Chapter 2831: Seeing Li Moying Will Ruin Your Life (2)

When the young ladies heard that, all of them showed a terrified expression on their faces!

At the same time, a sense of unwillingness welled up in their hearts!

She said that they were slacking off in their cultivation and roaming about everywhere? Then what about herself? Didn't she come because of that person in the refinement ravine...

All of them didn't dare to argue and left dejectedly with a bitter look.

Just at this moment, a female voice was heard coming from the end of the refinement ravine.

"I was just thinking who it was, so it's Sister Leyun. No wonder you sound so powerful. You've really scared the s*it out of these ordinary disciples!"

Hearing that voice, all the young ladies didn't heave a sigh of relief. Instead, their faces revealed looks of despair!

A young lady dressed in a red long dress walked out from the end of the corridor. Her beautiful face was of a totally different style from Li Leyun.

But she was also one of the valuable heaven grade geniuses in Cloudy Qilin Clan. Her innate talent was just slightly short of Li Leyun's.

As the Cloudy Qilin's Disciplinary Hall Elder's direct granddaughter, Li Zijun's status wasn't any lower than Li Leyun. On the contrary, as the Disciplinary Hall Great Elder was Cloudy Qilin Clan's Number One Top Exponent and he was also god grade genius Li Moying's receiver, Li Zijun was also extremely popular.

Without exception, these two people were the cream of the crop in Cloudy Qilin Clan.

No one expected them to fall for the same man...

These two people... were not easy to deal with!

Thinking of this, many young ladies were extremely frustrated. They originally didn't dare to fight for Young Master Moying's attention, only wanting to sneak a peek at him. Whoever knew that they would meet with these two ladies right here!

Li Leyun heard Li Zijun's voice and instantly frowned. Her voice turned even colder, "What are you doing here?"

Li Zijun sneered, "Since you can come, why can't I? This refinement ravine doesn't belong to your family, does it? Any heaven grade genius who passed the Inner Zen Hall's test can come to the refinement ravine for training. I happened to pass by! On the other hand, you should have finished your time for entering the refinement ravine, isn't it? What are you doing here? It's so amusing that some people

think that she is so gorgeous and insists on pestering Young Master Moying. In the end, he almost chopped you up like a magical beast!”

Li Leyun stared daggers at Li Ziyun, gnashing her teeth when she heard that.

“Shut your mouth! I’m just here to cultivate! Don’t you appear here daily as well, what right do you have to say that about me? Young Master Moying didn’t say a single word to you as well, isn’t it? In his eyes, aren’t you equivalent to air too?”

Li Zijun clicked her tongue and said, “At least I still have refinement time and that’s why I came. I’m unlike someone who has already used up her time, but still insists on sticking to him!”

Cloudy Qilin Clan’s heaven grade geniuses were ranked accordingly. They would be distributed a designated duration to come to the refinement ravine to cultivate.

But as the resource was limited, everyone’s allocated time was fixed. Once it had been used up, they would need to wait until the next month.

Li Moying was the only one who could use all of Cloudy Qilin Clan’s resources without any restrictions.

Li Leyun secretly admired Li Moying. So every single time he came to the refinement ravine, she would come over as well, hoping to get a chance to win his heart.

Whoever knew that he didn’t even bat an eyelid even when a living beauty like her kept showing up in front of him.. He was totally absorbed into cultivation and wasn’t distracted at all.

Chapter 2832: Seeing Li Moying Will Ruin Your Life (3)

Li Leyun didn’t believe that he was not interested in her at all, so she came up with several methods, hoping to attract Li Moying’s attention.

But no matter if she offered her concern, took action to help him, or helped him to treat his injuries, Li Moying simply evaded her.

She passed by Li Moying while being chased by a magical beast, and pretended to be injured. But he seemed as though he did not see her at all.

On the contrary, Li Leyun herself fell for her own trick several times and was almost injured badly by magical beasts.

Not only did she learn a lesson after so many times, she even squandered all her allocated cultivation time! She wouldn’t be able to enter the refinement ravine in the next half month.

Just at this moment, Li Zijun appeared.

In comparison, she was much more subtle. She knew that Li Moying was extremely focused during his cultivation, hence she didn’t try to fight alongside him. Instead, she would always station herself nearby and wait for Li Moying to enter or leave the refinement ravine, then pretend to have a coincidental meeting with him!

Li Leyun and Li Zijun had always been at loggerheads and often fought over everything. Now that the two of them fell for the same man, she couldn't wait to teach him a lesson!

Li Zijun could tell that Li Leyun was extremely infuriated and she couldn't help but feel delighted. She didn't forget to rub it in and said, "Speaking of this, why isn't Sister Leyun cultivating properly in the day? Instead, you came here, so isn't this considered as slacking off as well? According to what you said, shouldn't you also be heading to the Disciplinary Hall to receive your punishment as well? If you don't know how to head there, why don't you ask those young lasses to bring you along when they're on their way?"

The young ladies around heard what she said, and everyone started to sweat profusely. They were so scared that they almost fainted, deeply afraid that Li Leyun would throw her temper on them.

Whoever knew, Li Leyun spoke through gritted teeth but didn't fly into a rage. Instead, she sneered and said, "Thank you for your concern, Sister Zijun! But I came today because I have something important to handle. I'm not as free as you!"

"Oh?" Li Zijun was slightly surprised and was just about to ask. "What do you..."

Just at this moment, a blinding gold ray shot out from the entrance of the refinement ravine.

Following that, a tall figure appeared in front of the ravine.

Everyone's gaze instantly shot towards the ravine. Even Li Zijun stopped abruptly, forgetting all her unfinished questions!

"Young Master Moying!!"

It's Young Master Moying, he's out!!"

"Looking at him from this distance, he really looks even more handsome than what the rumors say I feel like I'm going to suffocate!"

"I... I've never seen any man who is more handsome than Young Master Moying in my entire life! I believe that there isn't a second person in the entire Cloudy Qilin Clan!"

When Li Leyun heard those young ladies' excited gasp of admiration, her heart was filled with contempt towards them.

What ignorant bumpkins! They probably hadn't left Cloudy Qilin Continent in their entire life!

Not to mention a merely Cloudy Qilin Continent, even if it was in God Realm's Twelve Continents, there probably wouldn't be anyone who could compare with Li Moying!

Forget about his shocking and terrifying god grade innate talent. Just his perfect exquisite face alone could instantly kill off all the talented disciples from God Realm's large clans...

One would never forget his looks when they saw him.

While Li Leyun was in a daze, she saw Li Zijun already walking towards Li Moying.

Li Zijun was dressed in red and looked very attention-seeking.. With the exquisite make-up on her face, she parted her lips slightly to give an alluring smile.

Chapter 2833: Seeing Li Moying Will Ruin Your Life (4)

She walked gracefully toward Li Moying and threw a careless glance at him.

“Young Master Moying, it’s such a coincidence that we meet again! I was just on my way to the refinement ravine to cultivate! Earlier when I was outside, I heard the magical beasts giving off miserable cries so I was just guessing who was that powerful! So, it’s really you! Only Young Master Moying has that powerful ability...”

Li Zijun kept looking at him affectionately as she spoke, trying to size up the man’s perfectly sculpted features.

This man... he’s simply too good-looking...

Moreover, he wasn’t just handsome. What was charming about him was the noble temperament and a strong practitioner’s might coming from him. An excellent genius with such innate talent like him did not need to flaunt his ability. The corresponding aura would be revealed on its own.

Not only so, but he also had a celibate temperament and was always icy cold towards everyone, especially women. No matter how beautiful, how high the innate talent, or how respectable the young lady was, he had never looked at the person straight in the eye.

Not only did Li Moying’s aloofness not make those young ladies who were smitten with him back off. Instead, it even aroused these talented ladies’ admirations.

Towards those ladies who were already used to men fawning on them, Li Moying’s mysteriousness and cold but powerful temperament was a fatal attraction to them.

Li Zijun’s beautiful eyes stayed still on Li Moying without blinking at all, as she felt butterflies in her stomach.

Alas, Li Moying wasn’t even interested in looking at her. He treated as though there was no one around, walked straight ahead, and passed by Li Zijun.

When she saw that, she showed an aggrieved expression, but she clenched her teeth and chased up. She was just about to speak again.

Suddenly, a slim figure appeared diagonally and stood in front of Li Moying.

“Li Leyun! Why are you still here??” Li Zijun looked at her love rival angrily.

Li Leyun shot her a glance and on seeing Li Moying about to leave, she couldn’t bother to provoke Li Zijun and hurriedly went after him.

“Wait, wait a minute! Young Master Moying, please stop!”

The young lady's voice was soft and melodious like an oriole. But she was still being ignored by Li Moying.

Li Zijun sneered and said, "What's there to be complacent about? You think that Young Master Moying will see you in a different light?"

Li Leyun was provoked by her sarcastic comment and was instantly angered. She forgot about the clan leader's repeated reminder to stay low profile and keep the secret. Then she just shouted out loudly!

"Young Master Moying! I really have an important matter! Clan Leader instructed me to invite you to the Council Chamber for a meeting! He said.... he said that it's an extremely important piece of news that is related to the Cloudy Qilin Clan's future. So please come along with me!"

Hearing that, Li Moying stopped in his tracks.

He turned around, looked at Li Leyun and his thin lips parted to ask, "Clan Leader asked me to go over? What's the matter?"

Li Leyun heard Li Moying actually talking to her!!!

Although it was because she mentioned the clan leader, it was still the first time when he looked straight at her in the eye. Moreover, he even said two sentences to her!

Li Leyun was so excited that she couldn't control herself.. She took some time to calm down and said, "Clan Leader said this matter is extremely secretive. All the Elders in the clan are already in the Council Chambers and they are waiting for you..."

Chapter 2834: I'm going to Soul Connection Ocean! (1)

Li Moying nodded his head but didn't say anything else. He also did not take another look at Li Leyun and walked towards the Council Chamber.

He could ignore all these non-important people in Cloudy Qilin Clan but he could not disrespect Clan Leader's orders.

Ever since he came to God Realm, Clan Leader had been taking good care of him. Although it was all because of his innate talent, it had helped him very much after all.

Li Leyun hurriedly chased up. "Young Master Moying, let me lead the way for you, we can go over together..."

Li Moying didn't make a sound but Li Leyun continued to walk beside him. From afar, it seemed as though the two of them were walking hand in hand...

Li Zijun was extremely angry to see this and her face flushed red with fury!

"Damn this Li Leyun. She actually used Clan Leader's orders to snatch him! She's simply despicable! Did she think that this would make Young Master Moying interested in her? What wishful thinking!"

As she said that, she turned her head around and looked at those young ladies who had gathered here.

These young ladies were totally in a daze from seeing Li Moying and they had forgotten how dangerous their current predicament was.

Detecting Li Zijun's gaze at this moment, they suddenly came back to their senses and retracted their gaze. Trembling, they lowered their heads.

Li Zijun stared at the viciously and hissed, "What are you waiting for? Quickly get to the Disciplinary Hall to receive your punishment! All of you, scram!!"

Li Leyun heard that clamor behind her and a smile surfaced on her lips.

Li Zijun wanted to fight with her? What a dream!

She, Li Leyun, was the most talented young lady in the entire Cloudy Qilin Clan. To maintain the purity of the clan's bloodline, Li Moying would marry her sooner to become her double cultivation partner!

Li Leyun stood beside Li Moying and kept sneaking glances at his handsome side view.

Li Moying's lips had always been pursed and the expression on his face was extremely cold.

Not too long later, the two of them came to the Council Chamber.

When he just walked in, Clan Leader Li Shihong's voice boomed as he welcomed him. "Moying, you're finally here, come on over! Men, bring Young Master Moying to his seat!"

Not only him, but all the Elders present also exchanged conventional greetings with him passionately, as though he was a moon around the stars!

Li Moying did not show any expression at all and merely nodded. He looked relatively cold but those famous Elders did not show any displeasure at all.

God grade genius was the clan's future! They could afford to offend anyone but him.

Seeing that Li Moying was already seated, Li Shihong coughed slightly with the intention for everyone to keep silent.

"Everyone, I believe all of you are puzzled as to why I have suddenly gathered everyone over... The clansmen around the Twelve Continents in God Realm had suddenly sent back a shocking piece of news yesterday..."

He paused and said with a grave expression, "It's been rumored that a god grade genius had also appeared in the Sacred Phoenix Race recently!"

When he said that, all the Elders were stunned. But following that, everyone broke the silence and started to cry out in surprise.

"Sacred Phoenix Race also has a god grade genius? This... it's impossible right?"

"I also feel that it's impossible! Where do you find so many god grade geniuses? I have once stayed in the Sacred Phoenix Continent for some time and I know their clan's situation very well. Sacred Phoenix Race does have a few outstanding heaven grade geniuses but... god grade genius? That's absolutely not possible!"

“That’s right, could there be a problem with the information source?”

Chapter 2835: I’m going to Soul Connection Ocean! (2)

“Perhaps Sacred Phoenix Race had intentionally leaked out this fake news, hoping to fish in troubled water!”

The Elders were very agitated and no one believed that this was true. Instead, they all thought in unison that Sacred Phoenix Race was too shameless and this was absolutely their plot!

But after a while, everyone finally regained their composure and discovered that Li Shihong was listening to them talk, but did not voice out his opinion.

It was until all the discussions stopped before he opened his mouth to speak. “I also wish that there was a mistake in the news but the Veracious Wyvern Clan who are on good terms with us had obtained this news. They always had marriage unions between both clans so the authenticity of this news shouldn’t be wrong!”

Li Shihong had just stopped when an Elder stood up and said, “But, how is this possible? We receive all the news on the geniuses in Sacred Phoenix Race and it’s impossible to suddenly pop out with a god grade genius that we don’t know about, right? Surely it cannot be... some kind of secret weapon which had been hidden for so many decades?”

God Realm’s clans were always engaged in intense competitions. All those clans had some outstanding talents and to the other clans, it wasn’t a big secret.

Especially for the two clans with a deep feud, the Cloudy Qilin Clan, and Sacred Phoenix Race. They would have found out all the news about each other in detail.

It was extremely difficult to conceal the news from the other party!

When Li Shihong heard that, he shook his head and said, “It’s not that. I heard that Sacred Phoenix Race’s god grade genius is also ascending from the lower realm!”

“What? Also from the lower realm?? How could this be so coincidental? Could it be that the lower realm practitioners’ innate talents had already surpassed God Realm’s descendants? This... this is a little too fascinating, isn’t it?”

The Elders were all stunned

Cloudy Qilin Clan discovered a god grade genius who had ascended from the lower realm and that itself was already a stroke of luck from heaven.

But now, Sacred Phoenix Race also had one?

Could there really be such a coincidence under this heavens?

Just as everyone was stunned, they suddenly heard a crisp “bang” from the side!

Everyone was shocked and hurriedly turned around to see shattered porcelain pieces next to Li Moying's feet. Apparently, he unintentionally dropped a teacup onto the floor and it gave off a sound of something breaking.

Moreover, the expression on his face was very strange. Usually, no matter what incident he met with, he would always look undulated. But now, his usual calmness seemed to be broken. He frowned and a glow was sparking in profound eyes. His hands also uncontrollably clenched into fists.

Everyone was a little surprised to see him in this state.

Li Shihong's brows creased and he said, "Moying, what's the matter? Actually, you need not worry too much. We still don't know Sacred Phoenix Race is telling the truth about their god grade genius! I heard that this genius hadn't even ascended and was still in the lower realm. But he had broken a lower realm inheritance tower refinement record which triggered the inheritance tower's spiritual imprint. Hence it attracted the Sacred Phoenix Race's descendant's attention! They deduced that he must be a god grade genius!"

Hearing that, all the Elders heaved a sigh of relief.

"So it's like this. That person hasn't come to the God Realm yet!"

"Isn't it a little too early to talk about a god grade genius? Perhaps, that person's innate talent might just be slightly above the heaven grade genius!"

"That's right, I think it must be a heaven grade genius! Sacred Phoenix Race always blows their own horn. When that person arrives in God Realm, it would be a slap on their faces!"

Chapter 2836: I'm going to Soul Connection Ocean! (3)

Cloudy Qilin Clan had always despised Sacred Phoenix Race and they weren't willing to believe that Sacred Phoenix Race would really have a god grade genius.

So once they caught a handle over them, they would magnify it unconditionally.

Some of them even turned to look at Li Moying.

"Young Master Moying, I think this is just a rumor. You are the only God Realm's highest innate talented practitioner among the younger generations. Those scums from Sacred Phoenix Race are not worth mentioning at all!"

"That's right. Those people from Sacred Phoenix Race had better wait until their next life if they want to compete with Young Master Moying!"

"Sacred Phoenix Race's people are really dreaming. But too bad, a counterfeit can't become real!"

Even Li Shihong smiled slightly and said, "What everyone said is right! Let's not say what kind of god grade genius Sacred Phoenix clan has. Right now, they can't even ascertain that they really have a god grade genius, let alone compared with Moying! Moying is only in his early twenties and has already advanced into Heart Profound Realm. Moreover, his ability is still swiftly increasing! In God Realm's

history, none of the god grade geniuses had ever been capable of achieving this! Sacred Phoenix Race's people simply couldn't chase up to him!"

Cloudy Qilin Clan's Elders also started to echo in agreement!

Sacred Phoenix Race having a god grade genius indeed made them feel a little pressurized, but they weren't overly worried over this.

So everyone was totally confident of Li Moying's ability and innate talent!

If it wasn't because they had witnessed it with their own eyes, no one would ever believe that there was someone so talented in the art of cultivation like him!

Surpass him? Not so easy!

Li Shihong gathered everyone here out of habit.

Everyone discussed this for a moment and after the initial shock, all of them started to calm down.

Sacred Phoenix Race was so lucky and it indeed made them feel displeased. But other than that, no one would ever believe that it could cause any threat to the Cloudy Qilin Clan!

After all, they had Li Moying!

Whoever knew that just as everyone was prepared to leave, Li Moying suddenly sat up straight and opened his mouth to ask. "Clan Leader, earlier you mentioned about the god grade genius in Sacred Phoenix Race, do you know which lower realm is that person ascending from?"

Li Shihong didn't think that he would suddenly raise a question. After a short blank, he said, "About this... This Clan Leader doesn't know! Earlier I've already said that Sacred Phoenix Race had only received the lower realm's spiritual imprint feedback but haven't seen that person yet! Who knows which lower realm does he come from? This would have to wait until that genius arrives in God Realm before we find out right? But I heard that Sacred Phoenix Race had already sent out an Elder to receive this god grade genius at the Soul Connection Ocean! Looks like they really don't wish to waste any time at all in utilizing their full effort to nurture this person!"

Hearing that, some Elders seemed to have thought of something and couldn't sit still.

"Clan Leader, this matter.. is indeed extraordinary! Sacred Phoenix Race sent out an Elder to welcome that person so this proves that their news is rather accurate. They should be able to confirm that this person is a god grade genius! Moreover, they spared no effort in wasting time at all, so I believe they must be charging towards the God Realm Tournament that will be held one year later, right?"

Li Shihong nodded his head and said, "I'm afraid it is indeed for the God Realm Tournament!"

That Elder who spoke earlier continued, "Those scums from Sacred Phoenix Race indeed have a great ambition! When Young Master Moying ascended last year, as he was alone so he wasted quite a lot of time. He came through the Soul Connection Ocean to our clan, otherwise, he would have more cultivation time and his cultivation would be much higher than now! Sacred Phoenix Race must have learned a lesson from this!"

Chapter 2837: I'm going to Soul Connection Ocean! (4)

Hearing that, Li Shihong's expression turned grave once again.

God Realm Tournament is said to be one of the most highly valued events for every single clan in God Realm.

All suitable young practitioners would practically take part in it. This was the best opportunity to show themselves off to the entire God Realm and there absolutely could not be any mistakes!

Even if they had full confidence in Li Moying, but Li Shihong would not take any chances and had to erase all influences which might affect them.

He thought for a moment and said, "Looks like we can't belittle the Sacred Phoenix Race. This matter... we have no choice but to put up a defensive stance to it! Why don't we do this? Since Sacred Phoenix Race's so-called god grade genius would be ascending to God Realm in recent days, we Cloudy Qilin clan should also send some people to check out the situation in Soul Connection Ocean. We can also probe on the opponent's background. This person will definitely be hidden by Sacred Phoenix Race after they leave Soul Connection Ocean and by then, it'd be much more difficult to find out the news about him!"

Various Elders all echoed in agreement. "That's right, we should do that!"

Li Shihong quickly set his mind on this and said, "Since that's so, which Elder is willing to head to Soul Connection Sea to lead your men to find out on this news? This mission is really insignificant but Sacred Phoenix Race had already sent their Elder there. So practitioners with lower abilities would not be able to find out any news at all. This is an important matter in the clan. If anyone could find out about the exact news, it would be considered as contributing merit for the clan!"

Li Shihong was worried that no one would be willing to go, so he emphasized the importance of this mission.

However, he hadn't even said anything much when a voice immediately rang.

"I'll go!"

He quickly looked in the direction of the voice and was stunned.

"Moying? You... you intend to go to the Soul Connection Ocean?"

Li Moying nodded. "That's right, I'll set off on the journey to the Soul Connection Ocean today!"

Li Shihong looked at him in shock and hurriedly tried to persuade him. "Wait a minute, Moying! This mission is important but it's better for you not to do it! Based on your current situation, the most important matter is to cultivate properly. You must raise your ability as much as possible before the God Realm Tournament! It's better now to be distracted at this point by other matters! Don't worry, the clan's Elders are willing to contribute their part for the clan. They would definitely find out all the information about your opponent!"

Saying that he turned around and looked at the Elders. "Anyone willing to head to the Soul Connection Ocean to clarify this matter, the disciples under your wing would receive an increase of thirty percent in resources!"

An increase of thirty percent!

The clan's resources were all given out based on individual innate talents grades and those were fixed. Increasing a total of thirty percent would mean a dramatic increase in cultivation for their disciples!

This temptation to the Elders was simply too huge.

In an instant, everyone was practically fighting over the chance to go to the Soul Connection Ocean.

Li Shihong smiled and was extremely satisfied to see this.

He lifted his hand and expressed for everyone to keep quiet, preparing to announce the candidate of his choice.

However, Li Moying suddenly stood up from his seat.

He took a look at everyone in the Council Chamber and without saying a word, he turned around and walked out of the entrance.

Li Shihong was stunned and instantly called out to him. "Moying, what's the matter? You... Where are you heading off to?"

Li Moying didn't stop as his clear, steady voice was heard from the door, "I'm going to the Soul Connection Ocean!"

Chapter 2838: Off to Search for Li Moying

"Ughh? Ah?" Li Shihong hadn't come around it and said, "Wait, earlier didn't I say, you..."

However, Li Moying walked very fast. Before Li Shihong could finish his words, he had already gone so far that he was no longer in sight.

Li Shihong frowned and couldn't understand what was going on. "This... what situation is this?"

He quickly lifted his hand to call a guard. "Quickly send out a message to those guards at Amethyst Paramount Palace to stop Young Master Moying!"

The guard ran out hastily but came back shortly after. "Re... Reporting to Clan Leader, Young Master Moying is too fast and he has already... already left Amethyst Paramount Palace. This Subordinate isn't able to stop him in time at all!"

Li Shihong frowned and he was both anxious and puzzled. "What on earth is going on with Moying? Why did he insist on going to Soul Connection Ocean? Time is already so tight and we're just one year away from the start of the God Realm Tournament! He actually ran out instead of cultivating properly at such an important timing?"

Those genuine outstanding talents were mostly unrestrained so it wasn't a special thing for them to act based on their initiative.

But Li Moying was different.

Even though he had a cold character, he had been cultivating exceptionally hard ever since he came to Cloudy Qilin Clan. Usually, he would be indulging in ascetic practice like a monk who kept on cultivating to the point of forgetting to eat or sleep.

Unless it was the clan leader's order, Li Moying would not waste any moment of his cultivation time at all!

His ability was raised so quickly, not only because of his innate talent but also because of his hard work.

Such a model talented genius had disregarded the Clan Leader's objection and left the Amethyst Paramount Palace?

This simply left them surprised.

An Elder Chen who was very good at coming out with strategies fiddled with his greyish beard and smiled. "Clan Leader, you need not be overly worried. I feel that Young Master Moying's reaction is perfectly normal!"

"Oh? Why is that so?" Li Shihong hurriedly asked.

Elder Chen said, "To genuine geniuses, what could possibly invigorate their passion? It's the same leveled opponent! Young Master Moying is a god grade genius so he's not able to find an opponent in the same generation. Few people among those senior practitioners are also a match for him! Invincibility is actually a very lonesome thing. Now that he heard that Sacred Phoenix Race had the same god grade genius who could be his opponent, it's understandable for the young man to be excited!"

Hearing Elder Chen saying this, Li Shihong and the other Elders also nodded their heads in agreement. They assumed that they had guessed what Li Moying had in mind.

"So it's like this! But he can't just walk away in this way, right?"

Elder Chen persuaded, "Young Master Moying had been cultivating in the Amethyst Paramount Palace every single day so I believe he must be really restrained. Letting him go on an experience learning trip isn't a bad thing!"

Li Shihong was helpless to this and could only accept the truth.

But to protect the valuable god grade genius of the Cloudy Qilin Clan, he ordered those guards who were allocated to Li Moying to chase after him quickly.

...

On the other end, Sacred Phoenix Race's Elder Huang Sanbai had already arrived in the sky of the Soul Connection Ocean on a flying ship.

In God Realm, ordinary practitioners had no right to board an aviation Treasure Armament, no matter how rich they were.

So it was a representation of status to be able to board a flying ship..Off to Search for Li Moying

Chapter 2839: Elder Visits in Person (1)

So when Huang Sanbai's flying ship landed, all the practitioners in Soul Connection Ocean crowded around him. They respectfully welcomed this "important guest's" arrival.

By the time they realized that he was an Elder from one of the Sacred Phoenix Race, one of the Twelve Continent clans in God Realm, the stewards in Soul Connection Sea were extremely astonished. They treated him with the utmost respect and brought him to the largest sentry post.

The Soul Connection Ocean was the largest connecting point between God Realm and Lower Realm. Hence it was a checkpoint for those practitioners who ascended from the lower realm. But right now, the environment was extremely simple and crude.

Forget about an inn in the town, there weren't even any teahouses. At most, there were just a few sentry points that allowed those newly ascended practitioners to have a short rest.

Hence when they saw Huang Sanbai appearing, the stewards were extremely terrified.

"Elder Sanbai, may I ask... what can we do for you since you've graced us with your presence at the Soul Connection Ocean? If it's something that I can help with, please feel free to tell me!" The terrified steward said.

An ancient god clan in God Realm was of utmost nobility. Crushing them ordinary practitioners to death was akin to crushing an ant. So he couldn't help but feel anxious.

Huang Sanbai didn't show him any attitude. Instead, he smiled and said, "Steward Lu, there's no need to worry. I came here just to pick up a genius from our clan! It's just a small matter! All I need you to do is to help me pay attention to any Sacred Phoenix Race's practitioners ascending. Please inform me and I'll come over. There's nothing else that you need to worry about!"

Saying that he specially asked his guards to distribute some crystal jade to them as a reward.

The stewards couldn't help but heave a sigh of relief.

It was common for God Clan's practitioners to make trouble for them. But they didn't expect this respectable Elder Sanbai to be so easy-going and he even rewarded them...

"We've really met with a saint! Sacred Phoenix Race's practitioners indeed have the demeanor of a large clan!"

"But this matter is a little strange. I wonder what kind of Sacred Phoenix Race's clansman is ascending. Their Elder actually came to pick them up personally!"

"Isn't that so? I wonder what's the background of the person ascending? Surely it's not a heaven grade genius right?"

Everyone talked about it for a while but couldn't comprehend the situation so they went back to their area of administration.

Actually, Huang Sanbai wasn't usually such a friendly person. But thinking that he could personally receive Sacred Phoenix Race's rare god grade genius, he was in a very good mood! No matter who he met, he found them pleasing to the eye.

The steward naturally paid attention to the matter he told them after receiving a reward from him.

Whenever a Sacred Phoenix Race practitioner ascended, they would report to Huang Sanbai.

But close to two weeks had passed and Huang Sanbai had continuously met with dozens of Sacred Phoenix Race practitioners. Yet, he had not met with the legendary god grade genius.

Later on, he grew anxiously and could no longer stay seated in the sentry post. So he personally went to the Soul Connection Ocean. Making use of his fire wings, he floated in the sky above the ocean and observed every single practitioner who ascended. He had to find the whereabouts of the god grade genius instantly.

Steward Lu came up to fawn on him, "Elder Sanbai, why have you come personally? Have you not found the person whom you're looking for?"

Huang Sanbai simply replied with a "Mn".

Steward Lu said, "It's been such a long time and you still haven't seen that person.. If it was an ordinary practitioner, I might suspect if an accident had happened during the process of ascension. But if it's a Sacred Phoenix Race's genius practitioner, it definitely wouldn't be an issue..."

Chapter 2840: Elder Visits in Person (2)

When Huang Sanbai heard that, he frowned and interrupted anxiously. "What did you say? Lower realm practitioners can get into an accident when they ascend?"

Steward Lu was shocked by his look and retreated a little. Then he spoke out meekly, "Y.. yes! Elder Sanbai, didn't you know about this? When lower realm practitioners ascend, they need to pass through the voice space! Along the way, there would be various kinds of dangers and it is also possible that they might die in the middle of their journey..."

Huang Sanbai was so shocked that his mustache stood up on end. "What did you say? There's actually something like this!"

He didn't know anything about the ascension of practitioners.

To ancient God clans, 99% of those geniuses who were ranked in the top were mostly direct descendants in God Realm. Lower Realm's geniuses originally didn't have pure bloodlines and moreover, they were lacking in resources. Even if they could barely ascend, they would be rather old and they wouldn't have much potential to drive out.

So to the clan, these people were simply a negligible existence and not many people would pay any attention to them.

But in fact, it was a difficult task for practitioners to come from the lower realm. There was a 50% chance that some practitioners died on their way here!

Steward Lu briefly explained the situation and the more Huang Sanbai heard, the more shocked he got!

At the same time, he was started to feel a little uneasy.

This god grade genius had triggered the spiritual imprint in the <<Mythical Nine Skies Phoenix Painting>> slightly over two months ago. Logically speaking, she should have ascended quickly. But until now, she had not appeared in the Soul Connection Ocean yet...

Could there really be an accident?

The more Huang Sanbai thought, the more suspicious he got. So he descended from the sky and floated right above the ocean to check the various teleportation points. He would also look afar into the void space, hoping to see the appearance of the clan's god grade genius. If there was any danger, he could also help to nullify it.

Steward Lu followed behind Huang Sanbai in fear and trepidation. When he saw how anxious and agitated he was, he realized that he had said the wrong things and hurriedly followed behind to explain.

"Elder Sanbai, don't worry about it. It would always be those ordinary human race practitioners who get into trouble. Ancient god clan's practitioners have pointers from their clan elders so they wouldn't get into trouble so easily. Ever since my appointment here, I've only seen... Elder Sanbai, where are you going??"

Before he could finish talking, he already heard Huang Sanbai cursing out softly, "No good!"! At the same time, he leaped into the void space!

Steward Lu hurriedly followed after him to take a look. He saw a female figure appearing in the void space indistinctly.

Her body was enveloped in a ball of golden-red coloured flame and she was floating in the darkness.

Her condition looked extremely terrible. There were cuts and splits on her clothes and every single part of her was bleeding.

Based on the speed of her blood flow, if it was an ordinary person, that person might already have been turned into a corpse.

But this young lady was evidently still alive. Her chest was heaving up and down and there was a strange protective Profound Qi around her.

If she had died that protective Profound Qi would definitely have dissipated.

Steward Lu took a few looks and immediately judged that this young lady was from the Sacred Phoenix Race.. There was a slight difference between the ancient god clan and the human race's refined Profound Energy.
