

Weaponsmith 1051

Chapter 1051: How come you're here? (2)

But Huang Yueli didn't expose him.

After all, from what she thought, a peerless expert like Liu Buyan must have his personal reasons for appearing here and it wasn't something which she could question. It'd be better for her not to find out too much such secrets.

Liu Buyan smiled as he said, "You're ridiculing that I don't have any medical ethics? Alright, those rumours in Soaring Heavens Continent aren't wrong. But whether I have medical ethics or not, it mainly depends on the person.... for a beauty like you, I naturally would put in more effort."

These words of his was already rather ambiguous.

But as Huang Yueli had always ascertained that there was someone who he liked, so his words didn't touched her heart. She only felt that Liu Buyan was joking with her, teasing her only.

So she gave an oblivious smile, "Alright, stop these sweet nothings to me already. Who doesn't know that Young Master Liu, you know how to please a young lady most? But I'm not free to play these with you!"

Liu Buyan was totally speechless as he looked at her, an unspeakable, gloomy feeling stayed within his heart.

This lass... although he indeed had the intention to play with her, but did she needed to be so calm?

Ever since Mu Chengying had gone into closed door seclusion for the past decade, he became the hottest handsome male in the entire Soaring Heavens Continent and many young ladies were always by his side. He seldom met with such a situation where a lady treated her like air.....

Actually, even when Mu Chengying was around, Liu Buyan was still more popular because who didn't know that Mu Chengying liked Huang Yueli, the ninth tier Armament Master and she wasn't a good person to trifle with. Anyone with a bit of brains would not dare to provoke her, moreover Mu Chengying had never looked at any other woman other than her.

Although the handsome male was good, but their lives were more important.

Not long after Huang Yueli took the pill, the pain on her entire body suddenly disappeared completely. Not only that, a warm stream started to flow from her dantian, making her feel as though she was soaked in a sauna, feeling extremely comfortable.

"You really deserve to be the Continent's Number One Divine Doctor. Your pill is indeed effective!" Huang Yueli's eyes lit up as she beamed brightly, "Thank you, Divine Doctor Liu....."

"Just a mere thanks on your mouth, what's the use of that? I've saved your life several times right? Shouldn't you show me your gratitude?" Liu Buyan's lips arched upwards, revealing a frivolous smile.

After feeling despondent for a while, it incited new ideas into him.

There were not many women who dared to treat him as nothing, except for Huang Yueli in her previous lifetime, there was only this young lass. He had to see if this young lass really didn't feel anything for him or was she just pretending!

"Oh please, why are you like this?" Huang Yueli mumbled in displeasure, "Last time you indeed saved my life but hadn't we agreed upon it? I'll accompany you for seven days and you help me to treat my injuries. That time the goods was already delivered and the bill had been settled and now you're trying to renege on it?"

Liu Buyan smiled, "Earlier that matter has been settled, but.... today's? Today you've taken one of my Unfettering Spirit Pill! Do you know that is a seventh grade medicinal pill and just one pill alone will not only instantly cure all the internal injuries, it also has the effect of increasing one's cultivation. Just one pill alone, in Emperor Sky City's auction, without at least hundreds of thousands of upper grade spirit stones, it's virtually impossible to get it!"

Huang Yueli stared at him, "What do you mean? That pill is something that you stuffed into my hands and forced me to eat, it's not something that I asked you for!"

Liu Buyan shamelessly laughed, "I'm indeed the one who gave it to you but, I didn't say I'm gifting it to you eh?"

Chapter 1052: How come you're here? (3)

Huang Yueli apparently didn't expect this fellow to be so shameless as her expression turned green at this instance.

"You forced it upon others and still have the cheek to ask others for remuneration? Do you need to be this shameless?"

"I only know that paying back your debt is entirely justified....." Liu Buyan replied lazily.

Huang Yueli couldn't do anything to him and could only say, "Then what do you want? I told you this before, I'm impoverished and there's nothing that you've taken an interest in, unless you want me to play the zither for you again?"

"That would be unnecessary..."

Liu Buyan paused for a short period of time and he took a glance around the room as her vision fell onto the coffee table.

There were three small exquisite porcelain plates on the coffee table and contained on those plates were osmanthus cakes, red bean cakes and coconut cakes. Although the colours were different, but each of them were exceptionally elaborate and the colours were sparkling and translucent, like a crystal.

Suddenly his heart thumped.

Liu Buyan asked, "These are all made by you?"

Huang Yueli nodded, "That's right!"

His lips curled up, "I can't tell that a little lass like you actually has some culinary skills. These cakes are done so beautifully, so you should know how to cook as well right? Then cook a meal for me personally. If you satisfy my palate, then I'll treat it as payment for that Unfettering Spirit Pill!"

Huang Yueli unwillingly replied, "On what basis? Fat hope! Not any ordinary person can taste this Miss' cooking!"

Liu Buyan's expression turned stiff as he obviously didn't expect himself to be rejected.

"Hey little lass, what do you mean? Am I Liu Buyan any ordinary person? Ah? Moreover, one meal of yours can repay for hundred thousand upper grade spirit stones. Where on earth would you find such a good deal? You've already gained a huge advantage alright? Still not willing to??"

Huang Yueli tee-heed in her heart when she heard what he said.

Although Divine Doctor Liu's pills were indeed worth a lot, but for her Huang Yueli to personally cook up a meal, not many people had the honour to taste her cooking. In her previous life, except for Mu Chengying, the other person would be her Master.

Liu Buyan wanted to freeload on a meal before but in the end, he was blocked at the entrance by that overly possessive Mu Chengying, which made him extremely infuriated that he pointed out against Mu Chengying and claimed that he "valued his lover over his friend"...

Huang Yueli immersed herself into her memories and went into a trance.

Liu Buyan couldn't believe that a living handsome male standing in front of her not only didn't made her infatuated, she actually went into a trance! This totally showed that she treated him as nothing!

He was utterly discomfited as he drew out a porcelain pill bottle from his realm ring and slammed it onto the table.

"Really haven't seen a petty woman like you! Not even willing to treat me to a meal! How about this, you treat me to a meal and this entire bottle of Unfettering Spirit Pill is yours to keep!"

"What's wrong with you? Am I someone who can be bribed using money...."

Midway, Huang Yueli suddenly thought of something and stopped.

"How about it? After careful consideration, have you suddenly realised that this bottle of pills is really worth a lot of money and it's a pretty good deal? Isn't it a waste to reject it? Then why aren't you going to cook right now? And serve this Young Master some food?"

Huang Yueli's lips twitched as she held back her temptation to slap this fellow to death, "Me treating you to a meal.... Isn't impossible, but I don't want pills. I have another condition!"

"What condition?"

"I have a friend who contracted a strange kind of disease. From young he had seen countless divine doctors but had not been able to cure it. Recently there have been signs that his illness is worsening so I would like to ask you to take a look for him.... even if you can't cure him, that's alright."

Chapter 1053: Rainbow crystal cake (1)

Huang Yueli originally didn't wanted to treat Liu Buyan to a meal because she knew that he and Mu Chengying had fallen out with each other.

So naturally she needed to stand on the same side with Mu Chengying. At least her relationship with Liu Buyan cannot be too good right? So she had thought of ways to drive him away earlier!

But seeing Liu Buyan slammed out an entire bottle of pills generously, she changed her mind.

Because she suddenly thought of Li Moying!

Li Moying's Soul detachment illness had been incurable for so many years. Furthermore, the last time, because of the fact that she was almost killed by someone, Li Moying's state of mind had been in a mess and actually suddenly acted up even though it wasn't a full moon's night!

According to Mo Yi's thinking, this situation meant that Li Moying's condition was worsening by the minute.

At that time, Huang Yueli had already wanted to find Liu Buyan to help Li Moying take a look but unfortunately, when she visited Liu Buyan's courtyard, it was in vain as he had already left on a trip!

Now since this fellow automatically appeared at her doorstep, then if she didn't made full use of him, wouldn't she lose out big time?

Liu Buyan's brows rose upwards, "Tsk tsk, you little lass, you're really so smart. You intend to use me so thoroughly! Aren't you weaving a beautiful dream? I, Liu Buyan's consultation charges are so high, did you think that a few dishes could bribe me?"

Huang Yueli's expression sunk, "Alright then, since you're not willing to accede to my condition, then there's no need for me to treat you to a meal, so you can leave now!"

"Hey, do you need to be so realistic and so practical? Not going to treat me to a meal just because I refused to give a consultation?"

"That's right!" Huang Yueli's chin rose upwards, "I'm that practical!"

Liu Buyan flicked his sleeves as his good looking face displayed an unhappy expression, "Taking a mile after giving you an inch! Don't feel like treating then forget it, think I really need this meal of yours?"

Saying that he stood up and strode towards the entrance.

He originally thought that once he stood up, Huang Yueli would regret what she said and pounced over to beg him not to leave, expressing that she would obediently make a meal for him, until he's satisfied!

Because those large Sect's talented young ladies were all like that. He was used to these kind of 'loosening the reins to grasp him better' trick and every single time he really wanted to leave, these ladies would become anxious and immediately become docile, not daring to be pretentious any further.

He thought Huang Yueli would be the same, after all her background wasn't comparable to those Sect's Young Missus!

The result was, he had already taken several steps and Huang Yueli didn't even make a single sound to stop him.

Liu Buyan's lips twitched as his footsteps became slower and slower, slower and slower....

But until the moment he reached the door, still no one called out to him.

"Hey, I say, Bai Ruoli, I'm really going to leave!" Liu Buyan couldn't take it anymore as he turned back and said.

Huang Yueli waved her hand and replied in a lazy tone, "Mn, bon voyage, good bye!"

"You....." Liu Buyan almost missed his breathe, "I said... I'm leaving, and really not going to help your friend do the consultation!"

Huang Yueli's eyes shone, "Oh? From your words, you've thought it through and you're willing to stay here and do the consultation for him?"

Liu Buyan's words were stuffed back into his mouth and almost didn't know how to reply to her.

If his reply was "Yes" then it was equivalent to agreeing to Huang Yueli's condition. If his answer was "No" then why did he especially stop to say this? Didn't it make him seem like an idiot?

Huang Yueli found it hilarious to look at Liu Buyan's distorted expression.

Chapter 1054: Rainbow crystal cake (2)

After quite a while, Liu Buyan finally found a way to get out of this embarrassing situation, "My meaning is... if your food is really good then it's not something that I cannot consider about....."

Huang Yueli's lips twitched as she replied, "What's there to consider? I think you just want to swindle a meal! So is your answer a yes or a no? I will not accept such an ambiguous answer, !"

Liu Buyan was so anxious that he almost stomped his feet!

Damn it, did this wretched lass needed to be so moronic, or was it done intentionally?

He already said he'd consider so wasn't it equivalent to agreeing to it? Earlier he had just rejected her so how could he possibly changed his mind immediately, won't it be a huge loss of face? He was Soaring Heaven Continent's Number One Divine Doctor and face this kinda thing was extremely important!

Unfortunately this young lass kept persisting on her question, and had to come out with a definite answer so this made him very embarrassed.....

Huang Yueli humped and said, "Alright, I understand your meaning! I don't welcome fellows who try to swindle a meal here. Didn't you also say you don't need this meal of mine? Then why are you still staying around here for?"

Liu Buyan choked with his resentment for some time, telling himself that he must cool down. As a man, a ninth stage realm top exponent, how could be possible get infuriated over a young lass?

It hadn't been easy for him as he finally cooled down a little, "I'm happy to laze around here, so I'll just laze around wherever I like! Why are you still sitting there for? Still not hurry and go cook? I've not eaten my fill so where would I find the energy to do consultation?"

Huang Yueli finally gave a smile, "Divine Doctor Liu, you're really a good person! Don't worry, my culinary skills are very good and will definitely satisfy you!"

"Your words had better be true!" Liu Buyan humped coldly, as his expression turned into a shade of pink.

It seemed that... this was the first time someone said he was a good person! Did this little lass really thought so?

Huang Yueli had attained her motive and her mood was good as she turned around and prepared to cook.

Liu Buyan hurriedly cried out, "The cakes on the table... remember to make a few more!"

Huang Yueli blinked, and felt slightly surprised.

In the past, she had never heard that Liu Buyan liked to eat sweet stuff?

Could it be that peerless top exponents with outstanding innate talents all liked to eat sweet stuff? In the past, Mu Chengying loved the sweet cakes she made, and later on Li Moying also liked it very much. Those cakes on the coffee table were left over from what she made for Li Moying several days ago. Now, Liu Buyan actually liked it as well?

Could it be that there's some secret that she didn't know about? Eating sweet stuff would increase their way of cultivation?

Huang Yueli was thinking as she raised the fire in the kitchen to cook.

She was already a fire attributed practitioner and her control towards flames were naturally well versed. The flames in her control changed continuously as the cuisine in her wok started to spread an enticing smell.

"This... how did you do that?"

Liu Buyan's voice suddenly arose from behind her and almost scared her to death.

"You... can you stop springing out from behind other people's back??" Huang Yueli asked in exasperation.

Liu Buyan didn't think much of it as he responded, "Your guts is so small and you're still a practitioner! Quick, I'm asking you a question!"

Huang Yueli looked at the direction which his finger was pointing to and said, "This is the cake which you saw earlier. The method of making it is actually very simple. You only need to mix flour and kudzu root and heat it up to a transparent state, then add in whatever ingredients you like and when it will form its shape when it cools down. For example you can add red bean to become a red bean cake, add coconut milk to become coconut cake....."

Chapter 1055: Rainbow crystal cake (3)

Liu Buyan gave a sceptical expression.

“Just that simple? When I saw the finished product earlier, the colours were very pretty as though various precious gems, totally crystal like!”

Huang Yueli replied, “Of course. The method is very simple, but in order to make it beautifully, you will also need to control the temperature! The best chefs.... Are all fire attributed practitioners! Do you understand?”

Liu Buyan was suddenly enlightened, “I see.....”

Saying that, he stared at that large hot of boiling sticky liquid and his gaze suddenly became blurred, as though he saw a far, far away place from all the smoke which was rising from that huge boiling pot.....

Huang Yueli gave him a curious stare and felt that this fellow’s actions was just too strange!

What did that mean? What could he possibly comprehend from a meal? Was there anything more outrageous than this?

She couldn’t be bothered to find out what Liu Buyan was thinking about as she swiftly moved about and very soon, a table full of food was produced.

Liu Buyan had specifically requested for more sweet cakes so she made a huge bunch of them, in various colours and there were a total of seven flavours.

Liu Buyan looked at the rainbow coloured cake on the table and asked in shock, “This is.... The rainbow crystal cake?”

“Ah? How did you.....” know?

Her words hadn’t come out totally when Huang Yueli suddenly recalled that in her past life, Liu Buyan had once seen this sweet cake from her side and that time, she even jokingly replied that this sweet cake had a total of seven flavours and was called as rainbow crystal cake. In the end, they just finished talking when Li Buyan was chased away by Mu Chengying for freeloading on the meal.....

It was all her fault that she had actually made something from her past life. If Liu Buyan were to guess her identity from this... this would be terrible!

She hadn’t forgot that Liu Buyan and Mu Chengying were enemies!

She hurriedly changed her words, “Why did you say that? Giving a name to a dish, aren’t you a little too bored!”

“Where did you learn how to make this dish? Who taught you?” Liu Buyan turned his head and looked at her.

Huang Yueli gave a convenient reason, “What’s the difficulty in this? Sweet cakes are something which every family knows. You’re the one who asked me to make a little more and just nice, I have seven different kinds of fruits at home so I casually made a few. Isn’t the variety abundant?”

Liu Buyan heard her reasoning and appeared slightly disappointed.

“So this is the reason.....”

“Mn Hmm!” Huang Yueli nodded her head furiously.

Liu Buyan didn’t continued asking but received his rice bowl from Huang Yueli as he raised up his chopsticks and started eating.

Huang Yueli didn’t have much of an appetite. Yesterday she quarrelled with Li Moying and today she met Murong Fei, an annoying problem so her mood was rather down and she didn’t feel like eating anything at all.

So she just took a few bites and put down her chopsticks.

Liu Buyan, on the other hand, had a great appetite. He ate quickly and soon the spread on the big roundtable was left with just a little bit.

Furthermore, he had exceptional interest in that plate of rainbow crystal cakes and not only did he finish the entire plate, when he was eating, the expression on his face was very strange.

Huang Yueli blinked and said, “If you can’t finish it then don’t. This is meant for four people! No matter how much you like it, surely you don’t need to binge like that right?”

Liu Buyan didn’t even looked at her, “You don’t understand.....”

The corners of Huang Yueli’s lips twitched, as she was left speechless.

Just a meal only, what was he thinking of! How could she not understand?

However, what she didn’t know was when Liu Buyan looked at that plate of sweet cakes, his heart was thinking of something that had happened a long, long time ago.....

Chapter 1056: Rainbow crystal cake (4)

In fact, he already knew previously that his best buddy Mu Chengying loved that lady’s culinary very much. Especially when the both of them met, Huang Yueli would always prepare a plate of rainbow crystal fruit cakes for him.

Huang Yueli was the female goddess which all men loved and pursued, and she was willing to put down her status to cook for Mu Chengying, and even to suit his taste.....

Liu Buyan knew he shouldn’t be jealous of him, and he had no right to be jealous. But every single time he saw them, his heart would faintly feel uncomfortable.

Adding on to the fact that Mu Chengying's possessiveness was extremely strong, and overprotective of his food, there were several times when he jokingly said he wanted to taste sister-in-law's culinary skills, Mu Chengying refused to give up the sweet cakes to him.

This resulted in Liu Buyan having an indescribable obsessiveness towards this kind of beautiful cakes.....

Later on, although had eaten numerous sweet cakes in other kitchens, but none of them could mould it that beautifully like Huang Yueli. So he always felt that the taste should be different?

Today, when he saw that plate of sweet cakes on the coffee table, he discovered that it was the same as those in his memories. The external view was simply too alike and so he was attracted by it and stayed around.

He wanted to know badly how did that sweet cake tasted like and for this reason, giving a one-time consultation really didn't matter much?

Now that Liu Buyan finally tasted the sweet cakes, he felt that it wasn't really that nice...

Because he basically wasn't like Mu Chengying who especially loved sweet foods so this, to him, was a tad too sweet for his liking.

Liu Buyan remained silent and after eating for a long time, he finally put down his chopsticks.

Huang Yueli's eyes sparkled, as she used her twinkling bright eyes, filled with hopes and stared at him!

Liu Buyan was shocked by her agitated attitude and at the same time, he felt that her look where her eyes were opened wide looked extremely cute.... His heartbeat started to jump much faster.

"Cough cough, this culinary skills of yours is just mediocre and can barely enter the mouth.... So you still need to put in more effort! But since I'm more magnanimous, although your food isn't satisfactory, but I'll still abide the agreement and give your friend a consultation."

Liu Buyan said that on purpose.

Huang Yueli gave him a cold stare, was this considered as human's words? Mediocre and he still ate so much! Could he actually be a pig? Why wasn't he picky at all?

But on account that Liu Buyan promised to give Li Moying a consultation she decided not to ridicule him.

"Then thank you Divine Doctor Liu!"

"Mn" Liu Buyan nodded, "Where is your friend? When do you need me to make the consultation?"

"That of course would be...."

Huang Yueli originally wanted to say "as soon as possible" but on second thoughts, she recalled that the last time she mentioned to let Liu Buyan do the consultation, Li Moying seemed extremely upset and not only was he not willing to meet Liu Buyan, he even made her guarantee that she would not go and look for Liu Buyan.....

Not knowing what happened between these two people, why did Liu Buyan seemed to have a feud with everyone?

But in order to prevent Li Moying from flying into a rage again and even to reject treatment, she felt that it would be better to inform him beforehand.

“Ughh, it’s like this, my friend is not in Sky Cloud City now and I’ve asked him to hurry over these few days. So how long will you stay in Sky Cloud City for? I’ll get someone to inform you by then?”

Liu Buyan complained, “I’m willing to do a consultation and you actually made so many demands! Forget it, on account of your sincerity.... I am staying in Sky Cloud City’s largest inn so send someone over to look for me by then! But I’ll only stay over here for ten days so I’ll not wait beyond that!”

Chapter 1057: So it’s not a lie (1)

Huang Yueli gave a joyous look before she exclaimed, “Alright, I’ve noted that. I’ll definitely come looking for you in ten days’ time!”

After getting his word of guarantee, Huang Yueli became more affable.

Liu Buyan had suffered an entire day of grievance here and it was only until now that he noticed that she seemed to make some effort in pleasing him which made him felt slightly balanced. With that, he put on airs and demanded a whole load of requests, and even requested Huang Yueli to pack a large box of sweet cakes for him to take away before he happily strutted away.

Huang Yueli was just short of saying “This subject respectfully wishes Your Majesty goodbye”, in her heart she had already chopped Li Buyan into eight to ten pieces!

Only when Liu Buyan’s silhouette had disappeared from her sight, then did she wipe the sweat off her forehead as she prepared to return to her room and rest.

But just at the instance when she was turning around, she felt an extremely dangerous presence emitting from her back!

Huang Yueli shivered with fear and she didn’t have enough time to react when a huge force pushed her onto the wall!

“Who were you with earlier??”

The familiar man’s voice, containing an obvious flustered and exasperated frustration was heard from the top of her head.

Huang Yueli went into a blank and immediately raised her head, her eyes met directly with Li Moying’s good looking face!

But at this moment, Li Moying’s face no longer had the usual gentleness on it. Even that usual aloof, chilly look which he had on while facing other people had disappeared. In replacement was a complicated expression which was mixed with frustration, anxiety and pain.

His lower jaw tightened as the corners of his lips pursed into one straight line, his thick brows knitted together into a knot as the gaze that he set upon Huang Yueli looked so ferocious as though he wanted to eat someone up.

“Huh? You said... what?” Huang Yueli was still slightly dazed.

Li Moying’s hands were propped against the wall, his large stature inclined forward against her petite body, masked entirely under his body as his cool countenance leaned in closer, his breathing seemed tinted with a raging hot fury.

“I’ll ask you again.... Earlier, who were you with? That man..... If I didn’t see wrongly, it’s Liu Buyan??”

“Ughh, you’ve already seen him, I was just about to tell you....”

Huang Yueli was still worrying about how to persuade him to make him go for a consultation with Liu Buyan and since he had already seen it for himself, she would take this chance to persuade him.

Whoever knew, she had just started an opening before she was cut off.

“So, that man earlier really was Liu Buyan?” Li Moying stared fixedly at her eyes, insisting an answer from her.

Huang Yueli thought that his reaction was a bit strange, but couldn’t make out what was strange.

She was focused on making him go for the consultation, so without dwelling too much upon that, she hurriedly tried to persuade him.

“Oh right, you’re correct! Liu Buyan happened to pass by Sky Cloud City and dropped by to visit me. I was just discussing with him, to..... mmmph!!”

Huang Yueli was talking mid-way when her words were cut in again and this time, Li Moying directly used his palm to cover her mouth, not allowing her to continue talking.

Huang Yueli’s little hand grabbed hold of Li Moying’s wrist, thinking to pry open his hands, but Li Moying’s strength was very powerful and he refused to let go.

Huang Yueli couldn’t speak so she could only use her eyes to stare daggers at him!

What madness was this man showing? What time was this already and he actually didn’t allow her to speak?

Huang Yueli was just about to fly into a rage when she suddenly felt her shoulders sunk, Li Moying’s head leaned onto her as he buried his face into her neck.

His sexy deep masculine voice sounded slightly blurry.

“Don’t say... I don’t want to hear you tell me personally.....”

“Mmmph!” Don’t want to hear me say what??

However, Li Moying stopped talking from then on but maintained the tight embrace showing his vulnerable stance.

Chapter 1058: So it’s not a lie (2)

After a short while, Li Moying finally loosened his grip on her mouth and he slowly raised his head, and at the same time, both his hand cupped Huang Yueli's face to make her look at him in his eyes.

"You and Liu Buyan.... When did it begin?"

"Begin?" Huang Yueli was stunned for a moment, "You mean when did we get to know each other?"

"You can consider it as that." Li Moying sighed softly.

Huang Yueli thought for a moment. The things which happened in her past life, she naturally couldn't talk about it, then.....

"It's when I was leaving South Yue Kingdom, I think I mentioned to you previously, do you still remember? I was pursued by a mysterious man during my journey and almost lost my life. In the end, Liu Buyan was living in seclusion nearby and happened to pass by and saved me. He even helped me to treat my internal injuries so later on, we got acquainted....."

"Really? I'm afraid it isn't like this right? Don't you guys already know one another from before? Or should I say, just that one meeting and you've developed feelings for him?" Li Moying's voice was icy cold as it hovered over the top of her head.

Huang Yueli went into a short blank and finally realised what was wrong.

"You say, I.... I have feelings for Liu Buyan? What made you think in that way?"

Li Moying's perfectly shaped thin lips arched upwards giving out a slight smile, but the smile looked even uglier than crying.

"What made me think in that way? You're the one who told me about this! The person you like is an unsurpassed ninth stage realm top expert and his existence in the entire Soaring Heavens Continent is stronger than everyone else! He's much stronger than me and powerful enough and can give you countless glory, isn't it? So.... this person is Liu Buyan!"

After having a big fight with Huang Yueli yesterday, he blow he suffered was too huge and originally he was intending to disappear from her sight after today.

In the end, he heard that Murong Fei went over to find trouble with her today and he got anxious and couldn't stop himself from getting close to her courtyard to find out on her condition.

After all, Murong Fei's ability was much higher than Huang Yueli by several times and no matter how much confidence he had in her, he was still worried that she would be injured.

Even if Huang Yueli didn't liked him, he didn't hope that anyone would hurt her.

The result was when Li Moying arrived, he didn't see Murong Fei but an unexpected person – Liu Buyan!

Subconsciously, his mind flashed past the words which Huang Yueli said yesterday!

She already had someone whom she liked and that person was an incomparable unsurpassed top exponent!

If it were to say that before this, Li Moying still held a sliver of hope, hoping that what Huang Yueli said yesterday was purely to cheat him, then the instance he met Liu Buyan today, he instantly understood the truth!

What Huang Yueli said wasn't a lie!

Li Moying gritted his teeth as he continued, "I finally understand why you said I cannot be compared with him! Soaring Heavens Continent's Number One Divine Doctor, Number One Pill Master.... this kind of identity is something that I cannot hope to achieve! What am I? I'm merely a seventh stage realm practitioner whereas Liu Buyan is already in ninth stage realm! Furthermore he has pill refining skills to obtain his esteem status! You following him is indeed much better than following me!"

Huang Yueli finally understood what he was thinking about and that he had misunderstood something as her expression changed instantly.

She hurriedly tried to explain, "Li Moying, you.... things are not like what you imagined! Me and Liu Buyan.... we're not in that kind of relationship with you're talking about!"

Li Moying threw a glance at her, his eyes clear and cold.

"Really? Do you mean that.... what you said yesterday was just to cheat me?"

Chapter 1059: So it's not a lie (3)

"This....."

Huang Yueli didn't know how to answer him momentarily as she went into a short blank before responding, "What I said yesterday, is not to cheat you but....."

Li Moying clenched his teeth and cut into her words, "But? You've made things so clearly yesterday, what is there to but about?"

Huang Yueli was so anxious that she stamped her feet and couldn't help but raised her volume, "You..... why can't you let me finish what I want to say?! Can you stop interrupting me!"

Li Moying looked at her, he really wish he could pinch this lass to smithereens! He used all his energy to control his rising fury.

"Alright, go ahead!"

Huang Yueli took a deep breathe, and swiftly explained, "Things are really not like what you think! Liu Buyan and I are not that kind of relationship, he saved me previously and that was really the first time we met! This time he happened to pass by Sky Cloud City and conveniently dropped by to take a look at me! I didn't talk much to him as well? We only exchanged a few conventional greetings with each other and I was hoping that he could do a consultation with you only....."

Li Moying looked at her exquisite delicate face and his heart was so stirred that he was feeling complicated with love and hatred.

“Really? It really seems like what you say! Let me ask you, if you and Liu Buyan were just acquainted with each other, then why did he purposely pass by Sky Cloud City just to check in on you? As the continent’s Number One Divine Doctor, he intentionally checked on where you’re staying at and made a visit on purpose, why is that so? If he doesn’t have that kind of thinking on you, it’s impossible that he would do such a thing!”

“I.... how would I know why he did this....”

“Besides this, I remember I told you this before, the person I hated the most is Liu Buyan. I rather die than let him do a consultation for me and you still went ahead to ask him to help me do a consultation. Isn’t this reason a little too far-fetched?”

“In what way? Why must you think that way about Liu Buyan and me? Although his temper is a little weird, but which Divine Doctor isn’t like that? Can’t you be a little more tolerant towards him?”

“..... Why? Your heart is aching?” Li Moying’s tone was chilly, his expression looked extremely doleful.

Huang Yueli was dumbstruck, and the next moment her eyes widened with shock.

“You..... what are you saying? How could I possibly feel anguish... for him? I’m doing all these in consideration for you.....”

“Really? Then let me ask you one last question!” Li Moying stared closely at her in her eyes, “Since you say you indeed have someone whom you like, and you say that person is not Liu Buyan, then who.... Is that person??”

“This...” Huang Yueli hesitated for a moment as her face was perplexed.

Li Moying observed the expression on her face, and after some time, he gave an icy smile, “Why? Can’t answer me? Could it be that other than Liu Buyan, you know another powerful top exponent? If you really do, then why can’t you tell me.... who is he?”

“Stop asking... even if I said so, you wouldn’t believe me!” Huang Yueli threw him an appealing look at him.

Li Moying wasn’t moved by it as he replied chillingly, “If you don’t tell, how would I know whether it’s the truth or not? Otherwise.... you had intended to cheat me right from the start!”

“No... it’s not like this.....”

“Then just say!” Li Moying couldn’t bear it any further as he stretched out his hand and grabbed her thin and weak shoulders.

Huang Yueli’s pearly white teeth bit her lips so hard that blood started to seep out but she was totally unaware.

She didn’t know how to explain because no one would believe the affairs between her and Mu Chengying even if she said it out!

Chapter 1060: So it’s not a lie (4)

Furthermore, she thought she was senseless, why must she insisted on explaining to Li Moying?

If she admitted that Liu Buyan was her sweetheart, then wouldn't it made Li Moying give up on her?

But unknowingly why, Huang Yueli didn't wanted Li Moying to misunderstand her.....

"Speak!"

The strength that Li Moying had on her shoulders increased and his tone became stern!

Huang Yueli shut her eyes and by the time she reopened it, she seemed to have a new sense of determination as she replied resolutely, "Alright, since you must know, then I'll tell you! The person I like is the Number One top exponent in the whole of Soaring Heavens Continent Mu Chengying!"

Her words had just fallen as Li Moying was stunned. After several moments of silence, he furiously shook off Huang Yueli's shoulders as his face was filled with disappointment.

"Enough, stop playing tricks on me! If you really don't want to admit, I can't possibly do anything to you isn't it? Why must you come out with such a ridiculous thing to cheat me?"

"I didn't cheat you..."

Li Moying said, "I'd believe it if you said anyone else, but..... Mu Chengying? Ever since the Number One Armament Master Huang Yueli had passed away, he had always been in closed door cultivation in Blue Profound Sect and till now, he had not come out for the past fourteen years! How old are you? When did you have a chance to meet him? And even to settle down your marriage arrangements?"

"This..."Huang Yueli was speechless when she heard that and furthermore, there was a sour feeling about it.

Already some people had told her that Mu Chengying had always been in closed door cultivation and it was only until now that she clearly understood that ever since her death, Mu Chengying had not stepped out of his closed door cultivation.... Why on earth did he do such a thing? Was it because the injury he suffered at the Northern Ice Fields too serious? Or was it because he was too discouraged by her death and didn't want to dabble in the affairs of the world, just focusing on breaking through the tenth stage realm?

Li Moying shook his head dejectedly, "Furthermore, Mu Chengying's heart already belonged to someone and it's something which everyone in the entire Soaring Heavens Continent knows about! Don't tell me he has a change of heart?"

He looked at the dazed Huang Yueli from the corner of his eye and didn't wanted to find out what she was thinking at all. He thought that her lie had been exposed and didn't know how to continue from then on.

Li Moying's heart was congested with various emotions, disappointment, jealousy, anger, and irreconciled...

But most of all, it was the yearning reluctance towards this young lady.

Even though he knew that she was destined to not belong to him, but the palpitation of his heart could not be quelled.....

He clenched his teeth, feeling that he wasn't able to face all these and turned around, preparing to leave.

Huang Yueli regained her senses at this moment and hurriedly walked forward, tugging his sleeve.

“Wait, Li Moying, don't leave! I... My matter, I don't know how to explain, and there's no way to explain, but... but can you find some time, let me get Liu Buyan to do a consultation for you? He already promised me that he will be able to do a consultation for you within these ten days. Even if you're angry at me, don't make things difficult for your own body.....”

Li Moying didn't even turned back as he said indifferently, “No need. My own body, I know it clearly! Miss Bai, thank you for your good intentions!”

This “Miss Bai” was like a sharp prick, piercing into Huang Yueli's heart.

It was so painful that she shuddered, loosening her grip as her hands trembled.

Ever since the day they got to know one another, Li Moying had always been calling her affectionately by Li'er, or various intimate names on her, and had never used such a polite manner to call her.....

Feeling the grip by the young lady behind him loosening, Li Moying's fist clenched tightly before he loosened it once again...
