

## Weaponsmith 2021

### Chapter 2021: In the depth of her memories (6)

“What? It’s him??” Dai Boqi was extremely surprised, as his entire face was filled with shock.

“But, he... hasn’t been in closed door cultivation all this while? Moreover, the rumours of the world all say that long ago, he had already...”

Huang Yueli shook his head, “The rumours of the world, most cannot be trusted. The rumours also said that Divine Doctor Dai you had already departed this mortal world, but the truth was not so... Anyway, Sovereign Mu and I have a longstanding debt of gratitude and grudges which cannot be explained so easily but if I don’t hurry back and Sovereign Mu really dies, then I also won’t be able to live...”

Saying that, her feet softened as she knelt downwards, “Divine Doctor Dai, I’m begging you to go to Blue Profound Sect with me, to help treat Mo.... To help treat Sovereign Mu’s illness!”

Dai Boqi had not expected her to suddenly kneel down as he had a shock, and quickly stretched out his hand to support her.

“Disciple, this you.... ai, it’s not that this old man refuses to, but I don’t know what’s the matter with Yan’er. Sixteen years ago he had fallen out with Sovereign Mu and that year This old man also tried to mediate in their quarrel but Yan’er refused to let This old man to have any dealings with Blue Profound Sect... I also don’t know what this Sovereign Mu had done to Yan’er?” Dai Boqi’s brows furrowed tightly.

Huang Yueli bit on her lips tightly and in her mouth, she seemed to taste blood.

Then she suddenly recalled that Dai Boqi as Liu Buyan’s Master, he was also a ninth ranked Pill Master back then and although his medical skills weren’t comparable to Liu Buyan’s, but he was also a first rated Divine Doctor in Soaring Heavens Continents.

Since Liu Buyan was so pigheaded, if she could make Dai Boqi follow her back to Blue Profound Sect to help Li Moying do a consultation, perhaps there might be a glimmer of hope.

But she guessed that Dai Boqi would stand on Liu Buyan’s side, and he definitely wasn’t willing to treat Li Moying so that was the reason why she didn’t tell the true situation.

If Dai Boqi were to find out that Li Moying’s injury was the works of Liu Buyan’s, moreover this time her return was to sought Liu Buyan to settle this debt, then there was a ninety percent chance that he would not help.

Hence, out of no other choice, she thought of this set of lies as she coaxed and deceived Dai Boqi.

Although cheating an elderly was very ungenerous, but due to dire circumstances, she could not care about so much any longer.

“Divine Doctor Dai, no matter what happened between Sovereign Mu and Divine Doctor Liu, if something really happens to Sovereign Mu this time round, I’d probably.... also not be able to live. Then elderly grandpa you, will really not be able to take in your disciple!”

This time round, she indeed poked Dai Boqi’s achilles heel.

He had wished so many years for a disciple and if she were to die for no good reason, that would really be melancholic for him!

Moreover, the lies which Huang Yueli weaved were still rather logical.

Blue Profound Sect's Sovereign Mu's name was famous and the restraint that he set upon personally, was extremely normal for most people to not be able to breakthrough it. Moreover, if the meridians were restrained for a long period of time, if the method was done in a vicious way, there was indeed a possibility which might endanger one's life.

So Dai Boqi kept pondering over this, and as he really wasn't assured hence he gave a long sigh.

"Alright, this old man shall follow you on this trip, to first take a look at what kind of terminal illness did this Mu Chengying contract! If it really can't be cured, then at least I'd force him to release the restraint on you first! This fellow is really a scum who is devoid of human nature. Not to mention that he harmed my eldest disciple, now he even harmed a pretty young lady like you! I really wonder why Mythical Flame Palace's Palace Lord Huang would even have any interest in a fellow like him with a human face but with a heart of a beast! Just because he's good looking?"

The more Dai Boqi thought, the angrier he got as he couldn't help but berated Mu Chengying into a bloody mess!

Huang Yueli was listening to him as she was extremely embarrassed while sprouting a headful of cold sweat. Yet she didn't dare to interrupt him to help her own fiancée to refute.

Having told a lie, she would need to come out with numerous lies to cover this original lie...

## **Chapter 2022: Huang Yueli returns (1)**

After Dai Boqi agreed to go to Blue Profound Sect, the following matters started to become easy to deal with.

Divine Doctor Dai couldn't bear for his disciple to suffer so he could only prepare a flying ship personally, as he led Huang Yueli on the journey.

When Huang Yueli saw that magnificent and luxurious flying ship, her eyeballs nearly dropped out.

Dai Boqi delightfully introduced, "What's the matter? Disciple? Have you seen the crest on the deck of the flying ship? This is one of the best works of the Number One Armament Master back then and only someone with a status like this old man can get this. This flying ship is much faster than ordinary flying ships by several times and just in one day's time, we will be able to arrive at Sky Emperor City!"

Huang Yueli wiped off the sweat on her forehead as she immediately fawned on him, "Indeed Divine Doctor Dai, able to get such incredible treasure into your hands! My respect for you is just like unceasing torrents in the Yellow River..."

The flying ship which she had created, of course the speed was extraordinary.

Looking at this flying ship, her heart eased by a large half.

Dai Boqi turned his head and swept a look at her, "Know how incredible This Master is, still not going to kowtow to acknowledge This Master? How long have you already dragged out for?"

Dai Boqi was really afraid that the disciple that he had gotten would run away, and in every few sentences, he would always remind Huang Yueli to acknowledge him as Master.

However, Huang Yueli's answer every single time was always the same, "After Divine Doctor Dai has saved Sovereign Mu and released the restrain on my meridians, then I'll immediately acknowledge you formally..."

She alleged that he must be saved before acknowledging him as Master.

Dai Boqi was treated with threats and promises and also started to burn with anxiety as he urged his servants to raise the speed of the flying ship to the maximum as they drove towards Blue Profound Sect's direction.

....

The current atmosphere in Levitation Sword Palace was so quiet that it was frightening.

Cang Po Hun stood outside Li Moying's bedroom entrance as he suppressed his voice, "Big Brother, now Sovereign's exact situation....."

Cang Po Jun's expression was extremely gloomy as he clenched his teeth tightly and after some time, he finally spoke out hoarsely, "Sovereign had been unconscious since yesterday afternoon until earlier, and when he woke up, he spat out several mouthful of blood and wasn't even able to take any medication, only kept asking me relentless if we had already found Grandmaster Huang..."

Cang Po Hun's eyes turned red as he asked anxiously, "Sovereign doesn't even care about his own life, only remembering Grandmaster Huang! What should we do, earlier the last deadline which Divine Doctor Liu gave, was just seven days! Sovereign still doesn't allow us to go look for Divine Doctor Liu! Big Brother, can't you just deceive Sovereign, saying that... Grandmaster Huang has already been found?"

Cang Po Jun swept a glance at him, "Did you really think that I have never considered that? But is Sovereign someone so easily deceived? If he doesn't see her with his own eyes, do you think he will believe in my words?"

"This... what should we do? Don't tell me that we can only watch Sovereign....." Cang Po Hun's voice quivered, "Liu Buyan is really not a thing! In the past I always thought that he was a good person, even if he severed ties with Sovereign, I even sympathised with him, but this time round... if he dares to appear in Blue Profound Sect again, I will definitely cut him up into a thousand pieces!"

Cang Po Jun's glare deepened, "This sentence of yours, you'd better leave it inside your tummy for now, I've already asked Po Yu to head to the Alchemist Guild to look for Divine Doctor Liu, hope that he is able to convince him to come treat Sovereign..."

...

Soaring Heavens Continent's Alchemist branch Guild.

"Divine Doctor Liu, someone is here from Blue Profound Sect, asking to meet you."

Hearing the attendant reporting this, Liu Buyan's tensed body finally jerked, "Who's that who has come?"

"He's.... Levitation Sword Palace's Guardian Yu."

Liu Buyan frowned, "Why? He's the only one who came?"

"Yes!"

Hearing that, Liu Buyan clenched his fist tightly.

### **Chapter 2023: Huang Yueli returns (2)**

He had already waited at the Alchemist Guild for seven days and he originally thought that under the pressure of his life hanging by a thin thread, Li Moying would definitely not be able to take the pressure and had no choice but to admit defeat to him.

But the truth was, he waited day after day but Li Moying didn't appear eventually, neither did he send anyone from Blue Profound Sect over to look for him.

Initially, Li Moying was still thinking that if Li Moying headed over to beg him, he was thinking of different ways to make things difficult for him and to coerce him to make a vow that he would never ever harass Huang Yueli forever.

But as time pushed forward, his heart started to wrench more and more, and he couldn't be bothered about anything else. Instead, he began to become more worried about Li Moying's condition...

He knew about Li Moying's strong character and that he would absolutely not bow his head to anyone easily but he was already on his deathbed so would he really refuse to bow down? If he really died because of this...

Liu Buyan couldn't sit still and was considering if he should head over personally to Blue Profound Sect to take a look, but then again, he was unable to pull his face down.

Just as this moment, hearing that someone from Blue Profound Sect seeking to meet him, he assumed that Li Moying had finally admitted defeat! In the end, it was only Cang Po Yu who came over...

This man... did he really care so much about that young lass, refusing to let go even till his death? Then where did he place the past-life Huang Yueli in his heart?

"Not meeting! Ask Guardian Yu to return!" Liu Buyan ground his teeth as he squeezed these few words out.

"But.... but...." The attendant was hemming and hawing outside the door.

Before he could finish his words, the door was pushed open and Cang Po Yu walked in with a few big strides, as he cupped his fists in greeting towards Liu Buyan.

"Divine Doctor Liu, I'm really sorry for intruding abruptly but you should know that our Sovereign is already.... is already on the brink of death and this cannot be delayed further! I beseech you to make a trip to Blue Profound Sect and no matter what kind of compensation you require, Our Sect will try our utmost best to utilise all that we have, to attain all your requests!"

Liu Buyan gave a cold hump as he swept a glance at him, "Why? Did Li Moying send you here?"

Cang Po Yu's gaze sparkled for a moment but the expression on his face remained unchanged, "Yes!"

Liu Buyan's brows rose as he asked, "In this case, my condition.... Has your Sovereign agreed to it?"

Cang Po Yu's heart jolted!

Liu Buyan's condition was for Li Moying to give up on Huang Yueli, and also to promise that he would never get in contact with Huang Yueli. This kind of condition was something that their Sovereign would rather die than to agree to it.

But Cang Po Yu came today was originally done without Li Moying's knowledge as he had already set his mind to risk any costs to deceive Liu Buyan back to treat the Sovereign.....

Cang Po Yu silently clenched his teeth, "... That's right! Everything shall be according to Divine Doctor Liu's wishes!"

When he said that, the back of his shirt was already drenched in cold sweat. Heaven knew that if Li Moying found out that he had said such words to Liu Buyan, how would he be dealt with?

But now, there was no other way!

Liu Buyan heard his words as he kept silent without saying a single word, as though considering the truth of his words.

After some time, he suddenly stood up, "On account of the past relationship that I had with your Sovereign, as long as he promises my condition, I will naturally not leave him to die so I'll make this trip with you!"

Cang Po Yu was overjoyed as he hurriedly said, "Many thanks Divine Doctor Dai!"

...

Cang Po Yu led Liu Buyan as they hurried back to Levitation Sword Palace.

Liu Buyan entered Li Moying's bedroom and Cang Po Yu turned back to take a look at Cang Po Jun as he whispered, "How is it? Has everything been arranged properly?"

Cang Po Jun took a look at the bedroom, "Should..."

### **Chapter 2024: Huang Yueli returns (3)**

His words had just ended when he heard a violent spur of coughing coming from the bedroom, followed by Li Moying's hoarse and weak voice.

"It's you... you... scram... get out! Don't even think.... think that I will agree..."

The Three Guardians exchanged glances at one another as their expressions changed abruptly!

Cang Po Yu asked in shock, "Haven't you arranged everything already? Why did Sovereign suddenly awaken? This time round... what shall we do?"

Cang Po Hun's eyes were wide open as he was dumbstruck, "How could this be? I obviously.... saw Sovereign fell asleep earlier!"

As Li Moying just refused to relent, the few Guardians had no choice but to risk being chopped into pieces as they thought of a plan to cheat under cover of a diversion.

As Cang Po Hun and Cang Po Jun tried ways and means to knock Li Moying unconscious with a drug, then made Cang Po Yu go get Liu Buyan over, saying that Li Moying had already promised Liu Buyan's conditions.

In this way, under the circumstances that both parties were unable to confront each other, if Liu Buyan had any single ounce of conscience left, he might just be hooked and will administer treatment for Li Moying.

In the end, whoever knew that Liu Buyan was indeed deceived but Li Moying suddenly woke up!

In this case, weren't things going to be exposed right on the spot?

Moreover, today was the last of the seven days and if Liu Buyan just left in anger like that, then wouldn't Li Moying have lost his last hope of treatment? Could they watch Li Moying die with their eyes wide open?

Cang Po Jun didn't dare to think so much as he said, "Saying all these are useless now, let's go in and take a look quickly!"

The Three Guardians entered the bedroom hastily and saw Li Moying half leaning against the bedhead, as his face was as white as sheet with traces of blood on the edges of his lips. His long lashes left a dark shadow below his eyes, making him look terribly frail.

But when he opened his eyes, the frigid cold and deep eerier gaze was no different from in the past.

Li Moying's vision swept past the Three Guardians and that stern vision made Cang Po Jun and the others shivered with coldness in their hearts. All of them realised that at the first instance, their plan had been seen through by their Sovereign!

Even though they knew that this matter would be exposed sooner or later, but on thinking that Li Moying was on the brink of death but still had such unwavering determination and such clear minded senses, it simply made their hearts filled with terror.

Cang Po Jun braced himself as he headed upwards to advice, "Sov... Sovereign, since... Divine Doctor Liu is already here, you might... might as well let him have a look..."

Li Moying didn't bother looking at him as he shifted his gaze towards Liu Buyan while opening his mouth to ask, "... Where is Li'er?"

Liu Buyan's right hand clenched tightly as the gold needles at the tip of his fingers poked right into his palm but he totally did not detect anything.

"You just... just like her so much? Even though you're about to die, you still refused to budge?"

Actually, Liu Buyan had long known that Cang Po Yu was lying to him.

But it was until Li Moying's last deadline to his death when he suddenly recalled the times when he risked life and death with the then Mu Chengying.

There was once, when they were brothers who left their lives in each other's hands...

But not knowing since when, had they started to take a step towards today's situation.....

Liu Buyan knew that, no matter if Li Moying was alive or dead, he was destined to carry the regrets for his entire life.....

In the end, he still came because he assumed that he would see the unconscious Li Moying and in this way, it would be considered as he had a stage to step down on. In future he could say that he was being deceived by Cang Po Yu but standing on the point of morality, he could coerce Li Moying to give up.

Whoever knew that, Li Moying had to awaken at such a time...

#### **Chapter 2025: Huang Yueli returns (4)**

This man was so proud and until this step, he couldn't even be bothered to act a little.

Liu Buyan saw Li Moying's pale handsome face and that extremely familiar black eyes as he couldn't say out the feelings he had in his heart.

Li Moying's Profound Energy fluctuations in his body started to become jumbled up again.

The Three Guardians noticed this and their expression changed abruptly, as they all knelt down in unison.

"Sovereign, you... don't be overly anxious.... Your condition is important..."

"Sovereign, as long as the mountain in green, there will still be firewood and there is still hope in life so why must you do this? Just let Divine Doctor Liu treat you!"

"Sovereign, there are thousands of disciples in Blue Profound Sect who rely on you, you must take good care!"

Cang Po Jun and the others were extremely anxious as all of them spoke out with sincerity, making one emotionally moved.

However, Li Moying seemed as though he didn't heard what they said as his gaze was fixed onto Liu Buyan, "Wh... Where is Li'er? Ret... Return her to me! She's...mine!"

Liu Buyan's hands were clenched tightly as he took a deep breath and struck out a fist towards Li Moying.

"Divine Doctor Liu! Quickly stop!"

"Sovereign, please be careful!"

The crowd shouted and shrieked as Li Moying's fist wind missed, just brushing past Li Moying's ear as it landed heavily on the bedhead.

The chinaware on the drawer next to the bed was affected by the strong Profound Energy and started to fall down as it splattered onto the ground into bits.

Li Moying's face was turning paler by the second and a trickle of blood started to seep out from the corner of his lips, apparently his injury had worsened.

But his gaze remained cold and resolute, without any trace of wavering.

Liu Buyan clenched his teeth so hard that he tasted blood, "You really.... really don't want to live any longer, is that so? Acting in such a sincere and passionate way, who are you acting to show? You really wish to die for Bai Ruoli! Then how about Huang Yueli? Do you still remember that peerless and glamorous Mythical Flame Palace's Young Palace Lord?"

Li Moying didn't say a word.

But the Three Great Guardians beside him, all flushed a stiff expression.

Cang Po Hun blinked as though he seemed to have understood something as he spoke out, "Divine Doctor Liu, have you misunderstood something? Grandmaster Huang she..."

"Shut up!" Li Moying barked sharply interrupting him but immediately following that, he started to cough furiously as he couldn't catch his breath.

Liu Buyan seemed to have sensed something as he turned his head around to look at Cang Po Hun and asked relentlessly, "You mentioned Grandmaster Huang? What happened to Huang Yueli?"

"I..."

Cang Po Hun was swept by a frigid cold glance from Li Moying as the words which were at his throat were stuffed right back.

"Quickly speak, as long as you speak, I will treat your Sovereign's illness!" Liu Buyan sensed that this matter was extremely important as he didn't hesitate to cast out the most important chip.

Cang Po Hun clenched his teeth hard, and momentarily, he didn't know what to choose.

Cang Po Jun and Cang Po Yu exchanged glances as they were also softened up.

Just at this moment, a fluster of shuffling footsteps was heard coming from the corridor.

Li Moying's brows creased and was just about to flare up when his room door was pushed open with a loud "bang".

"Moying, Moying! How are you now! What exactly are you now!"

A young lady's crisp voice rang, with hints of crying tone as though she was about to choke.

Everyone present had their eyes opened wide as they didn't dared to believe what they heard.

A slender and dainty figure pounced towards Li Moying's bedside ferociously and without saying anything, she hugged him tightly.

"Li... Li'er?"

Li Moying was originally frail and after being crushed on the chest by her in such a hard impact, he almost threw up blood once again.

### **Chapter 2026: Huang Yueli returns (5)**

But when he saw the appearance of the young lady in front of his eyes, a huge wave of joyous shock overwhelmed him entirely.

Li Moying didn't dare to move as he allowed Huang Yueli to press down on him entirely, not even batting an eyelid.

He was really afraid, afraid that this was just a dream and would only need a blink of an eye before the image in front of him disappeared. The young lass whom he had been thinking about constantly would henceforth disappear.

Huang Yueli's body kept on shaking as she buried her head inside Li Moying's arms, hugging him around the waist tightly and it was until she felt the man's warmth underneath her before she sensed a little bit of actuality.

Heaven knew that while she was on the way here on the flying ship, just how scared and anxious she was.

She simply could not imagine that if she was hurrying on her way to Blue Profound Sect and all she saw was Li Moying's icy cold corpse, what should she do? Just based on the scenario, it was already enough to make her die of heartache!

Luckily, she managed to reach in time!

Cang Po Jun and the others were all stunned and by the time they regained their senses, the trio showed an overjoyed expression on their faces!

No one had expected that Huang Yueli would actually return at such a timely crucial moment!

Cang Po Jun hurriedly coughed, "Cough cough, Grandmaster Huang, you're pressing onto Sovereign's chest and his internal injury is very serious, this..."

When Huang Yueli heard that, she immediately realised that as she hurriedly tried to get off Li Moying.

However, Li Moying clasped on to her waist tightly, as he kissed her fiercely on her pink lips.

Huang Yueli was worried about his injuries and didn't dare to move around so she obediently allowed him to kiss her.

It was an icy cold kiss as there was practically no warmth on Li Moying's lips at all.

Furthermore, he had merely kissed for a few moments when his breathing grew weaker and weaker and his head skewed sideways, the grip on his hand loosening as he lost consciousness once again.

Huang Yueli was so terrified that she jumped up, "Moying, Moying! You you you... don't you scare me! Quickly wake up!"

Huang Yueli blinked her sparkly eyes and her eyes were totally wet.

She had been terrified on the entire journey here and until this moment when she finally saw Li Moying in person, she discovered that he was so frail so she finally could not endure it any longer as she almost cried out.

She grabbed onto Li Moying's lapel, trying to shake him up.

Cang Po Jun's eyes and movements were swift as he hurriedly up to stop her, "Grandmaster Huang, you... don't be overly anxious, Sovereign should not be moved about casually! It's better... better to seek Divine Doctor Liu to impose treatment for Sovereign!"

Huang Yueil then suddenly regained her senses as she started to get a little frustrated at the same time.

She had forgotten about the most important thing and delayed Li Moying's condition!

She had always been a rational person and no matter what kind of danger she had met with, she was always able to think through it in a calm and collected manner to find the best method to resolve it. But facing Li Moying, she found it hard to calm down...

Huang Yueli turned around and met with Liu Buyan's gaze.

Looking at Liu Buyan's silent countenance, a gust of fury shot right up her head.

"LIU BU YAN! You... you actually made me take this kind of medication, using such underhanded methods to deceive me! You... I really thought of you wrongly! If something untoward happens to Moying, I will absolutely not let you off!"

She was shaking as she said that, her eyes fixed on Liu Buyan.

Although she had never loved Liu Buyan, but she had always treated him as a friend who could be trusted.

But this time round, Liu Buyan used such a vile method to scheme against her.

Causing Li Moying's life to be hanging by a thread...

### **Chapter 2027: No more chance (1)**

Liu Buyan watched attentively at her gaze which was consumed with fury and hatred and his heart suddenly felt a piercing pain as he couldn't help but retreated backwards, all the way until his back bumped into the cabinet before he finally stopped.

This was the first time that Huang Yueli fixed such an icy cold gaze onto himself.

There was once, when he assumed that he was able to accept everything that would happen, Huang Yueli's hatred towards him.

But when it really happened, he then realised that he himself, really.... wasn't able to take it.

At this very moment, his heart was filled with unspeakable agony.

From the moment he laid his hand on her, he knew that what he had obtained was a façade and everything would be lost sooner or later but he had totally not expected that this day would descend faster than he had expected!

“Ruo... Ruoli, how did you... suddenly.... recover your memories?” He asked in a soft voice.

Liu Buyan self assumed that he had already made Huang Yueli drink so much medicinal soup for so many consecutive days and the medicinal effects had basically stabilized so even after he left, even if Huang Yueli didn't take the medication on time, she wouldn't resume her memories so quickly.

Unless.... She took the antidote?

But that kind of poison which he laid on Huang Yueli, was something which ordinary Pill Masters weren't able to cure, because it was their master's Fomalhaut's esoteric lore...

However, Huang Yueli totally didn't answer his question, only sneering, “Why? Very surprised? From the moment that you did such a thing, you should already know that the truth would be exposed one fine day! What are you still doing here for? While I can still top myself from stabbing you to death, scram!”

To tell the truth, looking at Li Moying's current state, Huang Yueli really felt like stabbing Liu Buyan to death directly!

She had never seen Li Moying in such a frail state before.

Even if it was in their past life when they went through experience learning, she would somehow had a feeling that this man whom she liked would not fall easily and he would be able to overcome all the difficulties.

Only this time round..... when she felt Li Moying's icy cold lips, her inner heart's terror instantly rose.

If she was slightly later, just slightly later....

Li Moying would have really died!

Just thinking about this point alone, how was she able to maintain her composure.

Luckily, she still had a little bit of rationality left and knowing that the current situation was pressing, the current issue was to help Li Moying treat his illness and not to teach Liu Buyan a lesson. Otherwise she might not be able to restrain herself from the urge to kill someone!

When Cang Po Jun heard Huang Yueli chasing Liu Buyan away, his expression changed and he quickly leaned close, “Grandmaster Huang, please don't be rash. Now is not the time to chase Divine Doctor Liu away, Sovereign's illness still requires him...”

Hearing Cang Po Jun's words, Liu Buyan's deadly still eyes suddenly lit up with a glow.

“Ruoli, you... don't chase me away! I can... can... treat Li Moying's illness!”

The last few words were practically squeezed out from the slit of his teeth.

For him to really say such words, it was simply too arduous.

He had planned for such a long time and every single day, he seemed to be walking on the tip of the words, suffering the pain from his inner heart but until the very end, he didn't gain anything at all.

No, it wasn't that he didn't gain anything at all. All he had obtained was people rebelling against him while his friends all deserted him.....

He only obtained the hatred gaze from the woman whom he liked, and the begrudging gaze which came from his brother whom he had once risked life and death with.

Liu Buyan couldn't help but turn chilly as he seemed as though he couldn't suffer such a blow. But he still coerced himself to stabilise his body as he slowly walked towards Huang Yueli's side and spoke out softly, "I'm very sorry, let me..... atone for my crime!"

### **Chapter 2028: No more chance (2)**

Huang Yueli turned her head around and looked at him coldly, "Why? Still feel that you've not harmed Moying enough? Did you think that I will still let you have any chance to do something to him?"

"I'm not... I...." Liu Buyan was unable to give a convincing explanation for self-defence as he felt extreme pain in his heart.

He had once said that he couldn't wait for Li Moying to die, and he also had grudges against him for snatching his beloved woman away from him so many times.

But in the inner depths of his heart, he had never thought about harming Li Moying, nor had he really done anything towards him.

Even if it was the last time when they had a huge fight in Levitation Sword Palace, Li Moying was so heavily injured that he seemed to be on impending death but that was merely a phony picture which everyone saw.

At that moment, Li Moying struck out only deadly moves towards him and the both of them were truly fighting with their real power so no one had really gone soft on each other so Liu Buyan had really suffered heavy injuries as well.

But it was because Li Moying originally had a weak and failing primordial soul whereas Liu Buyan had prepared many ninth level lifesaving pills which then caused the difference between the duo's circumstances.

But all these, he probably had no more chance to explain to Huang Yueli ever again.

Liu Buyan was very clear that in this young lady's heart, he had no way to turn himself around ever again, forever.... Retaining the image of a despicable and shameless villain.....

Liu Buyan closed his eyes as he tried to suppress the heart shattering feelings and by the time he reopened his eyes, the usual calm and collected look had already resurfaced back on his eyes as the tone of his eyes seemed to have stabilised as well.

"Ruoli, no matter what you think of me, the truth is I'm the only one who can save Li Moying now. I swear that I will not do those harmful things to him again so let me take a look at his situation. I believe that you should also know that his condition cannot be dragged on any further!"

Huang Yueli replied coldly, "I've already said that I don't need your hypocrisy!"

"But, Ruoli..." Liu Buyan took a step forward as he continued to persuade her.

Just at this moment, a series of knocking sounds was heard.

The female attendant outside the door said, "Sovereign, Guardians, a Pill Master by the name of Dai wishes to meet Sovereign..."

Huang Yueli's eyes lit up as she hurriedly replied, "Quick, invite Divine Doctor Dai in immediately!"

The room door opened and Dai Boqi's figure appeared at the entrance.

On seeing Huang Yueli, he immediately frowned as he spoke out unhappily, "I say, disciple, why did you run so quickly! This old man had merely gone to stop the flying ship and you've already disappeared without a trace. Luckily I know that you've come to Levitation Sword Palace to look for Sovereign Mu, otherwise where should I go look for you?"

Before Huang Yueli could even say a word, when Liu Buyan saw Dai Boqi, he immediately voiced out in surprise, "Mas... Master, why have an elderly man like you.... leave the Alchemist Guild Headquarters?"

Dai Boqi then noticed him at this moment as he asked in surprise, "Hmm? Yan'er, why are you here too? You're here to help Sovereign Mu to do a consultation? Just nice, quick quick quick, help this old man cure that scum's illness! Otherwise, there'd be no cure for your Junior Sister!"

Liu Buyan's expression was totally lost as he looked blankly at Dai Boqi, "What? What Junior Sister? And, who's the scum?"

Dai Boqi stared angrily at him and said, "Why have you turned so silly in just over a month? Your Junior Sister, isn't she your fiancée? This old man has already taken her in as a disciple so in future, you're both Senior Brother and Junior Sister, and are also husband and wife, which is a match made in heaven, made for each other....."

Everyone present who heard that, had all gone dazed from what he said.

Hearing Dai Boqi say out such things, everyone was dumbstruck.

### **Chapter 2029: No more chance (3)**

Li Moying's gaze instantly became icy cold.

"Old Man, what are you saying?? You say... cough cough, you say my woman.... Is.... cough cough..."

Li Moying's state was originally frail and the moment he opened his mouth, the turbulent gush around his chest couldn't help rushing up but he could still cast his furious gaze towards Dai Boqi, as there was a faint murderous intent beneath his eyes!

He was not even dead and someone dared to say... that his Li'er was Liu Buyan's woman? And even said a match made in heaven??

When Huang Yueli heard that, she knew that the development wasn't going right and she was deeply worried that Liu Buyan would anger Dai Boqi so she hurriedly covered Li Moying's mouth.

At the same time, she turned around and laughed dryly, "Cough cough, this.... Divine Doctor Dai, I think I haven't acknowledged you as Master yet....."

When Dai Boqi heard that, he instantly became unhappy, "What do you mean? This old man has followed you to travel so far away, all the way until Blue Profound Sect and now you're going to regret your decision? Other than this old man, who else can you acknowledge as Master?"

"No, no, I don't mean it in that way..." Huang Yueli hastily explained, "We have agreed previously that you will first treat Sovereign Mu and after he has recovered, then I will acknowledge you as Master, without any regrets!"

Dai Boqi then gave a harrumph, "Alright then, where is Sovereign Mu? Why haven't I seen him around? Moreover, Yan'er is right here, could it be that even Yan'er isn't able to treat his ailments?"

Huang Yueli didn't mentioned Liu Buyan at all, only pointing towards Li Moying's direction and said, "Divine Doctor Dai, this is Blue Profound Sect's Sovereign Mu."

"What did you say??" Dai Boqi's eyes opened wide, "Do you treat this old man as blind? Before this old man had gone into closed door cultivation many years ago, I have also once met Mu Chengying himself. Although several decades had already gone past but that gentlemanly young lass would probably have changed as he grew up, but he couldn't possibly undergo such a huge change! He is obviously not the same person!"

Huang Yueli had already long expected that he would have misgivings about this but due to the tight timeline, she wasn't able to explain in detail, merely giving a brief explanation.

"Divine Doctor Dai, to tell the truth, just over a decade ago, Sovereign Mu had undergone an accident and had already died but later he reincarnated and now he had just resumed his identity after reincarnation and returned to Blue Profound Sect. Only thing was no one knew what happened during his reincarnation, he had innate Soul Detachment Illness and the situation is becoming more and more serious recently, already on the brink of death."

When Dai Boqi heard that, his brows creased tightly.

"What? You mean to say... could it be that this is Mu Chengying's reincarnated form? But, this.. how could this be possible? Sovereign Mu had really managed to master the <<Principle of Reincarnation>>?"

Everyone knew that one they underwent reincarnation, all previous memories in their past lives would be completely forgotten.

There was an old tale that if one managed to master the ancient <<Principle of Reincarnation>>, then one would be able to retain their memories when they reincarnate.

Alas, this cabala was extremely crooked and there were various unpredictable backlashes which might occur. Because of that, there were few who were able to master this during the ancient times and in the past ten thousand years, the skill was even rumoured to have been lost.

Hearing Mu Chengying's reincarnation story, Dai Boqi's first reaction was that he had mastered the <<Principle of Reincarnation>>.

Huang Yueli hesitated, "About this... it might not be so. Anyway Moying's primordial spirit is already disorganised and on the verge of collapse so will Divine Doctor Dai please try to find a way to treat him! As long as you're able to cure him, I am willing to do whatever you want me to do!"

When Huang Yueli said these, her hands were placed on Li Moying's mouth, in case he butted in casually.

Li Moying had no reaction right from the start but when he heard this, he struggled and tried to open his mouth.

#### **Chapter 2030: No more chance (4)**

Huang Yueli hastily leaned next to his ear as she whispered, "I tried so hard to cheat Divine Doctor Dai to cure you, no matter what he said, you're not allowed to rebuke and just allow him to cure you, can you do that?"

Li Moying's half opened peach blossomed eyes took a deep look at her.

Huang Yueli knew that he was feeling unreconciled because he didn't like Dai Boqi to loop her together with Liu Buyan as a pair.

She thought about it and loosened her tone, "Please, can you don't scare me? I've finally returned and if you really... if something untoward really happened to you, what do you want me to do?"

Huang Yueli initially only wanted to throw a tantrum to express her weakness, to make Li Moying listen to her but after she really said it out, she thought about how worried and scared she was during this period of time, her eyes turned red and her tears almost spilled out of eyes uncontrollably.

Li Moying saw her rabbit red eyes and instantly his heart melted into a puddle of water.

He tried his best to lift up that frail and lethargic hand as he gently pressed against Huang Yueli's waist as he spoke out softly, "Don't... don't cry, I... I will listen....to you...."

Huang Yueli then wiped her tears and took a few steps back, giving up the position next to Li Moying to Dai Boqi.

Dai Boqi looked a little puzzledly towards Huang Yueli, not totally clear on what had happened.

But thinking that as long as he was able to cure Li Moying, he would then take in a genius disciple who was deemed to become a ninth ranked Pill Master, he no longer hesitated as he sat beside Li Moying and took his pulse.

Huang Yueli and the Three Guardians kept their eyes on Dai Boqi attentively, waiting to hear the results of his consultation.

However, Dai Boqi's brows were creased and after one hour of detailed consultation, he released Li Moying's hand but didn't open his mouth to say a single word, but grabbed Li Moying's other wrist.

This time round, his expression turned graver.

Huang Yueli and the others were so anxious that they didn't dare to breathe loudly.

Suddenly Dai Boqi opened his mouth, "There are so many of you here, and all of your cultivations are powerful ninth stage realm top exponents. Your soul traces and Profound Energy fluctuations are too strong hence affecting this old man's diagnosis, can all of you go out first!"

Huang Yueli and the others all responded hastily and started walking outwards.

Liu Buyan had been hiding by the side of the door, peeking sneakily while Huang Yueli couldn't be bothered about him.

At this very moment, he took a few steps forward and spoke to Dai Boqi, "Master, before you came, this disciple had already done some diagnosis towards Li Moying's condition..."

Before he could finish his words, Huang Yueli gave him a fierce stare, "Why haven't you scrambled yet?"

Liu Buyan's voice stopped abruptly as his profound gaze landed onto Huang Yueli and he spoke out softly, "I know that you hate me, but... Li Moying's condition is complex and way out of your imagination. Even for me, I had researched for many years before I had some findings, moreover I cannot guarantee absolute recovery. My Master has just diagnosed for such a short time, how could he possibly cure him? You also don't wish to delay his illness right?"

Huang Yueli clenched her teeth tightly as she was crying out sullenly in her heart!

But as the matter concerned Li Moying's life, she had no choice but to be cautious as she made a compromise.

Dai Boqi was fully concentrated on taking Li Moying's pulse and had not heard their whisperings.

At this very moment, he urged impatiently, "Yan'er, earlier you mentioned that you have some ideas? Still not hurrying over to do the consultation along with This Master? Sovereign Mu's illness is indeed strange and This old man doesn't know where to start from."
