

## Weaponsmith 1621

### Chapter 1621: Ninth stage realm's might (2)

All that he ever wanted, status, authority, beauty, were all right in front of him, but why had it just been a blink of an eye and everything had turned into bubbles popping into illusions, even pulling him into the abyss of the bottomless hell.....

Li Lingchuan's face was utterly defeated as he sat despondently on the ground in a kneeling position.

Cui Yuan Shan gave a cold humpf and said, "What's the matter? Done with your rubbish talk? Sect Master Murong has finally dealt with this reasonably. Not that I want to say, this kind of scum of the Sect who had dragged down the entire Sect should have been driven out long ago! Today, this Sect Master shall help you clean up your place!"

Saying that he stretched out his hand and the Profound Energy injected within viciously struck towards Li Lingchuan's chest.

This move was tumultuous.

Anyone could tell that if Li Lingchuan was hit, he would absolutely have all his meridians shattered causing him to lay limp on the ground, just waiting to be slaughtered!

Li Lingchuan himself knew this clearer than anyone else. But a ninth stage realm practitioner's might was not something which he could go against.

He didn't even have the possibility to struggle and escape as his entire body was suppressed by Cui Yuan Shan's aura, rendering him totally immovable as he could only watch with his eyes open to wait for himself to become crippled!

Just as everything thought the same thought, Li Lingchuan would be injured and brought away by Cui Yuan Shan.

Suddenly Cui Yuan Shan gave off a "Yi" sound.

Immediately following that, a burst of Profound Energy flew out from the side as it collided ferociously with Cui Yuan Shan's Profound Energy!

A "Boom" sound reverberated and shooting sparks was seen in mid sky.

Cui Yuan Shan couldn't help but gave a dull moan as he felt that that gust of Profound Energy was not only rich, it was also abnormally solid. It could instantly crush his own Profound Energy as his feet was pushed back by half a step before he managed to steady himself with his breathing slightly unstable.

"Sect Master Murong, what's the meaning in this? Haven't you agreed not to dabble in this matter? Don't tell me you're regretting it??"

Cui Yuan Shan hollered out exasperatedly as he gave Murong De a furious stare.

However when the two of them exchanged glances, he then discovered that Murong De's expression was even more astonished than his.

"What's going on?" Cui Yuan Shan frowned.

Murong De turned his indeterminate bewildered gaze onto Li Moying, "Moying, you....."

Not only Murong de, everyone below the stage had seen it clearly. The person who obstructed Cui Yuan Shan was not Murong De, but..... Li Moying!

Cui Yuan Shan followed his gaze as he looked towards Li Moying.

"What's the meaning? Don't tell me the person who struck earlier.... is Li Moying?"

Cui Yuan Shan's eyes turned wild like full moons as he deeply felt that Murong De was playing tricks on him!

After all, when he struck earlier, although he had used only twenty to thirty percent of his Profound Energy, but that was still a ninth stage realm practitioner's strike! Ninth stage realm practitioners who advanced would all enter a stage of shedding their mortal bones. As compared to practitioners who were under ninth stage realm, there was a huge difference in their abilities. Even if it was an eighth stage realm peak practitioner, that person would not be able to take on twenty percent of his Profound Energy!

Moreover speaking, in order for him to cripple Li Lingchuan in one move, he used a heaven grade Profound Skill.

Who exactly was Li Moying?

He as South Sky Region's, or perhaps Soaring Heavens Continent's number one genius but he was merely a junior! Moreover his cultivation was only at the seventh stage realm.

He was invincible among the younger generation but in front of a ninth stage realm practitioner, he could barely take on a strike!

How could Li Moying possibly block a move from Cui Yuan Shan?

Cui Yuan Shan wanted to laugh loudly to express his disdainful feelings but when he turned his gaze towards the public square, he discovered that everyone's face was filled with astonishment.

### **Chapter 1622: Ninth stage realm's might (3)**

Cui Yuan Shan was stunned.

From the looks of it..... could it be that Murong De was not deliberately mystifying but.... he was telling the truth?

Before he could even react, Li Moying's icy cold gaze swept past him as he opened his mouth indifferently.

"Sect Master Cui, you cannot take him away!"

Cui Yuan Shan's face flashed past a furious look. He was an established practitioner for quite a number of years and he had never been commanded in such a way by a junior.

Unfortunately, Li Moying did it and furthermore, in such a just and forceful way.

Cui Yuan Shan replied, "Young Sect Master Li, please be clear of who you are speaking to! Li Lingchuan caused harm to my Green Clouds Sect's eldest disciple and this is of utmost concern hence this Sect Master has the authority to take him away! Furthermore, Leng family had been investigating Leng Yi Feng's cause of death, so this Sect Master must definitely hand this person over to them!"

Cui Yuan Shan forcibly suppressed the anger in his heart as he made an exception to explain a little more.

The main thing was because he didn't bring along any ninth stage realm Elders and was there alone on Celestial Light Sect's turf so he didn't want to create any trouble.

When Li Moying heard that, there was still no expression on his face as he continued speaking, "Li Lingchuan plotted against me and my fiancée in Cloudy Qilin Mystic Region and this debt.... Cannot be forgotten! He can only be dealt with by me. Sect Master Cui.... Please return him!"

Cui Yuan Shan was shoved back by a similar reason as his face was so stuffed that it turned red.

From what he saw, the explanation that he gave earlier was already lowering his own status, giving this young junior enough face so Li Moying should just be tactful and leave the stage, respectfully allowing him to take the person away!

Whoever knew that Li Moying was actually unmoved and he even obstructed right in front of him.

He couldn't help but flew into a rage, "Li Moying! Who do you think you're talking to? Move aside for This Sect Master! Otherwise, I'll capture both of you and send you over to the Leng family! Don't forget, Leng Yi Feng's death is connected to you as well!"

Cui Yuan Shan berated him while unhesitatingly releasing his Profound Energy from within.

A ninth stage realm top exponent's suppression enveloped the entire public square and many practitioners present weren't able to take it as they started shuffling backwards.

But Li Moying who was facing Cui Yuan Shan stood high and mighty as he was motionless, as though Cui Yuan Shan's Profound Energy suppression had no effect on him at all.

Cui Yuan Shan had never met with such a thing and on seeing Li Moying behaving in an opposite reaction as what he had expected, he immediately threw up blood and retreated a little, feeling that he had lost face further he continued to unleash his Profound Energy.

This time round, even a top exponent like Murong De started feeling uncomfortable.

Li Lingchuan who knelt on the ground was throwing up blood as he bent over and curled up.

Even so, Li Moying still didn't show any signs of discomfort. On the contrary, his lips curled upwards slightly and signs of ridicule started appearing on his face.

This expression completely infuriated Cui Yuan Shan.

“You little fellow, did you really think that you have outstanding innate talent and you can go up against an established senior? You’re simply too conceited! If you don’t move aside, then This Sect Master will not continue being polite!”

He was just about to give his fullest and seriously deal out his move to show Li Moying some colours.

But at this moment, Murong De stood in the middle to stop him as he cried out, “Sect Master Cui, misunderstanding, this is all a misunderstanding! Don’t be rash! Moying he almost died under his own junior brother’s hand and is still feeling upset over it which is inevitable hence he’s acting a little out of control not knowing what’s more important. He’s young and still ignorant so I’ll speak to him then he’d start to get over it! Sect Master Cui please don’t hold it against a junior!”

#### **Chapter 1623: Ninth stage realm’s might (4)**

Murong De stood by the side as he looked at Li Moying, winking at him.

“Moying, aren’t you coming over to apologize to Sect Master Cui?”

Murong De now understood that Li Lingchuan could not be saved but there wasn’t much influence if he gave up on this hopeless second disciple. Now the greatest news was Li Moying had came back to life!

As long as Li Moying was around, Celestial Light Sect’s future would be boundless so even if one thousand Li Lingchuans died, there wasn’t any influence at all.

Hence when Cui Yuan Shan dabbled in the situation based on his reason to capture Li Lingchuan to hand over to Leng family, he didn’t object too violently.

But now that Li Moying was going up against Cui Yuan Shan, things were not good.

If Cui Yuan Shan exploded and heavily injured Li Moying, then that would be Celestial Light Sect’s irrevocable damage!

That was why Murong De hurriedly jumped out to ease the situation.

Cui Yuan Shan saw Murong De jumping out and thinking that he had not brought any men along, hence he could only let things go. He placed his hands behind his back and gave a cold humpf as he said, “Alright, since Sect Master Murong put it in this way, how could this Sect Master haggle with a junior? As long as Young Sect Master Li apologizes sincerely, then I can let this matter rest!”

When Murong De heard that, he winked even harder at Li Moying, so much that his eyeballs were about to drop out.

Alas, Li Moying totally ignored him as the ridicule beneath his eyes was even stronger.

“This is not a misunderstanding! This Seat has already made it clearly, Li Lingchuan.... Must die under my hands!”

Cui Yuan Shan simply did not believe what he had heard!

Under his coercive suppression, Li Moying actually remained so resolute, without any sense of wanting to step back.

“You.... must you go against this Sect Master??” Cui Yuan Shan’s face turned green.

The Profound Energy in his body had started to gather and his aura kept on increasing as the air started to be charged with an intense wind attribute Profound Energy!

If it was an ordinary seventh stage realm practitioner, he would have been lying limp on the ground. No matter how much determination he had, there was no way that he could control his own actions under such a powerful suppression.

But Li Moying merely replied indifferently, “Talking so much rubbish, either you scam or strike!”

The public square turned completely silent.

No one had expected that Li Moying actually dared to provoke the long established ninth stage realm practitioner, Cui Yuan Shan in such a way!

He... did he really want to die? Or had he gone insane?

No matter how excellent his innate talent was, there was no possibility of him being able to block a move from Cui Yuan Shan!

Now he had even incited Cui Yuan Shan to make a move, was he... in a hurry to reincarnate??

Cui Yuan Shan stared intently at Li Moying’s eyes, “Good, good, you’re very good! This Sect Master shall let you experience what is known as a genuine ninth stage realm practitioner! You must know what kind of price you must pay for provoking the strong!”

Murong De’s expression changed abruptly as he cried out sharply, “Li Moying, what nonsense are you sprouting?? Quickly shut your mouth!!”

But saying anything now was just too late.

Right after Cui Yuan Shan said three “good” words, the Profound Energy within his body started pouring out in torrents as it gathered into a wind blade striking towards Li Moying’s head!

He had been completely angered and no matter what, he was a Sect Master. To be provoked by a junior in such a way, his face had been completely lost!

#### **Chapter 1624: Ninth stage realm’s might (5)**

If he didn’t make Li Moying pay a painful price, then where would his face be placed?

Towards Wind attributed practitioners, wind blade was an extremely ordinary Profound Skill but under the drive of a ninth stage realm’s torrential Profound Energy, the air gathered in mid-air into blade images but was extraordinarily strong as though it could tear the entire heaven and earth apart. Wind attributed energy revolved around the sharp blade bearing a devastating stance in everyone’s heart!

Wind attributed practitioners’ speed were extremely swift and it only took a flash before it was just inches away from Li Moying.

“Heavens! Li Moying is a goner!”

“Too terrifying, so this is a ninth stage realm practitioner’s potential! He could simply call upon the wind and summon rain, totally not something that ordinary people like us could imagine!”

“Finished, Li Moying he.....”

Amidst the cries, many of them were so afraid that they covered their eyes, especially for those young ladies who secretly admired Li Moying, they didn’t dare to see him being cut into half by the wind blade!

Murong De hurriedly struck out in an attempt to save him.

But his potential was originally much weaker than Cui Yuan Shan and adding on to the speed which a Wind attributed practitioner had, not to mention that Cui Yuan Shan had suddenly struck.

Under various elements, Murong De’s Profound Energy missed the wind blade and he could only watch with his eyes open at the blade which had sliced open the space as it landed onto the top of Li Moying’s head.

He drew in a breath of cold air!

However, the image which was in his mind did not appear.

Li Moying was facing an abruptly descended wind blade but he totally made no signs of attempting to evade it. In fact, he didn’t even bother to put out a defensive stance.

It was until the wind blade was right on top of his head when he moved slightly as he raised his hand up.

A blue purplish streak of lightning violently flashed, instantly attracting thunder.

A loud “BOOM” sound reverberated and the explosive sound rang above Celestial Light Sect as a bolt of lightning split opened heaven and earth, forming a line with the thunder light in Li Moying’s palm!

This bolt of lightning was simply too bright and many practitioners of weaker cultivation were blinded the moment that lightning lit up as their eyes started tearing, totally unable to see anything.

Whereas for practitioners with higher cultivations, they could only barely see that bolt of lightning which suddenly released a powerful amount of energy, clashing fiercely against Cui Yuan Shan’s wind blade.

An intense explosion sounded!

Raging wind and electric currents started to land on the public square, causing torrents of miserable shrieks.

After a moment later, the explosive repercussions then slowly subsides as those practitioners who had gone dizzy from the effect could barely pick themselves up, raising their heads to look at the situation on the stage.

Celestial Light Sect’s VIP seats had been blown away.

Amid the mayhem, Li Moying and Cui Yuan Shan were at a distance of ten meters away from each other.

Cui Yuan Shan’s condition was far from good. His face was pale and his entire face was filled with dust and ash and the protection armour which he wore was blasted into shreds with multiple wounds on his body as it kept on seeping out blood.

His eyes were wide open as he displayed an expression of disbelief as he used his finger and pointed towards Li Moying's direction. As he did that, his entire body started trembling uncontrollably.

"You..... you, you.... how is it possible? How is this possible???"

Li Moying shot a glance at him coldly, "Why is it not possible?"

Cui Yuan Shan seemed as though he had suffered a huge blow as he started to talk incoherently, "How could you... possibly..... I am.... In ninth stage realm! How could you possibly block it... impossible!"

Li Moying's icy cold voice was heard, "Haven't you seen it for yourself? This is of course because.... my cultivation is also in the ninth stage realm!"

### **Chapter 1625: Ninth stage realm's might (6)**

"Ninth stage realm??"

"What is Young Sect Master Li talking about?"

"Have I heard wrongly? Pinch me quickly!"

Hearing what Li Moying said, those practitioners who had finally started to quieten down all started to shriek as all of them felt that they had developed hallucination.

However, when they turned their gazes towards Li Moying, all of their questions were all stuffed back at their faces.

Li Moying stood there firmly as his gaze was cold and penetrating with his tall statue standing upright like a mountain as it was impenetrable.

His aura kept on increasing as his Profound Energy fluctuation which was emitted started to become stronger and stronger.....

Overbearing Profound Energy suppression enveloped the entire public square, even pushing Cui Yuan Shan's unleashed Profound Energy back, totally suppressing him until it couldn't be felt.

This kind of powerful and pure Profound Energy clearly answered the question, which was.... Li Moying had genuinely crossed into the line of the ninth stage realm!

Cui Yuan Shan's pupils slightly contracted as his gaze which was fixed onto Li Moying was as though he had seen a ghost in broad daylight!

"Ninth stage realm.... it really is the ninth stage realm....."

"Heavens! Young Sect Master Li had actually advanced into the ninth stage realm! This, this, this..... isn't this a little too ridiculous! If I hadn't recalled wrongly, he's only twenty one years old this year! A twenty one year old ninth stage realm..."

"Terrifying, too terrifying! The number one top expert, Mu Chengying, in Soaring Heavens Continent then was over thirty years old when he advanced into ninth stage realm, and that was Soaring Heavens

Continent's fastest record of advancing into ninth stage realm! Looks like this record is broken by Young Sect Master Li!"

"It's far more than broken! It has totally been shrunk by a huge chunk! How on earth did he do it??"

Public square exploded into a bustle as everyone used a mixed gaze of shock, fear and adoration as they looked at Li Moying!

Since the moment he stepped into ninth stage realm, he was no longer the so-called "genius", but a genuine peerless top exponent! All the people present were no longer in a possibility of being put on the same level to be compared!

Not only the disciples from other Sects, even everyone in Celestial Light Sect were dazed beyond words.

"Eldest Senior Brother... Eldest Senior Brother is too..... too powerful..."

"This simply is.... too ridiculous!"

"I thought that I had already gained enough understanding on Eldest Senior Brother's powerfulness but it's only until now that I realised that all I've seen were just a tip of the iceberg....."

"Is he still a human??"

Even Murong De was completely dazed.

As Li Moying's Master, he should be clearest towards his own disciple's innate talent but now he realised that this Li Moying right in front of him was someone whom he totally didn't recognise!

He had merely just entered the Cloudy Qilin Mystic Region once and only for slightly over two months but he had actually broken through two large realms consecutively! This was not using just a simple word "genius" to describe him!

Under everyone's dumbstruck look, Li Moying inclined his head to the side as he told Mo Yi, "Go get Li Lingchuan, we should get going!"

Mo Yi hurriedly responded as he and Mo Er went up to grab hold of Li Lingchuan.

Mo Yi and Mo Er were merely at sixth stage realm cultivation and were slightly weaker than Li Lingchuan. Originally if they went up to capture him, Li Lingchuan would absolutely not wait to be captured.

But earlier after witnessing Li Moying's astonishing ability, Li Lingchuan was so shocked that he laid limp on the ground as a smelly stench of urine flowed out from his pants, stinking the entire place!

Facing the icy cold expressionless Shadow Guards, he didn't dare to resist against them.

### **Chapter 1626: Ninth stage realm's might (7)**

Mo Yi and Mo Er didn't use much effort as they used the Immortal Binding Rope to tie him up.

But just as they were about to drag him away, Cui Yuan Shan suddenly regained his senses.

He shot upwards like an arrow and cried out sharply towards the both of them, "Move aside! Who allowed you to snatch this person away from This Sect Master!"

Mo Yi and Mo Er were intimidated by a ninth stage realm practitioner's Profound Energy and instantly the blood in their chest started churning, causing them to almost throw up blood but they didn't even take a step back!

Cui Yuan Shan was exasperated and was about to strike out at them to teach them a lesson but Li Moying waved his sleeve at a suitable timing as a burst of Profound Energy shot across silently to dispel Cui Yuan Shan's intentional suppression.

"Sect Master Cui, the outcome is already clear and if you continue to tangle in this way, does that mean that you don't even want your face anymore?"

Li Moying's cold voice was heard at a speed which was not too fast nor too slow.

But every single word which he said was thought to infuriate anyone to death alive!

Cui Yuan Shan's face was flushed as he shouted out loudly, "Wh... What outcome is already clear? Stop plastering gold onto your face! Earlier it was because This Sect Master had underestimated you thinking that you've just in the seventh stage realm hence I didn't put in any actual power! Did you think that you could win this Sect Master?"

In actual fact, if it was just based on that move earlier, the winner and loser was already extremely obvious.

Both parties had a face to face Profound Energy clash and in the end, Cui Yuan Shan was thrown ten over feet away, even sustaining a moderate internal injury whereas Li Moying was totally unharmed as he still had surplus energy. Anyone with eyes knew just who had a stronger ability!

However Cui Yuan Shan could not accept this reality or rather, any established ninth stage realm practitioner who thought themselves as extraordinary were all unable to accept that they were actually defeated so easily by a twenty over year old junior in just one move!

This was his lifetime's goal in cultivation which he was pursuing after and his arrogance and pride as an established top exponent was completely shattered!

So Cui Yuan Shan kept on hypnotising himself that Li Moying was able to defeat himself was all because he had underestimated him!

That move earlier used at most sixty percent of his Profound Energy and he had not even used any Profound Skill so it did not represent his genuine strength!

Hence he was defeated was just a coincidence.....

But Cui Yuan Shan had not thought that as an established old-timer top exponent, yet all he was thinking of was to use his full strength and resorted to all methods to fight with Li Moying before he could even obtain a sliver of "possible" victory. This itself had already shown clearly the difference between both parties' ability!

Li Moying heard Cui Yuan Shan boasting shamelessly as his lips curled up slightly and sneered, "Since you're in a hurry to die, then why not let This Seat take a look, at how much ability..... do you really have!"

When he said this, everyone was all dishevelled in the wind.

Li Moying's sentence and that tone, no matter what it should be a senior saying such words to a junior right?

Why did it feel as though the situation was reversed? He and Cui Yuan Shan's position... seemed to have turned topsy turvy?

The bystanders who heard that were astonished whereas Cui Yuan Shan was so angry that his seven orifices were fuming with smoke.

"You.... Li Moying, you're simply seeking.... Death!"

Before his last word left his mouth, Cui Yuan Shan's face suddenly turned pale as his mouth opened wide in shock.

Li Moying's feet moved and took a step forward.

Just a small step and his surrounding aura had once again ascended as it instantly expanded rapidly by one fold!

Thunder attributed energy in the surrounding ten miles were all wildly gushing towards him as the air was filled with electric currents, giving off crackling noises.

### **Chapter 1627: Ninth stage realm's might (8)**

"You....." Cui Yuan Shan's eyes widened.

At this moment, right in front of him, he absolutely wasn't some talented junior who had just stepped into the ninth stage realm's door. On the contrary, the peerless strong exponent in front of him had easily controlled the electric currents power and his surrounding's Heaven & Earth energy, which was extremely complex and hard to handle but he made it seem so easy and simply done as he wished...

This was absolutely something which an established strong exponent who had genuinely combat experience could achieve!

"Who on earth....." are you?

Cui Yuan Shan's question was raised but before he could finish asking, Li Moying's brows rose and he moved in an instance!

Overbearing thunder attributed Profound Energy gathered into bursts of thin electric currents and following a lift of his finger, it struck towards Cui Yuan Shan's chest!

This bolt of lightning was extremely minute and as compared to the last time the both of them crossed hands, that terrifying lightning which tore the sky apart became an obvious comparison.

However, Cui Yuan Shan sensed that this bolt of non-exceptional lightning contained even more powerful energy which was even more than that lightning which blinded their eyes!

This bolt of lightning came extremely quickly!

Even if Cui Yuan Shan was a wind attributed practitioner, in terms of this speed, he was still too late.

It took merely a thought and the lightning had already reached him and Cui Yuan Shan exhausted everything he could to take precaution as he expedited all the Profound Energy he had to protect his physical body.

However, it was all in vain.

A soft “pffff” was heard!

Li Moying’s electric currents easily tore apart Cui Yuan Shan’s Protection Profound Qi, directly entering his body!

Cui Yuan Shan cried out miserably as his entire body was sent flying out towards the public square’s direction!

He flew for a couple of hundred meters before crashing heavily into the crowd, causing a bustle of chaos.

By the time Green Cloud Sect’s disciples hastily passed through the crowd to render aid, they only saw a charred body on the ground. If it wasn’t for the fact that he was still twitching occasionally, they really thought that he had already become a charred corpse!

Whereas on Li Moying’s face, he still bore the biting cold expression, without even a crease in his brow.

It was as though defeating Cui Yuan Shan who was considered a rather strong practitioner who was in the ninth stage realm with one move wasn’t something extraordinary and couldn’t even stir any emotions within his heart.

He couldn’t even be bothered to say a word more as he raised his hand and waved.

Mo Yi and Mo Er who were behind him immediately reciprocated as they went up to drag Li Lingchuan.

This time round, no one else dared to jump out to object.

Li Lingchuan was already foaming at his mouth as he laid limp on the ground totally unconscious, just short of being scared to death alive!

Murong De, on the other hand, had his eyes opened wide as he stared fixedly on Li Moying.

No one was clearer than Murong De on just how strong was Cui Yuan Shan’s ability. In the recent years, he and Cui Yuan Shan had been paring against each other and out of so many times, Murong De had never gained victory at all!

But such a powerful top exponent wasn’t even able to take a strike from his disciple??

This.... really was reality?

After Mo Yi trussed Li Lingchuan up, he returned back to standing behind Li Moying.

Li Moying frowned as he said impatiently, "Murong Fei as well.... Bring them away together!"

Mo Yi shuddered as he hurriedly headed up to capture her.

When Murong Fei heard that, she immediately shrieked, "El.... Eldest Senior Brother, mer... mercy! Don't catch me, don't kill me! I really.... really had not thought about harming you at all! It's Li Lingchuan and Leng Yi Feng they... they forced me! I know my mistake, I'm begging you to take account of my father and spare me, please!"

### **Chapter 1628: Returning to Sky Emperor City (1)**

On seeing Li Moying's cold expression with an unwavering emotion, she hurriedly looked towards Murong De.

"Father, Father.... Quick save me, save me! As long as you say a word, Eldest Senior Brother will definitely listen to you! I.... I really have never harmed Eldest Senior Brother before!"

Murong Fei had never felt such terror before.

In actual fact, it wasn't only just her. When everyone present took a look at Li Moying, their gazes were mixed in between shock and terror.

Even a top exponent like Cui Yuan Shan had been defeated by him in just one move, not knowing if he was still alive or dead, just what.... What kind of ability was that? And how conceited and overbearing he was!

No matter how Murong Fei had offended Li Moying in the past, she knew that she had a backing behind her, knowing that he felt grateful towards Murong De for saving him and he wouldn't really kill her. But today, not knowing why, Murong Fei had an unspeakable fear in her heart, somehow feeling that.... Li Moying seemed to have changed into someone else.

Murong De was originally in a daze from the shock and upon hearing his eldest daughter screeching loudly, he regained his senses.

He hurriedly blocked Mo Yi and turned his head towards Li Moying, "Moying, you... your abilities have advanced by leaps and bounds so suddenly, you must had some fortuitous meeting in the Cloudy Qilin Mystic Region right, which is also considered as a blessing in disguise. Your Junior Sister... she absolutely wouldn't intentionally do anything to harm you. You should know that for so many years, she had always had feelings for you.... if she had offended you in any way, it definitely must be unintentional so on account of This Master, please let her off this time!"

"That's right, Eldest Senior Brother, I'm wrong....." Murong Fei apologised profusely.

When Murong De opened his mouth, Murong Fei then somewhat felt assured.

No matter what, for so many years, Li Moying had basically never rejected any of Murong De's requests and every time Murong Fei or Murong Ni had caused any trouble, he had also not bothered to haggle with them.

But, this time.....

Li Moying's icy cold gaze swept past Murong Fei's face, "Let her off? Impossible! Mo Yi, Mo Er, what are you still waiting for?"

Murong De's face turned white!

He had not expected that he would be rejected so relentlessly right there.

Usually in such public occasions, Li Moying would give utmost face to him and absolutely would not make things difficult for him.

"You.... your wings have grown tough so you're not even bothered about this Master of yours is it? Murong Fei she is your Junior Sister! You two have been childhood friends since young and you have the nerve to be so unwilling to forgive her over a small misunderstanding? Moreover speaking, the main person who harmed you is Li Lingchuan. Fei'er was just being threatened so just capture Li Lingchuan away is more than enough!"

Murong De was feeling extremely angry hence the words he said out were extremely harsh.

He increased his tone, thinking of using the past attitude to coerce Li Moying to listen to him.

However, when Li Moying heard that, his face was still filled with a cold expression as he opened his mouth and said, "Murong Fei had indeed not actively plotted against me but she almost killed Li'er! If the person she dealt with was me, on Master's account, I might be able to forgive and forget but, she actually dared to harm Li'er....."

Li Moying's murderous intent in his eyes sparkled as his voice turned increasingly chilly, "Li'er's life... is several thousand times more important than mine! I had once made a solemn oath that if anyone dared to harm even one strand of hair of Li'er's, I will make them continue living which is way much worse than dying! With no chance to ever get up again!"

His cold voice drifted all over the public square and everyone's face bore an extremely shocked expression.

## **Chapter 1629: Returning to Sky Emperor City (2)**

Everyone present had more or less heard of the rumours of how much Li Moying pampered his fiancée.

But no one had imagined that his feelings towards Huang Yueli had reached such a state!

All the young ladies present turned their envious and jealous gazes towards Huang Yueli who was standing behind Li Moying with only one thought in their minds: Why is this woman so lucky! She could actually make a man like Li Moying to risk his all to protect her, not even bearing to let her suffer a little harm/

Not to mention just how much love and adoration Li Moying had usually treated her. Such an icy cold man to everyone else, was always showing her a gentle smile, which made any young lady who saw that wish that they could replace her.

Huang Yueli's lips curled up, with no intention to hide the complacent smile on her face.

No matter how much the other women liked her Moying, they had no chances at all. This man had been contracted by her many, many years ago! Hehe~

Li Moying's words had undoubtedly expressed his own stand, sentencing Murong Fei to death.

Murong De looked at him in disbelief as his heart was infuriated to the max!

From what he thought, if it wasn't for himself who saved Li Moying that year, no matter how talented he was, he would only be a dead corpse sooner or later.

So Li Moying's achievements today were somehow linked to his credit and Li Moying should know when to repay the favour! How could he kill Murong Fei over a woman who appeared from god-knows-which-place?

But the ability which Li Moying had shown today was simply so strong that even Cui Yuan Shan was defeated easily. Murong De naturally knew that he totally wasn't his match right now. This disciple who had surpassed the master had grown strong wings and had totally separated himself from his control.

However, Murong Fei was still screaming and struggling.

Murong De loved his daughter very much and simply could not continue watching this as he couldn't help but spoke out again, "Li Moying! Are you really that heartless to totally ignore all the nurturing that Celestial Light Sect had done for you all these years? Have you forgotten that when you were young and was pursued by killers, who was the one who saved you, and taught you to cultivate, supplying you with various resources?"

Saying that, he suddenly thought of something as he casted a vicious word, "If you insist on taking action on your Junior Sister, then you will no longer be Celestial Light Sect's disciple!"

Li Moying's gaze congealed slightly as he went silent for a moment and then continuing to speak out icily, "I have never forgotten Celestial Light Sect's gratitude to me but for so many years, all that I've done for Celestial Light Sect is already enough to return the favour! If it wasn't for me, Celestial Light Sect would probably not become South Sky Region's number one Sect today! So my relationship with Celestial Light Sect is considered settled! From today onwards, as what Sect Master Murong wishes, I and Celestial Light Sect.... will no longer have any relations!"

"What did you say??"

Murong De looked at him with his mouth agape and tongue tied!

When he said he was going to drive Li Moying out of the Sect earlier, it was merely a threat but whoever knew that Li Moying actually didn't hesitate at all and directly announced that he would cut off all relations with Celestial Light Sect!

This.... what was he going to do about this?

Li Moying was Celestial Light Sect's future hope!

Now that he had already broken through to the ninth stage realm, it was the timing for Celestial Light Sect to fly into greater heights with him but now he just cut off relations with the Sect.... what was Celestial Light Sect going to do?

Murong De then realised just how stupid his threat was earlier.

The situation now wasn't that Li Moying couldn't leave Celestial Light Sect, but it was Celestial Light Sect which needed him!

But since this sentence was out, there was no way that he could rescind it.

### **Chapter 1630: Returning to Sky Emperor City (3)**

Murong De's expression stiffened as he felt extremely regretful! He couldn't hope more than to take back his words on the spot, crying and pleading Li Moying not to leave.

But this was simply too ugly and no matter what, he was still a Sect's Master, a top exponent in ninth stage realm so he really couldn't make himself pull his face down.

Just as he was hesitating and couldn't make up his mind, Li Moying had already taken action personally, striking the noisily screeching Murong Fei unconscious then throwing her to the Shadow Guards.

His action was swift like lightning and Murong De couldn't stop him in time.

After Murong Fei had been tied up, he didn't loiter around as he turned around and held his little fiancée's hand, turning around to leave!

When Murong De saw this, he couldn't be bothered if he lost face or not as he hurriedly chased up with a trembling voice and asked, "Moying, you.... you're really going to leave Celestial Light Sect? Cut off all relations with Celestial Light Sect?"

Li Moying's footsteps took a pause as he replied in a clear voice without turning back his head, "Isn't that what you wished for?"

"I.... I'm not...." Murong De really wanted to explain himself but his mouth was open yet nothing came out.

That's right, Li Moying had indeed done everything that was asked of him for the sect, and he had also solved numerous prickly matters for Celestial Light Sect, gaining innumerable glory.

But the him who loved his daughter, had once and again ignored Murong Fei's ridiculous ways, even using the past day's gratitude to suppress Li Moying to request for him to forgive the things which Murong Fei had done.....

As what he wished, Li Moying had indeed given way many, many times. This made Murong De so pleased that he had lost his own sense of measure, thinking that he, his Master had enough standing, enough to control Li Moying's actions.

In actual fact, he had forgotten that for such an exceptionally strong practitioner like Li Moying, how could he possibly be threatened into doing certain things?

Apparently in Li Moying's heart, he naturally would have a balance on each and every matter which made him select the option of giving in. But when Celestial Light Sect demanded overboard on the gratitude which was given to him, he would automatically withdraw himself and unconditionally restrict the so-called "gratitude", to stop all his actions.

It was right until his moment when Li Moying finally realised that, realising that his calculations..... had all been set wrongly!

Alas, it was all too late.

He sat despondently on the ground as he watched Li Moying and his group of men walking further and further away.....

However, just as they just reached the entrance of the mountain, the young lady beside Li Moying suddenly stopped and tipped her toes up as she whispered something into his ears.

Li Moying frowned, apparently not too willing to do so.

But Huang Yueli hugged his arm and swung it vigorously so under her strong stance of coquetry, Li Moying finally admitted defeat.

Huang Yueli gave a brilliant smile as she pecked him on his cheek and raised her hand to call out for Yuan Zeyu, giving him a few instructions.

Yuan Zeyu accepted the order as he walked through Celestial Light Sect's public square, standing right in front of Murong De.

Murong De originally lowered his head in despondence but upon hearing footsteps, he thought that Li Moying had turned back and instantly lifted up his head in high spirits, "Moying, this Master knew that you....."

On seeing the man in front of him was someone whom he didn't recognise, Murong De was slightly stunned.

Yuan Zeyu said in a clear, distinct voice, "Sect Master Murong, my Third Miss has a few words which she wants me to convey to you."

"Third Miss....." Meaning Moying's fiancée?" Murong De frowned.

Yuan Zeyu didn't bother to make any explanations as he continued saying, "Third Miss says she wouldn't go to the extent of taking Eldest Miss Murong's life, only going to let her take on the punishment that she deserved so Sect Master Murong need not act in this way."
