

## Weaponsmith 2861

Chapter 2861: Lass, go to hell! (1)

The first question he asked was about their god grade genius's whereabouts!

Was there a need to even think about what kind of motive he had?

The news about Huang Yueli's ascension had probably reached Cloudy Qilin Clan. These people should have specially come over to stop their god grade genius from returning to the Sacred Phoenix Race!

If they were to discover her whereabouts, perhaps they wouldn't just capture her. They might even kill her to eliminate future threats!

In an instance, Huang Ruiling's mind flashed past several thoughts.

Li Moying asked impatiently, "Where is she?"

A guard behind him stepped forward and grabbed Huang Ruiling's throat and interrogated, "Didn't you hear what my Young Master asked? Where's the young lady that Huang Sanbai saved??"

The guard's ferocious look made Huang Ruiling believe that her guess was right.

Cloudy Qilin Clan sent out top experts to pursue after them, with the intention to hurt their god grade genius!

Huang Ruiling felt suffocated but she clenched her teeth and said, "I... I don't know what you're talking about. What... what young lady? There's no such person!"

"No such person?" The guard sneered. "Earlier, Manager Li had already confessed! Huang Sanbai saved a young lady in the void space! Are you treating our Young Master like an idiot? Quickly tell us the truth!"

Huang Ruiling felt that she was protecting the clan's genius hence she would rather die than submit to them.

"Pooh! Cloudy Qilin Clan's scums, keep dreaming! Even if you asked me a thousand times, I will still tell you that I don't know anything at all!"

The other practitioners had the same thinking in mind. For their clan, no one was willing to give in and all of them echoed in agreement.

"That's right! We Sacred Phoenix Race's practitioners are all unyielding people. Did you think that we would be afraid of you?"

"We already said that we don't know anything. Why don't you kill us, if you dare to?"

"You... wretched lass!" The guard was thoroughly angered and he totally did not have any tender feelings for the lady at all. Lifting his hand, he was just about to slap Huang Ruiling!

Li Moying frowned and called out to stop him. "Enough! Forget it since we can't get any information. We'll go in and search for ourselves!"

He was here to look for Huang Yueli. As for the grievance between Cloudy Qilin Clan and Sacred Phoenix Race, it wasn't something within his concern. Hence he wasn't willing to waste too much time here.

Saying that he took the lead and barge into the sentry post.

When the guards saw that, they couldn't be bothered to continue with the interrogation as well. All of them pushed the Sacred Phoenix Race practitioners aside and followed next to Li Moying.

When he stepped into the courtyard, he lifted his hand and commanded, "Search!"

The guards responded and split up.

He quickly walked into the first room and searched personally.

Li Moying's heart was burning with anxiety. Thinking of his beloved little fox that he was about to meet, he totally could not bear to wait any longer. Hence his speed was astonishingly fast.

But he went around the entire courtyard and checked through all the rooms personally. Yet he still could not find his little wife!

Li Moying's brows furrowed deeper and deeper.

Where had his Li'er gone to?

Somehow, an ominous feeling arose in his heart, which made him feel that something major was about to happen.

When Li Moying returned to the courtyard, the guards had also finished their searches. So they returned to his side.

This sentry post had been booked by Huang Sanbai. So the people living in the sentry post were all Sacred Phoenix Race's practitioners and servants.

When the guards searched the rooms, they also chased all of the people out at the same time..

Chapter 2862: Lass, go to hell! (2)

Now, other than the practitioners who were injured by Li Moying earlier, the rest of them queued up in one single line in the courtyard.

Li Moying's vision swept past all of them.

Nope!

Not her!

Still nope!

There were so many people around, but none of them was his Li'er!

But, how was this possible? Earlier Steward Lu had clearly told them that Sacred Phoenix Race's Elder had personally picked Huang Yueli up. Moreover, they brought her to this sentry post to recuperate...

Wait!

Li Moying's eyes squinted and he suddenly noticed another abnormality.

Steward Lu claimed that the one leading the Sacred Phoenix Race this time was the esteemed Elder Huang Sanbai. Li Moying had once seen his picture in the clan and he knew that this old man was obviously not in the sentry post right now!

There were so many practitioners in the Sacred Phoenix Race but only Huang Yueli and Huang Sanbai were missing...

Li Moying's reversed his thoughts and immediately understood what was going on. Huang Sanbai should have hurried back to claim the credit so he specially brought Huang Yueli back to the clan first!

Li Moying himself was a god grade genius so he knew how much emphasis an ancient clan placed on their own clan's god grade genius! It was only reasonable for them to leave in such a hurry.

He pondered for moments and immediately waved his hand and commanded, "Let's go!"

Saying that, Li Moying immediately turned around and walked out of the sentry post's courtyard.

The guards exchanged a look and couldn't understand why Li Moying would leave so decisively. But they obeyed his command to leave immediately.

Huang Ruiling and the others climbed up from the ground with much difficulty after the Cloudy Qilin Clans' practitioners had all vanished from their sights.

Everyone looked suspiciously in the direction that they left, and they were totally puzzled.

"What's going on? I thought... when that leader of the pack could not find Young Miss Li, he would be so angry that he would continue to interrogate us! Why did he leave so easily?"

"Who knows what he's thinking of? Could it be that he feels there was an error in the information he received so he gave up after he couldn't find her?"

Huang Ruiling bit her lip and said worriedly, "I'm afraid that this matter isn't that simple! That young practitioner who was leading the pack looks rather extraordinary. He doesn't seem to be someone who we can bluff so easily! Perhaps, he might have already realized that Elder Sanbai and Young Miss Li are already on their way back to the Sacred Phoenix Continent! They left in such a hurry, probably because they wanted to chase after them!"

The other practitioners were stunned. They took a careful look and felt that it really seemed so.

But they weren't worried at all. "So what even if they chased after them? Look at those fellows from the Cloudy Qilin Clan. They're all so young so no matter how high their innate talents are, their cultivation and strength are definitely limited! Young Miss Li is together with Elder Sanbai! If they dare to seek trouble with them, they are the ones who will run into bad luck!"

Huang Ruiling was still feeling uneasy, but what the clansmen said made sense.

Huang Sanbai was a Dao Profound Realm mid-phase top exponent. He was rather famous in the clan.

How could it be possible that he could not deal with a few young Cloudy Qilin clan top exponents?

...

At this moment, on a piece of barren land near the Soul Connection Ocean.

“Young lass, go to hell! It’s really a waste of your god grade innate talent, but unfortunately, your luck is just so bad. Having too much is as bad as too little. I hope you can understand this in your next life!”

Huang Sanbai’s speed was extremely swift. It only took a split second, and his Profound Energy was already right above Huang Yueli’s head!

Chapter 2863: Lass, go to hell! (3)

“Rumble—”

A loud sound was heard!

Huang Sanbai felt his Profound Energy and a tremendous wave of impact gushing up towards him!

Although this energy was slightly weaker than him, it was still very powerful and it caught him unaware. He was thrown back by several steps and his arm felt numb and sore!

At the same time, the explosion caused a strong earthquake. The shattered rocks and loose sand on the ground swirled into the air. Heaven and Earth were in a state of murky chaos which totally reduced one’s visibility.

Huang Sanbai revealed an astonished expression after he managed to stand still!

“This.... what’s going on??”

He was a Dao Profound Realm mid-phase top exponent and in the entire God Realm, he was considered as an outstanding top exponent.

Although the young lady he was dealing with was a rare god grade genius in God Realm who had astounding innate talent, this young lass was still in her teens. She had just ascended to God Realm and her cultivation was merely in Dream Profound Realm mid-phase. This wasn’t a secret at all.

The disparity between their abilities was extremely huge and Huang Sanbai was very cautious when he made his move. He had practically used his strongest move so that he could get an instant kill!

Under this situation, Huang Sanbai had never thought that he would slip up!

The smoke in the skies slowly dissipated and Huang Sanbai widened his eyes to look in front. He saw that Huang Yueli had flown a distance away.

At this moment, she was struggling to get up. Above their heads, a huge, blurred golden coloured phoenix image was rapidly shrinking, merging into her body.

Huang Sanbai seemed to have understood something and his entire face became twisted. He gritted his teeth and hissed, "It's indeed the Sky Phoenix Ring!! The Sky Phoenix Ring is really with you! Moreover, it had wrecked my plan!!"

At this moment, every inch of Huang Yueli's body seemed as though it was torn apart, as the pain seeped into her bones.

She did not detect any danger initially when they left the Soul Connection Ocean. But when the Azure Luan landed on this barren land, she suddenly felt a trace of abnormality.

Somehow, she felt that Huang Sanbai's tone sounded a little strange.

But if she had to say it in detail, she couldn't find anything wrong with it.

However, Huang Yueli had always been more cautious than most people, and she had been keeping on guard carefully.

When she noticed that Huang Sanbai tried to send her away several times, Huang Yueli pondered over this for some time but still decided to do what he said.

After all, there were only the two of them here. Huang Sanbai's strength was so much stronger than her. If he lost his patience and forcibly took action, she wouldn't be his match anyway.

Since that was the case, she should listen to his arrangement and loosen up his vigilance so that she could catch him off guard!

Having thought through this clearly, Huang Yueli decided to go to the pond to collect some water.

At the same time, she gathered all her concentration and silently guarded against Huang Sanbai's sudden attack!

As expected, she had just reached the pond and Huang Sanbai caught up with her moments later. Moreover, he did not hesitate in attacking her suddenly.

Even though Huang Yueli was prepared, she totally couldn't ward off such a powerful blow!

At the crucial moment, the Sky Phoenix Ring within her developed a reaction!

In that instance when her protection profound qi was suddenly broken, the Sky Phoenix Ring abruptly flew out from in between her eyebrows and a gust of powerful energy exploded to block off this attack!

Even so, Huang Yueli was heavily injured. Not only was her entire body in pain, but even her internal organs and meridians were also seriously injured!

But Huang Yueli still felt very fortunate.

Chapter 2864: Lass, go to hell! (4)

Huang Sanbai's ability had exceeded Huang Yueli's imagination. If it wasn't for the Sky Phoenix Ring's protection, she would probably end up as a corpse right now!

Huang Yueli had never distinctly sensed the difference between a God Realm top exponents and lower realm practitioner before today!

It wasn't only the disparity in their cultivations. The way they grasped their cultivation methods, Profound Skills, God Relics, and battle experiences were something that lower realm practitioners could match! This was an insurmountable gap that cannot be surpassed just based on innate talent and comprehension!

But even though she managed to block off Huang Sanbai's sneak attack, she wasn't out of danger yet.

Just as Huang Yueli was racking her brain to think of a way to escape, Huang Sanbai suddenly spoke!

"... It indeed is the Sky Phoenix Ring! The Sky Phoenix Ring is truly with you!!"

This sentence seemed to explode beside her ears!

A boom exploded in her mind and she suddenly understood why Huang Sanbai would sneak an attack on her!

Because of her status as Sacred Phoenix Race's only god grade genius, the other clansmen worshiped her so dearly. So, she initially couldn't understand why such an esteemed and respectable Elder like Huang Sanbai would want to kill her...

So... it was actually for the Sky Phoenix Ring!

But she had never revealed the secret of the Sky Phoenix Ring.

Huang Yueli's thoughts were racing swiftly as she lifted her head and stared intently at Huang Sanbai. "You... what are you talking about? I don't understand at all! Huang Sanbai, you... as a Sacred Phoenix Race's Elder, you actually... actually tried to kill a genius from the clan! You're simply deranged! Why do you have to do such a thing??"

Huang Sanbai swept her a glance and sneered, "Stop pretending! What do you mean by you don't understand?"

"If the Sky Phoenix Ring isn't on you, then what's that gold-coloured Phoenix imprint that flew out from your body earlier? Hmm?"

Huang Yueli immediately denied it. "That... that's nothing... What Ring? That's just my defense Spirit Armament..."

Before she could finish the sentence, Huang Sanbai snorted coldly and said, "Enough, I told you to stop pretending! Do you really treat me like a fool? What defense Spirit Armament will allow a mere Dream Profound Realm practitioner like you to ward off my full power attack?? Moreover, the phoenix imprint that appeared in the sky earlier is our Sacred Phoenix Race's totem! Sky Phoenix Ring is Sacred Phoenix Race's Number One God Relic. Every clansman recognizes that imprint!"

"This... I really don't understand what you mean... I'm just a lower realm practitioner so how could I possibly have the clan's Number One God Relic?"

Huang Yueli knew that things were about to turn out badly today. But she was trying to find ways to drag things out. So she racked her brains to think of a plan.

When Huang Sanbai heard her say that, he started to burst out into hysterical laughter!

“That’s right, isn’t it strange? Let me tell you the truth then. On that day when you arrived in God Realm, I already knew that you had the Sky Phoenix Ring on you when you met with danger in the void space! Back then, you were unconscious, and your head almost crashed against meteorite fragments! If it was any other practitioner, that person would definitely end up injured or dead. But the Sky Phoenix Ring imprint in your body burst out and swallowed the meteorite fragments! Void space energy is contained in those meteorite fragments! If it wasn’t for the fact that you have the special Sky Phoenix Ring on you, even if you’re a Dao Profound Realm top exponent, you can forget about refining it!”

Hearing that, the corners of Huang Yueli’s lips uncontrollably twitched.. She felt so helpless in this situation.

Chapter 2865: Lass, go to hell! (5)

Never did she expect her secret to be exposed on the very first day of her arrival to God Realm!

No wonder she managed to sustain in the void space for such a long time after she lost consciousness, and eventually still arrived in God Realm. So, the Sky Phoenix Ring had been protecting her!

Huang Sanbai noticed her shocked look and added, “I might as well tell you another secret so that you will understand what you’re dying for! During your ascension to God Realm, the reason why so many meteorite fragments crashed into you in the void space was because of the Sky Phoenix Ring! Void space energy could dramatically increase the Sky Phoenix Ring’s energy. So that’s why it would automatically attract the surrounding meteorite fragments around it, to swallow them.”

“Speaking of this, I ought to thank you for this! It’s all thanks to your ascension that helped to absorb so many meteorite fragments. Otherwise, if I have to go into the void space myself, I might not be able to gather so much energy. Moreover, I will have to take a huge risk...”

Speaking to this point, Huang Yueli finally understood what was going on.

Even in God Realm, the God Relic, Sky Phoenix Ring was of the highest grade. Huang Sanbai was considered to be God Realm’s first rate top exponent. So in order to obtain this God Relic, he did not hesitate to take the risk!

Moreover, her understanding of the Sky Phoenix Ring was simply too little!

That was why she accidentally revealed her secret. Moreover, she wasn’t aware of it at all...

If she was able to escape, she would definitely learn a painful lesson out of this!

“How is it? Do you understand it now?” Huang Sanbai smiled coldly as he slowly approached her. “Since you understand it now, then obediently hand over the Sky Phoenix Ring!”

Seeing him walking nearer and nearer, Huang Yueli immediately cried out hastily, “Wait!”

Huang Sanbai didn't stop in his tracks. "Stop your useless struggle! The difference between our cultivations is just too great. You will die today, without a doubt! It's better to hand over the Sky Phoenix Ring on your own and help me to get acknowledged. In that way, I will not have to mutilate your body!"

Huang Yueli gritted her teeth and attempted to reason with him.

"Elder Sanbai, you... you've got to think through this clearly! Just for a mere God Relic, are you going to murder the clan's god grade genius? This matter is simply shocking! If I disappeared, wouldn't the clan try to trace my whereabouts? There's no secret in the world. If this fails, you will become a fugitive! By then, you will still die! Even if you obtained the God Relic, what use could it do?"

Huang Sanbai shot her a glance as though he was looking at a retard.

"Indeed a country bumpkin from the Lower Realm, you don't know anything at all! Back then, our clan's strongest first clan leader, also known as Emperor Flame, was defeated by Cloudy Qilin Clan's King Thunderbolt. As a result, our clan's crown God Relic was also shattered and fell into the Lower Realm! Back then, the clan came out with an iron rule. Anyone who found the Sky Phoenix Ring would become Sacred Phoenix Race's new clan leader! This clan rule had been passed down for generations, and all the clansmen had been thinking of ways to find the Sky Phoenix Ring. Unfortunately, there were no clues at all..."

As he spoke, his gaze turned fanatical and harsh, and he looked at Huang Yueli with extreme greed.

"Now, as long as I find the Sky Phoenix Ring, I will be able to become the new clan leader! Even if they know that I killed you, what can they do? Are they going to make the new clan leader a fugitive? All the resources in Sacred Phoenix Race will belong to me! I have been trapped in the Dao Profound Realm for several thousand years, and if I don't break through soon, my life will end very soon! If I have access to the clan's resources, I will definitely be able to breakthrough to the Life Profound Realm!"

Chapter 2866: Escape (1)

Huang Sanbai's voice became louder and louder until it had gone into a manic state beyond one's imagination.

Huang Yueli was cursing bitterly in her heart, feeling that she had been duped badly!

After so much had happened, the Sky Phoenix Ring wasn't just a powerful God Relic. It was also the representation of a clan leader's status!

She was just too lucky to be bound with a God Relic, which was such a heaven-defying rare treasure!

Alas, her ability wasn't enough to match the Sky Phoenix Ring. Not only did she not gain many advantages, she even met with so many dangers because of it!

In the past when she was still in Soaring Heavens Continents, Lord Zhan had also tried to kill her several times because of the Sky Phoenix Ring...

Huang Yueli's thoughts swiftly raced through her mind.

At this moment, Huang Sanbai had totally turned into another person. The temptation of becoming the new clan leader and breaking through to Life Profound Realm was simply too huge. It had totally made him lose his basic rationality.

Huang Yueli frowned slightly and tried her best to drag for time.

“This... Elder Sanbai, I understand what you mean... Actually, I don’t want to become the Sacred Phoenix Race’s clan leader, and I have no intention to pit against you... How about this, I can give you the Sky Phoenix Ring and you can bring it along to become the clan leader. So why do you have to kill me? I assure you that as long as you let me off, I will not say a word about it, and I will never appear in the Sacred Phoenix Continent forever!”

Huang Sanbai showed a face full of contempt. “Stop telling me all these absurdities! Once the Sky Phoenix Ring has acknowledged its Master, it will be closely linked to the host’s soul trace. Unless the host dies, it’s impossible to split the Sky Phoenix Ring out! So, you have to die!”

He squinted his eyes and changed the topic, “But if you’re willing to coordinate with me, I can let you die a quick death!”

Hearing that, Huang Yueli suddenly had an idea.

No wonder Huang Sanbai had so many chances in the past to kill her, but he didn’t do so. Instead, he waited until he reached this barren land and coaxed her to do other things before he snuck an attack on her while she wasn’t prepared!

This was probably because Huang Sanbai already knew that the Sky Phoenix Ring was inside her soul trace. He was afraid that she might risk her life to resist or just self-explode so that she would not damage the Sky Phoenix Ring!

To obtain the God Relic which was bound to the practitioner’s soul trace, the most effective way is to first catch the practitioner off guard. Then using his absolute strength and mental attack to destroy the practitioner’s soul trace!

In that way, the practitioner was basically considered dead, but there was still a trace of life source in the body, like a retard.

Retrieving the God Relic in one’s soul trace under such a situation could be considered an easy feat.

Having thought through this, Huang Yueli’s heart turned bitterly cold.

This old fellow had such a benignant look and he pretended to be extremely kind. But his actions were merciless and ruthless. Moreover, he was an extremely scheming person who planned every single step meticulously.

If it wasn’t because she had experienced many tribulations in Soaring Heavens Continent and had much higher alertness than others, she might already become a walking corpse by now. The Sky Phoenix Ring would also have turned out in this old man’s pocket...

Huang Sanbai walked next to Huang Yueli and stooped down. That face was filled with a malicious sneer.

“How is it? Lass Li? If you’re not willing to cooperate, I have plenty of ways to make your life into a living hell!”

Huang Yueli sneered in her heart, but she showed a scared expression, and her body was trembling with fright.

Chapter 2867: Escape (2)

She said with a quivering voice, “El... Elder Sanbai, you... what do you want me to do? I will definitely coordinate with you and do whatever you ask me to do! As long as you give me a quick death...”

Seeing Huang Yueli already scared out of her wits, Huang Sanbai’s face revealed a delighted sneer.

This inexperienced lass is indeed from the Lower Realm.

As compared to those experienced God Realm practitioners, she was simply lacking in experience learning.

Actually, under this situation, if she refused to give in and wanted to fight to the end, Huang Sanbai would be in deep trouble! If he wanted to obtain the complete piece of Sky Phoenix Ring, Huang Sanbai definitely had to cast a bait. To tell the truth, it wouldn’t be an easy task to kill Huang Yueli.

But now, she was so easily scared off by a few mere threats. Furthermore, she even initiated to cooperate and offered the Sky Phoenix Ring on her own...

Simply a dumb lass with no foresight!

“Just based on your intelligence, no matter how high your innate talent is, there’s no way you can survive in God Realm. You will definitely end up killed by others! Rather than dying in other god race practitioners’ hands and letting the Sky Phoenix Ring fall into their hands, you might as well help me, Huang Sanbai ascend to the clan leader’s position! Whereas for you... you can reincarnate earlier...”

Huang Sanbai sneered and his thoughts were racing swiftly in his mind. He was about to succeed and was extremely delighted. So he totally didn’t notice the change in Huang Yueli’s expression.

“Enough. As long as you listen to me, I will not make things difficult for you. Now, place your hands behind your back and take thirty steps backward then turn around...”

When she heard Huang Sanbai’s command, Huang Yueli hesitated for a moment, but later chose to submit.

He looked at her placing her hands behind her back from above and slowly stepped backward.

“... twenty-eight, twenty-nine, thirty! Enough, stand there! Now, turn around...”

He was just about to give his last order when he felt a scorching presence from his back just as he was about to open his mouth. It came raining down from above his head!

This time, it was totally out of his expectations, and Huang Sanbai’s expression instantly changed!

But luckily, his ability wasn't weak and his adaptability was rather outstanding as well. He immediately did a turn and rolled on the ground.

"Rumble!"

A ball of azure flame was sprayed on Huang Sanbai's scalp and the ground!

A black pit immediately appeared on the grey barren land!

It was imaginable that if a mortal body was sprayed by that ball of green flame defencelessly, it would definitely turn into ashes immediately!

This... what was going on?

This desolated barren land was his secret resting spot. Usually, no one would pass by this place. Hence that was why he dared to abduct the clan's only god grade genius to this place to kill her!

What was going on today? Why did someone suddenly attack him?

Could it be that some top exponent from the clan was secretly following them?

Huang Sanbai turned around in terror and looked back in horror. Then he was stunned.

Because standing behind him was the beautiful Azure Luan which had given him and Huang Yueli a ride today!

Although the Azure Luan wasn't an ancient spiritual beast, it did have a trace of phoenix bloodline in its body. So it was an extremely scarce high tier spirit beast species.

A healthy matured Azure Luan's battle power was enough to battle a Dao Profound Realm mid-phase practitioner like Huang Sanbai!

However, these Azure Luans had been reared by Sacred Phoenix Race since they were infants..

Chapter 2868: Escape (3)

They had been taken care of by the clansmen.

So they were exceptionally close to the Sacred Phoenix Race's bloodline so they wouldn't recklessly attack Sacred Phoenix Race's practitioners.

Moreover, Huang Sanbai was not the keeper of this Azure Luan. By right, it should be obedient and tame towards him. But why did it suddenly jump up and attack him?

Huang Sanbai couldn't react in time, as he was filled with puzzlement.

However, the Azure Luan didn't give him a chance to rest. The temporary pause proved to be extremely fatal.

Huang Sanbai's expression turned pale. He warded off its attack in a fluster and tried his best to retreat.

But his distance and the Azure Luan's were too close. As he went into a short daze earlier, his face was still sprayed by the Azure Luan's fire despite him risking everything to hide from it.

In an instant, his brows, beard, and hair were on fire. Within a blink of an eye, everything was burned cleanly.

Many parts of his skin were even scorched. There were red and blue-black patches everywhere and many parts were filled with pus which looked extremely horrifying!

"Damn it! What's wrong with this Azure Luan... heavens, why is it coming at me again!!"

The Azure Luan kept continuing to spray fire on Huang Sanbai's face.

"Damn it, damn it! Quickly stop, stop right now. Did you hear me!!"

Huang Sanbai's hands were interlocked and he struck out multiple hand gestures which the clan's Beast Master had taught him. But whoever knew that this Azure Luan seemed as though it had taken the wrong medicine. Its battle power was extremely strong. Moreover, no matter what action Huang Sanbai did, all it did was spray fire on him. It also flapped its wings and used its sharp beak to peck on the top of his head!

Huang Sanbai was initially worried about the clan's high tiered spirit beast and couldn't bear to hurt it accidentally through his retaliation.

But he quickly realized that it was an extremely wrong decision.

The Azure Luan usually looked like a tame animal but that was only on the surface. The minute its savage instincts were exposed, it was as difficult to deal with as the same leveled practitioner!

It didn't take long before Huang Sanbai's head was full of bloodied injuries from being pecked.

"No way, I can't let this continue! This bird has really gone insane!"

Huang Sanbai was enraged and he didn't have any other misgivings and used his full strength to fight against the Azure Luan.

As Sacred Phoenix Race's esteemed Elder, Huang Sanbai's battle skills were extremely outstanding. When he got serious in a battle, the Azure Luan totally wasn't his opponent at all.

After they crossed hands for a quarter of an hour, the Azure Luan's right talon was seriously injured and it was on the losing end. In the end, when it realized that it wasn't this human race old man's match, it flapped its wings and flew into the sky to flee!

"I must have met a living ghost. What an unforeseen disaster!"

Looking at the Azure Luan's departing figure, Huang Sanbai really felt like capturing that stupid bird that wreaked havoc. Alas, he couldn't chase up to it at all!

Huang Sanbai's face contorted with anger and he couldn't voice out the grievances in his heart!

What was this about? A perfectly fine Azure Luan suddenly went crazy!

Moreover, even the hand gestures that the Beast Master taught had lost their effectiveness!

Now, the damn bird even flew away!

The Azure Luan was an important investment in the clan. Every single one of them was priceless.. If it wasn't to pick Huang Yueli up, he wouldn't have any chance to take one of them out at all. In the end, he even lost the Azure Luan?? How was he going to explain to the clan leader when he returned to Ice Moon Summit?

#### **Chapter 2869: Escape (4)**

Moreover, if it wasn't for this damn bird, how would he possibly be injured?

It had been hundreds of years since he was last so disheveled!

If it wasn't for this Azure Luan, he would have killed Huang Yueli by now, and also obtained the Sky Phoenix Ring in her hands. Then he would...

Huang Sanbai suddenly thought of Huang Yueli and his entire body trembled!

Right, Huang Yueli!!

Earlier he had been busy fighting with the Azure Luan and totally forgotten about this young lass!

Huang Sanbai turned around in a fluster and looked in the direction where she was earlier!

That position was now empty. The young girl was already gone!

"Damn it, this damn Azure Luan had upset my plans!! If I ever catch this damn bird, I will definitely chop off its wings and gouge out its eyes to ferment in wine! And that wretched lass, how dare she take the chance to escape during this ruckus? Haha, try to escape if you have the ability to do so! In this desolate barren land, let's see where you can run to!"

At this moment, Huang Sanbai still hadn't realized what just happened. He assumed that it was all a coincidence.

Huang Yueli escaped because she was lucky to encounter the Azure Luan going on a rampage!

In his eyes, she was just a foolish and protected young girl who hadn't experienced much in time. So she should be very easy to deal with. Even if she managed to escape, it would only be for the time being. He would be able to catch her very soon!

...

On the verge of the barren land.

Huang Yueli sat on a phoenix's back as she soared in the sky towards the east!

This phoenix was still in its youth, and the wings were slightly short of three feet. It totally could not be compared with a matured phoenix's stunningly luxurious state. But its flight stance was rather smooth. Moreover, its speed was also very fast.

At least, it had surpassed Huang Sanbai, a Dao Profound Realm mid-phase practitioner.

But Little Phoenix's strength wasn't very good.

Its speed was evidently affected when it carried her on the back. After flying over a short distance, its speed started to decrease.

Huang Yueli noticed this and said, "Enough, Wang Cai, let me down! We've already pulled quite a distance away. He won't be able to chase up to us so soon! Moreover, I can see a small town in front. Perhaps, there will be travelers who go past that place. If anyone were to see a phoenix passing through, it wouldn't be very good..."

After she experienced Huang Sanbai's incident, Huang Yueli had deeply comprehended the importance of staying low profile.

Huang Sanbai was a reputable man and was an esteemed and loyal man in the clan. However, even he couldn't stand the temptation of the Sky Phoenix Ring and instantly turned into a vicious and ruthless murderer.

If the news of her owning a high tiered God Relic was found out by other top experts outside Sacred Phoenix Race, then would she still have a chance of survival?

The other top exponents weren't like Huang Sanbai, who had misgivings about killing their clansmen. They wouldn't need to find a desolate barren land to kill her. Perhaps, they might just rush over and stab her!

Little Wang Cai really couldn't continue flying any longer. When it heard what Huang Yueli said, it immediately kept away its wings and slowly turned smaller, returning to its normal size.

Huang Yueli jumped on the ground and looked at Little Phoenix in mid-sky.

"Your size is still a little too obvious. Can't you turn a little smaller? And the colours of your feathers are too glaring. It's better to turn it into a grey color!"

Little Phoenix was so angry that it pinched some feathers on top of its head.

"This Lord is so handsome and magnificent.. How dare you ask This Lord to uglify myself!"

Chapter 2870: Escape (5)

When Huang Yueli heard it grumbling, she touched its fluffy head, not knowing if she should laugh or cry.

"Be obedient. This is God Realm and not Soaring Heavens Continent. The practitioners here are knowledgeable so perhaps, someone might be able to recognize a phoenix! For safety's sake, you should bear with it for a while! After we've found a place to stay, I'll add another drumstick for you!"

Little Phoenix shook its feathers and was still a little unwilling to do so.

When she saw that, she said, "If you're really not willing to change your color, it's fine as well. Just stay inside the Sky Phoenix Ring for a couple of days then..."

Before she could finish her sentence, Little Phoenix started to screech. "No way, you can forget about stuffing me back into the realm! I was locked up in the Sky Phoenix Ring for the entire month that you

were in the void space. There were also various kinds of powerful qi flow inside the realm! I... I can't take it! Alright, alright, you win ok. I'll change my colour!"

Little Phoenix's body flashed with silver light and when it reappeared again, it turned into a plump little bird that looked like a nightingale.

The feathers on its body weren't a shade of grey like what Huang Yueli requested. Instead, it was a shining silver color.

Huang Yueli was rather speechless when she saw that. She hadn't expected her Little Phoenix to be so mindful of its appearance. Even when it was in disguise, it had to turn itself into such a sparkly color.

Little Phoenix had just transformed and was gliding around in front of her to show off.

At the same time, it said delightfully, "How is it? Isn't this much better? Previously in the inheritance tower, Elder Huang taught me how to transform. Now I can turn into various kinds of flying magical beasts! Aren't I incredible?"

Huang Yueli's lips twitched and she said, "Incredible, you're super incredible! Alright, stop turning around me. Let's hurry and leave! Otherwise, if that old man chases up to us, we might just end up dead!"

She took a large step forward and Little Wang Cai flapped its little wings furiously to follow her.

After a while later, it probably felt a little bored and uttered, "Female Devil, isn't This Lord smart and capable? If it wasn't for me today, you'd probably die in that strange old fellow's hands today!"

Huang Yueli carefully observed the surroundings and echoed in response, "That's right, you've finally shown your use. Luckily it wasn't a waste of my roasted drumsticks!"

Little Wang Cai lifted its chin in a tsundere attitude and said, "Isn't that so! This Lord is very powerful now! Earlier when I flew above the Azure Luan, I merely lifted my wing and it immediately submitted to me. Moreover, it even listened to me. I asked it to attack the old man and it totally did not hesitate in flying over to beat him up!"

Little Wang Cai's tone was very complacent as though it was asking to be praised and rewarded.

Hearing it mention this, Huang Yueli felt that she was very lucky that Little Phoenix was around. Otherwise, she really didn't know how to escape today!

Initially, she pretended to listen to Huang Sanbai's order to get some water and secretly let Little Phoenix out as a preventive measure. She also reminded it that in case there was an accident, it should instigate the Azure Luan that Huang Sanbai brought along!

As the King of Birds, Little Phoenix had a natural spiritual beast's oppression. Any flying magical beast in front of it was fearful of its noble and powerful bloodline. Hence they would comply with its command..
