

Weaponsmith 1411

Chapter 1411: So shameless (6)

Huang Yueli retorted angrily, "That bathtub is too small! Then if we squeeze two people in this bathtub, it will definitely be even tighter! You still insist on squeezing in!"

Li Moying put on an extremely pure expression, "Two people together is indeed a little too squeezey but if we adjust our positions, we can still sit properly."

Huang Yueli had not responded in time when her slender waist was locked by his hand.

Li Moying used his strength and lifted her slender body gently as he adjusted position so that she could sit on his leg.

Huang Yueli stumbled and directly fell into his arms, tightly stuck together with him.

If it was usual times, just based on the intimate relationship which they shared, this really wasn't much but... the both of them had nothing on them!!

"You.... you big pervert, quickly let go of me!"

Huang Yueli tried her best to wiggle around, trying to get off from his body.

Li Moynig couldn't help but moaned, "If you don't want any accidents to happen, the best would be for you not to move!"

"What?" Huang Yueli sensitively sensed that something was amiss, but couldn't totally understand what he meant....

Li Moying looked at her pure expression as he gave a bitter laugh in his heart, feeling that he had really moved a rock to smash his own feet. Not only did he not manage to flirt with his own fiancée, instead he started to burn up in passion. But unfortunately, he could not possibly really do anything to the injured her...

Li Moying held her slender waist as she nudged towards the other side, at the same time shifting himself a distance away.

Heaven knew that his body reaction indeed was unconcealable and if it wasn't for rationality which reminded him that his Li'er had suffered heavy injuries today and couldn't take any more torment, he would probably have turned into a wolf, pouncing towards her!

Really damnit!

Li Moying's tone was stiff, "Alright, stop fooling around and cultivate properly! This Phoenix Blood's energy is indeed powerful so don't waste it!"

Huang Yueli didn't expect this man to have a change of expression. Earlier he still had a lustful expression and the next moment, he actually turned so solemn and just, furthermore pushing her aside?

Was it because she treated him too fiercely causing this narrow-minded man to throw his pampered arrogant tantrum?

But what right did he have to be angry? He was obviously at fault!

Huang Yueli rose her eyes as she stole a look at Li Moying, sizing him up from left, right, up and down.

Li Moying shut his eyes, not daring to look at her delicate pretty face but through his soul trace, he was still able to clearly sense that his Li'er had been staring at him.

Worried that his little lass could tell that something was wrong with him, Li Moying hurriedly said, "What's the matter? Why do you keep staring at me? Are you really having ulterior motives towards me?"

"I... to you..... ulterior motives??" Huang Yueli's mouth fell agape.

Li Moying smiled lightly, "Why? Really coveting my body? No problem, go ahead and pounce up on me, you know I would never reject you....."

"Scram, hasn't anyone told you that you're a real narcissistic!" Huang Yueli exploded once again.

Li Moying couldn't tolerate it and wanted to laugh as that burning passionate desire in his heart had subsided by quite a bit...

His Li'er was simply too cute. Usually she always acted to black bellied and powerful in front of outsiders but in front of him, she was so childish and adorable...

He lowered his voice, "Since you have no designs then I can rest my heart so let's grab hold of time quickly to cultivate!"

"Do I need you to tell me that!"

She could tell that Li Moying was not angry so Huang Yueli immediately turned into her pampered arrogant self.

Chapter 1412: Common purpose (1)

She nudged to the side once more as she stayed far away from Li Moying before shutting her eyes and fully concentrating on cultivating.

Li Moying sensed that the young lady's breathing became stable and opened his eyes, turning his head to look at her.

That fair complexion was filled with a shade of red because of the heat and his heart started to jolt again.

Li Moying hurriedly shut his eyes and held his breathing, forcing himself to forget what he had seen earlier but alas, his reaps were minimal.

It took a long period of time before he successfully entered the state of cultivation.

He gotta admit that the energy contained in Phoenix Blood was extremely powerful.

The next morning, Huang Yueli's injuries had recovered by a large majority. Although it was still a distance from a full recovery, at least all the wounds had closed up and the swelling had gone down by quite a bit.

Whereas Li Moying seemed to have slight signs of advancement.

After Huang Yueli realised this, she looked at her own fiancé's jealousy. This man.... his innate talent was just too good wasn't it! He was already at seventh stage realm third level and just soaking an entire night in Phoenix Blood made him want to advance again?

He wasn't from Sacred Phoenix Race and his main attribute wasn't fire but his absorption towards energy was so powerful!

Li Moying turned back and threw her a puzzled look, "What's the matter? Why are you staring at me like that?"

Huang Yueli raised her chin bluntly, "Next time you're not allowed to take a soak with me! In order to prevent you from sneaking an attack on me, I've already let Mo Yi find a super large bathtub for you and it's placed in the study room so you can go there and take a soak!"

Li Moying immediately put on a pretentious pitiful look, "Ah? Why? This is obviously my bedroom too? Why can't I use it?"

Huang Yueli replied, "What you said is reasonable. If not you can just sleep in the study room from now on, so in this way you won't feel that it's not normal!"

"Don't... don't... I'll go alright?" Li Moying was helpless as he could only raise both his hands and feet to surrender.

Although he was not able to see the beautiful view of the beauty emerging from the bath, but it was much better than being swept out of the door by his fiancée!

Only, Mo Yi this fellow really was too blind! Did he or did he not know who the Master of this house was? He actually dared to help Huang Yueli search for a bathtub? He was really in need of a lesson...

...

Li Moying spend every day accompanying his fiancée cultivating, soaking, refining armaments and was so indulged in the pleasure that he forgot his duties, too lazy to even leave his residence.

Murong De had sent someone over to look for him several times, to bring Huang Yueli over to Celestial Light Sect's higher management meeting but were all rejected by him.

Now that seventy percent quota was already in their hands, for Celestial Light Sect to hold a meeting at this point of time, it was definitely to enquire on how to distribute the quota.

This was something which was linked to every wing's benefits and if it were ordinary Elders, they simply could not be absent from this meeting.

But Li Moying totally wasn't interested at all.

Anyway his position was up there in the Sect and moreover this quota was won entirely based on his Li'er so the quota that belonged to him would not be very little. As for how the others got it, what did it have to do with him?

This kind of lousy matter regarding fighting for benefits was something which he was most uninterested in. How on earth was it able to be as interesting as compared to teasing his little fiancée?

But even though Li Moying and Huang Yueli didn't attend the meeting, Luo Jiyun came knocking on the door on pretext of visiting Huang Yueli and even brought along quite a number of latest news in the Sect.

"Eldest Senior Brother, Sister-in-law, luckily you didn't join in that meeting to distribute the quote. You don't know that on that day at the meeting, Elder Han and Elder Wang had completely torn their faces over a few quota!"

Chapter 1413: Common purpose (2)

Luo Jiyun gave a vivid and lifelike description, "The two Elders are all three to four hundred years old but they were still banging tables as they quarrelled, which was simply an eye-opener!"

According to the usual conditions, it wasn't Luo Jiyun's turn to attend such a kind of management meeting but as he displayed outstanding performance at the arena tournament plus Li Moying personally assigned him to his spokesman, hence he had the chance to attend the meeting.

Li Moying gave a cold snort, "These old men had always been like that but they always acted prim and proper in front of ordinary disciples only!"

Huang Yueli was rather curious, "Then what was the final conclusion of the meeting? How was the quota allocated eventually?"

Luo Jiyun replied, "The Elders each stood their own grounds, assuming that they had contributed the greatest to the Sect and all wanted a few more places! Moreover they mentioned that if they didn't obtain a satisfactory amount of quota, they would reject giving a hand at the time when the mystic region opens up. By then, everyone would not be able to go! Simply too much!"

He felt indignant at the injustice as he spoke whereas Huang Yueli and Li Moying were totally used to this.

So what if they were ninth stage realm practitioners? So what if they were Elders from a large Sect? In front of benefits, no one would possibly give way as their ugly faces showed so they were long used to seeing this!

Luo Jiyun continued, "Luckily Master finally thought of an idea. Other than the ten quota which Eldest Senior Brother requested for and must be given, the remaining sixty quota must be given according to certification of ability. Which means, the Sect will hold a tournament seven days later. All of the disciples in the Sect, regardless of whether they are direct disciples or not, are all allowed to take part. However only those placed in the top sixty will be allowed to get a quota to enter the ancient mystic region!"

Huang Yueli laughed as she said, "Sect Master Murong is after all someone who had been a Sect Master for many years. He indeed has ideas so in this way, the other Elders have no way to oppose right?"

"Isn't that so? Elder Wang's disciples under his wings aren't really that strong in terms of ability so this proposal is very disadvantageous to him but he simply couldn't find any reason to oppose, so he was so infuriated that he left directly on the spot!"

Seeing the both of them in such speculative talk, Li Moying was watching from the side as he uncontrollably felt a little jealous.

He stretched out his hand and locked onto Huang Yueli's arm as he carried her from the back, "All these are basically rubbish on the scramble for power and profit so there's nothing much to listen to."

Saying that he turned his head around to look at Luo Jiyun, "Fifth Junior Brother, from what you narrated, it means that you must take part in the tournament seven days later so why are you not returning back to cultivate?"

Luo Jiyun didn't realise that Li Moying was jealous as he gave a complacent laugh when he heard what Li Moying said.

"Eldest Senior Brother, it's not as if you don't know! My current ability among the younger generation of the Sect is of no problem to get into the top ten. How could I not get a quota for myself?"

Li Moying's face turned darker, "Then what will happen after you enter the mystic region? The ancient mystic region is filled with danger and just based on your fifth stage realm cultivation, you can't even defeat your sister-in-law. What happens if you meet with danger?"

Luo Jiyun then detected that Li Moying's tone wasn't quite right.

"Ughh, this..."

Huang Yueli burst out in laughter.

"Junior Brother Luo, thank you for telling us these today. I have something on with your Eldest Senior Brother so do on back first! If there's any new news, remember to let us know!"

Luo Jiyun looked at Li Moying's hand which was clasped tightly on Huang Yueli's waist then looked at his evidently unpleasant expression when he finally got it.

He wiped the cold sweat on his forehead as he gave an agreeable response and immediately slipped away.

Chapter 1414: Common purpose (3)

Huang Yueli looked at his fleeing figure as she found it even funnier.

Li Moying gave a cold harrumph, "At last he's gone, at least he knows what's good for him!"

Huang Yueli shook her head helplessly, "You don't need to act in this way right! Junior Brother Luo merely just spoke a few sentences to me!"

“What’s there to talk about? Those matters which he mentioned are of no value at all!” Li Moying was filled with disdain for him.

Huang Yueli curiously asked, “The matter regarding the quota allocation, you’re really not going to care about it? Then will you still go watch the tournament which will be held seven days later?”

Li Moying gave her a strange look, “What’s there to see, don’t tell me you wish to go?”

Huang Yueli shook her head.

“Then that does it! Let’s ignore those boring people and continue with our bath! Can we soak together today?”

“Scram, fat hope!”

...

Seven days later.

Celestial Light Sect’s internal tournament started as scheduled.

This tournament, to the Sect’s inner disciples, was an absolutely great chance for them to change their lives. Originally based on their statuses, it was impossible for them to fight for a quota with the direct disciples so such a good thing like entering the mystic region would never be their turn.

However this round, because of Huang Yueli who had fought for more quota, they were allowed to have a chance to take part in the tournament.

Many of them were feeling grateful towards Huang Yueli and in many Celestial Light Sect disciples’ eyes, Huang Yueli was the same as Li Moying, already becoming a legendary level character.

Many of them knew that they could not possibly win at this tournament but they still chose to take part in it. The main reason was hoping to catch a glimpse of the two of them.

Unfortunately, what made them disappointed was that Li Moying and Huang Yueli both didn’t appear at all.

But this totally didn’t affect the intensity of the tournament.

On the stage, the battle progress was unstoppable as everyone wanted to grab hold of this once-in-a-lifetime chance hence the battle was extremely intense.

On the contrary, some powerful direct disciples didn’t need to battle and they obtained the quota hence they stayed by the side to watch the show without any pressure.

Under the tree shade, Murong Fei swept her glances towards the high stage several rounds as she revealed a disappointed look.

“Eldest Senior Brother really didn’t come!”

Li Lingchuan replied, “So what if he came? Every time Eldest Senior Brother appears, he would bring along his little fiancée and now quite a number of people are fans of Miss Bai so her reputation has

already outshone yours. If they were to appear together, then that scene.... You will definitely not be able to take it!"

Murong Fei was so angry that she bit her teeth but was totally unable to say any words of rebuttal.

"That little slut! I'll show her sooner or later!"

"What's the point of just cursing her? If you want to make her disappear, then you have to think of a complete plan!"

As Li Lingchuan was saying that, he suddenly saw a man dressed in white standing not too far away.

His gaze suddenly flashed as he said to Murong Fei, "Third Junior Sister, earlier Master seemed to have sent someone over to look for you."

"Oh? Was there? How come I didn't hear a thing?" Murong Fei asked in puzzlement.

Li Lingchuan replied, "Earlier I heard a servant girl calling out for you. Quickly go take a look, perhaps it might be something urgent!"

Murong Fei frowned but she didn't consider the fact that Li Lingchuan would lie to her so she quickly left.

After Li Lingchuan sent Murong Fei away, he walked towards that white robed man.

"Master Leng, long time no see! I'd not expected to meet you here today."

Leng Yi Feng stood alone under a tree not too far away as he was concentrating on the battle on stage.

He wasn't Celestial Light Sect's disciple so for him to return to his place, his motive was naturally not simple.

Chapter 1415: Common purpose (4)

Leng Yi Feng saw Li Lingchuan walking nearer as he was extremely surprised. He had thought that his action of spying had caused Celestial Light Sect's displeasure so he hastily tried to clear himself.

"Master Li, long time no see, how have you been? Don't misunderstand, I happen to be passing by and coincidentally saw the tournament that your Sect is holding. I'm preparing to leave now."

This was called telling a lie with his eyes wide open.

Green Cloud Sect's base was quite a distance away from Celestial Light Sect and although there were quite a number of guards patrolling near the tournament grounds, Leng Yi Feng was able to avoid all the guards perfectly while appearing at this place which was absolutely not possible to be as simple as "passing by".

A clear-minded person knew it clearly that he was here to help Green Cloud Sect scout for the real situation.

After all, after they enter the ancient mystic region, the victor of the tournament would become Green Cloud Sect's opponent.

Li Lingchuan gave a smile which didn't look quite like a smile as he replied, "Master Leng, I'm not here to chase you away but here specially to wait for you. I have some personal matters... which I wish to discuss with you."

As one of the younger generation's top experts who was just beneath Li Moying, Li Lingchuan had long obtained a quota to enter the mystic region so his motive here was to meet Leng Yi Feng!

"Oh? Leng Yi Feng's brows rose in surprise, "You're Celestial Light Sect's talented disciple. What matter could you possibly have, to discuss with me?"

Li Lingchuan replied, "Let's move elsewhere to have a chat."

Leng Yi Feng nodded.

The both of them walked to an even seclusive corner.

Li Lingchuan then said, "Upright people don't speak secretly. Our motive for looking for you, I'm assuming that Master Leng has already guessed it. We have a common purpose so after entering the ancient mystic region, we must cooperate properly!"

Leng Yi Feng's heart jolted but the words which came out of his mouth were as such, "What does Master Li mean? Why is it that I don't understand you at all? We are both in different Sects so how is it possible that we have a common purpose?"

Li Lingchuan took a look at their surroundings and after verifying that no one was hiding in the darkness to eavesdrop, he finally brought his meaning out into the open.

"Master Leng, do you want Bai Ruoli or not?"

Leng Yi Feng's body shook! He totally had not expected that his hidden thoughts was exposed in such a direct manner!

He indeed wanted that exceptionally talented genius young lady. Furthermore after witnessing her shocking performance on the arena stage that day, his heart desired her even more than ever as that feeling was so intense that it was like a ball of fire, devouring and scorching at his chest.

Only, the man behind Huang Yueli was simply too powerful! Furthermore Huang Yueli totally treated his Leng family's authority with haughty contempt. That day she had directly rejected him so that left Leng Yi Feng with no more plans to execute.

Moreover, he had been defeated by Li Moying in just one move several times. It was simply so embarrassing that he didn't even dared to talk about this so how was a Celestial Light Sect disciple able to see through him?

Leng Yi Feng immediately denied, "I don't understand what you're talking about! Bai Ruoli? Isn't she a disciple of your Celestial Light Sect? What does she have to do with me?"

Li Lingchuan looked at this instantly changing expression as it affirmed the guess in his heart.

He spoke steadfastly, "Actually the performance which you showed on the arena stage that day already let many of us see that something was not quite right. Bai Ruoli was Li Moying's fiancée but when Fang Shaoning wanted to deal her with a deadly hand, you suddenly appeared to stop your own junior brother! Isn't that very strange?"

"Logically speaking, if Bai Ruoli was either killed or crippled, my Eldest Senior Brother would be despondent but to you, it should be something which was worth celebrating over!"

Chapter 1416: Common purpose (5)

Leng Yi Feng really didn't expect that his involuntary rashness that day actually allowed someone to see through his flaw.

He thought that he had concealed it very well!

Leng Yi Feng refused to admit, "I am doing this because of the friendship between our Sects. If someone died on the arena, and the person who died is Li Moying's fiancée, then there would definitely be no way for our two Sects to continue with the cooperation."

Li Lingchuan plainly knew that he wouldn't easily admit to it as he wasn't in a hurry as well.

He said this in a straightforward manner, "Master Leng, the graceful maiden is well suited as a spouse for the gentleman so what's there to deny about? You don't need to guard me as though you're guarding against a thief. I'm here looking for you because I want to help you!"

"Help me? Are you that kind hearted?" Leng Yi Feng gave a cold laugh.

Li Lingchuan replied, "The lady you like is already engaged. Although it is disappointing but after all, they're still not married isn't it? If an accident were to happen to her fiancé while he was on experience training....."

A light flashed past Leng Yi Feng's eyes as he finally raised his head to look at Li Lingchuan in the eye.

The two exchanged glares and saw the ambition and schemes in each other's eyes.

Leng Yi Feng remained silent for a while then laughed, "Looks like Master Leng is after something big! That's not wrong either. Based on Master Leng's innate talent and potential, you are considered as a top rated super talent in South Sky Region but unfortunately, having an abnormal Senior Brother like Li Moying, no matter how hard you try, it's impossible to surpass him. If I were in your shoes, I would be extremely melancholic."

Li Lingchuan didn't deny nor did he admit to it. He merely replied, "So does that mean that Master Leng believes the sincerity that I have to cooperate with you?"

Leng Yi Feng nodded as he replied, "I understand your intention now but if I were to help you deal with Li Moying, the advantage which you will get is huge. Not only will you get to replace him as Celestial Light Sect's Young Sect Master to become the future Sect Master, you will also be able to marry Sect Master Murong's daughter. As compared to that, I am at a major disadvantage."

Li Lingchuan said disapprovingly, "Master Leng, why try to sound me out? Whether I'm at a disadvantage or not, you know it very well! For a peerless talented young lady like Bai Ruoli, she is a rare case and even in the entire Sky Emperor City, there probably are not many around! Even if there is... there are so many strong practitioners in Sky Emperor City so when will it be your turn? You only have this one chance and if you miss it, you'll regret it for life, isn't that so?"

Obviously everyone could tell that it was a rare sight to see a young lady with exceeding innate talent in both armament refining and cultivation!

Even if Li Lingchuan had absolute disgust towards Huang Yueli because of Li Moying, but he had no choice but to admit that Huang Yueli's value was even much higher than Celestial Light Sect, the number one Sect in South Sky Region!

The person to gain the biggest reward from this transaction was still Leng Yi Feng.

Leng Yi Feng saw that he was so clear-minded and didn't bother to be pretentious anymore so he could only reply, "Alright, since we're going to cooperate, then let's bring out our sincerity. Actually I originally intended to take action in the mystic region and I have a rough idea. Only there's a little problem which I have no way to solve."

"Oh? What problem is that?"

Li Lingchuan didn't expect the matter to be so smooth as he asked excitedly.

Leng Yi Feng continued, "Actually the ancient mystic region which we are going to enter this time is an early historical remains left in Soaring Heavens Continent which was left by the Cloudy Qilin Clan several thousands of years ago. It had been recorded in Green Cloud Sect's historical ancient records and recently a few Elders from the Sect had finally decoded the contents after several hundred years of research, certifying the location of this ancient mystic region."

Chapter 1417: Common purpose (6)

He paused and continued, "The ancient records not only recorded the location of the ancient mystic region.. Furthermore it also roughly recorded the situation in the mystic region."

Li Lingchuan's eyes immediately lit up, "In this case, you guys have the map of the mystic region?"

Leng Yi Feng shook his head, "It's not really considered as a map and the historical ancient records aren't complete. Many contents are mutilated and some are totally non-decodable so we could only decode part of the contents. But it's more than enough to use it to deal with Li Moying."

Leng Yi Feng checked the surrounding as he lowered his voice even more, "The ancient records stated a few extremely dangerous locations and the most dangerous part of all is the area which is right smack in the centre of the mystic region, circumference of within ten miles. It was rumoured that in the several thousands of years, this ancient mystic region had been opened several times and every single time someone entered the centre region, there would always be no return and so far, no one had successfully come out before!"

“You’re saying...” Li Lingchuan was also an intelligent person so he immediately understood what he was trying to say, “We can lure Li Moying over to that centre region?”

Leng Yi Feng nodded and replied, “That’s right.”

Li Lingchuan continued while looking a little worried, “This plan sounds feasible but are you certain you’re able to trap him? You’ve also seen it for yourself on my Eldest Senior Brother’s ability. Many things which are totally impossible for others, but to him, it’s so easy. If this time round he’s done it yet again, completing what other people couldn’t complete to leave the centre region safely, then we...”

The minute Li Moying went into a rage, there was no one who could take his wrath.

Although Li Lingchuan was plotting behind him secretly but when he thought about the consequences which could possibly happen after their plot falls through, he couldn’t help but feel a chill run down his spine.

Leng Yi Feng gave a cold snort, “I really can’t tell that your guts is this small, and you’re still planning on becoming Celestial Light Sect’s future Sect Master? As the saying goes, you won’t be able to get the tiger cub if you don’t enter the tiger den? You can’t even take this amount of risk? Moreover speaking, for several thousands of years, among the number of talents who entered the centre region, there is definitely someone who is more outstanding than Li Moying but they also couldn’t return back isn’t it? This is a mystic region which was left by a historical sacred clan! If it wasn’t your Celestial Light Sect’s array, how could it possibly not trap him!”

Li Lingchuan thought about it and indeed found it logical, as he finally toughened his heart.

“Alright, then we’ll listen to your plan! How do you want me to coordinate with you?”

Leng Yi Feng continued, “This plan to me, the most difficult part is how to lure Li Moying over. After all we’re not of the same Sect and the minute we enter the mystic region, our relationship will then become the opposing team. Li Moying isn’t an idiot so how could he possibly not defend against me?”

When Li Lingchuan heard that, he immediately laughed, “You want me to help lure him over? This is simple, leave it all to me!”

As they were under the same wing, wasn’t it a small issue which didn’t require much effort to dig this hole for Li Moying?

Saying that, he looked left and right before preparing to leave.

This was Celestial Light Sect’s internal tournament grounds and as a disciple of Green Cloud Sect, it originally wasn’t a place which he could stay for long.

Li Lingchuan hurriedly called out to him, “Mister Leng, wait a moment, I have a request!”

“What’s the matter?” Leng Yi Feng frowned.

Li Lingchuan continued, “I need Murong Fei’s help to lure Li Moying over. So I’ll explain this entire matter to her but please do not expose the contents of the deal between us to her.”

Chapter 1418: Here for a spring outing (1)

When Leng Yi Feng heard that, he was stunned, "What do you mean?"

Li Lingchuan explained, "You should be able to tell that my Third Junior Sister openly admires Li Moying. If she were to find out that our common purpose is to get him killed, then she would absolutely not help us, so..."

That was why he intentionally drove Murong Fei away when he saw Leng Yi Feng, before he approached him.

Leng Yi Feng understood the meaning behind as he immediately nodded to promise, "Be assured, I know what to say!"

After the two of them derived a common understanding, the both of them parted ways and sneakily left.

No one would have expected that the opposing Celestial Light Sect and Green Cloud Sect had two important figures who had secretly reached an agreement on an underhanded transaction.

...

Very quickly, a month's time passed by.

This day was the important day which Celestial Light Sect and Green Cloud Sect agreed to meet, to work together mutually to activate the ancient mystic region.

Three days ago, both large Sects had assigned several flying ships with their Elders and disciples who were going to enter the mystic region to the meeting point.

Gathering at a dim swamp in between South Sky Region and West Sky Region's boundary.

There weren't many resources which were of use and were extremely dangerous so usually the number of people who neared this place was scarce. So there was practically no one who could have thought that this place hid an early historical remains which the ancient sacred clan left behind.

At this juncture, Green Cloud Sect didn't keep any more secrets.

Under Murong De's continuous urging, Cui Yuan introduced the situation in the mystic region in simple terms.

"This ancient mystic region was heard to be an early history which had been left behind by the great powerhouse Cloudy Qilin Clan in the ancient times, hence its name as Cloudy Qilin Mystic Region. According to ancient records, Cloudy Qilin Clan had left the Soaring Heavens Continent under the pressure of the Sacred Phoenix Race several thousands of years ago. As there were some treasures which they were unable to bring along with them, hence they left it all in the mystic region, protecting it and only using a special method would they be able to activate the mystic region."

"Several thousands of years ago, there was someone who followed according to the ancient records to open the Cloudy Qilin Mystic Region but in the past ten thousand years, more than half of the contents of the ancient records had gone missing resulting in no knowledge of this mystic region."

“This time round, us two Sects will be working together to activate the Cloudy Qilin Mystic Region so this is a huge feat for the past ten thousand years! It’s worth commemorating! Fellows of Celestial Light Sect who are able to join in this lucky chance are really having great luck!”

As Cui Yuan Shan spoke, he started to feel disgusted.

The ones who had decoded the ancient records and found Cloudy Qilin Mystic Region were then Green Cloud Sect.

But the one who benefited the most was actually Celestial Light Sect!

Seventy percent of the mystic region quota had been snatched away from them which really made his head ache, liver ache, flesh ache, aching everywhere!

Thinking of this, Cui Yuan Shan thought of the character who made Green Cloud Sect suffered the most loss – Huang Yueli! If not for her sudden appearance, things wouldn’t have developed to such a state and Green Cloud Sect would have definitely obtained enough quota smoothly.

Cui Yuan Shan’s gaze swept towards Huang Yueli and it only took one look to make him extremely infuriated.

He saw that young lass, the culprit, holding hands with Li Moying as they stood at the very end of the Celestial Light Sect team. Furthermore a relaxed expression hung on her face as she kept looking around, totally not carefully listening to him talking at all!

What situation was this? Based on her background as a young lass from the countryside, this should be the first time that she obtained such a good chance for experience learning, to enter such a high class mystic region for an expedition so shouldn’t she be acting in fear and trepidation?

Why did she totally seem as though she disregarded this, making it look as though she was out for a spring outing!

Did she know or not knew just how difficult it was to get this chance, which many people had tried their best but were still unable to get it?

Chapter 1419: Here for a spring outing (2)

Cui Yuan Shan would not have thought that to Huang Yueli, she had seen too many of such scenarios!

In her past life, she had been to almost all of the ancient mystic regions in Soaring Heavens Continent and moreover, most of the time, it was always with the man who was beside her.

So to her, following her own fiancé into the mystic region for experience learning, was really no different from a spring outing...

Huang Yueli acted as though there was nobody else as she observed the surrounding terrain and suddenly tugged Li Moying’s sleeve.

“Moying, did you hear what that old man Cui said? This Cloudy Qilin Clan was chased out of Soaring Heavens Continent by the Sacred Phoenix Race. Looks like they have a feud with my family clan!”

Li Moying shot her a glance with a smile, this lass! She looked as though she wasn't paying attention but in actual fact, she had heard what Cui Yuan Shan was talking about?

He lowered his head as he laughed softly, "What's the matter? Are you afraid? Perhaps the mystic region has some traps specially set up towards the Sacred Phoenix Race, just waiting to catch a young lass from the Sacred Phoenix Race like you to offer as sacrifice for their ancestors..."

Huang Yueli couldn't help but give him a punch, "What's the meaning of this? How dare you actually scare me! I'm telling you, I'm not afraid! Earlier what I wanted to say is since it's the enemy's mystic region, then I must try my hardest to search for more treasures and not stand on ceremony with them!"

Li Moying burst out into laughter, "Just admit that you're a money grubber, why bother to find excuses for yourself? Since when have you ever stood on ceremony with anyone?"

"Li Moying, say that one more time??"

Huang Yueli stared at her own fiancé in an utterly discomfited look. How dare he tear down her stage, simply too much! Didn't he see Mo Yi and the rest giggling secretly by the side?

Li Moying especially loved to see her seething look so he intentionally teased her earlier to make her angry.

But he was also afraid that Huang Yeuli would really turn her face on him so on seeing her stomp her feet, he hurriedly stopped while he was still able to.

He pointed to the group in front as he attempted to switch the topic, "Quickly take a look! The two Sect's Elders are already standing in position and from the looks of it, they are going to activate the mystic region immediately!"

Huang Yueli heard this important news and indeed shifted her attention towards the direction which he was pointing at.

Celestial Light Sect and Green Cloud Sect's ninth stage realm Elders had already gathered together and now they were following Cui Yuan Shan's commands, standing in position on their designated positions.

There were a total of eighteen Elders and the two Sects came out with half each.

One could tell that they were standing in position according to a special array position, and instinctively they formed a semi-circle shape whereas the core of the array stood the two Sect Masters, Cui Yuan Shan and Murong De.

After the Elders were in position, Cui Yuan Shan didn't announce the activation of the mystic region but let everyone continue to wait.

Having waited roughly for more than one hour, by now, the sky had turned totally dark and a stage of the new moon slowly shifted towards the east direction.

Following the splendour of the moon's rays, the ground of the swamp actually started to surface a mass of thick fog.

This mass of fog was originally very thin but very quickly, it became extremely thick and the boundary of it became wider and wider. Not long after, it started to envelop the entire swamp!

“This... what is this?? How did it become like this? I’m seeing white everywhere and unable to see the person in front of me!”

“Could it be that the Cloudy Qilin Mystic Region is hidden inside this mass of fog?”

“What’s going on? I can’t see anything at all, how are we going to activate the mystic region?”

Almost all of the younger disciples present had not seen such a scenario before and after realising that they couldn’t see anything clearly, they started to turn panicky.

Chapter 1420: Here for a spring outing (3)

It was a common sight to Li Moying and Huang Yueli.

Before an ancient mystic region surfaced, there was bound to be some form of heteromorphic happening. It was merely a mass of fog and nothing dangerous so it wasn’t something which was worth getting worried over.

Although this was the case, Li Moying still subconsciously held Huang Yueli’s hand tightly.

Huang Yueli laughed, “Why are you grabbing my hand so tightly for. My hand is already hurting and I won’t be lost!”

Li Moying gave a cold harrumph, “You always like to run about and if I don’t grab hold of you tightly, you’d just leave me on my own and run off!”

Huang Yueli couldn’t help but burst out into laughter. She knew clearly that Li Moying had recalled the events in her past life when she ran off on her own to look for high levelled materials for armament refining.

She held Li Moying’s hand and swayed while speaking obediently, “In the past I was young and immature but I won’t do that again now.... Moreover, I’m still very, very weak now and need a powerful fiancé to protect me right?”

Li Moying still gave a cold snort and although his tone didn’t sound any signs of softening up, but the grip on his hand had relaxed by quite a bit, no longer grabbing on his hand tightly, but rather holding on to her gently.

Huang Yueli’s lips curled. This man was really easy to coax! Just a few sweet nothings settled him totally!

Right now, the fog echoed Cui Yuan Shan’s loud booming voice.

“All Elders, the auspicious time had reached. I’ll count to three so will everyone please try your best to inject Profound Energy towards the array! I beseech everyone not to hold back and do your best. This ancient mystic region has existed for too long and the amount of Profound Energy required is extreme whereas we only have a quarter of an hour to prepare. Once we miss this chance, the mystic region will not be activated within the next ten years!”

Cui Yuan Shan expressed the severity of this matter and started to count.

“Three!”

“Two!”

“One!”

“Start!”

The minute he finished counting, all the Elders did all they could to unleash the Profound Energy within their bodies totally towards the array!

With so many ninth stage realm practitioners making a move all at one go, the air was permeated fully with the might of Profound Energy, overwhelming with surging waves!

Momentarily, some younger disciples couldn't hold on as they started retreating. There were some who even fell onto the ground directly. Luckily the Elders were standing in a position which was very far away. Otherwise, the younger disciples here would all be seriously injured!

As the Profound Energy in the array grew abundant, not long after, the fog in the air speedily lightened and started to dissipate at a visible speed....

Roughly after a quarter of an hour, the fog completely disappeared.

But as it was night time, the surroundings still looked a little misty.

An obviously black hole appeared in mid-air, around the height of two human and four to five meters wide. They could tell that this was a passageway, only there was totally no way to see the situation on the other end of the black hole from the exterior.

Cui Yuan Shan shouted out again, “Alright, now that the ancient mystic region has successfully been activated, the mystic region's entrance can only last for the duration of an incense stick so those qualified disciples please enter speedily! Lastly, to remind all of you, we will be activating the mystic region for the second time one month later so by then, everyone must arrive at the designated gathering point to wait for us to activate the entrance. If you miss the timing, then you will be trapped inside forever! No one can save you! Now, you may all set off!”

Everyone was jubilant as they had been waiting for this sentence of Cui Yuan Shan's.

Once he finished his last note, several disciples rushed up ahead as they ducked into the black hole without turning back.
