

Weaponsmith 2051

Chapter 2051: Number One Armament Master's social status (1)

Huang Yueli nodded her head consecutively, "Alright, we'll then agree on this! No one is allowed to regret this!"

Li Moying too nodded his head, "Alright!"

Although he said that, his eyes were still filled with a layer of frost and it was until Huang Yueli pushed him aside and sat opposite him before he concealed the coldness in his eyes, as he too, sat down.

The view of the VIP room was spectacular, and looking downwards, they were able to see the entire scenario of the whole auction without missing anything.

At the very moment, a stunning beauty had already stood in the middle of the auction stage.

She smiled faintly, "Distinguished guests, welcome to Soaring Heavens Merchant Guild's annual auction. As everyone knows, today is the grandest auction which the Soaring Heavens Merchant Guild has held in the whole year, and numerous treasures will be making their appearance today. Those who had looked through the product catalogue will be very clear on the value of this year's auction, is definitely second to none in the past ten years!"

"Will all distinguished guests prepare yourselves, that if you see any treasures which you are interested in, please make a timely bid otherwise it will be too late for regrets after you've missed it."

"Now, the auction will officially start!!"

"The opening item has already been moved onto the stage, everyone do make a guess on what it is?"

Huang Yuei sat by the window as she was holding onto a piece of porcelain chinaware teacup in her hand, sipping on the tea while looking distractedly at the auction below.

On the auction stage, was a thick piece of red cloth, covering a rectangular box.

In order to light up the guests' passion, the first item to be auctioned in each auction were extremely high valued items, and in order to preserve the mystery, it would not appear in the product catalogue so as to give the guests a feeling of surprise.

So the minute the emcee said that, the place below broke out into a bustle, as many people guessed what treasure was this auction item.

Even Luo Jiyun asked curiously, "This... what's the item below the curtain?"

Cang Po Jun explained in a soft voice, "The opening auction item would normally be something extraordinary and judging from the size of the box, it would probably be some kind of Profound Armament but we don't know what...."

He was in the middle of saying that when he suddenly paused, giving of a cry of surprise, "Heavens! That's..."

Not only Cang Po Jun, even the practitioners below also gave off rising and falling cries of surprise.

Even Huang Yueli and Li Moying also revealed hints of astonishment on their faces.

The beautiful emcee pulled open the curtain and opened the box, taking out a long sword which was entirely in fire red.

This long sword was a serpent sword and its entire blade was curvy like a snake. The body of the sword gave off a strong fire attributed vibration, as vaporizing fire attributed energy formed into red mist, shrouding around the surrounding of the sword blade.

Anyone who saw it knew that this sword was something extraordinary.

Whereas for those sharp eyed people, they even saw a small silver crest on the sword hilt, "Flying phoenix's mark.... This is... one of the masterpieces which Grandmaster Huang had left behind back then!"

The beautiful emcee smiled slightly as she spoke out, "Everyone saw this, this Ardent Cloud Sword is a ninth tier lower grade peerless Profound God Weapon which the ninth ranked Armament Grandmaster Huang Yueli had personally refined that year! The effects of Grandmaster Huang's masterpiece, I'm sure you don't need this lady to explain further."

"Although it's said that this Ardent Cloud Sword is only considered as a third rate standard among Grandmaster Huang's masterpieces,, but ever since Grandmaster Huang had passed on, all the ninth tiered Profound Armaments left in this world are practically owned by someone and the number which are brought out for auction are very few. If you miss this village, there would be no such shop again!"

Chapter 2052: Number One Armament Master's social status (2)

"The ninth tier lower grade Ardent Cloud Sword casted by Grandmaster Huang, starting price: One hundred million high grade spirit jades!"

"Will everyone please place your bids!"

The beautiful emcee had just ended her sentence when a bid rang.

"One hundred and ten million!"

"One hundred and twenty million!"

"One hundred and fifty million!"

"Two hundred million!"

In a blink of an eye, the price of the Ardent Cloud Sword had already reached four hundred million high grade spirit jades.

Everyone were fighting to bid, deeply worried that if they weren't able to make it in time, the Ardent Cloud Sword would be bided by someone else.

Luo Jiyun heard the continuously cries of bidding below as he was dumbstruck, "Heavens, in a blink of an eye, this sword had already folded four times! Four hundred million high grade spirit jades! One lower grade spirit jade is a thousand pieces of high grade spirit stones and one medium grade spirit jade is equivalent to one thousand pieces of lower grade spirit jades whereas one piece of high grade spirit jade

is worth one thousand pieces of medium grade spirit jades! Heavens, this... just how much money is this? I've already lost count!"

Cang Po Jun had finally resumed his composure after the initial shock and smiled, "Young Master Luo, this is something that you are not aware of. The ninth tier Profound Weapon which Grandmaster Huang personally refined, had always been sold for hundred millions of high grade spirit jades. Moreover, this is from sixteen year ago... so scarce goods are always most valuable. Grandmaster Huang's works would soar every year. Four hundred million is probably not the limit yet!"

Luo Jiyun's face was completely stupefied when he heard that, "Heavens.... So it's so easy for Armament Masters to earn money! Too bad, this sword isn't something which Lil Sister-in-law took out for auction, and we don't know who the seller is? Aiya, I somehow feel that we've lost a lot of money!"

When Huang Yueli heard that, she casted a side glance at him as she laughed, "Alright, stop putting on an inexperienced look. It's merely a few hundred millions of high grade spirit jades! This Ardent Cloud Sword is one of my failed works when I had just ascended to ninth ranked Armament Master back then, moreover..."

Huang Yueli suddenly paused as her expression seemed as though she was in deep thoughts.

"Moreover what?" Luo Jiyun asked curiously.

Huang Yueli shook her head as she changed topics, "After I regain my ninth stage realm, I will make one for you!"

"Rea... Really?" Luo Jiyun had this surprise gift and was so excited that he almost fainted, "Is this for real? Lil Sister-in-law, I... I love you to bits!"

Luo Jiyun excitedly pounced over and wanted to hold Huang Yueli's hand as gratitude.

In the end, in the middle of it, Li Moying flicked his sleeve and a burst of Profound Energy flew out, blocking Luo Jiyun off.

Luo Jiyun cried out "aiyo" and almost fell flat onto the ground.

Huang Yueli blinked and she looked at the man next to her, not knowing if she should laugh or cry, "You... I say, why are you jealous of Junior Brother Luo, he merely wanted to thank me! You even used Profound Energy, do you even know that you're a patient? Do you feel unwell anywhere?"

She raised her fair white face, looking attentively at Li Moying, while her little hand was placed on his chest.

Luo Jiyun finally managed to steady himself and when he turned back, he really wanted to cry with no tears.

"Do you need to be like this? I'm the one who was obviously beaten up but why isn't there anyone who is concerned if I'm feeling well or not?"

Cang Po Hun burst out laughing, "You dare to touch Grandmaster Huang, be grateful that Sovereign didn't send you flying which is already showing you mercy. Don't stand there in a blank and come over to take a look quickly! The Ardent Cloud Sword has already reached a bid of five hundred million!"

Luo Jiyun hurriedly returned to sit in front of the window.

“Five hundred million! The Ardent Cloud Sword’s price is now at five hundred million high grade spirit jades! Are there any higher bids?”

After the pricing had reached five hundred million, the entire place fell into a short moment of silence.

Chapter 2053: Number One Armament Master’s social status (3)

This pricing, to small powerhouses, was definitely something which they were unable to afford.

To medium powerhouses, it was also a huge expense and even if they were able to bid for it successfully, the cost-performance ratio wouldn’t be too high as well.

But to genuine first rate powerhouses in Sky Emperor City, this pricing was just a beginning.

“Five hundred million high grade spirit jades! Is there really no one who will continue to bid? The ninth tier Profound Weapon which Grandmaster Huang left when she was still alive, this is an extremely rare treasure which will be bided for! Currently in Soaring Heavens Continent, there are no new ninth ranked Armament Masters yet and everyone who wants a ninth tier Profound Armament would not have too many chances so don’t miss this rare chance just to save a bit of money!”

The beautiful emcee’s eloquence was rather good as she kept encouraging the guests to bid.

Actually, without her saying, everyone knew clearly that Huang Yueli’s works were not just worth this much.

During the short moment of silent...

“Five hundred and fifty million!” An icy cold voice was heard.

The guests below the stage all raised up their heads at the same time, gazing up towards the sky.

Because this time round, the person who bided was seated in the highest level of the VIP cabin, which was to say.... He came from one of the Seven Sacred Lands!

This bid meant that, the auction had already went into the last of the spree and there was no possibility for the other ordinary buyers to partake in it any longer.

As expected, after this bid was raised, there were some other people who continued to raise the bid as well, but every single time, it would be the one who was seated in the VIP cabin to bid in the air.

“Six hundred million!”

“Six hundred and fifty million!”

“Seven hundred million!”

The pricing of the bid went higher and higher and Luo Jiyun was completely dumbstruck, “Hea... Heavens, Lil Sister-in-law, your this.... this Profound Armament of yours is just too valuable! My Eldest Senior Brother has found a rich woman by finding you!”

When Huang Yueli heard that, she giggled as she didn't care about Li Moying's cold intent and raised her hand to caress his face.

"Isn't that so? Your Eldest Senior Brother is so handsome, so he definitely meets the mark to be a gigolo! In future, remember to serve me well!"

"Li'er!" Li Moying gave her a warning stare but Huang Yueli was totally not afraid of him as she even stuck out her tongue.

After the price had been stretched to eight hundred million, the price suddenly stopped again.

"Looks like... this Ardent Cloud Sword's auction is really about to end." Cang Po Jun sighed with emotion.

Cang Po Yu nodded, "That's right, a ninth tier lower grade Profound Weapon's pricing is normally around four to five hundred million spirit jades whereas Grandmaster Huang's work's pricing are usually much higher. But eight hundred million is roughly the limit so if they continue bidding, it would not be worthy then."

The two of them were considered as experts in differentiating treasures so the words they said were logical.

But Cang Po Yu's words had just fallen when a bid was heard coming from the opposite cabin, "Nine hundred million!"

This was a living example of being slapped on the face and Cang Po Yu's expression turned ugly instantly.

Luo Jiyun couldn't help but laughed, "Guardian Yu, Guardian Jun, the both of you have guessed wrongly?"

Cang Po Yu frowned, "This... this isn't logical? Spending nine hundred million to buy a ninth tier lower grade Profound Weapon, this pricing.... Just adding a little more and one will be able to purchase a ninth tier middle grade weapon! Who is the one who's bidding for this?"

Luo Jiyun looked out and took a look, "It's..."

When he opened his mouth, he immediately hushed up again as he looked at Huang Yueli cautiously.

Huang Yueli's expression was calm, "It's my Senior Brother Chi Xiao Jiu who's calling the bid!"

Chapter 2054: Number One Armament Master's social status (4)

Luo Jiyun nodded his head, "Ughh, yes. It's... it's Palace Lord Chi."

Huang Yueli laughed as she conveniently placed the teacup back onto the side table.

"I knew it was him! Other than him, there wouldn't be anyone else who is willing to bid for such a high price! To Mythical Flame Palace, this Ardent Cloud Sword's pricing is extraordinary because the other people do not know the secret inside."

Everyone was stunned and even Li Moying rose his brows and asked, "Oh? What do you mean by this?"

Huang Yueli said, "That year when I was still in Mythical Flame Palace, I've once refined a set of Profound Armour suit which were using the exact same materials as this Ardent Cloud Sword hence if

that set of Profound Armour could be coordinated with the Ardent Cloud Sword, with the combination of attack and defence, the prowess will definitely increase in folds! To them, Ardent Cloud Sword's pricing is not merely just a ninth tier lower grade Profound Weapon!"

When Luo Jiyun heard that, his face was filled with irreconciliation, "What? Lil Sister-in-law, you actually still left so many Profound Weapons back in Mythical Flame Palace! You've really left these scums a good deal! How do they even have the cheek to use the Profound Armaments that you have refined? Moreover, now it's a complete set!"

Huang Yueli spoke out helplessly, "There's no choice about this. That year I also did not expect that I'd be betrayed by my best friend! Mythical Flame Palace is where my sect is so naturally there would be a number of good stuff left there, but.... I'll get it all back soon or later!"

Speaking of this, a smile was suddenly revealed on her face, "Speaking of this, Chi Xiao Jiu definitely had not expected that this Ardent Cloud Sword had actually been snapped broken thirty over years ago, when I was in a middle of a battle while in experience learning!"

"What? Snapped broken? But the sword below.... Totally like it's totally undamaged?" Cang Po Jun had a shock.

Huang Yueli smiled, "You're not Armament Masters so naturally you'd not be able to tell the knack of this. Actually this sword had later been re-refined by someone else, joining the two parts together. The Armament Master who restored the Ardent Cloud Sword indeed has not too bad skills. After the restoration, it is still able to display ninety percent of that year's power."

Cang Po Jun said, "So it's like this."

Huang Yueli nodded and said, "To ordinary buyers, ninety percent power is more than enough for use. But to this Senior Brother of mine, it wouldn't be that good of a matter. Different materials are needed to be added to proceed with the refining, which is to say that this Ardent Cloud Sword already has impurities and the materials used are no longer the same as the Profound Armour which is kept in Mythical Flame Palace. So it cannot be combined into a set any longer."

As she was saying that, she was rapping the table as her lips curled.

When Luo Jiyun saw her smile, not knowing why, his heart suddenly turned chilly and he couldn't help but shuddered.

Lil Sister-in-law obviously looked pure and pretty when she smiled, but why was it that, he... felt so frightened?

Li Moying turned his head and took a look at her, as a smile flashed past his eyes.

"Since that's the case... what are you still waiting for? Need me to help you bid?"

He abruptly opened his mouth as a mellow and magnetic voice was filled with indulgence and adoration.

Huang Yueli giggled, "No need, I'll do it myself!"

At this point in time, the beautiful emcee on the stage was already counting down, “Nine hundred million! Nine hundred million high grade spirit jades! Are there any higher bids than this? Nine hundred million once! Nine hundred million twice! Nine hundred million th....”

“One billion!”

A crisp and sweet voice suddenly floated in the air.

The entire scenario turned silent, as everyone lifted their heads in shock, looking towards the location where the voice originated from.

Chapter 2055: Number One Armament Master’s social status (5)

By the time they saw the position of the cabin clearly, everyone revealed an enlightened look.

“Oh... so it’s someone from Blue Profound Sect who’s bidding! No wonder they’re the Number One Sacred Lands, they’re so generous when calling out bids! Just one bid and it jacked up to one billion high grade spirit jades!”

“This time, Blue Profound Sect’s guests only has one Young Miss Bai so surely it’s not her who’s calling the big right? She opened her mouth and called out for the heavenly price of one billion to buy a ninth tier lower grade Profound Weapon, won’t you make a huge loss? Young Sect Master Li actually doesn’t control her at all?”

“Control her? Why does he need to control her? The Number One Sacred Lands have vast fortunes so this isn’t really considered as a lot of money right? There has always been an anecdote of using thousand gold to win the beauty’s smile so this isn’t considered as something strange isn’t it?”

“... This Bai Ruoli is just too lucky! What kind of innate talent and social standing does Young Sect Master Li have? He’s actually willing to discard a thousand gold for her?”

Many young ladies were gnashing their teeth secretly as their hearts were filled with jealousy.

...

Whereas in Mythical Flame Palace’s cabin , Chi Xiao Jiu’s face was overcast with dark clouds.

“What the hell? Why did Blue Profound Sect’s people suddenly stick a pole suddenly like this? That Li Moying isn’t of Fire attribute at all, why does he fight over this Ardent Cloud Sword with This Seat for?”

He was originally an extremely handsome looking man as well but unfortunately there was a scar on the right side of his face, which had spoiled his countenance, making him look rather sinister instead.

Ling Qing Yu who was dressed in a light green blouse and wrap skirt who was seated next to him, pondered in deep thoughts.

“I heard that Li Moying’s fiancée is of fire attribute so perhaps that young lass bided for this is for her own use. Speaking of that, Blue Profound Sect is indeed rich, willing to come out with such a high price for a direct disciple... Palace Lord Chi, are you going to continue increasing the bid?”

Chi Xiao Jiu sneered, "Increase! Of course we have to increase! The Ardent Cloud Sword is something that This Seat must obtain! This young lass indeed has guts to dare to snatch the sword with This Seat, too bad... she's destined not to be able to win!"

Saying that, he took a deep breath and called out, "1.1 billion!"

...

When Huang Yueli bided, the beautiful emcee was already shocked beyond words as she was entirely stunned.

She had not expected that she had just regained her senses when she heard Chi Xiao Jiu bidding again.

1.1 billion high grade spirit jades!

Even to the Seven Sacred Lands, this was a rather huge expense!

Using this amount to purchase a ninth tier lower grade Profound Weapon, to tell the truth, it was considered as a heavenly price. Soaring Heavens Merchant Guild auctioned the Ardent Cloud Sword, originally had the intention to sell it off at seven to eight hundred million but now it actually jumped directly to 1.1 billion!

To the beautiful emcee, the percentage which she had obtained had increased by quite a huge bit and this time round, her smile couldn't be concealed.

"1.1 billion! 1.1 billion high grade spirit jades! The guests in Number Seven VIP cabin is indeed driven! May I ask... guests in Number Six VIP cabin, will you still be following?"

To tell the truth, the emcee was just casually asking.

The price had already been raised to this high and if they continued raising it, it would simply be too dumb.

Moreover speaking, Chi Xiao Jiu was the head of the Mythical Flame Palace, one of the Seven Sacred Lands. Li Moying's young fiancée was only Blue Profound Sect's direct disciple, how did she ever have the guts to go up against Palace Lord Chi?

However, the truth was out of everyone's expectations.

When the emcee asked, a melodious sweet voice rang again, "Of course we'll follow! Adding one hundred million at a time is just too slow! Palace Lord Chi is Sky Emperor City's first rate character, why are you so petty! I'll bid.... 1.5 million!"

Chapter 2056: Number One Armament Master's social status (6)

When Huang Yueli said that, the entire auction house broke out into bursts of clamour.

Everyone was shocked by the way she discarded the thousands of gold!

"Is this for real! 1.5 billion?? 1.5 billion high grade spirit jades?? I must have heard wrongly? Am I dreaming? Quick pinch me.... aiyo pain pain pain!"

“Is this Bai Ruoli going on a frenzy? Did she really think that just because Young Sect Master Li dotes on her, she can casually spend as she wishes?”

“What on earth is she thinking about? Spending so much money just to buy a ninth tier lower grade Profound Weapon? She became too proud from the pampering! I think, Young Sect Master Li will definitely be angry!”

Everyone was whispering in each other’s ears as there were various discussions on this.

Even Luo Jiyun looked at Huang Yeuli in astonishment as he felt as though he found it difficult to sit or stand, “Lil... Lil Sister-in-law, you... are you sure? 1, 1, 1... 1.5 billion??”

Huang Yueli swept a disapproving look at him, “What’s the matter? You’re still so young but your ears aren’t working?”

“Impossible, my ears are working very well!” Luo Jiyun subconsciously denied and later realised that Huang Yueli was just teasing him!

He put on a bitter face, “Lil Sister-in-law, please stop fooling me! What medicine are you selling in the gourd of yours? 1.5 billion, you’re even able to come out with this kind of heavenly price. If Palace Lord Chi doesn’t follow, wouldn’t you lose out big time?”

Huang Yueli’s lips curled as she said, “Loss? Don’t worry, I’ll definitely not lose out! On the contrary, no wonder your advancement speed in cultivation is so slow, this comprehension.... You really need to lift the bar!”

“What??” Luo Jiyun was even more puzzled.

Cang Po Jun shook his head as he was silently amused, feeling a little pity for this Junior Brother of Sovereign’s.

This was an indeed truthful child, but he had to follow this pair of black bellied couple like Sovereign and Grandmaster Huang around, totally unable to follow their pace so wouldn’t he become the target of teases by Grandmaster Huang?

Cang Po Jun coughed slightly as he said, “Young Master Luo, Grandmaster Huang knows what she’s going! Palace Lord Chi doesn’t know that this Ardent Cloud Sword has been re-refined. If it was still the original Ardent Cloud Sword, when combined with the Profound Armour set, it will be able to display the prowess of a ninth tier upper grade Profound Armament! Hence, not to mention these few billions, it would be worth it even if it was 2 or 3 billion!”

Luo Jiyun then revealed an enlightened look.

“So it’s like this.... then.... lil Sister-in-law, surely you will not really bid until 2 or 3 billion right?”

Huang Yueli did not reply because Chi Xiao Jiu’s voice resounded out of Number Seven VIP cabin.

“2 billion!”

This time round, everyone evidently sensed that Chi Xiao Jiu was grinding his teeth as he spoke out.

The truth was so and at the present moment Chi Xiao Jiu was unable to remain composed!

Originally assuming that his meeting with the Ardent Cloud Sword in this auction was the beginning of his great luck and he would be able to gain it for a price below 1 billion, thereby obtaining this piece of Godly weapon so he was incomparably excited!

Whoever knew that just as he was about to get it, someone came out to stop his win.

Blue Profound Sect's young lass, actually dared to bang tables with him?

Moreover, even ridiculed him for being petty?

She had simply swallowed a bear's heart and leopard's guts!

Chi Xiao Jiu's fury rose up but he had no way but to not follow Huang Yueli's bid.

Furthermore, because of Huang Yueli's word 'petty' which had ran him on a bank, it gave him no choice but to bid at a higher figure.

But, two billion for this sword, was still considered worthwhile.

Chapter 2057: Number One Armament Master's social status (7)

Chi Xiao Jiu could only comfort himself in this way.

This bid, he felt that his chances of success were gripped firmly in his hands.

After all, from what he saw, Huang Yueli was merely an ordinary direct disciple among the younger generation in Blue Profound Sect and even if she had a fiancé with such background like Li Moying, but spending a man's money was different from spending her own.

Two billion, to Li Moying was definitely a huge expense and using it to purchase a Profound Weapon was evidently not something that ordinary men would allow their woman to do? Li Moying's temperament was cold and he definitely didn't seem like the kind of man who would allow women to have no bottomline.

Thinking in this way, Chi Xiao Jiu couldn't help but sneered as he taunted them.

"The guests in the opposite cabin, don't you feel that This Seat is petty? Despising the fact that the pricing is too slow? If you really have a stunning fortune, why don't you continue to follow and bid?"

Huang Yueli laughed softly when she heard that.

"Since Palace Lord Chi has already initiated the invite, then how can I not follow your instructions? 3 billion!"

"My gawd, heavens, 3 billion! 3 billion! This is simply.... simply.... too scary!"

"This Bai Ruoli must have gone insane! Otherwise she must be a retard! She actually gave such a high bid!"

"What on earth is she doing? 3 billion! Heavens, just listening to this figure and I already feel like fainting..."

"Simply a foolish person with too much money! This time round... Bai Ruoli will really become famous!"

In an instance, numerous shocking sound waves fluctuated within the auction house.

Everyone felt that they had developed hallucinations, totally not daring to believe that such a fascinating matter had happened!

A sixteen year old young lass, actually opening such a heavenly price at the start of the annual auction!

The beautiful emcee on the auction stage was so excited that she was shaking all over, "This... Number Six VIP cabin's distinguished guests, may I confirm this? That you are bidding for 3 billion high grade spirit jades, to bid for the Ardent Cloud Sword?"

"Of course I'm sure."

Huang Yueli's voice isn't very loud but it was enough to be heard in the entire auction house.

She was so definite that Chi Xiao Jiu was totally unsettled.

From what he say, he totally didn't believed that anyone would bang tables with him in such a manner, it wasn't as though Mu Chengying was around personally!

Merely a direct disciple from Blue Profound Sect, and she dared to be so arrogant?

Moreover, if he really bid for three billion and above, then it would be equivalent to not gaining any advantages at all, because that was already the equivalent price of an entire set of ninth tier lower grade Profound Weapon set!

Thinking of this, he vented his anger as he barked out sharply, "Young Sect Master Li, your fiancée is squandering in such a manner yet you actually don't even control her at all? Are Blue Profound Sect's men all so useless?"

Chi Xiao Jiu's target, directly shot towards Li Moying.

He had already expected Li Moying to be unable to tolerate Huang Yueli bidding recklessly and after his agitation, he would absolutely teach his own woman a good lesson.

However, Li Moying's deep voice slowly rang, "No need Palace Lord Chi to worry. My woman, whatever she wants to buy, I am able to afford it! Kicking up a fuss over something which our own woman wants to buy, that's really called a useless man!"

Chi Xiao Jiu's eyes opened wide as he momentarily couldn't react at all.

He had not expected Li Moying's reply to be so!

Whereas in the auction hall, silent similarly appeared.

But not too long later, a bout of young ladies' envious and jealous discussions broke out.

"Ah ah ah ah~, Young Sect Master Li is really too suave! He actually said his own woman can buy anything that she wants!"

Chapter 2058: Number One Armament Master's social status (8)

“Worthy of being the Number One Sacred Land’s Young Sect Master. A three billion ninth tier Profound Weapon, said to be a ‘plaything’!”

“Young Sect Master Li is really assertive, hasn’t he doted too overly on his fiancée?”

“That Bai Ruoli is really lucky, how on earth did she manage to settle Young Sect Master Li?”

Even Ling Qing Yu who was next to Chi Xiao Jiu also revealed a strange look in her eyes, as her gaze shot towards the opposite cabin, as she muttered to herself, “This.... simply the same as his Master.... Blue Profound Sect’s men, are indeed all like this?”

Chi Xiao Jiu originally was super upset and upon hearing Ling Qing Yu’s utterance, the rage in him flourished.

He turned back and took a fierce look at Ling Qing Yu, “Eldest Young Miss Ling, I’m the one who seems to be your ally?”

Ling Qing Yu then realised that she had misspoke as she hurriedly changed her words and suggested, “Palace Lord Chi, are you going to continue bidding? 3 billion to purchase a ninth tier lower grade Profound Weapon is really not worth it. Why not you just give up, then in this way, the person who is embarrassed will become Li Moying! It’s easy to brag but when he’s asked to really make payment, that would still be equivalent to letting out blood!”

Chi Xiao Jiu gave a cold humph, “Doesn’t This Seat know about this? But this Ardent Cloud Sword to This Seat has a different meaning totally, so even if it’s 3 billion.... I still have to take it!”

The beautiful emcee on the stage below thought that he wouldn’t bid any further and had begun counting down.

Chi Xiao Jiu didn’t even have the chance to hesitate as he hurriedly called out his bid, “3.1 billion!”

“What? 3.1 billion??”

“Has Palace Lord Chi gone insane too?”

“What’s so good about this Ardent Cloud Sword, that they must fight over it in such a way?”

Before the crowd could even recover from their shock, Huang Yueli then gave a light laugh as she clearly spoke out, “4 billion!”

“YOU—!” Chi Xiao Jiu stood up from his seat as he swept the entire tea set onto the floor. The boiling hot tea splashed on his leg but he felt nothing at all.

“Blue Profound Sect’s young lass, This Seat advises you.... not to be too much! Don’t think that you’re Blue Profound Sect’s disciple and you have such a capable fiancé then you can do as you wish in Sky Emperor City! Your man merely has good innate talent only, he’s still not up to Mu Chengying’s standard yet!”

Chi Xiao Jiu had really been infuriated beyond his senses this time round.

When he was speaking, his tone was harsh as a ninth stage realm peak practitioner’s boundless Profound Energy was also emitted along with his words, towards the cabin.

Momentarily, a powerful leash of pressure enveloped the skies in the auction house.

Even those in the audience below also felt the deep pressure as they secretly shrunk their necks, not daring to even heave out loudly.

However, Huang Yueli's voice remained stable and even had a faint hint of laughter.

"Palace Lord is.... can't win my bid and your anger has turned into embarrassment, so you're attempting to use your martial power to threaten me? Aiya, Moying, I'm so scared, what should I do?"

Although her lips were saying that she was scared, but everyone could tell that there was no hint of fright in her meaning at all.

Li Moying shook his head helplessly, "You ah, why are you so mischievous! How would Palace Lord Chi possibly act in that manner that you said? Soaring Heavens Merchant Guild's regulations had always been voluntary sales and purchase, and the higher bidder wins so no one can be an exception. Using martial power to threaten, wouldn't that be equivalent to snatching? If anyone breaks the rules of the world, in future who would allow Palace Lord Chi to enter the doors to their auction?"

His voice was cold and aloof and he said that in a kindly and informal fashion but it made Chi Xiao Jiu shudder upon hearing that.

Although Soaring Heavens Merchant Guild wasn't considered a top rated powerhouse, but it was mutually protected by various large powerhouses.

Chapter 2059: Rake in a fortune again (1)

For so many years, there hadn't been anyone who dared to publicly snatch any treasures.

Even if it was one of the hosts of the Seven Sacred Lands, doing this kind of thing would cause one to be disdained by all practitioners and it was an extremely embarrassing matter.

Chi Xiao Jiu also knew that he had misspoke but he didn't want to lose face in front of a "junior" like Li Moying.

He gave a cold humph, "Kiddo, do you think you're someone just because you're Sovereign Mu's disciple? This Seat will not haggle with you on account of Soaring Heavens Merchant Guild's President Wen!"

Saying that, he landed back on the seat on his butt.

The audience in the auction house all wiped the cold sweat off their foreheads as they heaved a sigh of relief.

The annual action had just started and if someone with a status like Chi Xiao Jiu came to create havoc at the scene, then today's auction would probably be discontinued! Luckily...

The beautiful emcee asked cautiously, "This.... now Young Miss Bai in Number Six VIP cabin has bid with a price of 4 billion high grade spirit jade. Palace Lord Chi, do you... still want?"

She didn't want to bring bad luck to herself at this point of time but as there was just this much time for the auction, it was her responsibility so she couldn't just stop the bidding as she wished, hence she could only brace herself to ask this.

Chi Xiao Jiu banged the table, "I won't...."

He wanted very much to directly say that he didn't want to, and just give it up to that young lass on the opposite side, allowing her to spend a huge sum of money to purchase this Profound Weapon!

But the words were already at the side of his lips but he felt reluctant to give up.

Although four billion high grade spirit jades was indeed almost the price of a ninth tier upper grade Profound Weapon but nine tier upper grade Profound Weapon in the entire Soaring Heavens Continent were only that few, plus after Huang Yueli died, there were no new produces so there was none in the market even though they had the money, so even if they wanted to buy, they didn't know who to look for.

Having missed this Ardent Cloud Sword, he didn't know when he would be able to find another piece.

Moreover speaking, ever since that matter... he must quickly arm himself up, otherwise his life might possibly be in danger...

Chi Xiao Jiu pondered over it and clenched his teeth, "4.1 billion!"

Saying that, he looked across to the opposite cabin as he spoke out coldly, "Blue Profound Sect's young lass, bid if you have the guts! If you add another 1 billion, This Seat will give it up to you!"

Everyone present could tell that Chi Xiao Jiu's words were filled with threat.

Soaring Heavens Merchant Guild's men all secretly frowned, as they all felt slightly off towards Chi Xiao Jiu's action in their hearts.

"Already a Palace Lord and yet still so petty. Can't auction past a young lady then resort to using this kind of threatening ways, coercing her to give in to him... when Grandmaster Huang was still alive back then, Mythical Flame Palace had so much riches and was extremely magnanimous, how did it turn into today's state....."

"Shh, quiet! Saying all these, don't you wish to live any longer?"

"I think, this Young Miss Bai definitely doesn't dare to continue bidding..."

"That's for sure. No matter how much Young Sect Master Li pampers her, with an opponent like Palace Lord Chi, Young Master Li is also unable to deal with him.... It's still safe in Soaring Heavens Merchant Guild, but after they leave the auction house, they will probably run into bad luck!"

Everyone was breaking out in cold sweat for Huang Yueli.

Just based on looks alone, Huang Yueli had delicate looks and her age was still so young hence it really made others take pity on her.

Everyone thought that her being threatened by Chi Xiao Jiu in such a way, would probably be scared stiff.

No one had thought that Chi Xiao Jiu had actually been schemed by her, hence being pushed into a stage where he was unable to advance or retreat.

Huang Yueli sat in the cabin as she toyed with the teacup in her hand.

Chapter 2060: Rake in a fortune again (2)

Luo Jiyun saw her smile on the edge of her lips but refused to say anything, as he curiously leaned over and suppressed his voice.

“Lil Sister-in-law, are you.... still intending to continue with the bid?”

Huang Yueli seemed as though she was looking at a retard, “Of course not going to add! It’s already at 4 billion and long surpassed an entire set of ninth tier lower grade Profound Armament’s total price. Chi Xiao Jiu’s following now because of face, but if I were to continue bidding, Chi Xiao Jiu will definitely not follow, don’t tell me that I really have to carry a broken sword back!”

Luo Jiyun was thoroughly despised as his expression was deflated instantly.

He was crying out in grievance! What Huang Yueli said was logical and was indeed very simple which was something that everyone knew.

But wasn’t it because she had been going against logic, unexpectedly kept on increasing the price, hence he thought that his lil Sister-in-law had some new moves just waiting to strike out? Otherwise, why would he bother asking?

Now it was great, it made him appear as though he was a retard!

Cang Po Jun and the others stifled their laughs.

Huang Yueli put the cup down and raised her voice as she opened her mouth but her tone was totally unexpected as it held a sliver of quivering and terror.

“This.... since... Palace Lord Chi really wants it so much, then I’d better... better... not want it.....”

The weak voice and sweet tone reverberated above the skies in the auction house, displaying a frightened look.

When Chi Xiao Jiu heard that, he then felt as though he had slightly won back some pride.

At last, Mythical Flame Palace’s Palace Lord name and his Chi Xiao Jiu’s ability, was enough to intimidate everyone. That lass assumed that she was great just because she had money, but in the end, didn’t she still have to obediently admit her defeat?

“4.1 billion once, 4.1 billion twice, 4.1 billion thrice.... Deal! Congratulations to Number Seven cabin’s distinguished guest, for auctioning this ninth tier lower grade Cloud Ardent Sword which was refined by Grandmaster Huang!”

Hearing the confirmation of the successful deal, Chi Xiao Jiu couldn’t help but give off a long peal of delighted laughter.

Although he had spent so many high grade spirit jades in one shot, but at least, this treasured sword still landed in his hands!

A young lass, also dared to fight with him?

After the beautiful emcee finished counting down with a face full of smiles, she got someone to deliver the Ardent Cloud Sword to Number Seven cabin.

Just this transaction alone had surpassed normal pricing by five to six times so to Soaring Heavens Merchant Guild, it was an auspicious start.

Not only had they raked in a huge fortune, moreover it was also an extremely good sign.

A beautiful female attendant carried the sword box with both hands as she walked towards the Number Seven cabin in the brilliant and colourful passageway floating in mid-air.

The second auction item had already been brought up onto the auction stage but a majority of everyone's gazes were still gathered onto the Ardent Cloud Sword.

A heavenly price of 4.1 billion high grade spirit jades worth, it was something that everyone wanted to take a few more looks.

Just as the female attendant was passing by the Number Six and Number Seven cabins, suddenly a sweet and melodious voice rang.

"Wait a minute! This Ardent Cloud Sword.... can I have a look at it?"

The female attendant's footsteps paused as she turned back with an astonished look.

She had never met with this kind of situation before. The auction had already been confirmed and there were people who still wanted to look at the auction item?

Huang Yueli's voice wasn't very soft and Chi Xiao Jiu who was on the opposite side also heard that as he couldn't help but gave a cold laugh, "Lass, what tricks are you up to? Weren't you the one who said that you wouldn't bid for it anymore, now trying to create trouble?"

Huang Yueli's voice was timid as though she was very frightened.

"This... I don't mean that, I just feel that... there seems to be something wrong with this sword..."
