### **Chapter 2681: A Real Strong Practitioner (3)**

“Something must have gone wrong! No, it’s impossible, this... must be a hallucination... Damn it! Where are those two brat’s blood essence energy? Quickly draw it out, draw it out!!”

Lord Zhan seemed like he had gone mad, as he furiously attacked the blood pool’s center!

His hair scattered and his eyes were bloodshot. Profound Energy kept surging out from him as it rebounded uncontrollably everywhere!

The water in the blood pool became murky from his meddling and splashed out everywhere!

By the side of the Blood Moon Great Array, Bai Liufeng and the others who were heavily injured were so astounded by the scene that they could not say a single word!

The shock surpassed the pain in their bodies.

“Lord Zhan... has he gone mad? What on earth is he doing??” Liu Buyan was tongue-tied.

Huang Siluo’s lips surfaced a faint smile, “Ha ha ha, Heaven is indeed not blind! Even though he has done so much, he’s still unable to break through the space barrier to ascend to God Realm! Following this, when the Blood Moon drops down, it will be his final resting place!”

When everyone heard that, they immediately understood what was going on. Momentarily, everyone started to relax a little.

Although the few of them could not move and it was destined that they were to die along with the Sacred Phoenix Race, at least they could witness Lord Zhan’s demise!

If he really succeeded in ascending, that would make everyone turn in their graves!

Bai Liufeng laughed, “This is good as well. I’m the one who brought Lass Li and her husband into Snow Phoenix Palace, causing their deaths without even retaining their bodies... Now that everyone is dying together, at least we’ll not be lonely...”

“Isn’t that so? When we reach the underground, the few of us will still be able to follow Sovereign around. So we have nothing more to ask for...”

These people were rather accepting of their impending deaths, unlike Lord Zhan’s obsession.

But just as they were talking, Lord Zhan’s gaze suddenly swept to them.

When everyone saw his gaze, they were all shocked!

Lord Zhan’s eyes lit up and he laughed sinisterly, “Hahahaha, Heavens had indeed not let me down! So there’s still some blood essence left here, which can replenish that missing energy! So... everything is predestined!”

He stopped laughing and looked gloomily at them.

“Come on, let you lowly human races and our honorable Holy Maiden to become the last piece of stepping stone for This Seat!”

Saying that he moved like a bolt of lightning and flew straight towards everyone!

When they detected his intention, they were horrified!

Everyone had forgotten about the fact that Lord Zhan could still draw their blood essence!

Although they no longer cared about death, no one wanted to supply Lord Zhan with their blood essence. If he was able to succeed in ascending because of the energy he drew from them, then they would never be able to rest in peace!

“All of you... All of you quickly bring Siluo and escape... Escape from here, I’ll stop him!” Bai Liufeng bit his tongue and forced himself to maintain his consciousness. He had already decided to self-explode to obstruct Lord Zhan.

However, Huang Siluo gave a bitter smile. “Escape? Where can we escape to? Looks like we can only self-explode together!”

Based on their serious injury, it was hard for them to even move. So how were they going to escape from Lord Zhan’s clutches?

Bai Liufeng’s tightly furrowed brows eased a little and he nodded, “Alright then, let’s do it together!”

#### **Chapter 2682: A Real Strong Practitioner (4)**

The group no longer had any other choices or misgivings.

They held their breaths and clenched their teeth tightly as they prepared themselves while waiting for Lord Zhan to come closer to them. Only then would they make their moves and self-explode together!

Lord Zhan had already suffered several consecutive rounds of defeat today. So under his frustrations, he had already lost his usual composure and the ability to think in detail. He did not expect them to choose to self-explode.

Seeing that he rushed in with no preparations, everyone felt at ease.

“Even if we die, we must drag him along with us! Everyone prepare...”

Bai Liufeng said softly and was about to announce the start of their actions.

But just at this moment, a loud “boom” was heard!

In the center of the Blood Moon Great Array, the blood pool’s water suddenly turned into a red water pillar. It started to spurt from below and gushed into the sky!

This powerful energy seemed to have broken through all the obstructing forces and threw Bai Liufeng and the others by the side of the Great Array out!

Lord Zhan was extremely near the blood pool and the impact he suffered was the strongest.

He was struck on the back by a gush of blood flow. Losing his balance, he was thrown out!

But Lord Zhan had extraordinary power so even if he fell on the ground, he wasn't badly hurt hence he picked himself up once again.

At this moment, he could not care about Bai Liufeng and the others. He was fearful and shakingly turned around to look at the blood pool behind him.

The water in the blood pool had all spilled out, but that was only for a short moment.

The water pillar that had gushed up into the sky quickly fell back onto the ground. The pungent blood splashed all over and turned Snow Phoenix Palace into a murky blood sea.

The blood water in the pool revolved in a stable direction and the speed grew faster and faster. Not too long later, it formed into a vortex.

This vortex had powerful suction and it started to absorb the blood essence energy that spilled out from the inside.

Very soon, all the energy in the Blood Moon Great Array had been sucked dry but the absorption in the blood pool did not decrease at all. Instead, it grew stronger and stronger!

Not only so, the Heaven and Earth Profound Qi which enveloped above the Northern Ice Fields' sky also started to gush towards the blood pool at an alarming speed!

"This... what on earth is going on! Why is the blood pool absorbing energy instead?? No way, stop, quickly stop! If this continues, the Blood Moon will drop down immediately! No way, I must do something to stop it!"

Lord Zhan was both alarmed and frightened. "Right, it must be that the energy in the blood moon isn't enough. I must quickly throw those few lowly human race into the blood pool!"

He remembered Bai Liufeng and the others and was just about to turn around to capture them.

But just as he took a step, suddenly a bolt of lightning came crashing down!

This bolt of lightning carried a striking purple light and the might was alarming. It struck into the Blood Moon Great Array, directly into the center of the blood pool!

"What... What's going on? Why... why is there lightning?"

Sacred Phoenix Race was known for its fire attributed innate talent. Snow Phoenix Palace's surrounding arrays were gathered from fire attributed Profound Energy and would repel all the other attributes Profound Energy!

If the electric current wasn't that strong to a certain degree, it was completely impossible to split apart Snow Phoenix Palace's defense, to flow into the palace!

However, this was just the beginning.

Before Lord Zhan had time to think through this carefully, the lightning started to crash down one after another. Every single bolt accurately landed into the blood pool.

**Chapter 2683: A Real Strong Practitioner (5)**

When Bai Liufeng and the others were thrown out by the Blood Moon Great Array, all of them fainted from the pain. It was only now that they regained their consciousness.

Looking at the strange phenomenon in front of them left them bewildered and shocked!

“This... what’s the situation? Why did it turn out like this?”

“What principle does this Blood Moon Great Array run on? It’s just too strange!”

Liu Buyan and Cang Po Jun were astonished. Even if they had vast knowledge and experience, they weren’t able to tell what was going on with this.

Huang Siluo’s brows furrowed, “No, this isn’t the Blood Moon Great Array’s reaction. I read the clan’s arrays manual as well. This situation is too abnormal...”

Suddenly, Cang Po Jun said tremblingly and butted in, “This... this... if the Profound Energy vortex isn’t coming from the blood pool, and if it was in mid-air, does it seem like... the signs of an advancement?”

When he said that, everyone was stunned.

Advancement... sign? How is that possible?

Although deep in their hearts, they felt that it was impossible. But if they took a careful look at the situation, that rampaging thunder attributed energy which was furiously surging into the Snow Phoenix Palace, no matter how they looked, it seemed exactly like a ninth stage realm practitioner’s advancement.

Bai Liufeng’s eyes opened wide as he muttered to himself, “Speaking of this, Li Moying, that stinky brat was of the thunder-attribute! Could it be that...”

Before he could finish his words, the thunder attributed Profound Energy that was gathered in the blood pool was already full.

Moreover, Heaven and Earth Profound Qi which were attracted by Li Moying’s Profound Energy vortex, continued to surge towards the blood pool. The small pool totally could not contain so much energy.

Thunder attributed energy was being suppressed and compacted, and finally, it broke through the limit!

“Bang—!”

An earth-shattering loud sound rang, and the ground started to split open into multiple pieces.

Everyone screamed in shock as they kept falling.

Lord Zhan held on to the Sky Phoenix Ring’s shattered piece in his hand, and before he could steady his feet, he looked around in confusion. “What’s going on? What exactly is going on?”

He felt that he was about to break down from being tormented!

The Sacrificial Ceremony should have gone according to his plan, and the entire process should have been completed smoothly.

But ever since Huang Siluo went missing, every single thing that happened was different from what he had planned. He tried ways and means to bring the ceremony back to the right track. However, accidents kept happening. Everything... was deviated from his control!

Bai Liufeng and the others all fell onto the ground one after another.

When Lord Zhan saw them, he finally found a way to vent his anger!

With a sinister expression, he walked towards them and drew out his long sword by his waist.

“It’s all because of you lowly human race who ruined This Seat’s matter! Since today’s Sacrificial Ceremony is doomed to fail, then all of you will accompany me in death! I want to torture all of you to death, to let you know what is called utter misery!

The first person he walked towards was Bai Liufeng.

Towards this man who went against him several times, the human race who took away the Holy Maiden’s virginity, all he had was a murderous intent towards him.

A flash glinted in Bai Liufeng’s eyes, and he was just about to self explode when he realized that he suddenly could not move.

It was not just him. The others also realized that they could not move as well, and all of them revealed a shocked expression.

Lord Zhan smiled sinisterly, “Want to self explode? Keep dreaming! Do you think This Seat will fall for your tricks?”

### **Chapter 2684: A Real Strong Practitioner (6)**

Seeing Lord Zhan walking nearer and their wish to self-explode becoming a mere desire, Bai Liufeng felt extremely devastated.

Although his determination was powerful enough and he did not fear any torture, he did not wish to die a horrible death in front of Huang Siluo...

But now he had no way to be relieved of this...

Lord Zhan drew out his sword and thrust it at Bai Liufeng!

But before his blade had even touched Bai Liufeng, he sensed an incomparable powerful force from his back!

This gust of Profound Energy was not only powerful and pure, but the speed was also extremely fast. He did not even have any time to react when he was sent flying!

He gave off a “pfft” sound!

Lord Zhan spat out blood in mid-air and a few teeth also dropped out.

Following that he crashed heavily on the boulder next to the blood pool!

“You... What...”

Lord Zhan was seeing stars from the huge impact and he felt dizzy.

It took him a while before he finally regained some consciousness. He wanted to check what happened but the moment he opened his mouth, he spat out several teeth again and the bloody taste in his mouth was so fishy that he almost choked.

Moreover, as he lost several teeth, he couldn't speak clearly at all and could only give off blurry mumbling noises.

At the same time, all the meridians and bones in his body seemed to be shattered.

Lord Zhan felt his entire body feeling pained and itchy, as though numerous worms were biting at him from the inside. But unfortunately, he could not even lift a finger. His entire body seemed to have turned into a lump of mud.

He looked towards the blood pool's direction in fear and astonishment.

In the hazy blood mist, a tall figure slowly appeared above the pool.

His body was levitating upright and he held an amethyst electrical current light sword. There was a pair of dazzling electric wings behind his back!

"Sov... Sovereign!"

Cang Po Jun and Cang Po Yu instantly recognized their Master. For a moment, they almost cried happy tears!

"Sovereign, you... you're really not dead! That's great, that's really great! This Subordinate knows that you will not possibly die in that despicable villain's hands!"

Bai Liufeng and Huang Siluo were in a daze and they revealed an ecstatic expression.

"It's Moying! I didn't expect that Blood Moon Great Array to be unable to trap him! We... are saved!"

Liu Buyan rejoiced for a short moment. But when he recalled something, a dark expression appeared on his face.

Lord Zhan had already seen the countenance of the man who walked out. He was extremely shocked and his mind went blank. "No... this cannot be true! How could Li... Li Moying possibly be alive? I... I must be dreaming... this must be a dream..."

Li Moying's handsome face had no expression as he walked silently towards Lord Zhan.

Thunder attributed Profound Energy kept leaking out from his body.

Every single place where he walked past, the fluctuations in the air turned disorientated, as though it could not stand the powerful energy from him.

Li Moying walked in front of Lord Zhan and stopped. Then he looked down coldly at him.

Even if Li Moying just stood there and did not move, Lord Zhan could sense how powerful the strength in his body was. It had far exceeded the instant surge of strength that he had, from eating the evil pill which was refined from the human races' practitioners!

The current Li Moying was simply too powerful!

He was so powerful that Lord Zhan only had desolation and fear left in him. He totally lost any desire to compete against him!

### **Chapter 2685: A Real Strong Practitioner (7)**

This powerful ability would put a genuine God Realm strong practitioner to shame!

“What else do you have to say?” Pausing for a long time, Li Moying finally asked coldly.

Lord Zhan had just awoken from his shock, and he finally realized the desperate situation he was in right now.

Until now, he had no choice but to put down his pride. Then he started to beg Li Moying panicky.

“Li... Young Sect Master Li, I beg you... don’t... don’t kill me! We can discuss things over! As long as you spare my life, I can acknowledge you as my Master and be your most obedient slave forever...”

Li Moying said with a cold and aloof expression, “Just these?”

Seeing Li Moying raising the long sword, Lord Zhan almost bit his tongue. He anxiously shouted, “Young Sect Master Li, please... please stop! Will you please trust me and take me in as your servant. You will not regret it! We Sacred Phoenix Race have many ancient inheritances. I... I can offer it all to Master you... Moreover, your ability is so powerful, you must have advanced into tenth stage realm? As long as you spare my life, I will help you break through the space barrier so that you can ascend to God Realm! Only I... know what to do!”

Li Moying stared at him coldly and did not say a word.

Lord Zhan assumed that he had agreed, and he was feeling glad over this.

It was exactly what he thought. Every practitioner had their weakness, and that was their desire for absolute power!

A real strong practitioner would pay any price to raise their cultivation. They were able to cultivate to the limit because other than the art of cultivation, there was nothing else in their minds!

So as long as he used the ascension to God Realm as a lure, he did not worry that Li Moying would be merciless!

Lord Zhan hurriedly continued, “Young Sect Master Li, don’t hesitate any longer! There’s only one chance in front of you now, and if you miss it, it will be difficult to find another chance! Please take a look, the blood moon in the sky is about to fall. If we don’t think of a way soon, all of us will die! But as long as you’re willing to listen to me, then not only will we not die, we will also be able to ascend successfully!”

Hearing that, Li Moying frowned slightly. His cold expression loosened up slightly, “You have an idea?”

He had already decided to accompany Huang Yueli in her death. But those present like Bai Liufeng and his wife, Liu Buyan, and the others did not need to die with them.

If there was a way to save their lives, he was rather interested to listen to it.

Lord Zhan didn't know what Li Moying was thinking about so he assumed that he had already pinpointed his weakness hence he instantly got excited. He quickly said, "Young Sect Master Li, our Sacrificial Ceremony is already ninety percent completed and we're just short of a little bit before we succeed! As long as we complete the ceremony, based on our abilities, we will be able to break through the tenth stage realm and ascend to the God Realm!"

"But didn't you fail?" Li Moying said coldly.

Lord Zhan's gaze swept towards Bai Liufeng and the others, "I'm almost about to succeed! I'm just a little short! I just need to throw all of these fellows into the blood pool and reactivate the Blood Moon Great Array! They are all ninth stage realm peak practitioners, so their blood essence must be extremely powerful! This time, we will be able to succeed!"

"F\*ck, there's actually someone this shameless under this heavens!" Hearing that, Liu Buyan couldn't help but spew profanities!

No one could believe that Lord Zhan was still harboring hopes to ascend to God Realm at this juncture!

### **Chapter 2686: The Real Strong Practitioner (8)**

Moreover, he was even instigating Li Moying to kill them all, so that he could ascend by himself!

Huang Siluo was completely enraged by his shamelessness. Her complexion turned pale, and her entire body was shaking!

"Huang Zhanxiao, you... you're simply crazy! In order to ascend to God Realm, you've lost all your humanity! Did you think that Li Moying would be the same as you? My son-in-law is not a shameless villain like you!"

"To ascend, you even resort to killing your clansmen. Moreover, those are people who respect and trust you so much. Yet you slaughtered them all! Just based on your sins, do you think you will be able to ascend? Quit daydreaming, you will definitely go to Hell!"

Bai Liufeng also shouted angrily, "Son-in-law, don't let him off! He isn't sincere in acknowledging you as his Master. Even if you manage to ascend to God Realm, he will find ways to scheme against you and kill you. Don't fall for his trick!"

Hearing Bai Liufeng's words, Lord Zhan's expression stiffened.

Lord Zhan was a treacherous villain and he would resort to different ways to attain his motive. So how would he possibly acknowledge him as Master sincerely? He was just thinking of a way to save his own skin.

The minute they ascend to God Realm, he would find a chance to return to Sacred Phoenix Race's faction.

In his opinion, Li Moying was just a lowly human race. A mere human race taking an ancient god clan as a slave, how would Sacred Phoenix Race possibly take this lying down! By then, he would tear Li Moying to shreds and he would regain his freedom.

Now, he was merely taking this humiliation temporarily.

“Young Sect Master Li, things are not like what you imagined! I am really sincere in acknowledging you as Master! Your ability is so powerful and even the Blood Moon Great Array cannot trap you. In the future, you will be even stronger so how could I possibly escape from your clutches? Please give me another chance!”

Lord Zhan was deeply afraid that Li Moying would be persuaded by Bai Liufeng so he simply shamelessly expressed his loyalty and said all these mushy words.

When everyone heard that, they were successfully disgusted by him and all of them almost threw up!

Lord Zhan was still attempting to persuade Li Moying. “Young Sect Master Li, please consider carefully! Once the Blood Moon drops down, these humans will all die! If they were thrown into the blood pool, they will also die and they will give us a supply of blood essence! Since the result is the same, then their deaths should have a worth. This is for their own good as well...”

“Shut up!”

Li Moying’s expression turned even colder. He walked up, grabbed Lord Zhan by his neck, and lifted him upwards.

“Ughh...” Lord Zhan instantly felt suffocated. At the same time, intense pain was emitted from his limbs and bones.

He looked down and discovered in shock that his body was drooping downwards in a strange, twisted posture. The bones in his body had broken into many parts!

Li Moying couldn’t be bothered to say much and just dragged him towards the blood pool.

When Lord Zhan detected his intention, he instantly screamed loudly, “You... what are you trying to do? Let me go! Let me go! Young Sect Master Li, please don’t throw me into the blood pool!”

Cang Po Yu, who was watching from the side, couldn’t help but laugh. “Lord Zhan, what are you afraid of? Earlier, weren’t you the one who said since everyone is going to die, then we should die with a worth. Our Sovereign is doing this for your own good. He’s making good of your life, to let you sparkle!”

### **Chapter 2687: Li’er... (1)**

Cang Po Yu retorted the earlier shameless speech by Lord Zhan back to him!

“Well said! Lord Zhan is indeed from an ancient God Clan noble bloodline with astounding innate talent. As compared to us, the lowly human race, your blood essence is definitely better than ours! You should show off the corresponding use that you have!”

Everyone shot their appreciative gazes and smiles towards him.

Li Moying was the only one who didn’t smile. The gloomy shadow beneath his eyes was profound, obscure, and cold.

He couldn’t be bothered to listen to Lord Zhan’s yapping and just threw him into the blood pool.

Lord Zhan sensed his body flying into the air, and he was shocked out of his wits. He continued to scream and shout.

“Young Sect Master Li, I’m really of use to you. Don’t kill me... I’m the only one who knows how to use the shattered pieces of the Sky Phoenix Ring... Without me, even if you have enough blood essence from the Blood Moon Great Array, you will not be able to break through the space barrier!”

“You will regret this... you will definitely regret this!”

“Without me, you can forget about ascending to the God Realm for your entire life!”

Lord Zhan kept screaming and in the last moments of his time, he was still spewing various threats and benefits in an attempt to make Li Moying change his mind.

However, Li Moying simply remained unmoved. He looked at the former coldly as he fell into the blood pool, watching the blood essence from his body slowly being drawn out and the blood flowing out from his orifices.

With Lord Zhan’s blood essence as replenishment, the blood moon in the sky stopped swaying.

Moreover, the color turned into a maroon shade.

Li Moying did not lift his head so he did not notice this at all.

After “appreciating” Lord Zhan’s miserable screams, he turned around and walked towards Bai Liufeng and the others.

He took out a bottle of medicinal pill and stuffed a pill into everyone’s mouth.

This Marrowk Cinnabar was a genuine ninth level top-graded pill. It had a miraculous effect on treating external injuries and was a treasure that had been stored in the Blue Profound Sect for many years. Even Liu Buyan was unable to refine this pill.

Bai Liufeng and the others looked as though they were seriously injured. But their injuries were caused by the impact of the reactive force of the Blood Moon Great Array. Basically, their symptoms were mostly fractured bones and superficial injuries. After taking these pills, their injuries immediately became better.

Li Moying said in a low voice after he fed them the pills, “This place is extremely dangerous. So once you can move, just leave immediately and go as far as you can! Huang Zhanxiao’s blood essence is only sufficient for it to remain a little longer in the sky. If you manage to run fast enough, you might be able to escape to a safe region...”

Everyone was stunned on hearing this.

Originally, when Cang Po Jun and the others saw Li Moying’s sudden expansion of power to resurface from the Blood Moon Great Array and defeat Lord Zhan so easily, they felt extremely happy.

However, before they could say a word of “congratulations”, Li Moying said this to them.

Moreover, when he spoke, his expression, gaze, and body movements that he made left everyone with an extremely uneasy feeling...

After Li Moying finished speaking, he turned around and walked towards the blood pool.

He was so powerful and determined, but the back figure reflected to everyone appeared to be staggering and swaying, as though he would fall any moment.

“Sovereign, if we escape, then... what about you?” Cang Po Jun asked carefully.

Li Moying heard what he asked but he didn’t give a reply. Instead, he plopped onto the ground and knelt beside the blood pool.

He buried his face into his palms and sobbed, “Li’er...”

### **Chapter 2688: Li’er... (2)**

At this moment, the medicinal effect was already active and everyone helped one another to stand up.

Bai Liufeng and Huang Siluo were worried about Huang Yueli’s condition. They were feeling frightful but they hadn’t found the time to ask.

Now, seeing Li Moying sobbing so terribly, the two of them had an ominous feeling in their hearts.

They couldn’t care about their injuries and forcefully stood up, struggling to run towards Li Moying.

“Li Moying, how is Lass Li? Where is she right now? Why are you the only one who came out from the blood pool?” Bai Liufeng asked anxiously.

Huang Siluo’s face was pale and her voice kept quivering, “Son-in-law, tell me, what happened to my Lass Li? Her innate talent is so good, surely she must have escaped this right? Is she recuperating from her injuries somewhere?”

Even though they knew Huang Yueli had most probably not survived because she did not show herself, but Bai Liufeng and Huang Siluo were unwilling to admit to this. They firmly believed that Huang Yueli was hiding somewhere, which was why she had not shown herself.

Li Moying lifted his face from his palms and his eyes were totally bloodshot. He said with a hoarse voice, “Father-in-law, Mother-in-law, I’ve let you down... I didn’t manage to protect Li’er...”

Before he had even finished his sentence, Huang Siluo’s tears were already flowing down her cheeks!

“What? What did you say? Lass Li she... No, it’s impossible, I don’t believe you!”

Bai Liufeng hurriedly hugged the devastated Huang Siluo. But his tall stature was also quivering.

“How is this possible? Lass Li is so intelligent, and she had such great innate talent, how could she possibly...” He couldn’t continue speaking as he shot a berating gaze on Li Moying. “Stinky brat, didn’t you promise that you will use your life to protect Lass Li? I trust you and that’s why I let her marry you! But now? Where is Lass Li? Give Lass Li back to me!”

Their words were unreasonable, and they were purely trying to push the blame on him.

The main culprit for Huang Yueli’s death was Lord Zhan. Li Moying dropped into the blood pool because he wanted to protect Huang Yueli.

No matter what, this responsibility shouldn't befall Li Moying.

Cang Po Jun and the others were aggrieved for their Sovereign.

But Li Moying did not rebuke. On the contrary, the expression on his face turned graver and even depressed. That kind of gloominess seemed to have swallowed him and that made the people standing next to him unable to take it.

Li Moying knelt in front of Bai Liufeng and Huang Siluo, then he said softly, "Father-in-law, Mother-in-law, it's all my fault! Li'er she... she did it to protect me... it's because of me that's why she... she..."

He could not say anything else as his fists were tightly clenched. It was so tight that his fingernails dug deep into his palms.

Recalling Huang Yueli jumping on him, sealing his meridians then giving his medicine. All the scenes were re-enacted one after another in his mind. His heart seemed as though it was being sliced by a knife. It was so painful that he almost fainted!

Hearing his words, Bai Liufeng and Huang Siluo totally could not react to it.

Huang Yueli's innate talent was very strong. But her current ability was far from Li Moying's. How could she possibly protect him?

Bai Liufeng and his wife blamed him, merely because he did not try his best to protect Huang Yueli.

While the two of them were still bewildered, suddenly, a figure swiftly scuttered past them.

That man grabbed Li Moying's collar and lifted him from the ground.

### **Chapter 2689: Li'er... (3)**

He shouted, "Li Moying, you deserve to die! You... you really did it!"

Li Moying was totally disheartened and gave up all means of resistance. So the other party easily dragged him from the ground.

He slowly lifted his eyes and met with Liu Buyan's burning gaze.

Seeing Li Moying not answering him, Liu Buyan placed his fingers on his wrist and checked his meridians. Immediately following that, he threw out a punch on his face!

Li Moying didn't avoid his punch and fell on the ground. An evident bruise appeared on his handsome face, and there was a trace of blood on the corner of his lips.

No one had expected Liu Buyan to fly into a rage and hit him. In an instant, everyone was stunned. But when they realized what had happened, they started to get up and pull them apart.

"Divine Doctor Liu, you... what are you doing?"

"Divine Doctor Liu, how can you hit him? Did our Sovereign offend or provoke you? He had just saved all of us!"

"Isn't that so? Never mind if you don't feel grateful, how can you do this?"

Even Bai Liufeng and Huang Siluo were deeply astonished by his actions.

Although they were angered by Li Moying, at least they knew that their thinking was unreasonable. They wouldn't punch Li Moying out of their anger, and would merely grumble or scold him verbally.

Whoever knew that Liu Buyan actually punched Li Moying instead!

Moreover, from this injury, he obviously did not show any mercy!

Otherwise, based on Li Moying's current cultivation, it would be difficult for Liu Buyan to leave any injury on him!

Cang Po Jun and Cang Po Yu went upwards and grabbed Liu Buyan's waist from the back, hoping to pull him apart.

But Liu Buyan refused to let it go. His eyes were widened, and he looked angrily at Li Moying. He wanted to dash up and give him a good beating!

"Li Moying! Stop pretending to act innocent! You know clearly what you did! Your cultivation rose so quickly and you've already broken through to the ninth stage realm peak. Moreover, your primordial spirit is much stronger than before! Why is this so? Can you give me an explanation for this?!"

Li Moying raised his hand and wiped off the blood from his mouth. Then he spoke in a deep and stable voice, "That's right, everything is exactly as what you think..."

"You... you scum! How dare you do that to my Junior Sister! By doing this, what difference is there between you and Huang Zhanxiao?"

Liu Buyan's face turned pale from anger, and not knowing where his newfound strength came from, he pushed Cang Po Jun and Cang Po Yu aside. Then he rushed towards Li Moying and started raining his punches again.

Li Moying did not evade and was punched once again.

This time, he even staggered backward several times.

Bai Liufeng couldn't help but frown when he saw this. He also stood up to persuade, "Divine Doctor Liu, don't be rash. Although Lass Li... although Lass Li has indeed got into misfortune and everyone is very upset, but I believe that Li Moying didn't do it intentionally..."

Bai Liufeng felt that he wasn't a bad judge of character.

Li Moying's deep sentiments towards his Lass Li were something that everyone could see!

If they had to say that he would intentionally hurt Huang Yueli, Bai Liufeng actually did not believe in that.

Liu Buyan was suppressed by everyone and did not manage to punch Li Moying. But his anger was not appeased, and he glowered at Li Moying while shouting, "Didn't do it intentionally? Marquis Bai, Madam Bai, you've all been deceived by him! He did this intentionally, and Junior Sister died because of him! Otherwise, how could he possibly have such cultivation and ability right now?"

#### Chapter 2690: Li'er... (4)

This was the second time Liu Buyan mentioned Li Moying's cultivation.

Everyone could tell that something was amiss, but they could not comprehend what was the problem.

Bia Liufeng frowned and asked, "Divine Doctor Liu, what do you mean... by that? Li Moying's ability had indeed ascended but how is it related to my Lass Li? Why do you say that Lass Li died because of him?"

Speaking of that, it was indeed strange for Li Moying to suddenly become so powerful.

So many Sacred Phoenix Race ninth stage realm practitioners had been pushed into the blood pool and all of them turned into a puddle of blood water without any exception.

But when it was Li Moying's turn, not only was he not swallowed by the blood pool, his power even increased. It was raised by such a high level, and now he even directly killed Lord Zhan...

Liu Buyan had calmed down a little by now. He gave a cold snort when he saw everyone's bewildered look.

"This secret is something that I promised Li Moying to keep. But now, since he broke our agreement and even caused Junior Sister's death, then there is no need for me to keep hiding it from everyone..."

When Liu Buyan said that, he glanced askew at Li Moying. He was worried that the latter would jump out to stop him.

Based on Li Moying's current ability, if he wanted to seal his mouth, Liu Buyan was powerless to do so.

But Li Moying just kept silent, not giving off any sound at all.

He was forced to a corner of a wall from the fight earlier. Now he merely stood under the shadow of the wall quietly with his head dropping downward. His hair hung loosely and no one could see the expression on his face.

Liu Buyan said coldly, "Marquis Bai, you should know about the tragic incident that happened seventeen years ago in the Northern Ice Fields right? After Grandmaster Huang's soul and spirit were scattered, Mu Chengying tried various ways to save her. In the end, he finally found an ancient manual <<Drifting Cloud Scroll>> and obtained the Art of Split Soul..."

"Art of Split Soul? What's that?" Bai Liufeng asked in confusion.

Huang Siluo was shocked to hear the four words, "Art of Split Soul" and she covered her mouth in surprise.

Liu Buyan was very patient and explained the history of the Art of Split Soul. Then later he swiftly explained and spent almost one hour explaining the situation between Huang Yueli and Li Moying.

This was the first time Huang Siluo heard about these and she interrupted several times. Liu Buyan also answered all her questions one after another.

After he was done, everyone present was extremely astonished!

Especially for Bai Liufeng and Huang Siluo, they were completely stunned.

“So... Sovereign had been cultivating so hard recently but he had not been able to advance to ninth stage realm peak because... his primordial spirit was split up and given to Grandmaster Huang, that’s why it was incomplete? That means to say, Sovereign’s Soul Detachment Illness had never been completely cured?” Cang Po Jun reminisced on the happenings in the past few months and discovered some clues. But no one had the guts to think in that direction.

Liu Buyan shot a gloomy expression at Li Moying. “Now it’s cured! Otherwise, how could he possibly be this strong??”

Cang Po Yu suddenly said, “Wait... Wait a minute! Earlier you said that only when Sovereign and Grandmaster Huang consummate, then Sovereign’s primordial spirit would be merged as one. But they were in the blood pool earlier! How could they possibly do it in that kind of place... there must be a mistake somewhere. You can’t possibly frame our Sovereign!”
