“What about your men?”

Qin Bing asked with a frozen face, yet Lin Ran stopped her and shook his head.

“One by one, they are bowing their heads and not speaking, they can’t be counted on, it’s better for me to go down!”

“You?”

Seeing that Lin Ran actually wanted to go down by himself, Qin Bing quit this time too.

“No, he fell in himself, how can you risk your life for him!”

“That’s a human life, there’s no distinction between noble and lowly at this time!”

Lin Ran shook his head, even if the person falling in was his father’s enemy, he would have gone down to save him, the law would have sanctioned him, but if he didn’t save himself, he would have lost his conscience, and that was not his code of conduct!

“Yes, yes, I think it’s fine for you to go down there, your kind of character will definitely be praised by future generations!”

Huaiking saw this and hurriedly laughed, as long as he was not allowed to go down, he could say whatever he wanted.

“Shameless!”

Qin Bing glared at him with a cold face, his eyes filled with disgust.

“Hey, hey, say what you want, just don’t let me go down!”

Huai King was truly shameless at this point, just as he had said, as long as he wasn’t allowed to go down, anything would do.

“Then let your men come and help!”

Lin Ran chided, while already tying the rope around his waist and preparing to go down the well.

“Good!”

At this point, he didn’t feel that Lin Ran was disgusting, but rather that he was righteous.

The matter was originally between Huaiking and Jianhao, and now that Jianhao had fallen down the well, whether they went down to save him or divide the responsibility, it had nothing to do with Lin Ran and his men, Lin Ran did it purely for the sake of justice, and once Jianhao was saved, it would be the best outcome for him, Huaiking, and if he was saved, then he could say that someone had gone down to save him and he had done his best.

Both outcomes were better than the embarrassment that would arise if no one went down to save.

As the group of people, such as Huaiking, pulled the rope on the surface, Lin Ran went down the well alone.

The well was extremely cold, and although Lin Ran had his true qi to protect his body, it still felt unusually cold, but he was able to resist for a while as his physique was different from normal people now.

The well wall was slippery, so Lin Ran's speed was very slow. It took him a full ten minutes to see the water below the well, but to Lin Ran's surprise, the water was not rippling at this time, and he could not even see the shadow of a person.

He could not have fallen into the well, could he?

Lin Ran thought to himself, and after looking around, he saw that there was no one in sight, so he had no choice but to dive into the water.

The moment he entered the water, Lin Ran regretted it, because the water under the well was surprisingly cold, as if he had been soaking in a glacier, and it was bone chillingly cold.

Lin Ran quickly mobilised his true qi to protect himself from the cold, and only then did he barely feel better.

The bottom of the well was so deep that Lin Ran was already a little disappointed. If Jianhao kept sinking, then I was afraid that even the body might not be found, let alone rescued.

But what also puzzled Lin Ran was that even if a person had drowned in the well, the body would usually float to the surface, whereas at this moment Jianhao was a whole person who didn't know where he was, which made him feel puzzled.

He continued to dive, and just when Lin Ran was already a bit unable to carry the cold water temperature, suddenly a white fine light flashed, and Lin Ran immediately noticed it.

He had come down with a waterproof torch, and in the dark water, there was basically no reflection, but just now he clearly saw a large flash of light, which made Lin Ran very puzzled, and quickly swam towards the flash.

In a few moments, when Lin Ran came close and shone his torch through, he was dumbfounded, only to see that in front of him was a large block of ice two metres high, and it was these blocks of ice that had just reflected.

And within the ice block, Lin Ran clearly saw a person, no other than Jianhao who had just fallen down the well!

“How did this guy turn out like this!”

Lin Ran’s heart was unusually shocked, but he still hurriedly checked up and saw that the whole ice was hanging sideways on the well wall before it continued to sink, so his tightly hanging heart couldn’t help but loosen a few points.

After untying the rope, Lin Ran quickly tied it to the ice sculpture and then tried it out, seeing that it was very strong, before he hurriedly swam out of the water.

The people above were all very anxious, and even Qin Bing had taken out his mobile phone and was ready to call the police.

But just then, they heard Lin Ran’s voice down the well.

“Try to pull upwards!”

“Pull quickly!”

Hearing Lin Ran's shout, the crowd exerted all their strength one by one.

However, the weight of a large block of ice was very heavy, and after pulling for half a day, the group was only able to pull the block down to the surface of the water, while it was difficult to pull it upwards.

As the saying goes, many hands make light work, and it took only ten minutes to pull the ice sculpture up.

When the crowd saw the ice sculpture, they were so shocked that even Huai King sat down on his buttocks, his face ashen and muttered to himself.

"It's over! This is the end, cousin is frozen into an ice sculpture, how can we tell his family about this!"

"What can I say? Just give his family an ice sculpture directly!"

Qin Bing said from the side.

"Hey! Do you have any compassion? He's like this because of you!"

Huai King stood up and said angrily.

But Qin Bing raised her eyebrows and asked.

"For me? Did he jump into the well for me?"

"You!"

Huai King was dumbfounded, this guy indeed did not jump into the well for others, but seemed to have accidentally fallen down himself, but if that was the case, it was just as well, the key was that this matter was still related to himself.

“Okay, okay, this is not the time to discuss this, aren’t you doctors, hurry up and save him!”

Huaiking looked at the two men and urged them on.

“Save people? Easy for you to say, how can this be saved? It’s such a big block of ice, maybe the person would have frozen to death!”

Qin Bing said speechlessly, after so many years of practicing medicine, this was the first time she encountered this kind of situation, she always felt that the patients she encountered recently were not generally complicated, either the whole body was hot and hot, or the whole body was cold and icy, this was good, this would be another one who froze into ice sculpture directly.

“What should we do?”

Qin Bing turned around and asked Lin Ran, he was the one with the best idea for this situation.

“I haven’t thought of it yet, but I have a guess, and I still need to confirm it!”

Lin Ran said, while looking for some wooden blocks, something the children in the orphanage usually had nothing to like, sort of homemade blocks, the wood was all that unpainted white wood.

“What’s the use of this stuff?”

Qin Bing wondered, verifying what actually required the use of these things.

“You’ll find out later!”

Lin Ran said, tying each of the three wooden blocks to a short length of rope before dropping them into the well and ripping them out just a few seconds later.

And when the rope was pulled out, all the people were stunned, only to see that all three wooden blocks were actually frozen into ice sculptures, and even the rope tied to the wooden blocks was frozen into ice sculptures where it was in contact with the wooden blocks.

“This .... How is this possible!”

The group of people looked dumbfounded, even Teacher Lan who was looking at the side was dumbfounded.

Lin Ran looked at Qin Bing and nodded, then said.

“Underneath this dry well, there’s something! If I’m right, it should be that thing!”

“What the hell is it?”

Qin Bing asked in confusion, and the others also cast puzzled glances, clearly waiting for Lin Ran to reveal the answer.

“What you guys don’t understand!”

Lin Ran shook his head helplessly, but in his heart he was saying to himself.

“One of the non-poisonous Extreme Ice Demon Spiders!”

Previously, Lin Ran had already come across three of the five poisons, but ever since the Fire Refining Red Snake, it was as if the five poisons had disappeared, not appearing again, until today he had come across the fourth of the five poisons, the Extreme Ice Demon Spider!

“All you need to know is that this is an unnatural power!”

Lin Ran spoke, while greeting Teacher Lan and saying.

“Dean Lan, please call everyone from the orphanage, be they teachers or children, I need enough people to save him!”

“Save people?”

Dean Lan smiled and dared not delay, although he was not sure, but just do as he was told.

On the other hand, Qin Bing and Huai Jing at the side were casting puzzled glances, the former was puzzled as to why so many people were needed to save people, while the latter was even more surprised, feeling as if Lin Ran wasn't really saving Jian Hao.

“Are you sure?”

Qin Bing asked in a low voice.

“It was only half an hour before and after, he should still be alive!”

Lin Ran said.

“What do you mean should still be alive, I can tell you, you have to save him today, or this will not be off your hands either!”

The man was frozen like this, in his opinion, not to mention alive, I'm afraid it would be difficult to keep a whole body.

“Where do you get off talking so much nonsense, do you have no points in your heart whether the matter is related to me or not?”

Lin Ran said in a cold voice, this Huai King was simply disgusting to the extreme, if he didn't need manpower at this moment, he might have just thrown this guy out.

“How does it matter to you, people are frozen like this, why don't you hurry up and build a fire and shout for so many people to come, why are you afraid that people don't know that someone here is frozen into an ice sculpture!”

Wycking said.

“I was actually going to ask too!”

Qin Bing said with her head bowed, she was also wondering why she didn't build a fire instead of a lot of people.

Lin Ran looked at the two and pointed to the three pieces of ice carved wood on one side and said.

“These three pieces of wood, I placed them five metres below the entrance to the well, and near the surface of the water under the well, as well as under the surface of the water, so you should understand now!”

“Understand what? Tell me straight!”

Wycking didn't bother to think about it and couldn't figure it out at all, so he asked directly.

“Idiot!”

Lin Ran couldn't help but curse, and then said.

“All three pieces of wood were frozen like this, even the ones that didn't touch the water became like this, which means the cause wasn't the well as well as the water at all, but something else inside!”

After saying that, Lin Ran brought a block of wood and threw it directly to Huai King.

Huaiking didn't react for a moment and blocked it with his hand, and immediately a layer of ice crystals appeared even on his arm, but it quickly dissipated.

“This ..... What the hell is this!”

Wycking was so scared that his face turned pale and he almost didn't wet his trousers.

Lin Ran looked at the two and said.

“Being able to freeze objects in an instant, this thing is an evil thing!”

After saying that, Lin Ran stopped paying attention to the two, as at that moment, Teacher Lan had already returned with his people.

There was a huge crowd, the teachers of the orphanage plus the children, enough for nearly two hundred people, and at this point the entire square was packed to the brim.

Lin Ran greeted the crowd and surrounded the city in a circle of layers, enclosing the ice sculpture in the middle, and then there was no more movement.

“Little divine Doctor, will this really work? Why does it feel unreliable!”

Teacher Lan asked with some concern, if something happened to Jianhao at the orphanage, then their orphanage would be completely doomed.

“What do you mean it doesn’t feel reliable, I don’t think it’s reliable at all!”

Wycking was very impatient, he kept stressing that he had to be sent to the hospital at this point, and felt like he was simply wasting his time with Lin Ran’s sea of people tactics.

Lin Ran looked at the two, helplessly shook his head, just about to speak, but ahead of him came Qin Bing’s alarmed voice.

“Look at the ground, the ice is really melting!”

Everyone’s eyes looked ahead, and they indeed found that the ice sculptures were melting rapidly, the speed of which was simply staggering.

“That’s right!”

Suddenly, Huaiking thought of something and looked at Lin Ran and asked.

“Why, you didn’t get frozen when you just went down to save someone!”

“Wanna know?”

Lin Ran looked at Huaiking with a teasing look in his eyes.

“What?”

Wyomingking looked at Lin Ran with a wary gaze, wary of this guy.

“Not much, I won’t tell you!”

Lin Ran smiled faintly, then ignored Huaiking and focused on looking ahead.

“You!”

Seeing Lin Ran directly ignore himself, Huai King was extremely angry in his heart, but there was nothing he could do, so he could only grit his teeth and wait patiently.

Time passed, and soon the ice sculpture in front of him had melted away, revealing Jianhao inside.

At that moment he was pale and his arms were very much wrinkled from the freezing, as if he had been soaked in water for a long time.

“How is he?”

Qin Bing came forward and asked anxiously.

“Still breathing, but very faintly!”

Lin Ran said as he examined Jianhao’s body.

“And is there any danger?”

Qin Bing continued.

“There’s no danger, he’ll wake up after resting for a while.”

Lin Ran said.

As the two were talking, Huai King couldn't help but come over and look at the two with a worried face as he asked.

“How... How is it? Is he dead yet!”

“Do you really want him to die?”

Lin Ran asked rhetorically, looking at him.

“No .... No!”

Huaiking blushed, a little embarrassed, and hurriedly said.

“I just want to know how he really is!”

Lin Ran saw the slight adjustment of his eyebrows, and then said with an ugly face .

“He's breathing weakly, I'm afraid he doesn't have much time left!”

“What?”

Huaiking's entire person was immediately confused, sitting on his butt, looking at Jianhao in front of him the entire person was like a deflated ball of leather.

“You ....”

Qin Bing was a little baffled as to how Lin Ran was going to lie to this guy.

Lin Ran, however, made a gesture of silence, and then got up and walked towards the well.

Qin Bing wondered, looked at Lin Ran and then looked at Huai Jing, then still followed Lin Ran and walked over.

However, just as the two of them reached the well, there was a voice of Huai King crying and wiping tears behind them.

“You bastard, why can’t you do it? How can I explain to your father if you leave? Shit, it’s only 200,000, I can’t lend it to you!”

“You’d better wake up!”

Huaiking dry thunder but not rain, but heard a side Qin Bing stunned, then looked at Lin Ran, thieving laugh.

“You guy, you’re still punking him even now!”

“Otherwise, I’d like to see the orphanage’s situation improve, and it’s naturally good to have someone willing to pay for it!”

Lin Ran laughed.

No sooner had the two of them spoken than Jianhao’s body trembled, followed by his eyes opening.

“You!”

Seeing that Jianhao had actually opened his eyes, Huai Jing was stunned.

However, Jianhao held Huaiking’s hand and said excitedly.

“Cousin, I knew you were the best, 200,000 cash or transfer?”

**Wonder Doctor Read Online Chapter 153**

“Turn! Turn your ass!”

Huaiking was so angry that his face turned blue and he got up and left, and Jianhao hurriedly went to stop him.

But this time, no matter what Jianhao said, Huaiking wasn't listening, so he had no choice but to give Qin Bing a look before following him out.

“This guy has a deep love for you!”

Lin Ran laughed.

Qin Bing gave him a blank look and said.

“Yeah, I'd be satisfied if some people were half as devoted as this!”

“Er ....”

Lin Ran was helpless for a moment and awkwardly scratched his head with his hand before digressing.

“That you go help evacuate the orphanage first, I'll get busy!”

“Busy with what? The orphanage's people have already left!”

Qin Bing said with a frown, she knew this guy was trying to get away from himself, but at this time she would not agree, as the saying goes, if you want to get close to someone, you have to get to know them, otherwise I'm afraid she wouldn't have anything to do with them now, not to mention later.

“Say, what exactly is it that you are hiding from me!”

Qin Bing said, pretending to be angry.

“Nothing much either, just the source that caused all this!”

Lin Ran said helplessly.

“What is that thing?”

Qin Bing asked after her.

Lin Ran saw that this ninny was endless, so he had no choice but to sigh and speak.

“It’s an Extreme Ice Demon Spider!”

“Extreme Ice Demon Spider? What the hell?”

Qin Bing frowned, the name was very seeping at first hearing, causing her to unconsciously get goosebumps.

“It’s just a kind of spider!”

Lin Ran said.

“What!”

Hearing these two words, Qin Bing was so scared that her entire body jumped up and directly burrowed into Lin Ran’s arms, she was most afraid of such furry things since she was young, what with spiders and centipedes, they had always been the things she was most afraid of.

“Er .... That, can you come down and talk about it!”

Lin Ran's old face turned red, this nee-san was scared never mind, and got into his arms, this was a pain in the ass for him.

“Ah!”

Qin Bing looked back and her pretty face also turned red, she hurriedly got down from Lin Ran's body, before digressing.

“What the hell was that thing!”

“Which one are you asking about?”

Lin Ran's old face reddened as he asked awkwardly.

“Just that one!”

Qin Bing blushed even redder and at the same time was a little angry, hadn't we just been discussing it, how could we have forgotten it in the blink of an eye.

“What's wrong with that one? It's a normal reaction!”

Lin Ran said with a red old face and bowed his head.

“Reaction? What reaction?”

Qin Bing was confused, what kind of reaction could the Extreme Ice Demon Spider have?

“Eh! You mean the Extreme Ice Demon Spider, that thing is in the well, just catch it up later!”

Lin Ran said awkwardly.

Seeing this, Qin Bing frowned slightly and asked.

“Could it be that what you just said wasn’t an Extreme Ice Demon Spider! What was that thing?”

“Uh .... Nothing! It’s nothing!”

Lin Ran’s face was red to the base of his neck as he hurriedly interrupted.

“That, this Extreme Ice Demon Spider can be used in medicine, it’s good for your skin, especially for an iceberg beauty like you, if you can use it in medicine to make a mask, it will definitely make your skin fairer and more hydrated!”

“Really?”

Qin Bing’s eyes lit up when she heard that, that one beautiful woman didn’t want to become even more beautiful.

“Really! I’ll get it for you later.”

Lin Ran breathed a sigh of relief in his heart, fortunately this nee-san didn’t continue to ask questions, otherwise he would have been embarrassed to death.

“Then why are you still standing there, do it quickly!”

Qin Bing urged repeatedly.

Lin Ran was helpless, why was this girl so excited when she heard that she could make a mask?

When he came to the well, Lin Ran took out the wooden box. Now that there were already three Five Poisons inside the box, it was not difficult to catch this Extreme Ice Demon Spider.

In a short while, a sound was heard down the well, followed by a spider the size of a fist, which was snow-white in colour, climbing up.

Lin Ran was quick on his feet, and before anyone else noticed, he directly physically put the magic spider away.

“Let’s go!”

Turning around and greeting Qin Bing, who was still waiting behind him, he whirled around and prepared to leave.

However, this was something that Teacher Lan came up and asked.

“Hey, little divine doctor you’re leaving now, Shen Ying’s illness ....!”

“Sorry, forgot about this, Shen Ying is already fine, the cause of her illness has been found, she won’t have an attack in the future, but this well you must protect it, after all, water is the source of life, it must be closely guarded!”

Lin Ran laughed, when he caught the Ice Devil Spider just now, he saw that there was a devil devouring bead on the latter’s back, so there was definitely no problem in the orphanage, but the murderer was able to place one of the five poisons here, so he had obviously scouted it out in advance, so he could only ask them to take extra precautions in the future.

“Good! Thank you so much little divine doctor!”

Teacher Lan hurriedly thanked him, and Lin Ran smiled, before leaving the orphanage with Qin Bing.

When they returned to the Tamkang Hospital, they were just in time to go to work in the afternoon, Jianhao probably hadn't gotten the money yet and hadn't shown up.

But he couldn't resist Qin Bing's threats plus the lure of beauty, so he had to follow her to the Western Medicine Department, and then in the latter's office, he took out the Extreme Ice Demon Spider.

“Hurry up! Hurry up! I can't hold back anymore!”

Qin Bing urged her repeatedly, she had been looking forward to this all the way, just waiting to make a mask out of this Extreme Ice Demon Spider.

Lin Ran was speechless and said.

“Fetch a mask!”

“Yes!”

Qin Bing didn't delay and ran straight to get a face mask, as a woman, you could have nothing at home, but a face mask was absolutely indispensable.

“How do I make this thing?”

Qin Bing lay on the side, looking at the Extreme Ice Demon Spider on the table, her eyes full of anticipation, the moment this thing appeared, the temperature of the whole room dropped a lot, but for the sake of the legendary mask, she still endured it.

“Just watch it, don’t touch it!”

Lin Ran said, while quickly taking out a silver needle and tweezers, carefully plucking three of them from the small fluffy hairs on the back of the Extreme Ice Demon Spider, before placing them on the mask.

As soon as the three hairs touched the mask, the entire essence on top of the mask immediately changed colour, the somewhat yellowish essence instantly turned snow white, and there was actually a burst of cold air coming out, giving a feeling of coldness into the cellar at first glance.

“Alright, just put it on!”

Lin Ran collected the stuff and prepared to take back the Extreme Ice Demon Spider as well.

However, Qin Bing was quick with her eyes and raised her hand and grabbed it towards the back of the Extreme Ice Demon Spider, while defiantly saying.

“Cheapskate, can’t you have a few more hairs!”

“Don’t touch! It’ll ....”

Before Lin Ran could finish his words, Qin Bing’s palm had already grabbed some fluffy hairs.

She was about to proudly show off, but what time did a layer of ice crystals quickly form from her palm, she let go and tried to shake it off, but it was already too late.

In the blink of an eye, the original beautiful arm, at this time, unexpectedly all frozen into ice, scared Qin Bing immediately smile pale face.

“Don’t move, if it shatters, you’ll really be disabled!”

Lin Ran hurriedly reminded, while quickly tucking Qin Bing’s arm inside his own clothes, against his own body.

“Ah!”

A cold sensation came through, causing Lin Ran to blush in disgust.

“Why don’t we call someone, you’re like this!”

Qin Bing said, somewhat embarrassed.

“It’s useless, you’ve touched the Extreme Ice Demon Spider directly, you must use your body heat to dissolve it, and if you’re slow the flesh and blood will necrotize!”

Lin Ran shook his head and said.

Qin Bing, however, blushed a little, although her palms were iced, but the realm did not affect the touch in any way, she could clearly feel the fire on Lin Ran’s body ..... That feeling made her a little .....

“Then how about I warm it up myself?”

Qin Bing said tentatively.

Lin Ran, however, shook his head and laughed bitterly.

“Forget it, be careful of freezing the mountain again!”

“Mountain?”

Qin Bing was stunned for a moment before she understood what Lin Ran meant, and her pretty face instantly turned red almost to the point of dripping water as she stared at Lin Ran with a deadly gaze, spitting out two words a moment later.

“Rascal!”

## Wonder Doctor Read Online Chapter 154

Under Lin Ran’s careful care, after half an hour, Qin Bing’s arm was finally back to normal.

“How do I use this mask? Do you put it directly on your face?”

Qin Bing asked curiously.

“Mmm!”

Lin Ran nodded his head, then when he saw that Qin Bing was about to use it now, he hurriedly stopped it.

“Hey, it’s office hours, it’s not appropriate to put on a face mask!”

“What are you afraid of, there’s no outsiders here except you anyway!”

Qin Bing was full of care and picked up the mask and put it on her face.

However, before the mask touched her face, there was a knock on the door outside the office.

“Who is it?”

Qin Bing said with some impatience, while walking towards the door.

“Xiao Bing, it’s me, Jian Hao!”

Jianhao’s voice came from outside the door, his voice sounding very awkward as he deliberately pinched his throat.

“Looking for me for something?”

Qin Bing asked as he stood at the door, not opening it straight away.

“That, the orphanage’s money, I’ve donated, a full 200,000, and they’ve even written me a letter of thanks!”

Outside the door, Jianhao said excitedly.

“Really?”

Qin Bing was delighted at the words and opened the door directly, but blocked the doorway with his own body so that Jianhao outside couldn’t see Lin Ran inside.

“This is it!”

Seeing Qin Bing reveal himself, Jianhao couldn’t tell how happy he was in his heart, and directly handed over the thank you letter while saying.

“Just now I went to make a donation and you all left, so I donated first and only then did I come back!”

Said Jianhao and looked at Qin Bing with some embarrassment, and then asked with a smile.

“That, Xiao Bing, I’ve done everything you like, I wonder if I can enjoy tonight and have a meal together!”

“Tonight, huh? I don’t think so, I have something to do tonight!”

Qin Bing pretended not to.

“Something? What is it?”

Jianhao was busy asking, this money has been donated, it is reasonable that he shouldn’t be so distant from himself!

“It’s not very convenient to say, let’s talk about it next time we have the chance!”

Qin Bing said, and whirled and closed the door.

Jianhao didn’t care, he thought Qin Bing really had something to do, and turned around to leave, but just then, Qin Bing’s voice came from inside the room.

“Hurry up, hurry up, I can’t wait!”

Qin Bing put the thank you note in her hand aside and hurriedly picked up a face mask and put it on her face.

“Why are you in such a hurry!”

Lin Ran was speechless as he picked up the thank you letter to the side and read it.

“How nice!”

After reading the letter, Lin Ran couldn't stop nodding his head, he didn't expect that this Swordsman was really willing to pay blood money in order to pick up girls, 200,000 was already considered several years of income for an ordinary family.

“Hey, it's so comfortable!”

Qin Bing didn't listen at all and lay down on the sofa to enjoy it.

“Right, you prepare more, I want to stock up more this time!”

Qin Bing suddenly got up and said.

Lin Ran smiled and was speechless, it was fine if you didn't consider whether your skin could take it or not, you should at least consider the feelings of other people's Extreme Ice Demon Spiders.

“No, just this once, we'll talk about it later when we have the chance!”

“When will you have another chance?”

Qin Bing hurriedly asked.

“When there's another time to be alone together!”

Lin Ran said, he didn't want anyone else to know about these five poisons, so he should try to find a time when it was just the two of them before he gave it to this nee-san.

“Hurry up then, I'm in a hurry these days!”

Qin Bing said, recently the hospital has a lot of patients her skin is starting to deteriorate, without conditioning I'm afraid it will become yellow-faced.

“Alright I know, I’ll satisfy you this time, I’ll prepare another one for you!”

Lin Ran laughed, while giving her another face mask.

But while the two were talking, outside the office, Jianhao’s face was blue, already on the verge of a rage.

In the room, Lin Ran placed the best mask on the table and said.

“Save it, this is all you have this time, you’ll have to wait for another time if you want it!”

After saying that, he was ready to leave, but he was stopped by Qin Bing.

“Don’t, I’m not done yet, wait!”

Finally, hearing these words, Jianhao could not hold back any longer and went forward and kicked the office door with a loud bang, scaring Qin Bing in the room and immediately jumping up from the sofa, even the mask on her face was shaken off.

“What happened?”

Qin Bing asked and hurriedly ran towards the door.

Lin Ran, however, frowned slightly and then spoke.

“It should be Jianhao!”

“Him?”

Qin Bing's face sank as he opened the door, and sure enough, he saw that outside the door, Jian Hao's face was blue, and he was staring at himself with a deadly glare, as if he wanted to kill someone.

“What are you doing!”

Qin Bing's face was ugly as he stepped forward and questioned.

“What am I doing? What the fuck are you doing in there, in broad daylight, in a hospital, and you're actually doing such a pig and dog thing, I, Jianhao, am really blind, how could I see a watery woman like you!”

Jianhao rebuked angrily.

Qin Bing was furious and raised her hand and slapped Jianhao directly on the face.

“Don't talk nonsense here, what did we do?”

“How dare you ask me!”

Jianhao's face was ugly, and there was a clear slap mark on his face, which had just been struck by Qin Bing.

“Say it! I want to see what kind of flower can come out of your dog's mouth!”

Qin Bing was really angry, she looked at Jian Hao with a gaze full of anger, growing up, this was the first time someone said that about her, she was already arrogant in character, how could she stand it.

“You .... You! You're shameless!”

Jianhao was too ashamed to speak and turned around and left.

Looking at his back, Qin Bing was getting angrier and angrier as she thought about it and shouted at the top of her lungs.

“Don’t let me see you again!”

Jianhao stopped in his tracks at his words, and then turned around, gave Qin Bing a look and said in a cold voice.

“I’ll let you see me later, I’ll see you in the Dean’s Room!”

With that, Jianhao never looked back and headed straight for the dean’s room.

Not long after Jianhao left, the two Lin Ran received a call from Dean Yang, asking them to go there as well.

The two had no choice but to head to the dean’s office together.

As soon as they entered the door, the two heard Jianhao’s angry voice.

“Dean Yang, I just arrived at our hospital, I didn’t expect to vocalise such a thing in broad daylight, I’m really sorry, I don’t think I can stay any longer!”

Jianhao said in a serious and fierce tone.

“What do you two say!”

Dean Yang turned his head and looked at Lin Ran and Qin Bing, who had just entered, and asked.

“What how do you say?”

Lin Ran was the first to speak, looking as if he had no idea.

“You saw it, Dean Yang, this kid is still playing dumb until now!”

Jianhao said atmospherically.

Dean Yang’s face sank as he glared at him, before looking at Lin Ran and saying.

“It was just now, what you and Qin Bing were doing!”

“Ao! You’re talking about what happened just now!”

Lin Ran showed a dazed look, and then said.

“Nothing, just helping Director Qin make some handmade masks, why is this something the hospital has rules about not being able to do?”

Lin Ran asked seriously, for a moment Dean Yang was confused, that wasn’t what Jianhao had said when he came in just now.

“What about you?”

Dean Yang looked at Qin Bing, the latter smiled at this and immediately took out a still unused mask from his pocket and placed it on the table, before looking at Jianhao and saying.

“This is the mask that hasn’t been used just now, I can say something ugly up front, this mask was specially made for me by Lin Ran, you can check it out, but whoever opens it, will pay me 10 million dollars, don’t ask why it’s so expensive, this mask is worth that!”

“You!”

Jianhao was so angry that he was furious.

Dean Yang, however, looked at Jianhao with a blue face.

“Bastard, what did you just say, but what is the truth!”

“What did he just say?”

Qin Bing’s face sank as he asked directly.

“Me!”

Jianhao was at a loss for words, if it was the truth, it would be fine, but now it was obvious that it was a misunderstanding, and if he was asked to say it again, he was really unable to speak.

At the same time, he also regretted that he hadn’t asked for clarification just now, and that he had thought blindly for a moment, resulting in the present situation.

“Speak!”

Qin Bing scolded with a gloomy face, without the slightest intention of ending the matter.

“Director Qin, let’s forget it, it’s not a matter of honour anyway!”

Dean Yang persuaded, he didn’t want to mention this either, as it was really embarrassing.

“No!”

Qin Bing, however, cut to the chase, while glancing at Dean Yang, and said.

“Dean Yang, you are a senior, you should be respected, but after all, this matter is also about my reputation, I can’t possibly this a person who slandered my reputation to work together!”

“You!”

The doctors under him were all so restless, how many doctors would want to enter the Tamkang Hospital, but the ones in front of him did not care at all, he was really in a dilemma for a while.

“Just say it! What’s the big deal!”

Seeing that Qin Bing was unforgiving, Jian Hao was also angry and looked at Qin Bing and said.

“I went to look for you just now, and I heard it all outside the door!”

“Heard what, you tell me!”

Qin Bing’s face was icy cold as he pursued the question.

“Can you show some face? Do you still want me to recall that kind of talk for you?”

Jianhao was on the verge of tensing up and exploding, and if it wasn’t for Dean Yang being here, I’m afraid he would have exploded long ago.

“What, are you even feeling self-consciously disgusted?”

Qin Bing sneered disdainfully, then glanced at Jian Hao and said.

“You feel disgusted even consciously, do you think what I said means the same as what you said? Don’t speculate on others without seeing the facts, what exactly Lin Ran and I were doing in the room, we just know, what does it have to do with you!”

“You! I’ve just donated 200,000 for you!”

Jianhao was so angry that he gritted his teeth.

“For me? You were doing that for the orphanage, what does that have to do with me? It’s not just me you’re willing to donate to, all the children in the orphanage will think well of you, but don’t use that as your bargaining chip, you’re you and I’m me! Get it straight!”

Qin Bing’s words were like a steel needle that plunged straight into Jianhao’s heart, and for a moment, even he felt like a fool.

“Good! Good! Good for you, Qin Bing, I’ll remember you, you are cruel!”

Jianhao’s eyes were filled with indignation, but at this moment, it was all over to say anything.

Seeing this, Lin Ran stepped forward and spoke.

“Who doesn’t know how to speak harshly? If you didn’t have your own heart set on Director Qin’s beauty, would you fall for such a little skill? You are blinded by your own lust!”

“Shut up, this is none of your business, do you really think that just because you know some medical skills that you are great? Let me tell you, I have plenty of evidence in my hands, it’s just a matter of minutes to get you out of Temperance Hospital!”

Jianhao chided, he had more hatred for Lin Ran, he owed much of what he had become to this man in front of him.

“O? Is that so? Then tell me!”

Lin Ran’s face was bland, as if what Jianhao was saying had nothing to do with him.

“Don’t you force me!”

Jianhao’s equanimity had been disturbed, and there was endless anger in his eyes as he looked at Lin Ran.

“I forced you? You said it yourself, who is forcing who?”

Lin Ran continued, his face was as normal from the beginning to the end, he couldn’t see any emotional fluctuations at all, as if the matter had nothing to do with him at all.

“You!”

Jianhao gritted his teeth and turned to look at Dean Yang, saying.

“Dean Yang, I know you think highly of Lin Ran, we didn’t dare to say anything before, but since things have come to this point, then I won’t talk nonsense, as the head of the hospital’s Chinese medicine department, he’s out of the hospital six days a week, everyone sees these things, no one dared to say anything before, but now I’m no longer going to do my job here, so I dare say, can’t you even see this kind of person?”

Dean Yang looked at Jianhao, his eyes were complicated, and he did not speak for a long time.

Qin Bing also looked at Dean Yang, her heart vaguely worried, she and Jianhao were just having a conflict, a personal matter, but this was already a public matter for Lin Ran.

Previously, with Dean Yang standing up, no one dared to say anything, but at this moment, Jianhao's words were like the first person to stir up a hornet's nest, I am afraid that this matter will eventually explode, unless it can be resolved as soon as possible, otherwise I am afraid that the hearts and minds of the entire Temperance Hospital will be scattered by then.

“Lin Ran, what do you say?”

Dean Yang turned to look at Lin Ran and asked.

“There's nothing to say, I'm busy and don't have time to be at the hospital, that's a fact, I admit it!”

Lin Ran said blandly.

“Good! Good! Admitting it is good!”

Jianhao instantly laughed, pointing at Lin Ran and said.

“You heard it all, Dean Yang, he has admitted it himself, what else do you have to say.”

“Shut up!”

Dean Yang shouted lowly, then said in a deep voice.

“We'll talk about this matter later!”

“Later?”

Jianhao smiled and was immediately displeased, he had spelled himself out not to work at Temperance Hospital and still ended up not pulling this kid down, this was not the result he wanted.

“Dean Yang, if I bring this kid’s exact attendance sheet, and video evidence of his absence from the hospital, do you still want to play favorites like this!”

Jianhao chided.

“You!”

This time even Qin Bing was completely furious.

“We’re all colleagues together, and you actually went to investigate Lin Ran!”

“Me? Laozi isn’t interested in him! Not enough for someone to be interested in him!”

Jianhao said smugly, before looking at Dean Yang once again.

“If you insist on sheltering him then there’s nothing I can do, but I’m afraid that your reputation will be in jeopardy! Don’t blame me when the time comes!”

“You’re talking about who’s interested in him!”

Dean Yang blushed that look and looked up at Jian Hao.

“Our head of internal medicine, Director Qi!”

Jianhao said unapologetically, Qi Yin had recently prepared to deal with Lin Ran anyway, he was merely borrowing the east wind.

“Fine, then go and get your Director Qi for me!”

Dean Yang said in a deep voice.

“Good! You wait!”

Seeing that this guy actually didn't believe him, Jianhao dropped a sentence and directly left the door, running towards the internal medicine department.

Qi Yin was sitting in his office drinking tea at this moment, not to mention how comfortable he was, however, when Jianhao ran over and told him what had happened, his face instantly changed.

“You idiot, who the hell told you to spill the beans on this now!”

Qi Yin's face turned blue, his plan hadn't come to fruition yet, who knew that it had been exposed early by this bastard Jianhao.

“I didn't know, I didn't know you had other plans, and I think right now is a good opportunity, now what!”

Jianhao was a bit panicked, if Qi Yin beat a dead horse and refused to admit it, then he would really be cold.

Qi Yin's face was gloomy and he didn't say a word. He was silent for a long time before he slammed his teacup on the ground with a “pop” and then said gloomily.

“What to do! Cool it! You've got the arrow on the string, if you don't send it now, you won't be able to send it again!”

**Wonder Doctor Read Online Chapter 156**

Today was destined to be an extraordinary day at Temperance Hospital.

Inside the dean's office, Lin Ran, Qin Bing, as well as Qi Yin and Jian Hao, who had just arrived, and a host of other chief doctors were all present.

“This guy is really hateful, he actually called out so many people!”

Qin Bing frowned slightly, before Jianhao went back to shout at Qi Yin, he didn't expect the latter to actually shout at so many chief doctors along with him.

At this moment, not only Qin Bing, even Dean Yang's face became ugly, this situation clearly smelled like forcing a court.

“Dean Yang!”

Finally, Qi Yin spoke up.

“Since you asked me to come here today, let's straighten this all out, and also let us doctors who are also doctors at Temperance Hospital, ask for a comfort in our hearts!”

Said Qi Yin, taking out a few sheets of paper and casually placing them on the table, before looking at the crowd and saying.

“Our Director Lin of the Department of Traditional Chinese Medicine should not be unfamiliar to anyone, he has been on the job for exactly four months until today, and there are a total of one hundred and twenty-one days in these four months, but our Director Lin, clocked in for only twenty-one days!”

“What?”

“Twenty-one days? You’re kidding!”

All of a sudden everyone was talking, this number of days was really a bit exaggerated.

“If you don’t believe me, you can go to the personnel department and ask, these figures were all found from the personnel department!”

Qi Yin laughed blandly, then looked at Lin Ran and said.

“Director Lin, I wonder if you have anything to say about this?”

“No!”

Lin Ran smiled back, he had known this day would come, usually Qi Yin often used this as a reason to strike himself, only this time it had sort of completely exploded!

“Everyone saw it!”

Qi Yin stretched his hands out, as if everyone had seen it.

“Lin Ran don’t you have anything to say?”

Dean Yang asked with the same frown.

This was something he could have suppressed before, but this time with so many people coming over at the same time, the situation was no longer something he could suppress, as the hospital’s director, he had far more things to consider than Lin Ran and the others.

“There’s nothing to say, I had something to do, so I didn’t come, that’s a fact!”

Lin Ran laughed lightly.

“Not bad! It’s good that you dare to admit it!”

Qi Yin laughed coldly, this was the effect he was looking for.

“Why don’t you dare admit it?”

Lin Ran laughed blandly, then looked at Dean Yang.

“Dean, I am now formally resigning!”

“Resign?”

Dean Yang was dumbfounded at his words, he didn’t want to let go of such a good seedling like Lin Ran!

“Lin Ran, why don’t you think about it?”

Dean Yang tried his best to salvage the situation, but with so many people here, he was in a bit of a quandary.

“Dean, people have already offered to resign, you’re …..”

Qi Yin then sneered, but before he could finish his words, he was interrupted by Dean Yang.

“Shut up!”

“Dean, I’m afraid you’ll give the people a chill if you do that!”

Qi Yin did not dare to show weakness, and chided back with a cold face.

“How dare you!”

Dean Yang was furious, slapped the table and got up to scold.

“You are the dean and I am the dean!”

Qi Yin was silent, he glanced at Dean Yang with an unkind gaze, and then said nothing more.

Dean Yang swept his gaze around, then said.

“You doctors know clearly in your own hearts, do you need me to say more about how strong Lin Ran is? Without Lin Ran’s Temperance Hospital, I’m afraid that it won’t be able to hold up by you guys!”

“Haha!”

Qi Yin laughed and said.

“Dean, your words are hurtful!”

“Hurtful? Don’t forget, our Tamkang Hospital is a public hospital, and public hospitals don’t raise wastrels! I’m afraid this kind of people are the black sheep if they don’t have good medical skills and only know how to find trouble with their own colleagues every day!”

Dean Yang shouted coldly, his words were so harsh that for a while, except for Qi Yin, everyone else actually lowered their heads and no one dared to say anything.

“Lin Ran’s affairs, it’s not your turn to dictate to a chief of internal medicine!”

“You!”

Qi Yin’s face was gloomy, his heart suppressing his anger.

“Dean, forget it, I’ve already decided to go!”

Lin Ran suddenly spoke.

“You!”

Dean Yang was a little angry, he had tried his best to retain him, even going so far as to offend so many people, but Lin Ran.

“Dean, don’t be angry, I really have something to do, if I am still needed at Temperance Hospital in the future, I will definitely come back!”

Lin Ran said.

The matter of his parents was a major illness in his heart, he couldn’t just let it go.

“Dean Yang, you’ve heard it all, do you still want to insist?”

Qi Yin laughed.

“You shut up!”

Dean Yang scolded, then looked at Lin Ran.

“You come with me!”

Lin Ran nodded, and then followed Dean Yang into a side ward, not knowing what was being said.

Inside the office, however, Jian Hao came up to Qin Bing again and smiled smugly.

“See, this is the man you’ve been looking at, he’s not thinking, he’s a corpse, it’s not surprising that he’s here today!”

“Get lost!”

Qin Bing was so distracted that he didn’t bother to pay any attention to Jianhao.

“Good! You have guts, I’d like to see if this kid can still turn around today!”

Jianhao sneered.

Qin Bing, however, suddenly thought of something and turned to look at Qi Yin.

“How did you know that Lin Ran was often absent from the hospital?”

“I just said it all, I found out in the personnel department!”

Qi Yin said without changing his face.

Qin Bing, however, did not believe it at all.

“You’re talking nonsense, even if you had a problem with Lin Ran and purposely checked his attendance records, but before that you didn’t even know that he often didn’t come to the hospital, how can you explain this matter!”

“Hm?”

Qi Yin frowned slightly.

“Right!”

“That’s right, one internal medicine department and one Chinese medicine department are a hundred thousand miles apart, Lin Ran shouldn’t have known that he didn’t come to work!”

“There should be a mole!”

The people around them were talking.

Qin Bing didn’t speak up to this point, she already understood in her heart that someone in the Chinese Medicine Department must have tipped them off, otherwise how could Qi Yin have known!

Soon, Lin Ran and Dean Yang came back, both of them looked unpleasant when they went, but when they came back, they were both wearing smiles.

“How was it?”

Qin Bing hurriedly went forward and asked.

At this moment, everyone around was listening with ears pricked up, wanting to see how Lin Ran would really be.

“Dean it’s better for you to speak!”

Lin Ran smiled as he looked at Dean Yang.

“Mm!”

Dean Yang nodded at his words and then smiled.

“From today onwards, Lin Ran will not be sitting in the hospital!”

“What? Ahahaha, I knew this kid was going to be fired!”

Jianhao burst out laughing at his words, while rushing directly in front of Lin Ran and saying with glee.

“Kid, you continue to be crazy, if you’re not a doctor at Temperance Hospital in the future, I’ll see how you can still pretend with me!”

“O? You don’t seem to be either!”

Lin Ran stretched out his hand and laughed, then the crowd heard Dean Yang’s words.

“In addition, Jianhao, the deputy director of the internal medicine department, is removed from any position in the hospital and dismissed with immediate effect, and Qi Yin, the director, is bypassing the normal order of the hospital and flashing medical and nursing relations, also dismissed!”

“What?”

Now not only Jianhao but also Qi Yin was confused, he was a little angry and pointed at Lin Ran.

“Dean Yang, aren’t you going too far, he made the mistake in the first place, I reported it and even if you don’t praise me, you still fired me, aren’t you afraid that everyone will have a cold heart!”

Dean Yang heard this but coldly snorted.

“Chilled? Your own level is not as good as others, and you are bent on retaliation instead of improving your own medical level, people like you, not to mention Temperance Hospital, if you were in other hospitals, you would still be a black sheep!”

## Wonder Doctor Read Online Chapter 157

“That’s the end of this matter! Anyone who brings it up again will be fired straight away!”

As Dean Yang’s last words fell, this matter was only completely over.

“What are you going to do next?”

On the way back to the office, Qin Bing asked Lin Ran.

“I haven’t thought about it yet, but I’ll think about it!”

Lin Ran said.

“Have you thought about opening your own clinic?”

Qin Bing suddenly asked, somewhat embarrassed to see Lin Ran casting a suspicious look.

“I just don’t want to do it here either, if you open a clinic, I’ll definitely go and join you!”

“Join me? My salary there can’t compare to here!”

Lin Ran laughed bitterly, it wasn't that he hadn't thought about it, but what mattered most right now was his parents' affairs and the murderer behind the five poisons.

"You think I care about the salary?"

Qin Bing said in mock anger, then remembered something and hurriedly said.

"By the way, there's something I must tell you, there's a mole in the Chinese medicine department! The one who betrayed you for not being at the hospital every day!"

"I know this!"

Lin Ran nodded his head.

"You know? Who did it!"

Qin Bing asked in a cold voice

Lin Ran, however, shook his head.

"Forget it, we're leaving anyway!"

"No, as someone from the TCM department actually betrayed you, this kind of person must be found out!"

Qin Bing said indignantly.

Lin Ran shook his head helplessly, and then said.

"I'm going to go pack my things, you can investigate yourself if you want!"

After saying that, Lin Ran went back to his office alone.

The news that Lin Ran was leaving had already spread back to the Chinese Medicine Department, Li Zheng and Liu Wenjuan, as well as some other nurses, had been waiting outside the office for a long time, and when they saw Lin Ran return, each had reluctance in their eyes.

“Director Lin!”

Li Zheng was the first to speak, and several other nurses also had tears in their eyes.

“Don’t be like this, there is no such thing as a happy ending in life, so let’s get together for good!”

Lin Ran laughed.

“Right! Director Lin is right!”

Liu Wenjuan said with red eyes, then she glanced at the few people on her side and said with some shame.

“Director Lin, I’m sorry, there was a mole among us in this matter too, she has no face to come and see you!”

“Hmm! It’s alright, it’s human nature, I can understand!”

Lin Ran smiled indifferently, whoever didn’t come already spoke for themselves, he didn’t want to pursue this as these matters didn’t mean anything to him at all.

“Alright, you guys have a good job, we’ll see you again later!”

Lin Ran laughed, and then went to pack his things.

In fact, he didn't know that among these people, Li Zheng actually wanted to leave with him, this guy was born into a Chinese medicine family and could be said to be half a Chinese medicine nerd, he didn't care about money at all, all he cared about was learning more about the art of Chinese medicine.

And Liu Wenjuan actually wanted to leave with Lin Ran, but she still needed to work, so ....

Lin Ran left in a very low profile, hardly many people knew when he left.

When he left, Lin Ran was only carrying a bag of miscellaneous items and nothing else, because pressed he didn't have much luggage.

.....

That evening, at the Elegant Fragrance Hotel, Luo Qiqi, Qin Bing, and Song Nuan, the three women held an exit dinner together for Lin Ran.

The three women were very happy to see the three beautiful women on the table, but Lin Ran could not help but feel a sense of regret.

Thinking about the miserable situation when he first graduated and then looking at the present, Lin Ran was actually quite content in his heart, but the only thing that kept him at ease was the matter of his parents, his grandmother who was already living in the mountain village.

“Once I've settled down, I'll make a trip home!”

Lin Ran had made up his mind, he would not force his grandmother to come and live in the city, but he could not watch her suffer in the mountain village either, he had to do something about it.

“By the way! What are your plans?”

Luo Qiqi asked as she ate, she was undoubtedly the happiest person when Lin Ran left his job, her family was big and arranging a position to facilitate herself at the same time was simply a matter of nodding her head.

“Haven’t thought about it yet!”

Lin Ran smiled and shook his head, regarding his future plans, he indeed hadn’t thought about it.

“Wouldn’t it be good for you to just do as I say?”

Qin Bing said as he put down his chopsticks.

“I suggest he open a clinic, so he at least has something to do during the weekdays, and it doesn’t interfere with his own business!”

“Hmm! I think it’s fine too!”

Luo Qiqi nodded her head in agreement.

“Right, and I can also quit my job to help you when the time comes, it definitely won’t hold you back from your own business!”

Qin Bing took a stand.

“Yes, yes, and me too, in the future, our Luo family employees are designated to go to your clinic for medical treatment!”

Luo Qiqi also laughed.

Both of them were clear about each other’s thoughts in their hearts, but they were both girlfriends who didn’t want to make it clear in case

everyone was embarrassed, so they could only support Lin Ran in this way.

“What about you?”

Song Nuan asked as she looked at Lin Ran.

“I’m actually all right, I just don’t have the right place!”

Lin Ran said with a smile, being spoken to by these two ninnies, it seemed like he really had to open a clinic, but according to his character, he would most likely be a throwaway again.

“A place is not a trivial matter, I can find you a very good place in ten minutes!”

Luo Qiqi said confidently.

Lin Ran, however, shook his head.

“There’s no rush on this, just take your time!”

“Alright then, call me anytime if you need me!”

Luo Qiqi said, and Lin Ran nodded at his words.

The meal lasted until midnight, before everyone left.

Lin Ran took Song Nuan straight home to his house, this nee-san didn’t say anything, it seemed that no matter what Lin Ran did, he was at ease.

After arriving home at night, Lin Ran was ready to go straight to bed, but then he found Song Nuan, this nee-san, fiddling with a map since she came back, which was very strange.

“Why did you get the map of the hotel back?”

Lin Ran asked, puzzled.

“It’s a nice looking map, and Kiki said she gave it to me, so I brought it back!”

Song Nuan said with a smile.

Lin Ran was speechless as he listened, other people would bring leftover rice or take chopsticks and cutlery with them, but this girl was good enough to bring back a map.

“Come on, hang it up for me!”

Song Nuan said, just now she had been working for half a day but couldn’t hang it up, at this moment a man appeared, she naturally wouldn’t miss it.

“Alright!”

Lin Ran had no choice and helped hang the map up.

However, when hanging the map, Lin Ran was the one who noticed that the map was actually a city map, that is, a map of Temperance City, at first he thought it was a province map, but he didn’t expect it to be a city map.

“Look, this is where we live!”

Song Nuan took out a water pen and drew a circle around the place where the two of them lived.

Lin Ran looked around and found that the surrounding area was then once for Temperance University's, Temperance Hospital, and some other places he had been to.

But he had been to so many places himself that every place on the map seemed to feel like he had been there.

“Let me try!”

Lin Ran took the water pen and marked each of Song Nuan's house, Xiao Nan's house, and Shen Ying's as well as Li Wan's.

“What are all these places?”

Song Nuan asked in surprise.

“They are all places where the five poisons appear!”

Lin Ran said.

Song Nuan drew in a breath of cold air at his words, but then she realized that the four dots on the map did not show any pattern at all, and were even arranged in a very disorganized manner.

“Can you tell where the fifth dot will appear?”

Song Nuan asked.

“I don't know!”

Lin Ran shook his head.

Four of the five poisons had appeared, and the only one that hadn't appeared yet was the last three-eyed devil toad.

## Wonder Doctor Read Online Chapter 158

The next morning, Song Nuan still went to class. She had originally arranged to go out for a night out, but because of Lin Ran's sudden resignation, it was a complete bust.

But luckily, Lin Ran promised to take another one once he had settled down.

The first day away from work was more or less uncomfortable, and Lin Ran sat alone on the sofa to sort out all the clues he had so far.

The only thing Lin Ran could hope for at the moment was Song Yujiang, hoping that he could find out where Wang Kun, his son, was.

The only thing that Lin Ran could hope for at the moment was Song Yujiang, hoping that he would be able to find out where Wang Kun's son was. On the other hand, there might still be clues on his grandmother's side, but for the time being Lin Ran was not considering it.

“DING RING ....”

As he was thinking, his phone suddenly remembered, picking it up and seeing that it was Luo Qiqi calling, Lin Ran couldn't help but smile.

“Hello! Little beauty, what's up?”

“Come over here soon, I've found a place for you, four hundred square metres is big enough, the centre of human traffic, an absolutely great shop!”

On the phone, Luo Qiqi said excitedly, obviously very satisfied with this shop she had found.

However, Lin Ran was a little speechless and said.

“Little beauty, I run a clinic, not a shopping mall, are you finding me a four hundred square meter shop to sell clothes on the side?”

“Er ....”

Luo Qiqi was a little embarrassed, but soon she laughed.

“It’s okay, there are others I’m looking for, there’s one that’s over two hundred square meters, that’s enough right!”

“Well, that’s more or less the same!”

Lin Ran said, while getting up and cleaning up a bit, he rushed over towards where Luo Qiqi was.

People were so enthusiastic, so he couldn’t be too indifferent.

Following the place Luo Qiqi said, Lin Ran soon arrived at a busy street.

According to the location from memory, this should belong to a street near a university town, and university students often frequented this place on a regular basis, so the flow of people was not bad.

“Over here! Over here!”

Just as he reached the place, Lin Ran heard Luo Qiqi’s voice.

“Why is it in a place like this?”

Lin Ran frowned slightly, in fact, he didn't like this kind of overly busy place, especially where the crowd of university students gathered, selling medicine here, I'm afraid it wasn't as good as selling couples' health products.

"How nice this place is, so much foot traffic, it must be a million dollar profit!"

Luo Qiqi laughed.

"Yes, yes! That's for sure, if it weren't for my family commitments, this shop would definitely not be rented out!"

The owner-like middle-aged man chimed in from the side.

This person did not give Lin Ran a good impression, with narrow cheeks, a collapsed nose, and crucially, very ugly teeth, just like a rat, really answering the phrase, thieving eyebrows and rat eyes.

"Let's take a look first!"

Lin Ran was not in a hurry and then said, before following Luo Qiqi and Liang Shi into the shop.

The entire shop was not large, just over two hundred square metres, which was perfectly adequate for a clinic, and there was even extra space for a pharmacy.

As soon as he entered the shop, Lin Ran felt a strong aura of resentment come over him, while even the air carried a faint fishy smell.

"Why does it smell so bad!"

Luo Qiqi frowned in the same way and rushed out at the first opportunity, the smell inside was just too pungent.

“Unpleasant smell? Why don’t I feel it!”

Liang Shi said beside again, as the boss of the place he must have said so.

“You go get two masks first, the smell is so strong we definitely can’t get in!”

Lin Ran said.

Liang Shi was a bit reluctant, seeing this, Luo Qiqi spoke up.

“Are you going or not, if not we won’t rent this house!”

“Yes! I’ll go, I’m going!”

Liang Shi hurriedly nodded his head and ran down after him, jokingly, this house had been empty for three years, if he didn’t rent it out again he would have to lose his life.

“There’s something wrong with this house!”

As soon as Liang Shi had gone downstairs, Lin Ran turned his head and said to Luo Qiqi.

“Problems? What problem?”

Luo Qiqi was puzzled and said.

“I don’t think there’s anything wrong with the house except that it smells bad!”

“Do you know what this place was used for before?”

Lin Ran said.

“What was it for? Is it hard for you to guess?”

Luo Qiqi was curious.

“It’s not guessing, it’s speculating, this place should have been a small hotel before!”

Lin Ran said with a clear mind.

“No way, over two hundred square feet to open a hotel? How compact that must be!”

Luo Qiqi expressed her disbelief.

Lin Ran didn’t mind and laughed.

“Just ask him when he comes back later!”

As he spoke, Liang Shi had already bought two masks and returned, which Lin Ran and Luo Qiqi put on separately, before entering the shop again.

“Boss Liang, what did you do in your shop before?”

As soon as he entered the shop, Lin Ran asked.

Boss Liang frowned slightly and hesitated for a moment before he smiled and said.

“To tell you the truth, this place was a hotel before, but then it was demolished because of the strict control!”

Lin Ran nodded at his words, and Luo Qiqi, who was on the side, also came over in surprise before asking in a low voice.

“How do you know that!”

“You’ll find out later!”

Lin Ran bought a shut up before looking at Liang Shi and said.

“Boss Liang, with all due respect to your house here, the foul Qi and grievances are too heavy, I’m afraid that if we open a clinic here, we won’t be able to cure people and they’ll die, we can’t rent this house!”

“What the hell?”

Liang Shi smiled and said with a sullen face.

“Little brother, let’s buy and sell, it’s fine if you don’t rent my house, but it’s your fault for saying that, I’ll have to rent this house in the future!”

“There’s nothing wrong with that, I’m just telling the truth!”

Lin Ran’s expression was bland, and Luo Qiqi, who was at the side, saw Liang Shi’s ugly face and hurried to persuade him.

“Forget it, since we’re not renting it, we’ll look at another place!”

He said and was about to pull Lin Ran away.

“Stop!”

Liang Shi dared not, and directly closed the door of the room with a “snap”, before looking at Lin Ran with an unkind face and saying.

“Kid, you can not rent the house, but to ruin the reputation of this house of mine, today you must draw a path for Laozi, or else I will make you not be able to walk out of this street.”

Lin Ran saw this and revealed a bland smile and said.

“I wonder what kind of dao boss Liang wants!”

“Don’t give me all these falsehoods, if you say that there is something wrong with my house, then show me the evidence, or else I’ll get you killed today!”

Liang Shi said with a roll up of his sleeves, revealing the tattoo on his arm, as if to imply something. ,

“Haha!”

Lin Ran couldn’t help but laugh as he looked at Liang Shi before saying.

“Fine, since you want to know, then I’ll tell you!”

Said Lin Ran, raising his hand and pointing at the floor of the room, before his voice faintly said.

“In the past, I’m afraid that this place was not just a simple hotel, but a hotel that was specially prepared for abortions, am I right?”

“What?”

Luo Qiqi was dumbfounded at his words, a hotel specially prepared for abortions, wouldn’t that be a murder hotel.

Hearing Lin Ran's words, Liang Shi's entire face instantly changed, he looked at Lin Ran with a gloomy face and said.

"What are you talking about, this is just an ordinary hotel!"

"Is that so?"

Lin Ran wore a cold smile and then said.

"Why are you nervous about an ordinary hotel? And don't think I don't know that at least three people have died in this shop before!"

"That's nonsense!"

Liang Shi's face was gloomy as he looked at Lin Ran not knowing what he was thinking.

"Boss Liang, I hope you answer me truthfully, I found this house through an agent, if it's really like my friend said, you're committing fraud!"

Luo Qiqi solemnly said, when he was looking at the house at the agent before, there was no such thing as a dead person.

"Fraud? I don't know my own house? This house is fine at all!"

Liang Shi's mouth hardened to.

Lin Ran could not help but reveal a cold smile when he saw this, and at the same time, with a wave of his hand, an insidious wind swept out, and the temperature of the entire room suddenly dropped several degrees.

“How .... What’s going on!”

The sudden Yin wind made Liang Shi feel a tremble, he used to be from a gangster background and thought he was not afraid of the sky and the earth, but he was as scared as ordinary people of this kind of nebulous and unpredictable things.

“There’s a reason for injustice, and you’ve heard of ghosts demanding life!”

Lin Ran laughed indifferently, but the gaze he looked at Liang Shi was sinister, giving him a momentary illusion that the Lin Ran in front of him was as if he was an evil ghost.

“You .... Don’t be ridiculous, how can there be a ghost in broad daylight!”

Liang Shi’s voice trembled a little, and there was an uncontrollable fear on his face.

Luo Qiqi on the side is heartless and like a person who is fine, looking at Liang Shi and laughing.

“I didn’t expect such a big man to still be afraid of ghosts, it’s really going to kill me laughing!”

“You!”

Liang Shi's face was ugly, being ridiculed by a woman, this was really the first time.

“Cut the crap, will you rent the house or not, if not, get lost!”

Liang Shi scolded, at this moment he didn't want any apology, hurrying up and leaving this hellhole was the key.

It was true that people had died in this house before, and there were more than three of them, if that wasn't the case, it wouldn't have been left unrented for three years.

But in the past, when I brought people to see the house during the day, I had never come across this kind of situation, this time it was really a case of hitting evil, it actually felt eerie in broad daylight.

“Boss Liang, I think there was a pregnant woman who died here before, she was quite good looking!”

Lin Ran suddenly looked at Liang Shi and asked.

“You fucking .....”

Liang Shi was flustered in his heart, and when he saw that Lin Ran was still in the mood to ask such a question, he couldn't help but be extremely annoyed, but before he could finish his words, his entire body froze, the blood on his face instantly disappeared, and his face became incomparably brushed white.

“You... You ..... You!”

Liang Shi stammered for half a day without uttering a single word, and Luo Qiqi at the side was just about to look over.

Only to hear Liang Shi suddenly scream out “Ah! A ghost!”

“Ghost? Where by ghosts!”

Luo Qiqi looked to the side, there was no one there, let alone a ghost.

“What’s going on?”

Luo Qiqi looked at Lin Ran.

Lin Ran waved his hand at her, gesturing for her to leave it alone for now, before walking over towards Liang Shi.

“You! Don’t you come over!”

Liang Shi looked at Lin Ran with great fear, and blood was even coming out of his eyes.

“What, are you afraid?”

Lin Ran squatted down and looked at Liang Shi here, his eyes ancient.

“You, what the hell do you want!”

Liang Shi’s face was filled with fear, gradually a puddle of water actually appeared under his butt, this guy was actually scared and pissed?

“What the hell is going on?”

On the side, Luo Qiqi looked puzzled, went around behind Liang Shi, followed his gaze and just saw Lin Ran’s face, but Lin Ran’s face was still as usual, nothing had changed!

But how could she know that the scene Liang Shi was seeing at this moment was completely different from hers ?

What Liang Shi saw at this moment was clearly a woman's miserable white face, with blood still on it, simply like a hanging ghost.

“Say! What exactly happened back then!”

Lin Ran's face was cold, and his words were even lowered to a very low level, so low that even Luo Qiqi didn't hear him clearly.

“When .... What happened back then, I... I don't know!”

Liang Shi said with a face full of fear.

“Still not admitting it?”

Lin Ran shook his head slightly, and then his eyes flashed, and Liang Shi immediately saw that the woman's miserable white face was pasted towards him, the speed was practically instantaneous.

To come face to face with a female ghost in close proximity, not to mention an adult, I'm afraid that even a Feng Shui master might not be able to withstand it.

“Tell me or not!”

Lin Ran's voice rang out again, and Liang Shi finally conceded this time, his eyes tightly closed in fright, and he was too busy saying.

“I'll say it! I'll say it all, it really wasn't my business back then, I was still a minion back then, it was the boss who ordered me to do it!”

“Get down to business!”

Lin Ran scolded.

“Yes... Yes.”

Liang Shi was so frightened that he hurriedly said.

“Back then that pregnant woman had an abortion here and died of haemorrhaging, she was still a college student, then this place started to be haunted, originally we thought it was fine, so we didn’t care, then several female college students were hanged one after another, the haunting became more and more powerful, and only then did we finally have to close down!”

“Why did those college students have abortions here!”

Lin Ran rebuked, abortion could only be done in hospitals, this kind of place was simply risking their lives.

“Those female university students are all underwritten by others, how dare they go to the hospital!”

Liang Shi said.

Lin Ran smiled with great anger in his heart, at the age of a flower, but doing such things, he really didn’t know whether to feel sorry for them, or sad.

“You guys! You guys are simply animals, you actually do such things!”

On the side, Luo Qiqi had already been so angry that her teeth were bared, although she didn’t know what had happened to make this Liang Shi actually tell the truth about what happened back then, but now all these were no longer important, what mattered was that what happened back then was simply outrageous.

“All right!”

Lin Ran got up and looked at Luo Qiqi who was at the side.

“Let’s go!”

“Go? Just let this bastard go?”

Luo Qiqi was in the midst of her anger, and when she saw that Lin Ran actually wanted to leave, she was a little puzzled.

“How can we let it go, this kind of person will get what he deserves!”

Lin Ran laughed lightly, while taking out the phone in his hand and waving it at Luo Qiqi.

“You!”

Luo Qiqi suddenly dawned on him, so this guy had actually turned on the recording before, no wonder he was so ready at this moment.

“You! Bastard!”

Liang Shi also regained his wakefulness at this time, seeing that Lin Ran had actually recorded the audio, his heart had already cooled halfway, the matter back then was already an unsolved case in the bureau, if he took this recording over, I’m afraid that he would have to spend the rest of his life in the police station!

Thinking of this, Liang Shi was so vicious in his heart that he rushed straight to the door and locked it.

“What are you doing!”

Luo Qiqi was shocked in her heart, locking the door, obviously she was not going to let the two of them go.

Liang Shi turned around, his face extremely fierce as he looked at the two men, his voice hoarse.

“Want me to go to jail, no way! If you bomb Laozi today, then none of you two will be able to leave!”

Saying that, Liang Shi directly took out his mobile phone, and called it.

“Hey! Immediately come over here, bring your guys with you, after the job is done, I’ll treat you to a big health care at night!”

The phone quickly hung up, Liang Shi looked at the two people with cold severity in his eyes, obviously this kind of killing and extermination, he has not done a lot of things before.

“Now what!”

He was aware of Lin Ran’s methods, but after all, it was just a small fight, but this Liang Shi was a hobbler, he might really die!

Lin Ran’s expression remained bland as he patted Luo Qiqi’s head and laughed.

“Don’t worry, the sky will fall on a tall one, he can’t eat us up.”

“Eaten? Laozi is not interested in you!”

On the side, Liang Shi very calmly moved a chair to sit down, and then looked at Luo Qiqi, with greed in his eyes.

“But to this one beside you, that’s different, so young and pretty, the taste must be very good, you have to enjoy it tonight!”

“How dare you!”

Luo Qiqi was so angry that she gritted her teeth, this bastard in front of her was over forty years old and he still dared to have thoughts about himself, it was simply abominable.

“What’s so daring about it, when I’ve had enough tonight, I’ll let my men enjoy it one by one, so get ready for it! Haha!”

Liang Shi laughed.

Lin Ran had no intention of talking nonsense to this trash, when he heard this, his eyes couldn’t help but be cold, there were a lot of broken stones on the ground, so he immediately kicked out.

A “whoosh” sound was heard, followed by the sound of Liang Shi falling down in the distance, wailing in pain.

“Who! Who the hell did that!”

Liang Shi shouted angrily as he climbed to his feet.

Lin Ran gave him a look before touching the ring on his finger with his hand, then laughed in a low voice.

“Go tease him!”

“Mmm!”

Chen Shui'er's voice rang out, followed by a wisp of green smoke flying out and quickly floating towards Liang Shi.

Luo Qiqi didn't know about Chen Shui'er, and with Lin Ran instructing Chen Shui'er not to let Luo Qiqi find out, this ninny didn't even know that there was another female ghost here until now.

“When the fucking old man comes later, let's see if I don't have a good ..... time.”

Liang Shi was still shouting aside when his voice suddenly came to an abrupt halt, followed by the shouts of a ghost crying out.

“Ghost! Ah! There are ghosts!”

Luo Qiqi looked puzzled, having no idea what the hell was happening to this guy.

Soon, the sound of footsteps came from the stairway, and Lin Ran beckoned Chen Shui'er to come back, then looked over.

At the entrance of the staircase, seven or eight youths dressed in black leather clothes poured in in one stream, each of them with a steel pipe in their hands, aggressive, obviously doing this kind of thing often.

Seeing these people, Liang Shi was immediately relieved and got up from the ground, his face still a little pale.

“Brother Liang, how are you?”

The leather-clad youth at the head of the group hurriedly came over and saw that Liang Shi was not in a serious condition, so his hanging heart dropped.

“Pi-zi! If you had come a little later, you wouldn’t have seen me anymore!”

Liang Shi said with a bitter face, he really didn’t want to experience what happened just now a second time, the female ghost was simply too seeping.

“Brother Liang, are you kidding, just the two of them? In the past, you would have just scrapped the man and robbed the woman!”

Pi was very surprised, in the past, Brother Liang was also a gangster, how come he was now scared by two guys, one male and one female.

“You know shit, I was scared by a female ghost!”

Liang Shi said with a grimace.

“What? A female ghost scared me! Brother Liang, let’s not joke, how can there be female ghosts who are good at this?”

Pi Zi said in surprise.

Liang Shi was furious and slapped Pi Zi, and then cursed.

“You’ve got pig feathers in your fucking ears. I mean there’s a female ghost here, you’re the one who’s fucking with her!”

“Uh ....”

Skin looked embarrassed and said hastily.

“Heard wrong, heard wrong!”

“Cut the fucking crap, hurry up and get rid of this kid and kidnap the girl for me, let’s all have fun tonight!”

Liang Shi urged, Pi Zi immediately came to life, and even a few other youngsters were looking at Luo Qiqi with glowing eyes at the moment.

Today, Luo Qiqi was wearing a short floral skirt and a yellow top, and she looked like a lark, cute and playful at the same time.

Pi Zi couldn’t help but gulp as he watched, and then said.

“If you don’t do it quickly, I’ll be the first one to do it, and you’ll have nothing to do at night!”

“Do it! Do it!”

“Don’t rob me!”

Each and every one of them was like a weasel who saw a hen and pounced towards Luo Qiqi, no one bothered about Lin Ran for a while.

“Fuck, there’s another one over there!”

Liang Shi saw the situation and cursed, but Pi Zi and the others were not moved at all, only to hear Pi Zi say

“Brother Liang, don’t be in a hurry, I can destroy that kid with one finger, let’s tie up this flower girl first!”

“That’s right, Brother Liang, don’t rush!”

There were also junior brothers chiming in on the side.

Lin Ran felt amused and shook his head helplessly, since the others weren't interested in him, he would have to take the initiative himself.

As Pi Zi and the others were about to rush to Luo Qiqi's side, Lin Ran pulled the latter behind him and used himself to block Pi Zi and the others.

“Kid! Get lost if you're sensible, or you'll beat your own father to death later!”

Pi Zi chided, at this moment his interest was all on Luo Qiqi and he didn't want to waste time on Lin Ran at all.

“O? Is that so? Then you come and try!”

Lin Ran laughed blandly.

“Aiya! You're pretty fucking arrogant!”

Seeing this, Pi Zi was instantly enraged and said with a wave of his hand.

“Brothers, kill him for me! Let's have some fun with this chick tonight!”

|

“Yes!”

“I'm coming for the chick!”

The men were so excited to hear this that they picked up their weapons and rushed towards Lin Ran.

He was really frightened by the female ghost just now, but now that there were so many people here, his heart dropped.

But just as his heart dropped, there was a loud bang in the distance, followed by a black shadow falling from the sky and smashing towards him.

“What the hell is this ....?”

Liang Shi exclaimed, but before he could finish his sentence, the black shadow had already smashed on him, only to hear a “bang”, the chair directly shattered into crumbs, and Liang Shi was even pinned to the ground by the black shadow, if not for the cushioning of the chair, I’m afraid his bones would have broken a few.

“Brother Liang, you’re not being decent!”

Pi Zi said breathlessly.

“You’re not fair, get up, you’re fucking killing me!”

Liang Shi shouted.

Pi Zi rolled over on the ground and got off Liang Shi, while breathlessly saying.

“This kid is simply not human, you’ll have to pay the brothers extra for this job!”

“Raise the money, damn you, hurry up and kill him for me, not to mention the money, I’ll let you guys have a good time tonight, hurry up!”

Liang Shi urged, the severe pain in his body made his voice a bit distorted.

“Good!”

Pi nodded his head in agreement and was ready to get up at once.

But just as he did, he heard a series of “whoosh, whoosh, whoosh” sounds in the air, and then the two of them were completely dumbfounded.

In mid-air, a black shadow smashed towards them as if it was raining.

“Get out of the way!”

Pi Zi hurriedly warned, but it was already too late.

Six or seven black shadows smashed towards the two of them as if they were bombing.

Then all that could be heard was the screams of Pi Zi and Liang Shi.

“Ah!”

“Holy crap!”

“My leg!”

“Who the fuck is that! Smashed Laozi’s thigh!”

Inside the shop, dust filled the sky, each figure fell to the ground, wailing, and Liang Shi’s face was even pale.

Seven or eight people, but they couldn’t beat one person, what kind of monster did they meet?
