

## **Weaponsmith 2751**

### **Chapter 2751: Never Learnt Their Lesson (5)**

Old Madam Ling laughed dryly. Her voice was hoarse and her entire wrinkled face creased together.

“We only saw the flying ship and not the person, isn’t it? If Li Moying dies, Blue Profound Sect’s disciples couldn’t possibly keep driving the ship in Northern Ice Fields, can they? They would definitely come back! How do you know if Li Moying was indeed on the ship?”

As compared to the other Sacred Lands practitioners, as Ling Qing Yu was Lord Zhan’s capable assistant so towards Snow Phoenix Palace’s situation, she knew slightly more than everyone else!

As the survivor to the ancient god clan, Sacred Phoenix Race’s total power surpassed the entire Soaring Heavens Continent’s Sacred Lands. Even Blue Profound Sect wasn’t able to compare to them.

No matter how formidable Li Moying was, he just could not win Lord Zhan!

Old Madam Ling spoke with so much assurance. The other practitioners might be worried but they couldn’t help but become puzzled.

Old Madam Ling hurriedly added, “Whichever powerhouse wants to leave should leave now! But after we break into Blue Profound Sect, those who left can forget about getting a share of the inheritances or treasures! Surely you can’t expect us to risk our lives while you gain all the benefits after, right?”

This was extremely reasonable.

Those powerhouses which intended to stay all started echoing in agreement.

Those who wanted to leave became hesitant when they heard that.

Old Madam Ling gave a mysterious smile when she saw that. She said, “The Snow Cloud Sky Ship descending might not be a bad thing. Instead, it is a good thing! As long as Li Moying isn’t on the ship, based on our abilities, we can just capture everyone on the ship as hostages! Think about it, if Cang Po Hun saw so many Blue Profound Sect’s disciples in our hands, do you think he would leave them be? Or deactivate the Mountain Protection Array for us?”

Everyone immediately laughed heartily when they heard that.

Old Madam Ling’s move was indeed malicious. But the effect was very well done!

When they thought about the mountain’s tempting inheritances, everyone’s last bit of terror disappeared. They immediately chased up to Old Madam Ling and crowded around the Snow Cloud Sky Ship’s location.

The crystal, snowy white flying ship stopped on a piece of vacant land. It looked like a masterpiece.

Some of them even started having designs on this flying ship.

Number One Armament Master Huang Yueli’s peak masterpiece, not only did it fly swiftly, but it could also attack and defend. The rarest of all was its stylish and eye-catching exterior. If they were able to

obtain this, it would definitely be comparable to a manuscript that had been left behind from ancient times, which could be considered as a form of status.

Just as everyone was letting their thoughts run wild, the Snow Cloud Sky Ship's cabin door opened with a "patter" and the gangway was lowered.

Seeing that, everyone was first stunned, then surprised.

They assumed that the people on the ship would not dare to alight after seeing such a disorderly sight. So they were still thinking of how to break the defensive array on this flying ship. No one expected the people on board to alight.

Why were these people so bold? Don't they know that after they alight, they would fall into the enemy's hands?

Or could it be that Li Moying was actually onboard the ship?

Under everyone's shocked gazes, a few figures appeared on the deck.

The first two to alight were Cang Po Jun and Cang Po Yu.

As Blue Profound Sect's Guardians, they would usually clear the way for their Sovereign.

Everyone's hearts thumped when they saw them!

Cang Po Jun and Cang Po Yu were first-rate top exponents in Blue Profound Sect!

### **Chapter 2752: Never Learnt Their Lesson (6)**

Moreover, their status and positions were very high. All the Sacred Lands' Sect Masters were considered to be on the same level as them.

Only Li Moying was able to make the two of them bow, so could it be...

But the next figure that appeared made everyone slightly surprised.

Liu Buyan and the two Guardians were just half a step away, and he got off the gangway.

Following that was Huang Yueli's graceful figure. There was a couple next to her, with exceptional looks and bearing.

Those practitioners present who did not attend Li Moying and Huang Yueli's wedding did not recognize Bai Liufeng as Li Moying's father-in-law. So they didn't know about his astonishing ability! As for Huang Siluo, she was much easier to recognize. She and Huang Yueli had a close resemblance so many of them subconsciously could tell that she was Huang Yueli's mother.

So in that manner, many of them also guessed that Bai Liufeng should be Huang Yueli's father.

This group of people got off the gangway and everyone's actions were calm, composed, and unhurried.

Initially, those practitioners were extremely vigilant. But by the time everyone got off the ship, they realized that Li Moying really didn't appear so all of them silently heaved a sigh of relief.

But they were still slightly terrified. So they gazed at Old Madam Ling to stand out and say something.

Old Madam Ling gave a cold harrumph as she silently sneered at these cowards. But thinking that her grandniece was still suffering in Blue Profound Sect, she had no choice but to stand out.

“Guardian Jun, Guardian Yu, we haven’t met for ages! I heard that you’ve followed Sovereign Li to Northern Ice Fields. How was it? Everything went smoothly?”

Old Madam Ling’s tone was rather gentle, but how would Cang Po Jun and the others possibly not tell her probe?

Cang Po Jun lowered his head and said, “Everything’s rather smooth. This Subordinate is under Sovereign’s orders to send Sovereigness back to the Sect.”

Saying that he and Cang Po Yu took several steps back until they were behind Huang Yueli.

This stance seemed as though Huang Yueli was their leader.

All the powerhouses practitioners were exceptionally surprised to see that.

When Li Moying revealed his identity as Mu Chengying’s reincarnation at his wedding, he didn’t reveal Huang Yueli’s identity. He merely claimed that he had gone into Qi Deviation and reincarnated because of the Sky Devil Reincarnation Skill.

In everyone’s eyes, Huang Yueli was just the young lass, Bai Ruoli from South Sky Region.

Although her innate talent was very high and it was compatible with Li Moying, she was still young after all. Her overall cultivation wasn’t very high, but how could she possibly order the two ninth stage realm, peak Guardians?

Li Moying was not here right now! Cang Po Jun and Cang Po Yu did not need to listen to a young lass like her.

Moreover, she was not only able to order them around, but they were also truly sincere in addressing her as Sovereigness!

For a moment, everyone was tongue-tied when they saw her. Old Madam Ling was slightly embarrassed by this!

Seeing Cang Po Jun’s reaction, it was obviously because she was disrespectful to Huang Yueli so he didn’t even want to speak to her.

But as Celestial Heavens Gate’s Grand Elder, greeting Cang Po Jun and the others already made her feel that her dignity was lowered. What more to start a conversation with Huang Yueli?

However, Old Madam Ling didn’t say a word so Huang Yueli didn’t say anything as well.

She merely looked at the practitioners with a sneer. She gave off a noble bearing and one could feel the pressure that was emanating from her.

Chapter 2753: Never Learnt Their Lesson (7)

Translator: Misty Cloud Translations Editor: Misty Cloud Translations

In front of them were these famous fogies. They subconsciously felt a cold chill running down their backs!

This young lady... was not simple!

But very quickly, the practitioners all regained their senses and felt that they had lost their self-control.

What was wrong with that? This young lass was not even twenty yet. If not for an abnormally powerful husband, who would bother about her? They were all awe-struck by Mu Chengying's past name hence they developed hallucinations to feel that this young lass was unfathomable ...

Illusion, it was definitely an illusion...

Old Madam Ling coughed hard as she opened her mouth and spoke impolitely, "You're Bai Ruoli? Do you know who I am? I'm Celestial Heavens Gate's Grand Elder, also called as Fairy Ling by others!"

Saying that she lifted her chin and waited to see Huang Yueli's shocked expression, for her to come fawn on her.

However, Huang Yueli merely shot a cold glance at her and didn't say a word.

She recognized Old Madam Ling. When she was besties with Ling Qing Yu back then, she had seen this tiger lady many years ago at Celestial Heavens Gate. Back then, she felt that this old lady often looked at people with slanted eyes. From the looks of it now, it seemed that she was indeed a terrible role model. When she was acting shameless, young people just couldn't catch up to her!

Old Madam Ling saw her cold attitude and felt that she was disrespected. She screeched again, "Bai Ruoli, did you hear what I say?"

Huang Yueli's lips curled up slightly and she turned to face Liu Buyan and smiled. "Senior Brother, do you hear anyone talking?"

Liu Buyan's eyes were cold and he spoke with a superficial smile, "Is there anyone? Junior sister, surely you're not developing acouasm at such a tender age, right? There's no one talking at all. All I hear is a dog barking! Junior Sister, if there's a problem with your ears, we should get Master to administer treatment for you!"

Huang Yueli smiled and said, "Senior Brother you've been thinking too much. There's nothing wrong with my ears! There indeed is a dog barking, and it's an old dog! Even the mosquitoes do not dare to stop in front of it, but it insists on calling itself a 'Fairy'! Just how thick is the skin?"

Liu Buyan blinked his eyes puzzledly, "The skin is indeed very thick. But why don't the mosquitoes dare to stop in front? What does this mean?"

Huang Yueli replied indifferently, "The entire face is full of wrinkles. So when the mosquitoes stop, they might be squashed to death by those folds! Although they might be small insects, they also value their lives very much!"

Liu Buyan couldn't stop himself from bursting out in laughter on hearing that.

Not only him, Cang Po Jun and Cang Po Yu also laughed very loudly, just short of rolling on the floor with laughter.

Even various large powerhouses who came to sought trouble with them started to snigger as they stole a glance at Old Madam Ling.

When she was young, she was indeed one of the famous beauties in Sky Emperor City. Hence that was why she had the nickname "Fairy Ling". But that was when she was young. Now that she's already a few hundred years old, she still claims that she's a Fairy so that made everyone shocked by her shamelessness!

When Old Madam Ling heard the repeated laughter, her embarrassment turned into anger. She pointed at Huang Yueli and berated, "I've heard of you! You're still so young but managed to rely on the Number One Sacred Land's Sovereign. You're indeed scheming! But now Li Moying isn't around and there's no one to protect you. So you'd better learn your place. Otherwise, I don't mind giving you a lesson on what is called respecting your elders!"

She had just finished her sentence when Cang Po Jun's face turned cold. He shouted, "Presumptuous!"

#### **Chapter 2754: The One Who Ascended Was Li Moying! (1)**

Cang Po Jun imbued Profound Energy into this shout. Although it was just one word, it was sonorous and made all the practitioners shiver!

Old Madam Ling's eyes widened as she did not expect to be interrupted so brazenly.

However, Cang Po Jun totally couldn't be bothered about her. He continued to say, "Old Madam Ling, who gave you the right to insult our Sovereigness! Do you really think there's nobody in our Sect?"

His voice was harsh and it caused Old Madam Ling to go into a fluster.

After all, Cang Po Jun's ability had already surpassed hers. Facing such a top exponent, she was still rather afraid.

However, Old Madam Ling wasn't willing to be embarrassed so she acted tough. "What? Did I say something wrongly? No matter what, I'm still your Senior. A young lass like Bai Ruoli actually mocked me? I'm already so old, so what's wrong with teaching her about how to be respectful? Your Sovereign Li didn't teach her well, that's why an old woman like me has to help him!"

Her words were indeed shameless. To put it nicely, she was trying to sell her knowledge. To put it blindly, she was poking her nose into her face.

Even all the other powerhouses' practitioners heard that and found it ear-piercing.

But they didn't forget their motive in this visit so they were determined to stand on Old Madam Ling's side, to speak up for her.

"That's right, Old Madam Ling is a respectable senior in the art of cultivation. She personally came to visit Blue Profound Sect. Never mind that you don't serve her properly, you even insulted her. That's simply acting like a bully!"

“She’s just a lass who’s gotten Sovereign Li’s favor. Does she really treat herself as the Sovereigness? Without Li Moying, what would you be?”

The practitioners’ hooting was getting louder.

Initially, everyone was rather afraid. But under Old Madam Ling’s gaze, they braced themselves and continued with the abuses.

But while scolding, they realized that Li Moying really seemed like he wasn’t on the Snow Cloud Sky Ship!

Otherwise, when he heard these abuses toward Blue Profound Sect and his fiancée, Li Moying would definitely not be able to sit still. They would already have become dead people!

But now, there was no sight of Li Moying at all. Evidently, he didn’t come along with Huang Yueli and the rest.

That proved that he had definitely died in the Northern Ice Fields!

Everyone was invigorated when they thought of this!

It seemed like they were right in coming today. They must grab hold of this chance and lay their hands on Blue Profound Sect’s inheritances!

Sky Devil Sect’s Guardian Yan immediately stood out and shouted, “Where’s Sovereign Li? Where did he go to? Invite him out quickly! His wife had insulted a Senior, so we’d like to ask him to give us an explanation! Otherwise, we will ask for it ourselves!”

Hearing that, everyone echoed in agreement. “That’s right, ask Sovereign Li to give us an explanation!”

Looking at everyone’s indignant looks, Huang Yueli’s lips curled up coldly.

If Li Moying was here and they wanted him to give an explanation, it would definitely be “throw them all into the snake pit to feed the snakes”!

These people knew this point and they could tell that Li Moying wasn’t around, Hence they dared to say such things.

They aimed to push all the responsibility to Blue Profound Sect.

They said Huang Yueli was disrespectful to the senior first and Li Moying refused to make his appearance to explain. In this way, no matter what “excessive” things they did, it was only logical.

### **Chapter 2755: The One Who Ascended Was Li Moying! (2)**

They were acting like b\*tches but still pretending to be innocent!

This kind of behavior was utterly shameless!

Unfortunately for them, these tricks were equivalent to digging their graves when they met Huang Yueli!

She took a few steps up and walked out from Cang Po Jun’s back. She said in a cold but calm tone, “You wish to meet my husband?”

“That’s right!” Guardian Yan stared at her gloomily and said, “Please invite Sovereign Li to come out!”

Old Madam Ling also snorted, “Does Sovereign Li know that he’s in the wrong, hence he doesn’t dare to show himself?”

Huang Yueli’s lips curled upwards and she spoke slowly, “Just based on your innate talent and cultivation, you might never get a chance to meet my husband for your entire life!”

Everyone was stunned.

After a moment later, Old Madam Ling snorted coldly, “Why? Why can’t we meet him? Why put things in such a roundabout manner, just be frank! Li Moying has already died in the Northern Ice Fields! He dares to oppose Lord Zhan so he’s getting his just desserts!”

She had already affirmed that Li Moying was dead. So when she heard what Huang Yueli said, she didn’t think too much and just understood it in the way she thought it was.

Liu Buyan and the others were rather speechless on hearing her say that.

This old woman was really trying to dig her own grave! Huang Yueli had already said it so clearly, but she still can’t understand!

Moreover, she dared to curse Li Moying?

Whoever didn’t know that Huang Yueli hated people to say that Li Moying was dead the most!

This old woman’s finished!

As expected, Huang Yueli’s expression sank and a gloomy look was seen in her eyes. She said sharply, “Presumptuous! Earlier Guardian Jun had already warned you and on account that you are old, he decided to let you off. Whoever knew that you still dared to spout rubbish in front of me! Men, slap her!”

A loud slap resounded!

Cang Po Yu took a step forward and struck the old woman’s wrinkly face without warning!

This slap was just too sudden and no one had responded to it at all. Even Old Madam Ling was still in a daze after she was slapped.

No one expected Huang Yueli to be so overbearing!

Li Moying wasn’t here, but she dared to strike an established practitioner like Old Madam Ling!

The most miraculous part was a top rated expert like Cang Po Yu actually followed her unreasonable command without thinking!

But no matter how stunned everyone was, all this had really happened.

Moreover, Cang Po Yu didn’t just stop at one slap. He continued slapping Old Madam Ling.

“Pa pa pa pa pa—”

Dull thud sounds reverberated in front of the mountain entrance. None of the stunned practitioners dared to stop him!

Old Madam Ling wanted to fight back but when she retreated, Cang Po Jun blocked her from the back and restrained her meridians.

These two Blue Profound Sect's Guardians had higher ability than her. When the both of them struck together, she totally had no chance to fight back.

After a moment later, Huang Yueli said coldly, "Enough, Old Madam Ling is so old already. Just a small lesson will do. Let's not pursue this any longer. We Blue Profound Sect respect our elderly very much."

Everyone almost spat out blood when they heard that!

She taught the other party a lesson and still dared to say that they respect the elderly?

Cang Po Jun and Cang Po Yu answered with a yes and retreated behind Huang Yueli.

Chapter 2756: The One Who Ascended Was Li Moying! (3)

It was until now did the practitioners wake up from their dreams. They turned their heads towards Old Madam Ling.

She was already in a daze and her face was very swollen.

Her skin was originally filled with wrinkles and now after it swelled, it looked like a sedge paper that had been soaked in water. Her looks were really horrifying and anyone who saw her felt like throwing up.

"You... you guys..."

Old Madam Ling was so angry that she wanted to curse at them.

But the minute she opened her mouth, she felt a sweet feeling in her throat, and with a plop, she spat out a mouthful of blood. A few yellowish teeth also fell out along with the blood.

Old Madam Ling lowered her head and she almost jumped up in fury!

Those were her remaining few teeth. Usually, when she ate, she relied on those few teeth to bite but now it was all gone! Based on her age, her lifespan was already at its end. So no matter how good the medicinal herbs were, there was no way to grow them back. In the future, she would only be able to drink porridge.

"You all... damn it! Wretched lass... you're simply a big bully!" With her teeth, that old woman couldn't even curse properly.

Huang Yueli swept her a cold glance. "Why? Still haven't learned to know your place? Do you want me to give you a few more slaps?"

Old Madam Ling was so angry that her face flushed red, but yet she could not say a single word at all!

She dared to hoot so brazenly earlier because Huang Yueli was still young. She felt that the latter would not dare to disrespect her. Whoever knew that Huang Yueli was so vicious. She totally had no misgivings to strike at all!

This kind of guts and bearing made everyone feel that they were looking at Li Moying himself!

Old Madam Ling stared at Huang Yueli fiercely but she didn't dare to say a word. She looked at Guardian Yan instead, hoping that he would stand up for her!

Everyone came together but she was given such a harsh slap. If the allies from various powerhouses don't fight back, wouldn't they become the laughing stock in the entire Sky Emperor City?

Whoever knew that Guardian Yan was so shocked that he didn't even take a look at Old Madam Ling.

He wasn't so upset like Old Madam Ling and he knew how to tell what was right or wrong. Hearing Huang Yueli's words, he already formed a terrifying guess in his mind!

Thinking of the past few days where there was extremely powerful Profound Energy fluctuation and adding on to the shattering of the space barrier, that was enough to shake the earth. The thunderous scene left Guardian Yan horrified!

"Bai... no, Madam Li, what exactly do you mean? Sovereign Li he... where exactly has he gone to?"

Huang Yueli swept everyone a glance and said lightly, "Half a month ago, my husband Li Moying had already broken through to the tenth stage realm in Northern Ice Fields. He had already passed through the heavenly tribulation and ascended to God Realm."

She did not plan to conceal Li Moying's ascension from everyone.

After all, Li Moying did not show himself and that would definitely attract various rumors. It would only attract various Sects' endless probing if they used some excuses like go into closed door cultivation or whatsoever.

Since that was so, why don't they just announce to everyone that he had already ascended to God Realm? They could also let everyone know that Li Moying was indeed the Number One Top Expert on the Continent!

In this way, it would raise Blue Profound Sect's reputation further!

Huang Yueli's words were like a bolt of thunder that came crashing down on their heads, causing all of them to be stunned.!

Even Old Madam Ling, who was brandishing her claws, also became dumbstruck and remained rooted to the ground.

After sometime later, Guardian Yan finally found his voice. "Sovereign Li he... he really ascended? Why... how is this possible? There had been no practitioners from Soaring Heavens Continents who could ascend to God Realm in the past tens of thousands of years!"

#### **Chapter 2757: The One Who Ascended Was Li Moying! (4)**

Huang Yueli said indifferently, "Practitioners weren't able to ascend because Soaring Heavens Continent was enveloped by the exterior demonic qi which formed a space barrier. That made the entire continent's Heaven and Earth Profound Qi extremely scarce and also prevented practitioners from ascending. Now you should be able to sense that the space barrier has already shattered. Heaven and

Earth Profound Qi are much denser than before! Moying was already on the verge of advancing. Of course, he could ascend so quickly.”

Hearing this explanation, most of them started to believe in her.

Everyone could feel Heaven and Earth Profound Qi becoming dense. Based on Li Moying’s innate talent which had surpassed everyone, it wasn’t strange for him to ascend.

But even so, this news still left every practitioner stunned! They totally could not regain their senses!

Ascend to God Realm!

Li Moying really ascended to the God Realm!

This original fact that was recorded in ancient manuals had not been witnessed by anyone in the real world.

Even if a handful of practitioners present were already in ninth stage realm peak, but ascending to the God Realm was a miracle which they didn’t dare to imagine!

Moreover, Li Moying was just twenty-three years old!

A twenty-three-year-old tenth stage realm practitioner, just thinking about it made one’s knees go weak!

For a moment, everyone went silent. They thought about the mighty Li Moying, then thought about their abilities and they were filled with complicated emotions.

Just at this moment, Old Madam Ling started to screech. “No... it’s impossible! This wretched lass Bai Ruoli is lying! How can Li Moying possibly ascend to God Realm? Northern Ice Fields is Lord Zhan’s turf! No powerhouses could fight against an ancient god clan! The one who broke through the space barrier should be Lord Zhan, so the person who ascended must be him! Li Moying must have been killed by Lord Zhan, don’t be deceived by this wretched lass!”

Everyone went blank for a moment, then instantly regained their senses.

Yes, Lord Zhan was still around! He wanted to kill Li Moying long ago!

How could Li Moying possibly fight against Sacred Phoenix Race? Even if he didn’t die, how was it possible for him to ascend?

A twenty-three-year-old tenth stage realm, how could there be such a ridiculous story?

Many practitioners were originally shocked by Li Moying’s ability and achievements. But thinking in this way, their hearts started to flutter again.

An old voice followed suit, “That’s right, what Old Madam Ling said is right! This is indeed suspicious! After all, Li Moying is not the former Mu Chengying, and his cultivation is not the same as before. How could he possibly escape from Lord Zhan’s clutches? Madam Li said he has ascended, what proof do you have?”

The person who spoke was Grand Elder He from the Seven Stars Palace.

Huang Yueli sneered, "Proof? Why do I need to show you any proof? Whether you believe it or not, what's it got to do with me?"

When various powerhouses' disciples had scouted the news from the Northern Ice Fields sometime later, they would naturally know who was the victor of that battle when they realized that Snow Phoenix Palace had been razed to the ground.

But now, Huang Yueli didn't have any proof. Even if she had, there was no obligation for her to prove to those people.

However, many people misunderstood when they heard what she said.

They subconsciously felt that Huang Yueli must have told a lie to scare them off.

In an instant, all the practitioners who were still half-hearted all started to feel confident again. They recalled their purpose in coming to Blue Profound Sect.

Grand Elder Ho fiddled with his beard and said, "Madam Li, I know that you've just got married and also lost your husband so you must be overly upset. But you can't tell a lie because of that."

Chapter 2758: She's Actually Huang Yueli! (1)

Huang Yueli, Cang Po Jun, and the others looked at the group as though they were retards.

But Grand Elder He assumed that they were feeling guilty and afraid because they did not refute. Hence he paused and slowly said, "Madam Li, we practitioners have come with kind intentions to help you. I believe that you are clear now about the consequences of going against Lord Zhan. One would not come to a good end. We still have some say in front of Lord Zhan, so we can plead on your behalf, to ask him to forgive your misdeeds."

"Guardian Yan, Old Madam Ling, am I right?"

Guardian Yan immediately understood his meaning and nodded. He echoed, "That's right! We can't bear to see Blue Profound Sect's many years of inheritances being destroyed by Lord Zhan in a moment of fury, so we've come. I believe that Madam Li wouldn't want to die without a valid reason. It's better to cooperate with us!"

When Old Madam Ling heard that they were going to cooperate, her eyes widened.

All she wanted to do now was to kill Huang Yueli, and not proceed with some cooperation!

When Grand Elder Ho saw her reaction, he was worried that Old Madam Ling would talk rubbish and spoil their plans. So he hurriedly coughed and spoke before she did. "Madam Li, in order to resolve Blue Profound Sect's crisis, you'd better deactivate the array. Let's all proceed into the Sect and have a detailed discussion!"

Guardian Yan nudged Old Madam Ling and also said, "That's right. This is a serious matter, so we'd better proceed to Levitation Sword Palace for a discussion!"

Hearing Grand Elder Ho and Guardian Yan's words, all the practitioners' mouths were agape, silently giving a thumbs up to the both of them!

They were utterly shameless and sinister!

Attacking the Mountain Protection Array by force would result in a huge amount of effort to blast it open. But now, all they needed to do was to coax Li Moying's "widow" and they would be able to enter Blue Profound Sect effortlessly!

By the time all these practitioners entered Blue Profound Sect's doors, it wouldn't be up to Huang Yueli by then!

Grand Elder He and the others were secretly delighted, as they suppressed their urge to burst out laughing. Then they swept a glance at Huang Yueli.

In their minds, Huang Yueli was still young and her husband had just died. On hearing her enemy's name, "Lord Zhan", she might be frightened to death! Even if she could remain calm, she would definitely be manipulated by them!

However, on hearing their request, there was no terrified look on Huang Yueli's face.

On the contrary, her lips curled upwards and she revealed a faint smile.

Her smile was filled with an obvious taunt.

"Are you done?" She spat out these words coldly.

Grand Elder He was stunned and he couldn't react properly. "Yes, I'm done..."

Huang Yueli laughed coldly, "Do you guys think I'm silly or dumb? What's the difference between inviting you guys into the mountain and luring the wolf into the house? Kind intentions? I wonder what your heart looks like!"

Grand Elder He was exposed and his expression changed in a second. All the amiable looks that he put up immediately disappeared without a trace.

"Bai Ruoli, don't refuse a toast only to drink a forfeit! Li Moying is already dead. Just based on you, you can't protect Blue Profound Sect's inheritance! If you know what's good for you, choose to cooperate with us. We Six Sacred Lands can still leave Levitation Sword Palace for you, and also Blue Profound Sect's name intact! We're also willing to let your disciples live! If you must work against Lord Zhan, then..."

### **Chapter 2759: She's Actually Huang Yueli! (2)**

"Then what?" Huang Yueli didn't even bat an eyelid as she asked coldly.

Grand Elder He took a deep breath and his expression turned malicious.

"If you insist on going against Lord Zhan, that means you will be the Six Sacred Lands' common enemy! By then, Blue Profound Sect's inheritances would still land in our hands whereas your disciples would all die! Anyway, we will be entering the Blue Profound Sect today, regardless of Madam Li's decision!"

Grand Elder He's words were a blatant threat.

He had already said things to this extent so various practitioners also realized that Huang Yueli wasn't as innocent as she looked. They couldn't coax and deceive her.

In this way, the only way out for them would be to use their abilities to coerce her to listen!

These people finally gave up their acts and revealed their true faces.

Huang Yueli was not shocked at all. She smiled coldly, "Then, in that case, you're intending to declare war against Blue Profound Sect!"

Old Madam Ling finally had a chance to speak so she barked, "That's right! You dare to disrespect your cultivational seniors so we shall show you some colors today!"

Huang Yueli said coldly, "Since that's the case, we Blue Profound Sect will accept it!"

She had just finished her sentence when a wave of swords being unsheathed was heard!

Blue Profound Sect Snow Cloud Sky Ship's disciples all unsheathed their swords and prepared for battle!

"Blue Profound Sect's disciples have never been afraid of any challenges! My husband's temper has been very mild in recent years so you guys have all forgotten about that year! Now, I shall carve this into your memories! There is only one consequence for those who dare to challenge Blue Profound Sect!"

Huang Yueli spoke in an unhurried manner and her tone was extremely peaceful.

But when she spoke, her Profound Energy fluctuations started to rise swiftly, as a powerful wave of pressure was instantly unleashed!

When she finished talking, the air was already filled with scorching fire attributed energy. Tremendous suppression made those old fogies feel suffocated!

For those junior disciples with weaker cultivations, many of them started to spit out blood!

Everyone's eyes widened, staring in disbelief at the petite, young lady who was standing in front of them!

When Grand Elder He declared that they would enter a battle with Blue Profound Sect, various powerhouses practitioners all made the necessary preparations to fight.

Li Moying wasn't around so most of them were rather confident of their abilities. Although Liu Buyan, Cang Po Jun, and Cang Po Yu were famous top experts on the Sky Chart, they had more manpower on their side. Even if Huang Yueli's parents were also ninth stage realm peak top experts, they had the absolute confidence to win them.

So everyone was silently defending against Cang Po Jun and the others, worried that they would suddenly sneak an attack on them.

No one expected the first to strike to be Huang Yueli!

Moreover, within a short span of ten breaths, Huang Yueli's surrounding aura rose to such a degree. Furthermore, it was still increasing steadily!

How... could this be possible?

Wasn't Li Moying's petite wife a world-famous armament and pill refining master? In terms of cultivation, she had just advanced into sixth stage realm a couple of months ago. How could she have such a shocking aura?

Everyone's memories still remained at the times when she just came to Sky Emperor City. Never in their wildest dreams would they imagine that Huang Yueli had already ascended into the ninth stage realm within a year!

### **Chapter 2760: She's Actually Huang Yueli! (3)**

Moreover, based on the ancient god clan's blood flowing in her, her ninth stage realm had surpassed the human race's tenth stage realm!

Huang Yueli's Profound Energy's suppression was too strong. Following each step of pressing nearer, various sect practitioners started to retreat.

Grand Elder He also subconsciously took a step back. But he quickly halted and after a shiver, he regained his consciousness.

Why did he need to retreat? Bai Ruoli's ability wasn't very strong and that was something that the entire Soaring Heavens Continent knew about!

No matter how much innate talent she had, she couldn't jump from sixth stage realm to ninth stage realm, right? Not to mention to have the ability to scare ninth stage realm peak practitioners off!

So, although the young lass's Profound Energy fluctuations were very strong, that might not necessarily be her true ability. Even if she had eaten some kind of potential invigorating pill, she couldn't possibly be so strong! She should have cultivated some kind of secret technique in order to hide her ability and deceive everyone!

Thinking of this, Grand Elder Ho raised his voice and shouted, "Everyone stop, you're not allowed to retreat! No one is allowed to back down anymore! Bai Ruoli doesn't have such a strong ability. She's just pretending, don't be deceived by her!"

Hearing that, everyone was stunned.

Old Madam Ling was a top expert and she immediately regained her senses. Stopping in her tracks, she sneered.

The younger disciples also came around it. Although they felt the qi in their chests swirling, they tried hard to bear with the discomfort and stopped retreating.

"That's right, we were almost deceived by this wretched lass! I wonder where she learned such an evil skill! Does she think we are all idiots? How would we be tricked by such petty tricks?" Old Madam Ling shrieked loudly.

"Oh? You think this is trickery?" Huang Yueli's lips curled nonchalantly, as she took another step forward.

Her aura instantly rose again!

Following another step forward, Elder He and the other top experts felt their chests pounding and their meridians had already suffered a serious impact!

Whereas for those younger disciples behind them, it was already very tough for them to stop retreating. Now the pressure increased and several of them fainted after they spat blood out!

“You... you...”

Old Madam Ling’s face turned pale when she saw Huang Yueli walking towards her.

At this moment, those old fogies also realized that Huang Yueli’s ability... was indeed not simple!

After all, aura might be falsified but the damages to their meridians could not be faked! Only real Profound Energy could injure top experts like them!

But, this... how is this possible?

How on earth did she do it??

Grand Elder He silently clenched his teeth and suddenly, he charged towards Huang Yueli instead!

At the same time, he roared, “Everyone, stay calm! Although we don’t know why this lass has such a strong ability, her foundation is not stable. If we really engage in a fight, she wouldn’t be able to display her power at all! Let me take her down. The rest of you, cover me and block off Cang Po Jun and the others!”

All the top experts had the same idea in mind. Without thinking too much, they followed Grand Elder He’s instructions and dashed out!

Even if Huang Yueli’s suppression had given them a shock, but no one would ever believe that a young lass like her had sufficient power to crush all of them!
