

Wonder Doctor Read Online Chapter 181

“Good!”

Naturally, Chase had no problem with Lin Ran’s proposal, and immediately opened the door to the room.

As the door to the room was opened, Lin Ran and the three of them immediately felt a strange coldness that poured over them.

This coldness was not at all the effect of the wind, but seemed to be an eerie icy chill, as if the air had mixed with some kind of substance to produce something like the icy air of a morgue.

“This How did this place become so eerie, I just can’t stand it anymore, I’ll go out first, you guys take your time and watch!”

Chase said and hurriedly ran out of the room.

“Is it that scary?”

Song Nuan said in amazement, she really didn’t feel anything.

“You’re a female, born with the Yin attribute, it’s normal for you not to feel this kind of Yin cold Qi!”

Lin Ran said.

“Ao!”

Song Nuan nodded her head, still not quite understanding, in fact, what exactly it meant.

The two searched through the room, the room's furnishings were displayed, not much different from when Lin Ran had just left, but what surprised Lin Ran was that the entire room, whether it was the bed, the table, or even the floor, did not have a bit of dust on it, as if someone cleaned it every day.

“Chase certainly wouldn't be so diligent, this room must have been visited before and stayed for a short period of time!”

Lin Ran spoke up.

“Someone has been here? Who could it be!”

Song Nuan asked, the person who could touch this place obviously knew Lin Ran very well and knew that he had stayed here before, so what was the purpose of the other party coming here?

“That's the point, if we can find out who the person who came is, a lot of mysteries might be uncovered!”

Lin Ran said.

“Mysteries?”

Song Nuan was puzzled, what mysteries she didn't know at all.

“Have you forgotten? The person behind the five poisons, I suspect that the person behind the five poisons, is probably the same person as the one who wants to murder!”

Lin Ran said.

“Then find out if you have any clues!”

Song Nuan urged.

Lin Ran nodded and whirled around to check it out.

The entire room hadn't changed much from when Lin Ran left, only a few small details were different, Lin Ran looked through the changes, but found nothing out of place.

“Could it be in the bathroom?”

Song Nuan asked.

“Not necessarily, go check it out first!”

Lin Ran said, and instantly walked towards the washroom.

The entire inside of the washroom was pretty much the same as usual, and Lin Ran still didn't have any luck after checking it out.

“What now!”

Song Nuan was a little discouraged, and just then, Lin Ran suddenly thought of something and said.

“Do you still remember when you took a shower here and the glass in the bathroom could be made up to be transparent!”

“You”

Song Nuan smiled and her pretty face suddenly turned red, how could she not remember.

The last time she took a bath here, the glass ended up being made transparent by the water mist, the key was that this guy Lin Ran was actually

“Suddenly say this why, is it that you regretted last time and did not look at it for a while longer!”

Song Nuan glared at Lin Ran and asked.

“How is it possible, I am that kind of person?”

Lin Ran was helpless, and immediately turned the bathroom faucet to hot water to catch a basin, following it and splashing it on the glass.

As the glass was wet, the transparency on top of the glass instantly changed, turning from gross glass to transparent at once.

“What is this!”

Suddenly, Song Nuan exclaimed out loud.

Lin Ran looked up, only to see that on the not-so-large piece of woolen glass, there were actually four patterns primed, which looked very strange!

“What is this thing?”

“It’s a person!”

Lin Ran said with a frown.

“People? How can it be so small!”

Song Nuan was puzzled.

“It’s a paper man! It’s been split into five pieces: head, body, arms, and legs!”

Lin Ran said word for word.

“Then what the hell is he up to!”

Song Nuan asked, vaguely feeling that things were a bit bad, I’m afraid.

Lin Ran frowned and said a moment later.

“This is a paper man demanding my life, the other party wants me dead!”

“Who the hell is it!”

Song Nuan asked with a frown, following which she responded that Lin Ran didn’t even know who it was, so how could he answer him.

“So what now?”

Song Nuan asked afterwards.

“First break his game!”

Lin Ran said, while carefully snapping off all the few pieces of shredded paper on the glass.

“Why is there hair on this!”

Song Nuan got close and frowned as she looked, on top of each piece of paper, there was obviously human hair that looked very striking.

“This is my hair!”

Lin Ran said.

The paper man claiming his life was actually a form of witchcraft, he had combined my hair with these four pieces of paper to make a puppet-like object as a way to inflict harm on me.

“You’re talking about the kind that ties puppets?”

Song Nuan asked, she had never seen this kind of method Lin Ran was talking about, but she had often seen the witchcraft of tying puppets on TV, and it was quite similar to this.

“More or less!”

Lin Ran nodded, and immediately took out the fire engine and burned the paper figure and hair to the ground with one hand.

“Then how come nothing happened to you at all?”

Song Nuan asked in amazement, Lin Ran hadn’t changed much lately either, he was pretty much the same as before and could not see any signs of persecution at all.

“That’s because I’m in good health!”

Lin Ran laughed lightly, in fact he knew in his heart that it was mainly because of the mouthful of true qi in his body.

This mouthful of true qi was obtained from inheriting the Xuan Yang Pharmacopoeia, just like the Qi of Heavenly Blessing obtained by his ancestor who travelled the world and practiced medicine in the world, so how could a mere paper-tied man’s little witchcraft hurt him.

“Less stinky, what now!”

Song Nuan gave him a blank look, then asked.

“What else can I do, let’s leave first, this paper-tied man is completely useless to me! The murderer shouldn’t come back.”

Lin Ran said.

“Isn’t there any way you can find him directly? It’s a hard feeling to be watched by a bad guy behind your back!”

Song Nuan said.

“No!”

Lin Ran shook his head, the other party was obviously not an amateur, or at least knew something about the art of feng shui, to do such a thing had obviously wiped any traces clean, I’m afraid it would be very difficult to find.

Seeing Song Nuan’s worried face, Lin Ran laughed and said.

“Don’t be anxious, a horse will always reveal itself, respond to all changes with no change, we will definitely be able to catch him!”

“Okay!”

Song Nuan was helpless, even the person in question was so calm, what was there for her to be anxious about, and even if the other party’s target was herself, this wasn’t still this personal bodyguard protecting her all the time, she wasn’t worried.

The two of them left the rental house and then chatted with Chase for a few minutes, explaining that he would inform himself first if there was any situation, and then Lin Ran took Song Nuan and left.

But just as the two were about to drive out of the city village, suddenly Lin Ran actually stopped the car.

“What’s wrong?”

Song Nuan asked in confusion.

“Look over there!”

Lin Ran gestured for Song Nuan to look at the roadside in front of him, where a black luxury car was parked.

“Isn’t it just a luxury car, you’ve seen less here?”

Song Nuan was surprised, this urban village was part of the demolition area, everyone in the village was a profiteer, luxury cars could be seen everywhere, there was nothing strange about it.

Lin Ran shook his head and said.

“No, this license plate number, it’s exactly the same as what Liu Wenlong’s siblings said, that guy must be around here!”

Wonder Doctor Read Online Chapter 182

“Look, someone’s coming over!”

Suddenly, Song Nuan opened her mouth and shouted, Lin Ran looked, and indeed found a man burrowing out of a thin crack in the middle of two residential buildings.

He was wrapped in a trench coat, and although it was already autumn, this costume was still very eye-catching, and the first time Lin Ran saw it, he actually felt that this person’s figure was very familiar.

“Stay in the car!”

Lin Ran didn't have to think much about it and gave an explanation, followed by jumping out of the car and rushing directly towards the other party.

“Hm?”

The other party was very sharp, and when they noticed Lin Ran, they immediately abandoned their car and rushed towards the lively city village in the distance.

It was already late in the day, and the other party was wearing a windbreaker, so once he rushed into the darkness of the crowd, he lost sight of him, and Lin Ran could only chase after him with a rough sense of what he was doing, but luckily he was better than the other party, so he didn't lose him.

The two of them ran wildly all the way, the other party kept looking for a crowded place to run, but in the end, they found that they still couldn't shake off Lin Ran.

“Damn it!”

Cursing angrily in his heart, the man in the windbreaker ran directly towards a residential building under construction on one side, and in two or three steps, he rushed straight to the top of the building.

Since it was an under-construction urban village, the distance between each residential building was very small, and after Lin Ran followed and rushed up in, he immediately noticed that the trench-coated man was already weaving quickly through the roofs of the buildings, crossing over

the roofs of one under-construction house after another and running wildly towards the distance.

“Trying to get away!”

Lin Ran’s heart snapped and he immediately chased after him.

Although he was not a practitioner by birth, but inheriting the Xuan Yang Pill Canon had changed Lin Ran’s body so drastically that today’s Lin Ran had long since ceased to be one of those practitioners.

Two triple leaps and soon, Lin Ran had caught up with the man in the windbreaker. It turned out that after this guy ran to the top of a residential building, he found that he had reached the end of the village ahead and that there was no building at all as there was flat land ahead.

“Who the hell are you!”

Lin Ran chased him to this point and barked a question.

The other party turned back, his face covered with a black cloth, so he couldn’t see his face at all, but the pair of cold eyes between the slits was a look that made Lin Ran’s face sink.

“Who the hell are you!”

Lin Ran once again chided, these eyes he had definitely seen somewhere, and more than once, but how could he not recall them now.

In fact, it wasn’t Lin Ran’s fault, after all, if he really bumped into them on a normal day, the other party would never have such icy eyes, at this moment this icy coldness was definitely hidden on a normal day.

“You will know! But not now!”

The other party's voice was hoarse, Lin Ran could hear that it was deliberately pinching his voice, not his own voice at all, obviously the other party was afraid that he would recognise it.

“You think you can still get away!”

Lin Ran's face turned cold, his eyes narrowed slightly as he lunged at the man in the windbreaker.

However, the other party was prepared for this, and at the same time as Lin Ran moved, he only saw his palm flung, and the entire drying rack next to him was flung towards Lin Ran.

The drying rack was full of women's clothes, so Lin Ran kicked it away, but the clothes scattered all over the sky were blocking his view, and some even landed on his body.

“Stop right there!”

Seeing that the man in the trench coat had already rushed to the edge of the roof, Lin Ran didn't care about anything else and copied the clothesline to the side and flung it towards the other party.

But at that moment, a middle-aged woman came out of the entrance of the roof in a rage, and this scene caught Lin Ran off guard.

But it was this moment of hesitation, when Lin Ran looked over again, the man in the trench coat was already jumping off the roof.

“Cao!”

Lin Ran couldn't help but curse and followed, rushing over and looking downwards, only to see that the man in the trench coat had already slid down the wall, his figure quickly disappearing at the end of the field.

“Damn it!”

Lin Ran punched the wall, his heart very chagrined, if it wasn't for the sudden change of heart just now, there was absolutely no way he would have let the other party escape.

“Catch the thief! Catch the thief!”

Just as Lin Ran was chagrined, a pig-killing sound came from behind him.

Lin Ran turned to look, only to see that the middle-aged woman at the back had by now stood up and was shouting at Lin Ran.

“Stop shouting, I'm not a thief!”

Lin Ran said speechlessly.

“Still trying to cheat me, how dare you say you're not a thief when you have so many clothes on you!”

The middle-aged woman said, then seeing what was on Lin Ran's head, she immediately jumped and hurriedly took two steps back while blocking her hand in front of her body.

“You... Don't you come any closer!”

“What?”

Lin Ran was a little confused, why did this woman suddenly have such a drastic change in attitude.

“Young man, I didn't expect it, you're not good at learning anything at a young age, but you're actually learning this kind of nasty hobby, Big

Mother I'm already over forty, you can't let me lose my fortune late in life!"

"Auntie, what are you talking about!"

Lin Ran was dumbfounded, what was this all about, he hadn't done anything, how could he be described like this.

"Auntie, I'm a good young man, don't slander me!"

Lin Ran said speechlessly.

"A good young man? Is there a good young man who stays up at night to steal underwear from the roof of someone else's house?"

Big Mother was wary to, then looked around and said with a strange look in her eyes.

"I may be charming, but it's not appropriate for you to be here at night, your grandfather is still at home!"

"..."

Lin Ran almost didn't throw up at his words and hurriedly said.

"Okay, okay, big mama, who are you to call me a delinquent youth, do I look like one?"

Lin Ran said helplessly.

"Very much like it!"

Big Mother said, pointing to the top of Lin Ran's head.

“If you don’t believe me, feel it for yourself, with my underwear on your head, it’s hard to use it as sunglasses!”

Lin Ran wiped it, and indeed, he hurriedly threw it aside as soon as he could and said helplessly.

“This just fell on by accident, you can’t be ridiculous!”

“Is that so? It doesn’t look like it to me!”

Big Mother said, while actually walking tentatively towards Lin Ran.

“What do you want!”

Lin Ran was startled and hastily shrank back. Seeing that the other party was still walking towards him, he was so frightened that he pointed to the side and said.

“Look over there! There’s someone!”

“Who!”

The aunt was startled and hurriedly turned her head to look, but she didn’t find anyone, and when she turned her head, Lin Ran was already gone.

“Hey! Where’s the person?”

Big Mother was a little confused.

Lin Ran, however, had already slid down the edge of the roof and bailed out.

Just kidding, this big lady obviously wanted to make a move, if she didn't bolt, I'm afraid this innocent body would have to be accounted for here today.

“Luckily! Luckily!”

Lin Ran's heart was squared away as he escaped without a hitch.

Back in the car, Song Nuan was still waiting anxiously, and when she saw Lin Ran return, she hurriedly came over.

“How did you catch up?”

“Almost, a big lady messed it up!”

Lin Ran said helplessly.

Speaking of big mothers, he remembered what had just happened.

This was really bad luck.

Wonder Doctor Read Online Chapter 183

It was after eleven o'clock at night when the two arrived home, and the night was without words.

Early the next morning, Song Nuan went to school, while Lin Ran came to the shop early to check on the renovation.

The renovation team had already come over and was delivering materials inside. Lin Ran took a closer look at the materials and saw that there were no problems, so he was completely at ease.

After leaving the shop, Lin Ran called Li Wansan directly to inform him of his need for medicinal herbs.

Li Wansan's family was in the herb business, and although the shop he owned only sold high-grade medicines, his family's factory had all kinds of medicines, so Lin Ran naturally looked to Li Wansan for the supply of herbs for this clinic.

The two of them arranged to meet at a nearby cafe, and when Lin Ran arrived, he was surprised to find that Luo Cheng had actually come too.

He was dressed in a more mature high-class suit, his hair was tousled and he looked very much like a successful man.

“Brother Lin Ran, long time no see!”

Luo Cheng smiled and got up to greet him.

“Yeah, long time no see!”

Lin Ran responded with a smile, after not seeing him for a few days, Luo Cheng was indeed more and more mature nowadays, looking vaguely like the man in control of the Luo Clan.

“I heard that you want to buy herbs from Lao San?”

Luo Cheng asked with a smile.

“Mm! I've opened a clinic and need some supplies of medicinal herbs!”

Lin Ran didn't hold back, this was something Luo Qiqi knew about, and sooner or later Luo Cheng would know about it too.

“Well this is all trivial, even I can supply the herbs in Lao San’s house, let alone a small clinic like yours!”

Luo Cheng laughed and Li Wansan, who was also smiling at the side, interjected at the words.

“Right, brother Lin Ran, don’t worry about this, I will definitely provide you with the best herbs and the lowest price!”

“Then, thank you, Brother Wan San!”

Lin Ran said with a smile.

While the three of them were talking, suddenly Li Wansan’s mobile phone was ringing.

“Old San, this man is busy with his business, don’t mind!”

Luo Cheng laughed beside him again, and Lin Ran smiled and shook his head at his words.

Soon Li Wansan hung up the phone and said with a slight apology.

“I’m really sorry, recently there’s a boss surnamed Li who has been wanting to develop in the Chinese medicine industry and asked me to go over for dinner, it’s hard to refuse the hospitality!”

“It’s fine, then you go ahead and get busy, I just happen to have something else to do!”

Lin Ran laughed.

“Brother Lin, otherwise I ...”

Luo Cheng just wanted to say that he would accompany Lin Ran to leave, it just so happened that he hadn't talked much recently, but before he could finish his words, it was Li Wansan who pulled him back.

“You'd better accompany me to go, I'm not good at this kind of professional business negotiations, you go I have a bottom in my heart!”

“You All right!”

Luo Cheng was speechless and could only show a helpless expression at Lin Ran.

The first thing I did was to take a walk down the street.

Now the trail of the five poisons was broken again, and last night it was so easy to get close to the murderer, only to have the other side escape.

The murderer of Song Nuan was probably the person behind the Five Poisons, but the other party was slow to make his next move, so Lin Ran could only wait patiently.

Arriving at a square, Lin Ran noticed the huge projection screen on the square, which was playing the news.

“This station reports that the current missing population in Tamagawa City is still maintained at thirteen, according to the investigation, four of them have been identified as abducted and lost persons, all of them have now been recovered, nine people are still unaccounted for, and the suspicion of abduction cannot be ruled out!”

Looking at the news on the television, Lin Ran's heart vaguely felt that something was not quite right, nine people were missing at once, and there was no disaster or flooding, so it was obviously a bit unreasonable.

“This is not going to be related to the five poisons, is it?”

Lin Ran thought in his mind, but at that moment, a cry for help from the Grand Master suddenly came from the side.

“Help, someone is being beaten!”

Lin Ran looked and saw that not far away in the square, four or five youths in black vests were surrounding an old man, cursing under their breath.

“Old man, you’re fucking looking for death, aren’t you? How dare you hit me!”

The youth in the lead shouted, he was about Lin Ran’s age and had a black mole under his eye, which looked very striking.

And opposite him, an old man, who was over half a hundred years old and whose hair was already snow-white, stood shivering and was hurriedly explaining.

“Young man, I’m seventy years old, my legs are not good, I really didn’t mean to hit you just now!”

“I don’t care if you did it on purpose, you hit me, apologised and then wanted to leave? If you don’t get some money today, I’ll kill you!”

The young man in the lead said arrogantly.

“That’s right! You don’t even know the reputation of our Brother Mole in this area, you want to leave after bumping into Brother Mole, I think you are really old and confused!”

A little brother on the side echoed.

The old man looked helpless and said.

“I’m over seventy years old, do you still want to bother with me about this? And I’ve already apologised!”

“Apologize? What’s the use of apologizing, just pay the money or don’t leave today!”

The young man with the black mole said, while taking out his mobile phone, adding.

“No money is fine, give me your son’s mobile number, I’ll ask him for it!”

The old man’s greatest fear was to trouble his son, and this group of people in front of him was obviously not yet a good fighter, so how could he as an old man be willing to let them find his son.

“I’ll pay for it! How much does it cost!”

The old man quizzed.

“Three thousand!”

The black-marked youth smiled, but the old man was instantly baffled.

Three thousand? His monthly pension was only a little over a thousand, and he had to take medicine on a regular basis, so this money was not enough at all, asking for three thousand at once, how could he afford it.

“Hey! Aren’t you guys going too far? You’re still human if you can’t get along with an old man!”

“Yes!”

“I think we should call the police if it doesn’t work!”

Soon the surrounding onlookers couldn’t stand it any longer, and one by one they were indignant.

Seeing this, the young man with the black mole snorted coldly.

“What? You can’t stand it! You can pay for him if you’re not used to it!”

When it came to money, the people around him stopped talking. Who had a problem with money? I’m afraid not many people were willing to pay.

“I’ll pay for this!”

Just as everyone was looking at the old man with sympathy in their eyes, a voice suddenly came from afar, followed by a young man walking over.

The youth was thin, with a faint smile tacked on his face, and looked extraordinary, but his clothes were a bit rustic.

“You out?”

The black-marked youth’s eyes narrowed slightly as he sneered.

“Kid, do you have three thousand fucking dollars? Dare to play Laozi, see if I don’t get you killed later!”

“If you don’t have a diamond, you naturally won’t take this porcelain job, I definitely have the money, but it depends on whether you can get it or not!”

Lin Ran laughed indifferently while taking out a bank card.

“There’s thirty thousand on this card, as long as you can take it, it’s all yours!”

“Good!”

The black-marked youth’s eyes lit up at the words and he sneered.

“Today is really an auspicious day, three thousand is not too much, and there is a gift of thirty thousand, then I will not be polite!”

Saying that, the black-marked man shouted at the men around him.

“Go! Bring his bank card to me, tonight, let’s go to the rich and famous’s house and have fun!”

“Okay, big brother!”

They hadn’t been to the rich and famous’s house for a long time, and the Xiao Li and Xiao Lan there made them miss them!

Wonder Doctor Read Online Chapter 184

“Young man, you should go now, they are not good people!”

The old man spoke up to persuade Lin Ran, if something happened to Lin Ran because of himself, how would he, his old bones, be able to repay him.

“Don’t worry grandpa, it’s alright.”

Lin Ran laughed indifferently, but at the same time, three or four punks had already rushed over, and their fists were greeted towards Lin Ran's head.

But how could they hurt Lin Ran? With a kick, he kicked the punk in front of him away and then Lin Ran moved.

These punks found that they could not even touch Lin Ran's body.

“Brother Mole, this guy...”

One of the punks saw that the situation was not right and wanted to greet Brother Mole himself, but just halfway through his sentence, he was dumbfounded.

The Mole behind him had somehow been locked around his neck and was standing in place, not daring to move, while Lin Ran, who had just been fighting with them, had actually appeared behind him.

“Get back here, all of you!”

Feeling the coldness coming from his neck, Brother Mole shouted in fright, not that he didn't want to break free, but just now he couldn't even break a finger of Lin Ran's. He didn't doubt for a moment that if Lin Ran wanted to kill him, I'm afraid it was just a matter of exerting a little force.

“Brother, be merciful, I am a black mole, it's my fault today, you have to spare my life!”

The black mole said hastily.

“Spare your life? I didn't think you were prepared to spare the boss's life just now!”

Lin Ran said in a cold voice, forcing an old man who was over a hundred and a half years old was no different from forcing someone to die, Lin Ran did not believe his bullshit.

“No! No brother, he’s an old man who doesn’t need to hurt our peace, how about you take your hand away and I’ll buy you dinner and drinks!”

Black Mole said hurriedly, then seeing that Lin Ran was not paying attention to him at all, he hurriedly said again.

“I’ll take you to pick up girls, I’ll definitely get you whatever you fancy in the whole Temperance City!”

“Bah!”

Lin Ran smeared a mouthful of spittle on the black mole’s face and sneered.

“Not everyone is like you, only thinking about eating and drinking fat!”

“Then say, brother, what will it take for you to let me go!”

The black mole was really a bit anxious, he had never been tackled like this in his daily life, if it wasn’t for the iron grip on his neck, he wouldn’t be so aggrieved and begging for mercy.

“Get lost immediately!”

Lin Ran said.

“Fine! I’ll get out of here right now! Get lost immediately!”

The black mole hurriedly said, since his anger was raging in his heart, he had to give in at this moment, if Lin Ran really started to kill, in the end, it would be himself who would suffer.

Lin Ran smiled blandly at his words, and immediately let go of his palm.

But at that very moment, the young man with the black mole moved, he collapsed forward violently and swept his fist back from the side, straight towards Lin Ran's head.

If this group was hit, I'm afraid that Lin Ran would have to suffer a concussion or something if he didn't die.

"Young man be careful!"

The old man hurriedly warned by the side again, but as soon as the words left his mouth, he was dumbfounded.

He saw that Lin Ran was standing still, but the black mole's fist had gone straight through Lin Ran's body, without hurting him at all.

"Holy shit! What's going on!"

"Yes, this man can't be transparent!"

Even the black mole himself didn't know what had happened, his palm had just touched Lin Ran's body, but it was no different from hitting the air.

Just when everyone didn't know what was happening, suddenly Lin Ran's figure slowly dissipated, and a huge fist, directly from the front towards the black mole's cheek.

"Bang!"

With a muffled sound, Black Mole's entire body was directly knocked to the ground, and blood immediately spurting out of his mouth.

Lin Ran's punch had a very good grasp of force, only knocking out two of the black mole's teeth and not hurting his muscles and bones.

“Poof!”

A mouthful of blood spat out, with a few teeth mixed in, the black mole man looked furious and shouted at his men at the side.

“Go on, kill him, if you can't fucking kill him today, I'll kill you all when I get back!”

“Ah! It's big brother!”

The three or four punks were scared half to death, they had seen how ruthless Black Mole was, and he would really do what he said.

The three or four punks didn't care about Lin Ran's hands at this moment, they would at most be beaten up, but if they didn't go there, Black Mole's methods would be tens of times more ruthless than the youth in front of them.

“There really are those who are not afraid of death!”

Lin Ran laughed helplessly at the situation, followed by a punch that knocked the punk who rushed up to him to the ground.

After that, he lunged at several other punks, but these punks saw that their companions could not withstand one punch and directly fainted.

They were so scared that they turned around and ran away. No matter how much the black mole shouted behind them, they just ran away without looking back.

“Looks like these few of your men are no good!”

Lin Ran laughed, while walking next to the black moles.

“You Don’t you come any closer! There’s someone above me!”

The black mole was so scared that he quickly shrank back, but with all the people behind him, he had nowhere to retreat to.

“O? There’s someone up there? Who is it? For goodness sake!”

Lin Ran laughed blandly, while raising his hand as if he was about to hit someone.

“No! Don’t hit, there’s really someone above me!”

The one under the black mole said hurriedly, while taking out a gold watch and saying.

“I’m Mr. Li’s man, this is the token, if you dare to touch me, Mr. Li will definitely not get around you!”

“O?”

Lin Ran was interested and looked at the gold watch in the hands of the black mole, he had seen this gold tag before, it seemed that Li Cong had one yesterday in Digital City, he just didn’t know if this Li Cong was the General Manager Li that the black mole was talking about.

Seeing that Lin Ran hesitated, the black mole thought that Lin Ran was afraid and suddenly said arrogantly.

“Kid be smart and hurry up and get out, Mr. Li’s strength to mess with you is no different than crushing an ant, I advise you to stay where you are cool.

“Is that so? Then I’ll send you to cool off first!”

Lin Ran laughed, and immediately got up and pulled the collar of the black mole, flinging it straight towards the side.

There was a small river next to the square, where many people usually cooled off, and at this moment, the black mole was thrown into the river by Lin Ran, immediately attracting more people to look around.

The black mole couldn’t hold his face, and while flopping in the water, he hurriedly shouted.

“I... I’m Mr. Li’s man, kid You... Wait to regret it!”

“Who’s General Manager Li?”

Lin Ran asked blandly as he stood by the river.

“Want to know now,.... It’s over, you girls wait to die!”

The black mole shouted

Lin Ran smiled blandly at his words and said.

“Is that so? You’d better think about whether you can live first! This river is very deep!”

“Ah!”

Only then did the black mole react to the fact that he was still in the water, but he couldn't even touch the bottom, so he panicked at once.

“Help... Help!”

The black mole hurriedly shouted, but no one paid any attention to him at this moment, as everyone could see clearly what he had just done.

“Stupid!”

“Idiot!”

One by one, the onlookers couldn't help but laugh out loud, Lin Ran's last words were obviously bluffing this black mole.

Because the water in this creek was only two metres deep, a normal person would be able to feel it if they struggled twice, it was just that this black mole was scared out of his wits and didn't even notice.

Wonder Doctor Read Online Chapter 185

After leaving the square, Lin Ran was ready to go back, the matter of herbs was done, the next step was to wait for the shop renovation to be completed, a rough calculation showed that it would take almost a month from the renovation to the complete opening, which was the quickest the renovation company could come up with.

When he got into his car, Lin Ran was ready to leave, but at that moment, suddenly his mobile phone rang, and when he picked it up, it was a text message from Luo Cheng.

“Brother Lin Ran, things have changed, come and save us, the address is”

When he saw the text message, Lin Ran frowned, just now Luo Cheng was with Li Wansan to go to talk business, how did it not take long to send a distress text message.

Although his heart was puzzled, Lin Ran still quickly rushed towards the address.

The hotel where Li Wansan was staying was a newly opened three-star hotel, and since they were discussing cooperation, neither side had brought many people with them.

In a private room, Li Wansan and Luo Cheng were sitting on one side, while on the opposite side were three people sitting.

If Lin Ran were here, he would have recognised that this man was Li Cong, who he had met yesterday in Digital City.

Next to Li Cong, there was an old man who looked like a military advisor. The old man was over half a century old, with crane-haired hair and looked in good spirits.

As for the last one, he was in stark contrast to the old man, aged around his early twenties, with an inch of hair, a clear scar on his face and tattoos on his body, not someone who came from a serious path at first glance.

“Brother Wansan, I have come to talk about cooperation with sincerity, if you don’t agree, you are not giving me face, I value face the most, if someone helps my face, then I may not know what I will do!”

Li Cong looked at Li Wansan and smiled, but this smile was a bit seeping to look at.

“Mr. Li, we are all from the same family, so this is not the right thing to do, but to say that you are sincere and ask for one third of my shop, is this sincere?”

Li Wansan said with an ugly look on his face, originally he thought that today’s meeting would be a good cooperation.

But who knew that he would run into a rogue in the market, using tactics that were simply forcing him to buy and sell!

“Brother Wan San, you have dominated the Chinese medicine industry for so many years, you can’t let us juniors in, the good shops in Tanjiang City are in your hands, it’s not too much to give up some of them!”

Li Cong laughed, but these words had no meaning of negotiation at all.

“Li Wansan, you are a smart man, although our General Manager Li started late, but he is young, as the saying goes, the one who knows the time is a good man, you can’t be confused in this matter!”

On the other side, the warlord-like man said, it was he who came up with the idea of finding Li Wansan and talking about cooperation this time.

“Elder Huo, you are also considered a senior figure in the circle, but I didn’t expect that you would help this kid, to screw me!”

Li Wan San frowned, Huo Lao used to be a celebrity in the business circle, only later, due to family reasons, scattered his family's wealth, from then on, he no longer participated in business personally, but did the role of helping others with their advice, now it was Li Cong who spent money to get him to come.

“Sanwan, things can't be said like that, taking money from others to help others, we are all trying to make a living, people in the business world, who is in control of their own destiny?”

Huo Lao said blandly.

The tattooed man on the side was waiting a little impatiently and spoke.

“Li Wansan, don't talk nonsense, you have to sign this order today, if you don't, I will not be polite to you, I am not a cultural person like Huo Lao, if you piss me off, I will take off your legs today!”

“Black Dragon! Don't be rude!”

Li Cong opened his mouth and laughed, Black Dragon was the name of the tattooed man, he had a black qilin dragon tattooed on his body, hence the name.

“Mr. Li, we've been dragging our feet for almost an hour, the brothers have been waiting outside!”

The black dragon was dissatisfied, this was said to Li Cong, but in reality it was said to Li Wansan.

He had people outside, and if he didn't sign this order today, he wouldn't be able to leave.

“Li Cong, are you going too far, do you really think there is no one under me!”

Luo Cheng sat on the side and said coldly late.

“Brother Luo, don’t be in a hurry, who made you have to go through this mess? You don’t blame me for being ruthless, I could have planned this for a long time today, it’s fine if you don’t come, if you do then you’ll have to wait first!”

Li Cong laughed.

“Do you know who I am!”

Luo Cheng said in a cold voice, the Luo family was the leading existence in the entire Temperance City, he really didn’t believe that Li Cong dared to touch himself, unless he really wasn’t prepared to mix in Temperance City anymore.

“Luo’s grandson, the future successor, who doesn’t know that!”

Li Cong laughed.

“Good to know!”

Luo Cheng said smugly, however, Li Cong turned his eyebrows and laughed.

“But even if you are the young master of the Luo family, you can’t control this today!”

“You’re very confident!”

Luo Cheng laughed.

“That’s natural!”

Li Cong likewise laughed, today he had asked Black Dragon to stay five elite men over, the number was not much, but it was enough to deal with this kind of people in the mall, as long as they were elite.

“Besides, I know you have South City Tiger under you, but this isn’t South City, and besides, I’m sure Tiger will be quite busy today!”

Li Cong laughed.

Hearing this, Luo Cheng’s face instantly changed, he had just sent a distress text message, not only to Lin Ran, but likewise to Brother Tiger, and now it seemed that I was afraid that the only one who could make it was Lin Ran.

“There is a limit to my patience, I’ll give you one more cigarette, if you still don’t sign, then I’m sorry, Brother Wan San, I’ll have to do it the strong way!”

Li Cong said with a smile, while lighting a cigar and smoking it.

The smoke was lingering, as if it was a hypnotic thread, the root tugging at Li Wansan’s heart, his gaze not looking towards Luo Cheng, the only one who could help him now was Luo Cheng.

“What, still waiting for someone, it seems you are still waiting for Brother Tiger!”

Li Cong laughed, while taking out his mobile phone to open a video, in the video, only to see Brother Tiger and the others were being surrounded by a group of people, although the number of both sides were similar, but for a while it was impossible to get out.

“Brother Luo!”

Li Wansan’s heart was somewhat shaken, things had come to this point, there was no more time for them to choose.

“You don’t have much time left!”

Li Cong raised the cigarette in his hand, half of it had already passed.

But at this moment, Luo Cheng’s mobile phone was ringing, picking it up to take a look at a text message, and immediately the worry on Luo Cheng’s face changed to a smile.

“Boss Li, you’ve been planning for days, but you’ve missed a move after all, I’m afraid this won’t work out the way you want it to today!”

Luo Cheng said and stood up.

“Sit down!”

Seeing this, Black Dragon stood up after him and chided in a cold voice.

But as soon as his words fell, there was a loud bang, followed by the door of the room behind him being kicked open, and a young man dressed in puffy clothes walked in with big strides.

Seeing the visitor, Li Cong’s face instantly changed and he said angrily.

“Lin Ran! How could it be you!”

Wonder Doctor Read Online Chapter 186

“Mr. Li! What a coincidence!”

Seeing Li Cong, Lin Ran was also taken aback, not expecting to run into this guy here.

“You guys know each other?”

Li Wansan and Luo Cheng were both a little confused as to how Lin Ran would know this guy.

“Haha! It’s true that there’s no place to look for when you step through shoes and iron, it’s a waste of effort to get here, kid, today you brought yourself to the door, then don’t blame old me for being ruthless!”

Li Cong laughed, while giving a wink to Black Dragon, who understood and hurriedly went forward to snap back the door of the room that had been kicked off.

“Now it’s complete!”

Li Cong smiled and returned to his seat, lighting a cigarette once again, before looking at Lin Ran and sneering.

“Kid, tell me, how do you want to die! I’m in a good mood today Brother Li, if I can’t say it I can leave you a whole corpse!”

Lin Ran smiled at his words and followed and took his place next to Li Cong, just as he was about to speak, Black Dragon on the side stood up violently and looked at Lin Ran with a murderous aura in his eyes.

“Don’t get excited Black Dragon, he’s already in our pocket!”

Li Cong laughed, while looking at Lin Ran to see what he wanted to say.

“Mr Li, it seems that you are the one who is giving my friend a hard time?”

Lin Ran looked at Li Cong and asked with a smile.

“That’s right, I just didn’t expect them to be your friends!”

Li Cong said with the same smile.

“There’s really no coincidence, give me face and this will go away, how about that?”

Lin Ran said with a smile.

“Face? Heh, come on you tell me, what are you? Why should I give you face!”

Li Cong sneered as he held up his red wine glass and shook it.

“So!”

Lin Ran sniffed and lowered his head.

“Haha! See! Just this wimpy look yesterday actually...”

Li Cong laughed in triumph, but before he could finish his sentence, his hand had already bypassed the red wine glass and directly grabbed his collar, followed by Lin Ran’s head being raised.

“What do you want! Let go!”

Li Cong scolded with a sullen look on his face.

What awaited him, however, was a slap without any emotion.

“Slap!”

The sound of a crisp slap was unusually clear in the quiet room.

“You’re looking for death!”

Black Dragon scuffled and stood up from his seat, his gaze carrying an icy killing intent as he lunged towards Lin Ran.

But at that moment, Lin Ran’s foot kicked him directly in the back, catching him off guard, and he was knocked against the wall.

Only a muffled “bang” was heard, and the whole man landed on the ground.

“You You Stop it!”

Li Cong’s entire body was dumbfounded, only then did he remember that yesterday Lin Ran had beaten up his cousin’s entire security team by himself.

Just now, with Black Dragon around, he didn’t panic in his mind, which was why he was pretending to be like nothing was wrong, but now he was completely dumbfounded.

“Come on! You tell me, what are you now? Why should I stop?”

Lin Ran gave Li Cong a slap and then asked.

“I... I’m not a thing, don’t hit me! Don’t hit me!”

Li Cong begged, he was really scared, his cousin’s ribs had been broken by Lin Ran yesterday, but he didn’t want to go to the hospital for a few days, he still had big business to discuss.

“What about you?”

Lin Ran suddenly turned his head to look at Elder Huo at the side, Black Dragon had already been beaten by himself and had no fighting ability, Li Cong was in such a state, so the only one left was Elder Huo.

“I... I’m just a paid counsellor, this has nothing to do with me!”

Huo Lao hurriedly set aside his relationship.

“Huo Lao You!”

Li Cong was furious, but Lin Ran was tackling him at this moment, so even if he was furious, he had nowhere to do it.

“Then why don’t you get lost!”

Lin Ran said in a cold voice, scaring the shit out of Huo Lao and rushing out of the room.

“Fuck!”

At this moment, Black Dragon, who had fallen to the ground, finally came to his senses as he stood up and looked at Lin Ran, killing intent erupting in his eyes.

“What the fuck are you still looking at, shout for someone!”

Li Cong cursed angrily, if it wasn’t for the fact that he was still considered a businessman, he really wanted to bring his own fighters with him when he negotiated, this wouldn’t be so bad that he was now being tackled and didn’t even have a henchman.

“Don’t worry, Mr. Li, when the brothers come, they will definitely kill this kid!”

Black Dragon said as he hurriedly took out his mobile phone and called.

“Lin Ran!”

Luo Cheng saw this and hurriedly opened his mouth to remind him, but Lin Ran just looked at it, but did not say anything.

Lin Ran was not one of his men, so it was impossible for him to listen to him, he had his own code of conduct, and since he didn’t even say anything, Luo Cheng naturally wouldn’t say much either.

A phone call was made and at the same time the worry on Li Cong’s face turned into a smile.

“Kid, I advise you to hurry up and spill your guts, or else later on, I’ll make you go to heaven without a door!”

“O? Then I’ll make you beg for death now!”

Lin Ran said and slapped Le Li Cong’s face, his face was already red and swollen, but now it was even more swollen and frightening.

“Hmm! There seems to be some incongruity!”

Looking at the redness and swelling of only half of his face, Lin Ran shook his head to express his dissatisfaction, and immediately raised his other hand, making a gesture to slap.

“Stop it!”

Seeing this, Black Dragon hurriedly chided.

But Lin Ran ignored him and slapped Li Cong on the other half of his face.

“Well! Now that’s more coherent!”

Looking at the red and swollen face on both sides, Lin Ran nodded in satisfaction.

“You’re fucking looking for death!”

Black Dragon was completely furious, with him present, Li Cong was actually being beaten up like this, it was just like beating himself up.

As he spoke, Black Dragon lunged towards Lin Ran once again.

“Hey, remember to eat but not to fight!”

Lin Ran shook his head helplessly, followed by another kick, Black Dragon immediately flew backwards again, the same posture, the same wall, accompanied by the same “bang” sound, hitting the wall.

“Asshole Eggs!”

The black dragon could easily spit out two words, followed by a “thud”, once again fell to the ground.

“Brother Dragon!”

At this moment a voice rang out from the doorway, Lin Ran and the others looked, only to see a man rushing in from the doorway, he had a distinct black mole on his face, which made Lin Ran look stunned.

“Huh, you actually came out of the river?”

“You How is it you!”

Seeing Lin Ran, the black mole was startled, he had just been beaten up by this kid in the park earlier, not thinking that he would actually run into him here again in the blink of an eye.

“Black mole, why the fuck did you just come, where is everyone! Call out for someone to kill this kid!”

Seeing Black Mole, Li Cong immediately roared in anger, he knew that this guy was the right hand man under Black Dragon.

“Li... Mr. Li, there's no one!”

Black Mole said awkwardly.

“What the fuck do you mean there's no one! Where's everyone! You've eaten them all!”

Liu Cong roared, his voice so loud that it directly woke up Black Dragon who had just passed out on the side.

“Black Mole, where's everyone!”

Black Dragon woke up to see Black Mole and asked the same.

“Dragon... Brother Dragon, just now I did bring four brothers with me to wait for your news, but But!”

Black Mole stammered.

“But what the fuck, say it!”

Black Dragon cursed angrily, practically dying of impatience.

Seeing this, the black mole stammered.

“But By this kid in front of me gave the fight away I hadn't come to remember to get in touch and you just called me and told me to come over!”

“Bunch of fucking losers!”

Black Dragon was furious and went up and kicked the black mole out the door, just like a god from heaven!

Wonder Doctor Read Online Chapter 187

“Ran Brother Ran, this is all my fault, please forgive me if you don't forget the small man's fault!”

Seeing that the situation was not lost, Li Cong instantly changed his face, the quickness of this change of face simply staggered Lin Ran.

“Mr. Li, you didn't have such an attitude just now, you even threatened that if we didn't sign this contract today, we wouldn't be able to leave!”

Luo Cheng laughed, looking at Li Cong's current attitude, he simply felt ridiculous, this was the heart of a person in the shopping mall, it was simply frightening to feel.

“Brother Luo, it's true that I was wrong just now, but I was also joking with you to liven up the atmosphere, don't take it seriously!”

Li Cong cried and even laughed.

“Joking ? Fine, then I’ll call the police now and say that you joked about kidnapping and restricted your personal own, do you think it’s funny ?”

Luo Cheng laughed, while taking out his mobile phone, making a gesture to call the police.

“Brother Luo, don’t! Don’t! Ah, I’m really joking!”

Li Cong was on the verge of tears, if this matter really went to the police today, I’m afraid that it would be light to be in jail.

“That’s not even funny!”

At the side, Li Wansan couldn’t help but say, just now he was in a cold sweat, even for a moment, he wanted to give up, if it wasn’t for Luo Cheng holding on, he was afraid that he would have already given up.

“Brother Wan San, I am really joking, I will definitely not get involved in the Chinese medicine world in the future, believe me and beg for mercy to spare me!”

Li Cong said hurriedly, he was truly afraid.

He had seen Lin Ran’s methods, not to mention hitting on the wall, even the two random slaps just now had already made him a bit overwhelmed, if he was beaten up violently, I’m afraid his life would have to end here today.

“Did it bother you ? Why didn’t you think of sparing me just now ?”

Li Wansan had cold intent in his eyes as he turned around to look at Lin Ran and said.

“Brother Lin Ran, Li Wan San owes you another favor for this today, I’ll provide your clinic with free medicinal materials for a year, even if it’s my way of repaying you!”

Li Wansan solemnly said.

“Brother Wan San, that’s not acceptable!”

Lin Ran hastily refused, but Luo Cheng, who was at the side, laughed.

“Lin Ran just accept it, if you don’t say yes to him, I’m afraid he won’t have the heart to sleep at night!” ,

“Er”

Lin Ran was stunned for a moment, then laughed.

“That’s fine!”

Lin Ran did not know how much loss his presence had helped Li Wansan save, just a third of the shop could bring in dozens of times more profit each year than this clinic’s annual medicinal herbs.

“What do they do now?”

Lin Ran looked at Li Wansan and Luo Cheng, these two were looking for trouble with the latter after all, so naturally they should be left to them to deal with.

“Just tie him up and leave him here!”

Luo Cheng said, everyone was a businessman, it was impossible to really throw Li Cong into the river and feed him to the fish.

“OK!”

Lin Ran nodded his head, indicating that he had no objection.

“Thank you! Thank you, grandfathers!”

Li Cong smiled and breathed a sigh of relief, as long as his life was preserved, whatever else, was unimportant at this point.

“Don’t be complacent, although death is spared, living is hard to escape!”

Lin Ran laughed, followed by finding a rope to tie up Li Cong, only this tied face held iron blue, almost did not strangle Li Cong alive!

“Remember, in the future, if you find trouble with my friend, I don’t mind sending you down the river to spend the night with the fish!”

Before leaving, Lin Ran deliberately “admonished”.

“No I don’t dare! I won’t dare to do it again!”

Li Cong was scared out of his wits, so how could he dare to go against Lin Ran, who was already burning incense for letting him go today.

The three of them soon left the hotel, and as for Black Dragon and Li Cong, they were naturally tied up and left in the hotel.

Although the two of them did not say anything, Lin Ran knew very well that they had been in Tanjiang City for so many years, which one of them was easy to mess with.

Today, he was set up by Li Cong, so he naturally went back to work out how to deal with this guy.

“It seems that this Li Cong will have a hard time gaining a foothold in Tanjiang City in the future!”

Lin Ran said indifferently, with the Luo family’s power to retaliate, it was still very easy to make Li Cong have no foothold in Tanjiang City, which was why Li Cong had never let Luo Cheng leave before.

After leaving, Lin Ran did not go home, Song Nuan was eating at school at noon, so he went straight back to the shop to see how the materials were transported.

However, just after he arrived at the shop, he received a phone call from Luo Qiqi.

“Hello? What’s going on?”

Answering the phone, Lin Ran asked.

“What, nothing can’t come to you?”

Luo Qiqi was dissatisfied, ever since the matter of the shop was settled, this guy had been gone all day long, and he didn’t know what he was busy with.

“No, I’m just busy!”

Lin Ran laughed awkwardly.

“Alright, I won’t tease you anymore, Wang Yifeng is looking for you, it seems like something important, he won’t say anything even if you ask him!”

Luo Qiqi said.

“Urgent matter? Where is he?”

Lin Ran asked, there was something urgent, this guy should be right next to him, why didn't he call in person.

“He went to buy a phone, like he said something about it, it got messed up by something dirty, that's why he found me and asked me to call you!”

Luo Qiqi said.

Lin Ran smiled for a moment, the phone had been messed up by something dirty, what kind of dirty thing would it have to be to be interested in a phone.

“Alright, I get it, name a location, I'll go over there now!”

Lin Ran said, then when he received the address, he hung up the phone and rushed straight over.

The address that Luo Qiqi had sent was on a street, marked on the map as a mobile phone shop, which should be the place where Wang Yifeng bought another mobile phone.

Lin Ran drove to the place and Luo Qiqi had already been waiting at the entrance for a long time.

“Why did you only come, so slow!”

Luo Qiqi complained with a pout.

“Eh... That's still slow, it's only taken five minutes!”

Lin Ran was speechless, he was already driving very fast, but this guy still said it was slow.

“Stop it, where’s Wang Yi’s life.”

Lin Ran hurriedly asked, digressing from the topic.

“Inside, but you’ll have to hold back and not get angry when you see him later!”

Luo Qiqi said with a smile.

“What do you mean?”

Lin Ran was filled with confusion, what the hell was this guy up to?

“You’ll know if you go in and take a look.”

Luo Qiqi smiled mysteriously without saying anything.

Lin Ran had no choice but to walk in by himself.

The mobile phone shop was small, of the small roadside shop variety, and Lin Ran had just entered when he saw Wang Yifei’s figure and heard his voice at the same time.

“Beauty, you have to trust me, I’m a feng shui master, your condition is typical of yin qi and blood deficiency, a mild case of stunted growth, a serious case of growing a beard!”

“Ah! What am I going to do then!”

Across the table, a sweet-looking beauty asked nervously.

Wang Yifei pondered for a moment, then said.

“Yin Qi and blood deficiency is an internal disease, according to my opinion, you need to massage plus massage, this is my home address, you can go to see me when you have time, I will give you a few massages to guarantee that your hands will be cured!”

“So... How much does that cost?”

The beautiful saleswoman asked worriedly.

“You and I have a destiny, it’s tacky to talk about money!”

Wang Yifei pretended to be bashful did he.

“So what do I need to pay attention to now?”

The beautiful saleswoman continued to ask.

This time, without waiting for Wang Yifei to speak, Lin Ran behind him spoke up.

“There’s nothing that needs attention, just have more hot water before your period!”

Wonder Doctor Read Online Chapter 188

“Huh?”

Hearing Lin Ran’s words, the beautiful saleswoman was stunned for a moment, before she thought to gasp that her special day was coming up.

“Liar!”

The beautiful saleswoman looked at Wang Yifeng and gave him a blank look, if Lin Ran hadn't reminded her, she would have really fallen for this Wang Yifeng's trick today.

“Brother Lin, don't be so cruel, is it easy for me to pick up a girl!”

Wang Yifeng cried, he had bought a mobile phone and had a hard time picking up a girl, only to have it ruined by this kid Lin Ran.

“Pick up a girl? Don't you have one already!”

Lin Ran said in surprise.

“When did I have one?” Wang Yifeng was also stunned, then he remembered something and cursed angrily.

“Lin Ran you son of a bitch, I'm not happy when it comes to this, why should yours be a big beauty like Chen Shui'er and mine an old woman! Bastard, you must have connections!”

“Seems so!”

Lin Ran didn't feel blushing either and said with a smile.

At this moment, Chen Shui'er also jumped out of the ring and laughed.

“It doesn't matter if this has connections or not, the main thing is the person!”

“What people!”

Wang Yifei looked at Chen Shui'er and asked in confusion.

“Handsome people, and not so handsome people!”

Chen Shui'er laughed.

Wang Yifeng smiled and his head was suddenly filled with black lines.

“Chen Shui'er!”

Said Wang Yifeng, he was about to go up and give Chen Shui'er a good tune-up, but before he could move his feet, the beautiful saleswoman on the side was surprised and asked.

“Who are you talking to? What Chen Shui'er?”

Chen Shui'er, the nympho, was a soul body and did not want to be seen, others could not see it, only people like Lin Ran and Wang Yifeng, who knew feng shui and had opened their celestial eyes, could see it.

“Er No, there's not much of a crowd!”

Lin Ran laughed and joked, while pulling Wang Yifeng and ran out of the mobile phone shop.

When they got outside, Lin Ran was busy asking.

“Alright, stop it. What exactly is it that you're looking for me for!”

When he heard Lin Ran ask about the business, Wang Yifeng also put away his playful look and said with a serious face.

“I took on a job yesterday, but it's... There's some trouble!”

“Is it some kind of stern ghost that can't be solved.”

Lin Ran said, this guy was a feng shui master, a self-proclaimed master of demon subjugation and demon removal, taking on jobs that were

nothing more than some kind of demon subjugation, face reading and feng shui or something.

“Just kidding, what problem is there that I, Wang Yifeng, can’t solve, I’m just thinking that I’m a brother and I’ll share a piece of you if there’s something good! Haha!”

Wang Yifeng said with a smile.

“Sorry then, I’m not interested!”

Lin Ran said and turned around to leave, Wang Yifeng hurriedly stopped him and said.

“No, no, Brother Lin, Brother Lin! Papa Lin don’t go, I really can’t handle this job alone!”

Wang Yifeng still conceded.

“Say it, where’s the place!”

Lin Ran turned around and asked directly.

“No. 18, Garden Road!”

Wang Yifeng hurriedly gave out the address.

Lin Ran didn’t say anything, and immediately followed Wang Yifeng.

Originally, he didn’t want to bring Luo Qiqi with him, but this girl was like a little greedy cat after not seeing her for two days, and she insisted on following him, so he had no choice but to bring her along.

Garden Road is a very magical place. It is said that it used to be the birthplace of Tamagawa City, originally a small village, but it was this village that gradually expanded and became the present-day Tamagawa City.

But while Tamagami City has taken shape, Garden Road has fallen into decline. The whole of Garden Road still has its original exclusive courtyard, but the people who live here are few and far between, and most of them are old people of advanced age.

Lin Ran and the two of them, led by Wang Yifeng, soon arrived at this place, the house was empty, Wang Yifeng took out the key and walked in directly.

“The owner of this house is an old man who moved out due to the lack of peace in the house, everyone here has money, that old man promised me a million dollars as long as I settle the matter in his house!”

Wang Yifeng said smugly.

“And, one million and you come to risk it, I can tell you, my life is more than a million, Lin Ran is more than that!”

Luo Qiqi was dissatisfied, this kind of place looked haunted, in case there was danger, it was fine if something happened to her, if something happened to Lin Ran, then she...

When she thought about her future life with Lin Ran, Luo Qiqi suddenly beat a retreat and went to Lin Ran's side and said.

“Or else let's go back!”

“We've come, isn't it too useless to go back, don't worry I'm here!”

Lin Ran said seriously.

“Mmm!”

Hearing Lin Ran’s words, “I’m here”, Luo Qiqi’s heart could not help but be warmed, and at the same time, she also put her heart down, indeed, this guy was different from normal people, with him around she could also feel at ease.

The three of them soon entered the room, and Lin Ran found that it was an exclusive small courtyard with a duplex structure. Although it looked like a one-storey square outside, once you entered, you would find that there was a basement level on the ground floor.

“Originally this place was all a small two-storey building, but then I heard that it would not be demolished and that high voltage lines would have to be crossed above it, so it was all demolished into a one-storey one!”

Wang Yifeng said while staying two people to the basement.

In the basement, it was cold and damp, and even when the light bulbs started, it still looked very dim.

“It’s so gloomy in here!”

Luo Qiqi couldn’t help but come over to Lin Ran’s side, clutching the corner of the latter’s coat tightly.

“Don’t worry, it’s fine!”

Lin Ran said comfortingly.

At this moment, the three of them had already descended down the wooden ladder to the bottom of the basement.

The basement was not very large, only a dozen square metres, and there was a lot of miscellaneous stuff piled up, so there was only four square metres of space to land on.

“Where exactly is this thing you speak of?”

Lin Ran asked.

“It’s down here!”

Wang Yifeng made a soft gesture and whirled around, pointing to the only place where he could land.

Lin Ran and the two of them looked, and indeed, they found that on the flat bottom of the piece, there was actually a wooden board that seemed to be snapped into the ground like a manhole cover.

“That thing is in there, last time I was caught off guard and was sneaked up on by it!”

Wang Yifeng whispered.

“Then why are you still standing there? Open the lid!”

Lin Ran looked at him and said.

“Fine! Then you cover for me!”

Wang Yifeng said beside him again.

With the experience from last time, this time Wang Yifeng was obviously much more careful and placed his palm gently on the edge of the wooden board, ready to pull.

The whole basement was silent, and all three could only hear their own heartbeats.

However, just as Wang Yifeng was about to pull the lid, suddenly, a “ticking” sound came from the quiet basement.

“Tick! Tick! Tick!”

It was a rhythmic sound that rang once every ten seconds. When such a sound appeared in such a place, Luo Qiqi could not help herself and opened her mouth to scream out.

Luckily, Lin Ran reacted quickly and covered her mouth as he whispered.

“Don’t be nervous, it’s the sound of a dead phone!”

“A dead mobile phone? Which one of you has a dead phone?”

Luo Qiqi asked with a sniff, the tension in her heart inevitably relieved a few points.

On the side, Wang Yifeng sniffed a little embarrassed and said.

“Which It seems to be my last phone, when I came here before, I accidentally got the phone down by that guy, it should be that it ran out of battery!”

“Stupid you have to!”

Luo Qiqi glared at Wang Yifeng, practically wanting to strangle him to death.

Lin Ran ignored the two as he gently hung down the dirt on the wooden board, following which a pattern was revealed on it.

“What is this?”

Wang Yifeng hurriedly came over and asked.

Lin Ran frowned as he looked, and after a moment said.

“What’s here is not ordinary, it’s the Feng Shui pattern of the Nine Fate Locking Furies!”

“The Nine Fate Lockdown ? What the hell?”

Wang Yifeng asked, his face full of bewilderment.

“Hey! Are you feng shui or not, you don’t even know about the Nine Fate Locking Furies!”

Luo Qiqi said speechlessly beside her again.

“You know?”

Wang Yifeng looked at her with a longing face.

“Nonsense!”

Luo Qiqi looked as if she had a good idea.

“Then tell me!”

Wang Yifeng said.

Luo Qiqi gave him a blank look at his words and said.

“Nonsense, of course I don’t know, I’m not a feng shui master!”

“Not a feng shui master, what are you bothering to say!”

Wang Yifeng was speechless for a while and hurriedly looked at Lin Ran.

“What is the Nine Fate Locking Furies?”

Lin Ran sniffed and glanced at him, then asked rhetorically.

“Nine is a saying in the Feng Shui path, do you know what it is?”

“Nine is the extreme of numbers!”

Wang Yifeng said with a dumbfounded expression.

“Even a child knows this, and you’re asking me this!”

“Then do you know, the Nine Fate Heavenly Worker Pattern?”

Lin Ran continued.

“The Nine Destinies Heavenly Worker Grid?”

Wang Yi was stunned, and immediately seemed to think of something as he hurriedly said.

“You mean, the Nine Destinies Heavenly Worker, the Locked Fate Pattern!”

“It seems you’re not stupid!”

Lin Ran laughed.

The so-called Nine Fates of Heavenly Work refers to the Nine Fates of Heavenly Work astrological sign, and when this Nine Fates of Heavenly Work astrological sign appeared, it was often accompanied by the descent of a heavenly evil, which was the beginning of a great calamity.

This is why in Feng Shui, there is also a man-made version of the Nine Fates of the Heavenly Worker Feng Shui Bureau, known as the Nine Fates of the Heavenly Worker Locking Up the Furies Bureau.

“What are you chattering about? I don’t understand a word of it!”

Luo Qiqi was a little speechless.

Seeing this, Wang Yifeng laughed and said.

“Little beauty, do you know how to speak of the Nine Fates?”

“How do you say it?”

Luo Qiqi had a curious face, although she didn’t know feng shui, she didn’t mind learning more in order to have more to talk about with Lin Ran.

Seeing this, Wang Yifeng smiled mysteriously and then said.

“Nine lives, it means that here, a full nine human lives are buried!”

“Ah!”

Luo Qiqi’s little face turned pale when she heard this, and she couldn’t help but grab Lin Ran’s arm and lean towards the latter.

“Holy shit! I told you, why don’t you lean towards me!”

With a jealous face, Wang Yifeng couldn’t help but think of his old woman again.

“God is really unfair too!”

Luo Qiqi didn’t notice his little thoughts and asked.

“Then won’t this place become a mass grave!”

When she said the last three words, she even felt the gusts of gloomy wind around her and unconsciously burrowed into Lin Ran’s arms again, looking at Wang Yifeng’s eyes that red.

“What mass grave, although there are nine dead people buried, but it has been many years ago, it has long since turned into mud, don’t give yourself an excuse to burrow into Lin Ran’s arms!”

Said Wang Yifeng with a sense of justice.

“Although you do so, Lin Ran has no problem, but I have a problem, you guys take care of the feelings of single dogs, okay!”

“Just don’t take care!”

Luo Qiqi said as she spat out her tongue.

Wang Yifeng felt like he had been hurt by 10,000 points, and looked like he was in a state of lifelessness.

“Alright, stop bickering!”

Suddenly, Lin Ran spoke up.

“What’s wrong?”

Wang Yifeng hurriedly came over, looking tense.

“Something doesn’t feel right, the Nine Fate Locking Fate Bureau here seems to have been tampered with!”

Lin Ran said.

“It’s been tampered with? Who!”

Wang Yifeng asked, only as soon as the words with out, he regretted it himself, how would Lin Ran know.

“Stupid, if we knew, we would still need to investigate here!”

Luo Qiqi couldn’t even help but say.

“I don’t know know that I’m wrong to say that!”

Wang Yifeng had a impatient face, next time he said that he couldn’t bring this nee-san out, not only did he come out to spill dog food, he even inexplicably showed his love, it really made him, a single dog, have nowhere to stay.

“Someone’s coming!”

Suddenly, Lin Ran stopped checking the wooden board and looked up.

Wang Yifei and Luo Qiqi were equally startled at the words, especially the former.

“No way, the owner of the house here only invited me, ah, I just called out to you two, how could anyone else come!”

Wang Yifeng wondered.

“Could it be that the homeowner has returned?”

Luo Qiqi asked.

“No way, even if he came back, he would have spoken to me in advance, and you heard the voices, there was obviously more than one person!”

Wang Yifeng said.

“There are at least four of them!”

Lin Ran said.

As soon as he said that, the sound of a wooden ladder creaking sounded from above.

The wooden ladder was a bit old, and every time they descended, there would be this sound, and when Lin Ran and the others came down just now, there was this sound.

However, just as the three of them were thinking about who it could be, suddenly a cheerful voice came down from above.

“The director of the TCM department in Tanjiang City, I didn’t expect to be in the business of subduing demons, what, no hospital wants you?”

“Qi Yin!”

Hearing this voice, Lin Ran instantly remembered who it was, he was too familiar with this voice, it was the person who had reported him at the hospital for not being at the hospital during working hours, the head of the internal medicine department, Qi Yin.

As soon as the words left his mouth, four figures followed and came down the wooden stairs, Lin Ran looked and, good lord, they were all no strangers.

Qi Yin, Qi Muyu, Master Qi, and one that Lin Ran didn’t really know, but this one looked like he should be a fighter.

“It’s really mind boggling that you guys could get together!”

Lin Ran said helplessly, shaking his head.

“How is that surprising?”

Qi Yin sneered.

“No, no, no, as the saying goes, snakes and rats come together, so it’s normal for you guys to get together!”

Lin Ran said indifferently.

The guy who looked like a thugs was obviously a rough guy, and when he heard Lin Ran say that about himself, he burst into a rage.

“Kid, you’ve got itchy fucking skin, how dare you curse me! Believe it or not, I’ll slash you to death!”

“Ah Kui!”

To the side, Master Qi suddenly spoke up and scolded.

Ah Kui seemed to be afraid of him and didn’t dare to speak again at his words.

“Little friend Lin Ran, it’s fate that we met here, why do you have to speak ill of each other!”

Master Qi spoke up.

“Fate? Fate, my ass, you must have followed us here! Right!”

Wang Yifeng cursed angrily at his words, he had a hard time taking a business and these few people suddenly appeared, in his opinion they were here to steal the business.

“Also right and wrong!”

Master Qi laughed.

The odd-eyed speaker to one side said at just the right moment.

“We knew there was something wrong with this place, but unfortunately we didn’t have the key, so after seeing you open the door, we followed you in!”

“Follower!”

Luo Qiqi pouted at a few people in displeasure!

“Alright, say it, what’s the purpose of coming here!”

Lin Ran got straight to the point.

“Didn’t you see it all?”

Qi Yin tugged at the clothes he was wearing, as if he was dressed as a Taoist priest.

“What, Director Qi has also changed his profession to ghost hunting?”

Lin Ran sneered.

“Just him? I’m afraid he’ll be caught by a ghost, just like this, he’ll be caught by a female ghost and become a son-in-law!”

Wang Yifeng laughed at the side, his eyes full of hostility, these guys are really here to steal business.

Master Qi looked helpless with a smile and opened his mouth and said ah.

“Lin Ran junior friend, old man knows you have some misunderstanding about me, but as an elder, I still have to remind you, the feng shui bureau here is very complicated, it is better not to easily provoke, otherwise the consequences are not something you can carry!”

Wonder Doctor Read Online Chapter 190

“Who are you bluffing? Don’t think that because you’ve eaten salted duck eggs for two more years, you’re dragging your feet like you’re two-fifths of a millionaire, your grandfather Wang is an ancestral feng shui master!”

Wang Yifeng said with disbelief.

“Kid, you’d better stay where you’re cool, don’t look for trouble, or else besides problems, I don’t have time to save you!”

Master Qi said in a cold voice.

“You save me? Heh, don’t even bother to inquire about the name of your Wang Yifei, Grand Master Wang, I need you to save me?”

Wang Yifeng arrogantly said.

“Ignorant little boy, when Master Qi was out on the streets, you were still eating shit and drinking urine in your mother’s stomach!”

The tattooed man on the side scolded at his words, as if Master Qi was very important to him and looked very agitated at this moment.

“What are you, I’m talking to your master, it’s your turn to interfere?”

Wang Yifeng scolded.

“You!”

Ah Kui was instantly furious, but before he could explode, he was stopped by Master Qi on the side.

“Lin Ran, since we are here today, there is no way we can let you open this place, and I have made it very clear that the things inside are very dangerous and absolutely must not be touched!”

Master Qi said.

“If it’s dangerous, why not just eradicate it once and for all?”

Lin Ran asked rhetorically.

“Eradicate it? What’s down there can’t be eradicated at all, otherwise it wouldn’t have existed for so long and still not dissipated!”

Master Qi said.

“Lin Ran, you can’t trust them, I almost opened it last time!”

Wang Yifeng said beside him again.

Master Qi’s face visibly sank at his words as he looked at Wang Yifeng and scolded.

“You opened it?”

“No, he just opened a crack, followed by not being able to defeat what was inside and the crack healed itself!”

Lin Ran said, he had discovered this when he had probed the wooden board earlier.

“It’s lucky it didn’t open completely, otherwise I’m afraid this friend of yours would already be a corpse.”

Master Qi sighed.

“You bullshit, you’re the corpse!”

Wang Yifeng retorted beside him again.

“Alright!”

Lin Ran patted his shoulder, gesturing for him to stop, and then looked at Grandmaster Qi and said.

“Then what do you think should be done with it?”

“In my humble opinion, we should seal it up! Lest it should be a scourge to others!”

Master Qi said righteously to, but Wang Yifeng laughed at his words.

“You’re lying to fools, saying seal it! We just left before and you opened it after, do you really think we are three years old children?”

“You can also set a layer of seals!”

Master Qi said.

“How about we set a layer and you set a layer, so that whichever side opens it, at least two layers of seals need to be broken, and while breaking the seals, the other side can also sense it!”

“This solution is feasible!”

Lin Ran nodded his head.

“No Lin Ran, how can you agree to his opinion, this is a job I took, if I do this and turn around and something goes wrong, how can I explain to my employer!”

Wang Yifeng hurriedly said.

“Kid, don’t you understand? This matter is no longer a family matter for the employer, this is a matter for the feng shui world, if the things here are released, the woe will not only be for this family!”

Master Qi said in a cold voice.

“Why should I trust you!”

Wang Yifeng frowned, he really couldn't trust these few people in front of him.

“Lin Ran!”

He turned his head to look at Lin Ran, he could only listen to his opinion now.

“I agree with Master Qi, what's inside is unusual, opening it rashly won't be good for any of us, it would naturally be best if it could be sealed down permanently!”

Lin Ran said.

“Then the employer's side”

Wang Yifeng still has some concerns, after all, it is this matter and the employer, so there is more consideration.

“Don't worry about the employer's side!”

Lin Ran said.

“We've added seals to this thing, if once it's broken open, as long as we didn't do it, then it's bound to be them, and they'll be responsible for it then!”

“Alright then!”

Seeing that Lin Ran had said so, Wang Yifeng couldn't say anything else, and had to agree.

The art of sealing was the ability of every Feng Shui master, so naturally it was impossible to perform it in front of others.

As he was not sure, Wang Yifeng first let Lin Ran cast a layer, and then after Master Qi and the others had done so, he let Lin Ran add another layer on the outside.

Of course, this last layer was naturally added secretly, without Master Qi's knowledge.

Leaving the basement, Lin Ran said goodbye to Wang Yifeng, this guy was busy going to report to his employer.

“Are you leaving now?”

Luo Qiqi looked at Lin Ran, with reluctance in her eyes.

“If you're not leaving, it's hard to stay at your house at night!”

Lin Ran laughed and rubbed her head.

“Sure, I don't mind!”

Luo Qiqi laughed at once.

“I don't mind either!”

Lin Ran followed and laughed.

“Let's go then!”

Luo Qiqi said excitedly, but Lin Ran shook his head.

“But your parents will mind!”

“Who said that, my parents won’t mind, they can’t wait for this silly ninny to get married off quickly!”

Suddenly a voice came from the side, both of Lin Ran was stunned, following which he looked, and immediately Luo Qiqi’s pretty face turned red.

“Who told you to eavesdrop on us!”

“Haha, look, this nee-san is even shy!”

Luo Cheng laughed, it was him who had just spoken.

“Brother Luo, how is Brother Wan San doing?”

Lin Ran asked with a smile.

“He’s fine now, he just can’t swallow his anger!”

Luo Cheng said with a sigh.

“Right, Brother Lin Ran, I’m looking for you this time, there’s one thing!”

Luo Cheng suddenly said.

“Speak!”

Lin Ran nodded his head.

Luo Cheng thought for a moment and said.

“Actually, I just got the news, a friend of mine, who is engaged in construction sites, but something has happened to their construction sites recently and asked me if I had any solutions!”

“I don’t have any ideas, I just thought of you, I don’t know if you are free, come with me tomorrow!”

“What’s wrong?”

Lin Ran asked.

“It seems that there are several workers with different degrees of burns, but they are all overhead workers, there is no source of fire at all, very strange!”

Luo Cheng said.

“Good, then I’ll accompany you tomorrow!”

Lin Ran agreed without much thought, Luo Cheng treated himself well, this point of face must still be given.

When the matter was settled, Lin Ran went straight home, while Luo Qiqi followed the latter back to her house under Luo Cheng’s coercion.

When he arrived home, Song Nuan was already back, but this girl was not in a good mood until now because of yesterday’s incident.

Lin Ran didn’t say much, she could only slowly adjust to this kind of thing herself, it was useless to persuade her.

After making dinner, the two of them ate a few bites and quickly went to bed separately.

Before going to bed, Lin Ran looked at the news again and found that there was still no progress in the disappearance case, and the pressure of public opinion was very high, which made Lin Ran vaguely worried about Song Yujiang's situation.

"I hope he can solve the case soon!"

Lin Ran said to himself in his mind.

Suddenly, Chen Shui'er floated out of the ring and sat on the edge of the bed.

"What's wrong?"

Lin Ran asked in surprise.

"That basement today, there's something odd!"

Chen Shui'er said.

"You felt it too."

Lin Ran smiled.

"The foul Qi in there is not normal!"

Chen Shui'er continued.

Lin Ran nodded at his words, and then laughed.

"It's indeed abnormal, but someone is trying to lure us in! We're still unclear about the situation, so we can only respond to changes by going along with them first, and we'll see what happens when we turn around!"

“Hm!”

Chen Shui'er nodded, then got up and glanced at Lin Ran in the afterglow and said.

“Be careful!”
