“Who the fuck is talking nonsense where ....”

Wang Shilong just wanted to explode, but halfway through his sentence, he got stuck.

Everyone looked differently, and suddenly everyone froze.

Lin Ran and Song Nuan came side by side, but the dress code of the two was one heaven and one earth.

If I had to say what was not bad, I’m afraid it was his harmless face.

And looking at Song Nuan, a white lace dress, outlining her figure vividly, a pair of golden earrings, with a piece of jade pendant on her neck, fairy aura paved over.

Last but not least was her face that almost all women were jealous of, it was simply perfect.

For a moment, everyone present froze, the two in front of them were simply two extremes, like a beauty and a beggar.

“Holy shit, Old Six you don’t fucking mess with the body side of the clothes either!”

Liu Chen was the first to react, rushing up and giving Lin Ran a punch, laughing and scolding.

“That’s right, going out like that, wouldn’t you be worthy of our school girl? You’ve really made your parents worry!”

Brother Jiuzhi came over and added.

“It’s alright!”

Lin Ran smiled faintly, and then turned to look at Song Nuan.

“Let’s go, let’s go in!”

“Mmm!”

Song Nuan nodded obediently and consciously held Lin Ran’s arm as she walked towards the hotel’s front door.

“Stand still!”

Wang Shilong saw this and spoke up, “Leaving without saying hello? Whose company did you just say was a pyramid scheme den?”

“Did I say your company?”

Lin Ran stopped in his tracks and turned his head to ask, a faint smile always tacked on his face.

“Even if you didn’t say anything about me, but I’m the one treating the guests today after all, I, the host, haven’t even entered yet, is it appropriate for your guests to go in?”

Wang Shilong continued, his words already beginning to tit for tat.

“You don’t want to invite, I can invite!”

Lin Ran laughed.

At this moment, the crowd of students around them returned to their senses, each whispering.

“Hey hey, isn’t that Song Nuan next to Lin Ran!”

“Yeah, I didn’t expect this kid to be with the school girl school girl!”

“What about Zhao Yu?”

Someone soon asked.

“They split up. A few days ago at the school forum, you didn’t see the video of the beautiful school girl chasing after the school bully!”

“I saw it, I thought it was a staged act, but who knew it was actually real, it looks like they’re really together!”

A crowd of people were talking, their hearts couldn’t help but be a little curious about Lin Ran, this kid was dressed so shabbily, how did he get his hands on the beautiful school girl.

At this moment, Chimei was very upset in her heart, originally she and Wang Shilong were the centre of everyone’s attention, but when Lin Ran appeared, all of a sudden everyone stopped looking at her, which made her very upset in her heart.

And most of all, Song Nuan’s dress today was simply as beautiful as a fairy, and when she stood here, even the men passing by, not to mention those male students, cast envious glances, which made hatred grow in her heart.

"You can't get in!"

Seeing Lin Ran leading Song Nuan to enter the hotel again, Chimei spoke up.

However, the two of them ignored her and continued to walk towards the hotel.

"Why?"

Xiao Xiao asked from the side.

Chimei smiled smugly and whirled around and said.

"This is a four-star hotel, and the security guards won't let them go if they're not properly dressed."

"O? Is that so?"

Liu Chen turned around at this point, his face full of teasing.

"What would you say if it was released?"

Brother Jiuzhi interjected.

"There's no way it's going to be released!"

Chimene was sure of herself, she had been to the hotel I don't know how many times and knew the rules of the hotel very well.

"I've been here a lot with Seiron, I know it well!"

Chimei added, at this point everyone couldn't help but feel their hearts tighten, Lin Ran was definitely pulling his weight with this appearance, but if he was stopped by security, it would be somewhat humiliating, and very humiliating.

"It's useless for you to be clear, just say today if the security guards are unsure, what do you say?"

Liu Chen stopped Lin Ran, smiled and looked at Chimei and said, the latter had Luo's diamond card he was aware of, at this time he was naturally emboldened.

"Dead duck, if the security guards let him go even if he wears this, my Chimei name is written upside down!"

Chimei sneered.

Liu Chen smiled but shook his head and said.

"Your name to less than and what does our old six have to do with it, if released, how about you learn three dog barking?"

"Unbridled!"

Wang Shilong smiled with an ugly face.

Liu Chen, however, did not think so and laughed.

"Yo, what, Mr. Wang is angry, just kidding, forget it if you don't dare!"

Saying that, he greeted Lin Ran to continue walking, Qimei heart suffocated, eyes can't not this anger, opened his mouth and said.

"Bet on it, if he can get in dressed like this, all the spending tonight, I, Chimei, will treat again tomorrow night!"

"Wow O, domineering!"

"Rich and capricious!"

The crowd of students laughed at the words, someone treating them to dinner at a four-star hotel every day, a deal they could only dream of.

"I dare to bet, how about you?"

Chimei's face was icy cold as she looked at Lin Ran.

Lin Ran smiled and said.

"If you win, I'll get the hell out of the hotel entrance!"

"Good!"

Chimei smiled coldly at that, this gamble might seem like the smallest of Lin Ran's bets was worthless, but in reality it was exactly what Chimei wanted, Lin Ran was blocking his dignity, while she herself was just spending a few more dollars.

"Let's go in!"

Chimei said, and immediately took Wang Shilong's hand and walked towards the hotel.

The other students, watching the fun, immediately followed, and in a few moments, only the four of them were left at the entrance, Lin Ran.

"Let's get started, let's all see how you can get in!"

Chimei laughed as the other students looked at Lin Ran with some sympathy in their hearts, usually at school, they had all sought Lin Ran's help with any study problems.

But now they couldn't help when Chimei was deliberately making things difficult for them, and their faces felt hot.

There were four security guards standing at the entrance of the hotel, and looking at them, Lin Ran found some of them familiar, as if they were the ones who were in trouble with Wang Qiang last time.

"Let's go!"

Lin Ran turned around and smiled, and immediately the four of them walked towards the front door of the hotel.

The four of them had just stepped up the steps and were still two or three meters away from the front door when all four security guards actually turned around in unison, each with a serious expression and the aura of someone else.

"I go, what's going on with Old Six, shouldn't that bitch really be right!"

Liu Chen's heart was a little worried, how these four security guards' expressions didn't look right.

"Don't worry."

Lin Ran said calmly, while walking towards the hotel's front door.

Everyone inside the hotel saw the four security guards' actions and couldn't help but feel a chill in their hearts, some of them already covering their eyes for fear of the incomparable embarrassment of the scene that would happen next.

And Chimene sneered.

"See, the expressions and actions of the security guards are obviously different from when we came in, this Lin Ran has to talk tough, I come here a lot I can't tell?"

Just as the others were worried about Lin Ran, Chimei was smug in his heart and Wang Shilong had even more disdain tackled on his face, suddenly the security guards acted in a way that really made them all dumbfounded.

Only to see the four security guards, incomparably respectful, rushing towards Lin Ran, who had come close, and bowed, while shouting.

"Welcome, Mr. Lin!"

"Welcome, Mr. Lin!"

“.....”

“How is this possible!”

Seeing this scene, Chimei was petrified on the spot, while Wang Shilong’s face was even gloomy to the extreme, and the other students were all dumbfounded, their jaws dropping in shock.

When they came in just now, the security guards didn’t even look at them, not to mention shouting, so they had obviously seen a lot of people like that.

“I can’t believe it, Lin Ran, you look like you’ve made a good living!”

“That’s right, he doesn’t look very well dressed, but he’s an invisible rich man!”

A few classmates came over and laughed, Liu Chen saw this and said.

“I can’t say I’m a rich man, but our Old Six, that’s not something that anyone can compare with, like some cats and dogs, all come to compare with our Old Six, I guess they don’t go out and take a good look at themselves!”

“Haha!”

“Yes, yes, just being able to make the security guards here so welcoming is enough to see Lin Ran’s status here!”

A few students said with laughter.

Wang Shilong and Qimei’s faces were gloomy as they stood by the side, the former was fine just a little upset in his heart, but the latter’s cheeks were on fire and he didn’t dare to squeal for half a day, as if he was afraid of Lin Ran mentioning the bet.

Liu Chen glanced at Lin Ran and saw that he had no intention of mentioning the bet, so he didn’t say anything about it, but his mouth was shouting.

“Not who’s in this game tonight? Hurry up and take your seat, I’m starving!”

“Yes, I’m hungry too.”

“Hurry up, I want to eat crayfish!”

When they heard that they were seated, not only did they shout, but many of them came to such an upscale hotel for the first time and were looking forward to seeing how the food here would be different from the food outside.

“This kid is still sensible enough not to mention the bet, Shilong below you must find a way back!”

Chimene whispered, with resentment on her face.

“Don’t worry, although I don’t know what tricks this kid has used, but after all, he is just a poor student, later on I will let him know that a poor loser is just a poor loser, he can never turn around!”

If it wasn’t for the presence of so many people, I’m afraid he wouldn’t have been able to resist hitting on Song Nuan.

“All right, everyone, stop arguing and come with me, the room is on the first floor!”

Wang Shilong shouted, and the crowd gathered around him, which made Chimei’s heart happy and unconsciously straightened her back, she wanted exactly this feeling of being surrounded by the stars.

The crowd soon arrived at the front desk and Wang Shilong went to find the waiter and arrange for the room.

But the crowd waited for a while, but instead of Wang Shilong coming back, what came back was his angry roar, only to hear Wang Shilong shouting at the front desk attendant.

“Explain clearly to me, what do you mean the room is being used by someone else? I’m one of the shareholders here, do you fucking not want to work anymore, call Yang Tianming out for me!”

The crowd all rushed over at his words, only to hear the waiter excuse himself.

“Mr. Wang, I’m really sorry, Manager Yang is not here at this time.”

“What? You guys are really getting bolder and bolder, you even dare to perfume me, I tell you, if you don’t let Yang Tianming come out today, I’ll fire him!”

Wang Shilong scolded, as the son of the Wang family, this hotel was a share of the Wang family, usually everyone who came here did not treat him like a master, but today he actually suffered a defeat, even Yang Tianming dared to avoid seeing himself.

“Can you do it? The room you booked has been robbed, and you still say it’s your house, don’t be a fat man with a swollen face!”

Liu Chen mocked without missing a beat.

“Shut up!”

Wang Shilong shouted coldly, Liu Chen was just about to retaliate, but Lin Ran stopped him and laughed.

“Mr. Wang, why don't I try?”

“You? What are you, I can't even book you, what are your credentials? On the strength of your ground floor goods?”

Wang Shilong sneered, a group of students around him got a little angry at the sight, most of them were from ordinary families, where could they stand such mockery, one of the male students stood out and said.

“Mr. Wang, you are rich, but don't go too far, what's wrong with the ground stall goods? I'm also wearing ground-stall goods, isn't it your girlfriend who called for the party tonight? Don't shout at us if you look down on us!”

“That's right! It's a big deal to have some money!”

“Okay, okay, Mr. Wang may have been angry in the heat of the moment!”

Xiao Xiao hurriedly came out to round up the situation, and Chimei used the slope to rush to make amends.

“Yes, yes, Shilong is also worried that the party won't be held tonight, so don't forget your hearts!”

Liu Shilong saw that public anger had been aroused, his heart could not help but become even more annoyed with Lin Ran, looking at him and sneering.

“Fine, come on then, I'd like to see how you can book me a room! Listen carefully, it's a room! But not a place like the hall!”

Wang Shilong deliberately stressed.

At this moment, there were many empty seats in the hall, not to mention Lin Ran, even a random person could get a reservation.

Lin Ran smiled lightly, not bothering to argue with Wang Shilong, and immediately walked to the front desk.

“I want to book a private room, if not, please contact Yang Tianming for me and tell him that my name is Lin Ran!”

“Lin .... Lin Ran?”

The female receptionist's face changed at her words, and her voice unconsciously trembled a little.

"Just a moment, I'll contact Manager Yang right now!"

Saying that, she hurriedly picked up the phone and called.

"Hey? Didn't I say that Manager Yang was not in? Looks like the wrong person came after all!"

Liu Chen turned his head and laughed, seemingly talking to Zhang Xu beside him, but his voice was surprisingly loud, as long as he was not a fool, he could see that this was deliberately said to Wang Shilong.

"You get complacent first, when Yang Tianming comes down, see how I will clean him up!"

Wang Shilong's face was gloomy and furious.

Chimei was at a bit of a loss, originally tonight's banquet was purposely to show off, and to smack Lin Ran in the face for borrowing money from himself, but since this guy came out, every single thing that happened, in turn, made her and Wang Shilong incredibly embarrassed, and she even had some doubts in her mind as to who had come to smack who in the face tonight.

"Don't worry, there's no need to be afraid with me around!"

Wang Shilong could see Chimei's worry and said with a clear mind.

"You have a solution?"

Chimei asked in a low voice.

"Didn't this kid's friend say he was working at Temperance Hospital? I contacted a friend and asked him, but there is no such person at Temperance Hospital.

"Does your friend know that Lin Ran is here?"

Chimene asked, he always felt that there was something wrong with this, Lin Ran wasn't the kind of person who liked to lie.

"I didn't say that, I just said there was a party here tonight and asked him to come over."

Wang Shilong said, as soon as he heard the other party say that there was no such person as Lin Ran, his mood had long since flown to the sky, where did he pay attention to such words as whether he had said that it was a classmate party tonight and that Lin Ran was also present.

“By the way, I am also a student at Tamkang University and I know a bit about the doctors at Tamkang Hospital, who is the person you have an appointment with?”

Kime suddenly asked, still a little uneasy in her mind.

“Well, I forget the exact name, I only know that everyone calls him Director Fu, he is said to be the head of a certain department, and I have only met him once, but this person knows the score, if I call him over, he will definitely not fail to come.”

Wang Shilong was very proud of himself, as the rich second-generation grandson of the Wang family in Tanjiang City, there really weren't many people he couldn't get a date with.

While the two were talking, a figure had already rushed down from the first floor, and before the person arrived, his voice came through.

“Aiyo! Isn't this Mr. Lin? Give me a call in advance so I can make arrangements, how many people? I'll arrange a room right away!”

The person who came was none other than the hotel manager Yang Tianming, after what happened last time, Lin Ran was an absolutely sensitive figure in the Ya Xiang Hotel, Yang Tianming even explained a hundred times that he must contact himself first when he came across Lin Ran.

“No need to go to such trouble, just arrange a private room.”

Lin Ran said calmly, while Yang Tianming laughed.

“No trouble, no trouble, it's simply a great honour for Mr. Lin to come to us, I'll go and arrange it now!”

“Stop right there!”

Yang Tianming was just about to leave when a chiding voice came over, he turned his head to look and couldn't help but be stunned.

“Manager Yang, you haven't seen me for a few days, your stature has risen! Even I can't see you anymore!”

Wang Shilong tackled with a cold smile as he walked step by step.

Yang Tianming was a little surprised at first, but soon calmed down and looked at Wang Shilong and laughed.

“Sir Wang, why do you want to book a room too? Not too much of a coincidence, the rooms are indeed very tight today!”

“Then what makes him able to book, I am the shareholder of this place, what is he, you are too comfortable as a hotel manager I think, if you don’t want to do it, get out of here tomorrow!”

Wang Shilong scolded angrily.

Yang Tianming heard this but revealed a disdainful smile and said.

“Wang Gongzi, haven’t you been home for a long time, didn’t your father tell you that this Ya Xiang Hotel, no longer has anything to do with your Wang family?”

“You .... What do you mean!”

Wang Shilong’s heart thumped and had a bad feeling.

“It means that your Wang family has been removed, the shares of the Ya Xiang Hotel have been regrouped, and your Wang family’s share has been taken away by Luo’s, so your Wang family’s grandson can go wherever he wants to act like a lord, in my case, you can’t!”

Yang Tianming sneered.

These words were like a bolt from the blue, Wang Shilong directly froze on the spot, unwilling to believe it.

“This is absolutely impossible, our Wang family and Luo’s are in contact and can even cooperate in the future, how can his family take away our shares!”

Wang Shilong said, but Yang Tianming revealed a cold smile and said.

“Then we’ll have to go back and ask your brother.”

Yang Tianming didn’t bother to explain, and immediately turned around and went to arrange for a room.

Lin Ran could hear it really well at this moment, and his heart could not help but think of someone, someone who had a very deep grudge against him, Wang Qiang.

“Looks like this kid is Wang Qiang’s younger brother... it’s really an injustice!”

Lin Ran thought in his mind.

Yang Tianming, however, had already arranged the room and greeted the crowd as they went upstairs.

“Let’s go!”

Lin Ran greeted the group of students and immediately went up to the first floor, only Wang Shilong and Qimei stood in place, their faces grim, tonight was originally their treat, but now it had become Lin Ran’s treat.

“Come on, let’s go up!”

Chimei said, although she was a little embarrassed, she didn’t want to miss this reunion, she had already lost face by treating, she had to get it back at the dinner table later.

“Go!”

Wang Shilong said in a low voice, his heart was very nasty, but when he thought that he could still get back his face when he talked about his job later, he held his anger and went upstairs.

The room arranged by Yang Tianming was in a very good location, the huge floor-to-ceiling window could see the Temperance Lake outside, the beauty of the night view was amazing, and the room was even more hit and miss, there were less than twenty people in Lin Ran’s party, yet the room could accommodate forty people, apparently the room was usually closed to the public.

“Chimei, is this the same size room you guys usually come here in?”

Seemingly not noticing the embarrassment on Chimei’s face, a female student came over and asked.

“Yes .... Yes!”

Chimene laughed awkwardly.

“Alright, everyone take your seats!”

Lin Ran greeted, and only then did a group of people take their seats, only after they did so was an awkward scene.

No one had ordered anything!

Lin Ran saw this and looked at Wang Shilong and laughed.

“Mr. Wang, the room is also available, so why not order a dish?”

“Humph!”

Wang Shilong snorted coldly and greeted over the waiter and started to order, while the others opened their conversation boxes and chatted with each other, not enough for many eyes to fall on Song Nuan and tease Lin Ran.

“Ranzi, I didn’t see it coming, you’re not too lucky, you’ve actually caught up with the school girl!”

“Yes! We’re really jealous!”

“Hey, what’s it like to be the school girl’s boyfriend?”

One by one, they asked with a laugh, and Lin Ran said with a helpless smile.

“It’s alright, it’s natural to be together when the time comes!”

Song Nuan couldn’t help but pinch him and whispered.

“Less nonsense, if I had known that I was being used by you so much at night, I shouldn’t have agreed to you this afternoon!”

“It’s too late, I didn’t see you go soft when we were shopping, now you want to regret? The rice is already cooked!”

Lin Ran laughed, Liu Chen on the side only heard the last sentence and was stunned, exclaiming.

“Holy shit Old Six, you’re too fast, how can you cook rice when it’s already ripe? Little Blue and I have been talking for three years and we haven’t even held hands!”

“Fuck off!”

Brother Jiuzhi couldn’t take it anymore and opened his mouth to scold, then looked at Lin Ran and said.

“Old Six, don’t be normal with him, this guy sells himself short when he gets a bargain, back in college, I don’t know who was the one who didn’t live at speed for two nights out of three days!”

“Hey, you can’t talk nonsense, I was there to help Little Blue with her revision.”

Liu Chen hurriedly explained.

“Cut!”

The crowd around them collectively squealed at the words, apparently none of them believed it.

As the crowd joked, the food had already started to be served one after another, and it had to be said that the food in a star hotel was different, and the crowd of students couldn't help but gag.

"Lin Ran, can we eat?"

Xiao Xiao opened her mouth and asked, looking at Lin Ran with a little gluttonous look in her eyes.

"You'll have to ask Mr Wang, it's someone else's treat today after all!"

Lin Ran laughed, but in Wang Shilong's ears, these words were unusually harsh, his own treat? If word of this got out, he, the young master of the Wang family, would have no face.

When he thought of this, Wang Shilong's heart could not help but become even more irritated. He held back his anger and greeted the people but started to eat, and only after the people had eaten for two to three minutes did he rise up and look at Lin Ran and said.

"Lin brother's ability is not ordinary, let me see, just before I heard Lin brother said, is in Tamkang Hospital work, do not know what is doing? I also know people at Tamkang Hospital, maybe I can introduce you to each other and help each other out in the future!"

Wang Shilong's words didn't seem wrong, but a few smart people still heard the fishy thing, asking people about their jobs and introducing them to each other for no reason, which in layman's terms means that to offer affection for nothing is to be treacherous.

"Forget about helping each other, I'm rather rigid, I like to work down to earth, I don't engage in gang affiliation!"

Lin Ran laughed, a sentence blocked Wang Shilong's face, but Wang Shilong's family is a businessman after all, under the influence of his eyes, he still has some ability, he suppressed his displeasure and continued to laugh.

"I just don't understand one thing. My friend said that he had never heard of anyone named Lin Ran in Tanjiang Hospital. Or is this friend of yours called Liu Chen lying in the group?"

At these words, everyone stopped their chopsticks and looked at Lin Ran and Liu Chen, and for a while the scene fell into silence.

"Lying? Lao Liu put your identity ....!"

Liu Chen wanted to retort, but Lin Ran stopped him and looked at Wang Shilong and laughed.

"I wonder what Mr. Wang's friend, what's his name? I suddenly want to get to know it."

"Haha! Small matter, I have a problem with this person, I like to break everything to the end, I don't understand things, I like to figure them out, that friend of mine has arrived soon, you can meet him then!"

Wang Shilong laughed, looking very easy-going, but the faces of all the people listening were sunken, the intention of calling an outsider to the class reunion was obvious.

Many of the students present initially believed Liu Chen's claim that Lin Ran was working in Tanjiang Hospital, but when they saw that Wang Shilong had actually found someone who dared to come over and confront Lin Ran face to face, they could not help but have some doubts in their hearts.

Could it be that Liu Chen was really lying to everyone? After all, from the time Lin Ran appeared until now, he hadn't even said himself that he was working at Temperance Hospital.

"Hey, why is this guy always targeting you?"

Song Nuan, who was watching from the side, didn't know what had happened in the afternoon and was inevitably a little confused at this point.

"It's not because of you, with such a beautiful big beauty sitting next to me, I'm afraid that as long as it's a guy, he'll target me!"

Lin Ran made a helpless expression.

"Fuck you, what time is it, still interested in joking!"

Song Nuan's pretty face flushed, but in her heart she was secretly pleased.

"I'll see how long you can be complacent!"

Wang Shilong's face was gloomy, the more Lin Ran and Song Nuan talked and laughed, the more jealous he became, he could not wait to beat Lin Ran up and reveal his true face as a poor loser.

While he was talking, there was a knock on the door, and Wang Shilong got up and said with a smile.

“My friend is here, does Brother Lin want to come and meet him?”

“No, you’d better bring someone over!”

Lin Ran said indifferently.

“Humph!”

Wang Shilong was very upset at this, he actually asked himself to bring someone over, he really thought he was something, but in order to get in Lin Ran’s face as soon as possible, he still snorted coldly and went straight to the door to meet the person.

The door of the private room and the eating area were cut off by a very classical screen, which was not only decorative but also a feng shui arrangement, mainly to block the wind through the hall, so the main door was not visible from where the crowd was eating, and the main door naturally could not see the people inside.

The door to the room opened and a middle-aged man, with a haggard face, walked in.

“Director Fu, what’s wrong? You look so bad?”

Wang Shilong was surprised, the last time we met Fu Hao’s face could be very rosy, I didn’t expect that after only a few days of not seeing him, the whole person had become haggard like this.

“Hey, it’s a long story, what is the reason for Old Brother Wang calling me here?”

Fu Hao asked, his tone very kind, he knew that the young man in front of him was a rich second generation and might be able to help himself out.

Since leaving the hospital, he had bounced around several places looking for work, but the results were .....

“Ao, or what I asked you this afternoon, I want to make sure that there is a doctor named Lin Ran at Temperance Hospital.”

Wang Shilong said, the last part of the voice raised very high, as if afraid that the people inside could not hear.

The people inside all put down their chopsticks at this point and listened with ears pricked up, except for Lin Ran, Song Nuan and Liu Chen Zhang Xu who were eating by themselves, all of whom knew Lin Ran’s work.

“Why are you asking this all of a sudden?”

Fu Hao’s face was gloomy, where he didn’t know Lin Ran, it was because of this kid himself that he was sacked, he said he didn’t know him this afternoon purely because he didn’t want to hear the name Lin Ran in.

But being shouted at by Wang Shilong, actually it was still because of Lin Ran, this made him very upset in his heart.

“No!”

Fu Hao said in a deep voice, his face as gloomy as water.

“This .... Could Lin Ran really be...!”

“It can’t be, back in school, Lin Ran never lied!”

“I think there might be some kind of misunderstanding here!”

A group of people looked at Lin Ran and whispered, but many of them already believed in their hearts that Lin Ran was lying about this fact.

“Come on, let’s go in and talk while we eat!”

Wang Shilong was in a great mood and pulled Fu Hao inside, the two of them had just stepped out of the screen covering the place when Fu Hao froze in his tracks.

“Director Fu, long time no see!”

Lin Ran looked at Fu Hao and said, but the latter’s whole body trembled slightly.

“You .... Why are you here!”

Fu Hao’s face was ugly as he looked at Wang Shilong with anger on his face.

“That’s not the right reaction, Director Fu, don’t you not know me?”

Lin Ran laughed lightly.

Fu Hao’s face turned blue at his words, his mind spinning quickly, suddenly he thought of something and spoke.

“Naturally I recognise you, you are a student of Temperance University, I am just surprised how you are here!”

Wang Shilong’s heart was all seized up, when he heard Fu Hao say that, he couldn’t help but sigh with relief and said.

“Director Fu, this friend of mine is called Lin Ran, he said he was a doctor at Tamkang Hospital, I want to confirm with you, is this true?”

“No!”

Fu Hao didn't even think about denying it directly, jokingly, if he told the truth, I'm afraid he would have to offend Wang Shilong today, moreover, today only he and Lin Ran were here, if he bit the bullet and said that Lin Ran was not a doctor of Temperance Hospital, there was nothing he could do to him.

“Haha, I know!”

Wang Shilong turned to look at Lin Ran with a teasing look on his face.

The others also looked at Lin Ran, and the scene became awkward for a moment, with many people sweating for Lin Ran, trying to see how he would end the situation.

Lin Ran's expression remained bland, as he poured himself some food while saying.

“I really didn't realise before that Director Fu still had the ability to be cheeky, today I'm really impressed.”

“What's the point of talking about this? Why don't you prove your innocence?”

Wang Shilong laughed, but Lin Ran was unconcerned and said.

“Why do I need to prove my innocence? Those who are innocent are innocent, if you don't believe me, why don't you just go to the hospital tomorrow and take a look?”

“Haha, I think you are afraid of being embarrassed, Director Fu is the director of Tamkang Hospital, you are just a graduate, at most a trainee doctor, this is really a fake Li Kui meeting a real Li Kui, it's just laughable!”

Wang Shilong laughed as Chimei, who was on one side, interjected without missing a beat.

“Yes, Lin Ran we are all classmates, you do not work in Tamkang Hospital, just tell the truth, for the sake of classmates, our family Shilong will also help you, why do you have to lie?”

“No, no, this kind of person who likes to lie, I wouldn't dare to take.”

Wang Shilong laughed, Liu Chen and Zhang Xu were so angry that their faces turned blue, but there was nothing they could do.

Everyone looked at Lin Ran with some sympathy in their eyes, and Song Nuan also had a worried face.

But Lin Ran himself was the only one who remained calm, as if he hadn't heard anything at all.

Just when everyone thought that Lin Ran had acquiesced, a voice suddenly came from the doorway.

"Is that Director Lin? I'm Li Zheng!"

"It's me!"

Lin Ran frowned slightly, why did this guy suddenly appear here?

As Lin Ran's words fell, Li Zheng had already walked in, he was wearing a white lab coat and carrying a first aid kit in his hand, he smiled when he saw Lin Ran.

"What a coincidence, I didn't expect to run into you here!"

Li Zheng said, and suddenly he saw Fu Hao, he immediately went forward with joy and said.

"Hey! You're the former deputy director of the Chinese medicine department at Tamkang Hospital, Fu Hao! I've heard so much about you, but I heard that you were recently retrenched? What a pity, it's really a pity that you didn't get to work under Director Lin, his medical skills are even inferior to mine!"

The moment he said this, everyone was stunned except for Lin Ran, especially Fu Hao, his face was even gloomy to the extreme, how could someone who knew him come out at this time, it was really bad luck to drink cold water.

"Director Lin, I'll leave now if there's nothing else!"

Li Zheng said with a smile.

"What are you?"

Lin Ran asked.

"There was an emergency just now, right here in the hotel, if I had known that you were here, Director, I wouldn't have come over!"

Li Zheng scratched his head awkwardly and laughed.

"Well, you guys continue eating, I have to go back to the hospital!"

Li Zheng said and left the room.

"I still have something to do, I'll go first!"

Seeing this, Fu Hao had no face to stay and dropped a sentence and left the room immediately after him.

Wang Shilong's face was gloomy and he didn't say a word, and Qimei's cheeks were even hotter.

"Hey!"

Wang Shilong saw this and hurriedly followed.

Liu Chen shouted from behind.

"Hey hey! Don't forget to settle the bill, and what you said in the bet before, you still have to treat me tomorrow night, I will come back!"

Hearing Liu Chen's words, Chimei almost fell on his heels and left the hotel without looking back in anger.

The departure of Chimei and Wang Shilong undoubtedly made the whole dinner party a lot more harmonious.

With Lin Ran and the others being able to play it down, the crowd soon forgot about the unpleasant affair and talked and laughed for more than three hours before they were finally satisfied and left.

Liu Chen left directly with Brother 9, while Lin Ran went back to his place with Song Nuan.

After arriving home, Song Nuan went to take a shower first, while Lin Ran didn't stop for a moment and went straight to work on the formation.

Now that he had moved to a new place, the burden of Song Nuan's safety was placed on him, so he had to make his own place safe and secure, or else not only Song Yujiang but also Lin Ran himself would not be able to explain himself.

The formation Lin Ran wanted to set up this time was precisely the Xuan Yang Pharmacopoeia, which was called the "Qian Kun Formation" and was mainly used to warn and defend against the invasion of evil and demonic things.

The incident that Song Nuan had encountered earlier showed that the other party was probably also proficient in Feng Shui, although he could not guess how strong he was, but at least he was not too weak.

Lin Ran took out all the formation materials and counted them one by one, and was instantly baffled.

The next time he came out of Gu Yu Zhai, he received a call directly from Liu Chen, causing him to forget about another important material, looking at the table full of materials Lin Ran was speechless in his heart.

“Forget it, let’s use essence blood instead, support it for one night, then go to the Thousand Pill Workshop tomorrow morning to buy it!”

Lin Ran calculated in his mind, the two most important materials, the Red Flame Flower had already been bought at Gu Yu Zhai, but the Imperial Cold Age was forgotten.

“It seems that my state of mind is still not enough, to be distracted by such things!”

Lin Ran was helpless, he had thought that after receiving his ancestor’s inheritance, he could already be ancient and unperturbed, but when he really came across things, his state of mind was still somewhat affected.

“No wonder the ancients used to say, “I have to think about myself three times a day, it seems that I have drifted a bit recently!”

When Lin Ran was reflecting on himself, Song Nuan had already finished her bath and came out, looking at the table full of things, very excited.

“Hurry up, hurry up, let me see how you set up the formation!”

“Are you that curious?”

Lin Ran was helpless, but Song Nuan said.

“Of course I’m curious, I’ve never seen this kind of arcane stuff before, just from watching feng shui masters setting up formations on TV, but those must be all lies!”

“Well, at least you’re right about one thing, those are indeed all lies!”

Lin Ran had no choice but to get up and start setting up.

The materials he bought this time were very large, and Lin Ran divided them into three categories, namely the formation base materials, the connecting materials, and the final formation eye materials.

The connecting materials need to be carefully arranged, so that each of them can be connected together to form an echo.

And finally, there are the formation eye materials, the two most important ones, the imperial cold age and the red hot flower.

“Oops! We seem to have forgotten to buy the Cold Age!”

Song Nuan suddenly remembered this and looked at Lin Ran with a dumbfounded expression.

“I know, let’s use essence blood instead tonight, I’ll find time to buy them back tomorrow!”

Lin Ran said, suddenly catching Song Nuan’s hand unawares, scaring Song Nuan into jumping back a step and looking at him warily.

“You .... What do you want! We can only be superficial boyfriend and girlfriend, the actual hammer thing can’t be done!”

“What are you thinking, I need a drop of your essence blood!”

Lin Ran said helplessly.

It was Song Nuan’s turn to look odd, she looked at Lin Ran, hesitating and looking very embarrassed, before saying a moment later.

“You .... You’re late... That relative of mine, he’s only just left, there’s no more of that now!”

“Pfft!”

Lin Ran’s mouthful of old blood almost didn’t spurt out as he said speechlessly.

“My great beauty, I’m talking about the essence of essence, not the meridian blood of the meridians!”

Song Nuan sniffed her pretty face and said in shame.

“Who told you not to say it clearly, it’s nasty!”

Saying annoying, Song Nuan still put her palm out, Lin Ran quickly fetched a silver needle and gently stabbed it, taking out a drop of blood.

Taking out the blood, Lin Ran dripped it onto the Imperial Red Flame Flower, and then fixed it at the position of the formation eye.

“Done?”

Song Nuan asked from the side.

“Mm!”

Lin Ran nodded his head, but Song Nuan was greatly disappointed.

“And, I thought there was something strange happening, how come there was no reaction at all after you finished setting up the formation!”

“.....”

Lin Ran’s face was full of black lines and he was speechless.

“This means the house is clean, are you expecting something dirty to come?”

“Er... That’s not true!”

Song Nuan sat down on the sofa and looked at some of the materials still left on the table, and one of the small bottles that resembled eye drops attracted her.

“Just eye drops?”

Song Nuan picked it up and looked at it, not noticing the logo, her own eyes happened to be a little sore, so she smoothly put a drop into her eyes.

Lin Ran had just finished checking if the formation was solid at this moment, and when she came back and saw Song Nuan’s action, she was startled and hurriedly shouted.

“Hey! You’re crazy!”

“Huh? What’s wrong?”

Song Nuan didn’t react, and the dripping liquid had already fallen into her right eye.

She rubbed her eye and was puzzled to see Lin Ran standing beside her with a speechless face.

“What’s wrong? Just using your eye drops for a bit, is it necessary to react so much?”

With that said Song Nuan put the bottle back on the coffee table and got up to prepare to leave.

But just as she got up she froze, her face instantly turned unusually pale, as if she had seen something terrible.

Seeing this, Lin Ran already knew that it was not a second, and lowered her voice and said.

“That’s a cow’s tear! You can see ghosts when you drop them!”

After saying that, he saw Song Nuan, blinking hard a few times, as if to show him something, but her whole body did not move at all, as if her whole body was fixed except for her eyes.

Lin Ran saw the situation and knew that things were not second, and immediately said.

“Don’t stare at that kind of thing, divert yourself away, hurry up or it will haunt you!”

Song Nuan wanted to cry, how to divert, her whole body was not obeying her, not to mention moving, she couldn’t even turn her head.

Suddenly, Song Nuan realized that she was holding something in her hand, and remembered that she had just gotten up and pulled the corner of Lin Ran’s clothes.

“The room fell silent with a loud thud.

The two of them were stuck in the middle of the sofa and the coffee table, their eyes facing each other, the tips of their noses touching the tips of their noses, the warm air they exhaled, the softness of their mouths, the lightness and fragrance!

The first thought that came to Lin Ran’s mind was “Holy shit! My first kiss, gone!”

“Ah!”

Under the night, Song Nuan’s scream came from the room, and then all that could be heard was.

“Lin Ran, I’ll kill you! You .... Bastard!”

“Hey! I lost my first kiss too!”

“I bah! Your first kiss? Who cares!”

“You don’t care, someone else does, and you started it, I’m the victim.”

"You .... You, I'll kill you!"

.....

The night was late, summer was leaving quietly, the night was cool, outside the villa area, a figure kept wandering, he sometimes looked openly inside the villa area, sometimes pacing.

Suddenly, from the corner of the villa area, a large flowered cat burrowed out, this large flowered cat was covered in black fur and hidden in the shadows, so that no one could see it at all.

"Meow!"

The big flowered cat looked at the figure in front of him and purred, and then spat out a black bead.

The figure stepped forward and took it in his hand, his brow furrowed.

"You've actually made a defensive formation, you really have a few tricks up your sleeve, let's walk and see!"

After saying that, the black shadow person quickly disappeared in the same place, and the big flower cat also reappeared into the darkness.

.....

The next morning, Song Nuan went to class as usual, while Lin Ran went to the hospital first, seeing that there was nothing wrong and Li Zheng was good enough to do his job, so he left the hospital directly and went to the Thousand Pill House.

It was not a pharmacy in the traditional sense, but a place similar to Gu Yu Zhai where strange items were traded, except that this place mainly sold medicinal materials, so it was named Thousand Pill Place.

Lin Ran waited at the entrance for a while before catching a ride and rushing to the Thousand Pill Place, this made Lin Ran very helpless, recently the number of places he had to go to started to increase, without a car it was too inconvenient and gradually the intention to get a car sprang up.

"I'll have time to check it out later!"

Lin Ran thought to himself, now that he was not short of money, it was time to buy a car.

The Thousand Pill Place was located in a very secluded street in the city centre, surrounded by all upscale residential areas, those who could spend money here were all rich enough, so things in this generation were also quite expensive compared to other places.

When he got off the bus, Lin Ran saw the Thousand Pill Shop across the road. It was ten in the morning, but the shop was cold and empty, without a single customer.

"This kind of place is a bit like an antique city, it doesn't open for three years, it eats three years when it opens!"

Lin Ran smiled and walked in at once.

As soon as he entered the shop, Lin Ran's gaze was captivated by the various herbs on the surrounding shelves.

"Thousand Leaves, Cold Cold Ice, Mo Qian! There are so many good things!"

Lin Ran couldn't help but exclaim, he studied Chinese medicine, but on a regular basis, many precious herbs were simply invisible, or at most, he had seen them in books.

In this Thousand Medicine Workshop, there were not only many types of herbs, but also an extremely large number of them, making Lin Ran's heart envious, how great it would be if he could have such a shop.

Thinking about this, Lin Ran couldn't help but shake his head, lamenting that he was also a bit worldly, just like friends who liked to eat meat wanted to have their own barbecue with you, and friends who liked to drink wanted to have their own a wine shop, Lin Ran's love for Chinese medicine definitely came from the bottom of his heart.

"Hey! Hurry up and get out if you're not buying anything, what are you giggling at!"

Suddenly, an impatient voice came out, interrupting Lin Ran's thoughts.

Lin Ran looked up and saw that it was a staff member of the shop, dressed in a suit and wearing a sign on his chest that read "After Salesman: Lu Qian".

"I want to buy something."

Lin Ran didn't bother to argue with the other party about his rudeness just now and said.

Lu Qian's face was full of disdain.

"Want to buy something? Turn right out the door and there is a big pharmacy five hundred metres away."

Lin Ran couldn't help but laugh at this, it seemed that the other party was also someone who only looked at the surface, seeing that he was dressed in rags, he didn't want to deal with them at all, this situation was really not rare these days, he wasn't angry and said with a smile.

"I need an imperial cold year, you should have one for sale here!"

"What? A strain? Kid did I hear you wrong, or did you say it wrong, do you know how much a strain of imperial cold years is worth?"

Lu Qian had a contemptuous expression on his face, not even bothering to look at Lin Ran, but it still surprised him a little that this guy could say the name of the Imperial Cold Year.

"Just go ahead and take it!"

Lin Ran said, still tackling a smile on his face.

Seeing this, Lu Qian wondered in his heart if he had misread the situation and this kid was actually a big tycoon? Was he just wearing rags on purpose?

He was thinking of taking it out, but Lin Ran had taken out his mobile phone and was taking pictures of the imperial cold years on the display shelf to the side, and when he saw Lin Ran's mobile phone, Lu Qian couldn't help but laugh.

The oldest model of the phone, it couldn't even install software, it was similar to an elderly phone.

"Kid, you're deliberately teasing me, aren't you, coming to buy an imperial cold year with a phone like this? Get lost .... Get out! Hurry up and get out, don't bother me here!"

Lu Qian impatiently urged.

Lin Ran couldn't help but frown slightly, he had repeatedly refrained from taking him seriously, but this guy didn't take him seriously at all, which made him a little angry.

"Call out your boss!"

Lin Ran shouted, Lu Qian smelled a little panicked and looked at Lin Ran and said in a cold voice.

"Shout what boss, if you can't afford it then don't waste my time here, don't think I'm afraid of you just because you shout boss, if you can't afford something then get out of here!"

When the boss was involved, Lu Qian's voice was a little louder as he fought back.

Li Wansan, who was originally taking stock of the goods in the warehouse, heard the noise outside and walked out.

“What’s going on with Lu Qian?”

Li Wansan came out and asked, with a hint of displeasure on his face.

“Boss, this poor little man has no money, he has to buy something for the cold years, it’s alright I’ll throw him out!”

Lu Qian said and was about to copy the guy and kick him out, Lin Ran saw this and was helpless, reached out and grabbed Lu Qian’s collar directly, and then looked at Li Wansan and said.

“Is this how you serve your customers at the Thousand Medicine Workshop? Do I have the money to buy, you, a fellow, know better than I do!”

Li Wansan frowned slightly when he saw this, the other party was not breathing when he spoke, his face was as normal, he was obviously not an ordinary person, he couldn’t help but also dispel his initial judgement of Lin Ran’s poor appearance, and immediately said with a smile.

“Misunderstanding misunderstanding, you put the man down first, I’ll go and fetch you the imperial cold years, how much do you want?”

Li Wansan asked obediently.

“A complete one!”

Lin Ran said, at the same time throwing Lu Qian onto a sofa to the side, the latter’s face was blue and he was just about to jump out and lash out, when he saw Li Wansan glaring at himself, he swallowed the words that were on his lips alive.

“You have guts, I want to see if you can afford it or not!”

When Li Wansan went to fetch the medicine, Lu Qian took the opportunity to say at Lin Ran.

“Is that so? Then watch carefully!”

Lin Ran didn’t bother to pay him any mind and sat down directly on the sofa, waiting in silence.

Soon Li Wansan came out with a brocade box, which he then placed on the tea table to open it up, and suddenly there was a strain of imperial cold age lying inside!

“A whole strain, fifty thousand in total, cash or credit card?”

Li Wansan asked, he couldn't see through Lin Ran's strength, so he simply didn't bother to get close, whether he was a poor loser or really rich, one test would tell.

Lin Ran's gaze was attracted by the imperial cold age and was looking at it curiously, without answering, Lu Qian on the side could not help but laugh at the situation.

"What? Gobsnacked? Didn't you just scream that you wanted to buy a plant? Hearing that you can't afford to buy one for fifty thousand?"

Lin Ran glanced at Lu Qian, not bothering to pay him any mind, and directly took out a card and threw it to Li Wansan, saying.

"Swipe your card and go ahead, one last thing, this fellow in your shop has a foul mouth, suggest replacing him!"

Under Lu Qian's murderous gaze, Lin Ran left the Thousand Pill Workshop, he himself was originally here for the first time, and he was too lazy to have a general understanding with a small shop assistant, even if he still needed to come and buy something in the future, he could just contact the owner Li Wansan directly.

Getting into the car and returning to the hospital, Lin Ran made a trip back home first, putting the Imperial Cold Age into the Eye of the Formation and activating it completely, before he would return to the hospital again.

"Hey! Where have you been?"

Just as he arrived at the hospital, before he reached his office, a voice rang out behind him.

"What? Miss me?"

Turning to look and seeing that it was Qin Bing, Lin Ran couldn't help but tease, the formation was set up and it put him in a good mood.

"Bah! Don't be shameless, there's someone who wants to see you, I'm taking him to your office."

Qin Bing said, then gave Lin Ran a white look and said.

"Don't molest sister in the future, you're such an adult and you're still every righteous!"

"I see that sister seems to like it a lot!"

Lin Ran said pretending to play dumb, with a harmless smile on his face, making Qin Bing look angry and furious as he pouted.

"Humph! Just take advantage with your mouth."

With that, he turned and walked away, and Lin Ran, helpless, returned.

"I'd like to take advantage elsewhere, but sister doesn't give the opportunity either!"

At these words, Qin Bing almost planted her head and turned around to retaliate, but Lin Ran was already running away in a huff.

"This guy, he's really getting bolder and bolder!"

Qin Bing whispered softly to herself, but there was a blush on her face with a hint of a smile.

Back at the Chinese Medicine Department, Lin Ran found that there were no more patients left, Li Zheng was still very efficient these days, smiling and greeting a few nurses, Lin Ran went back to his office.

Inside the office a young man was sitting on the sofa playing with his mobile phone, when Lin Ran came in, only then did he put his phone away and got up and smiled.

"Little divine Doctor, long time no see!"

"It's you? Why did you take the Heavenly Descending Wonder Bone off your hand?"

Lin Ran asked with a smile, the youth in front of him was none other than Luo Cheng, the one Song Nuan had asked him to pretend to be his boyfriend and meet at the cafe back then.

"Little divine Doctor, don't make fun of me for this, I was also tricked at the time."

Luo Cheng laughed awkwardly.

"Hmm! Is there something wrong with your visit this time? I see that you have some physical weakness, you should be careful about abstaining in certain areas, youth is certainly capital, but overindulgence is not a good thing!"

Lin Ran said in a serious manner.

Luo Cheng's face reddened as he heard this, and he quickly waved his hand.

"No, no, I don't want to see a doctor... No medical treatment!"

Before he came here, he had heard that the head of the Chinese medicine department of the Tamkang Hospital was a little miracle doctor who could tell the condition of a person just by looking at them, originally he thought it was a gimmick and didn't quite believe it, but this meeting revealed the recent trajectory of his life, so he couldn't help but be convinced as well.

The last time the odd bone in his hand was seen to be a tumour by Lin Ran, he rushed off to have an operation, which went well, but then he rested for nearly a week, unable to do anything with his hand wrapped in gauze, and just a few days ago, he took a group of beautiful women out for a good two days, only to have Lin Ran see that he was physically weak.

"The first thing I want to do this time is to thank you!"

Luo Cheng said, his face very solemn.

"Thank me?"

Lin Ran was a little puzzled, was it because of that tumour?

"It's like this, my father is Luo Ming, I am thanking you for curing my grandfather's illness the other day!"

Luo Cheng explained, Lin Ran smiled and then it dawned on you, so the one in front of him was actually Luo Ming's son, that is, Luo Qiqi's sister, the princeling brother of the Luo family, no wonder even Song Nuan didn't want to tear his face off easily at first.

The influence of Luo's enterprise in Tanjiang City is too great, even Song Nuan, have to consider its influence.

"This is what we should do with a bang, you didn't come here just for this, did you!"

Lin Ran said.

"This is one of the things, I came to find you for another!"

Luo Cheng said, whirling around and taking out a photo and handing it to Lin Ran, saying.

"This is the father of a friend of mine, his old man has been very sick recently, he has been to many hospitals but can't be cured, even his family is giving up, I feel

sorry for my friend, so I want to ask the little divine doctor to take a trip, my friend said, as long as he can cure his father, you can pay as much as you like!”

Luo Cheng spoke seriously, but Lin Ran frowned slightly.

On the photo was a middle-aged man about the same age as Luo Ming, he was lying on a bed, his skin was yellow and his whole body looked as if it had been soaked in medicine, he looked very frightening.

“What kind of work does this person do?”

Lin Ran asked.

“A herbal medicine seller!”

Luo Ming said.

“His family has been selling important for generations, and this man has even dealt with Chinese medicine all his life. He was about to hand over the business completely to his son recently and go back to enjoy his happiness, but he never thought that this would happen now!”

Luo Cheng not only lamented.

“Fine, I’ll go with you!”

Lin Ran said, through the photos he found that there was something not quite right about this person, there were two vague possibilities, if not handled carefully, it was likely that he would lose his life.

Since he had run into him, he couldn’t just ignore the matter, otherwise the so-called healer’s benevolence and the practice of medicine would not be a joke!

After saying hello to the people in the department, Lin Ran left the hospital with Luo Cheng, got into the latter’s car and rushed all the way towards the east of Tamagawa City.

The eastern side of Tamagawa City was the industrial gathering area of the entire city, where his best friend lived.

Luo Cheng took Lin Ran, arrived at an ordinary residential district, didn’t rush in, waited at the entrance, soon a black Mercedes Benz pulled up, Lin Ran saw a young man walking down from it, fixed his eyes on it, it was actually none other than Li Wansan, whom he had just met!

“Lao-san, I’ve brought the little divine doctor over, hurry up and go in!”

Luo Cheng came forward and urged, when Li Wansan saw Lin Ran, he couldn’t help but be stunned, and then his face changed.

“You .... You’re the little miracle doctor from Temperance Hospital?”

Li Wansan’s voice stuttered as if he had changed.

This was not because he was too surprised, but because recently the fame of the little divine doctor of Temperance Hospital was too big, he had long wanted to invite just never had the chance, at this time seeing that Lin Ran was actually the little divine doctor, he couldn’t help but feel very regretful in his heart, he was in a bad mood in the morning and treated him with a cold face, he was afraid that the little divine doctor would be in a bad mood at this time.

“Lao San, what are you up to, of course it’s the Little Godly Doctor!”

Luo Cheng was puzzled, and Li Wansan quickly gestured for him not to speak, before looking at Lin Ran and bowing deeply, saying.

“Little divine Doctor, I was the one who was negligent this morning, if I had known it was you, then the imperial cold year would have been given to you for nothing!”

“It’s alright, we don’t fight, we’ve met each other here!”

Lin Ran laughed, and Li Wansan couldn’t help but sigh in relief at the sight, and hurriedly said.

“Little divine Doctor, my father will be rid of you this time.”

Saying that, he seemed to remember something and hurriedly said.

“Right, I found a famous doctor to treat my father earlier, said he would treat him for three days, today should be the last day, he should be at my house now, let’s hurry over!”

Li Wansan said, at this time with Lin Ran around, he couldn’t help but worry about whether the doctor he had found earlier would work or not, because the promised three days of treatment, until today’s third day, his old man didn’t seem to have any improvement, and even vaguely seemed to have some signs of his condition worsening.

It was urgent, so the three of them entered the community without any nonsense and went to Li Wansan’s house.

Li Wansan’s family had been dealing with Chinese medicine for generations, and they even had a place like the Thousand Pill Workshop, so it could be said that they were not short of money, but the place they lived in was this kind of ordinary community, which Lin Ran still appreciated, returning to the basics and

not looking for fame and fortune, very similar to the principles of Chinese medicine.

When he arrived at home, as soon as he entered, Lin Ran smelled a strong smell of Chinese medicine, and then he noticed that on the coffee table in the living room, there was a pot of boiled Chinese medicine, Lin Ran couldn't help but frown.

"What's wrong with the little divine doctor?"

Li Wansan asked hurriedly with a fine heart.

Lin Ran, however, did not answer, his body's true qi surging into his limbs and bones, his eyes burning as he looked the house round, and finally asked hurriedly.

"Your father again that room?"

Seeing that Lin Ran's face did not look right, Li Wansan did not dare to be slow and pointed to the side bedroom next to him.

Lin Ran rushed straight over, and Li Wansan was just about to open his mouth to say that the doctor was treating him so that no one else would disturb him, but the door to the room had already been opened.

"Stop!"

Once the door to the room was opened, Lin Ran directly chided.

The room was dim, but the crowd could still see clearly, an old man in a white coat was looking at them with a gloomy face, Li Wansan's father was lying on the bed in a delirious state, his upper body was shirtless, the other party seemed to be pushing on it just now, while on the bedside table was an empty bowl, the herbal medicine inside should have been taken already.

"How many times do I have to tell you! Don't come and disturb me, who is responsible for a bad cure!"

The old man shouted very angrily, while his gaze glanced over Lin Ran's body, then looked at Li Wansan.

"Li Wansan, who are these two people!"

"This is the little divine doctor from Temperance Hospital, Lin Ran, who was invited by my friend to treat my father!"

Li Wansan said, he didn't dare to say that he had invited him, doctors all had their own pride, especially this kind of older ones, they were usually very proud of themselves, if he said he had invited him, he was afraid he would offend the other party.

"Little miracle doctor? Those so-called little miracle doctors are just charlatans who know a few prescriptions to cure people and dare to call themselves little miracle doctors.

The old man said.

Lin Ran was not angry at his words and said with a smile.

"Then dare I ask old senior, what kind of illness is Boss Li's father suffering from?"

"You don't even know what disease it is, and you still dare to learn from others to come out to see a doctor, you are simply stupid! Get lost, don't interfere with my treatment!"

The old man scolded, and Li Wansan hurriedly intervened from the side.

"Master Qi, it's all a misunderstanding misunderstanding, I'll take the little divine doctor out first, you ....!"

"No!"

Before Li Wansan could finish his words, he was interrupted by Lin Ran.

"If I go out now, your father will really be hopeless."

"What are you babbling about!"

Master Qi's face was gloomy as he stared at Lin Ran with an indescribably gloomy look.

Lin Ran frowned as he looked at him and said in his heart, "This person has such a strange demeanour, I am afraid that he is not an ordinary person.

"Am I talking nonsense again, doesn't Master Qi know in his own mind?"

Lin Ran remained calm, Li Wansan was a bit embarrassed not knowing what to do, fortunately Luo Cheng who was on the side interjected at the right time.

"Let's not get angry, how about this, I invited the little divine doctor, Master Qi, you also give me face, our purpose is the same, is to cure Wan San's father, what personal grudges we have to settle in private, the matter at hand is as long as the old man, how about it?"

Luo Cheng said pertinent, Li Wansan listened to the epiphany, hurriedly said.

“Yes, yes, curing my father is the key.”

Saying that he looked at Master Qi and said.

“Master Qi, don’t say that I don’t trust you or anything, this is already the third day of your treatment, my father doesn’t look like he’s getting any better, I hope you understand how I feel as a son!”

“Humph!”

Master Qi’s face was ugly, he coldly snorted and stopped paying attention to Li Wansan, turning his head to look at Lin Ran and said in a cold voice.

“You just said that his father is not saved, are you questioning my medical skills?”

“It’s not questioning, it’s that you don’t know how to heal and save people at all!”

Lin Ran’s expression was bland, unable to see a hint of emotional fluctuation.

“What did you say? Haha .... I’m laughing my ass off, I don’t know how to heal and save people, I’ve treated more patients than you’ve ever seen, how dare you speak shamelessly in front of me!”

Master Qi laughed subliminally.

Lin Ran, however, did not have any change in expression as he looked at him and said.

“Those people were really pitiful to be saved and treated by you!”

“At your young age, you’re full of talk, didn’t your family’s adults teach you to respect the elderly?”

Master Qi’s face became more and more gloomy.

Li Wansan couldn’t bear to watch and hurriedly said.

“Little divine Doctor, Master Qi, you guys should stop fighting, how is my father?”

Master Qi smiled and said in a cold voice.

“He could have been cured today, but now that this brat has disturbed him, I’m afraid it will take another ten days and half a month!”

Lin Ran smiled at his words.

“Cured? With just these poisons?”

Said Lin Ran, picking up the empty bowl on the side and placing it on the tip of his nose for a sniff.

“Poisons? What kind of poison, Little Divine Doctor, please say what you have to say!”

Li Wansan was instantly anxious, how could he see poison for his own father?

Master Qi’s face was ugly and he didn’t say anything.

Lin Ran gave him a calm look before saying to Li Wansan.

“This Grandmaster Qi, if I’m not wrong, is a healer who doesn’t go off the beaten track, and he uses not the conventional method of treating people, but the very rare, attacking poison with poison!”

“What?”

Li Wansan was instantly baffled, even Luo Cheng’s face turned white as he listened, attacking poison with poison? This wasn’t a novel.

Lin Ran put the bowl down and said at the same time.

“If I’m not wrong, this bowl of medicine contains at least a dozen poisons such as Broken Heart Herb, Lei Gong Vine, Hemlock Wine, Arsenic, Crane’s Red, Pangolin, Poison Arrow Tree, Artemisia on Snow, and so on.”

Said Lin Ran, looking towards Master Qi and smiling blandly.

“To cure a disease and save a person, not using a single good medicine, but all using poison, what else could it be if you are not fighting poison with poison? Is it still deliberate murder?”

“You .... I didn’t commit murder!”

The face of Li Wansan, who was listening to the fear in his heart, also became colder when he looked at Master Qi, anyone who encountered such a situation could not be calm.

“I believe that Master Qi did not intend to commit murder. It is true that the method of attacking poison with poison is recorded in Chinese medicine, but not all diseases are suitable for attacking poison with poison! For example, Boss Li’s father is not suitable.”

Li Ran continued.

Hearing this, Li Sanwan could not help but feel relieved, as long as Master Qi had not deliberately murdered him, then it meant that his father was at least fine for now.

Master Qi looked at Lin Ran with a gloomy face and said in a deep voice.

“Then tell me why his father is not fit to attack poison with poison!”

Lin Ran smiled lightly at his words and said.

“I’m satisfied with your serious attitude towards learning, so I’ll tell you!”

Said Lin Ran, not bothering about Master Qi’s even uglier face, and pointed at Old Master Li on the bed and said.

“He already has a lot of poison from Chinese herbs in his body, so if you use the poison boiled from Chinese herbs to attack it, you will only end up intensifying the poison in his body, which will eventually lead to a complete outbreak of the poison, and even the Da Luo Golden Immortal will be unable to save him then!”

“The poison of herbs? How do you know?”

Master Qi added with a teasing look on his face.

“Kid, don’t make up your mind if you don’t know, their family has been selling Chinese medicine for generations, they know the nature of Chinese medicine like the back of their hand, how could they be poisoned by Chinese medicine, it’s ridiculous!”

“O? Is that so?”

Lin Ran asked with an indifferent face.

“If it’s not the poison of Chinese herbs, then may I ask what kind of poison you’re attacking with poison?”

“That’s because, his body’s Qi and blood are not flowing smoothly, which seems to be caused by the accumulation of poisonous Qi, so naturally, the attack is on this poisonous Qi!”

Master Qi said with a clear mind.

Lin Ran smiled at his words.

“Seems to be? You don’t even know where the root of the poisonous qi is, and you’re attacking it with poison, that’s really unreliable!”

As he said that, Lin Ran directly took out a silver needle, and then landed on the patient’s chest, and when he took it out, the silver needle tip was actually faintly tinged with a bit of black substance, which was obviously not blood.

Lin Ran casually brought a lighter from a side table and burned it at the silver needle.

All of a sudden, a strong smell of Chinese medicine filled the air, and Li Wansan smelled it and immediately exclaimed.

“This .... This is a mixture of several Chinese herbal medicines ask, I often go to my family’s factory, I know this smell!”

“That’s right!”

Lin Ran nodded, then wiped the silver needle clean and put it away, looking at Master Qi.

“Now you should be convinced, this poison is exactly the poison of Chinese medicine, it’s not even the same thing as the poison you just gave the patient!”

“No ..... How is this possible, how can generations of selling Chinese medicine be poisoned by the poison of Chinese medicine, this is simply too ridiculous!”

Master Qi didn’t believe it, although he didn’t work in a system like a hospital, but he had practiced medicine for most of his life and had never heard of anyone selling Chinese medicine who had actually been poisoned by Chinese medicine, it was like a pig slaughterer being afraid of pigs, it was too much of a stretch.

“Little divine doctor, what is wrong with my father? How could he somehow have the poison of Chinese medicine in his body?”

Li Wansan asked anxiously, and Luo Cheng was equally curious, his ears pricked up beside him again.

“This is not ridiculous at all, there is an old saying that says, “There is no way to walk by the river without getting your shoes wet, although it is not quite appropriate to describe your father’s situation, but for example it is very accurate!”

Said Lin Ran, looking to the crowd and explaining.

“People who smoke will be tainted with the smell of smoke, and this is the same reason, your Li family has been selling Chinese medicine for generations, there are more or less residues of Chinese medicine on their bodies, a small amount of this kind of thing is fine, but I’m afraid that a small amount will become a large amount!”

When he said this, Li Wansan seemed to have guessed something, and Luo Cheng and Master Qi also seemed to understand something.

“The gradual deposition of herbal ingredients in the body is not a bad thing at first, the herbs you are selling are of high quality, a small amount of contamination in the body can have the effect of preventing diseases, but there is a degree to everything, beyond this degree, then a good thing will turn into a bad thing!”

Lin Ran took out the silver needles again and placed one on the patient’s head, chest, arms, abdomen, and legs.

Obviously, he understood that his father’s body was full of this kind of poison, no wonder his face was yellow and skinny and he was slow to wake up.

“Little divine doctor, you must save my father, no matter how much it costs, I will pay!”

Li Wansan pleaded, his own father’s influence on him was too great, although his family was rich, but their father-son bond was extremely deep.

“Wait!”

Master Qi suddenly spoke.

“You just said that having herbal ingredients in your body was good at first, so why did it end up like this?”

“Are you an idiot?”

Lin Ran looked at him with an odd look, causing Grandmaster Qi to blush.

“Cut the crap and explain quickly!”

Lin Ran shook his head helplessly at this and said.

“That’s because what goes around comes around!”

“What goes around comes around?”

Master Qi’s face was stunned, and then he said in a cold voice.

“Oh? Is that so? Then why does Grandmaster Qi fit the five elements and eight trigrams no matter what he is wearing or where he is standing?”

Lin Ran asked with a smile, this Grandmaster Qi in front of him was a bit impervious to him, his medical skills only knew how to fight poison with poison, but after entering the room, Lin Ran found that this Grandmaster Qi, no matter how he stood or how he dressed, all secretly fit the Five Elements and Eight Trigrams, was this also a coincidence?

“What five elements and eight trigrams, I’m a doctor, how could I envelop such feudal thoughts!”

Master Qi hurriedly argued and at the same time straightened his clothes, breaking the fit of the five elements and eight trigrams.

Lin Ran looked frowning, although his heart was puzzled, but did not want to bother too much, this has nothing to do with himself, maybe people just simply like feng shui and do not want others to know.

“Hurry up and explain your thing, if you can’t explain it clearly today, I’ll call the police and say you’re propagating feudalism here!”

Master Qi said.

Lin Ran smiled and shook his head helplessly as he continued.

“For example, the human body needs a lot of nutrition, so we have to eat a lot of Chinese food to supplement it, but once a certain nutrition in one’s body is adjusted high, it will cause detrimental effects on the body, so you should all understand it!”

“Little divine doctor, what you mean is ....”

Li Wansan had already guessed the reason.

Lin Ran nodded his head and said.

“That’s right, your father’s body is because of too many Chinese herbal ingredients and too mixed, long-term stagnation in the body, which has caused the current situation, if you want to treat it, you can’t be using any medicine, you can only use physical treatment method!”

“Little divine Doctor, please explain!”

Li Wansan arched his hand, hearing that Lin Ran had a solution, he was incomparably excited.

“Acupuncture, combined with fire therapy will do!”

Lin Ran said.

“Please, Little Divine Doctor, save my father immediately!”

Li Wansan pleaded, and Lin Ran nodded at his words.

Master Qi’s face was gloomy at this moment, feeling his face burning hot, but he couldn’t swallow his anger until he saw the result, so he simply sat down directly on his chair with his buttocks and said in a cold voice.

“After all this talk, I’d like to open my eyes today and see how you, the little miracle doctor, can treat him!”

“Then you can do well, don’t leave midway!”

Lin Ran smiled lightly, and immediately took out the silver needles.

With a shake of his palm, true qi was instantly poured into it, and a wisp of white smoke rose from the silver needles, which had already fallen the next moment.

A full twelve silver needles fell into the top of the patient’s head, chest, both shoulders, the small of the back and both legs.

“Prepare a set of fire pots for me!”

Lin Ran spoke, and Li Wansan hurriedly ran off to prepare them, returning with a set of fire cupping pots in a few moments.

At this moment, the place on the patient’s body that had been pierced by the silver needles had already started to faintly bubble black water outwards, so Lin Ran did not delay and immediately took out the silver needles and quickly snapped the fire pot off.

The huge suction of the fire pot directly sucked up the area where the silver needle had pierced, and in just a few moments, the raised area began to blacken, and then a stream of black sticky material was actually sucked out from under the skin.

“This!”

Li Wansan looked dumbfounded, Luo Cheng ran straight out in disgust, Master Qi was still watching, but his face was already turning more and more blue, and he wanted to find a crack in the ground straight away.

The stuff that was sucked out was black at first and gradually turned yellow until finally the whole fire pot was almost filled and the whole pot had turned dark yellow.

The fire pot was removed and the body was wiped again, and the crowd could clearly see that Li Wansan's father, the skin of his whole body had taken on a few more shades of blood, and his originally dull yellow skin had whitened considerably.

"Hmm?"

Suddenly, Lin Ran frowned slightly as he noticed that, at the seal of Li Wansan's father, a mark had actually appeared at this moment, a mark shaped like an arthropod.

"This seems to be a centipede!"

Lin Ran was shocked in his heart and at the same time a little vaguely worried, because this pattern, and the pattern that appeared on Song Nuan's body before, were the same.

"A Black Devil Poison Scorpion, this should be a Pill Devouring Centipede, both belong to the Five Poisons of the Feng Shui Path, could there be some connection?"

Lin Ran pondered.

"Little divine Doctor? What's wrong?"

When Li Wansan saw Lin Ran's frown, he couldn't help but feel a little worried.

"It's nothing, your father's condition is stable for now, but we still need to take his pulse to make sure!"

Lin Ran sat down at the side and probed his hand to start taking his pulse.

"Humph!"

Master Qi couldn't sit still at this point, and got up with a cold snort, leaving the room without looking back.

Li Wansan also wanted to go and loosen up, after all, he had done a lot for his father before, but he was rejected by Master Qi outright.

Lin Ran didn't bother with him, and while Li Wansan went to see him off, he quickly transferred a true qi to invade the patient's body.

"The pill-devouring centipede is actually inside the body, how strange!"

Lin Ran quickly drew the Pill Devouring Centipede out of his body while preparing the wooden box and preparing to collect it, while having some doubts in his mind.

The Black Devil Poison Scorpion, the Pill Devouring Centipede, the Fire Refining Red Snake, the Extreme Ice Devil Spider, and the Three Eyed Devil Toad were known as the Five Great Poisons, but of course this was the algorithm of the Feng Shui Way, and in ancient times spiders were not considered to be Five Poisons, instead of spiders were geckos, but the Feng Shui Way replaced spiders with geckos.

These five poisons basically do not appear in people unless someone can calculate them, like Song Nuan at the time, Lin Ran suspected that someone was trying to harm her, but the murderer had not yet been caught.

The fact that Li Wansan's father also appeared in this situation before him made it even more difficult for Lin Ran to see what the other party wanted.

"Xiao Nuan's mark was engraved on the outside, while this pill-devouring centipede was engraved on the inside, if it was said that the enemy was trying to prevent being discovered, it could be justified, but Li Wansan's father was just an ordinary businessman, there was no motive!"

Lin Ran's heart became even more puzzled.

Although the centipede devoured medicine, it didn't make sense to put it on such an ordinary person. Moreover, doctors and medicine pickers, people with such identities were actually more in line with the centipede's characteristic of devouring medicine.

"It doesn't make sense, the other party could be a person, or there could be no connection at all!"

Lin Ran felt a bit of a headache.

The pill devouring centipede was quickly lured out of its body, and Lin Ran unknowingly collected it away without anyone noticing.

"From now on, follow my instructions and give your father acupuncture once a day and cupping once a day, I've told you the locations of the techniques, it will only take a week to heal!"

Before leaving, Lin Ran instructed.

"Many thanks to the little divine doctor!"

Li Wansan was so excited that he took out a card and handed it to Lin Ran.

"I hope you will accept this small token of appreciation!"

"No need, I'm a doctor, these are what I do instead!"

Lin Ran smiled and refused, seeing that Li Wansan was a bit embarrassed, he then turned to smile.

"I'll tell you what, I'll probably go back to the Thousand Pill Shop to buy medicine in the future, just give me a discount when the time comes!"

"Fine! This is all a small matter!"

Li Wansan laughed.

"Lao-san, stay home with your father for a few days, let the business go first!"

Luo Cheng said in a serious tone.

Lin Ran smiled and left straight away, and Luo Cheng soon followed.

"Little divine Doctor, thank you so much!"

Luo Cheng said solemnly, he and Li Wansan had a very good relationship, and this time Lin Ran helped his good friend regardless of his past, which made him very touched.

"As I said, I am a doctor, these are all things I should do! I'll leave now if there's nothing else."

Lin Ran said with a smile.

Luo Cheng heard this and hurriedly stopped him.

"Hey hey, little divine doctor, to show my gratitude, I've booked a room at Star Moon ktv, I'll be the host tonight and treat you to a dash, give me a break!"

"No need, I have things to do tonight!"

Lin Ran smiled and refused, then left straight away.

"Ai! High-ranking people really can't all be easily offended!"

Looking at Lin Ran's back as he left, Luo Cheng was somewhat helpless.

The first time he met with Lin Ran, he did not leave a good impression on the other party, so it was normal for him to be rejected directly this time, he was not angry, he just secretly hated himself for not knowing the mountain.

After Lin Ran left, Luo Cheng took out the phone and dialed.

"Tiger, tonight Star Moon ktv, I've booked a room, bring your brothers, let's get together!"

"I go, Luo brother today why so generous, brothers can not see you for a long time, have to, tonight at eight o'clock on time waiting for you!"

A young man's voice came from the other end of the phone.

"Why see me, just keep an eye on South City for me!"

Luo Cheng didn't have a good mood and said

"Don't worry Brother Luo, with me Tiger, South City is as solid as gold, not to mention those two trash from West City and North City, even if Liu Wenlong from East City comes over personally, I can make him come and go back!"

At the other end of the phone, came the youth's smug voice.

.....

After Lin Ran left, he hailed a random taxi and headed back to the hospital, but just before he arrived at the hospital, Liu Wenjuan rushed over to the office.

"Director Lin you're back, just now two policemen came looking for you, saying they were looking for you for something, but you weren't there, so they waited for a while and left."

"The police? Did they say what they wanted to see me about?"

Lin Ran was a bit surprised and asked.

"No, they asked for your office phone number and left, saying that someone would call you later!"

Liu Wenjuan said, Lin Ran nodded, and then went straight back to his office.

Ding Ding Ding .....

Just as he arrived at the office, the landline rang, Lin Ran took a look at the caller ID, it was an unfamiliar number, frowning slightly he still picked it up.

"Little friend Lin Ran, I finally found you!"

A familiar voice came from the phone, Lin Ran couldn't help but be startled and laughed.

"Uncle Song, why don't you just call me."

"Your phone was switched off and I couldn't reach you, that's why I had no choice but to ask someone to find your office's phone number!"

Song Yujiang said helplessly.

Lin Ran smoothly took out his phone and took a look, and sure enough, it was out of battery.

His phone was a very old phone, one that wouldn't lose power for a week on a single charge, but he had been so busy recently that he had forgotten to charge it.

"Uncle Song, looking for me for something?"

Lin Ran charged his phone up and asked at the same time.

"There is indeed something, the time before when Xiao Nuan had an accident, you asked me to investigate the school's surveillance, the results came out and the murderer was not found!"

Song Yujiang said with some disappointment, but then he was continuing.

"But according to the investigation back, someone found many white pieces of cloth in the grass outside the school, I've asked someone to put them on your desk, take a look!"

"White pieces of cloth?"

Lin Ran frowned and looked at his desk, and found that there was indeed a bag pressed under a pile of medical records files.

Quickly opening it, Lin Ran found that it was a few pieces of white fabric, and when he touched it with his hand, Lin Ran couldn't help but feel a sinking feeling in his heart.

"Well? Did you find anything?"

Seeing that Lin Ran didn't say anything for half a day, Song Yujiang couldn't help but ask after him.

"This fabric, it seems to be the fabric of a paramedic's white coat!"

Lin Ran said in a deep voice.

Song Yujiang couldn't help but be surprised at his words and asked.

"Could the murderer also be a healthcare worker?"
