Lin Ran's mind moved and his foot stepped on the accelerator, at once the van crashed directly into the SUV's buttocks, the SUV was unstable and crashed towards the right side of the bridge fence.

The driver quickly went back in the direction to stabilise the body, but the van had already killed it again, and Lin Ran pushed the accelerator to the floor, pushing directly against the body of the SUV and squeezing it out.

The fence of the bridge was only a metre high, so when Lin Ran pushed against it, plus the fact that the SUV was already fast, it flipped out in a direct spin and fell into the river.

"Holy shit! Are you still human!"

The black-skinned man doing this on the side looked dumbfounded, his head still a little dizzy, and the three black-clad men behind him, who had already closed their eyes in fear, were lying on the ground holding on to the iron pillar under the seat for fear of being thrown out.

"Isn't it, you won't look at it yourself?"

Lin Ran smiled faintly and immediately turned his car around, heading towards the two SUVs behind him to meet them.

Such a crazy move scared the two SUVs into rushing to dodge, but Lin Ran did not lose any speed and rushed directly towards the Mercedes behind.

"Quick! Get out of the way!"

Inside the Mercedes, Bai Cheng hurriedly urged, he had just come to see how things were going, but he didn't expect this guy Lin Ran to be as crazy as he was, ramming towards his own car.

"Don't worry young master, it's alright!"

The driver was very calm, as a decades old driver, he had seen many such scenes.

But what he didn't expect was that the van, when it was still a dozen meters away from the Mercedes, was to jerk the direction, the car directly inertia drifted sideways to the front of the Mercedes, Lin Ran through the car window directly saw the windshield of the other side.

The windscreen was not blocking the line of sight, Lin Ran directly saw everyone inside the car.

“Quick! Quickly block me!”

Bai Cheng saw that the situation was not right and hastily scowled and said.

But it was already too late, Lin Ran had already seen him.

“Bai Cheng, interesting!”

When he saw this guy, Lin Ran’s heart was moved, he was really different from Wang Qiang’s stream, Wang Qiang was at best the son of a profiteer, while the education this Bai Cheng had received since he was young was definitely much better than Wang Qiang’s.

It has been almost half a month since the last incident, and this guy is only now taking action against himself, he is really able to hold back.

“People from the mall are really able to hold back, but since you dare to come, then I’ll give you a ride!”

Lin Ran smiled lightly as he snapped the glass perfume off the front of the van and smashed it towards the front windshield of the Mercedes.

“Bang!”

With a loud bang, the front windshield of the Mercedes-Benz cracked directly, but the quality of the Mercedes-Benz was good after all, although the glass cracked, it did not shatter apart, but formed a dense spider web.

What Lin Ran didn’t expect was that the dense spider web was blocking the driver’s view, making it impossible for him to see the road in front of him, and the Mercedes-Benz left and started to shake.

Seeing this, Lin Ran knew that his chance had come and quickly drove the van around to the side of the Mercedes and slammed on the accelerator, directly knocking the Mercedes close to the edge of the bridge.

Under the huge inertia, the Mercedes also flew up against the fence, but the car was so heavy that it ended up stuck on the fence, the butt of the car had poked out of the edge of the bridge, while the front of the car was stuck on the fence, and it swayed for a while, not falling off.

“Count on your life!”

Lin Ran counted a middle finger at Bai Cheng in the Mercedes and spun off in the van.

“Quick! Quickly save the young master!”

The driver greeted the remaining two SUVs through the intercom and rushed back.

Bai Cheng, however, roared angrily in the back with a cold face.

“Save! Save what the fuck, give me chase, we must waste this guy today!”

“Yes, yes! Do you hear me, go after him!”

The driver hurriedly conveyed.

Bai Cheng, however, was already getting anxious, he should have known that he shouldn't have followed him here, his own father had clearly said that he wouldn't allow himself to trouble Lin Ran for the time being, everything had to wait for the contract with Luo's to be signed.

If Lin Ran told Luo Ming about this, I was afraid that the Bai family would suffer heavy losses this time.

Bai Cheng didn't dare to tell his father, for fear that his old man would chop himself up in a fit of anger.

“I hope those two cars will shut Lin Ran up completely!”

Bai Cheng had an icy coldness in his eyes, and at this point he could only pin his hopes on the two remaining SUVs.

But his calculations were going to come up empty after all, because at this moment, those two SUVs were being played by Lin Ran.

“Brother, can we go straight to the martial arts school? Isn't this technique of yours to get rid of them just like a game?”

The man in black on the side said, covering his mouth, he couldn't help but throw up already.

Ever since he got off the river crossing bridge and entered the city, as the number of vehicles increased, he realised how good Lin Ran's driving skills really were.

The two SUVs bumped east and touched west, but they never touched the van.

“Since people want to play, how meaningless it is for you to just walk away!”

Lin Ran smiled lightly, and immediately drove towards a small road and turned in. According to the sign on the roadside just now, he found out that there was actually a very fun place on this road.

“Hey! What are you doing here!”

Seeing the familiar road, the man in black on the side couldn't do it, this road was a taboo for them and they wouldn't want to come to this place even if they were beaten to death.

"Don't worry!"

Lin Ran smiled lightly, and immediately turned the car into a fork in the road and waited patiently.

Soon, the sound of the SUV's engine appeared.

Lin Ran started the car and stepped on the accelerator straight to the bottom, the engine emitting a series of hissing sounds, luring the two off-road vehicles over.

Soon one of the SUVs revealed its front end, Lin Ran's eyes narrowed fiercely and he immediately released the brakes, the van was like a fast arrow off the string and crashed towards the body of the SUV.

"Get out of the way!"

The driver noticed that Lin Ran was actually making a sneak attack and hurriedly steered, while speeding up the car, wanting to dodge straight through.

But the speed was too fast, and as soon as he hit the steering wheel, the SUV lost its balance and rushed in towards a courtyard on the side of the road, directly smashing the door stall to pieces and rushing into the courtyard.

Lin Ran's body swung around, dodging the impact of the SUV behind him, and at the same time, the car's buttocks were thrown, directly hitting the SUV's buttocks, which spun around and followed the previous car into the yard.

Seeing this scene, the man in black sitting on the side couldn't help but gulp and gave a thumbs up to Lin Ran.

"Let's go!"

Lin Ran smiled and drove off in the van.

And in the courtyard, a dozen uniformed police officers rushed out at this moment, their faces clouded as they looked at the two extra SUVs in the courtyard with a mixture of good humour and amusement.

"Bastards, actually crashing straight into the police station, detain them for me."

That's right, under Lin Ran's arrangement, the two SUVs crashed directly into the police station, this was really a case of a showman meeting a soldier, there was no justification.

The van sped along and soon arrived at the Ding Mei Martial School, the moment the car stopped, the four men in black rushed out of the car in unison and plopped down on the ground and vomited.

It was not known how long they had been vomiting before the man in black who was previously on the passenger side then came back to his senses and gave Lin Ran a thumbs up, breathless to.

“Bull, you’re not even fucking human, you’re the god of cars in the world!”

“Where’s Wang Shilong?”

Lin Ran asked as he looked at the man in black.

“In... Inside!” The other man said.

Lin Ran nodded at his words and walked straight towards the building.

Inside the Ding Mei martial arts gym, Wang Shilong was wearing a pair of boxing gloves and was in the middle of a fight with an accompanying trainer, his entire body drenched in sweat, giving him a feeling that the world was under my control.

“Brother Long, Lin Ran is here!”

At the edge of the ring, a junior suddenly came running up and said.

“Good timing!”

Wang Shilong was having a good fight, and when he heard that Lin Ran had arrived, his fighting spirit was suddenly high.

“Go! You guys hide first, don’t come out until I give the signal!”

Wang Shilong greeted, the little brother nodded at his words and turned around and hid in the back again.

While the arrangement was finished, Lin Ran had already walked in.

“What a surprise, I didn’t think you’d really dare to come over!”

Looking at Lin Ran, Wang Shilong smiled smugly.

"Mr. Wang was kind enough to invite me and even sent a car to pick me up, how could I not come?"

Lin Ran laughed.

"Where are they?"

Wang Shilong's face sank, he didn't see the four people who had gone to pick up Lin Ran appear.

"They should be coming up soon." Lin Ran laughed.

Just as his words fell, a voice came through.

"In... Here it is, Brother Long!"

"What's going on?"

Seeing a few people listless, each as if they had taken a laxative, Wang Shilong asked with a frown.

"Just now on the road, we"

The man in black broke off and finally spilled the beans.

Wang Shilong listened with a frown and asked in a low voice.

"Do you know who did it!"

"No... I don't know Brother Long!"

The man in black said with his head bowed, being set up by someone and almost even losing his life, not even knowing who his opponent was, it was simply a shame.

"Rubbish!"

Wang Shilong said angrily, whirling around and looking at the black man.

"Go, I don't care what method you use, you must find the murderer for me, dare to touch my people, looking for death!"

"Haha!"

Lin Ran couldn't help but laugh out loud.

Seeing this, Wang Shilong couldn't help but chortle.

"What are you laughing at! What's so funny!"

"I advise you to pretend it didn't happen, if you find out who the murderer is, I'm afraid you won't be able to take the blow and will become autistic!"

Lin Ran said with a smile.

"You did this?"

Wang Shilong's brows furrowed as he looked at Lin Ran with an icy gaze.

"If I had done it, I'm afraid you wouldn't have seen your men!"

Lin Ran sat down on a chair at the side and laughed blandly.

"Then who did it!"

Wang Shilong scolded, since things had not been going well since he met Lin Ran, he had a lot of anger in his heart that he had nowhere to vent.

This time, he was going to teach Lin Ran a lesson to let off some steam, but who knew that another person would come out to kill him?

"Do you really want to know?"

Lin Ran looked at Wang Shilong with a smile and a teasing look on his face.

"Speak!"

Wang Shilong scolded in a low voice.

Lin Ran Nian briefly pretended to have no choice but to show his hands and said.

"Bai Cheng did it!"

"Which Bai Cheng? I don't even know him!"

Wang Shilong had an arrogant face, but Lin Ran was looking like he wanted to laugh and said.

"It's the one who's even more powerful than your Wang family, the young grandson of the Bai family! Bai Cheng."

"You"

Wang Shilong's face changed as he heard this, and his voice stammered.

"This... This can't be! Duke Bai Cheng, how could he possibly strike out at my people!"

Wang Shilong did not want to believe it.

Suddenly, he thought of something and looked at Lin Ran and said in a cold voice.

"It's you! Duke Bai Cheng must have dealt with you, and it's just a coincidence that my people were involved!"

"Haha! You're not quite stupid!"

Lin Ran couldn't help but laugh.

"Cut the fucking crap, come up here if you're a man!"

The murderer was Bai Cheng, so naturally he didn't dare to look for trouble and could only vent all his anger on Lin Ran.

"How do you want to play?"

Lin Ran didn't get up and looked at Wang Shilong with a smile.

"Come up and fight with me, win! Song Nuan is yours, and I won't get my hands on it! But if you lose, get lost and Song Nuan will be mine from now on!"

Wang Shilong sneered.

"A fight?"

Lin Ran asked.

Wang Shilong pondered for a moment, "One fight doesn't seem to be enough to relieve the hatred, since he wants to teach a lesson, then he should beat Lin Ran to death, he must beat him so much that he will be afraid of him in the future, only then can he achieve his goal.

Thinking of this, Wang Shilong looked at Lin Ran with a smile and held out three fingers.

"Three fights, dare you!"

"Yes!"

Lin Ran smiled lightly, and then he got up, grabbed the boxing gloves on the table next to him and put them on, leaping into the ring in one leap.

"Kid, you have a lot of guts, even if you lose today, I, Wang Shilong, am still impressed with you!"

Wang Shilong looked at Lin Ran with a smile, his eyes full of madness, as if he had already locked in a victory in this man-to-man match.

"Don't say big words too early, be careful of exaggerating your steps too much and pulling 00!"

Lin Ran laughed indifferently.

Wang Shilong, however, was full of disdain and looked at Lin Ran and said.

"Laozi, I've been following my master's martial arts training since I was a child, although I've since returned to the world, but my roots are still there, for this fight, I've practiced for two days, just because you're a nerd who just graduated! Cut!"

Said Wang Shilong, counting up his fingers at Lin Ran and wiggling them, meaning that you can't.

"Let's begin!"

Wang Shilong was eager to teach Lin Ran a lesson and was very impatient.

"Wait!"

Lin Ran suddenly spoke.

"What? You're scared before you even fight? It's fine if you don't want to fight, so get the hell out of here now and leave Song Nuan forever!"

Wang Shilong said disdainfully.

Lin Ran, however, shook his head and said.

"Is there a referee missing?"

"A referee? What, you're still afraid that old me won't cheat!"

Wang Shilong's eyes narrowed slightly with some anger.

"No!"

Lin Ran shook his head and laughed.

"I'm a person who moves my hands without any lightness, and I'm afraid that without a referee to hold my hand, you'll get hurt too badly later!"

“Bah!”

Wang Shilong spat disdainfully, before looking at Lin Ran and reaching out to provoke him.

“Come on, little brat, I’ll show you what it means to be a man today!”

With that, Wang Shilong took the lead and lunged towards Lin Ran, a big fat man who weighed 200 pounds, the whole stage swayed with this run.

“Give me death!”

Wang Shilong smashed his fist out, heading straight for Lin Ran’s head.

However, what he didn’t expect was that Lin Ran didn’t dodge, but raised his palm as well and met him with a slap.

“Slap!”

A fist and a palm collided at once, a crisp sound rang out, and the next moment Wang Shilong was frozen in his tracks.

He saw that his fist, the moment it touched Lin Ran’s palm, actually stopped, not even half an inch.

“This! How is this possible!”

Wang Shilong was shocked, although his own fist was not as good as those of real practitioners, he had visited many famous teachers in the past two days in order to find Lin Ran for a duel, and he asked himself if his fist would at least break the bones of a nerd like Lin Ran, but who knew that he would actually catch it with a slap.

“Well, it’s time to strike!”

Lin Ran laughed, smiling very broadly.

“Gulp!”

Wang Shilong couldn’t help but gulp, at this moment he somehow actually began to panic in his heart, having blocked his blow so easily, how terrifying would his counterattack have to be, would he be able to block it?

Just as Wang Shilong was thinking, Lin Ran had already moved, only to see his palm fiercely disappear, and when it reappeared, it had already landed on Wang Shilong’s face.

“Slap!”

A dull slap sounded, due to the gloves he was wearing, this slap caused half of Wang Shilong's face to swell up, and he himself even spun around 360 times before falling onto the ring like a dog eating shit.

He struggled to get up, and the way he looked at Lin Ran had changed, no longer the recklessness and pride he had before, but only fear and dread.

Lin Ran looked at him, reached out his hand and smiled.

"Come on, it's only the first match just started, didn't they say it was going to be three matches?"

"Three Three!"

Wang Shilong couldn't help but start to regret in his heart, he just thought about how he could relieve his hatred, but he forgot that if he wasn't Lin Ran's opponent, wouldn't he be fatally beaten for three games?

"That Or else!"

Wang Shilong stammered, wanting to change the rules, but Lin Ran pretended not to hear him and rushed towards him.

"Hey!"

Wang Shilong shouted, trying to pause.

However, Lin Ran pretended not to hear him and slammed his fist directly towards Wang Shilong.

"Bastard!"

Wang Shilong wasn't a good fighter either, and when he saw that Lin Ran was simply ignoring him, he was fierce in his heart and met the punch head on.

"Bang!"

The fist winds collided, and Wang Shilong felt a huge force coming from his arm, a force that even he couldn't control, and in just an instant, he was carried away.

He even saw the field below him, followed closely by his whole body hitting the ground heavily like a cannonball, luckily the ground was resilient, otherwise I was afraid that several bones in his whole body would have been broken by now.

“You How could you!”

Wang Shilong climbed up with difficulty and looked at Lin Ran as if he was looking at a monster, he really couldn't understand, this young man in front of him looked like he was only in his early twenties, he was so skinny that he didn't even look at him, but how could this strength be so huge that he couldn't even carry it.

“Cut the crap, come again!”

Lin Ran laughed and shouted, lunging towards Wang Shilong once again.

“No Quickly...”

Wang Shilong shouted and wanted to end the match, where did he have the heart to fight Lin Ran, this was simply looking for someone to beat up on his doorstep.

But before he could finish these words, Lin Ran had already arrived, one hand stuck the main Wang Shilong's neck, the other hand clenched his fist and greeted him towards Wang Shilong's stomach.

“No what? Don't stop? Don't worry, it's three rounds, it's only just begun!”

Lin Ran laughed as he punched.

Wang Shilong, however, had a death wish at the sound of it, he hurriedly struggled away and rolled backwards, feeling that he had reached a safe area before getting up, however, just as he got up, he was greeted with a punch directly on his face, and his lips instantly swelled up into sausages.

“Don't... Don't hit...!”

Wang Shilong was on the verge of tears and hurriedly tried to stop, but Lin Ran didn't give him a chance, charging money to land another set of combinations, hitting him black and blue in the eye sockets.

At this point, Wang Shilong finally regretted, why didn't he get a referee in the first place, as a result of this, now he didn't even get a break from the beating.

“Quickly... Come on...!”

Wang Shilong wanted to shout at someone, but his mouth was swollen like a sausage, and with Lin Ran constantly laying his hands on him, he couldn't finish a sentence.

A room at the back of the martial arts school was filled with more than a dozen people, none other than the fighters Wang Shilong had arranged here. He had originally planned to throw his gloves off and shout at someone if he was outmatched, but at this moment he didn't even have the chance to drop his gloves.

"Hey, it's so intense outside, should we go out and take a look? In case Brother Long is getting hurt!"

One of the punks said.

"Bullshit, can Brother Long be injured with that kind of skill? Besides, Brother Long has repeatedly explained that he must listen to the signal before acting, in case he goes out and scares that kid away, you'll take the blame?"

"Why should I take the blame?"

"Since Brother Long didn't give the signal, he must have the upper hand, so let's wait patiently.

The group of punks gossiped.

In the ring, however, Lin Ran was already high from the fight, punching to the bone and landing kicks to the body, so much so that Wang Shilong didn't even know what he was doing and even lost the ability to think in his head.

He wanted to run, but with the fence around him, Lin Ran didn't give him a chance to escape.

Jingle Bells

Finally the sound of the first match ending rang, this was the alarm clock that Wang Shilong had gotten earlier, in order to taunt Lin Ran properly at the end of the match, but to his surprise, it didn't even last a minute, and he was in beaten mode.

"What's that noise?"

Lin Ran was in the middle of a fight when he heard a sound and couldn't help but be startled.

"It's the sound of the match ending, the first match is over, it's over It's over!"

Wang Shilong hurriedly said, this sound was like a life-saving alarm clock for him, he could finally take a break and

He was lying directly on the ground, Wang Shilong was breathing heavily, his face was already swollen and he couldn't tell where his nose and eyes were, he wanted to cry and cursed the group of bastards inside, his voice was about to burst, why didn't anyone come out.

"Jingle bells!"

Soon a second voice rang out, and almost simultaneously one of Lin Ran's fists slammed down head on.

"Game two is on, baby!"

"Ah! Help!"

Wang Shilong was practically going crazy, struggling to take off his gloves and throw them out to signal.

However, Lin Ran's palm directly stuck his wrist, making it impossible for him to take off the boxing gloves, and then one hand was greeted towards Wang Shilong's head.

Wang Shilong's face was already swollen like a pig's head, and these few blows were simply unwatchable.

"Don't... Don't hit him, I'm sorry! Brother, I'm wrong!"

"What did you say? I can't hear you!"

"Bang!"

Lin Ran was so high from the fight that another punch landed on the face of the past.

"Dad, I was wrong! Stop hitting!"

Wang Shilong was so anxious that he was shouting for his dad, but Lin Ran still didn't hear him.

"Grandpa, grandpa! Don't hit, I'm your grandson!"

Wang Shilong cried and shouted, but Lin Ran frowned slightly at his words.

"Fuck you, I don't have a pig-headed grandson like you!"

He said and punched Wang Shilong in the face again.

.....

One round was only one minute, and three rounds plus a break was five minutes, but these five minutes were like hellish torture for Wang Shilong.

When the three rounds were finished, Lin Ran came down and took off his gloves and poured himself a cup of hot water before Wang Shilong climbed up from the ring, his appearance at this time, I'm afraid even his own mother wouldn't recognize him.

Wang Shilong looked at Lin Ran, his eyes were as swollen as a lotus egg, and he stammered.

“You... You can't leave, you can't leave!”

As he said that, Wang Shilong stumbled towards the place where the punks were hiding behind him, and when he reached the door, he didn't even have the strength to speak, and used his last milking strength to slam twice on the door.

“Hey! Dragon's coming to signal!”

“Go go go, get out!”

The group of punks, all fast asleep, scrambled out when they heard the commotion.

“Holy crap, why is there a pig!”

The first person who rushed out saw Wang Shilong head-on and shrieked in fear, punching him in the face.

When the people behind him saw Wang Shilong on the ground on all fours, they started to talk.

“That's right, why is there a guy with a pig's head here, is he a mutant?”

“Holy shit, a pig demon!”

“No, why is this pig demon wearing clothes that look like Brother Long's!”

Someone soon noticed that something was wrong.

“What pig demon, this is Brother Dragon!”

Another punk opened his mouth and shouted, the crowd was stunned at his words, then they rushed forward to help Wang Shilong up, and when they looked they were all surprised.

“I go, it's really Brother Long, how come Brother Long was beaten up like this!”

“Give... Laozi... Shut up!”

Wang Shilong struggled to open his eyes and looked at the group of people, so angry that he could just run over them and roared.

“Why the fuck are you still standing there, why don't you go and waste him for me!”

“Yes... Yes!”

A group of punks were scared half to death at the words, and hurriedly pounced towards Lin Ran who was drinking tea at the door.

But in their haste, they forgot to leave two people behind to take care of Wang Shilong, who, with less people to help him, fell to the ground again as his feet weakened.

“Theirs, are they all idiots!”

Wang Shilong was so angry that he gritted his teeth, but by now a group of gangsters were already fighting with Lin Ran, and no one heard him at all.

After lying on the ground for a few moments to rest and feel his strength recovering, Wang Shilong got up from the ground in fear, but as soon as he got up, he heard a “whoosh” in his ears and the door of the room behind him was smashed open by something.

“What was that?”

Wang Shilong was puzzled and turned around to see if Lin Ran had been beaten into a pig’s head.

But when he turned around, a huge shadow pounced on him, and Wang Shilong was shocked when he fixed his eyes on it, and the person flying in front of him was actually a person, or someone he knew.

“Brother Long! Catch me!”

The punk shouted, but he was so fast that Wang Shilong was scared and rushed backwards ready to dodge.

Only the speed of a man on foot is no faster than the speed of a fly.

Wang Shilong had barely turned around to run when a strong wind arrived behind him, and with a bang, Wang Shilong’s whole body was sent flying and rolled into the back room together with the punk.

Outside, in less than two minutes’ time, a dozen or so punks had all been knocked down by Lin Ran, either falling to the ground and wailing in pain or unable to get up with broken bones.

“Damn it, a bunch of losers! A bunch of rice buckets!”

Wang Shilong crawled out of the room with difficulty, seeing the wreckage outside, and his heart was overwhelmed with rage.

Lin Ran glanced at him, raised the cup of tea in his hand and laughed.

“Does Mr. Wang have any more hand arrangements? If not, I’ll be on my way!”

“Bastard stand still!”

Wang Shilong roared, and just then his phone rang, picking it up to see that it was a text message, and he instantly laughed again.

“Haha, God help me God help me! Lin Ran if you have the guts don’t leave today, I’ll make you look good later!”

Wang Shilong laughed wildly.

Lin Ran, however, looked at his watch and said.

“You only have ten minutes, I have to go to work soon.”

“You!”

Hearing Lin Ran’s words, Wang Shilong almost didn’t vomit blood as he looked at Lin Ran and sneered.

“You are afraid, my coach will be here soon, if you are a man you will wait or else I will look down on you!”

“May I ask what you are? I need you to look up to?”

Lin Ran laughed indifferently, but did so on the side, ready to see what the hell this coach was again.

As he sipped his tea and waited, the ten minutes soon passed.

Just as Lin Ran was about to get up and leave, the sound of footsteps finally came from the stairway.

“Haha, Coach Xue is here, kid wait for me, later on even if you kneel down and beg me, I won’t let you go!”

“O? Is that so?”

Lin Ran laughed and shook his head.

Wang Shilong, however, had already climbed up from the ground in excitement and limped towards the stairs to meet his coach.

The moment he saw him, Lin Ran was stunned to see that he knew him, it was Xue Ding who he had met this morning.

Just now Wang Shilong had called him and asked him to teach a lesson to a guy who Xue Ding did not like, but after all, he had come to teach him a lesson and said that it was not necessary for him to fight, but just to support the scene.

And the main thing was that this guy had set the venue at his martial arts school and he had to come.

“Ding Mei Martial School, I really didn’t expect that you actually opened it!”

Lin Ran laughed, and Xue Ding smiled awkwardly at his words, not knowing what to say.

Wang Shilong, however, looked stunned and hurriedly stepped forward to say.

“Don’t fucking give old me coach set close, today you just shout grandpa is useless, now it’s too late to run away!”

“Just now it seems like someone wants to be my grandson, how come in the blink of an eye you want to bully your teacher and destroy your ancestor?”

Lin Ran laughed.

Wang Shilong’s heart burned with anger as he pointed at Lin Ran and cursed.

“You’re crazy, I’ll see how much longer you can be arrogant, Brother Ding, this is the guy, if you help me teach him a lesson, the hundred thousand dollars will be yours!”

Wang Shilong said and pulled out the cheque from his pocket.

However, he did not notice that Xue Ding’s face had already started to change.

“Brother Ding? Don’t you think the money is too little? Add 100,000!”

Wang Shilong didn’t even look back as he stared at Lin Ran and continued.

In his opinion, Xue Ding was a fool who could fight, and as long as he had the money, he would dare to fight even the king of heaven, not to mention Lin Ran.

However, he had overlooked the fact that Lin Ran was Xue Ding’s saviour, and even the saviour of Xue Ding’s students.

“It seems that you can’t be invited!”

Lin Ran laughed.

“You’re fucking less!”

Wang Shilong was just about to say something back, but Xue Ding behind him spoke up.

“Shut up!”

Xue Ding scolded with a grim face.

“Hear that, Brother Ding told you to shut up, be a good boy and wait to be beaten up, if you bullshit me, watch out for Brother Ding to waste!”

Wang Shilong shouted, but before he could finish his words, he felt a force coming from his head, followed by a head fall to the ground, and it was his face that hit the ground first.

The pig’s head face was already slightly lighter, this impact immediately red and swollen, is really as ugly as it can be.

“Who! Who the hell hit me!”

Wang Shilong got up and looked behind him, cursing.

No sooner had the words been spoken than he saw Xue Ding staring at him angrily, scaring his whole body and rushing to say.

“Brother Ding, you’ve hit the wrong person, it’s him it’s this kid!”

“Shut up! Let alone a hundred thousand, even a million old me wouldn’t have done it!”

Xue Ding said in a cold voice.

Wang Shilong seemed to understand what was going on when he saw this, and immediately laughed and said.

“Fine, don’t you just think the money is too little, seeing that this group of my men can’t even beat one person and feel that the money is going to be less, it’s fine! Brother Long has plenty of money, a million won’t even work die, I’ll give you ten million, today you kill him for me!”

“Eh?”

Wang Shilong’s face became even colder at his words, he didn’t expect Wang Shilong to be so stupid as to think that he could do whatever he wanted with money, although he, Xue Ding, was not a wealthy man, but he came from a martial arts school for generations, he still had tens of millions of dollars, would he not make a move against Lin Ran just for the sake of Wang Shilong’s ten million dollars? Not to mention that even he himself was not sure that he could beat Lin Ran.

“What? Are you moved? I have plenty of money, as long as you can make a move, I can give you in plus!”

Wang Shilong had a condescending look, which made Xue Ding extremely disgusted.

“Get lost!”

Xue Ding opened his mouth and scolded.

Wang Shilong’s face sank at his words and he said in a low voice.

“What did you say? You’re telling Laozi to get lost? What are you and them, goods like you, Laozi can recruit as many as he wants, and still pretending with Laozi, isn’t it? Can’t old me”

Wang Shilong did not finish his sentence, but Xue Ding could not hold back his anger, raised his hand and slapped Wang Shilong directly on the face.

The slap was a real one, Wang Shilong directly a seven hundred and two rotation in situ, and then “bang”, fell to the ground.

Xue Ding felt that he was not relieved and immediately rushed up to beat him up, cursing as he did so.

“Fuck you! You’re so rich, I’m beating up a rich kid like you!”

By the time Lin Ran left, Wang Shilong had been beaten beyond recognition. Xue Ding was a practitioner by training, and was so angry at Wang Shilong that he was suffocating in his chest, so he naturally hit him a lot harder.

For these, Lin Ran was not interested in caring, leaving the martial arts school and taking a ride directly back to the hospital.

After sending Xiao Nan away in the morning, there were not many patients in the afternoon, and Li Zheng was more than enough to handle them alone, so Lin Ran sat alone in his office and thought about things.

The five poisons in Feng Shui were very rare, but since Lin Ran met Song Nuan, he had seen three of them one after another, which made Lin Ran feel an air of conspiracy, but for a while he had no idea who the other party was and what they wanted.

At four o'clock in the afternoon, Lin Ran got up and stretched, ready to go out for a round of inspection, and was ready to leave work if there were no unexpected situations.

He picked it up and saw that it was an unfamiliar number. Lin Ran frowned slightly, but still picked up the phone.

"Who is it?" Lin Ran asked.

"It's me, Song Yujiang!"

Song Yujiang's voice came from the phone, Lin Ran then remembered that this phone should be from Song Yujiang's office, no wonder he looked strange.

"Uncle Song, what's up? Looking for me for something?"

Lin Ran asked.

"Mmm! Something indeed!"

Song Yujiang said back, and then added.

"You should come straight to my workplace later, the matter is about your parents, I think it's better to talk about it face to face!"

Hearing that it was related to his parents, Lin Ran couldn't help but shudder all over and nodded hurriedly.

"Okay, I'll be right over!"

With that, he hung up the phone, went out to his car, and headed straight for the city centre.

The place where Song Yujiang worked was naturally no more than that, the city's construction was floating around with this building as the centre, there was a very apt saying, the core of the city, the centre of the people.

The building is incomparable, Lin Ran parked the car to the front of the building ready to go up, suddenly speechless, only to see the huge office building in front, but surrounded by people, the building is large but not as many people.

"Hey, old man! Why are there so many people here?"

Lin Ran asked as he found a random brother.

The man, who was in his early thirties, turned to look at Lin Ran with a hint of disdain in his eyes and said.

"Young man, you've just graduated, haven't you seen this kind of scene?"

“Yes, what are so many people doing gathered here?”

Lin Ran asked with a smile, he had indeed just graduated and had never really seen such a scene before.

“Told you to remember!”

“Today is the centralised problem handling day, don’t look at all the people here, in less than a day everyone’s problems can be dealt with, this is the proudest part of our Temperance City!”

The other party said smugly.

Lin Ran could not help but be shocked at his words, he used to read a lot on the news, either what the people’s problems the departments concerned kicked the ball around, or there were too many departments concerned, did not know who to look for, slow response and a series of other problems.

Lin Ran’s heart could not help but admire Song Yujiang a little more.

The development and prospects of a city are inseparable from the person at the helm who holds the lifeline of the city’s development.

Lin Ran smiled and followed the queue, he was not in a hurry, there was still an hour before the end of the day, there were many departments here, he did not know which one he should go to, he thought better of it and did not want to cause any trouble to Master Song, so he simply queued up himself.

Time passed by minute by minute, and the queue of more than twenty people in front of him was all finished in just half an hour. Just when it was Lin Ran’s turn, suddenly a fat man came over from the side, all dressed in a suit, his face was greasy, and even his hair looked as if he had spit lard, the whole person looked greasy.

This man took a glance at Lin Ran, seeing that he was dressed as a student and dressed like he had puked, he revealed a sneer of disdain and stood directly in front of Lin Ran without ceremony, blatantly cutting in line.

“Hey! Why are you cutting in line!”

Immediately, the people in the queue behind them were not happy, everyone was queuing up consciously, how could this fatty be so unruly.

“Who jumped the queue?”

The fat man’s face was not red, completely unmoved, and he said with glee in his heart.

"I've been jumping the queue here for months, which time has I not succeeded, just this poor student behind myself, all I have to do is glare at him and he definitely wouldn't even dare to let out a fart."

"Everyone can see that, who are you to cut in line!"

The man behind him continued, which caused the fat man to blush ugly and scolded.

"See this brother behind me? He's my friend who came to stand in line for me a long time ago!"

Said the fatty with a smug look on his face, he was sure that Lin Ran wouldn't dare to say more, and just in case he did, he gave Lin Ran a vicious glare as a deterrent.

At this moment the staff member raised his head and looked at the fatty, his face hardened as he asked.

"You jumped the queue?"

"No... No, how could a good citizen like me jump the queue, my friend came to help me get in line a long time ago!"

Fatty said with a smile, while pointing at Lin Ran behind him, indicating that this was his brother.

The staff member didn't quite believe it and turned his head to look at Lin Ran, asking.

"You know him?"

Before Lin Ran could answer, the fatty followed and turned his head, looking at Lin Ran with a warning look, as if he would definitely make Lin Ran look good if he dared to speak nonsense.

"Be sensible!"

The fatty said in a low voice.

Lin Ran, however, looked amused and said.

"Don't really know each other!"

"Get in line at the back!"

Hearing Lin Ran's reply, the staff member directly chided.

"I..."

Seeing this, the fatty's face suddenly turned gloomy as he turned his head to look at Lin Ran, viciously, and said in a cold voice.

"Kid, you wait for me!"

Lin Ran also ignored him and waved his hand with a smile, signalling a good journey, before arriving in front of the staff.

"Any appointments people?"

The staff member asked, they had a lot of people who had made appointments in advance with the corresponding staff member for this centralised processing of problems.

"Yes!"

Lin Ran nodded his head and was just about to say that he was looking for Master Song, but the staff member spoke first.

"Say your name!"

"Lin Ran!"

Lin Ran said with some confusion.

"Good! Go wait in the lounge area to the side, the person with the appointment will call later and I will call out to you!"

The beautiful staff member said, and immediately looked down and shouted, "Next!"

Lin Ran looked amused, but there was nothing he could do about it, as this was probably how the process worked.

As time passed, Lin Ran soon saw that the fat man who had cut in line with him before had also arrived at the front of the queue, and Lin Ran heard that his name was Zhao Zhuang.

Zhao Zhuang had also made a reservation and was soon walking towards the rest area, but Lin Ran was the one who noticed that this guy had a teasing look tackled on his face and passed several empty seats without the intention of stopping, seemingly coming straight for himself.

"Looks like the wait isn't lonely!"

A smile appeared on the corner of Lin Ran's mouth when he saw this.

Zhao Zhuang came close to Lin Ran and revealed a disdainful smile, his whole body shook and his fat shifted about as he instantly sat on his butt in the empty seat next to Lin Ran.

“Friend, you were very arrogant just now!”

Zhao Zhuang suddenly said, while straightening his body clothes, with an appearance of not putting Lin Ran in his eyes at all.

“Friend isn’t bad either, blatantly cutting in line, arrogance is even better!”

Lin Ran’s expression was bland as he said with a smile.

“Do you know who I am?”

Zhao Zhuang suddenly turned around and looked at Lin Ran with a hint of icy coldness in his gaze.

“I don’t know!”

Lin Ran’s face was calm and he always wore a faint smile.

“I’m telling you, remember! My name is Zhao Zhuang, if you haven’t heard of it, but go and look up Temperance City Zhao Zhuang Building Materials Co!”

Zhao Zhuang said arrogantly, while giving Lin Ran a disdainful glance, and continued.

“Laozi, inserting your queue is looking up to you, do you know you missed a salty opportunity to turn over a new leaf, Laozi just said it was your pals who were good, you actually said you didn’t know me, really give shame!”

Lin Ran felt amused at hearing this and said.

“I just like to have a salty fish, I just don’t want you to cut in line, as for the face, do you have one?”

“You’re fucking with me, aren’t you? Believe it or not, I’ll kill you when we get out of here!”

Zhao Zhuang scolded with an icy face, but Lin Ran smiled blandly and nodded his head.

“A student fighting with me, I can’t kill you!”

Zhao Zhuang laughed in satisfaction, however, Lin Ran's next words caused him to be confused, only to hear Lin Ran say.

"You really have no face!"

Zhao Zhuang was instantly fired up at hearing this, feeling that just now Lin Ran nodded his head was not afraid of himself at all, but was laughing at himself, at this moment he felt like a monkey, being played by this student in front of him, his heart rubbed off with fire.

"You're fucking looking for death!"

Zhao Zhuang shouted coldly and lifted his hand to slap Lin Ran's face, as this was a special place, he didn't dare to move too much and thought it would be enough to give Lin Ran a slap to scare him.

But who knew that just as his palm fell, he was caught by Lin Ran with one hand.

Lin Ran's palm grabbed Zhao Zhuang's wrist, and his face still held a bland smile, as if he was doing something extremely ordinary.

"Let go, let go of me!"

Zhao Zhuang struggled hard, but he was surprised to find that no matter how hard he exerted his strength, Lin Ran's hand did not move at all, as if it was a statue, a situation that could only mean that his opponent's strength was too strong for him.

"Are you sure you want me to let go?"

Lin Ran looked at Zhao Zhuang and asked with a smile on his face.

"Let go, let go of my fucking hand!"

Zhao Zhuang continued, while constantly pulling back, trying to break his palm free, being held by Lin Ran like this, he could already feel his wrist going a little numb.

"Fine, you asked for it yourself!"

Lin Ran smiled lightly and swirled around, releasing his palm.

Zhao Zhuang did not expect Lin Ran to really let go, and so quickly, his whole body was pulling his palm back, when Lin Ran sent it away, he immediately lost his balance, a big pile of meat rolled directly to the ground, and the documents in his hands spilled out with a clatter.

"Huh, what's this?"

Suddenly, a white card flew into Lin Ran's hand.

Lin Ran took a look and saw that it was actually an ID card, so he couldn't help but lose interest and was just about to return it when he saw that the guy's name on the ID card was actually not Zhao Zhuang, but Zhao Dazhuang.

"Mr. Zhao, so you have such a grounded name!"

Lin Ran couldn't help but laugh.

Zhao Zhuang got up from the ground, originally burning with anger, but when he saw the ID card in Lin Ran's hand, he directly froze.

"You! Give me the ID card!"

Zhao Zhuang's face was ugly as he scolded in a deep voice.

His parents were not very educated and gave him a random name, Zhao Dazhuang, which he originally thought was fine, but later on, as his business grew bigger and bigger, every time he went out to talk to people about business, they would be unable to help themselves when they heard his name.

This made him very depressed, especially after he became the boss, this name always made him feel humiliated, so he simply called himself Zhao Zhuang, and did not bother to change his ID card, anyway, others did not know.

It had sort of become a secret in his heart, but now he had been discovered by Lin Ran, which made him very angry.

"Kid, I think you're looking for death!"

Zhao Zhuang's face looked that way, but Lin Ran acted as if nothing had happened and laughed.

"What, Mr. Zhao is prepared to get me killed here? Then I'm afraid that Mr. Zhao will have to be tackled down by the security guards here before he can even make a move!"

"You!"

Zhao Zhuang was so angry that he gritted his teeth, indeed, there were so many security guards here that it could be described as heavily guarded, making a move here was simply asking for death.

Suddenly, Zhao Zhuang remembered something and opened his mouth to ask in a low voice.

"Kid, answer my question honestly if you don't want to die, how many floors is the person you made an appointment with on?"

Hearing Zhao Zhuang's enquiry, Lin Ran couldn't help but smile, wasn't it a little late for this guy to start feeling his way in.

"I don't know!"

Li Ran said directly, he indeed didn't know what floor Song Yujiang was working on.

"Haha, you don't even know which floor, you're really a fledgling!"

Zhao Zhuang laughed coldly, he knew the division of the offices in this building best.

This building had twenty-one floors in total, and according to the height, it could be divided into, the twentieth floor, the tenth to nineteenth floors, and the tenth floor down, from high to low representing different rights at a time.

Zhao Zhuang's appointment this time was for a supervisor on the eighteenth floor, knowing that people who could make appointments at this level were already somewhat powerful, and that ordinary people could only make appointments for ordinary staff on the tenth floor or lower.

In his opinion, Lin Ran's appointment must also be with an ordinary staff member below the tenth floor.

Lin Ran didn't bother to pay attention to him, leaning back in his chair and resting his eyes, and here Zhao Zhuang didn't dare to make a move, so he simply sat down at the side and waited quietly.

Time passed by minute by minute, and soon came the voice of the previous staff member.

"Zhao Zhuang, the supervisor of your appointment, Ma, has called, you can go up now, on the 18th floor!"

"Okay!"

Zhao Zhuang got up and gave Lin Ran a smug look and turned around to leave, but before he could take two steps out, the staff member's voice rang again.

"Lin Ran, Secretary Li is calling, asking you to go up, on the twenty-first floor!"

As soon as these words were spoken, many people in the entire hall revealed shocked gazes at Lin Ran, Zhao Zhuang even stopped in his tracks in surprise and turned around to look at Lin Ran with a shocked face, secretly saying in his heart .

"It's not him! It's definitely not him, how could he have made a reservation for the twenty-first floor, or Secretary Li personally made the call, how is this possible!"

Zhao Zhuang didn't want to believe it in his heart, even someone of his status basically had no chance of meeting someone on the twenty-first floor, let alone a kid like Lin Ran who was unknown and a poor student.

But he was doomed to be wrong, only to see Lin Ran change and get up, walking towards the lift, looking at Zhao Zhuang as he passed by, smiling at him and saying.

"Mr. Zhao is not going up together? We're on our way!"

Zhao Zhuang's whole body trembled as he heard this, and nodded unconsciously, but his face was no longer half arrogant, there was only unease and panic.

How could he dare to underestimate a man who could meet the legendary Master Song? He was afraid that with just one word from him, his company would have to close down.

"That little brother, just now it was my eyes that were not aware of the mountain, you must not forget your heart!"

In the lift, Zhao Zhuang said in shame.

Lin Ran smiled and shook his head without saying anything.

Seeing this, Zhao Zhuang did not dare to say anything more, and both of them were silent.

Soon Zhao Zhuang reached the eighteenth floor, squeezed out an ugly smile at Lin Ran, and then got off the lift.

When the lift came to the twenty-first floor, Lin Ran had just stepped out when he saw Secretary Li face to face.

"Little friend Lin Ran, long time no see!"

Secretary Li greeted with a smile.

Lin Ran smiled and nodded his head.

"Let's go, Master Song is already waiting for you, there was a temporary emergency meeting just now, that's why you've been waiting for so long!"

As he walked, Secretary Li explained.

Lin Ran nodded at his words, his heart relieved, as the helmsman of a city, Song Yujiang's busy schedule was understandable to him.

Turning the corner to an office, Lin Ran saw that Song Yujiang was burying his head in various documents, and when he saw himself arrive, he got up and greeted him with a smile.

"Little divine Doctor, long time no see!"

"Uncle Song has spoken highly of me, I'm just an ordinary doctor, not exactly a little miracle doctor."

Lin Ran said modestly.

Song Yujiang smiled and didn't say more, and immediately greeted Lin Ran and sat down.

Secretary Li on one side was very smart and laughed at the situation.

"I have things to do outside, so I'll go out first, call me if there's anything!"

With that said, he left the office directly, while bringing the door up.

"Uncle Song, you are looking for me this time? Is it because of my parents' matter?"

Lin Ran couldn't hold down the anticipation in his heart and opened his mouth to ask.

"That's right!"

Song Yujiang nodded, and then said with a sigh.

"But you have to be mentally prepared!"

"Mm!"

Lin Ran nodded, it had been so long since the incident had happened, he had long been prepared for everything, and no matter what the truth was, he was confident that he could face it openly.

"Good, then I'll tell you!"

Song Yujiang took a deep breath, and then told the story.

"I sent people to carefully investigate the murder case files of the entire Temperance City fifteen years ago"

At first, Song Yujiang had people investigate all the murder files from fifteen years ago, but they didn't find anything suspicious, until the investigators later found a hidden encrypted file in the archive room, which led them to find out about that incident from fifteen years ago.

It turned out that fifteen years ago, there was a very serious accident in Tamagawa City, which caused the death of dozens of people in total.

However, the incident was later revealed, which is why he was dismissed from his post and investigated, and later transferred to Song Yujiang.

It was just that these things did not come to light, so those who knew were well aware that those documents were sealed by the last person at the helm.

"What exactly is written on that document?"

Lin Ran opened his mouth and asked.

"Ai!"

Song Yujiang sighed and said slowly.

"What's written on it is everything that happened back then"

According to it, the initial accident happened at several construction sites at the same time, and all the people who died fell off the buildings under construction while working!

At first everyone did not think carefully, only busy saving people, but then everyone noticed a problem, that day the accident was surprisingly all construction sites, and all the people who died, all were pushed down from the upper floors, the death is almost the same.

"Could this be a coincidence?"

Lin Ran asked.

Song Yujiang smiled but shook his head.

"I don't know, no one knows whether it was a coincidence, or whether it was done by human beings, because the murderer was not caught in the end, and it became an unsolved case!"

"Unsolved case?"

Lin asked hastily, his brows furrowed.

"How could such a big thing become an unsolved case?"

“Because the main person in charge, has disappeared!”

Song Yujiang said, and then told a block of secret stories.

“It’s said that they later sent someone to investigate that the construction sites all belonged to the same real estate company, and when the police went to summon the person in charge, he had already disappeared!”

“He’s been an online suspect on the run for so many years, but he’s never been caught, some say he may have committed suicide, others say he may have changed his name and gone into hiding, but no one has ever seen him again!”

Lin Ran frowned as he listened and opened his mouth to ask after a moment of contemplation.

“What was the name of that person in charge?”

Song Yujiang shook his head at his words and said.

“It’s useless to know his name, his family is already gone, after the incident, he himself disappeared and his assets collapsed overnight, then within a few years his daughter-in-law also left, and the two of them didn’t leave any offspring, so the matter finally just ended up like that!”

Song Yujiang said as he took out an envelope with a thick pile of stuff inside.

“Too many people died back then, the compensation money ended up not being issued even though many people couldn’t find their families, this is yours, now it’s made up to you!”

Lin Ran took the envelope and felt it, there was at least two hundred thousand inside, he couldn’t help but reveal a bitter smile.

“Tell me the name!”

Lin Ran said.

“You really want to know?”

Song Yujiang asked.

“Mm!”

Lin Ran nodded his head.

“Is there any point in knowing the name?”

Song Yujiang asked, he didn’t want to see a young man like Lin Ran dwelling on his painful past and spoke up to persuade him.

"Fifteen years have passed, one has to look forward, you have to pull yourself together!"

Lin Ran looked up at him without speaking, but there was a look of determination in his eyes that was hard to shake.

"Hey, okay!"

Song Yujiang sighed and said in a whirl.

"His name is Wang Kun!"

"Hmm, I see!"

Lin Ran nodded his head and whirled around, getting up to leave.

"Ai!"

Song Yujiang sighed and didn't stop, he understood Lin Ran's current mood, I'm afraid that any other person wouldn't be able to maintain such restraint.

"Can you tell me where his company was in the first place?"

Before he left the door, Lin Ran turned back and asked.

"At the Divine Terrace Square!"

After saying that, Song Yujiang seemed to think of something and added.

"As for the construction site where your parents had their accident, this is not even close, the list of deaths at the beginning was not allowed to be registered because of the rush, many people didn't even have time to register!"

"Hmm!"

Lin Ran nodded at his words, he wasn't worried about this, because his grandmother had made a trip that year, and his parents' remains had been brought back and buried on the hillside behind the village, if necessary he would make a trip home and ask his grandmother.

It was already seven o'clock in the evening when he left, autumn was approaching and even the sky was getting dark early.

Looking at the stars that were already looming in the sky, Lin Ran had mixed feelings in his heart.

His parents, whom he had not seen much since he was a child, had only received 200,000 coins in exchange.

But he didn't do it after all. His reason told him that even if he burned more money, he wouldn't be able to get back his parents' lives, and if he could, he wanted to do his best to find Wang Kun, the murderer.

He wanted to do everything he could to find Wang Kun, the murderer, if he could. He wanted to give an explanation to his parents and to himself as well.

After a silent journey, Lin Ran drove straight back home.

However, just after he arrived home, he was to find that Song Nuan was actually not at home.

"This nee-san, really doesn't let people worry."

Said Lin Ran, taking out his mobile phone and preparing to call Song Nuan, but just as he opened his hand he saw a text message from the latter.

"I'm going out for a get-together with my housemates, you can come over if you're not sure, Bai's Public House!"

Seeing that the time of sending the letter was half an hour ago, Lin Ran was relieved for a while, at that time he was talking to Song Yujiang about something and his phone was muted, so he didn't see it.

He hadn't been in a high mood on the way back, and only then did he take out his phone and realise that this nee-san had originally sent himself a text message.

"Forget it, let's go for a trip!"

Lin Ran sighed in his heart, Song Yujiang was so concerned about his own affairs, he naturally had to take care of Song Nuan as well, and this nee-san was indeed very pleasing to Lin Ran.

The car sped along and soon arrived at the so-called Bai's Mansion.

The White House was actually a restaurant, but these days, if you don't have a high class name for a restaurant, it seems like you can't attract customers.

Lin Ran had heard of this restaurant, the taste seems to be quite good, usually there are many students come here for dinner, did not think Song Nuan and her housemates, a group of fairies actually also came back here for dinner.

Lin Ran got out of the car and walked straight in. As soon as he entered the door, he saw Song Nuan and her group of four people sitting around a table near the window not far away.

Song Nuan also saw Lin Ran and was just about to greet him, but Lin Ran made a no-sound gesture and then took out his phone and sent a text message.

“You guys eat, don’t mind me, just leave together later!”

The text message was sent out and soon received a reply.

“What era is it, still using texting to chat, I say Lord Landlord, can’t you change your phone?”

Lin Ran looked helpless with a smile and returned.

“There’s nothing suitable, or else my daughter-in-law-sama will help me choose one?”

“Fuck off! Dinner’s ready!”

Song Nuan breathlessly replied with a line, and whirled and stopped paying attention to Lin Ran.

Lin Ran ordered two dishes and ate them by himself while thinking about his parents, now with this matter on his mind, he didn’t really feel like going along with anything.

Halfway through his meal, Lin Ran suddenly noticed that a large group of people had come in the door.

At first, Lin Ran did not care, but when the group of people passed by, he found that the two people at the head of the group he knew were the head of the Bai family and his son.

Bai Yuguo and Bai Cheng.

“No wonder it’s called the Bai’s Mansion, so this is the Bai family’s property!”

Lin Ran couldn’t help but smile and shake his head, this was really a small time, to have a meal and come to a restaurant owned by an ingrate, it was really a case of life and death.

Bai Yuguo and Bai Cheng did not notice Lin Ran and walked straight towards the first floor, seemingly to check the accounts.

As the other party did not see him, Lin Ran did not bother to pay any attention to him and continued to eat his meal by himself.

Soon, as Lin Ran was about to come into contact with the fight, three or four gangsters wearing vests actually came down from the first floor, each one so drunk that they were walking staggeringly.

Originally, this was not a big deal, but very unluckily, when these three or four punks passed by Song Nuan and the four of them, one of them actually stopped, and he looked at Song Nuan at the table, and his eyes instantly showed a greedy look.

“Holy crap! A superb beauty!”

“Brother Jun? Who are you talking about?”

Seeing that Li Jun was standing still, several punks walked back, and when they followed Li Jun’s gaze and saw Song Nuan, they were all stunned, and then they couldn’t help but gag.

“Brother Jun, this...!”

One of the punks looked at her and his harrumphs flowed out.

When Li Jun saw this, he gave him a slap! He gave him a slap on the mouth and scolded.

“What are you looking at? How dare you look at the woman I like!”

“I’m sorry, Brother Jun, I’m sorry!”

The punk lowered his head and hurriedly turned around, several other punk saw this and also hurriedly turned around, automatically forming a human wall to surround the table one by one.

“Hey! What are you doing?”

A female student on the far side of the table scolded at the sight.

But as soon as her words fell, her mouth was gagged with a slap by Li Jun, who looked at the crowd and finally landed his eyes on Song Nuan, his face hung with uncontrollable greed as he laughed.

“Little beauty, how about going out to play with brother? Brother will take you to a fun place!”

Song Nuan saw the real thing, her pretty face had long been carrying a few hints of anger, seeing that this person actually opened his mouth and molested himself, she immediately picked up the cup of hot water on the table and splashed it directly on Li Jun’s face.

“Aiya!”

Li Jun was so hurt that he hastily shrank back, and when he touched his face, a layer of skin had already been scalded off, that was the boiling water that Song Nuan had just poured, it was very hot.

Luckily, Li Jun dodged quickly, if he had been slower, the hot water would have splashed into his eyes, and I'm afraid he would have been blinded by now.

"Bitch, you've got no fucking face!"

As soon as he was scalded by the hot water, Li Jun instantly sobered up and a wave of anger rushed to his head, pulling aside the female student who was blocking Song Nuan's body, and then pulling up Song Nuan's hand to rip it out.

Song Nuan shouted in anxiety.

"Bastard, are you still watching?"

Lin Ran knew that this ninny was calling for herself and was helplessly ready to get up.

However, Li Jun was the one who thought Song Nuan was talking about himself and couldn't help but laugh strangely.

"What can love do if you're not watching? How so impatient?"

Said Li Jun with a look of anticipation already on his face, as if he was looking forward to what would happen later after taking this extremely beautiful woman in front of him away.

"Get your salty hands off me!"

Suddenly a voice came through, not loud but full of penetrating power, hearing Li Jun's brow frown slightly as he turned to look over.

"Are you talking to me?"

Li Jun looked at Lin Ran, with a hint of impatience in his eyes.

"That's right, it's you, take your salty hands off!"

Lin Ran said again, but his face was devoid of any expression, as if he was talking about a very ordinary matter.

"Kid, who the fuck are you talking to? Do you know who's standing in front of you?"

"That's right, I you're fucking tired of living, hurry up and get the hell out of my way!"

“If you keep Brother Jun from getting girls, I’ll kill you!”

One by one, the punks let loose their vicious words as they blocked in front of Li Jun, like a loyal guard, guarding him.

“Did you see that, kid? Get lost if you can’t die, don’t fucking bother me here to pick up girls!”

Li Jun immediately said in triumph, but Lin Ran didn’t bother to pay him any mind as he took one step towards the direction where Song Nuan was, as if he hadn’t heard Li Jun’s group of men at all.

“Seek death! Wreck him for me!”

Li Jun’s eyes were cold when he saw this, in this area of Bai’s Mansion, who didn’t know his Li Jun’s name.

In normal days, when he took a fancy to a beautiful woman, which one dared not obey, but today he not only met a grumpy beauty, but also a silly boy who completely ignored him, which made him very unhappy.

“If I don’t let you know the power of my Li Jun today, you won’t know why the flowers are so red!”

Li Jun said, but his hands did not stop, and continued to pull Song Nuan out, but he was only halfway through his action, when he suddenly froze.

He heard a “whoosh” sound, and one of the punks in front of him flew backwards to where he was.

“Bastard!”

Li Jun shouted and hurriedly dodged out of the way.

But before he could stand still, a second figure had already flown over, and with a whoosh, another of his men had hit the ground with a heavy thud with a panicked sound.

Li Jun’s face suddenly changed, he had just met three of his men, and two of them had just been killed.

“Looking for trouble in my territory, you’re just looking for death!”

Li Jun roared, picked up a beer bottle on the table and rushed towards Lin Ran.

The remaining punk, who dared to go after Lin Ran, saw that his boss was about to take action himself and hurriedly ran to the side and hid, ready to watch the good show.

“Piece of shit!”

Li Jun couldn't help but curse angrily at the sight of this, but his feet didn't stop.

He was the boss of this group of people, his own men could concede, but he could not, if he had conceded, then how could he continue to be the boss of these people in the future.

“Xiao Nuan your boyfriend is awesome!”

“Yes! How come I don't have a boyfriend like that!”

“.....”

Song Nuan's group of housemates said, causing Song Nuan to blush a little, but at this time, facing this situation, as a girl, she was still very relieved in her heart, at least when it mattered, this guy Lin Ran was still trustworthy.

“Come on, any more praise is going to the sky! Is he that good?”

Song Nuan said with a pout and a cocked mouth.

“What? Is it that good? Don't you give me that!”

“Yeah, yeah, we don't mind!”

“That's right, you're selling yourself short after getting a bargain!”

Each of the housemates was indignant, lamenting how they weren't so lucky.

“Don't even think about it, no way!”

Song Nuan chortled, drawing the envy of her housemates.

Lin Ran naturally didn't know that these women were actually discussing themselves at this time, but it was right to think about it, if it were a man at this time, where would he be thinking about this, I'm afraid that only girls with a completely different way of thinking would be thinking about this at this time.

“Brother Jun? The name sounds quite loud!”

Lin Ran looked at Li Jun with a smile on his face.

“Kid, give me your name, your brother Jun I don’t fight nameless rats!”

Li Jun shouted, with the young master of the Bai family backing him up in this area, he was able to roam freely, today he met someone who wasn’t afraid of death, so naturally he had to clean up a bit, otherwise his name of Brother Jun would be worthless in the future.

“Lin Ran.”

Lin Ran laughed.

“Good boy, you have guts, I want to see if you can make me remember your name today!”

The beer bottle in his hand came towards Lin Ran’s head.

Lin Ran stood still, as if this had nothing to do with him.

“Are you scared silly? Kneel down and kowtow to me now, but it’s not too late!”

Li Jun laughed loudly, extremely confident in his own aura, he was used to flaunting his authority on a regular basis and didn’t even put Lin Ran in his eyes.

“This sentence is for you in return.”

Lin Ran laughed lightly.

Li Jun’s face instantly sank at his words, and his foot speed obviously increased by a few points, and in the blink of an eye, he had already reached Lin Ran’s eyes, and the beer bottle in his hand was greeted towards Lin Ran’s head without ceremony.

“Hey! Why isn’t your boyfriend moving!”

“That’s right, it’s going to hit!”

“Oops don’t dare to look!”

A group of Song Nuan’s housemates next to her each covered their eyes, but who all wanted to know what Lin Ran would do, their eyes watching the scene in front of them through their fingers.

Song Nuan trend is very calm, Lin Ran fights not once or twice, but she knows this guy’s strength, now it is obvious that he is just pretending to be handsome.

“Don’t worry, this guy likes to play handsome, he’ll definitely make a move!”

“Really? I’ll have to see then.”

“Me too me too, I like handsome guys the most!”

The group of housemates hurriedly let go of their hands again at the words.

While several people were discussing, the beer bottle had already reached Lin Ran’s eyes.

As expected Lin Ran really moved the next moment, only to see him make a slight side turn, directly dodging the beer bottle, and then with a backhanded grab of his palm, he actually snatched the beer bottle from Li Jun’s hand.

“Ah! So handsome!”

This scene made all of Song Nuan’s few housemates scream out as they watched.

Lin Ran also didn’t know what was going on, and his afterglow glanced at Song Nuan to see that she was fine and continued with the matter at hand.

He held the beer bottle in his back hand and slapped it across the face towards Li Jun.

Li Jun wanted to take action, but it was already too late.

He heard a “pop!” With a sound, blood splattered everywhere, and Li Jun’s whole body was directly swept away.

“Bang!” With a heavy landing sound, Li Jun got up from the ground with great difficulty.

But at this time, the left side of his face was already swollen like a monkey’s butt, and it also carried several cuts drawn by glass, which looked miserable.

“You Who the hell are you!”

Li Jun looked at Lin Ran, his heart could not calm down for a long time, he had beaten himself like this in just one round, this kind of person should not be unheard of by him.

“As I said, my name is Lin Ran!”

Lin Ran looked at Li Jun indifferently.

The doubt in Li Jun’s heart was even greater, as he asked himself that he really hadn’t heard of this Lin Ran character.

He had never heard of Lin Ran, although he only moved around the White House, but he knew a few friends on the road.

“I haven’t heard of you at all, don’t bluff me here!”

Li Jun chided in a cold voice.

Lin Ran laughed as he heard helplessly.

“Do I need to scare you? If you want to fight, continue, or get the hell out!”

“You!”

Li Jun was so angry that he was speechless, fighting? Are you kidding, he had become like this in just one face, if he continues to fight, I'm afraid he won't be able to have the other half of his face!”

“Don't get cocky, this is my turf, wait for me!”

Li Jun let out a fierce sentence and was ready to shout at someone at once.

But at that moment, the man who had been hiding in the wings to watch the fun came running down from upstairs, shouting as he ran.

“Brother Jun! Brother Jun, don't be afraid, Young Master Bai is here, this kid is dead!”

“Young Master Bai!”

As soon as he heard the words “Young Master Bai”, Li Jun instantly acted like he was hit by chicken blood, as if the injury on his face didn't hurt anymore, he pointed at Lin Ran and said.

“Kid, you're crazy, you continue to be crazy, I want to see how much longer you can be crazy, let's see how I'll clean you up later!”

With that Li Jun rushed to the stairway with his own men, ready to greet the legendary Young Master Bai as he descended the stairs.

“Lin Ran, is everything alright!”

Song Nuan was a bit worried at this moment and ran over to ask, this matter was started because of herself after all, if this dragged Lin Ran into it, it would be too self-condemning.

At this moment, Song Nuan even made up her mind that if the other party was very big, she could not let anything happen to Lin Ran even if she had to call her father.

Even Song Nuan herself hadn't noticed that at this moment, she cared a lot more about Lin Ran than she did before.

“Don't worry!”

Lin Ran laughed blandly, just like a person who had nothing to worry about.

Soon a youth's scolding voice came from the stairway.

"Who the hell doesn't have eyes and dares to come to my territory to cause trouble!"

As the words fell, a youth also came down from the stairs, seeing this person Lin Ran couldn't help but smile, while Song Nuan's face turned a little ugly, because the person coming was none other than the young master of the Bai family, Bai Cheng!

Last time at Master Luo's rehabilitation banquet, Bai Cheng helped Liu Xuan to find trouble with Lin Ran, but he was hit in the face by Lin Ran.

Now she was leading Lin Ran to cause trouble at the Bai family's venue, so I'm afraid Bai Cheng wouldn't let Lin Ran off easily this time.

"Lin Ran, or else give it to my father...!"

Song Nuan reminded Lin Ran that he still had his father to turn to.

Lin Ran, however, waved his hand and laughed.

"No need, I can handle this little matter, if I have to bother my father-in-law with the slightest thing, then wouldn't I be too useless as a son-in-law!"

"You! What time is it now, still taking advantage of such!"

Song Nuan couldn't help but scold.

Lin Ran, however, looked at her in a serious manner and said.

"I'm not taking advantage, what I said was from my heart!"

"Alright! He's coming!"

Song Nuan heard her face blush and her heart beat faster, and hurriedly changed the subject to lead to Bai Cheng.

Bai Cheng came down from upstairs and saw Lin Ran, he couldn't help but frown slightly, just at noon he had just calculated Lin Ran, but the result was that he had failed to steal the chicken but had lost the rice, he didn't expect to meet Lin Ran at his own restaurant in the evening.

Seeing that Bai Cheng's face was stony and he didn't say anything, Li Jun, who was at the side, hurriedly came forward and said.

"Young Master Bai, this is the kid who caused trouble here and injured many of my brothers, this must be taken out!"

"Get lost!"

Bai Cheng shouted in a cold and stern voice.

Li Jun instantly revealed a smile, before turning to look at Lin Ran, smugly saying.

"Kid, did you hear that, Young Master Bai told you to to get lost?"

At the end of his sentence, Li Jun himself felt something was wrong somewhere and hurriedly turned to look at Bai Cheng, asking.

"Young Master Bai, just let him get lost? Isn't that too cheap for him!"

Bai Cheng's face was gloomy, his gaze was cold as he glared at Li Jun and spoke.

"I am letting you roll!"

"Let me"

"Young Master Bai you're mistaken, it's not me who's causing trouble, it's him!"

Li Jun hurriedly argued, but Bai Cheng's face was cold, raising his hand and slapping Li Jun directly on the face, his face, which was already broken, was even more ugly at this moment.

"Young Master Bai, I"

Li Jun covered his face, looking at Bai Cheng, looking at Lin Ran, wondering what he had done wrong, could this kid be Bai Cheng's friend?

It shouldn't be, if he was a friend, how come Bai Cheng's face still looked so ugly?

Although he didn't understand, he didn't dare to contradict Bai Cheng, without him, Li Jun was nothing.

But at that moment, a voice came over.

“Stop, did I tell you to leave?”

Li Jun turned his head and looked at Lin Ran with anger in his eyes as he scolded.

“What are you, do you have a say here too?”

“This isn’t a forbidden area, what can’t be said!”

Lin Ran laughed, and then looked to one side at Bai Cheng and asked.

“You say so, Duke Bai Cheng son.”

This last two words, Gongzi, Lin Ran stretched particularly long, hearing Bai Cheng’s face become even more ugly.

“What exactly do you want?”

Bai Cheng scolded in a low voice with a cold face.

He didn’t dare to flip out with Lin Ran, even if this was his own family’s territory.

“Don’t want anything, your men molested my girlfriend, it’s not a big deal, it’s not a small deal, let me beat him up today to take the edge off, and this will go away!”

Lin Ran said indifferently while fiddling with his nails, as if he was talking about a very ordinary and trivial matter.

“Impossible!”

Bai Cheng said in a cold voice.

Although this Li Jun was insignificant to him, he was after all a man he had raised, if he handed the man over as soon as his opponent threatened him, I was afraid that no one would be willing to follow him in the future.

“Dog, you still want to sow discord between me and Young Master Bai, you don’t even take a piss and look at yourself, you’re no good in Young Master Bai’s eyes!”

Li Jun was in a good mood and laughed coldly.

“Whether I am or not, I don’t know, but you’re certainly no shit in his eyes!”

Lin Ran laughed, and then looked at Bai Cheng with a smile on his face as he said.

“You’ll have to hand it over even if you don’t today, or I’m afraid I won’t be able to control my mouth!”

Lin Ran said as he fished out a silver card from his pocket and slapped it on the table with a “pop”, it was the one given to him by Luo Ming, the supreme diamond card of Luo’s enterprise.

Bai Cheng’s face sank as he looked at it and said gloomily.

“You’re threatening me!”

“That’s right, I’m threatening you.”

Lin Ran didn’t deny it either.

Bai Cheng’s face chilled as he listened and suddenly laughed out as he looked at Lin Ran.

“Good! Good, enough guts!”

“So what? Are you handing it over or not?”

Lin Ran asked with a smile.

Bai Cheng, however, fell into silence, his face growing gloomy as he looked at Lin Ran without speaking.

The situation before him was undoubtedly very unfavourable to him, he understood Lin Ran’s intentions, either hand over Li Jun to shut Lin Ran up and preserve the relationship between their Bai family and the Luo family, or not, then Lin Ran would call Luo Ming directly, and they were afraid that the Bai family would really be abandoned by the Luo family, after all, they had already made the Luo family somewhat unhappy by antagonising Lin Ran before.

Li Jun at the side couldn’t help but raise his heart, seeing Bai Cheng hesitate and hesitate to answer, a hint of bad premonition had already arisen in his heart.

“Xiao Nuan, your boyfriend is too domineering, even Bai Cheng dares to threaten, if this were an ordinary person, I’m afraid he would have been scared shitless!”

One of Song Nuan’s housemates said.

“Yes, Bai Cheng is the son of the Bai family, how many women want to give him a hug, and men even want to befriend him, but I didn’t expect your boyfriend to directly threaten, simply too manly!”

“Come on, come on, don’t you think about it, if this kid wasn’t capable, how could our Nuan fall for him? She’s a school beauty, what kind of men have she seen?”

“Blah, blah, blah! You’re the one who’s never seen a man, I’ve never even been in love!”

Song Nuan hurriedly argued that her roommates' words were too unreliable.

"Never been in love? Is this guy your first love?"

Several housemates cast envious glances, they all said how can one find true love without experiencing a few scum, but look at other school girls, the first love they encountered were so good, it simply made several of them envious and a bit jealous.

"Young master Bai, you can't hand me over, it will chill the hearts of the brothers!"

Li Jun looked at Bai Cheng, his face was full of anxiety, the more Bai Cheng didn't say anything, the more his heart was lost.

Bai Cheng gave Li Jun a look before turning his head to look at Lin Ran and said.

"Why should I trust you?"

"Do you have any other choice? Compared to the family or a few punks, you don't have to choose which is more important!"

Lin Ran stretched his hands and laughed blandly.

"You! Don't force me!"

Bai Cheng was a little enraged, and his eyes were faintly filled with a bit of murderous aura, so he was obviously having bad thoughts.

"Young master Bai, why bother talking nonsense with him, this is your territory, as long as you give the order, I will greet a few brothers, still can't get him killed?"

Li Jun said in a low voice, he did not want to sit around and wait for death, if this solution Bai Cheng can agree, with him also naturally is the best result.
