Chapter 2871: New Spiritual Pet (1)

In the past when she was in Soaring Heavens Continent, this trick always worked. But now that they were in God Realm, Huang Yueli wasn't sure if Little Wang Cai's bloodline suppression would also work on high tiered spirit beasts!

But facing such a strong exponent like Huang Sanbai, it was practically impossible for her to escape out from Huang Sanbai's clutches.

Her only ace was this.

Later on, Huang Sanbai indeed had a change of expression. Hence Huang Yueli had been finding ways to worm some information from him.

On one hand, she wanted to find out the reason for him to assassinate her. On the other hand, she wanted to try and hold him back so that Little Phoenix could find a chance to communicate with the Azure Luan.

Luckily, Little Phoenix was rather powerful. It didn't use much time before it made the Azure Luan go on a rampage, attacking Huang Sanbai wildly!

She grabbed this opportunity to escape beneath his eyes.

Huang Yueli laughed when she thought of this, and praised Little Phoenix sincerely.

"My Little Phoenix is indeed becoming more and more incredible! Moreover, you're also very beautiful!"

Hearing her praise, Little Phoenix's tail feathers raised high up in mid-air!

Huang Yueli snuck a glance at it with a pensive look. "Speaking of this, after Senior Huang's training, you really seem more powerful than before... looks like that <<Guide to raising a Phoenix>> is really useful! I must go back and dig it out! Strange, where did I leave it?"

Initially, when Little Phoenix heard the first half of her sentence, it looked very smug.

However, hearing her mention the book in the second half of her sentence, it instantly shivered and almost fell from the sky!

"Cough cough, no need. There's really no need! I don't need that <<Guide>> to become incredible!"

That <<Guide to raising a Phoenix>> was a nightmare for him!

It had formed a psychological shadow in his heart, which he could not get rid of!

Huang Zixiao had trained him strictly based on that book. Although it indeed increased Little Wang Cai's ability by a great deal, when it recollected the memories in the past year, Little Phoenix felt suddenly felt unwell!

There weren't any fried drumsticks and it couldn't laze around. It didn't want to go back to that lifestyle!

Thinking of that, Little Phoenix no longer dared to boast, deeply afraid that Huang Yueli would think of that book again.

At the same time, it was thought to itself that one day when Huang Yueli didn't pay any attention, it would definitely go find this <<Guide to raising a Phoenix>> out!

Then it would spray its True Phoenix Fire on it, so completely dispose of the traces!

Little Wang Cai was planning gleefully in its mind when Huang Yueli, who was standing in front of him, suddenly stopped walking.

It almost banged into her back and finally managed to steady itself when it asked puzzledly, "Female Devil, what's wrong with you? Why aren't you walking?"

She turned to her side and her brows furrowed slightly. "Why do I feel that there seems to be a strange sound somewhere? Furthermore, it's getting louder and louder..."

Little Wang Cai was stunned as it landed on Huang Yueli's shoulder. It tilted its little head and started to listen carefully.

After a moment later, it indeed heard a noise. "Strange, this sound.... Seems like some flying magical beast flapping its wings! When I fly very high, I'd also make this sound..."

It had just finished its sentence when a lush azure figure appeared in the vast sky.

A mature Azure Luan with a smooth body shape and glistening feathers flapped its dazzling wings in mid-air. It was flying right towards them..

Chapter 2872: New Spiritual Pet (2)

The Azure Luan flew in circles above Huang Yueli and Little Phoenix's heads before it steadily landed right next to her.

After it steadied itself, the Azure Luan immediately leaned close to Huang Yueli's side and subbed its furry body against her chest.

However, its size was just too big for Huang Yueli. Its strength was overwhelming as well.

Huang Yueli didn't manage to stand properly and almost fell to the ground. She retreated several steps before she finally managed to stand still.

The Azure Luan's beautiful big eyes blinked and stepped forward to rub against her body again.

This time, it controlled its strength and Huang Yueli was tickled by its rubbing. Her mood lightened and she couldn't help stretching out her hand to touch its tail feather.

Little Phoenix was standing on her shoulder and when it saw them rubbing each other, a sudden surge of jealousy suddenly arose!

It chirped and interrupted their intimate actions. "I say, Sister Azure Luan, why have you flown over? How's that baddie? Have you killed it?"

The bird raised its head and cried twice.

Huang Yueli couldn't understand bird language and could only turn towards Little Wang Cai. "What did it say?"

Little Wang Cai unwillingly explained, "It says that damn old man is very strong and it couldn't defeat it. In fact, it was injured and could only escape from there. But that old man is also heavily injured so the speed of him chasing over to use would be rather slow..."

Hearing that, Huang Yueli was finally at ease. "Lucky! It was too dangerous today. Luckily this Azure Luan helped us!"

She suddenly thought of something and exclaimed, "Right! You said that the Azure Luan is injured? Quickly let me take a look. Which part of it is injured?"

Huang Yueli leaned close to the Azure Luan and started to inspect it carefully.

Although it could not understand what she said, it had a spiritual nature and could guess Huang Yueli's intention. Hence it coordinated with her actions and lifted its injured leg for her to take a look.

A bright red stain was coated on the lush azure feathers and it was extremely eye-piercing.

Huang Yueli leaned closer to take a look and said with a heartache, "The wound is rather deep! That beast Huang Sanbai! How can he do such a malicious thing to such an adorable little creature! Luckily the Sky Phoenix Ring had some ointment that can treat external wounds."

She retrieved a roll of clean cotton bandage and a jar of ointment, then she helped the Azure Luan to bandage her wound.

Little Phoenix was watching by the side. Although he didn't say a word, his bun-shaped face was puffed up and a frown also slowly emerged on his face.

He was Female Devil's only favorite spiritual beast!

When it was tortured by Huang Zixiao, it did not see Huang Yueli look so anxious or show any heartache!

The baby bird expressed that it was extremely unhappy!!

Just as Little Phoenix was unhappy and was thinking of ways to chase the Azure Luan away, it heard Huang Yueli say, "Alright, your wound has been bandaged! As long as you rest well for the next few days, you should be able to recover totally! You should know your way back to Sacred Phoenix Continent, right? Then go back on your own! Wang Cai and I will make a move first!"

Little Wang Cai heard that and its eyes lit up as it nodded its head immediately. "That's right, we'll part ways and find our own homes! Alright, Female Devil, let's go!"

It knew that Female Devil liked him the most and would absolutely not have a change of heart so easily!

She administered treatment for this Azure Luan because it helped them!

Little Wang Cai flapped its wings happily and was about to set off.

Chapter 2873: New Spiritual Pet (3)

But it only flew for a short distance and noticed that something was wrong.

It's Female Devil didn't seem to chase up?

Little Wang Cai turned its head back quickly and realized that the Azure Luan was standing in front of Huang. At the same time, its huge body also blocked her way.

Little Wang Cai almost exploded as the sense of crisis spiked once again!

With a "whoosh", it flew back next to Huang Yueli's side and started chirping at the Azure Luan.

"What? What? What are you trying to do? Female Devil has already treated your injury! The old man that you taught a lesson is a traitor of the Sacred Phoenix Race. So it's your duty to clear out rubbish like him! Don't tell me you want my Female Devil to make you some roasted chicken drumsticks? You're so big-sized, ten drumsticks aren't even enough to feed you! But it's not a matter of ten drumsticks. Even if it's just one, This Lord will also not give it up to you!"

"I advise you to know your place and quickly return to Sacred Phoenix Race! Don't rely on my Female Devil!"

Little Phoenix was hooting furiously whereas Huang Yueli's brows creased slightly as she shook her head at the Azure Luan.

"Sister Azure Luan, although I also like you, I cannot take you with me! You also know that that old fellow Huang Sanbai isn't dead yet There's no witness in that barren land at all. By the time he returns to Sacred Phoenix Race, he will definitely make stories up and even make use of his forces to search and capture me! My current predicament is extremely dangerous. Moreover, you're so cool and so eye-catching..."

Huang Yueli touched the soft fur under its feathers. It felt so good!

"Anyway, if I have to bring you along, I will not be able to hide from Huang Sanbai! Moreover, there's no point for you to follow me because I don't even know if I can escape successfully! But if you were to fly back to Sacred Phoenix Race, the clan will surely take good care of you. Even if it's Huang Sanbai, he can't find a reason to exact revenge on you!"

Although this Azure Luan had gone on a rampage and attacked Huang Sanbai, every single Azure Luan was considered as an important fortune for Sacred Phoenix Race. They wouldn't possibly do anything to this Azure Luan because of this reason. At most, they would lock it up for some time.

After all, no one would ever believe that it had been controlled to attack another person with a motive.

The Azure Luan looked at Huang Yueli as it tilted its furry head. Its clear eyes were filled with puzzlement. Apparently, it couldn't understand what she said.

Whereas for Little Wang Cai, it couldn't be bothered to translate it for the Azure Luan. It flapped its little wings impatiently and said, "Female Devil says she can't keep you with her! Quickly leave, leave, leave!"

The Azure Luan's eyes flashed past a disappointed glint. After a while, it seemed to have thought things through. It suddenly walked up and stuck close to her.

"Hey, what are you trying to do again? Didn't I tell you to leave?" Little Wang Cai hastily jumped out to protect his ownership!

The Azure Luan raised its neck and made a gargling sound. Then it lowered its head and used its sharp beak to peck on Huang Yueli's palm!

She hadn't reacted in time and a drop of blood appeared on her fair palm after the peck.

The Azure Luan immediately used its tongue to lick that drop of blood. Then it tried to bend down with much difficulty with its injured talons, wanting to kneel in front of her.

Huang Yueli was stunned for a moment.. After that, her face lit up with joy. "What? You're willing to acknowledge me as your owner, and become my contractual spirit beast?"

Chapter 2874: New Spiritual Pet (4)

The Azure Luan nodded and continued to lick the blood on Huang Yueli's palm.

She was simply overjoyed!

She honestly didn't expect such a scarce and fierce Azure Luan to initiate a contract with her!

Huang Sanbai said earlier that Azure Luans were extremely hard to rear. They could only force them to submit to them if they started rearing these birds since young...

She caressed its head and used her blood to draw out a rune, pressing it on the Azure Luan's head.

Actually, God Realm's spirit beasts and Lower Realm's magical beasts were not exactly the same. So Huang Yueli wasn't certain if the Lower Realm's contractual method could work with the Azure Luan.

But luckily, it was very cooperative. Huang Yueli also had in-depth knowledge of array skills.

So after the contractual agreement failed twice, she followed along the direction of the energy and automatically adjusted a few array patterns and hand gestures. At least, she managed to take in this Azure Luan!

Little Phoenix was extremely unhappy but there was no way for it to stop this. Hence it could only watch Huang Yueli take in another new spiritual pet!

After she was done with the contractual agreement, Huang Yueli turned back and saw her Little Wang Cai's begrudged face.

She couldn't help but burst into laughter, "Alright, don't be so upset! Didn't you always complain that staying in the realm alone is very boring? Now, there's someone... no, Azure Luan is there to accompany you! Isn't that great?"

In the past when Huang Yueli was in the Lower Realm, she had once taken in a Golden Crested Vulture as her magical pet. Little Phoenix had always treated the vulture as its subordinate, commanding it around. It was so cocky back then!

Later on, Huang Yueli's ability rose speedily. Before she ascended, she knew that little vulture would probably be bullied by God Realm's spirit beasts and it would never have as much freedom as in the Lower Realm.

So before she went to the inheritance tower, she broke off the contractual agreement with little vulture and left it in Blue Profound Sect.

In this way, Little Wang Cai lost its subordinate. Every day, it would spend its time feeling lonely and would be noisier than usual.

Huang Yueli had always been thinking of taking in another spiritual pet to play with it. Now, with the Azure Luan, it was killing two birds with one stone!

She couldn't think of a reason for Little Phoenix to object to this. So she casually patted its head and comforted it slightly.

Following that, she turned her head and said to the Azure Luan. "Since you're already following me, we can't keep calling you Azure Luan! In the future, your name is Prosperity! Since we're contractually bonded, you can enter my realm, so we won't have to worry about anyone seeing you! Your talon is injured, so quickly go in and rest!"

The Azure Luan nodded its head obediently and disappeared.

Huang Yueli waved her hand at Little Wang Cai and said, "Alright, we've settled that problem! I didn't expect to make a contract with an Azure Luan. Isn't this a blessing in disguise? Wang Cai, let's leave this place quickly! The sky is almost turning dark and if we don't find a safe place to spend the night, we might meet with trouble later!"

Saying that, she started to walk forward.

She failed to notice that Little Wang Cai was biting its lips with a begrudged look on its face behind her back!

In the past, one could tell that the silly vulture was a brainless creature hence it would become its subordinate. But this little sister Azure Luan had a powerful presence!

It was obvious that it would fight for her affection!

The only thing that it could be happy about was such a beautiful Azure Luan was given such a stupid name!

Prosperity...

Female Devil's mind was indeed full of money!

Chapter 2875: New Spiritual Pet (5)

It was already midnight when Huang Sanbai descended on the barren land with Huang Yueli.

Now after experiencing a battle and escaping to such a far distance, the sky was already pitch dark.

The surrounding light was becoming dimmer and dimmer.

Although Huang Yueli could use the flame to illuminate the place, based on many years of experience learning, she knew that even on a barren land like this, there could be various kinds of dangerous magical beasts hiding everywhere. God Realm's spirit beasts were even more powerful than magical beasts and Huang Yueli didn't understand their habits at all.

Even so, trying to hasten on her journey in a place like this was simply too dangerous.

Huang Yueli chose a big boulder as her camp and also used the Sky Phoenix Ring's stored materials to set up a simple tent. She also set up a few arrays.

After Huang Yueli finished the setup, she lay down.

She had been on tenterhooks for the entire day and now that she had loosened up, she quickly went into dreamland.

The night was considered safe and no accidents happened. She was neither harassed by magical beasts nor pursued by Huang Sanbai.

Huang Yueli woke up early in the morning and made her breakfast out of some dry rations in her realm. She nibbled on it and pondered over her next step to take.

According to her original plan, she had to return to her own clan Sacred Phoenix Race immediately after she arrived in God Realm.

Huang Yueli was very experienced and she knew clearly that only a powerful force would help a practitioner increase their abilities and also supply a great deal of convenience!

Especially for Sacred Phoenix Race, a huge force with thousands of years of inheritance. The clan's resources and the methods of nurturing their geniuses were not something that ordinary forces could compare with!

This plan was originally not difficult to execute.

But she didn't expect that her secret of holding on to the Sky Phoenix Ring would be exposed so soon. Moreover, she was even pursued after by an Elder in the clan!

Now, things were a little troublesome.

Although she had temporarily escaped from Huang Sanbai's pursuit, he would not let this go so easily.

Now that she already knew about his ambitions, he would definitely try to kill her because she found out about his fake amiable appearance!

Moreover, the Sky Phoenix Ring was such a huge temptation...

Returning to the Sacred Phoenix Race was simply walking into a trap.

Perhaps, before she even got a chance to meet with the clan leader, she might be captured by Huang Sanbai. As for what would happen after that, there was no need to say others at all.

If she didn't go to the Sacred Phoenix Race...

Based on her innate talent and ability, if she went to any first rate force, she would be valued and nurtured.

But this was her first time here. So she didn't know which forces were close to Sacred Phoenix Race. If she were to show herself and Huang Sanbai found her, that would spell trouble!

Huang Yueli thought about it and her expression turned melancholic.

Little Phoenix and the little sister Azure Luan sat by the pond and drank water together.

Azure Luan noticed its master showing a sad face and it made a gurgling sound as though it was asking a question.

Little Wang Cai had turned into a little shotacon and had propped his face up. "What do you know? Female Devil always shows this expression, and that's not a problem at all! She's just dreaming! Ever since Big Demon Lord left, she always shows this expression every other day. I really can't take it!"

Little Wang Cai looked at her with disdain.

Huang Yueli heard its tender voice and an idea suddenly popped out!

Right, she had almost forgotten about this. Since she couldn't go to Sacred Phoenix Race, surely she could go to Cloudy Qilin Clan to rely on Li Moying, couldn't she?

Chapter 2876: Set Off To Look For Li Moying (1)

Thinking of this, Huang Yueli instantly became agitated!

When she was in Soaring Heavens Continent, she did think about going to look for Li Moying immediately when she reached God Realm.

But God Realm was so huge and there were so many people. It would pose a difficulty to search for Li Moying in the vast number of people. That was why she chose to return to Sacred Phoenix Race first.

Although she had been assassinated by Huang Sanbai and couldn't go to Sacred Phoenix Race now, she could find out where Li Moying was!

Huang Yueli quickly made a decision and set her mind to go look for Li Moying in Cloudy Qilin Continent.

She climbed up instantly and patted off the dust on her clothes. Then she waved to the two birds by the pond. "Alright, we should set off now! Prosperity is too obvious so it's better to go back to the realm first."

The Azure Luan nodded its head obediently and entered the realm.

Little Phoenix turned back into a nightingale.

It was lively by nature. As it had been locked in the Sky Phoenix Ring earlier, it had really been bored out of its mind. Now that it was finally released, it wasn't willing to go back, no matter what.

Huang Yueli saw its appearance and since it no longer looked like a phoenix, she just allowed it to do as it wished.

"Alright, if you want to fly alone, go ahead and do it! But you have to be careful. When you reach a place with lots of people, you have to keep your mouth shut!"

In God Realm, only spiritual beasts could turn into a human form and speak human language. No matter how strong or how much spiritual nature ordinary spirit beasts might have, it was impossible to do that. If Little Wang Cai were to speak casually, it would easily arouse other people's suspicions.

"Alright, I know! Female Devil, don't worry. I will listen to what you say, don't worry about it!"

Little Phoenix lifted its talon and scratched the feathers on its head with an extremely innocent look.

Huang Yueli took a suspicious look at it, expressing that she didn't believe in it...

If this fellow could stop making trouble for just one day, pigs would fly!

These two used the sun above them to differentiate the direction and flew towards the east.

As expected, they didn't fly too far away before Little Phoenix couldn't stand it any longer. It started to call out to Huang Yueli while standing on her head, "Female Devil, why did you head in that direction? We're going further away from the pond!"

Huang Yueli's lips twitched. "Didn't you agree not to talk?"

Ever since Huang Zixiao had trained Little Phoenix for a year, this little thing had activated the skill of talking in its original state.

According to Huang Zixiao's saying, this was a tremendous improvement and also a kind of upgrade in Little Phoenix's ability.

But to Huang Yueli, this wasn't a good thing at all. Because Little Wang Cai had become even more irritating than usual. It was simply no different from a human race brat! No, that wasn't right. It was even noisier than a brat because brats wouldn't climb on top of her head to screech!

She glowered at Little Wang Cai but it wasn't afraid at all. In fact, it even spoke forcefully and with justice.

"Female Devil, what are you worried about? We haven't met any living people along the way! There's no problem for me to say a few words right now!"

Huang Yueli was speechless. "I thought you agreed to listen to what I say?"

Little Phoenix flapped its wings. "I... it's not that I didn't listen! I'm doing this for our safety so that's why I'm giving you a special reminder! Senior Huang taught me that the safest route along the wilderness is to follow the water!"

Chapter 2877: Set Off To Look For Li Moying (2)

“You’re going further and further away in this way!”

Huang Yueli shot a glance at it and started to explain, “Yesterday night, I interacted with Prosperity through our thoughts last night and she recalled the route when Huang Sanbai brought it to Soul Connection Ocean. According to its memory, the surrounding thousands of miles here are all barren lands. The nearest town is on the far east.”

“If we don’t travel towards the East, we might be lost within the barren land! This place doesn’t look as peaceful as it looks on the surface. Everywhere might be fraught with dangers!”

Hearing that, Little Wang Cai sucked in a breath of cold air. “So... so it’s like this! As expected, only God Realm natives know more than us!”

Huang Yueli was fearful as well.

Thinking of this, luckily that Azure Luan took a liking to her and chased after them. So she took the Azure Luan in as her spiritual pet.

Otherwise, she didn’t know the situation in God Realm and wouldn’t even be able to find her way out of this barren land.

If she were to meet with some powerful huge magical beast that she couldn’t handle, or some natural disaster, she would be in deep trouble!

Now, with the Azure Luan’s guidance, at least she roughly knew what was going on.

As Huang Yueli was afraid of drawing Huang Sanbai’s attention, she didn’t dare to ride on the Azure Luan. So she could only travel on foot. The speed, as compared to coming to this place, was much slower.

It took her an entire week before she saw some images of buildings.

“We’re here, we’re here! This should be the small town that Sister Azure Luan was talking about! There are so many buildings here, I think I see some people as well!”

Little Phoenix hovered around in the sky and observed the situation from afar before it started to say excitedly.

Huang Yueli hurriedly coughed and said, “Alright, since there are people here, you’re not allowed to talk! If you don’t control your mouth, then I’ll lock you up in the Sky Phoenix Ring next time, not allowing you to come out!”

Little Wang Cai stared at her looking aggrieved and pouted. Then it quietened down.

Huang Yueli walked forward quickly and when he was still one to two miles away from the small town, she suddenly stopped.

“I almost forgot... luckily after the re-refinement of the Sky Phoenix Ring was completed, it’s extremely sold. All the things that I brought from Soaring Heavens Continent were not damaged at all...”

As she nagged, she took out a piece of the green robe from the realm and also some pigments and clay.

Little Phoenix initially couldn't understand what she wanted to do. But as it recalled her warning earlier, it didn't dare to ask and just tilted its head to look at her.

In the end, the top of its head was suddenly covered by a piece of cloth and everything turned dark immediately!

"Chirp chirp! Chirp chirp!" What's going on!!

Little Phoenix had a great shock and shook its head vigorously as it flew everything as though it was dancing. After a moment later, the cloth on top of its head was shaken away.

"Female Devil, you..." It hurriedly looked towards Huang Yueli's side.

It only took one look and its mouth opened in shock. "This.. are you my Female Devil?? Where did you hide my Female Devil!!"

In its momentary loss of sight, Huang Yueli had already changed into that long azure robe.

Little Phoenix was shocked to find out that the azure robe was actually a male's!

Huang Yueli was currently sticking clay and colored pigments on her face.

When she raised her head a while later, Little Phoenix totally couldn't recognize her at all!

Chapter 2878: Set Off To Look For Li Moying (3)

Where did that gorgeous, elegant beauty in front of it go? That's obviously another person right now!

Huang Yueli's disguise techniques were incredibly powerful and when she was in Soaring Heavens Continent, she had once deceived Li Moying's shadow guards with it.

Now that she used this technique, it was still very miraculous. When those colours and clay were stuck on her face, under her delicate application, it seemed as though it was her second layer of skin. Even from a close distance, one could not find any flaw at all!

After making slight adjustments to her features, she looked rather smart and her skin also reflected a sun-kissed tone. Accompanied with that dim grey robe made out of ordinary material, she looked like a handsome young man who was from the countryside.

Huang Yueli found a bronze mirror from her realm and shone it against the light. Then she nodded her head satisfactorily.

"Alright, this is much better. Let's go to the town!"

This small town was very near to the place where she and Huang Sanbai fought. If he was thinking straight, he would easily think of looking for her in the small town.

So, for Huang Yueli to go to town wasn't a wise decision at all.

If it was possible, she didn't want to go. But unfortunately, this area was just too desolate and she wasn't familiar with this place at all. If she still didn't ask someone, she might not know how she died!

Luckily, she had this kind of disguise technique.

She didn't know if it would work in front of God Realm's top exponents, but at the very least, same leveled practitioners as her would find it hard to see her true countenance.

Little Phoenix was still in a daze. If it hadn't witnessed it for itself, no way would it ever believe that this was his Female Devil!

Never mind if her countenance had changed. The main thing was after Huang Yueli changed into a man's clothes, her temperament seemed to have undergone a major change.

Her actions were all masculinized and there was no flaw at all.

It was until Huang Yueli had walked out by a huge distance before Little Phoenix came to its senses. It flapped its little wings in a fluster and chased up to her!

"Female Devil, wait for me!!"

"Shut up, you're not allowed to speak the human language!"

After they entered the small town, Huang Yueli discovered that the pedestrians were dressed in various kinds of different costumes and they all looked and dressed differently. Moreover, a number of them looked dazed and curious, as though they hadn't realized where they were right now.

Initially, she was a little surprised. But shortly after, she quickly realized what had happened.

This small town was one of the closest to the Soul Connection Ocean and many newly ascended practitioners would pass by this place.

Most of them were human and they weren't under any specific powerhouse so naturally, no one would come and pick them up.

They just came to God Realm and hadn't understood what was going on yet. So this was perfectly normal.

Thinking of this, Huang Yueli secretly heaved a sigh of relief.

Because of the current situation, it had given her the convenience of concealing her whereabouts!

If everyone here were God Realm's natives, then the appearance of an outsider like her would be very abrupt. So no matter what, it would be easy to find a flaw from this.

But now, it was different. It was everyone's first time here so as long as she paid a little more attention, she would be able to mingle among these God Realm's freshmen.

With Little Wang Cai standing on her shoulder, she walked forward in big strides.

When she turned into a transaction street, her footsteps suddenly halted.

She immediately noticed several familiar faces on this street.

They were the young clansmen whom she had met in Soul Connection Ocean..

Chapter 2879: Set Off To Look For Li Moying (4)

These people were holding some pictures in different sizes and they stopped pedestrians to ask them questions.

Huang Yueli instantly dodged and hid to one side.

Although she only took one glance, it was enough to tell that the person in the picture was indeed her!

She heard Sacred Phoenix Race disciples' voices.

"Dear fellow travelers, have you seen this person in the picture? This person is our clan's genius and had been assassinated by someone hence she is now missing. If anyone saw her, please contact the Sacred Phoenix Race. Our clan will definitely reward the informant generously!"

At this moment, Huang Yueli couldn't help but feel fortunate. Luckily she had the foresight to disguise herself first. Otherwise, she might have been exposed right now!

Based on Sacred Phoenix Race's authority, would ordinary practitioners dare not to report about it?

Moreover, they even mentioned a generous reward. In front of such a huge benefit, how many of them wouldn't be interested?

Although it seemed that she had already escaped, the truth was she hadn't made her way out of this emerging crisis yet.

Huang Sanbai's experience and knowledge had far surpassed her. So it was impossible for him to not think of other ideas...

Huang Yueli felt that this place was rather dangerous and she shouldn't be staying here for long. Hence she only wanted to stay one night. Tomorrow morning, she would try to find out the way to the Cloudy Qilin clan and leave here.

She knew that the best way to hide was to mingle among the crowd.

So she specially chose the most crowded Thousand Mile Inn to stay for the night.

Thousand Mile Inn's business was the best. But it was not the most luxurious. On the contrary, this inn was actually one of the most run-down inns.

As a large number of practitioners in town were mostly practitioners who had just ascended from the Lower Realm, they basically didn't have much money to spend. Ordinary inns were not willing to take them in.

Only Thousand Mile Inn was willing to let Lower Realm practitioners use their spirit stones and lower realm resources to pay for their lodging expenses.

Huang Yueli toured around the Thousand Mile Inn's entrance and wasn't in a hurry to enter. Instead, she took a turn and walked out from it.

She observed for a little while and stopped a practitioner who was dressed in rags.

This person looked rather disheveled and his gaze seemed to reflect panic and puzzlement. This was a typical sight for most Lower Realm practitioners.

Seeing Huang Yueli suddenly appearing in front of him, he trembled and gazed at her in an abnormally defensive look. "You... who are you? What do you want?"

Huang Yueli smiled and tried her best to look more amiable.

"Hello, I'm a practitioner who just happened to pass by this place. I have just ascended and I don't have anyone to rely on so I'm moving ahead on my own. From your looks, you should have just ascended also, right? Why don't we get to know each other and travel together? Two is better than one, and we can help each other out along the way!"

The ragged practitioner shot her a suspicious look, and he was even more defensive right now!

To be honest, he had barely ascended for less than a month but was already duped many times in God Realm. He also almost died!

Now, he was very clear that God Realm was a place where the strong survived on the weak and everywhere was full of traps.

A practitioner like him in the Lower Realm was already invincible and no one dared to offend him.

But in God Realm, there were plenty of people who were stronger than him!

Moreover, all of them treated them Lower Realm practitioners as a piece of fatty meat. They were ready to dupe him at any moment!

Chapter 2880: Set Off To Look For Li Moying (5)

From his gaze, Huang Yueli knew that he was very wary of people.

But which Lower Realm practitioners who ascended alone weren't like this? Even for Huang Yueli herself, she was also much more vigilant than before. She would not believe others so easily now.

After all, her own clan's Elder was also thinking of how to kill her and obtain the treasure from her hand!

Thinking of this, Huang Yueli's eyes rolled and she didn't spend too much time to win his trust.

She coughed lightly and asked in a low voice, "Buddy, earlier I saw you taking a rainbow-coloured stone from your realm ring. What kind of stone is that? Is it a kind of treasure in your Lower Realm?"

The ascender went into a daze and instantly frowned. "What do you mean by this? What do you want to do? I'm telling you, those stones are merely transaction stones which our Golden Ray Continent use. Although it is useful in aiding one's cultivation, to tenth stage realm practitioners like us, there's not much use! In Golden Ray Continent, we merely use it to trade for other treasures! But in God Realm, it's simply worthless. Even if you try to snatch it, there's not much use!"

Hearing Huang Yueli's question, his first reaction was that he had exposed his fortune. That was probably why Huang Yueli had her eye on him. From the looks of this, she would probably want to snatch it from him openly!

Huang Yueli observed his expression and on seeing his reaction as what she predicted, her lips curled into a smile.

“This brother, you must be mistaken! I indeed feel that the stone that you have is very beautiful. Moreover, the attribute is very compatible with a kind of cultivation method I am mastering, so that’s why I’m thinking of getting some. But I’m an upright person and will absolutely not resort to despicable methods to obtain it. I just merely want to do a transaction with you!”

“Do a transaction? What transaction?”

The ascender still had a suspicious look on his face. It was obvious that he didn’t trust Huang Yueli at all.

Her right hand flipped and a long sword was drawn out from her interspatial ring!

This long sword was of the most outstanding Profound Weapon that she had refined in the Lower Realm.

Initially, she wanted to help Li Moying refine the best Profound Weapon. Hence she did not mind exhausting a large number of resources and also practice again and again to increase her armament refining standard. Then she finally managed to produce a few outstanding Profound Armaments. Moreover, those were all Li Moying’s frequently used long swords.

These Profound Weapons had already surpassed ninth tiered upper grade Profound Weapons. Although it wasn’t the same as the Amethyst Light Sword which was a Supreme Profound Armament, from the exterior alone, it looked the same as a Supreme Profound Armament.

Other than real experts, no one would be able to tell the difference.

Huang Yueli knew that this Profound Armament definitely still had a flaw. Hence there was no way to attain the Supreme Profound Armament’s standard, but since she could not find the exact problem, she could only leave these Profound Weapons aside. When she had time in the future, then she would conduct full research on it.

In the end, her Profound Weapon had yet to be refined but Li Moying had already ascended.

As for these few, she retrieved it from Blue Profound Sect before she ascended, just in case.

Now, she took one of the Profound Weapons out. Although it is the lowest quality piece, to the Lower Realm ascender, it made his eyes light up!

This was a Supreme Profound Armament that had already surpassed the ninth tiered Profound Armament!

Even in God Realm, it was also considered a pretty good piece of weapon.

And now, for those practitioners who had just ascended from the Lower Realm, the thing they lack the most now was a handy piece of Profound Weapon!

Lower Realm was used to using these weapons and now the tiers of those weapons were simply too low..
