

## Weaponsmith 2501

### Chapter 2501: The big day (8)

Li Moying shot a fleeting glance at him and didn't say anything at all.

Although he usually was often infuriated by Liu Buyan, but today was his big day!

No matter what, he would be the final victor, the only man who could become Li'er's husband so he wouldn't argue with the failed love rival!

Looking at Li Moying's unconcealable delighted smile, Liu Buyan couldn't help but give a cold harrumph.

"Now what should we do? The wedding ceremony is about to start and you're still shut outside by your father-in-law, are we going to continue waiting? We might miss the auspicious hour by then!"

This cold water was poured down from his head and Li Moying's face still hung with a smile, "How would that be? There's not only Father-in-law in the courtyard, there's also my Li'er herself!"

His smile was simply too irksome and Li Buyan simply couldn't help wanting to give him a punch, so that he could stop smiling!

"Hmm, my Junior Sister listens to her father especially so, and if Marquid Bai doesn't allow her to come out, will she possibly go against her own father!"

Li Moying's lips curled slightly as he took another step forward, raising his voice to remind, "Father-in-law, the time's not early already, will you please allow me to enter to escort the bride!"

In the courtyard Cai Wei was anxiously turning around in circles.

"Marquis, Uncle is calling outside again, you think.... it's already at this hour, should we.... invite him in?"

For the preparations, Li Moying had specially returned back to South Sky Region and invited some old friends who were on pretty good terms with him and Huang Yueli.

Cai Wei as well as some others serving maids who had always been loyal towards Huang Yueli also came along.

Bai Liufeng personally observed them and after he was quite satisfied with them, he decided to let them stay in Levitation Sword Palace, to take care of Huang Yueli's lifestyle.

Bai Liufeng looked at the sky outside to discover that the sun was indeed about to go down.

However, he put on a cold look as he gave a harrumphed, "What's the hurry! Isn't there still two more hours before the wedding ceremony? What's there to be so pressed about?"

Huang Yueli also couldn't bear for this situation to continue as she couldn't help but protested softly, "Father, it's really not that early already.... from here to Levitation Sword Palace, we can't use any Profound Skills to carry the sedan chair over and that will already take one hour. There are also many other ceremonies to prepare....."

"What do you mean? You only see that stinky brat Li Moying in your eyes and totally forgot about your father right! Are you just itching to get married to him!" Bai Liufeng gave her a stare!

Everyone said that when a girl was of age, she should be married off and when Lass Li was still small, he had obviously decided to let her get married only when she was a hundred years old!

Alas as Heavens always don't grant people's wishes, she was actually getting married so soon.....

After today, he would no longer be able to stop that stinky brat from getting close to his daughter! His heart felt really so sour, so painful.....

When Huang Yueli saw Bai Liufeng's spitting anger look, she didn't know if she should laugh or cry.

Hence she could only stand up and walked right next to Bai Liufeng, holding his arm as she swayed it while acting like a spoiled child, "Father.... Don't be like this! Even if I'm married, I will not forget about Father, I swear!" She obediently raised up three fingers to make the vow.

Seeing Huang Yueli's obedient look, Bai Liufeng finally felt slightly better.

He looked at Huang Yueli's small face which looked extremely similar to her mother, and that pair of large eyes that resembled him a lot, and he instantly felt all sorts of feelings welling up in his heart.

He squeezed Huang Yueli's little hand and his eyes welled up, as a drop of tear rolled down.

"Lass Li, Father hadn't taken good care of you.... for so many years, I've made you suffer so much.... And when I've finally found you, you're about to get married..."

### **Chapter 2502: The big day (9)**

"Father....." Huang Yueli's big eyes blinked and originally she wanted to comfort Bai Liufeng but when she opened her mouth, she was shocked by her own choking voice!

Unknowingly, her eyes were brimming with tears as well.

Bai Liufeng gave a long sigh as he opened his arms wide and held her in his arms.

"Father still remembers that when you were just born, you were just a little bundle and your body was all red like a little monkey. But your mother was afraid that you'd look ugly. I even comforted her saying that you look exactly just like her and when you grow up, you'd definitely be a gorgeous beauty! Back then I was just talking blindly but whoever knew that after you grew up, you really look exactly the same as your mother.... What a pity, she's not able to see you getting married....."

Huang Yueli lifted up her sleeve to wipe her tears and comforted Bai Liufeng,, "Father, don't worry! I will accompany you to rescue mother, and we will definitely save her out of there!"

Bai Liufeng shook his head secretly but the words he said were, "Alright, you will accompany Father... but today after you get married, you will become a part of the Li family....."

Bai Liufeng's tone was utterly downcast.

Huang Yueli hurriedly comforted him, "Father what are you saying, what Li family Bai family! We practitioners aren't even particular about this. Although I am marrying Moying, but I'm still Bai family's daughter! You're also still staying in Blue Profound Sect and I'll accompany you every day! It will be no different from the past!"

“Really? Will you come visit Father every day?”

Huang Yueli hurriedly promised, “Of course!”

Hearing Bai Liufeng’s tone slightly relaxed, Huang Yueli felt joyful in her heart, thinking that the former would soon relent.

Whoever knew at the next moment, Bai Liufeng casted out the most difficult question of the century!

“Then tell Father, between Father and that stinky brat surnamed Li, who is more important in your heart?”

“... Ughh ah??” Huang Yueli’s eyes widened as she was dazed.

What kind of question was this??

This question... was it really something that her wise and almighty, suave and handsome, distinguished and accomplished elegant father had asked!!

Just as Huang Yueli’s face was dazed, Bai Liufeng casted out the second question, “If Father and that stinky brat surnamed Li met with danger at the same time, who will you save first?”

Huang Yueli stayed in a daze for quite a while before she burst out laughing.

Bai Liufeng kept staring at her eyes as he put on a solemn expression waiting for her reply.

He didn’t expect that not only did Huang Yueli not reply, she even laughed!

Bai Liufeng’s heart seemed as though it was shot with an arrow!

His face sunk, “What’s there to laugh about? Is it very funny? Indeed, when one’s daughter grows up, her elbow would bend towards the outside! Father is just not important any longer!”

Huang Yueli’s lips twitched as she really didn’t expect when her father started to act childish, he really could fight it out with Li Moying!

Luckily, the current her was very experienced in coaxing others so she hurriedly said, “Of course Father is more important. Without Father, there would be no me! I like Father the most!”

Anyway Li Moying wasn’t around so she would first coax the daughter-controlling father first!

As expected, under Huang Yueli’s coaxing, Bai Liufeng’s complexion turned much better and he took a look outside the window to find that the day was really no longer young so his expression relaxed slightly.

Just at this moment, outside the door came Li Moying’s knocks again.

“Father-in-law, may I enter?”

Bai Liufeng pacified his own feelings for a moment before he turned his head and said sulkily, “Cai Wei, go open the door for your Uncle!”

Cai Wei responded as she slipped away quickly towards the door.

### Chapter 2503: The big day (10)

A “creak” sound was heard and the room door opened up.

Li Moying had already been waiting outside for an entire day and he finally saw the tightly shut door opening up.

His joy was reflected on his brows and without considering anything else, he directly shot forward and inside.

“Li’er!!”

Li Moying’s footsteps halted and he was stunned as he stared blankly at the young lady in front of him.

Huang Yueli had already put on the bright red bridal gown and was seated in front of the table with a smile on her face as her pitch black hair was tied into a complicated but elegant bun.

Her face was done up with an extremely beautiful make-up and her lips were applied with a bright red lipstick which enhanced her already graceful and refined features.

Huang Yueli usually dressed up in an simple neutral colours which made her look refreshed and free from vulgarities, so she rarely put on such thick makeup.

But to a genuine peerless beauty like her, light or heavy makeup had its own characteristics, and as it was different from her usual dressing, it reflected another side of her beauty.

Li Moying’s eyes went straight and for a moment in time, he even forgot to breathe!

Just at this moment, a red coloured head covering was dropped from the top of her head, blocking out her stunning looks.

At the same time, Bai Liufeng hissed through gritted teeth, “Are you done looking! You haven’t even completed the ceremony and just stare at the bride like this, whatever next??”

Li Moying knew that he was in the wrong as he hurriedly lowered his head and retracted his gaze.

“Father-in-law please be appeased, it’s my mistake.”

However, inside his heart, he was reminiscing that graceful beauty that he had glimpsed upon earlier...

Bai Liufeng felt unresigned and started to criticise Li Moying a little more but no matter how unresigned he was, the auspicious hour was closing in and he could only personally carry Huang Yueli on his back, sending her onto the bridal sedan.....

...

In the main hall of Levitation Sword Palace, the guests who were here to offer their congratulatory messages had all arrived.

Other than Cang Po Yu who was still recuperating, Cang Po Jun, Cang Po Hun and other respectable ninth stage realm Elders in Blue Profound Sect were now in the main hall receiving guests.

Many of them stepped into Levitation Sword Palace's restricted area Levitation Sword Palace for the first time and were all full of praise for the wedding venue.

However, the guests had already drank three cups of tea and they waited for a long time but had yet to see the bride and groom appear.

Most of the guests were puzzled but as this was Blue Profound Sect's turf, they didn't dare to ask too much.

Chi Xiao Jiu and the other Six Sacred Lands' Sect Masters all silently exchanged gazes.

As time pushed past, even Cang Po Jun found it strange as he summoned the female attendant, "Go to the rear mountain and ask, why hasn't Sovereign and Grandmaster Huang come over yet?"

Although he also understood that Bai Liufeng would definitely be out to make things difficult for Li Moying, but..... it was already so late so wasn't it dragged on for too long already!

Luckily, just as the female attendant was prepared to step outside, there was a burst of clamour and shrills coming from the entrance.

"They're here, they're here! The bridal sedan is already at Levitation Sword Palace's entrance! Young Sect Master Li had also arrived!!"

"Young Sect Master Li is indeed the newly ascended Number One Handsome Male of the Continent! He looks simply dashing in the groom's clothes..."

"No matter how handsome he is, you don't have a chance! He's the groom today!"

Various younger generation disciples all couldn't suppress themselves as they all crowded around the door to join in the fun.

When Cang Po Jun and the others saw that, they also went forward to welcome them with a face filled with joy!

Levitation Sword Palace's empty space in front of the door had already firmly planted a luxuriously decorated bridal sedan.

#### **Chapter 2504: Mu Chengying... is not dead yet! (1)**

**Translator:** Misty Cloud Translations **Editor:** Misty Cloud Translations

Li Moying got off the horse and shot towards the bridal sedan like an arrow as he stretched out his hand into the curtain in front, silently waiting for his bride to appear.

Everyone was fully concentrated in the direction of the bridal sedan as they held their breaths.

Huang Yueli sat inside the bridal sedan and her head was covered by the thick and heavy head covering so she could only see that slender big hand as it slowly extended towards her, firmly and dedicatedly stopping in front of her.

Huang Yueli's lips which had bright red rouge applied on it curled upwards, as she placed her little hand onto Li Moying's.

The moment their palms met, Li Moying instantly clasped his fingers, wrapping her fair and beautiful little hand tightly into his hand.

“Li’er, follow me!” Li Moying’s mellow voice rang.

Not knowing why, the usual familiar voice that she was extremely used to, sounded extremely sexy today and that made her ears turn red, her face flushed with a shade of red.

Luckily her face was hidden by the head covering hence no one else was able to see her expression now.

Huang Yueli was led by Li Moying by her hand as they walked step by step towards Levitation Sword Palace.

She had walked this path numerous times and she was actually extremely familiar with it.

Even without Li Moying’s lead, she would absolutely not trip and fall.

However, at this moment, when her hand was held on tightly by Li Moying, walking towards the palace, her heart was filled with joy and peace.

After tonight, she and Li Moying would really be a true husband and wife.

From today onwards, their names would be linked together forever, and no matter when, at any moment or in any difficulties, nothing would be able to separate them....

Amid the crowd’s envious chattering, the newlyweds had already walked hand in hand to the front of the main hall.

On the host seats, the bride and groom’s Seniors were already seated at their positions.

Huang Yueli’s side’s Senior, naturally was Bai Liufeng who had attended the function personally whereas on Li Moying’s side, it was his biological father for this lifetime, South Yue Kingdom’s Emperor.

Some days ago, he was brought over together with Cai Wei and the others to Sky Emperor City.

On seeing the envoys sent from Blue Profound Sect, this Emperor was almost scared out of his wits!

He simply couldn’t imagine how he was related to the awe inspiring Number One Sacred Lands in Soaring Heavens Continent and thought that he had unwittingly offended someone, hence he had caused the large Sect’s call for revenge!

Whoever knew the result was that these people were actually here to invite him to attend Li Moying’s wedding!

When he met with Li Moying and Bai Liufeng in Levitation Sword Palace, the Emperor thought that he was still in a dream! It took him a long time before he was able to accept this truth!

He had not expected that in the past few years, the son whom he had slighted so much had actually become the successor of the Number One Sacred Lands! This was really a cake which fell from the heavens, crashing onto his head!

The Emperor was extremely elated and tried ways and means to express his fatherly love, to pull his ties to Li Moying a little closer.

However, Li Moying treated him coldly and the both of them totally didn't have much feelings to talk about. Li Moying had invited him here because he just wanted to make his wedding look a little more normal!

Seeing this pair of newlyweds walking forward hand in hand, the Emperor was both excited and melancholic.

Seated right beside him was Bai Liufeng and was considered as a friend who was on close terms with him back then.

But now, Bai Liufeng was already a ninth stage realm peak top expert whereas he....

The both of them were totally not in the same world any longer.

Cang Po Jun gave a slight cough when he saw Li Moying and Huang Yueli standing still, "The wedding ceremony shall officially start right now....."

### **Chapter 2505: Mu Chengying... is not dead yet! (2)**

"First bow to Heaven and Earth....."

Li Moying and Huang Yueli were just about to bend over and bow.

Suddenly, a cold harrumph from the spectators was heard, "Hold on!"

The person who called out had used Profound Energy, and his voice instantly emitted throughout the entire venue.

The original bustling main hall was cut off by this cold harsh voice, and that was extremely abrupt!

Everyone had a shock as they turned their heads to take a look.

Chi Xiao Jiu stood up from the VIP seat as he took a step forward and his expression was astute and conceited, as though he was worried that no one had realised that he was the one who disrupted the wedding ceremony!

Cang Po Jun's face sunk, "Palace Lord Chi, what do you mean by this? This is our Young Sect Master's big day and you call out suddenly like this, isn't that a little too lacking in manners!"

Hearing his harsh accusation, Chi Xiao Jiu seemed as though he had nothing to fear as he continued with a cold laugh, "I'm lacking in manners? I think the one who's lacking manners is your Blue Profound Sect!"

"You....."

Cang Po Jun was just about to open his mouth when he saw Li Moying stretching out his hand to stop him.

Li Moying looked towards Chi Xiao Jiu as his glare was chilly, "Palace Lord Chi, what do you mean by that? Today you interrupted my wedding and if you don't give a logical explanation for this, then I have no other choice but to believe that Mythical Flame Palace is intentionally going against the Blue Profound Sect!"

Hearing what Li Moying said, all the practitioners present all sucked in a breath of cold air!

Most of them who had come to Levitation Sword Palace, were all hoping that they would be able to witness the rare joyous occasion in the past hundred years in Soaring Heavens Continent, and at the same time, fawn on the Number One Sacred Lands.

Originally they thought that it was an easy task but whoever knew that the wedding ceremony was still ongoing and Chi Xiao Jiu actually jumped out!

From the stance, he who came was surely ill-intentioned and no well meaning would continue.....

Whereas Li Moying's attitude was even tougher!

Chi Xiao Jiu saw Li Moying's imposing manner and suddenly feel a chill running down his back. Not knowing why, he suddenly felt that this immensely handsome young man in front of him seemed to have an indescribable strong aura on him and that made one develop fear from the bottom of their hearts on one look!

Momentarily, he developed an illusion, thinking that the person he saw was actually Mu Chengying!

Ling Qing Yu who was beside him tugged him and Chi Xiao Jiu regained his senses.

Earlier he.... must have been too anxious, hence he developed that hallucination.....

Li Moying this stinky brat was just twenty over years old and no matter how powerful he was, there was a limit to it so what was going on with him earlier?

Chi Xiao Jiu cleared his throat and said, "Young Sect Master Li, these words of yours are simply too much! Who is the one who is intentionally disrupting the wedding, you should know this very clearly! Since you are intentionally acting blue, then I shall stand on behalf of the guests here to ask this, as the Number One Sacred Lands' Young Sect Master getting married, such a major event, why isn't your Master present?"

His words were direct and plainspoken, as he cut right into the cheese.

The main hall first quietened down and instantly broke out into a clamour!

"Right, Young Sect Master Li is getting married but why hadn't Sovereign Mu shown himself?"

"That's right, Young Sect Master Li's proper Senior should be Sovereign Mu right? Who's that old man seated on the Senior's seat? His cultivation is so weak, I can simply crush him with one finger so who does he think he is?"

"That's too strange! Wasn't it said that Sovereign Mu has already come out of closed door cultivation hence he could take Young Sect Master Li as his disciple? Where is he??"

Actually, just before the wedding ceremony started, some of them had already realised that Mu Chengying was absent but many of them didn't dare to bring this up at this kind of occasion.

**Chapter 2506: Mu Chengying... is not dead yet! (3)**

There were also some whose attentions were on Li Moying, and totally hadn't realised that anything was amiss.

But now after they were reminded by Chi Xiao Jiu, they started to understand the situation.

In an instance, the entire main hall broke out into a clamour and everyone were discussing enthusiastically as the gazes they casted on the newlyweds were filled with astonishment and questioning.

Li Moying stood unyieldingly as his good looking countenance was filled with a layer of frost.

"Sovereign Mu has not appeared naturally because he has his own reason and this is part of Blue Profound Sect's matters! If I don't remember wrongly, your distinguished self should be Mythical Flame Palace's Palace Lord, but to actually try to control our Blue Profound Sect... aren't your hands stretched a little too long!"

Chi Xiao Jiu gave a disapproving reply, "Young Sect Master Li is joking! Sovereign Mu is Soaring Heavens Continent's Number One Top Expert and is the role model and target that the entire Continent's practitioners look up to! Anything related to him, isn't part of Blue Profound Sect's private affairs, but something that the entire Continent needs to know! Previously, the Guardians kept saying that Sovereign Mu is in closed door seclusion, then later on they said that Sovereign Mu is out of closed door seclusion and had even taken in a disciple as his successor! Everyone somehow feels that you all are totally loyal to Sovereign Mu, hence no one doubted your words! But now..."

He paused and his penetrative gaze swept towards Li Moying, Cang Po Jun and the others as he gave a cold laugh.

All the practitioners held their breaths to wait for him to open his mouth and he then continued, "Now, at such an important occasion, Sovereign Mu is still not appearing so this simply makes This Seat unable to help but suspect.... Is Sovereign Mu still alive??"

Chi Xiao Jiu's last sentence was glossed with Profound Energy and his sonorous and powerful voice revolved around the entire main hall!

Instantly, the main hall went silent!

Because this question was exactly what everyone wanted to know!

No matter if it was to deal with the Sacred Land Blue Profound Sect or to attach themselves to Blue Profound Sect's forces, all the practitioners always had this question in their minds....

Was Mu Chengying... still alive or not!

Just like what Chi Xiao Jiu said, Mu Chengying's life and death, was not only related to Blue Profound Sect itself!

But it had a huge connection to the situation in Soaring Heavens Continent!

If Mu Chengying had died, then the entire Continent's framework would be reshuffled.

Without the Number One Top Expert's absolute power to suppress them, just how many forces which wanted to take advantage of the chaos to move up were there and by then, the entire Soaring Heavens Continent would definitely enter a blood stench rainstorm once again!

Every pair of eyes were fixed attentively onto Li Moying.

Li Moying replied in a deep voice, "Mu Chengying.... he's naturally still alive, and moreover he's in Blue Profound Sect! No one needs to suspect this point at all!"

"Oh? Really?" Chi Xiao Jiu laughed coldly and spoke out slowly, "Since Sovereign Mu is well and alive, and moreover he is in Blue Profound Sect, then why is he not attending his beloved disciple's wedding? He only had this one direct disciple and Young Sect Master Li's wedding is probably more important than his closed door cultivation right! Could it be that... Sovereign Mu had suffered some serious injuries or he has gone into Qi Deviation hence he is unable to appear?"

Li Moying replied coldly, "Sovereign Mu's actions, does he even need to report to you? If Palace Lord Chi doesn't wish to attend the wedding, then you may please leave on your own! Levitation Sword Palace isn't a place where you can act as you wish! Men, send the guest out!"

Under his command, a few attendants headed up to usher Chi Xiao Jiu out.

However, Chi Xiao Jiu thought that he had seen through Li Moying's scheme and he totally had nothing to fear hence he directly sent those few attendants flying!

#### **Chapter 2507: Mu Chengying... is not dead yet! (4)**

"Bam bam bam bam!"

The few attendants' fall consecutively onto the ground was heard.

Li Moying's expression abruptly changed as the Profound energy in his body emitted uncontrollably!

"Palace Lord Chi, doing such things in the Blue Profound Sect like this, did you really think that there's no one in our Sect? Men!"

Following Li Moying's command, all the disciples in Blue Profound Sect pulled out their swords at one go.

The scenario was filled with "tseng~ing" sounds from their swords being unsheathed.

Bitter cold glints glared as the murderous air pervaded!

Those practitioners who attended the wedding banquet all drew in a breath of cold air!

Most of them had not imagined that this was originally a joyous occasion, but it actually took such an abrupt change, turning into a scene where both parties opposed each other with equal harshness!

Those second- and third-rate forces who didn't want to cause trouble had already shut their mouths as they lowered their heads and cowered on their seats, deeply afraid they would invite disaster upon themselves.

Chi Xiao Jiu was pushed back by Li Moying's might, and he actually couldn't help but take a few steps back!

He had not imagined Li Moying's potential to actually take this major step in just a few short months, totally not any weaker than himself, a Sky Chart top exponent!

Chi Xiao Jiu was silently shocked but his train of thoughts underwent a change. Even if Li Moying's innate talent was high, but he still hadn't reached the ninth stage realm peak and his ability still had a limit and was absolutely incomparable against Li Moying!

On their side was a gathering of the top experts from the Six Sacred Lands and those who were at the wedding were ten over ninth stage realm peak experts. Including Elder Chen and the others who had infiltrated into Blue Profound Sect previously, they had a total of twenty over top experts!

This kind of ability was enough to sweep horizontally across the entire Blue Profound Sect!

Unless... Mu Chengying suddenly appeared otherwise just based on Li Moying and the few Guardians and Elders, they totally couldn't stop them at all!

Thinking of this, Chi Xiao Jiu couldn't help but start laughing loudly, "Hahahaha, it's simply too funny! Li Moying, stop putting on this sanctimonious look on your face! Tell us the truth, what exactly have you done to Sovereign Mu?"

He even turned his head around, looking at those Blue Profound Sect's disciples who had grouped into sword array formation to say, "You lads, don't ill reward a person's kindness! This Palace Lord said this today, is not for myself, but for you ordinary disciples of Blue Profound Sect! Don't be deceived by Li Moying! What Sovereign's direct disciple, what Young Sect Master Li! These are something that he says himself, which of you have seen Mu Chengying appearing himself, to admit this fellow's identity?"

When he said that, quite a number of them among those Blue Profound Sect's disciples who were accumulating power to wait for the opportunity to strike, all went into a daze.

Chi Xiao Jiu's words were direct and struck the key point, which actually reflected quite a number of their puzzlement.

When Li Moying arrived at Blue Profound Sect, it was Cang Po Jun who went over to welcome him personally and not long after that, the news of Mu Chengying coming out of closed door and taking in a disciple was passed, but even for those Blue Profound Sect disciples, none of them had seen Mu Chengying's true countenance after he came out of closed door cultivation!

All the Sect's affairs and duties were all instructed down by Li Moying on his behalf.

Usually, no one would dare to question Li Moying's orders.

Because based on his innate talent and ability, becoming Blue Profound Sect's Young Sect Master, was something that he should have deserved.

But now that Chi Xiao Jiu said it in this manner.....

When Chi Xiao Jiu saw this, he became even more complacent as he raised his voice, "Everyone, to tell you the truth, This Palace Lord had always been suspecting that not long after Sovereign Mu had gone

into closed door cultivation, he had already met with a mishap! Whereas Li Moying, Cang Po Jun and the others had kept claiming that Sovereign Mu is still alive, just so that Li Moying is able to gain a stronghold over his position as Young Sect Master, to take Blue Profound Sect as his own! In other words, Sovereign Mu had long been murdered by their alliance!”

### **Chapter 2508: Mu Chengying... is not dead yet! (5)**

“What?? How could that be possible??”

“Rubbish, what you said cannot be true, stop thinking of trying to malign Young Sect Master!”

“Right, you must be deceiving us!”

Blue Profound Sect’s disciples all couldn’t stand still when they heard this, as they all started to hurl abuses back at him.

However, Chi Xiao Jiu remained composed with a cold smile, “Hng, think carefully if what This Palace Lord said is true or not! I am reminding you out of kind-heartedness, that you shouldn’t be deceived by this fellow’s conspiracy! Otherwise by then, it’d be too late for you to regret it!”

A majority of disciples weren’t cheated by his mere words as they stood upright, holding their long swords firmly in their hands, not swayed at all.

But there were a minority of people who developed suspiciousness as their gazes drifted towards Li Moying.

Li Moying gave a cold harrumph as he spoke out icily, “I’ve already said, Sovereign Mu isn’t dead! I don’t wish to say this for the third time!”

“Hur hur, you’re saying that Mu Chengying isn’t dead, then he really isn’t dead? I’ve also said this earlier, that that’s all empty talk without any evidence so all you need to do is to ask Mu Chengying to come out and meet all of us! Today there are so many practitioners around to be your witness, so as long as Mu Chengying personally appears, who will dare to create rumours like this? Just using such a simple method to prove yourself, but yet Young Sect Master Li just refuses to do so! Doesn’t this mean that you have a guilty conscience?!” Chi Xiao Jiu barked sharply.

In terms of feelings and reason, even for the most loyal disciples in Blue Profound Sect, they had no choice but to admit that Chi Xiao Jiu’s words weren’t wrong at all!

He had already put it out like this, so if Li Moying still refused to let the crowd meet Mu Chengying, that could only mean that... Mu Chengying had really met with a mishap and died!

Most practitioners actually knew that saying Cang Po Jun and the others to intentionally murder Mu Chengying, was most likely not possible.

But as long as Mu Chengying encountered any problems while he was in closed door seclusion, that was a destructive blow towards the Number One Sacred Lands!

Everyone kept their watchful eyes on Li Moying.

It had come to this stage so he shouldn't be finding any other reason to muddle through this, so finally... how was he going to decide?

Li Moying pursed his lips as he stood on the high stage, looking down at everyone from above.

His gaze was becoming more abstruse and his voice turned icier still, like it came from hades.

"Since you insist on meeting Mu Chengying himself, then for me to continue pushing it, indeed seems inexcusable..."

When he said that, Blue Profound Sect's disciples all revealed their shocked expressions.

"Sovereign Mu is really still alive?"

"Looks like we will really be able to meet Sovereign Mu today!"

To be able to personally see this awe-inspiring Number One Top Expert in Soaring Heavens Continent, it was a dream for so many young practitioners! Now that they were finally able to materialise this, they were naturally overjoyed.

But Chi Xiao Jiu's body shook, "You really... today you will let us meet Mu Chengying?"

"That's right." Li Moying nodded his head.

Chi Xiao Jiu didn't believe that such a matter could happen so he clenched his teeth silently as he braced himself, "Alright, then hurry on and ask Mu Chengying to come out! This Palace Lord can't wait to meet my old friend!"

Chi Xiao Jiu was feeling extremely shocked in his heart.

He had always assumed that the information that Lord Zhan had given him would absolutely not be wrong, but Li Moying's attitude was so firm....

What exactly had gone wrong?

Li Moying's body straightened up loftily and he didn't move as he totally did not show that he had any intention of preparing to move to the rear hall to convey the message at all.

Chi Xiao Jiu cooled down, "Young Sect Master Li, aren't you going to invite Sovereign Mu out?"

### **Chapter 2509: Mu Chengying... is not dead yet! (6)**

Li Moying slowly opened his mouth, "There's no need to, actually, Mu Chengying has always been inside this main hall."

Chi Xiao Jiu was stunned, "What did you say??"

All the practitioners thought that they had heard wrongly and when they recovered their senses, a clamour broke out.

"Sovereign Mu is in Levitation Sword Palace's main hall? Where? Where is he?"

"Could he have mingled among the Blue Profound Sect's people?"

“Not possible right? I’ve seen all the Elders from Blue Profound Sect and I don’t see Mu Chengying.”

“What exactly is going on? Is Young Sect Master Li lying to us?”

Everyone couldn’t help but leave their seats as they stood up and looked everywhere, hoping to find Mu Chengying from the crowd! But no matter how they tried, they just couldn’t tell which practitioner next to them could possibly be Mu Chengying!

That year’s Mu Chengying who had gone into closed door cultivation, was a second to none handsome male in Soaring Heavens Continent. Adding on to his cultivation and potential, he was absolutely an outstanding hero who was supercilious so anyone would be able to recognise him on one look. But how could it be possible that they had looked for him for half a day but still were unable to find him?

Chi Xiao Jiu’s vision swept past the human crowd repeatedly and later on his face turned cold as he turned towards Li Moying again.

“Young Sect Master Li, do you treat everyone here as idiots? Sovereign Mu is in the main hall? Where is he? Do you think that we are all blind??”

Li Moying’s lips curled up chillingly, “You are indeed all blind! Mu Chengying, he’s always been right... here!”

Following the last word that left his lips, Li Moying’s wrist flipped and the Amethyst Light Sword was already unsheathed!

A ray of blinding electrical current shot up into the sky, blinding all the practitioners with slightly lower cultivations into losing their vision!

This bolt of electric current shot out from the entrance of the main hall, crashing against that famous Thousands Sword Array above Levitation Sword Palace!

Almost in an instance, the array was thoroughly activated.

Blaring sharp sword cries were heard from all around as it shot right through the skies!

At the same time, the sword qi which was cold like water and penetrative like a knife, instantly pervaded the entire Levitation Sword Palace!

All the guests in the main hall had an instantaneous change of expression!

Blue Profound Sect’s most powerful Thousand Sword Array was something that all the practitioners in Sky Emperor City, could never have not heard of before!

This huge array has been passed down since ancient times and even if it was several thousands of years ago, it was a peak rate array which was able to fight against all the strong practitioners. Even for tenth stage realm practitioners, if they were struck once by it, they would instantly be turned into fine powder! Mind and spirit would be exterminated!

Under such a powerful threat, which practitioner didn’t feel afraid and who wouldn’t be scared witless?

A few leaders of some small forces were already shaking from fear, almost short of pissing in their pants.

Even those ninth stage realm peak practitioners from the Six Sacred Lands had all turned pale!

Although the Thousand Sword Array was scary, but what was most terrifying was the person who controlled the Thousand Sword Array!

Blue Profound Sect's Sovereign's method of gaining control of the Thousand Sword Array was handed down from generation to generation and only the Sovereign alone was able to display all the might of the array! Moreover, only the Sovereign of each generation would pass this down to his successor right before their death, and it was absolutely not possible for two people who could activate the array at the same time, to exist at all.

Whereas now, this array which had been silent for so many years had once again displayed its full power.....

Could it be that, Mu Chengying was still alive??

Thinking of this point, Chi Xiao Jiu's legs turned into jelly as he almost knelt down on the spot.

Based on what he had done today at the wedding, if Mu Chengying was really still alive, he would absolutely make him live a life which was worse than death!

#### **Chapter 2510: Mu Chengying... is not dead yet! (7)**

However, just as Chi Xiao Jiu bent down his waist, his gaze swept past the entire main hall once again.

Nothing! Still nothing!

No matter how he searched, he was still unable to find where Mu Chengying was hiding!

Moreover, when he carefully recalled what happened earlier, he then realised that the person who activated the Thousand Sword Array... was actually Li Moying!

Chi Xiao Jiu lifted his head up as he shouted, "Li Moying! You're making this unnecessarily complicated again! Where is Mu Chengying? Where exactly is he?"

Li Moying's lips curled in ridicule, "Don't you understand what I said?"

Chi Xiao Jiu laughed coldly, "What do you mean? You're still trying to cheat me? I don't know what method did you use to cause the false façade of those thousands of swords to whine but fake is still a fake! Mu Chengying is totally not present and the Thousand Sword Array will not possibly listen to your command! Using such a method will not scare me at all!"

Six Sacred Lands top experts had already paled from the fright.

But now when they heard what Chi Xiao Jiu said, they all started to calm down a little.

Thousand Sword Array was suddenly activated and that indeed was a little terrifying but hadn't no one seen Mu Chengying appear yet?

Speaking of this, the might of the sword array was not totally unleashed and it merely rang a few times above their heads.....

Perhaps, it really was Li Moying who was deliberately making it mystifying?

Chi Xiao Jiu turned his head back and shot a hint to the other Six Sacred Lands top experts, "Fellow practitioners, let's all persuade Young Sect Master Li!"

Those top experts all hesitated for a moment but they all started to stand up one after another, as they walked next to Chi Xiao Jiu and faced Li Moying altogether.

The possibility of Mu Chengying alive was minute but Lord Zhan's threat was truly existent!

From what they thought, choosing to stand along with Chi Xiao Jiu, was more advantageous to themselves.

"Young Sect Master Li...." Chi Xiao Jiu had more confidence once he gained the others' support, and started to speak delightfully.

However, he had just started when Li Moying cut him off coldly, "Since you insist on seeking death.... then don't blame This Sovereign!"

His words had just ended when the sword cries above Levitation Sword Palace instantly became even more powerful by several times, simply tearing one's eardrums apart!

Following that, penetrative sword qi was heard swooshing, as it swept right in from the main entrance!

This gust of sword qi was ferocious and incisive and no one dared to go up against it, not even daring to have the courage to take a look at it!

All the practitioners started to cry out in shock, as they all scrambled everywhere in bid to hide!

However, these few gusts of sword qi totally didn't injure the surrounding innocent guests, but were directly sweeping towards Chi Xiao Jiu and the others!

Chi Xiao Jiu's heart pounded wildly, as a horrendous shocked look appeared on his face!

But those people beside him were after all Sky Chart top experts from the Six Sacred Lands and even if they met with the might from the Thousand Sword Array, they were still able to draw out their Profound Armaments to put up a resistance pose in the nick of time.

Alas, this was all fruitless.

The sword qi was sharp like knives and quick as lightning and in a blink of an eye, it was right in front of them.

They didn't even have the time to fight back as their protection profound qi had completely broken down in a breath's time!

Under everyone's watchful eyes, ten over ninth stage realm peak practitioners were swept out of Levitation Sword Palace while shouting miserably, as they were sent tumbling down the jade stairs outside the palace doors.

This scene happened simply too quickly!

Many of them were scared till their bodies turned stiff and they hadn't even had time to respond at all when everything had already ended.

The sword cries also slowly started to settle down.
