

Weaponsmith 1221

Chapter 1221: Absence makes the heart fonder (6)

Li Moying looked at her expression and was incredibly fond of it.

His fingers gently curled around a lock of her silky hair, as he revolved it around his fingertips, playing with it.

Huang Yueli shot him a glance and didn't have any expression, laying in his embrace, like a kitty cat which was about to fall asleep.

To be able to stay like this, holding Huang Yueli into his embrace, speaking softly to her, whereas Huang Yueli obediently allowed him to hug her, without any resistance..... to Li Moying, this was an image which he had always been dreaming of.

At this moment, even if he was to die, he would also be willing.

But there was still a sliver of uncertainty in his heart.

Because the change in Huang Yueli's attitude was simply too fast, right before that, he had already confessed numerous times, but were mercilessly rejected by her. Now that Huang Yueli deemed that his past life was Mu Chengying, so she let down all her guard and wholeheartedly devoted herself into his embrace?

If he still had all of Mu Chengying's memories, then he would be very, extremely, insanely happy.

But, unfortunately, he couldn't recall anything at all. So, no matter how much evidences Huang Yueli provided, even he himself could also faintly felt the similarities between himself and Mu Chengying.

But those just made him feel too unfamiliar..... to the current him, Mu Chengying was just another person.

He wasn't very certain that after this lifetime, could he really be the same as before? He already had a different person's experience, cultivation and identity, but were still far away from then, so would Huang Yueli really still liked him as much as before?

Perhaps, after some time when they were together, Huang Yueli would discover that things were there, but he was no longer the same, not the original him.... by then, would she be extremely disappointed?

Li Moying kept silent, and Huang Yueli finally could not endure it further as she raised her head and stared at him, "Why are you not talking? Is it because you still don't believe me?"

Li Moying immediately shook his head, "No, why would I not believe you?"

"You will!" Huang Yueli clenched her teeth as she spat out in ridicule, "You still feel that you're not Mu Chengying. I'm telling you, this kind of secretly thinking too much, and anyhow being jealous, then subsequently stuffing it in your heart, and then telling me that there's nothing! This kind of behaviour, is exactly the same as in the past!"

In their past lives, she and Mu Chengying often got together and separated, and often quarrelled, that wasn't totally her fault only ah?

Mu Chengying was basically a huge vinegar pail, and later on he even started to let his imagination run wild but refused to ask her personally because of his pampered and arrogant attitude!

This time, she made sure to have learnt from that, to crush the sapling of such horrendous behaviour!

Li Moying instantly was rendered speechless. He indeed did not have his past life's memories, but seeing his little fox acting in such a flustered and exasperated manner, he sensed a familiar feeling.

As though, from a long time ago, they had always been getting along in this way.

Huang Yueli noticed that he still kept silent, so she went close to his face, and explained with a pampered expression, "I really don't understand why you like to be jealous of your own self! I'm not even treating you as the replacement for your past life! Actually, after meeting you in this life, I've always liked you, I.... alright, indeed I've been rejecting you, but that was because I felt I was very strange ah. Why is it that I already had someone who I liked in my heart, but still moved by you?"

"I felt that I was especially fickle.... Whereas you, had no memories at all, making me confused for the longest time yet!"

Chapter 1222: Where did these hilariously stupid clowns come from (1)

Seeing Huang Yueli's melancholic look, Li Moying's mood actually uncontrollably lightened up.

So, while he was being trapped by feelings, Huang Yueli wasn't totally outside the box, not totally unmoved....

Huang Yueli stretched out her hand from the blanket, as she poked his chest, "Hey, are you listening to me or not?"

Li Moying finally couldn't help but laughed out, "I heard you."

Huang Yueli got into a rage, "Laugh, what are you laughing at! I've confessed to you so many times today, how about you? Don't you need to express anything to me??"

Li Moying then realised that, his little fox was feeling a loss.... but as she today had indeed been out of his expectations, to be so frank, so bold. He had always thought that his Li'er was those especially pampered and arrogant type of girl, so even if she loved him to death, she would not say it out....

Huang Yueli was so angry that she flipped on the other side, but her waist was held on by a strong and powerful arm, as she was turned back to the man's side.

The man's deep, mellow and sexy voice rang beside her ear, "Li'er, you obviously know, my feelings for you....."

Before he could finish his words, his scorching thin lips had already covered hers, as a tangling warm kiss drowned her....

Huang Yueli's head instantly became dizzy, while she was still spitting with ridicule in her heart: Foul! Didn't he say to confess? Actually used his kiss to get past the stage.....

.....

The second day morning, dawn had just broke.

Two suspicious figures, appeared from the little path, as they gazed towards Li Moying's courtyard from afar.

These two people were Fatty Wang and Administrator Chen. They both bore an excited expression, as a complacent smile was hanging on their lips.

"Has that little slut really gone to Young Sect Master's courtyard yesterday? Uncle, did you see it for yourself?"

"Isn't that so? I've even waited at the entrance for a long time, and saw Young Sect Master returning with my own eyes. Even after Young Sect Master entered his residence, that little slut still didn't come out, so she must have stayed inside!"

"Surely not right? Didn't they say that Young Sect Master stayed on at Sect Master's place to discuss matters, and only returned back very late? That wretched lass actually didn't come out at all? I was still worried that she might have left early!" Fatty Wang said in disbelief.

Administrator Chen was fiddling with his beard, as his face was filled with a malicious smile.

"He he, I was originally very worried! So I guarded the entrance, just because I was afraid that she would escape, and find a reason to chase her back, but that little lass really didn't come out. From what I think, she must have felt that, she had the chance to get close to Young Sect Master, probably even to climb up Young Sect Master's bed, flying up the branches to turn into a Phoenix!"

"Really? Did she really think like that? Didn't she bother to see her own reflection, Eldest Young Miss has such peerless beauty, had to also woo Young Sect Master for so many years, before she could barely enter Young Sect Master's eye. With her looks, Young Sect Master would probably not even take a look at her right?" Fatty Wang laughed so much that he couldn't stand straight.

"That's for sure, if Young Sect Master were to take interest in her, I'd eat sh*t right here! Anyway, if she were to seduce Young Sect Master automatically, then that would suit our intentions just fine! We don't even need to scheme her, and she would be torn into two halves by Young Sect Master! How many female disciples had tried to seduce Young Sect Master in the past? Which one of them didn't end up miserably?" Administrator Chen replied, brimming with confidence.

Fatty Wang also quipped, "That's right, if Young Sect Master were really to even take a look at her, I'd also eat sh*t! Probably Young Sect Master is going to come out really soon, so I'll be waiting here to see how miserable she is!"

Chapter 1223: Where did these hilariously stupid clowns come from (2)

The two of them were discussing with joyful satisfaction, as their eyes opened wide, staring at Li Moying's courtyard's main door without blinking.

They had not discovered that right behind them, a group of Shadow Guards had already heard their conversation loud and clear.

Although they had been driven away by Li Moying yesterday, but it was the Shadow Guards' responsibility to protect their master, so naturally they couldn't possibly go too far away, so they rotated duties among themselves, and all of them were staying close by.

Only, no one dared to go near, on one hand was because they were afraid of being Li Moying's eyesore, while on the other hand, as single dogs, they were afraid that they'd be blinded by the display of the shining love.

But, the situation around the courtyard's surroundings, could not escape their eyes.

Early morning, when Fatty Wang and Administrator Chen appeared, it had already attracted the Shadow Guards' attention. But because they were wearing Celestial Light Sect's disciple and administrator uniform, so the Shadow Guards weren't sure what they were there for. So in the end they just following right behind them, not making a single noise.

Whoever knew, they actually heard such a conversation which made one vomit blood.

The few Shadow Guards exchanged glances, as they could see a playful expression on one another's face.

Where did these hilariously stupid clowns come from, to smear Third Miss? Obviously they were here to create humour!

Did their eyes grow on their butts, they actually said Third Miss looked ugly? And Young Sect Master wouldn't take interest in her?

Not to mention that Third Miss didn't agree, Young Sect Master would even possibly not agree!

Mo Er walked to the two people's back, as he coughed heavily, "Cough Cough!"

The duo still hadn't discovered it, and was still discussing as they whispered to each other's ear.

"Why have that wretched lass not come out yet? Has she really been struck by Young Sect Master?"

"How could that be possible? If you're Young Sect Master, would you hide a dead corpse in your courtyard? He would definitely throw it out!"

"Looks like that wretched lass isn't dead yet? How will that do! I have looked forward to this for a long time!"

"Although not dead, then she must have been thrown into the water prison! I heard that once you enter the water prison, it's no different from being sentenced to death, even if you come out, your cultivation will take a huge hit...."

"Cough cough, cough cough!" Mo Er tried his best to cough, but the two of them were too excited, and totally didn't notice him.

The other Shadow Guards behind laughed so much that they had stitches on their sides, and even casted Mo Er an extremely disdainful gaze.

Mo Er's lips twitched, feeling that his reputation as second brother was going to fall, so he hurriedly slapped Fatty Wang's shoulder!

"Oh my god! Who dares to hit me!" Fatty Wang jumped up, as he cried out in anger, "Didn't you see Sir Fatty here is talking to someone? You don't even watch where you're walking, why did you walk to my side? Are you blind?"

Mo Er's eyebrows rose, "You don't know who I am? So what if I hit you? You're here wandering around Young Sect Master's courtyard so early in the morning, obviously you're up to no good! Speak, are you a spy sent by the Green Cloud Sect?"

"Do I need to know who you are? What do you think you do for a living? I'm telling you, I'm Elder Wang's...."

Fatty Wang was there boasting when Administrator Chen turned his head around and was scared till he broke out in sweat, as he hurriedly tried to wrest Fatty Wang's shirt from behind, asking him to shut his gap!

Fatty Wang didn't understand why he did that as he turned around, "Uncle, what are you trying to do? Why are you tugging my shirt?"

Administrator Chen made different signs with his eyes at him for quite some time, but Fatty Wang still didn't come to his senses.

Mo Er gave a cold harrumph, "Continue speaking, why have you stopped, who are you to Elder Wang?"

Fatty Wang wanted to continue when Administrator Chen urgently pounced over, using his might to cover his mouth.

Chapter 1224: Where did these hilariously stupid clowns come from (3)

"Mmmmmfffff...." Fatty Wang's eyes opened wide as he tried his best to speak.

Administrator Chen's forehead was dripping with sweat, as he squeezed out two words from in between his teeth, "Shut up!"

He had not discovered in the past that this nephew of his could be so dumb, and now he was going to cause him to get into trouble!

Administrator Chen as Celestial Light Sect's administrator held some power, and he had seen Li Moying's Shadow Guards several times. Even if he didn't recognise their faces, but when he saw the symbolic dressing on them, he could still easily recognise Mo Er's identity!

Young Sect Master's most trusted Shadow Guard!

Don't think they only bore the status of protectors, but in Celestial Light Sect, as compared to the Elders, they were someone who one couldn't offend. All because they could meet Young Sect Master daily!

Moreover, he and Fatty Wang appearing here, and were caught red-handed by the Shadow Guards, was originally something which easily caused others to be suspicious. Unfortunately Fatty Wang still had no inkling, and even dared to berate Young Sect Master's Shadow Guards??

Administrator Chen was so frightened that his soul almost left his body, as he hurriedly bowed down ninety degrees to Mo Er to apologize.

"This Sir Shadow Guard, really.... we're really sorry, we.... We only took the wrong path, and we don't mean to be disrespectful to Young Sect Master. We will leave immediately, right now!"

Saying that, he used his might to tug Fatty Wang, as he tried to pass by Mo Er.

However, Mo Er took a step to the side, coincidentally blocking their way.

"Wait, took a wrong path? Such a funny joke, can you say it once again? I can tell that you're wearing the administrator's uniform, so no matter how, you're also one of the older people in Celestial Light Sect, would you not know that the west region of the rear mountain is Young Sect Master's turf? Trying to use the reason of taking the wrong path to deceive me? Do you think I'm an idiot?"

"Ughh, this...." Administrator Chen's cold sweat started to drip, as his heart was extremely flustered.

Earlier when Li Moying was not in the Sect, this courtyard's surroundings were guarded by ordinary guards, and not Shadow Guards, so even if he stood far away to keep watch, nothing would happen. Like that last time when he sent Huang Yueli over, he wasn't obstructed by anyone at all.

This led to Administrator Chen overlooking the existence of the Shadow Guards, thinking that it was still the same as previous days ago! After they were caught, did he suddenly regained his response.

Momentarily, he didn't know what to say. If Young Sect Master were to find out that he had been secretly spying on his whereabouts, then he would not be allowed to live! Everyone said Young Sect Master's temper isn't very good recently, so no one dared to offend him!

Administrator Chen was frightened out of his guts, but Fatty Wang still didn't know the seriousness of this matter.

When he heard that the person in front was Li Moying's Shadow Guard, he immediately became excited as he pushed Administrator Chen aside, and rushed the Mo Er.

"Sir Shadow Guard, you're Young Sect Master's Sir Shadow Guard! My uncle and I are here today, to expose a female disciple with treacherous intent!"

Mo Er had heard their conversation earlier, and immediately guessed what he wanted to say. He creased his brows slightly, "Oh? A female disciple with treacherous intent?"

Fatty Wang replied, "Yes, that female disciple is called Ye Xiao! She was originally this year's newly advanced outer disciple, and had been allocated to Young Sect Master's courtyard to do cleaning factotum. But the minute she heard that she could come to Young Sect Master's courtyard, that shameless woman actually had dirty thoughts, thinking of seducing Young Sect Master!"

"Yesterday, she obviously knew that Young Sect Master would return, so she intentionally dressed herself up and hid herself in the courtyard, probably hoping to climb onto Young Sect Master's bed! I'm

worried that Young Sect Master would be entrapped by the vixen, so we intentionally came over to report this.”

Chapter 1225: Where did these hilariously stupid clowns come from (4)

Mo Er was so suffocated that he almost died, as his mouth didn't dare to open, just in case he burst out in laughter.

This really was the funniest joke which he had heard this entire year!

If Third Miss were to seduce Master, then Master would probably be mad with joy? He would probably lie flat, allowing her to tease him... aiyo, wasn't this equivalent to falling into the vixen's scheme?

Fatty Wang saw his taut expression, and he mistook it, thinking that Mo Er heard about the shameless person, so he was so angry that he was going mad!

Mo Qi had also walked over from his back, and putting on a straight face as he said, “That's right, Second Brother. Yesterday night, I saw a suspicious female disciple, appearing in Master's courtyard. It seemed that she really climbed onto Master's bed! What should we do?”

Fatty Wang's heart was filled with joy, as he didn't expect this wretched lass to invite her own death, so actually really do such a thing! This simply was heavens helping him!

Fatty Wang urgently added, “Right, right, right, this Sir, the person whom you have seen is definitely Ye Xiao! Who is... Who is the shameless little slut who I was talking about! Will both Sir here please use your penetrating judgement, this disciple here is absolutely worried for Young Sect Master, so I risked my life to come here! I hope Young Sect Master will not fall into that wretched slut's trap!”

Mo Er and Mo Qi exchanged glances, as they gave an amiable smile.

“Ughh, this... Younger Brother Wang, the matter which you said, we know about it already, thank you for specially coming over to inform us! We'd not expect that such a farce to happen in our Sect! This cannot be overlooked! You and your uncle will now follow us to meet Young Sect Master, and explain the matter to him!”

Hearing that, Fatty Wang's joy was displayed on his face.

This was really running into good luck, to actually have the chance to meet Young Sect Master personally, and even render such outstanding service! In future, he will be able to hug Young Sect Master's thigh!

He hurriedly thanked Mo Er a thousand times, just short of kneeling down to kowtow to him.

Even Administrator Chen was fooled by Mo Er and all, as he saw his nephew in new light. Usually he thought he wasn't not steady while doing stuff, and now suddenly he changed according to the situation, that even those two Sir Shadow Guards were willing to guide him along!

The both of them were overjoyed, as they diligently followed behind Mo Er and the others, and hadn't noticed that the few Shadow Guards who were behind them, bore an expression which looked as though they were looking forward to watching a good show.

Just at this moment, a "creak" sound was heard and Li Moying's courtyard's door suddenly opened.

.....

When Huang Yueli awoke in the morning, the sky had already turned bright.

By her side, Li Moying laid silently, with his eyes tightly shut, apparently he had not woken up yet.

And the blanket which was originally wrapped around her, had unknowingly been drawn out, and were now covering both of them.

Underneath the blanket, their bodies intertwined, her entire body leaned on Li Moying's body, and she could distinctly feel Li Moying's well-built muscle lines, and that warm and supple skin.

Huang Yueli's face blushed a shade of red, as she gently pushed him aside, with the intention to get up.

But Li Moying suddenly tightened his reign, pulling her back.

Huang Yueli fell onto him once again, and went into a blank before responding, "You're awake?"

"Mm....."

The man beside her talked in an unclear voice, as he slowly opened his eyes.

That pair of bewitching peach blossom eyes had a blurry look, and after a couple of breaths, it slowly became clear.

Huang Yueli stared at that pair of eyes which was exactly the same as his past life, as her lips curled up slightly, not knowing if it was her hallucination, after last night, Li Moying's expression and actions seemed even more alike to his past life.

Chapter 1226: Outsmarting oneself (1)

For a moment there, Li Moying had no idea where he was.

After a while, he began to recall what happened yesterday, as he agitatedly turned over, pressing Huang Yueli below him.

Huang Yueli hastily covered his mouth, "Not allowed to kiss, you haven't rinsed your mouth!"

Li Moying went into a daze, before he suddenly laughed, "This isn't a dream, really not in my dreams! The things you told me yesterday..... is it really true??"

He was a cold and aloof man who seldom smiled. But when he did, that good looking face seemed to have added a kind of charm, one that could kill instantly.

Huang Yueli was crying foul while she pouted her lips in protest, "What did I tell you yesterday? What.... is really true? Regarding your past life's identity, of course it's true. But as for other matters....."

Li Moying's brows raised, as he leaned in close to her, that handsome bewitching face right in front of her, made Huang Yueli twist her body restlessly.

Whereas Li Moying intentionally kept his smile, as his voice sunk gloomily, "The others..... are all false?"

"What.... What others?" Huang Yueli's brain had already turned into a lump of stick glue.

Li Moying saw that his influence over her was so huge, as he was extremely complacent, purposely continuing to seduce her, his scorching breath blew past her earlobes.

"The others, like.... The words you said when you like me....."

Huang Yueli blinked, "Did I say that? I've already forgotten!"

Li Moying thought that this young lass had already been dazed until she lost her soul, but at the crucial timing, she actually reacted in time and reserved the situation, this simply made one felt defeated!

He couldn't help but sigh, as he placed his forehead against hers, "Little lass, you're really an annoying one of a kind....."

The two of them leaned so closely together, as the combination of their breathes felt so ambiguous. This time, Huang Yueli forgot that Li Moying had not rinsed his mouth, as she became intoxicated in his kisses.

It was right after the kissing had completed when she covered her face, jumping up in shock.

"You.... you really haven't rinsed your mouth! Quickly scam and rinse your mouth, I want to get up!"

She kicked Li Moying, and she herself jumped down the bed first, looking for water to wash up.

Li Moying lazily laid on the bed, looking as her bubbly actions jumping around here and there, as though her little fox tail had been stepped on, as his lips were filled with smiles.

"To actually criticise me for not rinsing my mouth? Who would rinse their mouths early in the morning when they were being intimate? Forget it, I'm too lazy to talk about this, sooner or later you'd get accustomed to it....."

After a fluster, the two of them finally completed their washing up.

After having breakfast, Li Moying stood at the bedroom door, watching Huang Yueli arrange his collar.

As he was much taller than Huang Yueli, she had to tip up her toes. Li Moying smiled slightly, as he leaned downwards.

After successfully helping him to tidy up, Huang Yueli satisfactorily patted his shoulder, "Alright, we can go out now!"

Li Moying said, "My Master was looking for me to discuss some matters, and there was still no conclusion yet. I have to head over today, where are you going? If you're going to tour around the Sect, or going to the small town at the foot of the mountain to buy things, I'll let Mo Yi.... No Mo Er to accompany you."

Speaking of this, Huang Yueli seemed to have thought of something as she asked, "Right, I've heard some people talking about this, why have you locked Brother Mo Yi up? And what's more, in the water prison? He's very loyal to you, so what offence had he committed? Why did you suddenly drive him away?"

Chapter 1227: Outsmarting oneself (2)

He looked at Huang Yueli whose face was filled with curiosity as she spoke with an indignant tone as she fought for Mo Yi's.

Li Moying immediately asked with a jealous tone, "Why are you showing concern for other men?"

"I care....." Huang Yueli's mouth twitched, "I'm concerned about Brother Mo Yi, isn't it the same as being concerned about you? If he wasn't your Shadow Guard, why would I bother so much for? I'm just curious. He's been following you around for so many years, even if he had no merit, he had worked hard, and if it wasn't some major offence, why must you treat him so harshly?"

"Of course he committed a huge offence!" When Li Moying recalled the scene when he was deceived to return back to the sect, he felt extremely unhappy.

His character was overbearing, and he totally could not take it when others deceived him! Not even if it was for his own good!

Moreover speaking, because of Mo Yi's lie, it caused him to delay several days from searching for Huang Yueli, that that particular timing was the most crucial timing, the best timing to locate a person.

Previously, when Huang Yueli had not appeared, Li Moying felt extremely frustrated, and if it wasn't because of those few days of delay, perhaps his little fox might already be safe in his embrace!

Luckily Li'er was safe and sound, otherwise, Li Moying might even chop him up!

"What exactly did he do?" Huang Yueli tugged his hand as she swayed it, interrogating him.

When other people saw Li Moying's cold face, they would probably had been scared stiff to even say anything else, but in Huang Yueli's eyes, she felt that this man was just acting pampered and proud.

Li Moying unwillingly told her what happened.

Huang Yueli's eyeballs rotated, as she immediately understood what he was thinking. She gave him a huge hug and said, "I know you're worried about me, so you threw such a huge temper. But am I not alright now? Furthermore, my ability has increased by quite a lot! I feel that this was a blessing in disguise! You better hurry and let Brother Mo Yi out!"

Speaking of this, Li Moying took a careful look at Huang Yueli, and instantly drew in a breath of cold air as he looked at her incredulously!

"You.... you're actually at fourth stage realm peak!"

Yesterday, he listened to Huang Yueli speak about the matters of their past lives, and the truth had already dealt him with a huge shock, leaving him with no mood to pay attention to any other things. Hence, he hadn't noticed the difference in Huang Yueli's cultivation until now.

Right now, he carefully sensed, and discovered that... his Li'er had actually.... raised another huge realm again!

From third stage realm to fourth stage realm peak!

The last time when he and Huang Yueli split up, she was merely at third stage realm peak, and until now, it had just been barely two months!

This simply was a ridiculous speed which was unheard of, something which even he was far inferior!

Huang Yueli smiled complacently, as she leaned in close, "How is it? I'm incredible, right?"

Li Moying still hadn't regained his senses, "Incredible.... Far more than incredible! You're just too scary! I haven't even asked you carefully, how on earth did you managed to escape from Ling Wenbin's hands? What happened later? Why is it that we have not been able to find you for the past two months, and by the time you suddenly appear.... Your cultivation suddenly levelled up so much? What on earth happened?"

"About this.... it's a long story!"

Huang Yueli naturally had no intention to hide anything from Li Moying, so she told him what happened, leaving Li Moying's mouth agape and dumbstruck.

He discovered that his Li'er's luck, was just too ridiculously good!

Chapter 1228: Outsmarting oneself (3)

Even when she was being pursued, she had actually stepped into the inheritance grounds by mistake, which raised her cultivation by a huge degree!

It was said that a practitioner's luck was part of the actual ability, and one of the most important parts, his Li'er... it seemed that she had a bright future ahead of her!

Just then, Huang Yueli seemed to recall something and smiled, "Oh right, the senior in the inheritance tower also said that if you don't work hard, you can forget about marrying me. No matter how strong your innate talent it, you can only marry into our Sacred Phoenix Race.....

Li Moying's face turned black, "What marry into or not, if you really have clansmen, and reject our marriage, then I'll not allow them to manipulate me around! I'll just kidnap you away directly!"

Although he said that, but hearing Huang Yueli talked about all these, an intense feeling of crisis filled his heart!

Looked like, he needed to put in more effort, not allowing his own fiancée to leave him behind, otherwise there might really be a possibility of them lovers being torn apart..... this was just too terrifying alright?

Huang Yueli smiled, as she blinked her large eyes, looking at him, "Alright, if there's really such a day, I'd definitely obediently elope with you!"

"That's my girl!" Li Moying gave a deep smile, as he gave her a peck on the face.

Huang Yueil saw his mood lifting up, as she went back to the same topic, "So... can you release Brother Mo Yi now?"

When Li Moying heard that, his face sunk and didn't say a word.

"Brother Mo Yi is just worried that your body couldn't hold on so he deceived you, it was also a part of his loyalty.... Moreover, aren't I totally fine? You've wasted so much resources on him, and now you just threw him into the water prison, isn't that letting him taking advantage of you? Quickly let him out, and make him work like an ox or a horse for you!"

Huang Yueli tried hard to find a huge load of excuses.

Li Moying looked at her helplessly as he answered, "Alright, since you're so insistent.... Then I'll let him out and make him stay beside you to protect you. But if this happens again, even if you help him beg for mercy, it'd be useless!"

"Dear, you're the greatest!" Huang Yueli immediately tipped her toes up, and smacked her lips onto his face.

Li Moying touched his own face, instantly feeling... as long as his Li'er was this happy, don't mention about letting Mo Yi out. Even if he had to break all his principles, there was nothing that mattered....

Li Moying asked, "Right, you haven't told me, what are you going to do today?"

"Oh.... I don't intend to leave the mountain today. I intend to return to the outer disciple residence where I'm staying. When I was in Celestial Light Sect, I've chosen some rough diamonds, and I'm thinking of nurturing them so that they can work for me in the future, so I'm going to check on their situation. Right, I'm not too satisfied with their factotum, can you change one for them?"

Huang Yueli raised her fair little chin, as she looked at him with a face filled with hope.

Li Moying pinched her cheek, "Of course, take my token over, no matter which administrator, they will need to listen to your instructions! But, why the trouble? Since you've taken them as your subordinates, they can directly follow you into the inner door. Do you want me to directly transfer them over? I know a few Elders who I have a good relationship with, and they can take them in as disciples."

Huang Yueli immediately shook her head, "No need, no need, I think they're not too matured yet, and need more training! If they can't even mix around in the outer door, then how will they help me do things in the future? It's better to let them sharpen themselves on the grindstone in the outer door first!"

Li Moying laughed, "Alright, whatever you say. Then head over first, after I finished my matters on hand, I will drop by to fetch you."

Chapter 1229: Outsmarting oneself (4)

Huang Yueli nodded her head and said, "No problem, if you're too busy then you don't need to come over. I'm not a young child, surely I won't lose my way right?"

Li Moying broke out into laughter, as he leaned in close to her, their noses touching.

"Sigh.. You... I'm not worried about you losing your way, I just can't bear to leave you....."

Huang Yueli's face flushed red.....

The two of them had finally got ready to leave the courtyard.

By now, the sun was already shining brightly in the sky.

Li Moying frowned as he looked at the surroundings, "Strange, where have Mo Er and the others ran off to? It's already too late, and no one's on duty? Have they all gone to laze around?"

Huang Yueli couldn't help but laugh and said, "I think it must be because of your lecture last night, so they don't dare to come close to the courtyard within one hundred steps....."

The two of them were just talking on this topic when they heard Mo Er's voice, "Greetings to Master, greetings to Third Miss, your subordinate is right here!"

The two of them turned their heads and looked over and saw all the Shadow Guards there, and furthermore, there were still two other people beside them.

Li Moying didn't know who Fatty Wang and party was, but Huang Yueli had recognised him immediately.

However, before she had even expressed anything, Fatty Wang had already rushed over, kneeling in front of Li Moying, as he kowtowed with all his might.

He was simply too agitated from just meeting the Young Sect Master, and unable to suppress himself, with one thought in his mind, which was to hurriedly spill the beans about Ye Xiao, so that he could show himself in front of Young Sect Master!

He finished his kowtow, and immediately spoke aloud, "Young Sect Master, I'm Wang Xiao Long, an outer disciple. I have come here today to report an important matter to you. Yesterday, that little slut who attempted to seduce you is called Ye Xiao. Within our outer door, she is notorious for her misdeed and her reputation is really down in the dumps, as she goes around seducing men, using men to climb upwards! This time, she had been allocated to a factotum which is to help you tidy up your courtyard, so she took the opportunity to shamelessly climb up your bed!"

"Young Sect Master, this subordinate is here to expose Ye Xiao's evil deeds!"

Li Moying was totally lost by what he heard. He didn't quite understand who was this Ye Xiao that he kept mentioning?

It was until he saw Huang Yueli holding in her giggles when he suddenly understood what was going on.

Li Moying's expression instantly turned extremely ugly!

This fatty really a huge load of courage, to actually use such disrespectful words to describe his Li'er, and..... added on so many other accusations for no rhyme or reason based on his own conjecture!

What was funniest about this entire thing was, he actually still had the cheek to come over and hoot about it! Who did he think he, Li Moying was?

Humiliating his beloved woman in front of him, did he treated him as a dead person??

Li Moying's fury, was on the verge of exploding, however, Fatty Wang was still clueless about it.

It wasn't that he didn't noticed Li Moying's taut jawline and the ugly expression, but he totally didn't consider the fact that, Li Moying was going to get angry at him! On the contrary, he thought that, Li Moying was schemed by the shameless Ye Xiao and was very angry over it, just about to go hack that wretched lass into eight or ten pieces!

Fatty Wang was still adding oil to fire, "Young Sect Master, you don't know, that Ye Xiao is a well-known broken slipper within the outer door, not knowing how many men had already.... AH—!"

Suddenly, Fatty Wang gave a heart rendering miserable shriek as he fell onto the ground and rolled about in pain!

Li Moying could no longer endure it as his right hand raised up and a bolt of lightning flashed past. The electric current instantly vanished into Fatty Wang's body, running amok within his entire meridians.

Chapter 1230: Outsmarting oneself (5)

The feeling he felt was as if numerous daggers were poking around his meridians continuously, stirring around repeatedly. Not only had it completely shattered his meridians, it even chopped it into small little segments!

This kind of pain was unimaginable, already exceeding the limit of what an ordinary person could handle!

So Fatty Wang's miserable cries was more mournful than before. Whoever who had heard his cries couldn't help but felt their hearts trembling. They were so frightened that they were sweating profusely.

Among them, the most terrified person was Administrator Chen. He saw Fatty Wang's miserable state, and his legs immediately softened, unable to hold him up further, as he knelt onto the ground, his entire body trembling non-stop!

This scene simply made one utterly shocked, never in his wildest dreams would he have thought that something like this would happen!

Earlier, he and Fatty Wang were still walking delightfully, feeling that they would be able to show their faces in front of Young Sect Master, and they even imagined their future days where they had a beautiful and bountiful future.

Alas, whoever knew that Young Sect Master would be so vicious, not even saying anything and he had already made Fatty Wang into a state where he was not allowed to live but couldn't die!

Where.... Had they gone wrong? This was totally different from what they had imagined??

Administrator Chen shivered as he raised his head, looking at Li Moying's gloomy handsome face, and with his peripheral view, he glanced upon the young lady in his arms. Just one look and he was so shocked that he totally went stiff.

The young lady which Young Sect Master was hugging, the clothes on her, was exactly what Ye Xiao, that wretched lass was wearing yesterday! Because all the outer disciple's uniform had a marking, so he wouldn't have recognised wrongly!

But, when Administrator Chen's sight shifted towards that young lady, he was filled with puzzlement.

No, this was not Ye Xiao!

This young lady had exceptional looks, lovely and neat, she was a peerless beauty who would make anyone fall in love with her at first sight. Even if she stood beside Li Moying, her beauty hadn't faded. On the contrary, it made one feel that, this was a pair of extremely compatible lovers!

Since when was Ye Xiao that pretty??

But, her clothes were exactly what Ye Xiao was wearing.....

Just at this moment, Huang Yueli smiled slightly, as she said, "Moying, you really have no patience. You haven't even heard what he had to say and just punished him directly....."

Li Moying replied her in a bad mood, "What's there to listen to what that dumb ass had to say? The Ye Xiao he was talking about, is you isn't it? He had already described you to such a vile state, and I still have to let him continue speaking? If I listened anymore, I'd throw up! And you could actually tolerate all these? It simply disgusts me to death! Mo Er, quickly drag this rubbish away, and chop him into fertilizer for the flowers! Elder Qu mentioned a few times already, that the soil in west mountain's medicinal farm isn't rich enough, so just nice that you can give him a hand!"

Mo Er hurriedly responded "Yes" as he went up to catch his target.

Li Moying then noticed the shivering Administrator Chen by the side of his feet, as he asked, "Wait, then why has this fellow come over for?"

Huang Yueli couldn't help but laugh, "This.... probably is Fatty Wang's accomplice? I met him yesterday, he is the administrator responsible for us!"

Mo Er quickly added, "Third Miss is right, he had admitted himself, that he is Third Miss' group of outer disciple's administrator, and he is also Fatty Wang's uncle. When the few of us happened to pass by earlier, we heard his discussing with that fatty that they had intentionally arranged for Third Miss to come and tidy up your courtyard. The motive was for her to contravene Master's taboo, and be punished by Master! In the end, they outsmarted themselves.... This subordinate believes that even in his dreams, he had not been able to imagine that, Third Miss and Master have this kind of relationship?"
