

Weaponsmith 1251

Chapter 1251: Ominous premonition (3)

When Murong Fei heard that, a sinister glint flashed past her eyes as she violently raised her head and looked at Murong De.

“Father, why would there be no way? Of course there’s a way! As long as... as long as that little slut dies! Only if she dies, then Eldest Senior Brother will notice that there are other woman on this earth, who could give everything for him!”

“What??” Murong De was so shocked that he almost dropped the cup in his hands onto the ground.

He looked at his own daughter in disbelief and thought that he had heard her wrongly.

“Fei’er, what are you saying? Don’t tell father that you’re going to kill your Eldest Senior Brother’s fiancée?”

“What fiancée? That’s just a vixen who climbs up other man’s bed on her own accord! She’s not even worthy of Eldest Senior Brother, yet she bewitches him, so she deserves to die!”

Murong Fei said each word in hatred, as she got close to Murong De, “Father, you’re Celestial Light Sect’s Sect Master and the entire sect belongs to you. You’d surely have a way to kill that vixen, right?”

Murong Fe’s brows were knitted tightly as he looked at Murong Fei in shock.

After some time, he finally spoke out, “You.... you must have been demonised! Do you know or not, who your Eldest Senior Brother is? If you kill his beloved woman, will he still be with you? This absolutely will not be possible! Listen to father, give up on him otherwise if something really happens and you anger him, our entire Sect isn’t even enough for him to torment!”

“Father, what’s the matter with you? How could you stand on that vixen’s side?? Previously that vixen had gone missing for two months, I was almost going to succeed. If it wasn’t for the fact that she suddenly revived and appeared, probably I might have already been engaged to Eldest Senior Brother!” Murong Fei cried out.

Murong De saw that she was still bring pig-headed and got a little furious as his tone shot up as well.

“I’m not standing on her side, but I cannot afford to offend your Eldest Senior Brother! West Sky Region’s Green Cloud Sect is about to come to our Sect to discuss a huge matter. By then, I will still require your Eldest Senior Brother’s help! If you really provoke him, what will happen to the other people in the Sect? Moreover, father wishes for you to marry him, to pull him over and not to make him hate you! Your unscrupulous methods will only push him further and further away!”

Murong Fe also had a feeling that Li Moying was still staying in Celestial Light Sect right now, helping out all because he was grateful to him for saving his life when he was young.

If he really offended him and he were to leave like that, no one would be able to stop him!

Murong Fei could tell that he really wasn’t willing to help, as her expression turned green.

“Alright, since even father doesn’t stand on my side, then if anything were to really happen, then don’t blame me for not being filial to you!”

Murong Fei jumped up and the look she had towards her father, was filled with hatred.

Murong Fei’s heart jumped, as he felt that this eldest daughter of his wasn’t very right, feeling that there was an ominous premonition.

But this after all was his daughter who he had pampered since young, so he didn’t believe that she could do such a vicious thing.

“Alright Fei’er, Father knows you’re just thinking awry for the time being and you’d be back to your normal self after resting for a few days! You can stop cultivating these two days, go out and relax your mind! Furthermore, father wants to tell you another news! Green Cloud Sect’s Sect Master had intentions to link up with us through marriage. His eldest son is just twenty this year, and his innate talent had already reached ninth grade lower level! Very compatible with you!”

Chapter 1252: Ominous premonition (4)

Murong De’s original intention was to comfort her, after all there were plenty more fish in the sea so without Li Moying, there were still many others who wanted to marry her.

But in Murong Fei’s ears, she felt that her father had betrayed her, and was even more infuriated than ever.

She could not sit a moment more as she got up immediately.

“Alright, since you’re unwilling to help me, then treat as though I’ve never been here!”

Saying that, she didn’t even consider the fact that her injuries had not recuperated yet as she forced herself out of the door while staggering!

Murong De gave a long sigh, not know what he should do at all!

“I’d better let her calm down before persuading her again! She had better not do any silly things!”

At this present moment, Murong De was already beginning to regret his actions of trying to play matchmaker for Li Moying and Murong Fei then. Now Murong Fei had totally sunk in deep and perhaps she might create even more trouble.....

...

After that day, Murong Fei didn’t do anything and did not appear before Huang Yueli or Li Moying.

Huang Yueli had this feeling that the unruly Eldest Young Miss would not stop her actions so easily, so she must be planning something up her sleeve.

But she wasn’t afraid at all, so she disregarded this feeling. Anyway, if Murong Fei were to come and provoke her, she’d definitely make her pay the price for it!

This afternoon, Li Moying wasn't around and Huang Yueli was feeling bored by herself so she decided to tour the small town beneath the mountain. She could also purchase some armament refining materials at the same time.

Now, in order to make Li Moying rest assured, Huang Yueli agreed to let the Shadow Guards follow her around every single time she went out. But, in order to have enough freedom to exercise, she requested for the Shadow Guards to follow her from a distance away. Unless it was life threatening, otherwise they were not to show themselves.

Li Moying decided to give a step back each, so he readily agreed to her request.

This was Huang Yueli's first time to the small town.

She didn't let Li Moying accompany her because she was intending to purchase some materials to secretly refine a Profound Armament for his birthday present, so she could not allow him to know about this beforehand.

When they reached the small town, Huang Yueli realised that although this town wasn't big, but it was bustling with life. Especially the transaction marketplace, it was filled various small stalls with a dazzling line up of items. Basically, they sold anything and everything and the variety they carried were much more than those large stores in Sky Cloud City.

This was probably due to the fact that Celestial Light Sect disciples often went to the small town to do transactions.

Most of them had outstanding innate talents and were talented practitioners, so their consumption abilities were much higher than Sky Cloud City's ordinary practitioners. Moreover, when they obtained some treasures through experience training, they also needed to sell it off in the small town's marketplace.

Huang Yueli toured around for a while and indeed found quite a few rare materials as she excitedly ran over, thinking of purchasing it.

In the end, when she was taking out her spirit stones, the other party frowned and looked at her in puzzlement.

"This young lady, don't you know the regulations of transacting in White Cloud Town's marketplace?"

Huang Yueli went into a blank, "What kind of regulation?"

The young man at the stall said, "At our place, we have much rarer and valuable treasures, so the pricing is usually much higher. All these requires Celestial Light Sect's Star Stones to transact, so ordinary spirit stones will not do!"

"Star stones?" Huang Yueli repeated in puzzlement.

The young man looked at her with even more defence, "I say... what's the matter with you? From your dressing, you look like Celestial Light Sect's outer disciples so how could you not know what star stones are? Those are the in-house transaction currency for Celestial Light Sect! It's priceless! Most of the people who come to do transactions, a major part of them are Celestial Light Sect disciples, especially for those who sell valuable items, they definitely urgently require Star stones."

Chapter 1253: Lack discerning power (1)

Huang Yueli suddenly realised that, “So it’s like that....”

She then recalled that right before she left, Li Moying stuffed a huge sack of light purple coloured crystals and she didn’t even know what it was for! So, it’s for her to buy things!

She had not expected her fiancé to be so meticulous, it was really considerate!

The young man saw her dazed look, and thought she had no star stones so instantly became impatient.

“Alright, since you don’t have any star stones, then please step aside and not disturb me from doing business! I have no way as well because I need a huge sum of star stones to exchange for cultivation method. But in order to gain star stones, one needs to make contributions for the Sect to obtain the rewards so I can only come to this place to sell of my stuff to exchange for it. Otherwise, for such a valuable seventh tier material, I will definitely not sell it off!”

“Hey... Wait, I have star stones! I want to buy your materials. This one, this one and that, pack it all up, how much does it cost?”

Huang Yueli called out urgently.

These sixth tier materials were very rare and sometimes she might not even be able to auction for it successfully in the auction house. Now that she chanced upon them, she definitely must get them.

After getting these, she would be able to refine an entire set of sixth tier Profound Armour for Li Moying.

When the young man heard her cry, he looked at her suspiciously, “Are you certain you can afford these? My materials here are not cheap! From your dressing, you’re just an outer disciple, right? Where would outer disciples get so many star stones?”

Huang Yueli smiled, “You haven’t even told me your price, how do you know that I can’t afford it?”

The young man hesitated and said, “Alright, since you already say that.... these materials are a total of twenty five star stones.”

“Twenty five?” Huang Yueli gave a shocked expression.

Earlier when that young man put on that serious look, she had thought how expensive these things were! In the end it was worth only twenty five star stones? These star stones were really valuable! If it was according to market price, these materials would cost at least two hundred and fifty thousand medium grade spirit stones, and if that all added together, one star stone would be around ten thousand medium grade spirit stones.

Recalling that Li Moying gave her a whole sack of star stones, it seemed that... there would at least be a few thousand pieces....

It was more than enough to buy everything in this marketplace!

Huang Yueli was feeling a little complicated, as this was the first time she took so much money from a man! As a highly valued armament master, she had always not been lacking in spirit stones. Whatever she wanted to buy, she would just buy and there was no need for anyone to give her any money.

In the past Mu Chengying would only give her presents and not spirit stones because no matter how much money he had, he could never match what Huang Yueli herself had....

But today this man finally found a chance to support her? She had to admit, the feeling wasn't bad at all.

A smile surfaced on Huang Yueli's lips.

The young man thought she felt that it was too expensive as he hurriedly explained, "The price of twenty five star stones indeed isn't cheap but these sixth tier ores are something which my Senior Brother and I, managed to get from attacking a large group of sixth grade magical beasts. It's not even sold in Sky Cloud City. As this is a priceless item, I will absolutely not drop my price. If you want them, then take it. If you don't, please leave!"

Huang Yueli just wanted to speak out when a voice came echoing from her side, "These few ores, I want it all!"

Huang Yueli couldn't help but frowned as she turned back to take a look.

Chapter 1254: Lack discerning power (2)

Standing behind her was a man dressed in the inner disciple's uniform. He had an arrogant and high spirited expression as he swept a disdainful look at Huang Yueli while stretching out his hand, he was about to retrieve the ore from the stall.

"Wait a minute, these few ores are something which I asked for first. Surely there's a first come first serve rule right?" Huang Yueli frowned as she spoke out.

But the young man at the store's expression changed suddenly, as he spoke out in fear and trepidation, "Oh you're Elder Wang's Senior Brother Feng, I'd not expected to see you at the marketplace...."

The disciple surnamed Feng gave an arrogant smile as he said to the young man, "These ores are twenty five star stones right? Since we're all from the same faction, then give me a discount and round down the remainder, counting it as twenty star stones."

The young man's expression changed, "Senior Brother Feng, please don't do this... Junior Brother's business is very small and these ores are really not easy to come by. I need this money urgently!"

The young man really wanted to cry but had no tears. This Senior Brother Feng Li Kun was Elder Wang's eldest disciple and in Celestial Light Sect, he was considered as one of the talents. Other than Sect Master's few disciples, the next person with the strongest innate talent was him.

But he was known for his pettiness and arrogance, so no one wanted to do business with him. Yet they weren't able to offend him.

Like now, for items which were worth a total of twenty five star stones, removing the remainder from it would be equivalent to taking away one fifth of the amount, which was a huge amount!

But Feng Li Kun's ability was indeed strong. The young man was merely an inner disciple and no matter if it was his status in the Sect or his own personal innate talent and ability, he was far away as compared to the former. If Feng Li Kun insisted on forcing to buy or sell, the young man had no way to reject him at all.

As expected, seeing the young man still try to debate, Feng Li Kun's face immediately revealed a cold smile as he said impolitely, "Aren't you the Junior Brother surnamed Lu? I'm giving you face as your Senior Brother, to give you these twenty star stones! Since you don't want to take the easy way, then we'll do it the hard way. I'm giving you face by wanting your ores. Even if I don't pay, what can you do?"

Saying that, his hand moved towards the ores once again. The young man was so anxious that he was about to cry but he didn't dare to stop him.

Just as Feng Li Kun was about to touch those ores, a slender delicate hand stretched out and stopped on the ores. At the same time, a burst of Profound Energy shot towards Feng Li Kun's outstretched arm, coincidentally flicking him away.

Feng Li Kun had not expected anyone to stop him as his expression sunk and he stared fiercely at Huang Yueli who was standing by the side. That malicious look on his eyes were filled with threat.

Huang Yueli seemed as though she had not noticed anything as her expression was calm as she spoke indifferently, "This Senior Brother, I've already reached an agreement on the price with this stall owner and agreed to purchase these ores. So even if you give a price now, it's useless so next time please come over to the marketplace earlier!"

Saying that, she retrieved a bunch of star stones from the Sky Phoenix Ring and counted out twenty five pieces then passing it to the young man.

The young man looked at her in surprise as he didn't expect her to be so straightforward in payment! Moreover, the number of star stones which she had in her hands, apparently showed that she was a rich buyer!

But no matter how rich she was, she was merely an outer disciple, was her mind clear at all? How dare she fight over things with Feng Li Kun?

The young man looked at the star stones in her hands, as his interest was aroused but he didn't dare to accept it.

Feng Li Kun turned red in the face as he howled angrily on the spot, "Who do you think you are? This are the ores I wanted, did you hear me? How dare you snatch it from me? Do you know who I am?"

Chapter 1255: Lack discerning power (3)

"Who you are.... What does it have to do with me? I only know that this is the thing which I've saw first, and the person who is paying a higher price is me, so these ores should rightfully belong to me."

Saying that, Huang Yueli ignored Feng Li Kun and placing the star stones right on the ground in front of the young man, she bent over to pick up the ores.

“You.... you dare to take my ores??”

Feng Li Kun howled in disbelief, as he tried to stop her.

But Huang Yueli’s speed was much faster than his. With a gentle wave of her right hand, before Feng Li Kun was even able to see her movements clearly, the ores on the ground had all disappeared as Haung Yueli kept it into her storage space.

This simply was out of his expectations! Feng Li Jun had initially thought that such an outer disciple, no matter how stubborn she was, there was no way she could take the ores away from him! Because the disparity between their abilities were right there, and it wasn’t something which just a mere few words could step across!

However.... This young lady before him had directly taken away the ores right before his eyes??

How was this possible??

Feng Li Kun was dumbstruck as he totally had not considered the fact that his ability was lower than Huang Yueli’s. He assumed that his mind was wandering earlier which was why Huang Yueli was able to take such actionable opportunities!

When he thought of the fact that under so many watching eyes, he had actually lost to an outer disciple, Feng Li Kun immediately felt embarrassed as he was put in a difficult position!

The more he thought, the angrier he got and he finally couldn’t endure it any further and struck out towards Huang Yueli!

“Wretched lass, you’re.... looking for death! If I don’t teach you a lesson, then you’d not know my power?? Since you dare to snatch my ores, then I’ll let you suffer a fate worse than death! I’m going to see how long you can last till??”

Feng Li Kun’s raging palm strike was truculent as a powerful Profound Energy charged towards Huang Yueli’s direction!

The surrounding crowd gave out bursts of shocking gasps.

The young man who set up the stall was pale from fright and he almost fainted!

This was really a sudden and unexpected disaster! Originally meeting such a rich person like Huang Yueli, was an easy person to transact the deal with. Whoever knew the minute Feng Li Kun appeared, not only did he caused his business to fall through, furthermore this matter would be even more difficult to handle!!

Based on Feng Li Kun’s arrogance and maliciousness, he might really seriously injure Huang Yueli!

When Celestial Light Sect disciples fight outside resulting in fellow disciples seriously injured, it would result in the Sect’s punishment. But Feng Li Kun was the direct disciple and favourite disciple of Elder

Wang so he naturally won't be implicated. Then it would be him, the stall owner who would be forced to take the blame!

Of course, the person who was worse off was this little beauty who was here to buy the ores. How could she be so brainless to actually offend Feng Li Kun!

If Feng Li Kun wanted the ores, just give it to him, what's there to argue over? This time if her meridians were to be shattered, it might even affect her future cultivation!

On seeing the palm strike reaching Huang Yueli, Feng Li Kun's face revealed a complacent cold smile.

But just at this moment, not only did Huang Yueli not retreat, she even took a step forward!

Feng Li Kun was shocked, as he thought she had gone silly with shock.

But next second, Huang Yueli's silhouette suddenly moved and appeared right in front of him. Following that, her right hand rose up and a burst of fiery red blaze ignited from her palm!

"You...." How are you so fast??

Feng Li Kun's question had not left his mouth when he felt his entire body losing balance, as he flew out!

Chapter 1256: Lack discerning power (4)

A loud "Bang" sound reverberated as Feng Li Kun's body crashed heavily onto the ground, as he fell in between the two stalls by the side.

These two stall owners had long been frightened by the fighting and had hidden themselves by the side.

Hearing the sound of Feng Li Kun falling flat on his face, the surrounding crowd all shivered!

All of them shot an unfathomable look towards Huang Yueli.

Feng Li Kun was always riding roughshod over people in the marketplace, taking people's items and not paying for it. It wasn't just for one or two days already so no one could do anything to him at all.

As he was a direct disciple in Celestial Light Sect, he was considered as a first rated top expert and the only people whose abilities were much stronger than his were Sect Master Murong De's disciples. But people like Li Moying and Murong Fei would not possibly come personally to the marketplace to buy things.

In this way, Feng Li Kun couldn't find any opponent and every time someone dared to oppose him, he would deal a heavy blow to that person. So after continuously hurting several inner disciples, no one dared to jump out to oppose him anymore.

Although the people who set up stalls here were more or less being exploited by him before, but all of them could only suffer to silence since their abilities weren't comparable to his? In Soaring Heavens Continents, those without actual abilities had no human rights!

But now, this powerful and abled Feng Li Kun had actually.... actually been defeated by a young lady and sustained such heavy injuries??

Moreover from her uniform, she seemed only to be an outer disciple??

The disparity of potential and innate talent between outer disciples and direct disciples was a world of difference!

How could Feng Li Kun be defeated by an outer disciple?

Just as the crowd were shocked beyond words to speak, Huang Yueli snapped her finger and immediately, a black silhouette appeared out of nowhere by her side.

“Third Miss, what are your commands?” Mo Yi bowed at her respectfully.

Huang Yueli pointed at Feng Li Kun who was laid on the ground like a heap of mud, “Brother Mo Yi, earlier that fellow surnamed Feng took the initiative to attack me, so is this a violation of the Sect’s regulations?”

Mo Yi nodded, “Third Miss, what you said is right!”

Huang Yueli then replied satisfactorily, “That’s right then. I heard that he’s some Elder Wang’s disciple. Help me throw him back to his Master and ask Elder Wang on my behalf, that him allowing his disciples under his faction to bully fellow disciples in the same Sect, what punishment should he get? If we followed according to sect regulations, how should he be dealt with?”

Her voice was extremely crisp and melodious, but when she said these words, it was filled with an imposing force!

Mo Yi bowed, “This subordinate obeys your command!”

Just as the crowd were completely awed into silence, Mo Yi walked towards Feng Li Kun.

Feng Li Kun had regained consciousness and had just heard the later part of Huang Yueli’s words as he was so infuriated that he wanted to jump right up, but in the midst of doing so, as his rib bones were fractured, he moaned and fell heavily back onto the ground.

Even so, he couldn’t help but cried out arrogantly, “You.... wretched lass, who do you think you are? Towards my Master, you dare to...”

He had just spoken halfway when he saw Mo Yi standing in front of him, as his voice came to an abrupt stop.

His eyes widened real big, as he stared intently on Mo Yi and spoke with a shaking voice, “Mo.... Protector Mo, you.... why are you here?”

Those ordinary disciples might not recognise that guru Mo Yi, but how could he Feng Li Kun not recognise him?

As Li Moying’s most trusted shadow guard, when direct disciples met him, they needed to treat him with respect!

Because many times when Mo Yi appeared, they represented Li Moying!

Chapter 1257: Lack discerning power (5)

Feng Li Kun had not expected that his farce today had actually alarmed Young Sect Master's people!

Mo Yi spoke coldly, "Junior Brother Feng, you should have never, ever offended Third Miss today! You almost hurt Third Miss, so this matter isn't going to end so easily! You'd better go back with me and discuss with Elder Wang carefully, on how you're going to explain to Young Sect Master!"

Feng Li Kun went into a blank, "What Third Miss, why must I explain to Young...."

Suddenly, he recalled that rumour which was spreading around the entire Celestial Light Sect!

Young Sect Master had gone to Celestial Light Academy to bring back his prenatal betrothal fiancée. Moreover, Young Sect Master had pampered this fiancée of his, abiding to all her requests, completely abandoning Eldest Young Miss from his mind and even publicly declaring that he would marry this young lady!

This matter, Feng Li Kun had naturally heard of it. But it had never crossed his mind that the unfamiliar outer female disciple which he met in the marketplace was the young lady in the rumours who had smitten Young Sect Master!

If she really was Young Sect Master's fiancée, why did she need to wear outer disciple's uniform? Why didn't Young Sect Master find her a good Master, to let her become a direct disciple and cultivate properly?

Feng Li Kun would never have known that it was Huang Yeuli who despised Celestial Light Sect's elders, believing that none of them had the qualifications to teach her.

Anyway, all she asked for was to stay by Li Moying's side. Regarding matters on cultivation, she herself had plenty of experience so why would she need to become a direct disciple for?

But even if Feng Li Kun could not comprehend the entire situation but on seeing Mo Yi's icy cold face, he knew that what he had said was not false.

That was it. Now that he had offended Young Sect Master, even Elder Wang would not be able to save him!

Feng Li Kun was so scared that his eyes rolled back and he fainted once again!

Mo Yi turned around and bowed towards Huang Yueil once again before he dragged Feng Li Kun away.

Huang Yueli looked around for a little while more and felt that there wasn't anything which she wanted to purchase from the nearby stalls so she turned around and proceeded to leave.

Once they knew she had left, the marketplace exploded into a huge bustle! Everyone was filled with astonishment, excitement as well as mind-blowing emotions.

"Heavens, so that's the legendary.... Young Sect Master's fiancée?? She indeed is very pretty! Earlier I was just wondering if this outer disciple had just joined us, she's so beautiful and yet no one mentioned about it?"

“Look at your wretched look! No matter how beautiful she is, you will never be your turn! You dare to fight with Young Sect Master over her?”

“Even if you give me one hundred more guts, I also won’t dare to! I am purely admiring her, can’t it? She’s really worthy of being Young Sect Master’s fiancée. Did you guys see it earlier, the speed of her move is simply too fast! Feng Li Kun had no chance to react at all and was sent flying by just one strike from her! This ability.... Should have long surpassed Feng Li Kun!”

“That’s right, Feng Li Kun still thought it was his own carelessness. Tsk tsk, really a dumba*s!”

“But that Third Miss looks very young, maybe around fifteen or so? She could actually defeat Feng Li Kun? What kind of innate talent is that? As compared to Young Sect Master....she’s not inferior in any way right?”

Someone suddenly thought of this as he weakly raised this question.

Momentarily, everyone was shocked as they exchanged glances but no one said a single word.

Right, earlier everyone was just intent on watching the show and had not thought about this carefully. That young lady at this age had such this level of cultivation. Considering this carefully, just what kind of exceptional innate talent was that?

Chapter 1258: Liu Buyan appears (1)

It took a while before someone regained their senses. All they had were a gasp of admiration among the thousands of words.

“She really is worthy of being Young Sect Master’s fiancée!”

“No wonder Young Sect Master don’t even have any interest in Eldest Young Miss Murong. So.... there’s really a young lady with such shocking innate talent! Only someone like her is comparable to Young Sect Master!”

...

When Huang Yueli left the marketplace, she felt slightly tired and when she saw a teahouse by the road side, she wanted to go over to have some tea and take a rest.

But the minute she just planted her butt, she heard an agitated voice from her rear right corner, “Bai Ruoli?? You’re Bai Ruoli?? You’re still alive??”

Huang Yueli turned around and took a look and saw a good looking man dressed in a long white robe standing up, as he shot straight to her.

Huang Yueli stared at him and asked in astonishment, “Divine Doctor Liu? Why.... are you here?”

That person was Liu Buyan. When he saw Huang Yueli seated right in front of him in one piece, he was simply pleasant beyond his expectations as he couldn’t help but said, “That’s great, you’re alright! When I heard about your disappearance, I almost got scared out of my life!”

Huang Yueli grew even more curious as she blinked and asked, "How do you know about my disappearance?"

She and Liu Buyan.... weren't that close right? They merely had a doctor and patient relationship so why would Liu Buyan get so agitated from seeing her?

Liu Buyan agitatedly trembled, as he couldn't help but held Huang Yueli's hands and said, "Haven't you made a prior arrangement with me that within ten days, you'd bring your friend to me for a consultation? Because of that, I'd stayed in Sky Cloud City for ten days but you'd not come to look for me. I had something on so I thought of visiting you, have you forgotten about it? In the end.... the students in Celestial Light Academy said that.... you disappeared?"

Huang Yueli was caught unawares as her hand was grabbed in his and she immediately felt embarrassed.

She had always felt that Liu Buyan's attitude towards her was not right, but she wasn't quite able to tell what was wrong about it.

Only, the two of them were of different sexes so when he suddenly grabbed her hand, this felt a little presumptuous right?

Huang Yueli gently retracted her hand and after Liu Buyan detected that, his gaze turned slightly dark but he still released her, not forgetting to explain, "Ah, I'm so sorry. I thought something happened to you so when I saw you, I was a little too agitated....."

Huang Yueli hurriedly replied, "No matter, I understand. Thank you for being so concerned about me.... That day I had indeed met with a little bit of danger and encountered my father's enemy. Later on because of my carelessness, I almost lost my life. But luckily later on, I managed to escape out of the dangerous situation!"

She tried to go through the entire episode briefly but not only did it not make Liu Buyan rest assured, on the contrary, it made him even more worried.

"What on earth is going on? Your father's enemy? Who is your father, to have offended such a powerful enemy? Furthermore, where were you hiding after sustaining such heavy injuries? Why was it that I'd been searching for you for two months and yet I couldn't find any clues at all?"

When Huang Yueil heard that, she went blank, "You searched for me for... two months? Why? Did you need my help for something?"

She was completely fazed as she totally could not understand why Liu Buyan would search for her, and for such a long time!

By right, their relationship wasn't so close till he would do that right? Furthermore, Liu Buyan wasn't some kind hearted person, who would waste his compassion on someone like that.

Although he looked more passionate than Mu Chengying on the outside, he was actually the one whose natural disposition was cold.

Chapter 1259: Liu Buyan appears (2)

Usually if it wasn't someone who Liu Buyan wanted to save, then even if that person died right in front of him, he wouldn't even bat an eyelid!

Moreover, Liu Buyan would not even care about those ladies whom he had a past relationship with. In the past his enemies used the women whom had a relationship with him to threaten him, but he wasn't hooked and allowed those women to emerge and perish.

A person with such cold character would run about everywhere for an ordinary patient, even searching for her for two entire months? How was that possible?

It wasn't like in her past life, that he would help his best buddy Mu Chengying to search for his beloved woman.

So Either Liu Buyan was lying to her, or he had some ulterior motive?

Liu Buyan remained silent for a moment, not knowing how to reply. After some time, he came out with an excuse, "There's... nothing much. I recently came across a patient who was similar to your medical history, also poisoned by dark attribute. But when I used the same kind of medicinal bath on him, I was not able to cure him at all. I was thinking that my divine doctor's label cannot be smashed just like that, so I thought of searching for you, to understand what the situation was when I was treating you that time!"

Actually, Liu Buyan himself didn't know what was wrong with him.

He originally wasn't a kind hearted person, there were innumerable patients who helmed great fortunes to look for him to cure them. So, he couldn't possibly stay put at one place, just to fulfil an agreed period of ten days for a young lady!

If he agreed to wait just upon request, what kind of Divine Doctor was he? How much face would he had lost?

However, he also didn't knew why and actually stayed for an entire ten days in Sky Cloud City.

In the end, Huang Yueli didn't appear at all. This young lass had fooled him and according to his way of doing things, he would immediately flick his sleeves and left. Before he left, he would also serve that woman who dared to fool him with some kind of poison, letting her see just how powerful he was!

However, he had no thoughts of seeking revenge or similar matters at that time. He was filled with an ominous premonition, worried that that pleasant and artfully intelligent young lady whose cultivation was not high, had really met with some unpleasant event. So he disregarded his own status to ask about her whereabouts in Celestial Light Academy!

After he found out that Huang Yueli had disappeared, Liu Buyan felt that his heart was going to stop, as his mind turned blank as flustered emotions started to occupy his entire mind and heart!

This feeling.... was something which he had experienced previously. It was exactly because he had experienced it before, which was why he was even more clear.... What that meant!

The last time something had him flustered like that, was fourteen years ago when he found out that Huang Yueli had self-exploded in the Northern Ice Fields...

That moment, heaven and earth were flipped as tsunamis and avalanches occurred.....

At this present moment, his feelings were feeling the alike.

Liu Buyan immediately realised that, he seemed.... as though... he should.... had some kind of unusual feelings towards that young lass.

It's been fourteen years. Liu Buyan had thought that his heart had died along with that fiery red figure in his memories, but he had not expected that he would feel the feelings of being aroused again. Moreover this time, he seemed as though he was going to face the danger of losing someone who he felt something for, once again...

He immediately took action and gathered all his subordinates, using whatever resources he could get hold on and started tracing Huang Yueli's whereabouts.

But all these were something which he couldn't say, in front of Huang Yueli.

If it wasn't for his awkward character, he wouldn't have waited until the moment when Huang Yueli and Mu Chengying got together fourteen years ago, before realising that he had missed the best chance to confess.

Chapter 1260: Liu Buyan appears (3)

After hesitating for so long, Liu Buyan finally gave an undiluted version of a lie, creating a patient who did not exist to fob Huang Yueli off.

"So that's the case!" Huang Yueli suddenly was enlightened.

She was just thinking that Liu Buyan couldn't be that kind hearted! See, he indeed had some motive!

What Liu Buyan valued most was his medical reputation and if there's a patient which he couldn't cure, then his Divine Doctor's reputation would be smashed! This kind of matter to him naturally was the most serious kind, so no wonder he could spend up to two months trying to search for her.

But once the motive was out, she suddenly felt assured. After all this small matter was something which she definitely could help with. What Huang Yueli feared the most was someone not telling what motive they had, and if she were to owe a personal debt to the other party, then that wouldn't be nice at all!

With this thinking in mind, Huang Yueli immediately patted her chest and promised, "This matter I'll do my best to coordinate with you. Divine Doctor Liu, if you have any questions, feel free to ask! My memory has already been not bad, so I still remember clearly what happened during that time!"

She had no other thoughts on her mind and had never considered the possibility that Liu Buyan might like her!

After all, ever since Liu Buyan made her wear a dress and played the zither, she could clearly tell that Liu Buyan already had someone in his mind. Furthermore, he had deep sentiments for her. So under this kind of circumstance, she didn't feel that Liu Buyan would suddenly have a change of affection.

Liu Buyan heard her saying that and silently heaved a sigh of relief as he let out a sliver of smile, "That's great. I'll first explain the situation to you. If any situations occur during treatment, I'll still come over to look for you!"

Huang Yueli had not expected him to say that he would still come look for her, as she felt rather astonished momentarily.

But having a change in thoughts, she felt that Liu Buyan might be acting polite. After all there were very rare cases where Divine Doctor Liu wasn't able to cure any illness, and this time round he had intentionally come to ask her about her situation. If he still didn't manage to cure that patient, wouldn't it be too ridiculous? So, he definitely must be just saying so only, and would not look for her in future!

But even if Liu Buyan don't look for her, she had something to look for him!

Huang Yueli laughed as she replied, "Of course that's great. It's my ultimate honour to be acquainted with Divine Doctor Liu!"

When Liu Buyan heard these words, he silently heaved a sigh of relief as the huge stone weighing on his heart was finally let down.

Heaven knows that his appearance looked extremely calm and different while maintaining a suave vagrant's demeanour, but in actual fact his heart was apprehensive to the max!

Liu Buyan was very clear that there was no way he would be able to confess. The result of keeping everything to himself, would possibly push the woman he liked further and further away, so right after he said out that nonsensical excuse earlier, he actually felt rather regretful.

But if he really was to confess, he would rather die than say it out.

So he could only use this kind of excuse to suggest to meet Huang Yueli continuously, several times more.

Of course, the reason for the meet up was implausible so he was afraid that Huang Yueli might reject him on the spot. But now, the other party had finally nodded her head, which made Liu Buyan extremely happy.

Was this..... considered as a good head start?

Just as Liu Buyan was indulging himself in excitement, Huang Yueli suddenly opened her mouth again, "That's right, Divine Doctor Liu, since I've helped you this round, should you also help me once?"

"What do you need me to do?"

When Liu Buyan heard that, he became even more excited.

The girl he liked had asked him for help on her own accord. This was a good sign, and it also gave him the opportunity to perform his skills.
