

Weaponsmith 1381

Chapter 1381: Bai Ruoli has gone mad (5)

But although he thought in that way, it was absolutely not possible for him to not feel worried.

Li Moying's heart jumped right at the back of his throat, as his eyes were fixed anxiously on Huang Yueli.

He had already prepared himself to rush up the stage to save her the minute Huang Yueli met with any life threatening danger!

But the degree of life threatening danger was actually very hard to grasp. Huang Yueli went up the arena to seek a breakthrough for herself and only under a life threatening situation would she have the ability to break through! If he were to make a move abruptly, it might affect her.

Because of this, before Huang Yueli went up on stage, she specially instructed him not to be too worried and to try not to interfere with her competition.

Li Moying's face turned black as he was super unwilling to do so.

"Allowing you to go up the arena is already my bottom line and you're asking me not to care about your life and death?"

"Oh, how could you say that? What can happen to me? This is a match where many powerhouses are watching, so he won't dare to kill anyone here!"

"But even if you're injured, my heart will ache. Can you think about this in my position?"

Huang Yueli heard that and smiled as she leaned in close to kiss him, "Rest assured, even if I'm injured, I will recover easily. I know my own limits."

Li Moying was bewitched for a moment by that soft sweet kiss and by the time he regained his senses, Huang Yueli had already stood up and volunteered to enter the arena tournament!

In this way, he couldn't go against his own fiancée so there was no way he could interrupt her.

Li Moying remembered that he had a lot of things that he hadn't told her but that young lass was impervious to the situation as she already ran off hence his mood wasn't very good at all.

At this moment, Huang Yueli who was standing in the arena turned around and gave him a smile.

Li Moying silently snorted as he pursed his lips, showing a doting expression mixed with arrogance.

Seeing that Huang Yueli really stood on the stage, the judge was dumbfounded.

"This... this Miss Bai, are you certain that you want to challenge the current arena champion Fang Shaoning?"

Huang Yueli nodded, "I'm certain!"

“B...But... this....” The judge stilled for a long time, “Your cultivation versus Master Fang’s is so huge, the chances of your victory are very low. Furthermore, the possibility of suffering a serious injury is extremely high! Have you really thought it through?”

Originally no matter who came up for the challenge, it was none of his business because all he needed to do was to judge if anyone went against the regulations and to point out the ultimate winner.

But for someone like Huang Yueli, whose ability was much lower than the arena champion went up to challenge, this was really something which he had met for the first time in his life. Plus the fact that she was such a slender and delicate young beauty, the judge was emotionally unwilling to bear it.

Huang Yueli’s eyes radiated with brilliance, “I’ve already considered carefully. When we practitioners battle, there originally is a possibility of getting injured so I’m already mentally prepared! Moreover, I haven’t started competing against Master Fang so how would you know that the chances of my victory are very low?”

When the practitioners there heard that, they went into a bustle.

Since when was her chance of victory low, it was more like close to zero alright? The judge had made it so reserved but she actually climbed all over him!

Almost everyone had this thinking in their minds.

Murong De went totally hopeless as he laid limp on the seat, not wanting to say a single word.

If this arena tournament’s information was leaked out, the entire Celestial Light Sect would probably become South Sky Region and West Sky Region’s mutual joke!

How could Li Moying let his fiancée do such wilful things?

Chapter 1382: Unexpected ability (1)

Fang Shaoning stared at Huang Yueli with an expression which didn’t look quite like a smile.

Anyone could tell what that meant. They only felt this young lady’s mind wasn’t clear at all, totally like a joke!

“Miss Bai, what are you doing? Could it be that you really want to challenge me?”

Huang Yueli replied calmly, “I’ve already made things very clear.”

Fang Shaoning’s gaze shifted as he squinted his eyes, “Celestial Light Sect is really interesting, have all the practitioners in the Sect all died or what? Actually allowing a fourth stage realm practitioner to take part in the battle, further.... She’s a fourth stage realm Armament Master! This is simply unheard of! Furthermore, Li Moying really doesn’t treat you as a thing, eh? Actually allowing a young lass like you on stage to battle on behalf of Celestial Light Sect? I’ve never thought that the famed South Sky Region’s number one genius would actually push his woman out to bear the brunt?”

His words were filled with ridicule and at the same time, he was trying to sow discord between them.

Hearing that he actually dared to humiliate their respected Young Sect Master, Celestial Light Sect's disciples all turned steely green.

But unfortunately, all of them had no way of rebuttal!

Li Moying actually allowed his fourth stage realm fiancée to go up the stage to battle the sixth stage realm Fang Shaoning. The only possibility was to let Fang Shaoning to injure Huang Yueli then using that to exaggerate matters.

Otherwise, no one could understand why he had to do this!

But this kind of underhanded matters really didn't suit Li Moying's normally aloof and overbearing character.....

There wasn't much expression on Huang Yueli's face, only her voice turned biting cold.

"You should feel lucky that my fiancé isn't able to join in the tournament today otherwise you'd be a corpse by now! I hope that later when you leave this stage, you still dare to speak in this manner to my man!"

"You....!"

Fang Shaoning had not expected that instead of humiliating Huang Yueli, he was slapped on the face by a few mere words from her!

He immediately turned embarrassment into anger, "Alright, it's you yourself who came up to the stage to seek death, not me who coerced you! Judge, why aren't you announcing the start of the competition??"

The judge knew that things were irrevocable as he shook his head.

"The challenger of this round: Bai Ruoli, challenging arena champion Fang Shaoning! The battle will officially start now!"

His words had just fallen then the air on the stage seemed to turn frozen as it was filled with a strong pressure.

Fang Shaoning had, at the first instance, unleashed all the Profound Energy within his body forming an overbearing pressure towards Huang Yueli!

He had not immediately struck vicious moves towards Huang Yueli because the disparity between the two of them was simply too huge!

From Fang Shaoning's view, it was as easy as crushing an ant to death for him to kill Huang Yueli in one move. But in this way, he would be subjected to a suspect who was bullying the weak so even if he won, he would not win any praises. On the contrary he would be subjected to gossip by others.

So what he must do now was to show his style of his ability!

With the huge disparity in their cultivations, what he needed to do was to use his might and he would be able to make Huang Yueli shake all over, lying limp on the ground.

Only in this way would it make her shocked, forcing her to get off the arena, which was the demeanour of a top expert!

Fang Shaoning was making up beautiful thoughts in his mind as the Profound Energy kept unleashing from his body!

He was now in the state of maniacization as his Profound Energy was abundant. Not only was the arena enveloped in an invisible huge pressure, even the practitioners who were seated on the first row of the spectators seating were clearly able to feel this pressure!

Those practitioners with lower cultivations had their expressions changed immediately.

“So.... so powerful, no wonder he’s a sixth stage realm seventh level practitioner!”

Chapter 1383: Unexpected ability (2)

“We already feel so unbearable right here, Bai Ruoli’s up on the stage so the pressure she suffers must be at least a few times!”

“She’s only in the fourth stage realm, not even as high as my cultivation level, so she definitely cannot take it!”

“So pitiful, the minute she’s up on stage, she hasn’t even made a single move and is going to roll off the stage just because of a little Profound Energy pressure. So embarrassing.....”

“You say, she’s an Armament Master but why did she have to get involved in this muddy water? Isn’t she just asking to be insulted?”

Everyone felt sorry for her as they started to shake their heads.

Everyone thought that they would see Huang Yueli being pressured so much by Fang Shaoning’s Profound Energy at the next moment until her face turned pale as she spat out blood, then miserably falling of the arena.

Some of Celestial Light Sect’s disciples couldn’t bear to see it as they used their hands to cover their eyes.

However, as time went by, the image in everyone’s eyes did not happen.

Huang Yueli was still standing on the other end of the arena, exchanging glances with Fang Shaoning from afar. She didn’t spat out any blood nor did she retreat and there were no changes to her complexion at all as she maintained a composed look at her opponent.

Fang Shaoning frowned as he opened his mouth, “What’s the matter? You still intend to hang on? Don’t blame me for not reminding you, although you’ve already gained some face like this, but your meridians and internal organs have already been injured by my Profound Energy! Take this opportunity to get off the stage and your injury can still be treated. But if you continue to hang on like that... you’re really going to be crippled!”

Huang Yueli gave a cold laugh, “Whether I’m injured or not, would I not know it myself? Do I need you to remind me?”

Fang Shaoning clenched his teeth, “Very good, looks like you won’t shed tears until you see the coffin!”

Saying that, he recklessly unleashed his Profound Energy in his surrounding and the strong might accumulated in layers, as it charged overbearingly towards Huang Yueli’s direction!

Right at this moment, Huang Yueli’s clothes and hair flew by this huge amount of Profound Energy as it kept flying around in the air.

The judge couldn’t help but take a step back as he watched alertly at what was happening.

Everyone could tell that Huang Yueli couldn’t possibly take on such pressure because Fang Shaoning had almost raised the imposing manner around his surroundings to the maximum limit!

Any practitioner who was in the fifth stage realm and below could not escape unscathed under this kind of situation!

However, Huang Yueli remained motionless!

This time, Celestial Light Sect’s disciples all became anxious as their hearts twisted into a bundle.

Initially they felt that her abrupt appearance on stage made Celestial Light Sect embarrassed but now when they saw her facing such a strong opponent and still continued to hold on tight, quite a number of them could not bear it.

“Miss Bai, if you really can’t hang on, just give up. Don’t force yourself to hang on...”

“That’s right, if you injure your meridians, it’s a small matter if only your cultivation is affected. The worse is it might affect your refining armaments!”

“Sigh, anyway Senior Sister Murong has already been defeated so originally none of us had hoped for Miss Bai to win!”

Quite a number of disciples turned to look at Li Moying, feeling that a man like him who pampered his fiancée so much would definitely not endure it any further as he made his way down to save her.

However, out of their expectations, Li Moying remained composed as he sat on his original seat, looking towards the direction of the stage from afar.

It wasn’t that Li Moying wasn’t worried for Huang Yueli, but he knew that it is not the real timing for him to be really anxious yet!

His little fox would not be unable to resist a mere sixth stage realm practitioner’s Profound Energy suppression!

Fang Shaoning saw Huang Yueli still hanging on tightly as he gave a cold harrumph, “Really seeking your own death! Since you’re not willing to get off the stage, then I can only kick you down!”

Chapter 1384: Unexpected ability (3)

Saying that, Fang Shaoning took a huge stride forward as he trudged towards Huang Yueli's direction.

He totally had not considered the fact that Huang Yueli still had any tinge of resistance left so he totally didn't do anything to defend himself as he walked over directly.

From what he saw, Huang Yueli had long extinguished her energy, suffering from serious internal injury. Don't mention resistance, he gauged that he just needed one little finger and he would be able to poke her down.

But just as he was slowly walking forward, Fang Shaoning suddenly felt a blur in front of his eyes!

The next moment, he suddenly discovered that Huang Yueli, who was still not too far away from him earlier, had actually gone missing!

Not waiting for Fang Shaoning to make any response, a burst of air cracking sound was heard from his back!

Fang Shaoning hurriedly turned back but was barely able to see a glint of silver light flashing past as it charged towards the position of his heart!

He hurriedly worked up his footwork as he speedily retreated backwards!

A soft "chi la" was heard and blood immediately spilled!

Even though Fang Shaoning's speed was very fast, by the time he started to evade, it was already too late. His chest area was slashed by a deep gash by Huang Yueli!

This gash started from his shoulder all the way to his chest and was longer than three inches. The depth of the gash was rather deep as blood continued to spill outwards.

Earlier Huang Yueli's movements, from the time she started to evade till her attack, was simply too fast and her actions were just too sudden.

Many practitioners below the stage had not yet reacted to what was happening, or they hadn't even had time to see her movements clearly. It was until she managed to strike him when many of them realised what exactly happened earlier!

"Heavens, am I seeing things?? Bai Ruoli she.... she actually hurt Fang Shaoning??"

"You didn't see things wrongly, but how was this possible? Earlier Fang Shaoning unleashed such powerful pressure that even we, who are below the stage, had difficulty in breathing but Bai Ruoli is actually alright??"

"Right, it's too strange!"

"Furthermore, even if she wasn't oppressed by Fang Shaoning's Profound Energy, she shouldn't be able to move so swiftly! Earlier, that lightning fast movement, I can't even see the route of her attack. She's just in the fourth stage realm, how could she..... be so fast?"

The audience looked at each other in dismay as their tongues were tied with their mouths agape, not daring to believe in their eyes!

From what everyone saw, this was absolutely a one sided competition or one could even say that it was a bully match for Fang Shaoning towards Huang Yueli.

As long as Fang Shaoning didn't beat Huang Yueli until her meridians shattered or half crippled then it meant that he was showing mercy.

That was why no one in their wildest dream had thought that the first to get injured was not Huang Yueli, but Fang Shaoning!

Furthermore, Fang Shaoning's injury was rather serious. Although it was only just skin and flesh injury, but such a long and deep gash was actually very painful. Furthermore he could not tend to his wound allowing the blood to flow, under such circumstances where a large amount of blood kept flowing leading to haemorrhage, it was a huge influence towards the practitioner's ability!

Murong De who was seated up high was staring with his eyes popping out. He was not able to regain his senses for quite some time.

After a while, he finally couldn't help but started laughing out loudly as he talked to Cui Yuan Shan next to him, "Sect Master Cui, this is really.... out of this Sect Master's expectations! You're all too modest, seeing that we Celestial Light Sect have sent out such a young practitioner, so he intentionally gave in a little. This kind of gentleman demeanour is rarely seen nowadays, no wonder your Sect is the number one Sect in the West Sky Region!"

Cui Yuan Shan's complexion turned green, "Hmph, don't know what you're so complacent about! That young lass..... merely took advantage of Shaoning's unpreparedness which was why her sneak attack worked!"

Chapter 1385: Unexpected ability (4)

"From the looks of the current situation, Shaoning might have been beaten up but after suffering this disadvantage, would Shaoning still be bewitched like before? It's impossible for Bai Ruoli to sneak another attack on him again! Whereas the huge disparity between their ability and cultivation levels still exists and had not lessen a single bit! This battle's ultimate winner cannot be changed!"

Cui Yuan Shan's face was filled with arrogance.

Although he didn't quite understood why Huang Yueli was able to resist against a sixth stage realm seventh level practitioner's pressure and remain unhurt, why her movements were so nimble and the angles of her sneak attacks were so precise, but Cui Yuan Shan believed that there was a moat in between a sixth and fourth stage realm which could never be crossed!

It might be possible to sneak an attack but if she was thinking of reversing the situation into her victory.... It was totally impossible!

Murong De gave a cold snort, "Earlier everyone assumed that Bai Ruoli couldn't even threaten Fang Shaoning a single bit but in the end? This is not just merely 'a little' threat! Now you're saying that it's impossible for her to gain victory. Hehe, things might have an unexpected turn of events?"

Although he sounded as though he didn't admit defeat, but inside his heart, he still agreed with what Cui Yuan Shan said.

Huang Yueli's performance had indeed made everyone's eyes lit up, but she was still far from gaining victory!

On the arena, Fang Shaoning was caught unprepared which was why Huang Yueli managed to sneak an attack successfully which made him suffer a rather serious exterior injury. Momentarily, he also didn't believe that it was true!

But immediately following that, his expression turned sinister.

"So.... you're able to resist my oppression because you have some Profound Artifact on you which can absorb Profound Energy? But even if you can hurt me, you can just remain complacent for a moment! Earlier I underestimated you which was why I fell into your trap. Now, I will let you see the difference between a sixth stage realm and a fourth stage realm!"

The minute Fang Shaoning finished his last word, he immediately struck out!

He didn't dare to be careless this time round. Not only that, because he had lost face due to his injury, it made him feel extremely angry as his moves were fast and furious!

Profound Energy with a mixture of Earth, Wood and Metal tri-attributes easily stirred up the surrounding air.

Bursts of penetrative murderous air were casted out towards Huang Yueli's direction!

The stage below instantly echoed gasps of exclamation!

"Heavens, he's too fast!"

"So this is Fang Shaoning's actual ability!"

"Sixth stage realm's Profound Energy, in addition to Green Cloud Sect's suppression faction Profound Skill is almighty. Bai Ruoli is going to be finished this time round!"

Under Fang Shaoning's rage, he totally lost control of the severity of his attack!

Initially, Fang Shaoning had not thought of killing Huang Yueli! This was not just to maintain the relationship between the two Sects, but also because of that terrifying fiancé behind Huang Yueli. Those who still had a bit of rationality left would not dare to do anything to her!

But now, as Fang Shaoning had been injured by her and he even heard Celestial Light Sect's disciples' ridicule towards him, under the mixture of embarrassment and fury, he had long lost his rationality.

These few moves were all killer moves. Moreover it had sealed off all avenues of Huang Yueli's retreat plan!

For those who saw this, their faces turned pale as they were so anxious that they forgot to breathe.

It was imaginable that it was difficult for Huang Yueli to escape even if she had wings. Furthermore, if she were really struck by these moves, they gauged that she would immediately lose her life!

“Third Junior Brother, stop!!”

A sharp shout was suddenly heard! A figure dressed in white dashed out from the viewing platform as he tried to stop him!

But, Fang Shaoning’s speed was just too swift!

Chapter 1386: Unexpected ability (5)

The white figure had yet arrived when Fang Shaoning’s killer move was right in front of Huang Yueli.

On seeing that a tragedy was about to occur at the next moment, everyone couldn’t hold themselves back as they cried out in shock!

While hanging by a thread, Huang Yueli’s feet moved along with her agility dance steps as she slid out of Fang Shaoning’s area of attack!

Fang Shaoning couldn’t help but went into a blank as he turned around to take a look at her, unable to believe that under the circumstances that he had used his full potential, Huang Yueli was still able to escape!

Whereas Huang Yueli was also in a state of shock as the sweat on her forehead kept sprouting because she had not expected Fang Shaoning’s ability to be that powerful!

Most practitioners who practiced the maniacization cultivation method, while they were in a state of maniac, although their cultivation was raised by a huge notch but as compared to same levelled practitioners, there was still a difference. No matter in terms of speed or attack, it would all decrease.

However, Fang Shaoning seemed to have curbed this weakness. Not only was he able to display his actual combat ability, he was not inferior to an actual sixth stage realm seventh level practitioner!

Earlier when she evaded him, she had already used all of her energy but she could only manage to escape barely when the situation was extremely critical. Her arm was even swept by his palm wind as a slight injury could be seen.

Luckily Fang Shaoning was too shocked and didn’t continue to chase after her while he was riding high on the tide. Otherwise she would probably be in deep trouble!

At this moment, the white robed Leng Yi Feng had already rushed to the stage.

He flashed and blocked right in front of Huang Yueli, at the same time sweeping an extremely unhappy gaze towards Fang Shaoning.

“Third Junior Brother, what are you doing? This is merely a tournament, how could you not control your own temper and deal such a heavy hand towards Miss Bai? Luckily Miss Bai’s reaction was swift enough otherwise if any accident really happened, are you able to take the responsibility for this?”

He berated Fang Shaoning harshly.

When Fang Shaoning saw his appearance, he was first shocked but upon hearing his words, he couldn’t help but break out in cold sweat.

Practitioners who were in a state of maniacization were easily agitated. Earlier he was looked down upon by those weaklings so he lost his rationality at the spur of a moment which led to him dealing a murderous hand on her.

Now that he had cooled down to think things through, he realised that he had almost committed a huge mistake!

If Huang Yueli really died under his hands, his Master might not be able to protect him!

Fang Shaoning quickly took a step back, "Yes, Senior Brother, I was too rash due to a moment of folly..."

He had always been respectful towards Leng Yi Feng because if not for Leng Yi Feng's relationship, it was impossible to get the maniacization cultivation method which he was cultivating. Furthermore he would go to Sky Emperor City in future and would definitely join the Leng family clan.

Leng Yi Feng gave a cold snort as he said, "Forget it, you didn't do it intentionally. Since the outcome is already out, then..."

"Wait!" Huang Yueli hurriedly cut into his words, "Master Leng, I don't understand what you're saying, what outcome is already out? I've just started the battle with Fang Shaoning so how could the outcome already been set?"

Leng Yi Feng revealed a shocked expression, "You're still preparing to continue battling??"

"Of course! Isn't it already written clearly on the competition regulations? As long as no one admits defeat and no one had been thrown down the arena stage, then this competition is not considered as ended." Huang Yueli replied calmly.

"But..."

Leng Yi Feng already didn't know what else to say.

Earlier when this lass ran up the stage, it could be explained as a moment of rashness. But now she almost lost her life, yet she was still not willing to get off the stage?

What on earth was she thinking of? Did she really not want her life anymore??

Chapter 1387: Unexpected ability (6)

Leng Yi Feng advised, "Miss Bai, don't act in this way. If any accident were to really happen to you, it's not a good thing for both our Sects."

He really didn't want to see Huang Yueli heavily injured.

After all, such a talented young female Armament Master was rarely seen and their Leng family lacked Armament Masters among all other jobs. She was an important chip to his future position in the Leng family so he had never given up the intention of wooing Huang Yueli at all.

However, Huang Yueli raised her brows, "It's very easy to end this battle, please get Master Fang to admit defeat!"

Fang Shaoning's face turned green, "What? You want me to admit defeat?? Don't you take an inch for a mile! To think that you still have the face to say such things, did you really think that I have no way to deal with you? Earlier you were able to escape narrowly because of your luck! Since you've already said this, then let's continue the battle!"

"Third Junior Brother!" Leng Yi Feng frowned.

Fang Shaoning replied, "Eldest Senior Brother don't worry. I will absolutely not take her life! But as what you've seen, she totally refused the proffered wine and insisted on taking the punishment wine! This battle is of utmost importance so if I don't show her any colours, she will never admit her loss!"

Cui Yuan Shan also couldn't help but frowned, "Yi Feng, you can't join in the competition so stop staying on the stage. Your Third Junior Brother knows the severity of his moves! This is the last battle so stop wasting time!"

Leng Yi Feng then realised that his actions had already gone way beyond that even Cui Yuan Shan detected that something was amiss as he was slightly dissatisfied.

Because of this, he could only step down the stage, giving up the space on the arena.

Celestial Light Sect's disciples were all holding on to their breaths, feeling extremely conflicted.

They were all afraid that Huang Yueli would lose like Murong Fei, but they had no choice but to admit that admitting defeat was the best choice.

Searching their own consciences, if the majority of them were in her position, they would definitely admit defeat! With such a huge disparity in their cultivations, no matter how they tried their best, they still had no ounce of chance of victory, and they would probably throw their lives away for no good reason! Which idiot would do that?

But.... in the end, Huang Yueli actually requested to continue with the competition!!

This was out of everyone's expectations, simply making everyone shocked!

Jumping up onto the stage based on her moment of rashness was simple but upon realising how powerful the other party was, and knowing that there was no chance of victory yet still able to continue with the battle was simply too difficult!

Momentarily, all the disciples in Celestial Light Sect saw her in a new light with only a thought in their minds: She's really worthy of being Young Sect Master's fiancée. Although her potential wasn't first rate but her spirit was just too hard to come by!

At this moment, Fang Shaoning and Huang Yueli had once again prepared themselves.

The judge announced, "The battle shall now start again!"

This round, both parties started moving at the same time.

Fang Shaoning had already cooled himself down so naturally he wouldn't casually strike a killer move so when he struck, it was with reservations.

Whereas Huang Yueli already had some experience. She knew that the disparity between their potentials was extremely large and she would absolutely not easily win this battle, so she needed to be more patient.

So she chose the main path of evasion.

Right from the start of the competition, she fully utilised her Agility Dance Steps, dancing around the entire arena, evading Fang Shaoning's attacks.

Fang Shaoning initially thought that as long as he didn't lose focus, he only required thirty percent of his energy to throw Huang Yueli down the stage.

But after a short moment, he realised that he had not even been able to touch even a corner of Huang Yueli's robe hem.

Chapter 1388: Close call (1)

This made Fang Shaoning extremely surprised.

No matter what, the disparity between almost two large realms cultivation, in terms of speed was heaven and earth apart. Even if he didn't use his full strength, he shouldn't be unable to even touch her at all!

But Fang Shaoning increased his speed and tried several more times, yet was still evaded by Huang Yueli with much difficulty.

Fang Shaoning's expression congealed. He realised that Huang Yueli's movement and Profound Skill which she exhibited was very meticulous. From the way her figure swayed, it could even show some remnant figured to befuddle his vision. The Profound Skill which she cultivated... was definitely a heaven grade Profound Skill!

Fang Shaoning had no choice but to increase his speed as his strikes were like lightning, swiftly attacking towards Huang Yueli!

Huang Yueli also revolved the Profound Energy in her as her footwork's speed was also raised to the maximum!

Everyone on stage couldn't see their figures clearly, only two blurry reflections as it kept shuttling around the stage. One moment they were at the middle of the stage and the next moment, they appeared on the corner of the boundary.

Only practitioners who were fifth stage realm and above were barely able to see the tracks of their movements.

"So fast, too fast! So a sixth stage realm practitioner's speed is actually that fast! I'm in fifth stage realm seventh level but I can't even manage to follow twenty percent of this speed!"

"Fang Shaoning's speed is indeed very fast but it's Bai Ruoli who's more incredible! Isn't she just at fourth stage realm ninth level? How could she be so fast as well??"

“That’s right, Fang Shaoning had been pursuing her so tightly and with such intense attacks, if I were up there, I’d have been kicked off the stage long ago. But Bai Ruoli is actually able to evade his attacks! Although it was always short of an inch or less before she was kicked down, but it was always just short of that inch! Heavens, how on earth did she manage that?”

Murong De’s eyes also grew larger and larger, as a surprised expression revealed on his face.

“Good! Great evasion! I’d not expected that not only is Miss Bai a talented Armament Master, she even has such great innate talent in terms of cultivation! No wonder that disciple of mine whose eyes grew on top of his head was smitten head over heels by her!”

Cui Yuan Shan however frowned slightly. He had not expected that a match which could be won easily could actually have such changes!

This young lass looked as though her cultivation was very weak and not worth mentioning at all but in actual fact, she was very difficult to tackle!

Hearing Murong De shouting out happily loudly, Cui Yuan Shan just felt extremely frustrated.

“No matter how good her innate talent is, isn’t she just in the fourth stage realm? Such a huge disparity is not just in terms of speed. Using such high speed to evade attacks takes a huge toll on the exhaustion of Profound Energy! This Sect Master is going to see how much longer can that young lass hang on?”

Hearing that, Murong De’s smile suddenly froze.

Cui Yuan Shan was indeed an established ninth stage realm practitioner as his foresight was indeed not bad.

After Huang Yueli had been fully executing the Agility Dance Steps for quite a long duration, she indeed was starting to feel a little unbearable.

This was not only because of the exhaustion of her Profound Energy. More so, when Fang Shaoning was pursuing after her, although the Profound Energy which he unleashed didn’t directly struck her but it had gradually developed some influence towards her speed.

Her speed started to slow down gradually whereas at the next moment, Fang Shaoning’s attack followed immediately!

The two of them were just an inch apart and although she went sluggish for just a little moment, that gave Fang Shaoning the opportunity to attack her shoulder!

With a swish, a sliver ray flashed by!

The cloth on Huang Yueli’s shoulder split open and blood immediately spilled!

Chapter 1389: Close call (2)

At the same time, the stage below burst into a huge commotion!

“Bai Ruoli is injured!”

“Heavens, in the end he still chased up to her! This time round she’s finished!”

“That’s right, the minute she’s injured, Fang Shaoning would never give up on his pursuit!”

Even ordinary disciples could tell that Huang Yueli’s situation was dire and it was imaginable how much pressure she was under while on the arena stage.

Although the wound on Huang Yueli’s shoulder was not considered deep but it still affected her movements. Even though Huang Yueli’s psychological state was exceptionally great and her Agility Dance Steps was still executed properly but she wasn’t as swift as she was earlier.

The two of them still remained as the current situation where one evades while the other pursued. But not long after, Huang Yueli was stuck again.

Another “chi” sound and this time she was hurt on her left thigh!

As time went by, the wounds on Huang Yueli started to increase and many of it were bleeding, cutting a sorry state.

Fang Shaoning’s speed had also decreased because of his previous injury and the prolonged duration of exhaustion, but his potential and cultivational level was right there so his entire state was much better than Huang Yueli’s.

“Chi—”

Huang Yueli was stuck by yet another move!

“Heavens, Bai Ruoli is injured again! In total, she already has ten over wounds on her!”

“Right, although those are all external injuries, but with so many wounds, the state of haemorrhage is just too serious. Her speed is obviously much slower than earlier!”

“Still not going to admit her loss quickly. If this goes on, she will be injured very seriously! She’s already done too much!”

“That’s right, she’s just a fourth stage realm practitioner and able to fight against Fang Shaoning till this step, it’s already very rare! Even if she lost, it’s not her responsibility!”

Celestial Light Sect’s disciples were already standing on Huang Yueli’s side, all secretly worrying for her.

From what they saw, Huang Yueli would still lose eventually. But even though she lost, she had already exhibited unimaginable extraordinary potential!

If it wasn’t for the fact that they witnessed it with their own eyes, no one would believe that there was such a powerful fourth stage realm person who could fight it out with a sixth stage realm seventh level top expert for so long! Even leaving such a huge wound on the sixth stage realm expert’s body!

Crossing over two huge realms to battle was something unimaginable to all the disciples present!

So even if Huang Yueli admitted her lost now, she was still honoured though defeated. No one would deny that she was a genuine genius young lady with extraordinary talents!

The audience below the stage were advising her to admit defeat but Huang Yueli totally showed no signs of admitting defeat at all.

Even though she was already wounded ten over times and her speed was starting to decrease but she clenched her teeth tightly as she tried her best to exhibit her footwork, continuing to seek for survival under Fang Shaoning's continuous pursuit.

On the high stage above, Li Moying clenched his fist tightly as he gazed upon the situation in the arena. His face was still emotionless but his heart was extremely anxious to the limit!

He had on several times jolted from his seat with the intent to rush down to the stage below. Especially the few times when Huang Yueli was severely hurt, he almost stood upright.

But recalling the reminder which Huang Yueli had repeatedly told him before the competition, he coerced himself to get back to his seat.

At this moment, he finally experienced what was the torture described as using a knife to carve at one's heart.

His beloved woman was now in the arena, covered with scratches but unfortunately, he could not head up to stop it!

Not that he didn't have the ability to do so, but.... he couldn't go!

Chapter 1390: Close call (3)

Li Moying felt that he had almost used up this entire life of self-restraint before he could barely control his own actions.

Many times, he wanted to *****, that his Li'er didn't need to become so powerful and he could protect her for life! He didn't need her to go through such harsh experience training to seek breakthrough, to raise her own potential!

But in the end, he still controlled himself.

If he really broke Huang Yueli's experience training plan, then this young lass would definitely be angry.

She had always been so eager to be first, so arrogant. In her past life, she wasn't willing to be the woman behind the number one top exponent which was why he was deeply attracted to her....

He couldn't affect her in her pursuit for the things which she wanted....

Just as Li Moying was unable to sit or stand still, a sound came from his back.

"Young Sect Master Li, what good determination you have ah. Your fiancée is already severely hurt and yet you still don't give any reaction at all? Celestial Light Sect's people were saying just how much you pamper your fiancée but from the looks of it, it's just so-so only!"

Li Moying slowly turned his head around as he stared at Leng Yi Feng who was standing right behind him, and he slightly frowned.

“What concern is it of yours?”

Leng Yi Feng sensed the powerful aura which was emitting from Li Moying and subconsciously became anxious. The disparity between the both of them was simply too huge and if it was usual, he wouldn't dare to provoke Li Moying in this way.

But seeing that it was at the event of an official tournament between the two Sects and his Master was also around, Leng Yi Feng's guts inflated by quite a bit.

Recalling that Huang Yueli exhibited such powerful cultivational innate talent in the arena, Leng Yi Feng's heart got even hotter!

Originally he thought that she was just a genius Armament Master. Even so, she was already an extremely rare match for marriage.

Now? She actually exhibited her potential in terms of cultivation, fourth stage realm versus sixth stage realm! If he missed this kind of talented young lady, he would absolutely not be able to find a second one!

With the thought of getting Huang Yueli, Leng Yi Feng's heart started to burn, even forgetting the injury which he had suffered from Li Moying's previous attack, standing out to challenge his love rival.

At this present moment, a burst of shock screeches could be heard from the stage below once again.

Apparently, Huang Yueli was injured yet again.

Leng Yi Feng couldn't help but said, “Miss Bai is so severely injured but yet you didn't go and stop this. In actual fact you don't like her at all. You merely feel that she's an Armament Master and has such talent in cultivation so you abandoned Murong Fei to be together with her right? Did you think that no one can tell?”

Li Moying's gaze was icy cold, “What a joke! How do you even have the cheek to say that about me? You should ask yourself, why and for what reason, do you even covert my fiancée!”

Leng Yi Feng was rendered speechless but very quickly he started to rebuke him.

“I... I'm different from you! I truly admire Miss Bai! Earlier when my Third Junior Brother dealt a heavy hand towards Miss Bai, haven't I gone over to stop him? What about you? Where were you? Did you think that Miss Bai is an idiot? She knows very well who is the man who is true to her! After today, she would definitely be utterly disappointed with you! You're totally not worthy of her!”

The last sentence managed to poke through Li Moying's Achilles heel.

His gaze turned extremely cold as his brows rose, following which his aura surrounding him exploded instantly.

“Scram!”

He coldly spat out a word and although his voice wasn't very loud but it was powerful and resonating.

Leng Yi Feng was forced back by his aura as he instantly fell backwards!
