Chapter 1341: A better choice (3)

This time round, he had finally met a young lady who barely lifted his interest, even taking the initiative to speak to her. So he had never imagined that he would actually be dismissed in such a way?

This young lass obviously, when she was beside Li Moying yesterday, her face was filled with smiles and she looked extremely sweet and adorable, behaving in a sweet and helpless way....

Leng Yi Feng instantly felt upset. He was originally prepared to test Huang Yueli slowly, to lay some padding but now, he wasn't able to curb the impulse in his heart.

Leng Yi Feng couldn't stop himself from blurting out, "Miss Bai, why are you so dead set on Master Li? I heard that you just travelled over from South Yue Kingdom to look for you, but do you know what kind of person is Li Moying? He obviously had ill intentions towards you and isn't worthy of you!"

Huang Yueli couldn't take it whenever anyone spoke bad about Li Moying. Her forehead instantly creased as she slammed the teacup heavily back on the tea set.

"Master Leng, please speak politely! I invited you in not to listen to you talk bad things about my fiancée! If you're going to continue like this, then I'll have to send you out!"

Leng Yi Feng continued, "Miss Bai, you're actually so defensive of him because you don't know the truth and that I'm not lying! Did you know that before you came to Celestial Light Sect, Li Moying and Sect Master Murong's eldest daughter, Eldest Young Miss Murong had always been a couple? They were even discussing their marriage plans! I originally thought that they really had a good relationship but in the end, this time round when I came over, he's actually now with you!"

Huang Yueli's expression grew gloomier, "This is slander! My Moying had never been together with Murong Fei. That's just Murong Fei's own wishful thinking! Master Leng, looks like we have nothing to talk about already!"

"Miss Bai, why are you holding on obstinately towards your wrong beliefs? I'm telling you, Li Moying is a snob! Think about it, he was with Murong Fei in the beginning and why did he have a change of heart later on? Because from the start, he feels that marrying Murong Fei would enable him to become Celestial Light Sect's Sect Master so he treated her with false feelings. When a genius armament master like you appeared, he had already stabilised his position as Young Sect Master. Now that he feels that you have an even brighter future and of much more value, he chose to be with you instead!"

"I know Li Moying indeed looks extremely outstanding and he's also apt at his sweet nothings but please don't be coaxed by those few words of him and let it cover up your eyes on the truth!"

When Huang Yueli heard that, she almost laughed out of anger.

In order to vilify Li Moying, Leng Yi Feng really said anything he wanted to, and furthermore said it in such a way that seemed like it was the truth!

If it wasn't for the fact that she and Li Moying were really in love with each other, she might really have been cheated by him.

But when was Li Moying a man who said sweet nothings to coax a woman? Usually in front of other women, he was like a block of ice.

Even in front of her, although he was gentle and meticulous, but he didn't quite know how to say sweet nothings. Basically as long as he didn't intentionally teased her or made her angry, it was already an achievement.....

Leng Yi Feng actually said such things, did he treat her as an idiot?

Furthermore, his motives were just too obvious.....

Huang Yueli had many pursuers who went after her so she was still rather sensitive towards people like Leng Yi Feng, who came with such attitude and the motives they had.

Only, in her past life, who dared to say anything bad about Mu Chengying?

This lifetime, it was indeed a rare feeling to have someone daring to say such things about him.

Leng Yi Feng looked at her chilled expression but he totally wasn't aware of Huang Yueli's ridicule towards him in her heart.

Chapter 1342: A better choice (4)

Leng Yi Feng thought that Huang Yueli believed in his words and was disappointed with Li Moying when he grabbed the opportunity and continued, "Miss Bai, don't be overly upset. For someone like you who has such outstanding armament refining talent, and you're so beautiful, there are plenty of people who like you so you'd definitely be able to find someone who is true to you. You really don't need to hang yourself around Li Moying this tree and you totally have better choices out there!"

When Huang Yueli heard what he said, she raised her head and gave him a glance which didn't quite resemble a smile.

"Better choices? Master Leng's meaning.... Could it be talking about yourself?"

Leng Yi Feng was stunned for a moment, not expecting her to expose his motive in such a short amount of time. In fact, he was exposed almost immediately.

He thought that Huang Yueli was a reserved beauty. After all she was still young and looked so pure and harmless, as though she had no experience on BGR (boy-girl relationship) matters at all.

In this way, he became slightly awkward.

But Leng Yi Feng felt that today was a good opportunity. He had enough chips on his hands and while Huang Yueli was disappointed with Li Moying, she would surely be touched by him.

He hurriedly responded, "If Miss Bai is willing to consider me, you will absolutely realise that I'm much more outstanding than Li Moying! And I'm definitely more worthy of you!"

Huang Yueli laughed out non-committally, “Master Leng, I don’t quite understand what you’re saying. There should be no qualms about Moying’s potential and innate talent as it indeed is much stronger than you by quite a lot! Furthermore, he is already the Young Sect Master of Celestial Light Sect whereas you are merely the eldest disciple of Green Cloud Sect. In terms of future, he has an edge over you. Moreover speaking, I admire his looks more... so I simply cannot see which point that you outshine him?”

Her tone was flat as she opened her big eyes as though she was expressing her puzzlement.

But that tone bore a slight ridicule.

When Leng Yi Feng heard that, he immediately cried out irreconcilably, “Miss Bai, how can a man be just based on looks? Whether one is good looking or not, it shouldn’t be considered as his ability right? Of course his innate talent is indeed much higher than mine, but I’m at least a ninth grade talent! Furthermore, the reason why I’m not the successor of the future Sect Master isn’t because of my lack of potential but because my family’s background is larger than Green Cloud Sect, so in future I will definitely leave Green Cloud Sect!”

“Oh?” Hearing this made Huang Yueli surprised, “Your family background, isn’t....”

Leng Yi Feng replied, “I’m the direct descendant of Sky Emperor City’s top ten families, Leng family. As my Master is my father’s best buddy, my father sent me to Green Cloud Sect as a form of experience training so when I turn twenty, I will return to Sky Emperor City!”

Huang Yueli’s brows rose in astonishment.

Leng family in Sky Emperor City was indeed considered as a large powerhouse. For Leng Yi Feng to have such a background, it was simply out of one’s imagination. No wonder he was so arrogant and no wonder.... he was so recalcitrant towards Li Moying!

This kind of descendants in such family background were mostly high and mighty not to mention arrogant. It was hard for them to accept a third rated Sect with someone in the same generation as them to have the ability and innate talent to completely crush themselves!

Leng Yi Feng continued, “Miss Bai, you should know how hard it is for ordinary practitioners to have a piece of their own heaven in Sky Emperor City! You have such great armament refining talent so in future you’d definitely head to Sky Emperor City. But the water there runs deep and those without a strong base would find it hard to lift up their feet! If you are with me, that would be completely different. We Leng family are absolutely a large family whose words carry weight!”

Chapter 1343: A better choice (5)

Huang Yueli laughed as she said, “In this case, is Master Leng hinting me that you have a feelings towards me and intend to marry me?”

Leng Yi Feng’s face revealed an embarrassed expression.

Huang Yueli actually said things so clearly, totally with no shyness of an unwedded young lady which made him extremely embarrassed.

But Leng Yi Feng felt that she was just someone with no reservation and still didn't understand BGR matters which was why she was so frank. There weren't many pure ladies like this nowadays.....

How would he guess that Huang Yueli's shyness also depends on the person. In front of Li Moying, she wasn't like this but towards Leng Yi Feng this kind of rotten peach blossom, she was really frank because mainly she didn't treat him like anything at all...

Leng Yi Feng continued, "Miss Bai, I'm absolutely true towards you! Those who know about my background are far and few. In fact, other than my Master, there's not many others who know about it. I'm telling this to you now because I sincerely want to be together with you! As compared to my sincerity, what can Li Moying that man give you? You must think about this carefully. Don't think that he's so arrogant in South Sky Region now. If one day he heads to Sky Emperor City, he would be a servant whom anyone can bully!"

Actually, no matter what Li Moying's innate talent was above ninth grade so even if he went to Sky Emperor City, he would be a talent which various large powerhouses fought over for, so how was it possible for him to become a servant?

But Leng Yi Feng was overly hasty in trying to win Huang Yueli over so he intentionally exaggerated things.

He was certain that Huang Yueli had just come from South Yue Kingdom that countryside place so she had probably only been to Sky Cloud City. Towards Sky Emperor City the centre of the entire continent, she had no idea how it was like and was very easy to deceive.

Leng Yi Feng was determined to win Huang Yueli over.

Because President Hu had said this that she already had the potential of a third rank Armament Master and she even had a Master who was an Armament Master in Sky Emperor City. If he was able to pull such an armament refining talent to his side, it was considered as a huge contribution to the family and would greatly heighten his position in the family!

What was more hard to find was that she was so stunning that even a twinkle or smile was enough to move one's soul.

Leng Yi Feng wasn't a silly fool. For a person with both talents and riches, if he passed this village, he would not come across this shop ever again!

Huang Yueli already could ascertain something after she heard what he said. She originally allowed him to enter because she wanted to hear if he had any ulterior motive, and if it would affect the arena tournament. Now finding out about Leng Yi Feng's background was also a kind of harvest.

She was already impatient in dealing with Leng Yi Feng so she said, "Master Leng, I'm well aware of your intentions in coming here but as you can see it, Moying and I have a very good relationship and I don't have any intention to leave him. So I can only reject your good intentions, please leave!"

Leng Yi Feng was stunned. Earlier he saw Huang Yueli shocked several times and had thought she was already touched by him.

Whoever knew, she changed the topic and suddenly became so cold.

He couldn't accept this result and couldn't help but stood up, shooting towards Huang Yueli in a few steps.

"Miss Bai, you... why are you so stubborn? Li Moying absolutely isn't true to you!"

As he was saying that, he got agitated and was about to grab Huang Yueli's delicate fair hand.

Huang Yueli frowned and tried to evade him.

Suddenly the door of the main hall was kicked opened from the outside and a gust of strong wind instantly swept towards the both of them!

Chapter 1344: Too easily jealous (1)

Huang Yueli immediately detected a familiar presence so she totally didn't avoid it as she stood at the original spot.

Leng Yi Feng sensed that this gust of Profound Energy was extremely strong and wasn't something which he could go up against so he hurriedly slipped to one side hoping to avoid it!

However the speed of the person was too fast and he simply could not avoid it at all. His feet had yet to shift when he was struck by that raging thunder attributed Profound Energy!

Luckily as Leng Yi Feng was a direct descendant of the Leng family, he put on a high levelled Profound Armour on him and although he was struck, his injury wasn't very serious.

Leng Yi Feng gave off a dull moan as he clutched his chest and turned his head around to take a look.

Standing in front of the door was Li Moying with an icy cold face. That pair of bewitching peach blossomed eyes revealed a murderous air, as he looked towards Leng Yi Feng with a frigid expression.

"Master Leng, what are you trying to do to my woman?" His thin lips moved as the words which he spat out were like icicles.

Leng Yi Feng couldn't help but shuddered hard as he was filled with shock and terror!

He didn't know why he was so afraid, that his heartbeat almost stopped.

Li Moying was just a practitioner from a third rated Sect and his background was totally incomparable to his. Whenever Leng Yi Feng talked about him, it was usually full of disdain and even when he talked about him to Huang Yueli earlier, he was still belittling Li Moying with confidence.

But now when he faced the real person, other than shock, Leng Yi Feng's heart was still filled with shock!

Too powerful!

Li Moying was merely at seventh stage realm but why was his imposing manner so powerful? Even giving off the misperception that he was facing a ninth stage realm top expert!

Li Moying was radiating with coldness as he slowly walked towards Huang Yueli.

When Leng Yi Feng saw him nearing, he shivered as he hurriedly spoke out, “Li... Li Moying, you... what do you want to do?”

Li Moying pulled Haung Yueli into his embrace and lifted up her face taking a look all around, then touching her little hand to ascertain that she had not been touched by another man before he heaved a sigh of relief. But he still gave her an apprehensive look.

Huang Yueli didn’t know if she should laugh or cry, thinking silently that this man really was too easily jealous. Obviously nothing had happened but why was it that the expression on his face looked as though he had drunk a whole urn of vinegar?

Li Moying’s icy cold glance shot towards Leng Yi Feng, “You dare to come harass my fiancée when I’m not around, and still trying to ask me what I’m trying to do? I want to ask, Master Leng what are you intending to do? Your Green Cloud Sect... are you thinking of resorting to some underhanded schemes?”

Leng Yi Feng was seen through by him as he felt extremely guilty.

His trip here this time round was indeed not because of himself. At the same time it was also for Green Cloud Sect.

The arena tournament was at the corner so if the gossip of Celestial Light Sect’s Young Sect Master’s fiancée turning towards Green Cloud Sect, Celestial Light Sect would definitely be deeply set back, losing all their spirit, and would be difficult for them to gain the last victory.

Li Moying had always hated those houseflies which harassed his Li’er and on seeing Leng Yi Feng not speaking a single word, the Profound Energy might in his body almost uncontrollably spread towards Leng Yi Feng.

Leng Yi Feng found it hard to breathe under his suppression as his face turned extremely pale.

The disparity between the potentials... was simply too distinct!

He cried out loudly, “Li... Li Moying! You’re just a normal practitioner with no foundation. If... If you dare to be disrespectful to me, in future when you come to Sky Emperor City, I’ll definitely make sure that you can’t hang around there!”

Chapter 1345: Too easily jealous (2)

The moment Leng Yi Feng’s words came out, Li Moying hadn’t even said a word when Huang Yueli who was lying in Li Moying’s embrace almost burst out in laughter!

Although the Leng family were considered as Sky Emperor City’s powerhouse but in front of a genius like Li Moying, it was really nothing much.

In their past lives, an Elder from the Leng family behaved servilely in front of Mu Chengying, displaying all sorts of cajolery and apple polishing. As long as Mu Chengying was willing to cast him a look, he was so grateful that he was in tears.

Now, an ordinary member of the Leng family dared to threaten Li Moying?

Huang Yueli totally was sure that Li Moying was extremely angry. Fighting with his woman was already an extremely huge sin and now he even dared to provoke him.

Based on Huang Yueli's understanding of Li Moying, Leng family was definitely blacklisted by him.

In future when he resumes his past potential, he would absolutely let the other party see some colours. The entire Leng family would probably suffer along with Leng Yi Feng.

However, Leng Yi Feng had totally not realised that he had already caused a huge disaster. On seeing Li Moying keeping silent, he began to act in an ostentatious manner.

"How's that? You didn't expect that right, that I'm actually from the Leng family? Now are you afraid? Actually, I didn't want to use my family background to bully ordinary practitioners but for a person like you who cheats Miss Bai's feelings, forcibly occupying Miss Bai whom you aren't worthy of, then I can.... AH—!!"

Leng Yi Feng was halfway in his speech when he suddenly gave out a miserable cry.

At the same time, his body flew up into mid-air and crashed heavily onto the door panel, staving through the door panel!

By the time he landed on the ground, his entire body felt so painful that it was about to split apart and all his internal organs felt as though it was on fire.

Huang Yueli immediately covered her eyes the minute Li Moying struck.

Leng Yi Feng was simply looking for trouble! He could talk about anything but he had to mention that Li Moying wasn't worthy of her!

One needed to know that Li Moying hated the most to hear other people saying that the both of them weren't compatible. No matter who said one of them wasn't worthy of the other, it could easily cause him to fly into a rage!

She had to say that the Profound Armor on Leng Yi Feng was indeed some high class stuff and extremely useful. Even after he was sent flying by Li Moying, he actually didn't faint from the shock.

Leng Yi Feng struggled to climb up but realized that several bones had been broken so he totally couldn't get up at all.

He could only try his best to raise his head as he stared ferociously at Li Moying, "You....you dare.... you actually dare to..... just you.... wait and..."

Leng Yi Feng used all his strength but wasn't able to even complete a full threatening sentence, so naturally there was no deterrent force at all.

Even Huang Yueli rolled her eyes feeling that he was just too retarded.

Even more so for Li Moying. He couldn't even be bothered to cast him a glance as he directly waved his hand.

Mo Yi and Mo Er who were standing guard at the entrance immediately responded as two of them stood on each side of Leng Yi Feng and lifting up his two legs, dragged him as they threw him out.

“You all... dare to treat me in this way... let.... Let me go.....”

Leng Yi Feng’s miserable screams were heard from the main hall and Huang Yueli felt slightly comical about it but she couldn’t laugh out loud.

Because right after dealing with Leng Yi Feng, Li Moying gaze immediately turned towards her as his expression was super ugly with a reprimanding look in his eyes.

From this looks, it was evident that he was jealous!

Huang Yueli felt that this jealous of his was just too absurd but this man was now still fuming and was a tough nut to crack so she didn’t dared to speak out her real thoughts in her mind.

Chapter 1346: Too easily jealous (3)

She gave an innocent expression, “Moying, what’s the matter with you? Why does your complexion seem not so well? Is it because you’re too tired from work outside today? Do you want a cup of water and rest a little? I’ll go pour you some tea!”

As Huang Yueli was saying that, she started to move backwards trying to squirm out of his hands.

How was it possible for Li Moying to let her escape? His arms withdrew and locked Huang Yueli back into his embrace, rightly locking her slender waist.

Huang Yueli was held on tightly by his strength and she crashed right onto his tough, robust chest as pain hit her.

“Aiyo, so painful, you’re so fierce!” She pouted her lips as she grumbled.

Li Moying gave a cold humpf, “Did the wrong thing and still tried to blame me for being fierce?”

Huang Yueli blinked her big eyes, “What did I do wrong?”

Li Moying replied, “I only went out for a little while and you actually let some man with ulterior motives into our house! Don’t tell me that you can’t tell that this Leng Yi Feng had designs on you! You actually stayed in a room with him alone?”

Huang Yueli couldn’t help but rolled her eyes, “I know it! I say, can you be more reasonable? Aren’t I trying to see what he wanted to do and wanted to find out if he was going to do something disadvantageous to you or Celestial Light Sect, which was why I agreed to meet him? Are you thinking that I’m interested in him? Moreover, even if he did have any ulterior motives, what can he do to me? Mo Yi and the rest have been guarding at the door and furthermore, the main hall is filled with mechanisms which I have set up. If he hatches any sinister plot on me, this mother will immediately let him see some colours!”

Of course Li Moying knew this clearly that his Li’er totally hadn’t taken any interest in Leng Yi Feng this kind of man. He was absolutely confident of himself.

But he himself didn't know why he could be so petty. Upon seeing Leng Yi Feng actually daring to get near his Li'er, even trying to touch her hand, he immediately got so upset that he almost killed Leng Yi Feng.

He swept a glance at Huang Yueli and still in an awful tone, "You're not interested in him but he's interested in you! I hate it when other men use that kind of gaze on you."

Huang Yueli couldn't help but burst out laughing, "Please... even if one hundred men take interest in me, it's useless because I only like you!"

Li Moying had not expected Huang Yueli to suddenly come out with such a frank confession.

Those sour words of his immediately were stuffed back as he wasn't able to say a single word of it.

Huang Yueli stretched out her finger as she drew circles on his chest, "You have the cheek to say me! I'm the one who should be unhappy. Almost all the female disciples in Celestial Light Sect use that kind of mushy gaze to look at you, totally ignoring the existence of me, your fiancée! Especially Murong Fei, she had been chased away by me so many times but she still keeps plastering herself onto you once and again! I haven't even started to get angry so what right do you have to show me faces, en??"

As Huang Yueli spoke, anger overcame her as she pinched him on his chest but realised that Li Moying's pectoral muscles were simply too robust and she totally couldn't pinch anything at all.

This made her even more upset as she directly took a bite at Li Moying's neck.

"Sssss....."

Li Moying drew in a mouthful of cold air, "Your little fox's teeth are just a little too sharp, you almost bit me until bleeding! I'm really too innocent, when have you seen me bothering about Murong Fei? Although she keeps coming to look for trouble time and again, haven't she always been frightened out of her wits by you? When have I not fully supported you?"

Huang Yueli gave a hmph, "Then you've also beaten up Leng Yi Feng, so why are you still angry?"

Chapter 1347: Too easily jealous (4)

When he heard that, Li Moying could only raise both his hands and feet to concede defeat.

"Alright, alright, I'm at fault. Consider that I've said the wrong thing alright?"

Seeing Li Moying's helpless look, Huang Yueli finally smiled as she showed her two sharp little fangs.

Her smile was sweet and adorable, with a crafty expression, which looked exactly like a little fox which had just stolen a bite.

Li Moying's heart moved as he uncontrollably lowered his head, placing his lips on her lovely pink lips.

...

The next day, the news of Leng Yi Feng's went round and Li Moying was called by Murong De again.

Huang Yueli wasn't worried about him at all. Her fiancé's ability was right there and no one could do anything about him. Moreover speaking, Leng Yi Feng was the one who started to sow the discord first so he was at fault in the first place. Li Moying had the reason to do so.

After that day, Huang Yueli also went into a half closed door cultivation state as she started cultivating seriously.

Other than the little portion of time where Li Moying had to go out, the rest of the time was basically spent cultivating with her.

Towards this, Huang Yueli initially rejected it because she was a fire attributed practitioner. When she cultivated, the surrounding fire attributed Profound Qi would gather and the temperature rose quickly. She didn't feel extremely unbearable but to the others who were in the same room as her, that would be rather uncomfortable.

However, Li Moying was just like a piece of medicated plaster, tightly sticking to her. She was helpless about it so she could only let him stay by her side as he wished.

After that, Huang Yueli realised that it was much more convenient with Li Moying around.

His attention was always placed on Huang Yueli. Whenever she met with a bottleneck or encountered any difficulties, he would always help her out in time, greatly increasing the success rate of her cultivation.

But even so, Huang Yueli still felt that her cultivation speed wasn't fast enough.

"Seven days time is just too short! I haven't even finished stabilising my core and there are several Profound Skills which I have not mastered, not to mention advancing to the fifth stage realm..... sigh, if only I had a few more days' time!"

It was rare for Huang Yueli to feel anxious.

Li Moying placed his hands on her face as he said in a mellow voice, "You've already improved very quickly! There's no one like you in the past! I've never heard of anyone who's cultivation speed could chase up to you. Even I have to bow down to your superiority. You don't need to be too hard on yourself. Sometimes forcing yourself too much would end up with a negative result."

Huang Yueli pouted, "How would I not know this reason? But isn't this arena tournament very important to Celestial Light Sect? Furthermore, I have a feeling that Green Cloud Sect definitely came well prepared, and will not let us pass this stage so easily!"

When Li Moying heard that, his expression also turned slightly grave.

Actually, he didn't mind who was the ultimate victor in the arena tournament because even if Celestial Light Sect only had thirty percent of quota to enter the mystic region, it would not affect him and his Li'er. But in this way, it would be very bad for Murong De's reputation.

Moreover speaking, his Li'er would be taking part in the tournament that day. If Green Cloud Sect came out with some sinister move, hurting Li'er, then he would die of heartache!

“Otherwise.... Why not check out the situation on that day? If something’s wrong then don’t go up! Anyway, after we enter the mystic region, you will have plenty of chances at actual combat.....”

Li Moying hadn’t finished his words when he was interrupted by Huang Yueli.

“What do you mean? How will that do!”

Chapter 1348: Heard of the lovers’ bath? (1)

“If I haven’t even entered the scene and just gave up upon guessing that there’s some difficult situation, this would seriously affect my self confidence! Since we’ve already agreed on it, just stop trying to stop me. Relax, I’m not some ignorant young lady who has no actual combat experience. The minute I’m up, no matter what situation, I will be able to protect myself properly.”

Huang Yueli tugged Li Moying’s sleeve as she swayed him gently trying to placate him.

Li Moying’s feelings were slightly complicated. Actually he was merely speaking about it casually only because he understood Huang Yueli extremely well. He knew that although this young lass of his looked helpless and petite, but the bones in her were extremely tough and durable.

Fleeing just before a battle was something which wouldn’t ever happen to her. She had always braced moving forward, using all sorts of ways to overcome the difficulties.

Furthermore, a practitioner’s cultivation required this kind of dash to head forward.

Otherwise it would be just like what Huang Yueli said, dampening her self confidence and henceforth affecting her future cultivation.

Even though he knew all these, but as Huang Yueli’s fiancé, Li Moying still felt worried. The minute he thought of the possibility of his Li’er getting hurt, he fretted so much that he kept fidgeting.

Huang Yueli saw him putting on a straight face and not responding so she leaned in closer to him.

“Moying, what are you worried about exactly? On the day of the arena tournament, you will definitely be watching over me right? I believe that if there’s any real danger, you will be able to protect me!”

“You believe that I can protect you? I myself isn’t so sure of that.....” Li Moying’s voice sounded melancholic, seeming with a sigh.

Huang Yueli knew that he must have recalled her death in her past life as she couldn’t help but stuck out her tongue then immediately said, “Hey, I’m telling you, you’re not allowed to defame my fiancé! He’s extremely powerful and there’s nothing that he can’t do! I just believe in him!”

This was simply too touching to hear as a fragrant young lass kept rubbing around his chest, making Li Moying’s chest suddenly firing up.

He locked his palm on Huang Yueli’s waist, slowly tightening and drawing her in as his head also started to lower down.

Just at this moment.....

“Ah, right! I thought of it!”

Huang Yueli suddenly bumped a fist on his chest, as she cried out in joy.

Li Moying’s face turned green.

He was almost about to sneak a kiss on his little fox but in the end, at the most critical juncture, not only had the cooked duck flown away, he was even inexplicably beaten up?

Li’er wasn’t some weak young lady and that punch of hers packed some strength in it.

Was this considered as.... Domestic violence??

Huang Yueli totally didn’t notice his expression as she was still happily jumping about in his hands.

“Right, I was just thinking why I’ve met with a bottleneck while cultivating. It’s because I haven’t been following the <<Nine Phoenix Transformations>> requirements, to soak in a medicinal bath! Although I’ve used the Phoenix’s blood to wash my meridians, thereby successfully advancing, but the last time I discovered while in Celestial Light Academy that the medicinal bath cannot be discounted. These medicinal herbs help to replenish the flaws in my physique otherwise my Flame Spirit Physique is unable to be completely unsealed so it would affect my cultivation to a certain degree!”

“En, knowing where the problem is now makes it easy to settle.” Huang Yueli’s eyes turned into full moons as she started computing in her mind, “Since there’s still three days before the arena tournament, I can do a medicinal bath. Last time I asked you to help me gather those medicinal herbs, have you managed to find it?”

Li Moying was still lamenting over missing that kiss and hadn’t listened to her question clearly.

Chapter 1349: Heard of the lovers’ bath? (2)

Huang Yueli realised that he was distracted and stared at him with an unhappy glare as she leaned close to his ear.

“Are you listening to me at all??”

Li Moying then regained his senses as he saw his little fox putting on an angry expression as he hurriedly replied, “I heard you, I heard you! Would I dare to not do the things which you instructed me to? I’ve long gathered the medicinal herbs and if you need it, I will get my men to go get it for you from the storage area.”

He had just been distracted for such a short moment and his little fox flew into a rage. This temper of hers was really bad.

Evidently, it was all because of his pampering.....

Li Moying helplessly shook his head. They haven’t got married and it already turned out like this. In the future after they got married, he probably wouldn’t have any status at home in future.....

Huang Yueli instantly gave a smile when she heard him say that.

“Wa, really? You’ve gathered everything in such a short time? The list which I gave you has several rare medicinal herbs, and eight tier magical beast cores! Those are worth millions of upper grade spirit stones and you’ve managed to look for it so quickly??”

Li Moying pinched her cheek in adoration, “The things you want, I’d definitely think of ways to get it for you, so just rest assured.....”

Huang Yueli cheered and plunged into his hands, automatically leaning in close to him.

Li Moying hadn’t regained his senses when he discovered that his hands was filled was jade as a “smack” sound was heard and a soft touch was felt from his lips.

He was actually.... kissed by Huang Yueli!

This good fortune made Li Moying’s mind blanked out momentarily.

By the time he regained his senses, Huang Yueli had already jumped out of his embrace and turned her head towards him while saying, “Then what are you waiting for? Let’s go get it from the storage room! There’s only three days so we must grasp time tightly!”

Saying that she hadn’t even waited for Li Moying to reply when she turned around and ran head first towards the storage room.

“Wait a while, what are you hurr.... Sigh, really!”

He hadn’t even had the time to say anything when Huang Yueli already ran off into the distance away.

Li Moying couldn’t help but shake his head, “Why is she still the same as when she was younger in her past life? So excited that she couldn’t hold herself down, she’s really a fire attributed practitioner!”

His tone sounded as though he was despising her but his expression had an obvious smile as he stretched out his hand and touched his lips lightly.

His little fox’s kiss was rather loud, she really wasn’t bashful at all.....

Wasn’t it a little too short! So superficial, did she think that he could be dismissed just like that??

...

Very quickly, Huang Yueli found all the medicinal herbs from the storage room.

She directed a few maids to bring a huge bathtub into their room and then laying the medicinal herbs neatly, she added a sufficient amount of water.

Little Phoenix was the same as in the past, as she let him out.

But this time, Little Phoenix had an unwilling face as it didn’t want to coordinate with her.

“It’s not impossible for this Young Master to light the fire, but you need to use drumsticks to exchange for it!” Little Shota worked up his bun like a chubby face as he declared loudly.

Heaven knows that ever since Huang Yueli read that <Guide to Raising a Phoenix> she had been feeding him with ultra healthy food. He hadn't seen any kind of roasted or fried drumstick for a very, very long time!

Little Phoenix felt that it's bird life was pitch dark and there was nothing left for him to linger about!

He had finally gotten this chance that Huang Yueli had something to request for him so he must stand firm to fight for the necessary benefits which he ought to have!

Huang Yueli couldn't help but give him a stare.

"Why do you only think about drumsticks? You're already so fat and you still don't start dieting! Senior Huang already says you're suffering from dysplasia. Can you show some spiritual beast's pride!"

Little Phoenix grumbled while murmuring.

Huang Yueli hadn't heard him clearly initially so when she leaned in closer to it, she heard him mumbling: Pride might be valuable but the value of drumsticks is even higher.....

Huang Yueli didn't know if she should laugh or cry, "Alright, Sister here is doing this for your own good! Don't you want to turn into a powerful and gorgeous big phoenix like your brother? What happens if you can't even fly if you really turn into a fat phoenix?"

She urged, "Alright, quickly light up the fire for me!"

Little Phoenix heard what she said and rather die than to raise it's little head.

"No way, this Little Master had already said this earlier! No drumsticks, I will not light up any fire for you. I have my own principles and stand so I will not compromise on it!" It's little bun face was filled with a solemn expression as it looked extremely serious about this.

Huang Yueli couldn't help but frown. This little brat really wasn't obedient at all. Now it's even climbing on top of her head!

"Alright, you may eat one...." She thought for a moment and decided to relent a little.

But before her words were finished, a cough was heard by the side and following that, a man's cold and deep voice was heard.

"Why hasn't the fire been lit up?"

Hearing that voice, Little Phoenix immediately shivered as it jumped up, "Li..... Li....."

When it saw Li Moying, it's little face turned palely white and that flustered look, in Huang Yueli's eyes, was extremely comedic.

Little Wang Cai had a lot of guts that sometimes even her, it's Master, wasn't able to control it totally. But every single time it saw Li Moying, it turned into a real shocked bird as he could scare that entire bird into a daze. This was considered as.... One thing curbing another?

Li Moying's cold piercing black eyes calmly swept past Little Phoenix, "You greeted me wrongly. I'm your Brother-in-law!"

Little Wang Cai immediately stood up properly like a little yes-man, "Brother-in-law!"

Huang Yueli went blue for a moment because she herself could only pretend to be young saying she was Little Wang Cai's sister. Li Moying actually claimed that he was its brother-in-law... this man's skin was extremely thick!

Li Moying didn't continue a single word, only sweeping his gaze towards the bottom of the bathtub.

Little Wang Cai acted extremely obediently in front of him, as it immediately figured out what he had in mind and hurriedly sucked in a mouthful of breath and blowing it out ferociously.

A mouthful of scorching Phoenix True Flame fire came surging out!

Intense flames arose and as Little Phoenix had advanced, the fire this time was much hotter and brighter than previous times!

Huang Yueli saw Little Phoenix standing obediently beside Li Moying as she couldn't help but shook her head secretly.

Whom had this little fellow learnt from, to know how to bully the weak and feared the strong! Could it be that phoenixes all had this kind of character?

She walked to the bathtub and her right hand pressed against her own collar as she was just preparing to strip off her clothes to jump in....

Suddenly her actions stopped as her mind suddenly thought of something and hurriedly turned over!

Right behind her, Li Moying's hands were crossed as he leaned against the wall with a leisure and at ease expression, that pair of black eyes with no end, was firmly planted onto her.

Huang Yueli's mouth twitched as she stared at him fiercely, "You.... What are you looking at? Why haven't you scrambled?!"

Two shades of red instantly flushed on her face.
