's something I should do, but your nephew doesn't seem to be very friendly to me, as an elder, I hope you can educate him more, although I'm a doctor, I'm also a human being, sometimes I'm afraid I might do something out of the ordinary when I get angry!"

Lin Ran laughed, his words were soft but hard, and Wu Huo's face was stunned when he said that.

"Understood! Understood!"

Wu Huo nodded with a smile, and then sent Lin Ran and the others downstairs.

"Bastard!"

Back at the office, Wu Hugh's face instantly changed and he looked at Huai King with an icy face, having lost his temper with him for the first time ever.

"Uncle!"

Huai King was also frightened by Wu Hugh's attitude and stood by the side trembling, not daring to speak.

"You're such a fool, all you know is to spend your days outside, when will you grow up!"

Wu Hugh chided, but Huaiking was confused and hurriedly asked.

"Uncle, what does this have to do with that boy!"

"Do you know who he is? What identity and who is backing him up!"

Wu Huo chided.

"He Isn't he just a doctor? Is there someone else backing him up?"

Wycking was puzzled, had he really kicked the bucket this time?

"Stupid bastard!"

Wu Huo was so angry that he didn't bother to pay attention to his nephew.

Seeing this, Huaiking hurriedly asked.

"Uncle, you're not talking about that Luo Cheng, are you? Although he's a member of the Luo family, there's no way the Luo family would go against us for a Lin Ran!"

"Can you get out of your head that eating, drinking and playing is sleeping! Do you know the relationship between that Lin Ran and Luo Ming, do you know that the person standing behind him is the one at the helm of the entire Temperance City!"

Wu Hugh was so angry that his face turned blue, if Huaiking was not his own nephew, I'm afraid that he would have thrown him down from upstairs, where would he be here to talk nonsense with him.

"Palm helm."

Hearing these three words, Huaiking couldn't help but swallow his spit, his heart hesitating to calm down.

By now Wu Hugh's anger had almost subsided, he turned around, looked at the ambulance that was gradually moving away below and sighed.

"A poor college student who has just graduated can sit as the head of the Chinese medicine department of the Tamkang Hospital in just a month, and he is that close to Luo Ming, and he even has the man at the helm of Tamkang City behind him!"

"I'm afraid that the wind in this Temperance City is about to change!"

Behind him, Huaiking could hear it really well and said with his head bowed in some embarrassment.

"That uncle, he's no longer a poor student now!"

"Hmm? What's going on?"

Wu Huo turned around and asked, and Huaiking dared not hide it, stammering.

"In the morning... In the morning at Wanding Pawn, this guy fired the Yin Yang crocodile cream sold Sold a hundred million."

"What!" Wu Huo was shocked at the words, looking at Huaiking couldn't help but break into a cuss.

"You bastard, why didn't you tell me earlier!"

“Hey! Uncle where are you going!”

“Shut up!”

Wu Huo didn't bother to pay attention to this stupid person, and the words fell as the person had already rushed to the lift.

In fact, he had just seen the ambulance leave, but he was still reluctant in his heart and wanted to go after it.

If it hadn't been for what Huai King had said about today, he wouldn't have cared so much about Lin Ran, who he had thought was just a lucky kid at first.

He was lucky to be the head of the Chinese medicine department at Tamkang Hospital, lucky to have met Luo Ming, lucky to have met Song Yujiang later, but to make a hundred million dollars at a pawnshop, was that also luck?

Wu Huo didn't believe it, everyone who was involved in pawnbrokers was a human being, not to mention Wandering Pawnbrokers, which was the leader of the pawnbroking industry in Tanjiang City.

I am afraid that even a fool would not believe it if he did not have the ability to earn 100 million in such a place.

This was also the reason why Wu Huo really valued Lin Ran, if he had previously been dismissive of his acquaintance with various celebrities, then at this moment he really wanted to know how Lin Ran had done it, this ability in the latter had deeply attracted him.

“Little friend Lin Ran, you haven't left! How wonderful!”

Rushing out of the Divine Platform building, Wu Huo was overjoyed to see Lin Ran actually standing in the square downstairs.

“Mr. Wu, why are you looking for me for something?”

Lin Ran turned to look at Wu Huo, a smile that seemed to be on his face.

“Haha, I forgot to give this to you earlier!”

Wu Hugh smiled as he took out a hot gold business card and handed it to Lin Ran.

Lin Ran took a look and was shocked.

“Daily Building Materials and Chairman of the Divine Terrace Office Group.”

The former was nothing, it was mainly this Divine Terrace Office Group that surprised Lin Ran greatly in his heart.

“I didn’t expect this Divine Terrace Office to be under Mr. Wu’s name as well, my respects!”

Lin Ran laughed, the reason he stayed behind was to investigate whose name the Divine Terrace Office Building was under, so that he could investigate the person who took over this place back then, to see if he knew anything about Wang Kun, but to his surprise, the person he was looking for was actually Wang Kun.

“Haha, it’s nothing, compared to Brother Lin’s medical skills, it’s not worth mentioning!”

Wu Huo laughed, but in his heart he was very proud of himself, he had many industries under his name, among which the one he was most proud of was this God’s Terrace office building, when he bought the right to use this building it only cost less than a tenth of the current price.

“By the way, I have a question for Mr. Wu!”

Lin Ran suddenly said with a smile.

“Well, go ahead!”

Wu Huo was smug and didn’t think much of it.

“Who built this Divine Terrace office building back then? I’ve seen the building for some years, I wonder when it was first built?”

Lin Ran asked from the side, he didn’t want to talk about his own affairs, so he could only ask through this kind of side-tracking.

“You mean this building, it was built by the Luo family, as for the age, it should be ten years ago!”

Wu Hugh said, in fact, this matter he did not want to tell others too, after all, this house price back then he is also considered to have made a lot of money Luo family, it is okay to talk about the rent, but a number of said to have made money Luo family, I am afraid that in the future will have an impact on themselves.

After all, now that the Luo family is in power, it’s better to keep a low profile when he’s getting a bargain!

“Ten years ago?”

Lin Ran smiled in his heart, the case happened fifteen years ago, after the accident the construction site must have been seized, ten years ago the building was built, even if the time is not very accurate, around two years delay, the time is also very coincidental.

“The only doubt now is whether there is still an intermediary above Luo’s!”

Lin Ran calculated in his mind, if it was Luo who bought this piece of land from the Wang family, then Luo must know something about it, but if it wasn’t Luo, but there was another middleman, then I’m afraid it would be troublesome.

“Right Mr. Wu, do you know where Luo bought this piece of land back then?”

Lin Ran asked, but Wu Huo shook his head at his words.

“I really don’t know about that, besides it’s been a long time since then, I’m afraid that even the Luo family may not remember!”

“What, Brother Lin Ran is interested in the origin of this kind of building?”

Wu Huo looked at Lin Ran, puzzled in his heart.

How could a young man who was in the prime of his life, with a career like a tidal wave, and who also possessed medical skills, be interested in the past of a building?

“Ao, nothing, just curious!”

Lin Ran laughed, while raising the business card in his hand and putting it in his pocket, laughing.

“I still have things to do, so I won’t bother Mr. Wu, goodbye!”

Saying that, Lin Ran left.

Since he already knew that the building was built by the Luo family, there was no need for him to stay on.

At this time, it had just reached noon and Zhao Zhuang had not yet arrived, so Lin Ran called him directly and told him that he would not come over as he had something to do in the afternoon, then asked where the construction site where the accident happened was, and then hung up the phone.

After having a casual lunch at a roadside stall, Lin Ran rushed directly towards the site of the accident back then, which is now the community.

According to Zhao Zhuang, there was a neighbourhood called Jin Fuyuan near Godai Square, which was one of the neighbourhoods where the accident happened back then.

Of course, it wasn't called that back then, it was just a community that was later renovated in this area and named Jin Fuyuan.

It was already two o'clock in the afternoon when Lin Ran found the community, and standing at the entrance of the community, Lin Ran felt as if he was in a different world.

"It's possible that this is where my parents had their accident back then!"

Since he didn't know the construction site where his parents were back then, Lin Ran couldn't help but feel a sense of closeness when he saw each and every construction site where something happened.

"Let's go, some things have to be faced after all!"

Lin Ran took a deep breath and swirled towards the small area.

But just as he entered the district, Lin Ran vaguely felt that there seemed to be a wind blowing past, and it was blowing from outside the district towards the inside!

However, the wind was too faint, and even though Lin Ran's five senses were now very sharp, he still felt it very vaguely.

Just as Lin Ran was about to find an empty corner and feel it properly, suddenly there was a commotion in front of him.

Lin Ran looked up, only to see a luxury car parked not far inside the community gate, and in front of the luxury car, there was a man and a half-broken bicycle lying.

"A car accident?"

Lin Ran looked frowning, although he had never been to this community, but standing at the entrance of the community gave him a peaceful feeling, obviously the feng shui of the community was very good.

But how could there be a car accident for good reasons, this made his heart flutter and he immediately walked over.

There was an argument going on in the crowd, and Lin Ran got close enough to hear, the angry voice of a girl.

"Hey, don't pretend if you're okay, you're obviously a porcelain bumper, bullying me for not having a car recorder on my car, aren't you!"

"Hm?"

Hearing this voice, Lin Ran's heart couldn't help but jump, because this voice was actually somewhat familiar.

Lin Ran immediately squeezed through the crowd and saw a familiar figure, it was the beautiful woman who had invited him to dinner, Luo Qiqi.

"Why is this nee-san here? Does the Luo family have a house here too?"

While Lin Ran thought in his mind, the youth lying on the ground spoke up in great pain.

"Do you still have any sense of public decency, you hit me and still say I was banging on the porcelain! It's great to have money, so you can trample on other people's lives at will!"

"That's right, pay for bumping into someone and being so unreasonable!"

"That's right, dressed like a man, but what you do is so annoying!"

"That's right, this little girl, I'm not saying that you should not only be beautiful, but also have a beautiful heart!"

The youth's words immediately led to the surrounding crowd echoing, but Lin Ran was the one who noticed that two of them, a man and a woman, clearly looked wrong when they were talking, and seemed to be dragging along with the youth.

"This nee-san is still too young!"

Lin Ran looked and shook his head, this kind of thing had been broadcast on the news long ago, it was just that Luo Qiqi this nee barely watched the news and didn't know much about this kind of very obvious set up.

Plus, she had actually just said something about her car not having a car recorder, and it became very difficult to do underneath.

"You guys! You guys"

Seeing a bunch of people around her accusing herself, Luo Qiqi's eyes instantly turned red in anxiety, she was a little girl who could not stand this kind of aggravation.

“Don’t cry, you can’t solve the problem even if you cry, it’s better to take the money and settle the matter!”

A middle-aged man next to him spoke up, he had short hair, a bruise at the corner of his eye and his face just looked very cunning, he was one of the people Lin Ran thought was dragging him before.

“You!”

Luo Qiqi was furious, in her heart, although she was surprised that this guy kept screaming at the side for her to pay the money, but at this moment, with so many people around watching, it really made her heart very uncomfortable.

“Will you pay or not? If you don’t pay, I’ll call the police!”

The young man who was on the ground said stiffly that there were people around to back him up, as if he was really a victim at this time.

“I ...”

Luo Qiqi some can’t stand, want to pay for the matter, but before the words finished a voice in the crowd sounded.

“Then you report it! When the time comes the police will come and see if they arrest you or her!”

“What a man!”

The youth’s face sank at his words and he hurriedly turned his head to look.

“Lin Ran!”

Luo Qiqi looked after him, and when she saw that it was Lin Ran her face lit up with joy as she hurriedly ran over, the sudden appearance of this guy gave her a piece of mind.

“It’s alright!”

Lin Ran smiled and rubbed Luo Qiqi’s head, this ninny looked about the same age as himself, but her mind was obviously a few years younger, it should be because Luo Ming usually doted on her too much.

“So you are all in it together, how come you see me as a migrant worker and gang up on me to bully!”

The youth said in a fake aggrieved manner.

This pitiful look really moved the people around him, and immediately someone jumped out and pointed at Lin Ran.

“Hey, as a friend, shouldn’t you help to persuade?”

“That’s right, what kind of people have what kind of friends!”

“I think, it’s 80% that he doesn’t want to pay! Let’s help call the police if we can’t!”

The imprinted man sneered, disdain on his face, in his opinion, Lin Ran’s experience at his age was no match for himself, it was as easy as playing him off.

“Lin Ran!”

Hearing the police, Luo Qiqi panicked a little, what she feared most was seeing the police.

“It’s alright!”

Lin Ran smiled and rubbed her head, then looked at the imprinted man and said.

“Want to call the police, huh? Then you report it, we’ll wait!”

“You!”

Seeing that Lin Ran actually didn’t eat his line, the imprinted man was a little furious and snorted coldly.

“Hmph! I’m not going to be ordinary with you, little girl, you caused the trouble, so hurry up and pay up!”

“That’s right hurry up and pay up!”

The fallen youth also hurriedly echoed.

Lin Ran couldn’t help but laugh at this.

“What are you laughing at!”

Both the imprinted man and the youth were stunned and asked with grim faces.

“You two know each other?”

Lin Ran didn’t answer, instead he asked the two.

“Dang... Of course you don’t know each other!”

The youth hurriedly said, how would the surrounding crowd sympathise with him if this were to be said to know each other.

“We don’t know each other, what the hell do you want!”

The man with the seal said impatiently, just now Luo Qiqi had already paid the money, but because of this young man’s appearance, the cooked duck flew away, at this moment he had a big grievance in his heart.

“I don’t know you, why are you in such a hurry to ask for money? I thought you were his father!”

Lin Ran said with a show of hands.

“You ...”

The imprinted man’s face was ugly, and the youth was even more furious, how to touch a porcelain but also touch a father.

“Since we don’t know each other, why do you care so much about people’s affairs!”

Lin Ran said with a smile, the seal man’s eyes rolled, sneered and said.

“I’m just seeing injustice in the road, if no one cares, where will there be anyone to do good in the future!”

“Well said!”

“Well said!”

The surrounding crowd clapped their hands at his words, and the man with the seal could not help but reveal a smug look at this.

Lin Ran, however, smiled and continued.

“That’s a good point, so why don’t you call the police?”

“You!”

The imprinted man’s face sank again, his heart was a little worried, Lin Ran had asked him to call the police three times, it was fine if he didn’t agree once or twice, but if he kept not calling the shadows, the surrounding crowd would definitely be suspicious.

A thought in his mind, the imprinted man said at once.

“You didn’t cause the trouble, what right do you have to come out and speak for her, I’m ignoring you!”

With that said the imprinted man looked at Luo Qiqi, ready to drug money.

But Luo Qiqi's face was crossed and she said.

"He is my boyfriend, has the right to deal with it for me, and this is today I also let him help me deal with it, if there is any problem directly to him!"

Said Luo Qiqi, directly holding onto Lin Ran's arm, with a bird-like look.

"You!"

The young man with the seal looked gloomy, he originally thought he had met a good master to get money today, but he didn't expect to be crossed by this kid in front of him, his heart was that depressed.

"Are you so righteous after the trouble you've caused? I'm telling you that the neighbours won't agree!"

Seeing that his power was no longer enough to threaten his opponent, the young man with the seal could only mobilise the power of the surrounding crowd.

"Yes, we won't agree to that!"

"That's right, it's not okay to cause trouble and still be justified!"

One by one, the crowd echoed.

Luo Qiqi was most afraid of such scenes and buried her head in Lin Ran's arm, not daring to look, but Lin Ran was still wearing a bland smile and said.

"I understand everyone's feelings, I've already agreed that they should call the police, but they are hesitant, why is that? Has everyone thought about it?"

"Yes, that's why!"

"That's right, why don't you guys want to call the police?"

"Yes! How much better to call the police to deal with it!"

Everyone turned to the imprinted youths again and asked them rhetorically.

"This ..."

The imprinted young man was confused by the sudden question, he didn't know how to answer, he couldn't say the same reason as last time, it was obviously a bit too perfunctory!

"I know why!"

Lin Ran suddenly spoke up.

“Why?”

The crowd all looked at him, wanting to see what reason he would say.

Lin Ran smiled lightly, and then pointed at the two people and said.

“Because they are bumper stickers, so they don’t dare to call the police, if you don’t believe me, you can watch!”

Lin Ran said abruptly, and just as the words fell, he stomped his foot towards the youth’s head.

This foot Lin Ran lost his strength, before the foot reached a breath has been paved to hit the past.

The youth was startled, reflexes directly from the ground transferred to the side, that reaction body, how to look like the person just hit should have.

The scene was immediately quiet, and all eyes looked at the youth in unison, each with an unkind look.

“I’m... I’m not a bumper I’m really not a porcelain bumper!”

The youth panicked, the way people around him looked at him had changed, making him very uneasy in his mind.

“Why are you panicking if you’re not a porcelain bumper?”

Lin Ran looked at him and smiled blandly.

“You It’s all you, you let good people be wronged, you’ll get your comeuppance!”

The youth suddenly pointed at Lin Ran and said.

Lin Ran felt amused at this and said.

“Sparing you is really letting good people be wronged!”

Saying that Lin Ran directly picked up the car on the ground, and then looked at the crowd and said.

“As you can all see, this car was smashed into two halves, first of all the fracture is very neat, normally, a fracture caused by a violent impact, the fracture can’t be this neat!”

Lin Ran said and showed the fracture to the crowd, and when the crowd took a look, they really found that the fracture was so neat that it looked as if it had been cut with a chainsaw.

“It could be that the angle of impact happened to be at the weld!”

The youth, undeterred, argued.

“Exactly!”

The stamped man hastily agreed!

The people around them couldn’t help but show their suspicion at this point, the scenario the imprinted man was talking about was very unlikely, but it wasn’t absolutely impossible for it to happen.

Lin Ran smiled at the situation and said.

“Even if this is a coincidence of hitting a weld, then may I ask how much force it would take to break the weld on a car like this, which is big enough to support an adult on a ride!”

“I know this, it would have to be at least sixty yards or more!”

“No, I feel like seventy yards!”

“What the hell, forty yards will do!”

The crowd erupted into a heated discussion once again.

The stamped man looked grim, not knowing what to do, and not knowing what kind of medicine Lin Ran was selling in this gourd.

“How about we rip it up!”

The youths were a bit restless, the longer this dragged on, the worse it would be for them, and at this point they couldn’t help but have the intention to back out.

“No, this woman’s family is rich, if we don’t take advantage of it, we’ll get a fucking beating back!”

The stamped man said with a grim look on his face, looking at Lin Ran with a hint of sinister venom in his eyes.

“Alright everyone, you’re all talking at about the same speed, but everyone seems to be ignoring a problem!”

Lin Ran suddenly spoke.

“Overlooked what problem?”

The crowd all looked over.

Lin Ran pointed to the doorstep at the entrance, and instantly everyone’s hearts were shocked, the stamped man and the youths even had their faces instantly whitened.

“There is a doorstep here, just ask who drives in front of the doorstep and would use a speed of sixty per hour, I’m afraid it wouldn’t even be twenty!”

After saying that Lin Ran looked at the imprinted man and the youth and laughed.

“Excuse me, how did this bike break when it wasn’t even twenty per hour?”

“You I...”

The imprinted man was dumbfounded, the reason they chose the front of the gate was to take advantage of the target’s anxiousness to go out, who knew that they had actually overlooked this point.

“You two turned out to be real bumper stickers!”

The surrounding crowd all reacted at this point, and one by one they looked at the imprinted man and the youth, with anger on their faces.

Thanks to the fact that they had spoken up for the two just now, at this moment when they were exposed to the truth by Lin Ran, each of their faces felt hot and flaming.

“Go! Twist them to the police station!”

“Yes! Send them to the police station!”

Immediately, someone stood up and shouted, having lied to so many people made them very angry in their hearts.

“You wait for me!”

Seeing that things had fallen apart, the imprinted man stared at Lin Ran with a cold rebuke, and immediately ran off with the youths.

Some of the crowd couldn't stand it and even caught up with them, shouting that the two must be sent to the police station.

Lin Ran then took Luo Qiqi and left.

"Are you going out?"

Coming to the side of the cell, Lin Ran asked with a smile.

"Before, yes, but not anymore!"

Luo Qiqi said, a bewitching smile tacked onto her face.

"How did I not realise before that this nee-san turned out to be so pretty too!"

Lin Ran said secretly in his heart.

The few times he had met with Luo Qiqi before, Qin Bing had been present, perhaps because of Qin Bing's age and his own, so Lin Ran only treated Luo Qiqi as a younger sister.

At this time, when he was alone with this nee-san, plus just now this nee-san actually had the audacity to say that he was her boyfriend, at this time Lin Ran couldn't help but look a little strange in his heart.

"Not now? Then you are now?"

Lin Ran asked in confusion.

"You're here, so I'm not going out and following you!"

Luo Qiqi smiled delicately, her face filled with happiness.

"Follow me?"

Lin Ran felt amused and deliberately moved a few points closer and said.

"A lonely man and a widow, you're following me, aren't you afraid that I'll sell you?"

"Not afraid!"

Luo Qiqi laughed confidently, while also moving a few points closer, looking at Lin Ran and laughing.

"I'm so cute, you're willing to sell?"

"Eh..."

Lin Ran was speechless for a while, he found that he really didn't seem to have much resistance to women, he had wanted to tease this nee-san, but who knew that he would let her tease him and make him blush.

"That, since we're following, let's go!"

Said Lin Ran, turning around and entering the district.

Luo Qiqi hurriedly followed.

"Why did you suddenly run into our neighborhood?"

Luo Qiqi asked as she walked, the Luo family had a large family and had very many houses in Temperance City, the neighborhood in front of her was a house Luo Qiqi had bought herself because she liked the landscaped lake inside the neighborhood.

"Ao, came here for a bit!"

Lin Ran casually responded.

Seeing that Lin Ran seemed distracted and unwilling to say much, Luo Qiqi didn't ask too many questions, this nee-san had inherited Luo Ming's business personality very well and was good at reading people's minds.

Lin Ran took Luo Qiqi and walked around the small area, then pointed to a tall building located in the very centre of the district and said.

"This building is also a residential area?"

Generally speaking, the floor in the centre of the district was built so high that it would be used for other purposes, but seeing that there were many electric cars parked downstairs, Lin Ran asked tentatively.

"Yes, we have a very strict control inside this community, all of them are residential areas, there are no messy family type companies!"

Luo Qiqi said, he understood what Lin Ran meant.

"Well, can we go up to the roof!"

Lin Ran asked.

"Up to the roof? What are you doing? You're too young to be thinking about it!"

Luo Qiqi asked hurriedly.

Lin Ran couldn't help but laugh at his words and came up to Luo Qiqi and said.

"I'm so handsome, if I can't think of anything, do you want me to jump?"

"You"

Luo Qiqi's pretty face flushed at Lin Ran's question, and she pushed Lin Ran away with a red face, saying shyly.

"Who cares, if you want to jump, jump!"

"Haha!"

Lin Ran laughed harshly and whirled towards the building.

Luo Qiqi wanted to stop, but it was useless at all, so in the end she just had to stiffen her head and follow him.

The building had a total of twenty-two floors, the tallest one in the entire district, with the other floors around it only having seventeen floors.

When he arrived at the twenty-second floor, Lin Ran was surprised to find that there was only one occupant on this floor, as a rule, in a high-rise building like this, there would be at least two occupants on a floor, but this twenty-second floor was an exception.

"What is this?"

Looking at the door of the twenty-second floor, Lin Ran was surprised.

Although it was a modern item, the workmanship was extremely exquisite, and it was pure copper, so it was obviously very expensive.

"Hmm?"

Suddenly, Lin Ran noticed a bizarre phenomenon, on this gossip mirror, there was actually a very shallow handprint.

The handprint was light black in colour and the finger part was delicate and slender, at a glance it was a woman's handprint.

However, when Lin Ran went over to look at it, he smelt a single stench, a stench that was so peculiar that Lin Ran's heart just jumped after just one sniff.

Because it was a corpse stench that could only be found on dead people and unjust souls.

"What's wrong?"

Seeing Lin Ran's face not looking too good, Luo Qiqi hurriedly came over and asked.

"Nothing!"

Lin Ran shook his head and turned around to ask.

"Kiki, hasn't anyone died in your neighbourhood recently? Or a haunting happening?"

"No!"

Luo Qiqi asked, looking at Lin Ran in confusion.

"Why are you suddenly talking about this, it's weird and scary!"

"Nothing! Just asking."

Lin Ran said with a smile, then greeted Luo Qiqi and went up to the roof of the building.

That handprint he could be sure was definitely left by the female ghost, but Luo Qiqi said that there was no haunting in the district, which was very strange, did no one find it?

It shouldn't be, the female ghost was obviously coming for the residents on the 22nd floor, did the people living here not notice?

Lin Ran thought as he walked, and soon reached the top of the building, but when he turned around to take a look, he found that Luo Qiqi had actually disappeared.

"Luo..."

Lin Ran's face instantly changed and he turned around ready to shout, but before the words could come out, he saw that Luo Qiqi was sitting on the stair steps behind him, her entire face brushed white and she looked scared.

“What’s wrong?”

Lin Ran hurriedly rushed over and asked.

Luo Qiqi grabbed Lin Ran’s arm and said in a trembling voice.

“That, why don’t we go down, I I’m I’m afraid of heights!”

“Afraid of... High?”

Lin Ran almost didn’t get angry, he thought that this nee-san had hit a ghost, but it turned out that she was afraid of heights.

“It’s alright, then you stay here, I’ll go check it out and come back!”

Lin Ran smiled and said comfortingly.

Luo Qiqi smiled a little reluctantly, but still nodded and said.

“Then you... Hurry up!”

“Mmm!”

Lin Ran nodded back, and whirled around and went to the roof alone.

The roof was quite a large place, and Luo Qiqi was sitting alone on the steps and could see Lin Ran in front of her, which reassured her a lot.

Lin Ran came to the edge of the roof and looked towards the bottom, the distance of more than twenty floors was indeed very high, so he could not help but feel a tremor in his heart.

He was at the top of the building, and the whole district was in his eyes. Lin Ran only looked in two directions, and he already understood it in his heart.

“Three flowers at the top, a hundred rivers in the sea, what a lucky loam!”

Lin Jean could not help but exclaim.

The layout of the entire plot was divided into a triple as well as a hundred paths.

The three-fold referred to the fact that the entire plot presented a square outer and round inner layout, with the surrounding fences being square, while the inner plot residential placement was circular in shape.

The residential buildings in the neighbourhood gradually increase in height from the outside to the inside, until the highest residential building he is in at the moment is twenty-two storeys in total.

The hundred paths are the roads in the area. Looking down, the paths in the area are densely packed, but in an orderly manner, like a river rushing in all directions and converging to the centre.

The paths were narrow from the beginning, but the more they reached the middle, the wider they became, as if the rivers were rushing like a sea and converging in the centre.

“Hmm?”

Suddenly, Lin Ran noticed that there were actually several very tall large trees lined up around this highest level.

These large trees had to be at least a hundred years old, and had obviously existed when the district was first built, and had been constructed with full consideration of the current layout, leaving several large trees in place.

“This is the Bureau of the Giant Tripod Ascending to Heaven, it’s really deep hidden!”

Lin Ran’s heart was astonished, the giant trees around the tall building were like the feet of a tripod standing, holding the gathered wealth and prosperity within the giant tripod and melting it, while in the whole tripod furnace, the place where the qi luck converged was obviously the tip of the tripod.

In ancient times, there is a saying that the opening of an alchemy furnace depends on the weather, referring to the breath that rushes out when the furnace is opened, and the same applies to this gathering of qi.

“I’m afraid the occupants of this twenty-second floor are not simple!”

Lin Ran thought to himself.

At this moment, when Luo Qiqi saw that it had taken so long, but Lin Ran still hadn’t returned, she couldn’t help but feel a little anxious and shouted at the top of her voice.

“Are you ready yet?”

“Almost ready!”

Lin Ran returned, attracted by the feng shui pattern in front of him and wanting to see more.

“Hurry up! I’m a bit scared.”

“Yeah, I’ll be quick!”

Lin Ran returned casually, but in his mind he was thinking.

“The qi of the entire neighbourhood is connected as one, it may seem that this twenty-second floor has the most to gain, but the overall qi is connected, just like the relationship between a drop of water and the sea, the drop of water makes the sea, but similarly, the sea protects each drop of water, it is because of this mutually reinforcing relationship that the people living in this neighbourhood have their qi undiminished!”

Lin Ran’s mind was clear, but at that moment, on the corner of the twenty-second floor leading to the roof, an old lady in uniform with a red badge on her arm, “Resident Committee”, was holding her face red and finally cursing!

“You’re too young to learn! How dare you spoil our Kiki here, see if I don’t break your three legs!”

The resident committee aunt copied the broom in her hand and rushed up, when she heard Luo Qiqi’s voice again.

“Hurry up, I really can’t stand it anymore!”

The resident committee elder almost didn’t cry out, hating the irony and saying.

“Kiki, Kiki, how have you fallen?”

“Alright, alright, I’ll be right over!”

Lin Ran hurriedly returned.

“Come here? I won’t break your legs today!”

The resident committee aunt’s face sank at her words, and she rushed up in a hurry.

She had just heard that Luo Qiqi had met a porcelain bumper and had followed her all the way over. She had a bad feeling in her heart.

The neighbourhood was recently carrying out a campaign to combat pornography and illegal activities, but she didn’t expect a young man to come and try to defile their Kiki.

Kiki was very popular in the district, and Yuma treated her as her own daughter, but she never thought that today she would be defiled by a pervert in the district under her jurisdiction

The big mother rushed out in anger.

But just as she rushed up, she bumped into Lin Ran and Luo Qiqi head-on.

“You guys

Seeing the two of them coming down one after the other, Big Mother was stunned, and then she looked at Qiqi and hurriedly went up to her and asked.

“Qiqi, how are you, this beast didn’t get away with it!”

“Big Mother? Why are you here, what are you talking about?”

Qiqi was dumbfounded, and Lin Ran was even more dumbfounded.

There were just the three of them here, and this cry of brute was obviously about himself.

“Just now up there, wasn’t he bullying you?”

The amah asked in surprise, looking at the two men’s clothes at this point, which were not terribly messy, and her heart began to beat a drum.

“Big Mother, you are afraid you have misunderstood.”

Luo Qiqi said with some embarrassment.

The ama smiled but was stunned and said.

“No, I just heard your conversation, you can’t indulge yourself like that as a girl!”

“Where have I indulged? What did I say?”

Luo Qiqi asked in amazement.

Lin Ran, however, had already understood the reason and wanted to open his mouth to stop it, but it was already too late, only to hear Big Mother say seriously.

“You said

You say “you hurry up ah” ... This kind of words you a girl to say out, not ashamed?”

“Auntie, I’m afraid you’ve misunderstood, I was urging him to come down quickly, I’m afraid of heights, you know that!”

Luo Qiqi explained awkwardly, her pretty face was even redder, she didn’t expect to make this kind of misunderstanding.

“Huh?”

She knew that Luo Qiqi had a fear of heights, so she was extremely annoyed that she hadn't rushed up to take a look at her, and now she had made such a big misunderstanding.

“I'm sorry, I've got something to do, so I'll leave you guys to talk.”

Big Mother hurriedly dropped a sentence and then quickly left.

Lin Ran and Luo Qiqi looked at each other and both laughed helplessly.

The two walked down the stairs and soon reached the twenty-second floor, ready to leave.

Lin Ran had come here originally to find out if there were any clues, and at this point, seeing that the feng shui layout of the small area was not at all problematic, there was no need to stay any longer.

However, when the two of them reached the door of the house on the 22nd floor, Lin Ran suddenly remembered the bronze compass on the door of the house, so he walked over to take a look.

But just as they reached the door, a voice came from behind the door of the house, only to hear a man cursing from somewhere.

“You stinking bitch, you dare to smoke me, see how I will destroy you today!”

“Domestic violence?”

The word instantly came to Lin Ran's mind and he immediately turned around and said.

“There seems to be domestic violence here, why don't we call Big Mother back?”

Luo Qiqi was stunned at the word and stepped forward to say.

“It's too late, the lift she did must have reached downstairs already, time is running out, let's rush straight in!”

Being a woman as well, Luo Qiqi's disgust for domestic violence was definitely higher than Lin Ran's.

“Good!”

Lin Ran nodded at his words and was immediately ready to go up and get the door to the room open.

“Wait, it’s a security door, do you have a solution?”

Luo Qiqi asked when she saw this.

“Don’t worry!”

Lin Ran smiled and nodded his head.

Although the anti-theft door was difficult to open, but it was impossible to resist the fact that Lin Ran had true qi in his body again, so he could break it open in an instant with a strand of true qi input.

As Lin Ran said this, he was already walking towards the door, but as soon as he took a step, he heard a loud “bang” and was surprised to see that a human-shaped bulge had actually appeared on the security door.

It seemed that a person had been embedded in the security door.

“Who the hell is this... Domestic violence who!”

Luo Qiqi was a bit speechless, the bulge on the security door was clearly the size of a man, before she thought it was a male domestic violence against a female, but according to the current situation, maybe both of them had guessed wrong.

“Hey, bro, are you okay?”

Lin Ran shouted at the top of his lungs.

“Who Who is it!”

A long time passed before a man’s hurried voice came from the room, as if there was, some kind of big fight going on inside.

“The neighborhood council!”

Lin Ran’s head was spinning fast and he opened his mouth to return.

“The property fee has already been paid, leave me alone!”

The man’s voice in the room was even more rushed.

Lin Ran and Luo Qiqi glanced at each other, the latter spreading her hands with an expression of I don’t know how to half, and said at the same time.

"This female domestic violence man, I don't know what to do, why don't you rush in and stop them?"

Luo Qiqi said with a smile.

Lin Ran but helplessly shook his head and said.

"People might like this mouth, let's just go!"

Luo Qiqi nodded, indeed, the female domestic violence man might still really just be a matter of interest, and it wasn't very good for them to interfere.

But just as the two of them turned around to leave, there was a "bang!" The two of them turned their heads and saw that a large hole had been broken in the security door, and a man's head was poking out of the hole, with his neck just stuck in the door.

"Brother... Your daughter-in-law... The strength is quite strong!"

Lin Ran laughed awkwardly, and Luo Qiqi was also looking embarrassed.

The man looked very young, almost the same age as Lin Ran, and at this moment, when he saw the two of them, he couldn't help but laugh bitterly.

"Brother, I'm still single, where can I get a daughter-in-law, this one beside you is nice, or else give me a daughter-in-law!"

"Think good!"

Luo Qiqi refused outright, and then said.

"Don't lie to us, we all heard you just now, you want to take a female, and still dare to say it's not your daughter-in-law!"

"Really not Yes."

The youth had a impatient face and just wanted to explain, but he felt something on his shoulder and immediately restrained his words.

Lin Ran and Luo Qiqi were also both standing still in surprise at this point, especially the latter, who was even whiter in surprise, pointing at the youth's shoulder and not daring to move.

Only to see that on the youth's shoulder, a white woman's palm had actually appeared at some point, the palm was very slender and the skin was as white as if it was coated with flour, very oozy.

"Holy shit! Here we go again!"

The youth's face was filled with helplessness, and as soon as he finished speaking, his entire body was ripped back, followed by another "crackling" sound in the room.

This time Lin Ran and Luo Qiqi looked through the large hole in the door and saw a woman dressed in white with snow-white skin wrestling with the youth in the room.

The woman looked slender, like a model's figure, but her strength was no less than the youth's. The two of them were struggling together and it was hard to tell the difference between them.

Luo Qiqi looked dumbfounded and said to herself in a daze.

"Is this the legendary mother tiger ..."

"Stand here and don't come over!"

While she was dazed, Lin Ran was already rushing towards the door of the room, Luo Qiqi came back to her senses and hurriedly asked.

"Hey, people two fights, you involved in what!"

Lin Ran didn't even look back, rushing to the door and kicking the security door in with one foot, while saying back.

"Don't come over, that woman is not human!"

"What?"

Luo Qiqi sounded dumbfounded, not a person? Is it still a ghost!

The door was open and she could clearly see the woman and the man wrestling with each other, acting just like a normal person, but with more strength.

How could a ghost come out in the middle of the day?

Luo Qiqi was puzzled, but at that moment, Lin Ran had already rushed into the room, and the woman who was struggling with the youth saw someone coming and turned her head suddenly.

The next moment, Luo Qiqi was dumbfounded.

She saw that a miserable white woman's face was facing her, the woman's face had very blurred features and they were all closed.

Not only was the mouth forced, the eyes forced, even the nostrils were closed, the whole face was like the surface of a piece of paper, the five senses were drawn with a pen.

Luo Qiqi has never seen such a horrible thing, she used to watch ghost movies with someone by her side, but at this time she saw it in reality, in real life.

This scene brought her a shock that could be imagined. After just one look, Luo Qiqi felt her eyes go black and she directly fainted.

“Kiki!”

Lin Ran heard a loud noise behind him and turned around to take a look, he immediately became anxious, Luo Qiqi had followed him here, if something happened to him, how could he explain to Luo Ming.

Lin Ran immediately rushed over and found that Luo Qiqi was only unconscious and not in danger of dying, so he breathed a sigh of relief and then put her on a wooden board and returned to the house again.

The youth was pinned down by the female ghost at this time, unable to move, and when he saw Lin Ran enter, he hurriedly shouted.

“Brother, seeing that you are also a member of the same path, I hope you will please help and join me in eliminating the demon!”

Lin Ran smiled bitterly at his words, helplessly.

“Friend, it’s just as well that you’re not married, it’s just as well that you want a beautiful woman, you’ve got a female ghost in your house, people go into their houses to hide their daughters, you hide ghosts in your golden house, how big is your heart!”

“Bah! What kind of person am I, Wang Yifeng? If it weren’t for the people’s peace and happiness, who would want to put this obscure thing in the house!”

Wang Yifeng said speechlessly.

At this time, the female ghost was distracted by Lin Ran, the strength of her hand was much less, sometimes she looked at Lin Ran warily, sometimes she looked at Wang Yifeng warily, somewhat at a loss.

“Alright, get up yourself, do you still want to fight two at a time?”

Lin Ran looked at the woman in white and said blandly.

The woman in white's whole body trembled at her words, and looked at Lin Ran as she suddenly let out a deathly roar, before lunging towards Lin Ran, while roaring angrily.

"Men! None of the men are good, they all have to die!"

"Hey! I'm not the one who killed you, you can't kill good people indiscriminately!"

Lin Ran was speechless, how could this thing just beat up Wang Yifeng, but when it came to himself, he was shouting for a fight!

"Die!"

The woman in white was extremely violent and rushed over to do evil.

Lin Ran saw this and said helplessly.

"Hurry up and stop, or I won't be polite!"

The woman in white ignored him, as if she hadn't heard him, and a pair of white palms, probing with sharp fingers, had already forced their way in.

"Hey, brother, run, if you die, I'll be sorry in my heart"!

Wang Yifeng got up from the ground and hurriedly copied the peach wood sword on the side offering table and was about to kill.

"Bah! You're the one who's going to die!"

Lin Ran was speechless, this guy was simply pig-headed, he only went for the peach wood sword at this moment, what had he done to eat before.

"Die!"

The female ghost had already rushed closer, but Wang Yifeng was only slow to just start, looking at the scene in front of him his heart was already half cold, even thought of his savings, enough to pay the righteous youth in front of him, compensation.

"Compensation, funeral, grants, seems to be enough!"

Thinking of this, Wang Yifeng shouted.

"Brother go all the way, the compensation will not be less for you!"

"Shut up!"

Lin Ran was completely speechless, at this moment the female ghost had already rushed to, he didn't bother to pay attention to this Wang Yifei, his palm poked out and slapped directly towards the female ghost's forehead.

"Bang!"

A crunching sound, Lin Ran's palm hit the female ghost's forehead, followed by an illusory white shadow flying backwards directly out of the female ghost's body, while her torso immediately went limp, then quickly shrunk, actually turning into a palm-sized paper person.

"A paper person, what a crude trick!"

Lin Ran helplessly asked for his head, while slapping away the green stone crumbs left in his hand, it was with a jade piece that he had just sent out with this slap.

The jade piece was bought by him at Gu Yu Zhai, and it was infused with his true qi for self-defense, but he didn't expect it to be so terrifying when he tried it today.

"This This"

The female ghost, which he had been pestering for half a day, had actually been slapped by Lin Ran with a single slap to reveal her original form.

"A master! A master!"

Wang Yifeng's gaze towards Lin Ran turned hot, like a lustful wolf who had seen a supreme beauty, his eyes glowing.

"Get lost! Don't look at me like that, it's disgusting!"

Lin Ran said as he twisted Wang Yifei's head over, before looking at the white void in the corner of the wall where he was.

"What's your name?"

"Chen Chen Shui'er!"

The female ghost said with a trembling voice, before she could act like a normal person with the help of her paper body and was fearless of sunlight, but at this time, when she reverted to her ghost body, she was extremely afraid of sunlight.

"Where are you from? Why did you appear here? And how did you die unjustly?"

Lin Ran's face was calm as he asked in one breath.

"Brother, how do you know that he died unjustly?"

Wang Yifeng on the side said differently, in his perception, a female ghost was a female ghost, where was the distinction between those who died unjustly and those who died in vain, weren't they all female ghosts?

"If you want to become a ghost, you must have a mouthful of resentment in you, otherwise after a person dies, the soul is reincarnated directly, you can't see it at all!"

Lin Ran said indifferently.

Wang Yifeng felt banned at his words and retorted.

"That's not right, then what's the folklore about the first seven days returning to the soul? Could it be that I'm mistaken?"

Said Wang Yifei as he fished out a tattered book from his arms and flipped through it.

Lin Ran felt curious and went over to look, but who knew that this guy was like a pig protecting his food, he actually pushed Lin Ran aside and said mysteriously.

"Don't look at it, it's my family heirloom and will be passed on to my son in the future!"

"Bah!"

Lin Ran couldn't help but spit, and then said.

"I'm afraid I won't be able to keep it for a year, and pass it on to your son!"

"Er"

Wang Yifeng smiled a little embarrassed, indeed, he usually took too little care of it, causing the book to be brand new when it first came into his hands, but now it was almost as good as a scrap.

"Then I don't care, how can you let outsiders just look at a family heirloom!"

Wang Yifeng insisted.

Lin Ran didn't bother to pay him any mind and turned to look at Chen Shui'er and said.

"You answer my question first!"

"I"

Chen Shui'er was just about to answer, but Wang Yifeng on one side suddenly noticed something and spoke.

"I found out, O It turns out that the return of the first seven days is a residual wisp of soul ah, people who die normally can never see it without opening their heavenly eyes, no wonder you said she died unjustly!"

"Have you finished your nonsense!"

Lin Ran listened with his head full of black lines, he really couldn't understand how this one idiot had caught this female ghost and wasn't killed by the female ghost!

"Er... That's all."

Wang Yifeng said with slight embarrassment.

Then he thought, "No, the female ghost was caught by himself, so why should Lin Ran ask about it, and hurriedly said.

"Hey, this female ghost is the one I caught, why are you asking questions!"

"Because you can't!"

Lin Ran said as he looked at Wang Yifeng.

"What did you say?"

Wang Yifeng smiled and felt insulted, a man, actually being told that he couldn't do it, this was really something that the uncle couldn't even tolerate!

"Say it again!"

Wang Yifeng looked at Lin Ran in anger.

"What? Not convinced? Do you want to fight?"

Lin Ran looked at Wang Yifei, his face bland.

"Fight"

Wang Yifeng was stunned, what a joke, even the female ghost could give him a fat beating, if he hadn't been in good physical condition since he was a child, he would have been in the intensive care unit of the hospital.

If he were to face him and take a slap himself, I'm afraid he would have jumped over to the ICU and reported straight to hell.

"Haha, that what, you are my brother, you ask, you ask."

Wang Yifeng's face showed a smile again, although the smile was a bit ugly, but at least it was considered to be soft.

"I'm from Tanjiang City, the reason why I'm here, as you can see, is because he caught me here! Just now I took advantage of his inattention and burrowed into the paper man, which led to the scene just now."

Chen Shui'er said indifferently, not being able to defeat Lin Ran had made her desperate.

Lin Ran nodded at his words, and then said.

"I'll send you away, people can't come back to life after death, although you have grievances in your heart, you're already dead after all!"

"No!"

Chen Shui'er smiled but her eyes were red, she looked at Lin Ran with complicated eyes and said.

"You didn't kill me with your hands, I thought you were a good person, but I never thought that you were the same as him, I really misjudged you!"

Said Chen Shui'er and cried, Lin Ran also had some complicated emotions when he saw this, after a moment of contemplation, he spoke.

"I can help you to seek justice, but first you have to tell me exactly how you died!"

Not all people who died unjustly had grievances, there might be some who died because they were unwilling and had a grievance in their hearts, so whether Lin Ran wanted to help or not would also depend on Chen Shui'er's reason.

"Yes, yes, tell me first, I, Wang Yifeng, am also a good person, if there is really a grievance, I will help you too!"

Wang Yifeng said beside him, patting his chest, but Chen Shui'er gave him a blank look and said in a cold voice.

"You are not a good person, if you are a good person how come you didn't even ask, you just arrested me!"

“Er Before, that was in the downtown area, wasn't I afraid of attracting unnecessary trouble!”

Wang Yifeng spat out his tongue and said awkwardly.

“Alright, get down to business!”

Lin Ran spoke up and interrupted the two.

“I was killed by my father!”

Chen Shui'er didn't hesitate to say the real culprit behind the curtain, and then told the story.

It turned out that her family was quite well-off, her father was a jewellery merchant, the family used to be very poor, but the family was very loving, at that time she was still young, she vaguely remembered that it seemed like her father had won five million dollars by buying a lottery ticket and had made his fortune since then.

After she had made her fortune, her mother became seriously ill and died shortly afterwards, when she was only ten years old.

After that, her father almost forgot about her, and did not care about her except to pay her monthly living expenses.

Luckily, she knew enough to finish university on that money and even got a PhD.

In her early twenties, she was in her prime and beautiful, but something happened that changed her destiny forever.

Through one of his lovers, the father became obsessed with feng shui. To satisfy his greed, he contacted a feng shui master hidden in the metropolis through his lover.

The other told him that you were only destined to reach such heights and that it would be very difficult to reverse your fate. It so happened that his daughter was present at the time and the other took a liking to his daughter's beauty and said that if he could marry her to him, he could make a move.

Eventually his father compromised for the sake of his own desires.

The night before the affair was fixed, her persuasion of her father remained unsuccessful and eventually, filled with resentment, she chose to take her own life.

“Oooh This is so tragic! How in the world could there be such a heartless father!”

Wang Yifeng was crying like a tearful man beside him again, and Lin Ran had a new understanding of this guy.

This guy looked about the same age as himself, but I'm afraid he was still a child mentally, with all his happiness and sorrow written on his face.

"Come on, don't cry!"

Lin Ran said speechlessly.

Who knew that Wang Yifeng was trying to save Chen Shui'er as soon as he could, but the other party was a soul, so he didn't succeed and scratched his head somewhat awkwardly and said.

"That, I understand you, I'm actually an orphan too!"

"You"

Lin Ran looked at Wang Yifeng with a strange gaze, he really didn't believe much in this guy's words.

"You don't believe me?"

Seeing this, Wang Yifeng was somewhat speechless and squeezed past Lin Ran to the offering table, picked up the incense next to him, lit it and worshipped it twice, and only then did Lin Ran see it.

In the middle of the offering table, a tablet was justly placed: "The spirit tablet of my eye, Wang Xia Mei"

"I grew up without a father and my mother was when I was ten years old"

"All right all right, stop it!"

Lin Ran could not help but speak, Wang Yifeng although some stupid, but that is to the matter, to people he is still very smart, see the situation hurriedly asked.

"What, are you an orphan too?"

"....."

Lin Ran was speechless for a while, how did this guy become so smart at this time.

"Mm!"

Lin Ran nodded, and then said with a sigh.

"But I'm okay, I have a grandmother to depend on!"

After saying that, seeing that Wang Yifeng still wanted to answer, Lin Ran instantly interrupted him and said.

"I'll take Chen Shui'er away for now, if you want to help, you can look for me, the most important thing now is to wake her up!"

Lin Ran turned his head to look at Luo Qiqi outside the door, this nee-san was still unconscious at the moment.

"Right, right!"

Wang Yifeng nodded his head as soon as he heard that, and then felt that something was wrong and spoke.

"Why should Chen Shui'er be taken away by you, isn't it the same at my place?"

Just kidding, although Chen Shui'er is a ghost, but the body looks that is called a good-looking, and also a female doctor, a glance is cultural people, ah no is cultural ghost, this kind of big beautiful level of ghost, think of carrying in the body feel happy.

"You can't!"

Lin Ran said once again.

"Is there going to be a fight!"

Wang Yifeng's head was full of black lines, he found himself in front of this guy Lin Ran, actually divining half of the benefits.

In normal days, he was at least a famous feng shui master, but in front of this guy, he was being treated like a little follower.

"What else?"

Looking at Wang Yifeng, Lin Ran's expression was bland.

"Got it, you take it away, you take it away! It's better if you're surrounded by a bunch of beautiful women, stirring you up and killing you that's good!"

Wang Yifeng said in a low voice.

"That's best, I happen to be short of women in my destiny!"

Lin Ran casually replied, and then whirled around and took out the wooden box containing the five poisons, and said to Chen Shui'er.

"Come in!"

Chen Shui'er nodded slightly, and immediately turned into a wisp of smoke and entered the wooden box.

"Holy crap! How did you get the Five Poison Demon Box!"

When Wang Yifeng saw the wooden box, he was like a dog seeing a meat bun and came straight over.

"What? Didn't you say that we were peers."

Lin Ran joked.

Wang Yifeng, however, did not think so and said.

"I don't believe you're really a feng shui master, you don't even want to with that outfit, honestly, what the hell are you!"

"A doctor!"

Lin Ran blandly replied, although Wang Yifeng was a bit special, his heart wasn't bad, and Lin Ran recognized him as a friend.

"Alright, you clean up first, I'll borrow your room for a while to wake her up!"

Lin Ran greeted, and immediately carried Luo Qiqi into the room.

The room was spacious, but the furniture was very old, so it was obvious that this guy wasn't living in good conditions either.

After placing Luo Qiqi on the bed, Lin Ran immediately poured a stream of true qi into her body.

However, ten minutes after the infusion, this girl still did not wake up, which made Lin Ran feel a little strange.

His true qi had gradually become so thick as he used it more and more times that he could cure many difficult and miscellaneous diseases with just one strand on a regular basis, not to mention just being unconscious.

But now that more than ten minutes had passed and this girl still showed no sign of waking up, Lin Ran couldn't help but frown.

"What the hell is going on?"

Lin Ran thought to himself as he came to the front of the bed and observed it carefully.

Luo Qiqi was wearing a blue and white striped t-shirt, and a denim loose skirt, her figure was beautifully outlined.

At this moment, as she breathed, she was rising and falling, looking very cute.

When Lin Ran saw that this nee-san was breathing evenly, but she hadn't woken up, he reached out and turned her eyelids over to see what was going on.

But at that moment, Luo Qiqi's eyes actually opened violently, and then her hands directly wrapped around Lin Ran's neck, pulling him into her arms with one hand.

A fragrant breeze came to his ears, and he only heard Luo Qiqi whisper.

"Ten minutes and you haven't even had a bad thought, you're still a man!"

"But I just like a wooden head like you!"

"...."

Lin Ran was speechless for a while, at this moment the fragrant breeze and the softness of his arms again made his heart beat faster along with it.

"That That Kiki, we've only met three times this time, isn't that too hasty!"

A few moments later, Lin Ran finally spoke.

"Rash? I, Luo Qiqi, only need three seconds to like a person!"

Luo Qiqi was very direct and then said.

"In the past, I saw that Sister Bing liked you, so I didn't chase after her, but recently I saw that she and you haven't moved either, so obviously she didn't get it, so I'll be polite!"

Said Luo Qiqi and came over, ready to kiss Lin Ran, scared Lin Ran rushed back, the old face flushed red and said.

"That Kiki, this is too hasty, I A little"

Lin Ran said while thinking of how to get out of it, suddenly his afterimage glanced at the door of the room stood a person, immediately under a jump, hurriedly shouted.

“There’s someone at the door!”

“Ah!”

Luo Qiqi was also taken aback and hurriedly pushed Lin Ran away.

But Lin Ran wasn’t ready to breathe yet, and when Luo Qiqi gave a violent push, he didn’t stand still and fell down after her, directly on top of her.

The room was suddenly silent, and the two of them felt their cheeks burning as they looked at each other, and the fragrance was as strong as if it had grown legs and was burrowing into each other’s noses.

Lin Ran saw that Luo Qiqi’s eyes gradually narrowed and her lips followed suit, obviously smiling.

“Holy shit! Bro, you’re too monkeyish, this is in my house!”

Wang Yifeng at the door gulped and couldn’t help but say.

“No... It’s not what you think!”

Lin Ran wanted to argue, but Wang Yifeng turned around and left the door, while a voice came over.

“All men I understand! You have half an hour, don’t get the sheets dirty!”

“I’ll fuck you!”

Lin Ran couldn’t help but burst out a foul mouth, glanced at Luo Qiqi, saw that she was fine and was about to go out.

Seeing this, Luo Qiqi hurriedly shouted.

“Wait!”

“What’s wrong again Missy?”

Lin Ran had a impatient face, this was good, if this was known to Song Nuan, I was afraid that he would really be unable to wash himself in the Yellow River.

Seeing here surprisingly impatient face, Luo Qiqi but smiled and said badly.

“Didn’t think you like the domineering president style, I get it!”

“Understand your head, not sick pretending to be sick to take advantage of me, is it so unsafe to be a doctor these days?”

Lin Ran was speechless and walked out of the room at once.

“What a sturdy chest!”

Luo Qiqi cut her head down and laughed, before she straightened her clothes and followed him out.

During a later chat with Wang Yifeng, Lin Ran learnt that this guy had lived in the neighbourhood since he was a child, and that he was still very young when the neighbourhood was built, and his mother had used all her savings to buy the house, and had resigned not long after.

Luckily, his mother had left a large inheritance to Wang Yifeng, and this guy was a monkey since he was a child, using his inheritance to finish university and then staying at home all the time. Due to the lack of fatherly and motherly love since he was a child, he had some character flaws, but they were not serious, mainly that he was obnoxious when he talked to Lin Ran.

The tattered book he was carrying was left behind by his father, he had loved reading it since he was a child, and after graduating from university, he took up the business of subduing demons, but it was really not a good level.

“Brother Lin, I see that you are very skilled, if you still have work in the future, would you be interested in working with me?”

Wang Yifeng came over and asked Lin Ran.

“Not interested.”

Lin Ran didn't even think about it and refused.

Wang Yifeng was still not dead, and hurriedly went forward to persuade him.

“Don't, there's money to be made, you should think about the people of Temperance, if the ghosts run out and cause trouble, how dangerous it would be!”

In the past, he was not strong enough to turn a lot of money, but if he could pull Lin Ran into the water, he could make a fortune in no time!

“Let's talk about it later!”

Lin Ran replied indifferently, then he got up and took Luo Qiqi with him and prepared to leave.

The feng shui of the district had all been explored, and Lin Ran had not been able to find any relevant clues, so he was ready to leave first, so that he could go back and help to redress Chen Shui'er's grievances, so that he could send her to reincarnation.

Seeing that Lin Ran was leaving, Wang Yifeng hurriedly went forward and asked.

"By the way, when are you going to do something about Chen Da Beauty, you can definitely call on me when the time comes!"

Lin Ran knew he was talking about Chen Shui'er and nodded his head.

"Tomorrow then, I just checked, his old man is in the jewellery district of Temperance City and is opening a new shop tomorrow, we'll go there directly tomorrow morning."

"Good! Just like you to be so quick!"

Wang Yifeng smiled and patted Lin Ran's shoulder, he really wasn't thinking about making money in this matter, he was mainly just pitying Chen Shui'er.

He was ready to return to the hospital, it was already 3pm, he went to the hospital in the morning and showed up, then he was gone for the whole day, he felt embarrassed himself.

However, he had followed Qin Bing out for an external consultation in the morning, which was fine. The main thing was that Lin Ran found that since he had more and more things going on around him, he seemed to have been constrained by this job at the hospital.

"Forget about taking one step and seeing what happens!"

Lin Ran shook his head helplessly, right now he really didn't have much energy to divide between the hospital, his parents had very few clues about what was going on and it was his heartache that he could never let go of, and this time he ran into Chen Shui'er, which made him learn about the untold side of the city.

In addition to the hidden enemies around Song Nuan, everything that was going on wanted to surround Lin Ran like a fog.

Seeing that Lin Ran was not driving, Luo Qiqi offered to drive him back. Lin Ran wanted to refuse, but when he saw the excited look in Luo Qiqi's eyes, he could not bear to disappoint her and finally agreed.

It was the same car that had been touched before, and the two of them drove on and prepared to leave the district.

But just outside the entrance of the neighborhood, a large group of people came next to them, all dressed in strange clothes, some are ragged beggars, some are white collar workers still stained with blood, and even a dusty college student.

They swarmed the car and blocked it directly. Luo Qiqi was dumbfounded by the situation and hurriedly looked at Lin Ran.

“This... What’s going on here!”

Lin Ran smiled and gestured for Luo Qiqi to look at the side, only to see that at the back of the crowd on the side, the previously imprinted man and the bumper youth were respectfully following behind a bald middle-aged man.

The bald middle-aged man was slightly fat, with a big gold chain around his neck, and a trigger finger that looked like jade on his hand, with sunglasses to see his eyes.

The bald middle-aged man came straight to the two Lin Ran’s car, knocked on the car glass with his hand, and then chided.

“Get out of the car! Or else we’ll smash the car together!”

“Don’t get off yet!”

Lin Ran glanced at Luo Qiqi and opened his mouth to remind her that the other party was coming aggressively, so she was afraid that getting out of the car rashly now might be dangerous.

“Then you should be careful yourself!”

Luo Qiqi reminded her, and at the same time hurriedly took out her mobile phone to call her brother, this place was very close to the South City, her brother had been in the South City for a long time, as long as she could hold on for ten minutes, she could definitely wait for help.

“Kid’s got guts!”

Seeing Lin Ran come down alone, the bald middle-aged man revealed a cold smile.

“What’s up?”

Lin Ran had an indifferent expression, completely ignoring this group of professional bumper stickers in his eyes.

After just a glance just now, he had already understood the professions of these people, each dressed as people from all levels of society, for the purpose of banging porcelain.

“What’s the matter? What matter did you say?”

The bald middle-aged man revealed a cold smile and lit a cigarette, then looked at Lin Ran and said.

“You are given a choice, either take 100,000 yuan and get it over with, or leave a leg today, you only have one cigarette to think about it, you want the leg or the money, your choice!”

With that said, the bald middle-aged man took a sharp sip, and a quarter of a cigarette went down in an instant.

“O, I forgot to remind you, I only need four puffs for smoking, so you still have three puffs to think about!”

“Haha!”

A group of people around the room laughed as they watched.

Lin Ran, however, was staring at the bald youth with unblinking eyes and said.

“I won’t choose either one!”

“Hm?”

The bald middle-aged man’s face chilled, but Lin Ran added.

“If you don’t want to go to the hospital, then hurry up and take your people and get out!”

“Hahahaha”

Hearing Lin Ran’s words, the bald middle-aged man burst out laughing, he pointed at Lin Ran and laughed on all fours before speaking a moment later.

“Kid, do you know who I am?”

“Not interested in knowing!”

Lin Ran’s expression remained bland, the bald young man had brought about twenty people, he was simply pressing himself with the number of people, how would he put it in his eyes, the fight would last less than a minute, Lin Ran could easily take him down.

"Haha! You're quite mad, but I'm afraid you won't be able to come out of your madness later!"

The bald-headed middle-aged man laughed coldly.

On one side, however, a middle-aged man stood out, it was the man with the mark who had just been exposed by Lin Ran as a bumper sticker gang, he looked at Lin Ran and sneered.

"Mouthing off in front of our Brother Qiang, I think you don't want to live!"

"Brother Qiang?"

Lin Ran couldn't help but laugh at his words and looked at bald Brother Qiang and laughed.

"I also used to know a friend, also called Brother Qiang, he and I didn't get along either, do you know what happened to him afterwards?"

"What happened?"

Bald-headed Brother Keung asked with a slight frown and a wary look.

"He never dared to bother me again afterwards, you want to try too?"

Lin Ran looked at Bald Brother Qiang and laughed.

Bald-headed Brother Qiang smiled but looked to his men at the side and laughed.

"Haha, this kid is threatening me, see, he's actually threatening me!"

"Haha, yes, this kid doesn't know how high the sky is, he actually dares to threaten Brother Keung!"

"Brother Keung, let me go and break his dog's legs straight away!"

Each of his men laughed and echoed, but Lin Ran always had a faint smile tacked onto his face, completely ignoring their words.

"Kid, this is the first time I've come across a fool like you who isn't afraid of death, so don't worry, I don't want to be ordinary with you, since you want to die, I'll let you do it!"

Bald-headed Brother Keung looked at a group of his men, waved his hand and spoke.

"Go! Don't be merciful, I'll take care of it!"

"Yes! Brother Qiang!"

"Don't worry Brother Qiang, we'll take care of it!"

One by one, the punks in different clothes swarmed towards Lin Ran, instantly drowning Lin Ran's shadow in the crowd.

"Hey! A bunch of idiots!"

Inside the carriage, Luo Qiqi was very bashful, last time at the Ya Xiang Hotel, she had seen Lin Ran strike, there was no way these guys in front of her were Lin Ran's opponents.

"If I had known, this bald guy is also a fool, I wouldn't have called my brother!"

Luo Qiqi was a little helpless, at first she thought the bald man was going to play some kind of trick and she hurriedly went to call Luo Cheng.

Who knew that he would end up in a physical fight, and that it would be with Lin Ran, wasn't this just like a sheep going into a tiger's mouth to get killed.

As expected, everything was just as Luo Qiqi thought, one to twenty people surrounded Lin Ran alone, but in just a minute's time, all of them were knocked over by the latter.

He looked at Lin Ran with horror on his face, and his body unconsciously began to tremble.

"You... Who the hell are you!"

"Don't you know?"

Lin Ran laughed lightly, and with an arrow step had rushed in front of Bald Brother Qiang, pulling him by the collar of his shirt.

"Is there anything else now?"

Lin Ran asked blandly, a faint smile on his face, appearing harmless, but in his heart, Bald Brother Qiang knew clearly that this guy in front of him was simply not human, one person beat twenty, and the fight was settled in less than a minute, who in their right mind could do such a thing.

"You You'd better put me down, I've got people up there!"

Bald Keung said tremulously.

"O? Is that so?"

Lin Ran laughed at his words, and threw him towards the back, only to hear a "bang", bald Brother Qiang's entire body smashed directly into the wall, and then landed heavily on the ground.

"You You... Wait!"

He was the king of the world in this area, usually only he bullied others, but today he was beaten up by a poor kid who looked like he had just graduated, how could he swallow this anger?

"Hey! Brother Fate, I'm being bullied, come quickly! I'm in front of your neighbourhood!"

Copying the phone, Bald Brother Keung spoke up.

"Got it!"

A lazy voice came over the phone.

Bald-headed Brother Qiang was overjoyed at the words, hung up the phone, pointed at Lin Ran and laughed.

"Kid, wait for me, when my Fate brother arrives, I won't be called Brother Qiang if I don't get you killed today!"

"Not called Brother Keung? Then what's your name? Sister Qiang?"

Lin Ran asked with a smile, while leaning back against the car and waiting quietly.

He had heard Bald Brother Qiang's voice on the phone just now, and that what's-his-name Brother Fate also seemed to be a resident of this neighborhood, so since that was the case, he would wait for a while and meet this person.

The man's figure was similar to Lin Ran's, wearing a trench coat and a black hat on his head, which looked very stylish.

However, it was just autumn and many people were still wearing t-shirts, so this guy was wearing such thick clothes that he immediately attracted a lot of people to look around.

Lin Ran felt amused at the sight and opened his mouth to say.

"You, Brother Fate, are afraid that your brain is not good!"

"Bastard, dare to insult my Brother Fate, kid, you wait!"

Bald Brother Qiang hurried over and said as he hugged Brother Fate's thigh.

"Brother Fate, you have to do something for me!"

Brother Fate took a look at Bald Brother Keung, in his heart already, this guy's head was swollen like a pig's head, otherwise his voice was still familiar, he really couldn't even distinguish it somewhat.

"Who did it!"

Fate asked as he opened his mouth.

Bald Brother Qiang pointed in the direction of where Lin Ran was and said accusingly.

"That's him, that's the kid!"
