

Weaponsmith 1561

Chapter 1561: Unacceptable ending (1)

For Li Moying, it was a rare chance!

This was a once in a blue moon chance and even casually thinking about it and she knew that there must be an absolutely secretive inheritance hiding inside the stone tablet. If Li Moying was able to get this inheritance, by the time he came out, his ability would have a huge improvement!

Moreover, perhaps with this inheritance, this lifetime he would be able to surpass that door which he had been unable to surpass in his past life – tenth stage realm!

Thinking of these, Huang Yueli was feeling excited for her own fiancée as she happily sat down beside the stone tablet as she meditated and cultivated while waiting for him to appear.

Based on her experience in the Sacred Phoenix Race's inheritance tower, to obtain the clan's recognition and to get the best inheritance, they must pass through various assessments and the time spent on it was absolutely not short.

Hence from the start, she wasn't too worried. Every day she would tease the little Qilin and then enter the Sky Phoenix Ring to tease little Phoenix and after that cultivate a little. Other than the thunder attributed energy in the atmosphere which was a little too strong which made her uncomfortable, all other conditions went along rather smoothly.

However, on the third day after Li Moying entered the stone tablet, the sky suddenly flashed as a bolt of lightning struck the top of the stone tablet.

That bolt of lightning was extremely bright and very thick. When it landed, strong thunder attributed energy charred all the surrounding trees.

Although Huang Yueli managed to evade in time, but she was still sent flying as her face was smeared with dust and dirt.

The stone tablet's colour turned purple, interconnecting with the lightning as the electric currents in the air kept on being absorbed into it.

"What situation is this? What on earth happened inside the stone tablet?" Huang Yueli saw this and instinctively felt that things were not right as she started to feel worried.

Even though she knew that Li Moying's ability innate talent and his response were all not lacking. He was a genuine peerless genius with the ability to adjust to various different changes in situations and was definitely much stronger than her.

But Huang Yueli's heart was still unsettled as an ominous feeling crept up in her heart.

"No, surely not right? Nothing must happen to you! Even I am able to pass the Sacred Phoenix Race's inheritance, Moying is so powerful so there's definitely no problem!"

She repeatedly reassured herself but not knowing why, that flustered feeling in her heart did not disappear.

On the contrary, it became more and more serious.

Huang Yueli kept on pacing up and down nearby, one minute ago she was on the east side, next minute she was at the west.

Little Phoenix was in the Sky Phoenix Ring and sensed her flustered feelings as he took a dig at her, "I say, female demon, what are you worried about? As the saying goes, Good people do not live long while scourge stays for thousands of years. Your family's big demon lord is a badass who bullies those small animals so he will absolutely live on well alright, what are you afraid of? Moreover speaking, from the way that these electric currents energy are gathering, perhaps.... big demon lord is just advancing!"

Even though little Phoenix was whining and his tone wasn't good at all, but Huang Yueli somewhat felt a little comforted.

"Hope this is so....."

Luckily the situation of the lightning striking the stone tablet maintained for around one hour and finally stopped.

The huge stone in Huang Yueli's heart finally dropped when she saw little Qilin which had been sitting by her feet suddenly leap upwards, pouncing towards the direction of the Qilin tablet!

"Aw aw aw!! Aw aw aw aw—!!!"

It's little claw threaded in disarray as it kept clawing at the stone tablet with its might but unfortunately, it only left a slight mark.

Not only that, it moved its head with huge movements and the scales on its body were almost all poking out. Anyone could tell that it was anxious to the max right now!

Chapter 1562: Unacceptable ending (2)

Huang Yueli immediately pounced over, wanting to lift it up.

But before she had even touched Little Qilin's body, this little thing's head twisted to one side as it landed onto the ground.

Huang Yueli's heart fell into the depths of the abyss as a bad premonition surfaced in her heart.

A contracted magical beast like Little Qilin not only were linked in their minds and thoughts with its Master, but were also connected in life and death.

Now Little Qilin turned out into such an abnormal state for no rhyme or reason and later on just fainted. This meant that Li Moying had met with an extremely grave crisis in the stone tablet! Furthermore..... there was a possibility that something had happened to him!

But this was merely a refinement. Li Moying's innate talent was so high and his battle experience was so rich so what was it that he couldn't possibly deal with?

Huang Yueli didn't want to believe that something had happened to him but the truth was placed right in front of her eyes.

Even Little Qilin had fallen so Li Moying's situation shouldn't be any better.

Huang Yueli's feelings were heavy as she slowly squatted down, placing Little Qilin onto her knee and touching its chest.

Luckily.... It was still breathing....

This little thing had merely fainted and not died on the spot.

Huang Yueli rested her heart slightly because this at least meant that Li Moying was still alive? But Little Qilin was struggling on whilst at death's door and this again represented that he was just one step away from death.....

How could this be possible?

Huang Yueli hugged Little Qilin tightly as she bit her lips, praying repeatedly.

"Li Moying, nothing can happen to you! No matter how big the waves are in the past, you've braved it all so how could you possibly die in the middle of a refinement? Moreover speaking, you said you'd marry me.... are you thinking of abandoning me when we just got started? Stop dreaming....."

...

God Realm.

"Heaven... Heavens... how could such a thing happen! That lower realm genius.... He seems..." Sage Wu Ding's eyes widened.

Sage Dong inquired hastily, "Seems like that? What on earth happened!"

Sage Wu Ding frowned, "I'm not entirely clear on what happened but for an instance, I seem to have felt a huge amount of energy gathering in the Qilin tablet and I wonder if it was my misperception... If not, wouldn't it be a little too strange?"

"What's strange?"

"This kind of Profound Energy fluctuation, if it was real.... Then wouldn't it represent that the lower realm genius... had advanced in the Qilin tablet?"

Sage Dong replied disapprovingly, "I thought what was the matter! Just this.... is it worth it for you to make a fuss out of it? Practitioners with outstanding innate talents suddenly breaking through the bottlenecks and advance while in the middle of a battle is originally a very common matter isn't it?"

"Sigh, you know nothing!" Sage Wu Ding explained, "The huge amount of energy in the Qilin tablet is completely controlled by the sealed Qilin's spiritual body. Logically, whether refinement practitioners would not be able absorb that much energy, to the point of advancing! To have such a matter happening only meant that the lower realm genius had heavily injured the spiritual beast and Qilin is unable to control the Profound Qi in the tablet hence he got the chance to advance!"

"What? In this case....." Sage Dong's eyes lit up, "Could it be that the lower realm genius really could kill the Qilin, to become the first person to pass the Qilin tablet's refinement?"

“That’s hard to say.....” Sage Qu Ding muttered, “But no matter what, his innate talent is much stronger than what I had imagined at the beginning!”

Chapter 1563: Unacceptable ending (3)

“No way, such a ridiculously strong genius, we can’t just let him die like this! We cannot give up! Brother Wu Ding, let’s think of other ways!” Sage Wu Ding set up his mind.

The two of them arrived at the Clan Leader’s residence again to welcome them but it was still You Da Zhuang’s greasy face facing them.

“Both Sages, you still haven’t given up?”

Sage Dong quickly replied, “Steward You, on account that we have visited so many times, please let me meet with Clan Leader!”

You Da Zhuang had started to waver because honestly speaking, Sage Wu Ding and Sage Dong were respectful Elders in the clan. They tried to meet with Clan Leader for several times and with so much determination, could it really be some urgent matter?

“I’ve told you many times that Clan Leader is in close door cultivation! If you really don’t believe me, then go knock on Clan Leader’s courtyard door which he is in closed door cultivation in. If you disturb Clan Leader’s cultivation, bear the consequences yourself!”

His words were equivalent to giving up.

Sage Dong gave a gleeful expression, “That’s great! Wu Ding, let’s hurry in!”

He strode in with big steps but after walking for a few steps, he discovered that the person behind didn’t follow him at all.

He turned back and asked doubtfully, “Brother Wu Ding, what are you doing? Still not going to hurry and grab hold of time?”

“It’s too late.....” Sage Wu Ding suddenly gave out a long sigh.

Sage Dong went into a blank and lifted his head to see his complexion turning green as his brows knitted tightly together, with a discouraged look.

“What’s the matter??”

Sage Wu Ding’s voice was filled with deep regret and remorse, “It’s already too late! Earlier the Profound Energy fluctuations in the Qilin tablet had completely stopped!”

Sage Dong asked in astonishment “What? How could that be possible? Have you got it wrong? Haven’t that young fellow just advanced, it’s just a short time since then and he.... not possible right?”

Sage Wu Ding shook his head, “I’ve already tried to sense it repeatedly so there’s no way I’d get it wrong. In the Qilin tablet, there indeed has no more fluctuations and there’s only one explanation for this kind of scenario. That is the practitioner taking on the refinement has already lost his life in the tablet! Too late, we’re really too late! All gone now!”

Sage Dong also seemed as though he was struck by lightning as he stood dazed at the original spot.

In a large family clan like Cloudy Qilin Clan, the clan's honour had long been set deeply into each family member's bones and blood.

Recalling that the peerless genius who was able to hold up the Cloudy Qilin Clan's future for the next several ten thousands of years within a few mere days, was discovered but before they were able to celebrate this fact, he had abruptly died! Their hearts were filled with pain!

Sage Wu Ding clenched his fists as he shot a penetrative glare towards You Da Zhuang who was standing right by the side.

"You Da Zhuang, the clan's future has been ruined in your hands! In future if Cloudy Qilin Clan declines along the way, then you will be the greatest sinner of the entire clan! I will find a chance to report this to Clan Leader, just you wait!"

Saying that, he flicked his sleeves and left.

Sage Dong heaved a long sigh as he followed closely.

You Da Zhuang looked at their departing backs and a puzzled look was left on his face, mixed in with fury, "What is this! Merely just two old has-beens and still dare to threaten me? Do you really think Clan Leader will listen to you? Hah Hah, simply daydreaming!"

...

At the present moment, all the disciples were gathered in front of Celestial Light Sect's main door.

The disciples gazed at the people on the stage and started whispering into one another's ears as they started to discuss secretly.

"What's going on? Why did Sect Master suddenly gather all the disciples, and in such a formal manner? Could something big be happening?"

Chapter 1564: Unacceptable ending (4)

"What other big matter could it be?" Someone raised his head and used his chin to point towards the direction of the stage, "Can't you see? Someone's delightful look? Ever since Young Sect Master went missing in Cloudy Qilin Mystic Region, he's been swaggering about!"

"Hush, stop talking already!" The Senior Brother hurriedly nudged him as he looked left and right before lowering his voice, "What guts you have! Don't you want to live anymore? You dare to gossip about Senior Brother Li like that!"

"I... what I say is the truth isn't it? Haven't you taken a look at him? Standing right beside Sect Master's side at the gathering. Those who don't know would think that he's Celestial Light Sect's Young Sect Master!"

Senior Brother gave him a stare and said, "What do you mean by 'think'? Senior Brother Li is going to become the Young Sect Master immediately!"

"Wh... What?" Junior Brother's tongue was tied, "How could this be? Not possible right?"

“Why is it not possible? I’m telling you, today’s gathering is exactly to announce Senior Brother Li to become Celestial Light Sect’s new Young Sect Master. Moreover they are going to announce Senior Brother Li and Eldest Young Miss’ wedding!”

Junior Brother’s eyes turned wide with his entire face filled with shock, “N.... No right? Senior Brother, you must have got it wrong! Young Sect Master he’s just been missing for a month over and Senior Brother Li is going to replace him? His innate talent, potential, character, which one of these are able to match up to Young Sect Master? He... what rights does he have?”

“Shut your mouth! With these words of yours, do you really not want your life anymore? You know Senior Brother Li’s methods and if his subordinates were to hear this, even our Master will be implicated by a little fellow like you!”

Junior Brother was berated badly and could only hush up.

But after a while, the more he thought the more unresigned he got as he inched closer to Senior Brother again and said softly, “This matter... this matter, how would Sect Master he ever agree to it? In the past when Young Sect Master was around, Sect Master obviously liked him.....”

Senior Brother sighed and knew that if he didn’t make things clear, this Junior Brother of his who madly worshipped Li Moying would absolutely not give up so he could only put it out in the open.

“Sect Master indeed liked Young Sect Master the most but he’s after all no longer around! Moreover, if he was missing in some other places, there was still a possibility to save him but now Young Sect Master has died in the Cloudy Qilin Mystic Region! For the next thousands of years, the Cloudy Qilin Mystic Region cannot be reactivated and even if Young Sect Master manages to escape death, there is absolutely no possibility of him leaving that place!”

“Sect Master’s body isn’t in good shape and many years ago he no longer wanted to bother about the affairs of the Sect. Under such circumstances, Celestial Light Sect definitely needs a new Young Sect Master. Senior Brother Li’s potential is unreservedly number one in the entire Sect so he naturally is the number one choice. Moreover, I heard that he had already won Eldest Young Miss’s heart and the both of them are going to get engaged. Sect Master would naturally pass on the position of Young Sect Master to his own future son-in-law!”

“What?” Junior Brother had once again got shocked, “But doesn’t Eldest Young Miss like Young Sect Master? She had obviously chased after him for so many years! Now he had just died for how many days? And she had a change of heart? This.... how could she be like this?”

“Enough, stop asking! Is Eldest Young Miss’ matters something that an immature brat like you can comment about?”

Senior Brother gave his Junior Brother a fierce stare and Junior Brother could only shut his mouth aggrievedly.

However among the crowd, there were plenty others who were commenting about Li Lingchuan and Murong Fei as well.

Chapter 1565: Unacceptable ending (5)

Many of them could not believe that such a thing was happening and they were both shocked and sad.

“I heard others say that Senior Brother Li and Young Sect Master’s death is related and he was possibly the one who caused Young Sect Master to die. This matter hasn’t been investigated properly so on what basis can he become the Young Sect Master? Just because his innate talent is the highest? Actually, he’s not any higher than other people!”

“Isn’t that so? Junior Brother Luo’s innate talent is much higher than his but he’s merely younger than him hence his cultivation wasn’t as high as his.”

“I don’t believe it, I don’t believe it! This cannot be possible!”

“Sect Master definitely won’t be cheated by Li Lingchuan like that! And Eldest Young Miss, absolutely wouldn’t possibly have a change of heart to like this kind of hypocrite who hides a dagger in his smiles!”

In the depths of their hearts, the disciples were determined to stand on Li Moying’s side.

After all, Li Moying’s abnormal innate talent and potential were something which everyone knew and the entire Sect’s disciples were clear of what that universally shocking peerless genius meant and were hoping that he could lead Celestial Light Sect to a better future.

Furthermore, Li Moying relied on his own ability to gain victory for Celestial Light Sect numerous times, pulling strongly against a crazy tide to crush his opponent thus allowing Celestial Light Sect to gain the current status today.

It could be said that Li Moying’s Young Sect Master’s position was not dependent on anyone passing it on to him but it truly was fame following merit for him.

Celestial Light Sect’s disciples all worshipped him like an idol.

Li Moying suddenly died in the mystic region and many of them had still not come around it, feeling that all these were unreal. To the fact that even though some people knew that Cloudy Qilin Mystic Region could not be activated but they were still secretly hoping that Li Moying would suddenly return!

But, now...

Sect Master actually was going to designate a new Young Sect Master?

Moreover, it was that sinister villain Li Lingchuan!

Celestial Light Sect’s disciples all expressed that they could not accept this but no one dared to voice it out!

Because not only was Li Lingchuan’s ability above them, his character was also sly and sinister as he would certainly take revenge against those who went against him!

In the past when Li Moying was around, he didn’t dare to go overboard but now that the only person who could suppress him wasn’t around anymore.....

The disciples could only entrust their hopes onto Murong De, hoping that he wouldn't be brainwashed by Li Lingchuan.

However, the development later totally left them disappointed.

In the early morning at seven o'clock sharp, Celestial Light Sect's huge bell rang and the sound was sonorous and mighty, reverberating towards the mountain below announcing for Celestial Light Sect's gathering to officially start.

Everyone quietened down as they looked towards the stage.

With Murong Fei's support, Murong De faltered as he walked up the stage.

Just a short duration of a month had barely passed and his black hair which was originally in good condition had almost turned totally white and the wrinkles on his face had deepened as he looked thin and pallid. As though he had aged a number of years in an instant.

One could tell that Li Moying's death had really dealt him with a heavy blow.

He walked to the front of the stage and looked at the disciples below as he took a deep breath, remaining silent for a moment before he opened his mouth.

"Celestial Light Sect's Elders, Protectors and disciples, this is something that you all might have already known some time ago. Our Sect's Young Sect Master Li Moying, had unfortunately met with his demise over one month ago in the Cloudy Qilin Mystic Region....."

Murong De choked for a moment and stopped.

Towards Li Moying, there was affection for him. After all he had brought him back since young and raised him up by himself, throwing in a large amount of meticulous care to nurture him.

Chapter 1566: Unacceptable ending (6)

As compared to Li Lingchuan who joined Celestial Light Sect when he was ten over years old, Murong De naturally liked Li Moying more.

But no matter how much he liked him, Li Moying was after all already dead.

A dead person could not be revived.

So no matter how much heartache and regretful he felt, he still had to pass the days.

Celestial Light Sect was riddled with various problems within and outside the Sect and it indeed required a Young Sect Master who could aid him to deal with the Sect's matters. Li Lingchuan had proven his ability within this period of time to prove that he had the ability to deal with such matters.

Of course, most importantly was Murong Fei had repeatedly cajoled Murong De with Li Lingchuan's capability and even raised the intention to marry him.

Murong De simply could not understand why his eldest daughter would have a change of heart in such a short period of time. But she could walk out the shadow of Li Moying's passing away to find someone

who mutually loved one another, Murong De who loved his daughter with his heart, felt that it was a good thing hence he tried ways to satisfy her.

So combining various elements, Murong De still made the painful decision...

“..... Additionally, this Sect Master still has two other important matters to announce.”

“Firstly, this Sect Master’s second disciple Li Lingchuan, had been aiding me in dealing with the Sect’s matters ever since Li Moying passed on. He had exhibited outstanding performance and further, his innate talent and ability is something which many of us had witnessed. Hence from today onwards, he will become Celestial Light Set’s new Young Sect Master, and his status in the Sect is just beneath mine.”

“Secondly, my daughter Murong Fei and Young Sect Master Li Lingchuan are in love with each other and this Sect Master is deeply gratified by it so we shall be holding the engagement ceremony in the near future.”

“By then, Young Sect Master’s assumption and engagement ceremony will be held on the same day...”

Murong De’s words on the stage were passed down into the disciples’ ears.

Every single one of them bore an expression of disbelief as they were shocked emotionally.

“It’s real, those hearsay are really real.....”

“How could this be? Li Lingchuan actually really became the Young Sect Master!”

“Not only that, Eldest Young Miss is really going to be engaged with him?”

“Why did this happen? The only Young Sect Master in my heart, is forever Senior Brother Li only!”

However, no matter how shocked, displeased, upset the crowd were, it was of no use.

Li Lingchuan stood behind Murong De on his right as his lips curled upwards. Anyone could tell that his expression was filled with determination.

His gaze surveyed the grounds around the mountain as he observed everyone’s expression as he memorised all those people who were obviously discussing about him.

“Hmph, ignorant brats, still missing Li Moying? Too bad... he’s already dead! No matter how incredible or how genius he was, he’s only a dead person. How can a dead person.... even fight with me? Could he even possibly hold on to the position of Young Sect Master and not let go?”

Li Lingchuan’s heart was extremely complacent right now!

He had cooperated with Leng Yi Feng this time round and although he had experienced quite a lot of danger, but eventually based on his own luck, he became the one who gained the most out of this situation.

Not only had he managed to get rid of Li Moying, he had even replaced him to become Celestial Light Sect’s Young Sect Master.

Furthermore, he had successfully taken the advantage of the situation and obtained Murong Fei’s heart when she was at her most vulnerable point.

Of course, what he was most complacent about was his sudden intentions to kill the nearing death Leng Yi Feng.

Leng Yi Feng's realm ring had simply too many and too valuable treasures; it was no wonder he was a descendant of a large family from the Soaring Heavens Continent!

All these now all belonged to him Li Lingchuan!

What's more, he need not bore any responsibility because the dead man Li Moying had already been made into his scapegoat.

Chapter 1567: Unacceptable ending (7)

Li Lingchuan felt that he was simply too intelligent!

Not only had he not felt ashamed of his own actions, instead he self-assumed that he had grabbed the right opportunity to obtain today's result, all these were because of his shockingly great guts and luck.

"Li Moying, hadn't you always been arrogant and unexcelled in the past? But what use is that? The last person to obtain everything is still me isn't it? Your position, your authority, your woman, don't they all belong to me in the end? So to speak, whoever laughed the last would have the best laugh of all!"

He was feeling complacent while he was thinking and at the same time, he waved to a protector next to him.

"Those few under the tree shade had been presumptuously commenting about the Sect's matters so capture all of them!"

Don't think that these people were still thinking about Li Moying but not too far later on, Li Moying would become a part of everyone's memories and not be able to cause any waves.

Murong Fei stood behind Murong De on his left as the expression on her face looked melancholic but very quickly, she revealed a smile.

No matter how great Li Moying was, he was already dead and could no longer bring her any glory.

Originally she wanted to get married to Li Moying because of his outstanding innate talent. He would definitely become a peerless top exponent in future and marrying him would allow her to become the target of every woman's envy.

But, he's dead and everything has turned into passing clouds. So it wasn't wrong for her to look for a new man!

...

Violet Sun Valley.

Inside the Qilin tablet.

Under the brutal attacks from spiritual beast Qilin, Li Moying's Profound Energy was nearly exhausted.

He held on miserably for a period of time but this was a battle which could not possibly be won so no matter how long he dragged it out, there would be no change to the result.

His consciousness started to become blurry.

Finally, after yet another time of being sent flying off by the spiritual beast Qilin, he fell onto the ground and laid there motionless.

Qilin's attack stopped for a moment, "Little fellow from Cloudy Qilin Clan, get up!"

However, Li Moying did not give any response. On that perfectly sculpted good looking face, there was no hint of colour as his eyes were shut tightly with a sliver of blood on the side of his lips.

Spiritual beast Qilin suddenly felt that something was amiss as he cried out again, "Quickly get up, stop playing dead! Don't think that you can get over this by playing dead!"

It still did not get any response.

Qilin threw Li Moying up into the sky and observed his condition carefully.

Li Moying's breathing and pulse had stopped completely and although there was slight Profound Energy fluctuation coming from his body, but it was so weak that it could be ignored.

This was the display of the total depletion of Profound Energy.

Under such circumstances, a practitioner could be said to be in a critical stage.

The only possibility of survival was to get treatment immediately. Not only did one need to take several sixth level and above pills, he also needed a same attribute practitioner on a higher grade than his to inject Profound Energy into his body to help him fully unblock all the broken meridians, to make up for the loss of Profound Energy.

All these needed to be completed within two hours otherwise the practitioner whose Profound Energy was depleted completely would really become a dead person completely, totally unable to be revived.

However, to Li Moying, this method of treatment was equivalent to no cure at all.

According to the refinement rules in the Qilin tablet, spiritual beast Qilin would not possibly save him.

His current condition was equivalent to being sentenced to death, with no possibility of revival.

When Qilin saw this, it couldn't help but sigh.

Such an exceptional genius and he actually met with his demise like that?

Chapter 1568: Full moon again (1)

Not knowing if his luck was simply too great or just too bad.

Under such scarce Heaven and Earth Profound Qi in Soaring Heavens Continent, to be able to have god grade innate talent and to successfully activate the Qilin tablet, it originally was his fantastic luck but unfortunately, Qilin tablet's energy wasn't enough and it led to him being unable to leave.....

"Sigh, if it was several hundred thousand years ago, such a peerless genius entering the Qilin tablet would absolutely not have such a result. You can only blame yourself for being born several hundred thousand years later....."

Spiritual beast Qilin gave a long sigh and paced back to its original spot as it prowled down again.

Since Li Moying was undoubtedly dead, it had no more reason to continue attacking him so it could slightly save some energy.

After all, Qilin tablet's activation this time round had exhausted a large half of the Heaven and Earth Profound Qi which had been accumulated in Violet Sun Valley.

Violet Sun Valley would probably not make its appearance for the next couple thousands of years.

Following spiritual beast Qilin's hibernation, the entire Qilin tablet regained its usual pitch dark environment.

All the raging thunder attributed energy had once again resumed back to silence.

After some time, Qilin tablet's tablet body moved slightly as it began to slowly descend, sinking down into the ground.....

The refinement had ended and the Qilin tablet would return back to its original state.

The mechanism started slowly, giving off a slight abrasion sound.

Spiritual beast Qilin's eyes were tightly shut as it totally didn't detect that in the pitch dark corner without any light, the body which it had assumed was totally dead twitched slightly.....

...

Outside the Qilin tablet.

Huang Yueli hugged Little Qilin and squatted at the original spot without moving an inch as her eyes were tightly fixated onto the position of the stone tablet, totally not daring to even blink.

Since the moment when Little Qilin had fainted, the stone tablet kept showing various kinds of images.

Stone tablet's colour kept on changing, sometimes giving off a blue colour and sometimes an abstruse violet colour.

In the sky, lightning kept on descending downwards, bolts after bolt of eye dazzling lightning bring along explosive thunder attributed energy, lighting up the dark sky into bright day light.

This scenario really was too abnormal and Huang Yueli was feeling extremely worried but there was nothing that she could do.

She had been checking on Little Qilin's condition because as long as this little thing revived, it meant that Li Moying had successfully got past the crisis.

However, no matter how she looked left or right, up or down, Little Qilin still didn't budge as it sprawled in her arms.

Furthermore, that little thing's body was turned stiffer and slowly turning colder....

Huang Yueli was flustered as she simply didn't know what she should do!

As this was an ordinary encounter, she could still think of ways to save him but Li Moying was now in the refinement so even if she wanted to go save him, she might possibly be more of a hindrance than a help.

Moreover speaking, this was Cloudy Qilin Clan's refinement grounds. As a Sacred Phoenix Race's practitioner, her ability was naturally suppressed and had no way to decode the mechanisms and arrays.

Just as Huang Yueli's brows were tightly knitted while in deep thoughts, the stone tablet's purple light suddenly faded.

The sky no longer had thunder and lightning and had turned exceptionally silent.

Everything seemed to have gone back to the original state before Li Moying had gone in.

That block of tall stone tablet stood upright in the original position and the Qilin totem which had been activated by Li Moying's blood no longer shone. It looked no different from an ordinary piece of stone tablet.

"This... What is going on now? Has the refinement ended?"

Chapter 1569: Full moon again (2)

Huang Yueli frowned as she sized up the stone tablet while looking at it from top to bottom.

This really looked a little too abnormal!

Earlier it was still dark and gloomy as lighting and thunder kept on booming and now it suddenly turned peaceful? As though that raging electric current energy had totally not existed before.

Generally speaking, to have such a matter happening only meant that the refinement had already ended.

No matter if Li Moying had successfully passed through the stage or failed in the middle, anyway, it should have ended.

But not knowing why, Huang Yueli started feeling extremely uneasy, as though some accident would happen.

She couldn't help but hugged Little Qilin tighter only to discover that it had laid straight in her arms, as though it had died.....

"Hey little thing, wake up!! Damn, what's going on? Li Moying, come out quickly!! Passing the refinement, raising your ability, although these are important, but it's not as important as your life! Can you stop making others get so worried for you?"

Huang Yueli bit her lips as she waited for Li Moying's appearance.

Since the refinement had ended, then no matter what the result was, he definitely needed to come out.

By then, she ought to educate her own fiancé properly, to let him know that he was now a man with a family and could not play around with his life any longer!

However, she waited for a long time and yet Li Moying didn't appear.

The stone tablet stood erect at its original position, high, mighty and motionless.

Huang Yueli initially didn't think much of it but as time went by, her brows knitted tighter and tighter.

"Why hasn't he come out yet? Could it be that he encountered the same thing as me previously, thrown to soak into some Qilin blood after the refinement? But it had been an entire day and night, so he should have been done right?"

Another three days and three nights passed by.

Today evening, at the stone tablet's position, a burst of "clank clank clank" sound was heard.

Huang Yueli who sat in meditation nearby heard the sound and immediately opened her eyes.

Just one look and it made her have an abrupt change of colour!

The stone tablet in front of her actually descended into the ground slowly and from the looks of it, it seemed to be retracting downwards into the ground!

How could such a thing have happened? Li Moying wasn't out yet! Why did the stone tablet suddenly disappear??

Huang Yueli let go of Little Qilin and shot right up to the stone tablet.

"How could this happen! Stop, quickly stop!"

She was shrilling at the top of her voice as she stretched out her hand to attempt to touch the stone tablet.

These days, she had been feeling extremely bored and had carefully observed the stone tablet's structure. Based on her armament refining innate talent, she was still able to understand a little on the mechanism in the stone tablet.

But even so, there was no way she could enter the stone tablet because this kind of god

levelled mechanism which used blood to operate it, the prerequisite to control it was to have the bloodline of the Cloudy Qilin Clan.

But now, she couldn't be bothered any longer as she retrieved several long sword from her realm ring and left it stuck in the chinks in the ground where the stone tablet was, in an attempt to stop the stone tablet from sinking downwards.

These long swords were refined out of extremely solid Muddy Sky Rock. Even if it was a ninth stage realm practitioner, he would find it hard to break. Any single one sword was priceless! It was enough to buy off more than half of the entire Celestial Light Sect.

But even so, a solid hard Profound Weapon like that was still unable to obstruct the stone tablet from sinking downwards.

It couldn't even slow down the descending speed at all.

The sound "clack clack clack" kept on resounding.

The long swords' breaking sound was heard and the priceless Profound Armament which was worth hundred thousands of high grade spirit stones had all turned to scrap within an instance!

Chapter 1570: Full moon again (3)

But Huang Yueli couldn't be bothered about these Profound Armaments as she was now terrified to the extreme!

Even when she had met a life and death crisis, she hadn't been that anxious!

"Li Moying! What the hell are you playing at! Why haven't you come out yet!!!"

Stone tablet continued to descend and not too long later, it had already descended by half of its height.

Huang Yueli tried to think of various ways but was still unable to stop it completely.

"Damn it! Why can't it be stopped??"

She furiously lost her rationality as her fist smashed onto the stone tablet.

The next moment, the Sacred Phoenix Race's practitioner suffered a backlash as she was sent flying out, crashing heavily onto the ground and fainted.

Because of that, she failed to notice that in the dark night, a full moon slowly rose from the ground level.

Yet another full moon night... had descended upon them.

Huang Yueli lost consciousness for more than four hours before she regained her consciousness as her head was still throbbing in pain.

She used her hand to hold up her head and her brows creased, "Really enough, what huge feud does Cloudy Qilin Clan and Sacred Phoenix Race have against each other? Isn't it just a stone tablet? I can't even touch it at all!"

Thinking of the place where the stone tablet stood erect earlier, it was now totally empty as there was nothing to be seen at all.

The ground was extremely flat, totally unable to tell that there was once an intricate mechanism which had once stood there.

Huang Yueli climbed up from the ground with her steely green face.

Since things had come to such a pass, she knew that there was no use to be anxious. Li Moying had absolutely met with an accident or trouble which he had no way to solve hence he did not show himself. She must first find out what had happened before she could come out with ways to help him.

Anyway, she absolutely would not believe that a man like Li Moying would die here so easily!

"Right, absolutely impossible! Li Moying is definitely still alive! He couldn't possibly be dead, impossible!"

Huang Yueli clenched her fists and tried her best to convince herself. Even though she was feeling sure in her heart that all these were possibly her own deception to herself but if she didn't hypnotise herself like that, she knew that she would definitely be devastated.

She refused to believe any possibility of Li Moying had encountered a mishap!

After Huang Yeuli hypnotised herself, she started to revolve around the core region to observe carefully, trying to find out the origins of operating the stone tablet mechanism.

"All the mechanisms have a way to decode it. I cannot do it means my standard isn't enough yet... and there must be something which I had failed to notice..." She kept on thinking as she surveyed the area to search for clues.

But as she searched, she suddenly felt that something wasn't quite right.

The surroundings turned quieter and quieter, so silent that she could hear her own breathing.

Huang Yueli's heart started to palpitate faster and faster.

Although Cloudy Qilin Mystic Region was originally very quiet, but it had never been so quiet to such a state, as though the surrounding air was going to be completely frozen.

Not right! Something was extremely not right!

Huang Yueli turned her head around to see that at the original stone tablet's position where it stood erect, there were three huge sinister looking magical beasts prowling around that area!

Their bodies gave off a powerful aura which made one's hairs stand. This was the aura which ninth levelled magical beasts would reveal.

Huang Yueli's mind suddenly flashed past the words which Li Moying said to her.

—He had defeated the three ninth levelled magical beasts before the stone tablet appeared!
