Chapter 2631: All of you.... can't escape anymore! (1)

“What’s going on?!”

Lord Zhan suddenly realized that he could not sense Huang Siluo’s location!

In the beginning, he thought that it was due to his highly anxious state which caused this hallucination. After all, the Nine-piece Insight Lock was Sacred Phoenix Race’s hereditary half-god relic. So, such an error couldn’t happen.

So, he quickly tried to inject more Profound Energy. However, the other Insight Lock still did not give any reaction.

The third time, fourth time...

Lord Zhan finally realized that it wasn’t his method that was wrong. But... something really happened on Huang Siluo’s end!

“How is this possible?! Could... she really had run away??”

Lord Zhan’s expression instantly became twisted and he looked extremely sinister and terrifying.

Right now, he was already pushed to the brink of the cliff. He only needed to take one step backward and he would fall into the deep abyss!

If he couldn’t find Huang Siluo, it wouldn’t take long before him, Huang Zhanxiao’s doomsday!

Lord Zhan’s heart was burning with anxiety. But right now, he could no longer bother about other people. He would do any wicked crimes just to save his own skin!

“Huang Siluo, you forced me to do this! So many of our clansmen died today, it’s all because of you, this Holy Maiden’s sin!”

Lord Zhan laughed coldly as his hands made a grabbing stance.

A dozen over unconscious junior clansmen lying beside the Blood Moon Great Array was led by his Profound Energy, as their bodies flew into mid-air.

Following that, Lord Zhan immediately swung his hand, and the dozen over men were thrown into the Blood Moon Great Array’s pool!

In an instance, miserable cries kept ringing!

In the instance when those dozen over men who had fallen into the blood pool, their bodies immediately turned into blood beads. Not long later, their bodies were entirely bathed in blood and their eyeballs popped out. It seemed as though they had become dull-witted!

Any clear-minded person could tell that these people had completely become the walking dead. It wouldn’t take more than a quarter of an hour before they completely turned into a puddle of blood water!

Lord Zhan's hands kept catching people in mid-air, and every single time, he would capture a few dozens of practitioners.

Shortly after, a hundred over practitioners had been thrown into the blood pool. The surface area of the pool which didn't look very big, was almost filled up.

A hundred over people kept churning in the bloody pool as they all tried to struggle but none of them could escape!

This scene, accompanied by the miserable cries, made one feel horrified!

Those practitioners that Lord Zhan picked had slightly weaker cultivations. For some practitioners with higher abilities, although they could not move, they could still barely maintain their rationality.

They all stared at Lord Zhan with a deadly look, simply unable to believe their eyes!

Lord Zhan, whom all of them had imagined to be extremely powerful, authoritative, and upright looked like a ghost that had come from Hell! It made one feel terrified just to look at him!

After Lord Zhan finished sucking the blood essence from those practitioners in the blood pool, the red bloody mist slowly ascended and propped up the blood moon.

Although this round of Blood Moon did not continue to ascend, at least it stayed in the same position.

"These trashy blood essence could only stabilize it for a short period... This Seat must use this amount of time to capture Huang Siluo, that little slut who dares to escape! She dares to do this trickery under my eyes... This Seat will make you regret whatever you have done!"

Chapter 2632: All of you.... can't escape anymore! (2)

Lord Zhan cursed coldly, and following a sway, his body disappeared from the mid sky above the Blood Moon Great Array.

....

Snow Phoenix Palace's top floor.

After Huang Yueli and the others heard Huang Siluo's explanation, they realized the seriousness of the problem. But if they had to abandon Huang Siluo and escape for their lives, no one could do it at all.

Everyone exchanged glances as they pondered over how they could resolve the current situation.

Huang Siluo was extremely anxious as she kept urging the others. "Everyone, quickly leave! I can already sense the Blood Moon Great Array's energy getting unstable. Huang Zhanxiao must have realized that something isn't right!"

She had just finished her sentence when the entire Snow Phoenix Palace suddenly shook violently.

Everyone was caught off guard, and they spent some effort before they stabilized themselves.

But before they could regain their senses, they saw a blood-red colored mist seeping out from every wall in the surroundings, slowly rising to the skies.

Huang Siluo spat out another mouth of blood. The color of her face had finally regained slightly, but it instantly paled once again.

Even Huang Yueli also had a terrible look on her face. She hurriedly swallowed a few more pills before she could barely stand firm.

“This is terrible...” Bai Liufeng held on to Huang Siluo tightly and refused to let go. At the same time, he lifted his head and looked at everyone, speaking in a grave voice, “Everyone should have heard what Siluo said just now. From the looks of it, Siluo probably is unable to escape from this place! But I had already expected this ending long ago, so it isn’t unacceptable for me. I will stay here and accompany her... Li Moying, bring Li’er and your friends and leave this place quickly! This time... I really owe you a big favor! I hope that in the future, you will take good care of Lass Li!”

He had made a decision in this short period.

To be able to accompany Huang Siluo to die in Snow Phoenix Palace, wasn’t a difficult thing for him.

But he didn’t wish to implicate anyone else.

“Father!” Huang Yueli cried out sharply as she shook her head furiously. “Father, I will not leave! How can you ask me to abandon you and mother and leave this place on my own! Moreover, we still have a chance of survival, isn’t it? It’s still too early to give up now!”

“Stop this nonsense, I’m your father! Just listen to me and follow my instructions!” Bai Liufeng didn’t believe that there were still any other chances to reverse this situation.

Lord Zhan’s sinister, malicious and cold-blooded ways were something that he knew even more than Huang Yueli and the others!

Seeing that Huang Yueli refused to leave, he turned towards Li Moying, “Stinky brat, why aren’t you bringing Lass Li away? Respecting your woman is not wrong, but it does not represent that you need to see her die right? I’m staying here with Siluo is something that we are willing to do, so don’t feel any guilt over this!”

Bai Liufeng assumed that based on Li Moying’s love for Huang Yueli, he would take her life into consideration at this juncture.

As long as he said that, Li Moying would not say no.

But whoever knew that Li Moying did not move at all. He only looked at Huang Yueli and spoke softly, “I’ve already said that I will accompany Li’er to wherever she wants to go! But...”

Speaking of this, he suddenly paused for a moment, “But the others can take this chance to leave right now! You don’t have any obligations to stay with me and Li’er to take on this risk!”

His words were meant for Liu Buyan, Cang Po Jun, and Cang Po Yu.

Cang Po Jun and Cang Po Yu were his subordinates. But Li Moying had known them for many decades, so there was a sort of brotherhood relationship between them.

Chapter 2633: All of you.... can’t escape anymore! (3)

If they were to face death today, there was simply no point to drag anyone down.

After all, Huang Siluo was Huang Yueli's mother and she was his mother-in-law. She was not related to other people.

However, when Cang Po Jun and Cang Po Yu heard that, their faces instantly changed!

The both of them immediately knelt.

"Sovereign, what are you saying! This Subordinate had already sworn our allegiance towards you, and it would not change even if we had to die!"

"That's right! Sovereign, how would This Subordinate do not dare to take our leave while you remain here! This Subordinate is willing to fight alongside you and Grandmaster Huang till the end!"

Liu Buyan's reaction wasn't that huge. When the both of them finished their speech, he waved his hand impatiently and said, "We're already so pressed for time, so can you guys stop talking about this rubbish? Since we've all come together, of course, we should leave together! Now, can you focus on thinking about another way? Just thinking of waiting here like a sitting duck doesn't match our Sovereign Li's demeanor!"

Hearing that, Huang Yueli finally understood everyone's thinking.

All of them were so resolute in standing by her side. This kind of friendship left her so touched that she almost wanted to tear up.

But she knew there wasn't enough time so she didn't say much. She merely blinked her eyes, blinking away the tears.

"Alright, since you've all decided, then let's distribute the tasks that we shall undertake! The biggest problem now is, the further Mother is away from the Blood Moon Great Array, the greater it affects her so there's no way to leave the boundary of Snow Phoenix Palace. Seeing this from another point of view, if we were to damage the Blood Moon Great Array or disrupt Lord Zhan from casting the spell, it might affect the progress and weaken the effect. In this way, wouldn't Mother be able to leave this place successfully?"

Everyone was stunned, "When you put it in this manner, it seems like it!"

"But how are we supposed to damage the Blood Moon Great Array? It's a demonic art which has been left behind since ancient times, so do we have the ability to damage it?" Liu Buyan's brows creased, as he raised a doubt.

Cang Po Yu muttered, "It might be slightly more difficult to damage the array, but if we attempt to interrupt the spell, it might not be that difficult. Blood Moon Great Array's energy is limited, and it is now showing signs of deterioration. By then, we can just create some disturbances and it would make the Sacrificial Ceremony difficult to progress on!"

Huang Yueli nodded her head and said, "So to speak, we must send out a team of people to disrupt the Sacrificial Ceremony."

Cang Po Yu hurriedly volunteered, "Allow This Subordinate to handle this! Damaging the array is This Subordinate's specialty!"

However, Huang Yueli firmly denied his suggestion. "This is best suited for me and Moying to handle personally! The Blood Moon Great Array had many Sacred Phoenix clansmen around and all of their cultivations are very high. If you are surrounded by them, you can't get away from them!"

"But..." Cang Po Yu frowned, "But if Grandmaster Huang went personally, wouldn't you face the same kind of risk?"

Huang Yueli's lips tugged slightly, "That might not necessarily be so. I am, after all, Holy Maiden's daughter. Although Lord Zhan is deranged, those ordinary clansmen adore my mother very much. They might not necessarily do anything to me. Besides this, I have something very important that I need you to handle."

Cang Po Yu went into a blank, "What's that?"

"No matter if it's Mother's whereabouts being exposed, or if I successfully disrupt the Sacrificial Ceremony, Lord Zhan will realize that someone had already infiltrated into Snow Phoenix Palace. He grasps the method to control all Snow Phoenix Palace's mechanisms. In case the route is blocked, my mother and the others will not be able to escape!"

Chapter 2634: All of you.... can't escape anymore! (4)

"By then, I will need to depend on you to damage all the arrays and mechanisms in the surroundings, to ensure Mother and the rest can escape!"

Huang Yueli instructed a few simple sentences and Cang Po Yu immediately understood her meaning.

He hurriedly cupped his fists, "This Subordinate understands and will handle this well!"

"En!" Huang Yueli nodded his head. "Will Guardian Jun and Senior Brother please go along with Guardian Jun. After you have completed the mission, please come over to the surroundings near Blood Moon Great Array to reinforce Moying and me."

The crowd nodded their heads respectively as they acknowledged their understanding.

"And..."

Huang Yueli wanted to say something when suddenly, a piercing cold bitterness arose from her back!

She instantly sensed something and shuddered!

A sinister cold voice was heard in mid-air, "Huang— Si—Luo! You have indeed escaped! It's you bunch of insolent fools again. You managed to smuggle into Snow Phoenix Palace beneath my eyes, you're indeed... indeed very good! Very good!"

A familiar silhouette appeared and Lord Zhan's figure came closer as he appeared right before everyone's eyes.

He managed to come out from the Blood Moon Great Array. After experiencing multiple times integration of blood essence, his entire body was filled with a thick bloody stench.

His eyes were blood red and his expression was malevolent, bearing no difference from the demon tribe!

Upon seeing his look, everyone had a shock!

Huang Siluo had a complicated look in her eyes. It was mixed with shock, fury, hatred, and terror!

“Huang Zhanxiao, you really... really sucked away the clansmen’s blood essence! How could you be so deranged to such a state!”

Lord Zhan started laughing wildly while he glowered at her!

“Hahaha, what a joke! Why can’t This Seat do this! This Seat is doing this for Sacred Phoenix Race’s future. It’s their honor to sacrifice for Sacred Phoenix Race! You, this Holy Maiden, actually dare to escape from the Sacrificial Ceremony! You are disregarding the entire Sacred Phoenix Race and your sins cannot be forgiven!”

His gaze swept across those people beside Huang Siluo and his gaze became even gloomier.

“And for the rest of you lowly human race, how dare you disrupt an ancient God clan’s ceremony. This is an act of insubordination! But you came just in time. This Seat was just worrying that the Blood Moon Great Array did not have enough blood essence! All of you are outstanding practitioners with great talents, so you can act as replenishment for the Great Array... it’s to atone for your sins!”

Lord Zhan’s voice had just ended and his body suddenly flashed as he dashed towards Huang Siluo!

Although he spoke conceitedly, he had some plans in his mind. He knew that going up against so many ninth stage realm peak practitioners alone, and taking them all down posed a certain difficulty. So he had to take the initiative to start the attack!

Although Lord Zhan was swift, the others were already prepared for him.

On seeing him dash over, Bai Liufeng immediately blocked himself in front of Huang Siluo. He waved a palm strike and struck out towards Lord Zhan.

Li Moying and Liu Buyan also flew up and supported Bai Liufeng from the side.

Under the attack of three people, Lord Zhan was forced back, and his face revealed a crimson red color.

Even though they managed to force Lord Zhan to retreat, Bai Liufeng and the others exchanged a look and saw a hint of graveness in one another’s eyes!

Lord Zhan’s ability... seemed to have improved from the last time they met!

Under normal circumstances for their level, it would take at least one to two years before they were able to raise their abilities.

Chapter 2635: All of you.... can’t escape anymore! (5)

However, the truth was right in front of everyone’s eyes. In these few short months, Lord Zhan’s ability was so clearly raised!

Huang Siluo gritted his teeth and said, "You.. not only did you use the Blood Moon Great Array to gather energy. Moreover, you even ate those pills refined from those practitioners' spiritual roots! Am I right? Otherwise, there's no way that your ability could increase so drastically!"

Lord Zhan smirked and said, "Indeed This Seat's biological sister. Nothing can escape your eyes..."

"You're crazy, you're really crazy!" Huang Siluo's eyes widened as she kept shaking her head in disbelief. "Do you know that taking that kind of medicinal pill will incur retribution! If you suffer a backlash from the medicinal pills, you will fall into the demonic path!"

"So what about that?" Lord Zhan retracted his smile as he spoke out icily, "If the Sacrificial Ceremony fails, my ending will be much worse! This Seat can only succeed!"

Saying that, he glanced at Huang Siluo and said, "Alright, enough of the small talk! Third Sister, still not coming over to This Seat's side?"

Huang Siluo bit her lips and didn't say a word.

If sacrificing her alone would ensure everyone's safety, she would definitely agree without any hesitation.

But she understood Lord Zhan well. He would absolutely not leave anyone alive. So fighting to the very end was the only way out for them.

Seeing her keeping silent, Lord Zhan could guess what she had in mind. His expression turned gloomier and terrifying by the minute.

"Looks like you choose to do it the hard way! Then don't blame This Seat for being vicious! Take this!"

Lord Zhan lifted his hand slightly and two fire dragons came sweeping behind him. Behind the raging balls of flame, it carried a dark and cold death qi which unleashed an explosive powerful energy, as it charged towards the crowd.

This time, he did not underestimate his enemy and unleashed 100% of his might! He was asking for a swift fight!

Under these circumstances, even if everyone were to fight under full strength, they would only be able to break even with him!

Huang Siluo and Huang Yueli who bore Sacred Phoenix Race's bloodlines were greatly affected by Lord Zhan's Blood Moon Great Array. They instantly felt their blood and qi surging, and they felt extremely unwell.

But it only took a few seconds and Lord Zhan had already exchanged several rounds with the others.

Bai Liufeng and the others had more people on their side, so even under Lord Zhan's astounding might, they did not show signs of defeat temporarily.

But Huang Yueli who was on the verge of the war frowned worriedly.

Lord Zhan's energy in this battle was totally reliant from the support of the Blood Moon Great Array.

Now that the exchange of blows increased as time went by, Huang Siluo's face turned paler and paler by the second. She totally could not stand, lying limp on the ground.

But Bai Liufeng could not afford to take care of her. He spent most of his energy on the battle against Lord Zhan.

If this continued, Huang Siluo's condition would become worse and worse.

Huang Yueli knew this situation was terrible and she must think of another way to resolve this. Otherwise, the longer the time dragged on, the more disadvantageous it would be for them...

Suddenly her eyes lit up and following a flash, she ran behind Li Moying.

"Li'er, don't come here. It's too dangerous. Stay a little further away!" Li Moying caught sight of her from his peripheral view, and he couldn't help but reminded her with a frown.

Huang Yueli could no longer reply to him in time as she swiftly worked out hand gestures. She swiftly struck out dozens of hand gestures onto the back of the wall.

Chapter 2636: All of you.... can't escape anymore! (6)

They were now located at the end of a corridor.

They almost stepped through the huge mechanism door behind them but as Huang Siluo suddenly threw up blood, they stopped walking.

Huang Yueli thought of this point and immediately made her move. She wanted to open up the mechanism door again to give the others a way of retreating.

Lord Zhan naturally understood this point and couldn't help but sneered with disdain.

Based on what he thought, the entire Snow Phoenix Palace was within his grasp. Even if Huang Yueli wanted to activate the mechanism, he would be able to strike them all down. It would be a dream if they wanted to escape!

Li Moying and the others realized what Huang Yueli's intention was, and they intensified their attacks, hoping to gain a little more time for her.

Not long later, a loud "boom" was heard. The mechanism behind everyone's back suddenly opened up!

Huang Yueli shouted out softly, "Everyone, quickly retreat!"

Following her shout, Lord Zhan laughed coldly. "Want to escape? You're seeking your deaths!"

Under such an intensive exchange of blows, if Bai Liufeng and the others wanted to escape, they would be equivalent to selling their flaws to the enemy. Not only would they not be able to escape, but they would also instantly fall into a disadvantage!

Anyone with enough battle experience would understand that this was not the best option to make.

Huang Yueli, the past ninth stage realm peak practitioner must have leisure time after her reincarnation. She actually committed such an error, which was extremely ludicrous!

Lord Zhan silently shook his head, totally not bothering about Huang Yueli at all.

When Bai Liufeng and the others heard her command, they were stunned.

Their first reaction was exactly the same as Lord Zhan's.

But Li Moying trusted his Li'er very much and he knew that for her to ask them to retreat, she must have made the necessary arrangements so he immediately followed her instructions at the first moment.

"Retreat!" He simply shouted out and immediately retreated hastily!

Cang Po Jun and Cang Po Yu naturally abided by Li Moying's commands.

They could well ignore Huang Yueli's words but now that Li Moying had given such an order, they did not even need to think and follow accordingly.

On seeing the others already retreating, Bai Liufeng and Liu Buyan also did not think so much, as they subconsciously kept to the same actions.

Bai Liufeng used all his strength to continuously strike out a dozen over hits. Taking the chance while there was a short pause, he carried the seriously unconscious Huang Siluo and retreated out from the door.

"All of them are indeed seeking their deaths?" Lord Zhan's heart rose with a hint of joy.

He had not expected Bai Liufeng and the other top exponents to be so irrational. Could they have been shocked witless by his prowess?

Lord Zhan was elated and was just about to chase up to them.

Suddenly, a loud "buzz" was heard, and a shower of flying swords came raining down on him!

"What's that??" Lord Zhan's expression changed abruptly!

While Huang Yueli was asking them to retreat, she did not hesitate as she activated her specially manufactured Sword Array!

She had been manufacturing an outstanding piece of Profound Armament which was almost similar to a half-god relic. This was something that inspired her ever since she got to know about the Sky Phoenix Ring and one of her peak works! It had been stored in Blue Profound Sect in the past few years.

This lifetime, after she dug out this piece of Profound Armament, she polished it up and had hidden it with her, as her ultimate life-saving ace.

Now that she was facing a life and death predicament, she decisively invoked the sword array.

Chapter 2637: All of you.... can't escape anymore! (7)

Under this powerful Profound Energy attack, even a peerless top exponent like Lord Zhan was struck by several flying swords, causing him to bleed.

But his ability was strong after all.

After the initial shock, he swiftly regained his senses and started to seriously counter the flying swords attacks.

The densely packed flying swords kept swirling around, gathering different sword arrays as it relentlessly pursued after Lord Zhan!

He wanted to escape but these flying swords were simply too hard to deal with. It took him quite an amount of effort and after paying the price with a few deep gashes, he was finally able to get rid of these sword arrays.

“Damn stinky lass, she’s so hard to deal with! She’s merely a ninth ranked Armament Master but the sword array that she built could be compared to God Realm’s Armament Masters!” Lord Zhan was both shocked and furious.

Especially after he was injured by the flying swords, the rage in his body was completely spiked which made him look even more malevolent than before.

“Just a sword array and you’re thinking of delaying This Seat? Quit daydreaming! Let’s see how This Seat deals with all of you!”

Lord Zhan calmed himself down and gnashed his teeth as he continued to pursue after them.

Whoever knew that just as he was dashing into the mechanism’s closing door, a ball of intense flame swirled towards him!

This ball of flame carried a terrifyingly high temperature. Just feeling it from a distance away already made him felt hot. It seemed as though his entire body was going to melt in the fiery flames and turned into ashes!

Lord Zhan shivered. “What’s going on? Could there be a deviant flame that is stronger than my flame? Impossible! We Sacred Phoenix Race had been cultivating our flame sparks and had inherited True Phoenix Fire since thousands of years ago! It’s impossible to have something stronger than this! This must be an illusion!”

Lord Zhan was confident about his flame so he did not bother to delve into this deeply. Instead, he congealed his Profound Energy, intending to break down the firewall and charge right through.

But just as his Profound Energy and that ball of flame collided, Lord Zhan’s body suddenly shook.

“Oof—!”

He gave off a dull moan, and a stream of blood trickled down from the corner of his lips.

Under the earlier impact, it caused him to suffer from an internal injury!

“How... how is this possible!” Lord Zhan retreated a few steps as he endured with the dull bouts of pain from his chest and lifted his eyes to gaze in front.

Although the scorching and pure flame was powerful enough, it could not sustain. Hence after the impact with Lord Zhan, it slowly dissipated.

After the raging flame, a huge and beautiful Phoenix spread its wings as it raised its head and cried out to the sky!

That dazzling golden-red wings resembled the sun that had just rose into the sky. The brilliance was enough to scorch one's eyes.

"Ph... Phoenix?? Could this be... a real phoenix??" Lord Zhan almost forgot to breathe when he saw the scene in front of him.

No wonder the flame was so powerful earlier, which crushed him so much that his flame could not be displayed.

So, the fire came from a phoenix?

The Sacred Phoenix Race inherited the True Phoenix Fire thousands of years ago. Its energy was slowly becoming scarce as it became weaker and weaker. Facing the genuine True Phoenix Fire, it naturally could not fight against it!

He was considered as one of the outstanding talents in Sacred Phoenix Race, but they were detached from the main family in God Realm for too long. Hence he had never seen a living phoenix since young.

Now before his eyes, this Fire Phoenix was so real as though it was about to spread its wings and fly away. So how could he not feel shocked to see it?

Chapter 2638: All of you.... can't escape anymore! (8)

However, this shock only sustained for a brief moment.

The beautiful huge phoenix cried for a short duration, and as though it had used up all its energy, it started to shrink in an instant.

It only took a blink of an eye, and the huge phoenix shrank into the size of a hen. Lord Zhan rubbed his eyes, "What's going on? What happened earlier? What on earth is this thing?"

The huge phoenix that had shrunk no longer looked like a phoenix. Instead, it looked like a mother hen with shiny feathers.

Moreover, it was especially plump...

No matter how one looked, it simply did not resemble a phoenix!

"Where did this fat chicken come from?"

"Chirp chirp, chirp chirp!"

Hearing Huang Yueli's command, Little Wang Cai which had huffed out a mouthful of fire used up all its energy. It intended to rush back to her side when it heard Lord Zhan's surprised voice.

He furiously patted his wings, "You're the fat chicken, all your family members are fat chickens!"

But how would Lord Zhan possibly understand what this fat bird was talking about? He instinctively dashed over and attempted to catch it with his hands.

Little Phoenix was so shocked that it chirped loudly, and without a care for its official term, it hurriedly flapped its wings and scuttered away with all its might!

Lord Zhan followed it for a short distance. He had not expected that this little thing was so fat, but yet its flying speed was astonishingly fast!

He tried to catch it but caught nothing instead. It was then when he recalled his real purpose in this trip.

“Damn it, I almost forgot. I’m here to capture Huang Siluo! It must be some illusion that the wretched lass came up with, hoping to divert This Seat’s attention!”

He abruptly grew alert as he turned around and checked on the surroundings. He discovered that the original group of seven who should appear behind the mechanism door had indeed gone missing.

Earlier Huang Yueli threw out a sword array, then scorching flames, and had successfully delayed Lord Zhan for a while.

Using this time, the few of them had already followed their original plans to split up into three routes. They left in three different paths from this secret room.

By the time Lord Zhan broke through the various mechanisms, he could no longer find any of them.

But Lord Zhan was not disappointed at all. He squinted his eyes and gave a cold smile. “Did you guys think that you can escape? As long as you are still within Snow Phoenix Palace, you can forget about escaping from This Seat’s clutches! This is merely your last struggle before your death!”

Saying that he lifted his right hand abruptly and with his palm facing upwards, he pointed to the sky!

A ray of blood light shot out from his palm!

“Blood— Moon—”

...

At the same time, Huang Siluo who was being carried by Bai Liufeng suddenly straightened her body and gave out a soft moan!

Blood... started seeping out from her lips and the corners of her eyes.

When Bai Liufeng saw this, his entire body turned cold but there was nothing that he could do. He could only hug her tightly, “Siluo, hang on, hang on tight! As long as we can evade Lord Zhan’s pursuit, it won’t take long before Lass Li destroys the Blood Moon Great Array. By then, you will be able to recover! You must hang on!”

However, Huang Siluo had already lost consciousness and was unable to say a single word at all.

If it wasn’t for the fact that her heart was still beating and her body temperature was still warm, Bai Liufeng might have assumed that she was already dead.

Bai Liufeng hurriedly dug out a bottle of medicinal pills that Liu Buyan refined. He stuffed some pills into her mouth and put his lips onto hers, forcing her to swallow it.

Even though he knew that these medicinal pills had little effect on Huang Siluo, he could only choose to do this.

Chapter 2639: The most evil of all (1)

Huang Siluo swallowed the medicinal pill and her lashes fluttered as her eyes opened slightly.

Bai Liufeng felt elated and he hurriedly leaned closed and asked, "Siluo, you... are you feeling better?"

Huang Siluo parted her purplish-green lips and said in a low voice. But he could not hear her wrongly.

Bai Liufeng went nearer to her and said, "Siluo, what are you saying?"

"Quick... quickly go... my elder brother is... is here..." Huang Siluo said this with much difficulty, as though it had used up all the strength in her.

Bai Liufeng did not dare to treat her warning with neglect. He looked closely at the mechanism distribution map and did not stop. He kept running in circles around the boundary of Snow Phoenix Palace.

Before Huang Yueli was able to destroy the Blood Moon Great Array, there was no way he could forcibly bring Huang Siluo away from this place. Otherwise, she might suffer the backlash from the Blood Moon Great Array. From the moment she stepped out of Snow Phoenix Palace, her entire body's blood essence would be sucked dry!

So the two of them could only loiter around the surroundings.

Bai Liufeng knew that if this went on, they would definitely be found. But there was no other way and the only thing he could do was to stay alert.

However, this hard work was proven to be useless.

Shortly after, Lord Zhan was already right behind them.

"Escape? Why don't you continue to do so? Where are you intending to escape to?" Lord Zhan gave a cold smirk. He looked at both of them as though they were a pair of ants.

Bai Liufeng's heart jolted!

He knew that it was a matter of time for him to chase up to them. But he had not expected Lord Zhan to come so soon!

Just this bit of time, Huang Yueli and Li Moying probably had not even reached the Blood Moon Great Array, let alone damaging the array!

The only thing he could do now was to risk his life and stall Lord Zhan. He hoped that he would be able to give Huang Yueli and Cang Po Jun's groups sufficient time, otherwise all of them would have to die here!

Bai Liufeng made a decision instantly, and his expression turned solemn.

He placed Huang Siluo gently on the ground and blocked himself in front of her. Facing Lord Zhan, he actually felt extremely peaceful.

“Huang Zhanxiao, Siluo and I are not afraid of dying! But even if we die, we will not let your conspiracy succeed!”

“Really? Just based on the both of you? You’re hoping to stop This Seat?” Lord Zhan laughed loudly, “This Seat was intending to let you off, but unfortunately, you had to spoil This Seat’s important event today! Since that’s so, This Seat shall show you the genuine ability that an ancient god clan has!”

As he said that, he raised his hands!

The blood mist in the air congealed in his hands swiftly and laid on top of his palm. It made his slender beautiful hand seem as though he had just walked out of a bloodbath. The thick blood swirled around his hand and the blood essence contained seeped into Lord Zhan’s meridians. Following that, his ability abruptly spiked!

Bai Liufeng was originally planning on a fight to the death but seeing this made him horrified!

Lord Zhan’s ability was rapidly increasing, and it rose steadily towards the tenth stage realm. The Profound Energy suppression released in his body was extremely powerful. The suppression left a top exponent like Bai Liufeng unable to breathe!

Powerful!

Too powerful!

It was hard to imagine just how strong one’s ability could get!

Could this be the difference between an ancient god clan and an ordinary human race?

Chapter 2640: The most evil of all (2)

Bai Liufeng was horrified. However, before he could come out with a conclusion, Lord Zhan was already done accumulating his power and could not wait to strike out!

Gathering the blood essence in his palms, the surging power seemed as though it was a terrifying wave that had no boundaries which swept towards Bai Liufeng!

Bai Liufeng faced such a powerful Profound Energy clash head-on, and he was like a small rowboat, which could possibly capsize any moment!

The pressure he took on was immensely huge, but he had nowhere to retreat, and nor could he do so!

Bai Liufeng congealed all the Profound Energy in his body and tried his best to resist Lord Zhan’s powerful impact.

He was after all an outstanding peerless exponent and for a moment, he was actually able to ward off Lord Zhan’s attacks. Their Profound Energies came to a stalemate in mid-air.

However, Bai Liufeng clenched his teeth and his face flushed red. He did not dare to relax at all.

On the other end, Lord Zhan seemed as though he was having an easy time. There was a faint smile on his lips.

“You’re considered as an outstanding talent among the lowly humans! Too bad, your background is too cheap so no matter how hard you try, you are merely just like this—!” Lord Zhan spoke calmly and he abruptly struck!

The red-colored Profound Energy suddenly expanded by one fold!

Bai Liufeng’s body was thrown out by this impact and crashed heavily on the wall! He spat out a mouthful of blood!

Lord Zhan did not even bother to take a look at him as he turned around to catch Huang Siluo.

“No—!” Bai Liufeng howled weakly and struggled to get up and stop him. However, he totally could not move at all.

Just as Lord Zhan was walking towards Huang Siluo, suddenly...

“Rumble—”

“Rumble—”

Snow Phoenix Palace’s ground started to shake violently, and one after another tremor was felt.

Bai Liufeng was already seriously injured. Now that the tremors kept shaking, it tugged at his wounds and he was in so much pain that he almost fainted.

But, just as he was trying hard to endure the pain, he found that Lord Zhan was showing an expression that was in even more pain than his!

For that one instant, Bai Liufeng thought that he had seen wrongly.

But following that, Lord Zhan clenched his fists tighter as he roared, “Who! Who is the one creating this ruckus! Who dares to interrupt the sacred Sacrificial Ceremony! Simply looking for death! This Seat will catch all of you and tear you to pieces!”

Bai Liufeng was stunned. It was only now that he realized the blood qi pervading in Snow Phoenix Palace seemed to have lightened up. That uncomfortable sticky cold feeling seemed to have disappeared.

Could it be that... Lass Li and the others succeeded?

This thought flashed past his mind.

Just at this moment, Lord Zhan’s figure suddenly disappeared in a flash!

...

Blood Moon Great Array.

Even though Lord Zhan had already left, but the surrounding Sacred Phoenix Race’s practitioners remained trapped in the array, rendering them immobile.

All of their faces flushed with a strange red light and their expressions were horrifying. Blood was seeping out from the corners of their eyes and lips.

A blood-colored moon hung in the sky, as it sprinkled layers of blood mist, radiating evilness everywhere.

Huang Yueli and Li Moying successfully infiltrated the side of the Blood Moon Great Array.

The both of them exchanged a glance when they saw the current scenario.

“This array looks really evil. Where should we try to infiltrate from?” Li Moying asked.

Huang Yueli muttered irresolutely, “It’s too late. Let’s just charge into the array directly.”
