Chapter 1301: Reconciled (6)

Truth had proven that a quarter of an hour was not enough to settle it.

Luo Jiyun kept choosing for some time before he finally chose one Profound Armament.

And in this way, it was already time for lunch.

Luo Jiyun was obviously retarded and hadn't noticed his Eldest Senior Brother's flaming gaze as he stayed on to have lunch.

After lunch, Li Moying couldn't take it any further as he swept him out of his door!

After such a long argument, Huang Yueli and Li Moying regained their lovey dovey state and the two of them started appearing within Celestial Light Sect in pairs, which made numerous people green with envy.

On the second day after Huang Yueli patched up with Li Moying, she sent someone to look for Liu Buyan, to find out when he was returning.

Unfortunately, the only news she found was that Liu Buyan had once again left for consultation and his return date was unknown.

Hearing such a response, Huang Yueli was slightly unhappy, "What's the matter with him? We had obviously agreed on this? Why didn't he sound me when he was back and now without any notice, he ran off again!"

Li Moying added more oil to the fire, "I already said this, the both of us don't see eye to eye with each other. Perhaps he's not willing to help me so consultation but only didn't wanted to reject this in front of you. After you left, he started to regret it."

Stabbing a knife on his love rival, he totally felt no ounce of guilt at all. Furthermore Li Moying felt that what he said was the truth. Liu Buyan indeed didn't wanted to do a consultation for him but he indeed didn't know how to reject Huang Yueli so in which way were these words a lie? At most it was just a little misleading.....

Huang Yueli naturally trusted him entirely and her impression towards Liu Buyan took a turn for the worse, "How could he act in this way? If he didn't wanted to do a consultation for you, just tell me straight, how dare he try to pacify me like this! This is just too much. Next time he looks for me, I'll ignore him!"

Li Moying was so happy that he almost laughed out! He didn't expected his Li'er to be so understanding and was about to draw the line with Liu Buyan?

He tried his best to stop his laughter but his shoulders kept shaking from the delight.

Huang Yueli stared at him curiously, "Moying, what's the matter? Are you not feeling comfortable somewhere again?"

“I’m fine....”

Li Moying was just about to explain when he heard a knocking sound on his door and following that, Mo Er’s voice was heard, “Master, Sect Master sent someone over saying that those people from West Sky Region’s Green Cloud Sect have arrived and will like to invite you over for a discussion....”

Li Moying nodded, “I know already, I’ll be right over.”

Huang Yueli blinked as she asked curiously, “Green Cloud Sect? Why have they sent someone over?”

She had heard of this Green Cloud Sect in her past life. They were West Sky Region’s number one Sect, comparable to South Sky Region’s Celestial Light Sect.

But the four sky regions’ practitioners cultivation were averaged out in high and low. West Sky Region’s practitioners were the strongest among the other sky regions whereas South Sky Region’s ability was the lowest.

So although the reputations were said to be comparable, but Green Cloud Sect’s ability in total was no different from a few large Sect in Soaring Heavens Continent whereas Celestial Light Sect was much worse off. So these two Sects were actually not on the same level.

Li Moying wasn’t in a hurry to explain, “I’ll head over first and when I come back I’ll explain to you in detail. If I’m back late, have your meal first and don’t wait for me, en?”

He finished up his words and lowered his head naturally giving her a huge kiss on her face, totally not noticing the Shadow Guards who were standing by the side.

After he finished his kiss, he turned around and left.

Mo Er tried his best to control his movements, to only stare straight and not look elsewhere. He didn’t even dare to look at Huang Yueli in the eye, as he stiffly left along with Li Moying.

Chapter 1302: Ancient Mystic Region (1)

Huang Yueli was bored and was preparing to visit Su Qingyue and the others while Li Moying wasn’t around.

Whoever knew, she had just reached the entrance when she met with an unexpected guest.

“Miss Bai, we haven’t met for a few months and it seems that you have grown much prettier than before. It’s no wonder that you’re the lady whom Eldest Senior Brother have taken a fancy upon.”

An introverted and amiable voice was heard from behind her back.

Huang Yueli turned back and saw Li Lingchuan who was dressed in a long green robe standing not too far behind from her. Although a smile hung on his face, but his expression seemed extremely cold.

“So it’s you! We aren’t that familiar right? Will you please move aside!” Huang Yueli said in an impolite tone.

She still recalled the time when they were still in the Dark Moon Forest and Li Lingchuan almost got Li Moying killed, this person was her enemy! She naturally didn't showed him any face at all.

Li Lingchuan seemed as though he didn't see her expression filled with deep hatred as he walked directly in front of her.

"What's the matter? Eldest Senior Brother actually didn't follow you around to protect you? He actually let you roam about in Celestial Light Sect?"

Huang Yueli's arms were crossed, "What does it have to do with you?"

"I'm only worried that Eldest Senior Brother is not able to protect you properly. After all... I heard that my Third Junior Sister and Youngest Junior Sister all hate you to the core! Tsk tsk, you have a lot of guts, seducing my Eldest Senior Brother under these two ladies eye, you actually still humiliate them so much. It seems that you have a lot of schemes!"

Li Lingchuan smiled as he talk, but every single sentence was filled with ridicule.

Huang Yueli coldly replied, "You're here just to tell me all these? Trying to stand out for the two Miss Murongs? Allow me to remind you that Celestial Light Sect is not your turf, but my fiancé's turf! If you were to do anything to me here, I wonder who will be the one who will get into trouble!"

Li Lingchuan was a sixth stage realm practitioner and moreover he was experiences in actual battle so in terms of battle power, he was way above Murong Fei!

A few months ago when they met in the Dark Moon Forest, Huang Yueli was totally not his match.

But now things weren't the same anymore. Huang Yueli admitted that even if she wasn't able to defeat him, but at least she had the ability to escape. Moreover Li Moying would be back any time so she didn't know how was it like to be anxious.

Li Lingchuan walked neared to her as he started to unleash his Profound Energy with the intention to give her some pressure.

Unfortunately, Huang Yueli totally had no reaction and this made him felt defeated.

"This is so interesting.... You really think that Li Moying can protect you forever?"

Huang Yueli raised her chin and replied without any hesitation, "Of course! But even without his protection, I can protect myself!"

This was the aim which she had been working hard towards. She didn't wanted to be Li Moying's burden. She wanted to be like in her past life, a buddy who could accompany him alongside during a battle and entrust their backs to each other! She wasn't those kind of weak young lady!

Li Lingchuan couldn't help but laughed out loudly, "Good, you sound so magnanimous! No wonder you're Eldest Senior Brother's woman! I hope ten days later, you can still say the same thing!"

Huagn Yueli frowned, "What do you mean?"

Li Lingchuan sneered, "You know.... what was the reason why Master called for Eldest Senior Brother so early in the morning, and moreover so anxious?"

Huang Yueli recalled Li Moying's anxious look as she was slightly puzzled.

"Why? Wasn't it because Green Cloud Sect's people are here today?"

"Then, haven't he told you the reason for why Green Cloud Sect is here for?"

Chapter 1303: Ancient Mystic Region (2)

Huang Yueli frowned as she didn't say a word, but only glancing coldly at Li Lingchuan.

Not knowing why, she sensed that this fellow definitely was up to some schemes.

Li Lingchuan said, "To tell you the truth, Green Cloud Sect's motive in coming here is because they have discovered an ancient mystic region at a location where South Sky Region and West Sky Region meets!"

"Ancient Mystic Region! Is this true?"

Huang Yueli couldn't help but be astonished when he said that.

In ancient times when the Profound Qi was concentrated in Soaring Heavens Continent, there were plentiful of strong experts. So in each Ancient Mystic Region, there was a large number of opportunities and treasures which were left down from the ancient times. There were many who entered the mystic region and took a huge step forward to become a top rated expert.

Like Huang Yueli who discovered the Sacred Phoenix Race's inheritance tower was one example. But the area of the inheritance tower was very small and it was only one part of the historical remains so there wasn't any large space to explore within that mystic region. There were plenty of opportunities which were hidden within the mystic region.

But in Soaring Heavens Continent, there weren't many Ancient Mystic Regions to be discovered. There were a total of ten and seven of it were under the control of the hidden sects in Sky Emperor City.

So if Green Cloud Sect were to discover a new Ancient Mystic Region, then that would be an incredible discovery which was enough to change the entire Soaring Heavens Continent's stance!

Li Lingchuan observed the expression on her face as he said slowly, "Do I have a need to lie to you? When Eldest Senior Brother is back, just ask him and you will know."

Huang Yueli didn't really believe him, "Since Green Clouds Sect has discovered an Ancient Mystic Region, instead of keeping it for themselves, they actually came and told Celestial Light Sect? This is simply not logical, right?"

Li Lingchuan replied, "Why? Is this very strange? Although Green Cloud Sect discovered a mystic region, but they don't have the ability to activate this mystic region. It was rumoured that this mystic region requires at least twenty ninth stage realm practitioners to operate together so that it could successfully be activated! Green Cloud Sect don't have that many ninth stage realm practitioners."

"So that's the case. In this way, are they here to seek cooperation with Celestial Light Sect?" Huang Yueli said while in deep thoughts.

Li Lingchuan replied, "That's right. Although there are other Sects within West Sky Region but they are after all from the same continent. Green Cloud Sects don't want to let their competitors gain any advantage thus they chose South Sky Region's Celestial Light Sect which is very far away."

Huang Yueli nodded and gave a joyous expression, "How should I say it? Will Celestial Light Sect be sending anyone into the mystic region? What qualifications do they need to be able to enter it?"

Li Lingchuan gave her an astonished look as he said in surprise, "From your tone, you don't seem to understand what's going to happen? I'm telling you, in this kind of ancient mystic region, there will definitely be a restriction on the number of people who can enter. But Eldest Senior Brother will definitely be one who can enter. As for you, you can only wait outside. Think about it, how many people are jealous of the fact that you've snatched away their male god? When Eldest Senior Brother is gone, how many people will exact their revenge on you?"

Huang Yueli went into a blank.

Li Lingchuan thought that she was afraid and revealed a complacent smile, "Now you know what it's like to be anxious? Frightened? By the time Eldest Senior Brother enters the Ancient Mystic Region, it will be too late for him to come out to save you! Aren't you just waiting for people to slaughter you?"

Huang Yueli blinked and blinked again then her expression changed as she intentionally gave an extremely terrified look and cried out meekly, "Then.... then what should I do? Moying.... Moying will really not care about me?"

Li Lingchuan saw her expression and couldn't help but laughed out loudly in his heart.

He coaxed her by saying, "That would depend on whether he values you deeply or not. If he does, perhaps he would give up the chance to enter the mystic region because of you?"

Chapter 1304: Ancient Mystic Region (3)

Huang Yueli was suddenly enlightened, as she finally understood what Li Lingchuan was up to.

So this fellow was afraid of Li Moying going through a breakthrough in the ancient mystic region so he intentionally came to scare her, hoping that she would stop Li Moying from entering the mystic region!

In Li Lingchuan's eyes, her cultivation probably wasn't worth noticing and she definitely required Li Moying to protect her. So he assumed that she couldn't bear for Li Moying to leave her?

Alas, he had really been thinking too much.

Huang Yueli was having this thinking but her face revealed a meaning expression, "Then... what should I do, he.... he wouldn't go to the mystic region... right?"

Li Lingchuan smiled, "This.... it's not easy nor too difficult. But if he really values you, he will definitely stay behind for you. You just need to beg him to do so! Of course, if he's not willing to give up for you, that would mean.... Hehe, you should understand it clearly yourself."

Understand your head! Did he really thought that she was an ignorant woman who wasn't aware of anything? In order to keep her fiancé beside her, she would delay his future. Just how many stupid people would do such a thing?

Huang Yueli really wanted to roll her eyes towards the sky but she endured it.

She cried out meekly, "Then.... when he comes home, I'll persuade him....."

Li Lingchuan thought his scheme had worked when he saw her look and added more oil to the fire, "Then we'll have to see your ability! Now those people who are jealous of you are already discussing how to deal with you! Hehe, you'd better watch out for yourself!"

Saying that, he turned around and left.

Huang Yueli looked at his departing figure and lightly frowned.

From Li Lingchuan's meaning, it was a difficult chance to enter the mystic region, otherwise he wouldn't have specially came over to threaten her, just to stop Li Moying with the largest possibility to go in! Perhaps Li Lingchuan and the others had already obtained first hand news on the situation inside the mystic region!

Looked like she had to discuss this matter with her fiancé.

...

It was night time and Li Moying dragged his chilly body back to the room as his expression was obviously tired with his lips slightly pursed. A tinge of impatience was also seen on that good looking face.

But after seeing Huang Yueli welcoming him with a light smile, he instantly relaxed and even gave a smile back.

"Li'er, I heard that you went out shopping today? What good stuff have you bought?"

Huang Yueli replied, "I'm not telling you what I bought, that's a secret! But I met a person whom you totally would not think of! Make a guess who is it?"

Li Moying's brows rose as he looked at Huang Yueli.

His Li'er had a sly expression as her full moon eyes were looking at him, waiting for his reply.

Li Moying intentionally paused for a moment, "Mn.... this... seems very difficult to guess." He paused for a moment and said, "But I guess, it should be my Second Junior Brother Li Lingchuan?"

Huang Yueli instantly became disappointed, "You... how did you know? You even guessed this correctly!"

"This is because..... our hearts are linked together!" Li Moying laughed. "Did you send someone to follow me around? Or is it Mo Yi the bigmouth who sold me out!"

Li Moying pinched her puffed up cheek as she shook her head, "None of it is correct. But Li Lingchuan was supposed to go to Master today to have a discussion today but he was late for almost an hour. So linking it all up, he should have met you on his way there?"

Chapter 1305: Ancient Mystic Region (4)

Huang Yueli pouted as she muttered, "You.... aren't you a little too smart? You can even link this up! Then I'll ask you, can you guess what he told me?"

Li Moying indifferently replied, "What else can it be? He probably tried to scare you to stop me from going to the ancient mystic region!"

Huang Yueli was really shocked, "You actually guessed this correctly as well! That's right, he indeed said that. He said that when you weren't around, I will definitely be bullied by the others so he wants me to beg you to stay and accompany me! Did he think I am an idiot?" She exclaimed furiously.

Li Lingchuan's words were simply insulting her wisdom!

Li Moying couldn't help but shook his head as he laughed out, "I knew he's a dumb fool so just ignore him and let him go act out his single role!"

He knew many years ago that Li Lingchuan's aim was to replace him, to become Celestial Light Sect's future Patriarch. But Li Lingchuan had never thought that in actual fact, Li Moying totally had no interest in Celestial Light Sect. It was a matter of time before he left and he would not become competitors with him at all.

It was Li Lingchuan who was treading on death's path all along. If this carried on, sooner or later, his little life would be thrown away.

Although Li Moying didn't said it clearly, but their hearts were linked so just from his cold smile, she was able to guess his intention.

She couldn't help but laugh as she said, "That's right, so the matter regarding the ancient mystic region is real? Li Lingchuan said Green Cloud Sect sent someone here so that they can activate the ancient mystic region with your Sect? That's a newly discovered mystic region?"

Li Moying nodded, "This matter is real and Green Cloud Sect had been lucky. This was rumoured to from an ancient record which had been lost in transmission and in it they discovered an ancient cave which had been left behind by an ancient deity so they spent quite an amount of effort before they certified the location. This originally wouldn't be revealed to us Celestial Light Sect. But too bad they don't have enough ninth stage realm practitioners in their Sect and out of desperation, hence they decided to cooperate with us."

The minute Huang Yueli heard his confirmation, she became even more excited, "Really? A super expert who broke through to god realm, these people all seem be living in God Realm and very rarely return to Soaring Heavens Continent. This kind of mystic region is something which doesn't come by often! There must be a lot of treasures inside!"

Li Moying looked at her as he smiled, "Why, from your meaning, it sounds as if you want to join in as well."

Huang Yueli blinked, "That's a given!"

Li Moying said, "With such an opportunity, the quota is very small and after each of the departments in the Sect fight head to head over this, the chance will only be given to direct disciples."

Huang Yueli stared at him in dissatisfaction, "What do you mean? Are you telling me that as fiancée of Young Sect Master, I cannot enter?"

Li Moying's eyebrows rose as his good looking face leaned in close to hers, "Give me a kiss and I'll bring you in?"

Huang Yueli didn't kiss him. Instead she stretched out her hand and pulled his ears, "Fat hope! I'm telling you, Li Lingchuan said that if you were to go in, then if a pathetic fourth stage realm practitioner like me stays outside here, a lot of people will be waiting to bully me and by then, I will suffer a terrible fate!"

"Who else can bully you? Aren't you the one who is always bullying others? Every single day when I go out, I hear people complaining to me that you're beating this person or that person on that day!"

Li Moying intentionally laughed at her.

"That's because they deserved to be beaten up! It's a waste of energy for me to beat them up alright?" Huang Yueli replied in a upset tone.

Chapter 1306: Green Cloud Sect is here (1)

Seeing that Huang Yueli was slightly unhappy, Li Moying finally smiled and said in a conceded tone, "Alright, you've already said that you're Young Sect Master's fiancée, so how can we not allow you to enter the mystic region? Rest assured!"

Huang Yueli looked up as she gave him a chilly glance, "Not going to despise a fourth stage realm practitioner like me from obstructing your way?"

Li Moying laughed out as he gently held her slender waist, "How could that be possible? Our number one Armament Master willing to lower her status to form a team with me, that should be my honour!"

Huang Yueli then spoke satisfactorily in a pampered arrogant tone, "Hmph, at least you know how to talk!"

Li Lingchuan had never thought that Li Moying would bring Huang Yueli into the mystic region together because normally, for a seventh stage realm expert like Li Moying, having a fourth stage realm lass around was a troublesome thing.

If they only went to safe places, then there's no meaning in going to the mystic regions. But if they were to go take risks, they would easily be dragged down by people of lower cultivation.

He had never imagined that under the heavens there was someone as illogical as Huang Yueli existed?

In actual fact, Li Moying was still a little worried about Huang Yueli's safety but he had the confidence to protect Huang Yueli. Moreover this young lass loved to take risks naturally so even if he wanted to stop her, he wasn't able to so he might as well not waste his energy in doing so.

.....

Two days later, the people from Green Cloud Sect had arrived.

As Green Cloud Sect's Sect Master brought along a few Elders, so it was such an exceptionally festive occasion that even Murong De and the rest put on their formal clothes as they gave them a warm welcome at the entrance of the Sect.

Li Moying also gave Murong De some face as he went out to welcome them as well.

Huang Yueli was merely an outer disciple so she had no rights to follow the Sect Master around, nor did she want to be the limelight.

But as Su Qingyue and the others went on ahead to join in the bustle, so she tagged along with them.

When Green Cloud Sect's flying ship descended, it looked even more luxurious and grander than Celestial Light Sect's and the grandeur was magnificent, it was evident that the intent of suppressing Celestial Light Sect from the start was there.

Hearing the surroundings echoing with phrases such as "so pretty" and "so incredible", Huang Yueli frowned.

From the looks of this, Green Cloud Sect obviously came with malicious intent.

If they were really sincere in the talk on cooperation, then did they need to use such a provocative manner for this visit?

Not much long later, Green Cloud Sect's Sect Master alighted from the flying ship.

Green Cloud Sect's Sect Master was Cui Yuan Shan. Huang Yueli heard of his name long ago and he should be around the same age as Murong De this year and was also a ninth stage realm top expert. But although they were both ninth stage realm practitioners, but the disparity between their abilities was huge. Cui Yuan Shan's total power as compared to Murong De's had stood out by a huge chunk.

Cui Yuan Shan walked to the entrance of the mountain bearing an arrogant look, as he greeted Murong De in a neither cold nor warm attitude.

"Younger Brother Murong, I'd not expected for us to meet so quickly once again!"

Murong De's expression stiffened a little but following by a cold harrumph, he replied, "That's right, we meet again in such a short amount of time, it's really unexpected! Originally I had assumed that with Brother Cui's arrogance, after losing so terribly in the tournament which was held before, you would take quite a long while before you appear in front of us!"

Cui Yuan Shan's expression finally changed as his moustache curled upwards from his anger.

"This... this was just a slip up! Moreover you are just plain lucky to have taken in such a good disciple! It wasn't because of your own ability so what's there to be complacent about?"

Murong De saw that he was infuriated so his smile became even happier, "Look at what you're saying! At our current age, cultivation is something which is difficult to proceed any further. So we can only compare between our disciples. To teach our disciples in the correct way is the greatest ability!"

Chapter 1307:

Green Cloud Sect is here (2)

Hearing their conversation, the outer disciples crowded around were all puzzled.

“What’s the situation? Wasn’t it said that Green Cloud Sect’s Sect Master is specially here to pay a visit to our Celestial Light Sect? Why does it seem like.... They came with ill intentions!”

“Sigh, you must be a newcomer? No wonder you don’t understand the situation! A few months ago, Green Cloud Sect’s Sect Master brought along a bunch of disciples saying that they were here to have an exchange. In the end, they were beaten badly by our Young Sect Master as they ran back to their sect with their tails tucked behind! You tell me, how could our relationship be good at all?”

“Oh? What? Something like that happened?”

“What’s the point for me to bluff you? You see the young man dressed in navy blue robe just standing behind Sect Master Cui? He’s Sect Master’s eldest disciple Leng Yi Feng. I heard that he’s a ninth grade talent! In the end... haha, he totally wasn’t a match for our Young Sect Master!”

“Wow, then our Young Sect Master is really powerful. Little wonder that he’s the male god of Celestial Light Sect!”

“But that Mister Leng is also not bad looking, refined and elegant....”

“So what about that? As long as he goes against Young Sect Master, that means he’s an enemy of Celestial Light Sect! Don’t you dare be smitten towards our enemy!”

The number of disciples he brought along weren’t very little but the most outstanding was the one who followed closely and he should be Leng Yi Feng who the other disciples were gossiping about.

Leng Yi Feng indeed was a man of talent. Just from his imposing manner, he should be around sixth stage realm between seventh or eighth level and he looked stronger than Li Lingchuan and Murong Fei.

Besides him, Cui Yuan Shan also brought along five to six other disciples who were all sixth stage realm and above. It was a magnificent scene to see them all standing there.

But no matter how many strong and powerful disciples there were in Green Cloud Sect, there wasn’t any use at all. Celestial Light Sect only needed one Li Moying and was enough to shine over the others.

Cui Yuan Shan was ridiculed by Murong De so his expression was steely green. It took him quite some time to suppress the anger in his heart as he gave a few cold harrumphs.

“Younger Brother Murong, you still have the cheek to say you know how to teach your disciple? Do you believe that if I were Mister Li’s master, he might already had reach eighth stage realm by now. Following you is obviously a huge delay! Mister Li, why not you consider again. If you wish to come over to Green Cloud Sect, just feel free to open your mouth!”

Hearing that, Murong De seemed as like his cat tail was trodden on as he almost jumped up!

“Brother Cui, poaching another Sect’s disciples is something which is against the society’s rules! If you’re not afraid that the other Sects would get together to go against you, just wait and see!”

“Yo, why so uptight. You know that you don’t have enough ability so you’re really afraid your disciple will run away?” Cui Yuan Shan continued with his sarcasm.

Li Moying didn’t showed much reaction but Leng Feng Yi on the other hand, clenched his fists tightly, trying his best to suppress his emotions but he still revealed some hints of jealousy and hatred.

He was once someone who was flushed with success, one whom the entire Sect had treated as a moon by the crowd, thinking that he was the best candidate to revive their Sect.

In the end? The last time Cui Yuan Shan brought him to Celestial Light Sect for a showdown, he originally was on the winning side. But whoever knew that just as all the other Celestial Light Sect’s disciples were all beaten flat, this Li Moying suddenly came rushing over.

Li Moying was travel worn and hadn’t even changed out of his sweat drenched clothes when he ran up the stage and make his moves again him.

At that time, Leng Feng Yi was still laughing in his heart. with such a condition like that, was he thinking of winning a genius like himself?

Chapter 1308: Green Cloud Sect is here (3)

But in the end, he was severely hit in the face!

Li Moying defeated him in a jiffy and later on, it was as though he had swatted dead a housefly, he perfunctory cupped one fist in the other hand and left.

From the start to the end, Li Moying didn’t even look at him in the eye, making Leng Feng Yi suspect that even until this day, if Li Moying knew who the person whom he had defeated was?

As for now, his Master actually said such things to Murong De publicly! Although it looked like a joke, but Leng Feng Yi knew clearly that his Master had been coveting Li Moying for a long time!

If Li Moying really came to Green Cloud Sect, then would he Leng Feng Yi still had any standing?

Leng Feng Yi was feeling jealous and was filled with hatred as he looked towards Li Moying.

Li Moying seemed as though he had sensed his gaze as he silently swept a glance at him.

Leng Feng Yu had just exchanged glances for just one second but felt as though he had been struck by lightning as his entire body shook!

Because that pair of eyes was just too deep, as abstruse as the nether world, and gloomy and melancholic, making one had the jitters! It was too terrifying!

At the same time, Murong De was repeatedly being ridiculed as he also started to become anxious. Facing Cui Yuan Shan, he totally had no stand at all and the words he said were extremely fictitious.

“Hmph, that one surnamed Cui, don’t even think of using these lousy schemes to strain us Master and disciple relationship. Moying had grown up in Celestial Light Sect since young and he had deep set feelings towards the Sect, so he will absolutely not do anything to betray our Sect!”

“Ha ha, I think Master Li is just giving you face so he finds it ill at east to say it out. Actually he knows clearly that just a mere Celestial Light Sect, the water is too shallow so it cannot accommodate a submerged dragon like him. Master Li, am I right to say that?” Cui Yuan Shan continued to chuckle.

Frankly speaking, for a genius like Li Moying, he knew that even his Green Cloud Sect couldn't accommodate him. But why was Celestial Light Sect's luck so good that they casually took one a disciple of his calibre like that? This kinda dog-sh*t luck really made one jealous! He just wanted to take a dig at Murong De.

When Murong De heard that, he couldn't laugh at all.

The few of them all looked towards Li Moying, not knowing how he would reply.

Li Moying's gaze swept past those few people in Green Cloud Sect and expressionlessly replied, “Thank you Sect Master Cui for your good intentions but I, Li Moying is a man of sentimental values. That year it was Master who saved me when I almost died in the snowy ground. He brought me back to the Sect and I will never forget this gratitude forever. So unless Celestial Light Sect wants to drive me away, forcing me to leave, otherwise I will absolutely not leave Celestial Light Sect!”

The speed of his tone was very slow, but each word was extremely clear and distinct, so elegant and valuable that no one doubted the actuality of his words at all.

When Murong De heard what he said, the huge stone weighing on his heart immediately dropped onto the ground.

He revealed a smile as he said to Cui Yuan Shan, “Ha ha, this disciple of mine is so sentimental and loyal, even the words he says are so direct! Sigh, sometimes I also feel like I'm in a difficult position. His character is so straight, so he might meet with some villains who don't have any eyes so what should we do?”

Although he said “difficult position”, but in actual fact his heart was blooming with flowers!

He had not expected Li Moying to stand up for him, especially in front of Cui Yuan Shan, these words simply added more glow on his face!

Just seeing Cui Yuan Shan's envious and infuriated expression, his waist was no longer sore and his feet no longer hurt. His entire condition couldn't be any better, as he was even happier than when he first broke through to the ninth stage realm!

In total, just one word, refreshing!

Chapter 1309: Green Cloud Sect is here (4)

At this particular moment, Murong De was feeling extremely lucky that he hadn't listened to Murong Fei a few days ago to deal with Li Moying's fiancée.

If Li Moying could stay on in Celestial Light Sect forever, standing up for Celestial Light Sect, then what's the difference on whom he married? He originally wanted Murong Fei to marry him was exactly because he was afraid that Li Moying's wings would grow so strong that he would run away one fine day?

Now, Li Moying had already clearly stated his attitude.

Regarding Celestial Light Sect's matters, there was no way that he wouldn't care about it but Celestial Light Sect was not able to force him to do things which he didn't want to do.

Murong De wasn't silly as well so he knew that what he was referring to was his own marriage.

Speaking about this, Murong De had no way of opposing to what he said. Instead he couldn't wait to go pull strings with Li Moying's rumoured fiancée. For that young lass to win such great favour, it meant that she stood a huge place in Li Moying's heart so she was someone who he couldn't afford to offend!

However, Cui Yuan Shan's expression turned ugly!

Li Moying's words were equivalent to slapping his face. His poaching was openly rejected and to such an embarrassing degree, this as compared to Leng Feng Yi being defeated in one strike was almost the same!

He thought that Li Moying wouldn't dare to offend a ninth stage realm practitioner and would at least leave him some face!

In the end, how would Cui Yuan Shan know that Li Moying had already regained part of Mu Chengying's memories. He had met plenty of ninth stage realm practitioners in the past and without any exception, they were all defeated by him so why would he care about Cui Yuan Shan at all?

Cui Yuan Shan's expression turned green and white.

Murong De on the other hand seemed flushed with success as he broke out into a broad smile to welcome his guests.

"Come, come on, Brother Cui, let's stop blocking the entrance to chat, hurry on into the Sect! After we parted ways that day, I really missed those times when we were together so I've specially set up a banquet in the main hall of the Sect to welcome all of you! You've been over to Celestial Light Sect's main hall, do you still remember it? That's the exact same main hall where the last tournament was held, when Moying suddenly appeared and defeated every opponent he met!"

Huang Yueli looked at the departing figures of these group of people and couldn't help but rolled her eyes towards the sky.

Although Cui Yuan Shan and the rests' backs were facing her and she couldn't see their expressions, but using her butt to think, she knew that every in Green Cloud Sect were probably going mad from fury?

As the saying went, don't hit one's face when you're having a fight. Murong De intentionally mentioned the last event where they were beaten hands down and even set the banquet at where they had been defeated....

Murong De's skill at infuriating others really didn't lose out to Murong Fei at all! No wonder they're biological father and daughter.

But on account that they treated Li Moying pretty well, she could still barely force herself to believe that he was a good guy!

...

After Huang Yueli was done with watching the show, she returned to the courtyard.

She gauged that Li Moying wouldn't be back so early so she thought about going into the Armament refining room to refine some small stuff.

But before she even lit the fire, Mo Yi came knocking on the door.

"Third Miss, Master sent a message earlier saying that he hopes that you can accompany him to entertain the valuable guests from Green Cloud Sect at the banquet this evening.

Huang Yueli went into a blank for a moment and immediately replied, "Banquet? I'm not interested, not going."

Although she loved bustles, but she hated to entertain other people. So for this kind of hypocritical event where she had to speak according to what kind of people she met, she rarely attended in her past life.

Li Moying was almost the same and if he was forced to join in such events, he would usually put on his cold face and not speak a single word from the start till the end. When others say him, they were usually afraid and there were few who had the qualifications to strike up a conversation with him so this was a major embarrassment.

What was wrong with Li Moying today, for him to ask her to join in the banquet?

Mo Yi hurriedly said, "Third Miss, it's best that you go this round. This time I heard that Sect Master wanted to meet you so Young Sect Master specially noted this. Master even said that if you don't like this kind of events, he will not ask you to go next time but for this time, he needs your help....."

Since Li Moying had already said this, Huang Yueli had no way to reject.

"Alright, then I'll make my way over."

She nodded and just as she was about to stand up, Mo Yi added, "Third Miss, Master has already prepared the gown which you will be putting on for the banquet, will you please take a look."

He clapped his hand and a few serving maids carried their own trays as they walked over.

Huang Yueli took a look. A set of exquisite flowing dress was placed on the tray, and it was exactly the same design which she loved in her past life.

Furthermore, this dress was made entirely out of Heaven Arachnid Azure Silk and each silk strand was worth at least ten thousand upper grade spirit stones to weave into clothes. It looked white but with every movement from the wearer, from different angles, the clothes would reflect different lustre and colour, with brilliant flowing lights and it was extremely luxurious.

Ordinary people would use Heaven Arachnid Azure Silk to weave into belts or similar accessories and that was something which was already difficult to obtain. For Li Moying to use it extravagantly to weave into a dress was rarely seen.

When Huang Yueli saw this dress, she was extremely happy. Taking a look at the other serving maids trays with various exquisite accessories she was delighted that they were filled with all those which she loved in her past life.

The corners of her lips couldn't help but raise upwards as her mood turned light and joyous.

The items which Li Moying sent were very expensive but this was secondary. What was most important was that he actually recalled her likes in her past life and after so many years had passed, he hadn't forgotten about it at all. That meant that he really had regained part of his memories and moreover, he finally put her in his heart.

Huang Yueli took the dress and returned to her room to change into it. Then she put on some make-up before following the Shadow Guards which Li Moying had sent over, as she proceeded towards the main hall.

At this moment, Li Moying was standing right outside the main hall waiting for her.

On seeing Huang Yueli, Li Moying immediately stood in a daze and subsequently he gasped in admiration.

He walked over and held her hand as he said in a mellow voice, "Li'er, you look simply stunning in the flowing dress.... You're so beautiful that I can't believe it!"

Huang Yueli smiled sweetly as she pulled up the hem of her dress as turned sideways slightly.

The luxurious Heaven Azure Silk followed her movements striking a dazzling arc, that golden ray accompanied with her slender figure looked like a dream.

Li Moying also was dazed as he couldn't help but hugged her while speaking beside her ear, "What should I do? You're just too beautiful that I don't dare to bring you to the banquet. If someone else falls in love with you, what should I do?"

Huang Yueli said laughingly, "Why? Young Sect Master Li also has his moments of no self-confidence? You're South Sky Region's number one genius. Which man can be more powerful than you, I'm not blind so why would I shift my affections on to another person? Moreover.... There are so many female disciples who are secretly in love with you, since I'm not worried, what do you have to worry about!"

The ending of those words sounded a little sour.

Li Moying touched his nose instinctively feeling that this topic shouldn't go on.

He hurriedly said, "The banquet has started and we're already late so let's hurry and go in."

Saying that, he stretched out his arm towards Huang Yueli, allowing her to hook her own arm onto his before he started leading her into the banquet hall slowly.
