

Wonder Doctor Read Online Chapter 141

Faced with Chen Gui's begging for mercy, Lin Ran and the two men had no intention of letting him go, especially Wang Yiming, who directly picked up Chen Gui's collar and gave him a slap.

“How dare you beg for mercy? When you forced your own daughter to die, why didn't you spare her life!”

“I!”

Chen Gui was dumbfounded, suddenly remembering Chen Shui'er, and immediately begged bitterly.

“Shui'er, Shui'er please plead for father, father really didn't mean it, father also did it for the sake of his career and to be able to give you better living conditions!”

“You're only doing it for yourself!”

Chen Shui'er manifested once again, looking at Chen Gui with a look of despair in her eyes.

“Shui'er, you have to believe me, I'm your father, would I harm you?”

Chen Gui was still playing the card of affection.

But Chen Shui'er was already completely disappointed with him, looked at him and sighed and said.

“I’ve said it before, from the time I killed myself, you and I no longer have a relationship!”

“Shui’er, I’m your own father, are you just going to watch them deal with me like this?”

Chen Gui was still undeterred, but Chen Shui’er no longer wanted to talk to him, so she turned around and prepared to go back to the wooden box, once this was over, it was time for her to reincarnate.

Seeing that Chen Shui’er was really no longer thinking of her old feelings, Chen Gui’s face suddenly turned cold as his palm released Wang Yifeng’s wrist and slapped it directly towards his waist.

“Slap!”

A crisp sound came out, followed by a “whoosh”, a black forehead needle shot out, heading straight for Chen Shui’er’s back.

“Since you don’t care about your old feelings, then don’t blame me for being ruthless, let’s die together!”

Chen Gui looked as if he was crazy.

Wang Yifeng was the closest to him, but it was too late to stop him.

“Be careful!”

Lin Ran shouted, his palm flung out a true qi that struck the black needle directly.

“Bang!” With a crunching sound, the black needle was instantly reduced to pieces.

However, to everyone's surprise, after the black needle shattered, an even smaller black needle flew out from it again.

“Bang!”

The black needle passed through Chen Shui'er's torso and ended up shooting against the wall, Chen Gui laughed at the sight.

“Haha, if you are heartless, don't blame me for being unintentional, after being hit by my Soul Destroying Needle, you won't even be able to go to reincarnation!”

“Damn it, you bastard!”

Wang Yifeng was completely furious, grabbing Chen Gui's clothes and slamming him to the ground, his fists and feet pounding into his head.

Not caring about Chen Gui, Lin Ran hurriedly stepped forward to transfer his true qi and dragged Chen Shui'er.

“How is it?”

“It hurts!”

Chen Shui'er's face was white as she leaned into Lin Ran's arms, feeling what security was for the first time.

“I never thought that the person who would accompany me before my soul flew away would actually be you!”

Chen Shui'er looked at Lin Ran, her eyes glistening with crystals.

“Stop it!”

Lin Ran also couldn't help but have a little red in his eyes, although he hadn't spent much time with Chen Shui'er, but she gave off a feeling that she was really just like the big girl next door, but now

“Is there anything else, things you want to do?”

Lin Ran asked, holding back the grief in his heart.

After being hit by the soul extinguishing needle, the soul will dissipate little by little, and it will be too late to even go to reincarnation, at most ten minutes, the soul will be completely dissipated, and from then on, it will never be able to live forever.

Chen Shui'er looked at Lin Ran with such care and seriousness, and after a moment she spoke.

“If only I could have known you earlier!”

“Earlier you wouldn't want to know me, I'm afraid!”

Lin Ran revealed a bitter smile, earlier he was just a poor school bully, those who were willing to know him in school were those who really loved studying, falling in love was not his thing at all, even his only girlfriend, Zhao Yu, only approached him with an agenda.

“When you say so, I'm quite interested in your past, suddenly I don't want to die!”

Chen Shui'er revealed a bitter smile, life and death had a destiny to be rich and powerful, was it something she could decide.

“Bastard, let you lay your hands on me, let you be shameless!”

To the side, Wang Yifei was still lecturing Chen Gui, who had by now been beaten beyond recognition, his head swollen like a pig's head and not a single piece of good skin on his body.

Lin Ran glanced at him indifferently, his eyes were a little complicated, at this moment he didn't dare to look at Chen Shui'er, he had some guilt in his heart.

“What's wrong?”

Chen Shui'er saw Lin Ran's strange appearance and asked.

“Do you really not want to die? I mean, if you could be reincarnated, would you choose to go and be reincarnated, or would you continue to be a wronged soul?”

Lin Ran suddenly asked.

Chen Shui'er looked at Lin Ran, thought for a moment, and said with a smile.

“Before I met you, I would probably choose to go to reincarnation because there was no one in the world worth holding on to anymore, but after I met you, I would choose to be a wronged soul, at least I would still be able to see that someone really cares about me!”

“Mm!”

Lin Ran nodded, the guilt in his eyes suddenly disappearing as he got up to support Chen Shui'er and asked.

“Wooden box, ring, jadeite, what do you like?”

“Huh?”

Chen Shui'er was a little puzzled as to why she was suddenly asking this question.

“Just answer me!”

Lin Ran looked at her and asked solemnly.

“A ring, I've never worn a ring before in my life!”

Chen Shui'er said somewhat wistfully, she had been so busy studying that she hadn't even had a boyfriend, let alone a ring.

“Hmm! Pick one!”

Lin Ran helped Chen Shui'er and went to the counter.

The glass of the counter had long since shattered due to the previous fight, and at this moment, countless jewellery and gold and silver ornaments were exposed to the air.

Chen Shui'er stared at the silver rings for a while and finally took out a very nice looking men's ring and handed it to Lin Ran.

“Choose this one!”

“This is for men!”

Lin Ran opened his mouth to remind him, and Chen Shui'er smiled slightly and said.

“Consider it a gift for you, I'm a ghost, I can't even carry it!”

“Also.”

Lin Jean was suddenly dumbfounded, he had forgotten about it.

Taking the ring, Lin Ran glanced at Wang Yifeng, who was still engaged in a violent beating, then looked at Chen Shui'er and asked in a very serious manner.

“I'll ask you again, for the last time, you really don't want to die do you?”

“Mm!”

Chen Shui'er nodded her head heavily.

Lin Ran let out a long breath before a strand of true qi cut through his finger and a drop of blood dripped onto the ring, he then looked at Chen Shui'er and said solemnly.

“If you don't want to die, enter this ring and I will use my blood as a trigger to protect your soul from extinction, but!”

Lin Ran said as his brows furrowed together and sighed, finally speaking out.

“But once you enter this simply, you're connected to the ring, and you'll have no chance of reincarnation at all in the future! Unless you come across a great opportunity, you will have to live inside the ring for eternity!”

“You won't give the ring away, will you!”

Chen Shui'er looked at Lin Ran and asked solemnly.

“Not in my lifetime!”

Lin Ran returned with the same solemnity.

Chen Shui'er smiled at his words, looked at Lin Ran, smiled and nodded, then turned into a wisp of white silk and floated into the ring, and soon a voice came out.

“Thank you, I love my new home!”

Wonder Doctor Read Online Chapter 142

The first time I saw Chen Gui, he was already beaten beyond human shape, but Wang Yiming was very cunning and didn't kill him, so Chen Gui stayed alive.

Lin Ran called the police, the old man was also awake at this time, and heard that the police had been called, so he was relieved.

During this time, Lin Ran called Song Yujiang for the first time and told him what had happened. He also told him about Chen Shui'er's notebook that was hidden in the courtyard of Chen Gui's house.

Song Yujiang personally arranged for it, and soon the notebook was found, Chen Gui had been taken away, and Lin Ran and the others just took some statements on the spot and left.

For this time, on the way back, Lin Ran and Wang Yifeng and Chen Shui'er had a long chat.

Chen Shui'er did not have any opinion about the outcome of Chen Gui's case. After all, he was her own father, and although he still killed her in the end, she still had some personal feelings in mind.

On the way home, Wang Yifeng left, and before he left he said.

"I'm very busy with business, and I have to catch a ghost this afternoon, so I won't be joining you, so I'll be in touch when I get the chance!"

"I hope the next time we meet, you are still alive!"

Lin Ran was helpless, such a "straightforward" guy, he didn't know how he managed to escape from the ghost.

All the way home, Lin Ran had a rare moment to rest, but soon the sound of the phone interrupted his relaxing thoughts.

"Hey, what's up?"

After glancing at the caller ID, it was Qin Bing calling, Lin Ran couldn't help but ask curiously.

"Why aren't you at the hospital again!"

Qin Bing's grumbling voice came from the other end of the phone.

"Ao, something's come up!"

Lin Ran said helplessly, he had indeed missed a lot of work recently, this was in the end his own fault, but he really couldn't help it, his parents' affairs were too important to him.

"Come to the hospital quickly now, there's a patient in a very special situation!"

On the phone, Qin Bing's voice was anxiously urging.

“Okay!”

Lin Ran smiled and didn't delay, immediately driving his car to the hospital.

However, the car hadn't even reached halfway when Qin Bing's phone call came again.

“Don't come, the patient is fine, he can be discharged later!”

“Er Fine!”

Lin Ran was speechless and helpless, and again he just had to turn around and drive home.

This time there were no calls on the road, but when the car just stopped at the entrance of the district, Lin Ran's mobile phone was ringing again.

“Big beauty Qin, what's wrong again?”

“Come to the hospital quickly, that patient's condition has relapsed again!”

Qin Bing urged anxiously on the phone.

“Okay.”

Lin Ran was helpless, he always felt that this nee-san was teasing him, and he prayed secretly in his heart, hoping that this time he wouldn't just set off and be fine again.

The car started quickly and Lin Ran once again rushed towards the hospital.

Seeing that Lin Ran had just arrived home and was going out again, Chen Shui'er helplessly asked.

“Why do you want to go out again?”

“There's something at the hospital again!”

Lin Ran was helpless, and Chen Shui'er nodded at his words, not saying anything more.

But the silence didn't last for ten minutes, Lin Ran's mobile phone finally rang again.

When he picked it up and saw that it was Qin Bing again, Lin Ran was completely speechless in his heart.

“Hello! Miss Qin, you're not going to tell me that the patient is fine again!”

“Er

Qin Bing was helpless for a while and then said.

“Indeed, it's as you said!”

“My god, you've come to play me on purpose!”

Lin Ran was completely speechless.

“No! This patient's situation is very special, his body temperature was very low, after another hospital checkup, his body temperature quickly

returned to normal, but as soon as he returned home, his body temperature dropped rapidly, it's been repeated twice!"

"What about the patient?"

Lin Ran asked helplessly.

"He's already been discharged home!"

Qin Bing said, and then added even more in order to reassure Lin Ran.

"He waited in the park for half an hour before he was discharged, and only let him go back when he saw that he was fine!"

"Alright!"

Lin Jean was completely helpless, hung up the phone and just had to rush home again.

Ding Ding Ding

Just as he arrived home, Lin Ran's phone rang again.

"If you don't follow me this time"

Lin Ran was really a bit angry, but when he picked up his phone and took a look, he froze, the call was actually not from Qin Bing, but from Luo Qiqi.

"What's wrong?"

Answering the phone, Lin Ran asked straight away.

"What, nothing can't call you?"

Luo Qiqi asked rhetorically.

“No!”

Lin Ran scratched his head in embarrassment this afternoon’s phone call had really stirred him up enough.

“In two days it’s the Mid-Autumn Festival, I’ve asked Sister Qin Bing, and Sister Nuan, so we’ll come out and get together then?”

“Ah? How come you’ve also asked Song Nuan out?”

Lin Ran was speechless, Song Nuan didn’t even know Qin Bing and Luo Qiqi before, they only met later by chance, but they didn’t expect that they actually had each other’s phone numbers.

“What’s wrong? The three of us are good girlfriends now, just say it come on or not!”

Luo Qiqi interrupted him directly and asked.

“Can I not come?”

Lin Ran asked tentatively, he was really afraid that he wouldn’t be able to handle it if these three women got together.

“No way!”

On the phone, Luo Qiqi refused very forcefully.

Lin Ran was helpless and returned the question.

“Then you’re still asking!”

Seeing Lin Ran's promise, Luo Qiqi was very happy and said with a smile.

“Good, then it's a deal, I'll tell you guys about the hotel later, bye!”

With that, Luo Qiqi hung up the phone, leaving Lin Ran alone and messy at the door.

Opening the door and entering the room, Lin Ran was startled that Song Nuan was actually at home.

“What's wrong? Am I scary?”

Seeing Lin Ran's reaction, Song Nuan frowned slightly, in the past this guy used to smile when he saw himself, why was he scared like this this time.

“Nothing, just now Kiki said that we were going to get together for the Mid-Autumn Festival, you should know that right!”

Lin Ran asked, digressing from the topic.

“I know, isn't it to some people's liking, three beautiful women eating at the same table, how many men want that in their dreams!”

Song Nuan said with a slightly sour tone to her words.

“Actually, I didn't want to, but when I heard you were going, I wasn't worried, so I decided to go!”

Lin Ran hurriedly explained.

“The hell I'll believe your words!”

Song Nuan's face turned to show her disbelief, but in her heart she was already happy, this guy really still had himself in his heart.

Seeing that Song Nuan's mood had improved, Lin Ran then sat down at the side, cleared his throat and looked at Song Nuan and said.

“That, I have something to say to you!”

“Is it related to me?”

Song Nuan asked, Lin Ran nodded.

“Say it!”

Lin Ran gathered his words and then said.

“Things are a bit complicated, you saw the news this morning. It's the jewellery shop!”

“Watched it, didn't that what's-his-name Chen Gui already get arrested? How did something happen?”

Song Nuan asked.

Lin Ran bit her lip and finally said.

“That, Chen Gui had indeed been captured, but something went wrong in the process, Chen Shui'er's soul was injured, and at the last minute, I saved her, and I'm afraid she'll have to live in our house from now on!”

When Song Nuan heard this, she was first stunned, then she was actually overwhelmed with happiness and hurriedly asked.

“Really? Where is Sister Shui? Quickly let her out, I don’t have to worry about exams if I can live with a school master like Sister Shui!”

“Hey! I’m a school bully too, okay! I can tutor my homework too!”

Lin Ran was a little speechless at his words.

Song Nuan saw this but said seriously with a stern face.

“Go aside, are you a ghost? Can you enter the examination hall without being discovered?”

“Er” Lin Ran was completely messed up.

Wonder Doctor Read Online Chapter 143

“Little sister Nuan, I can’t help you with this, you still have to rely on yourself to study!”

Chen Shui’er smiled as she appeared to the side, her essence was obviously much better than before, with Lin Ran’s essence blood rich in true qi nourishing her, her body was becoming more and more solid.

“Aiya I know, I was just joking, but there’s one thing you can definitely help with, and that’s to help me go check out the school bully’s homework, so I can learn more then!”

Song Nuan laughed.

Lin Ran smiled and was completely speechless.

“You nee-san, you don’t think about studying properly yourself, what kind of things are in your head!”

“Who’s not studying properly, I’m trying to go to the next level!”

Song Nuan argued.

“Alright, I’m going to take a shower, you take your time going upstairs!”

Lin Ran was speechless and turned around to go to the bathroom.

“Wait!”

Suddenly, Song Nuan saw the ring on his hand and frowned slightly.

“Where did this ring come from?”

“Er... This is!”

Lin Ran was just about to explain, but Song Nuan pulled his hand and looked at it very carefully, and after a moment, his face turned ugly.

“This is a pair of rings, you’re actually wearing a pair of rings!”

Song Nuan gritted her silver teeth, wanting to flay Lin Ran alive.

“No... It’s not what you think, this ring!”

“No need to explain to me, this lady doesn’t care!”

Song Nuan said angrily.

Lin Ran was completely helpless this time, but how dare he not explain, he hurriedly said.

“This ring is not what you think, it was at the jewellery shop today!”

“A jewellery shop?”

Song Nuan blew through as soon as she heard that, and her eyes changed as she looked at Lin Ran.

“What’s wrong again?”

Lin Ran had a speechless face, at least let you finish your own words, how come every time you said the key place, you were interrupted.

“How come I didn’t realize before that you actually have a penchant for stealing things, you’re already worth over a billion dollars, and you’re still so greedy for small fortunes!”

Song Nuan said.

Lin Ran smiled and became even more speechless as he turned his head to look at Chen Shui’er and said.

“It’s better for you to explain!”

“I’ll explain? I’ll explain what? Didn’t sister Song Nuan guess everything correctly?”

Chen Shui’er looked at Lin Ran with a surprised expression.

“Fuck me, you two are going to play me to death!”

Lin Ran was completely helpless, these two were only meeting for the second time and they were actually ganging up on him.

“No, let’s be clear, we are not playing with you, we have nothing to do with your death!”

Chen Shui’er said without missing a beat, and Song Nuan laughed even more at her words.

“That’s right, your body is so weak, who’s going to play with you? If you want to play, you have to play with a fitness trainer!”

Lin Ran was not happy when he heard this, he directly got up and took off his shirt, directly revealing the tendon meat inside, although his body is on the thin side, but this muscle is really covered.

“See, brother also has muscles, I just don’t work at the gym, if I did, I would definitely be the best trainer!”

Said Lin Ran, he came up to the two women and smiled cheekily.

“So what, come on, play with me as much as you want!”

The two women took a look and couldn’t help but give a “eek”, then Song Nuan pushed Lin Ran away and scolded him in shame.

“Rascal, hurry up and take a shower!”

“What? You want to take a shower before you play! No problem!”

With that, Lin Ran dove into the shower room.

Seeing this, Song Nuan covered her mouth and laughed lightly, saying.

“You can play with the bedpan by yourself later!”

With that, she led Chen Shui'er back to her room, and the two of them laughed and chatted.

“Xiao Nuan, you're really not afraid of me!”

Chen Shui'er was still a bit worried, she wasn't really human after all, if others knew she was a ghost, I'm afraid they would all avoid it, but Song Nuan

“Don't worry, I'm really not afraid!”

Song Nuan laughed, and then looked at Chen Shui'er and said.

“And Sister Shui'er looks so pretty, how could I be afraid!”

“You're the only one with a sweet mouth!”

Chen Shui'er was very happy to hear this in her heart.

“By the way, Sister Shui'er, where did that guy's ring come from anyway?”

Song Nuan suddenly asked.

Chen Shui'er smiled at that.

“Actually he bought it, he bought a pair at a jewellery shop and said he'd come back to give you one, but as you know, this guy is thin-skinned and hasn't had the heart to ask for it!”

“How thin-skinned is he? He's even thicker than the city walls!”

Song Nuan expressed her disbelief.

Chen Shui'er saw this and quickly ran out of the room, she was a soul, she didn't even need to open the door, she just ran out, and within a minute she had run back, there was really a lady's ring in her hand.

"This one is in my pocket!"

Chen Shui'er said and handed the ring to Song Nuan.

"Ah? Then you just"

Song Nuan took the ring her pretty face flushed, Lin Ran was in the bathroom taking a shower, just now Chen Shui'er went to get the ring, wouldn't she

"See, but what are you blushing about? It's not like you're jealous of your sister, right?"

Chen Shui'er joked.

Song Nuan sniffed and waved her hand, laughing.

"Why, it just seems so strange, a modern version of human ghost love?"

"Haha!"

"Haha!"

Both of them couldn't help but laugh.

"By the way, have you ever seen a man take a bath?"

Suddenly, Chen Shui'er spoke up and asked Song Nuan.

Song Nuan was stunned at the words and her pretty face turned even redder.

“Don’t worry, this is a topic between us women, that guy can’t hear it!”

Chen Shui’er opened her mouth and laughed.

“No No!”

Song Nuan’s pretty face was slightly red and she was very shy.

“Then do you want to see it?”

Chen Shui’er smiled brightly, being a ghost now was a completely different experience than when she was human before, which made her intentionally want to bring Song Nuan to experience it.

“Take a look? Look at who at this late hour!”

Song Nuan lowered her head, her pretty face flushed.

“Knowingly!”

Chen Shui’er gave her a blank look, and then greeted her to follow her.

With Chen Shui’er, the person who did things silently, opening the way, Song Nuan reached the washroom almost unhindered.

After an unknown period of time, a cry of alarm was heard, followed by a man’s breathless and helpless growl.

“Are you two perverts? How dare you spy on me in the shower? I’m not even married yet!”

“No Didn’t mean it!”

Song Nuan’s nervous voice rang out.

“I did it, haha!”

Chen Shui’er opened her mouth and laughed.

“What kind of sin have I done, to bring back a lecherous ghost, or a female lecher! Ah, it’s late in life!”

Lin Ran wanted to cry without tears.

After taking a shower, in the living room, the two women were sitting on the sofa like little children who had done something wrong, and Lin Ran was standing by the side, looking at the two with an unkind gaze.

“What have you seen, tell me the truth!”

“Nothing There’s really nothing at all to see!”

Song Nuan said with her head lowered, but her pretty face was so red that water could drip out of it.

“Really?”

Lin Ran came forward, his face full of distrust.

“Aiya well, not just peeking at your bath, big deal Big deal”

Song Nuan’s pretty face turned even redder.

“Big deal what?”

Lin Ran asked.

Song Nuan hesitated a little, and suddenly she seemed to make up her mind of some sort and raised her head towards Lin Ran's face and gave him a kiss.

“Now we're even!”

After saying that, Song Nuan turned around and ran back to her room, only Chen Shui'er saw that the corners of this ninny's mouth was up when she entered the room.

It was late at night and in the room, Lin Ran was lying on the bed with his eyes tightly closed, seemingly sleeping.

Chen Shui'er suddenly appeared beside him, looking at Lin Ran on the bed, she had a complicated gaze.

After standing like that for a long time in silence, suddenly, Chen Shui'er bent down and touched Lin Ran's cheek before whispering to herself.

“I'm even too!”

Lin Ran's eyes rolled beneath his tightly closed eyes, his heart seething with bitterness.

“Hey, it's a good thing it's a ghost, if it's a person, how can I tell Song Nuan about this later!”

Wonder Doctor Read Online Chapter 144

The next morning, Song Nuan went to school early, since the Mid-Autumn Festival was coming up, and as the school's dance plus face, she definitely still had to prepare for the show.

Lin Ran woke up, ate something casual, washed up and then went out to the hospital.

Now that she had no idea about her parents, she only knew that Wang Kun had a son, but where this son was and what he was like, Lin Ran had no idea.

“We can only take one step and see what happens!”

Lin Ran sighed in his heart.

Jingle Bells

“Hey, what’s wrong?”

When he was almost at the hospital, Lin Ran’s phone rang.

“Come to the cafe opposite the hospital, looking for you for something!”

On the phone, came Qin Bing’s voice.

“What’s the matter? You still have to go to the cafe to talk about it?”

Lin Ran frowned, this girl usually didn’t pay attention to these things, why did she actually ask herself to go to a cafe this time.

He was puzzled, but he still rushed to the cafe.

Inside a high-end cafe opposite the hospital, Qin Bing was holding a cup of coffee, looking out while drinking it, seemingly preoccupied with something, with a sad frown.

Lin Ran quickly pushed the door in and walked over when he saw Qin Bing.

“What’s the matter, and an appointment to the coffee shop!”

Lin Ran sat down and asked for a glass of plain water, then asked.

“Something bad!”

Qin Bing frowned slightly and took a sip of her coffee, then looked at Lin Ran and said.

“You’ve been away from the hospital a lot recently, and someone isn’t happy about it!”

“Hmm?”

Lin Ran frowned slightly, but in his heart he understood that this would happen sooner or later, unlike owning a job in the system, not being able to get to and from work on time was already a big taboo.

“It’s from the internal medicine department!”

Qin Bing said.

Lin Ran smiled and already understood who it was, and took a sip of water and laughed.

“You said Qi Yin!”

“Mm!”

Qin Bing nodded, and then said.

“During yesterday’s routine meeting, he brought up the matter of your frequent absences from work, and produced your punch card records, and records of outings!”

“And then what?”

Lin Ran asked.

“Dean Yang just looked at it and didn’t say anything, but the other colleagues were very unhappy about it!”

Qin Bing returned.

“Hmm, I see!”

Lin Ran nodded his head.

Qin Bing looked at him with great surprise and asked.

“Is that all? Don’t you ever think of changing it?”

“Can’t change!”

Lin Ran laughed indifferently.

“Why?”

Qin Bing asked.

“There are some things that are important to me, even if I lose my job because of it!”

Lin Ran said solemnly.

“But you said at the beginning that you wanted to practice medicine and promote Chinese medicine in the world, are you giving up so soon?”

Qin Bing said, she did not want to see Lin Ran leave Temperance Hospital.

“It’s all in the heart to practice medicine, and it’s all in the heart to carry it forward, it has nothing to do with whether I’m in Tamkang or not!”

Lin Ran said with a faint smile.

“This is just my speculation, maybe President Yang sees that you are excellent in medicine and won’t care about this!”

Qin Bing revealed a bitter smile and said, she knew she couldn’t say anything to Lin Ran, she could only pray that this guy wouldn’t really leave Tanjiang, if he did, then what could she do

“Maybe!”

Lin Ran’s heart is also a bit confused, for a while both of them are not talking, the surrounding became quiet.

But this silence did not last a minute when it was suddenly interrupted by a greeting voice.

“Director Qin, why are you here? What a coincidence, or should I treat you to a cup of coffee?”

A man’s voice came over, Lin Ran both looked up and saw that the person speaking was a man around his early thirties in age, he was slightly chubby and had self-curling hair, not very long but curly in an exaggerated way.

“Vice Director Jian, what a coincidence, please forget about the coffee, I’m having a little chat with my friend, please make yourself at home!”

Qin Bing smiled blandly and gave a direct order to repel the guest, while whispering to Lin Ran.

“The deputy director of internal medicine that Jianhao Hospital has just hired is one of Qi Yin’s men, the two of them have a very good relationship!”

Lin Ran nodded at his words.

Jianhao, however, was deadpan and had no intention of leaving at all, turning to look at Lin Ran and asked.

“This friend, I wonder if you are?”

“Lin Ran, the head of the Chinese Medicine Department!”

Lin Ran smiled blandly.

“The head of the Chinese Medicine Department?”

Jianhao immediately revealed a surprised expression at his words, before looking extremely exaggerated and saying.

“AoO, you’re the director who is said to be absent six days out of seven days a week after sitting in the director’s position ah, my respects!”

“Vice Director Jian, what are you talking about!”

Qin Bing’s face immediately turned gloomy at her words, where she couldn’t hear the provocation of Lin Ran in Jian Hao’s words.

“Don’t get excited!”

Lin Ran reached out and pressed Qin Bing’s white wrist, telling her to take it easy, while this scene was watching Jian Hao’s face turn blue, from the first day he entered Temperance Hospital and met Qin Bing, he had fallen madly in love with this iceberg beauty.

On ordinary days, let alone contact, even if someone said two more words to Qin Bing, he would not say anything in his heart, let alone at this moment Lin Ran directly grabbed Qin Bing’s white wrist.

“Give me your hand!”

Jianhao rebuked coldly.

Lin Ran couldn’t help but smile at the situation, already understanding what was going on in his heart.

“What if I don’t take it away?”

With a smirk, Lin Ran smoothly grabbed Qin Bing’s hand and just put it on the table, openly and honestly, with both hands grasping hands, and to Lin Ran’s surprise, this ninny Qin Bing actually did not refuse or resist, and even cooperated very much by directly coming to a ten-finger clasp.

“You! You!”

Jian Hao was so angry that his chest was heaving together, and his eyes were full of resentment, if his eyes could kill, I’m afraid that by now he would have already dismembered Lin Ran.

“Me what me? Can’t you still see?”

Lin Ran looked up at Jianhao and said directly.

“I”

Jianhao was speechless for a while, he was so angry that he couldn't actually say a word at this point.

“Go away, I told you, there's no way you can!”

Qin Bing spoke at this point.

“Just because of him?”

Jianhao was resigned and pointed at Lin Ran.

“He doesn't know what he used to sit as the head of the Chinese medicine department, but look at the way he dresses, his mannerisms, he can't hide his earthy personality at all, you won't get a good result by following him!”

“That's my business, does it have anything to do with you?”

Qin Bing said what was on her mind as she glared coldly at him.

“You! Fine, since you're obsessed, you'll just have to beat him to his original form, so that you can take a good look at yourself and see what kind of rubbish you've chosen!”

Jianhao was furious, and as soon as he pulled at Lin Ran's collar, he was ready to strike.

However, he found that he couldn't lift Lin Ran up at all, his buttocks were like glue, and he didn't move at all.

“Take your paws off!”

Lin Ran said with a cold face, he held back from making a direct move, already for the sake of everyone working at Temperance Hospital.

“I won’t take it away, what can you do to me, hillbilly!”

Jianhao said disdainfully, his face full of complacency, he couldn’t lift you up himself, but trying to humiliate you was like playing.

“Are you sure?”

Lin Ran lifted his head and looked at Jianhao, there was pity in his eyes.

“Sure about what? Kid, get lost if you’re smart, is Director Qin also something you can get your hands on?”

Jianhao said arrogantly.

“Hm!”

Lin Ran nodded, and immediately slapped out directly with a slap.

A crunching sound was heard, and immediately afterwards, Jianhao disappeared.

Wonder Doctor Read Online Chapter 145

“Bang!”

A moment later, only to hear the sound of something heavy hitting the ground and a series of cups breaking and chairs knocking over at the far other end of the room.

“Ah!”

Only immediately afterwards did a man’s pig-killing voice pierce out.

“You”

Qin Bing looked dumbfounded, Jianhao was a colleague any more,
but

“Does it feel like I’m hitting hard?”

Lin Ran asked with a smile.

“No, but we’re all colleagues, we don’t see each other with our heads
down, you beat him up, how can you do that in the future”

Before Qin Bing could finish his words, Lin Ran smiled and waved his
hand, saying.

“Have you forgotten what you came to see me for today? I’m not in the
hospital six days a week, and I really don’t see him with my head up or
down!”

“You!”

Qin Bing was also amused by Lin Ran’s words.

“Don’t be poor, what exactly are you going to do now!”

Qin Bing asked, this was what she was most concerned about.

“I don’t know, but treating the sick and saving people is definitely something I still have to do, if I leave the hospital, I might consider opening a clinic!”

Lin Ran laughed, he knew that it was in the big hospitals that he had room to shine, but after so many years of dusting up his parents’ affairs, he didn’t want to wait around.

“Alright!”

Qin Bing was a little disappointed, she really didn’t want Lin Ran to leave.

“Alright, let’s take one step and see, let’s go!”

Lin Ran said with a smile.

Qin Bing nodded her head.

The two of them were just about to leave when suddenly a figure in the distance quickly rushed over, holding something in his hand.

When the two of them looked at it, Lin Ran was taken aback.

He was covered in blood and his face was swollen and bruised, and he was holding this chair board in his hand, raging towards here and killing Lin Ran, with his mouth chanting.

“Bastard, I’ll kill you!”

“Be gentle!”

Qin Bing opened his mouth to warn when he saw this.

“Mhmm!”

Lin Ran nodded, followed by a kick directly on Jian Hao’s stomach, this time the latter was directly like a ball, kicked to the front desk, smashing the front desk, the cashier’s lady at the front desk was stunned and stood aside, not daring to say a word.

“Let’s go, let’s go over there!”

Lin Ran pulled Qin Bing and arrived at the front desk, by now the shop manager had already rushed over and was so scared that he turned pale when he saw the shop in a mess.

“Who! Who did this! Call the police for me, call the police!”

The manager, a beautiful woman, came in and after a few moments of looking around threatened to call the police.

Jianhao was so angry at this point that he endured the severe pain and got up from the ground, pointing at Lin Ran and said.

“It’s him, he did it!”

“You did this?”

The beautiful manager looked at Lin Ran with an unkind look in her eyes.

“He was the one who started the trouble!”

Qin Bing said from the side.

The beautiful manager looked at Qin Bing and frowned slightly, she thought she was already pretty, but when she saw Qin Bing, a hint of jealousy actually grew in her heart, which made her heart very upset.

“No I don’t care who is looking for trouble, I only care who smashed my shop!”

The beautiful woman experienced chided.

Qin Bing frowned slightly and was just about to retort, but Lin Ran pointed at Jianhao who was laughing at the side.

“Then coincidentally, it was him who smashed it, don’t believe me, adjust the surveillance and see who actually smashed your shop!”

“You’re nonsense, it was clearly you who smashed it!”

Jianhao was undeterred.

Lin Ran smiled at his words but laughed.

“I said I can call up the CCTV to see who actually touched the things in your house, I didn’t touch anything except for the water!”

“You!”

Jianhao smiled, Lin Ran’s words about smashing and the beautiful woman’s experience were not the same thing at all, this guy was clearly trying to frame himself.

“No transfer of surveillance, let’s just call the police!”

Jianhao said taking out his mobile phone to call the police.

Lin Ran laughed at this.

“Fine, then call the police, the surveillance here should all have sound recording, so we’ll come often later and see who started the trouble!”

“You!”

Jianhao hesitated, technically it was indeed him who had first sought trouble with Lin Ran, messing up would give Lin Ran a justifiable defence, then it would be his own bad luck then.

“Have you two said enough, this is my mother’s shop, I don’t care who smashed it, if you don’t pay for it today, no one will be able to leave!”

The beautiful manager scolded.

Qin Bing’s voice went a few degrees colder as she asked.

“How much is it?”

“One hundred thousand!”

The beautiful manager said.

“One hundred thousand? You’re crazy about money! A few broken tables and you want one hundred thousand?”

Qin Bing was a little angry.

But the beautiful manager was justified and said.

“Don’t you want to pay for new tables, chairs and benches? Don’t you want to pay for the front desk repair? The impact of this on my shop’s reputation today doesn’t cost anything!”

“You!”

Qin Bing’s face turned blue with anger.

Lin Ran stepped forward and stopped Qin Bing, looking at the beautiful manager and smiling.

“100,000 right, I can afford to pay, but your attitude needs to change, smashing your shop, I’ll accompany you with money, what are you cross about.”

“I’ll”

The beautiful woman experienced still wanted to retort, but Lin Ran was directly interrupted her words.

“You what you, although I do not beat women, but that also divided into situations, accompany you money on the line which comes so much bullshit!”

After saying that, Lin Ran directly took out a card and threw it at the front desk, saying.

“There is exactly 50,000 on the card, the remaining 50,000 is for that fatty!”

Saying this, he turned around with Qin Bing and left, Jian Hao saw this and hurriedly stood up and said.

“Why should there be anything left for me, I’m the victim!”

“O? So what I just hit wasn’t human?”

Lin Ran asked indifferently.

Seeing that Lin Ran was not to be messed with, the beautiful manager turned his spear around at this point and turned to prepare Jianhao, chiding him.

“Pay 50,000 in compensation! Or else find your leader!”

“Me!”

Jianhao was dumbfounded, 50,000 yuan, although he was the deputy director of the internal medicine department, he was still single, and was basically a moonlighter on weekdays, never having more than 5,000 in his savings, where would he find this 50,000 yuan!

“That, can you hold off on me for a few days, I’ll give it to you when I have enough!”

Jianhao said with some embarrassment.

The beautiful manager was furious at his words.

“You’re in your thirties and you don’t even have a fifty thousand dollar deposit, hick!”

The two of them, Lin Ran, hadn’t left at this point, and when they heard this, they both looked at each other and laughed.

Then Lin Ran even smiled and walked out, taking out another card and placing it on the table.

“There’s another fifty thousand in here, so I’ll kind of pay for him!”

“Why?”

The beautiful manager asked in confusion, this guy was so fierce just now that he scared her so much that she didn't even dare to look at him directly, so why was he acting as a smiling Buddha again?

Lin Ran smiled, looked at Jian Hao and laughed.

“Because I'm also a country bumpkin, they're all country bumpkins, so I have to help out anyways!”

“Haha!”

After saying that, Lin Ran took Qin Bing and left the cafe, leaving Jian Hao alone with a blue face and a hot face.

He had just called Lin Ran a country bumpkin, but now he still had to rely on others to “help” him.

“Bastard, wait for me, wait for me, you really think I don't have money, don't you? I'll smash you to death with money!”

Jianhao's face was gloomy as he directly took out his mobile phone and called.

“Old brother Huai, do old brother a favour!”

“Brother Howe, you need my help for a big doctor?”

A hangdog voice came from the other end of the phone.

“Don't talk nonsense, there is a fool who wants to pretend to be broad with me, my family is in the medical field, how can it compare with your family who pours herbs, give me support, later on old brother will take you to a big health care!”

The young man on the other end of the phone laughed at once.

“Okay! I’m not sure how I can help you!”

Wonder Doctor Read Online Chapter 146

When Lin Ran and Qin Bing arrived at the hospital, it was already the point of work, but before the two of them had time to clock in and go to work, a nurse from the Western Medicine Department came running over in a hurry.

“Director Qin, Director Lin, you’re here, Shen Ying is here again!”

“What? It’s here again? It couldn’t be that she’s relapsed again!”

Qin Bing was surprised at her words, but Lin Ran was confused and asked.

“Who is Shen Ying?”

“Shen Ying is an orphan!”

Qin Bing explained, while greeting the two of them and rushing off, continuing on the way.

“Yesterday, I called you because of this Shen Ying!”

Shen Ying was a child of an orphanage near the Temperance Hospital, growing up without a father or a mother, but in a good way she was able-bodied and very smart, the teachers and partners of the whole

institution loved this little girl, but since yesterday this nympho had started to become abnormal.

It was autumn now, but she said she was cold. At first the director and the others didn't care, thinking the child was joking, but in a short while she had a layer of frost all over her body, which scared the director and brought her to the hospital in a hurry.

“When we arrived at the hospital, we immediately gave her a full body check-up, but after the check-up, we found that her body temperature was returning to normal very quickly, and in a short while, the whole person was fine!”

“We've never seen this kind of illness before, and I called you when we were checking!”

Qin Bing said.

“And what happened after that?”

Lin Ran asked.

“Then the boy didn't get back to the orphanage for very long before his body started to freeze up again, and then he was sent here again!”

Qin Bing said with a frown.

Lin Ran was stunned to hear this and said.

“It couldn't be that it didn't take long to get to the hospital and get well again!”

“Hmm!”

Qin Bing nodded somewhat awkwardly, and then said.

“We did a full examination, but we didn’t find the cause, and she didn’t come over yesterday after she went back, so we all thought it was fine, but who knew that she would come over again this morning!”

“I’m afraid this is not a simple matter!”

Lin Ran said with a frown, repeated three times in a row, I’m afraid that even the person concerned would feel strange about this condition.

“It is indeed not simple, the hospital’s manpower is very tight right now, and this Shen Ying’s condition is so recurrent, I am afraid that the cause of the illness may not be identified, causing it to continue to worsen!”

Qin Bing said with a worried face.

As the three of them spoke, they had already arrived at the Western Medicine Department, where the top doctors from all departments of the hospital had already gathered.

This seemed to have become a habit, whenever there were difficult and complicated cases, all the expert and famous doctors would gather over.

“Lin Ran, you’re finally here!”

Seeing Lin Ran and Qin Bing walk in together, Dean Yang had excitement on his face, as if all those expert and famous doctors around him were just like ornaments.

“Yes, Director Lin has finally shown up, it’s hard for even Dean Yang to meet you!”

On the other side, Qi Yin said coldly and sarcastically, the whole hospital knew that he and Lin Ran did not get along.

“Qi Yin, don’t talk nonsense!”

Dean Yang’s face sank as he opened his mouth to scold.

“Dean, where’s the patient? I’ll take a look first!”

Lin Ran asked, not bothering to pay attention to Qi Yin.

“It’s inside!”

Dean Yang hurriedly led Lin Ran into the ward and then stopped in front of a hospital bed.

On the bed, a little girl was lying quietly, her eyes were wide and curious about everything around her, but the various circuit components plugged in all over her body were what kept her from moving.

“Did you check out the situation?”

Lin Ran asked, still symbolically.

“No, all the instruments checked out fine!”

Dean Yang said.

“Then let’s withdraw them all!”

Lin Ran spoke, he didn’t need them for his examination, and they couldn’t find the cause of the disease, so it was useless to keep them!

“Withdraw them? If the child has a problem, who will be responsible? You’re responsible?”

Qi Yin spoke up.

“Exactly! Are you responsible?”

On the side, Jianhao, who had hurriedly arrived, also echoed, his face was still injured and he couldn’t care less about anything else at this moment, he naturally wanted to intervene if he could punch Lin Ran in the face.

“You guys are so concerned about the child, have you found out the cause of the illness?”

Lin Ran looked at the two men and asked directly.

“I”

Qi Yin’s face was stunned, he couldn’t speak for a moment, his face felt hot, if he could find out the cause of the disease, he wouldn’t just be a chief of internal medicine.

“What’s wrong with us not being able to find out the cause of the disease, does this have anything to do with caring for the child?”

Jianhao, however, turned his words around and threw the question directly at Lin Ran.

“It’s relevant, if you can’t find out the cause of the disease, don’t talk nonsense, don’t forget you’re a doctor, not a cafe idiot!”

Lin Ran said directly.

“A cafe idiot?”

Dean Yang and the others were stunned to hear this, somewhat unaware of what was going on.

“It’s like this, in the morning Deputy Director Jian had some issues with me and was beaten up by me in the café, he might still have some resentment towards me at this point!”

Lin Ran didn’t shy away from saying it directly.

Originally, Jian Hao was still straightening his back and standing tall.

But when he heard Lin Ran’s words, his face suddenly turned green, in front of so many people from his colleagues, he actually said that he had beaten himself up, how could he still get along in Tamkang Hospital now.

Could it be that everyone would know that he, who was the deputy chief of the internal medicine department, had been beaten up by the head of the Chinese medicine department within two days of being admitted to the hospital?

All at once everyone looked at Jianhao, and sure enough, they found that he still had injuries on his face, and each one bowed his head and covered his mouth, apparently laughing.

“This is our personal grudge, it has nothing to do with this boy!”

Jianhao said hastily.

“That’s natural, if it had anything to do with this kid, I wouldn’t just have beaten you up, I would have sent you straight to the police station!”

Lin Ran added.

“You!”

Jianhao was so angry that his face turned blue.

“All right!”

Dean Yang, somewhat impatient, spoke up and chided, then swept his gaze around icily before saying in a cold voice.

“From now on, there is no way to shut up all of you, you can’t do the examination, but you are fighting one after another, learn more from Lin Ran when you have time, and improve your medical skills, a bunch of rice buckets!”

“.....”

Qi Yin and Jian Hao were both stunned, this was obviously scolding them both!

“Bastard, you wait for me!”

Jianhao dared not speak out in anger, but with anger suppressed in his heart, he made up his mind that when his own cousin arrived at noon, he would make sure to humiliate Lin Ran.

“Why don’t you quickly remove all the instruments!”

Seeing the crowd standing there dumbfounded, Dean Yang directly spoke up and scolded.

“Yes, yes!”

“Good!”

A group of doctors and experts hurriedly greeted the people and withdrew the instruments.

Qi Yin’s face was ugly as he glared at Jianhao, then looked at Lin Ran and said.

“Director Lin, we are only concerned about the child, after all, you have not seen anyone for so long and you are no longer in the hospital, who knows if the medical skills have declined again, we are also acting from the child’s perspective!”

Lin Ran listened with a frown, this Qi Yin every time he spoke he singled out the fact that he was no longer at the hospital, once or twice it was fine, but every time he did this, it was obvious that he had an ulterior motive!

“That’s not to fish for Director Qi’s concern, reading more books when you have time will help you more than studying other people’s working hours!”

Lin Ran said indifferently.

Dean Yang was a human being, how could he not know what the two meant by this tit-for-tat, he opened his mouth and coughed dryly twice, interrupting the two, then looked at Lin Ran and said.

“Alright stop the nonsense and hurry up and get started!”

“Mm!”

Lin Ran nodded his head and immediately walked towards Shen Ying who was on the hospital bed.

Wonder Doctor Read Online Chapter 147

Shen Ying was very well behaved and after the instrument was removed, she still lay on the bed by herself without making a sound to disturb it.

“Little beauty, how are you feeling?”

Lin Ran came forward and asked with a smile.

“Big brother, I’m fine, can I leave the hospital now?”

Shen Ying asked, blinking her big eyes.

“Not yet, little beauty’s illness hasn’t been completely cured yet!”

Lin Ran said with a bitter smile.

“Ao, then it’s hard for big brother!”

Shen Ying said very politely.

Lin Ran smiled, then stretched out his hand and took Shen Ying’s pulse and said.

“Little beauty, don’t move, big brother will give you a look!”

“Mm!”

Shen Ying said obediently.

This nee-san was not very old, but she was very well behaved, which made Lin Ran very fond of her.

His palm fell on his pulse, and a surge of true qi soon entered Shen Ying's body, but after probing several times, Lin Ran did not find anything, which made him a little surprised.

Next to him, Jianhao and Qi Yin stood with ugly faces, especially the latter, on several occasions before, Lin Ran had confirmed his condition by taking his pulse, it was as if it had become his signature, and every time he saw Lin Ran taking his pulse, he would feel a little upset in his heart.

“The Chinese medicine that has fallen into decline, how did such a freak appear!”

Qi Yin cursed in his heart.

Nowadays it was common knowledge that Chinese medicine was inferior to Western medicine, but Lin Ran's appearance was a shock to this notion of his, and the key was that this man was also at odds with him, which made him even more upset!

“I say! You've been watching for so long, are you good at it or not!”

Jian Hao was new to the area, and when he saw that Lin Ran had taken so long to take his pulse, he couldn't help but sneer.

“What are you shouting for, don't you hear me when I'm not allowed to speak!”

Qin Bing chided at the side, she didn't have any good feelings towards this Jian Hao, let alone the kind of thing she had just experienced at the cafe.

“You!”

Jianhao was so angry that his face turned blue, but the hard feeling in his heart was even worse, he liked Qin Bing, but not only did the other party not have any interest in him, but also liked Lin Ran, which made his heart not mention how hard it was.

“Just be complacent for now, one day, I will crush you and let you know what I am capable of!”

Jian Hao thought in his mind, an indescribable smile unconsciously appearing at the corners of his mouth.

“Whew!”

In the distance, Lin Ran finally let go of Shen Ying's wrist.

However, this time, instead of a relaxed expression on his face, there was an increasingly grave expression on his face.

“Lin Ran, is the situation not too good?”

Dean Yang hurriedly came over and asked.

“Mm!”

Lin Ran nodded his head and then said.

“I can't find the cause of the illness for the time being, but there is indeed cold Qi left in her body, so I suggest further consultations!”

“Hm!”

Dean Yang fell into contemplation at his words, this was the first time he had come across a disease that Lin Ran couldn't even solve.

“Further consultation? You're kidding!”

On the side, Qi Yin revealed a cold smile at his words, and then said.

“Do you know how many patients there are in the hospital every day now? Do you know how busy everyone is? It's just as well that you didn't come to the hospital, but now you want a consultation, what about the patients in our other departments?”

“Exactly!”

Jianhao also conformed.

“Dean, I support Lin Ran's consultation, we're doctors, we can't give up on every patient!”

Qin Bing said from the side.

Dean Yang didn't say anything, frowning tightly, also thinking of a solution.

“Dean, she's so small, we can't give up on her just because of the others, it's murder!”

Lin Ran spoke up and persuaded.

“Lin Ran!”

Dean Yang spoke up, he looked at Lin Ran and said.

“I’m the dean, I know everyone can’t give up, but the hospital really doesn’t have enough staff right now!”

“What about transferring to a hospital?”

Lin Ran spoke.

“It’s useless, unless we transfer to the capital, is there anything better than our hospital in the whole of Tanjiang City?”

Qin Bing said, it wasn’t that they hadn’t thought about transferring to another hospital, but transferring to another hospital wasn’t the answer at all.

“Dean, I do have an idea!”

Qi Yin suddenly stepped forward and said.

“Ao? Tell me your solution!”

Dean Yang’s eyes glowed, it was extremely rare to be able to present his own solution for his reference at this time.

“We can let Shen Ying stay in the hospital for observation, her illness is always recurring, now it’s fine, we can go and treat the others first, wait until she gets sick, then come over!”

“No way!”

As soon as Qi Yin’s words fell, Lin Ran spoke up and refused outright.

“How old are you? You say no and you can’t?”

Qi Yin revealed a cold smile and looked at Dean Yang.

“Dean, this is the only solution for now, is it hard to say that we should leave so many patients in the hospital alone for her alone?”

“I think the solution Director Qi said is feasible!”

Jianhao interjected beside him again.

“You shut up!”

Qin Bing scolded at this.

“You!”

Jianhao still wanted to retort when Dean Yang suddenly spoke up and scolded.

“All right!”

At once the entire ward, fell into a silence, no one spoke, all waiting for Dean Yang’s decision.

“Lin Ran!”

Suddenly, Dean Yang added his head and looked at Lin Ran.

“Dean you say!”

Lin Ran nodded his head and looked at Dean Yang.

Dean Yang hesitated for a moment before finally saying.

“Or else, Shen Ying will be put in charge of you!”

“Dean!”

Lin Ran frowned slightly, he understood Dean Yang's meaning, obviously he did not want to conduct this consultation.

"Lin Ran, you heard what I said!"

Dean Yang waved his hand and said.

"I also want to cure Shen Ying very much, but as the dean, I cannot leave other patients unattended, so I can only leave Shen Ying to you, and you must cure her!"

"Mm!"

Lin Ran nodded, he understood Dean Yang's difficulties, so he didn't say anything more, being able to give himself full responsibility for curing Shen Ying was already a very good result.

"Still Dean Yang is wise, unlike some people who only know how to take care of their own business and aren't at the hospital everyday! The corpse doesn't have to be so obvious!"

Qi Yin said coldly and sarcastically again.

"That's enough!"

Dean Yang opened his mouth to scold, this result had already made him feel a little guilty towards Lin Ran, and at this moment Qi Yin was still bumping into the gun, making him extremely annoyed in his heart.

"Dean, I'm going to help Lin Ran too!"

Qin Bing suddenly said.

“No, your Western medicine department has the most patients, how can you as the director go to help a declining Chinese medicine department!”

Jianhao saw this and spoke up, he didn't want to see Qin Bing stay with Lin Ran every day.

“Shut up! What's it to do with you!”

Qin Bing spoke up and scolded.

“Alright!”

Dean Yang opened his mouth to stop the two, then looked at Qin Bing and said.

“You should still sit in the Western Medicine Department, I believe that Lin Ran can handle this matter!”

“But Dean!”

Qin Bing still wanted to say something, but Dean Yang waved his hand and walked straight out towards the door, turning around and saying before he left.

“Lin Ran you come with me!”

Lin Ran nodded and immediately followed him over.

“Lin Ran, this child's condition is very odd, to be honest, you can see that she is fine now, but when the condition flares up, her whole body freezes and even the blood vessels in her body show signs of freezing, I'm afraid this child is difficult to save!”

“Dean, this can’t be a reason to give up!”

Lin Ran frowned, the last thing he wanted to see, was to give up! Even if there was little hope, he had to go all out, what was the point of giving up.

“I don’t want to give up either, but

Lin Ran interrupted Dean Yang’s words and said.

“No buts, I don’t want to let down the patients and their families’ trust in the word doctor, this is the principle!”

Wonder Doctor Read Online Chapter 148

Under Dean Yang’s arrangement, Lin Ran soon met the director of the orphanage, and currently Shen Ying’s sole guardian, Teacher Lan.

“Director Lin, what do we do now?”

Teacher Lan had already learnt that Lin Ran was now the doctor in charge of Shen Ying, so she couldn’t help but feel a little anxious in her heart, especially when she saw how old Lin Ran was.

“Go home first!”

Lin Ran said.

“Ah? Go home?”

Teacher Lan was surprised at her words, and although she was afraid of offending Lin Ran in her heart, she still spoke up.

“Doctor Lin, is that hospital empty? You’re so young, that I’m not disbelieving in your medical skills, it’s just that this going home, isn’t it too hasty!”

Lin Ran smiled blandly at his words and was just about to speak when suddenly a voice actually came from behind.

“Teacher Lan, you’re wrong. Have you heard of the little miracle doctor at the Temperance Hospital? This is the one in front of you!”

“Little miracle doctor?”

Teacher Lan was a bit puzzled, their orphanage was very poor and they rarely went to small clinics, let alone big hospitals like Tamkang Hospital. If Shen Ying’s condition wasn’t too scary this time, she wouldn’t have come to such a hospital anyway because the medical fees were too expensive.

“Why are you here?”

Lin Ran turned around and was surprised to see Qin Bing walking out, it wasn’t even noon yet, at this point, this nee-san should have a busy section.

“What, you’re only allowed not to come during working hours, but not others?”

Qin Bing rolled her white eyes and justified.

“Er”

Lin Ran was speechless for a while, since when did this nee-san learn to raise her voice.

“Let’s go, Lin Ran must have his intentions for saying this, this is the best doctor we have at Temperance Hospital, if he can’t even do anything, then we’ll have to transfer to the Imperial Capital!”

Qin Bing said as he looked at Teacher Lan.

“Ah? The Imperial Capital? Then let’s forget it!”

Teacher Lan said with a shocked look on her face.

She didn’t even have the money to treat her illness at Tanjiang Hospital, let alone going to the Imperial Capital.

“That, let me ask, how much does it cost in total for this treatment?”

Teacher Lan suddenly asked, this was always a piece of her heart.

“Don’t worry, you don’t need a single penny!”

Lin Ran laughed.

“Really?”

Teacher Lan was surprised, not a single penny, this was the first time she had heard of such a good thing.

“If you say it’s not necessary, it’s not necessary, let’s go!”

Qin Bing laughed.

Seeing that Qin Bing had said so, Teacher Lan's heart dropped, and the group of people immediately rushed towards the orphanage.

The orphanage was located near the hospital, and the three of them walked for just ten minutes before they arrived at the orphanage.

Lin Ran asked Qin Bing to look after Shen Ying, while he himself searched the orphanage.

The entire orphanage was not large, there was only a row of very shabby dormitories, and a teaching area, the rest was just a land square!

Lin Ran first carefully checked out the dormitories and the teaching area, and only after finding nothing did he arrive at the square.

The whole square was all land, not even a concrete surface, and when it rained the mud was unbearable, so the whole road surface was very rough and uneven.

And I'm afraid that the only fitness equipment available in the square was the swing set that I had made myself.

“What exactly is the problem?”

Lin Ran's heart was puzzled as he went to the big tree in the middle of the square, and next to it was a well, which was said to have been dug when the orphanage was first built, and the water for the whole orphanage came from this well.

Sitting by the well, Lin Ran quickly thought in his mind what the problem was.

But at that moment, Qin Bing's shout came from the distance.

“Lin Ran, come quickly, something has happened to Shen Ying!”

Lin Ran hurriedly rushed over at his words, and before he could get close, he felt the air temperature around him drop significantly by a few points, and frost had faintly started to condense on Shen Ying’s body again.

“What’s going on?”

Lin Ran asked.

“We don’t know either, just now she was playing nicely and suddenly ice crystals appeared on her eyebrows, following which it spread to her whole body!”

Qin Bing said hurriedly.

Lin Ran placed his palm on Shen Ying’s pulse and found that her pulse was beating very weakly at the moment, sending in a trace of True Qi, Lin Ran actually found that the blood in her body had also started to appear frosty, and even the True Qi that had seeped in wanted to freeze.

“This is definitely not an unusual illness!”

Lin Ran was even more certain of his speculation in his heart, how could an ordinary illness be so strange!

“Go! Let’s get out of here first!”

Lin Ran picked up Shen Ying and directly left the orphanage.

According to previous experience, as long as Shen Ying left the orphanage, the ice crystals in her body would automatically weaken until they disappeared.

However, they had all gone to the hospital before, so they couldn't rule out if it was under the influence of something in the hospital that had weakened the ice crystals.

So, Lin Ran carried Shen Ying directly to a nearby park. Although his true qi could not invade Shen Ying's body too deeply, he could still use it to monitor her vital signs without any problem.

“Is it okay not to go to the hospital?”

Teacher Lan was a little worried, although Qin Bing boasted a lot, she had not seen Lin Ran after all, so she still had a question mark about his level of medical skills.

Qin Bing looked at Lin Ran with the same worried look.

“Don't worry, her condition now is not as serious as when she left the orphanage.”

Lin Ran said, at this moment, on the surface of Shen Ying's body, there was still a layer of frost, but where it came into contact with Lin Ran, the frost had obviously melted away, this was due to Lin Ran's true qi, making it impossible for the frost to coalesce in these areas.

“So what do we do now?”

Teacher Lan asked hurriedly.

“Wait!”

Lin Ran's expression remained bland.

Qin Bing seemed to have thought of something and suddenly spoke up and asked.

“Are you experimenting with this distance thing!”

“You’re not stupid yet!”

Lin Ran laughed.

“You’re the one who’s stupid!”

Qin Bing retorted.

Teacher Lan, however, was confused by what he heard and hurriedly asked.

“What distance? Shen Ying’s illness has something to do with distance?”

Lin Ran nodded at his words, and then said.

“Shen Ying had this condition at the orphanage, but not at the hospital, and the hospital clearly didn’t do anything about it, so I guess it should be a situation at the orphanage!”

“How is that possible! There are so many children in the orphanage and they are all fine!”

Teacher Lan could hardly believe it.

But just as the crowd was talking, the ice layer on Shen Ying’s body actually disappeared really fast.

In just a few minutes’ time, it had disappeared completely, no different from a small child who had fluttered.

“This...”

This time, Teacher Lan was completely convinced, before she could think that Lin Ran was young and not capable of healing, but now she no longer had any reason not to believe in Guo Ran.

“Sure enough, the problem really lies in the orphanage!”

Lin Ran affirmed.

“Then what are we waiting for, let’s go straight there!”

Qin Bing urged, Lin Ran nodded and then looked at Teacher Lan and said.

“You go back with me, find another teacher to take Shen Ying to rest here first, don’t let her go back to the orphanage for now!”

“Good!”

Teacher Lan nodded in agreement and quickly called for a different teacher to replace herself, and then followed the two of them, Lin Ran, before heading back to the orphanage together.

When the three of them returned to the orphanage, it was already noon, the sun was shining and there were people around wearing short sleeves, so it wasn’t cold.

However, once Lin Ran and the three of them returned to the orphanage, it was obvious that the temperature had dropped a great deal, and some of the children were even wearing two layers of clothes, which made Lin Ran very surprised and at the same time confirmed the suspicion in his heart.

“Holy shit! What kind of gloomy hellhole is this, why is it so cold!”

The three of them had just returned to the orphanage with their front feet when a voice came over, followed by Jianhao walking in through the door with four people.

Wonder Doctor Read Online Chapter 149

“Why are you guys here!”

Seeing Jianhao arrive, Qin Bing’s brow tightened.

“What? We can’t come? This orphanage is run by your family?”

Jianhao said very proudly, while raising the car keys in his hand, his face full of smugness.

“Just like dog skin plaster!”

Qin Bing didn’t bother to pay him any mind and turned his head away from him.

Lin Ran, however, looked on and laughed, but not at Jianhao, but at the one beside him.

“Duke Huai, it’s been a long time, how come there are also relatives of your family in this orphanage? Is it an aunt, or an uncle, there’s always no illegitimate children, right!”

“You!”

Huaying

Angry, he gritted his teeth and turned to look at Jianhao.

“Is that what you said about your opponent?”

“Yeah!”

Jianhao was very proud of himself and laughed.

“Don’t worry, I know this guy’s background, a graduate from Tamkang University, his family is poor, if I didn’t spend money like water, I would have killed him in seconds, why would I need to invite you over, cousin!”

“You don’t have to invite your cousin over!”

Huaiking was so angry that his face turned blue.

“What’s wrong?”

Jianhao looked bewildered, this information was gathered from the hospital at great cost to him, how come it looked as if Huaiking knew more than he did.

“Idiot!”

Wyomingking blushed hard, then gritted his teeth and said.

“This guy has over a billion in assets just from what I know, you play broad with him, he can play you to death!”

“Over Over a billion?”

Jianhao was instantly baffled, not to mention over a hundred million, even over ten million, to him was an astronomical figure, this billion he had even only heard of and never seen, Huaiking’s family assets might be

over a hundred million, but that was a family ah, and Lin Ran? Just one person.

“Elder brother Huai, you’re joking, I know you’re in trouble this time, but you can’t joke with your cousin can you!”

Jianhao laughed awkwardly.

“Joking?”

Huai King revealed a disdainful smile, not bothering to pay him any mind.

This Jianhao was so focused on Lin Ran and Qin Bing that he didn’t even look at Huai Jing, but when he heard him say the word “joke”, he really thought he was joking, so he looked at Lin Ran and laughed disdainfully.

“I knew it, with his rubbish background, he still has assets of over 100 million, I’ve seen a hundred!”

“Shut up!”

Qin Bing chided, she didn’t know that Lin Ran was rich, she just knew that this guy had recently changed his luxury car, and the sarcasm towards Jianhao was a little too much even for her to hear.

“Xiao Bing, don’t you understand my feelings? You won’t have happiness following such a poor man!”

“That’s enough!”

Qin Bing’s face turned completely icy cold as she looked at Jian Hao and chided.

“Who I am with and who I am not with has nothing to do with you, not now! Nor will it in the future! I don’t like people like you who appear to be one thing but are one thing behind the scenes!”

“I don’t know if Lin Ran is worth more than a billion dollars, but I know he keeps a low profile, and even if he did, he wouldn’t come out and show off like you do, afraid that people wouldn’t know you’re rich!”

“Xiao Bing I”

The first thing you need to do is to get a good idea of what you’re getting into, and you can’t say that you’re really poor and that these are your cousin’s? Then he will not say that he can’t lift his head in front of Qin Bing in the future, I’m afraid that in the whole Temperance Hospital will become a laughing stock.

“Xiao Bing, I’m not lying to you, these are really all mine!”

Huai Jing saw this and pulled the corner of Jian Hao’s shirt, such a blatant lie, even if he really caught up with Qin Bing, I am afraid that later on, he would be stabbed.

But at this time, Jianhao did not care about that much, he was simply fond of Qin Bing’s beauty, marriage is simply a joke, in his opinion, as long as he can stabilize Qin Bing, in the future, his monthly salary is spent on her, as soon as he took, later is not at his disposal to play with, and when he had enough to play directly throw away everything is fine.

“Is that so?”

Qin Bing suddenly had a twinkle in her eye and seemed to have thought of something.

“Really!”

Seeing Qin Bing's cold face really improved, Jian Hao's heart couldn't help but feel relieved, but at the same time, he cursed "Really a snobbish woman, when she heard that Laozi had money, she immediately changed her smiling face!"

"Jianhao!"

Qin Bing smiled and shouted.

"Hey! Here it is!"

Jianhao's heart was already bursting with joy, this was the second time Qin Bing had called his name, the first time was when he first arrived at the hospital, when the two had just met and Qin Bing had called his name out of politeness, and this time...

"This nee-san, what bad things are brewing again!"

Lin Ran wanted to laugh as he watched from the side, an iceberg beauty like Qin Bing, who normally wouldn't even have a smile on her face when she greeted him, must have some kind of bad water waiting for the other party with a smile on her face.

"I hope this guy, doesn't get punked too badly!"

Lin Ran couldn't help but say to himself.

"You said your family is rich, right?"

Qin Bing asked, the smile on her face at this moment became even brighter, not to mention, once this iceberg beauty of hers smiled, she was like a fairy descending from the earth, even Lin Ran was a little dumbfounded when he looked at her.

“Yes! Yes, very Rich!”

Jianhao looked even more blissful, he could not wait to hug Qin Bing to roll in bed right now.

Qin Bing looked at him, and his smile seemed to carry magic.

“Hey! Don’t you be blinded by fucking sex, the word sex is a sword, listen to”

Huaiking reminded at the side, at this moment, Jianhao this infatuation thought, simply as if he had been struck by evil.

“Shut up, the old man is going to fall in love!”

Jianhao completely can’t listen to Huaiking’s reminder, his eyes are looking straight at Qin Bing, his eyes just want to jump out.

“Then I have a favour to ask, I wonder if you can make it happen for me!”

Qin Bing said in a pretense of a small woman’s gesture.

This look directly looked at Jian Hao’s nosebleed all of a sudden spurted out.

“Young man you have a nosebleed, are you on fire! This is a doctor, hurry up and give you a look!”

Teacher Lan on the side spoke up and reminded.

Just as soon as those words came out, not only even Qin Bing, but even Lin Ran and the others laughed.

“Hey! What are you guys laughing at, did I say something wrong!”

Teacher Lan asked in confusion.

Lin Ran couldn't help but speak up.

“Teacher Lan you're right, but he can't be cured by this fire seeing, there's only one place that can cure it!”

“What place?”

Teacher Lan asked in disbelief.

“Big health care!”

Lin Ran was embarrassed to even say it out loud.

“You”

Teacher Lan looked at Jianhao, the concern in his eyes instantly becoming disgust as he said helplessly.

“You youngsters, you don't know what you're thinking every day!”

After saying that, Teacher Lan turned her head away from Jianhao.

Jianhao completely turned a deaf ear and looked at Qin Bing, urging.

“Xiao Bing, go on, what is the favour? I'm sure I'll help, money is not a matter to me at all!”

Jianhao spoke with great confidence, as if he really was a billionaire.

“Then I can say it!”

Qin Bing pretended to be a man.

Seeing this, Sword Hero slapped his chest and said boldly.

“Just say it, I’m so poor that money is all I have left, as long as a problem can be solved with money, it’s not a problem with me!”

“Yeah well, you look really handsome like that, I’ll really say it then!”

Qin Bing cooperated.

“Well, say it! Say it boldly!”

Sword said with great bravado.

Qin Bing raised her eyebrows slightly before she smiled and said.

“I want to refurbish a new building for the orphanage, you can help me achieve it, you surely can right, I calculate the cost is not much, only 200,000 at most!”

“What?”

Hearing Qin Bing’s request, Jian Hao’s face instantly changed, from peach blossom red directly to patina green.

Wonder Doctor Read Online Chapter 150

“What’s wrong? Is there a problem? You promised earlier that there was nothing that you couldn’t solve with money, but now you can’t?”

Qin Bing’s face suddenly sank as she opened her mouth to ask.

“No... No... How could there be any trouble? It’s only two hundred thousand, it’s a small matter for me!”

Jianhao forced a smile, while tugging at the Huaijing beside him.

His parents might have % 200,000 worth of savings, but would they let him squander that money? It was a wife’s money for a daughter-in-law.

“Don’t you fucking tug on me, you horny-eyed dog, two hundred grand and you think I’m an ATM!”

Huaiking angrily rebuked, his relationship with Jianhao was already average, just some relatives, this guy let himself come over today, he was already considered benevolent, did not expect this guy actually aimed to borrow money at himself, really think 200,000 is easy to earn?

“Shut up!”

Jianhao hurriedly opened his mouth to scold, fortunately Huaiking spoke in a deliberately low voice, if this were to be heard by Qin Bing, he would have been exposed instantly.

“What are you two muttering about? I don’t like men who go back on their word!”

Qin Bing said deliberately.

“He doesn’t like men who go back on their word, you have to help me this time, I’ll pay you back 200,000!”

Jianhao said hurriedly, at this moment, if he could take Qin Bing, even if he was asked to get a ligation operation, he would not hesitate, at this moment, the spermatozoa was in his head, he only thought about how to get rid of Qin Bing as soon as possible, as for the rest, for the time being, it was not in his consideration at all.

“No way!”

If he lent out this money, he was afraid that he wouldn't be able to get it back.

Two hundred thousand dollars was not too much for him, but to pay two hundred thousand dollars just to let someone else pick up a girl, how could he feel wrong?

“You fucking take a beautiful girl to a movie hotel and I pay for you! Why are you thinking so beautifully!”

Huaiking couldn't help but say.

On the side, Qin Bing waited a little impatiently and once again urged.

“Can you do it or not? I'm afraid your family is so poor that you don't only have money left, you only have paper left!”

Qin Bing deliberately said sarcastically.

“No... No, I was just discussing with my cousin which construction team to find!”

Jianhao laughed awkwardly, and then looked at Huaiking, pulling him towards the far side and looking at Qin Bing and laughing.

“You wait a moment, it will be arranged soon!”

“Then you can hurry up, Lin Ran just said he could pay for it too!”

Qin Bing said deliberately.

“No! No, no need, for you I wish you, this money must come out of my own pocket!”

Jianhao patted his chest and assured himself to.

Lin Ran was watching from afar, shaking his head, crying and laughing, this ninny was simply more ruthless than himself in getting things done, directly cheating Jianhao out of 200,000, if this kid knew he had been cheated, I'm afraid he would have to freak out.

To one side of the well, Jianhao and Huaijing stood opposite each other.

“You're fucking crazy, 200,000 to pick up this girl? With 200,000 fucking dollars, I can go to all the nightclubs in the city!”

Huaiking said angrily, in his eyes, what Jianhao was doing was something only an idiot could do.

“Bullshit, don't compare those rotten vegetable leaves to Xiao Bing, they can't even compare to Xiao Bing's one thumb!”

Jianhao retorted, and then even said with eyes full of expectation.

“In my eyes, Little Ice is like a fairy, if I could play with one like that in my life, even if I were given a harem, I wouldn't hesitate to take it!”

“Not shy of if, right? I don't care, 200,000 to find your own way, you don't need money!”

Huaiking said directly, turned around and was ready to go.

“Hey hey don’t go ah, you kid is still not my cousin, two hundred thousand old me is not not to return you!”

Jianhao said hurriedly.

“Pay me back? Fine, first you pay me back the 20,000 you borrowed last time!”

Huaiking sneered, this cousin in front of him looked like a man, but he had a history with him.

He had borrowed 20,000 from himself to pick up girls, but he had gotten them, but he hadn’t returned the money.

He was too lazy to ask for the money as it was only 20,000.

But this time, this guy has become more aggressive, asking for 200,000, just like he is an ATM machine.

“Why are you still thinking about this? I even invited you to a five-star hotel after it was done, is this still too much?”

Jianhao was very dissatisfied.

Seeing this, Huaiking was completely dead, he turned around and was about to leave, there was nothing he could do about this kind of relative, he could only blame himself for his own bad luck!

“Hey, hey! Don’t go!”

Seeing that Huai King was actually going to leave, Jian Hao panicked and went up and grabbed Huai King’s back corner.

He didn't expect his grip to be so slippery that he couldn't even hold on to it, but his grip was so strong that he couldn't let him go.

The next thing you hear is an "ah" scream, and then everyone realizes that Jianhao has actually disappeared.

"Others"

Huaiking took the brunt of the question and hurriedly asked.

But before he could finish his sentence, he heard a loud "flop" from the well behind him, as if something had fallen in.

"A shoe! His shoes!"

Mr. Lan's eyes were fine and he hurried to the well and picked up a shoe that had fallen to the ground, and it was Jianhao's.

"He Why did he fall into the well!"

Huaiking was immediately confused, not borrowing money is not borrowing money, there is no need to kill yourself, the big deal is not to borrow it yourself, when the wrongdoer and being approached by relatives, he would rather choose to spend money to eliminate the disaster.

"Wasn't it you two who were talking about things in secret just now?"

Qin Bing spoke up.

They weren't even paying attention to this side just now, who knew that suddenly Jianhao had disappeared.

"So you were the one who pushed him in?"

Teacher Lan spoke up.

“No, no, no, you can’t say that nonsense, I didn’t touch him at all!”

Huaiking hurriedly cleared himself, this well was obviously not a dry well, if this man fell in and drowned, wouldn’t he still have something to do with himself, this kind of was not something he would take a big responsibility for.

“Well, now is not the time to discuss this, hurry up and think of a way to save people!”

Lin Ran stepped forward and interrupted the conversation, while already checking out the situation.

The well had been built very early, plus the orphanage was very poor, and to this day, the traditional apparatus used to fish for water by human power was still used. Lin Ran came close and tried it out, and seeing that the apparatus was still solid, he immediately spoke.

“Arrange for people to go down and rescue them!”

The moment these words were spoken, everyone was silent. Such a dilapidated well was very old, not to mention whether the load-bearing above could withstand it, and the wall below was certainly slippery.

The most crucial thing is that if you are not careful, you may even have to get yourself involved.

“Hey! You are his cousin, why are you still standing there at this moment!”

Qin Bing couldn’t stand it anymore and scolded.

“Cousin? Cousin is not a father, why should I go down! You’re still his colleague!”

Huaiking hurriedly said, he still had ten thousand dollars of family fortune to enjoy, asking himself to go down and die? It was a joke.
