

Wonder Doctor Read Online Chapter 161

“Any more means?”

Lin Ran asked with a smile as he came to crouch down next to Liang Shi.

“Nope... No!”

Liang Shi said in fear, at this moment, Lin Ran was simply not a human being in his eyes, how could he dare to offend.

“Hmm! No is good!”

Lin Ran smiled and nodded, taking the key from Liang Shi’s hand, before getting up and taking Luo Qiqi with him and preparing to leave.

But at this moment, Liang Shi’s mobile phone suddenly rang.

When Liang Shi took out his mobile phone and took a look, he laughed and hurriedly chided.

“Stop right there, aren’t you crazy? If you have the guts to wait for a minute, I don’t believe that no one can cure you today!”

Liang Shi said as he picked up the phone, his attitude immediately becoming respectful.

“Hello! Brother Long!”

“What should we do? Let’s hurry up and go!”

Luo Qiqi said worriedly beside her again, this Liang Shi suddenly changed his attitude drastically, it was obvious that something was going to happen again.

“No need, these people are all outlaws, if we can catch one more going, society will have more stability!”

Lin Ran said with a smile.

No one could stop him from leaving at all if he wanted to, and the reason he didn't go before was because Liang Shi's crimes made him angry and he wanted to get rid of them all together.

As the two of them spoke, Liang Shi had already hung up the phone, and now had a smug smile on his face as he looked towards the two of them, Lin Ran.

“Kid, aren't you wild! I'll show you today what it means to have people outside of you, and when my Brother Long arrives later, I'll see if you still dare to be arrogant!”

“Brother Long?”

Lin Ran smiled, it seemed like he had heard this name somewhere, it always sounded familiar.

“What? You've heard of Brother Long's name too?”

Liang Shi's face showed smugness as he whirled around and said.

“Since you know the name of Brother Long, I'll tell you, Brother Long is my brother, if you have offended me today, unless you kneel down and

apologize to me and leave me your mobile phone, then hey! I'll let you watch it live later!"

"What live broadcast?"

Luo Qiqi said in surprise.

Liang Shi sniffed and licked his lips, smiling lewdly.

"Of course it's a live broadcast with you!"

"Fuck off! You're a scum!"

Luo Qiqi was so angry that she gritted her teeth.

The faint smile on Lin Ran's face disappeared in an instant, followed by the movement of his figure, a black shadow already rushing towards Liang Shi's chest and smashing it.

The next thing he heard was a "bang", and Liang Shi hit the wall directly behind him, and his whole body was embedded in it.

"You"

This time even Luo Qiqi looked stunned, the person actually embedded in the wall, then there is still alive?

"Don't worry, that's just the plaster hitting the wall!"

Lin Ran said indifferently, and only then did Luo Qiqi breathe a sigh of relief.

"I was scared to death, what would I have done if you had really killed someone!"

Luo Qiqi said afterwards in fear.

“.....”

Lin Ran was speechless for a while, how could he say this as if the two of them were already tied together.

“You You’re mean enough! Wait for me!”

On the wall, Liang Shi’s voice was low, it wasn’t that he didn’t want to speak properly, but at this moment, the severe pain all over his body was like a ten thousand pound boulder, pressing him down so much that there was no way for him to speak properly.

“Liang Shi!”

Suddenly, a voice came from the doorway, followed by three figures walking in, led by a young man with sharp short hair that was very conspicuous, while on either side of him were followed by two henchmen, one black and one white, with a very peculiar look.

Lin Ran recognized the leading youth at a glance, but before he could say anything, it was Liang Shi’s voice that came from behind him.

“Dragon Brother Long! Ah.”

As soon as Liang Shi’s words fell, he followed them and fell off the wall, landing solidly on the ground.

“What’s going on?”

The leader’s youth’s face sank, and then he looked around and instantly saw the two Lin Ran.

“Lin

The youth had a surprised face and was somewhat speechless.

Liang Shi had already climbed up from the ground by now, and when he saw the youth, he was so excited that he hurriedly went up and hugged the youth's thigh, crying out.

“Brother Long, you have to do it for me, not only did this kid beat me up like this today, he's going to the police to arrest me!”

With a snotty nose and a handful of tears, Liang Shi said as he finished, not forgetting to sob a few times.

“Brother Long, I'm the most loyal little brother under you, you have to do it for me this time!”

“Get lost!”

Brother Long didn't even care about him at this moment, he kicked Liang Shi aside, and then looked at Lin Ran and said excitedly.

“Little brother Lin Ran, I didn't expect to run into you here!”

“Yes! It's quite a coincidence!”

Lin Ran likewise laughed, the youth in front of him was none other than Liu Wenlong, who lived across from them when he was still living in a rented house, and his sister was none other than Liu Wenjuan.

“Lin Brother Lin Ran?”

Liang Shi heard his heart wow, he never dreamed that the Dragon he had found, actually knew Lin Ran.

“I heard my sister say that you left Temperance Hospital, I didn’t expect it to be a coincidence!”

Liu Wenlong said with a smile.

Lin Ran returned the smile and said.

“Yeah, but I didn’t expect that you and this Liang Shi knew each other too!”

“What acquaintance, this guy was in trouble a few years ago, his friend approached me and spent some money to get him out, I didn’t expect that he would be in your hands again today!”

Liu Wenlong laughed, then the words turned and asked.

“I wonder what Brother Lin Ran is going to do with him?”

“Send him in!”

Lin Ran laughed lightly.

Liu Wenlong nodded at his words and didn’t say much, although Liang Shi was his subordinate, Lin Ran was the more important one to him, and he still had to give this point of face.

“You don’t have to feel embarrassed, he I have to send in, but there are some things you’d better know!”

Lin Ran said, while playing out the previous recording, hearing Liu Wenlong's face instantly sink.

“Dragon... Brother Long, that was him blowing me up, it's not real!”

Liang Shi hurriedly explained, he followed Liu Wenlong for these two years, where he did not know his person, although Liu Wenlong was not a good person, but also not an evil person, as long as it was something illegal and disorderly, he basically did not do, only relying on a hand to make a name for himself, otherwise a head like him would have been in the bureau long ago.

“Not really can blow out?”

Liu Wenlong wasn't stupid either, and a rhetorical question directly rendered Liang Shi speechless.

“If you do your own sins, you have to pay for them yourself, you can go in without worry, I will have your family taken care of!”

Liu Wenlong said.

Liang Shi was completely dumbfounded, he sat down on his butt, his face was ashen, looking at Lin Ran in front of him, his heart regretted to the extreme, what had he gotten himself into today, and the female ghost, how come she had disappeared after saying she was gone.

Naturally no one had an answer for Liang Shi on these matters, Lin Ran and Luo Qiqi and Liu Wenlong left the shop in less than two minutes before the police station arrived, Lin Ran passed the recording on a random mobile phone and threw it on the spot, believing that everything would be understood when the police found it.

“Brother Lin Ran, you’re looking for a shop?”

On the street, Liu Wenlong asked Lin Ran.

“Well, I’m going to open a clinic, and as you know I left my job, I always need a job!”

Lin Ran laughed.

“Just in time, I know a place that’s very good, it also ran a clinic before, but I don’t know why it suddenly quit, do you want to go and have a look?”

Liu Wenlong laughed, Lin Ran’s ability convinced him, he would help out if he could, maybe all these favours could be a life-saver for him later.

“Sure!”

Lin Ran smiled and nodded, this was also something that was more of a headache for him, it would be good to solve it as soon as possible.

Wonder Doctor Read Online Chapter 162

According to the address provided by Liu Wenlong, the shop is located under a residential building and belongs to a shop along the street, with only two floors, while this one to be rented is the whole of the first and first floors, adding up to an area of four hundred square feet, although each floor is only one or two hundred square feet.

“Such a structure is good, when the time comes, the ground floor will be used to open a clinic, and the first floor can also be converted into a rest area.”

On the way, Luo Qiqi also felt good.

“I’m afraid this shop is also a quick hot potato!”

Lin Ran held a different opinion.

“Why?”

Luo Qiqi didn’t understand.

Lin Ran explained.

“You forgot what he said before, this place used to be a clinic too, and then suddenly it quit, there should be something wrong with this place!”

“Not so much!”

Luo Qiqi said with some disbelief.

“Could it be caused by bad business!”

Lin Ran said with a faint smile.

“It’s not clear yet, we’ll know when we get there!”

.....

The place wasn’t too far away, Lin Ran and the two of them drove quickly to the downstairs of the district, and then found the facade.

The facade was still being torn down, and many of the medical appliances inside had been removed, except for the walls which had not been cleaned.

Lin Ran was greeted by the owner of the storefront, a middle-aged man in his early forties named Mu Tong, who was very enthusiastic when he saw Lin Ran and the two of them and hurriedly came forward to say.

“You want to rent a house, right? You’ve all seen my storefront here, both the layout and the location are very good, how about it?”

“Boss, you’re in too much of a hurry, we’ve only just arrived, won’t you tell us about your house?”

Luo Qiqi laughed beside her again, as the pearl of the Luo family, although she basically didn’t care about the family’s affairs on a regular basis, this cleverness was innate.

“Haha, good!”

Mu Tong laughed, and then pointed to the situation around him and said with a sigh.

“To tell the truth, this shop in ah, before and after has changed several people to rent, the rent is honestly getting cheaper and cheaper, some people say I have bad feng shui in this shop, open for business here, basically no profit!”

“So you’re still renting it to us?”

Lin Ran asked with a smile.

Mu Tong saw this and scratched his head and laughed, before saying.

“I definitely still want to rent it, but I also have to give you a clear explanation of this situation, so that there won’t be too many chicken and egg things in the future!”

Lin Ran nodded at his words, this Mu Tong’s approach was quite real, at least he didn’t fool people.

“By the way, this was also a clinic I heard before, why did you quit?”

Lin Ran suddenly asked.

Mu Tong sighed at his words and said.

“I’m not sure exactly, after all, it’s someone’s tenant’s business, but I heard that it seems to be because of the treatment, and it’s said that nine out of ten people who come here for treatment will repeat it!”

“This is a residential area, mostly old people and children, think about how to treat the sick repeatedly every day, over time it will not be able to continue!”

Lin Ran nodded at his words, and then asked.

“By the way, how is the atmosphere in this neighborhood?”

“The atmosphere?”

Mu Tong sniffed and pondered for a moment before saying.

“It used to be quite good, but recently, I don’t know what taboo has been broken, the wind in the neighborhood is very strong at night, and there are people who see ghostly shadows flickering, but I haven’t heard of any casualties!”

“Hmm!”

Lin Ran nodded at his words, and then said.

“OK, then let’s talk about the rent!”

“Wait!”

As soon as Lin Ran’s words left his mouth, Luo Qiqi was the one who stopped him by the side again and asked in a low voice.

“How does this boss say it feels like the surrounding neighborhood is haunted, this house you are renting?”

“Nothing!”

Lin Ran laughed, seeing that Luo Qiqi was still unsure, he only had to explain.

“It’s very common for residential areas to be haunted by such things!”

“What?”

Luo Qiqi was instantly confused.

“Think it’s strange?”

Lin Ran smiled and continued.

“Residential areas, because of their large population, are also the most vibrant places, and generally lonely ghosts like these kinds of places!”

“No way, didn’t they say on TV that ghosts live in very isolated places!”

Luo Qiqi didn't believe it, so Lin Ran just had to continue explaining.

“Ghosts are actually another form of human life, and there is no shortage of remote places within such gatherings, such as dark areas in buildings, or places like ventilation ducts, these are all very common!”

Luo Qiqi couldn't understand at all, and when she saw Lin Ran speaking with conviction, she had to compromise.

“Fine, whatever you think is fine, but this place must be guaranteed not to be haunted when you turn around, otherwise I wouldn't dare to come.”

“Don't worry!”

Lin Ran laughed.

Just as he was about to talk to Mu Tong about cooperation, a voice suddenly came from outside.

“Boss Mu house I've rented!”

As the voice fell, two people walked in at the door, and when Lin Ran looked, he couldn't help but be stunned, one of the two people who came in was actually someone he knew and had seen not worth a single time.

“What a coincidence!”

Lin Ran smiled and spoke, the person he knew was no other than Odd Eyespeak.

“Why it's you!”

Seeing Lin Ran Qimu Language was also taken aback, but he quickly regained his composure and turned around and said in a superior posture.

“Running into each other again, it seems you and I have a destiny, but you’re not a good person, so it’s better to get less close to the old man!”

Lin Ran looked like he wanted to laugh, and was very surprised when he carefully looked at the clothes on Qi Muyu’s body and found that they were actually Daoist clothes.

“Master Qi, you know each other?”

The middle-aged man who had come with Qi Muyu on the side spoke up, his name was Tong Qi, he was a resident of the neighbourhood, his family had a slight family fortune and he liked to make investments, this time he came to rent a room because he wanted to buy it back and invest in a shop.

“I’ve met him a few times, but this man is very treacherous, so Boss Tong should be careful and wary!”

Chimese said in a low voice.

Tong Qi nodded at his words, he and Qimei Language met by chance once, this guy claimed to be a feng shui master, last time he showed his skills he was very convinced, so this time he came to rent a house, that’s why he asked for help to open his eyes.

“This Peon and Master Qi know each other and are considered friends of mine, Tong, but we have things to do, so I won’t bother you!”

Tong Qi said with a smile, and then prepared to go and talk to Mu Tong about renting the house.

“Wait a minute!”

Suddenly, Lin Ran spoke up.

“What? A friend still has something to do?”

Tong Qi turned around and asked with a wary face, having the reminder of the odd eye words just now, he couldn't help but be a little more wary of Lin Ran.

“Nothing major, you're so wary of me, I think it should be because this Master Qi beside you said something!”

Lin Ran laughed.

“What does it have to do with you?”

Tong Qi's face sank, this guy could guess this, he did seem to be someone with a deep heart.

“It's true that it doesn't have anything to do with me, but there are some things you'd better listen to!”

Lin Ran laughed.

“What is it?”

Tong Qi looked at Lin Ran suspiciously, unsure of what he would say.

On the side, Luo Qiqi also came over, she knew of Qimu Language, having met him at her grandfather's rehabilitation dinner back then, but was surprised when this guy had become a Feng Shui master too.

“How come you can see it too?”

Lin Ran asked at this.

Luo Qiqi nodded and Lin Ran laughed.

“Then you speak!”

“Good!”

Luo Qiqi responded, then looked at Tong Qi and said.

“This Mr. Qimu Language beside you, three months ago, was a follower of a rich family’s son, and now he has transformed into a feng shui master, this is something I hope you’d better pay more attention to, so you don’t get cheated without even knowing it!”

Wonder Doctor Read Online Chapter 163

“Hm?”

Tong Qi turned to look at Qi Muyu, who looked a little unnatural and hurriedly said.

“Ignorant little child, the old man possesses the supreme art of feng shui, do I have to show it even on a regular basis?”

Said Qimei Language looking at Tong Qi and said blandly.

“How strong I really am haven’t you seen it all last time, can’t you still not trust the old man?”

“Good! In that case, I’ll take my leave!”

He said, “I’m going to turn around and leave, as if he was angry.”

“Hey, hey! Don’t ah Master Qi, how can I not trust you, you yourself said that this kid is very cunning, how can I trust him!”

Tong Qi hurriedly persuaded, seeing that Qi MUYI still didn’t believe him, he hurriedly turned to look at Lin Ran and said disdainfully.

“Kid, your name is Lin Ran isn’t it, you don’t learn at a young age, and you learn to sow discord, it really makes me feel sad for you!”

“You!”

Luo Qiqi was furious at his words and retorted.

“Are you stupid? You don’t appreciate the kindness of others, but you even deserve to be cheated!”

“That’s my business, it’s none of your business!”

Tong Qi didn’t care, in his eyes, Qimu was a Taoist master, and these two youngsters in front of him were the liars.

“Forget it, good words can’t persuade a ghost who wants to die, so why care!”

Lin Ran laughed lightly, patting Luo Qiqi and ignoring the two.

Seeing this, Qimu Language revealed a smile, and while Tong Qi wasn’t looking, he looked at Lin Ran and said in lip-sync.

“How’s the kid? Why aren’t you mad anymore, you’re still a bit young to fight with old me!”

Lin Ran smiled blandly, not bothering to pay him any mind, and greeted Luo Qiqi as she came to the side to rest.

“What now?”

Luo Qiqi was a bit depressed, the place she was looking for before was not suitable, and she could not easily find a place that moved Lin Ran, only to run into these two guys again.

“Don’t be in a hurry, wait and see first!”

Lin Ran said calmly.

“What else are you waiting for?”

Luo Qiqi wondered.

“The price!”

Lin Ran said.

“Price? He’s strong enough to match you?”

Luo Qiqi gave him a blank look, she had heard her own brother Luo Cheng talk about the time Lin Ran was at the Wandering Mercantile, and knew that this guy was worth over a billion dollars, taking down a shop was not a matter of moving his fingers.

“It has nothing to do with strength, if the rent exceeds the value of the shop itself, then it would be more than worth it!”

Lin Ran laughed.

“So rich and still so frugal, really back to living life!”

Luo Qiqi laughed.

Lin Ran also laughed awkwardly, it wasn't a matter of whether he had money or not, but that deep down he didn't see himself as a rich man, otherwise he wouldn't still be dressed in such rags even now.

While the two were chatting, not far away, Tong Qi had already negotiated the price with Mu Tong.

“Boss Tong, you know this shop, we are also considered neighbours, I will not interrupt with you, 200,000 yuan a year rent, you think it is suitable to take it!”

Mu Tong said directly, the shop's reputation was not good he knew, so the price offered was not high.

“Two hundred thousand? Boss Mu, this price of yours would have been acceptable to me if it was a year ago, but now”

Tong Qi looked like he was in a difficult position.

“What? This price is too expensive for you! Then there is no need to negotiate!”

Mu Tong said directly, in order to rent out as soon as possible, this is already the lowest price he can accept, to know the same in a residential building, other shops can be 400,000, even 500,000 a year rent, this 200,000 is like picking up for nothing.

“Boss Mu, listen to me first, when I finish, we will talk about the price!”

Tong Qi suddenly said.

“Fine, you say it!”

Mu Tong was also dry.

Seeing this, Tong Qi smiled, and then looked like Qi Muyu, who was on the side.

“This is Master Qi, he is very proficient in Feng Shui. If you listen to his analysis of the layout of your shop, you won’t think that 200,000 is cheap!”

“Really? Then I want to see what this Master Qi is capable of!”

Mu Tong’s face looked that way, he didn’t need to think about it, he knew that this Master Qi would definitely want to belittle the feng shui pattern of his shop later.

“Cough cough!”

Qi Muyu coughed dryly twice, and with great dignity, he straightened the Daoist robe on his body, and then looked at Mu Tong and laughed.

“Boss Mu, before looking at the feng shui of the shop, let me ask you a question, dare I ask if you have ever worked as a chef before!”

“Hmm? How do you know!”

Mu Tong’s face changed, he had indeed worked as a chef before, and it was only after his father had given him all the properties that he was transformed into an investment family.

But he hadn’t been a chef for very long before that, so few people knew about this experience of his.

“It’s not hard to see that!”

Chimene said in a pretentious gesture, then pointed to the wound on Mu Tong’s hand and laughed.

“Boss Mu has very tomorrow knife wounds and wear marks on his hands, which have faded but can still be seen, and secondly, Boss Tong’s hands are very white and only his hands have such marks, so I conclude that he has worked as a chef!”

“Good, I have worked as a chef, but this has nothing halfway to do with my shop, 200,000 minimum price, rent it if you want, or pull it out!”

Mu Tong said categorically, so many years of investment, he has seen what kind of people, this kind of tricks he has long been immune.

“Mr. Mu, don’t be in a hurry, after reading your palm, let’s talk about the shop!”

He turned around with a smile and pointed to the middle of the shop and said.

“Your shop is divided into two floors, just now I saw downstairs, and the layout is similar to the above, and in the middle of your shop, there is a big beam, this beam is the reason why your shop is not worth so much money!”

“Then you tell me why!”

Mu Tong said with a stern face.

Kee Mew language laughed at this, and then said.

“The shop is square for the foundation, long for the shape, a horizontal beam hanging in mid-air, a typical guillotine feng shui bureau, no matter what it does, it must be halfway, and where can it last!”

“Speak humanly!”

Mu Tong said, dissatisfied.

“So much nonsense, and I don’t understand!”

Kee Mew language ate a defeat, his face was a little ugly, but still said.

“To put it bluntly, there is something wrong with the feng shui pattern of your shop, and if one does not know how to do it, nothing can be done here, so the price of your shop is not worth two hundred thousand dollars!”

“Is that so? If it’s bad feng shui, then I’ll just get a feng shui master to change the feng shui, and I can still rent it out. Why do I need to rent it to you for 200,000 yuan?”

Mu Tong sneered.

Kimeko was dumbfounded at his words, yes, why hadn’t he thought of this matter!

Seeing this, Tong Qi at the side quit and hurriedly stepped forward and said.

“Even if you find a feng shui master to change the feng shui, people won’t know about it, they will still think that your shop is no good.

“Why don’t you rent the shop to me, I’ll ask Master Qi to help me change the feng shui and return it to you when the lease is up, you can also rent it at a higher price!”

Tong Qi’s rhetoric made Mu Tong hesitate slightly, and after careful thought, this was indeed the best solution for now.

“That’s fine, but the rent is not a penny less!”

Mu Tong insisted.

On the side, Qimu Language could not help but be angry at what he said, after half a day of saying not a penny less, this was too much to say, just when he was about to open his mouth to continue, a voice was ringing out next to him.

“Boss Mu, this shop I offer 300,000 a year!”

Wonder Doctor Read Online Chapter 164

Hearing the sound, Mu Ping and the others all looked over, and when they saw that it was Lin Ran, Mu Tong instantly smiled.

“Older brother Lin Ran, I knew you were a quick-witted person, this shop is for you!”

“Hey hey! Don’t, how can you give it to him, we’re just talking about it!”

Tong Qi saw this and hurriedly stopped him.

“Talking? You call this a negotiation? You think it’s too high for me to offer 200,000, but look at the 300,000 he offered me! I didn’t kick you out, that’s already the best I can do!”

Mu Tong said disdainfully.

Tong Qi was about to say something else, but Qi Muyu, who was on the side, stopped him and said in a low voice.

“First, don’t rush, this shop three hundred thousand absolutely loss, first wait for him to pay, we also pick a good rubbing his sharpness! As for the shop more, big deal we look for another place to see!”

“Good!”

Tong Qi nodded at his words, now he relied on Qimu Language the most, since the latter said that the shop was not worth 300,000, then naturally he would not buy it either.

For a rent of three hundred thousand, of course Mu Tong would not have any words, without saying a word he directly signed a contract with Lin Ran, and even directly paid the rent for three years.

When the formalities were completed and Lin Ran and Luo Qiqi were ready to leave, the long-waiting Qi Mu Tong finally came up and spoke with a sneer.

“Lin Ran! We are also considered old friends, but I didn’t expect you to be smart and confused for a while, this feng shui bureau of the Guillotine, you took it for 300,000 yuan a year, you’re really not afraid of losing your trousers!”

“Haha! People are stupid and have too much money!”

Tong Qi at the side also laughed and echoed.

“Who told you that this is guillotine feng shui?”

Lin Ran looked at the two men with the gaze of a fool, carrying the Xuan Yang Pharmacopoeia, he knew the feng shui pattern of this place best.

“A beam hanging in mid-air, a typical guillotine feng shui pattern, it doesn't matter if you don't know feng shui, don't disobey the old man!”

He said proudly, and Tong Qi interjected at the same time.

“Right, if you don't know, you have to learn more. How about if you sublet this score to me for 150,000 a year, you'll at least get back 150,000 in capital?”

“You're not a fool, I'm afraid!”

Lin Ran looked at the two men and laughed.

“You!”

Tong Qi's face sank as he became a little angry.

Lin Ran also ignored him, turned his head to look at Qimu Language and laughed.

“A beam hanging in mid-air is Guillotine Feng Shui? Then let me ask you, if you carry one head on two shoulders, is that also called Guillotine Feng Shui?”

“You!”

This time, even Qimu's face turned ugly.

Lin Ran looked at the two men and laughed disdainfully.

“Long shapes, crossbeams embedded, used well is the best feng shui for gathering wealth and treasure basin, used badly, it is also merely a bureau of breaking empty and fatal qi, also guillotines, if guillotines, you two still have lives to talk here?”

“Don’t talk nonsense if you don’t understand, it will only expose your ignorance!”

Lin Ran’s words rendered Qimanyu speechless, and even Tong Qi, who was at the side, looked at Qimanyu in consternation, his heart beginning to pound.

“Little friend Lin Ran, what do you mean by a treasure pot of wealth? Could it be that this shop of mine is really extraordinary?”

On the side, Mu Tong asked nervously, this shop was his after all, it was better to be clear.

“That’s right, your shop is very good, otherwise I wouldn’t be able to add an extra 100,000, but your shop is temporarily in a bad feng shui position, it needs a bit of renovation!”

Lin Ran said.

Mu Tong was overjoyed at his words and laughed as he slapped his thigh.

“I knew it, little friend Lin Ran is the one who doesn’t show his face, this cooperation is painful to the heart!”

Said Mu Tong, looking coldly at Tong Qi and Qi Muyu at the side and sneering.

“I don’t want some people, not knowing how to pretend to understand, and guillotine, and still think 200,000 is expensive, typically uneducated and harmful to others!”

“You!”

Qimu Language felt his face was shameless, but in his heart he was not convinced, and immediately looked at Lin Ran and said.

“You say this is a treasure pot of gathering wealth, is that it? Old man even said it was a guillotine, anyway, there is no evidence, just say it!”

“That’s right! Do you have proof that the feng shui bureau here is a treasure pot of wealth?”

Tong Qi on the other side was equally unconvinced, in his eyes, Qimu Language was the master, how could he not even have the high feng shui attainment of a hairy boy.

“Prove it? Why should I prove it to you?”

Lin Ran spread his hands and said, looking like you were something.

“You!”

The oddly eyed language had a grim look on its face, but then it revealed a smile and said.

“You’re afraid that you wouldn’t dare to put, saying these words to deliberately provoke the relationship between us, when in fact you yourself don’t know feng shui at all!”

“I think so!”

Tong Qi echoed, this was the most likely answer, he didn’t believe that this youth in front of him could be more powerful than Qimu Language.

“O? Is that so?”

Lin Ran laughed and whirled to look at Qimei Language.

“Then dare I ask Master Qi if he has ever seen a ghost during the day?”

“Seen a ghost during the day? You’re silly, who doesn’t know that ghosts are most afraid of sunlight and don’t dare to come out during the day!”

Qi Muyu laughed coldly, and Tong Qi, who was at the side, echoed.

“That’s right, even a layman like me knows that and still sees ghosts in the daytime, why don’t you go to heaven!”

“I would be able to!”

Lin Ran laughed indifferently.

On the side, Mu Tong, who had been listening, hurried over and said in a low voice.

“Little friend Lin Ran, I know you’re capable, but you can’t say such big words, seeing ghosts in the daytime, that’s simply that impossible!”

“Don’t worry, Boss Mu, if I say I can, I can!”

Lin Ran was still confident.

Kee-Me Language sneered disdainfully at this.

“Is that so? Come on! I’ve been studying feng shui for years, but I’ve never heard of seeing a ghost during the day!”

Lin Ran said with a smile, pointing behind Oddmouthed.

“It’s right behind you!”

“Humph!”

Odd-Mouthed snorted coldly at his words and whirled around, he didn’t believe at all that he could see ghosts in the daytime.

But the moment he turned around, his whole body froze, he saw a miserable white woman’s face pressed against his face, the blood left on the woman’s face with a fishy smell kept burrowing into Kimeji’s nose.

“Ghost... Ah!”

Qi Muyu was so frightened that he clutched his head and rushed straight to Tong Qi’s side, diving headfirst into the latter’s arms, a frequent water stain being dragged out from the ground.

“Master Qi! Master Qi!”

Tong Qi hurriedly greeted Qi Muyu, but the latter’s three souls had scattered by now, and his whole body was trembling in fear, so there was no way he could hear his cries.

Lin Ran wiped his ring and gestured for Chen Shui'er to return, then looked to the side at Tong Qi and Qi Muyu and opened his mouth to laugh.

“How's that Master Qi, you've seen it this time!”

Qi Muyu had already left Tong Qi's embrace by now, and his old face turned red as he looked at Lin Ran and angrily rebuked.

“Carved insects, don't think I don't know, this must be a blindfold you made, old man is not convinced!”

“Not convinced? Then what do you want?”

Lin Ran asked indifferently as he looked at Odd Eyespeak.

“A duel! How dare you!”

Odd-Eyed Language said arrogantly.

“Yes, but what about the stakes?”

Lin Ran asked.

“What stakes!”

The odd-eyed language was slightly stunned, and then said in a deep voice.

“Half a million! The bet is half a million!”

Lin Ran smiled but shook his head and said.

“One million, or no deal!”

“You!”

Qi Muyu’s face sank, wanting to concede, one million disliking him was practically all he had, he really didn’t want to risk his life.

However, before he could say anything, Tong Qi, who was on the side, spoke up.

“This bet, our Master Qi accepts it, one million to our Master Qi is simply a hair’s breadth, right Master Qi!”

The old man was in tears, nodding with a smile on his face, but in his heart he was already cursing Tong Qi.

“Yes, your mother, it’s still a drizzle, my entire savings is only one million and one hundred!”

Wonder Doctor Read Online Chapter 165

Although his heart was upset, Qimu had no choice but to stiffen his head and agree, and since Tong Qi had already said this, if he didn’t agree, he would really be admitting that he was not like Lin Ran.

And most crucially, there would be no way to complete his own mission.

“It’s only one million, if the mission is not completed, Master’s methods will be more terrifying than this one million!”

With a clench of his teeth, Qi Muyu immediately nodded his head and agreed.

“Good! Cool, how do you want to play, say so!”

Lin Ran said with a smile as Luo Qiqi came over to the side and reminded.

“This guy dares to bet with you beware of fraud, besides are you short of this million?”

“No shortage! But someone is willing to pay three years’ rent, why should I refuse?”

Lin Ran laughed and Luo Qiqi was completely speechless.

“Just fighting, wouldn’t you say that this is some kind of feng shui bureau that gathers wealth and treasure pots? Then I’ll turn this feng shui bureau into a guillotine, and you use your Treasure Gathering Basin, I’ll see which one of us is right!”

Chinese said in a cold voice, with a confident smile on his face.

“Yes!”

Lin Ran nodded his head in approval.

When they said they would fight, they soon came to the middle of the shop with Lin Ran, and the two of them looked at each other without speaking.

But those present could feel that the atmosphere within the entire shop had become oppressive at that moment.

“Hurry up, I’m still waiting to go home for dinner!”

Seeing that Qimu Language was hesitant to make a move, Lin Ran helplessly urged.

“Humph! Then I’ll send you home for dinner!”

Qimu Language coldly shouted, and immediately flipped out four black stone tiles in his hand and flung them towards the four sides, at once, four explosive sounds rang out, followed by four wisps of black mist floating up.

“Black Mist Tenglong, sever the head and disperse the Qi!”

With a loud shout from Qimu, the shop was suddenly filled with a gust of wind, and the four strands of black fog were like four black dragons circling up, and then converging together above their heads, at first glance, it was actually a black dragon with a severed head and no body.

“The black dragon lends itself to the power of severed head, and you still dare to say that this is not a severed head!”

Qi Muyu’s face was smug, and his hand fully illustrated that the situation here was a severed head feng shui bureau.

“Master Qi is good!”

On the side, Tong Qi saw this and cheered repeatedly, as if it was he himself who had made this move.

“Shut up! Don’t be annoyed!”

Luo Qiqi frowned and drank, she didn’t believe Lin Ran would lose.

“Kid, it’s your turn! If you can’t defeat my Black Dragon Head Severance, you’ll lose!”

“There’s no need to block at all!”

Lin Ran smiled lightly as he slowly walked towards the direction where the black dragon was.

“You!”

This black dragon was created with the help of the severed head feng shui bureau, and the fatal Qi in it was so dense that an ordinary person, let alone getting close to it, would be sick and waterlogged if he was even a little bit infected by the black Qi, and would be killed on the spot if he was serious, but Lin Ran actually dared to approach it directly.

“You don’t want to die!”

The strange eye language chided in a cold voice, seemingly concerned, but with a hint of hidden joy revealed in his eyes.

“This tactic of yours is fine to scare a three-year-old child!”

Lin Ran smiled indifferently and had already arrived directly below the black dragon’s severed head, only to see two copper coins appear with a flip of his palm, followed by a flip of his hand, the two coins flew directly towards the black.

“Bronze coins lock the dragon, turn!”

The words fell, only to see the two copper coins landed with unparalleled precision where the black dragon’s eyes were, and immediately the black eyes directly turned into the brass colour of copper coins.

“Haha! Two copper coins and you want to lock my black dragon, boy you are afraid

The odd-eyed language laughed out loud, but before the words could be finished, he was suddenly dumbfounded.

The two copper coins trembled rapidly, followed by the brass colour was actually centered on the eye sockets of the black dragon, quickly diffused towards the entire body of the black dragon, in the blink of an eye, the original black dragon, actually turned into brass colour, the body scales as if a copper coin convergence into the same.

“How How is it possible!”

The odd-mouthed language looked gutted, and his heart was even more incredulous, how his black dragon had changed its face in an instant.

“The severed head feng shui bureau is also divided into major and minor successes, not bad there are signs of a severed head feng shui bureau here, but this situation can’t even catch up with a snake, and you’re still trying to transform into a dragon, you’re simply not measuring yourself!”

Lin Ran laughed indifferently, followed by a wave of his palm, at once the huge brass dragon turned into pieces with a bang, gradually dissipating with the brass colour in the sky.

Calmness returned to the surroundings, but those present could clearly feel that the shop, which was originally cold and gloomy, had actually become a lot milder, giving people a very comfortable feeling.

“Master Qi, are you convinced?”

Lin Ran looked at Qi Muyu and smiled blandly.

“Are you convinced?”

Luo Qiqi came forward and chided Lin Ran in the same tone as he did.

“You!”

Qimu Language’s face was grim and his eyes were icy cold.

Just when Luo Qiqi and the others thought that Qimei Language would admit defeat, this guy’s trend suddenly moved.

Only to see Qimu Language’s palm flipping a dagger violently and stabbing it towards Lin Ran.

The dagger carried a cold light on it, and at first glance, it had been deliberately sharpened, and there was a very light green mark on it.

“Poison?”

Lin Ran frowned slightly as he looked at it, even though he didn’t have any deep hatred towards this Qi Muyu, why was this guy suddenly about to strike at him!

“Lin Ran, be careful!”

Luo Qiqi’s whole body jumped up as she watched, if something happened to Lin Ran what should she do afterwards.

In a flash of lightning, Lin Ran reacted quickly and dodged the blow from Qimu with a side-step, followed by a slash to his wrist.

The dagger fell to the ground with a clang.

“Want to leave?”

Lin Ran was quick to see and grabbed the clothes on his body, but this guy was as strong as a chicken, so he heard a “stab” and his clothes were torn.

When he saw the back shoulder of Kikuyu’s body, Lin Ran was stunned and his head felt a bit dazed.

On his back shoulder was a toad, a toad with three eyes.

“A three-eyed devil toad! How could it be on him!”

Lin Ran exclaimed in shock, while feeling that all of his previous speculations had gone haywire.

The five poisons consisted of the Black Devil Poison Scorpion, the Pill Devouring Centipede, the Fire Refining Red Snake, the Extreme Ice Devil Spider, and the Three Eyed Devil Toad respectively.

Previously, Lin Ran had come across the first four of them respectively, but these were all on ordinary people, except for this Three-Eyed Devil Toad which actually appeared on Odd-Mouthed Language, which made Lin Ran very surprised.

“This guy obviously knows some feng shui, how could he have this poison carved on himself, could he also just be a pawn?”

Lin Ran thought in his mind.

However, Qimu Whisper had already rushed out of the stairs and disappeared in a flash of smoke.

“Damn it! I can’t believe this guy got away!”

Luo Qiqi hurried over, stamping her foot in anger.

“Forget it!”

Lin Ran smiled and comforted, he really didn't even care about a million, what he cared most about now was who this odd-eyed language was and why he had the mark of the three-eyed devil toad on his body.

“Hey hey! Boss Tong, why are you also running away, the one million you bet has not been paid yet!”

While the two of them were talking, but in the distance came the shout of Mu Tong, the two of them looked, only to see that Tong Qi had actually sneaked away as well.

“These two villains!”

Luo Qiqi was so angry that she gritted her teeth, just a moment ago she had made a bet, but in the blink of an eye she had lost and then just skipped away, simply shameless to the point of grandmother's house.

Wonder Doctor Read Online Chapter 166

“Boss Mu then, we're leaving too!”

Lin Ran smiled, and then looked at Mu Tong and said.

“Good! Good! Come and have tea at my place sometime!”

Mu Tong laughed, he was already satisfied with the annual rent of 300,000 yuan, plus Lin Ran said that this was some kind of feng shui

bureau that gathered wealth and treasure pots, although he didn't understand it, he could also call it a gimmick when he sublet it in the future, so he couldn't help but be very happy in his heart.

However, just as the two Lin Ran were about to leave, Mu Tong's mobile phone rang, followed by his face changing.

"You two, my wife has fallen ill, so I won't see you two off, I have to hurry back!"

Said Mu Tong and rushed towards the door, before his front foot had even stepped out, Luo Qiqi's voice rang out behind him.

"Hey, what are you panicking about, you have one of the best doctors in all of Tamagawa City right in front of you!"

"What? The best doctor in all of Temperance City?"

Mu Tong sniffed and ran back again, looking at Luo Qiqi and hurriedly said.

"Aigoo I say Miss, you are a doctor why didn't you say so earlier, quickly go with me to the house, please!"

"You're mistaken, I'm not a doctor, he is!"

Luo Qiqi pointed to Lin Ran at the side, and Mu Tong froze.

"Lin Brother Lin Ran, aren't you a Feng Shui master? How come you've become a doctor!"

It was no wonder that Mu Tong thought so, after all, feng shui masters and doctors were completely incompatible existences, who would have thought that these two professions would appear in one person.

“Feng Shui is just my hobby, doctor is my profession!”

Lin Ran laughed.

“Good! Then I’ll trouble Brother Lin Ran to come with me!”

Mu Tong said hurriedly.

Lin Ran nodded, and immediately followed Mu Tong back to his home, together with Luo Qiqi.

Mu Tong’s house was in the neighborhood behind the shop, and five minutes later, the three of them arrived at Mu Tong’s house.

The person who opened the door was Mu Tong’s son, named Mudi, a young man about Lin Ran’s age, but at a glance he was used to being pampered, wearing a big pair of trousers and a pair of cotton slippers, looking listless.

“Playing games at home again, how’s your mother!”

As soon as he entered the door, Mu Tong scolded, his son was good at everything, but he was too addicted to online games, since he graduated from university, he did nothing but play at home.

“He’s fine now, he’s in bed resting!”

Moody said listlessly.

Lin Ran and Luo Qiqi were both very surprised, even if the boy was addicted to online games, but it was his mother who was in trouble, so he was still so indifferent, he didn't even look like he had called the emergency services, which was a bit too much.

“Get lost!”

Mu Tong didn't bother to talk to him and pushed Moody away, then he led Lin Ran into the adjacent master bedroom.

“Who are those two?”

Moody asked as he followed in.

“Doctors!”

Mu Tong said without good grace, while hurriedly greeting Lin Ran as he stepped forward.

Lin Ran glanced at Moody and then looked at the bed, only to see a middle-aged woman in her mid-forties in her grade, lying on the bed, her cheeks still a little pale, obviously something did happen just now.

But what surprised Lin Ran was that he found Mu Tong's wife's palms clutching together, as if she had been in some kind of shock earlier.

“What happened to your family just now?”

Lin Ran suddenly turned his head to look at Moody and asked.

“Nothing, nothing happened!”

Moody said listlessly, while his gaze was still not looking towards the outside of the room, as if it was very much like leaving.

“If you only knew the sun was coming out of the west!”

Mu Tong said with an ugly look on his face, and then explained to Lin Ran.

“Brother Lin you don’t mind, this kid of mine just knows how to play games everyday, the sky is falling and he doesn’t even know, if you need to know the situation, I will go out and ask now!”

Said Mu Tong, about to leave, Lin Ran waved his hand and said.

“No need!”

“Father! Who the hell is this person? How come I didn’t know there was this doctor around!”

Moody suddenly spoke up.

“You’re like a big girl every day, your family doesn’t leave the house, how could you possibly know!”

Mu Tong was so angry that he gritted his teeth, he really hated his guts.

“I don’t go out, but I’ve still seen the list of doctors registered in Temperance City, I’ve never seen a doctor as young as him!”

Moody continued.

Mu Tong was so angry that he immediately wanted to rush up and give him two slaps, but with outsiders present, he held back.

“Get the hell back! Do whatever you like, don’t delay your mother’s illness!”

Mu Tong said, extremely disappointed.

However, Moody was unaware of what bullishness had committed, and not only did he not go back, but instead looked at Lin Ran and said very nonchalantly.

“You better tell me who you are? Otherwise I can call the police, fake doctor, enough for you to live for a few years!”

Said Moody, about to call the police, while looking to one side at Mu Tong who was trying to stop himself, and said.

“Dad! I think old mother’s illness still needs to go to a big hospital, you’re bringing a random person back from the street and claiming to be a doctor, it’s just nonsense!”

“You!”

Mu Tong was so angry that he almost lost his breath.

Luo Qiqi was also clenching her pink fists, wanting to rush up and hit someone.

Lin Ran looked at Moody and spoke blandly.

“You suspect that I’m not a doctor, so I would like to ask, do you have proof that I’m not?”

Moody was stunned at his words, then said.

“Don’t bite off more than you can chew with me, just report it if you are, I can find out in a minute, if you are really a doctor, I want you to make amends! If not, get out of my house immediately!”

Lin Ran smiled at that and then said.

“I’m a doctor at Temperance Hospital, but unfortunately, I just left my job yesterday!”

“Leaving? You’re lying to hell!”

Moody sneered, then looked at Mu Tong and said.

“Hear that, this is the doctor you brought back, just left yesterday, it’s almost like laughing at me!”

“Pah!”

Mu Tong finally couldn’t stand it anymore and went forward and slapped Moody across the face, angrily rebuking him.

“You bastard, your mother is like this, and you still have the heart to find trouble for your old man here, today I won’t beat you to death!”

“Stop it!”

Seeing that Mu Tong was about to make a move, Lin Ran hurriedly stepped forward and stopped him, before looking at Moody and sighing and saying.

“You kid, I’m puzzled, your mother is like this and you still act like nothing is wrong, is she your real mother?”

“What’s it to do with you!”

Moody’s expression was bland, there was no change in expression at all, just following the wooden man.

“Forget it.”

Lin Ran shook his head, he was completely out of temper with this kind of people, do what you like, every family has its own difficult lessons, Lin Ran couldn't possibly control everyone.

“Brother Lin, my daughter-in-law her!”

Mu Tong pushed Moody into his room, and afterwards ran over and asked.

“Your wife is fine, she's just in a bit of shock, but to prevent this from happening in the future, I'll have to take a look at the feng shui of your house!”

Lin Ran said.

“Feng shui?”

Mu Tong was stunned at his words, and then thought of something.

Lin Ran nodded his head and said.

“That's right, your wife should have bumped into something unclean this time and gotten scared! That's why I have to take a look at the feng shui pattern of your house!”

At this point, Mu Tong already had complete faith in Lin Ran, and immediately nodded at his words.

“Good! I'll take you to see it right now!”

Wonder Doctor Read Online Chapter 167

Mu Tong's house was a three-room, one-room structure, which was considered a relatively old house, but they had been living here since they had no special requirements for material life.

Lin Ran took a look at the two rooms and one hall and found that there was nothing wrong with the house, no matter the layout or the feng shui position, so he couldn't help but be very surprised in his heart. This kind of feng shui pattern should not attract dirty things to the house according to reason, but Mu Tong's wife had obviously struck an evil spirit and was frightened, which was a bit unjustified.

“Take me to see that last room!”

Lin Ran spoke.

“Mhm!”

Mu Tong nodded, but his eyes showed a hint of difficulty, and Lin Ran understood that this last room was precisely Moody's room.

“Creak!”

The door to the room opened and a heavy stench of sweat hit him, choking Luo Qiqi, who almost didn't throw up, and turned around and ran out.

Mu Tong looked at Lin Ran awkwardly and was relieved to see that he was just covering his nose and didn't say anything more.

“Bastard, don't turn the lights on yet!”

Mu Tong scolded.

Moody gave him a blank look and very reluctantly got up to turn on the room's lights.

Lin Ran found that the entire room was not small, but it was opposite clutter, except for a bed and cupboard and a computer desk, everything else was clutter, and there was not even a place to land on.

“Living in a place like this, won't you go crazy?”

Lin Ran couldn't help but ask, he was worried about Moody's condition, this kind of character that was just like a log was very prone to accidents.

“Why would you go crazy!”

Moody asked rhetorically.

Lin Ran shook his head in silence and carefully looked around the room. Although the room had lights on, there were too many things in the room, resulting in many places where the light could not shine at all.

Lin Ran had no choice but to cautiously go to the window, and raised his hand to pull the curtain open.

At once a white light came in and the room was brightened up.

But at that moment, as if he had been frightened by something, Moody let out a scream and rushed to the computer desk, generally picking up an object on it, and then hid in a place where the sun could not shine!

“What are you doing again?”

Mu Tong said angrily, and was about to go forward and pull him out, but Lin Ran stopped him.

“Don’t move yet, there’s something wrong with what he’s holding!”

“There’s a problem?”

Mu Tong fixed his eyes and found that what his son was holding seemed to be a statue of Buddha.

The statue was not very big, only ten centimetres high and the width was normal, but the strange thing was that it was black, as if it was carved out of obsidian.

“Where did you get this thing?”

Lin Ran lowered his voice and tried to keep his tone as calm as possible.

But Moody was acting as if he hadn’t heard, just holding the Buddha statue and trembling all over, not saying a word.

“I’m asking you, if you don’t answer, I’ll smack you to death!”

Mu Tong scolded, he was really disappointed in this son of his, if he was not his own son, I am afraid he would have thrown him out long ago.

“Take it easy!”

Lin Ran turned around and said, Mu Tong saw this and hurriedly shut up and stopped talking.

“Tell me, where did you get this thing from?”

Lin Ran continued to ask patiently, as if he was persuading a thug, very patiently.

However, it was as if Moody hadn't seen him at all, still not saying a word.

Lin Ran saw this with a slight frown, but in his heart he already seemed to understand something as he spoke.

“I'm telling you, this thing is called the Devouring Spirit Demon Tower, don't you want to know what it does?”

As soon as these words left his mouth, Moody's face was clearly stunned as he looked at Lin Ran, and a moment later his voice trembled as he said.

“Swallowing spirits Deva? It... It... What's it for?”

Lin Ran revealed a smile and continued.

“It's a magic weapon, so give it to me and I'll introduce it to you!”

Lin Ran reached out and laughed, but Moody stuffed the Buddha statue into his arms, afraid that Lin Ran would take it away.

“You bastard, believe it or not...”

Mu Tong chided impatiently, however, he was just about to explode when Moody jerked his head up and said.

“My mother has woken up!”

“What did you say?”

When Mu Tong heard this, his anger increased and he stepped forward, ready to take care of this bastard child, who was clearly here, but actually said that his mother was awake.

However, just as Mu Tong was about to step forward, Luo Qiqi's voice came from outside.

“Hey hey! Auntie is awake!”

Mu Tong was stunned, and then felt his scalp go numb, at this moment he didn't care to go to Moody to ask for clarification anymore, he immediately ran out of the room and went to see his daughter-in-law.

Lin Ran shook his head helplessly, then looked at Moody and said.

“You should know very well inside yourself how this thing is, if you still want to go back to normal, give it to me!”

“Give it to you? You have a solution?”

Moody looked up at Lin Ran with a complicated look in his eyes.

“I do!”

Lin Ran nodded his head.

Moody, however, shook his head.

“I don't believe it! You can't have a way out, the only way is to protect it, or else Or else”

Said Moody actually cried, Lin Ran helplessly sighed, and then said in a serious tone.

“Your mother’s situation you’re afraid you don’t know, if this thing is not destroyed again, in the future not only your mother, even you yourself may”

“I told you I don’t believe you! You’re a liar!”

Moody suddenly became very agitated, Lin Ran saw the situation and frowned, suddenly he actually rushed out violently.

Taking advantage of Moody’s moment of agitation, he snatched the Buddha statue out of his hand before turning around and running.

“Bastard! Stop right there!”

Like a madman, Moody rushed out after Lin Ran.

“Stop him now!”

Lin Ran greeted as he rushed out of the room.

Mu Tong had just come out of the master bedroom, and his daughter-in-law was with him. Before the two of them could react, Mu Di had already rushed out, his eyes were bloodshot and he looked like a demon.

Seeing this, Mr. and Mrs. Mu Tong hurriedly went forward and pushed Mudi to the ground, the old couple was so anxious that tears were coming down their faces.

“Brother Lin Ran, what the hell is going on here!”

Mu Tong asked anxiously as he looked towards Lin Ran.

Luo Qiqi, who was at the side, also came over, this was so strange today that she had no idea what had happened.

Lin Ran wiped the sweat from his forehead and told Mu Tong to keep an eye on Moody first, before he let out a long breath and said.

“This calamity in your family is the work of this thing!”

Lin Ran said, placing the Buddha statue in his hand on the coffee table.

Only then did the crowd clearly see what kind of Buddha statue it was.

The Buddha statue was pitch-black, yet the carving was exceptionally realistic, a demon Lohan statue, with nine arms growing behind the figure, arranged in a fan shape, and each arm also held nine different artifacts, namely the head, heart, liver, kidneys, hands, feet, eyes, ears, and a black mass.

“What the hell is this? Why is it so seeping!”

Mu Tong couldn't help but say, he didn't usually run the household much and had no idea that there were actually such oozy things in the house.

“Ai!”

Lin Ran sighed, and then said.

“In feng shui, this thing is called the Devouring Spirit Demon Dao, a very evil magic weapon, specifically used to store the souls of evil spirits!”

Wonder Doctor Read Online Chapter 168

“What? Storing the souls of evil spirits?”

Hearing these words, Mu Tong was instantly confused, and even his wife at the side turned pale.

“Little Di, how many times have I told you not to go to that kind of place, why don’t you listen!”

The old mother said bitterly as Mu Tong sniffed and asked.

“What kind of place?”

“It’s that abandoned factory on the outskirts, he usually likes to go there to plunder things, that’s where he got this whatchamacallit!”

“You bastard!”

Mu Tong was so angry that his face turned blue, he raised his hand and was ready to slap Mudi, but his palm raised, but in the end he didn’t hit him, after all, he was his own bone, so he couldn’t bring himself to do it.

“What’s wrong with that place? I just like to go there, what’s wrong with it!”

Moody hissed, his eyes bloodshot as he spoke with a slight distortion in his voice.

“I want to help him regain his senses!”

Lin Ran said as he stepped forward.

Moody, however, looked at him through gritted teeth and snarled.

“No need, I’m wide awake!”

“The boy!”

Mu Tong was impatient, this child of his was beyond his own control, just see what Lin Ran could do.

“It’s alright, he’s lost his mind to this spirit swallowing demon dweller, he’ll be fine in a minute!”

Lin Ran said indifferently, while probing out his palm and slapping it directly on top of Moody’s forehead.

A strand of true qi quickly invaded and soon Moody’s face began to turn red, at the same time, Lin Ran very subtly transferred a wisp of breath from within the Spirit Swallowing Demon Tower and injected it into Moody’s body, this wisp of breath originally belonged to him and was only swallowed up due to prolonged contact with the Spirit Swallowing Demon Tower.

“It’s done!”

A moment later, Lin Ran withdrew his palm, his face slightly pale.

“This... This is done?”

Mu Tong asked in surprise, as it seemed to him that Lin Ran had only placed his palm on his son’s forehead and didn’t seem to have done anything else other than that.

Lin Ran nodded without saying anything, he was slightly weaker at this point.

“Father! What’s happening to me?”

Mu Tong still tried to slip his hand, but the Moody in his arms had already spoken.

Hearing this familiar name, and normal tone of voice, Mu Tong could not help but cry old tears, the difference between this before and after was simply like two people, if he did not know his son's previous tone of voice, he really did not dare to recognize it somewhat.

“Good! Good! It's good to be back!”

Mu Tong hugged his son and tears unconsciously flowed down his face.

Lin Ran patted his back and finally admonished.

“Live a good life, don't let your son go to that place in the future, besides Madam Zun is already fine, spend more time with your family in the future!”

Saying that, Lin Ran got up and left with Luo Qiqi.

This scene in the Mu family could not help but sting the softness deep inside Lin Ran's heart, the word parents, since he was a child, was just a word to him, it had no actual meaning, much less represented anyone to make Lin Ran feel warm.

“What, homesick?”

Luo Qiqi asked with a smile, she could see that Lin Ran was sad.

“It's alright, let's go for a trip to the suburbs!”

Lin Ran said with a smile.

“What's the point of going to the suburbs?”

Luo Qiqi asked in surprise.

“To see the abandoned factory that Moody said, and at the same time, destroy this Spirit Swallowing Demon Tower, it’s a scourge if you keep it!”

Lin Ran said, and promptly led Luo Qiqi out of the district.

However, just as the two of them reached the entrance of the district, they ran into an acquaintance, none other than the self-proclaimed feng shui master, Wang Yifeng.

“Why are you here?”

Luo Qiqi asked in surprise, since the last time they parted, this guy had evaporated like a human being, and it was completely impossible to find where he was.

“I’ve been busy lately, haven’t I!”

Wang Yifeng laughed, but Lin Ran was amazed, this guy was wearing a Taoist robe, peach wood sword and ghost charm, he looked like he was going to fight against the evil spirits.

“You catch ghosts, how come they all run to the neighborhood?”

Lin Ran asked.

“I really can’t hide it from you!”

Wang Yifei smiled awkwardly, then pointed to the cell behind Lin Ran and said mysteriously.

“I’ve recently discovered that this neighborhood is infested with evil spirits, so this time I’m just going to come and do a good job!”

“Fuck you! There are no ghosts in this neighborhood, let’s go out with me!”

Lin Ran directly pulled Wang Yifei and left.

“Hey! Where are you going?”

Wang Yifeng hurriedly asked, he had come to save the world, he had just arrived at the door, how could he be dragged to do something else?

“To do something bigger!”

Lin Ran said, while revealing a corner of the Devouring Spirit Demon Tower, Wang Yifeng took just one look and his eyes went straight!

“Holy shit, where did you find such a treasure, show it to me!”

Wang Yifei’s eyes glared round as if they were about to bulge out of their wanting frames.

“I can’t show it to you now, it’s too crowded, it’ll be yours when we get to the place!”

Lin Ran laughed, while putting away the Spirit Swallowing Demon Tower.

“Holy shit! Then why are you still standing there, hurry up and go!”

Wang Yifeng urged repeatedly.

“....”

Lin Ran and Luo Qiqi were speechless for a while, this guy's speed of changing his mind was simply faster than even a woman turning her face.

With Lin Ran leading the way, the three soon reached the outskirts and found the abandoned factory that Moody had mentioned.

“Going in now?”

Luo Qiqi asked beside again, this place was honestly a place she didn't really want to go to, she was a rich lady and still had some resistance to such abandoned and gloomy factories.

“No rush first!”

Lin Ran shook his head, turned around and took out the Spirit Swallowing Demon Tower, and said to Wang Yifeng.

“You should first ferry all the unjust spirits inside this thing, and it will be yours from now on!”

“Good!”

Wang Yifeng didn't even think about it and nodded straight away, what he did was to catch ghosts and subdue demons, having such a magic weapon to store the evil spirits was like a tiger with wings.

He quickly came to the side, his palms quickly formed a seal, and his mouth was even more vibrant, and soon a 10-meter square formation enveloped the devil devouring spirit.

“I'm going to start!”

Wang Yifeng shouted, followed by jumping out of the formation, and then with a slight click, the Spirit Swallowing Demon Tower within the formation trembled rapidly, and then wisps of black mist swarmed out, as if a gas stove had been lit.

“What are these?”

Luo Qiqi frowned as she watched, she hadn't seen before that there was actually so much black Qi within this small statue of Buddha.

“These are all resentment spirits, the amount of resentment spirits stored within this Spirit Swallowing Demon Buddha is terrifying!”

Lin Ran said with a frown.

It was indeed not a good thing to actually have such evil things in a densely populated metropolis.

“Huh!”

Luo Qiqi felt her goose bumps rise.

In the distance, Wang Yifei, however, was getting excited as he looked at the grievances that were rapidly appearing within the formation, his heart very excited because as long as he waited for all the grievances within the Spirit Swallowing Demon Duo to be purified, then this Spirit Swallowing Demon Duo itself would become an empty shell magic weapon that could be used for him then.

“Roar!”

Just as the two of them were waiting patiently, a low hissing sound suddenly came violently, and following that they saw it.

Within the formation in front of them, a black woman figure had actually appeared, its cheeks were pitch black and no features could be seen, but its figure was breathtakingly beautiful, not to mention Wang Yifeng, even Lin Ran couldn't help but gag when he took a look at it.

Wonder Doctor Read Online Chapter 169

“Please let me go!”

As the figure appeared, a voice rang out in the ears of Lin Ran's three people, a voice that was clear and melodious, as if a lark whispered in their ears.

“You Who are you ?”

Wang Yifeng was the one who cast the spell and was the first to hear it, and his eyes immediately went straight.

“I am the controller of this Mordor!”

The moving voice resounded once again, following which Lin Ran and the others saw that the woman figure within the formation had actually revealed a stunningly beautiful face, as beautiful as a fairy in the sky.

“So So beautiful!”

Wang Yifeng looked your mouth watering and hurriedly said.

“Good! Good, as long as you give up the control of the Mordor, I will let you go!”

Joking so big a stunning beauty, he or she is still single, how can not agree.

“King One Life!”

Lin Ran heard it loud and clear and let out a roar of anger.

Wang Yifeng’s whole body trembled and followed it, the shadow of the beautiful woman in front of him was still moving, but Wang Yifeng’s face was obviously a few shades paler.

“Almost found your way, the belief of countless resentful spirits is really powerful, watch me destroy you!”

Wang Yifeng roared in anger, and following that, he urged the formation to start frantically strangling those resentful spirits.

A wailing scream kept ringing out, and the woman’s shadow was disintegrating rapidly, the woman finally couldn’t hold back anymore and hurriedly looked to open her mouth to beg for mercy.

“Don’t! Don’t kill me, I am willing to submit to you and be the eternal guardian of this Mordor!”

“Really?”

Wang Yifeng revealed a hint of satisfaction, if this evil spirit was willing to be the Harvester of the Magic Buddha, then it would be like being the vessel spirit of the Magic Buddha, and would never leave this Magic Buddha for eternity, and would not pose any threat to himself at that time, and could also help him manage the evil spirit on the face.

“Can!”

Wang Yifeng laughed, mainly because having such a great beauty as a submissive made him feel very good in his heart.

“Haha!”

Wang Yifeng turned his head to look at Lin Ran and laughed.

“How about it, I, Wang Yifeng, have a submissive too, and it’s no worse than Chen Shui’er!”

“Er”

Lin Ran was dumbfounded for a moment, this guy was actually thinking about this.

Suddenly a cloud of smoke floated out and Chen Shui’er appeared and laughed.

“That’s not necessarily true, it’s a gathering of many evil spirits, the real body doesn’t know what it looks like yet!”

“You”

Luo Qiqi, on the side, saw that Shen Shui’er was taken aback, and Lin Ran hurriedly explained.

“This is the guy who beat him up violently the first time he was in that guy’s house!”

“Huh?”

Luo Qiqi was instantly dumbfounded.

On the side, Wang Yifeng had an embarrassed face and hurriedly interrupted.

“It’s been hundreds of years ago, let’s not talk about it, or come and see what this submissive of mine looks like in person!”

Said Wang Yifeng with a wave of his hand.

“Reveal your true self!”

“Master Or else it’s better to forget it!”

The melodious voice was like a lark, making people think about it.

“What forget it, hurry up!”

Wang Yifeng urged, he didn’t believe that such a beautiful submissive, his daddy would be an ugly one, and he was not willing that his submissive would be worse looking than Chen Shui’er.

“It must be a big beauty, for sure!”

Wang Yifei thought in his mind and couldn’t help his mouth watering, after being a single dog for over twenty years, it would be nice to have a pretty female ghost to keep him company!

As he was thinking about it, the submissive in front of him was having a hard time, squirming and not wanting to reveal her true self.

“Hurry up, what’s all the fuss about?”

Wang Yifeng urged, his face sinking, scaring it so much that it did not dare to be alone, and immediately dispersed the countless evil spirits, revealing its true self.

But the moment its true self was revealed, Wang Yifei regretted it in his heart, and he hurriedly asked.

“Can I kill you?”

“No! It’s already too late!”

Behind them, Luo Qiqi and Chen Shui’er spoke almost simultaneously.

Lin Ran couldn’t help but laugh out loud as he watched from the side, looking at Wang Yifeng and laughing.

“With this granny accompanying you, your twenty years of being single will definitely be exciting in the future!”

That’s right, a granny! The real person who appeared was an old woman in her seventies, her hair was tied in a bun, her face was creased like a tide, her body was slightly chubby, and she looked quite benevolent and kind-hearted.

“Master, my slave will follow you with all my heart!”

The old woman said seriously.

Wang Yifeng, however, listened with numbness in his scalp, and quickly waved his hand and said.

“No need no need! You’d better go back first!”

“Yes!”

After collecting the Spirit Swallowing Demon Dharma, Wang Yifeng walked over with a black face, and when he saw Chen Shui'er next to Lin Ran, he was immediately unhappy and said.

“It’s not fair, why are the ones next to you so pretty and mine so ugly!”

Lin Ran sniffed and said very seriously.

“That’s probably just fate!”

“Pfft!”

Luo Qiqi and Chen Shui'er both couldn't help but laugh out loud at their words.

Wang Yifeng looked at them and felt that bitterness in his heart!

Having obtained the Devouring Spirit Demon Tower, Wang Yifeng no longer went to the district to catch ghosts, so he hugged his treasure and went straight home. Although the guardian inside was really not complimentary in appearance, the Demon Tower itself was a very good treasure, and this was still very satisfying to him.

Lin Ran now sent Luo Qiqi back home, and then went back to his own home.

When he arrived home, Song Nuan was already back, this nee-san didn't know what was wrong with her today, but she had actually made dinner at home early, which surprised Lin Ran greatly.

“Come and try the rice I made!”

Song Nuan greeted.

Lin Ran hurriedly washed up before settling down to eat, only to have his face turn green under this meal.

“How about... We’d better go out...”

Lin Ran said awkwardly.

Song Nuan, however, said with a glare in her eyes.

“No, we have to finish eating today!”

“Uh My stomach hurts! Let’s go to the toilet first!”

Lin Ran hurriedly got up and ran straight to the toilet as if he was running away.

You’re kidding, that food was simply snore-worthy!

When she came out of the toilet, Lin Ran realized that some of her classmates were coming to visit her home and she was going to cook for them personally as a gesture of goodwill, but her cooking skills

“I really can’t, I can only order takeaway!”

Song Nuan said helplessly.

Lin Ran then listened to the side speechlessly and said.

“Forget it, it’s better for me to cook, anyway, as the man of the house, I also have this responsibility!”

“Get lost!”

Song Nuan glared at him, but this heart was still warm, at least this guy didn't care about everything.

The time was set for tomorrow at noon, and Lin Ran calculated that he could still go to the Jiancai market in the morning and find a renovation team to renovate the shop.

The night went on without a word.

The next morning, Lin Ran went straight to the building materials city.

It is a very famous place where building materials and decoration are integrated.

The thing is, Luo Qiqi also said she could help with the renovation, but Lin Ran didn't want to bother her, after all, it would be difficult to pay back the favor if he owed more.

But this guy doesn't know what he's doing these days, he hasn't shown up for a long time.

When he came to the building materials city, Lin Ran casually strolled around, there were many decoration shops here, and it was really difficult to choose for a while.

When Lin Ran was hesitating about which one to choose, suddenly a woman's voice came from a stairway.

“Manager Xu, please let me go, Li Yin and I are friends, moreover, we are best friends, so you will really make her sad!”

“Sad? Just don't let her know, won't it be okay? Be good, be good, and I'll promote you to team leader later!”

A man's voice full of greed came out.

Wonder Doctor Read Online Chapter 170

“Manager Xu! Please behave yourself, there's no way I'll accept subterfuge!”

The woman said firmly.

Her name was Yulan, and she had some connection with Xu Zhi, the manager, because Xu Zhi's girlfriend, Li Yin, was her high school classmate, and they had always had a good relationship.

Li Yin did not go to university and had been working outside. After Yulan graduated from university, the former heard that she was looking for a job and introduced her to work for the decoration company, and today was only the second day just now.

“Xiaolan, you've only just entered society, there are many things you don't understand yet, subterfuge is just taking what you want!”

Xu Zhi laughed smugly while reaching out to touch Yulan's hair.

“I don't need it!”

Yulan was very stiff and opened Xu Zhi's hand as she said seriously.

“First of all Li Yin and I are BFFs, secondly I'm not that kind of casual girl, you've got the wrong person!”

With that Yulan turned around and was about to leave.

Seeing this Xu Zhi's eyes sank and he sneered.

“I like it when you have a temper, but you have to think carefully, your father is still waiting for treatment money in the hospital, if you don't obey me today, then I'll count it as you leaving of your own accord, but you won't get paid this month!”

“You!”

Yulan's eyes were red, and tears were already starting to roll down her face.

She was supposed to be the age to start a business when she graduated from university, but her father's sudden illness had forced her to rush to find a job to earn money, but who knew that now she would run into such a scum manager.

“Have you considered it?”

With a smug look on his face, Xu Zhi looked at Yulan and couldn't help but lick his lips.

“Please! Let me go!”

Yulan begged, she really needed this job, but

“I've said it all, as long as you're good and obedient, I'll promote you to team leader tomorrow, by then you'll still be afraid of not earning any money?”

Xu Zhi said proudly, reaching out and grabbing Yulan's arm, he was really a bit pressed.

“No! Please!”

But Xu Zhi wouldn't listen to her, he was about to get his hands on a cooked duck, so he wouldn't let it go.

“Come on, Xiaolan, I really like you, I will love you!”

Xu Zhi said and already started to make his move.

Just in the nick of time, there was a loud bang, and the door of the staircase flew backwards and smashed directly into Xu Zhi's body.

“Bang!”

With a low sound, Xu Zhi's entire body was smashed to the ground by the door, wailing.

“Who! Who the fuck is it!”

Xu Zhi cursed angrily, pushing the door panel off his body and getting up to see a young man standing in the doorway.

“Beauty, is everything alright!”

Lin Ran asked with a smile as he stood at the entrance to the stairs and looked at Yulan.

“No Nothing!”

Yulan stammered, what surprised her was not this appearance of Lin Ran, but the man he was, he was simply too handsome.

“Could this be my Prince Charming?”

Such a thought popped up in Yulan's mind.

Lin Ran naturally didn't know her thoughts and turned to look at Xu Zhi who was in a state of rage at the side.

At this moment, Xu Zhi was staggering over, and when he saw Lin Ran, he angrily rebuked.

“You they're looking for death, aren't you, daring to disturb Laozi's good deeds!”

“I'm not looking for death, I'm looking for you!”

Lin Ran laughed indifferently.

Xu Zhi was stunned at his words, and then reacted to what Lin Ran meant, and was instantly enraged.

“You're really fucking tired of living, you dare to fight me in Building Materials City, I'll make you die without even knowing how!”

Said Xu Zhi, copying the steel pipe that had been knocked off to the side, and lunged towards Lin Ran.

“Be careful!”

The first thing you need to do is to get a good idea of what you're doing.

“Really can't, big deal I”

The first thing that happened was that Lin Ran had offended Xu Zhi because he had stood up for himself, so if she let Lin Ran suffer a severe beating because of it, she would definitely feel bad.

But while she was thinking, Xu Zhi had already rushed to Lin Ran's front, and what happened in the next scene was something she would never forget.

She saw Lin Ran standing there, not moving at all, while Xu Zhi raised the steel pipe in his hand and smashed it down towards Lin Ran's head, so fast that if he was hit, he would be completely crippled even if he didn't die.

The expression on his face could not keep up with the speed of his body, and only two seconds after he flew out, a look of fear appeared on his face.

“Bang!”

Another low sound rang out as Xu Zhi's entire body smashed directly into the distant door panel, meeting the door panel and cracking it open raw.

“This!”

Yulan looked dumbfounded, she hadn't seen what had happened at all, let alone knowing exactly how Lin Ran had managed to do it.

Lin Ran turned around, looked at Yulan and smiled.

“Beauty, there are many jobs in this society, following such a leader, you are afraid that nothing good will come of it, I know a clinic that is hiring in a couple of days, consider going to look at it when you have time!”

“Thanks... Thank you!”

Yulan said with a nod, while squeezing out a smile.

Lin Ran nodded, and then turned to leave.

Xu Zhi managed to crawl out from under the door panel, his entire body was now torn and tattered, and his face was in a wretched state with many wounds hanging from it.

“Where’s that bastard!”

Seeing that Lin Ran was no longer there, Xu Zhi stared at Yulan and shouted angrily.

“Already gone!”

Yulan calmly replied back, and then turned around and prepared to leave as well.

“Stop right there! Who told you to leave!”

Xu Zhi saw this and scolded.

“Why can’t I leave?”

Yulan turned to look at him, her gaze had changed at this point, there was no longer the pleading from before, there was confidence.

“Eh? You dare to talk to me like that!”

Xu Zhi’s face sank, it was just as well that that boy had just made a move on himself, now even his own men actually dared to talk to him like that, it was going to turn the sky upside down.

“Do you know who you’re talking to!”

Xu Zhi scolded.

Yulan, however, smiled blandly and said.

“Talking to a scum of the earth!”

“You! Unbridled! I think you don’t want to do it anymore!”

Xu Zhi snorted coldly.

Yulan’s face remained calm as she looked at him and said.

“Right! I don’t want to work anymore, I’m going to write my resignation report now, you can’t persecute me in the future!”

After saying that, Yulan turned around and left, ignoring Xu Zhi’s shouting behind him.

“Bastard!”

Xu Zhi was so angry that his teeth bared and he rushed to catch up with her, but when he did, he fell on the door with a thud.

....

The company’s main business is to provide a wide range of products and services to the public.

The company’s main business is to provide a wide range of products and services to the public.

Lin Ran was not angry either, and looked at the model room inside, but before he could look long, two people came to the door, and Lin Ran was happy to see that the two people who came were Yulan and Xu Zhi.
