Chapter 2081: Mastermind behind the scenes (4)

Ling Qing Yu wasn't some easy going person as well and on seeing Chi Xiao Jiu pressing close, she quickly found a reason and pushed the responsibility onto Chi Xiao Jiu instead.

However, Chi Xiao Jiu was neither hurried nor flustered, "Looks like we both feel that the other party is at fault! How about this, later on when we return to the underground shrine, we shall tell that Lord our own reasons and I wonder if that Lord will feel that it's your responsibility or is it mine?"

Hearing that, Ling Qing Yu's tone suddenly changed, "You..... you dare! If this matter were to be disclosed, you will also be severely punished! Don't assume that you can get out of this unscathed!"

Chi Xiao Jiu gave a cold laugh, "Why not.. let's try and see?"

Hearing Chi Xiao Jiu say that, Ling Qing Yu's heart was filled with terror.

All those people who were helping that Lord to do work, all know how malicious "his methods" were and if they really angered that Lord.... Her life might be unable to be sustained!

At this very moment, Ling Qing Yu had regretted it for the ten thousandth time on why she was possessed back then, in order to get rid of Huang Yueli, she actually chose to cooperate with that Lord.....

But now, she was already stuck in a difficult position!

Moreover she didn't needed to delve in deeply to know that if Chi Xiao Jiu and her held their own statements over to that Lord, Chi Xiao Jiu might have some kind of evidence on his hands so by then, she might really be finished!

Thinking of this, Ling Qing Yu shuddered and coerced herself to calm down, as her attitude towards Chi Xiao Jiu instantly underwent a change.

"Palace Lord Chi, why must you do this? For so many years, we have maintained the relationship of partners and you had also once asked for my hand at Celestial Heavens Gate so why must you fall out with me and become hostile over such a small matter?"

Chi Xiao Jiu gave a cold humph, "Small matter? Do you know just how important the Purified Branch is to that Lord! Now that the item has fallen into the hands of Blue Profound Sect, what should we do now?"

Ling Qing Yu subconsciously understood the seriousness of this matter as her expression turned grave.

Actually earlier during that auction, she had indeed wavered for a short moment because she heard that young lass in Number Six cabin saying that the Purified Branch was something that Mu Chengying wanted so she was distracted for a short moment then considering the fact that they indeed didn't had enough money hence she wanted to give up on the auction.

Now that she had calmed down and thought through it, earlier she was still able to make President Wen extend the grace period for her so that she would be able to find ways to raise the money.

Various powerhouses which took part in the annual auction were all working for that Lord so if she used that Lord's name, acquiring tens of billions to fight Blue Profound Sect to the end was not totally impossible...

However, now that things were already in Li Moying's hands.....

Ling Qing Yu also didn't know what she should do.

Chi Xiao Jiu's thoughts were much more vicious than hers, "Forget it, since things have come to a such a pass, there's only one way left and that's for us to go over to Blue Profound Sect personally to look for Mu Chengying and get the Purified Branch back!"

Ling Qing Yu was stunned as her eyes suddenly opened wide in astonishment.

"You... what did you say? You want to go to Blue Profound Sect and look for Sovereign Mu to get the Purified Branch?"

Seeing Chi Xiao Jiu nodding his head, Ling Qing Yu's heart was even more shocked.

"You... are you insane? That Lord might be scary but if Sovereign Mu is really angered, he is much terrifying by that Lord by a hundred times more! You actually dare to get something from his hands? Could it be that just because Sovereign Mu had gone into closed door seclusion for so long that you've forgotten his heroic deeds back then, just what kind of tricky and inconstant methods had he undertaken?"

Chapter 2082: Mastermind behind the scenes (5)

Chi Xiao Jiu's lips curled into a smile of ridicule as he spoke in an eccentric manner, "Back in those days, Mu Chengying... naturally had many ways. But, now... it might not be the same anymore!"

Ling Qing Yu frowned, "What do you mean?"

Chi Xiao Jiu said, "Did you really think that Mu Chengying had come out of his closed door successfully?"

Ling Qing Yu replied, "Could it still be false? That day all Six Sacred Lands had sent their ninth stage realm Elders over to Blue Profound Sect and hadn't your Mythical Flame Palace done so as well? You have seen it for yourself on just how dishevelled those people were when they returned! Other than Mu Chengying himself, who else was able to do such a thing?"

When Chi Xiao Jiu heard that, he gave an indifferent humph, "From what This Seat sees, it might not be so! This Seat had personally questioned those Elders when they returned and among all of them, no one had seen Mu Chengying's face at all! Even though they were all injured, that they weren't hurt directly by Mu Chengying but rather they had all fallen down from the stairs of Levitation Sword Palace in fright! Do you know what this means?"

Ling Qing Yu's heart jolted vigorously, "You... what are you trying to say?"

Chi Xiao Jiu replied coldly, "Isn't it very obvious just what This Seat means? Whether Mu Chengying came out of closed door, the reality of this matter still remains doubtful! We are merely just listening to hearsay! Perhaps Mu Chengying hasn't even come out of closed door seclusion yet, or perhaps he might already have but that doesn't mean that it's just like what we imagined, to have a huge increase in his

ability but instead he had gone into Qi Deviation! If this was the truth, then based on both our Sacred Lands' joint pressure, I believe that there's no way for Blue Profound Sect to not hand over the Purified Branch!"

When Huang Yueli heard that, her heart was totally mortified.

She really had not imagined that Chi Xia Jiu's vision would be so sharp. Not only had he not been deceived by Li Moying and her, he actually even boldly guessed that Mu Chengying had not come out of closed door seclusion at all!

Although this was far off from the truth, but the most crucial point was still totally accurate – Li Moying had still not reached that year's peak condition yet!

Huang Yueli's heart was pounding wildly but at the same time she was secretly feeling fortunate.

If it wasn't for today that she suddenly had an idea of following them to this place, thereby eavesdropping on their scheming, by then if Chi Xia Jiu and Ling Qing Yu were to suddenly appear at their doors, then she and Li Moying would probably be caught off hand.

Ling Qing Yu's eyes opened wide as she totally didn't dare to believe Chi Xia Jiu's words.

"No... this shouldn't be right? How would Sovereign Mu suddenly go into Qi Deviation? He.... he's so incredible and his innate talent is so great..."

Chi Xia Jiu put on a fake smile as he said, "Tsk tsk, I wonder what charm does Mu Chengying have, having disappeared for ten over years and yet still able to make women like you all unable to get about him. Until this juncture, you're still worried about him?"

When Ling Qing Yu heard that, she immediately regained her senses as she took a deep breath, as anger started to surge in her heart.

"Chi Xia Jiu, there's no need for you to act in such a frigid irony and scorching satire! In the end, just how noble are you as compared to me? That year weren't you also one of the masterminds causing Huang Yueli's death? It's so amusing that you were wooing Huang Yueli relentlessly back then, almost falling beneath her skirt and right until her death, you still put on a devastated look as though you were a love saint! Every single time I recall that scenario, I just feel that it's so comical!"

"Don't assume that I don't know your underlying motive! You wooed Huang Yueli just because your Master likes her more and in order to become Mythical Flame Palace's Palace Lord, hence you wanted to marry Huang Yueli!"

Chapter 2083: Mastermind behind the scenes (6)

"Whoever knew that she could not be bothered about you and as compared to Mu Chengying, you are worse than a dog! You knew that you weren't able to get her heart, so you hardened your heart and killed her, then finally taking the seat of Mythical Flame Palace's Lord! If you were to say I'm shameless and despicable, as compared to Palace Lord Chi, I can't match up to you at all!"

Chi Xia Jiu had not expected that after Ling Qing Yu got agitated, she totally didn't control her mouth as she had an abrupt change of face.

“You—! Really not afraid that I will expose your real face in front of that person?”

Ling Qing Yu laughed coldly, “I, Ling Qing Yu, am not someone who is scared from young! If you were to shoot your tongue off in front of that Sire, I will naturally spread the incident where you schemed to kill your Junior Sister just because you failed in wooing her, and also obtaining the position of Palace Lord in the process, to every corner of soaring Heavens Continent! By then, your reputation of Palace Lord Chi will be as stinky as it can be!”

“Even if you don’t mind your reputation, those Elders in Mythical Flame Palace, have all been missing Huang Yueli extremely so they had already been dissatisfied with you since long ago. Make a guess.... by then will they still support you to take the seat of Palace Lord?”

Chi Xiao Jiu thought that he had a handle over Ling Qing Yu and could do as he pleased but whoever knew that this woman Ling Qing Yu was totally not simple at all. After the initial fluster, she quickly found his weak point.

That was right, to be able to turn her face against her best female friend, what kind of easy going person could she possibly be?

This time round, Chi Xiao Jiu was so infuriated that his entire face turned red but unfortunately, what Ling Qing Yu said was totally correct!

Those scandals which he had done were indeed shameful.

If Ling Qing Yu were to spread this out, there would be no way for him to continue staying in Sky Emperor City!

Hence, he had no choice but to give in, “Alright, consider that you have your ways! Since we have handles on each other, then let’s not pursue whose responsibility it is for the auction and let’s head together to Blue Profound Sect first to get the Purified Branch, what do you think?”

Ling Qing Yu thought for a moment and nodded her head, “Let’s just do that.”

She knew that getting back the Purified Branch at this moment was the most important matter and all other matters were secondary.

“But how confident are you that Mu Chengying’s ability had not resumed?”

Chi Xiao Jiu said, “If you are asking about absolute proof, that I don’t have but logically judging this matter, based on Mu Chengying’s yesteryear’s overbearing arrogance, being such an unsurpassable person, if he found out that Blue Profound Sect had been suppressed by other powerhouses the minute he came out of closed door, he would definitely seek revenge on a rampage. But it had already been over a month since he chased those Elders away and there’s still no movement from Blue Profound Sect. Evidently, this represented guilt!”

Ling Qing Yu’s brows creased as she thought about this and had no choice but to admit that Chi Xiao Jiu’s words indeed made sense.

“That’s right, this point is indeed suspicious.”

“Moreover, this Purified Branch is a miraculous herb which can improve blood circulation and grow flesh so many patients use this to prolong their lives. Why would Blue Profound Sect suddenly spend so much money to bid for a Purified Branch so suddenly? Perhaps it is because Mu Chengying had gone into Qi Deviation and is on the verge of crisis hence he requires this miraculous herb!”

The more Huang Yueli heard, the more frightened she got.

Chi Xiao Jiu’s analysis was getting closer to the truth and even the Purified Branch had attracted his suspicions.

From Ling Qing Yu’s looks, it seemed that she had been convinced by him.

In this way, they would definitely head over to Blue Profound Sect quickly to create trouble!

She had to hurry back quickly to notify Li Moying so that they can make preparations quickly.

Huang Yueli’s thoughts were racing fast in her mind when suddenly, she sensed a warm sensation from her shank....

Chapter 2084: Capture her! (1)

Huang Yueli was listening attentively and had totally not expected to be touched as she was so shocked that she almost jumped up.

Lowering her head, she saw that spotted cat which had scurried away earlier, had unknowingly returned and was rubbing itself affectionately against her leg.

Huang Yueli couldn’t help but frowned. It wasn’t that she didn’t liked animals but now at this juncture, this cat ran over so wasn’t it adding trouble for her?

Huang Yueli raised her feet gently and tried to drive the cat away.

Whoever knew that the cat also had its own temper and after being kicked, it’s embarrassment turned into fury as it gave a sharp “meow”.

The instant that cat cried out, Huang Yueli’s expression changed as she knew that things were not going well!

Whereas when Chi Xiao Jiu heard that cat cry, his brows rose sharply!

Today, they weren’t able to bid for the Purified Branch successfully and earlier he had his handle being used against him by Ling Qing Yu so Chi Xiao Jiu already had a stomach full of anger but knowing that he wasn’t able to do anything to Ling Qing Yu, he forcibly endured it.

Now on one look, that fat cat actually dared to kept crying out recklessly in front of him several times so that instantly lit up the fury in Chi Xiao Jiu’s mind!

He was unable to kill a person but killing a cat... he had no restraint about it at all!

Almost at the same time, Chi Xiao Jiu’s Ardent Cloud Sword was already unsheathed as he walked towards the fake mountain where Huang Yueli was hiding with an evil grin.

Huang Yueli knew that she would definitely be exposed this time round so she decisively grabbed the right timing and using an appropriate strength, she picked that spotted fat cat out.

Chi Xiao Jiu had just walked to the side of the fake mountain when a ball of furry thing crashed onto him head on.

“What’s that??”

He was caught unaware when the big cat crashed heavily onto his face.

This cat was reared by Soaring Heavens Merchant Guild and was extremely fat, weighing ten over catties. Adding to the fact that Huang Yueli had used a tremendous amount of strength to kick it out, its power was considerably huge.

Chi Xiao Jiu had crashed against it head on at a near distance and almost went dizzy from the crash as his eyes saw stars and he shuffled back repeatedly for a number of steps.

That cat was also feeling pain from the crash and while mewling out sharply, it also stretched out its claws to scratch whatever it could laid its paws on, scratching a few dozen of claw marks on Chi Xiao Jiu’s head.

Instantly, a large amount of blood started to drip down from Chi Xiao Jiu’s head as it started to flow down from the two sides of his face.

Huang Yueli took the opportunity and tapped her feet as she flew swiftly, scurrying away on the path!

Ling Qing Yu saw someone running out and had a rude shock as she instantly shouted out, “Who’s there? Someone actually eavesdropped on our conversation? Stop right there!”

As she said that, she quickly pursued after her.

Chi Xiao Jiu gave a strange cry as he shook his head furiously and he spent quite an amount of effort before he managed to shake the cat away.

He was in pain and feeling indignant and had long been infuriated past the limit when he heard Ling Qing Yu saying “someone eavesdropping” and immediately understood what had happened.

“Where did this thief came from, daring to eavesdrop on This Seat’s conversation and even dare to assassinate This Seat with such shady methods, really looking for death! When This Seat catches you, I will definitely subject you to torture, making you wish that you were better off dead than alive!”

Chi Xiao Jiu gritted his teeth and the expression on his face was extremely sinister as he raised his long sword and hurriedly pursued after her!

Huang Yueli heard the sounds from her back and knew clearly that if she was caught by them, she would be finished.

She instantly mobilised all the Profound Energy within her body and extended the God grade footwork Agility Dance Steps, exhausting all her energy as she ran swiftly.

But the disparity between a sixth stage realm peak practitioner versus a ninth stage realm practitioner was simply too huge.

Chapter 2085: Capture her! (2)

Huang Yueli practically exhausted all of her strength but Chi Xiao Jiu and the others caught up very quickly.

On seeing that the distance between them were merely thirty meters, Huang Yueli's fingers moved and retrieved a thunder flame ball from the Sky Phoenix Ring and using her exclusive technique, she threw it towards them.

Following the increase in her cultivation, her armament refining standard also raised considerably and the thunder flame balls which she refined were much more formidable than before!

The moment the thunder flame ball left her hands, it instantly exploded on the corridor!

A strong burst of energy current split open abruptly and wildly shot around in all corners!

Soaring Heavens Merchant Guild's room was built with high grade materials that were extremely sturdy but under this kind of shock, it instantly crumbled into shambles.

The carved pillars on the corridor and an entire face of wall collapsed, blocking Chi Xiao Jiu and Ling Qing Yu's path.

Simultaneously, as the explosive might was simply too strong, even though they were already at ninth stage realm cultivation, they still didn't dare to rush straight into the heart of the fire, but rather they subconsciously paused.

Huang Yueli hurriedly grabbed hold of the chance and rushed forward madly.

She knew that even if it was an explosion from a seventh stage realm thunder flame ball, to a ninth stage realm practitioner, the damage which it could cause was practically minute and it could only hinder them for a short moment. It wouldn't take much longer before she was still chased closely by them.

But as long as she could find someone from Blue Profound Sect or perhaps attract the attention of the top exponents in Soaring Heavens Continent then perhaps Chi Xiao Jiu and the other wouldn't be able to do anything to her.

After all, this was Soaring Heavens Continent's turf and even if it was just both Chi Xiao Jiu and Ling Qing Yu, they wouldn't dare to kill anyone right here.

With this thinking in mind, Huang Yueli kept hurling out the thunder flame ball in her hands.

Sometimes she hurled it towards the two who were pursuing after her and sometimes she took a precise look at the surrounding architecture and just threw it recklessly.

Anyway, the bigger the commotion, the easier it was to raise Soaring Heavens Merchant Guild's attention, then the bigger the chance of her escape would be.

Chi Xiao Jiu and Ling Qing Yu were caught off guard when they were struck by the first thunder flame ball.

The wall which had collapsed stirred up a huge amount of dust and they were soon covered with a layer of dust including their faces. The both of them choked from it and coughed repeatedly as their vision was also affected by this sudden screen of dust and they weren't able to view the surroundings clearly. With so much dust covering them, they didn't resemble a prestigious ruler from a large powerhouse. Rather, they looked more like farmers who had just crept out from a mud puddle.

"Damn it! That little wretched lass! She actually has such a powerful Profound Weapon on her!"

"Cough cough, this is choking me to death! Really damn it!"

"Alright, stop just coughing right here, that little brat has ran away! Let's chase after her quickly! Dare to trick This Seat in such a manner, she must feel that her life is a little too long!"

"Quickly chase up to her! Let's see what other tricks she has up her sleeve!"

The both of them had finally dashed out from the grey stones and on lifting their heads, they realised that the little brat who had eavesdropped on them had increased the distance between them as they hurriedly picked up their pace and chased after her.

The both of them originally thought Huang Yueli only had a piece of seventh tier thunder flame ball on her which was already considered very good so she definitely wasn't able to throw out another one.

But in the end, whoever knew that after running a short distance away, Huang Yueli threw the second piece of thunder flame ball and immediately following that, the third piece, the fourth piece...

Consecutive explosions rang and Soaring Heavens Merchant Guild's rear courtyard was bombarded until it became a state of ruins.

Chi Xiao Jiu's expression changed, seemingly realising something.

"Bad! This little brat is causing such a huge commotion so that she could lure Soaring Heavens Merchant Guild's men over and escape while in the state of chaos!"

Chapter 2086: Capture her! (3)

"No! We must capture her immediately!"

The two of them exchanged glances as they increased their speed together at the same time.

However, while they were in hot pursuit, Ling Qing Yu couldn't help but frowned as a spiral of suspicions started swirling up in her heart.

"Strange, why do I feel that this little thief's back looks a little familiar? Could it be someone whom we have met before?"

"Now that you mentioned it..." Chi Xiao Jiu was also stunned, "This slender figure isn't considered that tall, somehow looks like.... a girl?"

Speaking of that, Ling Qing Yu vigorously regained her senses, "I know! This is Blue Profound Sect's young lass! The one who fought with us over the bidding of the Purified Branch!"

“So it’s her!” Chi Xiao Jiu took a careful look and also managed to recognise her as the expression on his face instantly turned even more malicious, “There’s a doorway to Heaven but you refused to take but insisted on barging into the door of Hell! I was just feeling frustrated that there’s no way to catch you, this time round... you’re really the one who came looking for death yourself!”

The two of them were even more persistent in catching Huang Yueli as they utilised one hundred percent of their abilities.

In this way, Huang Yueli’s speed could no longer be an advantage and very soon, both parties’ distance shortened once again.

Huang Yueli was coerced into a corner and on seeing that there was no other way out, she could only choose to stop.

“Both... misunderstanding, everything’s a misunderstanding... I merely happen to pass by the Guild and there’s nothing that I have heard which I shouldn’t, so why must you pursue after me relentlessly?” Huang Yueli gave a dry laugh as she said that.

“Happen to pass by?” Ling Qing Yu stopped in her footsteps as a cold intent surfaced on the corners of her lips.

“That’s really funny, why would Young Miss Bai, as Blue Profound Sect’s Young Sect Master’s fiancée not stay in Blue Profound Sect’s turf with your man, but ran over to such a desolated courtyard for? Can’t you find a better reason if you’re trying to look for one?”

Huang Yueli put on an honest and innocent look as she raised up her right hand, “I swear! I really happen to pass by. I saw the cat which Soaring Heavens Merchant Guild had raised was so adorable so I chased after it to have fun with it. In the end while I was still rubbing the cat, you suddenly ran over and on seeing your fierce looks, I had a fright and didn’t dared to come out...”

“Oh? Really?” Ling Qing Yu apparently didn’t believe her.

Huang Yueli kept nodding her head and opened her mouth as she started to cook up random nonsense.

“Really, I swear it’s the truth! I know that you definitely don’t want anyone to hear your conversation so I have been covering my ears, stifling it so I didn’t heard anything!”

Ling Qing Yu’s expression was extremely ugly, “Bai Ruoli, do you treat me like an idiot?”

Huang Yueli immediately replied, “Eldest Young Miss Ling, we Blue Profound Sect and Celestial Heavens Gate had always been on cordial terms so why don’t you be magnanimous and let me off? Otherwise in future if our Sovereign asks, it wouldn’t be easy for you to explain to him isn’t it?”

The moment she said that, Huang Yueli immediately felt a wave of disgust.

Ling Qing Yu had actually been coveting the man who she liked! And because of that, she didn’t even mind to lay her murderous hand on her!

The moment she thought of these, she felt bouts of nausea but alas in order to save her own skin, she could only pull out her fiancé as a target board, at least for her to escape this calamity first.

When Ling Qing Yu heard the word “Sovereign”, she indeed went into a short blank.

However, before she could even open her mouth, Chi Xiao Jiu hastily butted in in a flabbergasted manner, “Enough, stop talking such nonsense with this young lass! Can’t you tell that she’s trying to prolong the time? This Seat can tell clearly that she had secretly released a direct disciple’s lifesaving signal to Blue Profound Sect already!”

Chapter 2087: Capture her! (4)

When she heard that, she cried out ‘not good!’ in her heart.

The thunder flame balls that she had unleashed out earlier, had secretly added a lifesaving signal in between and after it was thrown into the sky, she attempted to use the thunder flame ball’s bright light and intense fire to conceal the strange happening as the signal was sent in space.

Whoever knew that a wily old fox like Chi Xiao Jiu had extremely vicious eyesight as this didn’t escaped his eyes.

Earlier, Huang Yueli risked her life to kept dragging matters on just so that she could drag more time, allowing Li Moying and the others to come by to save her.

Now, she wasn’t sure if Li Moying and the others had discovered her lifesaving signal and just how far were they from this place?

Huang Yueli was feeling extremely anxious but she didn’t reveal any semblance of fluster on her face as she continued to hang an innocent and terrified look on her face.

“Palace Lord Chi, this.... let’s talk things over nicely...”

“Talk things over nicely?” Chi Xiao Jiu sneered, “When you were raising the price against This Seat, why didn’t you know how to talk things over nicely? Now that you’ve fallen into This Seat’s hands, don’t even dream of escaping! This Seat shall let you know what is called living worse than death!”

Ling Qing Yu saw the obvious murderous intent revealing from his body as she couldn’t helped but frowned in silence.

“Palace Lord Chi, this.... is Blue Profound Sect’s men after all, it’s better that we show her some mercy, at the very least don’t kill her?”

Chi Xiao Jiu turned his head back and threw her a look as he sneered, “Eldest Young Miss Ling, whose side are you on? Originally, we were about to head to Blue Profound Sect and as Mu Chengying for the Purified Branch but now, capturing this lass is just nice. We don’t even need to go over to Levitation Sword Palace and just abduct her directly, making that good disciple of Mu Chengying’s hand over the Purified Branch! From how much that lad adores this fiancée of his, I believe... he will be willing to use the Purified Branch to exchange for this wretched lass’s life!”

When Ling Qing Yu heard that, she couldn’t help but nod, “Palace Lord Chi’s idea is indeed awesome!”

“Enough, stop the nonsense! Business comes first!”

Chi Xiao Jiu waved his hand and an Immortal Binding Rope appeared in his hand as he walked up to tie her up.

When Huang Yueli heard his words, cold sweat kept dripping.

She had not expected Chi Xiao Jiu's intentions to be so malicious, even with the thoughts of abducting her to exchange for the Purified Branch!

In this way, all the more she could not be caught by the both of them, otherwise by the time Li Moying rushed over, he would definitely not hesitate to hand over the Purified Branch to exchange for her!

It had been difficult for her to obtain such a scarce medicinal herb and was just waiting for it to save Li Moying's life. If it was snatched away by these two fellows here, wouldn't it had been a waste of all her effort?

Huang Yueli clenched her teeth and decided to risk exposing her identity, to escape from this place.

Just at this very moment, a sharp cry was heard coming from not too far away.

"What's going on here? Who is creating trouble at Soaring Heavens Merchant Guild, even wrecking such extensive damages to the buildings here!"

"Where do you think the Soaring Heavens Merchant Guild is, to actually show such impudence right here!"

Huang Yueli's brows twitched, realising that Soaring Heavens Merchant Guild's men had been alarmed by the commotion here and were rushing over to check on the situation, which was a possible chance to escape...

She immediately gave up the intention to take action as she was on high alert, just waiting for a chance.

Chi Xiao Jiu had not expected Soaring Heavens Merchant Guild's men to appear at this moment as he cursed silently before turning back.

"It's This Seat who is teaching my Sect's disciples but I've not expected to cause such a huge commotion, I'm really sorry for that."

The people who rushed over were all first ranked bodyguards of the Soaring Heavens Merchant Guild and their cultivations were all at eight stage realm.

In Sky Emperor City, they were considered to be outstanding top exponents.

Chapter 2088: Capture her! (5)

Only thing was, as compared to a ninth stage realm peak practitioner like Chi Xiao Jiu, they just weren't enough.

Moreover speaking, Chi Xiao Jiu was Mythical Flame Palace's Palace Lord and his status was extremely high, which made everyone look up towards him.

The guards originally came in an aggressive manner, thinking to teach the people who were creating havoc a lesson but in the end on seeing Chi Xiao Jiu, their aggressiveness immediately got pushed down.

“Ah, so it’s Palace Lord Chi! Greetings to Palace Lord Chi, may I ask what are you.... doing here? And... these buildings... this...”

Chi Xiao Jiu casually explained, “My apologies, This Seat’s disciple is really uncontrollable and This Seat wanted to teach her a lesson but I’ve not expected that I’ve mishandled it and damaged your buildings. Can I trouble you to convey my apologies to President Wen and to inform him that the damages that we’ve caused, Mythical Flame Palace will be responsible for the compensation.”

As his attitude was rather good, the guards didn’t dare to say anything as they hurriedly replied, “Yes, yes, we will definitely convey this message so Palace Lord Chi please do ahead. We shall take our leave first...”

When Huang Yueli saw that they were about to leave, she hurriedly cried out, “Wait! Don’t leave! I’m not from Mythical Flame Palace, it’s Palace Lord Chi who wants to abduct..... mmph!”

“Shut your mouth!”

Huang Yueli had not completed her sentence when Chi Xiao Jiu immediately reacted and howled at her in a flabbergasted manner. At the same time, he raised his hand and stuck out a burst of Profound Energy towards her chest!

Luckily, Huang Yueli was long prepared and she vigorously turned her body and barely avoided this heavy strike but when the violent fire attributed Profound Energy brushed past her shoulder, it still grazed her skin, causing her to bleed.

When the guards heard the commotion, their footsteps took a pause and they subconsciously turned to look towards Huang Yueli’s side.

Huang Yueli had bided a few times in the auction earlier and her voice was exceptionally melodious which made one had a lasting impression, so it made the guards felt a little familiar.

But they didn’t dare to believe it totally, that the person who was trapped by Chi Xiao Jiu and the other was Bai Ruoli.

After all, that was Blue Profound Sect Young Sect Master’s fiancée! Although Chi Xiao Jiu and Ling Qing Yu were important figures in both Sacred Lands, but to publicly make a move on Blue Profound Sect was just simply too bold! Mu Chengying had just come out of his closed door cultivation!

The guards looked at each other in dismay and one of them couldn’t help but asked carefully, “Palace Lord Chi, this... may I ask who is that person whom you are trying to catch? Her voice sounds like a young lady? She seems quite pitiful... what offence had she committed, to actually... offend Palace Lord Chi to fly into such a huge rage?”

When Huang Yueli cried out, Chi Xiao Jiu reacted swiftly and not only did he made a move to coerce her to shut her mouth, at the same time Ling Qing Yu had also moved to the front of Huang Yueli and blocked her using her back so that the guards do not see her face.

At this moment, the guards stretched out their necks trying to see the person behind her but her figure was too indistinct causing them to not see her clearly.

Chi Xiao Jiu’s gaze flashed when he saw that he gave a cold humph.

Suddenly, his Profound Energy was unleashed and a powerful aura neared those few guards.

The guards potential simply could not match up to his and they instantly could not take it as their faces appeared rather disheveled.

Chi Xiao Jiu saw they retreating and spoke out coldly, "Gentlemen.... Aren't you asking a little too broad! I Chi Xiao Jiu is teaching my Mythical Flame Palace's disciples, do I have to allow you to investigate to no end?"

He had been Mythical Flame Palace's Palace Lord for ten over years and had been in this position for a long time so now that he show the stance of a Palace Lord, the might was extremely huge.

The few guards were instantly awed and none of them dared to continue questioning.

Chapter 2089: Capture her! (6)

"Pal... Palace Lord Chi, our apologies, we have offended you..."

"Please... please go ahead, we shall not disturb you any further..."

The guards faces all looked rather awkward because they knew that there was nothing wrong about the fact that Chi Xiao Jiu wanted to catch someone.

However, on seeing that Chi Xiao Jiu starting to hurt someone upon disagreement, in order to save their own skins, they didn't dare to probe any further.

Anyway, even if that person was indeed from Blue Profound Sect, if something happened, they could not entirely blame it on Soaring Heavens Merchant Guild and moreover speaking, Chi Xiao Jiu had already agreed to compensate Soaring Heavens Merchant Guild...

After comparing the pros and cons, the guards started to retreat slowly.

Chi Xiao Jiu silently heaved a sigh of relief when he saw that and was prepared to continue with the matter which he had been interrupted earlier on.

Just at this moment, Huang Yueli suddenly moved!

While the both of them were not paying any attention onto her, she had already held on to a murderous Profound Armament in her hands.

As the guards were retreating, while Chi Xiao Jiu and Ling Qing Yu's defense were at its lowest, she suddenly made a move and the entire set of eighty one flying daggers which had lines up into a sword array were instantly activated.

Cold glints flashed past and the flying daggers were like electricity, charging towards the position of the duo's backs as they flew swiftly over!

Such trigger mechanisms had swift speed and even if it was towards a ninth stage realm practitioner, it would also cause a huge threat.

Only thing was there was a limit to the strength it could display and only when the distance was very close would it be able to show off its might.

Hence, this moment was the best timing for her to strike.

Chi Xiao Jiu and Ling Qing Yu had not expected that this seemingly weak and frail young lass would suddenly rise in revolt, catching them off guard.

By the time they reacted in time and hastily avoided the attack, the flying daggers were already at their backs.

Only thing was ninth stage realm practitioners Protection Profound Qi was exceptionally strong and although the flying daggers had stabbed deeply into their skins, but it wasn't able to hurt their internal organs so it wasn't considered as a fatal threat.

Huang Yueli had not thought of being able to heavily injure them. What she thought of was merely a chance to survive.

Borrowing this chance, she swiftly got up and escaped once again.

Chi Xiao Jiu's back emitted a fiery pain and stretching out his hand to touch, his entire palm was filled with blood.

This made him even angrier than before as he hollered out in rage, "Wretched lass, looking for death! I'm going to kill you!"

Saying that, he could no longer suppress his rage as he struck out his palm!

This time round, he used fifty percent power and even worked up his famous Profound skill Blazing Sky Palm Strike and a crimson red fire attributed Profound Qi shot out from his palm as he hit Huang Yueli's back directly.

Huang Yueli knew that it was impossible for her to evade it totally so she could only clench her teeth as she thought about how to avoid her vitals.

Her feet still moved swiftly forward.

Amid her haste, she didn't check the road forward carefully as she just rushed up ahead and smashed heavily against a person's body.

"Ugh, I'm sorry, can you please move....."

Before she could finish her sentence, an arm wrapped itself around her waist and pulled her hard, dragging her behind his back.

Chi Xiao Jiu's palm strike had already reached their front and the incoming person merely casted a frigid cold gaze and at the same time he flicked his sleeve to meet with the palm strike!

The two bursts of Profound Energy clashed in mid-air as it gave off a deafening sound and the eye piercing bright light suddenly flashed in the sky.

By the time the strong light disappeared, the surroundings were already in a state of chaos.

Chi Xiao Jiu felt sweetness in his throat and couldn't help but backed off.

"You... who's that? How dare you interrupt This Seat's matter!"

Chapter 2090: Aren't you a little too wild! (1)

“Palace Lord Chi, my fiancée is Blue Profound Sect's disciple whereas you're Mythical Flame Palace's Palace Lord. You dealing with such a deadly hand on her, do you treat everyone in Blue Profound Sect as dead?” The voice spoke out icily.

Chi Xiao Jiu felt that this voice was extremely familiar and upon one look, an astonished look flashed past his eyes!

“It's... it's you! You're Li Moying, that disciple who Mu Chengying took in!”

Li Moying merely replied indifferently, “That's right, I've not expected that Palace Lord Chi to recognise me.”

Chi Xiao Jiu's eyes were fixed on him tightly as the terror in his heart was indescribable.

Earlier when he hurled out that palm strike, although it merely used fifty percent of his power, but it was also a Heaven grade Profound Skill which he had used to make a name for himself!

As a top exponent in the Sky Chart, that strike of his, even if it was a ninth stage realm eight level top exponent, they would find it hard to resist it and even if they were able to barely take it on, they were bound to suffer injuries.

However, Li Moying actually met with his palm strike and the result was himself retreating back several steps!

However, Li Moying looked as though nothing had happened to him at all!

Chi Xiao Jiu sized up Li Moying in indefinite bewilderment as he simply could not tell whether if he was just forcibly putting up a brave front or if he indeed did not sustain any injuries at all.

But even if he was forcibly putting on a brave front, Li Moying's ability had reached at least ninth stage realm eighth level!

Whereas he was merely twenty one and had just advanced into ninth stage realm. It hadn't even been a year's time and he actually.... had the ability to go up against Chi Xiao Jiu, a peerless top rated Sky Chart opponent?

The scariest thing was that instance when both party's Profound Energy clashed against each other, he even developed an illusion that the enemy that he had met against was Mu Chengying himself!

That unsurpassable overbearing Thunder attributed Profound Energy was exact the same!

Did this young lad really obtain Mu Chengying's techniques so quickly?

After some time, Chi Xiao Jiu then forcibly suppressed the terror in his heart as he slowly nodded his head, “Good, good, good! Indeed, worthy of Sovereign Mu's direct disciple, your potential among the younger generation is already unsurpassable! No wonder you're so arrogant and despotic, to dare to be disrespectful in front of This Seat!”

His tone carried an established practitioner's aloofness as his surrounding aura started to be unleashed.

From what Chi Xiao Jiu thought, he had momentarily been pushed back by Li Moying because of his leniency in unleashing in power earlier. If he utilised his real potential, he would still surpass Li Moying by miles.

Whereas in his eyes, Li Moying was merely a junior and even if he was Blue Profound Sect's Young Sect Master, he should not be this disrespectful towards him.

Hence Chi Xiao Jiu had the intention to unleash his full potential, attempting to create pressure for Li Moying.

Alas, for a character like Chi Xiao Jiu, Li Moying totally couldn't be bothered about him. In the past Chi Xiao Jiu's ability was totally not worth mentioning so even if ten over years had passed by and he finally managed to blend into the world of. ninth stage realm peak, but he still couldn't enter Li Moying's eye.

Li Moying merely swept a glance at him as his tone was filled with ridicule, "This is considered as arrogant and despotic? Then what do we call Palace Lord Chi for intentionally hurting our Sect's disciples? Supercilious? Seeking your own destruction?"

"YOU—!" Chi Xiao Jiu was stuffed back and his anger just simply rose up.

"It's obviously this young lass who had secretly followed This Seat, eavesdropping on This Seat and Eldest Young Miss Ling's conversation, acting suspiciously with ulterior motives! Yet you actually dare to countercharge against This Seat? Could all of the people in Blue Profound Sect be all so sneaky?"

When Li Moying heard that, his brows rose as he turned and looked at the young lady behind him.

"Li'er, you were eavesdropping on their conversation?"
