"It's hard to say, white coats can be bought at the mall, it's hard to tell if they're ordinary people or medical workers."

Lin Ran whispered.

Song Yujiang fell silent at his words, indeed, the scope was too big, so big that it would hardly help the investigation.

Lin Ran saw that Song Yujiang had not brought up the matter of his parents, thinking that he should still be investigating, and quickly hung up the phone.

Switching his phone on, two text messages and a few missed calls soon showed up.

"In broad daylight, why is this ninny calling me?"

Seeing that the missed call was Song Nuan, Lin Ran couldn't help but frown slightly, could something have happened during the day as well.

When he saw the content of the text message, Lin Ran couldn't help but sigh in relief, only to see the text message read.

"Hey! What the hell, the phone doesn't answer and it's off!"

"I'm looking for your help, our dance teacher has twisted her foot, I heard it's quite serious, go there when you're free, if you don't treat it properly I'll make you look good!"

Lin Ran looked speechless and smiled as he returned the message.

"How do you want me to look good? The family law at night?"

He then got up and left the hospital.

At this time, it was already past mealtime, and the TCM department left work early as usual. With Lin Ran's teachings and Li Zheng's medical skills, there was absolutely no overtime in the TCM department, unless of course, sometimes there were really many patients.

Lin Ran left the hospital and went home first, looking for some materials to stabilise the wooden box, which now contained the Black Devil Scorpion and the Pill-Eating Centipede, two big poisonous creatures.

“When we find some time, we will go to the countryside and destroy these two items!”

Lin Ran’s mind was calculating, these two kinds of poisonous mist belonged to the feng shui line and were very toxic, once they were destroyed in the city, they would definitely lead to a lot of trouble, so it would be safest to go find a lying mountain and bury them.

After taking a shower, Lin Ran got into his car and went straight to the address.

According to the address provided by Song Nuan, her dance teacher was a foreigner whose hometown was near Tamagawa City, and he bought a house in the new district of Tamagawa City, where he lived during the week.

The distance was not too far, but not too close either. After a twenty-minute ride, he finally stopped at a neighborhood called Su Guiyuan.

Entering the neighbourhood, Lin Ran soon found the place and went up and knocked on the door.

“Coming!”

A woman’s crisp, clear voice came from inside, a nice sound.

After a few moments, the door was opened with a creak, and the figure of a beautiful woman appeared in front of Lin Ran.

This was a very innocent beauty, not very old, also seemed to be a teacher who had just graduated, and stood with Lin Ran as if she was the same age, the other party was wearing a white body shirt, a dark blue shorts, long legs and very white skin, looking at Lin Ran could not help but gulp.

“Who are you looking for?”

Su Rou asked later, she didn’t know the youth in front of her.

“My name is Lin Ran, Song Nuan told me to come!”

Lin Ran awkwardly scratched his head and said, this beautiful woman in front of him was obviously dressed casually at home, only this was crying bitterness to him, a young man in his masculine years.

“Xiao Nuan? O I remember, you are taking a massage master!”

Su Rou exclaimed.

“Massage master?”

Lin Ran smiled speechlessly, he was at least a doctor, Song Nuan actually said he was a massage master, this was too big a difference.

“Which, I’m actually a .....!”

“It doesn’t matter what it is, you come in first!”

Before Lin Ran could finish explaining, Su Rou pulled him in with one hand, scaring Lin Ran who immediately shouted.

“Hey hey! Beauty, I only massage and don’t take other business!”

As the voice fell, the door to the room was already closed, and just shortly after Lin Ran had entered into the room, another young man arrived at the door, holding flowers in his hands and carrying two baskets of fruit, his face full of smiles.

If Lin Ran had seen this person, he would have recognised that this youth was none other than the fellow he had met at the Thousand Pill Workshop in the morning, Lu Qian.

Lu Qian stood at the doorway just about to go in, but suddenly but stopped, only to hear Su Rou’s voice coming from inside the room.

“What other business?”

Su Rou closed the door of the room behind her and turned her head to look at Lin Ran in confusion.

Seeing that Su Rou didn’t seem to have any bad intentions towards himself, Lin Ran was a little embarrassed and said with his head bowed.

“No .... No, you heard wrong!”

“O, then let’s get started, I’m in quite a hurry here, I heard from Xiao Nuan that you are good at your craft, how do I need to cooperate with you?”

Su Rou said, Lin Ran smiled and nodded, pointing to the sofa on the side and said.

“You sit down first!”

Su Rou obediently sat down and asked with some concern.

“I heard Xiao Nuan say that you were the one who solved her matter last time, I want to ask, will it hurt later!”

"No, even if it hurts it will be for a bit, it won't hurt afterwards and it will be comfortable!"

Lin Ran said, while finding water to wash his hands and rubbing his palms together to warm them up.

"Ao, then be gentle, I'm the one who's most afraid of pain!"

Su Rou said timidly, Lin Ran smiled and nodded, this beautiful girl in front of him looked innocent and cute, but he didn't expect to be so timid, he really felt like a little bird clinging to him.

"Is this the start?"

Looking at Lin Ran already squatting down in front of her, Su Rou was a little embarrassed, she was still wearing her socks.

"Well, I'll help you take them off first!"

Lin Ran said, whirling around and taking off her socks, revealing a pair of white feet, but on them were obvious scars that should have been left from the dance.

Su Rou was a little embarrassed and shrunk her feet and said.

"Isn't it ugly."

"It's alright, I'll help you with it later, the scars should be able to go away!"

Lin Ran said.

Su Rou smiled a little surprised, these scars had followed her for years, as long as she danced these scars there was no way to completely eradicate them, and the Lin Ran in front of her actually said she had a solution.

"Thank you!"

Su Rou hurriedly said.

Lin Ran smiled and didn't answer, his palm was already placed on Su Rou's ankle and massaged it.

The other party's foot injury wasn't serious, it was only a sprained hamstring, and Chinese medicine massage was all about activating the blood, so he was confident that it would definitely heal after some massage.

"Ah!"

Suddenly, Su Rou let out a low scream as a pain came from her ankle, causing beads of sweat to break out on her forehead.

"Bear with it, it won't hurt anymore!"

Lin Ran reassured, while speeding up the movements of his hands.

Sure enough, soon Su Rou felt no more pain and even had a vague feeling of warmth and comfort.

Just as Su Rou was immersed in this comfort, suddenly there was a "bang, bang, bang!" at the door. The sound of a banging door and an angry roar.

"Su Rou, open the door! Open the door! Bastards!"

"Bang!"

Suddenly, the door of the room was knocked open, and Lu Qian rushed straight in with an angry face. Before he could see the room, he copied the broom aside and rushed towards Lin Ran, while cursing angrily.

"You fucking dare to fuck the woman I fancy, I'll ruin ...."

Before he finished his sentence, Lu Qian was stunned, while feeling his face burning hot, and he wanted to find a crack in the ground.

The conversation he just heard outside the door and what he saw at this moment were completely different ah!

What he heard was.

"What other business?"

"Nothing .... No, you misheard me!"

"O, let's get started then, I'm in quite a hurry here, I heard from Nuan that you're good with your hands, what do I need to do with you?"

"You sit down first!"

"I heard from Nuan that you were the one who fixed her last time, I want to ask if it will hurt later!"

"No, even if it hurts it will be for a bit, it won't hurt later and it will be very comfortable!"

"Oh, be gentle then, I'm the one who's afraid of pain! Shall we start now?"

"Well, I'll take it off for you first!"

“Lu Qian, what are you doing!”

Su Rou’s face was ugly, she could hear the other party’s words just now, and at this moment she was ashamed and angry.

“I ....”

## [Please Join Telegram Group For Fast Update](#)

Lu Qian was speechless for a moment, then he pointed at Lin Ran and said.

“Xiao Rou, you can’t believe him, he’s just a poor loser, I’ve seen him in the shop this morning!”

“Wait, what does it matter to you if I’m a poor loser or not, you’d better explain clearly what you just slandered us with!”

Lin Ran said blandly.

Seeing that Lin Ran was holding onto him, Lu Qian became irritated and pointed at Lin Ran, cursing angrily.

“Explain? Do I have to explain to you? You’re nothing!”

“Lu Qian, how are you talking to my friend!”

Su Rou’s face was gloomy.

She and Lu Qian were from the same hometown and had met by chance after coming to work in Tanjiang City. The two of them could only be considered ordinary friends, but Lu Qian had something else in mind for Su Rou, only that Su Rou had never agreed to it.

“Xiaorou, listen to my explanation ....”

Lu Qian was a little anxious, but before he could finish his words, Lin Ran interrupted by patting his shoulder.

“You just seemed to scold me right!”

“Fuck off! What’s wrong with scolding you, this isn’t a shop, if you talk nonsense I’ll scrap you!”

If it wasn't for Lin Ran, he and Su Rou wouldn't have had such a serious misunderstanding, especially with that one sentence at the door, I'm afraid it had already made Su Rou upset.

"Ruined me? Is that so scary?"

A faint smile appeared on Lin Ran's face, the more calm he was, the angrier Lu Qian became, seeing this he directly raised his hand and punched Lin Ran in the face, while saying in a cold voice.

"You're really fucking looking for death!"

"Pah!"

As soon as Lu Qian's words fell, a crisp slap sounded, and immediately Lu Qian's body froze, his palm was still holding his fist, but it had frozen in mid-air, and at this moment, he only felt his face burning hot.

"You ..."

Su Rou at the side was also stunned, just now she didn't even see what happened, Lu Qian's cheek already had five more blood-red handprints on it.

"You fucking dare to hit Laozi! If I don't kill you today, I won't be called Lu!"

Lu Qian was completely furious and lunged towards Lin Ran, a glass bottle was already in his hand and he smashed it towards Lin Ran's head.

"Lu Qian, stop!"

Su Rou's heart went cold when she saw the bottle, the bottle was a lotion she had just bought, the bottle was very thick, thicker than a normal beer bottle, if the bottle hit a person's head, I'm afraid it would cause a concussion even if he didn't die.

Lu Qian was already furious and would not have listened to her. With a whistling sound, the bottle reached Lin Ran's head.

Lin Ran was still standing in place, not moving a muscle, and as the bottle was about to fall, Su Rou screamed in fear and covered her eyes, not daring to look.

Lu Qian's face was smug and he said in his heart, "You dare to pretend to hit me, I won't be Lu Qian if I don't kill you!"

However, to both of their surprise, the moment the glass bottle fell, Lin Ran disappeared from the spot, and the glass bottle smashed directly into the air.

Lu Qian's whole body then collapsed directly towards the front, and his whole body plunged headfirst into the bin next to the coffee table, which had a large pile of toilet paper in it, directly smashing his head all over it.

"You!"

Lu Qian turned around and saw that he had actually appeared behind him at some point, and it was clearly him who had pushed himself just now before he failed to control himself and fell down head first.

"I'll fight with you!"

As soon as Lu Qian was fierce, he got up from the ground and was about to fight with Lin Ran, whose face was still as usual, just looking at him calmly.

"Have you had enough!"

Suddenly, Su Rou's scolding voice came from one side, and Lu Qian stopped, he looked at Su Rou's face full of guilt, and resentment.

"Lu Qian, what the hell do you want!"

Su Rou asked, suppressing the anger in her heart.

"Little Rou, he... He's not a good person!"

Lu Qian found himself speechless.

"Whether he's a good guy or not has nothing to do with you, you and I are just ordinary friends, is it appropriate for you to barge into the place where I live and make a scene?"

Su Rou blushed ugly and said in a deep voice.

"You get out of here right now!"

"Little Rou!"

Lu Qian hated himself for not opening his mouth more.

"Get out!"

Su Rou chided in a cold voice.

Lu Qian's whole body trembled, understanding that he had lost, before he had even started. No matter whether Su Rou and Lin Ran had anything or not, he, Lu Qian, had no chance.

"Fine! Good! Su Rou, I remember, you'd rather be with such a liar and not even look at me properly, it's me Lu Qian who is blind to see a bitch like you, in the future I Lu Qian will never come to .... again!"

Lu Qian didn't finish his sentence when he felt a huge force coming from his ass, and immediately his whole body flew straight out towards the door.

Lin Ran quickly followed, kicked him to the door and calmly said.

"If you can't catch up, you can't catch up, and you're still making malicious and serious remarks, a man like you is really unlucky if any woman takes a fancy to you!"

"Lin Ran! You fucking wait for me .... I will definitely make you regret it!"

Lu Qian was lying on the ground, too sore to move, but his mouth was still very hard.

Lin Ran didn't bother to pay attention to him, and sniffed back, "Really? I'll wait." Then he closed the door and entered the room.

"I'm sorry, he just cursed you, such scum behaviour, I couldn't resist, so I taught him a lesson for you!"

Lin Ran laughed awkwardly.

Su Rou shook her head, in a bad mood, and sat down on the sofa without speaking.

"Do you want to continue?"

Lin Ran asked as he looked at Su Rou.

Su Rou looked at her ankle, her heart feeling very bad, the redness and swelling that had obviously reduced just now had gotten a few degrees worse.

"Continue!"

Thinking of her important matter tomorrow, Su Rou forced down the anger in her heart and said in a low voice.

"Good!"

Lin Ran didn't say anything and squatted down to continue the massage.

After the "activity!" just now Lin Ran's hand felt much better again, and after only ten minutes, Su Rou's ankle had completely disappeared from its red and swollen appearance, and he didn't know what method this guy had used, even the original scars on his ankle had disappeared.

“You .... How did you do that?”

Su Rou looked dumbfounded, and the resentment in her heart towards Lu Qian had long been thrown to the clouds by now.

“The way of Chinese medicine is amazing, you can learn more about it later when you have time!”

Lin Ran laughed.

Su Rou got up and tried it out, and found that her ankle really didn't hurt anymore, so she couldn't help but be overjoyed.

“Hey!”

Lin Ran was shocked and wanted to dodge, but found that behind him was the coffee table, if he dodged, this girl would have to break her face directly, or perhaps even be hospitalized, just then Su Rou spoke up.

“Quickly catch me, hurry up!”

Lin Ran was helpless, there was no time to think, the next moment Su Rou's whole body pressed on Lin Ran, and pressed him directly to the coffee table.

The coffee table withstood the test with a creak, but Lin Ran didn't. Su Rou's whole body was pressed against him and a fragrance came over him.

The room fell into silence, the two people looked at each other, their hearts thumping, Su Rou's face instantly turned red, she wanted to struggle to get up, but found that her whole body had no half strength, it seemed that all her strength had been drained from her body in an instant.

“That ..... Sorry, I'll go first!”

Lin Ran was a little embarrassed and ready to just bolt, when Su Rou spoke up.

“That .... Thank you!”

“Mm!”

Lin Ran nodded awkwardly, but in his heart he was puzzled, how could he still thank himself after being taken advantage of by himself, this nee-san couldn't be in love with himself, could she?

No, the first time they met even if they were good, they couldn't have fallen in love with themselves so quickly, surely the matter of curing her foot injury was very important to her.

Lin Ran speculated and quickly left Su Rou's house.

He hadn't been to the hospital all day, and it wasn't even close to the end of the day, so he'd better go back.

However, just before he reached the entrance of the district, a figure blocked his way and when he looked at it, it was Lu Qian.

At this moment, Lu Qian's face was swollen, just like a pig's head, standing at the door, and when he saw Lin Ran, he said with resentment in his eyes.

"You kid have the guts to come out!"

"What, do you really want me to stay for the night?"

Lin Ran laughed.

These words undoubtedly stung a sore spot in Lu Qian's heart, and his face suddenly turned even more gloomy as he looked at Lin Ran and said icily.

"Kid, you have a lot of guts! You dare to steal the woman that Laozi has taken a fancy to, do you fucking know who Laozi's big brother is?"

"Who is it?"

Lin Ran asked curiously.

"Do you know Brother Tiger from South City? That's Laozi's big brother!"

Lu Qian said smugly, as if he was talking about himself when he said the name Brother Tiger.

"Ao! So it's Brother Tiger's men!"

Lin Ran pretended to have a surprised expression.

Lu Qian was pleased at the sight and said smugly.

"Since you've heard of Brother Tiger's name, be sensible, you dare to even touch Laozi's woman, if you don't want to die too miserably, kneel down for Laozi immediately, or else you'll be waiting to bear the wrath of Brother Tiger!"

“So, okay!”

Lin Ran showed a helpless expression and immediately took two steps forward.

Lu Qian was overjoyed at the sight, had he known that he would have brought out Brother Tiger’s name at the beginning, he wouldn’t have been beaten up like this.

But it’s not too late to say it now, just fight back later.

As Lu Qian was calculating in his mind, Lin Ran had already reached him, and he raised his hand just waiting for Lin Ran to kneel down and was about to start fighting.

But suddenly, a black shadow flashed, and then Lu Qian felt a pain in the crook of his leg, and he fell to his knees with a thud. The sound of slaps rang out one after another.

The pain on his cheek soon became numb, and he tried to dodge, but the slap was too fast, and before he could dodge the next slap was already coming.

“Quickly... Stop it now!”

“You... You they still dare to hit me, I’m one of Tiger’s men!”

“Don’t, don’t fight .... I was wrong!”

Lu Qian ended up begging for mercy almost with a crying voice, when Lin Ran stopped it was already two minutes later.

At this time in looking at Lu Qian, his face was so swollen that it was almost impossible to see who he was, and even Lin Ran almost didn’t recognize him.

“Is Brother Tiger very strong?”

Lin Ran asked with a serious face as he squatted beside Lu Qian.

Looking at Lin Ran’s harmless expression, Lu Qian’s heart wanted to smash it, but he understood that the youth in front of him was by no means a match for himself, so he had to smile with him.

“No .... Not strong!”

“Ao, then next time it’s better to change someone else, reporting his name doesn’t work, I don’t even know him!”

Lin Ran solemnly said, Lu Qian’s heart that suffocated.

Just as Lin Ran got up and was about to leave, suddenly Lu Qian's phone was the one that rang.

When the latter took a look at the caller ID, he revealed a joyful look and hurriedly picked it up.

"Tiger ... Brother Tiger!"

"Lu Qian, the man has arrived, when are you coming over?"

A lazy voice came from the phone, it was none other than South City Brother Tiger.

Hearing Brother Tiger's words, Lu Qian burst out laughing, "Be right there Brother Tiger!"

After saying that he hung up the phone and pointed at Lin Ran, who had just walked out not too far away, and cursed angrily.

"Son of a bitch, stop right there!"

Lin Ran turned his feet and walked out again towards Lu Qian, at the same time kicking his feet, a stone hit Lu Qian's crotch with a whoosh.

He heard a "Ah!" He pointed at Lin Ran, stammering for half a day without uttering a single word.

"Who is the son of a bitch shouting at?"

Lin Ran came close and looked at with a smile, this guy in front of him really remembered his food, he had just finished beating up and came back to skin with himself.

"Little .... Kid, you have guts, old me... Yes, I can't beat... You, but your horse is in my .... hand!"

Lu Qian endured the severe pain intermittently finally said a complete sentence, Lin Ran heard the words, his face suddenly cold, raised his hand and strangled Lu Qian's neck.

"Speak!"

Lin Ran's voice was icy cold, and there was even more of a murderous aura in his eyes, looking at Lu Qian in shock, but then his shock turned into ecstasy!

"Why are you angry? Haha, I like to see your furious but helpless expression, go ahead, hit me? Let's see if my skin is thick or your horse's clothes are thick!"

Lu Qian shouted, Lin Ran's face turned cold when he saw this, and he directly took out three silver needles from his waist and stabbed them into Lu Qian's three acupuncture points.

When the three needles fell, Lu Qian's whole body bowed, a moment to cry and a wave of laughter, then Lin Ran flung a slap towards his face, the last needle stabbed into the nerve acupuncture point, which could magnify the pain countless times, even a light touch made it feel like scraping the bone, the pain was excruciating.

"Ah! Don't... Don't hit, I'm wrong!"

"Kill me! Kill me!"

Lu Qian hissed frantically, but Lin Ran ignored him and gave him a slap on the body from time to time, hurting him so much that he wanted to die.

"That's about it!"

Finally, seeing that Lu Qian was almost on the verge of fainting from the pain, Lin Ran stopped, his face still gloomy, and asked.

"You have one last chance, if you don't tell me, you can wait to spend the rest of your life in the hospital!"

"It's... It's Song Nuan, she was tricked into going to Star Moon ktv."

Lu Qian said breathlessly.

Lin Ran's face became even colder at his words, and he hurriedly took out his mobile phone and dialed.

"Hello? Why are you calling me!"

Soon the call was answered and Song Nuan's voice came through, causing Lin Ran to sigh in relief.

"Where are you?"

Lin Ran asked hurriedly.

"In the city, I just got a call saying that my father had deposited some things and asked me to go and pick them up!"

Song Nuan said, Lin Ran's face shouted at his words and he said in a deep voice.

"Where is it?"

"It seems to be some kind of Star Moon ktv!"

Song Nuan said.

“Silly, how could your father deposit something for you at ktv!”

Lin Ran said anxiously, and Song Nuan froze at that.

“Yeah, how could my father ..... Ah!”

Song Nuan didn't finish a sentence before a scream came out, and the next moment there was no sound inside the phone.

Another moment passed before a voice came over the phone.

“You're Lin Ran, right!”

“Brother Tiger?”

Lin Ran's brow furrowed.

“That's right! It's me, if you want to save your girl, then come to Star Moon ktv, but you have to come quickly, if you're late, you can't guarantee what will happen to your girl!”

After Tiger finished speaking, he directly hung up the phone.

Lin Ran's face was gloomy as he turned his head to look at Lu Qian.

“Did you tell them to do this?”

Seeing Lin Ran's expression, Lu Qian had already guessed what was going on and immediately laughed.

“Haha, that's right! It's me, how about it, are you going to kneel down and beg for mercy now? I'm telling you, it's useless! It's useless even if you kneel down and kowtow to me and beg for mercy now, damn it!”

Lin Ran didn't say anything, and his face was icy cold as he came directly in front of Lu Qian.

“What? Figured it out? It's useless, now even if you kneel down for me, it's fucking useless!”

Lu Qian shouted.

However, the next moment, he felt a huge force kick him in the chest, and at that moment, there were several crunching sounds, and Lu Qian almost fainted from the pain.

“This is just the beginning, if something happens to Xiao Nuan, I will break all the bones in your body, don’t doubt the truth of my words, I am a doctor!”

Lin Ran’s voice was icy cold, without a trace of temperature, hearing Lu Qian’s scalp tingling.

“The car keys!”

Lin Ran asked as he pulled up Lu Qian.

“This... Here!”

Lu Qian held back the sharp pain and pointed to his waist.

Lin Ran pulled over the car keys, then carried Lu Qian like a puddle of mud, directly into the car and killed him towards Star Moon ktv.

In the car, Lu Qian was lying on the passenger side with a gloomy face, but in his heart he was calculating how to bolt.

“Jump straight out of the car? No way! This guy reacts too fast, the car door is still locked, I’m afraid he will already rip himself back before he can open the car door!”

“Jamming the steering wheel? Yes this will work, as long as the car crashes into the green belt, I can take advantage of the opportunity to drive away!”

Lu Qian thought in his mind, holding back the pain in his chest and pressing down to bide his time.

Soon, the car drove to a road with a lot of traffic, Lin Ran did not slow down in order to hurry up, overtaking cars all the way, fortunately, he was too skilled, but there was no danger.

Suddenly, Lu Qian moved, his palm quickly reaching out and forcing the steering wheel.

However, Lin Ran’s reaction was even faster, and the moment his palm reached out, a hand slash was struck out, and a crunching sound was heard as Lu Qian’s arm was broken.

“Ah!”

Lu Qian cried out in pain.

But Lin Ran only said one thing.

“Be honest if you don’t want to die!”

Lin Ran was not a philanthropist, and he was even less of a saint, he only knew that if people respected him a foot, he would return a foot, but if they bullied him, he would definitely return the favor a hundred times over, for Lu Qian he did not have the slightest mercy, this kind of scum, he would never have mercy.

.....

The first thing you need to do is to get a good idea of what you’re getting into.

“Brother Tiger, this chick is so pretty, do we want her?”

A yellow-haired young man, full of eyes, said.

“Fuck you, get out of my way, it’s Brother Luo’s date tonight, so this chick has to be offered to Brother Luo!”

Tiger said in a deep voice, he was big and strong, and he spoke without anger, no one dared to refute him.

“But it seems that Brother Luo won’t touch a woman of this origin!”

The yellow-haired young man said with some regret.

Brother Tiger sniffed as his eyes swept round and said.

“No one is allowed to say that this chick is kidnapped later, when Brother Luo is done playing, it will be ours, if anyone dares to say anything fucking nonsense, I’ll scrap him!”

“Yes! Brother Tiger!”

“Don’t worry, Brother Tiger!”

Hearing Brother Tiger’s words, all of them agreed, not only because Brother Tiger was the boss, but also because of the last sentence, when Brother Luo was done playing, it would still be their turn.

The beautiful woman in front of them was simply beautiful and seductive, as long as they could get a piece of the pie, they could endure it for a day, not to mention a while!

....

The time was 7:00 pm, Lin Ran finally drove to the entrance of Star Moon ktv, at this time there were many people here, but Lin Ran did not care, directly carrying Lu Qian, who was like mud, and got out of the car and walked towards the ktv.

“Sir this friend of yours?”

The receptionist asked with a frown when he saw this.

Lin Ran smiled and said.

“He’s drunk, take me to room number thirty-six!”

“Um okay!”

The beautiful receptionist didn’t ask too many questions and immediately led Lin Ran and the two of them to room number thirty-six. Lin Ran smiled at the beautiful receptionist and only after the latter had left did he kick the door of the room open with a bang.

There were four or five young men singing in the room, and Brother Tiger was sitting at the side, next to him was Song Nuan, whose hands and feet were tied.

Seeing Lin Ran arrive, Song Nuan showed a panicked expression and struggled bitterly, Brother Tiger saw this and pulled her onto the sofa and looked at Lin Ran.

“Kid has guts, how dare you really come! Where’s Lu Qian!”

Brother Tiger asked.

Lin Ran threw his hand away, only to hear a “bang”, a large mass of things smashed directly on the table, the crowd looked at it, it was Lu Qian.

“Love me, Lu Qian, what happened to your arm?”

Seeing Lu Qian’s arm drooping outside, the crowd was puzzled, only Tiger’s face turned ugly for a few minutes and said in a cold voice.

“Quite a ruthless attack, actually broke his arm, it seems that my Brother Tiger has been too charitable lately, finding trouble has dared to find me!”

“Cut the crap, let the man go!”

Lin Ran looked at Brother Tiger with a cold voice, this time he was really angry, kidnapping Song Nuan, if this matter really went wrong, he simply had no face to face Song Yujiang, moreover Song Nuan and himself were also very close, this time he suffered an undeserved disaster because of himself, how could he not get angry.

"You're ordering?"

Tiger had a teasing look on his face, it had been a long time since anyone had dared to talk to him like that.

"Ah Huang, go! Wreck him for me!"

Brother Tiger sneered.

The yellow-haired youth on the side had been holding his tongue for a long time, and with a lick of his lips, he instantly led a few other punks towards Lin Ran.

"Kid, you dare to touch our Brother Tiger's men, I think you are impatient to live!"

As he said that, the yellow-haired young man had already picked up the beer bottle on the table and greeted Lin Ran on the head.

Lin Ran did not move and stood still.

The yellow-haired young man couldn't help but laugh at this.

"You're actually scared silly, brothers, don't be polite, greet me to death!"

"Okay!"

"Don't worry Brother Huang!"

One by one, the punks greeted with laughter, at this time the beer bottle in Huang's hand had already reached Lin Ran's head.

Song Nuan didn't dare to look and hurriedly closed her eyes, tears already flowing down her cheeks.

But the next moment, he heard a "Ah!" A miserable scream rang out, followed by a "bang!" This scream surprised Song Nuan, because it was not Lin Ran's voice, but that of the yellow-haired young man.

When Song Nuan opened her eyes, she found that Lin Ran was still standing in the same place, while the yellow-haired young man had disappeared.

Suddenly she felt a palm grab her ankle and was startled, hurriedly breaking free and kicking it away, only to find that the yellow-haired young man had actually appeared on the ground beside her at some point, his entire body already curled up in pain.

"Good boy, you have two hands!"

Tiger frowned slightly as he watched, and got up to greet the remaining few punks back.

“What? Going to do it yourself?”

Lin Ran looked at Brother Tiger, his expression still bland.

“They’re no match for you, so it’s better for me to play with you personally!”

With that, Brother Tiger slammed his paws on the ground and used his strength to lunge his entire body towards Lin Ran.

He reminded him of his robustness, and this lunge really had the feeling of a fierce tiger pouncing on his food.

Song Nuan looked on worriedly and wanted to warn him, but her mouth was taped, so she couldn’t open her mouth.

Lin Ran remained in place, not moving, and only when Brother Tiger was close to him, his huge fist coming towards his face, did he strike!

One palm came out, clenched into a fist, and met Brother Tiger’s huge fist.

“Sparring with me? Kid, you really impress me!”

Brother Tiger couldn’t help but laugh at this.

He had once killed a cow with a single punch, and almost no one in this South City didn’t know him.

“To die under my fist today, you are proud enough to be proud of yourself!”

Brother Tiger laughed domineeringly, but his body did not pause in the slightest.

Lin Ran’s face remained calm, that pair of white palms, even when clenched into fists, appeared to have little killing power.

A few of the surrounding punks couldn’t help but laugh at this point, anyone who dared to have a hard fist fight with Brother Tiger in South City again would be surprisingly miserable next time.

“Bang!”

The two fists collided and the surrounding gangsters couldn't help but start shouting.

"Brother Tiger is mighty!"

"Brother Tiger is dominant!"

.....

However, when they looked clearly at the situation in the field, they were all like sticking in their throats, and no longer made any half-hearted sound.

The two men were still standing, but their fists had separated, and there was a distance of two meters between them.

Just a moment ago, everyone could see that Tiger, who had accelerated with the help of his sprint, had actually been knocked backwards by Lin Ran by two metres with a single punch.

Everyone present even heard a crisp "click" sound, but since Brother Tiger did not say anything at this moment, no one dared to ask, they just held their breath and waited quietly.

"I've lost!"

Suddenly Brother Tiger spoke up, he hurriedly withdrew his palm, the bone of his middle finger had been fractured, he was holding back the pain so that he didn't explode, if it was an ordinary person, I'm afraid he would have fainted from the pain by now.

"Release him!"

Lin Ran shouted coldly.

Brother Tiger smiled at that, however.

"Kid, I admit that your fists are tougher than mine, but don't forget that this is my territory, so what if your fists are tough, I'll destroy you in a minute!"

"Let's go together and destroy him!"

Tiger directly recruited a group of people behind him, however, at this moment, none of his men moved, jokingly, just now, even Tiger's most powerful fist was ruined by others, at this moment, they still dare to go over, that is simply to go looking for death.

"It seems that your group of little brothers are no good!"

Lin Ran laughed as Brother Tiger turned blue with anger and cursed angrily.

**"A bunch of trash! Call out to me, call out to the security guards!"**

Brother Tiger shouted angrily, he had been hanging around South City for years, the security guards here were all related to him, at this moment, with an order, a few of his men quickly made the call, following which Lin Ran heard, the sound of intensive footsteps coming from the corridor.

**"Kid, you wait for me!"**

Brother Tiger sat on his butt on the sofa, his face dreadfully gloomy.

**"Dry tongue!"**

Lin Ran's face sank, and with a single stride he had rushed over.

The other party had shouted for security, so it would be no problem to get away on his own later, but the key was that he still had Song Nuan with him, so he had to do it quickly.

**"What do you want!"**

Seeing Lin Ran actually rushed over, Brother Tiger was startled, before he could react, Lin Ran had already kicked him in the chest, the force of this kick was very good, only to hear "click" and several ribs broke, and Lin Ran also used the momentum to rush directly to Song Nuan.

**"Go!"**

Lin Ran greeted, immediately ripped off the tape on Song Nuan's mouth, untied the rope, and took her outside.

Song Nuan held a mouthful of anger in her heart and spat at Tiger as she passed by the latter.

**"Bastard, you wait for me!"**

Brother Tiger cursed angrily and tried to get up to give chase, but at that moment, Lin Ran had already rushed down the corridor with Song Nuan.

**"This is bad!"**

Looking at the security guards on both sides of the corridor, Lin Ran's heart sank, it wasn't difficult for him to get away, the key was that there was still Song Nuan.

**"You go away! Don't worry about me!"**

Song Nuan said with some desperation.

**"No! I promised your father that I would protect you!"**

Lin Ran shook his head and whirled back inside the booth, snatching a steel pipe from the hands of a gangster!

"You... Or else I'll call my father!"

Song Nuan suddenly you said, but Lin Ran smiled but shook his head, "There won't be a signal here!"

"It can't be!"

Song Nuan disbelieved to take out the phone to take a look, suddenly blinded, indeed here actually no signal at all.

"How could these security guards forget this, this time we can only rely on ourselves!"

Lin Ran said, while taking Song Nuan back to the box, and then throwing Tiger and the others out directly.

"What do we do now!"

Song Nuan asked nervously, the door of the compartment was not locked at all, it only closed by suction, to the point that it would take a little force to push it open, trying to use the door to block the people outside was almost impossible!

"Don't worry, you'll be fine with me!"

Lin Ran quickly thought of a solution.

But there were so few things that could be used at the moment, it wasn't really easy to find a good countermeasure.

Outside, by now, the security guards had all gathered, and the compartment door was instantly squeezed open, so Lin Ran could only push inside the compartment and block Song Nuan's body.

"Kid! Aren't you fucking rampant? Go on being wild!"

Brother Tiger stood at the front, a few broken ribs making him stand in a very ugly position, and he didn't care, his face full of smugness.

"Now, kneel down for me and send the girl behind you over obediently, and I can consider giving you a whole body!"

Tiger sneered, and the crowd of punks and security guards around him, couldn't help but laugh, as if they had seen such scenes before.

"This is still for you!"

Lin Ran frowned slightly, calculating how to break the situation.

Although there were many people in front of him, but the space was small, he was confident that he could defeat them all, but he was always only one person, there was no problem to protect himself, the key was that he still had to protect Song Nuan's well-being.

He remembered that there were many toilets in ktvs, so when he thought of this, Lin Ran hurriedly greeted Song Nuan and went inside.

"What about you?"

Seeing that Lin Ran was not following him in, Song Nuan hurriedly asked.

"Don't worry, this group of salty fish can't hurt me yet!"

Lin Ran smiled lightly, and immediately turned around and rushed towards the crowd that was pouring in.

Song Nuan was a bit worried, but the last few times Lin Ran's performance had surprised her, and since Lin Ran was still very confident at this moment, she was relieved and locked the door behind her, hiding in the bathroom alone.

Outside, there was a quick "Ah!" "Bang!" There were screams of misery, one after another, one after another.

Song Nuan didn't know how long she had waited inside until there was no more noise outside, then she quietly opened the door wide and poked her head out.

Upon this look, she couldn't help but be stunned, the whole room was in a mess, there were individuals falling on the floor, either in pain or wailing, while Lin Ran was standing in the middle of the put like a nobody, and on the ground in front of him was none other than the very arrogant Brother Tiger from before!

"You ..... Who the hell are you!"

Looking at Lin Ran, there was no longer the slightest hint of arrogance in Brother Tiger's eyes, there was only fear, this youth in front of him made him feel afraid, one person had beaten a group of them without the ability to fight back, what he had just experienced told him that if this youth in front of him wanted to kill him, it was almost just a matter of lifting his hand.

"Lin Ran!"

Lin Ran said indifferently, while his palm was already raised, he didn't want to kill anyone, but wanting to nullify someone was just as easy for him.

"Don't! Don't fight, I'm one of Brother Luo's men, if you waste me, Brother Luo won't spare you lightly!"

Brother Tiger said anxiously.

However, Lin Ran acted as if he hadn't heard, his palm clenched into a fist and fell straight down towards Brother Tiger.

"Ah!"

A pig-like scream resounded throughout the ktv, and it was a good thing that there was a loud music to cover it up, otherwise I'm afraid it could have spread throughout the ktv.

Brother Tiger directly fainted, and Lin Ran didn't delay, and directly took Song Nuan and went downstairs, ready to leave directly.

However, right at the door, he ran into an acquaintance, none other than Luo Cheng.

"Hey! Brother Lin Ran, why are you ....!"

Seeing Lin Ran, Luo Cheng was a little surprised, he had invited him to come earlier and was rejected, but at this moment, he didn't expect to actually run into Lin Ran again here.

"Came here to find a friend, and taught some punks a lesson by the way, this is ready to go!"

Lin Ran laughed.

"Teach some punks a lesson?"

Luo Cheng smiled and said.

"What kind of person is that, he actually dares to mess with the little divine doctor's head, tell me, I'll definitely help you teach him a good lesson!"

"No need, it's already settled, not enough if you want to see, but go up and take a look, they shouldn't be up yet!"

Lin Ran laughed, and whirled away, taking Song Nuan with him.

Luo Ming felt curious, at this time it was not yet eight o'clock, he simply went straight into the ktv ready to see what was going on.

At this time, the ktv was already in a mess, Luo Ming went in and found the place without much effort, but the closer he got, the more he wondered how the place where the incident happened was so close to the box he had booked.

When he got close enough to take a look, he couldn't help but look ashen, and there was his man Brother Tiger lying on the ground.

"Brother Luo! You might have come, you have to do something for me!"

When he saw Luo Cheng, Tiger immediately cried with tears in his eyes.

Luo Cheng, however, didn't have the heart to talk nonsense to him and asked directly.

"Who did this to you!"

Ah Hu said after a moment of contemplation at his words.

"Lin Ran, he said his name was Lin Ran! Brother Luo, you have to do it for me and waste him!"

Ah Hu said with a snotty nose and a tear, Luo Cheng looked disgusted and couldn't help but dodge, while cursing.

"You idiot, you dare to offend him, this time admit your own bad luck, you're really fucking killing me!"

If Lin Ran knew about this, I'm afraid he would really have to say goodbye to Lin Ran.

"Brother Luo, are you mistaken, what's the background of that kid!"

Ah Hu asked reluctantly, tugging at Luo Cheng's trouser leg.

"You fool, that's the savior of my whole family, not to mention scrapping you, even if it scraps me, my old man won't care!"

Luo Cheng cursed angrily, and immediately kicked Ah Hu's hand away and quickly went downstairs.

However, at this time, Lin Ran had already left with Song Nuan, Luo Cheng took out his mobile phone and wanted to call Lin Ran to apologize, but on second thought, he thought better of it, just now Lin Ran greeted himself, obviously he did not know that Ah Hu was his man.

Since he didn't know, there was no need for him to say anything, as it would be better for their relationship.

The company's main business is to provide a wide range of products and services to its customers.

.....

On the way home, Song Nuan had regained her composure, though her heart was still a little backed up.

"I'm sorry, this time it was entirely because of me, you were implicated!"

Lin Ran said with a slight apology.

This time, it was definitely Lu Qian's doing, he had taken advantage of the fact that Lin Ran hadn't come out of Su Rou's house to call Brother Tiger and asked him to find a way to trick Song Nuan into going there.

This is what led to the events that followed.

When Song Nuan heard Lin Ran's explanation, she was shaking her head.

"I don't blame you, I can only blame myself for being unlucky, after all, I was the one who asked you to help Teacher Su look at her feet!"

Speaking of this, Song Nuan remembered Su Rou and hurriedly asked.

"By the way, how is Teacher Su's foot?"

"It's fine already, by the way does her foot injury affect her work a lot? I see he seems to be taking it very seriously!"

Lin Ran asked curiously, when she left Su Rou didn't get angry, which made Lin Ran puzzled, at this moment it was just the right time to seek clarification.

"Well, Miss Su is a substitute teacher, tomorrow is her last day of substitute teaching, whether she can stay and be transferred depends on tomorrow's assessment."

Song Nuan said, Lin Ran smiled and suddenly dawned on him, no wonder this ninny was all taken advantage of and still thanked herself, seems to be a good teacher who loves her job too!

.....

It was already ten o'clock at night when we got home, and the two of us washed up directly without words then went to bed.

The next day was Saturday, Song Nuan had no classes and had a rare lazy nap. When she got up, Lin Ran had already prepared breakfast and was ready to go out himself.

"Where are you going?"

Song Nuan asked as she ate her breakfast, as she was ready to stay home for the day and rest.

"To the 4s shop!"

Lin Ran said.

"A 4s shop? What are you going to do? You're going to work? Doesn't the job at Temperance Hospital pay enough?"

Song Nuan said in surprise, and Lin Ran smiled with a speechless face.

"Hey, Missy, please can you think before you speak? I'm at least a director of Chinese medicine now, do I look like I'm going to work part-time?"

"Eh, then what are you going for?"

Song Nuan had a puzzled look on her face, her big eyes blinking, looking at Lin Ran speechless to the extreme.

"To buy a car! I'm going to buy a car!"

"Eh, buy a car, what buy a car? Can you afford to buy a car?"

Song Nuan reminded with a puzzled look on her face.

"Luo's Enterprise doesn't sell cars, that gold card of yours is useless!"

"Missy, I have money, you forgot the Antique City ....."

Lin Ran spoke up and reminded, Song Nuan then drifted off, remembering that the last time she went to Antique City, she heard that Lin Ran had sold a bracelet that was worth a fortune, her heart moved and she said.

"I almost forgot, you're a little rich now, so fine! For the sake of us living together, buy me one too!"

Song Nuan said nonchalantly, and Lin Ran laughed at this.

"Fine, bring your account book!"

"What kind of hukou book do you need to buy a car?"

Song Nuan was puzzled.

Lin Ran, however, laughed and said.

"Of course I need it, how can I go and register it if I don't get my hukou book, if I don't register it, it's not legal, how can I buy it for you? This car is a bride price!"

"Bride price? What bride price?"

Song Nuan didn't turn the taste and asked.

"Of course it's the bride price for marrying you!"

Lin Ran said with a smile.

Song Nuan's face turned red as she heard this, and immediately jumped up and shouted after Lin Ran.

"See if I don't beat you to death, let you take advantage of me every day, and still want to marry me, no way!"

Lin Ran sniffed and stopped, with a serious face.

"Is a window okay?"

jingle bells .....

The two were joking around when Lin Ran's mobile phone rang, picking it up and seeing that it was Luo Cheng calling, Lin Ran couldn't help but be stunned.

"Hello! Brother Luo wants to see me for something?"

Lin Ran asked.

"Haha there's nothing much, I just want to ask the little divine doctor what he has planned for today, I want to get closer to the little divine doctor and learn the art of Chinese medicine!"

Luo Cheng said with a smile.

Lin Ran smiled at that, this Luo Cheng was afraid that he was looking for himself to get better with himself, what with learning the art of Chinese medicine, it was all bullshit.

However, Luo Ming had treated him well and had given him a diamond card, and his son Luo Cheng was also a good person, so Lin Ran did not refuse and said with a smile.

"We'll go to the 4s shop later to buy a car, brother Luo can come along if he's interested!"

Luo Cheng was delighted at the words and said at once.

“Buy a car? Then I have to go, there’s no 4s shop in the whole Tanjiang City that I don’t know, you name the place, I’ll be there afterwards!”

There are several chain shops in the city, and almost any famous car or sports car that is on the market, there is nothing it doesn’t sell.

“Brother Long, didn’t you promise to give someone a Lamborghini, I like this one, how about buying it as our wedding car?”

Chimei held Wang Shilong’s arm, her eyes glowing as she looked at a luxury car next to her and said with a smile.

“Don’t I already have one, you can totally take it and drive it, and it’s not easy to drive, there are so many roadblocks on the road now, it’s easy to drag the ground!”

Wang Shilong brushed it off, in fact, he didn’t want to buy it at all, what wedding car, he was a rich young male, getting married? Are you kidding, he hasn’t had enough fun yet, how can he get married.

“Hey, hey! Brother Long look, isn’t that Lin Ran!”

Suddenly, Chimei pointed at a short distance away.

Wang Shilong fixed his eyes to look and sure enough, he was seeing Lin Ran and Song Nuan getting out of an SUV.

“This kid has really fucking lucked out!”

Seeing Song Nuan on his side gave Wang Shilong a pang of displeasure, especially in comparison to this one beside him, who simply gave him a feeling of having picked up trash.

Remembering what happened last time, Chimei did not rashly go forward, but looked at Wang Shilong and asked.

“Hey, by the way Brother Long, last time you said you’d go back to your brother for help, how did it turn out?”

“No result, my brother won’t intervene, we can only rely on ourselves in this matter!”

Wang Shilong's face was gloomy, last time he had suffered a defeat and went back to seek help from his elder brother, at first his elder brother was quite dignified, but once he heard that his opponent was Lin Ran, he was like seeing a ghost, without saying a word he directly refused, he even directly ran away to the provinces, saying that he was going to play for a few days, which made Wang Shilong very puzzled.

"So what now? Or else let's go, there's something wrong with this kid lately."

Chimei was a little worried, the blow from last time was so big that she had a vague resistance to Lin Ran and didn't want to get close to him.

"Go? There are indeed people in Tanjiang City who can make me Wang Shilong go, but it definitely won't be him!"

Wang Shilong's face was gloomy, and then he revealed a teasing expression as he walked in the direction where Lin Ran and the two of them were.

When Chimei saw this, although there was some reluctance in her heart to go over there, she had no choice but to follow them.

.....

"What kind of car do you want to buy?"

Lin Ran and Song Nuan are visiting all the way, in this 4s shop, vehicles from high-end to low-end everything, Lin Ran all the way to see the eyes are a little blurred.

"I don't know, I'd better take a look first, if there's something I like, I might just buy it!"

Lin Ran said with a smile.

At this moment he happened to pass in front of a Porsche sports car, looking at the price marked on the sports car, he couldn't help but secretly smack his lips, he had worked so hard to sell only his bracelet, and it was only enough to buy two of these cars, it was really helpless to think about it.

"My name is Ting Ting, what price car would you two like?"

The pretty girl Ting Ting greeted her, with a nonchalant smile tacked on her face, if it wasn't for the shop's rule that customers have to be received when they enter the shop, she really wouldn't want to come at all.

"Dressed like that, you can buy a basket cart, buy a bicycle is more like it!"

Ting Ting thought to herself, if it wasn't for the company rules and the fact that the boy's female companion was dressed fairly normally, she wouldn't have wanted to deal with Lin Ran at all.

Performance? She didn't care at all, she was having an affair with the shop manager, what with the performance test, that was for other sales, whereas she had no restrictions at all, all she needed to do was wining and dining a few times at night, even if she didn't open for a month, it wouldn't affect her in the slightest.

"What kind of car do you have here, the most durable! Just the kind that can handle any road conditions!"

Lin Ran asked, the more capable he was, the more things he needed to deal with, and many times the road conditions sedans simply couldn't meet the demand, so getting a car that was similar to an off-road car was what he wanted.

And since his old home lived in a remote mountain village, buying an off-road vehicle would allow him to drive straight back in the future and avoid the hassle of getting on the road.

"Over there, there are many, you can go and have a look first!"

Ting Ting revealed an emotionless smile and pointed to a short distance away, before following behind, with every word.

Lin Ran and Song Nuan looked at each other and smiled both without speaking, but in their hearts they both understood.

"Hey hey, this one is very nice, it's called a Bully, it's said to be selling like hotcakes!"

Coming to the off-road vehicle area, Song Nuan took a glance at a car, Lin Ran looked at it and found that it was also good, looked at the price tag only about 300,000, the price was indeed also very suitable.

"Beauty, this car ....!"

Lin Ran just wanted to greet the beautiful woman to buy the car, but just halfway through the words, a voice was directly interrupted him.

"Beauty, he can't afford this car!"

Lin Ran frowned slightly at his words and turned to look and couldn't help but laugh, it was actually Chimei and Wang Shilong.

"What an ingrate, I didn't expect to run into them again here!"

Song Nuan's eyebrows were slightly prodded.

Tingting originally wanted to see what this poor boy wanted, turned around and saw Wang Shilong running, immediately smiled with joy, trotted all the way and rushed over, seemed to have missed Chimei, directly across Wang Shilong's other arm, rubbing it twice from time to time, laughing.

"Brother Long, what wind has blown you here, what car do you want, just talk to me, guarantee the price to your satisfaction!"

"Brother Long! She ....!"

Chimei's face that look, felt a strong threat.

However, Wang Shilong did not care at all and gave her a look, signaling her not to say more, and then looked at Ting Ting and smiled.

"Yes, the price is fine, but if you buy it with a person, can you give a little more discount!"

Said Wang Shilong, unknowingly, probing his hand and wiping a hand on Ting Ting's slender waist, with a hint of smugness on his face.

"Brother Long is just joking!"

Looking at this complicated relationship in front of him, Lin Ran couldn't help but shake his head, but Song Nuan was disgusted and turned around directly, pulling Lin Ran to leave, this kind of woman who would do anything to get to the top made her feel disgusted.

"Hey, how is brother Lin Ran going to leave? Not buying a car?"

Wang Shilong saw this and deliberately amplified his voice and sneered, Ting Ting sneered at her words.

"Brother Long is joking, just him still buying a car? I don't think he can even afford a car wheel!"

"What are you talking about!"

Song Nuan got a little angry and scolded.

"What do you think I'm talking about? If you can't afford it, you can't afford it, and you can't even let others say it. The cars here start at least at 200,000 yuan, just like your boyfriend, I'm afraid he can't even afford a wheel, not to mention a car!"

Tingting said unconvincingly, while pressing herself closer to Wang Shilong, as if she had found a mountain to lean on.

Wang Shilong was a bit displeased at this point, and pushed Tingting and Qimei away and walked towards Song Nuan, while laughing.

"Song Nuan, my name is Wang Shilong, what kind of car do you like? I can give you one! How about just making a friend?"

Wang Shilong said as his eyes unconsciously darted around Song Nuan's body, his eyes full of greed.

Song Nuan looked disgusted and said in a cold voice.

"The car you gave me is too disgusting for me!"

"Hey, beautiful, you're wrong to talk like this, a car is a car, how can it still be disgusting, of course if you don't want it, I can also send something else, just to make a friend!"

Wang Shilong was still undeterred.

Seeing this, Chimei's face was ugly, and she quickly stepped forward and quarried Wang Shilong's arm, looking at Song Nuan and said in a cold voice.

"At such a young age, you don't study well and come out to learn from others to catch a kaiju, shame on you!"

Song Nuan smiled with an icy face and looked at Qimei.

"Whether it's me who is shameless, or some people, you know clearly in your own heart!"

Said turned around and pulled Lin Ran to go, women only see the battle, Lin Ran is also embarrassed to participate, so did not speak.

"Stand still! Who told you to leave!"

Chimei reluctantly chided, Wang Shilong at this time, his face hard to see mouth said.

"That's enough, what for!"

Said the man, glaring at Chimene, before whispering.

"You can leave if you're impatient, don't give me any more trouble here!"

"Shilong!"

When Chimei saw that Wang Shilong had actually reprimanded himself for Song Nuan and wanted to drive himself away, she couldn't help but feel even more

resentful in her heart, but she didn't dare to really leave, wouldn't all her previous efforts be in vain if she did.

"All right!"

Wang Shilong was impatient and looked at Lin Ran and said.

"Lin Ran, we are also considered friends, as a friend I advise you, some things are not something you can carry, and some people are not something you can afford, stay away from Song Nuan, it will only do you good not harm!"

"What? You like my girlfriend? You're really a slag!"

Lin Ran sneered.

"Don't be ridiculous, how could Brother Long possibly fancy that vixen beside you!"

Chimene was unconvinced.

"Shut up!"

Wang Shilong's face was ugly as he gave Chimei a vicious glare, scaring the latter into not daring to speak any more nonsense.

Tingting on the side looked dizzy, what was this all about, she hurriedly let go of Wang Shilong's arm and hid to the side to watch the fun, this kind of womanly issues between the rich second generation was her favourite gossip content.

"Xiao Nuan, we are also friends, I advise you a word, like him what money scum, you better stay away from him, do you still in really want to follow him for the rest of your life?"

Wang Shilong people just won't die, Song Nuan is already out of patience, look at Lin Ran.

"Hey! What are you waiting for, look at what car directly buy, we hurry, here I feel sick!"

"Eh...!"

Lin Ran said, helplessly.

"Don't you want to get another one too? Go and pick it out, it's sort of compensation for you feeling disgusting!"

"Really?"

Song Nuan laughed at that and hurriedly pulled Lin Ran and ran to a red Porsche, pointing somewhat embarrassedly and saying.

“This .... How about it? Wouldn't it be a bit expensive ....”

“What do you say!”

Lin Ran didn't have a good temper, one car had gone to one fifth of his harvest, his heart was dripping blood.

Wang Shilong was looking at the side and wanted to laugh, but did not squeal, he wanted to see if Lin Ran could take out the money or not, just a Porsche would cost several million, so much money not to mention Lin Ran, even for Wang Shilong was a considerable expense.

“What? You're buying this?”

Ting Ting was sharp-eyed and saw that Lin Ran didn't look like he was joking, so she hurried over.

“It's related to you?”

Lin Ran asked with a bland face.

Ting Ting's face was blue, but for the sake of her performance, she still smiled and said.

“It might have been a misunderstanding just now, are you paying in full or in instalments?”

Ting Ting asked.

Lin Ran, however, said with a smile.

“No buy!”

“What are you looking at if you're not buying, hurry up and get lost, don't get the car dirty!”

Feeling like she was being tricked, Tingting suddenly blushed ugly and revealed her original form.

“Fucking eat your heart out!”

With that, she turned around and went to browbeat Wang Shilong again.

“Now that's a person!”

Lin Ran looked amused and glanced at each other with Song Nuan, and was instantly ready to go find another sale to come over, they wouldn't give this two-faced, three-sworded person this business to anyone.

But just at this moment, a familiar voice came over.

"Little divine Doctor, you've made me look so hard!"

Lin Ran turned his head to look, and it was none other than Luo Cheng.

When he saw Luo Cheng, Wang Shilong frowned slightly, he was not the heir of the Wang family, he was usually idle, he had never paid any attention to people from other big families, he didn't know Luo Cheng at all, but seeing the extremely extraordinary clothes on Luo Cheng, he couldn't help but have some drums in his heart.

"Impossible, even if this kid knows some rich person, so what, could the friendship be so good that others would pay for him?"

Wang Shilong thought in his mind and soon revealed a smile again as he looked at Lin Ran and sneered.

"I thought you were so capable, it turns out that you expect others to buy for you, being your friend is really a big injustice!"

"Who are you?"

Luo Cheng looked at Wang Shilong suspiciously, a person quickly flashed through his mind, convinced that the person in front of him was indeed unknown to him.

"You don't even know me, it seems that your friend is not good either! Haha!"

Wang Shilong laughed out loud, and then said with a pose.

"Remember, my name is Wang Shilong, and I am the second son of the Wang family in Tamagawa!"

Speaking here, Wang Shilong's face was full of smugness as he looked towards Luo Cheng and laughed.

"Kid, be smart and hurry up and get out, don't think you can help him just because your family has two stinking money, dare to go against my Wang family, I have ways to make you lose all your money!"

"That's right, don't even look at what our Brother Long's family is for!"

Chimei chimed in, as if this Wang family was her family.

"Do you know what I am for?"

Luo Cheng had a teasing look on his face.

Ting Ting on the side suddenly remembered Luo Cheng's identity, this guy had come to the shop to buy a car before, she was just never qualified to receive it and didn't remember it for a while just now.

"Brother Long, or else count ....."

Ting Ting hurriedly opened her mouth to discourage, jokingly, compared to Luo Cheng, you Wang Shilong is a fart, just this can not be said explicitly, she can only try to imply.

But where does Wang Shilong put her in his eyes, before he could finish his words he was interrupted to go.

"Calculate? It's impossible to count, such a poor loser with a rich kid who thinks he's great, just spreading wildness in front of me, Wang Shilong, you really think I'm just a clay you pinch!"

Wang Shilong had arrogance on his face as he looked at Luo Cheng and laughed.

"Come on, tell me who you are, let me weigh up whether you are qualified to be my opponent or not, if not, I advise you to get lost before it's too late, don't think you can just come out and cover people just because you have some stinking money at home, there are not many people I can cover who I want to clean up!"

"Haha, that's unfortunate, I'm one of those few!"

Luo Cheng laughed and immediately took out the phone and dialed it, and within a short while, a middle-aged fat man in a suit ran down the stairs in a fuss.

Seeing Luo Cheng, his face turned pale with fear and he respectfully said.

"Young ..... Young master."

"Young master?"

Hearing this address, Wang Shilong's face suddenly looked ugly, this 4s shop he knew whose family owned it, but that family did not have male offspring for the time being, only a girl was only two years old ah!

This young master how to start talking.

Luo Cheng smiled at Wang Shilong, turned to look at the middle-aged fat man and laughed.

"Here, tell this friend of the Wang family who I am!"

"Huh?"

The middle-aged fatty was stunned, then he seemed to guess something, turned to look at Wang Shilong and said in a cold voice.

“This Duke Luo Cheng is the next successor of our Luo’s enterprise, dare I ask this friend in front of me, what is his insight?”

“Lo .... Luo’s successor!”

Wang Shilong’s face instantly changed, and Chimei even covered his mouth in surprise, not daring to make half a sound.

“Well, now you know who I am, come! Please make me dump my family!”

Luo Cheng said calmly.

“Luo .... Sir Luo, just now it was my eyes that were not aware of Mount Tai, please don’t take it personally!”

Wang Shilong hurriedly made amends, jokingly the strength of the Luo family was not at all comparable to their Wang family.

“No, no, still have to take it to heart, otherwise wouldn’t this few stinking money of mine at home be going mouldy!”

Luo Cheng said calmly, and then added.

“And it seems that someone just said that there are really not many people you can cover in this Temperance City that you want to clean up, I wonder if I can cover it?”

“Can, can! Don’t make fun of me, Sir Luo!”

Wang Shilong’s head was sweating, his heart was as regretful as it could be, and at the same time he hated Lin Ran even more, who didn’t this guy know, he knew Luo’s gongzi, fortunately he didn’t go too far today, but he didn’t even know how he would die.

“Well, we have business to attend to, so we won’t play with him here.”

Lin Ran said as he stepped forward, buying a car was a morning away, but he had other things to do in the afternoon, he didn’t bother to talk more nonsense with Wang Shilong here.

“Also.”

Luo Cheng laughed, then looked at the middle-aged fat man and said.

“These two are my friends, all the cars you’re looking at count ....!”

“No, how much it should be or how much it should be, just give me a discount!”

Before Luo Cheng could finish his sentence, Lin Ran interrupted him.

Seeing that Lin Ran did not look like he was joking, Luo Cheng was helpless and could only smile and nod his head.

“I wonder which car the two of you are looking at?”

The fat manager asked.

Lin Ran pointed at the red Porsche that Song Nuan had just looked at and said.

“Just that one!”

“Isn’t there that overlord as well?”

Song Nuan hurriedly added, but Lin Ran shook his head.

“One is enough for our own use, do we need one for each of us?”

“For your own use?”

Song Nuan was a little confused, how could it be for her own use? She hurriedly said.

“You have to go to work, I have to go to school, one is definitely not enough!”

Luo Cheng and the fat manager had already understood Lin Ran’s meaning, seeing that Song Nuan still didn’t understand, they couldn’t help but both laugh.

“What are you guys laughing at, where did I say something wrong?”

Song Nuan asked.

Lin Ran was helpless and had to explain.

“How is one not enough, I can take you to school before I go to work, madam!”

“Get lost! Who’s your madam, shameless!”

Song Nuan's pretty face was slightly red, but her heart was a deer in headlights, driving herself to school, this seemed like something only a boyfriend would do, could it be that this guy really liked her?

Yuck yuck yuck! She was so pretty, all men must like her.

"I don't need you to drive me!"

Song Nuan insisted, and Lin Ran didn't argue, smiling and saying.

"Fine, as long as you can get up on time!"

"You ...."

Song Nuan was helpless, indeed, she really seemed to be a bit lazy in getting up lately, I don't know if it was because of the proximity to school or what, but usually she could get up on time, but since she lived with Lin Ran, she didn't want to get up every day and unknowingly had the problem of being lazy in bed.

She didn't know that the formation Lin Ran had set up at home was not only effective in warding off evil spirits, but could also make the resting person more relaxed, so it was only normal for her to unknowingly sleep past the time.

"Well, count down how much it costs!"

After teasing a few words with Song Nuan, Lin Ran turned to look at the fat manager and asked.

The latter just pondered a little and quoted the price directly, Lin Ran felt it was okay right away and took out his card ready to pay, the fat manager said in a hurry.

"I wonder which one is the reception for the two young people? We have to count this into the assessment based on performance!"

"Me! It's me!"

Ting Ting, who had been waiting at the side for a long time, rushed straight over, yet was stopped by Lin Ran.

"Sorry, it's not this salesperson!"

"It's obviously me, I was the one who served the two earlier!"

Tingting hurriedly said, a luxury car, this commission is enough to be worth a month's salary, if she can get it, it is better than befriending that bullshit manager, that manager is just a small sales manager, how can it be compared to this month's salary to be real.

"I think you've got it wrong, that wasn't service!"

Lin Ran said indifferently, then looked at the fat manager and said.

"As a consumer, I hope you can train your staff properly, I don't like this kind of staff who judge people by their appearance!"

With that said Lin Ran handed the card to the fat manager, the words were clear enough at this point, as long as the other party wasn't stupid they understood what to do.

"Understood!"

The fat manager bowed slightly as an apology to Lin Ran, then he took it and paid for it, and when he came back, he already had a pile of documents and two car keys in his hand.

Lin Ran gave the documents and one of the car keys to Song Nuan, who was very unhappy with the documents.

"Why should I take this!"

Lin Ran was helpless.

"You forgot that on TV it's usually the mistress who takes such documents, why don't you take charge of the house?"

"You! Stinking rascal!"

Song Nuan didn't bother to pay any attention to Lin Ran, and directly put the documents and keys into her arms, before following the fat manager to pick up the car.

Lin Ran, on the other hand, sat down with Luo Cheng on a sofa to the side, and the latter asked.

"Little divine Doctor, where are you going next? I happen to be fine, why don't I go with you?"

"I'm afraid that's not appropriate, you're the young master of the Luo family, following a poor student like me around, it's not quite appropriate!"

Lin Ran said, but Luo Cheng was determined and must follow Lin Ran, laughing.

"It's fine, you know, I'm idle at home in this family situation, with this you can also open your eyes, why not!"

"That's fine!"

Lin Ran did not say more, he understood Luo Cheng's intention, he was the future successor of the Luo family, naturally he had to start cultivating his own power from a young age, Luo's enterprise was huge, when Luo Ming retired, Luo Cheng wanted to take over smoothly naturally it was difficult, so he needed to start paving the way for himself from now.

In the end, Lin Ran is just a helper on his way forward, which can be of great use in the future if used properly, and this is why he treats Lin Ran so well.

Lin Ran, on the other hand, didn't want that much, not hanging whether he was being used or not, at least Luo Cheng was sincere, then he didn't care about other intentions, after all, he was really a friend, when he was in trouble, even if he didn't ask, Lin Ran would still help.

Until Lin Ran and Luo Cheng left together, they didn't see Ting Ting, who had probably been shouted at by the manager to go to the personnel department.

As for Wang Shilong, he was squatting in a corner outside the 4s shop with a gloomy face. He was already very unhappy about what happened last time, but Qimei was Lin Ran's classmate and he liked Song Nuan so much that he did not take action against Lin Ran.

But this time he was really furious and swore that he would clean up Li Ran properly.

"Hey! Teacher Xue, there's something I want to ask you for help, the price is negotiable ....."

Wang Shilong got into his car while making the call, not even noticing that Chimei hadn't come up when he drove out and was ready to leave, and only when he drove out and finished making the call did he turn his head and realize that Chimei wasn't actually in the car.

"Hey, this isn't the way home!"

In the car, Song Nuan asked, speaking up.

"I didn't say I was going home."

Lin Ran blandly returned.

"Where are you going if you're not going home? Do you have other things to do?"

Song Nuan asked, and Lin Ran nodded.

“Yes, we have a section party today, it just happens to be your weekend, so I’ll take you with me!”

“What’s the point of taking me to your section party! It’s not like you and I have any ..... relationship!”

Song Nuan said at the end, her pretty face was a little hot, she and this guy really seem to have that kind of relationship.

“You don’t have to feel embarrassed, they all brought their families, wouldn’t I be at a loss if I didn’t bring them!”

Lin Ran said in a serious manner, but Song Nuan was speechless from listening.

“Who is your family member, shameless!”

“I .... I’m, I’m the family of the little divine doctor!”

Luo Cheng on one side hurriedly interjected.

Song Nuan sniffed and glanced at him, puzzled.

“People’s section party, why are you following it!”

Luo Cheng was speechless and said in his heart, how come he hadn’t noticed that Song Nuan had such a tricky mouth before.

At noon, the car stopped at a hot spring resort, at this time there were already several cars parked at the entrance, Liu Wenjuan and her group were waiting here.

“Sorry to be late!”

Lin Ran said with a smile as he got out of the car.

“It’s alright, we’ve just arrived too!”

Liu Wenjuan stepped forward and laughed, then when she saw Song Nuan, she couldn’t help but be surprised and asked with a smile.

“Director Lin, this shouldn’t be your little girlfriend back, right! How pretty she looks!”

“How did you know?”

Lin Ran was a little surprised, his relationship with Song Nuan didn’t seem to have spread in the hospital, so how did his colleague know about it.

"Haha, it's been spread around the hospital for a long time, saying that Director Lin of the Traditional Chinese Medicine Department has a little girlfriend as beautiful as a fairy, and when I saw her today she really lived up to her name!"

Li Mei said with a smile.

Lin Ran was helpless, how come his private life was so widely spread in the hospital.

"Well, let me introduce to everyone, this is Song Nuan, you all know, my girlfriend .... I'm sorry, I'm a bit shy, so I'll let you all know!"

Lin Ran is saying was Song Nuan pinched the waist, the words are a little stuck.

Song Nuan just wanted to explain that he was not his girlfriend, Lin Ran is already directing the conversation on Luo Cheng, laughing.

"This is Luo Cheng, my friend!"

"Next, won't you guys introduce your family members?"

Lin Ran looked at the crowd and asked, there were only six people in the Chinese medicine department with himself, but nurse Aya was sick today and didn't come, so there were only five who came at this time, namely Lin Ran himself, Li Zheng, Liu Wenjuan, Li Mei and Xiao Yu.

"This is my boyfriend, his name is Xue Ding, he is a personal martial arts instructor!"

Li Mei said with a smile.

Xue Ding, who was sunny looking and very fit, stepped forward and smiled.

"My name is Xue Ding, I'm Li Mei's fiancé!"

"Fiancé?"

As soon as she heard this title, Liu Wenjuan Xiao Yu each exclaimed out in surprise, her eyes looking at Li Mei enviously.

"Aiya well, you guys will have one too don't be in a hurry haha!"

Li Mei got a bargain and Liu Wenjuan said, with an unhappy face.

"Hmph, you all have boyfriends, but not me, not happy!"

Lin Ran smiled a little surprised, Li Mei has a boyfriend he knows, but Xiao Yu does not seem to have one, at this time Liu Wenjuan's words ....

“Xiaoyu also has a boyfriend!”

Seeing Lin Ran’s confusion, Liu Wenjuan explained.

At this moment, a familiar figure walked out from within the resort, Lin Ran could not help but frown slightly when he took a look, the person who came was no other than a colleague from Temperance Hospital, Qi Yin.

“Director Lin, long time no see!”

Qi Yin saw Lin Ran and squeezed out a very ugly smile.

“When did you guys get along?”

Lin Ran asked, his face equally expressionless, Qi Yin was a person who always gave him a strange feeling, it was fine if they weren’t in the same department before.

Last time, because of that patient, Lin Ran had no good feeling towards him, and this time, appearing at his own section’s party, the ugly smile just now made Lin Ran feel even more uncomfortable.

“It’s just for the next two days just right!”

Liu Wenjuan said, then made a heartbroken expression and said.

“Xiao Yu is really too no good, it’s only been two dates and she’s taken down, hey!”

“What do you know, this is called love at first sight, like you continue to wait, soon all run three, see what you do then!”

Xiao Yu did not dare to show weakness, the two began to fight again.

“Well, we all know each other, so let’s go in!”

Lin Ran didn’t want to get too involved in private matters at the same time, so he greeted them at once.

The group of people entered the resort with great haste.

It was the end of summer and it would be autumn in a few days, so Lin Ran also wanted to take advantage of the tail end of summer and bring everyone to play in the water for once.

To a sort of male cheer, everyone quickly went to change into their swimming costumes before gathering in the square.

The moment Song Nuan came out, almost everyone's eyes looked over, especially the few males present, who almost didn't get a nosebleed from watching.

"Can you guys drool a little longer?"

Liu Wenjuan pinched her waist to look at a few men, Xiao Yu and Li Mei immediately went up and grabbed their boyfriends' ears to move their gazes away, Luo Cheng moved his gaze away very consciously, and as for Li Zheng, he was a nerd, with only the ways of Chinese medicine in his eyes and no interest in women at all.

"Alright, let's go!"

At Lin Ran's greeting, a group of people ran towards the hot spring, Lin Ran and Luo Cheng followed at the end, the two of them chatted while walking, the atmosphere was quite cordial, the only one who made Lin Ran feel uncomfortable in his heart was probably Qi Yin.

"What's wrong? Look at the slight frown on your face!"

Luo Cheng asked as the two of them arrived at the hot spring and reclined on the chairs, without hurrying like water.

"Look at that person!"

Lin Ran said, pointing at Qi Yin in the pool.

Luo Cheng looked along and didn't find anything and out of place.

"What, this kid has a grudge against you? Do you need me to go and clean up a mess!"

"No!"

Lin Ran shook his head, while looking at Qi Yin with a gaze that was a few shades deeper.

"If you haven't noticed, this person's gaze always falls on me from time to time, it's as if he's not here to play with his girlfriend, but more like he's here to spy on me!"

Lin Ran said.

Luo Cheng sniffed with interest and stared at Qi Yin for a while, seemingly noticing something as well.

"It seems like a bit when you say that, look at the way he treats that girl, he's always indifferent, and sometimes his expression looks very impatient, which

reasonably speaking shouldn't be the attitude a couple who just met would have!"

Luo Cheng said.

"Maybe, this person is even a bit impervious to me, but there must be something going on with him, as long as he doesn't hurt Xiao Yu, I don't care!"

Lin Ran shook his head, he had more and more things to deal with every day, and he also found himself powerless alone, so there were times when he didn't bother with some things as long as they weren't touched by himself, but of course, if this thing found its way onto him, then he definitely wouldn't hesitate.

As the two were chatting, suddenly a cry of alarm came from the hot spring, followed by Lin Ran hearing, Li Mei shouting there.

"Someone come quickly, my fiancé, he's fainted!"
