

Weaponsmith 2521

Chapter 2521: Wedding night, no bloodshed (10)

Outside Levitation Sword Palace.

Li Moying lowered his head to look at the Six Sacred Lands' exponents beneath his feet, who went limp like a pile of mud as he said indifferently, "The few of you.... what else do you want to say now?"

Chi Xiao Jiu and the others were feeling the pain in their entire body and other than moaning, they weren't able to make any other noises at all.

Of course, even if they could say anything, they probably had nothing to say right now.

These few days when they set off to Blue Profound Sect, they felt that today's actions would be something that was a sure-win for them and after today, the Number One Sacred Lands would be something in their pockets.

In the end whoever knew that accidents just kept emerging in innumerable succession.

Li Moying was actually Mu Chengying's reincarnation and this news itself always left them stunned like vegetables!

Whoever knew that the more shocking news was actually behind. Bai Ruoli's father was actually an unsurpassed top exponent who was equivalent to Lord Zhan!

This news, to Chi Xiao Jiu and the others, was a fatal blow.

Originally they had nothing to fear and a large degree of it was because they had the backing of an invincible top expert Lord Zhan. But now, they realised that Lord Zhan's ability might not be the most powerful.....

The Six Sacred Lands' top experts' hearts had practically turned into ashes as they laid limp on the ground without moving at all.

Li Moying gestured towards the disciples on duty to drag all of them down.

"Drag them all to the rear mountain's Serpent Hole and look after them carefully... right, don't ever let them die, at least not today! Today is This Sovereign's big day!"

"Yes!"

The group of disciples all responded immediately as they went up happily to drag them.

After finding out that Li Moying was Mu Chengying whom they admired so much, Blue Profound Sect's disciples were all exceptionally excited and on hearing their command, they naturally fought to offer their service.

A majority of the Sky Chart top experts had completely given up on resisting and even if those young disciples who came to drag them away didn't have high cultivations, and they could easily deal with them with one finger usually, but right now, they didn't have any intention to move at all.

So what even if they were able to defeat these young disciples? Could they possibly escape from Li Moying and that abnormal Father-in-law's clutches?

Only Chi Xiao Jiu, in that instance when he was surrounded by those young disciples, his Profound Energy suddenly rose dramatically!

"AH—!!"

The young disciples were caught off guard as they screamed in shock while being struck away.

But before Chi Xiao Jiu could get up, Li Moying made a flash and appeared right beside him. A bolt of electric current flashed past and he fractured Chi Xiao Jiu's four limbs!

Chi Xiao Jiu fell onto the ground entirely and his face flopped towards the ground, giving off a loud sound.

Just hearing that sound alone, it made everyone's heart shake!

It was totally imaginable just how badly he had fallen.

"Li.... Li Moying... pui pui pui! You dare.... you dare to treat me in this way.... later... I will absolutely let you die without a burial ground!"

Chi Xiao Jiu lifted up his head and he just started speaking when he choked on the blood that was flowing down his forehead and nose.

Blood filled his entire face as he laid limp on the ground under Li Moying's feet like a dead dog. This posture was extremely dishevelled to the maximum.

Chi Xiao Jiu almost fainted from anger!

As the Palace Lord of one of the Seven Sacred Lands, Mythical Flame Palace, he had never been in such a sorry state before.

He used the last sliver of energy as he lashed out furiously, hurling arrogant and conceited remarks at Li Moying.

However, Li Moying only revealed a cold-blooded smile when he heard him.

"Palace Lord Chi, you're already at this stage and you still want me to die without a burial ground? What are you waiting for? Waiting for someone to run out from the Blue Profound Sect to save you?"

Chapter 2522: Bridal room and ornamented candles(1)

Chi Xiao Jiu's body shook as he lifted his head and looked at Li Moying.

As compared to his current dishevelled look, what Li Moying said earlier made him even more terrified!

"You.... you...." He barely squeezed these few words out from his throat, but yet was unable to complete a full sentence.

Li Moying softened his tone and said, "You and Elder Chen as well as the others have already made arrangements to coordinate with them from the inside, to catch This Sovereign off guard... alas, why

haven't you ever thought about this fact that why did Elder Chen stop contacting you the minute This Seat returned back to Levitation Sword Palace? Even the Black Cloud Dove that you sent out has not returned???"

Chi Xiao Jiu couldn't even make a single sound out by now, as his eyes reflected that he had totally given up hope.

"But don't you worry, This Sovereign is about to get married and my Father-in-law feels that it's bad luck so This Sovereign isn't allowed to kill anyone so they're all still alive. Later on when you go to the Serpent Hole, you will be able to meet your old friends....."

Chi Xiao Jiu's body twitched and suddenly his head toppled to one side, and stopped moving.

Apparently he had already fainted by suppression of the last straw

Li Moying waved his hand and the disciples on duty all gushed up, as they dragged Chi Xiao Jiu away.

He was already the last person and after Chi Xiao Jiu's figure disappeared, Li Moying then tidied his groom's ceremonial robe as he walked back into Levitation Sword Palace once more.

In the middle of the main hall, Huang Yueli had a faint smile as her bright autumn eyes fixed onto him without blinking.

The young lady dressed in the bright red bride's gown, quietly stood there waiting for his return.

Li Moying looked at that pure and alluring image as his heart warmed and he was so agitated that he almost couldn't control himself.

He took quick steps towards Huang Yeuli and grabbed her little hand, "Li'er, I've already settled everything. I'm sorry for making you wait for such a long time."

Huang Yueli's lips curled up as two adorable dimples appeared on the sides of her face, as she shook her head, "Not long, it hasn't been long at all. As long as I can wait, I don't mind waiting however long it takes!"

Li Moying's icy cold intention dissipated in a second as his eyes were filled with tenderness.

Just a breath ago, he was still an unwavering murderous Blue Profound Sect's Sovereign but now in front of Huang Yueli's smiling face, he was only the most ordinary man who he could be.

He understood everything that Huang Yueli had said.

The both of them... for today's moment, they had simply waited for too long, too long.....

But only at this moment when their love found a way together, paying any price for this was totally worth it.

Li Moying pulled Huang Yueli's wrist gently as he wanted to pull her into his arms.

Whoever knew that at this moment, a heavy coughing sound was heard from Huang Yueli's back.

“Cough cough, what time is it already? Still not going to proceed with the wedding ceremony? Stinky brat, you haven’t even bowed to Heaven and Earth, who approved of your dirty hand touching my Lass Li?”

The awe-inspiring Sovereign, in front of his Father-in-law, had once again been disparaged into dregs....

How embarrassing was this!

Li Moying’s lips twitched as he silently mumbled in his heart: I’ll give in to you for another hour and after tonight, Li’er will be part of my family! Married women listen to their husbands while their fathers could be thrown over the wall!

Huang Yueli looked at Li Moying’s ever-changing expression and had more or less guessed what he was thinking in his mind, as she couldn’t help but laugh silently.

She retracted her hands and placed the head covering over her head once again, as she turned towards the main door entrance once more.

Li Moying also returned to his own position as he stood firm.

Chapter 2523: Bridal room and ornamented candles(2)

He shot a glance towards Cang Po Jun and the latter quickly jogged over as he cleared his throat and continued to host the wedding.

“First bow to Heaven and Earth—!

“Second bow to parents—”

“Husband and wife bow to each other—”

This time round, no one jumped out to interrupt this pair of newlyweds.

In reality, the practitioners who were present earlier were all shocked by the unsurpassed power that was revealed by Blue Profound Sect earlier and from now on, none of them dared to even bear the thoughts of offending them again.

Under the crowd’s venerated and fearful attention, this pair of newlyweds finally completed the entire set of wedding ceremony.

“Send them off to the bridal room—!”

It had finally reached this moment and Li Moying could no longer suppress himself as he wrapped his arms around Huang Yueli’s slender waist and carried her horizontally, taking big steps towards the rear hall.

When Bai Liufeng saw this, he was thinking how would this do? Subconsciously he jumped right up, “Stinky brat, whatever next? Quickly put Lass Li down!”

Li Moying’s expression did not change as he replied calmly, “Father-in-law, the wedding is already completed and now Li’er is now part of my Li family so please don’t worry about her!”

Bai Liufeng couldn’t say a single word from his rebuttal and he was so gloomy that he almost fainted.

Whereas Li Moying had already taken this opportunity to carry her as he sped back into the bedroom.

On the way there, there were naturally no obstructions as no one could possibly be so insensitive.

Li Moying operated his Profound Skill and his speed was astonishing. With a few flashes, they were already in the room as he placed Huang Yueli onto the wedding bed which was laid with red brocade.

“Moying, Father he.....”

Huang Yueli sat down and pulled Li Moying’s sleeve as she hurriedly opened her mouth.

However, before she could even finish her words, her head covering was lifted before her eyes and following that, her delicate little chin was held in the palms of the man, as his scorching breath filled her mouth, instantly stealing away her breath.

“Mm.... En en...”

Huang Yueli still wanted to say something but Li Moying’s kisses followed her everywhere as it tangled her tightly, somehow refusing to relax.

Huang Yueli’s resistance became weaker and weaker and later on, she even forgot what she wanted to say as her entire world seemed only to be left with this man in front of her.....

Their body temperatures rose slowly and Li Moying’s powerful arms wound around Huang Yueli tightly.

Huang Yueli kept shifting around uneasily, with the desire for Li Moying to be even closer.....

After god knows how long later, Li Moying finally released Huang Yueli.

But he still locked onto Huang Yueli tightly as he turned over and placed the young lady in his arms onto the wedding bed.....

“Moying, you... wait a minute!”

Huang Yueli instantly regained her clear mindedness, recalling that there were still many things which they had not done yet, hurriedly pushing the man above her.

But Li Moying was totally unmoved as though he was like Mount Yue, strong and unbudging. Huang Yueli’s little hands pushing actions was nothing more than scratching his itch.

Moreover, the soft touch from her palms seemed to have riled up an intense fire in his heart!

Chapter 2524: Bridal room and ornamented candles(3)

Huang Yueli’s face flushed red brightly as she twisted her body uneasily.

Although she and Li Moying had slept together on the same bed in the past, and also had some intimate moves, but usually Li Moying would still be rather restrained, at most just kissing her a few times.

But now as both of them had officially became husband and wife, Li Moying no longer had any misgivings as he reflected an extremely intense invasiveness.

“Li’er, you are mine.....” The man’s hoarse voice was heard ringing by the side of her ear.

Huang Yueli's eyes grew wide as she looked towards the man who was on top of her.

Li Moying's beautiful features looked as though it had been chiselled out, each corner perfect without any flaw.

Right now, his forehead was filled with sweat which dripped down along his unswerving lower jaw, as his face was flushed, which made this man filled with charm.....

Huang Yueli blinked, feeling that her heartbeat was so fast that it was scary.

This man... was just like a poison, attracting every single woman he saw, and also attracting.... Her....

Even though Li Moying let go of her wrist later on, she didn't continue to push him, but instead uncontrollably wound around that man's shoulder.....

The temperature in the bedroom rose steadily and under the burning candle's sparks, it almost extinguished and even that didn't attract the newlyweds' attention.

A loud "bang" was heard and the bedroom door was crashed open by someone from the outside!

"Disturb the privacy of bridal room! Disturb the privacy of bridal room!" A young lad cried out joyously.

The two of them in the bridal room suddenly stopped all their actions as their body turned stiff when they heard this sudden sound.

Oh no, the room was not locked!

Luckily, Li Moying's reaction was swift enough and he pulled the blanket as he covered Huang Yueli's body, and managed to cover out Huang Yueli from head to toe properly, in case the sight of her sexy body was exposed.

Whereas for himself, he didn't have enough time to cover up too much.

Li Moying sat sideways in front of the bed as he looked at the astonished young lads gloomily in front of him.

"What are you guys doing? Has This Sovereign allowed you to come in?"

This bunch of youngsters were mostly Senior and Junior Brothers when Li Moying was in Celestial Light Sect and there were also a bunch of direct disciples from Blue Profound Sect. Most of them had watched Li Moying grow up and the first in line was Luo Jiyun.

On seeing the scenario in the room, they realised that they were in trouble as they stood awkwardly on the spot.

Luo Jiyun stammered as he spoke, "Th... This... cough cough... Senior Brother... although the joyful night is worth a thousand pounds of gold, but are you... a little too hasty? We... this... have not expected you to be so fast... cough cough... then please continue... continue, we will go out right now....."

He trembled with fear as he spoke and without waiting for Li Moying to finish speaking, he was just about to move and slip away.

But just at this moment, another round of footsteps was heard and instantly, a familiar voice was heard, "Jiyun, your guts is simply smaller than a mouse! Disturbing the privacy of the bridal room requires one to be bold, and you only have this one chance to trick your Eldest Senior Brother but yet you're so terrified. He hadn't even said a word and you already want to run off?"

Chapter 2525: Bridal room and ornamented candles(4)

Li Moying's brows creased abruptly and he lifted his head to see Liu Buyan dressed in a dark purple long robe.

As Liu Buyan was speaking, he walked right into the bedroom.

His vision landed on the wedding bed at first instance.

Li Moying had already put down the curtain and plus the fact that Huang Yueli was wrapped into a bundle by him, there was actually nothing much to see.

But upon thinking that the young lady who laid inside the curtain was someone whom he had pursued for many years yet unable to win her over, Liu Buyan's expression became a little complicated.

But very quickly, he sensed a cold and sharp gaze staring at himself.

Liu Buyan shifted his gaze away to meet Li Moying's eyes and after a while, his lips cracked into a constipated smile, "I saw, Brother-in-law, you and my Junior Sister hasn't even drank the nuptial wine and you are already so impatient? Tsk tsk, you're really unreliable!"

He absolutely had nothing to fear, unlike Luo Jiyun who was so timid.

He pulled Liu Buyan's top from the back as he spoke out softly, "Brother Liu, we... we'd better go out first! What should we do if Senior Brother really flies into a rage later?"

Liu Buyan laughed, "Look at that guts of yours! Today is your Eldest Senior Brother's big day so how would he possibly fly into a rage? Relax, he won't do anything to all of you!"

"But, this... that.... Eldest Senior Brother now.. he has something important to handle...." Luo Jiyun was still indecisive.

Liu Buyan's mouth cracked into a smile, but his gaze towards Li Moying carried a few hints of coldness.

"What important matters could there be? Your Eldest Senior Brother isn't a beast! Quickly drag him out and let's have a good time playing with him, he actually managed to trick our cutest Junior Sister into his hands! If we don't play with him, it would not ease the hatred in my heart!" Liu Buyan was saying that as he walked up in big strides, about to catch Li Moying.

Huang Yueli who was hidden inside the blanket frowned silent, as she didn't dare to continue listening.

Her Senior Brother really knew how to fake it!

This time he's a goner, her freshly baked husband would definitely fly into a rage!

However, out of her expectations, Li Moying actually said this peacefully, "What do you want to do?"

Liu Buyan said, "Come out for a fight, all of us at the same time! If you win, we'll let you back into the bridal room, how about that?"

Li Moying's lips curled coldly, "Even if all of you come up together, you're not my opponent, are you certain you want to look for a beating?"

When Liu Buyan heard that, he was instantly enraged, "Fellow surnamed Li, don't be so cocky I'm warning you! No matter what, this Divine Doctor is ranked second on the Sky Chart, you think that I'm definitely not able to beat you?"

"Since you're so anxious to be tortured, then... This Sovereign is in a good mood today, so I shall satisfy you!" Saying that, Li Moying actually really stood up and followed Liu Buyan outside.

Not too long later, bursts of miserable cries were heard from the youngsters outside the room, apparently they were tormented quite badly by Li Moying.

Huang Yueli sat up from the bed and tidied her clothes as she patted her bright red face.

"Huang Yueli, you... how could you be so lusty! We haven't even drunk the nuptial wine and the guests still haven't been sent off and you're almost lured onto the bed! How did this happen? En, it's absolutely not because my self-restraint is too weak, definitely because he used his handsome male lure! Sinister and black-bellied man!"

Huang Yueli was mumbling to herself while grumbling and without thinking, she pushed

Chapter 2526: Bridal room and ornamented candles(5)

In the courtyard, these young disciples totally weren't up for the game as Li Moying just casually swung them around and they totally just sprawled on the ground, totally unable to get up.

Li Moying wasn't really intending to injure them, but used his exclusive method to seal their meridians hence they could only lie on the ground groaning.

But Liu Buyan's battle power was much higher.

Li Moying was deeply worried of alarming Huang Yueli hence he could not exhibit his esteemed Profound Skills outside the bedroom.

So after the both of them had fought for a while, Li Moying locked onto Liu Buyan's neck and flung him onto the ground.

"You.... you beast, dealing with such a heavy hand!"

Liu Buyan's back crashed heavily onto the ground and he was feeling sore from his back as the muscles on his face couldn't help twitching.

Li Moying said coldly, "You're the one who challenged me first, so you deserved this beating!"

Liu Buyan's eyes squinted as he stared at Li Moying's handsome but cold face, lowering his voice, "You still have the cheek to say that? If it wasn't for my timely arrival, you'd already have... to Junior Sister, have you forgotten about what I told you earlier?"

“... I didn’t forget.” Li Moying went silent for a moment and softly spat out these three words.

When this sentence rang in Liu Buyan’s ears, his expression immediately changed.

Liu Buyan straightened his waist and struggled free from Li Moying’s control while hurling a fist onto Li Moying’s handsome face at the same time!

Li Moying was caught off guard as he was punched on the lower jaw while his face slanted towards the right side.

Liu Buyan pounced up again, wanting to give him another punch.

However, Li Moying had already recollected himself so naturally he wouldn’t give him a chance to get another upper hand. The both of them were tangled for a while more and Liu Buyan started to fall into a disadvantage.

But this time, Liu Buyan didn’t lay flat like earlier so even if he was already pushed onto the ground, but he kept on struggling as he continued to struggle, while shooting his angry gaze at Li Moying!

“You... you selfish and shameless fellow! Marquis Bai and I have misjudged you! You... just you wait, I will absolutely not let you get your way and I will tell Marquis Bai about that secret later! Just wait to be chopped up into several parts by him!”

Liu Buyan gritted his teeth as he couldn’t hope for more than to split him into two halves.

Li Moying pursed his lips and discovered that Liu Buyan really hadn’t been merciful earlier at all. His lower jaw was in pain, evidently it was already swollen.....

His expression sank as he lost his patience, “Liu Buyan, who do you think I am? I’d rather die than to do things that will hurt Li’er! Keep away your absurd guesses! You’re not me, what rubbish are you sprouting? If you dare to reveal anything to my Father-in-law, beware that I will kill you!”

“You.... stop pretending! I’m not blind! Earlier when I entered the room, do you think that I didn’t know what the situation was? If it wasn’t for the fact that I had brought those people along timely, you’d have already done... to Junior Sister, you still dare to say that you won’t harm Junior Sister?? I think you are just thinking of regaining your former ability thus preparing to sacrifice my Junior Sister!” Liu Buyan was filled with anger, as he totally could not be suppressed.

From what he saw, whatever Li Moying was saying now, was merely just to make excuses for himself!

Luckily, he had been worried right from the start that Li Moying would not be able to keep his promise, hence he used the excuse of disturbing the bridal room to create chaos here, otherwise....

Thinking of the result after the both of them had consummated, Liu Buyan felt chilly all over as he couldn’t wait to use a knife and castrate Li Moying there and then!

Chapter 2527: Bridal room and ornamented candles(6)

Facing Liu Buyan’s distrustful gaze then hearing him mentioned about what happened in the room earlier.

Li Moying’s face also showed an embarrassed expression.

To tell the truth, he indeed wasn't lying to Liu Buyan and he absolutely had no intention to hurt Li'er, so all of those were the truth.

But he was a man after all and he was a man who had abstained from female charms for many years because of his beloved young lass....

Earlier at that moment, he really had lost a little control over himself as the intense heat gushed up, and almost casted Liu Buyan's warning to him behind his mind....

Although at the very last gate, he definitely would cool down but earlier, he had indeed lost control....

To a determined man with resolute matureness like Li Moying, this situation was exceptionally rare.

It could only be said that Li'er's influence on him was just too huge!

Liu Buyan looked at his expression and his anger just spiralled from nowhere, "Why? I was right aren't I? Feeling guilty? You hypocrite who says one thing and does another!"

Liu Buyan struggled to get up but this time Li Moying was prepared as he directly sealed his meridians.

"You're thinking too much!" Li Moying spoke out with a chilly expression, "If I wanted to regain my former ability and hurt Li'er, then why did I have to.... save her that year? If I haven't gone through reincarnation, I might have already broken through to the tenth stage realm!"

When he said this, Liu Buyan was choked right back.

Right, if Li Moying only cared about his own ability, then sixteen years ago he could just abandon Huang Yueli so why bother to wait till now?

Seeing that he didn't say anything else, Li Moying's face regained a little calm, "But I still have to thank you. When I saw Li'er dressed up so beautifully today, with a joyous look while marrying me, I was indeed a little overly agitated... in future I won't do this again, don't you worry!"

As he said that, he stood up and raised his voice, "The restraints on the few of you will be released after one hour and by then, just leave on your own! Later on I will activate the defence mechanism in the bedroom so don't blame me for not reminding you. If you dare to disturb This Sovereign's bridal room, and if you get injured by the array.... bear the consequences yourself!"

When he spoke to Liu Buyan, both of them controlled their voices and had been using Profound Energy to isolate the possibility of their voices from being overheard.

Whereas the things that he said now, were spoken out loudly by Li Moying and it was a guarantee that everyone was able to hear it.

Momentarily, all the younger disciples laid on the floor groaning.

They didn't manage to disturb the bridal room and instead, their meridians were sealed as they were left in the courtyard laying down like salted fishes, and this was indeed a little embarrassing!

Levitation Sword Palace's female attendants all hid on one side while sniggering at them!

Li Moying finished his words, didn't turn back his head and walked directly back into the bedroom.

Liu Buyan looked at his back with complicated feelings, as he silently clenched his teeth.

At this moment, he really didn't know if he should be happy, or if he should be upset.

Li Moying was destined to not be able to consummate with Huang Yueli today and this seemed like it was a good thing. But he and Huang Yueli were married after all!

Henceforth, Huang Yueli would be Blue Profound Sect's Sovereign's Wife....

Thinking of Huang Yueli in the main hall earlier, dressed in the bright red wedding dress as she walked slowly towards Li Moying, with a broad smile on her face....

Liu Buyan slowly shut his eyes.

...

In the bedroom, Huang Yueli got off the bed and sat on the chair, while staring at the red candle on the table as she went into a daze.

Chapter 2528: Bridal room and ornamented candles(7)

"Creak~" and the room door was pushed open.

Huang Yueli abruptly regained her senses as she lifted her head and saw Li Moying walking in from the outside.

The tall and handsome figure was still dazzling, but... his face.....

Huang Yueli stood up at once and ran towards him while asking in shock, "Moying, you... what's the matter with you? You're actually injured?"

She carefully touched the bruise on Li Moying's lower jaw, as her heart ached.

Actually this small physical pain to Li Moying was totally nothing and basically it didn't hurt any longer but on seeing Huang Yueli acting so anxiously, he immediately put on an act as he grimaced in pain.

"Ugh.., Li'er, please be gentler... your Senior Brother is simply too vicious, he specially aimed for my face!"

Huang Yueli frowned, "How can Senior Brother do this! He must have seen that you're the groom today and it's not nice for you to fight back so he intentionally bullied you!"

She grumbled in dissatisfaction as she hurriedly retrieved an ointment for treating external injuries, carefully applying it onto Li Moying's blue-black.

Li Moying enjoyed his dainty little wife's meticulous care with a clear conscience, and occasionally let out a dull moan, to win Huang Yueli's sympathy.

He was not going to tell Huang Yueli that actually Liu Buyan suffered an even more serious injury than him, what's the logic with not being nice for the groom to fight back? Would he, Li Moying, be such an inflexible man?

Huang Yueli carefully applied the ointment and heaved a sigh of relief, as she kept the medicine bottle away.

“Earlier you were outside ‘exercising’ for such a long time, do you want to drink some water, I’ll pour you a.... ah!”

She was speaking halfway when her wrist was clasped by him, and she was rugged forward instantly.

Huang Yueli’s body instantly lost balance and she fell forward, falling nicely into Li Moying’s arms.

Li Moying lowered his head, as his handsome face slowly leaned near that fair and tender little face, looking satisfactorily at Huang Yueli’s face which had once again blushed red.

“Li’er, I’m a little thirsty, but I don’t want to drink water. We haven’t drunk our nuptial wine yet!”

Huang Yueli jolted, “Ah, that’s right! I’ll pour you a cup of wine!”

Saying that, she pushed Li Moying and wanted to get up.

However, Li Moying’s arm which wound around her waist hadn’t loosened at all. Instead he held her slender waist and adjusted their positions in order to allow Huang Yueli to sit even more comfortably on his thigh.

“My dear wife please don’t need to go through these formalities, let this Husband serve you instead!”

Li Moying’s hand caught hold of Huang Yueli’s waist while the other raised up the slightly warm wine pot, as he poured the contents into two small wine cups.

The clear liquid filled the wine cups and a mellow and rich fragrance instantly dissipated in the entire room.

This wine’s history was extraordinary and on the day when Huang Yueli was born in this lifetime, Bai Liufeng then buried this Maiden Rose wine underground.

Last month when he sent his men over to South Yue Kingdom to bring those people over, Bai Liufeng specially got someone to dig it out from the underground of Valiant Martial Manor.

Li Moying passed one of the wine cups to Huang Yueli as he raised up the other and smiled in a mellow voice, “My dear wife, my toast to you!”

“To... Toast to you!” Huang Yueli pushed the cup a little forward and clanged her cup against Li Moying’s.

After that, she wanted to retract the wine cup.

Whoever knew that Li Moying held on to her wrist, not allowing her to back off as his handsome face leaned forward towards her once again.

“Li’er, you seem to have forgotten about something?”

“Eh? What did you say?” Huang Yueli’s watery big eyes grew even bigger, as she looked puzzledly at the man in front of her.

Chapter 2529: Bridal room and ornamented candles(8)

Li Moying looked at her innocent and pure look as his heart was filled with warmth, as he guided her patiently and systematically.

“We are already married and now you are my wife, what should you call me?”

Huang Yueli’s eyes blinked, “Moying?”

Li Moying coughed slightly, “Not right? That’s what you called me before we were married! Shouldn’t you call me by another term now?”

Huang Yueli pursed her lips and spoke out again, “Then... Young Sect Master Li?”

“Not right! What kind of name is that?” Li Moying frowned.

“Dear?”

“A little interesting but it’s not right!”

“Surely I don’t need to call you.... Brother Li? Woah, you’re so mushy! I’m not going to call you that!”

Li Moying’s brows rose as he looked at that little fox in his arms with a sly smile. How could he possibly not understand by now that he was being fooled by this little fox

He didn’t say anything more but instead lowered his head as he gave Huang Yueli a peck on her lips, then moving back slightly to leave an inch of distance between them.

The two of them were extremely close to each other and their breathing was filled with each other’s breath.

“Li’er, call ‘My Husband’!”

The man’s mellow and sexy voice was simply too seductive, like a little brush as it brushed Huang Yueli’s heart here and there, making her heart itch.

Huang Yueli pouted, totally not wanting her to submit to Li Moying so easily.

This man would use the handsome male trick every single time and she would be utterly defeated so wasn’t this a little too embarrassing! What would happen if Li Moying climbs over her head to ride roughshod over her in future?

However, her eyeballs rolled and Li Moying knew what she had in her mind as he couldn’t help but laugh out secretly.

His voice became sexier still, “Be obedient, Li’er, call me My Husband, en?”

He turned his head sideways as he licked Huang Yueli’s fair and dainty earlobe gently, while blowing air into her ear.

Boom! Huang Yueli’s face instantly turned so hot that it was going to explode!

This... this was such a foul, why did her husband have to be so tempting, making her want to pounce up to take a bite!

No way, no way, she had to calm down!

Huang Yueli repeatedly warned herself from the bottom of her heart but when Li Moying leaned closer once again, tempting her while talking softly into her ears, Huang Yueli really felt that her brain had turned into mush totally....

She obviously hadn't drunk any wine, why did it seem as though she was already drunk?

"My husband....." finally she pouted as she let out the satisfactory answer that Li Moying wanted to hear.

Hearing her sweet voice ringing by his ear, Li Moying's body shook, so excited that he almost spilled the wine inside the wine cup! Just this one sentence, he had waited for so many years and he finally had his wish fulfilled!

"Li'er, you are mine!"

Li Moying declared his sovereignty resolutely by her ear, and later raised up the wine cup as he gulped the Maiden Rose wine in his cup at one go.

"Eh?" Huang Yueli's eyes opened wide, he actually drank the wine by himself??

"What are you doi...."

Before she could even finish her sentence, at the next moment, Li Moying had already pasted his lips onto hers, as the scorching kiss, mixed with the fragrant wine on his tongue and lips slowly spread in her mouth, intoxicating them....

This kiss, lasted for a long time.

Perhaps it was because of the wine, Huang Yueli felt her body turning even hotter than before, and even more lethargic and weak.

So when Li Moying carried her once again, she totally did not resist but laid quietly in the man's arms.

As for what was going to happen after that, she had already prepared herself fully for it.

Chapter 2530: Bridal room and ornamented candles(9)

Very soon, her back touched the soft wedding bed.

Huang Yueli's eyes were half open and she saw that powerful yet arrogant man in a half kneeling position right in front of her, as his handsome face was filled with sweat with eyes as dark as the night sky staring fixatedly at her.

Huang Yueli's heartbeat increased faster once again as it pounded wildly, as though it was about to jump out of her chest.

Li Moying stretched out her hand in front of her chest as he undid her disc buckles, trying to remove the thick wedding gown.

Huang Yueli's face became burning hot but she was extremely willing to coordinate with Li Moying to remove her outer clothing, lined jacket.....

Not too long later, she was only left with a thin layer of inner clothing.

The pure white material was completely weaved out of the lightest wild silk yarn and it presented a half transparent lustre and if one looked at it, it totally could not block off anything as the young lady's curvy figure was plainly visible.

Li Moying's gaze landed on the curves in front of the young lady's bosom.

Huang Yueli could clearly see his adam's apple moving up and down, and that fiery flame beneath his eyes also started to lit her up!

However, at the very next moment.....

Li Moying suddenly pulled the blanket on the bed as he covered it onto Huang Yueli and moreover, wrapped her entirely inside the blanket.

Huang Yueli totally hadn't expected that this would happen hence she stared at him with astonishment.

"... Moying?"

When Li Moying heard her soft voice, his brows twitched uncontrollably as he almost lost control of himself once again.

His fingers trembled as he carelessly pulled off his wedding garments, kicked off his boots and laid down beside Huang Yueli.

She sensed his presence near him as her lips curled and her slender body started nudging inside the blanket, attempting to climb out.

But....

"Don't move! The weather is a little chilly, you will catch a cold!"

Li Moying gritted his teeth as he said that and at the same time, he stretched out his hand once again as he wrapped Huang Yueli in the blanket tightly, "Let's sleep, we've been tired for an entire day so let's have a good rest."

Saying that, he turned around and gave Huang Yueli a quick peck on her face as he laid flat once again and shut his eyes.

Huang Yueli's eyes widened and for quite a while, she wasn't able to regain her senses!

She, she, she..... had she met with a fake Li Moying!

Didn't this man usually tried ways and means to get fresh with her? Today was their wedding night in the bridal room and ornamented candles but he was prepared.... Prepared to lay down and sleep just like this?

Had something gone wrong?

Moreover, earlier when they were drinking the nuptial wine, she clearly felt that... Li Moying had a reaction....

Huang Yueli turned her head around in an uneasy and confused puzzlement as she looked at the man beside her.

Li Moying just laid there without moving and his eyes were tightly shut with his long lashes drooping down. He had a tranquil and calm look on his face, as though he had already fallen asleep.

But Huang Yueli knew that Li Moying was still awake because the obvious unstable breathing of his had already betrayed him.

“Moying?” She called out softly.

Li Moying didn't move, as he maintained his flat sleeping position.

Huang Yueli binked suspiciously as she called out again, “Moying... you... what's the matter with you? I know you're not asleep!”

Li Moying then slowly opened his eyes and swept her a lazy glance as he replied in a low hoarse voice, “Li'er, I'm really too tired today and I'm so sleep... aren't you sleep? Sleep early, tomorrow there's a huge pile of things waiting for us to handle!”

Huang Yueli couldn't help but frown.

Although what he said was not wrong, but...
