

Weaponsmith 2701

Chapter 2701: Rise From the Ashes (3)

—What on earth was this?

Huang Yueli's mind just flashed past this thought and immediately felt something dropping from the blood pool.

Lord Zhan's crippled body was thrown into the blood pool by Li Moying and he brushed past her shoulder, descending onto the bottom of the pool.

The blood water was too murky and Huang Yueli couldn't see Lord Zhan's situation. But she saw a fragment dropping down from the sky.

This fragment was similar to the previous two pieces. No matter if it was in size, shape or the glow that was emitted, it was exactly the same...

The three fragments kept revolving around her, jumping around like a trapped little beast.

Huang Yueli stared at them for a while and sensed her lost blood essence slowly returning. After that, she slowly shut her eyes...

Just as she was about to completely fall asleep, suddenly she sensed the water in the blood pool starting to turn warm. It became hot and started to heat up... in the end, it started boiling and kept bubbling!

If it was anyone else, it wouldn't take a couple of breaths before their skin were to split open from the heat, into a piece of boiled meat!

However, under such intense heat, Huang Yueli did feel the pain but she could clearly feel her body's blood essence slowly being replenished...

—This... what was going on? Why hadn't she died yet?

Huang Yueli felt extremely puzzled. She regained some energy and barely opened her eyes. Then she saw the strange red glowing blood moon come crashing straight down into the blood pool!

The blood moon contained an earth-shattering amount of powerful energy and when it came crashing down, that enormous impact made Huang Yueli felt as though she was going to be torn apart!

“BOOM!”

The water in the blood pool instantly dried up and everything turned into a hazy bloody mist!

Lord Zhan's body also turned into ashes!

Huang Yueli completely lost consciousness at that moment.

She assumed that she was already dead. But not knowing how much time had passed, she suddenly felt a faint hint of consciousness.

She felt as though she was being roasted above a fire. That kind of scorched feeling radiated throughout every inch of her body. It was so painful...and felt so real!

Her consciousness was still around, even her memories were as well.

But was she a slice of remnant soul, or... was she still alive?

Huang Yueli tried her best to struggle and make a sound. If she was able to move a little, it would prove that she was still alive. But that simple move was as difficult as mounting to the sky!

Slowly, the pain increased and her body turned extremely light. She slowly left the surface and flew out of the Snow Phoenix Palace...

She seemed to see a huge phoenix appearing in front of her...

That matured true ancient spiritual beast was totally different from that plump and small Wang Cai. It was the same phoenix that she saw when she first entered the Sky Phoenix Ring...

Powerful, magnificent, noble...

She suddenly found that she could move, and she stretched her hand towards the Phoenix...

...

Enveloped in the Sky Phoenix Ring's flame became more and more intense. It was like the morning sun which was suspended in the sky.

Northern Ice Fields' snow melted at a visible speed.

Li Moying was half-kneeled on the ground and his eyes did not move away at all!

Chapter 2702: Rise From the Ashes (4)

Not knowing how long had passed, the flame's temperature slowly dropped.

The rampant energy from the surroundings became slightly settled.

The piercing glow began to decrease and slowly revealed a fiery ball of light.

Li Moying stared at the center of the flame, assuming that he would see the formed Sky Phoenix Ring. But when he took a closer look, he couldn't help but was drawn into a daze...

If he didn't see it wrongly, it seemed like a human's silhouette... that was enveloped in the flames.

Moreover, although the silhouette was dimmed out by the light which made it unclear, one could still tell that it seemed to be a female from the soft long hair and curvy figure...

Li Moying's heart jumped swiftly, making one unable to breathe!

He suddenly had a feeling that this figure looked more and more like his Li'er! Or perhaps that person was Li'er!

"Could it be that... but, how is it possible? I... I'm not dreaming right?"

He assumed that he had developed hallucinations from glaring at the light for too long. Hence he shut his eyes and rubbed them hard. When he reopened his eyes again, he immediately looked towards the silhouette.

He was right!

Everything he saw was exactly the same as in the past...

“Could it be that this was Li’er? Why did Li’er appear in the refined Sky Phoenix Ring? She... could she still be alive?” Li Moying was extremely agitated and nervous. He felt a faint terrified feeling, deeply afraid that if he bore too high hopes, he would not be able to take it if he was disappointed.

Just as he was hesitating, the flames seemed to have reached the end of their life and slowly shrunk to a three-meter tall fireball, which descended onto the ground.

Li Moying instantly ran towards the descending fireball without any hesitation!

“Li... Li’er...”

If his Li’er was still alive, then falling from such a great height might cause her to be injured!

Even though the flames were slowly subsiding, but the surrounding fire-attribute energy was still extremely strong. Various energy in the air kept shuttling around and if one were to get hit by it, it would cause a ninth stage realm peak practitioner to die instantly!

Li Moying just ignored these dangers, and just ran straight without evading the energy flow, directly rushing towards the fireball!

However, on the surface of the freezing zone, there were many shattered ice pieces. It dropped everywhere on the ground. Snow Phoenix Palace’s broken walls and rubble were also blocking his vision.

Even though Li Moying tried his best to charge forward, he was still unable to make it in time.

The fireball’s descent was becoming swifter and before long, it directly descended onto the original Snow Phoenix Palace.

“No—! Li’er—!”

Li Moying was shocked, and his heart was burning as he split open the path’s broken ice and debris, rushing into Snow Phoenix Palace without caring.

At this moment, the True Phoenix Fire’s glow had already disappeared. There was a faint scorching feeling in the air, but one could already tolerate the heat.

In the middle of the snowy land, laid a deep crevice which the fireball had created when it landed.

Li Moying jumped into the hole without a thought. When he landed, he saw a naked young lady with tightly shut eyes near the ground. She did not move and looked as though she had fainted.

Li Moying felt his heart about to stop. A tremendous joy filled his senses and his tears just kept rolling down!

Chapter 2703: Rise From the Ashes (5)

“Li’er... my Li’er...”

Li Moying flew towards Huang Yueli's side like an arrow as he knelt onto the ground. Stretching out his trembling fingers, he placed them on her wrist.

Her pulse was extremely weak. Even to an amateur like Li Moying, he could tell how frail her body was. But she was after all... still alive!

Li Moying carried her up and locked her tightly into his arms, as he started to tremble!

He assumed that he had already lost Huang Yueli. But he had not expected God to treat him so well. Li'er came back to life for him!

Nothing was more shockingly joyous than getting something back that one had lost!

For that instance, Li Moying thought that he was still in dreamland. Happiness came too suddenly. Only by hugging Huang Yueli tightly in his arms would be able to sense a little bit of realism...

Li Moying hugged her body tightly, and buried his face into her neck, feeling her weak pulse and temperature.

Not knowing how long had passed, he suddenly felt the still, petite body suddenly shaking.

Li Moying seemed as though he awoke from the dream and looked at Huang Yueli with his wide eyes. At the same time, he lifted her face gently.

"Li'er, you... are you awake? You... earlier you moved right You really moved, am I right?"

Huang Yueli leaned against his robust arms and her long lashes shook slightly.

Li Moying saw that and he felt extremely excited. But he did not dare to make a sound, deeply afraid that he might worry the little fox in his arms.

He waited silently and patiently. Huang Yueli finally opened her eyes after a long time.

Her eyes were still hazy, "I... cough cough... What happened to..."

Huang Yueli was shocked by her voice when she spoke!

Was that her voice? Why did it sound like a male duck's voice? It was so hoarse that it sounded terrible!

When Li Moying heard her voice, he went wild with ecstasy and hugged her tightly, "Li'er, you... you're really awake! You're really still alive! I... I really... I'm really too happy... I've never been so afraid before. I prayed so many times to God... you're still alive, that's great, it's really great..."

His eyes were red and he almost couldn't help but tear up.

Huang Yueli blinked and looked blankly at his excited look. She took a long time to recall before she remembered the events that happened before she lost consciousness.

But the events that happened after they consummate were done when she was half-conscious. So even she couldn't remember what happened exactly.

She could only remember the scene between them in the Sky Phoenix Ring.

At that time, she felt that she was almost going to die...

But now, why did she come back to life again?

Could it be that the both of them were already dead, hence they were now in Hades?

Thinking of this, she abruptly regained consciousness. Stretching out her hand, she pulled Li Moying's lapel and asked anxiously, "Moying, you... are you alright? We're now in... where is this place? We... we're already dead—mm mmph!"

Before she could finish her sentence, her lips were blocked by Li Moying's thin lips.

"Mm mmph—!!!"

Huang Yueli did not expect this man to kiss her suddenly.

Moreover, he even kissed so hard, as though he was about to swallow her!

Chapter 2704: Rise From the Ashes (6)

She could not breathe so she could only stretch out her hand and push the man's muscular chest, hoping that he would let go of her.

However, Li Moying hugged her even tighter. That powerful strength was simply unlike what a human had.

Huang Yueli sensed the aura emitting from his body and her mind flashed past a thought: Li Moying's primordial spirit should have merged totally, right? His current ability... seemed even stronger than his past life by several times! This... what was this realm?

Finally, when she was about to suffocate, Li Moying let go of her.

Huang Yueli's face had already flushed red and she lifted her head to take in gasps of air. At the same time, she looked begrudgingly at the man in front of her.

Li Moying pinched her chin and used a warning look to stare at her. He said the following word by word, "You're not allowed to say 'dead' this word! Never ever say 'dead' in front of me! Do you hear me? Next time I hear that word, I won't care what the occasion is, I will immediately lie on top of you and do whatever I want to do!"

"What... What are you saying? Do whatever you want to do?" Huang Yueli was slightly confused and she looked innocently at Li Moying.

That pure and innocent look made Li Moying's lower abdomen's flame spiral up in an instance!

Especially when he thought about the young lady in his arms. They were just inches from each other and her curvaceous figure and the obvious curvy soft body was lying tightly in his arms. That fair, silky skin was under his palm and he only needed to reach out a little to feel her...

Li Moying's gaze turned extremely profound and dangerous.

Huang Yueli instantly was alarmed and subconsciously followed his face and lowered her head...

"Ah—! Ruffian! Where are my clothes? You, you, you... you actually... actually took off my clothes!"

Huang Yueli instantly cried out loudly!

Li Moying looked at her flushed cheeks and his mood suddenly turned wonderful.

Under her bashful smile, all the pain and suffering and all the torments that he went through were insignificant...

Li Moying's hand brushed past her smooth back and his lips curled upwards into an evil smile, "I stripped your clothes off? You must have remembered wrongly? Why do I recall that you were the one who coveted my beauty and took the initiative to take off your clothes and sat on me? I risked my life to resist and you even drugged me! Tsk tsk, that was my first time! After you finished devouring me, you actually turned tables! You tell me, what action is this considered as?"

Huang Yueli was flabbergasted as she was totally stunned by his false account of the true facts!

"I... I'm not... when did I..."

"You've never done that? You didn't strip my clothes off, and you didn't force yourself upon me? And you didn't drug me? Which sentence did I say is wrong?" Li Moying continued to be calm and unruffled.

Huang Yueli's head buzzed and she couldn't say a single word at all!

Because everything Li Moying said was true, and that was what's terrifying about it!

Thinking back about the scenario earlier, she couldn't imagine what enticed her to do that, to be able to do such a thing!

If it wasn't for the urgent situation, she... she definitely wouldn't have done it...

However, no matter what she said, it was the truth that she had already done it so she could not deny it at all!

Li Moying saw her palm-sized face turning red and white which looked so unfathomable. She couldn't help but find it funny.

"See, you have nothing to say to it too right? Since you've already done it, then you must be responsible!"

Chapter 2705: Rise From the Ashes (7)

He held Huang Yueli's chin and kept leaning nearer, wanting to kiss her.

However this time, Huang Yueli's reaction was much faster. She lifted her hand and put it against his mouth.

"You... you're really enough! What kind of timing is this now and you're still... still talking about these! Her face flushed red and she stammered, "What... what is going on? Didn't my primordial spirit merge with yours completely then? Why didn't I die? Also, we are currently in... this is still the Northern Ice Fields? Then what about the blood moon in the sky?"

She tried hard to look solemn and tried to interrogate Li Moying.

He licked his lips and his seductive blossom eyes sparkled slightly as he looked at her. "Let me hug you first, then I'll tell you..."

In front of the charming man, Huang Yueli instantly lost her senses.

But she quickly reacted and smacked the man's hand which was on her butt. "Stop the nonsense and tell me clearly!!"

Li Moying knew that she was angry and didn't dare to tease her any further. He frowned and said, "This... don't you have any impression of it at all? To tell the truth, I can't understand it more than you! The situation then was extremely anxious and after my primordial spirit merged into one, as my cultivation rose swiftly, I lost consciousness from it. By the time I regained my consciousness, I had already advanced successfully. But I could no longer find you..."

"Just at this moment, I saw Huang Zhanxiao making his move on your parents and they were at risk. I recalled your last words and couldn't care about anything else but to save them first! After I dealt with Huang Zhanxiao, the Blood Moon Great Array was on the verge of breaking down so the entire Snow Phoenix Palace was about to collapse. We..."

He swiftly did a brief recount of what they went through.

Huang Yueli heard his words carefully and slowly frowned which made her look even more bewitching.

"Strange, according to what you said, the Sky Phoenix Ring appeared in the middle of the sky and also merged together as one. After that... the last that appeared... wasn't an ancient God Relic, but... me?"

Li Moying nodded his head, "That's exactly what I saw."

Huang Yueli seemed to have thought of something as she muttered to herself, "Surely not right? Could it be that... what I saw before I became unconscious was... was all true?"

Li Moying was stunned, "What did you see?"

Huang Yueli was just about to say something when suddenly, a flustered shuffle of footsteps was heard from their backs.

"Sovereign, Sovereign? Where are you?"

"Sovereign, please come out quickly! Blue Profound Sect can't do without you!"

"Li Moying, you coward. Surely you're not intending to escape reality through death right? Quickly come out now!"

"Stinky brat Li, where's the said explanation that you promised me? Where are you hiding right now? Don't think that I will forget about it. If you don't explain Lass Li's matter clearly, no matter where you hide, I will dig you out, even if you've gone underground!"

The crowd cried out anxiously, which made Li Moying awake from the shock.

He loosened his grip on the petite body in his arms, lifted his head, and was just about to say something.

Suddenly, they heard Li Moying shouting, "Quickly look! There's someone there! Quickly go take a look!"

The group of them ran over to their side.

Everyone was ninth stage realm peak high-leveled practitioners and their movements were extremely fast. It only took a couple of breaths when they had already jumped into the deep pit, running towards Li Moying.

Li Moying then realized that the young lady in his arms was completely naked, so it wasn't suitable for her to meet anyone.

Chapter 2706: This is Embarrassing (1)

Under the urgent situation, he pulled Huang Yueli into his arms once again and used his loose sleeve to cover her body.

The group of people ran to Li Moying and saw a bump in his clothes. A young lady's face was buried on his shoulder, revealing a little bit of her neck's fair skin. The pitch-black long hair hid half of her flushed face.

"Sov... Sovereign... This Subordinate..." Cang Po Jun called out when he ran near. After he took a clear look, he stood rooted to the ground in astonishment.

Cang Po Yu's reaction was much faster than his. He quickly pulled him back and said, "Sovereign, this... This Subordinate is done wrong... you... this... please have a good rest. We... we will move to the side to rest and recuperate first..."

Even though he took a glance, he could tell that the young lady in Li Moying's arms was Huang Yueli!

Moreover from their ambiguous posture, one could tell that they were doing some adult activity.

Although they didn't know what was going on or how the dead could come back to life, at least he knew that they would run into bad luck if they spoiled Sovereign's matters!

Cang Po Jun also realized that and instantly turned around to leave.

But Liu Buyan was extremely tactless. After he took a clear look at the young lady who was in Li Moying's arms, not only did he not back off, he even ran up to them.

"Junior Sister, Junior Sister! Is it really you? You're... you're still alive?" He agitatedly gazed at Huang Yueli's side view and even stretched out his hand to her.

Li Moying snorted coldly and released a powerful burst of suppression, instantly forcing Liu Buyan to retreat.

Liu Buyan's complexion turned slightly pale, but he did not leave. His gaze was still on Huang Yueli's face.

She laid tightly on Li Moying's chest, with a bashful and angered look. She had already scolded Li Moying several hundred times in her heart!

Beast! Lecher! Shameless!

He had such awry thoughts at a ruined place that was in shambles! Not only did he get touchy, but he also refused to let her wear her clothes! Now, wasn't it great! They had been seen by other people! That includes her father and mother, who had bumped into this scene!

Embarrassing! It was really too embarrassing!

Huang Yueli gritted her teeth and couldn't wait to take a bite on Li Moying's face!

But Liu Buyan and the others were by the side. She couldn't bite him because the current situation was already embarrassing enough...

In this kind of situation, Huang Yueli would be easily embarrassed. But Li Moying's skin was very thick. He did not feel embarrassed at all.

Being intimate with his wife was a natural thing. It shouldn't be embarrassing for him. Instead, it should be embarrassing for those people who had interrupted them!

He hugged the young lady's waist tightly and lazily shot a glance at the group.

"Father-in-law, Mother-in-law, Li'er is fine. But when I discovered her, she wasn't wearing anything so... can I trouble you to step away first?"

Bai Liufeng and Huang Siluo were still standing in a daze when they discovered that Huang Yueli was still alive. Until now, they were still shocked.

Hearing Li Moying's words, Huang Siluo hastily said, "Yes, yes, we'll wait by the side."

Saying that she pulled Bai Liufeng's sleeve to the side.

Li Moying swept Liu Buyan a glance and didn't say a word. But his intention was obvious. He indicated with his eyes to ask him to scram!

Liu Buyan felt extremely unhappy over this!

This fellow, why was he so irritating? Li Moying was hugging his female goddess and showing a complacent look. Was he intentionally infuriating him?

Chapter 2707: This is Embarrassing (2)

Earlier when Li Moying was prepared to commit suicide, Liu Buyan was touched by his words for a moment.

But now thinking back about it, he found himself extremely naïve!

As the saying went, disaster would last for a millennium, so how would Li Moying possibly die so easily?

Liu Buyan clenched his fists tightly and gauged their strengths. But in the end, he could only silently admit defeat as he followed behind Bai Liufeng and the others to leave!

When Huang Yueli heard the crowd's footsteps getting further, she lifted her little head and turned around, looking to the left and the right.

Li Moying saw her cautious little fox's look and couldn't help but laugh.

Huang Yueli saw him laughing, and her eyes shot a death stare at him. "Laugh, laugh, laugh! How dare you still laugh! It's all your fault! It's all your fault!"

She was so angry that she clenched her teeth, and her voice shook. But in Li Moying's ears, it seemed like a melodious sound of nature.

He gave a conniving smile and touched her smooth long hair. "Okay, okay, okay, it's all my fault. My dear wife, please don't be angry with me, alright?"

Huang Yueli met his starry eyes, and her heart quivered. She couldn't stand this gaze from Li Moying the most.

In the romantic, charming eyes, it always reflected her alone...

Li Moying stared at her for a moment, and his gaze slowly grew deep and he leaned closer and closer to her...

Huang Yueli just realized it and pushed him, "You... don't talk rubbish. Quickly find me a set of clothing!"

Li Moying felt extremely disappointed when he saw the pouty pink lips that he was about to kiss leaving him!

He silently sighed and let go of Huang Yueli. "Looking for your clothes? Where do I go to find clothes for you? Don't you have any clothes in your interspatial ring?"

Huang Yueli said, "My interspatial ring had been ruined in the blood pool. Everything in the interspatial ring had gone missing! Not to mention clothes, many of my ninth-tier Profound Armaments are also gone!!"

She pouted her lips gloomily for a moment then suddenly lifted her hand and grabbed Li Moying's lapel, "That's right, take off your clothes and give it to me!"

Li Moying was stunned, "what? But I'm only wearing this piece..."

Back then, when they were in the Sky Phoenix Ring getting intimate, Huang Yueli stripped off his outer gown. Even for his inner clothing, she also undid the buckles. Luckily she did not totally remove everything. Otherwise, he would be naked just like her.

She stared at him fiercely, "You're a man. You won't freeze to death if you don't wear any clothes! Quick, do as I say and strip!"

Li Moying's eyes widened as though he was seriously shocked. He trembled and stepped backward, "You.. what are you trying to do to me? Are you intending to use force on me again!"

Huang Yueli's willow brows rose, "Are you going to strip or not?"

Li Moying said while lowering his eyes, "Strip, I'll strip... I didn't say I won't strip..., but you'll have to be gentler to me later..."

Saying that he lifted his hand and started to undo the disc buckles. While he undid it, he looked at her with a pitiful gaze.

That look was exactly like a young lady being coerced by a gangster.

Huang Yueli saw his look and was exasperated!

After Li Moying passed his shirt over, she immediately grabbed it and said, "Alright, you can scam now!"

He seemed as though he could not stand seeing her angry look. He shamelessly stuck himself to her, "Li'er, this is a man's clothing. You won't know how to wear it, let me help you!"

Chapter 2708: This is Embarrassing (3)

"Thank you! But I'm not a three-year-old, I know how to wear my own clothes. So there's no need to trouble you!" Huang Yueli gritted her teeth as she stared at the handsome man who was right behind her.

Li Moying's powerful hand clasped her and he felt her slender waist beneath his palm. His hands joined together and it seemed as though he could encircle her tiny waist.

"No trouble, This Husband is glad to be of service to my wife," he chuckled.

Huang Yueli finally could not stand it any further and lifted her feet to kick him. "Go away! My father is still standing by the side watching. Go and comfort them first and tell them that I'm alright now. Ask them to be assured."

Huang Yueli entrusted such an important task to him, so Li Moying naturally couldn't reject her.

Helpless, he lowered his head and nibbled her neck gently. He only let her go when he heard the young lady's surprised scream.

"Alright then, be quick. I'll go accompany Father-in-law and Mother-in-law for now."

After Li Moying left, Huang Yueli swiftly put on his clothes.

Li Moying's figure was tall and lofty and Huang Yueli's height was only at his chest. Putting his shirt on herself appeared much larger, and it fell all the way to the ground.

Huang Yueli used Profound energy to cut off a portion of the lower hem and sleeves before she could barely put it on. Although it looked a little strange, it was better than being naked.

She checked herself and after verifying that she was fully clothed, she walked towards the group's resting area.

They were resting at the back of a cliff. Cang Po Jun and Cang Po Yu were cross-legged as they shut their eyes and worked their cultivation methods, attempting to restore their internal injuries.

Whereas for Bai Liufeng, Huang Siluo, and Liu Buyan, they crowded around Li Moying and were shooting a load of questions at him.

Li Moying sat against the wall with a languid expression and said calmly, "All these questions of yours, how do you expect me to reply? The situation back then was something that all of you had witnessed

along with me. Everyone thought that Li'er had already died, no? Earlier I also asked her but she herself doesn't seem to remember what happened back then..."

He was in the middle of his sentence when he seemed to have telepathy with Huang Yueli. That man suddenly raised his head and looked at her.

Following that, he gave a bright smile and said, "Li'er, you're here!"

Huang Yueli nodded her head and swept him a glance. Following that, she blushed bashfully and looked elsewhere.

Li Moying was only wearing a pair of long pants. His upper body was naked, revealing those perfectly sculpted muscles. His strong shoulders and chest seemed to reflect some tiny claw marks...

Those were scratched by her in the Sky Phoenix Ring!

Thinking of this, Huang Yueli's face flushed red again.

Li Moying seemed as though nothing had happened as he stood up and walked towards her with an unruffled look.

"Li'er, are you not feeling well? Quickly come over and have a seat here. There are walls all around and you won't catch a cold..."

He held Huang Yueli's hand and pulled her to the corner of the wall, making her sit next to Huang Siluo.

Bai Liufeng and Huang Siluo were both happy and agitated to see her as their eyes were brimming with tears.

"Lass Li, you... you survived. It's really... really too great! I was so frightened when I heard that you died..." Huang Siluo hugged her and cried. "You young lass, you're simply reckless! Do you know that we are willing to die rather than to let you meet with harm!"

Chapter 2709: This is Embarrassing (4)

Huang Yueli heard her mother's emotional cries and her heart turned into a puddle as her eyes also felt damp.

In her past life, she was an orphan and had never seen her biological parents when she was young. So she didn't know what it was like to have biological ties.

Although her Master was nice to her, she was smitten with cultivation and had a cold character. Even towards her disciple, there seemed to be a layer of isolation, unlike Huang Siluo and Bai Liufeng's true feelings.

Huang Yueli was once like her Master, striving to seek the peak in the art of cultivation. She kept seeking cultivation and breakthrough, until the very end of her life.

No matter if it was love or kinship, it was merely an unnecessary burden and there was no need for it.

But now, not only did she obtain Li Moying's true love, but she also experienced kinship from Bai Liufeng and Huang Siluo...

It was only now when she understood how much she had once missed, so much...

For her, who had everything now, it was such a wonderful thing...

Huang Yueli hugged Huang Siluo back and cried, "Mother...". Her voice quivered and she started to choke.

Bai Liufeng saw the scene and couldn't help but feel a sour feeling in his heart. He walked up to them and held the mother and daughter in his arms.

"Alright, alright, Siluo, don't be too upset. Isn't our Lass Li perfectly fine now? She's able to come back in one piece under this situation, so that means to say that she is a lucky peerless genius! We should feel happy for her instead!"

Huang Yueli nodded her head and said, "Yes, Mother don't worry, I won't die so easily! Moreover, I have a bodyguard right next to me..."

She lifted her head and took a look at Li Moying.

His arms were crossed around his chest, and he stood nearby as his eyes were fixed on her. It was filled with nothing but tenderness.

Huang Yueli's lips curled upwards, and her sad face turned into a smile.

Bai Liufeng followed Huang Yueli's gaze and when he looked at Li Moying, his expression stiffened, and he couldn't help but give a cold snort.

"Although you are alright now, I didn't forget what that stinky brat did! Father's telling you, in these times of crisis, you shouldn't be with a man who could disregard your life in times of crisis! After we leave the Northern Ice Fields, the two of you will divorce!"

Huang Yueli was stunned when she heard that, "Ah? What? Divorce? Wh... Why do we need to divorce? What exactly happened when I wasn't around?"

Bai Liufeng didn't expect her to ask that, and she was stunned as well. But immediately following that, he frowned.

"You're asking me what happened? Li Moying suddenly advanced and had a huge advancement in his ability. He could even send Lord Zhan flying in one move! For him to gain such ability, surely it has something to do with you right?"

Huang Yueli hemmed and hawed, "About this..."

The incident between her and Li Moying was something that she could not say in front of her father.

But Bai Liufeng already knew what was going on. "Divine Doctor Liu had already told us. A portion of Li Moying's primordial spirit is with you and he gained such huge advancement in his ability because he took away the primordial spirit from you! It was because of this that your life was in danger, and you almost died, isn't that so?"

Huang Yueli then realized what had happened and blinked, "So... so all of you already know about it!"

She pouted and stared daggers at Liu Buyan, "Senior Brother! So you also know the Art of Split Soul's incident, but you insisted on helping Moying to keep it from me. You even... even lied to me!"

Chapter 2710: What Kind of Luck is That (1)

Huang Yueli recalled the night of their wedding. Because Li Moying refused to consummate with her, she even went to consult Liu Buyan.

The Divine Doctor had intentionally misled her into thinking that Li Moying was impotent. Moreover she even foolishly believed him and did so many dumb things...

Huang Yueli couldn't help but buried her face in her arms, as she silently complained in her heart.

Heavens, this was absolutely a stain in her life...

Liu Buyan assumed that Huang Yueli was being deceived by Li Moying hence she returned her primordial spirit to him. Hence he was waiting by the side aggressively, intending to expose Li Moying's true face, then teach him a good lesson!

Whoever knew that after Bai Liufeng said it clearly, Huang Yueli was indeed very angry.

However, her target of fury wasn't at Li Moying, but... directed at him!

Liu Buyan went into a short blank and felt a little guilty as he wiped the sweat off his forehead, "This... Junior sister, I'm not... cough cough, I'm worried about you..."

Huang Yueli swept him a cold glance, "Worried about me? I think all of you are treating me like a fool! I'm the main party involved in this matter but none of you told me the truth! If I hadn't accidentally seen the <<Drifting Cloud Scroll>>'s remnant pages' contents, I might never find out that Moying is actually under such tremendous pressure!"

Hearing her words, the group exchanged a glance, appearing extremely surprised.

Why was the matter different from what they had thought!

Huang Yueli was totally not upset with Li Moying's primordial spirit merging, and she seemed like she was feeling heartache for him?

Could it be that they had assumed wrongly?

Huang Siluo instantly asked, "Lass Li, what's going on? Quickly tell me? You don't know about this. Earlier when your father heard that you died because of Li Moying, he almost killed him! If he really is this kind of partner who would betray his partner to survive on his own, then Father and Mother will absolutely not agree for both of you to stay together!"

Huang Yueli's eyes widened in astonishment, "Mother, Father, why would you think in that way?"

Saying that she took a glance at Li Moying, only to find that the man was leaning by the wall. There was an indifferent look in his eyes which was the same as usual. He didn't seem affected by how other people had misunderstood him.

Realizing that Huang Yueli was looking at him, Li Moying flashed her a smile.

Huang Yueli knew that this man didn't like to explain, hence he was being misunderstood by others. Therefore, she hurriedly explained on his behalf.

"Things are not what you had imagined! Back then, Moying and my meridians had been restrained by Lord Zhan and we had no way to fight back. So we were thrown into the blood pool. Originally we should be dead for sure. But just as we were prepared to give up, we were suddenly sucked into the Sky Phoenix Ring's space..."

When Huang Siluo heard that she interrupted her in astonishment, "Sky Phoenix Ring? Where did that come from? Why were you sucked into the Sky Phoenix Ring?"

Huang Yueli stopped and briefly explained her link with the Sky Phoenix Ring.

This matter is her biggest secret, and Li Moying was the only one who knew. Even Liu Buyan, Cang Po Jun, and the others were hearing this for the first time.

Listening to her explanation, everyone's eyes widened in shock, and they were all dumbstruck.

"So... Huang Zhanxiao had spent so much effort, but he could not find the Sky Phoenix Ring because... the Sky Phoenix Ring was inside your primordial spirit??" Huang Siluo was extremely astonished, so much that she could not even speak clearly.
