

Weaponsmith 2851

Chapter 2851: Make a Move First (1)

Them acting in such a manner made Huang Yueli feel rather embarrassed.

“I’ve said it before..can you stop doing this, I’m so not used to it! Everyone is in the same generation and I’m one of the youngest. Just call me by my name, that will do! Although my innate talent is slightly better, we’re all from the same clan so there’s no need to do this...”

Alas, no one was willing to listen to her.

The only person who was considered closer to her was Huang Ruiling who did a checkup on her twice a day.

After so many days of interaction, Huang Yueli finally understood that Huang Ruiling was only a few years older than her and her cultivation was already at ninth stage realm seventh level!

Besides that, her master was also Sacred Phoenix Race’s most famous Divine Doctor Mu, and she was also an outstanding Divine Pill Master.

This double status made Huang Ruiling have a respectable status in the clan.

Moreover, this young lass’s character was very lively and she was very good at striking up conversations. So she left a favorable impression on everybody.

Huang Ruiling smiled and said, “Young Miss Li, don’t make things difficult for them anymore. As a god grade genius, your status in the clan is much higher than ours. In a large clan like us in God Realm, there are a lot of rules and the hierarchy is very clear. If anyone were to treat you with disrespect, they would be the one who will get into trouble!”

“Ughh, is that so?” Huang Yueli scratched her head in bewilderment.

Huang Ruiling nodded and said, “You will know after you return to Ice Moon Summit! I heard that when the god grade genius in Cloudy Qilin Clan returned, they especially set up a heavenly altar to offer sacrifices to their ancestors. It was rumored that they would only set up the altar when they have ascertained the next Clan Leader... anyway, god grade genius to any clan are their future hope! Their status might even be higher than the clan’s Elders!”

“I see!” Huang Yueli showed a sweet smile on her face.

She was so happy, not because of the respectable status that she got. But... because she heard about Li Moying’s news.

These few days, she had been trying to probe Huang Sanbai’s words, hoping to find out more information about Li Moying’s situation.

But he apparently hated the Cloudy Qilin Clan very much. So when he talked about them, he just said that Cloudy Qilin Clan’s god grade genius was a pretentious fool who was only interested in reputations

so he wasn't worth mentioning at all! In this way, she couldn't get any valuable information from him at all.

Now she finally heard from Huang Ruiling about how highly valued Li Moying was in Cloudy Qilin Clan and he was even looked upon as the next Clan Leader's candidate! This made Huang Yueli feel proud and delighted!

Indeed her, Huang Yueli's husband! He was that handsome and that powerful!

Just as she was feeling happy, Huang Sanbai walked in from the door and after exchanging a greeting with Huang Yueli, he looked at Huang Ruiling who was seated by the side.

"Lass Ling, how is Lass Li's condition?"

Huang Ruiling stood up and reported, "Elder Sanbai, Young Miss Li's meridians' damage has already recovered to ninety percent and moving around isn't a big problem anymore. But it's better not to use Profound Energy. However, if it's to go on the journey to return to Ice Moon Summit, she should be able to set off anytime."

Huang Sanbai's face revealed a delighted expression, "That's great!" Saying that he looked at Huang Yueli, "Lass Li, if you're not feeling discomfort anywhere, let's set off to Sacred Phoenix Continent tomorrow morning! Clan Leader had been sending messages, urging me to bring you back quickly!"

Huang Yueli naturally had no objections. She also wanted to return to Sacred Phoenix Race's turf as soon as possible.

Hence she nodded and agreed to it. "Sure, I'll listen to Elder Sanbai's arrangements!"

Chapter 2852: Make a Move First (2)

A night without dreams.

The next day, Huang Yueli woke up very early to wash up and prepare to set off.

Of course, when she came to the courtyard, she only saw Huang Sanbai alone...

Beside Huang Sanbai was a huge flying magical beast.

That magical beast had a smooth body shape and if they took a rough look, it was simply no different from a phoenix. But its feathers were all azure in color, from light to dark. Under the reflection of the sun, the glint it reflected was like a lush jade glow and it attracted one's attention very much.

Moreover, its body shape was much smaller than a mature phoenix. The shape of its wings and tail feathers were different as well.

Huang Sanbai showed a passionate smile when he saw Huang Yueli. "Lass Li, you're finally here! Let's set off right now!"

Huang Yueli looked around and asked in surprise, "Elder Sanbai, why didn't I see the other people?"

Huang Sanbai smiled and said, "I came here by the clan's flying ship earlier. Although the speed of the flying ship is very fast, it cannot be compared with this spirit beast, Azure Luan! Alas, the Azure Luan is fast, but it can only carry two to three people at one time. In order to save time, both of us will fly back on this Azure Luan first. Lass Li and the others will take the flying ship and fly back slowly!"

"Azure Luan?" Huang Yueli's eyes widened and looked curiously at this spirit beast beside Huang Sanbai. "When I was in Soaring Heavens Continent, I've read from the ancient records about the introduction of the Azure Luan and now, I've finally seen it with my own eyes! So, this is the Azure Luan. It indeed looks very awesome and it's very beautiful!"

Huang Sanbai nodded and smiled, "That's right! The spirit beast, Azure Luan still has a bit of phoenix bloodline in it. So it also has a portion of the phoenix's ability. Not only can it fly swiftly, but it can also spew out azure flames to aid the practitioner in his battle! Azure Luan might not be as noble as a phoenix's bloodline, but it is still an extremely rare and valuable spirit beast. In our Sacred Phoenix Race, there aren't too many of them. But in order to bring you back, Clan Leader only allowed me to bring one out! Everyone just can't wait to meet you!"

Hearing him say that, Huang Yueli felt rather awkward.

Just at this moment, the Azure Luan seemed to be tired from standing and it impatiently flapped its wings and changed its posture.

Following its movement, the feathers on it shone against the sunlight to reveal a brilliant, dazzling luster and it looked rather beautiful.

Huang Yueli's eyes shone and her attention immediately shifted onto the Azure Luan.

She quickly walked to the bird and asked, "Elder Sanbai, can I touch it?"

Huang Sanbai's expression suddenly changed and he hurriedly said, "Lass Li, no! You have to be c..."

Before he could finish his sentence, he already saw Huang Yueli stretching out her hand to touch the feathers on the Azure Luan.

It took a glance at her from high up and gave of a gurgling sound from its throat. But it didn't move and stood on the spot, allowing Huang Yueli to feel it everywhere.

Huang Sanbai watched that slender hand ruffling through the Azure Luan's feathers and his eyes almost popped out. In an instant, everything he wanted to say was stuffed back into his mouth!

Huang Yueli blinked and turned around curiously to ask, "Elder Sanbai, what were you saying?"

His mouth twitched with a speechless look. After that, he gave a dry laugh and said, "Hehe, nothing, nothing! Azure Luans are high tiered spirit beasts and they had always been proud. Usually, they don't like strangers to touch them. Only those people who rear them can control them."

Chapter 2853: Make a Move First (3)

“Even for me, I also need to draw those array inscriptions on its back before it follows my instructions... I didn’t expect this Azure Luan to like you so much! Indeed a god grade genius!” Huang Sanbai sighed with emotions.

Huang Yueli’s eyeballs moved and quickly understood what he meant.

Actually, this had nothing to do with whether she was a god grade genius or a heaven grade genius.

The main reason why the Azure Luan was so friendly to her should be because Little Wang Cai was inside her!

Ever since the Sky Phoenix Ring had acknowledged her, Huang Yueli had a natural affinity towards all flying magical beasts. Back then when she was in Soaring Heavens Continent, it was already very obvious.

When her cultivation was still very weak, as long as she revealed Little Wang Cai, all the ninth tiered flying magical beasts would bow before her!

Later on, when the Sky Phoenix Ring was successfully re-refined, her mental link with Little Wang Cai grew closed. Even if she didn’t let it out, a little hint of Sacred Phoenix aura from her would attract a number of flying magical beasts.

This Azure Luan had evidently sensed the Sacred Phoenix’s aura in her and that was why it was acting so docile in front of her!

Although Huang Yueli knew about this, she didn’t highlight it out. Instead, she went along with what Huang Sanbai said. “It really seems so! I didn’t know that god grade genius innate talent could subdue spirit beasts too...”

Saying that she caressed the Azure Luan a few times again.

She would often brush Little Wang Cai’s feathers so she had an abundant amount of experience in this. She knew that no matter what size these birds were, they liked people to touch the long feather on their tails. Although the feathers on their tummy were very comfortable, they would only allow people whom they feel safe around to touch it.

Under Huang Yueli’s experienced caress, the Azure Luan gave off a comfortable chirp and it started to soften down. It even shook its feathers like a little birdling that was reared at home...

Huang Sanbai was totally dumbstruck as he watched her. After a while later, he finally came to his senses and hurriedly said, “Alright, Lass Li, can you stop touching it? Aren’t we in a rush for time? Since you like the Azure Luan, when we return to the clan, you can request from Clan Leader to rear one. Based on your innate talent and status, asking for a Azure Luan wasn’t a difficult task!”

She smiled and nodded her head while retracting her hand.

Huang Sanbai didn’t waste any time and beckoned Huang Yueli to sit on the Azure Luan’s back.

Later, he followed the method of the clansman who raised the Azure Luan and struck a few hand gestures to activate the array inscriptions on the back of the Azure Luan.

A ray of silver light flashed past and formed a half-circle dome-like boundary, enveloping the both of them in the middle.

Huang Sanbai whistled a few times and the Azure Luan suddenly squatted down. Then it spread its wings to the sides and kept flapping as it soared into the sky!

Huang Yueli sat on the Azure Luan's back and originally she thought she would fumble around. Hence she especially grabbed onto one feather. However, the result was it was extremely stable and there was no feeling of shakiness at all.

This naturally wasn't because the Azure Luan's flying was stable, but because of the effect of the array around them.

After activating that array, not only did they not feel the swaying, the array also blocked off all the bitter wind which was blowing at them in mid-air!

Sitting on the Azure Luan's back, it felt as comfortable as sitting on a huge and luxurious flying ship.

Chapter 2854: Make a Move First (4)

Moreover, she could also see the blue sky, white clouds, and beautiful scenery in God Realm under her feet!

Huang Yueli gasped with exasperation!

After she admired God Realm's beautiful scenery, Huang Yueli's gaze turned and she started to look at the exquisite array inscriptions on the Azure Luan's back. Then she silently pondered over it.

She had always been very interested in God Realm's arrays when she was in Soaring Heavens Continent.

Ice Serpent Valley in Northern Ice Field had an extremely huge ancient array and Huang Yueli had once fixed it for them personally.

This ancient array was different from Soaring Heavens Continent's arrays. It should be drawn out using God Realm's array skills.

Huang Yueli had deduced it for several years but still wasn't able to decode this array. In the end, she was rather lucky and happened to tell that the array was short of some energy. Hence she managed to coax and deceive Ice Serpent Valley's disciples to complete the mission to restore the array.

In fact, if the Ice Serpent Valley's ancient array was really damaged, she couldn't possibly find a way to draw it out.

Back then, she had the intention to learn God Realm's profound array skills but had no connection to it, and neither could she find any corresponding manuals. Now that she's in God Realm, she should be able to research this!

Huang Yueli was so focused on deducing the array that she was totally absorbed in it. Hence she totally didn't notice the malicious expression on Huang Sanbai's face.

1

He was seated cross-legged on Huang Yueli's rear back. He looked as though he was rushing for time as his eyes were shut while cultivating. In reality, he had been sneaking glances while observing Huang Yueli's movements.

Seeing that she was not suspicious at all, a cold smile slipped past his lips.

Not knowing how much time had passed, the skies also started to turn dark.

The Azure Luan had been flying continuously for fourteen to sixteen hours and its speed was starting to slow down. It seemed as though it was extremely tired.

Just at this moment, Huang Sanbai struck out a few hand gestures and also caressed the Azure Luan's feathers to make it descend downwards.

Huang Yueli detected that the flight direction had changed so she turned around and asked, "Elder Sanbai, we... are we going to land? Could it be that we're about to reach Sacred Phoenix Continent?"

Huang Sanbai gave a dry laugh. "Each God Realm Continent's size is vast. Even if it's the Azure Luan, it will take several days to reach! Now that it's coming to night, it has also flown for such a long time so it's rather tired. So why don't we find a place to take a rest then set off tomorrow morning again?"

Not knowing why, Huang Yueli somehow felt that Huang Sanbai's tone sounded a little strange. It gave her an uncomfortable feeling.

But she couldn't exactly describe what was wrong with it.

There was a limit to flying magical beast's physical strength and it wasn't suitable to fly in the night either. Although the Azure Luan is a high tiered spirit beast in God Realm, there was a limit to its physical strength.

To take a rest during nighttime, no matter if it was to humans or magical beasts, it was a must.

Huang Sanbai's words weren't unreasonable in any way.

Huang Yueli frowned, feeling that she probably hasn't awoken hence causing this misperception.

She thought over it for a moment then nodded her head. "Alright, I'll listen to Elder Sanbai's arrangements!"

Elder Sanbai gave a hoarse laugh beside her, "Mm, that's right!"

Azure Luan's wings extended to the maximum which was ten over feet long. When it glided downwards, it was agile and delicate, like a piece of huge green leaf landing from the sky.

Not long after, it slowly stopped on a piece of empty land.

Chapter 2855: Make a Move First (5)

Huang Yueli surveyed the surroundings and couldn't help but frown.

This place looked a little too desolate, just like a barren land.

There wasn't a single house in sight. Moreover, there weren't many trees and everywhere was filled with messy shattered rocks.

When the bitter wind blew during the night, it gave off a howling sound which was rather scary.

Huang Yueli had not expected Huang Sanbai to pick such a ghastly place as their resting point.

After the Azure Luan stopped, Huang Sanbai said, "Lass Li, why don't you go down and look for a place to rest first. I have to feed the Azure Luan some food and drinks and will go look for you later."

Huang Yueli took a look at him and said subconsciously, "Why don't I go with you? I also want to take a look to see what the Azure Luan usually eats! If I can rear one in the future, then I can take care of it properly."

Huang Sanbai laughed and said, "There's no point for you to take a look at it now. Only the Azure Luan's owner knows how to take care of it usually. When Clan Leader agrees to let you rear the Azure Luan baby bird, someone will naturally teach you."

Huang Yueli blinked and nodded her head, "I see..."

"That's right, exactly so!" Huang Sanbai hurriedly thought in his mind, "Young lass, can you get off now?"

However, he didn't expect that after Huang Yueli nodded her head, she continued to say, "No matter, I'm just taking a look. How can I expect an elderly man like you to do all the work whereas a junior like me to rest first?"

Huang Sanbai couldn't help but frown. This young lass refused to listen to his instructions!

In this way, his original plan would change!

But Huang Sanbai merely hesitated for a moment and started to smile. He spoke with a pleasant look, "Alright. Since your curiosity is so strong, let's go and take a look together then! This Azure Luan seems to like you a lot so you can feed it personally!"

Saying that, Huang Sanbai jumped down from the bird's back and took out a huge quantity of medicinal grass from his realm ring, and pushed it under the Azure Luan's feet.

These medicinal grass species seem to be exclusive to God Realm only. Huang Yueli had never seen those before. The color was lush green and as compared to the jade green color, it was even more sparkly and translucent. Moreover, it even gave off a special fragrance.

This fragrance was especially tempting and one couldn't help but take a few more whiffs of it.

The Azure Luan lowered its head and pecked the medicinal grass slightly with its sharp beak. It didn't devour it in mouthfuls like what Huang Yueli expected. But instead, it turned around and showed a disdainful look. It even stretched out its feet and pushed the medicinal grass aside.

When Huang Sanbai saw that, he couldn't help but frown. "What's going on? This is the Azure Luan's favorite spiritual heart grass! How could it possibly not eat it? Could it be sick?"

When Huang Yueli heard the Azure Luan's chirping sound, she started to turn anxious, "Then what should we do?"

Huang Sanbai immediately said, "But that's hard to say... perhaps it's too tired and thirsty, so it doesn't have any appetite. Why don't we do this? Lass Li, I saw some spring water in front. Can I trouble you to bring me some water? The Azure Luan only drinks running water and can't drink stagnant water in the interspatial ring."

Hearing that, Huang Yueli couldn't help but take a couple more looks at Huang Sanbai.

His face still had a warm smile, and the way he touched the Azure Luan's back was also very gentle. He totally didn't look abnormal at all..

Chapter 2856: Why Is It Her Again? (1)

Huang Yueli retracted her gaze and nodded as she stood up.

"Alright, Elder Sanbai and my poor little Azure Luan~ wait here a little for me. I'll be back immediately!"

Saying that, she turned around and walked towards the direction where Huang Sanbai pointed.

Seeing Huang Yueli being sent away, he heaved a sigh of relief. At the same time, he couldn't help but silently clench his teeth.

"This lass is simply too hard to handle! Is she intentionally going against me? I thought she saw through my plan... luckily she just came to God Realm and doesn't know anything at all. So she shouldn't suspect me at all..."

Seeing Huang Yueli walking out a far distance away, her departing figure was almost out of sight.

Huang Sanbai's expression abruptly turned cold and scary. That earlier kind-looking elderly man suddenly vanished!

He jumped up and chased after Huang Yueli silently!

A young lady in a white flowing dress was half squatted by the small pool. She had a wooden pail in her hand as she was scooping water up.

Huang Sanbai's body movement Profound Skills were extremely outstanding. Even when she was almost ten meters away from the young lady, she wasn't aware at all as she was concentrated on the water in the pail.

Huang Sanbai's lips surfaced a cold smile and the Profound Energy within his body suddenly exploded!

It was now!

His right hand waved and a gust of Profound Energy struck down on the young lady's head!

Soul Connection Ocean's skies.

A flying ship with the Cloudy Qilin Clan's totem slowly descended.

Steward Lu brought a group of companions and stood respectfully by the side as they cried out bitterly in their hearts.

What on earth was going on?

The God Realm's large clans rarely appeared in the boundaries like Soul Connection Ocean, not to mention those important figures who had enough resources to drive the flying ships.

Usually, they would not see such people for a very long time!

But what was going on now? It had just been a few days and another round of respectable VIPs came to Soul Connection Ocean again. It simply made the various Stewards worried. But now, Huang Sanbai had just left and now, Cloudy Qilin clansmen came.

Moreover, Cloudy Qilin Clan and Sacred Phoenix Race were on opposing ends!

He wondered what were their plans? Would something major be happening?

Although Huang Sanbai had once said that he came to Soul Connection Ocean to receive a clansman who had ascended from the lower realm, but this reason was originally very forced. Steward Lu didn't quite believe in it and now he saw Cloudy Qilin Clan's flying ship, he couldn't help but come out with all sorts of thinking.

The flying ship descended and the gangway was slowly let down.

The Stewards snuck a glance to check out which Elder from Cloudy Qilin Clan had come!

Since Sacred Phoenix Race had sent such an esteemed Elder, then the person who Cloudy Qilin Clan sent wouldn't be worse off, right?

However, they were surprised to see that it was a handsome young practitioner who slowly walked down the stairs!

For a moment, the Stewards were stunned!

Although this handsome young man was so good-looking that it made one suffocate and his aura made clear his extraordinary ability and status... but he was just too young!

So young yet he could ride the flying ship, he should be a top rated peerless genius in Cloudy Qilin clan!

Why would this kind of person come to Soul Connection Ocean?

Everyone was puzzled but they had no time to think through this carefully.

Chapter 2857: Why Is It Her Again? (2)

Seeing Li Moying getting off the flying ship, the stewards hurriedly walked up and gave a respectful bow as they asked cautiously, "Welcome Young Master! We have been waiting for a long time! May I ask which Young Master from Cloudy Qilin Clan are you from?"

Li Moying swept them a cold glance but did not say a word.

The stewards felt their hairs standing on end when they saw his pitch-black pupils and sweat started to drip!

The tremendous pressure made them feel suffocated!

This young man... his ability was very strong!

It was so strong that they could not handle it!

Seeing everyone lowering their heads in terror, Li Moying pursed his thin lips and asked, "Recently, is there any young lady around the age of seventeen with a petite frame and exquisite looks from the lower realm who crossed the Soul Connection Ocean recently?" He paused and added, "She's a fire attributed practitioner and has extremely high innate talent, with Sacred Phoenix Race's bloodline."

Steward Lu was totally dumbfounded until he heard the three words, "Sacred Phoenix Race". That was when he suddenly recalled this.

The description that Li Moying gave was exactly the same as that lady who Huang Sanbai saved that day!

But after a momentary period of shock, he pursed his lips and didn't say a word.

Although the person who asked was a Young Master from the ancient God clan, the person who brought that lady away was an Elder from Sacred Phoenix Race!

He couldn't afford to offend any side at all!

Steward Lu was feeling apprehensive and the expression on his face was rather strange. Li Moying was a smart guy so it just took him a glance to discover the abnormality.

"Do... you know something?" Li Moying asked placidly.

But Steward Lu could still sense the strong suppression that made him sweat profusely.

"This... Young Master Li, I... I... I'm really not very sure... there are at least a hundred lower realm practitioners who pass through the Soul Connection Ocean daily and most of them would leave on the same day. I didn't pay too much attention to them..."

After weighing the pros and cons, Steward Lu felt that playing dumb was the safest option.

"Presumptuous!"

Li Moying spat out that comment coldly and interrupted Steward Lu before he could finish his sentence.

"How dare you lie to me! If you're not going to tell the truth, don't blame me for being ruthless!"

That starry peach blossom eyes suddenly flashed a cold glint. Just one look and it made Steward Lu tremble. He immediately fell limp on the ground and when he heard those merciless words, he was so scared that his soul almost left his body!

"Young Master Li, Young Master Li! Mercy, please have mercy on me! I'll tell you the truth, I'll tell you everything!"

“Ten over days ago, Elder Huang Sanbai from Sacred Phoenix Race came to Soul Connection Ocean. He said that he was here to pick up a practitioner who came from the lower realm! We found it strange back then because many practitioners came from the lower realm daily. But this was the first time that someone from one of the ancient god clans came, moreover he was an Elder! Elder Sanbai stayed in Soul Connection Ocean for some time and three or four days ago, he saved a young lady who was injured in the void space. That young lady sounded exactly like what Young Master, you described!”

Steward Lu was scared stiff and did not dare to hide anything from him. He was like a bag of beans that spilled out all the contents.

Li Moying frowned slightly when he heard that.

Before he left, he had indeed heard from Cloudy Qilin Clan’s scouts that Sacred Phoenix Race had sent someone to pick Huang Yueli up.

So he specially hurried over at full speed, hoping to reach before the people from Sacred Phoenix Race got to her.

Chapter 2858: Why Is It Her Again? (3)

He did not expect that he was still short of one step. Not only had Huang Yueli ascended, but she had also been picked up by Sacred Phoenix Race!

Based on the relationship between the two clans, it would be troublesome for him to try to meet Huang Yueli if she reached Sacred Phoenix Race!

Seeing Li Moying frowning, Steward Lu looked apprehensively at him. Then he spoke cautiously, “Young Master Li, if you want to find that lady, there’s still... still a chance! That lady was injured so she had to rest first. Hence those people from Sacred Phoenix Race had been staying in the sentry post nearby in the past few days. They have not left yet...”

Hearing that, Li Moying cheered up instantly!

He straightened his body and asked in a hurried tone, “Where are those people from the Sacred Phoenix Race? Hurry up and lead the way!”

“Yes! Yes! Young Master Li, please follow me...”

Steward Lu hurriedly lowered his head and lead Li Moying to the sentry post where Sacred Phoenix Race was staying.

Li Moying quickly followed him in anticipation.

The guards from the Cloudy Qilin Clan were a little dazed. They couldn’t understand why the usually cold and aloof Young Master Moying would suddenly turn into another person, to become so excited.

Moreover, the person he wanted to find was a “Sacred Phoenix Race’s young lady”!

Just based on the three words Sacred Phoenix Race, it was enough to make any practitioner from Cloudy Qilin Clan stay far, far away. Moreover, it was a young lady!

When Li Moying was in the Amethyst Paramount Palace, he despised those talented young ladies who tried to counter-woo him instead.

Even though Clan Leader had openly hinted that he could raise his cultivation through double cultivation, and he was even willing to marry his niece to him, he was totally unmoved.

Some of them even suspected that Li Moying was not interested in women at all, or perhaps he had 'that sort' of problem.

But now, his anxious look resembled an ordinary young man who couldn't wait to meet his beloved. What was going on?

The guards all rubbed their eyes in unison, feeling that they seemed to have seen a fake Young Master Moying!

The sentry post wasn't too far away so the crowd reached the entrance of the courtyard very quickly.

Steward Lu was just two meters away from the room door when he stopped. Somehow, he had a bad premonition and didn't dare to continue walking closer.

After all, he was considered as betraying the Sacred Phoenix Race's practitioners. Although it wasn't his choice to do so because he didn't dare to offend the current strongest powerhouse, Cloudy Qilin Clan in God Realm, those ancient God clans were practitioners who were on the top rung so how would they ever listen to a weaker practitioner's explanation? If Huang Sanbai were to blame him, he wouldn't have anything to debate against him!

Just as Steward Lu was hesitating, at a loss on what to do, Li Moying had already ignored him and walked straight ahead.

A guard next to him walked forward and knocked on the door.

"Who's that?" A young lady's voice was heard.

The guards took a look at Li Moying and asked in a low voice, "Are you from Sacred Phoenix Race? My Young Master has something to ask!"

"Your Young Master? What's that?" A puzzled voice rang.

Li Moying shot a cold glance to Steward Lu who was standing by the side.

Steward Lu was so scared that he almost pissed in his pants. So he could only act according to Li Moying's wishes. He answered while trembling, "That... Young Miss Ling, it's... it's a friend of mine who wants to meet Elder Sanbai."

Hearing this familiar voice, the door opened.

Huang Ruiling's head popped out from the door.

"Steward Lu, who did you bring..."

Chapter 2859: Why Is It Her Again? (4)

Huang Ruiling was in the middle of her sentence when she suddenly stared at those tall, well-built practitioners standing beside Steward Lu.

Her gaze landed on the Cloudy Qilin Clan totem on their clothing and she instantly revealed a stunned expression!

“What’s going on?? Steward Lu, you actually brought Cloudy Qilin Clan’s practitioners here! Men, quickly come! Cloudy Qilin Clan is here to make trouble! Everyone, gather up!”

Huang Ruiling immediately jumped up and a low tiered Spirit Armament appeared in her hand. She put up a defensive stance and stared at the crowd alertly.

Her big round eyes stared at them as her entire body’s Profound Energy was injected into that Spirit Armament, preparing to strike!

Li Moying couldn’t help but frown when he saw her. At the same time, he was also puzzled.

He had indeed heard of the animosity between Cloudy Qilin Clan and Sacred Phoenix Race when he reached God Realm but he had always been cultivating in Amethyst Pole Palace. So he had not witnessed the scene where both clans were in a conflict and didn’t expect it to be this serious!

Both clan practitioners would not even exchange any words and they would just start fighting!

He originally thought that they were both god clans after all.

Now that the demon tribe was eyeing the God Realm from the outside, to maintain the God race and human race’s benefits, God Realm had an unwritten rule that ancient god clans could not declare war in public no matter how bad their relationships were. So both clans should still be able to maintain perfunctory harmony...

It was until now that Li Moying finally understood that he had simplified things too much.

Even if he didn’t intend to declare war, it didn’t mean that both clan’s disciples would not fight in private.

Following Huang Ruiling’s sharp cry, a bustling noise was heard from the sentry post immediately.

It only took ten over breaths for a dozen over Sacred Phoenix Race’s younger generation practitioners to rush out from the entrance. Each of them was holding sharp blades and fully armored. From the way they looked at the Cloudy Qilin Clan’s practitioners, it seemed as though they wanted to devour them alive!

As for Cloudy Qilin Clan’s side, they did not yield to their opponents as well.

Li Moying’s guards immediately pulled out their weapons and formed a formation, blocking Li Moying behind them.

Both parties stood at a standstill for a couple of breaths. After they saw the number of people from the other side, Sacred Phoenix Race’s men heaved a sigh of relief.

Huang Ruiling wasn't that anxious and cast a look of disdain at the Cloudy Qilin Clan's practitioners. Then she spoke rudely, "Cloudy Qilin Clan's scums are really getting more and more brainless! You only have these few people and you dare to create havoc at our Sacred Phoenix Race's turf?"

The other practitioners echoed in agreement.

"This bunch of trash came here to be beaten up! Don't stand on ceremony and teach them a good lesson! Let's show them how powerful our Sacred Phoenix Race is!"

"Let me do it. I've just comprehended the third stage conceptualization a few days ago and I can use them as practice!"

Sacred Phoenix Race's practitioners couldn't wait to make their move!

Such a good opportunity like this wasn't commonly seen.

Cloudy Qilin Clan's top heaven grade genius wasn't as many as Sacred Phoenix Race. But the ordinary disciples' average strength was much higher than Sacred Phoenix Race!

Unless there was some top rated genius to hold the fort, otherwise when both parties fought, Sacred Phoenix Race would usually be the ones at a disadvantage!

This time, Cloudy Qilin Clan's practitioners only had less than half of the people as compared to Sacred Phoenix Race.

Moreover, Sacred Phoenix Race had grasped Cloudy Qilin Clan's top rated geniuses' information. So among the opponents here, there weren't any top exponents that they recognized here!

Under this situation, Sacred Phoenix Race's practitioners naturally assumed that they would not lose!

Chapter 2860: Why Is It Her Again? (5)

Thinking of this, Sacred Phoenix Race's practitioners all started to get excited.

If they could beat up the Cloudy Qilin Clan's practitioners until they could not take care of themselves, they would be able to boast about their own abilities once they return to the clan!

Everyone was feeling excited and couldn't think straight. So they immediately held up the weapons and charged towards the people from the Cloudy Qilin Clan!

Steward Lu's face turned white when he saw this happening!

"Oh oh, Young Miss Ling, Young Master Li... and all top experts here... please take things over. Don't... don't be so agitated..."

Steward Lu was really nervous!

If Cloudy Qilin Clan and Sacred Phoenix Race were to fight at the Soul Connection Ocean, no matter which side got into an accident, he as a steward would get into trouble for this!

Alas, no one was willing to listen to a mere steward like him.

Sacred Phoenix Race's practitioners were aggressive and they instantly rushed towards the opponents!

Li Moying's guards had a cold expression on their faces and their gazes were determined without any intention to back down!

The geniuses that Cloudy Qilin Clan trained originally worshipped the strong. They were picked to be the guards for the future Clan Leader meant that these practitioners' innate talent, determination, and strength were not to be undermined!

Even if they were at a disadvantage in terms of numbers, they weren't afraid of these riff-raffs.

But this time, before they made a move, a cold voice shouted from their backs. "Move aside!"

The guards were stunned and before they could respond, they sensed an extremely powerful Profound energy shooting across the tops of their heads and charged towards Sacred Phoenix Race!

Sacred Phoenix Race's practitioners had a determination to succeed and all that was in their minds was to charge forward.

Unfortunately, when they crashed into Li Moying's Profound Energy, they were shocked by the electric currents and sent flying!

An originally intense fight was settled within one breath's time!

Steward Lu's eyeballs almost fell out when he saw this!

Cloudy Qilin Clan's Young Master, what background... did he have? Why was his power so strong!

Moreover, why hadn't he seen him in the past?

God Realm's younger generation top geniuses were mostly listed on the Cyan Cloud Record. His name would be spread throughout the whole place and very few people wouldn't be able to recognize this situation.

But the Young Master in front of him was an unfamiliar face...

Steward Lu had not thought of this previously that this person was the legendary god grade genius in Cloudy Qilin Clan! Because normal people would not think that a god grade genius would ever come in person to this poor countryside place!

Sacred Phoenix Race's practitioners laid on the ground in a pile.

Li Moying knew his limits and he didn't hurt them too badly. At most he only made them fracture a few bones and none of them were seriously injured.

But even so, Sacred Phoenix Race's practitioners were totally terrified!

They had just assumed that they were going to succeed and no one expected them to meet such an extraordinary top exponent!

Li Moying slowly walked over from his guards and looked down at Huang Ruiling.

“Steward Lu said that Huang Sanbai saved a young lady a few days ago in the Soul Connection Ocean. Where is she right now? Bring me to meet her!”

Huang Ruiling was feeling sore and painful from the fall and hadn't climbed up yet when she heard Li Moying's question.

She instantly shivered and her complexion turned even paler!

Without a doubt, the young lady Li Moying was talking about was Huang Yueli, their Sacred Phoenix Race's god grade genius!

A Cloudy Qilin Clan's genius top exponent hurried all the way from his clan to the Soul Connection Ocean.
