

Weaponsmith 1821

Chapter 1821: On the summit (5)

Hearing that, Huang Yueli's nose wrinkled as she raised her delicate little chin with a face of disapproval.

"The Sky Ascension Stairs which your Blue Profound Sect set up, isn't it to filter out the outstanding disciples with the Sect for nurturing? Climb up a few more meters and it will definitely be advantageous. I know this point which is why I persisted on climbing up, otherwise would I intentionally look for a beating for no good reason! Do you really think I'm dumb?"

"You're indeed not dumb, but....." Li Moying casted a glance at her and gave a humpf, "Is that the only reason why you climbed up here?"

"Of course....."

Huang Yueli originally wanted to insist on the explanation which she was saying before but when her sight grazed past Li Moying's face, she discovered that this man had a "I know everything" expression and she instantly deflated as she pouted her lips.

"Alright, there was another teeny weeny bit of reason and that's because I can't stand that woman Cang Ning Yue. Who asked her to use that kind of gaze towards you, as though you're hers! What was wrong with that, I'm the one who's your fiancée, just what sprout does she think she is?"

The more Huang Yueli said, the angrier she got as she stretched out her fingers and twisted part of Li Moying's arm, "Say for yourself, why does Cang Ning Yue think of herself in that kind of inevitable and right way? In the past I already found her to be very strange. Have you been doing anything that you shouldn't behind my back?"

Li Moying's breathing took a pause, as he finally realised that he had asked a question which he should never have asked.

Originally he only wanted to tease his little fox a little, but he had not expected her to recall the matter regarding Cang Ning Yue instead.....

He could sense deeply now, what was called as moving the stone to smash his own feet.

Meeting Huang Yueli's ferocious big eyes, he coughed out fiercely, "This... Li'er, you obviously know it's impossible for there to be anything between me and her. She can't even be compared to a finger of yours, how could I possibly take any interest in her?"

As Li Moying was saying that, his expression slowly turned chilly.

He really had not expected that Cang Ning Yue had actually provoked Huang Yueli in their past lives.

No wonder when he wooed Huang Yueli then, when he invited the little fox to come to Blue Profound Sect as his guest with the original intention to improve their relationship, but in the end it actually angered her instead, making the both of them almost separating totally!

Cang Ning Yue... she was simply looking for death!

Huang Yueli stared at him in a worked up manner.

Actually she knew that it was a degrading act for her to compare herself with Cang Ning Yue this kind of woman, but the moment she recalled the gaze which she casted onto Li Moying, she really couldn't help the sourish feeling from gushing up.

Li Moying realised that something was amiss as an idea popped up and he quickly changed topic, "Alright, Li'er, we will talk about this matter another day. I guarantee that after we leave this place, I will give you a satisfactory reply. Now... should you head towards the lake to recuperate? The injuries on you, it's not wise to drag it out for too long."

"Oh..." For matters related to cultivation, Huang Yueli started to become solemn.

Li Moying's gaze went round her face, "... But it's not advisable to soak too long as well because it will cause one to become groggy. In future, I will still bring you over here."

Heavens knows that if he continued to stay around this delicate little beautiful fiancée with disorderly clothing, how much self-restraint would he finally have left!

The next time if he were to bring her along, he would definitely bring along a large towel, wrapping up this little fox completely!

Li Moying thought about this hatefully.

On seeing Huang Yueli sitting back obediently and even started to cultivate, he shifted his gaze away as he looked out into the far distance.

Recalling the incidental questions which Huang Yueli posed earlier, Li Moying's mood turned extremely heavy.

Chapter 1822: Cloud Mounting Chart's Ranking (1)

Huang Yueli pretended to shut her eyes, but she was actually spying on Li Moying's action secretly.

Seeing his face suddenly revealing a grave look, her heart started to raise some suspicions.

But the feeling of being soaked in the Absolute Sword Lake was simply too comfortable. The warm lake water's temperature was just nice and the condensed Heaven and Earth Profound Qi enveloped her within, without the need to use too much energy and she was able to take in a large amount of pure Profound Qi.

Huang Yueli slowly immersed herself into this feeling as she entered a state of meditation.

She didn't know how long had passed but by the time she roused, she turned her head over and saw Li Moying sitting opposite her, with his eyes shut as he cultivated as well.

As though suddenly detecting Huang Yueli's gaze, he opened his eyes at the same time.

"What's the matter? Where are you not feeling well?" Li Moying asked concernedly.

Huang Yueli made the Profound Energy revolve around her meridians for one cycle and later shook her head, "Nothing! The injuries on my meridians and internal injury have recovered totally! This lake water is really too miraculous, I wonder which large clan or powerhouse from the ancient times left behind these historical remains?"

The effect of the Absolute Sword Lake was comparable to the Phoenix Blood Pool which she had soaked in previously.

But the difference between the effects between these two was still rather huge.

Phoenix Blood was mainly used to refine the marrow to strengthen one's physique so soaking in it was extremely stimulating and also very painful. But the Absolute Sword Lake was meant for storing various injuries and to nurture the meridians, hence it was extremely gentle, making one's body feel totally relaxed.

Li Moying saw that her face had indeed turned rosy, like a healthy baby so he finally could rest his heart.

"Since this is the case, the sky has already turned dark so it's time for us to go back as well. The lake water in the Absolute Lake Pool will turn cold and might even freeze so it's not possible to keep soaking in it."

Huang Yueli nodded and directly stood up from the lake water.

A shapely fair and graceful young lady's figure was tightly stuck on with a layer of thin material, which revealed itself faintly discernibly.

Li Moying saw this scene without any preparation and it almost led to a nosebleed.

Huang Yueli looked at his dazed look and giggled before turning around to a huge tree behind to change her clothes.

The clothes on her was not only dirty, it was also wet but luckily she kept a few spare sets in the space within the Sky Phoenix Ring so she could just change into those.

Not too long later, she had already changed out of her wet clothes.

Li Moying took out an outer robe and his fingers pulled onto a gold coloured waist belt as she passed over to Huang Yueli, "Help me fasten it on."

"You have hands, why can't you fasten it yourself? I'm not your maid." Huang Yueli mumbled in dissatisfaction.

Although she said that, she still received his waist belt obediently and stretched out her arm around his slender and well-built waist to help him fasten it on.

Li Moying found her pouty lips very adorable and gave a soft chuckle, "You're not my maid, you're my little wife...."

Huang Yueli raised her chin, "That is hard to say! We're not married yet, I still have chances to pick someone else!"

"Keep wishing, you're already engaged! You're my woman alive, and my ghost if you're dead!"

Li Moying bit her lips hard and took the opportunity while she covered her mouth and breathed hard to hold her slender waist and jumped down from the cliff!

Falling down from a height of six thousand meters and above, even if it was a ninth stage realm practitioner, it would still result in either death or serious injury with more parts of it pointing to disaster.

But Li Moying seemed as though he didn't know the danger of doing so, and just jumped down without any sense of hesitation.

Huang Yueli buried her face into the man's chest.

Chapter 1823: Cloud Mounting Chart's Ranking (2)

Even though the speed of dropping downwards quickly made one feel uncomfortable, but leaning against Li Moying's embrace made her feel filled with a sense of security.

This man, when did he turn so powerful and invincible? Every single time she met with danger, he was always able to reach in time.

As long as he was around, there was nothing that she needed to worry about.

Even though she was such a powerful and outstanding talented young lady, but she still desired the feeling of being pampered and protected, and only Li Moying was able to give her this kind of feeling.

The speed of descent became faster and faster and not too long later, the two of them neared the ground.

Li Moying's back flashed past a bolt of blue purplish electric current as a pair of magnificent thunder wings appeared behind his back, opening up to his left and right sides.

The tremendous force was cushioned and their descending speed decreased slowly, and finally they landed steadily onto the ground.

Huang Yueli then raised up her head as she looked at Li Moying, "We two....."

She had merely said two words when she suddenly felt her eyes getting blurry and the surroundings suddenly started to light up brightly, getting brighter by the minute as a radiant glow pierced directly into her eyes, so bright that she totally couldn't open her eyes at all, to the point of tears almost flowing out.

"What's the matter?" Huang Yueli hurriedly shut her eyes as she buried her face back into Li Moying's chest.

Li Moying used his wide robe sleeve and covered her head to help her block the light but unfortunately the effect was minimal.

"No need to be anxious, this should be due to the reallocation of ranking on the Cloud Mounting Chart."

"Ah....."

Huang Yueli then recalled that after she and Li Moying mounted to the summit, there would definitely be changes in the ranking and it was heard that when there was a shift in first rank, the Cloud Mounting Chart would give off stunning brilliant rays to the extreme, and she had thought that this was exaggerated.

In the end, it was really that eye piercing, almost causing her eyes to become blind!

After a short moment later, the rays slowly became weaker and Huang Yueli's vision slowly regained back to normal.

She turned her head around and the first thing she noticed was not the chart but that the valley was filled with people!

"Yi? Why are there so many people? We've obviously been on the summit for several hours? Why are they still here for?"

Li Moying knew the reason for this as his lips curled, "Probably wanted to witness the grand scene of the change in ranking for first place!"

Huang Yueli pouted as she spoke with disdain, "What's so interesting about that?"

"You don't feel it's interesting but others feel it is!" Li Moying pinched her cheek.

Little fox had a pampered life with outstanding innate talent and she herself had broken numerous records so naturally she wouldn't understand the looking forward which ordinary practitioners had towards the strong.

They obviously knew that they themselves weren't able to reach that destination but looking at their own idols breaking the record, they were able to feel as though it had happened to themselves.

Li Moying hadn't guessed wrongly. So many of them were waiting right here, it was indeed because they were waiting for them to descend.

Although the assessment had already ended, but Cang Po Jun and the others didn't dare to leave.

They had committed such a grave mistake today, almost making their future Sovereigness dying in front of them, if they still dared to run away from the offence, they would probably be skinned alive by Li Moying!

They didn't dare to leave and those ordinary disciples thought that they were waiting to witness the birth of the new ranking so they all stayed behind as well.

There were some practitioners who found out about these later on and all hurried over upon hearing of this.

That was why it led to the entire valley being filled with mountains of people.

Everyone's gazes were fixed uniformly towards the Cloud Mounting Chart.

However, the result of the chart was out of everyone's expectations.

Quite a number of them rubbed their eyes, thinking that they had seen it wrongly themselves.

Chapter 1824: Cloud Mounting Chart's Ranking (3)

"When the number one rank of the Cloud Mounting Chart has any changes, it actually gives off such radiance.... This is really too shocking! Senior Brother Li is really the genius whom so many large powerhouses fight over for. Such a tedious Sky Ascension Stairs, to him it's just an appetizer!"

“Senior Brother Li becoming the Number One of the Cloud Mounting Chart, is really well deserved... wait a minute! Have I seen it wrongly?”

“You didn’t see it wrongly, Junior Sister Bai’s name is indeed above Senior Brother Li’s!”

“How could this be possible? It was obviously Senior Brother Li who brought Junior Sister Bai to the summit, how is it possible that Junior Sister Bai’s name is on top?”

“That’s right! Could it be that the Cloud Mounting Chart has an error? What’s going now, how can the ranking be wrong?? In the past, such a mistake had never happened!”

Everyone looked at each other in dismay as they didn’t expect such a thing to really happen.

When Huang Yueli heard their discussions, she blinked in astonishment as she turned her head and looked towards the Cloud Mounting Chart.

She only saw the number one and two positions on the chart had already been replaced by new names and Feng Zhehao was pushed to the third rank.

This was something which was unexpected but the name which appeared on the number one place was not Li Moying’s name as what everyone expected, but.... was Huang Yueli’s!

Li Moying’s name appeared right below her name instead and the height which was stated behind their names were both seven thousand meters.

Huang Yueli went into a blank momentarily and instantly understood why.

No wonder earlier when Li Moying carried her to the summit, he intentionally lifted up her waist before putting her down, so it was because he wanted to let her land on the summit first.

Both of them were on the same height and the first to reach would naturally rank in front.

Li Moying who had always been proud and arrogant, unwilling to be beneath anyone else, was actually willing to let his own beloved fiancée stand on top of him!

Huang Yueli turned back her head and took a peek at Li Moying, “Sovereign, you actually gave up your number one rank so magnanimously? In future if you are suppressed by your wife, you will have no chance of turning yourself over!”

Li Moying chuckled softly, “I’m willing with all my heart, will my wife please do your best to suppress me, don’t stand on ceremony!”

“You said this yourself!” Huang Yueli revealed a crafty smile.

Li Moying held his fiancée’s waist as his heart pounded and was just about to speak when he saw Cang Po Jun and the others who were standing not too far away in fear and trepidation, and his expression sunk instantly.

Huang Yueli also noticed them and at the same time, acutely sensed that Li Moying was unable to control the fury in his heart as his breathing became heavier and heavier, while his Profound Energy kept on seeping out, almost about to explode on the spot.

She hurriedly poked the man's elbow from behind as she said softly, "Please.. Moying, there's so many people around, do you really want to expose your own identity?"

Li Moying's voice seemed to have hissed out from the slits of his teeth, "This slut... she almost killed you!"

Huang Yueli answered softly, "Let's talk about it after we return to Levitation Sword Palace."

"Alright, then let's go!"

Li Moying knew too that this wasn't the right place to get worked up and could only forcefully suppress his rage as he hooked onto Huang Yueli's waist and brought her leaving this place swiftly.

Cang Po Jun and the others exchanged glances and hurriedly dragged Cang Ning Yue along, while chasing after them.

The few important people had all left but the crowd at the foot of the mountain didn't leave until a long time later.

There were a lot of others who rushed over in a hurry after seeing such a bright ray of light coming from the rear mountain.

Many of them pounded their chests for missing the chance to see Li Moying climb the mountain, regretting that they had left one step too early!

Chapter 1825: Cang Ning Yue's ending (1)

Li Moying brought Huang Yueli back to Levitation Sword Palace strolling in big steps as they walked.

The few Guardians chased after them behind but the minute they reached the door, their footsteps halted and they didn't dare to step inside.

Li Moying's ice cold voice was heard coming from the inside of the door, "What's the matter? Still not going to scam in! Do I need to coax and plead for you all to come in?"

Their hearts jolted as the sweat on their backs started to sprout, soaking through their clothes.

From Sovereign's tone, they knew that he was still in a rage and if they entered the room right now, it was definitely delivering themselves to their own deaths but if they didn't enter, it was still the same as looking for death.....

Cang Po Jun and the others braced themselves as they pushed the door open and the minute they entered the main hall, they immediately knelt down on the ground.

"Sovereign, This Subordinate was unable to protect Madam properly.... We really deserve a thousand deaths!"

Li Moying's icy cold gaze swept across the trio who prostrated on the ground, "This Sovereign passed Li'er to you guys for protection but in the end, how did you manage things? Last time you didn't follow her down the mountain and caused her to almost be abducted. On account of so many years of hard

work which you have put in for so many years, This Sovereign let you all off! But this time, at Blue Profound Sect's turf, something similar happened again! What's the use of This Sovereign having a few imbeciles like you for??"

Cang Po Jun and the others pressed their heads heavily onto the ground as they didn't dare to even breathe heavily.

Li Moying was usually grave, stern and dignified but the minute he flared up, it made one tremble in fear. Even for a ninth stage realm peak practitioner like Cang Po Jun, under his imposing manner, he had no choice but to submit to him automatically.

Huang Yueli looked at Cang Po Jun and the others and couldn't help but cried out softly, "Moying, you can't blame this matter on them entirely. I also agreed to take part in the Sky Ascension Stairs assessment....."

Li Moying turned his head and gave her an angry stare, "You also know you are at fault!"

Huang Yueli stuck out her tongue and didn't say a single word.

But after Li Moying was interrupted by her, his anger dropped slightly and his rationality regained a little.

How would he not know that Cang Po Jun and the others were totally loyal to him and this was merely an accident, which wasn't so serious that it should lead to death.

But the minute anything was linked to Huang Yueli, Li Moying found it hard to control his own anger, so it was unavoidable to do something overly aggressive.

The anger in his heart was hard to quell as he pointed towards the door, "Since nothing happened to Li'er today, I'll let you guys off. But you can't escape punishment. All of you scam to the torture chamber to accept your punishment! Men, throw that slut Cang Ning Yue in!"

Cang Po Jun and the others seemed as though they were saved as they hurriedly retreated out of the door.

When they left, they happened to see a few attendants escorting Cang Ning Yue who had been bundled up like a dumpling, as they brushed past her.

Cang Po Yu's footsteps took a halt, as he turned back and took a look at Cang Ning Yue.

Cang Po Jun noticed his action and frowned, "Po Yu, surely you're not still thinking of that woman, trying to think of going to plead with Sovereign right?"

Cang Po Yu's fist subconsciously tightened, "I....."

Cang Po Hun also persuaded, "Second Brother, it's not that I want to say you but Cang Ning Yue, she had never liked you at all! She got engaged to you just because she's merely using you! If she did treat you as a matter, why would she go provoke Grandmaster Huang so many times after Sovereign returned? Who does she think she is? Sovereign's concubine?"

Cang Po Jun also added, "Forget about her. You're one of Soaring Heavens Continent's top exponents, the Number One Array Master so you can get whichever woman you want isn't it? She's not worth it! Don't anger Sovereign and push yourself over because of her!"

Cang Po Yu clenched his teeth tightly, "I understand..."

Chapter 1826: Cang Ningyue's ending (2)

The minute Cang Ning Yue entered the main hall, her gaze fell onto Huang Yueli.

Not only did Huang Yueli not sustain any injury, instead her complexion was rosy and her fluid glance was circulating as though her cultivation had a huge improvement.

Moreover, Li Moying held on to her hand not letting go. That made Cang Ning Yue feel extremely hateful and jealous towards her so not only did she not plead for mercy, instead she started to berate her loudly.

"Huang Yueli, you're so complacent now! So your innate talent is much more outstanding than in your past life, no wonder you have no fear of anything! Do you think that you're worthy of Sovereign just because of this? Do you think that your innate talent fell from the sky just like that? I'm telling you, you can have today's achievements, it's all because of Sovereign.... AH—!!"

Cang Ning Yue's miserable shrieks were heard hovering from above the main hall.

This reckless speech of hers made Li Moying totally unable to control his own temper as the Profound Energy in his body surged outwards, striking heavily onto Cang Ning Yue's chest.

Cang Ning Yue's body was sent flying as she spat out blood in mid-air, crashing heavily onto the wall.

The incomparable firm thousand year old outer wall shook from this force that hit against it.

Cang Ning Yue slowly slid down against the wall with an evident pool of blood on the ground.

Those attendants who had not retreated out from the hall in time all shuddered when they saw this.

Because anyone with eyes could tell that the posture Cang Ning Yue slid down was extremely strange. Evidently, all the bones in her body had been crushed by the raging Li Moying.

Cang Ning Yue laid limp on the ground like a pile of mud as blood kept spilling out from her mouth.

Her entire body seemed as though it was burning with incomparable pain but she was completely immobile, not even able to cry out at all.

But on seeing Huang Yueli who was slowly approaching her, her gaze suddenly shot out a venomous look!

Cang Ning Yue was really unresigned!

She had already started to love Sovereign before Huang Yueli and it was obviously her who gave up more things than her, and even because of Li Moying, she forced herself to continue cultivating, accepting the most dangerous missions just so that he could give her one more look.

But why was it that in Li Moying's heart, there was only Huang Yueli from the start to the end?

Even if it was more than a decade ago when Huang Yueli totally refused to accept him, he was still deeply attached to this atrocious woman, totally unwilling to cast her a glance at all?

Cang Ning Yue stared intently at Huang Yueli. If one's gaze could kill, she would have probably killed Huang Yueli more than a thousand times!

If only... if only this wretched lass wasn't around... perhaps.....

Huang Yueli stopped the upset Li Moying as she personally walked up.

She lowered her head and looked at Cang Ning Yue as she calmly opened her mouth, "Why? Still want to kill me? Feel that I've caused you harm? Did you really think that without me, Moying will fall in love with you?"

Cang Ning Yue wanted to open her mouth to abuse roundly but she was only able to make a "ka ka" sound from her throat, totally unable to make out a single word at all.

Huang Yueli spoke with an icy cold tone, "Must Moying fall in love with you just because you're devoted to him? Then Guardian Yu is already very good to you but why is it that so many years have passed and you still betrayed him so easily? On account that you have once helped Moying do many things, I had given you a chance to let you and Guardian Yu lead a good life together, alas, you insisted on seeking your own death!"

"This time round, no one can save you!"

Huang Yueli raised her right hand as she said that, about to kill Cang Ning Yue with her own hands.

However, her wrist was suddenly held back from behind.

"Li'er, don't dirty your own hand because of this wretched woman."

Chapter 1827: Cang Ning Yue's ending (3)

After Li Moying spoke to her in an extremely gentle tone, he turned his head back and commanded the attendants.

"Drag her away! There are so many magical beasts in the Imperial Beast Garden, they should want a change in their diet!"

Cang Ning Yue's expression changed abruptly. The magical beasts reared in the Imperial Beast Garden were all seventh tier and above and each and every one of them were extremely vicious. If she was really thrown in there, she would die with an incomplete corpse, not even having any remains of bones or dregs.

After Li Moying finished with his words, he didn't even bother to take another look at her as he grabbed hold of his fiancée's little hand and pulled her away.

"Li'er you must be tired today. I'll make them bring some snacks into the bedroom, take some and have a good rest. But don't forget that you promised to cook for me personally today. We'll just put it aside for now but tomorrow you must fulfil your promise....."

Cang Ning Yue's eyes turned black as she was totally unwilling to believe that she would end up with this kind of ending!

It was obviously that little slut who should die!

Why was it that that wretched lass would be able to turn misfortune into blessing every single time, she was obviously dead meat this time but she still managed to escape death and even gained more adoration from Li Moying.....

She was unresigned, unreconciled.... Even till her death, she would still be unreconciled.....

...

Cang Po Jun and the others heard Cang Ning Yue's miserable cries.

Cang Po Yu's forehead creased together tightly, as he subconsciously wanted to return to the main hall.

Cang Po Hun's reaction was extremely swift. On seeing his expression, he immediately guessed what he was about to do and pounced upwards hugging his waist from behind to stop his movements.

"Second Brother, wake up! Cang Ning Yue got what she deserved and she is guilty of this! How many times have Sovereign let her off on your account. This time round you still want to plead for her? Have you forgotten the days when we were in our most miserable state, it was the Sovereign who gave us a hand and it was all because of him which is why we are able to achieve what we have today? You really want to betray Sovereign because of a woman who played around with your feelings??"

"Let go of me!" Cang Po Yu struggled for a while but didn't managed to struggle free.

Cang Po Jun looked at him and his brows were tightly knitted, not knowing how to persuade him.

"Po Yu, Cang Ning Yue isn't the same young lady thirty years ago who joined in the Guardian training with us, the one who went through experience training with us. She has changed... and if you are still unable to get this fact into your head, it will only cause pain to yourself....."

Cang Po Yu's struggling movements took a pause. How would he not know what Cang Po Jun said was the truth?

In actual fact, he was extremely disappointed with Cang Ning Yue but.... when she was really about to be sentenced to death, he couldn't help but recall the Cang Ning Yue who had yet to be smitten by Li Moying a long, long time ago.....

The her then, was once a very innocent and very stubborn young lady.

Alas, so much time had passed and everyone was not able to return back to the past.

Just at this moment, the door to the hall opened and the few attendants dragged Cang Ning Yue out.

The current Cang Ning Yue was already half dead as she laid limp on the ground, totally immovable.

Cang Po Hun had a shock and didn't grab on tightly which allowed Cang Po Yu to struggle free, rushing over towards Cang Ning Yue.

"Second Brother!!" Cang Po Hun shrieked out, wanting to chase after him.

Cang Po Jun pulled him from behind, "Forget it, from what I see... Cang Ning Yue is severely injured this time round and probably is unable to live.... Just let them bid their last farewell."

When Cang Po Hun heard that, he withdrew his hands blankly.

Cang Po Jun looked at Cang Po Yu who was kneeling on the ground, as he gave a deep sigh.

...

In the bedroom, Li Moying accompanied Huang Yueli to have their dinner then summoned the attendants for the report.

Chapter 1828: Cang Ning Yue's ending (4)

"Reporting to Sovereign, Guardian Yue.... Ughh, Housekeeper Yue has already breathed her last."

Li Moying's brows rose, "So fast? Just this bit of time, it's not even enough to send her to the Imperial Beast Garden isn't it?"

His played down sentence made the attendant's back break out in cold sweat.

"Y.. Yes, reporting... to Sovereign, it was Guardian Yu who retrieved Housekeeper Yue's corpse...."

Li Moying's brows creased, "Cang Po Yu? He had already been betrayed by this slut several times and he still hadn't given up? He even dares to defy my command for her?"

Huang Yueli could tell that he was slightly angered and immediately stretched out her arm pressing against the man's slender long arm, and at the same time shot a glance towards the attendant, hinting for him to retreat hurriedly.

"Forget it, since Guardian Yu didn't come in to plead for her, that means that he is totally disappointed with Cang Ning Yue. Anyway she's already dead so you should just cool your temper."

As Huang Yueli was saying that, she was feeling slightly regretful.

Speaking of this, Cang Po Yu was indeed loyal towards Li Moying. Based on his status of Number One Array Master in Soaring Heavens Continent, if he wanted to establish his own school, his status would not be any worse off than Liu Buyan's. But in order to pay back the gratitude which Li Moying had given him back then, he had always been loyal to him and did not have any second thoughts at all.

In their past lives, Cang Ning Yue had almost caused Huang Yueli's death once and that time Li Moying almost killed her, but was obstructed by Cang Po Yu who went all out to stop him.

Huang Yueli could tell Cang Po Yu's thoughts and a bright idea suddenly occurred to her as she suggested to Li Moying to betroth Cang Ning Yue to Cang Po Yu, thinking that this could help Cang Po Yu accomplish his aim and as time passed by, Cang Ning Yue would eventually gave up.

Whoever knew that some things were predestined. Thirty years had gone by and whatever should have happened, still happened.

After this matter had happened, even though Cang Po Yu didn't do anything wrong but Li Moying would absolutely not trust him as he did in the past.

The logic of guarding against those who try to hurt you wasn't something which Li Moying didn't understand.

Li Moying had apparently thought of this as he gave a sigh and stretched out his arms to pull Huang Yueli into his embrace.

"Then I'll listen to you, forget about it!"

...

Even after the Sky Ascension Stairs assessment had ended, the rear mountain was still bustling with excitement.

Li Moying had sent out strict orders, not allowing the Sect's disciples to spread out the incident of what had happened then.

The Number One Sacred Land Sect regulations were extremely strict and no one actually dared to speak out publicly, but in the entire Blue Profound Sect's internal departments, it spread around like wildfire.

Those disciples who had missed that day's grand event were all pounding their chests, extremely regretful about it. There were many who went over to take a look at the new Cloud Mounting Chart and they even laid in wait especially at Levitation Sword Palace, hoping to take a look at the legendary Senior Brother Li.

But Li Moying was wholeheartedly focused in cultivating and almost never left Levitation Sword Palace. Only Huang Yueli would leave the door to swing about occasionally.

In the past, when Blue Profound Sect's disciples saw her, their eyes were mostly filled with disdain but now it was totally different. The moment she appeared, a large group of people would crowd around her, ferociously trying to fawn on her, being extremely nice which made her unsure if she should laugh or cry.

However, such peaceful days didn't last for too long.

One afternoon, Cang Po Hun suddenly rushed into the rear hall in a haste.

"Sov.... Where is Sovereign? This Subordinate has something urgent to report!"

Huang Yueli left her half refined Profound Armament and came out to meet the guest, "Guardian Hun, it's so rare to see you in such an anxious state. Has something happened?"

Cang Po Hun replied, "Grandmaster Huang, Leng family's clan leader brought a large group of people saying that Sovereign killed some Elder of theirs, and came over to Blue Profound Sect to ask for an explanation!"

Chapter 1829: Probe (1)

When Huang Yueli heard that, her brows raised as she spoke out in surprise, "Those Leng guys actually have the guts to come to Blue Profound Sect? And even to ask for an explanation? Aren't their guts a little too fat? Or are they tired of living?"

Leng family's status in Soaring Heavens Continent was only considered as a third rate powerhouse and totally unable to fight against the Number One Sacred Lands. Li Moying didn't bother to go find trouble with them and was already considered as being magnanimous but they actually came looking for him themselves?

Wasn't this a little overestimating their own ability?

Cang Po Hun saw her puzzlement as he revealed a bitter smile and explained, "Grandmaster Huang, things aren't like what you think. Although that Leng family's clan leader doesn't have much ability but he's not so dumb to that extent. Today he's not here alone, Seven Stars Palace and Cloud Ocean Sect have also sent their Elders along, to stand up for him....."

"What? Seven Stars Palace and Cloud Ocean Sect have also sent their men here? Why do they want to wade in the muddled waters? Aren't they afraid of bringing trouble to themselves by being nosy?" Huang Yueli's slender brows creased slightly.

Seven Stars Palace and Cloud Ocean Sect were one of the Seven Sacred Lands and in this kind of large powerhouse, each Elder had at least ninth stage realm eight level cultivation. Sending out such top exponents, just to stand out for a small clan's so called Elder?

That Leng Fugui, was merely at ninth stage realm fourth level cultivation, and was really not considered as some important character.

According to logic, the Seven Sacred Lands were all high and mighty and seldom bothered about those small powerhouses' grudges. There was no news of Leng family having some strong backing behind them as well, so they were merely living on as some Top Ten Clans.

What ability did they have, to make two of the Seven Sacred Lands stand up for them?

Moreover speaking, even if it was the Seven Sacred Lands, none of them would dare to come make trouble for Blue Profound Sect over such a small matter!

Cang Po Hun met with Huang Yueli's puzzled line of sight as he helplessly explained, "Grandmaster Huang, that's something that you're not aware of. It's no longer the same now as it was sixteen years ago....."

Huang Yueli was stunned, "What do you mean?"

"Ever since you self-exploded in the Northern Ice Fields that year, after Sovereign killed those culprits, he announced that he went into closed door cultivation but actually you know the truth which was he had already entered the wheel of reincarnation."

"From the start, Sovereign's prestige was still resounding and although he wasn't around physically, there weren't many powerhouses who dared to offend Blue Profound Sect but as the years went by, Sovereign didn't emerge from his closed door cultivation so Sky Emperor City started to come out with various sort of rumours saying Sovereign's plan to advance failed and he had died from Qi Deviation! Whereas no practitioner in Blue Profound Sect had enough standing and ability to replace him therefore we did not dare to reveal the news of his death."

“Hence some powerhouses sent their men to create havoc, trying to probe to ascertain Sovereign’s current situation. In the recent years, there had been many cases of our disciples who met with attacks while undergoing experience learning outside, and including your incident, as it was a little too sudden, the other Sect’s Elders all came looking for us to get an explanation.”

Huang Yueli was in deep thoughts as she nodded, “So it’s like this.....”

Soaring Heavens Continent’s resources were limited and there were bound to be conflicts when various large powerhouses’ disciples were out on experience learning or if they went out on missions.

That year when Mu Chengying’s performance was at its peak, it awed the Four Sky Regions and no one dared to pull his whiskers, which in turn made others not dare to offend Blue Profound Sect’s disciples. They were either ruling as a despot or behaving unscrupulously.

But men were easily forgetful. After Mu Chengying went into closed door cultivation for a long period of time, many of them forgot his overpowering stance that year.

Some large powerhouses which had once been regulated under Mu Chengying were all fearful of his ability, not daring to act recklessly.

Chapter 1830:

Probe (2)

What they needed to do was to certify that Mu Chengying was no longer alive before they dared to take genuine action.

Otherwise if Mu Chengying were really to breakthrough to the tenth stage realm, the minute he came out of his closed door cultivation, he would probably kill them all in just one move!

“Since that’s the case, then you guys must definitely not appear to be too weak. You must be hard enough in order to make those powerhouses who fear the strong and bullies the weak to stop short.” Huang Yueli responded.

Cang Po Hun nodded his head in agreement, “Grandmaster Huang, what you said is correct! Every time Big Brother would appear very strong as though Sovereign would come out of his closed door cultivation at any moment and initially it really did scare quite a number of people. But after using the same trick for too many times, the effect gradually weakened and now many of them were certain that Sovereign had already passed away, and their attitudes are much stronger than Big Brother Po Jun! Big Brother isn’t able to suppress the scene every single time.”

“Take this time for example, Seven Stars Palace and Cloud Ocean Sect’s Elders are all in ninth stage realm peak, apparently they don’t have the intention to let this go easily.....”

“Since that’s the case, let’s hurry over and take a look quickly!”

Saying that, she hastened her footsteps as she ran towards the front hall.

“Ughh, Grandmaster Huang, wait a moment, Grandmaster Huang!”

Cang Po Hun called out to her anxiously. He came over this time round wasn't to ask Huang Yueli to take care of this matter.

If she was the Palace Lord Huang in her past life, this matter would of course be settled easily but now her status must not be exposed and although her innate talent was excellent, but she was just too young and her ability was just not powerful enough.

Just based on her innocent and pure young lady appearance, how was she able to suppress those few wily old foxes who came with ill intentions?

However, Huang Yueli's body movement was the strongest as she ran off like a wisp of smoke which even Cang Po Hun was unable to stop in time.

He was deeply worried that Huang Yueli would get into trouble hence he could only hurriedly chase after her.

...

Levitation Sword Palace front hall.

Leng family's clan leader Leng Weiming sat on the guest seat and his hand was holding on to a tea cup but only half of his butt was seated on the chair as he was shaking in fear and trepidation, unable to sit or stand still out of nervousness as he looked apprehensively at Cang Po Jun who was seated vertically above him.

Ever since Mu Chengying had gone into "closed door", Cang Po Jun had been representing the authority of Blue Profound Sect's Sovereign, also to aid Mu Chengying in entertaining all the visitors.

But he had never once sat on the main seat, only on the second seat by the side. This was to announce to everyone that Mu Chengying was still around, and as his subordinate, he didn't dare to assume dictatorship without permission.

Leng Weiming's gaze went round the empty main seat and suspicions filled his heart.

Had Mu Chengying really passed away, like what the rumours said? If he hadn't passed away, why hadn't he appeared ever since then? He had gone into closed door cultivation for the past sixteen years, which was extremely uncommon.

But if he was really dead, why was Cang Po Jun able to persist on for so many years, living on as the identity of the Eldest Guardian, and not become the Sovereign instead? Not even daring to sit on the main seat?

Although Cang Po Jun's ability couldn't be compared to Mu Chengying's ability which awed the Seven Sacred Lands that year, but he was also a top exponent on the Sky Chart and he could still take a firm hold on the position of Sovereign...

Just as Leng Weiming was letting his thoughts run wild, Cang Po Jun spoke out.

"Clan Leader Leng, Elders, you all are rare visitors! Today you've visited Blue Profound Sect, and even insisted on paying a visit to Sovereign, I wonder what can we do for you? Surely it's not as if you don't know that our Sovereign had always been in closed door cultivation?"

“We....”

Before Leng Weiming could say a single word, his sweat already broke out.

He was only a tiny character in Sky Emperor City and if it wasn't for Seven Stars Palace and Cloud Ocean Sect's instigation, where would he ever find the guts to come to Blue Profound Sect!
