Chapter 1281: Love rivals meet (3)

Of course, Li Moying wasn't any ordinary person.

Liu Buyan knew that if it was fourteen years ago, Mu Chengying would absolutely not desert the woman he loved.

But today was different from then. Liu Buyan felt that Li Moying had not much feelings towards this fiancée of his. After all, after having seen the peerless beauty Huang Yueli, they would probably thought other women were ordinary and plain.

Moreover, in the past Mu Chengying had no rivals under the heavens so he naturally had no worries but now, Liu Buyan was able to claim Li Moying's life anytime!

Under such circumstances, would he still be so insistent as in his past life?

Liu Buyan stared at Li Moying's face and he observed his expression without blinking, in the hope of seeing his wavering and hesitation.

However what made Liu Buyan disappointed was that there was no change in emotions on Li Moying's face and the latter indifferently asked, "Didn't you say to give me two choices? What's the other?"

Liu Buyan coldly curled his lips. He, so he wasn't wavered because... he wanted to know what other choice did he have?

"There's another choice... which is to die! Anyway, as long as you die, Bai Ruoli will have no more fiancé so as long as I stay by her side to comfort her, she will come into my embrace sooner or later!"

After Li Moying heard that, he started laughing but the icy smile had not reached the depths of his eyes. Instead it revealed a shocking imposing manner.

Even for a ninth stage realm practitioner like Liu Buyan couldn't help but felt a chill running down his spine!

That kind of gaze... made him felt as though he had seen Mu Chengying!

Li Moying's cold voice was heard, "I understand your meaning but... I'd advise you to forget about it. I will absolutely not give Li'er up! She's mine forever! If you want my life then come on, but... if you think that Li'er is such a superficial woman that after my death she will follow you, then it's best that you stop your daydream soon!"

Pausing for a moment, he continued, "I still have my Sect affairs to deal with so my apologies for not sparing the time to bring Divine Doctor Liu around to take a look!"

Saying that Li Moying had no mood to continue staying there as he directly turned around to leave.

Liu Buyan looked at his arrogant departing figure as he recalled the icy cold declaration earlier and his heart started to surge into a tremendous flame!

Such arrogant and overbearing attitude was exactly the same as in his past life!

But what right did he had to say that? And what capability did he base it on?

In his past life, he said that he would protect Huang Yueli forever, loving her and taking care of her but in the end? His words were still ringing in his ears when Huang Yueli had self-exploded in the Northern Ice Fields as she was attacked by multiple people. Not only were there no remains of her physical body, her soul had even scattered! At that moment, where was he?

After Huang Yueli died, he had once vowed that he would never had a change of heart forever but what about now? He had just reincarnated and he had totally forgotten about Huang Yueli. Furthermore, falling in love with another woman?

While he was expressing his loyalty towards Bai Ruoli, then where had he placed Huang Yueli who had died terribly?

Liu Buyan's heart was surging with an unknown and unexplainable emotion as he recalled his many years of invisible tolerance and backing off resulted not only in losing a woman he likes, but also a brother who he valued the most!

It was until today, this time... he would never give up no matter what!

Thinking of this, the Profound Energy within his body poured out uncontrollably as it shot towards Li Moying's direction!

Following Liu Buyan's action, a bluster of Earth attributed Profound Qi started to gather around him.

Chapter 1282: Love rivals meet (4)

The surrounding green leaves on the trees started to wither as though all their lives had been seized by him in one move!

Earth attributed profound qi had always been gentle but under Liu Buyan's ninth stage realm cultivation drive, it exploded into a powerful attack!

Profound Energy started to attack Li Moying from his back as just as it was about to strike him, Li Moying suddenly turned around.

His wrist flipped and he was already holding on to the Amethyst Light Sword in his hand. The purple electric currents exploded in mid-air and a bolt of lightning descended from the sky splitting the heaven and earth!

Two powerful Profound Energy crashed in mid-air giving off an earth shattering intense sound as the ground trembled continuously while the trees in the surrounds were uprooted!

After the explosive sound ended, Li Moying and Liu Buyan both retreated off several steps as their eyes bore a shock and complication while exchanging gazes!

This was Li Moying's first time meeting such a powerful ninth stage realm expert! Although his Master, Murong De, was also in ninth stage realm, but as compared to Liu Buyan who had been an accomplished top rated expert with outstanding ability, there was still a huge disparity.

Li Moying's lips puckered up as he forcefully swallowed a mouthful of blood which surged up his throat!

His face remained aloof and calm as though the exchange earlier had not dealt him with a huge influence!

In front of his love rival, he absolutely could not express his weak side!

Whereas Liu Buyan's shock couldn't even be described with mere words!

He already knew that in his past life, Mu Chengying's innate talent was extremely abnormal. Challenging an opponent crossing levels was as common as drinking water or having a meal. But as both of them were very good buddies, they only had a friendly exchange of hands and had never really used their full strength. So he only knew that Mu Chengying was much stronger than himself but had not known just how powerful he was!

It was until now, facing Li Moying.... due to the fact that Li Moying's primordial spirit had a flaw, so his potential was at most around sixty to seventy percent from his past life. But even so, the current him in seventh stage realm actually was able to receive one strike of his which was filled with fury!

Even if Li Moying's nonchalance was acted out, that was enough to shock anyone as it was scary enough and simply had exceeded Liu Buyan's imagination!

If he was able to improve even more and step into eight stage realm, then wouldn't he be able to officially go up evenly against him?

But in this case, wouldn't he be living under his shadow forever, and for this entire lifetime.... He would only still see the young lady who he liked, falling into his embrace?

For that one moment, Liu Buyan's heart arose a state of insanity. If he took the opportunity now while Li Moying's wings were still young, to kill him.....

This thinking made his heart flustered as the Profound Energy around him kept fluctuating.

But in the end, he still couldn't do it!

The friendship which they once had.... wasn't a farce. They were once brothers who could entrust each other with their backs facing each other. Why did they come to such a state today?

Li Moying looked at Liu Buyan in alert, not understanding why he still hadn't made a move!

Actually it was an easy feat for Liu Buyan to kill him. That strike earlier which he received had already exhausted all his energy and if Liu Buyan wanted to follow up a victory with hot pursuit, then he would eventually fall! With such a huge disparity in cultivation, he was still unable to cross over it.

However, Liu Buyan just stared at him for a long time but didn't make a move. Instead he suddenly opened his mouth, "Li Moying, have you really forgotten about her totally? Have you forgotten what you once said yourself?"

Chapter 1283: Love rivals meet (5)

Li Moying was stunned, “..... She? What are you talking about?”

Liu Buyan looked at his blank look and his blood started to boil.

Li Moying had indeed forgotten, he no longer remembered that young lady from fourteen years ago! He had also forgotten the promise which he made himself!

Of course, he should have known this long ago. From the first time he did a consultation for Li Moying, he should already have known that Li Moying had completely forgotten all his memories in the past.

But, there would always be someone else... who had not forgotten.

Liu Buyan gave a cold huff, “Looks like you have indeed forgotten!”

Li Moying frowned, “What exactly do you mean?”

Liu Buyan gave a cold laugh and said, “Yes, you’ve long forgotten that you had once made a lovers’ vow to someone. You once said that you will love and take care of this woman which was why I gave her up to you! In the end? She died a horrible death in the Northern Ice Fields, you totally were not able to protect her at all! What’s more laughable now is that you’ve completely forgotten about her and you’ve found yourself another fiancée? If one day you finally recall all these, I want to see how you’re planning to punish yourself!”

“Anyway, I’ve already given way to you the first time so I will never give way to you the second time. Bai Ruoli.... I want her! On accord of our past relationship, I’ll let you off today! This bottle of medicine is for you. I’ve researched various ways of treating damaged primordial spirit before I finally refined this bottle of medicinal pills. With it, your condition should be relieved slightly.”

“But after taking this medicine, leave Bai Ruoli’s side sooner! You’re not worthy of her! This is my last warning to you. The next time we meet, if you’re still by her side, then don’t blame me for not considering our past relations!”

Liu Buyan rebuffed him all the way and initially Li Moying was extremely furious.

But as he listened, he felt that something was amiss so his forehead creased even more tightly than before!

If it was before that Liu Buyan talk to him in this way, he would absolutely why not understand what Liu Buyan’s meaning was!

But it wasn’t the same now. Just a few days ago, his Li’er had just told him that he was the reincarnation of Soaring Heavens Continent’s number one top expert Mu Chengying!

Although he trusted Huang Yueli very much, but for such a ridiculous matter, he still had a little problem accepting it until now.... Liu Buyan’s words to him, hadn’t it acquiesced that he was Mu Chengying himself?

Liu Buyan said he had once promised made a lovers’ vow, so that naturally was Li’er’s past life....

But why did Liu Buyan said.... gave up?? Could it be that he also liked Li'er in her past life? But none of the rumours had mentioned that the number one Divine Doctor Liu Buyan had once liked Huang Yueli?

Although Liu Buyan was Mu Chengying's best buddy, but before this Li Moying had not considered the fact that Liu Buyan knew about his identity in his past life.

Because even he himself had no memories, and it took Li'er a couple of months to discover the doubtful points on him so there was no way Liu Buyan could know about his identity.

But now, the truth was the exact opposite!

How on earth did Liu Buyan knew about this? What else did he knew? Some things which he said were something which even Huang Yueli didn't knew about!

"Wait, Liu Buyan, let me ask you....."

However, after Liu Buyan left those words, he threw a medicinal bottle into Li Moying's hands and with a flick of his sleeves, he gave a chilly laugh, "Why? Now you know to be afraid? Unfortunately I have nothing to say to you! Remember what I said.... don't let me see you and Bai Ruoli together!"

Chapter 1284: Something happened to Young Sect Master (1)

Li Moying's brows creased as he suddenly thought of something. Liu Buyan was not only his best buddy in his past life, furthermore.... he was also his rival in love!

And from the looks of it, the two of them had already turned into enemies in his past life!

Then now... will Liu Buyan still answer the doubts in his inner heart?

He only hesitated for a moment but Liu Buyan was extremely disappointed with him so he totally didn't give him any time to continue asking.

After he threw the bottle of medicinal bottle to him, Liu Buyan turned around and started to leave!

"Liu Buyan! Stand right there! Speak clearly! Earlier did you....."

But Liu Buyan totally didn't listened to him. Instead he sped away faster and in a blink of an eye, he had already reached the bottom of the mountain.

Li Moying hurriedly chased after him.

But unfortunately Liu Buyan's speed was much faster than his. By the time he reached the bottom of the mountain, there were no signs or even a shadow of Liu Buyan's.

Li Moying could only stop his pursue and clutching the bottle of medicine in his hands, his expression turned paler as the memories in his head started to flash past his mind, in segments.

Some were about him and Liu Buyan and there were also some with Huang Yueli. There were also scenes where Liu Buyan came by to visit him and Huang Yueli.....

Those complicated images, scenes after scenes flashed past his mind very quickly.

Some were clear while others were blurry. When he wanted to take a careful look at it, those fragmented memories would suddenly shatter into pieces....

Li Moying couldn't help but bent over as he hugged his head.

At the present moment, he felt that his head was in so much pain that it was about to split open, and his senses..... was starting to drift away.....

In the trance, he seemed to have recalled something.....

Many years ago, when he was still a young man, he was still a nobody following around his mysterious and powerful master cultivating along the small towns around the border. The first time he headed into Sky Emperor City, he had already got acquainted with the sixth tier pill refining master Liu Buyan who had already made a name for himself in Soaring Heavens Continent.

The two of them appreciated each other and very quickly they became firm friends.

Liu Buyan had once mentioned to him truthfully that he had secretly admired a young lady for many years but she had plenty of men wooing after her. He was afraid of being rejected so he had never confessed to her.

At that time, Mu Chengying also encouraged him to not be afraid. Just go ahead and try first but Liu Buyan was very insistent that he must wait till he had become an accomplished ninth tier Pill Master before he would woo her.

Although Mu Chengying was helpless, but he didn't ask Liu Buyan for the lady's name whom he was secretly in love with. He only felt that regarding matters of heart, if his advice wasn't of help then he would just let it go.

Later on, the two of them were separated when they entered Sky Emperor City. For Mu Chengying, on the first time he entered the city, it was love at first sight for him when he unexpectedly saw Huang Yueli for the first time in the teahouse.

Mu Chengying was truly a man of action plus the fact that he never knew what was inferiority so the next day, he started to get involved with her.

The result wasn't surprising at all. He hadn't even met the beauty when he got thrown out....

But he had not felt a sense of defeat. Instead it kindled up his determination, vowing to pluck this flower which was high up!

Later on, after several years, he was already Soaring Heavens Continent's number one top expert and had successfully stuck himself onto Huang Yueli, appearing right beside her often. So although they weren't officially married, but the truth was they only had each other in their eyes and accompanied each other to every corner of Soaring Heavens Continent.

As for Liu Buyan who often saw them, he would reveal a desolate expression.

However, Liu Buyan concealed his emotions very well so he had never displayed his special feelings towards Huang Yueli at all.

Chapter 1285: Something happened to Young Sect Master (2)

At that time, Mu Chengying and Huang Yueli had once asked him why hadn't he confessed to the girl whom he liked.

Liu Buyan only smiled and said someone had already done it before him and that lady was already married to that person.

From then on, Liu Buyan started to flutter around the flowers. Mu Chengying thought that he suffered an emotional setback so he turned into a Casanova. He had never considered the fact that the lady whom Liu Buyan had a crush on for so many years and was confessed successfully to by another person was his little fox....

Later on.....

Later on, what exactly happened?

Li Moying tried to recall what happened in the past but he simply couldn't recall what happened after that.

The more he tried to recall, the more his memories turned into a blur. The pain in his head became more and more intense as it gradually escalated which made the sweat which had formed on his forehead starting to drip downwards....

What on earth... happened??

Li Moying only felt that his chest was starting to twitch in pain. As though after that, something horrifying had happened and the pain in his chest was overly distinct.

But... why he was unable to recall what happened at all!

Li Moying immersed himself into his memories and totally lost the connection between his body and the changes in the outer world.

So he had not realised that the surrounding thunder attributed Profound Qi had all gathered towards his body and the raging lightning kept flashing. Bolt after bolt, it blustered Celestial Light Sect's rear mountain.

Moreover, as the pain in his head continued to worsen, the thunder region around him became more and more powerful, turning violent!

...

Huang Yueli had spent the entire morning hiding in her room. Although she claimed that she was cultivating, in actual fact, she was sulking alone.

Although she obviously knew that the cold war between her and Li Moying couldn't possibly solve any problem, but she just felt gloomy and didn't want to bother about Li Moying.

So in the morning when Li Moying appeared at the door to apologize, she hid in the room, ignoring him.

After Li Moying left, Mo Yi came in several times to serve her tea.

Further, Mo Yi would mention Li Moying every single time.

“Third Miss, this lotus spring tea is something which Master had brought back last year when he went to the East Sky Region to experience training. It’s said to raise an armament master’s concentration and replenish the loss of Profound Energy. I heard that just fifty grams of this already costs ten thousand upper grade spirit stones! Please have a taste!”

“Third Miss, Master specially instructed the cooks to make this Osmanthus cake,, hearing that you especially love this snack.....”

“Third Miss, the armament refining materials which Master had auctioned for in Sky Cloud City a few days already have been delivered, will you please go check the inventory.....”

“Third Miss.....”

Huang Yueli was so irritated by him that she finally couldn’t help but smashed the cup in her hand heavily on the table as she shouted irritably, “Can you stop mentioning about your Master! What are you still so loyal to him? Haven’t Li Moying already assigned you to follow me? Whose side are you on?”

Mo Yi’s expression was unchanged, “Third Miss please be appeased. What I’m saying is just the truth.... Since you don’t allow me to mention Young Sect Master, then.... I won’t mention him.....”

The minute he said that, Huang Yueli suddenly felt that she seemed to be an unreasonable woman who threw tantrums for no reason and immediately felt that she was extremely stuffed.

“Alright, alright, I want to quietly cultivate on my own! Can you please go somewhere else and unless the world is going to collapse, otherwise please don’t come disturb me!”

With a “bang”, the door shut immediately and Mo Yi was swept out of the door.

The serving maid who was waiting by the entrance, was still holding the snack which Li Moying had asked them to prepare before he left.

Chapter 1286: Something happened to Young Sect Master (3)

The serving maid looked at Mo Yi in apprehension, “Protector Mo, these snacks.... What do you think.... we should do?”

Mo Yi sighed, “Forget it, bring it back to the kitchen for now!”

“But, if Master were to blame us....”

Mo Yi waved his hand and said, “We have no choice if he does so! Just leave Third Miss alone for the time moment. Otherwise perhaps we haven’t even buttered up Master yet and instead buttered on the horse’s feet, then we’d be in even deeper trouble....”

The two of them were talking when they heard a flabbergasted voice from the entrance.

“Oh no, Oh no! Eldest Brother, something bad has happened! Where is Third Miss??”

Mo Yi couldn't help but frown, "What's up with this fellow? Why are you so flustered? Third Miss is already in such a bad mood and he's still here yelling and shouting, isn't he giving Master even more problems?"

He hurriedly walked out and just met Mo Er when he was shocked.

"You..... what's the matter?"

Mo Er's clothing was torn and tattered and his face was stained with ash and blood, bearing a pale and weak look. Apparently he was suffering from an internal injury which isn't very light.

Mo Yi immediately got anxious. Mo Er had been following around Li Moying and now that he was suffering from such a serious injury and in such a hurry to look for Third Miss... could it be that something had happened to Master?

Mo Yi pulled his collar, "What on earth happened? Quickly tell me? Has something happened to Master?"

Mo Er ran throughout the entire journey despite being injured hence he was already panting badly while trying to speak out, "Master.... Master his illness suddenly.... acted up....."

"What? How is that possible? When Master went out earlier he was still fine and there's still quite some time before the next full moon, so how is it possible for his illness to act up?"

"It's a long story... anyway... quickly go get Third Miss....."

"But Third Miss she....." Mo Yi frowned.

At this moment, the bedroom door opened and Huang Yueli ran out with an anxious look on her face.

"What were you guys talking about earlier? Li Moying.... his illness acted up again? What on earth happened?"

"Third Miss....."

Mo Er hadn't even said a word when an earth shattering thunder was heard from mid-sky and a bolt of lightning came striking downwards! Momentarily, the entire earth shook as mountains swayed...

Huang Yueli's expression changed and unable to stay any longer, she let go of Mo Er as she turned around and ran towards the bottom of the mountain.

"Third Miss, you.... don't be too anxious.... Wait for me....." Mo Yi anxiously chased after her!

When Huang Yueli arrived at the scene, a large portion of Celestial Light Sect's foot of the mountain had been blocked by an array.

Ordinary disciples were all obstructed outside the array and only the Sect's high levelled protectors and above members were allowed into the array.

Although ordinary disciples were not able to enter, but most of them didn't leave. Instead they were hiding in a corner with a terror-stricken face, trying to take a clear look at what's going on in the array!

Li Moying usually had a fixed timing for his illness to act up and after he took Liu Buyan's medication, most of the time he wouldn't cause such a huge commotion.

Even if sometimes the medication failed, he would only destroy the rear mountain which was where he was residing in.

So this was the first time when most of Celestial Light Sect disciples had seen such a huge array, furthermore not knowing why this was done!

Momentarily, everyone was flustered.

"What's going on? Why has such a powerful thunder been attracted? This is simply too terrifying!"

Chapter 1287: Something happened to Young Sect Master (4)

"Heavens, this shocking aura should at least be a ninth stage realm practitioner advancing, which would cause such an effect like this... could it be that someone in the Sect is advancing into ninth stage realm again?"

"How could that be possible? How many years has it been since the Sect had any new ninth stage realm practitioners? Young Sect Master has the highest possibility to breakthrough but he's still young so no matter what, it'd still take several years for that to happen!"

"Then.... what on earth is happening? Surely it cannot be that other Sect's people came attacking Celestial Light Sect right?"

"Quickly take a look! Those flying around in the air are all our Sect's ninth stage realm Elders! They have all came, what on earth is happening??"

Huang Yueli too saw those Elders who had arrived and couldn't help but frowned.

So many ninth stage realm practitioners and none of them could stop Li Moying, it showed the severity of his illness this time round!

He'd already been in such a stage and yet he still refused to listen to her to seek consultation, she really didn't know what else to say!

She hurriedly squeezed through the crowd and dashed towards the array.

The disciples behind her wanted to call out to her when they saw that she was dressed in an outer disciple uniform.

"This Junior Sister, you.... don't be rash. It's very dangerous there and it's not a place where we ordinary disciples can enter!"

"That's right, besides that even if you wanted to enter, you're not able to. That array will obstruct all disciples below fifth stage realm outside....."

Before that person's words were completed, he suddenly stopped as his expression seemed as though he had seen a ghost.

He saw Huang Yueli enter the array easily, slipping inside swiftly. Not only was she not obstructed by the array, her speed had not even decreased as she dashed inside.

There were guards outside the array but no one was fast enough to react. They only saw a fleeting figure passing between them and in a blink of an eye, it was gone.

Huang Yueli had ran towards the direction of where the lightning was striking downwards.

When she got nearer, she finally saw Li Moying's situation clearly.

At this present moment, his entire body was enveloped by electrical currents and lightning wings which she saw previously in Celestial Light Academy had once again appeared behind his back.

Li Moying's pale white face with his tightly knitted brows was bearing a tormented expression but the imposing manner on his was so powerful that he was in a world above others!

His surrounding circumference had been enveloped by lightning and even for a ninth stage realm practitioner like Murong De was not able to get close to him!

Other than the ninth stage realm Elders, some other direct disciples had also hurried over. The only ones who Huang Yueli recognised were Luo Jiyun, Li Lingchuan and.... Murong Fei!

Murong Ni had not appeared this time round, probably because her cultivation was simply too low so she might accidentally lose her life if she appeared here.

Other than these people, there was no Shadow Guards around at all. This made Huang Yueli surprised but when she linked back to Mo Er's dishevelled look earlier, a sliver of uneasiness arose in her heart.

Just at this moment, Murong Fei suddenly sensed her vision and turned around.

On seeing Huang Yueli, her face immediately surfaced a hatred expression as she strode over.

"Bai Ruoli, you.... you little slut, how dare you even come here? Who let you enter this place?"

Huang Yueli directly ignored her as she proceeded towards Li Moying.

Murong Fei clenched her teeth as she shot upwards like an arrow, blocking her path, "Stand right there! Where do you think this place is? You certainly have a lot of guts!"

Chapter 1288: Something happened to Young Sect Master (5)

Huang Yueli then shifted her gaze to her as she coldly opened her mouth, "Move aside! Don't block my way!"

Murong Fei sneered, "Why? Where do you think you're going? Who do you think you are? Can't you see Eldest Senior Brother's current condition? When Eldest Senior Brother's illness acts up, his cultivation shoots up genuinely to ninth stage realm peak! Even if my father and the other Elders join hands, they also find it hard to control him! Who do you think you are? If you dare to go over, you'd immediately be struck into ash by lightning! For a woman with a lowly cultivation like yours, usually it's more than enough for you to hide behind Eldest Senior Brother's back. At this kind of timing, it's not time for a little slut like you to create trouble."

Huang Yueli frowned, feeling that Murong Fei was extremely irritating!

If Li Moying's current situation was not controlled in time, he would be exhausting his Profound Energy and life source so she had no time at all to waste!

"I'll say this one more time, move aside! I'm willing to go over so what concern is it of yours? If I'm struck to death, shouldn't you feel glad over it?"

Murong Fei went into a blank as she immediately said, "Of course I'm glad if you die! But if you try to create havoc from this and cause Eldest Senior Brother to die, then what should we do? Hurry up and get lost! This place doesn't welcome you!"

Huang Yueli replied, "I think... if you don't hurry and move aside, then you're the one who will cause him to die!"

Murong Fei couldn't help but laughed out, "Ha.... This is the funniest joke I've heard. You.... ahhhh!"

She was laughing halfway when she suddenly shrieked.

So, Huang Yueli couldn't bear to hear her awful laughter and had no mood to haggle on with her so she threw out her right hand and retrieved a thin and almost transparent little dagger, casting it towards Murong Fei's face.

Murong Fei only cared about laughing and had not expected that this young lady whose cultivation was so far away from hers actually struck out at her.

She was caught unawares and although she managed to evade it, but her pretty face was still scratched by the flying dagger.

Murong Fei was so infuriated that she jumped up, "Little slut, how dare you to actually hurt me? Now that Eldest Senior Brother is no longer able to back you up, see if I don't tear you into two parts!"

Huang Yueli couldn't even be bothered to take a look at her as she ran towards Li Moying.

At this moment, Li Moying's thunder attribute energy had gathered to the maximum and was at a point where it would explode at any moment.

Murong De and seven other ninth stage realm Elders were all in positions around him, trapping him according to the Eight Trigrams positions.

Each Elder bore a grave expression, lifting their concentration as they guarded, afraid that Li Moying would suddenly burst into a rage!

The energy of Li Moying's thunder region was getting more and more frantic while the array which the Elders were controlling started to take a toll on them so signs of tiredness appeared on several Elders' faces.

Murong De was one of the youngest amongst them and because of that, he suffered the most pressure as his complexion started to become graver and graver.

He had not expected Li Moying's power to increase yet again. Originally it was already difficult to control him and now, he had actually attracted the Heavenly Thunder! It was rumoured that only those

practitioners who had a breakthrough to tenth stage realm while advancement would attract Heavenly Thunder!

Did it mean that... he was already closing in to tenth stage realm?? Why was it that.... whenever he acted up, the Profound Energy in his body would become stronger and stronger?

Furthermore, today was obviously not full moon's night, why did his illness suddenly act up?

Just at this moment, he heard Murong Fei and Huang Yueli's argument.

Chapter 1289: Things are in bad shape (1)

Murong De used his peripheral vision from the corner of his eye to take a look and recognised the young lady next to Murong Fei.

She was the young fiancée which Li Moying had brought over from South Yue Kingdom!

Hearing Murong Fei scolding her with the name "little slut" with every single sentence, the veins bulging on Murong De's head started to twitch.

His eldest daughter.... Had indeed been pampered rotten by him! What kind of timing was this now and she was still thinking of fighting for affections with her love rival?

Li Moying's attitude was clear for all to see. He only liked this young fiancée of him and so because of this, he didn't even give any face to his Master! With Li Moying's innate talent and character, who dared to force him? The entire Celestial Light Sect's future heavily depended upon him!

Moreover, even if she wanted to fight for affection, she shouldn't choose such a timing to do so!

Li Moying was on the verge of eruption and originally it was totally unpredictable on what would happen when his illness acted up.

If Murong Fei were to hurt his young fiancée at this juncture, affecting Li Moying's emotions, he might really act recklessly and go on a killing spree!

Especially since today Li Moying actually displayed power which was close to the tenth stage realm....

To tell the truth, even if he joined hands with the seven Elders, with the aid of array and high levelled Profound Armaments, there was a ninety percent chance that they wouldn't be able to stop him!

Murong De wanted badly to stop his own daughter but he was now in position at the array and couldn't move as he wanted so he could only barely watched these two young ladies' quarrel gradually escalating.

After Huang Yueli hurt Murong Fei, the latter flew into a rage and without a care to avoid Li Moying's thunder region, she directly chased after Huang Yueli into the inner part of the array.

Murong De was so scared that his forehead was filled with sweat and he finally couldn't endure it any further and risked suffering the backlash from the array as he shouted out loudly to stop them.

"Stand there! Don't come over! It's dangerous here!"

However, Huang Yueli didn't decrease her speed at all. Instead, she charged towards the thunder region!

Murong Fei hesitated for a moment but on seeing Huang Yueli about to get away, she clenched her teeth as she pursued after her!

Huang Yueli's figure was like lightning as she zig-zagged neatly around the lightning seams and charged forward without any signs of slowing down!

But Murong Fei did not have that kind of precise sight nor did she had that excellent body movements so the minute she entered into the thunder region, just within three breaths, she was struck by the first bolt of lightning!

"No—!"

Murong De's eye popped out in terror.

He witnessed Murong Fei's body being struck as it flew out, a large portion of her chest had turned black and right after she fell onto the ground, she lost consciousness.

Murong De almost couldn't stabilise the array as he subconsciously wanted to fly over.

It was Elder Qiu who was beside him who softly coughed out to remind him, "Sect Master, be careful! The array is not going to hold up any longer!"

Murong De barely managed to control himself and upon turning back, Li Lingchuan and Luo Jiyun had already ran towards Murong Fei, crowding around her to conduct first aid and after a moment later, Murong Fei threw out a mouthful of blood as she slightly gained consciousness which allowed him to rest assured.

But at this moment, Elder Qiu opened his mouth again, "Sect Master! Things are bad, that young lass had really ran in and she is going to run into Young Sect Master immediately, what should we do??"

Murong De took a look and realised that while he had lost concentration for that short moment of time, Huang Yueli had already ran a few kilometres and was now within three to four hundred meters away from Li Moying.

His eyes grew wide as he looked in disbelief, "Wait a minute, how did she enter? Don't tell me she just ran in like that?"

Chapter 1290: Things are in bad shape (2)

Elder Qiu had witnessed it with his own eyes so he was even more astonished than him.

"Isn't that so? I saw her running in just like that and moreover, she ran pretty swiftly!"

Murong De said, "Elder Qiu, are you sure you aren't seeing things? The lightning here is so concentrated and she's just.... at fourth stage realm. Wait a minute, she's actually in the fourth stage realm!"

He said that halfway and upon careful look at Huang Yueli's cultivation, his eyeballs nearly dropped out on the ground as he almost couldn't hold up the array once again.

Murong Fei had told him before that Li Moying's young fiancée's cultivation was extremely weak, her innate talent was really bad and that she used her face to seduce Li Moying. At that time, he felt that something was amiss. After all, for a person like Li Moying, would he place any emphasis on a woman's beauty?

In the end, after seeing her today.... she was no trash at all! At her current age, to be able to attain fourth stage realm later stage was enough to become a direct descendant in Celestial Light Sect!

Elder Qiu saw him going into a trance as he hurriedly added on, "Sect Master, let's not bother about what is her cultivation for now, what should we do right now! She dashed into the array like that and if she alarmed Young Sect Master and infuriated him, then we might not be able to stop him!"

Murong De's face turned stiff as he regained his senses and immediately became anxious!

That's right, if he allowed Huang Yueli to dash in like that, then things were going to be in bad shape!

What Elder Qiu said was only a portion of the consequences. Even if they were able to stop Li Moying from erupting but if Huang Yueli went next to Li Moying who was now acting up, she would definitely be attacked by him! How was it possible for a fourth stage realm young lass to even take a casual strike from a ninth stage realm peak practitioner!

That young lass was absolutely dead meat!

When Li Moying awoken and realised that his beloved fiancée had died in his own hands.....

Perhaps he might really go crazy!

The more Murong De thought, the more terrified he got as his face turned pale. This young lass absolutely could not die!

He hurriedly added, "This will not do! Elders, let's not bother about the array. Follow me in quickly and whisk that impudent young lass out! She just dashed in like that so she's not going to be able to live!"

When the Elders heard his command, they all went into a blank as no one heeded his command.

"Sect Master, are you sure? She's merely a young lass so if she dies, then let it be! Even if her innate talent is not bad, but surely we cannot risk the danger of Young Sect Master losing control to save her, right?! If Young Sect Master really loses control, then perhaps the entire Celestial Light Sects' disciples will all die!"

"That's right, Sect Master, although it is a waste for a genius to be lost, but you've got to be clear on which is more important!"

"That's right, furthermore, we didn't want that young lass to run in. It's she herself who's looking for death!"

Murong De's facial expression turned extremely ugly as he replied urgently, "What do you know? She's Young Sect Master's fiancée! If anything were to befall onto her, would Moying still stay in Celestial Light Sect?"

The crowd was stunned momentarily as all of them started breaking out in cold sweat.

They were the Sect's higher management and naturally heard about the rumours in the sect, regarding how Li Moying had bristled with anger over a beauty.....

But Li Moying's fiancée of his really had no vision at all!

What kind of timing was it now and she still dared to run about recklessly. Wasn't she finding trouble for everyone?

Just at this moment, Luo Jiyun suddenly ran over and shouted, "Master, don't be too anxious! Don't dispel the array! Elders, please maintain your current positions!

Murong De frowned, "Jiyun, why are you also....."
