Li Mei's words were like a bolt from the blue, instantly waking Lin Ran up from his relaxed state and rushing straight over.

By now Li Zheng and Qi Yin had already pulled the man out of the hot spring and were placing him on the shore for CPR.

"What's going on?"

Lin Ran asked as he quickly stepped forward, just now he was fine, how did the person faint in the blink of an eye.

"I don't know, he was fine just now!"

Li Mei was also confused.

"Was there anything wrong before you came?"

Lin Ran asked.

"It seems like there was some fatigue, the rest really doesn't seem to be, he comes from a martial arts training background, he's usually physically tough!"

Li Mei said.

As the two spoke, Xue Ding, who was lying on the ground, spurted out a mouthful of water and woke up afterwards, but it was as if his whole body had been drained of its soul, listless and limp, unable to speak.

"How are you feeling?"

Li Zheng hurriedly asked, and Li Mei also came over with a worried face.

"Fine, just feeling very weak all over!"

Xue Ding said breathlessly.

"Director Lin, it's probably just weakness!"

Li Zheng turned his head and said, but Lin Ran shook his head and went up and took Xue Ding's pulse.

The more he took his pulse, the more surprised Lin Ran was. Xue Ding's pulse was strong and powerful, it didn't look like he was deflated at all, but it was a fact that his whole body was limp.

"Let's send him back to rest first, you guys stop playing and go clean up, we'll go straight to dinner!"

Lin Ran said.

The crowd was puzzled, and Xue Ding was a little embarrassed, rushing to say.

"Director Lin, I'm really fine, let everyone continue to play!"

"Cut the crap and do as I say!"

Lin Ran's face was unusually gloomy in a rare occasion, the crowd did not dare to object and had to do as they were told.

Back in the room, Lin Ran still had a stern face, Luo Cheng looked puzzled and asked carefully.

"Little divine Doctor, is there something fishy?"

"Mm!"

Lin Ran nodded his head, then said with a thought.

"Later on you do as I say!"

Said Lin Ran and arranged it, after hearing the arrangement, Luo Cheng's face changed and he said in a low voice.

"There is this, wouldn't that be dangerous?"

"Don't worry, he can't get away with me!"

Lin Ran was confident, and immediately led Luo Cheng out of the room and rushed towards Xue Ding's room.

In the room, Xue Ding was lying on the bed, a group of people around him had all arrived, only they all had helpless faces, what had been a nice gathering had turned into this before they could even play.

"Hey, Director Lin is here!"

Suddenly Liu Wenjuan spoke up, and the crowd looked towards the door of the room, only to see that Lin Ran had walked in with Luo Cheng.

“Everyone hand over the keys!”

Lin Ran spoke directly.

The crowd was puzzled, what was the point of handing over the key for good reason?

“The matter of Xue Ding, I suspect that someone is deliberately stirring up trouble, this matter is very involved, if you don’t hand over the keys I will send them directly to the police station!”

Lin Ran’s words were very heavy, when the people saw how serious the matter was, they had no choice but to hand over the key.

Lin Ran handed the key to Luo Cheng, who directly left the room.

At this point, the crowd was all confused, and Lin Ran saw this and explained.

“You all heard it just now, Xue Ding was in a coma because he had lost his strength!”

The crowd nodded at his words.

“Does Director Lin have anything else to hide?”

Li Zheng asked, he was the one who had just jumped to the conclusion that Xue Ding had fainted because he had lost his strength.

“That’s right!”

Lin Ran nodded, and then said.

“I took Xue Ding’s pulse just now, and his pulse was strong and powerful, indicating that there was no deficiency in his body at all, so how could he have developed the symptoms of deficiency!”

As soon as Lin Ran said this, the crowd couldn’t help but freeze, each looking at each other, not knowing what to say.

“Director Lin, could it be sudden shock?”

Li Zheng said.

Lin Ran, however, shook his head.

“Impossible, he’s a martial arts practitioner, his body is hardened without me saying much, there’s no way intermittent shock exists, I found it when I took his pulse just now and also made sure there were no other diseases in his body!”

“Director Lin, don’t sell yourself short, what’s wrong with him, Xue Ding?”

Li Mei couldn’t help but ask, Xue Ding was his fiancé and she was really worried!

Lin Ran looked at the crowd and swept his gaze around before finally saying.

“I suspect that he has struck an evil spirit!”

“What?”

“How is that possible, it’s too mysterious!”

“Yes...!”

The group of people were all surprised at what they heard, especially Li Zheng, he was a believer in the way of Chinese medicine, how could he be willing to believe in any evil spirits only.

“Director Lin, are you You’ve made a mistake!”

The first time I saw him, he was a very powerful man in his mind, but what he said at that moment was too far out of his league.

Lin Ran was not angry and said indifferently.

“You may not believe it, but this is the truth, you will naturally understand it later, and think about it yourselves, an adult, whose strength was taken away in an instant, what else could it be if not a collision with evil!”

Said Lin Ran, looking to one side at Qi Yin and inexplicably asking.

“You say so, Director Qi!”

“Hm?”

Qi Yin seemed to be thinking about something and was jolted awake by Lin Ran’s call, quickly reacting and saying in a deep voice.

“Director Lin, also as a doctor, I think you should read less of those feudal ideas, how can we who study medicine believe in that kind of stuff!”

Qi Yin said so eloquently that the crowd couldn’t help but believe a few things.

Lin Ran, however, laughed as he listened.

At that moment, Luo Cheng had already returned, and he had a cloth bag in his hand, and as soon as the cloth bag was taken out, everyone looked at Qi Yin because it was his bag!

“What are you doing with my bag!”

Qi Yin asked with an ugly look on his face as he got up.

“Then your stuff is naturally because you’re holding something inside!”

Luo Cheng sneered, and with a shake, took out a black bracelet from the bag, this bracelet could not be seen what kind of material it was made of, only that he could vaguely tell that there was watery light flowing inside, it looked extremely extraordinary.

“What is this thing?”

The crowd couldn’t help but ask how this bracelet, which looked ghostly, could have appeared in Qi Yin’s bag.

“Director Qi, you’d better explain the origin of that dongfeng!”

Lin Ran said in a cold voice.

“Why should I explain, this thing is my own, what does it have to do with you guys, can’t you suspect that it was this thing of mine that turned Xue Ding into this?”

Qi Yin’s face was grim as he scolded.

Lin Ran’s face remained as usual as he said in a cold voice.

“It’s not a suspicion, it’s a fact!”

With that, Lin Ran directly took the black bracelet, and then threw it straight down towards the window.

At this moment, the sun was shining outside, and once the black bracelet landed on the ground, it didn’t even break, it didn’t even make a crashing sound, as if a ball of cotton had fallen on the ground.

The crowd was stunned by this scene and was puzzled.

But immediately afterwards, they were surprised to find that the bracelet was shrinking rapidly under the sun’s light, just like a deflated ball, and soon shrank to nothing, and only a wisp of black silk could be seen on the ground.

Immediately afterwards, a scene that everyone did not expect appeared, only to see a huge black shadow rising up violently and instantly obliterating under the sun’s illumination, letting out a painful moan before dissipating, as if an unjust soul from hell was howling.

“This!”

Everyone in the room turned pale with fear, except for Lin Ran, whose face remained calm as he looked at Qi Yin and said in a cold voice.

“Director Qi, now it’s time for you to explain if this has anything to do with you!”

“All right, I’ll say!”

Finally faced with ironclad evidence, Qi Yin did not resist and spoke.

“This thing is indeed mine, but I really didn’t know it was so evil”

Said Qi Yin and told the story of what had happened.

It turned out that he bought this bracelet yesterday at the antique city, when he bought it it was still white, but when he got up this morning it turned black, and in the morning he went to the seller on purpose, but there was no one there at all.

There was a party in the afternoon, so he came straight over and the bracelet was just carried around with him.

“I swear, I really didn’t have this with me when I went swimming just now, and I don’t know anything about feng shui, so I don’t know if Xue Ding turning like this is really related to the bracelet!”

Speaking here, Qi Yin looked at Xiao Yu with an apologetic face.

“I’m sorry, I wanted to give you a surprise, but I didn’t expect it to turn into a shock!”

“It’s alright, it’s good that you have this heart!”

Xiao Yu stepped forward to comfort, and everyone else breathed a sigh of relief, as long as Qi Yin hadn’t done it on purpose, no one would blame him for it as they were all colleagues.

However, Lin Ran was different, he didn’t believe all of Qi Yin’s explanation, but because of the slightly better mood of the people at this time, he didn’t pursue the matter any further, and turned to the people and said.

“All right, let’s all pack up and go eat, let Xue Ding eat more later, his whole body is exhausted, it’s the time he needs a big tonic!”

Said Lin Ran as he turned his head to look at Li Mei and admonished.

“Let him rest for the next two days, it’s best not to continue to exert himself!”

The people present were all old drivers and could not help but laugh at Li Mei at his words, looking at the latter’s pretty face redden as she nodded.

The group quickly left, each going to pack their things and prepare to go to dinner, as they were leaving the house, Song Nuan and Luo Cheng both glanced at Lin Ran, with doubts on their faces.

Lin Ran knew what they were thinking and smiled as he shook his head and said.

“There’s no full proof, it’s better to wait and see what happens!”

The two men nodded at his words and said nothing more.

The next step was very calm, and there were no accidents. Lin Ran took a group of colleagues, ate dinner at the resort, and went singing until late at night, when they left separately.

Lin Ran sent Luo Cheng to the city and the latter was picked up, after which Lin Ran took Song Nuan straight back home.

“Do you really believe that Qi Yin’s words?”

When he returned home, Song Nuan could no longer hold in the doubts in her heart and opened her mouth to ask.

“I don’t believe it.”

Lin Ran replied indifferently.

“Then why didn’t you pursue it further?”

Song Nuan was puzzled, today’s incident was not too big, but not too small. If Xue Ding had not just lost his strength, but had some other accident, this would have been serious.

Lin Ran looked at Song Nuan and didn’t answer.

“Hey! Why don’t you answer me?”

Song Nuan asked after him.

Lin Ran shook his head helplessly and said.

"Evidence, do we have any? We only know that the bracelet belongs to Qi Yin, but who can prove that the bracelet is the murderer?"

"You?"

Song Nuan's mind was dumbfounded at his words.

Yes, Lin Ran had never said that Qi Yin was the murderer, the previous situation at the hotel was just forced by the situation, in addition to Lin Ran and Luo Cheng's hints, which made everyone take Qi Yin as the murderer.

However, if one thought about it, one would find that from the beginning to the end, Lin Ran had never said anything like "Qi Yin is the murderer".

"You're too cunning, you're blowing him up!"

Song Nuan reacted and looked at Lin Ran with a disbelieving face. He had the impression that this guy was poor, just impervious to strength, and could cure any disease and dare to fight anyone.

"It's just a small test, although this person Qi Yin is my colleague, sometimes even I can't see through him, there must be something in him!"

Lin Ran said to himself, but then laughed at a whirlwind thought.

"Forget it, as long as he doesn't calculate on you, just let him toss it around!"

Hearing Lin Ran's words, Song Nuan couldn't help but blush as she whispered.

"You care about me so much!"

"Otherwise, father-in-law has given you to me for protection, I can't be negative to him, and to say the least, you're also my daughter-in-law, what kind of husband doesn't protect his daughter-in-law!"

"Get lost, stinking rascal!"

Song Nuan's pretty face turned even redder, she found that every time she had a slight change in her impression of this guy, he started to make, causing her heart to simply love and hate this guy at the same time.

"Blah blah blah! Who loves him, a poor loser!"

Song Nuan dropped the words and ran straight into the bathroom to take a shower.

Lin Ran looked bewildered and shouted loudly.

"Who are you calling a poor loser? Don't forget that I bought the family car!"

“Yes, yes, you bought it, big tycoon, thug!”

The mocking voice of Song Nuan came from the washstand.

.....

The next morning, Lin Ran went to work as usual, while Song Nuan went back to her house.

As yesterday had been a day of fun, which had been very good for them medical workers, everyone was still full of energy even though it was Sunday.

Lin Ran greeted everyone and swirled to his office.

But before he could even get his butt into the chair, his mobile phone rang.

When he picked up the phone, Lin Ran couldn't help but reveal a smile.

“Hello! It's been a long time, big beauty Qin, I heard you've taken a leave of absence?”

The phone call was from Qin Bing, since the last time we parted, this girl seemed to have evaporated, later Lin Ran heard from her colleagues that she had taken leave to go home.

“Don't be silly, come and pick me up quickly, I've run into a bad guy!”

On the phone, Qin Bing's voice was urgent and she looked very upset.

“I've told you not to wander off alone, such a big beauty, it's strange that she won't attract bad guys!”

Lin Ran said, while already getting up and walking towards the door.

“You're talking poorly to me, wait until I get back and see if I don't clean you up!”

Qin Bing's voice was a little more urgent, obviously the situation was already very dangerous.

“Send me the address, I'll definitely arrive in twenty minutes at most!”

Lin Ran laughed confidently, by now he had already left the hospital and came to the car park to take out his keys, he couldn't help but be stunned and embarrassed.

“Er... It's still thirty minutes!”

“Why is there an extra ten minutes!”

When she heard twenty minutes, Qin Bing was quite happy in her heart, at least this guy still cared about himself, but this heart had not even warmed up yet, and suddenly another ten minutes were added, which simply made her a little crazy.

"I misremembered the car, I thought I was driving a Porsche!"

Looking at the broken SUV in front of him, Lin Ran was speechless, Song Nuan wanted to go home in the morning and took the Porsche away, instead he threw his broken SUV at him, as a man, Lin Ran naturally argued his case, but in the end, he didn't grab

"What with what, you must appear in front of me within twenty minutes, otherwise, I'll make you look good!"

Qin Bing dropped a sentence and hurriedly hung up the phone.

Listening to the phone, the beeping... The blind tone, Lin Ran was speechless and looked at the off-road vehicle in front of him, shaking his head and sighing.

"Little off-road, although your master doesn't want you anymore, but I love you, don't give me a chain later, or else if big beauty Qin gets mad, I'll drive you straight into the scrapyard!"

The next moment, the car left a thick black smoke behind him and rushed out directly.

In the southern part of Temperance City, Qin Bing was walking fast within the pedestrian street, going wherever there were many people, delaying as long as she could.

"Why isn't this bastard here yet, it's already been eighteen minutes!"

As she watched the minutes pass, Qin Bing's heart lifted along with her, she could feel the group of people she was following behind her, getting closer and closer.

"Let's go to the mall first and hide!"

Seeing that there was a shopping mall right next to her, Qin Bing immediately walked in, the mall was generally still relatively good to hide from the crowds.

But the mistake was that Qin Bing had overlooked one point, the other party could follow her in the crowded pedestrian street, which meant that the other party was extremely familiar with the area, so naturally the mall was also very familiar.

Sure enough, just as Qin Bing entered the mall, before she started to turn, she was suddenly covered from behind and dragged directly into the walking staircase.

The mall's walking staircase was simply for show, as no one would even come to walk up it, and Qin Bing was directly held up by two big darting men and thrown into a dead end of the staircase.

"You guys What do you want, this is the city centre, I'll call the police!"

Qin Bing took out her mobile phone and was about to call the police, at the critical moment Lin Ran really can't be relied on, or the deterrent effect of the police uncle.

"Call the police?"

"Haha!"

Seeing Qin Bing's action a group of people laughed, and a straight-haired youth in the lead stood out and laughed.

"I say, big beauty, didn't you stop being a bully on the underground just now? You even exposed me for stealing my wallet, what? Now you're not thinking straight? Look at your phone, do you have a signal?"

"You!"

Qin Bing hurriedly pressed the bright phone to see, and found that the hand had no half signal at all.

"You What the hell do you want? Stealing a wallet is against the law, I advise you to turn back early!"

The group of people across the street were repeat offenders and would have listened to her.

"Turn back to the shore? I'm afraid you're not turning back to the shore, you're turning back to your brother Erlun!"

The youth laughed coldly, his gaze constantly on Qin Bing in large quantities, his eyes full of greed.

"I, Erlengzi, have naturally seen countless women, but this is the first time I've seen one like you."

Said Erlengzi, unable to resist licking his lips, looking somewhat impatient.

"Brother Leng, why don't a few brothers keep watch for you while you bring your gun to the gun here?"

A lecherous thin man next to him spoke up and laughed.

Er Rengzi smiled even more obscenely when he heard that, but then he gave the obscene skinny guy a direct slap and scolded.

“You son of a bitch, you want me to be on the news without my trousers on, and here you are, you’re fucking crazy for women!”

The slap was so hard that the skinny guy didn’t dare to speak again.

Then he thought for a moment and said.

“Take her away first, damn it, if it wasn’t for this bitch, I would have earned several hundred again today, damn bad luck, I’ll make sure to torture this bitch a good beating later!”

As he said this, there was a longing look in Er Rang’s eyes, looking forward to the process of cleaning up Qin Bing later on.

“Lin Ran, you big man still not coming!”

Looking at the two big men coming towards him, Qin Bing’s eyes fell with tears and he couldn’t help but curse.

In her heart, she said, “It’s true that reality is different from TV. On TV, the heroes must have come out to save the people, but in reality, this bastard Lin Ran was still stuck in a traffic jam somewhere.

Just when Qin Bing’s heart had begun to despair and the two big brawny men had arrived close, suddenly a familiar voice came through.

“Stop, what’s that for? Take your salty hands back!”

This shout was so familiar that Qin Bing’s eyes immediately burst into tears. Taking advantage of the time when the others turned and froze, Qin Bing ran directly against the wall to the entrance and ran head-on into Lin Ran who came in.

When she saw Lin Ran, Qin Bing couldn’t hold back any longer and jumped into his arms, the usually cold as ice beauty was crying like a child.

“Don’t worry, it’s alright!”

Lin Ran patted Qin Bing and said comfortingly.

“You bastard, why did you only come now, I almost got them!”

Qin Bing couldn’t say any more.

Erroneous was surprised to see that someone had actually come to snatch his duck that had arrived, in this southern city was unknown to him Erroneous's reputation, I didn't think there was really someone who wasn't afraid of death!

"Kid, I admire your courage, you dare to come and force your brother Leng to take a fancy to a woman, you have guts!"

Er Rangzi said and gave Lin Ran a thumbs up.

Seeing this, the thin man's men on the side stepped forward and said smugly.

"Kid, do you know who our Brother Leng is? If you're smart, hurry up and change the pretty girl back and apologize to our Brother Leng at the same time, our Brother Leng might even give you a whole body if he's happy, otherwise you won't even know how you'll die later!"

"Brother Leng? I've never heard of it, but I have heard of Er Rang!"

Lin Ran laughed lightly.

"What? You know my name?"

Er Rangzi was a little surprised.

Lin Ran was equally a little surprised as he looked at Er Rangzi and said very seriously.

"You're also called Er Rangzi? I'm talking about a dog in our village, it's called Er Rangzi, what a coincidence, you're actually called Er Rangzi too!"

"You're fucking playing with me!"

Er Rongzi was furious at his words and shouted at the men behind him.

"Go on, waste him for me, his death is on me!"

"Yes Brother Leng!"

"Good class Brother Leng!"

One by one, the henchmen pounced towards Lin Ran as if they had been hit by chicken blood.

"Hey, big beauty, the action is about to start, you can go and watch from the side first?"

Lin Ran smiled at Qin Bing.

Qin Bing had recovered a little by now and gave Lin Ran a punch, then swirled and stood aside, laughing.

“Hit me hard, I’m furious!”

Lin Ran sniffed and made a reassuring gesture.

This scene looked very unpleasant to Er Rongzi’s heart, and he cursed.

“You’re still flirting with me at this time, I’ll make you beg for mercy on your knees later!”

“Hurry up, get up there and waste this bastard!”

Erroneous urged, and one by one, his men couldn’t help but speed up a few more points, seeing that they had already arrived in front of Lin Ran.

Lin Ran was still standing as if he didn’t see them, but only when the first big man to arrive greeted him with a fist as big as a casserole on his head did Lin Ran move.

The phrase “not moving is like a mountain, but moving is like a dragon” is exactly what Lin Ran said.

The next moment, Lin Ran’s palm slashed downwards from above, directly hitting the wrist of the opponent’s arm, and only heard a crunching sound.

“What!”

Seeing this scene, a group of people at the back were all stunned, they followed Errongzi, usually just foxes and tigers, but almost no real action, because Errongzi is the brother-in-law of a bully in South City, who dares to bully him in South City!

“This is a wonderful way to start!”

Lin Ran looked at the group of people and a smile appeared on his face as he swirled towards the other side and rushed forward.

The group of people on the other side were so frightened that they ran backwards, and Erroneous, who was standing at the end, was so frightened that he held his head in his hands and shouted loudly.

“Don’t fucking run, kill him and pay 50,000 each!”

“Don’t run, I’m the brother-in-law of South City Tiger!”

“Don’t you run”

In less than a minute's time, the dozen or so people Er Rongzi had led ran and fell, and when Er Rongzi tried to run, Lin Ran was already in front of him.

"Don't Don't hit me, I don't dare anymore, I really don't dare!"

Er Rangzi shrank to the ground and begged for mercy.

A moment ago he was strutting his stuff, but at this moment he was like a soft skinned shrimp, Lin Ran felt amused, patted Errong's face and said.

"Aren't you the brother-in-law of some South City Tiger? How come you're scared here?"

"Me!"

Er Rangzi was stunned at his words, and it dawned on him, yes! His brother-in-law was the South City Tiger, this was the South City, he was not afraid of anything!

Thinking of this, Er Rangzi got his strength back and looked at Lin Ran disdainfully.

"Kid, you seem to be quite sensible, you've heard of our Brother Tiger's name, since that's the case I won't talk nonsense to you, apologize, take your girl and get lost, I don't want to see you again!"

There was one thing that Er Rongzi was not afraid of, and that was getting beaten up!

At this point he dared to talk like this because of Tiger's name, but if he left Qin Bing behind without knowing what was wrong, then I'm afraid the other party would just beat himself up first and bolt, then it would be himself who would suffer.

"Haha, you're quite good at what you do, but look at my friend like that, I can't seem to let you go!"

Lin Ran pointed at Qin Bing who was at his side, only to see Qin Bing's jade teeth clenched and her hands clenched in fists as she kept waving them in the air, as if she was possessed by Lin Ran at the moment and was going to teach Er Rui Zi's group a good lesson.

"No... No, my brother-in-law is really Brother Tiger, give me face, let's forget about this, I don't want an apology either!"

Er Rongzi said with an ugly look on his face, his own face was burning with these words, but it was to save a flesh and blood pain, he could still bear it.

"Come on, you're already like this, it would seem unkind of me to do it now!"

Lin Ran said as he stood up, and Er Rongzi couldn't help but rejoice, saying in his heart that he had finally escaped a severe beating.

But who knew that at that moment, Lin Ran shouted Qin Bing over and pointed at Er Rangzi, saying.

"This guy is too wimpy, so teach him a lesson yourself, relieve your anger and we'll go!"

"Me? Fine!"

Qin Bing was stunned at first when she heard that, then a smile suddenly flowed out, just now she had long seen this Er Rangzi upset, actually tried to molest herself, at this time there was an opportunity where she would not miss it, lifted her foot and greeted towards Er Rangzi's body.

"Hey! I said we're not going to fight, why are you doing it?"

The first thing you need to do is to get a good idea of what you're getting into.

"Don't Don't kick Missy, you're wearing high heels, you want to kick me to death!"

"Ah! Big Sister! I was wrong!"

"Big Sister I was wrong I'm really wrong!"

Erroneous cried as painfully as if his father had died.

Originally, Qin Bing was already ready to stop, but when she heard the other party actually shouting at her Big Mother, she was instantly angry again and greeted him with her foot again.

"I told you to shout Big Mother!"

"I told you to shout!"

"I'm not that old!"

Erroneous's eyes burst into tears and he hurriedly shouted.

"No, no... You're not Big Mother, I'm Big Mother, you're Miss alright!"

"Miss?"

Qin Bing became even more furious, and her high heels were like money, and she kicked him in the head, scolding him as she did so.

"Who are you calling a lady?"

"You're the one who's a lady!"

"Your whole family is a lady!"

"Yes, yes... My whole family is a lady, please don't hit me, I really know I'm wrong!"

Er Rongzi cried with a cry of pain.

Qin Bing's anger had almost subsided and she soon stopped, after taking a look at Er Rongzi on the ground, even she herself was shocked.

"Yah, who is this man! Why has he grown a pig's head!"

"What do you think? It wasn't you who beat him up!"

Lin Ran looked speechless, this severe beating, his hand was not the least bit lighter than his own, in his heart he couldn't help but say, really, don't offend women by offending anyone, women are simply more ruthless than even men when they retaliate.

"Let's go!"

Qin Bing was in a much better mood after the fight and greeted Lin Ran as he left.

But just as the two of them were walking out of the stairs, another group of people came in front of them, Lin Ran fixed his eyes on them, wasn't this the group of men who had just left Erroneous alone?

"You're a dead man, wait for me!"

"Yes you're dead, wait for me!"

A group of people pointed at Lin Ran, but before Lin Ran could take a step forward, the group of people shrank back again.

A few people were bold enough to run around Lin Ran and help Er Rongzi up, while whispering something in his ear, and soon Er Rongzi came running over with a pig's head in his hands.

"Haha! Neither one of you is going to leave today, damn a smelly bitch actually hit so hard, I'll have to return the favour later, but in bed!"

Erroneous shouted, as one of his men surrounded the two Lin Ran, clearly not allowing the two to leave.

"Looks like you still hit lightly just now."

Lin Ran sighed and turned to look at Erroneous, scaring him into hastily shrinking back before he straightened his back version and said.

"Kid, I admit that you are very capable of fighting, but in South City, if you are a dragon you have to coil up for Laozi, my brother Tiger will be here soon, later on even if you kneel down and beg Laozi, Laozi will not let you go!"

"What should I do?"

Qin Bing was a little worried, seeing how excited Er Rongzi was talking, obviously that Brother Tiger should be very powerful, she was afraid that Lin Ran was no match.

"Don't worry, it's fine!"

Lin Ran looked relaxed, as if this matter had nothing to do with him at all.

While the two of them were talking, the crowd of punks surrounding Lin Ran had already made way for a young man with one hand in a cast to walk out, surrounded by the crowd.

Lin Ran couldn't help but smile at a glance, it was the same Brother Tiger who had kidnapped Song Nuan two days ago.

"What a coincidence, Brother Tiger isn't it, we meet again!"

Lin Ran looked at Brother Tiger and smiled, his smile innocent.

Brother Tiger was stunned, and when he saw Lin Ran in the crowd, he was so scared that he almost lost his footing and fell to the ground, but luckily someone beside him helped him.

"You You ... How come it's you!"

Tiger's voice stuttered with nervousness.

The long-awaited Erroneous saw Brother Tiger coming and directly changed into a crying voice, running towards him while complaining loudly of his grievances.

"Tiger... Brother Tiger, you have to do something for me!"

“Holy shit, what the hell!”

Brother Tiger, whose attention was on Lin Ran, saw a man lunging at him with a pig’s head on top, and reflexively kicked him straight out.

Erroneous fell dizzy and was busy climbing up and crying out.

“Brother brother-in-law, it’s me, I’m your brother-in-law! Why did you hit me!”

“Brother-in-law? You’re Erzhangzi?”

Brother Tiger was a little hesitant and stared at Erroneous for half a day, but he did find that it was his own brother-in-law, and only then did he let him come closer.

“Is that the one who beat you up like this?”

Brother Tiger asked with a gloomy face, who in South City didn’t know his Brother Tiger’s reputation, even his own brother-in-law dared to beat him, this was no different from beating himself.

“That’s him!”

Errong pointed at Lin Ran and cried out.

“Brother-in-law it’s him, you have to do it for me, give him a good beating and avenge me!”

Seeing Lin Ran, Brother Tiger’s face instantly turned ugly, he looked at Er Rangzi and screamed in his heart as he hurriedly pulled him back and said.

“Don’t talk nonsense, this is Brother Ran!”

“Brother Ran? When did you change your name, brother-in-law, but it’s not bad, Brother Ran is quite catchy too!”

Erroneous didn’t react and thought that Tiger was talking about his own name.

“Kid, do you hear me, my Brother Tiger, ah no, my Brother Ran is here today, if you want to fucking leave, kneel down, kowtow a hundred times and then shout three times that I’m wrong grandpa, otherwise it’s useless for anyone to come today!”

Er Rongzi shouted, but Lin Ran and Qin Bing were both laughing as they looked at Er Rongzi like he was a fool.

“Aiya, still dare to look at me with such eyes, I’ll fucking kill you!”

Said Errongzi and dragged his shoes off, he didn’t dare to go over and was ready to throw a shoe first.

But as soon as the shoe was lifted up, it was snatched up by Tiger behind him and he “snapped” a shoe towards the back of his head.

“Who! Who the hell dares to hit …..!”

The second half of his sentence was swallowed when he turned his head and saw that the shoe was in Tiger’s hand, covering his head in aggression.

“Brother-in-law, you hit the wrong person, it wasn’t me, it was him!”

“It was you that Laozi hit!”

Tiger was so furious that he raised his hand and slapped another broken shoe on Er Rangzi’s face, causing him to roll several times on the ground before he got up.

“Brother-in-law, why are you hitting me!”

Erroneous had a face of aggression.

“Don’t fucking call me brother-in-law!”

Brother Tiger’s face was ugly, after what happened last time, even Luo Cheng had specifically instructed him not to mess with Lin Ran again, there he still dared to go against this youth in front of him, this brother-in-law of his own was really stupid too, it simply made him so angry that he wanted to vomit blood.

“Not calling out to brother-in-law? No way brother-in-law, you and my sister blew it? It shouldn’t be, it’s not even a license!”

Er Rangzi was a bit baffled, if Brother Tiger didn’t want his sister anymore, then he would still be nothing in South City, those people he had offended before would still be lining up to clean up after himself.

When he thought of this, Er Rongzi sat down on the ground and hugged Brother Tiger’s thighs, crying out.

“No, no, brother-in-law, I have many more sisters, if you don’t like the current one, we can change it!”

“I’ll fuck you!”

Tiger was so angry that he almost lost his breath, and kicked Erroneous away, chiding him.

"If you keep talking nonsense, I'll waste you first!"

A single word directly scared Er Rangzi into not daring to say the slightest word, only to look at Lin Ran with a reluctant gaze.

"Brother Ran, I've made you laugh!"

Brother Tiger looked towards Lin Ran and said respectfully, with a worried look on his face, he was afraid that Lin Ran would not spare his brother-in-law, although his brother-in-law bastard was still a bit of an idiot, but after all, he was his brother-in-law, if he ended up too miserable, he would not be able to explain to his woman.

"Ran... Brother Ran?"

When Erroneous saw this, his cold sweat came down, he felt that Brother Ran was a name for someone else.

"Brother Tiger, is there anything else? It's office hours, if there's nothing we'll leave first!"

Lin Ran looked at his watch and laughed.

"No... Nothing, Brother Ran can leave anytime!"

Brother Tiger said in a hurry, he was still worried about how to send Lin Ran away, at this moment, hearing Lin Ran say that he wanted to leave was exactly what he wanted to do.

"Let's go!"

Lin Ran turned around and greeted Qin Bing.

Qin Bing was still looking a little bewildered, why was this Tiger treating Lin Ran so respectfully, as if he had been severely beaten by this guy.

"Ao Good!"

Reacting, Qin Bing hurriedly nodded his head, and immediately followed Lin Ran and headed forward.

The crowd of punks very consciously made way and watched Lin Ran and Qin Bing leave the place in unison.

As soon as the two Lin Ran left, Brother Tiger hurried over to Er Rongzi, dragged him up from the ground and scolded him.

"You're really going to fucking piss me off, from now on give Laozi less trouble, especially this Lin Ran, if you fucking mess with it again, dead Laozi won't even care about you!"

.....

Leaving the mall, Qin Bing got into Lin Ran's car and asked with some confusion.

"That Brother Tiger, knows you?"

"Sort of, I met him once before!"

Lin Ran returned casually, not saying anything about the kidnapping of Song Nuan.

Seeing this, Qin Bing didn't ask any more questions and calmed down his stumbling emotions before he opened his mouth again to ask about some hospital matters and chat about his work.

When he was about to arrive at the hospital, Lin Ran suddenly asked.

"I heard that you took time off this time to go home? Why is there something going on at home?"

"It's nothing much, it's just grandma's birthday and I haven't seen her for a long time, so I took a few days off!"

Qin Bing said.

Hearing the word grandmother, Lin Ran couldn't help but feel sour in his heart, he hadn't gone back to see his grandmother for most of the year, in the past he had to work to earn money during the school summer holidays, he only went back during the annual holidays, it had been seven months since he came to school this year, he did feel a bit homesick in his heart.

"What's wrong?"

Seeing that Lin Ran suddenly did not speak, Qin Bing came over and asked.

"Nothing, I'm just suddenly homesick!"

Lin Ran squeezed out a bitter smile, looking a little surprised by Qin Bing.

"Alright, we're at the place, get off!"

The car was parked and Lin Ran greeted Qin Bing as she got out.

Qin Bing was carrying heavy luggage and Lin Ran was just about to come and help when a voice suddenly came from afar.

"Aiya, Director Qin, Director Lin you are back, I'll take care of the luggage, you guys hurry up and get in!"

"What's wrong with Old He?"

Seeing the visitor, Qin Bing asked in confusion.

Old He was none other than the security guard at the hospital car park, he could always be seen going to and from work on a regular basis, and the three of them had quite a good relationship.

"Aiya, it's a hundred thousand times urgent, just now Dean Yang all informed, let's take Director Lin to the emergency room as soon as we see him, Director Qin, you just came back, go with him too, I heard that a very difficult patient has come to the hospital!"

Old He said hurriedly.

"Okay, we'll go there now!"

Lin Ran nodded at his words and immediately pulled Qin Bing and headed straight for the hospital.

The latter had just returned from home and was not in a working state, so when Lin Ran took his hand, his face flushed.

Although Lin Ran's hand was not wide, it was unusually strong and firm, which made Qin Bing's heart feel a little safer.

"It's actually quite nice to have a man to take care of, who loves to be an iceberg beauty every day!"

Qin Bing thought in her heart, her little face couldn't help but redden even more, and she hurriedly said sheepishly.

"Blah blah blah! Who needs him to take care of, a little brat, not even as old as himself!"

Thinking of this, a phrase popped into Qin Bing's mind, something her mother used to say about her brother.

"When a woman is three years old, she holds a golden brick, when a woman is six years old, she doesn't need to worry!"

"I seem to be exactly three years older than him!"

Qin Bing immediately calculated her age in her mind and felt a pang of shyness, she couldn't help but lower her head, her entire face was so red at this point that water could drip out of it.

Lin Ran didn't notice what Qin Bing was doing, as soon as the two entered the emergency room, Li Zheng ran out from inside, and when he saw Lin Ran, he was about to speak, but he saw Qin Bing's pretty face reddening at the side, and immediately worried.

"Director Qin, why is your face so red, are you running a fever!"

"Er... No, it's not!"

Qin Bing was a little shy and stammered without saying anything.

Lin Ran was just about to speak, but he realized that he was actually still holding someone's small hand, so in his heart, he hurriedly let go of his palm while digressing from the topic.

"We ran all the way here, Director Qin is afraid that she is a bit hot from running, let's not talk about that, hurry up and tell us about the patient's condition!"

"The patient is a child, it was brought in by Xue Ding, and the child's parents have just arrived!"

Li Zheng said as he led Lin Ran to the intensive care unit of the emergency department.

Through the glass of the care room, Lin Ran and Qin Bing saw that several directors had come inside and were also doing various tests, but nothing seemed to be working, the child had a painful expression and was constantly tossing and turning on the bed, and by the side of the bed, there were dozens of mineral water bottles of all sizes piled up.

Lin Ran noticed that the boy's father, who seemed to be the boy's father, was constantly handing mineral water to the little boy, who was holding the water himself and drinking it, while his mother was constantly wiping the little boy's body.

"When the patient was brought in, his body temperature was very high, close to forty degrees!"

Li Zheng said.

Qin Bing smiled and covered her mouth with her hand, forty degrees which was already considered a severe high fever, even the brain could be burnt if it was prolonged.

“Then how come the child is not in a coma?”

Qin Bing asked.

Li Zheng said with a sigh.

“This child doesn’t know what’s going on, his body temperature is so high, but he’s very clear, he doesn’t even have any problems with his body functions, he just keeps screaming that he’s hot and wants to drink water!”

Speaking of this, Li Zheng said with a hint of helplessness on his face.

“This is already the second examination being done, so hopefully we can find out the cause of the disease!”

As the three of them spoke, the examinations in the ward had already been done, and through the window Lin Ran could see, the helpless expression of the doctor inside, it was obvious that this side of the examination still did not yield any results.

“Come on, let’s go in!”

Lin Ran greeted, and with a whirl the three of them entered the ward.

President Yang personally sat down, and when he saw that Lin Ran had finally arrived, he couldn’t help but feel relieved, since Lin Ran had come to the hospital, whenever he encountered such a difficult problem, the first person he thought of was Lin Ran.

“Lin Ran, you’ve come. We’ve finished the second examination, but we still haven’t got anything!”

Dean Yang came forward and said anxiously.

When the patient’s family members at the side saw Lin Ran’s trio arrive, they couldn’t help but frown slightly as the man spoke up.

“Dean Yang, who is this?”

“This is Lin Ran, the head of the Chinese medicine department at our Temperance Hospital, and none other than the little divine doctor.”

Dean Yang introduced, with an uncontrollable excitement on his face.

“At this age, will it”

The man was a little hesitant, Lin Ran at this age looked like he had just graduated, putting his hopes on a young youth made him, as a father, feel very inappropriate.

Lin Ran also does not care, turned to look at Li Zheng, said.

“You said the child was sent by Xue Ding, you call him over!”

“Yes!”

Li Zheng went out at once at his words, and soon brought Xue Ding in.

When Xue Ding saw Lin Ran, he was instantly happy and said.

“Director Lin you’re finally here, save Xiao Nan!”

“Don’t rush yet, tell us the situation first!”

Lin Ran was not in a hurry to examine the patient, Chinese medicine is about looking, smelling and asking questions, the patient’s situation was very complicated, even modern instruments could not check the cause of the disease at first, so he needed to understand the child’s situation properly.

“It’s like this”

Xue Ding hurriedly introduced the situation to the side.

It turned out that Xue Ding was Xiao Nan’s personal martial arts instructor, people like Xue Ding who came from a martial arts family were often invited to be someone’s personal instructor, this Xiao Nan just grew up loving martial arts, and it just so happened that his parents were considered rich, so he had recently hired Xue Ding to be his personal instructor.

In the morning, he was giving Xue Ding a lesson when suddenly Xue Ding fell to the ground, twitching all over and screaming for water.

At first he thought it was because the child was small and was making a scene again, but after giving the child three bottles of mineral water one after another, the child still did not improve. Finding that the situation was not right, he took the child directly to Tamkang Hospital and at the same time notified the child’s parents.

Li Mei, Xue Ding’s girlfriend, was none other than a nurse in the Chinese medicine department, so he took the child directly to the Chinese medicine department. However, Lin Ran was not there at that time, and after Li Zheng’s examination and there was no sign, he hurriedly informed the director and sent the child to the emergency department. Later, President Yang hurriedly arranged for someone to examine the child, but no cause of the illness was found.

He hurriedly contacted Lin Ran, but at that time Lin Ran was with Qin Bing, and there was no signal in the stairwell of the mall, so he didn’t get in touch.

“Okay, I got it!”

Lin Ran understood roughly what had happened and turned directly to Xiao Nan's parents and asked.

"Has the child ever been in this situation before?"

"No!"

Xiao Nan's father returned straight away, his face not looking very good.

His own son was like this, but Lin Ran was in no hurry to see the doctor and kept asking about the situation, making him a little dissatisfied in his heart, even wanting to just take Xiao Nan away and change to a different hospital.

"Doctor there really hasn't been anything like this before, why don't you take a look first?"

Xiao Nan's mother urged.

Lin Ran nodded at his words and walked towards Xiao Nan, while saying to the couple.

"Xiao Nan's situation is a bit complicated, so if you guys think of anything you must tell me first, it will help to confirm the diagnosis!"

"Good!"

Xiao Nan's mother said hurriedly, her emotions easing slightly, and suddenly she thought of something and hurriedly said.

"By the way, Director Lin, there's one thing I don't know if it counts!"

"Go ahead!"

Lin Ran stopped in his tracks and turned to look at her.

She pondered for a moment and said.

"It's like this, it's summer and we live in an older neighborhood, there are still mosquitoes and other flying insects in the house, but since last week, I've noticed that all the insects and ants in the house have disappeared!"

"At first I thought it was because it's autumn soon, but then I found out that everyone else's house still has them, but only ours!"

Speaking of this, Xiao Nan's mother couldn't help but look at Xiao Nan in the hospital bed and said with some concern.

"Once, when Nan was sleeping, I saw a moth flying in through the window, and when I tried to chase it away, I found that as soon as it reached Nan, it flew out of the window as if it had seen something terrible!

"I've seen this happen several times before, I don't know if this is!"

Xiao Nan's mother was a little unsure, but Lin Ran listened with a slight frown, nodded and said.

"I know!"

After saying that, Lin Ran directly turned to Xiao Nan's side and probed his palm to start taking Xiao Nuan's pulse.

"This!"

Seeing that Lin Ran was actually taking Xiao Nan's pulse, Xiao Nan's father's face instantly sank as he impatiently said.

"You're relying on taking a pulse for a cause that can't even be checked by high technology? It's simply ridiculous, Dean Yang, make arrangements for us, we want to be transferred to another hospital!"

"What's the hurry, if the TCM department doesn't take a pulse, does it still take a stethoscope?"

Qin Bing chided from the side, she had seen Lin Ran's methods before.

"You! The baby is mine, there's no way I'm going along with your nonsense, we need to transfer to the hospital now!"

Xiao Nan's father insisted.

Hearing impatience, Lin Ran let go of his mouth, turned to look at the other man and asked.

"What's your name?"

"Lin... Lin Shan!"

Xiao Nan's father was stunned, but he said it anyway.

Lin Ran looked at Lin Shan and said in a low voice.

"Both surnamed Lin, and I won't talk nonsense to you, if you want Xiao Nan to die, transfer to the hospital! If you don't want to, shut up immediately!"

"You! What's your attitude!"

Lin Shan was a bit fired up at his words, and just wanted to go up and say something to Lin Ran, but Lin Ran had already turned his head away and continued to check his pulse.

When Qin Bing saw that Dean Yang was not bothering to take care of Lin Shan, he walked out on his own, stopped Lin Shan and said in a deep voice.

“Mr. Lin please exercise restraint, this is a hospital, if you are making a scene and something goes wrong with Xiao Nan, who will be responsible?”

“You!”

Lin Shan was blocked speechless, gave Qin Bing a vicious look, turned his head to Lin Ran and whispered.

“Fine, I’d like to see how this kid is going to check, I’ll put my words here, if nothing is checked out and my son’s condition is delayed, I’ll make you look good even if I have to lose my family!”

After saying that, Lin Ran sat down directly to the side, his face gloomy and did not speak.

The entire ward was silent for a while, and everyone’s eyes fell on Lin Ran.

Lin Ran’s face was grave at this moment, from the time he started to take his pulse until now, he did not find anything wrong in Xiao Nan’s body, other than the very high temperature in his body, everything else was completely normal.

“Could it be that true qi still needs to be used?”

Lin Ran frowned slightly, with a hint of a bad premonition in his heart.

In theory, ordinary difficult and complicated illnesses, no matter how complicated they were, could be easily treated with the Xuan Yang Pill Canon, and even the cause of the illness could be seen.

However, the last few times, Lin Ran had a distinct feeling that the patients who passed through his hands were all very complicated, and a few of them were completely cured only after using true qi, which caused a hint of doubt to arise in Lin Ran’s heart.

It was as if all the complicated patients had found themselves here at once, a situation radically different from what one should normally encounter.

“No matter, let’s see what’s going on inside him first!”

Lin Ran quickly decided, and immediately a strand of true qi surged into Xiao Nan’s body, quickly probing it.

Under the probing of his true qi, Lin Ran soon discovered something strange.

In the place of Xiao Nan’s dantian, there was actually a flame like object, which was coiled into a ball, unable to see what it was.

However, when True Qi touched it, the object flicked away and Lin Ran discovered with a start that the object was actually a small snake with flames emanating from its entire body.

“Fire Refining Red Snake, how could this thing be inside him!”

Lin Ran immediately exclaimed in shock, while being even more certain of what he had thought in his mind earlier.

“Three of the five poisons have appeared, what else could this be if not a conspiracy!”

Lin Ran roared in his heart, from the moment he had found the Black Devil Poison Scorpion in Song Nuan’s body, he had felt that things were not normal.

Later on, he even found out that the other party had a thief’s heart and had been waiting for an opportunity to deal with Song Nuan, originally he thought that this matter was only directed at Song Nuan himself.

However, when he found out that Li Wansan’s father had a pill-devouring centipede in his body, he became suspicious.

This kind of five poisons are all things in the Feng Shui line, and the probability of two of them appearing in a city at the same time was already extremely low, and this time, they actually found the Fire Refining Red Snake inside Xiao Nan’s body, this kind of probability was not the least bit higher than winning a lottery ticket.

“It seems that the enemy is deliberately leading me on!”

Lin Ran thought in his mind, but his hands didn’t stop, hastily taking out the wooden box he carried with him and holding it stealthily in his left hand, with his back to the others.

After making preparations, Lin Ran manipulated his true qi and quickly approached the Fire Refining Red Snake, gradually forcing it out of his body and storing it in the wooden box.

After doing this, Lin Ran quickly checked again and was sure that there were no leaks in Xiao Nan’s body before releasing his grip.

With the experience from the previous times and the constant use of true qi, Lin Ran could clearly feel that the true qi in his body had mixed a lot thicker, and there was no very obvious weakness after using it this time.

“How was it?”

Qin Bing hurriedly came up and asked.

The Lin Shan couple also rushed up, the latter thankfully full of anticipation, while Lin Shan’s face was not so good.

Lin Ran’s actions just now seemed to him to be doing nothing at all, just taking his pulse for half a day.

“What a waste of time! After waiting for half an hour, what else did you do but take your pulse? Chinese medicine is simply a waste of time!”

Lin Shan scolded, as a full-fledged “modern man” his understanding of Chinese medicine, apart from cupping and massage, was almost nil.

Compared to the slow and methodical treatment of Chinese medicine, he believed in the fast treatment of modern Western medicine, so from the bottom of his heart he didn’t trust Lin Ran, the head of the Chinese medicine department.

“Have you said enough, Lin Ran hasn’t said a word yet, how do you know he hasn’t done anything!”

Qin Bing said in a cold voice.

“You!”

Lin Ran wanted to retort, while Dean Yang behind him walked out and laughed.

“Lin Shan, do you know why Director Lin is known as the little miracle doctor of Temperance Hospital?”

“I’m afraid it’s all bragging!”

Lin Shan did not think so.

Dean Yang, on the other hand, laughed and said.

“That’s because, he never treats patients according to common sense!”

“Don’t talk to me like that, you’re all in it together! And it’s not like we know anything about medicine, I just want to know what exactly he did just now, did he take a pulse and my son will be cured?”

Said Lin Shan as he looked at Lin Ran and snorted coldly.

“That’s a joke!”

“You!”

Qin Bing was furious, she had come across unreasonable patients’ families before when she was practicing medicine, but she had never come across this kind, not even giving people a chance to speak.

Dean Yang was too lazy to bother with Lin Shan and looked at Lin Ran and asked

“How did it go?”

“Fortunately, I’m not insulted!”

Lin Ran squeezed out an ugly smile.

Dean Yang nodded at his words and turned to look at the crowd behind him, a group of doctors and nurses understood and one by one rushed up to examine Xiao Nan.

Lin Shan, however, looked at Lin Ran with an ugly expression on his face and he asked.

“What do you mean by fortunately not disgraced! You better explain it clearly to me today, or else I won’t let you off!”

Lin Ran looked at Lin Shan, his face calm as he said indifferently.

“First of all, fortunately, it means that your son is already fine, and also the language is not good I suggest you go back and make up for it!”

“Secondly, don’t talk nonsense if you don’t know Chinese medicine, every word you say reveals your ignorance!”

After saying that, Lin Ran directly turned around and left the ward.

All people have three degrees of anger, and Lin Ran was naturally no exception, he was too lazy to bother with Lin Shan, that didn’t mean he wouldn’t get angry.

Qin Bing soon came out and dragged Lin Ran to another ward, while Dean Yang was leading someone to check on Xiao Nan.

Lin Ran and Qin Bing waited in the room for a while before Mr and Mrs Lin Shan walked in.

“Little divine Doctor, I’m sorry, this member of our family can’t speak, he’s also worried about Xiao Nan, there’s no malice, don’t forget your heart!”

Lin Shan's daughter-in-law hurriedly stepped forward to say kind words.

Lin Ran's face was calm as he looked at her and said.

"Don't worry, I won't take trash talk to heart!"

He said as he looked at Lin Shan, who had an old red face and scratched his head with some embarrassment and said.

"That sorry Lin Director Lin! Just now it was my eyes that were not aware of Mt. Tai, making you suffer!"

Not long after Lin Ran had just left, Xiao Nan's body temperature had already started to drop, and by the time they came out, Xiao Nan's body temperature had already returned to normal levels.

Seeing this scene, he realised how stupid he had just been.

"That little divine doctor, we came over just to ask what is going on with our little Nan."

Lin Shan's daughter-in-law asked shyly, it was true that they hadn't seen the treatment just now, and neither of them knew how Lin Ran had cured Xiao Nan, so they were all very puzzled in their minds and wanted to know the reason.

Lin Ran nodded at his words, and then said.

"It may be difficult for you to accept this matter, but Xiao Nan was indeed struck by evil magic, if you have time to suggest that you go to a temple and ask for a peace buckle for him to wear, it might be of some use!"

"What? Evil magic?"

Lin Shan exclaimed, instantly questioning Lin Ran's words again, but once he thought that he had just taken his pulse earlier, Xiao Nan's body had healed.

He could not help but put the doubts in his mind away again.

Lin Shan and the two men soon took Xiao Nan out of the hospital and Xue Ding even came to thank Lin Ran.

The two chatted for a few minutes, and after Lin Ran asked about Xue Ding's recovery and saw that there was nothing serious, he sent him away.

“Hey, the horse is leaving for work, where are you going for lunch?”

Lin Ran was about to go out when Qin Bing suddenly appeared at the door and asked with a smile.

“Getting ready to go to school, why is something wrong?”

Lin Ran asked.

“Going to look for your little girlfriend again?”

Qin Bing flirted with a smile, the hospital had long been rumoured to be crazy and she naturally knew about it.

“Whatever you guys say, can you still believe me when I say it’s not?”

Lin Ran said helplessly, this kind of thing was getting darker and darker, he didn’t bother to explain.

“Alright, I won’t disturb your love talk!”

Qin Bing squeezed out an ugly smile and whirled away.

Looking at Qin Bing’s back as she left, Lin Ran felt a little helpless in his heart, he used to think that he could be like everyone else, surrounded by beautiful women, but after he really waited for himself to be surrounded by a flock of beautiful women, he realised that it was also a hassle to deal with these beautiful women.

“Hey! Where is it? I’m coming to find you!”

Leaving the hospital, Lin Ran went straight to the phone to Song Nuan.

“School, what are you doing here?”

Song Nuan said.

“Why did you go to school? Didn’t you go home this morning?”

Lin Ran wondered, this nee-san said she was going home in the morning and left in the Porsche she had just bought, only to show up at school again at noon, was it to break in the car?

“There was no one home, so I came to school to see grandpa!”

Song Nuan said.

Lin Ran smiled and said in a daze.

"Alright, I'll go over to you now."

"What's the point of looking for me? There are so many people at school, how bad would it be to be surrounded by others!"

Song Nuan refused.

Lin Ran smiled and said.

"An old married couple is still afraid of onlookers?"

"You're shameless! Hey hey..."

Song Nuan still wanted to say something else, but Lin Ran had already hung up the phone.

It was the end of class at noon, and the campus was filled with people.

Lin Ran rushed all the way towards Song Nuan's dormitory, but unexpectedly, when he reached a place in the garden, he saw a familiar shadow.

"Lin Ran, what a coincidence! You've come to look for Xiao Nuan?"

Seeing Lin Ran, Su Rou trotted over and smiled.

Beside her was a man that Lin Ran knew, it was Jia Lian, Teacher Jia from the Law Department of Tanjiang University.

"Good day Miss Su, good day Miss Jia!"

Lin Ran greeted with a smile, although he had already graduated, but he still respected his teachers by heart.

"Alright no need to call me teacher, just call me Xiaorou in private!"

Su Rou laughed, she had already treated Lin Ran as a friend after the last incident, and even because of that kiss, in her heart this relationship was a bit closer than even friends.

So hearing Lin Ran call her Teacher Su Rou, it was inevitable that she felt a little strange.

"Okay!"

Lin Ran smiled and nodded his head.

Jia Lian, who was at the side, however, frowned slightly and spoke.

“Teacher Su, how can this work, a teacher is a teacher and a student is a student, how can you call them whatever you want!”

“That’s fine, I can continue to address you as Teacher Jia!”

Lin Ran laughed.

Jia Lian smiled but his face was cold, he gave Lin Ran an icy look and spoke.

“No, you must address Teacher Su!”

“Teacher Jia, what are you doing?”

Su Rou looked at Jia Lian somewhat inexplicably, how Lin Ran addressed himself, that was a matter between himself and Lin Ran, what did it have to do with you Jia Lian.

Moreover, Lin Ran had already said that he could continue to address you as Teacher Jia, so why did he suddenly flip out.

Jia Lian’s face was ugly, and after a moment of silence, he spoke.

“I just think that there are differences between teachers and students, it’s better to pay attention to the proper manners... It’s not too early, Miss Su let’s go eat!”

Lin Ran could really see, this Jia Lian looked at Su Rou as he spoke, his eyes glowing, he could not wait for his eyes to gouge them out.

In addition to the way he treated himself just now, this was obviously because he liked Su Rou and was jealous when he saw the latter let himself be addressed as Xiao Rou.

“You go ahead, Lin Ran and I still have some words to say!”

Su Rou said, looking at Lin Ran without turning her head, which caused Jia Lian to become even more irritated in his heart.

“What do you, a teacher of the dance department, have to say to a graduate student of the herbal medicine department!”

Jia Lian’s voice was icy cold.

“Teacher Jia, please watch your words, whether Lin Ran and I have anything to say or not, this is our private matter, what does it have to do with you!”

Su Rou was also a little angry and scolded.

“Student Lin, please leave, I have something to say to Miss Su!”

Seeing that Lin Ran was angry, Jia Lian turned to look at Lin Ran, his voice was cold and completely non-negotiable, it was simply an order.

“You’re ordering?”

Lin Ran had a smile on his face.

“Right! I’m the teacher, you’re the student, and I’m ordering you around!”

Jialian said nonchalantly.

“Haha, Teacher Jia Lian, I respectfully call you a teacher, you are taking yourself too seriously, firstly you are not a teacher in the Chinese medicine department, secondly I have already graduated, and finally, a teacher is a teacher, ordering a student, you are still the first one I have come across!”

Lin Ran laughed, while coming to Su Rou’s side, wrapped an arm around Su Rou’s shoulders, smiled at Jia Lian, and said.

“Don’t you just like Su Rou, I’m telling you, there’s no hope for you!”

“You!... Quickly let go of me!”

Seeing this scene, Jia Lian was so angry that his lungs were about to explode, he had been courting for almost a month, not to mention hugging, he hadn’t even pulled his hand, but he ended up being hugged by this kid in front of him, how could he stand it.

Moreover, looking at Su Rou’s appearance, she had no intention to resist at all, which simply made him even more annoyed.

Just where did he know that Su Rou was already dazed at this point, her heart was already in turmoil and she didn’t know where she had hit, so how could she even care if Lin Ran was still holding herself.

“On what grounds? What kind of person are you to her?”

Lin Ran smiled at Jia Lian, but his hands had no intention of letting go.

“You!... You! You are unbridled!”

He really liked Su Rou very much, otherwise he wouldn’t have left his soul with his daughter-in-law at home.

Of course, Su Rou didn’t know this at all, if she did, she wouldn’t even say a word, let alone talk to Jia Lian as a friend.

However, Lin Ran was aware of this.

"I am reckless? Then I would like to ask, Mr. Jia Lian Jia, you should have a family, right? A person with a family actually wants to approach a dance teacher who has just joined the company, are you being unrestrained?"

At the end of Lin Ran's sentence, his voice snapped up so much that it instantly shook Jia Lian on the spot.

"What? You have a family?"

Su Rou came back to her senses at this time, her face full of surprise, she had talked to Jia Lian before, she could feel that Jia Lian had a hint of himself, but never knew that this guy actually had a family already.

"You What are you talking about, I don't have a family!"

Jia Lian stammered, wanting to retort.

However, Lin Ran was looking at him, showing a sneer of contempt, and said.

"No family? If I remember correctly, the Lili supermarket near the city village is owned by your daughter-in-law, right, and there is a family portrait of you hanging inside the supermarket!"

Speaking of this, Lin Ran couldn't help but say with a sigh.

"Nothing more home to accompany the wife and children, as a teacher every day whole these useless, the other day your daughter-in-law every day drinking I'm afraid you do not know it!"

"How did you know, what you did to Lillian!"

Jalian's face instantly changed and subconsciously he shouted straight out.

Only as soon as the words left his mouth he regretted them, knowing that he had been exposed.

"Good for you Jia Lian, how dare you lie to me!"

Su Rou looked at Jia Lian, so angry that she gritted her teeth and immediately shouted.

"Get lost! You get lost!"

"No Su Rou you listen to my explanation!"

Jia Lian hurriedly persuaded, but Su Rou didn't listen to him at all and turned around and ran towards the school building.

"Su Rou!"

Jia Lian wanted to chase after him, but on second thought, he stopped, looked at Lin Ran and said in a cold voice.

"Kid, you tell me first, how do you know that my daughter-in-law drank the other day, is it you!"

"I'm not interested in other people's daughters-in-law!"

Lin Ran said indifferently.

"Then how did you know she drank!"

Jialian continued to ask, although he wanted a divorce, but this marriage after all is not yet divorced, not away from the soul which a man can not stand himself being cuckolded.

"Because I'm a doctor!"

Lin Ran said.

"A doctor? It's not like you're a detective, that explanation is too far-fetched!"

Jialian's face was ugly, refusing to believe it.

Lin Ran was helpless, not bothering to explain to the other party, a person who could even abandon his own daughter-in-law, he was really too lazy to deal with.

"Stand still!"

Seeing Lin Ran turn around and leave, Jia Lian immediately stepped forward to stop him.

But just as his palm rested on Lin Ran's shoulder, Lin Ran backhanded him and directly snapped his wrist up, before looking at Jia Lian with an icy gaze and saying.

"I'm not bothered about your family's affairs, if your daughter-in-law hadn't had an attack at the supermarket the other day, I wouldn't have bothered with your crap at all!"

"My daughter-in-law had an attack in the supermarket? Don't you fucking lie to me, my daughter-in-law isn't sick!"

Jia Lian rebuked, trying to break free from Lin Ran's grip, but he couldn't exert any strength at all.

"Do you care if your daughter-in-law is sick or not?"

Lin Ran gave him an icy glance, and with a swirl of his hand, he flung Jia Lian directly into a plate of grass, before turning around and walking away.

Jia Lian broke free from the grass and tried to chase after him, but he found that Lin Ran had already disappeared.

In a fit of anger, Jia Lian took out his mobile phone straight away and went to question his daughter-in-law.

On the phone, Liren returned in an angry voice.

"You still relate whether I'm sick or not, less pretending here, divorce if you want, I'm still living in style when I leave you!"

For Jia Lian's matter, Lin Ran lazy to take care of, this kind of people just can't live a calm life, like to blindly toss, sooner or later one day will have to toss themselves into it.

.....

The first thing that she needed was to calm down. The previous incident with Lu Qian and today's incident with this kind of thing, I'm afraid that a person who just joined the workforce would have some difficulty in accepting it.

After contacting Song Nuan, who was eating with her grandfather in the canteen, Lin Ran rushed over to her.

As soon as Lin Ran appeared, a large group of people gathered around him, taking out their mobile phones and asking questions.

Lin Ran replied briefly and hurried over in the direction where Song Nuan was.

"Grandpa, I didn't expect it, but your favourite student is now the celebrity of the whole Temperance School!"

As soon as they met, Song Nuan said sarcastically.

"Haha, I don't understand your so-called fashion either, but it's indeed unexpected for me that Lin Ran is now working so well at the Temperance Hospital!"

Professor Song laughed, the joy on his face fully reflecting that he was satisfied with Lin Ran as a student.

“Professor Song, long time no see!”

Lin Ran said with a smile, he had indeed not seen Song Qishan for a few days since he had joined the workforce.

“It’s alright, work is important, Old Yang hasn’t called me much to tell me about your situation at the hospital, he’s practically praised you to the skies!”

Song Qishan laughed.

Lin Ran scratched his head awkwardly and said.

“That was Dean Yang’s favor and willingness to give me the opportunity to showcase myself!”

“Opportunities are earned by preparation, Old Yang’s willingness to give you a chance means that you are good enough, so make sure you stop being arrogant and strive for another good performance!”

Song Qishan encouraged to.

Lin Ran nodded, he had great respect for this mentor of his, not only because he taught well, but also because he had standards of being a human being that were exactly in line with Lin Ran’s values.

“Alright, I’ll leave when I’m done eating, you youngsters talk!”

Song Qishan quickly finished eating, got up and left with a smile.

Song Nuan still wanted to stay, but Song Qishan was already leaving with quick steps.

“Nasty, you can’t come later, and also have a meal you also come and get involved”

Seeing Lin Ran sitting down opposite himself, Song Nuan was a little unhappy and said.

“You don’t understand, grandpa is deliberately giving us space, he’s intentionally setting us up!”

Lin Ran laughed.

“Bah! No one is setting up, I’m not interested in you!”

Song Nuan said directly.

Lin Ran didn’t get angry at his words and laughed.

"It's alright, slowly you'll get interested!"

After saying that, before Song Nuan could retort, Lin Ran continued to ask.

"What's going on at school, why did all those people just now run to me for a photo!"

"Is it weird?"

Song Nuan laughed at this, then took out her phone and flipped out an article and tossed it to Lin Ran to read.

When Lin Ran took a look, his entire body was immediately confused.

"Legend of the Chinese Medicine Department at Tamkang University – Lin Ran!"

"Phase 1, how to go from being a student bully, to being a student bully who was actively confessed by the school girl!"

"Issue 2, how to go from being a student, to transforming into the head of the TCM department at Tamkang Hospital!"

"In the third installment, how he went from being a poor loser to becoming a tycoon who is now transported by a luxury car!"

"Stay tuned for a major feature about a poor student's path to success!"

"Shit!"

After reading this, Lin Ran couldn't help but burst out a foul mouth and asked.

"Who came up with this, it's like investigating me!"

A lot of the information in there was true, which made Lin Ran a little helpless, he just wanted to live a peaceful life, this was great, all of a sudden he had become the poster boy for Temperance University.

Song Nuan didn't say anything, she just gloated and looked at Lin Ran.

"Hey! I'm like this, why isn't anyone investigating you, don't they know you're my girlfriend!"

"Fuck off!"

Song Nuan said as she gave Lin Ran a white look without good grace.

"Of course there was an investigation, but I got rid of it with a word!"

“What words?”

Lin Ran asked.

Song Nuan smiled mysteriously and uttered a sentence.

“I said that he was the one who was dead set on chasing me and I turned him down!”

“You ...!”

Lin Ran was speechless for a while, and immediately got up to leave.

Seeing this, Song Nuan hurriedly asked.

“You’re leaving just like that? Is that what you’re looking for me for?”

Lin Ran smiled and stopped, only then did he remember that he had come over to eat, too lazy to go shopping, he directly took out a bun from Song Nuan’s meal and said as he ate.

“Looking for you is to remind you that the murderer who wanted to harm you has struck again recently, be careful at school and call me first if anything happens!”

After saying that, he got up with the buns and left.

Song Nuan didn’t listen to Lin Ran’s words at all, she stared at the bun in Lin Ran’s hand and said in a low voice.

“This... This bun, I just had a bite of it.”

“Did you?”

Lin Ran sniffed and looked, and indeed found a gaping hole on the other side, but he was unconcerned, and turned it around directly and took a bite at the gaping hole, while saying.

“It’s alright, it’s my own daughter-in-law’s, I don’t mind it!”

Song Nuan’s pretty face flushed as she heard this, and spat out a word in a low voice.

“Get lost!”

Leaving the school, Lin Ran was ready to return directly to the hospital.

However, just as he walked out of the school gate, a black van blocked his way, and from it, four men in black got out, one of them holding a mobile phone and gave it to Lin Ran.

Lin Ran frowned slightly, but when he took the phone, he only heard a familiar voice coming from inside.

“Student Lin, it’s surprising, isn’t it, that I would find you!”

“Mr. Wang, why are you treating me to dinner again?”

Lin Ran’s eyes narrowed slightly as he asked with a smirk.

The caller was none other than Wang Shilong.

“Student Lin is really able to joke, I, Wang Shilong, admitted my bad luck about the last incident, if you are a man, come to Ding Mei Martial School, I am waiting for you here, the car is ready for you, dare to come a word!”

Wang Shilong said provocatively.

Lin Ran, however, laughed.

“Boring!”

He said and was about to return the phone, but who knew that Wang Shilong’s voice was coming from the phone again.

“You can not come, but think about it, if you do not come, I have ways to harass Song Nuan, if you are a man, come over for a man-to-man duel, if not, then be my guest, I want Song Nuan for sure!”

Lin Ran’s eyes were slightly narrowed, if it was in normal times he wouldn’t even bother with this Wang Shilong, but now was an extraordinary time, three of the five poisons had appeared, he had to be responsible for Song Nuan’s safety, if Wang Shilong came to make trouble again at this juncture, I’m afraid things would be even more complicated then.

“Is your money ready?”

Lin Ran suddenly spoke up and asked.

“What money?”

Wang Shilong was stunned, not understanding the meaning of Lin Ran's words.

"The money for hospitalisation!"

Lin Ran replied back, and promptly hung up the phone and followed the man in black to the car.

.....

"Hey! Brother Bai, Lin Ran got into a stranger's car!"

In the corner of the university entrance, a youth called furtively.

"No matter who he got into, follow the plan and you must waste him for me today!"

A gloomy voice came over the phone.

"Understood!"

The youth sniffed and hung up the phone straight away, before sending a mass text message and swirling into the car.

.....

Ding Mei Martial School was a certain distance away from Temperance University, and Lin Ran sat in the back of the van with a black-clothed man doing each side, making it look like he was escorting a prisoner.

"How long will it take?"

Lin Ran asked casually.

"An hour!"

The man in black next to him said, but his face was tense, and he didn't know if he was pretending on purpose, or if he was originally this kind of face.

"Aren't you tired of being so stony-faced all the time?"

Lin Ran said helplessly, however, these people in black were simply ignoring him, making him a bit speechless.

The car soon got onto the bridge across the river, which was three to four kilometres away, and at this time it was noon, there wasn't much traffic on the bridge.

Just as Lin Ran was waiting patiently, suddenly the van's whole body shook, and a loud crash sound came from the left side, followed by the van's direction in chaos.

"What's going on?"

Immediately, someone spoke up and asked.

The driver in front of him hurriedly stabilised the vehicle and said at the same time.

"I don't know, there's an SUV that's deliberately hitting us!"

"Damn it, ram it back for me!"

Someone shouted, and just as the driver was about to speak, there was another bang on the right side of the car, followed by another slash to the left.

"Fuck, there's not one, there's two! No It was several!"

The driver's words trembled, and while the car was steady, Lin Ran and the others looked through the window, only to see black SUVs in front of and behind the van, as if four walls were blocking the van in the middle.

"Bang!"

From time to time, the car on the left bumped into it.

"Bang, bang!"

From time to time, the right one came and the people in the van were all knocked around.

"Stop the car! If you drive any further, you'll fall into the river!"

Lin Ran was still calm and looked ahead and hurriedly urged.

The others sniffed and looked, then realised that there was a fork in the road ahead, a fork in the road where the bridge was preparing to connect to another river bank, only the fork had not yet been repaired and was currently blocked by a fence.

These black SUVs had changed their formation and started to squeeze the van towards the fork in the road, the van driver was not skilled enough and kept being led by the nose, making a man want to die.

"Get out of the way, let me do it!"

Lin Ran in also can't sit still, from such a high fall, I'm afraid the car will have to explode in an instant, he has not lived long enough!

Lin Ran unbuckled the driver's seatbelt and ripped him out, before jumping into the driver's seat himself.

At this time, the right side of the bridge wall, front and back left are black SUV, the distance between the car is very close, even the car door does not open, let alone jump into the car to escape.

And even if you jump, the car is so close, I'm afraid that before you can stand up, you will have been crushed into a meat pie by the car behind.

The men in black were all aware of the situation in front of them, so they all looked ashen and dared not speak, and could only pin their hopes on Lin Ran.

Lin Ran steered the car and quickly tapped the brakes, but with the car behind him blocking him, the brakes were not very useful, but Lin Ran still kept tapping the brakes.

The man in black at the side saw this and was ready to speak up to warn him, but before he could say anything, he saw Lin Ran jerk the steering wheel and crash right into the middle of the two SUVs on his left.

A front end, a parking space, was hit by Lin Ran so suddenly, and really hit a gaping hole, Lin Ran saw this and directly kicked the accelerator, and plunged the front end of the car sideways.

"Seeking death!"

The driver of the car behind him was furious and slammed on the accelerator, directly jamming the van in the middle, at once the van turned sideways and was jacked by the car behind it.

Seeing this, the driver of the SUV in front of him directly stepped on the accelerator and moved his car out of the way, ready to jam into the left side of the van and ram it back again, so that he could later drop the van directly into the river via the necessary fork in the road.

But the moment he accelerated, Lin Ran similarly accelerated, and the car went sideways right up to the very edge of the left side, and then Lin Ran jerked the steering wheel, taking the opportunity of the vehicle behind him hitting the van's buttocks to straighten it back up.

"Get the hell out of here!"

The van let out a roar and slammed directly into the back of the SUV that had not yet adjusted its position in front of it.

With a bang, the buggy crashed through the guardrail and into a free fall towards the river below.

The SUV's performance was indeed good, as it fell from such a high distance, but only splashed a wave of water and did not explode at all.

When Lin Ran saw his chance, he tapped his foot on the accelerator and drove directly towards the lower entrance of the bridge.

But as fast as the van was, it was no match for the high-performance SUVs, and in just under half a minute, the three SUVs behind it caught up again.

One of them crashed towards the rear of the van. Lin Ran saw this and slammed the brakes, hit the direction and the van made a 360 degree turn to the back of the SUV.

However, in this moment of turning, Lin Ran found through the windscreen that at the end of the convoy, there was a Mercedes Benz, which was not too far behind, and seemed to be checking the situation.

Lin Ran's heart moved, if he guessed correctly, the person behind the vehicle attack this time, I'm afraid is in the car.

Thinking of this, a cold smile appeared at the corner of Lin Ran's mouth as he secretly said in his heart.

"Interesting, I'd like to see who it is!"
