Chapter 1931: Acting like a fool (7)

Feng Xiaoyan was so exasperated that she couldn't speak and after some time she voiced out, "You... you made the both of them answer the question separately and that's ill intent in it! There were so many people around so it's perfectly normal for the guard to not remember clearly the number of people so he only saw it wrongly! At that time, there were indeed seven people!"

"You risked your life running around the topic of the number of people, so what are you trying to hide? Even if the guard remembered the wrong number of people, it would not affect what had happened back then! You're intentionally creating trouble for me, intentionally setting the place on fire to injure people!"

Feng Xiaoyan was worried that Huang Yueli would catch hold of this loophole and hurriedly changed the top, hoping to turn the attention of the Elders to another place.

When the young female Pill Master heard that, it was until then did she realise that the question which Huang Yueli asked earlier, was an obvious trap for her!

When Huang Yueli asked her about those people who were present, she totally didn't know those people's names, nor was she interested to listen to their testimonials.

She merely wanted to know the number of people present, and if it reflected the same number as the guard!

It was comical that she totally had not reacted in time, and even owned up delightfully at once, simply no different from an imbecile!

The young lady took a guilty look at Feng Xiaoyan and was immediately stared back at fiercely.

The young lady wanted to make amends for her mistake as she hurriedly opened her mouth, "Ri... Right! What Senior Sister Feng said is right! At that time the guards were guarding at their designated positions seriously, so how would it be possible for them to take a careful look? It's perfectly normal that they can't remember clearly! Young Miss Bai, it's really meaningless for you to keep clutching on this point! Aren't you avoiding the important and dwelling on the trivial?"

Huang Yueli narrowed her eyes slightly without saying a word, as though she was thinking.

The young lady stared at the guard next to her and the guard immediately responded, as he hurried to speak in support.

"That's right, Young Miss Bai, you're indeed framing me! I really just don't remember clearly! At that time I was doing sentry guard so how could I possibly keep looking around? I am responsible for the Alchemist Guild's safety! Young Miss Bai, you're obviously clear on this and still intentionally asked this kind of question, what evil intentions are you harbouring?"

The guard was anxious to redeem for his mistake so he sounded very impatient.

Not only did he use words to run Huang Yueli on a bank, he even walked in front of her, hoping to use the advantage that his cultivation was much higher than her, intentionally releasing part of his Profound energy, hoping to use that pressure to cause some psychological effect on the latter.

As expected, Huang Yueli was in awe by this powerful Profound Energy and her expression immediately turned pale, retreating a few steps and not saying any words of rebuttal.

When the guard saw this, he knew it was effective!

He immediately got excited and increased the intensity of his Profound Energy. Moreover he inched in closer, making Huang Yueli retreating continuously.

“AH—!!”

Suddenly, a miserable cry rang out.

Everyone was shocked.

The guard thought that Huang Yueli had finally collapsed by the fright that he gave her and was feeling complacent but when he fixed his eyes, he realised that the person who cried out miserably was not Huang Yueli, but – Feng Xiaoyan!

After Feng Xiaoyan rolled down from the sofa, she wasn't able to climb back and after rejecting the female attendants from carrying her away, she had been slumping on the floor.

Huang Yueli kept on retreating and no one knew if it was intentional or unintentional, she kept retreating towards Feng Xiaoyan's direction.

Finally when the guard released his Profound Energy at a certain instant, she moved backwards in shock and her feet staggered as she stepped hard on Feng Xiaoyan's fingers!

Feng Xiaoyan's fingers were originally suffering from burns and after being stepped on hard like this, she instantly felt the pain penetrating through her lungs!

Chapter 1932: Acting like a fool (8)

Furthermore, after Huang Yueli stepped on her, she was evidently at a loss as her body swaggered to the left and the right, almost about to fall.

She stood unsteadily and her feet kept moving around. She was stepping on Feng Xiaoyan's fingers and grinded it here and there, almost just short of breaking off her fingers alive!

“AH—! AH—!”

Fegn Xiaoyan was so pained that she almost fainted, as she burst out miserably as though they were slaughtering pigs.

Those present were all shocked by the change of events and it took quite a moment later when someone managed to respond.

A female attendant dashed out and held on to Huang Yueli before she “barely” managed to steady herself and nudged to one side. But on her face, there was still a panicky expression on it.

“Hea.. heavens! Scared me to death! It was really horrifying earlier, so horrifying!” She patted her chest hard.

Feng Xiaoyan had already fainted and regained consciousness and on seeing Huang Yueli’s back, she couldn’t wait to bite her to death alive!

Alas, she wasn’t able to get up at all and could only shout out loudly, “Bai Ruoli! You... you vicious despicable slut, in front of so many people, you... you actually did such a vicious thing, attempting to break my fingers off! Everyone saw it with your own eyes! This time round, she did this in front of everyone! Father, Elders, you must help me reclaim justice!”

Feng Xiaoyan’s voice cried out mournfully, as she cried bitterly while lying prostrate.

Feng Zhensheng heard her mournful cries as his fury in his heart grew even more resentful.

He turned around and stared at Huang Yueli with an ominous glint in his eyes. “Young Miss Bai, what’s going on! We have yet to clear up the matter from a few days ago and now you’re dealing Yan’er with such a vicious move again! You... do you still know that this is the Alchemist Guild?”

Huang Yueli’s pretty large eyes instantly grew rounded as her eyes were filled with terror and innocence.

“President Feng, how could you say that of me? I... I’d never thought that I’d step on Young Miss Feng! I’m really sorry, but earlier I was really badly frightened! Earlier that guard brother was so fierce and there’s a terrifying aura that kept coming near to me. I wanted to vomit and my chest hurt so much, so I couldn’t help but keep retreating backwards.... And for a moment, I forgot that Young Miss Feng was standing right behind me...”

Saying that, she hurriedly turned around and looked at Feng Xiaoyan with a worried look.

“Young Miss Feng, I’m sorry, really sorry! I really didn’t do it intentionally, I almost fainted from fright earlier! I also don’t know what’s wrong with me? Could it be that I’ve fallen ill?”

She intentionally put on a dazed look but felt emphasizing that she suddenly felt unwell.

All the Elders’ attention were originally attracted by Feng Xiaoyan’s injury again but on hearing Huang Yueli’s explanation, they turned their gazes onto the guard once again.

Their cultivations were all very high and at least seventh stage realm and above so naturally they weren’t able to sense the Profound energy which the guard had been projecting towards Huang Yueli.

In this way, Huang Yueli’s actions earlier were explainable.

An ordinary young lady without any cultivation, being threatened and suppressed by a practitioner, losing her rationality out of fright was as normal as it could be.

Even if she unintentionally stepped on Feng Xiaoyan’s fingers, no one could blame her for it.

If they had to put the blame on someone, it would be the person who used Profound Energy to threaten her!

Feng Zhensheng’s expression sunk as he stared fiercely at the guard by the side, “Men, drag this man who caused an injury to Eldest Young Miss to the torture room in the rear mountain!”

Chapter 1933: Acting like a fool (9)

When the guard heard that, he was so scared that he immediately knelt down.

“President, President please have mercy! This Subordinate didn’t mean to do it on purpose! It was in a moment of negligence! Will President please show mercy! Eldest Young Miss, This Subordinate did this all for you, please help me plead for mercy!”

Feng Xiaoyan’s expression was especially ugly right now as she was berating this guard that he was a dumbass who deserved to die!

However, she had to rely on this guy for perjury so naturally she could only help him plead for mercy.

“Father, how can you blame this guard? It’s obviously Bai Ruoli this wretched lass who had ill intentions, she intentionally stepped on me! She has the intention to cause me to die! Father, you absolutely cannot let her off!”

Feng Xiaoyan was crying and shouting but Huang Yueli’s face had an aggrieved and innocent expression on it.

“Young Miss Feng, how could you say that of me... I...I know you have many misunderstandings towards me and you’re jealous that I am engaged to Brother Liu, but you can’t just speak at will every single time! The scenario earlier is something that everyone had witnessed, I... I really didn’t do it on purpose.”

Huang Yueli originally looked petite and frail and after losing her memories, she had lost more weight so paired with a pair of lively big eyes, she looked even more pitiful.

Many of them instantly began to sympathise with her.

“That’s right, this matter is obviously the guard who was in the wrong, Young Miss Bai is indeed innocent!”

“Using Profound Energy to suppress ordinary people, this action is so despicable!”

“Young Miss Feng is also very strange, why does she insist on saying that Young Miss Bai had done it on purpose?”

“Could it be that it is just like what Young Miss Bai said, she’s jealous that Young Miss Bai is Divine Doctor Liu’s fiancée?”

When Feng Xiaoyan heard these words, the melancholic feeling in her heart rose to the limit and her chest was heaving up and down with urged breathing.

She had not expected that today, she originally wanted to exact revenge on Huang Yueli severely to show her some colours but in the end, after being tormented for such a long duration, Huang Yueli still remained perfectly fine.

Instead she was the unknowing one who had first revealed her ugly scarred face and later fell down awkwardly in front of everyone from her seat.

Now things became even worse because her originally untreatable fingers, once again got injured seriously!

Feng Xiaoyan's fingers had already lost all consciousness and if this carried on, even if Liu Buyan returned, it might not be treatable at all!

What was even more fraudulent was that she was hundred percent sure that Huang Yueli had intentionally stepped on her, but she just couldn't find any evidence to support her stand!

Feng Xiaoyan was in pain, furious and anxious!

Under various emotions' clashes, she finally rolled her eyes and fainted!

"Yan'er!" Feng Zhensheng cried out in shock as he dashed up, "Quick! Men quickly! Bring Eldest Young Miss down for immediate treatment! Especially her fingers, it must be re-examined and bandaged!"

This time round, Feng Xiaoyan had no way to resist and was carried away.

Feng Zhensheng was extremely anxious but there was nothing he could do.

When he turned back, he happened to see the guard with an anxious look standing by the side and his heart instantly flew into a rage!

"Men, drag this fellow who almost killed Eldest Young Miss down and beat him with forty strokes of the paddle!"

The guard was overwhelmed with horror as he cried out loudly to plead for mercy, "President please show mercy, please show mercy! I can explain!"

But Feng Zhensheng had already lost all rationality because of his daughter's injury as he totally didn't listen to what he was saying. He waved his hand and got his men to drag him away.

Following that, in a courtyard not too far away, the crackling sound of beating of flesh was heard.

Chapter 1934: Acting like a fool (10)

When this entered the Elders' ears, they all revealed a disturbed look.

Actually, all of them knew that the guard was rather innocent.

Feng Xiaoyan was injured once again, the root cause of it, was because she herself was asking for it. She insisted on staying in the front hall, refusing to leave hence the accident happened. It wasn't intentional for the guard to do that.

But Feng Zhensheng was still angry and no one dared to go against him.

After a moment later, the guard was dragged back to the main hall and his injury was extremely severe. He sprawled flat on the ground and his forehead was filled with sweat as he panted heavily with a pale expression.

Feng Zhensheng refused to take another look at him as he waved his hand and said, "Drag him down and lock him up!"

"Wait a minute!" Huang Yueli walked out at this moment and stopped him.

“President Feng, if I haven’t got it wrong, previously I said that I wanted a confrontation with this guard and the Pill Master but in the end before I had even finished with my questions, is this matter considered as closed?”

“This.....” Feng Zhensheng’s face sunk!

The fire in the Books Depository was the underlying reason for Feng Xiaoyan’s crippled fingers so how could he close this matter so readily?

“Alright, tell us clearly how you wish to explain the scenario at that moment!”

Huang Yueli nodded her head and not wasting any time, she walked over to the female Pill Master directly and continued with her questioning, “This young lady, I’d like to ask. According to what you said, after I argued with Feng Xiaoyan, we even started fighting?”

After the young lady experienced the unforeseen event earlier, she was slightly shocked into a daze.

She had not expected Huang Yueli to suddenly ask her any questions again.

The young lady went into a blank before she spoke out, “Right... yes, later on the both of you started fighting and we all came forward to pull you apart, but we weren’t able to do so!”

“At that time... was this guard around as well?”

Huang Yueli casted a sideways glance at the heavily injured guard but he sprawled there in a half dead condition, totally not moving at all, nor did he give a reply.

The young lady could only answer on his behalf, “Right! He saw this then as well, and there were other guards, so if he can’t testify, you can go invite the other guards over.....”

Huang Yueli didn’t wait for her to finish her words and shook her head, “No need, I just wanted to ask you one question. Feng Xiaoyan is a fifth stage realm practitioner whereas I’m just an ordinary person. Why is it that I fought with her and yet she still couldn’t beat me? Pill Masters like you all, have rather good cultivation levels, why... can’t you pull us apart?”

The young lady was stunned momentarily, “Ah? Ughh... this... right! We Pill Masters are usually very refined so since when have we ever seen such a fighting scene? We simply missed out the fact that we weren’t able to use Profound Energy, hence allowing you to fill the void!”

“So it’s like this.....” Huang Yueli nodded her head.

“Mn, right, it’s like this! I’m just too kind hearted and didn’t feel good about beating you but I did not expect that you actually kicked me, hurting my wrist into such a state!” The young lady spoke as though she was making a solemn vow.

Huang Yueli gave a cold smile and said, “You are inexperienced in combat and that’s true but how about the few guards who were present? They are all genuine practitioners, is it even possible that they weren’t able to pull some lower cultivation levelled ladies apart? I’ve already hurt your Young Miss but not only did they not stop me, they were even watching from the side?”

“This....” The young lady was rendered speechless as her expression turned ugly.

She went on to brace herself as she persisted in what she said, “No matter what you say, these are all facts!”

Chapter 1935: Acting like a fool (11)

“Oh, so it’s like this.....” Huang Yueli nodded, “Since you put it in this way, I understand it all now!”

The young lady thought that she couldn’t win her in words and finally heaved a sigh of relief, “It’s good that you understand it all now!”

Huang Yueli shot her a glance and turned around as she cupped her hands towards Feng Zhensheng, “President Feng, now the truth should be very clear! Young Miss Feng was injured, mainly falls on the responsibility of your guards! The group of them were nearby but they didn’t question when they saw me and Young Miss Feng having a conflict, and later on when the fire started, they actually were only concerned about escaping to save their own lives so no one actually went to save Young Miss Feng at all! Such guards.... What’s the point of keeping them?”

Huang Yueli’s brows rose, as she spoke out strictly.

Everyone present was stunned by what she said.

Everyone had assumed that she would have a round of debate with the young lady on who was the one who started the fight, but they had not expected that Huang Yueli actually changed the topic and pushed the responsibility onto the guards instead!

Moreover, after carefully thinking through, they all felt that what she said was logical.

Feng Xiaoyan had a fifth stage realm cultivation whereas Huang Yueli was an ordinary person. With such a disparity in abilities, Feng Xiaoyan was hurt to seriously.....

It could be said that the guards’ nonfeasance was the main reason.

If they were able to stop them earlier, or if they managed to save her when the fire first started, things would not have developed to such a stage!

Feng Zhensheng’s face sunk, “What you said is correct! These guards are simply trash! We Alchemist Guild pays them with such high salaries, and even treats their family members, but in the end? They actually caused Yan’er to suffer from such a serious injury! They’re simply a bunch of trash! Men, drag this fellow.....”

“Injustice! This subordinate has been accused wrongly! This Subordinate really did not intentionally watch Eldest Young Miss being beaten by or suffer an injury! These are all... are all Eldest Young Miss’s orders! Will President and Elders please check thoroughly! This Subordinate is merely listening to Eldest Young Miss’s orders only!”

After the guard had been beaten forty paddles, he basically was already in a half dead state.

In the end upon hearing Feng Zhensheng’s tone, it seemed as though he was really going to listen to Huang Yueli’s slanderous report, pushing the responsibility of Feng Xiaoyan’s injury a few days ago, onto their heads.

He was so scared that his soul almost flew away!

Earlier he was already beaten for no good reason and had already lost half of his life. If he were to become a scapegoat for this again, didn't that mean that he would lose his life totally?

Furthermore, he was obviously just listening to Feng Xiaoyan's orders just to fawn on the latter. But in the end, he became the main culprit for Feng Xiaoyan's crime? Could there be anyone who was feeling even more unjustified than him?

The guard was burning with anxiety.

Now that things have come to such a stage, he already couldn't care less, only thinking to wash this matter off his hands because he absolutely cannot pay with his life right here!

Hearing the guard crying innocence, everyone was dazed.

Only Huang Yueli, with a smile on her face, spoke out slowly, "What do you mean by this? What's called Eldest Young Miss's orders? Feng Xiaoyan isn't a retard so could it be that after she was bullied or injured, she actually asked you guys not to bother about her and watch her being beaten up? This reason of yours is just too comical! You really dare to say anything just to be absolved of the crime!"

The guard's forehead was filled with sweat because he was at a difficult position right now!

Since he had already made a header, he totally couldn't care less as he spoke out the entire truth.

"Elders, This Subordinate is really acting on Eldest Young Miss's orders and Eldest Young Miss's injury was purely an accident..."

Chapter 1936: Acting like a fool (12)

"On that actual day, it actually wasn't Young Miss Bai who found trouble for Eldest Young Miss but Eldest Young Miss who brought along a group of people, wanting to chase Young Miss Bai out of the Alchemist Guild! Eldest Young Miss was worried that miscellaneous people would see that so she intentionally asked the few of us guards to chase people around the surroundings away. Hence when they had an argument, This Subordinate wasn't around and wasn't present either....."

The guard was like beans which were pouring out of the bamboo tube as he spoke as fast as he could with all his might.

The Eldest had not expected that he would change his testimonial to tell the truth and it was totally different from the actual testimonial which he said earlier!

The main hall was silent for a few moments and immediately after that, various discussions were heard.

"What's going on? Why is it that what he is saying now is different from what he said earlier?"

"Who is the bully? What is the real truth to this matter?"

"I am confused, who is the one up to mischief?"

Feng Zhensheng's face grew gloomier as he flicked his sleeves hard, sweeping the tea set on the table onto the ground.

“What are you saying? The things that you said earlier were totally not like this! Why is it that you’ve changed your words now? Which sentence of yours is the truth?”

The guard hurriedly replied, “What I’m saying now is the truth! The things which I said earlier was something which Eldest Young Miss and I had colluded together and came out with. She made me follow what she planned so that she could push the responsibility onto Young Miss Bai, causing her to be chased out of the Alchemist Guild!”

“Actually, Young Miss Bai is really very innocent. It was Eldest Young Miss who was jealous over Divine Doctor Liu and her relationship so she went to find trouble with her. This Subordinate didn’t know what they were talking about but they ended up fighting. Eldest Young Miss ordered the few of us to go in and capture Young Miss Bai. This Subordinate pushed Young Miss Bai to the corner of the wall and intended to capture her but we had not expected that there was a mechanism right there and not knowing what happened, it just suddenly caught fire.....”

The audience were all dumbstruck, not knowing what else should they say.

Huang Yueli then nodded and laughed, “Thank you this guard brother for telling the truth. That’s right, the situation was exactly like this and I merely don’t want to leave the Alchemist Guild only so I don’t know why it suddenly caught fire. I can only say that it was Young Miss Feng who had ran into bad luck!”

Her words had just fallen when the female Pill Master suddenly started screaming, “No, the incident wasn’t like this! This guard is lying! Otherwise why would his testimonial be different from before? He only wanted to absolve himself from the crime hence he committed perjury!”

The young lady didn’t want to be hit with the crime of committing perjury so naturally she denied this with all her might.

When the guard heard that, he couldn’t help but sneer.

“Who is the one who is lying, you should know this clearly in your heart! That’s right, I retracted my testimony because I didn’t expect that after I helped Eldest Young Miss to settle her matters, when something happened, not only did Eldest Young Miss not have the ability to protect me, she even almost caused me to die! If everyone doesn’t believe me, you can ask all the guards who took part in saving her during the fire and if they found out about Eldest Young Miss’ doing, they will definitely tell the truth!”

The Elders were all starting to reflect back as they all started to whisper into each other’s ears to discuss this.

Although the guard had suggested that they could find other witnesses, the oath he took which pointed his fingers to heaven seemed as though he was telling the truth.

But most of them were still unwilling to believe it. They had always thought highly of Eldest Young Miss Feng Xiaoyan but she had actually become such a vicious young lady with such profound intentions!

Not only had she gone to find trouble for Huang Yueli, even after she suffered retribution, she actually had an even more malicious intent to set a trap to frame her...

If this was the real truth, Feng Xiaoyan was a little too scary wasn’t it?

Chapter 1937: Acting like a fool (13)

Huang Yueli saw their hesitation as she gave a faint smile and stood up unhurriedly to add on.

“Actually, if everyone delved more into the details then you will be able to understand it. I’m just an ordinary person so how would I dare to offend so many Pill Masters? They are all practitioners with high-levelled cultivation! I totally can’t beat them at all! Furthermore, I’ve just arrived at the Alchemist Guild Headquarters not too long ago so how could I possibly know where the self-destruction mechanism in the Books Depository was? Everyone here are all Elders from the Alchemist Guild but all of you also don’t know how to trigger the self-destruction mechanism, isn’t it?”

Everyone was stumped by her questions as they all went speechless for a moment in time.

Huang Yueli then added, “So to speak, this matter is really just an accident! If it wasn’t for Young Miss Feng who was determined to catch me, I wouldn’t have ran over to that corner, nor would I have accidentally triggered the mechanism! Until now, I still feel extremely scared now!”

She put on an innocent look as she spread out her hands.

If these words were spoken out from the very start, the Elders would definitely not have had any patience to listen to her, nor would they have believed her.

But now it was totally different. Feng Xiaoyan had already expressed her unruly sign of hers in front of everyone whereas the witness that she had found had also admitted that he had committed perjury.

The Elders were already starting to have doubts on the truth of the matter.

At this moment, Huang Yueli even gave such a methodical analysis and the Elders were somewhat comprehending it as they started to nod their heads consecutively.

“So it’s like this.... what Young Miss Bai said is logical!”

“Isn’t that so? I also don’t know where the self-destruction mechanism is, how could she possibly know?”

“If it was really Feng Xiaoyan who sought trouble with her, that could only be said that she reaped what she had sowed!”

“Feng Xiaoyan is too much! Just because she’s the President’s daughter, how could she bully Young Miss Bai in such a way? This kind of woman, luckily Divine Doctor Liu hadn’t taken any interest in her, otherwise.... he’s just really too blind!”

“Feng Xiaoyan maligned her, shouldn’t she come out to give Young Miss Bai an apology?”

The Elders all shot berating gazes towards Feng Zhensheng.

Feng Zhensheng was feeling a flurry of headaches and he was feeling indignant and melancholic!

Now that the truth was clear for all to see, Huang Yueli’s explanation was seamless whereas Feng Xiaoyan’s saying was full of flaws, totally unable to stand up.

Originally he trusted his daughter very much but now it felt as though he was given a tight slap on his face by others, which made him simply unable to face anyone at all! All the reputation which he had

accumulated over so many years, had all been ruined just because of Feng Xiaoyan's embarrassing matter.

Feng Zhensheng wanted badly to punish Huang Yueli at all cost, to vent anger on behalf of his daughter.

But in front of the group of Elders whose emotions were stirred up, how would he dare to say a single word more. No matter how unreconciled he was, he could only admit his wrongdoing.

"Young Miss Bai, this matter.... This President had put the wrong blame on you! But now that Yan'er's fingers are so seriously hurt, she's already very pitiful so will you stop blaming her. As her father, I will apologize on her behalf!" Feng Zhensheng gave a long sigh.

Huang Yueli shot an insipid gaze at him and said, "President Feng please be assured, I'm not someone who is unreasonable! Since my innocence had been vindicated, then let's forget about this matter!"

Saying that, she turned towards the Elders and cupped her hands in obeisance as she turned around and swaggered out of the main hall.

She didn't really wanted Feng Xiaoyan to come out to kneel and apologize to her but she was going to stay on in the Alchemist Guild for a couple more days so in order to leave a good impression on the Elders and for the sake of making things more convenient for her, she could not overdo it.

Chapter 1938: You want her, or you want your life? (1)

Anyway, the step which she had given to Feng Xiaoyan earlier was totally without any mercy, as she had practically used up her entire strength in her body.

When Huang Yueli stepped down on her, she heard the pitter patter of bones crushing sound. Perhaps these bones had already been crushed finely and it was really hard to say if it could be reconnected.

Although everyone kept saying that Liu Buyan was the Number One Divine Doctor, but her instincts told her that such a serious injury like this was very hard to cure. Even if it could be cured... she would make Liu Buyan unable to cure it.

So just treat it that Feng Xiaoyan had received a lesson today! She would not further pursue any other matters.

She was really a magnanimous person!

Feng Zhensheng looked at her departing figure with a steely green expression and stomped his feet in fury as he too turned around and left!

...

Blue Profound Sect, Levitation Sword Palace.

The atmosphere for the past few days in Levitation Sword Palace had remained extremely heavy. The Three Great Guardians were in a haste as they left early and returned late daily, not even having any time to settle the Sect's affairs.

Even Blue Profound Sect's ordinary disciples detected that something was not right.

This day late in the night, a ninth stage realm peak practitioner's powerful aura was suddenly felt from the entrance of Levitation Sword Palace's door.

Cang Po Jun's expression changed as he hurried to the entrance and when he saw the incoming person, he instantly gave an astonished look, "Liu.... Divine Doctor Liu?"

Liu Buyan was travel-worn as his breathing was uneven, apparently showing that he had been rushing all the way over.

On seeing Cang Po Jun, his lips curled into a smile of ridicule as the first thing he asked was, "Where's Li Moying? Has he died already?"

Cang Po Jun went into a short blank and suddenly recalled that the man standing in front of him was no longer his Sovereign's best buddy. On the contrary, the two of them had just had a huge battle in front of Levitation Sword Palace over a week ago and this... was exactly the biggest reason which left Li Moying on the verge of death right now.....

Momentarily, he couldn't guess Liu Buyan's intent in coming and he didn't know if he should welcome Liu Buyan in with grandeur, or should he fight to his last moment of death, to obstruct him at the outside of Levitation Sword Palace!

However, not even waiting for his reply, Liu Buyan started to raise his voice to shout out, "Li Moying! Li Moying! Are you dead already?"

"Divine Doctor Liu, you... what are you trying to do? Sovereign has just laid down to rest..." Cang Po Jun tried to stop him in a hurry.

But it was already too late.

Li Moying coughing was heard from the internal zone of Levitation Sword Palace, "Cough cough, Liu.... Liu Buyan! You actually.... actually still dare to step into Levitation Sword Palace!"

Liu Buyan faced upwards as he gave a lengthy laugh, "What a joke! Why wouldn't I dare? Did you think that you're still that unsurpassable Number One top exponent in the Continent? Just based on your half dead look now, what else do I not dare to? I specially came over to take a look at your dying look! Still dare to be as conceited as before?"

"I have to disappoint you!" Li Moying's voice was hoarse but the suppression in his voice was not weak at all, "I'm still alive, so even if I really die, I'm still me!"

"Hehe, that's so comical!"

Liu Buyan's gaze turned cold as he took large strides into the internal zone of Levitation Sword Palace.

Cang Po Jun leapt forward to stop him.

But Liu Buyan's ability was far above his. After coming out with a palm strike with him, the former immediately utilised his footwork and dashed into Li Moying's bedroom.

The room door was pushed open with a loud bang.

The first thing Liu Buyan saw was Li Moying who sat upright beside his bed.

He was dressed in a black sleeping robe and on his extraordinarily handsome looking face was a pair of peach blossomed eyes which had retained its brilliance, powerful and firm. His back was like a blade of a knife, straight, upright and indestructible.

Chapter 1939: You want her, or you want your life? (2)

If it wasn't for the fact that Liu Buyan knew about his current condition, just based on Li Moying's outlook, one totally would not be able to tell just how seriously injured he was.

Li Moying raised his eyes to take a look at him as he spoke icily, "Where's Li'er? Are you the one who abducted her? Where is she now?"

His first sentence was to ask about Huang Yueli's whereabouts.

Liu Buyan had long expected him to ask about this as he intentionally raised his eyebrows and said, "Why? You can't even keep an eye on your own fiancée and instead you're asking me about this? For an incompetent man like you, it's better for you to be dead!"

Li Moying's face sank as he barked sharply, "Liu Buyan! Don't try to act as if you know nothing! That day Li'er chased after you and later on, she disappeared along with you. If you're not the one who brought her away, who else could it be?"

Liu Buyan shrugged his shoulders indifferently when he heard this and said, "This sentence of yours is illogical, why is it me who brought her away? She could have left with me willingly on her own accord isn't it? You're obviously not going to live for long right now and Young Miss Bai is young and beautiful with outstanding talent. Don't tell me she's supposed to waste her youth on a trash like you? She also has the right to look for another more dependable, and more powerful man right?"

Liu Buyan intentionally said that, in order to agitate Li Moying.

However, Li Moying merely sneered and didn't appear to be too agitated.

"Liu Buyan, what are you trying to say? Did you think that I would believe your gibberish? My woman, I know myself clearly that she will absolutely not betray me! What on earth have you done to her? Have you locked her up? I'm telling you, if she suffered a single bit of injury, I will absolutely make you pay an unforgettable price of your entire lifetime!"

For so many years, Li Moying had always been the Number One exponent in the Continent as his prestige accumulated over time.

Even though he was suffering from an untreatable serious injury, the aura coming from him was still pressurizing.

While he was conversing, it was naturally revealed.

Under his powerful suppression, Liu Buyan subconsciously felt fear.

But he quickly regained his senses as he gave a cold laugh, "This sentence is put rather beautifully! Alas, based on your current condition, what ability do you have to make me pay the price? Moreover speaking, I didn't lock Bai Ruoli up at all. She didn't return to your side on her own, naturally because she doesn't like you any longer! So you can go in peace!"

Li Moying's gaze was chilly, "Don't you worry, I will absolutely not die so easily before I find Huang Yueli! I don't believe a single word of yours! You must have used some underhanded methods to control Li'er. Did you think that resorting to such methods, you will be able to retain her? Too bad, no matter what you do, you will never be able to obtain her heart forever!"

Li Moying's words poked right at Liu Buyan's Achilles' heel.

This period of time, he made Huang Yueli drink the Unfettered Void Memory medicine and also brainwashed her, falsely assuming identity as her fiancée. He even spent everyday together with her, not leaving her alone, showing her care and concern and his meticulous care.

He self-professed that what he had done had matched up to Li Moying.

In terms of ability, the current him was above Li Moying. In terms of status, he was the Number One Divine Doctor whom everyone tried hard to please, so he might not be any worse off than the Number One Sacred Land's Sovereign.

Furthermore, he totally didn't believe that a haughty temperament man like Li Moying would stoop himself to personally take care of Huang Yueli's everyday life.

Chapter 1940: You want her, or you want your life? (3)

Unfortunately, Liu Buyan had never witnessed personally the dog legged look which Li Moying usually put on to please his own fiancée. Otherwise he probably wouldn't have such self-confidence.

Anyway, Liu Buyan felt that he had already done very well and as compared to Li Moying, he would only be much better, and not possibly much worse.

But Huang Yueli had never taken a serious look at him in the eye.

Every time he tried to get close to Huang Yueli, or had a more intimate interaction with her, she would always evade subconsciously.

Moreover, although she had already exceeded the dosage of the Unfettered Void Memory medicine by several times, the minute she heard Li Moying's name, she immediately started having nightmares.

Evidently, it showed how deep her conviction was in her heart! It reflected just how important was Li Moying to her!

What Li Moying said was right, that young lass' heart only had Li Moying, and not him Liu Buyan!

Thinking of this, the flame of jealousy which hibernated in Liu Buyan's heart suddenly burned vigorously in an instance.

"Li Moying, are you very complacent? You believe so firmly that Bai Ruoli will never betray you? What if I say, that she's already mine?" Liu Buyan lifted up his chin provocatively.

"You...!!!"

Li Moying suddenly sprung up from the bed with a furious look as his eyes were staring ferociously at Liu Buyan, with terrifying blood veins popping out.

“Liu Buyan, you’re seeking death!”

Li Moying could no longer control himself as his right hand raised and a surging thunder attributed Profound Energy was unleashed from his body, directly charging towards Liu Buyan’s chest!

Liu Buyan gave a cold smile as he lifted his hand to block it. Originally he thought that he could resist against it without much effort but in the instance that he got into contact with that gust of Profound Energy, his expression changed abruptly!

“Damn it!”

Wasn’t this man almost about to die? Wasn’t he so frail that he almost couldn’t leave the bed? Why... was it that when he struck out, his ability was still so terrifying? Was he really that powerful?”

Liu Buyan’s brain flashed past many thoughts but his body was already unable to react in time as he was pushed back by ten over steps before he could barely steady himself.

The corner of his lips spilled several drops of blood.

Whereas for Li Moying’s condition, it was much worse than his by several folds!

This time the sudden explosion seemed to have drained the last surviving life force from his body. His face turned extremely pale and he was on the verge of collapse. He finally could not hold on as he fell onto the bed.

Liu Buyan used his hand to cover his mouth as he coughed a few times then looking at the blood which flowed down in between his fingers, the cold intention grew beneath his eyes.

He walked slowly towards Li Moying’s bedside.

“Indeed the once Number One top expert in the Continent! Still so powerful even though you’re about to die! Alas, you’ve wasted too much Profound Energy, are you feeling that her head is in even more pain now? Your consciousness became even more blurry? En? You’ve already turned out like this and Bai Ruoli still didn’t come over to take a look at you, do you really think that she still remembers you?”

Li Moying gave a dull moan as he abruptly opened his eyes and stared fiercely at Liu Buyan.

“You... you’re looking for death! Cough cough, Li.... Li’er’s reputation, isn’t something that you can smear at will!”

Li Moying didn’t believe that Huang Yueli would throw herself into Liu Buyan’s arms. Just how intelligent and stubborn that young lass was, he was clearer on this than anyone else.

Even if Liu Buyan used force on her and was able to get her physical body, but he absolutely could not gain her heart!

Even though he knew this clearly, but on hearing Liu Buyan saying such stuff, it still made him lose his rationality in an instant.

As long as he was alive, he would absolutely not allow her to become another person’s woman.
