

Weaponsmith 1881

Chapter 1881: Love rivals for two lifetimes (3)

“Right, otherwise what did you think it was? Could it be that... you thought that I was here to give you treatment?” Liu Buyan stared at him.

Li Moying didn't say a word. Of course he knew that Liu Buyan would not hurry over just to give him consultation.

In his past life before he did “that matter”, Liu Buyan had already told him clearly that from that moment on, their friendship would be cut into two, and the next time they meet, they would be enemies.

So when Huang Yueli previously said she wanted to seek Liu Buyan, he disapproved of it but could not say out directly.

If Liu Buyan was here to do a consultation for him, that would definitely be because of Huang Yueli's face but to make her own woman beg his love rival to help him do a consultation... Li Moying's pride was so strong, so of course he had no way to accept that!

Therefore, from the very start, he had not placed any hope on Liu Buyan at all. But Huang Yueli had been actively thinking of ideas so he didn't want to go against his fiancée.

Now that Liu Buyan actually came knocking on his doors of his own accord, that simply made one too surprised.

Li Moying waved his hand as an indication for Cang Po Jun and the attendant to leave and then lifting up his chin, he looked at Liu Buyan, “If I hadn't remembered wrongly, Divine Doctor Liu had once said that year, that you will never take another step into Levitation Sword Palace again! Why, ten years has passed and your memory has already failed you? Have you already forgotten about the vow you made that year?”

He sat on the chair comfortably, totally without any intention of standing up to welcome him, nor did he invite Liu Buyan to have a seat and even used all sorts of immodest words to ridicule him.

After sixteen years, under the situation where he had a complete set of memories, when he met his old acquaintance again, it would be impossible to say that he didn't feel touched at all.

But Li Moying quickly remembered the fact that Liu Buyan was his love rival for two lifetimes!

Especially in this lifetime, Liu Buyan not only had feelings for the reincarnated Li'er, he even intentionally went over to Celestial Light Sect to threaten him, just so that he would give up on Li'er!

At that time, his cultivation was far from Liu Buyan and the humiliation from being pressurized by that exceptional peerless strong awe was something which he could not forget about until today!

Being a peerless genius with extraordinary innate talent for two lifetimes, since when did Li Moying ever suffer this kind of loss? Moreover, the man in front of him wanted to snatch away the young lady whom he valued more than his life!

The moment he thought of this, Li Moying's emotions started to run awry!

Liu Buyan looked at him and gave an even uglier expression as he gave a cold smile, "I came mainly to see if you're dead or not! You're really a disaster which lasts for a millennium, to think that you're still alive and kicking!"

Li Moying poured himself a cup of tea as he spoke leisurely, "That's right, I'm so sorry to have disappointed you! Since you've already seen me, you can now scam!"

Liu Buyan gritted his teeth as his anger was sparked by a few words.

How could he possibly not know that Li Moying's current illness was getting more and more serious, and he had already reached the crucial stage of life and death.

Before Liu Buyan came over, he had once pondered over the fact that when facing life and death, would Li Moying treat him a little more courteously, or even begged him to save his life. However.... The end result was exactly the same as what he had guessed earlier.

Li Moying still had this hard temper, like in the past.

In his past life when they were still young and wild, Mu Chengying was just like this. Just a few casual words and he could drive one crazy! But that time his ridicule wasn't aimed towards Liu Buyan.

"Rest assured, after I finish what I want to say, even if you kneel down and beg me, I will absolutely not stay!"

Li Moying's brows rose, "What else do you want to say?"

Chapter 1882: Love rivals for two lifetimes (4)

Liu Buyan's expression suddenly turned grave as he stared right into Li Moying's eyes, speaking out one word at a time, "Leave— Bai— Ruo— Li!"

Li Moying went into a blank and his expression instantly sunk and his tone turned even more dangerous than before, "Liu Buyan, do you know what you're saying?"

Liu Buyan gave a cold laugh, "Why? Still want to act as if you're silly? I have long heard about it! Sky Emperor City recently came out with a peerless genius Li Moying who is even more outstanding than Sovereign Mu's innate talent that year. He already had a fiancée at a tender age and she is a young lady who came over from South Sky Region, Bai Ruoli! Am I right?"

"So what if it is? What does it have to do with you?" Li Moying's expression turned icy cold.

Liu Buyan patted heavily on the table and the teacups and teapot all dropped down from the tremor as the crisp breaking sound reverberated within the room.

"Mu Chengying, why are you still pretending? Since your memory already came back, then you should remember why you reincarnated that year! I thought you could really give up everything for Yueli so I

tried my best to save you when you were ten years old that year! In the end, you are just an unscrupulous and cool-blooded thing. The minute your body started to have a good turn, you fell in love with another woman?"

Li Moying was really stunned this time round but after a moment later, he instantly realised what was going on.

"You thought that, my feelings towards Li'er...."

"Shut up! You have no right to call out her name!"

Li Moying's apparent surprise, in Liu Buyan's eyes, became the evidence of his guilt and it verified Liu Buyan's guess.

"I really had not thought that you are this kind of person! Forget it if you weren't able to protect Yueli that year but now you even totally forgot about her! Huang Yueli must have been reborn along with you but you have already recovered your memories for so long yet you didn't go search for her. Instead you... you even got engaged with another woman?"

Li Moying actually wanted to explain but he had not expected that Liu Buyan totally refused to listen to him, and had been berating him in a bitter and hateful way.

The rage in his heart started to spiral upwards as he found Liu Buyan even more unpleasant than before.

Li Moying gave a cold humph and said, "Divine Doctor Liu, what you say is really interesting. You only allow the magistrates to burn down the houses but don't allow the commoners to light up their lamps! You say that I had a shift of life but how about you? The person you liked, is it the yesteryear Huang Yueli or the current Bai Ruoli? On what stand do you have to make me leave Bai Ruoli? Is it really because of Li'er? Or because of your own selfishness? Think about this clearly in your own heart!"

After Liu Buyan was rebutted by him in such a way, he was instantly defeated and couldn't say a single word of rebuttal.

Because what Li Moying said was right, he indeed had feelings towards someone other than Huang Yueli.

But this didn't mean that he had already forgotten about Huang Yueli! He only knew that no matter what, there was no way for him to get what he wanted the most so out of desperation, he could only back down and settled for the next best thing...

Liu Buyan took a couple of deep breaths before forcing himself to cool down.

But the minute he spoke out, he still found his anger unable to be quelled, "Sovereign Mu, no matter what selfish thoughts I have, it cannot be compared to your despicable and shamelessness! You've already ruined one Huang Yueli, don't tell me that you're about to ruin another young lady now? You've obviously gotten Huang Yueli. In your past lives, the way she looked at you is different from other people! Now that she has reincarnated, she is waiting for you in some corner of Soaring Heavens Continent! If one day she were to appear, what should Young Miss Bai do by then?"

Chapter 1883: Love rivals for two lifetimes (5)

Li Moying listened to Liu Buyan's berating and the more he heard, the angrier he got.

What's more, there was a kind of indescribable terror.

Liu Buyan's sight had always been very accurate. Although he didn't know Bai Ruoli's real identity, but this lifetime he had fallen in love with the same young lady and what did that represent? It meant that his feelings towards Huang Yueli was indeed deep enough, which actually placed her inside his heart exclusively among the mass of commoners around.

If it wasn't for the fact that Liu Buyan had fallen in love with his beloved woman, then Li Moying would probably be moved by this passion of his!

If Li'er found out about it, would she be moved?

Li Moying purposely spite him and purposely didn't tell Liu Buyan the truth. Instead his lips curled upwards in an evil way as he said, "What should we do if Huang Yueli comes back? Very easy, just drizzle the salad with dressing! Let the both of them end up with a deal! I'm the Sovereign of the Number One Sacred Lands, so marrying two wives, shouldn't be any big deal isn't it?"

"You.... shameless to the extreme!"

Liu Buyan was so angry that he stood up immediately and he could no longer control his fury as ninth stage realm peak practitioner's Profound Energy pressure was instantly unleashed!

He was one of the top ten top exponents in the Sky Chart and had been established for many years. His cultivation base was solid and the Profound Energy which he unleashed was unsophisticated and pure, totally filled with the pressurizing sense from a high ranking person.

A few months ago in Celestial Light Sect, it was exactly under this pressure which pushed Li Moying into a dishevelled state.

But the current Li Moying, was no longer the same as before.

After advancing into ninth stage realm, based on his past life's experience and foundation, his cultivation swiftly stabilized and moreover, his soul trace was much stronger than any other ordinary ninth stage realm practitioner, and he had also started to re-learn various famous Profound Skills which he had acquired in his past life.

Even though he had yet to reach his past life's ability to sweep the entire world, but in front of Liu Buyan, at least he didn't appear dishevelled.

Li Moying also stood up slowly as he unleashed his own Profound Energy, going up against Liu Buyan.

Liu Buyan cultivated mainly in Earth attributed cultivation methods and his cure and regeneration of ability was extremely strong which in comparison was much gentler as compared to Li Moying's aggressive and penetrative Thunder attributed cultivation methods. The disparity of his attack ability was simply too huge and in actual combat, he was often the weaker party.

Hence, it made up for Li Moying's lack of cultivation.

The two of them stood upright as they sensed each other's pressure.

Li Moying was feeling a little hot-tempered because Liu Buyan who refused to back down in this lifetime, was a huge threat to him.

Whereas Liu Buyan looked at Li Moying who was giving off the same aura as in his past life, he was feeling extremely shocked!

As compared to the last time when the both of them had a stand-off, Li Moying's cultivation apparently had tremendously improved! Even if he had his past lifetime's foundation, his cultivation shouldn't be able to advance so swiftly! Moreover his primordial spirit was damaged so theoretically it should have a big influence towards his cultivation.

Why was Li Moying still the same, ridiculously strong to such a step?

This man, why was it that at any moment, he was always being taken care of by life?

Not only did he have outstanding talent, even the most outstanding, most dazzling talented young lady had her eyes only for him.

The Huang Yueli sixteen years ago, and Bai Ruoli from sixteen years later....

Liu Buyan's eyes turned red as he stared at Li Moying furiously, "I'm warning you for the very last time, break off the engagement with Bai Ruoli immediately! You've already got Huang Yueli so why are you still snatching Young Miss Bai from me? She deserves someone better! This time round, I will not give in to you anymore!"

Li Moying gave a cold harrumph, "My answer is still the same – keep dreaming!"

Chapter 1884: Love rivals for two lifetimes (6)

Liu Buyan laughed coldly, "You're sure? I'm advising you not to answer me so quickly and it's best that you think about your current predicament first! Your Soul Detachment Illness is getting more serious as time goes by isn't it? Every single time you act up, the duration that you are weak has lengthened isn't it? I'm telling you, if I'm not here to help you, the longest you can live for will not exceed a year!"

When Li Moying heard that, his heart jolted!

He knew his body most clearly. He had indeed sensed and knew that if the current situation kept on developing on, he would really walk to the end of his life very soon.

This was also the reason why he hadn't gotten married to Huang Yueli yet.

Although he kept saying this, that he wished to regain his former lifetime's ability before getting married to Huang Yueli glamorously, but in actual fact, after experiencing the life and death situation sixteen years ago, he no longer cared about face or similar issues.

To him, he couldn't wait to get married to Huang Yueli today, telling the world that she had legitimately become his one and only.

If it wasn't for the fact that he had misgivings, he already wanted to get married to Li'er when he was still in South Yue Kingdom!

But no matter what kind of realization he came to, he had absolutely not thought that he only had less than a year's time!

Li Moying was unwilling to believe what Liu Buyan said, but in his heart he was very clear that Liu Buyan was an arrogant person so he wasn't those kind who were used to telling lies. Especially in the medical aspect, Liu Buyan absolutely would not speak without thinking.

If he said one year, then it would really be one year!

Li Moying was stuck into so much awe that he couldn't say a single word and his eyes were filled with surprise.

Liu Buyan looked at the expression on his face and finally found back some self-confidence as his lips curled into a frigid smile.

"Why? Very surprised? I thought you were already prepared! I advise you to consider carefully. As long as you break off the engagement with Bai Ruoli, I can treat you and although I am unable to cure you completely, but dragging it out for three to five years shouldn't be any problem at all."

"Although having a beauty is good, but one's life is even more valuable so don't be muddle headed!"

Li Moying turned his gaze back towards Liu Buyan's face and spoke with disdain, "Divine Doctor Liu, don't waste your time and energy! I'm very clear on what I want! For me to break off the engagement with Li'er.... it's impossible!"

Liu Buyan had not expected that he had already said it to this extent and Li Moying was still so persistent.

He didn't even have an ounce of hesitation at all.

Liu Buyan started to become anxious as he started threatening him without holding back, "Have you really thought through this carefully, Sovereign Mu? You must get things straight, even if you're unwilling to let give up on Bai Ruoli now or even get married to her, but after a year if anything happened to you, you will still split up! By then, you totally can't stop me from wooing her!"

"Anyway since the ending would be the same, why don't you be more straightforward and at least you'd be able to gain a few more years of life span....."

"Enough! Liu Buyan, I've known you for so many years and it's until today then I realised that you're this despicable!"

Li Moying abruptly stopped Liu Buyan, as his rage was completely ignited!

The Profound Energy around him started to shake vigorously uncontrollably, as his hands clenched into fists and even started to shake.

When Liu Buyan saw this, he was somewhat feeling happy over this as he couldn't help but gave a cold laugh, "Why? Unable to accept reality? What I said is merely the truth, totally unable to be considered as "despicable" at all! It's you yourself who don't understand the current situation!"

Li Moying naturally knew that what he said was all the truth.

Chapter 1885: Love rivals for two lifetimes (7)

It was exactly because this was the truth, which made him unable to accept it!

He was left with less than a year's time and that meant that not too long later, he would have to separate with Li'er again.

The two of them were able to be united in heart and mind and were extremely intimate but the duration was actually that short.....

Other than regrets, Li Moying had been rejecting to think that after he died, what would become of Huang Yueli?

His Li'er was so talented and so powerful. Even if she left him, she naturally could continue to stand at the top of the world, to become a peerless top exponent whom everyone in the entire Soaring Heavens Continent admired.

But, he wondered if she would fall in love with another man?

The minute he started to think that Huang Yueli might have feelings for another person, and there would be another man to replace him to become Li'er's fiancé or even her husband, Li Moying's heart was in so much pain that he was unable to control himself!

But if Huang Yueli were to spend her entire life in solitary for him, always remembering a dead man like him, Li Moying somehow felt reluctant..... his Li'er was so beautiful and so nice, how could there not be anyone to pamper or to protect her? Just how pitiful would that be!

No matter what Huang Yueli did, Li Moying felt upset over it. No... so the only thing he could do was not to think.....

But now, Liu Buyan actually poked through the layer of paper on the window!

Even to the extent of challenging him without any misgivings, telling him that: As long as you have died, I will woo your woman. By then will you still be able to climb out from your coffin to stop me?

Li Moying's mind went into a turmoil as the taut string instantly broke.

"Liu Buyan, you're looking for death!"

Following a sharp cry, raging thunder attributed Profound Energy had already spiralled out, charging right towards Liu Buyan!

Liu Buyan had already prepared himself as he instantly made a move to counterattack!

Two bursts of intense and pure Profound Energies clashed against each other in mid-air, giving out a vigorous explosion as it shot into the clouds and the walls and ground kept on shaking. The explosive energy waves were refracted outwards, causing many lower cultivation attendants to suffer from internal injury on the spot.

After the two of them dealt with each other a hand, Liu Buyan kept on retreating backwards but Li Moying felt his chest shaking, as blood was turbulating around his chest area and he almost spat out blood!

It was actually... Liu Buyan who had higher skills!

Li Moying's eyes squinted but his voice remained calm, "Not bad, Liu Buyan. We haven't met for more than a decade and your cultivation has indeed improved by quite a bit. Looks like your time had been spent on cultivation for the past few years?"

Liu Buyan looked at him coldly, "That's right! In the past sixteen years, I've indeed been cultivating. Because from you, I learnt that having enough power would I be able to protect the woman who I love! I don't wish to keep on backing off just because I don't have enough ability! Today, I will let you see.... Who is it who had the greater ability!"

Li Moying's face turned extremely sinister as he gave a fierce stare at Liu Buyan, so angry to the point that he laughed.

"Ha ha ha ha, it's really so funny! You really thought that after cultivating hard for the past decade, you will be able to win me? In my past life you weren't able to win me, whereas this lifetime... it's still impossible! Want to snatch my woman, you're still far from it!"

Liu Buyan gave a chilly laugh, "Do you really think that you're still the same Mu Chengying from sixteen years ago? Quite the rubbish talk, since you won't shed tears till you see the coffin, then today I'll grant you your wish!"

Saying that Liu Buyan flew out and left Li Moying's secret cultivation room, to the garden at Levitation Sword Palace's entrance.

This place was much more spacious and more suitable to take action.

Li Moying's face was sullen and he immediately followed after.

Chapter 1886: Love rivals for two lifetimes (8)

Cang Po Jun was originally worried that the both of them would get into trouble so after he led Liu Buyan in, he had been standing guard at the entrance, totally not daring to take a step away!

Earlier the room kept echoing clashing sounds and it had already scared Cang Po Jun stiff but without Li Moying's command, he didn't dare to push the door open to step in on his own, so he could only wait outside while strolling up and down in frustration, hoping that Liu Buyan could quickly come out.

In the end, Liu Buyan really stepped out, but looking at their poses.....

They seemed to really be prepared to take action!

Cang Po Jun hurriedly walked in between the both of them, in an attempt to stop them, "Sovereign, Divine Doctor Liu, you two... what are you two trying to do? Can't you talk things over properly? On account of your past relationship....."

Liu Buyan gave a cold snort, "Who has any past relationship with him? The day that Huang Yueli died, we had already become enemies!"

"But...." Cang Po Jun wanted to continue.

However, Li Moying also followed suit and chipped in, moreover he made it in even simpler terms, "Scram!"

Following Li Moying's tone, he had already swiftly made him move as the electric currents in the sky were crying out and that rampaging presence kept on increasing, forming a burst of dazzling and eye catching light pillar, charging towards Liu Buyan!

Liu Buyan flicked his sleeves, "You only have this bit of ability? Not even ten percent of your past ability in your past life!"

Amid his ridicule, he also immediately retaliated!

The two of them went round Cang Po Jun and when they exchanged blows, they were totally inseparable.

In terms of cultivation, it was Liu Buyan who had gained an obvious upper hand. Ninth stage realm peak versus ninth stage realm first level, the total power in terms of Profound Energy was totally incomparable.

Moreover adding up, Liu Buyan had cultivated hard for the past decade so no matter if it was in terms of cultivation method or Profound Skills, or even actual combat experience, he was much stronger by many times as compared to sixteen years ago. The current him, had already squeezed into the Sky Chart's top three ranking!

To the point that while Mu Chengying was in "closed door cultivation", he was practically considered as the Number One under this heavens!

This ability was apparently not something which Li Moying could counter under the fact that he did not have enough cultivation and when his primordial spirit was damaged severely. If it was under normal circumstances, it wouldn't even take one incense's time before he lost.

But the location where the both of them had exchanged blows, was unfortunately at Levitation Sword Palace.

Levitation Sword Palace was in Blue Profound Sect's core, and also Li Moying's old nest. Every array and the spiritual artery under this place were most advantageous to thunder attributed practitioners to exhibit their powers and even if Li Moying didn't intentionally use the sword array's might, his ability virtually got an extreme uplift.

Under these circumstances, Li Moying's disadvantage in ability obtained a certain complement and adding on to the natural thunder attributed advantage, it made him tangle around Liu Buyan for quite some time.

Cang Po Jun was watching on the side as he was so anxious that he was perspiring so much that the back of his shirt was soaked in cold sweat.

He really wanted to pull them apart but from the intensity of their battle, if he abruptly charged in, it might injure the both of them and if Li Moying suffered any harm from this, he would be the biggest sinner.

Just as he didn't know what he should do, an attendant suddenly ran over to report that Huang Yueli had already returned from Sky Emperor City.

Cang Po Jun simply wanted to kneel down and thank God!

This saviour.... Really came back at a timely moment!

He hurriedly turned around and sped towards Blue Profound Sect's entrance, welcoming Huang Yueli back.

The moment Huang Yueli heard the news of those two fighting, she immediately turned pale with fright.

Chapter 1887: Love rivals for two lifetimes (9)

By the time she reached Levitation Sword Palace, the two peerless top exponent's battle had already reached the white-hot stage.

Initially when the both of them crossed hands, they still held themselves back. After all it wasn't a life and death feud and there was no need to coerce the other party to death.

But as both parties started to sustain injuries and furthermore as the provocation in words upgraded, the two of them started to fight with real firepower and started to have no qualms when they struck out.

Various formidable Heaven grade Profound Skills were heard cracking and exploding on the top of Levitation Sword Palace and the powerful aftermath from the explosion left the weaker practitioners no choice but to retreat out of Levitation Sword Palace. Even the Three Great Guardians had no choice but to make a strategic retreat.

Whereas for Li Moying and Liu Buyan, they had already suffered rather heavy injuries as blood splattered and their internal organs and meridians were all damaged.

The both of them stared at each other and their gazes were filled with murderous aura, as though the fury, irreconciliation, jealousy, despair which had been accumulated in the past sixteen years were all vented out at this very moment.

Liu Buyan spat out a mouthful of blood and his chest felt as though it was churning but he still held on to a furtive smile on his face.

"Mu Chengying, still not going to admit defeat? Your primordial spirit is so weak and it probably can't even support you to last for a full power battle right? Aren't you feeling very dizzy now? If you continue to force yourself, your remaining one year might just end up only with three months....."

Li Moying was indeed feeling extremely dizzy as his head was aching so much as though it was about to split open but he still coerced himself forcibly to remain clear-headed.

“Even if I only have three days left, I will.... will absolutely not.... Let you have the chance to covet my woman!”

Liu Buyan was unable to speak out what kind of feeling he really had in his mind, but looking at Li Moying’s dishevelled look, he still refused to give up which made him feel a little touched and a little heartache.

After all they were once friends who could hand their lives over to each other, and in the past, just because of one word which the other party had said, they were able to go through water and tread on fire just for each other!

Since when did the both of them turn into this kind of relationship, to the point that he personally coerced Li Moying to his death path!

However, this thought merely flashed past in a second because in the short moment of hesitation, Liu Buyan immediately thought about Huang Yueli.

That exceptional beauty who had once enraptured the entire Soaring Heavens Continent, did she know or not that the man who had once said that he would not marry anyone else except for her, and the man who was able to give up everything for her, had fallen in love with another person the minute he had reincarnated? And he was similarly willing to die for her?

Thinking of this point, Liu Buyan’s fury started to shoot up as he lost his rationality.

“Very good, since you’re in a hurry to die, then I can only satisfy you! Take this!”

This time round, Liu Buyan used one hundred percent of his power, as he struck out towards Li Moying risking his all!

Whereas Li Moying had also ignited his intention to kill. If he really only had a few months of life expectancy, then he wouldn’t allow this man in front of him to have a chance to dirty his Li’er.... perhaps if he killed him now, it would be the best option!

The Profound Qi from the spiritual artery below Levitation Sword Palace was totally drawn in an instant and he didn’t mind risking using the cabala to lift up his cultivation to go all out!

The two of them used their most powerful killer move and they were just about to end up in a situation where neither side would win.

Just at this moment, Huang Yueli finally reached Levitation Sword Palace.

On seeing this scenario, she was pale with fright as she immediately started screaming, “STOP IT! Both of you stop it! What are you trying to do??”

When the two men heard her voice, they both started to shake, as they revealed a stupefied expression on their faces.

Chapter 1888: Grandmaster Huang ran off with someone (1)

No one had expected Huang Yueli to suddenly pop out at this very moment.

But the both of them were like arrows on the taut bow and there was no way that they would not shoot out. Furthermore, it was exactly because of Huang Yueli's appearance which made them have the urge to send the other party to their death bed!

On seeing that Li Moying and Liu Buyan were about to strike out, Huang Yueli had no time to consider any longer as she immediately charged forward and stood in between the both of them.

"Li'er, have you gone insane!!!"

"Young Miss Bai, damnit—!"

The two men gave of a shrill of terror simultaneously and at the same crucial last moment, they coerced themselves to stop.

At this stage, trying to retract their Profound Energy which had already been pushed to the limit would definitely suffer from a vigorous backlash but they no longer cared about their own bodies as they only had one thought in their minds and that was to absolutely not hurt Huang Yueli!

Powerful Profound Energy gushed back into their meridians, making them spat out blood on the spot!

Li Moying's condition was originally on the verge of collapse and after suffering such a heavy blow, his body flew backwards as he crashed heavily on the wall and subsequently landed on the ground.

Liu Buyan was also pushed back for more than ten over steps and in the end, he couldn't support himself up as he knelt on the ground with a pale face while clutching his chest and throwing up blood.

Huang Yueli stood right smack in the centre of the raging Profound Energy storm and although the two men had already exhausted their limit to retract their power, she still sustained some damages as her chest felt as though it was churning and had a strong desire to spit out blood.

But she still held herself back forcibly as she turned her head to take a look at Li Moying.

"Moying, you.... how are you feeling?"

Li Moying's eyes were half shut as he leaned his head against the wall while holding a last puff of breath. His head was so dizzy that it had reached the limit and even though he'd like to climb up, but no matter how much he tried, it was almost impossible for him to lift even a finger so he could only suppress his pain as he moaned softly, "Li.... Li'er....."

"Moying, don't scare me!"

Huang Yueli's eyes widened in terror as she was about to pounce over to take a look at him.

But at this very moment, the shaking Liu Buyan who had already readjusted his breathing had already stood up.

His eyes were staring straight at Huang Yueli as his flowy white shirt was already stained with a large patch of blood stain.

Huang Yueli felt his stare and turned around as she looked at him in alertness, "Liu Buyan, you..."

Liu Buyan's lips parted tremblingly, "You also choose him, right?"

Huang Yueli wasn't able to react in time as she subconsciously asked, "What?"

Liu Buyan wanted to say something else but at this very moment, Cang Po Jun and guardians had already rushed in and on seeing Li Moying's in such a miserable state, their expressions suddenly underwent a change.

The trio immediately blocked themselves in front of Li Moying and facing Liu Buyan, they couldn't wait to tear him to shreds.

Although Liu Buyan looked to be in a much better state than Li Moying, but at this very moment he was like an arrow at the end of its flight. If he moved slightly, his internal organs felt as though it was scorched by fire, totally unable to cross hands with anyone.

Needless to say, facing him were three ninth stage realm peak top exponents.

He knew that there was no way for him to snatch Huang Yueli so after a brief moment of hesitation, although he wasn't reconciled, he could only choose to retreat.

Liu Buyan didn't say a single word as he moved back several steps and suddenly turned around, driving him body movement Profound Skill and left Blue Profound Sect.

Cang Po Jun and the others heaved a sigh of relief, "He's finally left... men, quickly get Divine Doctor Shangguan over...."

He had yet to finish his sentence when a figure suddenly flashed past him.

Chapter 1889: Grandmaster Huang ran off with someone (2)

Cang Po Jun took a look and couldn't help but lose his composure.

"Huang... Grandmaster Huang, you're.... where are you going off to?"

However, Huang Yueli totally didn't reply him. Instead she didn't even turn her head back as she pursued after the direction where Liu Buyan had left in.

Li Moying heard Cang Po Jun's cries and forcibly lifted up his head and saw Huang Yeuli chasing after Liu Buyan as her skirt fluttered while she left.

He was filled with terror and clutched his chest as he almost started to go into convulsion!

Under the pretext that he and Liu Buyan had crossed hands, ending up with both of them suffering heavy losses, not only did Huang Yeuli not come over to take a look at him, she even... chased after Liu Buyan as he left!

Why... why did it end up like this??

Li Moying moaned softly, "Li... Li'er, come.... Come back...."

But his injuries were simply too heavy and under the situation that he was anxious and angered, his blood flowed back causing him to faint directly.

"Sovereign, Sovereign, what's the matter?"

“Men, quick! Why hasn’t Doctor Shangguan arrived yet?”

After a flustering moment, at the same time the people who chased after Huang Yueli also returned and the result was, they naturally weren’t able to chase up to the both of them.

Cang Po Hun shook as he asked, “Big... Big Bro, surely Grandmaster Huang hasn’t.... eloped with Divine Doctor Liu right?”

Cang Po Jun berated with a steely green face, “Shut up! Are we fit to discuss Master’s matters?”

However, even he himself was filled with terror inside. Li Moying had been heavily injured by Liu Buyan and this kind of injury itself was extremely serious, not to mention that his primordial spirit was damaged so he was originally weaker than ordinary people.

Seeing the way that Li Moying collapsed, perhaps even Divine Doctor Shangguan found it hard to save him.

Even if he was saved successfully... now that Huang Yueli ran off with Liu Buyan, when Li Moying awoken, he would probably not be able to take this kind of blow right?!

...

The small path in the mountains, Liu Buyan staggered as he trudged towards the inside of the forest.

It was until he had left Blue Profound Sect for ten over miles when he stopped in his tracks and disappointedly leaned against a huge tree trunk, panting heavily with all his might.

His hands trembled as he retrieved a large amount of medicinal pills from his realm ring and stuffed it inside his mouth.

Invaluable ninth grade medicinal pills were akin to the cheapest sweets, stuffed into his mouth by the handfuls.

Earlier in front of his two lifetime love rival Li Moying, he didn’t want to show his weak side so he had been putting on a brave front earlier. Actually, the internal injury which he suffered from was not much different from Li Moying’s.

Thunder attribute was indeed the number one strongest attack attribute and Li Moying was indeed the unsurpassed genius who had outstanding innate talent and comprehension so even though his cultivation was far from Liu Buyan, but every single move and strike he made was still filled with murderous intent.

Based on ninth stage realm first level’s cultivation, going up against a ninth stage realm peak top exponent, he still wasn’t at a disadvantage!

Liu Buyan was coerced and hung on a life and death thread by him several times.

“Ughh... Mu Chengying.... wrong, it’s Li Moying... even though you had reincarnated and your primordial spirit is damaged but you’re still so powerful....” He leaned against the tree trunk as he shook his head and sighed.

His heart was filled with complicated emotions.

Even though both of them were love rivals and he had already decided that he had nothing to do with Li Moying anymore, but he had never once thought of making Li Moying die.....

Their many years of friendship wasn't phony and even though they appeared to have severed their ties on the surface, they would still silently keep track of the other party.

Mu Chengying had successfully reincarnated and moreover his innate talent was still that outstanding so originally Liu Buyan was silently glad for him.

Chapter 1890: Grandmaster Huang ran off with someone (3)

But he had not expected that things actually developed to such a step....

Earlier when the both of them lost their rationality and only wanted to risk everything to kill the other party, they totally didn't hold back at all.

If it wasn't for Huang Yueli's sudden appearance.....

Liu Buyan suddenly recalled that earlier when he left, Li Moying's condition had worsened to the maximum limit and moreover from the way he held onto his head, apparently his primordial spirit seemed to have suffered an even more serious injury.

Whereas Li Moying didn't have any miracle medicine which he had concocted with him.....

In this way, would he really have died on the spot?

Liu Buyan started to become a little flustered but for him to take a step back to head back and do a consultation for Li Moying, he began to feel a little unresigned.

In the past he had said this before, that he would not bother about Li Moying's life or death! Moreover Li Moying was stubborn enough as he had never once begged him. So what would become of him if he just sent himself over dryly?

Moreover speaking, if he saved Li Moying, wasn't it granting him a chance to snatch the woman who he liked?

"Liu.... Liu Buyan! I've finally.... finally caught up to you!"

Young lady's crisp and clear voice was heard from not too far away and immediately following that, a fit of hurried footsteps sounded.

Liu Buyan was stunned as he turned his head back in astonishment and saw that it was actually Huang Yueli who flew right towards him from the forest!

"You.... Young Miss Bai, why have you come over....."

Wasn't Li Moying the person whom this young lady liked? Why did she leave the heavily injured Li Moying, to chase after him?

Huang Yueli ran towards him and spoke out while panting heavily, "Liu Buyan, you.... you're too much! Moying he, he's at least your best buddy for so many years. Have you forgotten that year when you two

became sworn brothers in Levitation Sword Palace, and said that you will share life and death? Why did you... why did you deal him with such a heavy hand?"

"He's suffered from such a serious injury, I'm afraid... so afraid that he will... no, you get up and follow me back to give him treatment right now!"

The instance Liu Buyan saw Huang Yeuli, his heart was filled with joy.

The girl he liked chased after him without a care for anything else and it really gave him a misperception, as though.... she really was here for him. As though he was the beloved lover whom she had painstakingly pursued after.....

However, the minute Huang Yueli opened her mouth, it completely shattered his beautiful dream.

She came because of Li Moying! She headed over with her internal injury, forcing herself to chase him along the way for ten over miles, was totally not because she had any unusual feelings towards him, but.... for that man inside Levitation Sword Palace!

No wonder she chased after him. She was already engaged to Li Moying and for her, Li Moying had even forsaken Mythical Flame Palace's Young Palace Lord, Huang Yueli whom he loved dearly in his past life!

She.... how could she just fall in love with anyone else just because of a few chance encounters?

Only thing was she was fuming mad, and that dainty look where she ordered people by pointing to the chin, was simply too alike to the Huang Yueli sixteen years ago...

Huang Yueli realised that he kept on staring at him but didn't reply a single word and she couldn't help but become even more anxious.

"Liu Buyan! Divine Doctor Liu! I beg you, please do us some good! You should already know that Moying is diagnosed with the Soul Detachment Illness and his primordial spirit is originally extremely weak and yet you still gave him such a fatal blow! He will really die! Can you really watch with your bare eyes that your past best buddy, die because of you?"

Liu Buyan heard her repeated questions and his head grew even more melancholic!

No matter how this young lady's pleading stance made one feel pitiful towards her, or how sweet and gentle her voice sounded like, it was eventually not for him!
