Chapter 2571: True Sacred Phoenix Race (7)

Lord Zhan was so exasperated that he went into a rage. But Huang Siluo's expression remained peaceful.

She only opened her mouth to speak after Lord Zhan finished with what he had to say.

"On account of our relationship? Huang Zhanxiao, you're such a hypocrite! Who doesn't know that the reason for keeping me alive, is merely to materialize your ambition? When the day comes, you probably can't wait to kill me with your own hands, right? Moreover, that day is not very far away, isn't it?"

Lord Zhan was stunned, apparently not expecting her to say such things.

He remained silent for a moment before bursting out loudly, "Looks like after Huang Boyu came to see you the day before, he had already told you many things about the clan, eh? To think that This Seat permitted him to come and see you, just because I believed that he was still devoted to you and that he had fulfilled merits for the clan! I did not expect him to betray This Seat!"

A cold murderous glint flashed past Lord Zhan's eyes!

Huang Siluo noticed this and her heart was alarmed as she hurriedly explained, "This matter has nothing to do with Boyu! I am Sacred Phoenix Race's Holy Maiden, do you think that the matters in Snow Phoenix Palace could be hidden from me? In truth, the blood essence which the Blood Moon Great Array had absorbed, is almost there isn't it? It won't take many more years before Snow Phoenix Palace would rise to the surface again, right?"

Lord Zhan stared at her for a moment and nodded his head, "That's right, you indeed know quite a lot of things!"

Huang Siluo sneered and said, "Such a huge matter and you're still hoping that I don't know about it? After all, the day when Snow Phoenix Palace had risen to ground level completely, it will be the day when I die! For this day, you've secretly plotted this for so many decades, playing with the top exponents in the entire Soaring Heavens Continent for so many years! Even I also can't help but admire you for this!"

Lord Zhan shot her an indifferent glance. When he opened his mouth again, his tone turned frigid, "Third Sister, why do you say that? I Huang Zhanxiao had never done anything for myself, but for the entire clan! In future, you will be sacrificing yourself for Sacred Phoenix Race, and not for me!"

Huang Siluo looked at his righteous look and her heart slighted him with even more disdain.

"Does Eldest Brother think that I'm an idiot? Ordinary clansman might be deceived by you, but how would I not know your true face?"

She paused and said, "That year, after God Realm's mixed battle among the different races, it caused Heaven and Earth to undergo a tremendous change. Many Continents and God Realm were separated and formed a space barrier, and Soaring Heavens Continent was one of them. Because of the existence of this space barrier, not only did Soaring Heavens Continent's Profound Qi become scarce, even when practitioners have cultivated to ninth stage realm peak, they were unable to improve further to ascend to God Realm! Isn't it all because that you aren't able to ascend, hence you were trying to find ways to

make use of the Blood Moon Great Array to absorb practitioners' blood essence. Then gathering all those energies, to pierce through the layer of space barrier at one go?"

"After saying so much, isn't that all for yourself? So why bother to put on a sanctimonious look?"

Chapter 2572: True Sacred Phoenix Race (8)

Huang Siluo was not convinced by his words. Instead, she started to mock him.

"Huang Zhanxiao, you're so ridiculous! As our clan's Holy Maiden, I can lay down my life for Sacred Phoenix Race's clansman! However, what wrong have the ordinary practitioners in Soaring Heavens Continent done? You set up the evil Blood Moon Great Array to draw so many innocent practitioners' blood essence. Just how many talented young people have been destroyed in your hands? What wrong have they done? Why should they sacrifice for you?"

"These lowly humans are just serving us, God clans. They are no different from beasts so their deaths are insignificant!" Lord Zhan sneered, "Moreover speaking, if it wasn't for their Elders who coordinated with me, I wouldn't be able to bring them over so easily. So in this sense, it's their fault for not being united enough. What's more.... once the space barrier is broken through, those human race practitioners' will be able to break through tenth stage realm and ascend to God Realm. If we put it in this way, they're the ones who had gained a huge advantage! This Seat is selflessly contributing for them!"

"You... you're simply incorrigible!"

Huang Siluo was stumped by her own elder brother's shameless speech. She was so infuriated that her face turned green and for a moment, she totally couldn't even rebut him at all.

Lord Zhan looked at her and sighed, "Third Sister, why can't you understand me? Forget it. Those who wish to achieve great ambitions would naturally be mistaken by many. I should have known this long ago..."

Saying that Lord Zhan turned around, "Enough. Since you don't understand This Seat, then This Seat can't be bothered to explain any further to you! Just stay here honestly and don't come out with any tricks! On the day when Snow Phoenix Palace resurfaces to the ground, just fulfill your duty as Holy Maiden properly and that will do."

"You can forget about me complying with your wishes!"

Lord Zhan shrugged, "That's not up to you to decide!"

Huang Siluo replied coldly, "Even if the Blood Moon Great Array has stored enough energy, you still can't possibly break through the space barrier. You will also need to hold the sacrificial ceremony, using the purest blood in Sacred Phoenix Race as a sacrifice, before you can activate Snow Phoenix Palace's concealed ancient spiritual power! I have the highest innate talent and the purest blood in the clan, and that's why you want to use me as a sacrifice. But have you ever thought that I don't have the purest blood after all? Based on my blood, you might not be able to draw out the full strength of Snow Phoenix Palace. You will also need Sacred Phoenix Race's God Relic, Sky Phoenix Ring as the medium."

“Ten years ago, you sent your men to attack the Little Palace Lord from Mythical Flame Palace near Lone Sky Summit just so that you can get the Sky Phoenix Ring from her. But in the end, although she died, the Sky Phoenix Ring also disappeared along with her! Without the Sky Phoenix Ring, even if you kill me, or every single person in the clan, you will not be able to attain your motive so stop daydreaming!”

Lord Zhan’s expression remained unchanged when he heard that. He started to clap instead.

“Not bad, not bad. Third Sister, you’re indeed our Sect’s Holy Maiden with the purest bloodline. Even the matter regarding Sky Phoenix Ring is unable to escape your soul trace. But you should have read our secret manual <<Drifting Cloud Scroll>> right? Back then when the Sky Phoenix Ring was shattered into pieces by the Clan Master from Cloudy Qilin Clan, other than the main piece, there are three other shattered pieces that landed on Soaring Heavens Continent. These three shattered pieces might not be as powerful as the main piece, not to mention that it isn’t even worth mentioning against the complete piece of Sky Phoenix Ring that year. But it still contains boundless power! And I... have already obtained one of the pieces!”

“What?” Huang Siluo’s face was filled with astonishment but a moment later, she calmed down and said, “So what if you have obtained a piece of the shattered Sky Phoenix Ring? Its power is, after all, not strong enough and even if you were to use the shattered piece as the medium, it cannot be guaranteed that it would break open the space barrier isn’t it?”

Lord Zhan said disapprovingly, “It indeed cannot be guaranteed, but there’s at least a thirty percent chance of success! So it’s still worth a try.”

Huang Siluo stared at him in disbelief, “What did you say? Only thirty percent chance? Just for that mere thirty percent chance, you had to sacrifice so many people’s lives? Just for a thirty percent chance of ascension??”

Lord Zhan looked at her with a faint smile and replied slowly, “Third Sister, This Seat had already reminded you multiple times. This thirty percent chance does not belong to This Seat alone, but a chance for everyone! There are so many god clan’s descendants like our Sacred Phoenix Race, and so many human race practitioners. Just this little bit of sacrifice, of course, it’s worth it!”

“You... you’re simply deranged!” Huang Siluo’s face turned pale from anger.

“You’ve already said this multiple times, Third Sister.” Lord Zhan just ignored her fury as he continued, “Anyway, you’d best be prepared. If you willingly take the initiative to sacrifice for Sacred Phoenix Race, Eldest Brother I, will make sure that the clansmen all remember your kindness but if you insist on going against me... why don’t you think about that gigolo who you had privately married, about what kind of ending will it be for him?”

Hearing that, Huang Siluo was stunned for a moment. But following that, her expression changed abruptly.

“You... what did you say? What did you do to Liufeng? Where is he right now? No, you’re just lying to me. He had already escaped from Snow Phoenix Palace the last time!”

Lord Zhan sneered, "So what if he escaped? His innate talent is only so-so, and until now, he's probably an elementary ninth stage realm practitioner? Since you've been obedient for the past few years, so This Seat cannot be bothered to find trouble for him. If you are not willing to coordinate with This Seat, then This Seat will find and capture him, which doesn't take much effort to do so... you also don't wish for This Seat to torture him severely in front of you, to coerce you to obey right?"

"You... Huang Zhanxiao, you shameless villain! Liufeng is your brother-in-law! How can you do such a thing?" Huang Siluo was unable to remain composed upon hearing Bai Liufeng's life being threatened, hence her expression changed, and lost her cool.

Lord Zhan retorted, "Brother-in-law? A lowly human race, what right does he have to be This Seat's Brother-in-law? I'd advise you to stop thinking about all this nonsense and cherish your remaining time left!"

Saying that he utterly lost his patience and flicked his sleeves.

"Men, watch over Holy Maiden and take good care of her. If she were to lose even one hair... This Seat will punish you for this!"

"Yes... Lord Zhan!" The serving maids trembled with fear as they gave their response.

Lord Zhan then turned to leave Huang Siluo's room.

Although the main door was not closed when they talked, no one in the entire Snow Phoenix Palace dared to eavesdrop on Lord Zhan and Holy Maiden's conversation.

Hence, their conversation was clearly heard by Bai Liufeng, who hid along the corner of the corridor.

Hearing that, he was thoroughly shocked as he stood rooted on the spot.. Even after Lord Zhan had left for a while, he was still unable to regain his senses.

Chapter 2574: True Sacred Phoenix Race (10)

Bai Liufeng had not expected the truth to be so!

He originally thought that Lord Zhan had captured Huang Siluo, and even confined her for so many years, all because she had broken Sacred Phoenix Race's rule of getting married to an outsider race.

Whoever knew that the truth behind this, was much harsher than what he had imagined!

So, he had secretly plotted all these for so many years, and even dragged the entire Soaring Heavens Continent's practitioners into this. He even set up an evil array, to suck talented practitioners' blood essence without restraint!

Whereas for the so-called Holy Maiden, Huang Siluo, she was only a sacrificial item that Lord Zhan was preparing for the sacrificial ceremony...

Bai Liufeng went through the entire conversation once again, and he was so shocked that he broke out in cold sweat.

From Huang Siluo's meaning, Lord Zhan's plan seemed to have been executed to the last stage, and it might not take much longer to officially step into the sacrificial ceremony!

If he hadn't infiltrated into Snow Phoenix Palace today and hadn't found out about this truth, perhaps, he might have missed the best chance of saving Huang Siluo!

Thinking of this, Bai Liufeng hesitated no longer.

He aimed for a chance while the serving maids, who guarded the door, went into a trance and locked their meridians and hitting them unconscious.

Huang Siluo was leaning against the soft mat while holding on to a book. On one look, she seemed to be reading. But in fact, she couldn't concentrate at all, as her thoughts had already flown away.

Earlier when Lord Zhan mentioned Bai Liufeng's name, it made her heart which had remained silent, undulated once again.

The two of them had been separated for so many years. Several years ago, Bai Liufeng even infiltrated Snow Phoenix Palace once and was severely injured. Later on, there was no more news of him.....

"Liufeng, I wonder how you are, and if your injuries have already recovered? And, our Li'er....."

Her long lashes drooped as she muttered to herself.

Just as she was indulged in her sadness, a familiar yet strange voice entered her ears, "Siluo, I'm fine and my injuries have already recovered long ago..."

Huang Siluo was shocked and almost jumped up from the mat.

She lifted her head and saw a man half knelt in front of her.

Bai Liufeng's looks were the same as ten years ago. There were some traces of time on his face and he looked even more mature. But he was still dashing and suave, with a hint of refined aristocratic bearing.

"You... you... you....." Huang Siluo was tongue-tied as her eyes opened wide, unable to speak a complete sentence.

Bai Liufeng looked at Huang Siluo up and down, as though to quench his thirst and his eyes were already brimming with wetness. "Siluo, it's me. I'm your husband Bai Liufeng! Look at me! All these years, I've made you suffer, to be confined in this place and tormented. It's all my fault... Now, I've come to rescue you..."

He held Huang Siluo's hand tightly and sensed her icy cold temperature. He lowered his head and kissed her palm, hoping to warm her up.

However, Huang Siluo remained stunned.

Bai Liufeng was helpless as he sighed and pulled her into his arms. "Siluo, what's the matter with you? Have you forgotten about me?"

Huang Siluo leaned on his chest and after a while, she regained her senses.

"Liufeng, you... you're really Liufeng!" She pushed him aside and retreated backward while glaring at him in fright, "You... why are you here? Did my Eldest Brother capture you?"

Chapter 2575: True Sacred Phoenix Race (11)

Bai Liufeng knew that she was mistaken and hurriedly pacified her, "Siluo, don't be anxious. It's not Lord Zhan who captured me, but... but I, who came in on my own!"

"What? You... how could you possibly enter this place? This is the underground level of Snow Phoenix Palace. Even a ninth ranked Array Master could enter successfully without the mechanism distribution map..." Huang Siluo's face was filled with disbelief, "No, it's not possible? What on earth is going on?"

Bai Liufeng hurriedly said, "It's a long story and there's no time to explain in detail now. Anyway, after I escaped from Snow Phoenix Palace last time, I met with a small opportunity. Not only have I become an Array Master, but my cultivation had also drastically increased at well! So, I especially hurried over today to save you!"

When Huang Siluo heard that, she carefully sensed Bai Liufeng's aura and was so astonished that her mouth opened wide.

Bai Liufeng was at a genuine ninth stage realm peak cultivation!

Moreover, she could tell from his self-effacing and powerful aura that his true ability, should be much higher than the normal Sky Chart top exponents!

"This... Liufeng, you really... really have become so powerful! How did you do it?" Huang Siluo asked astonishedly.

When she separated from Bai Liufeng a few years ago, he was merely at seventh stage realm. Moreover, Bai Liufeng's innate talent was not as good as hers. Furthermore, he had been delayed as he was born in a small place like South Yue Kingdom. Therefore, his ability would not be raised so quickly. It would already be an achievement if he could ascend into ninth stage realm before he turned fifty years old.

But the current Bai Liufeng was only thirty years old, and he had already reached the potential of a peak rate top exponent!

This was simply out of Huang Siluo's expectations.

Bai Liufeng replied, "I'll explain this slowly after we leave Snow Phoenix Palace. Now, we don't have time to waste. We must take this opportunity when Lord Zhan isn't around, to leave this place quickly."

Hearing that, Huang Siluo instantly regained her senses.

She shook her head and shoved Bai Liufeng. "No way, I can't leave with you! Liufeng, hurry on and leave this place quickly! I'm really grateful that you have infiltrated this place to see me, but this is simply too dangerous! Hurry and leave now, and don't come back in future!"

Bai Liufeng was shoved but not only did he not back off, but he also pulled Huang Siluo into an embrace, holding on to her tightly.

"Siluo, what nonsense are you saying? I came here just to save you, and I will not leave you alone! Relax, my ability now isn't beneath Lord Zhan, and I can get you out of this place!" Saying that he wanted to carry her and leave.

"No, you can't, it's impossible!" Huang Siluo wasn't willing to move. "I am Sacred Phoenix Race's Holy Maiden and my presence is linked to the entire Snow Phoenix Palace. My Eldest Brother had set a

restrain on me and he will find out immediately when I leave this room. So he will hurry back to stop you! There are many outstanding top experts in Sacred Phoenix Race, so no matter how strong your ability is, you can't charge out on your own!"

Bai Liufeng was stunned, but he didn't forcefully barge again.

"There's such a thing? This Lord Zhan is simply too vicious and sinister! Let me see if I can remove your restrain first." He held Huang Siluo's wrist, thinking of injecting his Profound Energy to probe.

Huang Siluo didn't resist but she didn't stop trying to persuade him.

"Liufeng, listen to me! Snow Phoenix Palace is laid with mechanisms everywhere so it's hard for you to leave, with me by your side! Look at me now. Although I am being confined, I am well fed and dressed so I am leading a comfortable life. I... I don't want to leave."

Bai Liufeng shook his head, "Stop trying to deceive me! I heard your entire conversation with Lord Zhan earlier! The reason why Lord Zhan captured you is so that he can kill you at some sacrificial ceremony, to use your blood essence to activate an array! Don't think that I don't know about this!"

Huang Siluo's expression instantly paled, "You... you.... you heard all about this?"

Bai Liufeng lifted his head and gazed straight into her eyes with a peaceful and determined look.

"That's right, I heard every single word! This sacrificial ceremony would probably be done very soon, isn't it? Yet you're still unwilling to leave with me?"

When Huang Siluo heard that, her expression changed completely as she withdrew her hand with force.

"Enough! Liufeng, it's not that I'm not willing to leave with you, but I can't! My Eldest Brother will never allow me to leave this place, and even if we do manage to escape, he will seek us out! But if you leave alone, he might not pursue you relentlessly!"

Bai Liufeng held her hand tightly, not allowing her to escape as he quickly said, "Siluo, I know you're doing this for me. That's why you're willing to stay here, and you want me to leave quickly! But have you ever thought about what I think? We've been separated for such a long time and I've finally managed to find you, but you're unwilling to leave with me? How can I possibly leave you here alone, facing the situation where you might be killed anytime whereas I go wandering about in a carefree manner? Impossible! You must leave with me today. Even if I have to die here today, at least I can accompany you in death!"

Huang Siluo's eyes widened, as she was both shocked and touched.

She blinked and the tears started dripping from the corner of her eyes.

"Liufeng, you.... you... why must you do this? What have I ever done, to deserve someone like you... The truth is, I am just a liar. That year, I concealed my identity and got close to you. Otherwise, you'd have

found another lady with a simple background and lead a fulfilling life. Why would you have suffered so much, even near death, just because of me?"

Bai Liufeng hugged her tightly as his arms encircled her. His embrace was so tight that their ribs were in pain, but he still wasn't willing to let her go at all.

"Stop these absurdities! I was the one who liked you first and I don't want to find some lady with a simple background. I only like you! Even if I were to die here today, that's something that I do willingly! Alright, let's stop talking. Hurry and leave with me!"

Saying that he pulled Huang Siluo's hand and was about to leave.

However, Huang Siluo stopped after a few steps.

"Siluo, what's the matter?" Bai Liufeng asked with a frown.

Huang Siluo wiped her tears and said softly, "Liufeng, go on first!"

"Haven't I said that I don't mind...."

Bai Liufeng hadn't finished his sentence when he was interrupted by Huang Siluo.

"Liufeng, I'm saying this, not because I intend to follow my brother's instructions, to really become a sacrificial offering. But I just don't want us to die obscurely. If we endure this for a bit longer, we will have enough certainty of our chances to escape. Are you willing to do as what I say?"

Bai Liufeng frowned as his subconsciousness chose to doubt her words.

"Siluo, don't think of lying to me. Whatever you say, I will not make a move first, and let you continue staying at this god damn place!"

Huang Siluo shook her head slightly, "Listen to what I have got to say first, then make your decision later, alright?"

Chapter 2577: True Sacred Phoenix Race (13)

Bai Liufeng looked at her eyes which were brimming with tears. He just couldn't speak out words of refusal and could only sigh, "Alright, go ahead."

Huang Siluo composed herself and said, "You broke in abruptly today, wanting to bring me out of this place so this is definitely not possible. Snow Phoenix Palace is filled with mechanisms so don't ever think that today's infiltration is considered smooth sailing. If my Eldest Brother were to activate the mechanisms everywhere, then we won't be able to escape even if we have wings! But, I have a few mechanism drawings here which were left behind from ancient times. You can take these and research on it. So the next time you come into Snow Phoenix Palace again, you would have made adequate preparations and we will be able to escape successfully."

"Next time?" Bai Liufeng immediately shook his head, "I still have to wait until next time? Are you mad? Lord Zhan might possibly send you to your death at any moment!"

Huang Siluo stretched out her hand and placed it on his tightly wound brows as she shook her head slightly, "You don't need to be overly worried over this. Earlier you should have heard that my Eldest

Brother wants to kill me, just because he wanted to borrow the Blood Moon Great Array's energy to break through the space barrier. But this isn't something that could be done casually and it requires a certain chance. After Blood Moon Great Array has accumulated enough blood essence, Snow Phoenix Palace will slowly surface from the underground. This process will take around half a year. Moreover, Snow Phoenix Palace is still buried underground now! So, I will definitely not die yet!"

Bai Liufeng heard that and had slightly eased his tension, "Really? Is that really so? Then, about the array that you were talking about earlier, when will it absorb enough blood essence?"

Huang Siluo said, "This..... is hard to say! My Eldest Brother started capturing younger practitioners since three or four years ago, absorbing their blood essence but until now, there's still not enough energy. So it proves that this is a long journey. But since he's so full of assurance that he will definitely succeed, I'm afraid that it would probably take another three to five years before it could finally accumulate enough energy..."

"Three to five years? It can drag for so long? Don't you even think of weaving such lies just to get me to leave!" Bai Liufeng locked her eyes into a tight gaze as he tried to judge the authenticity of her words, "I'm telling you, if you die, I will accompany you at first timing! It is meaningless for you to make me live for a few more days!"

Huang Siluo looked at this man with deep eyes and couldn't help but sighed, "I know what you mean. I promise you... we will live and die together!"

Hearing this from her, Bai Liufeng heaved a sigh of relief, "With your promise, I can finally rest assured!"

Huang Siluo knew that he had already decided to relent and her lips curled into an upward arc. She turned around and took a few books from the bookshelf, then passed it to Bai Liufeng.

"These are the mechanisms drawings that I have collected but it's not complete. Only my Eldest Brother has the complete distribution map. So you will still be required to explore some places on your own."

Bai Liufeng nodded, "I understand."

Huang Siluo hesitated for a moment and said, "There's one more thing. The Blood Moon Great Array that my Eldest Brother uses to absorb the energy is on the second level in Snow Phoenix Palace. This is an array which had been left behind since ancient times so you cannot damage it based on your ability. But according to the instructions on the mechanism drawing, you can teleport there. If you see anyone who can still be saved... then just release them! In this way, it will also decrease the speed of blood essence which are gathered by the Blood Moon Great Array."

Chapter 2578: True Sacred Phoenix Race (14)

Towards Huang Siluo's instructions, Bai Liufeng naturally accepted it without any questions. He nodded his head continuously and said, "Don't worry, I will do according to what you say."

Huang Siluo lowered her head and spoke out softly, "You must remember, a living person who enters the Blood Moon Great Array will only be able to stay there for a maximum of four hours. Otherwise, there would be irreversible damage to their body. So you must pay attention to your safety... I only wish for you to be well....."

“Don’t worry, I will take good care of myself...”

Although they finished what they had to say, Bai Liufeng was still reluctant to leave.

He grabbed Huang Siluo’s hand, and his gaze remained fixed on her face as all sorts of feelings welled up in his heart.

There were too many things that he wanted to say, but he didn’t know what to say first.

Huang Siluo was feeling the same. She knew clearly that she wanted Bai Liufeng to leave quickly because the longer he stayed, the more dangerous it would be.

But she was unable to speak of any words to chase him away.

Although she had already given Bai Liufeng hope, to make him believe that he would be able to save her out in one piece. But in her heart, she actually believed that there was no way for her to escape from Lord Zhan’s clutches.

But she didn’t lie to Bai Liufeng. The promise to live and die together was real, but they could only choose to “die together”.

After some time, Huang Siluo opened her mouth, “Liufeng, our Lass Li... is she still in South Yue Kingdom? She should be eleven years old now, right?”

Bai Liufeng had not expected her to ask about this, so his heart sank.

He didn’t know how to tell Huang Siluo, that he had left their precious gem in South Yue Kingdom, for him to come over to Northern Ice Fields to save her. Moreover, he had not returned to see her for the past eleven years.

After he woke up in Sage Yu Xu’s cave, he proceeded to Snow Phoenix Palace immediately to save her. So he hadn’t thought of returning to South Yue Kingdom at all.

Seeing Huang Siluo’s anxious looks, he could only reply to her guiltily, “This.... Li’er is being brought up by her uncle...”

Bai Liufeng hemmed and hawed as he spoke, but just at this moment, a cry of chock was heard coming from the door.

“What’s going on? Why are you lying on the floor? Quickly get up! Where’s Holy Maiden? What’s wrong with Holy Maiden?” A man’s voice was heard.

When Huang Siluo heard this voice, her expression changed abruptly.

However, before the both of them could even respond, the man had already dashed into the room.

“Holy Maiden—! You... who are you? What are you trying to do to Holy Maiden?!”

Bai Liufeng hurriedly turned around and blocked Huang Siluo behind him. At the same time, he squinted his eyes alertly.

The person who charged in was a handsome-looking man who wore a golden red phoenix embroidered long robe.

In Sacred Phoenix Race, it was a symbol of status for those who were allowed to wear phoenix totem embroidery. This man was apparently an aristocrat and his status in the clan was rather esteemed.

Moreover, the aura on him was extremely powerful, and he looked like a top-rated exponent from just one look.

The most important thing was the gaze that he cast upon Huang Siluo, which made Bai Liufeng felt extremely uncomfortable.

Bai Liufeng hadn't even said a word and Huang Siluo already stood out as she raised her voice, "Huang Boyu, why have you suddenly intruded in?"

"Holy... Holy Maiden, are you alright? Where did this brazen fellow come from, holding Holy Maiden as a hostage! Simply looking for death! Quickly let Holy Maiden go!" Huang Boyu glowered at Bai Liufeng, as he struck out without any warning.

Bai Liufeng naturally wouldn't back down, and he instantly counter-attacked!

"Wait!" Huang Siluo cried out anxiously.

Alas, she couldn't stop the two men's instinctive fight.

Chapter 2579: Last chance (1)

Translator: Misty Cloud Translations Editor: Misty Cloud Translations

The both of them realized, at first instance, that they both liked the same woman. So they weren't willing to back down at all!

Their Profound Energies clashed in mid-air.

Huang Boyu gave a muffled groan and took several steps back. He barely stopped only when he crashed against the side of the door.

At the same time, blood trickled down from the corner of his lips and his face turned extremely pale as he looked at Bai Liufeng in disbelief.

Huang Siluo was originally so anxious that her heart almost jumped out of her mouth, but she had not expected the outcome to turn out like this.

"Liufeng, you..." She turned around and looked at Bai Liufeng in shock.

It was right until this moment when she realized that the big chance which Bai Liufeng said that he had encountered, with a tremendous increase in his ability, wasn't just mere talk!

Huang Boyu was considered as one of the top experts in Sacred Phoenix Race, but in front of Bai Liufeng, it only took the latter one move and he was already injured.

Bai Liufeng turned his head and smiled as he comforted him, "Don't worry. I already said that I can deal with these....."

Huang Boyu swept a fierce look towards Bai Liufeng and turned as he ran out.

When Huang Siluo saw his action, she hurriedly pushed Bai Liufeng and urged, "It's bad! Huang Boyu has escaped so he definitely has gone to look for my Eldest Brother! You have to get out of this place now, and leave immediately! Otherwise, you will not be able to leave by then!"

Bai Liufeng took two steps back from her push, but he still maintained a reluctant gaze at her, so he wasn't willing to nudge.

Huang Siluo was so anxious that she stomped her feet, "Why are you still in a daze? Don't tell me that you really want to die here? If you died here, who will come and save me?"

Hearing that, Bai Liufeng awoke from his dream.

He clenched his teeth tightly that he could taste the blood in his mouth, "Siluo, wait for me. I will definitely come back and rescue you!"

Bai Liufeng turned around and scurried out.

By this time, Lord Zhan had already obtained news and personally led his clansmen over, hoping to capture Bai Liufeng.

Luckily, Bai Liufeng was agile enough and finally managed to escape. But he suffered a serious injury again and almost died in Snow Phoenix Palace.

...

Bai Liufeng sighed as he finished his story about the past.

"So, the situation back then was roughly like this. It was only until that day did I find out that there were still a group of ancient God clan descendants left in Soaring Heavens Continent. Whereas they kept themselves secluded because they had been searching for a way to break through the space barrier so that they can get a chance to return to God Realm..."

"Later on, I spent a long time on recuperation and finally fully recovered. Then, I started to research the mechanism distribution maps, trying to find a way to infiltrate into Snow Phoenix Palace, to complete the missing portions of the mechanism. I also attempted to enter the underground level to meet with your mother again but Lord Zhan changed the room where your mother is confined. He also sent a lot of practitioners to keep guard on rotation duty. But I still can't find a chance to get close to her."

"As your mother had once asked about your situation, I didn't want to be unable to answer her the next time I meet her again. So later on, I made a few trips back to South Yue Kingdom but unfortunately, you had already left with that fellow surnamed Li. So Father didn't manage to find you..."

Bai Liufeng started to stop until here.

Huang Yueli and the others were already so absorbed from hearing this, so they weren't able to recollect their senses.

Bai Liufeng's description and the information conveyed were simply too much!

Even if they had guessed this earlier, the secret behind Sacred Phoenix Race was simply too shocking.

Chapter 2580: Last chance (2)

But Bai Liufeng's words still surpassed their imagination.

Bai Liufeng didn't say a word but raised the cup. He sipped the tea as he waited for them to regain their senses.

After a while later, they finally digested this news.

But the shock on their faces still hadn't waned.

"So, my mother is under Lord Zhan's control. Her life is in critical danger and not like what Father said previously? Father, you are indeed lying to us before!" Huang Yueli stared at Bai Liufeng as she questioned him in an unfriendly tone.

Bai Liufeng was very awkward, "This... I really didn't want you to risk your life with me! If things go awry, your mother and I might die in Snow Phoenix Palace. You are our only daughter, so we hope that you can live on properly, leading a happy and fortunately life..."

He attempted to explain but Huang Yueli pouted her lips, as she paid no attention to him and continued speaking.

"Moreover, the last time we were in Northern Ice Fields, we already saw Snow Phoenix Palace rising from underground. This proves that my mother only has less than half a year! Not only did Father not tell us, but you also insisted on making me and Moying return to Sky Emperor City. You even urge us to get married..."

"This... this..... Father can tell that you and Young Sect Master Li are in love with each other, so I just want you to have a place to call home....." Bai Liufeng's voice became much softer.

Huang Yueli still didn't bother about him and said, "After that, when our wedding had ended, Father didn't even bid farewell and snuck away! Because my Mother only has around one month left? Father feels that after he pushed a burden like me away to Moying, then you will have no more misgivings and can concentrate on what you want to do, right?"

"No, no, how would Father ever treat you like a burden? Father only feels that this is my generation's matters so it shouldn't involve youngsters like you..." Bai Liufeng's sweat kept sprouting because this was the first time he realized that his intelligent and adorable daughter was actually so terrifying when she flared up!

Simply showing off her prowess without displaying her anger!

Although there wasn't any anger on her face, and there was even a slight smile, but he was full of guilt, almost not being able to lift his head at all.

Huang Yueli gave a cold snort and turned around, "Father obviously knows that this is the most crucial moment! But you didn't even tell me the truth, and came forward on your own! I believe that you have already made a decision that you will not be returning, right?"

"I... this....."

Hearing that, Bai Liufeng couldn't make out any explanation at all.

Because what Huang Yueli said was correct. From the second he secretly left Blue Profound Sect, he had already made preparations for death.

For so many years, his ability had been increasing gradually and the number of times that he infiltrated Snow Phoenix Palace was getting more and more.

This made him realized how deep the concrete details of an ancient God Clan like Sacred Phoenix Race were!

Previously, he had really ran into great luck to meet with Huang Siluo. The minute Lord Zhan started to guard against him, he was unable to find her at all, not to mention anything about saving her!

This time, he intended to stake everything he had, to infiltrate Snow Phoenix Palace. Regardless of the price he had to pay, he would risk it all to save her.

However, Lord Zhan was now in his last stage of planning so his control over Huang Siluo was much, much tighter than before.
