Chapter 1231: Outsmarting oneself (6)

Huang Yueli smiled as she shook her head, "Administrator Chen, actually... I feel that the both of you are pretty clever with strategies, but why didn't you use it on orthodox methods? You're bound to meet with ghosts if you keep going out at night. Today's consequences, you can only blame yourselves for it."

Administrator Chen had already become stiff on the ground, as his brain kept humming, while his entire body shook violently, totally unable to stop!

From the few people's conversations earlier, he finally understood, the truth to this.

But the truth.... Was too ridiculous, totally unacceptable! Simply something which he couldn't have imagined even in his wildest dreams!

This exceptional beautiful young lady, was actually really Ye Xiao, and her voice was the same as Ye Xiao. Furthermore she had personally admitted her own identity!

But, this Ye Xiao.... And Young Sect Master were obviously acquainted, and from the current looks of it, they seemed to be a couple!

Just seeing Young Sect Master placing his hand on her waist, tightly hugging her with possessiveness, and that gentle expression while speaking to her, every single bit, revealed totally just how much Li Moying valued this young lady by his side!

Even Murong Fei wasn't able to win a smile from Li Moying, but towards Huang Yueli, he had maintained his tender affections.

If it wasn't for the fact that there was no one who could impersonate this extremely handsome face, Administrator Chen might have thought that he had recognised the wrong person!

This was that cool, emotionless Young Sect Master Li? This was simply a Casanova!

But.... why was this? How did it turn out like this?

Why would Young Sect Master like this Ye Xiao? And why was he together with her?

Didn't they all said.... Eldest Miss Murong was Young Sect Master's fiancée?

Administrator Chen's mind was filled with questions, but alas, no one could reply him, and he would never get the change to find out the answer forever.

Li Moying swept him a cold glance as he said, "Enough, stop the crap. Since this fellow is an accomplice with that fatty guy, then just drag him down to become a fertilizer as well! This amount should be enough, so Elder Qi should have nothing more to complain about!"

Mo Er responded, but didn't immediately drag them away. Instead he faced Huang Yueli and said, "Third Miss, this fellow said earlier that if Young Sect Master took interest in you, he would eat sh*t!"

Hearing that, Huang Yueli's eyes lit up, "That's such a thing? There's actually someone who enjoys eating sh*t! So mystical, such heavy taste, I hadn't even seen it before!"

Mo Er continued, "I feel that, as a person, one must keep their words. Since they've already said that, then we should satisfy his craving."

"Isn't that so? Quick, quick, quick, make him do it right now!" Huang Yueli was motivated by a desire to see the world in chaos as she replied excitedly.

Mo Er stole a glance at Li Moying apprehensively, and in the end, Li Moying stared right back at him.

Huang Yueli turned her head, and took a look at Li Moying, but towards his own little fox, Li Moying didn't dare to stare at her, so he hurriedly took her into his embrace, as he coaxed her softly, "Alright, Li'er, I know you don't want to let off those people who schemed you before, but let's not watch him do that. It's simply too disgusting, and will dirty your eyes. Let Mo Er stay here and feed him, let's go!"

Huang Yueli felt that it was a great pity, because she really was rather interested to see it....

Towards marvels which she hadn't seen before, she always had a huge curiosity towards it.

But, considering that she had just reconciled with Li Moying, she had the duty to maintain her beautiful image in front of him, and not casually exposed the other face of her foul interests.

Chapter 1232: That shameless woman (1)

After hesitating for a moment, she replied, "Alright, I'd have to trouble Brother Mo Er then."

Mo Er revealed a strange smile, as he patted his chest assuring her, "Third Miss don't worry, count on me for this matter! I guarantee that he will have a full and good meal! Furthermore, regarding the ingredients that we are talking about, there are some instant ones right here....."

Mo Er used his chin to point, and Huang Yueli turned around to take a look, to discover that Fatty Wang had, under the intense and infinite torture, he had already lost control of his bowels, and underneath him were his excrements, looking extremely disgusting, with a faint whiff of disgusting smell floating over.

Huang Yueli immediately lost interest, as she quickly covered her nose and said, "Alright, alright, leaving this place to you, I'm very assured! Moying, let's go quickly!"

Li Moying nodded, as he held her shoulder and walked out.

Walking halfway, Li Moying suddenly stopped in his tracks, as he turned back, "Mo Er, after you have completed what Third Miss has instructed, go release Mo Yi! In future, he will follow Third Miss around. Third Miss has a few subordinates under her, so ask him to train them."

Mo Er was dazed momentarily, but following that his expression went wild from joy!

All of them Shadow Guards were very clear, that what Li Moying couldn't stand the most were people who betrayed him. So even though everyone were glad that he didn't went to the extent of killing Mo Yi, but they also didn't think that Mo Yi would be released with a short span of time.

Now, Mo Yi actually regained his freedom so soon?

Anyone could guess that, this absolutely wasn't due to a change in Li Moying's character. There was a ninety percent possibility, that Huang Yueli had been pleading on Mo Yi's behalf in front of Li Moying!

Because Li Moying could ignore the whole world, but he absolutely cannot reject his Li'er's request!

All the Shadow Guards looked towards Huang Yueli with a venerated gaze, as their hearts were filled with gratitude and deeply touched!

Third Miss was so beautiful, so powerful, and so kind and understanding, even pleading for them Shadow Guards!

With her around, even Young Sect Master had turned humane.....

Looked like, in future they must serve Third Miss even more diligently, hoping she and Master would live in eternal bliss, and not quarrel. As long as she's around, everyone would peaceful days ahead of them, if she's not around...

Thinking of Li Moying who had been in a rage recently, all of them started to shudder.

...

Li Moying sent Huang Yueli to the outer disciple's courtyard, and reluctantly pestered her for a kiss before he finally turned around heading to Murong De's side.

Huang Yueli had returned to the residence keeping a low profile and was not surprised to find out that the courtyard where the Celestial Light Academy students stayed in, was totally empty, without a single person.

As they had all been distributed to manual, exhausting factotums, so although it was already lunch time, but not one of them had returned.

Huang Yueli spun around in the room and packed a few items, preparing to look for someone to change a factotum for Su Qingyue and the rest.

However, when she had just stepped out of the courtyard's gate, she was stopped by someone.

"You..... who are you? Why have you walked out from that courtyard? I don't think I've seen you around??" A shocked voice rang.

Huang Yueli's footsteps halted, as she saw a few outer disciples heading back together from the outside, and on seeing her, they put on a righteous indignation expression, as they berated her loudly.

"Who are you? What are you trying to do?"

Huang Yueli blinked, and suddenly realised that she forgot to put on her disguise, so these people didn't recognise her.

For the first time in her life, she had been treated as a thief.....

Chapter 1233: That shameless woman (2)

In order to avoid unnecessary troubles, she hurriedly explained, "You all... you all have mistaken, I'm not here to steal things, I am... urgg, I am Ye Xiao!"

"What? You say you are Ye Xiao?" Someone looked at her from head to toe, as her eyes were filled with suspicion.

Do you think I've never seen Ye Xiao before? I'm even more sure than you on what she looks like! She's just merely an ordinary female disciple, with ordinary looks, unlike you so pretty and flirtatious, one look and I know that you're a vixen!"

"Isn't that so? That Ye Xiao looks very ugly, her nose is so flat and her mouth is so big, that face looks exactly like a pork chop, super ugly! Although her potential is rather strong and her cultivation is very high but just based on her looks, she can forget about getting married!"

"That's right, being so ugly, what right has she to fight over the job with us, what right can she enter Young Sect Master's courtyard?"

The few female disciples shot out all words of disdain, as their hearts were filled with envy and hatred totally!

Originally, Huang Yueli had disguised herself into Ye Xiao, her potential was actually that strong, and had long surpassed ordinary outer disciples, which was already very eye catching. Although a lot of people felt jealous, but they didn't dare to say it out.

But later on, she actually got the beautiful task of going to Young Sect Master's courtyard to clean up, that actually poked a hole in the beehive!

Young Sect Master Li Moying was the idol which everyone in Celestial Light Sect adored, which female disciple didn't had feelings for the handsome and powerful Young Sect Master?

Many of them tried their best and wanted to go to Li Moying's courtyard. Not just cleaning up, even if it was a serving maid to help test medication, as long as they could see Li Moying, everyone was all willing to do so.

However, such a beautiful task, was actually snatched by Ye Xiao!

This time round, everyone's jealous towards her had reached a maximum point, as they totally had no way to hide it, so directly speaking it out in public!

Huang Yueli only took a glance at them, and knew what were in their minds, and at the same time, she was rather speechless.

Surely, she didn't make Ye Xiao ugly when she disguised herself as her right? Even though she wasn't some ravishing beauty, but she was considered as a graceful and neat young lady, and at least presentable... now, she was smeared black by these people to this extent?

From this incident, one could tell how malicious Administrator Chen's move was!

If Huang Yueli really didn't know Li Moying, then even if her luck was really good, and had not been punished by Li Moying, when she came back, she'd also drown in everyone's jealous saliva, her future days in Celestial Light Sect would not be peaceful anymore!

Huang Yueli's lips curled upwards chillingly, as she couldn't be bothered to haggle with these ignorant ladies and wanted to leave.

But just at this moment, a figure rushed back hurriedly, and lifting his head, he went into a daze as he always shrieked out, "Bai Ruoli?? Why are you here??"

The person who said that was Yuan Zeyu who had just rushed back to have lunch.

Huang Yueli nodded her head towards him and said, "Senior Brother Yuan, it's been a long time since we've last met!"

When she was still in Celestial Light Academy, she had some unpleasant quarrels with Yuan Zeyu previously. But after she came to Celestial Light Sect, she discovered that Yuan Zeyu was rather reliable, totally different from what she had thought of him before.

Ever since Yuan Zeyu had stood out when Fatty Wang provoked them, her impression of him changed, and so her attitude towards him was considered not bad.

Yuan Zeyu seemed rather puzzled, because he had always felt that Huang Yueli gave him a strange feeling but was unable to piece out what was wrong.

Chapter 1234: That shameless woman (3)

Huang Yueli smiled at him and said, "I've been staying here for the past few days? It's just that you didn't discover that it was me only!"

Hearing that, a lightbulb in Yuan Zeyu's head lit up, as he cried out in shock, "You.... You are Ye Xiao??"

Huang Yueli nodded her head, "That's right."

"No, how could you be Ye Xiao? I've known Junior Sister Ye for quite a while. Although the things she said and did over the last two days, indeed weren't the same as before, but.... but she still looks exactly like the original Junior Sister Ye?"

If it wasn't for this, Huang Yueli's abnormal ways, would have caused everyone to be suspicious long ago.

Huang Yueli laughed, "Senior Brother Yuan, don't you know about... the art of disguise?"

Yuan Zeyu's eyes widened, as he looked at her, "This.... of course I've heard about the art of disguise, but.... aren't the number of people who knows how to do disguises, extremely little? How could you possibly know? Furthermore, your art of disguise is simply too incredible? There's no flaw at all!"

Huang Yueli replied, "I just happened to learn a little previously. My disguise actually has a lot of flaws, only you and Junior Sister Ye aren't that close, so there are some details, which you might have overlooked."

Huang Yueli spoke briefly about it, sounding very humble, but Yuan Zeyu was still extremely shocked!

He wasn't silly, so naturally he wouldn't think that, the art of disguise was so simple, even though Huang Yueli spoke of it so lightly!

This was totally different from ordinary make up tactics. In order to conceal one's identity in front of other practitioners, just changing the features on one's face wasn't much use, because other practitioners knew her well, so they could use their profound energy to sense.

In order to befuddle the other party, not only does the exterior look need to look remarkably true to life, one must use a certain skill, to confuse other's senses, and that was an extremely high levelled Profound Skill!

Yuan Zeyu was stunned for quite a bit, before he gained his senses and asked, "Junior Sister Bai, you'd actually been hiding in Celestial Light Sect secretly, do you know that....." Speaking of this, he lowered his voice, "Do you know that, Young Sect Master had been searching for you for a long, long time, and from his looks, he seemed to be anxious that he's almost going crazy!"

Huang Yueli nodded and replied, "I know, I've just returned from his side. You all should know the matter where I was pursued by Ling Wenbin, so later on I was stuck in a mystic region and couldn't get out, hence there was quite a bit of delay. When I got out, I hurried over to Celestial Light Sect. In order not to cause any unnecessary trouble, so I disguised myself."

Yuan Zeyu then realised what happened, "So it's like this! Young Sect Master can finally rest his heart..."

His look towards Huang Yueli seemed slightly complicated, once, he had also the intentions to woo Huang Yueli.

In the end, while this though was still in the infant stage, it had been dashed mercilessly by Li Moying!

Later on, he witnessed Huang Yueli's cultivation innate talent, as well as her outstanding armament refining potential and innate talent, so he finally could not help but admit that, she was someone whom he could not afford claim connections with. Only a man like Li Moying, was able to gain her favour.....

Yuan Zeyu sighed silently, when he suddenly thought of something, "Right, a few days ago, Administrator Chen was still asking you to tidy up Young Sect Master's rooms.... I guess they must be regretting deep down to their guts by now right?"

Wasn't that really outsmarting themselves?

Huang Yueli's lips arched upwards, not speaking a single word.

But her smile, made Yuan Zeyu shivered silently.

Chapter 1235: That shameless woman (4)

From the looks of this, he didn't need to ask and he already knew that those two were probably goners.....

Seriously, they could choose to offend anyone, but why did they pick to offend Huang Yueli?

Putting aside that overbearing and powerful, big demon lord who pampered his wife over the line, just herself alone was so black bellied and crafty, dealing with those scum was as simple as merely lifting a finger!

The two of them were engaged in a deep conversation and Huang Yueli didn't mind her own identity being exposed. Anyway, she and Li Moying were considered as being together officially, so there was no need to suppress their volumes.

But they hadn't noticed that, there were numerous eyes which were focused around them, and many of them pricked up their ears to eavesdrop on what they were saying.

Not long later, bursts of disdain were heard.

"So.... she really is Ye Xiao! I thought she was boasting!"

"How do you know she's really her?"

"Didn't she say that earlier? She used the art of disguise, changing into Ye Xiao's looks to smuggle into our Celestial Light Sect. Her motive... is actually to look for Young Sect Master!"

"That's right, I also heard that! Heavens, how could there be such a shameless woman on this earth, using various schemes to stick on to Young Sect Master! As what I was saying, she looked so pretty, how could she bear that ugly look before her disguise. So, it's intentionally done to confuse everyone, so that she can find a chance to seduce Young Sect Master!"

"This is simply too disgusting! Actually, using such an underhanded method! How could it be possible that Young Sect Master actually fell for her trick? Even our Eldest Young Miss Murong had wishfully wooed Young Sect Master for so many years before he finally relented! Which blade of spring onion is she considered as, not even looking at her own identity?"

Those few female disciples totally lower down their voices, as though they were afraid that Huang Yueli couldn't hear them.

Huang Yueli's forehead started to wrinkle as she heard that.

Yuan Zeyu hurriedly tried to pacify her, "Junior Sister Bai, don't listen to their rubbish talk! How would Young Sect Master possibly be together with the Young Miss of Murong family? You plainly know how much he values you."

Huang Yueli nodded, "I know, I just felt that these few houseflies are quite irritating. Senior Brother Yuan, I'm asking you....."

Before she could finish her question, she heard the nearest female disciple suddenly gasping loudly.

"Heavens! Look at that! On Ye Xiao's neck... those red patches, are... are those love bites??"

"Surely..... Surely not right? How could she have any love bites? Did she go over to Young Sect Master's courtyard yesterday night..... could it be....."

Hearing that, Yuan Zeyu's vision shot directly towards her neck, as he suffered a big blow as he looked at her startled.

Following that, a sliver of helplessness flowed in his eyes as he silently shook his head. Even though he knew that this young lady and Li Moying were a couple, but to witness the evidence of their intimacy... still made him felt emotionally hurt.

Huang Yueli's lips twitched, as she really felt slightly embarrassed right now.

She silently cursed Li Moying that beast in her heart. He was really born in the year of the dog, nibbling around his neck yesterday, did he think that she was a piece of bone? Didn't he even considered how she was going to meet other people today!

Luckily she had also bitten him back yesterday.....

But those female disciples, after finding out such an explosive gossip, they started to ridicule her even more without restrain.

"To even have love bites, looks like she really did go seduce Young Sect Master yesterday! She definitely had climbed onto Young Sect Master's bed directly!"

"Hmph, so what about that? Even if she does have some good looks, but how would Young Sect Master be so superficial? He's merely just playing around with her!"

Chapter 1236: That shameless woman (5)

"That's right, Young Sect Master is definitely just playing around with her! Since she had offered herself, it'd be a waste not to take it, so after he's sick and tired of her, he'd dump her!"

"Correct, by then let's see how complacent she can get? To actually show off with the love bites which Young Sect Master had given! Hmph, wait till she gets dumped, she can just go and cry by herself!"

The few female disciples stared deeply at Huang Yueli's neck, that gaze was just like a knife, as they felt extremely sour!

Young Sect Master was well-known for his aloofness and conceitedness, totally not giving a damn towards woman. He.... how could be possibly by seduced by this young lady, even leaving love bites on her neck?

Although the gossip regarding Murong Fei and Li Moying were bubbling hot, there were quite a number of people who were jealous of Murong Fei. Even one knew that Li Moying character was so cold, even if he did marry Murong Fei, it would be because of Celestial Light Sect Master's position. If Murong Fei were to marry him, wouldn't it be equivalent to a living widow?

But now they saw Huang Yueli, they had a totally different feeling.

How could Li Moying possibly..... possibly have done anything towards her.....

The number of exceptionally beautiful woman who tried to seduce Li Moying, were not just one or two, but so far no one had managed to get their way!

What charm did this vixen had? To actually made Young Sect Master's interest perked up? Even though those people had convinced themselves that Li Moying was just fooling around with her, but in their hearts, it was filled with various emotions such as envy, jealousy and hatred.

Huang Yueli's lips curled into a chilly smile, as she slowly turned around.

As she had just reconciled with Li Moying, her mood was very good today and couldn't be bothered to haggle with these ignorant young lasses. But they continued to climb all over, did they think that she had a good temper?

Huang Yueli bluntly brushed away her long hair which was covering up her neck, as she generously revealed the love bites.

"Why? Feeling jealous from seeing these? You all haven't even seen Li Moying directly, and you placed yourself in the position of his wife or concubines? Guess what he would do if he heard all these things that you all are saying?"

The female disciples all covered when they heard what she said.

If these words were heard by Li Moying, then there was no need to think before they knew how horrendous the consequences would be.

But looking at Huang Yueli's gorgeous face, and her look radiating with happiness, it was obvious that it was the look of being soaked in blessing, so the few of them couldn't suppressed the jealousy they had in their hearts.

"Hmph, Ye Xiao, don't be too complacent! Did you think that just spending the night with Young Sect Master, he will come and stand up for you? Haven't you been thrown out to the outer door?"

"That's right, Young Sect Master is just playing around with you, did you think you are really his wife?"

Huang Yueli replied coldly, "I really feel like prying open your head to see, if all it contains is just glue? Who do the few of you think you are? Do I even need Li Moying to deal with the few of you? Today let me give each of you a lesson, that before you provoke others, firstly consider your own ability and if you are able to handle the other party's revenge!"

She stepped forward, and the Profound Energy within her spilled out, as the might of a fourth stage realm practitioner suppressed the entire place.

Even Yuan Zeyu's face turned white, he hurriedly retreated backwards when he felt that he was about to suffocate.

Not to mention those blind female disciples, one of them even spat out a mouthful of blood as she laid onto the ground!

The colours on the other's faces also changed!

Right now, they finally recalled that this young lady not only had a pretty face!

Three days ago, at this faithful spot, she only used one strike, and killed Fatty Wang's fourth tier magical beast Iron Claw Silver Wolf!

That meant to say, her actual ability and battle power was equivalent to a fifth stage realm practitioner!

Chapter 1237: Destined to pamper wife (1)

Those female disciples present, were all in third stage realm and the highest cultivation among them was merely third stage realm fifth level. So, who could match her?

Huang Yueli totally didn't need to strike, just using a higher-up's coercion and she could made them all suffer serious injuries!

The few of them had finally realised that, as all of them were terrified that they had offended someone whom they could not afford to offend, as they had met with huge trouble.

But, it was all too late.

Huang Yueli laughed coldly, as she unleashed all the Profound Energy in her body. The few female disciples were all sent flying on the spot, as each of them spat out blood in mid-air, crashing heavily onto the ground far, far away.

Many bones in their bodies were fractured, and more than half of their meridians were shattered, as they could only flip around painfully on the ground, not even able to climb up.

Their groans were heard repeatedly and everyone who saw this had a change in their expressions as they moved backwards in terror!

At this moment they were all feeling lucky that they didn't follow these few dumb women in ridiculing Huang Yueli. Actually, quite a number of them had the same thought but they hadn't expressed it out yet!

But now, everyone had no choice but to admit, that Huang Yueli was someone whom they could not afford to trifle with!

Even without Young Sect Master as her backing, just based on her age, having such powerful ability, her future was definitely going to be boundless. This person was no longer in the same world as them! They could only look up at her!

No matter what entanglement she had with Li Moying, it wasn't something which people of their level could comment or discussed on.

After Huang Yueli had got rid of those eyesores, she turned around and spoke to Yuan Zeyu who had retreated to a far distance away, "Senior Brother Yuan, are you alright? So sorry, I've implicated you. earlier I haven't finished talking with you...."

She had yet to finish her words when Yuan Zeyu waved his hands towards her, trying all his might to indicate to look behind.

Huang Yueli was stunned for a moment and following the direction which he was pointing at, she turned around to take a look.

She only saw Li Moying's tall statue leaning against a big tree on the right hind position behind her, that suave face was hidden by the tree shade which made her unable to see his expression clearly. But that powerful presence surrounding him, was totally unconcealable.

Instantly, everyone noticed his presence as they sucked in a mouthful of cold air.

No one knew when did Li Moying appeared at this place, what he had heard or seen.

He straightened his body, as he walked over slowly.

Huang Yueli raised her head to watch his action and couldn't help but exclaim that this was an exceptional handsome man, no wonder so many young ladies were fighting over him.

Those good looking features and deep contours, totally had not a sliver of flaw. His tall built was filled with the feeling of a man's vigour, along with his astonishing innate talent and exceptional potential..... even she was not able to resist his temptation, not to mention those ordinary female disciples?

Li Moying walked to her, as he lowered his head and looked at her deeply in her eyes.

That moment made everyone's sights gathered onto the both of them.

Everyone wanted to see, after Li Moying heard Huang Yueli's overhearing declaring, what response would he give?

Even though Huang Yueli's strong innate talent was a reality, and it was also true that she had spent time together with Li Moying yesterday, but Li Moying's image towards the majority, had always been a cold and harsh man, not allowing any woman to stop momentarily in his heart.

How would Huang Yueli.... possibly be an exception?

Chapter 1238: Destined to pamper wife (2)

As for those female disciples who were lying on the ground, also stopped their groaning, as a quick sensation of revenge surfaced in their hearts.

Hmph, who asked Ye Xiao to be so complacent? Wasn't her karmic retribution about to happen now?

Now that Young Sect Master was here, how could she still display such a look which was flushed with success? If Young Sect Master were to disregard yesterday's relationship, and throw a huge temper towards her, then she would find out that... she was merely a plaything in Young Sect Master's heart. No matter how good her innate talent was.... how could she possibly enter Young Sect Master's eye?

However.....

Under the public glare, Li Moying's right hand hooked and wrapped around Huang Yueli's slender waist, as he familiarly took her into his embrace, while the other hand tucked in the messy strands of hair behind her ear, as he smiled at her.

"What's the matter? I've only not been with you for a little while and you've been bullied?"

His tone had a tinge of ridicule, as the gaze he laid upon the young lady in his arms, were filled with warmth and concern.

Everyone nearby was all dumbstruck, as their gazes fixed deadly onto Li Moying's face, with only one thought in their minds: This... surely this wasn't true right? What kind of hallucination were they having? Or had Young Sect Master been struck by lightning and his brain wasn't functioning properly?

Huang Yueli raised her chin, as she spoke unhappily, "How am I the one that's being bullied by others? Why can't it be that I'm the one bullying others? Am I that weak?"

Everyone's eyes almost dropped once again.

This... what was this situation? This young lass' brain was also malfunctioning?

Young Sect Master was concerned if she had been bullied by others but not only had she not took the opportunity to lament and whine, asking Young Sect Master to vent her anger, she actually used such a high and mighty manner to speak to Young Sect Master?

Did she really treat herself as someone important?

For highly revered man like Young Sect Master, which one of them did not wanted their woman to be docile and obedient to them. Based on her attitude, no matter how much Young Sect Master pampered her, he would definitely be angry!

However, Li Moying's reaction made everyone unable to believe in the truth.

He pinched her face with absolute pampering, as he smiled, "Alright, my Li'er is the more incredible, who will be able to bully you? Even I, am bullied by you!"

Huang Yueli pouted, "That's more like it!"

Li Moying gave a deep laugh and wanted to lower his head to kiss her but thinking that there were too many spectators around, he was afraid that she would explode because of embarrassment, so he endured with the urge.

He held Huang Yueli as he turned around, his gaze swept towards those few female disciples who had been sent flying by Huang Yueli.

Instantly, his face turned extremely gloomy, as that pair of cold sharp eyes, made others not dare to look straight at him.

From his current look, they totally could not tell that just a couple of breaths ago, he used that gentle expression towards Huang Yueli.

The female disciples' souls had already flown out of their bodies!

Earlier when Li Moying appeared, they thought that they would be able to see Huang Yueli cutting a sorry state. No matter what, they would be able to vent their frustration!

But in the end, all they saw was Li Moying embracing her with such deep sentiments. That kind of safeguard and that public display of love in front of everyone was something which anyone with eyes could see, that Li Moying was absolutely true hearted towards Huang Yueli!

At this moment, when they recalled the ridicule which they said to Huang Yueli earlier, that was like a resounding slap, fiercely striking on their faces!

Li Moying had used his own attitude to prove how ridiculously wrong they had been!

Chapter 1239: Destined to pamper wife (3)

Furthermore, to make this kind of mistake had a serious consequence.

This meant that, they had not only offended Huang Yueli, but also Li Moying!

Just from the gloomy expression on his face, they knew that he was extremely infuriated.

The female disciples all started to cower as they trembled, not daring to breath heavily as they knew they had done something extremely wrong. They gauged that they probably had to pay a heavy price for this!

Li Moying opened his mouth coldly, "Men, drag the few of them down and gift them to Elder Qu as...."

"Oh, wait!" Huang Yueli pulled his sleeve as she broke off his sentence, "Just saying a few bad things about me does not amount sending them to their deaths. Just throw them out of Celestial Light Sect, that will do."

Li Moying turned around to face her, as his thin lips were tightly pursed with an unfriendly glare, but he didn't open his mouth.

The people crowded around had their hearts in their mouths, especially Yuan Zeyu, as he held a headful of sweat for Huang Yueli.

This... this young lass, even though Young Sect Master enjoyed a good relationship with her, but surely she could not become proud because of his pampering right!

Young Sect Master had already given his command and she actually dared to stop it, even making a new decision for him? Had she gotten it wrong, who did she thought was beside her?

Such a highly revered man like Li Moying, could pamper her, but he would absolutely not allow her to challenge his authority!

Just by looking at Li Moying's terrible expression, one knew that he was on the verge of acting up.....

Yuan Zeyu wanted to ask Huang Yueli to quickly submit to him, asking her to act coquettishly and cute to bring this over, not allowing Li Moying to spew out his rage.

But he had no idea how to open his mouth right now.

However Huang Yueli's reaction was totally out of everyone's expectation.....

She grabbed hold of Li Moying's sleeve and swayed his arm with more strength, "Did you hear me? Can you give me some reaction? Forget it, Mo Er, help me drag them out and throw them at the mountain's foot!"

Yuan Zeyu almost fainted!

She had totally not realised what she had done wrong, and even started to order the Shadow Guards around..... how could she invite her own death by recklessness.....

But the few shadow guards' thinking were totally different from the spectators. All they were thinking of were, since Third Miss had already opened her mouth, then what Li Moying said wasn't of importance anymore. Anyway their own Master was afraid of his wife, and when he spoke, it wasn't as useful as Third Miss.....

So, they immediately slipped forward, as each of them dragged one female disciple away.

From start to end, they had not engaged in Li Moying's intent.

Li Moying's expression turned even uglier, as the surrounding crowd were all trembling in fear.

Huang Yueli totally didn't treat his anger as a matter, as she stretched out her hand and touched his face, attempting to lift up a smile on his lips.

"Aww, don't put on such a face, I'm getting unhappy from seeing it? Come on, give me a smile! Why put on such an expression? I've already said, I'm not being bullied by anyone! Those few female disciples meridians have already been broken by me, and they've been thrown out of the Sect. When they return to their families, they wouldn't have any good ending coming to them so what are you still angry over for?"

Li Moying stared at her for a moment and unwillingly replied, "They actually said that we are not compatible? And even slander you in such a way, saying it in such an ugly way, how could I not be angry? Furthermore... even dare to create a rumour that I'm just fooling around with you?? And even said I wanted to marry Murong Fei??"

Li Moying wasn't just ordinarily displeased, these mentally retarded female disciples, had stepped on his landmine several times continuously.

Chapter 1240: Destined to pamper wife (4)

Firstly, he hated to hear other people commenting that he and Huang Yueli were incompatible. In his heard, when he and Li'er stood together, they were naturally the couple who were the most pleasing to the eye!

Following that, they slandered Huang Yueli, calling her as a "shameless woman" and even said she seduced him? Honestly speaking, if Huang Yueli was willing to seduce him, it was exactly what he wished for! Moreover, he would be so excited that he couldn't sleep at night, as he laid flat preparing to be taken advantage of!

Lastly, what made him angriest was the last point.

How could these people spread rumours that he had a relationship with Murong Fei? He had not even taken a straight look at any other woman! Yet they said he was fooling around with Huang Yueli and would possibly abandon her any time?

His Li'er had always been easily jealous, and if she heard these and believed in their nonsense, what would happen if she ran away in anger?

They had just reconciled not too long ago!

If Huang Yueli were to break off with him once again, he would absolutely not be able to take it!

The minute he thought of all these, Li Moying's expression turned extremely ugly. Even though Huang Yueli was coaxing him by his side, he just couldn't smile at all.

Huang Yueli knew that he had this thinking and after staring a while at him, she suddenly burst out giggling.

"You're still laughing! Do you feel that it's very funny??" Li Moying was enraged, as he couldn't keep it in any further and lowered his head, taking a bite on the tip of her nose.

Huang Yueli immediately covered her nose, as she blinked her eyes innocently at him, "It's very funny! Don't you believe that I am a woman of judgement? You treat me so well, and I'm not an idiot, how could I possibly believe in other people's nonsense? Furthermore, I cherish the times to be with you..."

She smiled slightly, as the lights in her eyes radiated brilliantly, causing Li Moying to go into a daze.

After some time, he regained his senses, as the anger he suppressed had disappeared without a trace.

"Alright since you've already said that...." Li Moying swept her a glance, as he whispered in her ear, "When we go back, you must show me how much you cherish me!"

Huang Yueli gave a cold harrumph, "Fat hope! I'm not going to be manipulated by you!"

Li Moying laughed, "Whether it's fat hope or not, you'd know later! Let's go, we should hurry back, I haven't taken lunch, so make lunch for me!"

"You obviously have someone to make lunch for you, why are you asking me to do it?" Huang Yueli protested.

On realising that Li Moying was really going to take her away, she hurriedly cried out, "Hold on, wait a minute! Earlier those people distracted me and I haven't had the chance to settle my matters yet!"

"What matters?" Li Moying asked curiously.

Huang Yueli turned her head around and took a look and found Su Qingyue and Yu Xinyang in the crowd as she called for them urgently.

"Moying, this is Senior Sister Su Qingyue and Senior Brother Yu Xinyang. They're considered as my people, and I intent to change a factotum for them. In the end I haven't got time to complete it when I was disgusted by those people. Now I'll bring them to the administrator, so just wait a little while for me...."

Li Moying heard her introduction as his deep black eyes narrowed slightly, sweeping his grace and stern gaze at them.

Su Qingyue and Yu Xinyang shivered, unable to take on Li Moying's powerful might, as they lowered their heads and sweat covered their backs.

They had not thought that Huang Yueli actually called out for them in front of Li Moying.

Usually, it was one matter that they knew that their female Master was Young Sect Master's fiancée. But for them to stand in front of a top expert like Young Sect Master was another matter altogether.
