### Chapter 2481: Sensationalize Sky Emperor City (2)

Hearing that, Li Moying no longer maintained his usual aloofness and calmness.

Although Bai Liufeng's attitude was a little cold, but he didn't object to his suggestion earlier and that meant to say that he had already agreed to himself and Li'er getting married next month!

This was something that he had wished for in his two lifetimes, and finally hoping for this end result!

He was so excited that he nearly jumped up as he quickly replied, "Many thanks to Father-in-law for agreeing!"

Bai Liufeng swept a glance at him as he spoke in an indifferent tone, "Since the marriage date is already decided, then let's discuss how much of a betrothal gift you are giving!"

Li Moying was honestly stunned, "..... betrothal gift?"

Hearing his hesitant tone, Bai Liufeng was instantly angered, "Why? You wish to marry my daughter, but you're not intending to give any betrothal gift?? You're the Young Sect Master of the Number One Sacred Lands, you can't even come out with the betrothal gift, and you wish to marry a wife??"

Li Moying replied with a slightly embarrassed tone, "Father-in-law, what you're saying is right, this... betrothal gift should be given, but....."

"But what??" On hearing him still trying to debate, Bai Liufeng's anger just arose out of nowhere!

Initially when he heard about the two lifetimes fate between Li Moying and Huang Yueli, he was originally a little touched, feeling that Li Moying would definitely be very good to Lass Li.

In the end, whoever knew that when they were really about to hold the wedding, when he was to come out with the gold and silvers, this stinky brat actually hesitated??

Could it be that the deep sentiments performance previously, were all to deceive Lass Li??

On seeing Bai Liufeng about to fly into a rage, Huang Yueli hurriedly butted in, "Father, don't speak recklessly, Moying he's not petty! It's because all his fortunes had already been placed under my control and he has no money on his hands at all, so it's no use even if you force him...."

This time, it was Bai Liufeng's turn to be stunned, "What? The money is in your hands? Don't be deceived by him! Do you know that based on his identity and ability, how much fortune should he have? Not to mention casually giving you some gold, silver or jewellery and that means it's all his fortune. What's most valuable are those high levelled cultivation methods, Profound Armaments, medicinal pills, rare treasures and whatever priceless yet off-market treasures in his hands!"

Huang Yueli beamed at him as she replied, "Father don't worry, I know clearly what is worth a fortune and what is not, so I will definitely not be on the losing end! Moreover, Moying is actually not as rich as I am!"

When Bai Liufeng heard that, he was suddenly enlightened.

The young lass in front of his eyes was not an ordinary young lady, she was the Number One Armament Master in Soaring Heavens Continent in her past life! God knows how much treasures had she seen before!

Back then, Huang Yueli was termed as Soaring Heavens Continent's Number One Profiteer so how could she possibly be muddled by anyone so easily?

Bai Liufeng then eased his heart as he nodded, "It's good that you know inside your heart...."

In a second, his gaze towards Li Moying turned slightly complicated.

A man of this status like Li Moying, yet he was willing to hand over his entire fortune to Lass Li, that went to prove that he had seen her as his most intimate partner since long ago....

It looked like, as her father, no matter if he agreed or he didn't, he actually wasn't able to stop them from being together at all.

Huang Yueli smiled as she said, "But Father's words had indeed reminded me. Blue Profound Sect is after all the Continent's Number One Sacred Lands and Young Sect Master is getting married so those betrothal gifts absolutely cannot be any lesser, otherwise it will just be too terrible looking on the day! I will think of ways to handle this! Father, Moying and I have never handled such matters after all, and we don't know the rules so can you help me think about what we need to look out for?"

### **Chapter 2482: Sensationalize Sky Emperor City (3)**

When Bai Liufeng heard what she asked, a smile popped out on his face.

"Don't worry about this, other things Father doesn't dare to say, but about marriages, Father was someone who had personally held a few sessions for others when I was in South Yue Kingdom back then, and have more experience than the both of you. Since you're both born in South Yue Kingdom, then this wedding will of course have to be held according to South Yue Kingdom's rules. With Father around to take a look for you two, it will definitely be done magnificently!"

Huang Yueli's eyes lit up as she said happily, "Indeed, Father is the best! Then I will have to depend on Father for help!"

Li Moying sat by the side, as he didn't speak a word, putting on an amiable look, listening to his Father-in-law and his fiancée making decisions.

Seeing Huang Yueli's excited look, he couldn't help but smile as well.

This little fox was most afraid of troublesome matters and a wedding was so troublesome, how would she have the patience to personally handle this?

Now that Bai Liufeng had offered to help out, this lass was indeed excited, as she was able to pass the pot over in a second!

She was really so black-bellied, so crafty, so.... likable!

Huang Yueli was just discussing something with Bai Liufeng as she slanted her head and looked at him, "Moying, what views do you have?"

Li Moying shook his head as he smiled, "I have no views, I'll listen to Father-in-law and I will try my best to satisfy all your requests!"

Huang Yueli giggled, "You're so smart!"

An astute and crafty pair of husband and wife, then threw this entire matter to Bai Liufeng.

....

But the both of them still had many other things to handle, so even if the wedding was passed over to Bai Liufeng's control, they didn't represent that they could relax and stay carefree.

After the both of them left Bai Liufeng's courtyard, Huang Yueli then told Li Moying that she had already informed Bai Liufeng about the matters related to their past lives.

Li Moying was then enlightened, "So it's like this! No wonder your father's attitude towards me had changed quite a bit.... But later on he seemed as though he didn't want to see me again? Why?"

Huang Yueli swept a glance at him, as she spoke out chillingly, "It's probably... because he felt that you're a little too shameless!"

Li Moying, "..."

Huang Yueli looked at his stiff handsome face as though he was rather unhappy over it as she couldn't help but burst out into laughter.

She leaned over and tipped her toes, then swiftly gave him a peck as she smiled, "I just like your shamelessness!"

Li Moying was stunned as he instantly retracted his arms, wanting to hold the little fox into his arms tightly. Such a light peck, how was it able to satisfy him?

However, Huang Yueli had already guarded against him as she turned like a fluttering butterfly, as she flew out of his arms.

"What are you trying to do? Haven't you personally promised my father earlier that before the big day, you will absolutely not do anything to me, how can you forget about this so quickly!" She delightfully stuck out her tongue at Li Moying, "Alright, quick, the day is turning dark soon. We still have to drop by to take a look at Guardian Jun!"

Li Moying looked at her fleeting back as he helplessly shook his head.

This lass... she was simply playing with fire!

The both of them first went to visit Guardian Jun.

Cang Po Jun's face was pale and he looked extremely frail. Although he had already changed into another set of clothes, but they were still able to faintly see the scars on his hands and face so it showed that when he was captured, he must have had it tough.

Seeing Li Moying and Huang Yueli walking in together, he immediately got down from bed as he was about to pay his respects.

“Sovereign, This Subordinate wasn’t able to complete the task which you had entrusted, and almost got caught which allowed those villains to succeed thereby causing such huge trouble... This Subordinate deserves a thousand deaths!”

#### **Chapter 2483: Sensationalize Sky Emperor City (4)**

Cang Po Jun knelt on the ground with a guilty face, as he furiously kowtowed.

Li Moying frowned slightly as he flicked his sleeve and a gentle but extremely robust Profound Energy following his action was dispelled and it propped Cang Po Jun’s body up just nicely, stopping him from the action of kowtowing.

“Enough, things have already passed and This Sovereign has already understood! Although you were indeed not prudent enough, but you went up against eight Sky Chart top exponents alone, it can’t be said to be your mistake to have lost your footing and getting captured. These few days you’ve also suffered enough so there’s no need to blame yourself too much.”

When Cang Po Jun heard that, he was so touched that his tears almost fell, “Many thanks Sovereign, but this Subordinate had committed such a serious mistake after all. If it wasn’t for the fact that you made a timely return, the entire Blue Profound Sect might have its thousands of years’ base ruined..... This Subordinate just cannot forgive myself!”

Li Moying’s brows rose, “Enough, stop thinking too highly of yourself! Just based on you, is it even possible to ruin Blue Profound Sect’s thousands of years of base? Wei Zongguang and the rest are merely just a few clowns and even if an accident really happened today, I will take care of them when I come back! Enough, get up quickly, I have something to ask you!”

Li Moying was especially impatient to handle these matters, and other than having total patience in front of Huang Yueli, towards other people, it was totally not possible for him to speak softly to comfort them.

So, towards what Cang Po Jun said, he was considerably blunt.

However, in Cang Po Jun’s ears, it made him feel much more comfortable.

Li Moying increased a little bit of Profound Energy, forcing him to stand up.

Cang Po Jun didn’t dared to disobey his command and could only respectfully stand by the side, as he cupped his hands in greeting, “Sovereign, what do you wish to ask? This Subordinate will definitely not hide anything that I know, and not stop before I have told you everything!”

Li Moying muttered quietly, “You’ve always had a steady personality and this time you actually miscalculated and got captured so This Sovereign is extremely surprised. On your way of return, what exactly happened to you?”

Cang Po Jun didn’t dare to hide as he hurriedly spoke off everything that he knew.

“This matter has to be blamed on my negligence to take extra precaution. This Subordinate followed orders to rush back to Blue Profound Sect, and because we took the Snow Cloud Sky Ship when we went over, in order to make it more convenient to rush on the way back, This Subordinate borrowed a flying magical beast as a mount at various branches. Whoever knew that in this way, the news of This

Subordinate's return to Blue Profound Sect was passed to Wei Zongguang. He intentionally intercepted this news, not informing Po Yu about it, then later gathering the Six Sacred Lands' other Sky Chart top exponents to lay an ambush outside the Sect."

"This Subordinate was in a hurry to rush back and when I met Wei Zongguang outside the Sect, on seeing that he was a familiar face, This Subordinate didn't take much precaution and followed him on the way back. Whoever knew that he led This Subordinate into an ambush..."

Li Moying nodded, "So that's why! When did all of this happen?"

Cang Po Jun said, "It is already something that had happened more than a month ago. They wanted to use This Subordinate to threaten Po Yu, so they had always trapped This Subordinate in Blue Cloud Hall's basement. Right, back then they felt that it was impossible for This Subordinate to escape so when they were conspiring in secret, they didn't quite guard against This Subordinate. I heard that they seemed to have mentioned.... Lord Zhan! This matter seems to be related to Lord Zhan!"

Li Moying's brows creased, as he wasn't very surprised.

"It's indeed like this! I had suspected that he would probably be involved in this! He really knows how to calculate, using a stalk of Bipolar Black Orchid to lure the few of us to Northern Ice Fields, and secretly sending someone to launch a sneak attack on Blue Profound Sect while the inside is empty! It's really a good plan to kill two birds with one stone!"

#### **Chapter 2484: Sensationalize Sky Emperor City (5)**

Huang Yueli also revealed an enlightened look and added on, "Indeed, what my father said is correct! Lord Zhan had already coveted the Blue Profound Sect for a very long time and this time round, he finally couldn't endure it any longer!"

Li Moying turned his head as his brows raised and questioned, "Father-in-law? What did he tell you?"

Huang Yueli told him about what Bai Liufeng said earlier, that Lord Zhan had colluded with the Six Sacred Lands and using medicinal pills to bribe various large Sect's Elders, cheating those younger talented disciples to the Blood Moon Great Array, as she reiterated the entire story again.

Li Moying listened to her narrating the story and his expression turned graver by the minute.

Cang Po Jun couldn't help but cry out, "This bunch of so-called Elders, usually all look so sanctimonious but I cannot imagine that they actually did such utterly heartless things out! Simply intolerable behaviour!"

Li Moying spoke with a gloomy expression on his face, "Anyway, it was lucky that we managed to return back in time and the younger disciples in the Sect have all escaped this calamity! We should all learn a lesson from this and take this chance to clear out all the traitors like Wei Zongguang, with this kind of disloyal heart, absolutely not letting a single one of them off!"

Cang Po Jun hastily responded, "Yes, This Subordinate will try my utmost best to atone for my crimes, please don't worry!"

Li Moying nodded his head and said, "This matter doesn't require you to worry about it, I've already passed this to Po Hun to manage this! Today there's another matter that I've come to you!"

Cang Po Jun was stunned, as he didn't expect Li Moying to say such a thing.

From what he thought, quickly clearing the traitors in the Sect was the most important matter, but was there actually something else which was even more important?

He hurriedly replied, "Will Sovereign please instruct, This Subordinate will do my utmost best to atone for my crimes by meritorious acts!"

Huang Yueli blinked as she couldn't help but laughed, "Guardian Jun, you really don't need to be so anxious. Moying really doesn't have any intention to blame you... it's like this, we'd like to tell you a piece of good news, Moying and I will be officially holding our wedding next month!"

Cang Po Jun's eyes grew wide with astonishment, as he couldn't recollect his senses for more than half a day.

When he left Northern Ice Fields, Bai Liufeng was still showing Li Moying a face filled with disdain, being totally dissatisfied with whatever he saw on him, so it seemed that if his Sovereign wanted to marry his wife, he would probably need to experience a few more years of hard work and effort.

Whoever knew that it had just been two months and the two of them were actually going to be married?

"Congratulations Sovereign, congratulations Grandmaster Huang!"

He looked towards Li Moying with undisguised admiration. He was indeed Sovereign, he could even handle such a tricky and difficult father-in-law like Bai Liufeng!

Li Moying's face showed a pleased expression as his big day was nearing so he totally couldn't hold his usual cool and harsh look, and whoever he saw was much more pleasing to the eye by several times! Even if it was that scum, Wei Zongguang, he wasn't able to affect his good mood.

"Po Jun, this time Po Yu had suffered a serious injury and Po Jun had asked to personally investigate Wei Zongguang's matter, so you're the only one left who doesn't have much to do so you'll be responsible for preparing for the wedding."

Cang Po Jun was stunned, "But This Subordinate, ughh... don't know all these things....."

Li Moying replied, "No matter what, you just need to coordinate with Marquis Bai, and listen to his instructions. That would do."

Cang Po Jun hurriedly expressed that he would handle this joyous occasion well.

Li Moying then nodded his head satisfactorily, as he gave more instructions before leading Huang Yueli away.

On their way to the room, Li Moying simply could not out-talk Huang Yueli so he could only accompany her to see Cang Po Yu.

Luckily, Cang Po Yu was still in an unconscious state and had not awoken so even if Li Moying had a stomach full of vinegar, there was no way he could release it at all.

**Chapter 2485: Sensationalize Sky Emperor City (6)**

Liu Buyan, on the other hand, had not left and when he saw Li Moying and Huang Yueli walking over together, his face revealed hints of ridicule as he looked at Li Moying, "Not easy eh, you're actually willing to let my Junior Sister come over? I thought that a vinejar urn like you would directly assign Guardian Yu to the border!"

When Li Moying heard that, he swept a neither cold nor warm gaze onto him as his footsteps took a halt and he suddenly laughed.

"Why should I be jealous? I am Li'er's husband! No matter how much other people like her, they can only keep this inside their hearts."

"Husband?" Liu Buyan gave a harrumph, "You're still not after all, so don't be so complacent that early!"

However, Li Moying's smile on his face didn't decrease, "Not early, not early, we are going to get married very soon and if I still don't assume the position of her husband, Father-in-law will be angry! Right, I forgot to tell you, I and Li'er's wedding date has already been set, and it's on next month's twentieth!"

Liu Buyan instantly couldn't continue with his smile as the expression on his face also turned relatively stiff.

"You.... what did you say? Your wedding date has already been set?? So soon??"

Li Moying saw his despondent look and his heart felt extremely delighted as his smile became even more radiant.

"Soon? Not soon, right? I've been with Li'er for such a long time and we've been engaged for more than two years so it's considered late to get married now! But at least I am able to marry the girl who I like, so waiting for such a long time is all worth it!"

Saying that, he intentionally suppressed his voice, "Buyan ah, in the past we were best buddies and you're Li'er's Senior Brother so after we finished the discussion with Father-in-law, the first person whom we informed is you, not even having any time to prepare the wedding invitations! We'll pass it over to you later on, so please don't mind!"

The more he said, the more delighted he got and the more Liu Buyan's expression turned uglier by the second.

Huang Yueli was getting more and more speechless upon hearing that....

It really was enough! How did this man become so childish??

She stretched out her hand and made a grab for him, "Enough, stop talking already! Isn't it just getting married? Is it worth it for you to be so complacent?"

Li Moying drew her into his arms along with the flow as he smiled with satisfied aspiration, "Of course I am complacent, why can't I be? We're only married this once in both lifetimes, so of course it's the number one big thing! How can you say that it's a small matter?"

Huang Yueli patted his arm with force, "Alright, alright, alright, it's a big thing, big thing! Let go of me first!"

Li Moying gave a harrumph as he started to act shamelessly, "Not letting go! Earlier your tone was just too terrible, totally not putting any emphasis onto our wedding! Looks like this fiancé of yours had not done a good performance so we must be more intimate in future!"

Huang Yueli was completely defeated by him as she couldn't help but roll her eyes at him, "You... Can you stop being so childish! We are here to see Guardian Yu, and the patient is still here, can you be a little more solemn!"

"I just can't be solemn!" Li Moying had a face filled with a smile as he simply couldn't stop himself.

When those female serving attendants who had been entering the room to serve them saw this, they all revealed a badly shocked expression.

This was simply too horrifying, their wise and brilliant Sovereign had always been cold with no emotions, always standing at the top so who was this man who smiled like a fool?? Could it be that this was a retard who looked exactly the same like their Sovereign?

Huang Yueli was pinpointed by that pair of glistening and dazzling peach blossom eyes as her face uncontrollably blushed with a shade of red.

#### **Chapter 2486: Sensationalize Sky Emperor City (7)**

In order to prevent Li Moying from saying more embarrassing things, Huang Yueli could only hasten her speed.

She walked towards Cang Po Yu's bed and swiftly checked on his state as she inquired a little on Cang Po Yu's condition.

Unfortunately, after Liu Buyan suffered such a heavy blow, he was totally despondent as his thoughts wandered and he answered perfunctorily.

Huang Yueli sighed silently as she was slightly worried about Cang Po Yu's condition... her Senior Brother looked really unreliable!

Maybe later she should get someone over to invite her Master to have a look!

She was pondering over this in her heart as she hastily pulled Li Moying and turned around as she prepared to leave.

Suddenly, just as she and Li Moying turned around, Liu Buyan suddenly awoke from his daze as he cried out urgently.

"Right, Moying! I have something very important to tell you... if you're convenient, go with me to next door's study to have a short chat."

Their footsteps took a pause.

Huang Yueli turned her head around as her eyes blinked with curiosity, "Senior Brother, what matter do you have?"

Liu Buyan nodded his head and replied, "There is something..."

Huang Yueli found it a little strange because Liu Buyan was innately unconstrained and there were very rare times when he was this strict and solemn, and that made her feel that things didn't seem quite right.

"Since that's so, then let's head over next door now!"

As Huang Yueli said that, she pulled Li Moying along as she headed over.

But she was called upon by Liu Buyan once again, "Junior Sister, wait.... This matter, I wish to speak to Moying alone! You're a girl and it's not suitable for you to hear all these, so... ughh, can I trouble you to lend me your fiancé for a moment? We just need ten minutes and that will do!"

Huang Yueli's puzzlement became even stronger when she heard that, "What do you mean? Is there something that I cannot hear? There are no secrets between Moying and I! Right?"

She turned around and took a look at Li Moying.

Whoever knew that Li Moying actually nodded his head instantly, "Alright, then we'll listen to you." He lowered his head and gave Huang Yueli a warm smile, "Li'er, head back first and I'll come over to have dinner with you later."

Huang Yueli was stunned as she took a suspicious look at him and Liu Buyan, feeling rather ill at ease in her heart.

".... Alright then, but don't you two even think about hiding something from me and do some stuff, otherwise... hng hng, you know what I mean!"

...

After Huang Yueli left, the two men walked into the study room next door.

When the door shut, Li Moying's expression instantly sank as he had already faintly guessed what Liu Buyan was going to say.

Between him and Huang Yueli, the only thing that he couldn't come clean about, was related to his illness.

As expected, the two of them had just stood still as Liu Buyan opened his mouth, "I had not expected that you'd be getting married to Junior Sister so quickly.... So there's one thing that I haven't been able to tell you in time."

"What's the thing?" Li Moying already had a bad premonition.

Liu Buyan apparently was rather hesitant, "This.... previously I haven't decided if I should tell you or not but now that things have come to this pass, I'm afraid that it's not up to me to continue delaying this. I also don't know if telling you this is right or not...."

The more Li Moying heard, the stranger he felt and suddenly an intense uneasiness gushed up in his heart which made him lose his patience completely.

"What exactly is it about? Just tell me directly! A man should speak outright, why bother to hem and haw like this?"

## Chapter 2487: Sensationalize Sky Emperor City (8)

**Translator:** Misty Cloud Translations **Editor:** Misty Cloud Translations

Hearing Li Moying saying that, Liu Buyan didn't drag it any longer.

He took a deep breath and said, "Alright then I'll speak directly! Twenty over years ago, I had unintentionally once auctioned a few remnant pages of the <<Drifting Cloud Scroll> in Soaring Heavens Merchant Guild's auction once..."

On hearing the three words "Drifting Cloud Scroll", Li Moying instantly became anxious as he questioned closely, "What's going on? You have a few remnant pages of the <<Drifting Cloud Scroll>>? How come I've never heard of you mentioning this before??"

No wonder Li Moying felt so discomposed!

Because this ancient manual revealed simply too many secrets!

Just because Lord Zhan had a complete set of <<Drifting Cloud Scroll>> in his hands, Huang Yueli and his secrets were exposed one after another which led them to fall into his trap, almost losing their lives!

So this ancient manual, in Li Moying's eyes, was the most evil book in the entire Soaring Heavens Continent!

As long as it was related to the <<Drifting Cloud Scroll>>, things would definitely not turn out right!

Liu Buyan said, "Haven't I said so already? These few remnant pages are something that I chanced upon unintentionally! Moreover I totally didn't bother about these few remnants and broken pieces of paper at all so I've never really taken a careful look at it. It was Lord Zhan who mentioned the <<Drifting Cloud Scroll>> the last time hence I specially dug out these to research on it again. In the end, it made me find out a huge secret!"

"What secret?" Li Moying frowned.

Liu Buyan took a look at him as he dug out a few yellow and faded pieces of paper, but considered rather well-preserved pages.

His slender long beautiful fingers held onto these pieces of paper as his actions took a pause, seemingly starting to hesitate once again.

When Li Moying saw that, he simply couldn't continue waiting as he struck out directly, and picked out those few remnant pages from Liu Buyan's fingers.

"Hey? Wait, how can you snatch it??" Liu Buyan frowned as he wanted to snatch it back.

However, Li Moying had already moved back swiftly by ten over steps and hid in one corner as he raised the remnant pages in his hands, reading ten sentences in one glance.

He had just taken a look when his body started shaking vigorously!

Following that, he put those few pieces of paper in front of him, holding it tightly in his hands, as he took a careful look over and over again.

The more Li Moying looked, the more astounded he was as his brows creased together tightly while muttering, "How is this possible? Why is it like this??"

Liu Buyan originally couldn't decide but now that Li Moying had already seen the contents in these few remnant pages, he no longer needed to make a decision.

He sighed silently as his heart felt extremely apprehensive, while staring at Li Moying.

When Li Moying lifted his head once again, his complexion had turned extremely pale.

"You... are these real? These few remnant pages... is it something that you found intentionally to trick me?"

Liu Buyan shook his head, "I wished that these are really something that I've spun to cheat you.... even if I wanted to trick you, I won't go and trick Junior Sister! Although I'm unresigned, but Junior Sister likes you so how can I possibly come in between you two at this moment? I don't want to make Junior Sister upset..."

When Li Moying heard that, he also started to turn silent.

Actually, he himself knew how dumb that question he asked earlier was!

But he received a huge blow earlier so his heart eventually had a wishful thinking, somehow feeling that this wasn't possibly true!

But now that he had started to calm down, his thoughts took a turn and things were exactly as what Liu Buyan said.

Liu Buyan no longer had the need to deceive him...

Li Moying waved the paper in his hand and asked, "Li'er doesn't know about this matter, right?"

### **Chapter 2488: Sensationalize Sky Emperor City (9)**

Liu Buyan shook his head, "How could I possibly tell Junior Sister about such a thing?"

Li Moying nodded his head, "Since this is so, then please help me to continue hiding this secret, and not reveal a single word to Li'er!"

Right now, he had completely calmed down.

The contents revealed on the remnant pages of the <<Drifting Cloud Scroll>>, although had indeed left him extremely shocked, and he felt that it was difficult to accept it but at least it was much better than finding out that he had only one month to live.

At least, the problem now was not related to his life.

The worse scenario was merely that his cultivation would never be able to recover.....

Li Moying kept on thinking about this in his mind, and at the same time he held up those few remnant pages in his hands, "Leave these with me first, I don't hope that Li'er would have a chance to get them....."

Liu Buyan's expression became even more astute when he heard that and stretched out his hand to stop him, "Moying, what are you planning to do from here? Give me a confirmed answer! Your wedding... are you still going to continue with it?"

Li Moying took a look at him with a composed expression, "Continue, of course it has to be carried on!"

"You....." Liu Buyan's expression changed, as he almost couldn't stop himself from landing his fist on his face!

"Haven't you read clearly earlier? You!!! There's a possibility that you will harm Junior Sister's life! Could it be that you are not intending to care about Junior Sister just to take the chance to resume your former ability? I've never expected that you're actually such a selfish person! If you really dare to do this, I will absolutely not let you off!"

Li Moying took a step back slightly as he put on a slight frown, "Don't be so agitated... I know what you're thinking, relax, how would I possibly do something to hurt Li'er? But you don't wish for Li'er to self-blame herself and become upset after she finds out the truth, right? Otherwise you'd have passed these few remnant pages over to her earlier, isn't that so? So in order for her to not become suspicious, I must continue with the original plan to get married!"

Liu Buyan's face was filled with distrust as he stared at him tightly.

"What you're saying... is it all the truth? You're not intentionally lying to me, so it doesn't mean what you say right?"

Li Moying swept a glance at him as he spoke out calmly, "Don't you find yourself ridiculous for asking all these? Now... you can only choose to trust me, isn't that so?"

Liu Buyan's body trembled, as his expression became even paler.

At this moment, he really doubted his own decision to hand over the few remnant pages of the <<Drifting Cloud Scroll>>. Did he do the right thing?

Li Moying looked at him and shook his head slightly, "I know you're concerned about Li'er hence you doubted me in this way.... but I can swear to Heaven that I would rather fall into eternal hell and will absolutely not hurt Li'er at all! Everything I've done in the past, doesn't it verify this point??"

Liu Buyan continued to look straight at him, "That's different. Even if you're willing to fork out your life for Junior Sister, that doesn't necessarily mean that you're willing to fork out other things.... you should know my meaning clearly."

Li Moying replied, "Up to you to believe or not, time will eventually prove everything."

Right now, his expression had already resumed back to normal, as though the despondent man who had just read those few remnant pages of the <<Drifting Cloud Scroll> had never existed previously.

Li Moying finished his words and tied up his clothes as he spoke out, "If there's no other matters, I'll make a move first. Li'er is still waiting for me to return and I don't wish for her to be waiting anxiously."

Liu Buyan took a deep sigh as he sent him out with his eyes.

...

Huang Yueli had not returned to her bedroom at all, but had been waiting at the door instead.

### **Chapter 2489: Sensationalize Sky Emperor City (10)**

So the minute Li Moying stepped out of the door, she immediately pounced over.

"Moying, what exactly were you discussing with Senior Brother? Why did you chat for such a long period of time?" Huang Yueli hugged Li Moying's arm as her little lips pouted, grumbling with dissatisfaction.

When the both of them left the room, the expressions on their faces were a little strange.

So the longer they stayed in the study room, the more uneasy Huang Yueli felt.

But unfortunately, these two love rivals who usually engaged in a state of mutual hostility had really chatted for a long period of time. Huang Yueli waited outside until her tummy rumbled when she finally saw Li Moying's tall statue walking out from the door.

Li Moying's lips surfaced a smile as he stretched out his hand to tidy up Huang Yueli's hair which were messed up by the wind while chuckling softly, "Didn't I ask you to go back to the bedroom first? Why are you guarding by the door and refusing to go back? Could it be that you can't bear to be too far apart from me?"

Huang Yueli rolled her eyes at him, "Who doesn't bear to be apart from you? It's because I saw your secretive looks.... Speak, are you doing something bad while hiding it from me?"

Her watery big eyes were opened wide as she used an interrogative gaze, sizing Li Moying up and down, not missing any single change of expression on his face.

However, Li Moying had long been prepared so how would he possibly be seen through by her so easily.

He shook his head as though he was helpless with a smile which was filled with adoration in his eyes while he stretched out his hand to pinch her cheek, "You ah.... Keep saying that I love to be jealous everyday, I think you're the one who's petty! I just left you for around two hours and you're suspecting that I'm doing something bad behind your back! What bad things can I possibly do? Surely it can't be that I got together with your Senior Brother, right?"

Huang Yueli was stunned before realising the meaning in his words and went speechless, "What rubbish are you sprouting! No way, don't divert the topic! Quickly tell me clearly, what were the both of you talking about inside earlier! Why must you hide it from me!"

Li Moying touched her little head and said, "There's really nothing. Your Senior Brother is just worried about you hence he called me over to give me a severe warning! He even said that if I don't treat you well, he will poison me to death! You tell me, why am I so miserable? There's so many people at your

parental home and everyone is standing up for you. Why is there no one to ask, what if you bully me, what should I do?"

Huang Yueli clicked her tongue as she replied, "Of course everyone loves me! Your skin is so thick and your cultivation is so high, how would I possibly have the ability to bully you! But don't worry, if Senior Brother really poisons you, aren't I still around? I will find the antidote for you!"

Li Moying's brows rose, "Then I'll have to first thank my wife...."

Seeing Li Moying leaning over to her side, Huang Yueli instantly stretched out her hand in alert, as she blocked her chest area and pulled some distance apart between the both of them.

"Wait, we're not done talking yet! The both of you went in for a total of two hours, in the end all you talked about are these?? What else did you talk about?"

Li Moying absent-mindedly replied, "You also know your Senior Brother, self-assuming that he's the only one who really cares about you hence he can't stand me in any aspect. It's really a coincidence that I also can't stand him so I used my body language to interact with him for a while! It took some time!"

"What?? You even started fighting?? Why didn't I hear any commotion?" Huang Yueli asked puzzledly.

Li Moying replied, "No, we didn't fight! Just a friendly interaction! Surely I don't need to tear Levitation Sword Palace apart right? Alright, Li'er, stop mentioning your Senior Brother in every sentence, if you continue calling him, I'm really going to be jealous..."

### **Chapter 2490: Sensationalize Sky Emperor City (11)**

Huang Yueli apparently didn't quite believe Li Moying's bluff and she frowned slightly as she looked right into the entrance of the study room.

Just at this moment, the room's door creaked open.

Liu Buyan appeared at the door of the study room with dishevelled hair, and his clothes were also strained with traces of mud, with some bruises on his face.

"The both of you... can you stop showing off your love in front of me?" He gritted his teeth as he hissed.

His image had verified Li Moying's words and Huang Yueli was stunned as she was dragged away while Li Moying found a chance to do so.

...

On the second day, Blue Profound Sect officially distributed a notice, announcing the news that Young Sect Master Li Moying's marriage with his fiancée Bai Ruoli.

When this news was announced, it seemed as though it had been attached with wings as it was instantly spread throughout every single corner of Sky Emperor City.

These few days, practically every single practitioner was discussing this matter which sensationalized the entire Sky Emperor City!

Practitioners getting married were originally not commonly seen because most practitioners would pursue the peak of cultivation without anything to hold them back, and not get married for the rest of their lives.

Whereas this round, the two who were getting married, were the peerless geniuses in Soaring Heavens Continent's Number One Sacred Land!

Li Moying as Blue Profound Sect's Young Sect Master, his identity was valuable and moreover he had already reached to ninth stage realm seventh level at such a young age, so in future his achievements would absolutely be above Mu Chengying's!

Whereas the female lead Bai Ruoli wasn't simple as well. Not only did she have outstanding talent in the art of cultivation pathway, she was also a high ranking Armament Master, and she was also the disciple of Divine Doctor Dai Boqi, as she started to learn pill refining skills! This kind of talented young lady was simply unheard of, which made one unable to imagine!

This pair of newly wed, not only had outstanding talents, what was most rare was that the both of them had extremely outstanding looks as well. Just standing there alone would be able to attract everyone's attention.

The both of them were an ideal couple and were extremely compatible. Only thing was just how many young men and women's hearts would be shattered on their wedding day.....

Although ordinary practitioners envied this couple, and also had the self-awareness that their disparity was too far from them, other than being envious, jealous and hatred, there was no other contents which they could talk about.

But to the higher management of the Six Sacred Lands, hearing this means was not just a bolt of lightning on a clear day!

Because the Elders whom they had sent over to Blue Profound Sect, till today were still missing and their plans to control Blue Profound Sect secretly, had no result as well.

The few Sect Masters were originally feeling apprehensive and at this moment, Li Moying's marriage news came at the same time.

This time round, all of them were all disoriented.

Celestial Heavens Gate totally couldn't sit still as they sent Ling Qing Yu at the first moment over to Mythical Flame Palace, to find out more news.

"Palace Lord Chi, do you know what's going on in the Blue Profound Sect? Has Mythical Flame Palace already received Li Moying's wedding invite as well?" Ling Qing Yu couldn't wait as she asked the minute she entered the secret room.

Chi Xiao Jiu's face was gloomy as he replied, "Celestial Heavens Gate has also received it? This Li Moying is really very arrogant and imperious. He obviously knows that we're finding trouble with him and he actually dares to send his wedding invite to our doors!"

Ling Qing Yu frowned as she replied, "What do you think he means by this? Elder Chen and the rest have already gone to Blue Profound Set for more than a month and some days ago, they even sent a secret

transmission to say that they're preparing to make a move within those few days! Whoever knew that following that, there was no more news? Moreover, how did Li Moying suddenly return back to Blue Profound Sect? Wasn't he trapped in the Northern Ice Fields by Lord Zhan?? When exactly did he return? Has he discovered our plan?"
