### Chapter 2891: Where is Huang Yueli? (1)

As for the only god grade genius in the clan that Huang Sanbai was in charge of escorting, Huang Yueli had gone missing without a trace!

From the looks of it, the clansmen guessed that Huang Sanbai and Huang Yueli had probably met with some kind of danger during their journey. Hence they ended up like this.

But no matter how explicit or hints they gave, Huang Sanbai simply kept his mouth shut. He was unwilling to tell them what they had encountered. He merely got the clansmen to keep searching for her using her portrait drawing, and also made Serene Rain Town's mayor interrogate all the Lower Realm ascenders!

No one knew what happened and could only search aimlessly for her. Would they be able to find her in such a way?

Huang Jingyuan was extremely doubtful but he didn't dare to say a single word.

He lowered his head and asked fearfully, "Master, This Disciple had already instructed the others. Now the guards in the whole Serene Rain Town have been mobilized. Any Lower Realm ascendant who is entering or leaving the town would be interrogated carefully. As long as there are any slight suspicions, they would immediately bring that person back. Serene Rain Town is the only way from Soul Connection Ocean to Sacred Phoenix Continent. So as long as Young Miss Li is still alive, it's just a matter of time before she appears in this place."

When Huang Sanbai heard this, he finally calmed down a little. He realized that his attitude was too anxious earlier and would easily arouse other people's suspicions of him.

Then he coughed loudly, "Cough cough, that's good! You must interrogate them carefully and not miss out on a single person!"

Huang Jingyuan respectfully responded but didn't leave immediately. Instead, he stood at the entrance and looked at Huang Sanbai, as he hesitated to speak his mind.

"What's the matter? Why are you still standing there? Why aren't you going to look for her?" Huang Sanbai almost lost control of his temper again.

Huang Jingyuan hesitated for a short moment but decided to ask anyway. "Master, if we were to search for her in this manner, we might not be able to find her at all. Why don't we send the news back to Clan Leader and mobilize everyone in the clan and also those forces that rely on Sacred Phoenix Race to help us search for her? Young Miss Li is our Sacred Phoenix Race's god grade genius. She will definitely return to Sacred Phoenix Race on her own, without the need for us to search for her. The only problem is she might not know how to contact us or she might lose her way in the wilderness. As long as we spread the news, she will naturally come over and look for us..."

"Dumba\*s! To think that you even thought of this idea!"

Huang Jingyuan was still speaking when Huang Sanbai interrupted him in an exasperated manner.

“You also know that Lass Li is our clan’s only god grade genius! If we were to search for her with such great fanfare, what would happen if the other forces find out and secretly do something to her? Especially those scums from Cloudy Qilin clan, perhaps they might intentionally hinder our search. By then, it’d be even more difficult for us to find her! Can you use your brain??”

Huang Sanbai berated him so badly that Huang Jingyuan bowed his head low in shame. He started to reflect on himself that his idea was indeed too sloppy.

When Huang Sanbai saw his reaction, he silently heaved a sigh of relief.

What joke was that?

He was most afraid that Huang Yueli would return to Sacred Phoenix Race right now!

Once Huang Yueli met with Clan Leader, wouldn’t his plan to murder the clan’s god grade genius to obtain the Sky Phoenix Ring be exposed completely? What would await him would only be a dead end!

The only thing he could do now was to find Huang Yueli as soon as possible and control her so that he could create another accident once again.

As she was already wary of Huang Sanbai’s existence, she wouldn’t dare to interact with Sacred Phoenix Race’s clansmen so easily, so this was his greatest chance!

Since Huang Yueli had just reached God Realm and wasn’t familiar with this place, he had to kill her as soon as possible!

Chapter 2892: Where is Huang Yueli? (2)

A cold glint flashed past Huang Sanbai’s eyes.

Luckily his subordinates were simple-minded, and his reputation in the clan had always been pretty good. Hence it hadn’t caused anyone to be suspicious of him yet.

But, he had to grab hold of time tightly...

Otherwise, the news would be transmitted back to Ice Moon Summit sooner or later...

Just at this moment, a flustered voice was heard coming from the door.

“Oh no, oh no! Master, something had has happened!”

Immediately following that, Huang Jingyuan who had just left earlier rushed in once again. There was a flustered expression on his face, and he almost tripped on the doorstep!

“What’s the matter? Why are you so flustered! Didn’t I tell you to go search for her?” Huang Sanbai frowned and sulked.

The moment Huang Jingyuan stepped into the door, he hastily said, “Master, it’s really bad news! It’s... It’s the Cloudy Qilin clan! They are here! This Disciple had just walked out and saw a Cloudy Qilin clan totem flying ship landing!”

Huang Sanbai was stunned. "Cloudy Qilin clan's people? Why are they here in Serene Rain Town? Serene Rain Town is not very far from Sacred Phoenix Continent but it's thousands of miles away from the Cloudy Qilin clan! What are they doing here?"

Huang Jingyuan quickly reported, "Master, I'm guessing that you don't know about this. They must have come from the Soul Connection Ocean! Previously after Master and Young Miss Li left Soul Connection Ocean, we were at the sentry post packing our luggage and were about to leave. But we met with a group of Cloudy Qilin clan's practitioners who came knocking on our doors!"

"Oh? There's such a thing? Why did the Cloudy Qilin clan people come to the Soul Connection Ocean for?" Huang Sanbai suddenly had a bad premonition.

Speaking of this, Huang Jingyuan bore a furious expression on his face!

"What else could they want? Those bunch of people has extraordinary skills and the rest of us are not their match. The moment they opened their mouth, they asked where our god grade genius was! I don't know where they got the news from. To think that they rushed over so quickly, hoping to create a ruckus! Luckily Master had great foresight and left with Young Miss Li first. Otherwise... ughh!"

Huang Jingyuan suddenly recalled that Huang Yueli later went missing, so he flusteredly shut his mouth.

But Huang Sanbai had already found out what was going on, so he couldn't help but feel puzzled.

It wasn't strange for Cloudy Qilin clan to know about them having a god grade genius. But Cloudy Qilin clan had always been one of the proudest among all the god clans. So even if they knew that there was more than one god grade genius, it shouldn't be a reason for them to challenge them over this.

This time, they actually did such a strange thing and even interrogated the Sacred Phoenix Race's ordinary clansmen...

Amid his surprise, Huang Sanbai's lips slowly curled up into a sneer!

Cloudy Qilin clan was so unsettled, and it helped him greatly instead!

Originally he was still worried, not knowing how he should explain Huang Yueli's disappearance to the clan leader. But now, it gave him a perfect excuse!

...

Whereas at this moment, in the streets of Serene Rain Town, Li Moying was listening to his guard's report with a grim expression on his face.

"Young Master Moying, this Serene Rain Town isn't very big and This Subordinate had already searched all the surrounding streets! But there wasn't any young lady who looked like what you had described. This Subordinate also followed your instructions and specially checked with various major inns' innkeepers. But they all said that they didn't have a guest like the young lady you said among the practitioners who had stayed with them..."

Li Moying was feeling anxious. "What's going on? Why did a person suddenly vanish in thin air!"

He originally thought that Huang Yueli would directly be brought back to Sacred Phoenix Continent.. However..."

Chapter 2893: Where is Huang Yueli? (3)

However, Li Moying pursued all the way to Sacred Phoenix Continent and even secretly sneaked into the city. But he waited for several days and still didn't see Huang Yueli appearing.

Even the Elder, who was said to be escorting her, had disappeared without a trace.

He had a bad premonition and immediately decided to leave the city to search for her.

Initially, Li Moying had already searched around the surrounding cities and towns. But there were no clues at all. As he had no other choice, he rushed to Serene Rain Town, which was the closest to the Soul Connection Ocean.

Actually, he no longer bore any hopes.

Based on the speed of the Azure Luan that Huang Yueli rode, it would take a few hours for her to pass through Serene Rain Town. So the possibility of her remaining in that small town was almost zero. The greater possibility was that something happened to her during the journey...

Li Moying's brows furrowed and he was pondering over it when he happened to see a purple-red colored uniform on one of the practitioners from the corner of his eye.

"... Isn't that Sacred Phoenix Race's practitioners?" Li Moying asked.

The guard turned around, took a look, and answered, "Yes, Young Master. That person is wearing the Sacred Phoenix Race's standard uniform. This Subordinate will not recognize it wrongly."

Li Moying looked pensively at the figure. "That's strange. Have you noticed that from the moment we entered the Serene Rain Town, we've already seen several Sacred Phoenix Race practitioners? Logically speaking, the ancient God clan's practitioners would not possibly appear in this small town. Moreover, there are so many of them!"

Hearing that, the guards were stunned.

Although they did feel that there were a few too many Sacred Phoenix Race practitioners, all of them followed Li Moying's orders to avoid fighting with them. So they didn't put too much thought into it.

"That's right, what Young Master Moying said is right! Speaking of this, I find that these few people look a little familiar. Haven't we met them at the Soul Connection Ocean some days ago?"

"Yes, I have some impression of them too! They should be those people who are escorting the god grade genius, isn't it? Why have they been swaggering around in Serene Rain Town for the past few days? Sacred Phoenix Race should have come over by the flying ship, isn't it?"

"These people are just too suspicious! Could it be that an accident really happened to their god grade genius?"

"Haha, that'd be so interesting! Sacred Phoenix Race finally has a god grade genius but they haven't even got time to be smug about it and an accident had occurred?"

“Perhaps there’s no accident at all. Maybe they just don’t have a god grade genius, and they are just fooling with us!”

The guards talked about this softly and their tones sounded as though they were gloating over the other party’s misfortune.

In the middle of their conversation, they sensed powerful oppression from above which made a chill run down their spines.

Everyone lifted their heads hurriedly and they met with Li Moying’s icy cold stare.

“Shut your mouths! Anyone who dares to say that the Sacred Phoenix Race’s god grade genius had gotten into an accident, don’t blame This Young Master for being merciless!” Li Moying said coldly.

The guards trembled with fright!

Li Moying had always been cold, aloof, overbearing, and dignified, but he had never spoken to them in such a dark and terrifying tone.

In this instant, the baleful look on him was so substantial that it made all the guards present feel a bitter cold feeling in the abyss of their hearts...

They hurriedly lowered their heads, not daring to say a word.

But no one could understand what was going on.

Why did Young Master Li suddenly get angry? Earlier, they... didn’t seem to say the wrong things?

Cloudy Qilin clan and Sacred Phoenix Race had always been mortal foes and usually, when everyone talked about the Sacred Phoenix Race, they had always used such a gloating tone..

#### **Chapter 2894: Where is Huang Yueli? (4)**

They totally didn’t feel that anything was amiss.

It was wonderful that Sacred Phoenix Race’s god grade genius had gone missing!

Just as everyone was puzzled, Li Moying’s cold voice suddenly rang. “Something is indeed strange about this. It looks like... we have to ask one of the Sacred Phoenix Race’s men to find out what’s going on!”

“Asking them?” The guards were stunned.

Li Moying had already turned around, towards the Serene Rain Town mayor’s residence!

Serene Rain Town was one of the municipalities under Sacred Phoenix Race’s jurisdiction. If anyone from the Sacred Phoenix Race were to come here, the mayor would definitely bring them to his residence!

So if he wanted to find the leader of the Sacred Phoenix Race, that would be the most direct way.

Seeing that Li Moying had already walked a distance away, the guards immediately understood what was going on and hurriedly chased after him.

The group of people arrived at the mayor's residence. When they were a distance away, the guards at the entrance had already broken out in sweat!

They had never seen so many Cloudy Qilin clan practitioners appearing in Serene Rain Town at the same time before this. From their stance, they seem to come to create trouble...

The Sacred Phoenix Race's Elder was inside the manor right now. Could it be that they were here to look for Elder Sanbai?

"This... this Young Master, please... please stop right there! This... this is Serene Rain Town's mayor's residence. All out... outsiders please... please halt!"

The manor's guards braced themselves and walked up to stop them. He stammered while talking and finally completed his sentence.

It really was because these Cloudy Qilin clan's practitioners seemed as though they had extraordinary power. Ordinary practitioners like them from a small town were not their match.

If he wasn't careful and offended them, he might possibly invite trouble on himself!

However, Li Moying didn't even bother to look at him and walked past him directly into the courtyard.

The manor's guards wanted to step up to block his way but were terrified by the powerful aura he was giving off. They totally didn't dare to go near him at all.

"This Young Master... you... this..."

The guards were so anxious that they were about to faint!

If they were to stop him right now, it would be equivalent to digging their graves. But if they didn't manage to stop these Cloudy Qilin clan practitioners from barging in, they wondered how the mayor would punish them...

Just as they were at a loss on what to do, the main hall door opened with a creaking sound.

Immediately following that, the white-haired Huang Sanbai walked out of the hall. Following behind him was his direct disciple, Huang Jingyuan.

Li Moying stopped and squinted his eyes slightly as he sized Huang Sanbai up.

Huang Sanbai held a high position in Sacred Phoenix Race. Li Moying had once read about his information in the clan and immediately recognized him.

At the same time, Huang Sanbai was also observing Li Moying.

At first glance, he was shocked by Li Moying's handsome and ageless countenance!

Ancient god clan's bloodlines are noble and all the disciples had outstanding looks. But it was the first time he had seen someone as good-looking as Li Moying.

Moreover, this person looked really very young and was very powerful!

He was just in his early twenties and already had such a powerful aura. The power emitted from Li Moying made a Dao Profound Realm practitioner like Huang Sanbai waver!

His pupils abruptly shrank!

This young man, he should be... Cloudy Qilin clan's legendary god grade genius!

Li Moying only paused for a moment and opened his mouth to ask, "Where is Huang Yueli?"

When he asked that, Huang Sanbai was stunned. "You... how do you know..." Sacred Phoenix Race's god grade genius's name?

### **Chapter 2895: Where is Huang Yueli? (5)**

Even if it was Huang Sanbai himself, it was only after he picked her up before he found out about her real name!

But this young practitioner was from the Cloudy Qilin clan. So how could he possibly find out the situation so clearly in such a short time?

Huang Sanbai was still pondering over this when he heard a shuffle of footsteps coming from a distance away.

Shortly after, several figures came rushing from the end of the corridor. The Sacred Phoenix Race's disciples had heard about this and all of them rushed out to act as reinforcements.

"Elder Sanbai, are the scums from Cloudy Qilin Clan here to seek trouble with us again?"

"Where are they? This time, we must show these scums the real power of Sacred Phoenix Race!"

"Wait, isn't this... the same person we met in Soul Connection Ocean that time..."

The Sacred Phoenix Race's practitioners were initially very aggressive. But when they took a clear look and discovered that the person was Li Moying, a majority of them drew in a breath of cold air and lost their ability to talk.

Huang Sanbai took a look and saw the Sacred Phoenix Race's clansmen had already arrived. So he didn't have time to find out why Li Moying knew about Huang Yueli's name.

He instantly slapped his thigh and pointed at Li Moying as he howled, "You stinky brat! So you're the one at the Soul Connection Ocean! How dare you threaten my Sacred Phoenix Race's disciples and moreover, you even chased us all the way to Serene Rain Town to create a ruckus! Looks like Lass Li's disappearance is something that you, Cloudy Qilin clan had plotted! Quickly hand Lass Li over right now! Otherwise, don't blame me for not showing you any respect!"

Li Moying's brows creased when he heard that. "What did you say? Huang Yueli is missing??"

His voice was still cold, but there was an untraceable hint of frustration in it.

Huang Sanbai sneered and revealed a furious expression on his face. "You're still trying to play dumb! Isn't this part of your Cloudy Qilin Race's plot? Why? When you hear that we, the Sacred Phoenix Race,

also has a god grade genius, you can't sit still any longer? Were you intending to kill our god grade genius before she has fully matured? You people don't think much of Sacred Phoenix Race at all! Don't think that you can treat all of us like fools!"

Li Moying's brows creased even tighter upon hearing that.

From Huang Sanbai's meaning, it seemed that Huang Yueli had really gotten into trouble!

Although Huang Sanbai's underlying meaning was to push the disappearance onto Cloudy Qilin clan, Li Moying didn't think much of it at all.

Cloudy Qilin clan and Sacred Phoenix Race had a deep feud and he happened to appear around the Soul Connection Ocean several times. So it was logical for the other party to think in such a way.

Li Moying paused for a moment and ignored the Sacred Phoenix Race's practitioners' hooting. Then he turned around and told the guards, "Go in and take a look, to see if Huang Yueli is inside the mayor's residence or not!"

Although Huang Sanbai claimed that she had gone "missing", Li Moying couldn't accept this result at all. He would rather assume that Sacred Phoenix Race had hidden Huang Yueli somewhere!

If she was attacked and disappeared in God Realm, he didn't know what he would do!

Even if he trusted his Li'er's ability very much, she had just ascended after all and didn't know anything about God Realm at all!

If anything were to happen, the possibility of escaping from danger wasn't high at all!

Moreover, Sacred Phoenix Race sent someone to protect her. Yet, they didn't manage to bring her back safely...

He could not bear to imagine what difficulties were his Li'er experiencing right now!

Li Moying's guards responded with a "yes" and dashed right into the mayor manor's rear courtyard.

### **Chapter 2896: Was It You Earlier? (1)**

Huang Sanbai's expression changed. "What impudence! How dare a junior bully us in such a manner! Looks like it won't do if we don't teach you a lesson! Men, take him down!"

Actually, without his command, the Sacred Phoenix Race's practitioners were all preparing to take action.

As they had been on the losing end when they were in Soul Connection Ocean, this time before they were going to fight, everyone prepared their most powerful Spirit Armaments and most incredible attack moves. They hoped to defeat the Cloudy Qilin clan practitioners so that they could show off their moves in front of Huang Sanbai.

However, the guards that Li Moying brought along this time were all talented practitioners which Cloudy Qilin clan had specially picked out for him. Their abilities were much stronger than those younger Sacred Phoenix Race's disciples!

Both parties briefly crossed hands and Sacred Phoenix Race was on the losing end. Their formation had been scattered and a gap appeared in the crowd, which allowed the Cloudy Qilin practitioners to dash right in!

Huang Sanbai slighted these juniors with disdain and originally didn't intend to make his move due to his status.

But if this carried on, Sacred Phoenix Race would suffer a crushing defeat. So he couldn't care about anything else and instantly raised his hand, shooting out a fierce palm wind towards the foremost Cloudy Qilin clan guard!

A Dao Profound Realm mid-phase practitioner's power wasn't something that these young Dream Profound Realm practitioners could fight against.

Huang Sanbai's palm wind contained scorching fire attributed energy and it flew across the sky with a golden-red ray. It was so bright that it almost blinded everyone.

It was imaginable if one was struck by this Profound Energy, that Cloudy Qilin Clan guard would absolutely be severely injured!

After Huang Sanbai struck out this move, he felt that victory was already theirs. So a proud smile surfaced on his lips.

But before he could even laugh, he suddenly sensed a vigorous tremble from his hand!

A burst of powerful energy clashed fiercely against his palm wind!

A deafening explosion rang next to everyone!

Huang Sanbai was caught off guard and his hand immediately turned numb from the vibration coming from that burst of energy. His blood and qi around his chest rummaged, and he couldn't help but take a step back.

"This... this..."

He stared in front in disbelief and for a moment, he wasn't able to respond at all. He didn't know what happened exactly.

It was until the smoke from the explosion had settled down when Li Moying's tall figure slowly appeared in the dust.

Huang Sanbai suddenly recollected his senses and when he opened his mouth, his voice quivered slightly. "You... you... it was you earlier??"

Li Moying didn't reply to him. Instead, the corners of his lips curled upwards. He made a signal to the guards, telling them to quickly search the inside!

The guards were originally a little hesitant as they were worried that Li Moying would be at a disadvantage when he faced Huang Sanbai. But after he swept a cold glance at them, no one dared to defy his command and they started to dash into the rear courtyard.

Sacred Phoenix Race's practitioners were completely stupefied!

A young Cloudy Qilin clan practitioner, who might be even younger than them, actually received their Elder's move!

Huang Sanbai had struck out hastily so he only used 30% of his power. Moreover, he also didn't use any Profound Skills. But that was still a Dao Profound Realm practitioner's move!

It was inconceivable that such a young practitioner was able to make his move!

That scene left everyone dumbstruck. So none of them thought about chasing after the Cloudy Qilin clan's people.

Huang Sanbai couldn't care about the others.. He just stared intently at that young, handsome countenance.

### **Chapter 2897: Was It You Earlier? (2)**

Suddenly, he seemed to have recalled something and opened his mouth to ask, "You... don't tell me you are Cloudy Qilin clan's.... god grade genius?"

"What? Cloudy Qilin clan's god grade genius??"

Huang Sanbai's question was like a bolt of lightning that struck all the Sacred Phoenix Race practitioners' heads.

A number of them exclaimed in shock!

"Impossible! How can this be??"

"Cloudy Qilin clan's god grade genius, why would he appear right here!!"

After a fluster of panic, all the Sacred Phoenix Race's practitioners looked at Li Moying warily as they tried to size him up. At the same time, suspicions were starting to rise in their hearts.

Initially, they couldn't understand why the god grade genius would come to Serene Rain Town. But Li Moying's ability, age, and temperament were so obvious. Anyone who was not blind could see it clearly.

Such a young practitioner having the ability to fight against a Dao Profound Realm Elder, and having so many Cloudy Qilin clan's practitioners stay around him, he should hold a respectable position within the clan.

Moreover, Sacred Phoenix Race's practitioners had some interactions with Cloudy Qilin clan's genius disciples. But they had never met Li Moying.

Adding on to so many elements, the young man in front of them could possibly be... he really was...

Everyone looked at Li Moying with mixed emotions ranging from shocked, revered, alarmed, and even terrified.

However, Li Moying retained that cold look on his face. His glow in his eyes was frighteningly icy and unfathomable.

Even Huang Sanbai was intimidated by his aura. For a moment, his mind was totally blank!

But very soon, Huang Sanbai recollected his senses!

If this person really was Cloudy Qilin clan's only god grade genius, then Cloudy Qilin clan must have gone insane!

They allowed their god grade genius to leave the Cloudy Qilin Continent on his own before he had fully flourished, and even exposed his identity in front of the Sacred Phoenix Race! Wasn't he digging his own grave?

No matter how high his innate talent was, his cultivation was merely in Heart Profound Realm right now.

As a Dao Profound Realm mid-phase practitioner, it would be a piece of cake for Huang Sanbai to deal with Li Moying with his full strength.

Thinking of this, Huang Sanbai's eyes narrowed. "Good, very good! You are indeed Cloudy Qilin clan's god grade genius, one with courage and insight! No wonder you dare to charge in front of us Sacred Phoenix Race and create a ruckus. You even attacked our god grade genius and caused her to be seriously injured, then go missing! I was just worrying that I couldn't find you to settle this problem, and here you are! Simply asking for death!"

He schemed against Huang Yueli this time but he fell short and didn't manage to obtain the Sky Phoenix Ring.

Even if Huang Yueli didn't appear to expose him, the god grade genius had gone missing under his care. No matter what, this was his responsibility. When he returned to the clan, he would not be absolved from the blame and would face all sorts of censures.

But if he were to kill this Cloudy Qilin clan's god grade genius right here...

This merit would totally eradicate his past misdeed!

Huang Sanbai's thoughts raced past swiftly and he abruptly shouted, "Everyone, don't be afraid! This fellow here might be a god grade genius, but he is only in the Heart Profound Realm. So just guard the main entrance and don't let him escape! I will take him down today, to exact revenge for Lass Li!!"

Hearing Huang Sanbai's words, Li Moying's pupils shrank and a horrified look flashed past his eyes!

Not that he was afraid of Huang Sanbai, but because this old man claimed that his little fox was seriously injured and he was going to avenge her...

This... could it really be true??

Sacred Phoenix Race's younger generation practitioners heard Huang Sanbai's command and all of them seemed to have awoken from their dreams.. They immediately got back into action.

### Chapter 2898: Was It You Earlier? (3)

They formed into a circle and blocked the manor's exit.

Everyone drew out their weapons and put on an attack stance, as they stared anxiously at Li Moying.

Just when Huang Sanbai was about to attack, a sharp bark was heard from the courtyard.

"What audacity! Sacred Phoenix Race's trash wants to deal with our Young Master Moying? You've overestimated yourselves!"

The mayor's manor wasn't very big. Those guards who had dashed in earlier had already completed their search, and they had just come out.

Just when they reached the courtyard, they saw Sacred Phoenix Race practitioners surrounding their young lord. So they hurriedly dashed next to Li Moying to protect him.

The leader of the guards blocked himself in front of Li Moying. He suppressed his voice and spoke anxiously, "Young Master, this old fellow, Huang Sanbai is one of the famous top exponents in Sacred Phoenix Race and isn't easy to deal with. So it's better for you not to butt heads with him! Later on, This Subordinate will block his attack. Please leave this place first..."

There wasn't any slight movement in Li Moying's expression, as though he wasn't aware of the danger beside him.

Opening his mouth, he asked coldly, "Did you find that Sacred Phoenix Race's god grade genius?"

The guard was stunned and hurriedly said, "No, no I didn't! The only people left in are the women from the mayor's family. All of the Sacred Phoenix Race's practitioners had already run out here..."

When Li Moying heard that, his chest suddenly tightened!

His Li'er had really gone missing!!

Before this, he had a ray of hope. He wished that Sacred Phoenix Race's people had hidden Huang Yueli somewhere but now... the truth was right before him. There was no way for him to find any excuse to deceive himself!

Li Moying clenched his teeth tightly and asked, "Huang Sanbai! Didn't you personally escort Huang Yueli back to the Sacred Phoenix Continent? A Dao Profound Realm Elder couldn't even protect the clan's genius? What happened during the journey? What happened to her exactly??"

Seeing Li Moying's agitated look, everyone present, including the Cloudy Qilin clan or Sacred Phoenix Race's practitioners were extremely puzzled!

Today, Li Moying had been showing a conceited and aloof look for the whole day, as though nothing would shake him up.

Even when so many practitioners had surrounded him, he wasn't even scared at all.

But now, hearing Huang Yueli's disappearance, he actually became so impulsive?

Huang Sanbai was very surprised as well. But linking everything that had happened previously, he had the wrong idea. He felt that Li Moying was afraid of becoming the scapegoat, hence he wanted to explain in the faces of the Sacred Phoenix Race practitioners.

He naturally wouldn't permit such a thing from happening so he said, "Shut up! You little brat, still trying to pretend? Wouldn't you know if anything happened along the way? We met with a sneak attack by the Cloudy Qilin clan and I was knocked unconscious and suffered a serious injury. By the time I regained my consciousness, Lass Li had already gone missing! It must be you, Cloudy Qilin clan's people who had captured her!"

Li Moying frowned and before he could say a word, his guards were already shouting back at him.

"You old man, don't you dare malign us on every single thing! We haven't even met that god grade genius, not even her shadow, so how can we possibly capture her? Who knows who you were attacked by on that day? A Dao Profound Realm practitioner couldn't even see who had attacked you? Isn't that too comical!"

The guards looked indignant, but no one suspected that Huang Sanbai was trying to cover up for himself and had hurt Huang Yueli.

#### **Chapter 2899: Was It You Earlier? (4)**

After all, Huang Sanbai was one of Sacred Phoenix Race's famous top exponents. He had always been loyal to the family so no one would have imagined that he would murder the clan's most important god grade genius,

From what the other people thought, protecting Huang Yueli was totally beneficial for Huang Sanbai!

If Huang Yueli were to join his branch, their branch would develop according to the situation and he would gain from her fame.

Only if he had gone mad would he harm Huang Yueli!

As for Huang Sanbai, he was determined to make Cloudy Qilin clan a scapegoat. He sneered and said, "Trying to pretend? I've already made it so clear but you're still trying to deny it! You Cloudy Qilin clansmen are the ones who attacked us. I am indeed not as sneaky and despicable as you, so that's why I fell for it! If you didn't see Lass Li, it means that she was witty enough to have escaped! No wonder you guys keep checking about her whereabouts! But with me around, you can forget about trying to harm Lass Li for the second time!"

He raised the pitch of his voice and barked sharply, "Aren't you guys going to make a move??"

Saying that, Huang Sanbai immediately struck out and joined his hands into one!

Two rays of fire attributed Profound Energy swirled around his palms. It formed into a huge fire dragon and charged towards Li Moying's direction!

Li Moying blocked Huang Sanbai's blow earlier and knew that this god grade genius had extraordinary power. He had surpassed same leveled young practitioners so he didn't dare to slack off at all. This time, he used 90% of his power, hoping to kill Li Moying in one blow, or at least deal him with a serious injury!

If he could cripple or kill Li Moying, then he would become Sacred Phoenix Race's outstanding minister!

The Sacred Phoenix Race practitioners around them immediately followed suit when they saw what was happening!

Cloudy Qilin clan's guards quickly got into their formation and gripped their long swords tightly, as they were embattled!

However, if they went up against ordinary practitioners, they would have the absolute advantage. But facing a Dao Profound Realm practitioner's full power, there was no resistance at all!

Just when the Cloudy Qilin clan practitioners were about to be severely injured, Li Moying suddenly lifted his right hand.

"Lilac Jadeite, show yourself!"

A cold but magnetic voice rang out in the skies.

Following that, a ray of purple-colored glow flashed past and a beautiful, strong Qilin landed in the courtyard.

This Qilin wasn't very big, and it looked as though it had not fully matured.

But its scales on its body gave off a purplish gold dazzling ray, as though each piece had powerful strength and might!

If Huang Yueli was here, she would be shocked to see this Qilin!

Because this was the same little Qilin that she and Li Moying saved in the Cloudy Qilin mystic region. But one year ago when Li Moying ascended, it looked much smaller than Little Wang Cai. However, now, it had already grown this incredible!

Little Qilin's sudden appearance left all the Sacred Phoenix Race's practitioners stupefied!

Although it was said that every ancient God clan in history had once tamed ancient spiritual beasts. However, it was something that only the clan's top rated exponents could achieve. In fact, there would only be one in every ten thousand years.

Take Sacred Phoenix Race as an example. Putting aside the Phoenix, an ancient spiritual beast, even a top rated spirit beast like the Azure Luan was a creature that even Huang Sanbai, an esteemed Elder, could not tame!

Whereas for now, what did they just see?

This Cloudy Qilin clan's young practitioner had casually summoned a Qilin!

Moreover, from the exterior of this Qilin, they could tell that it definitely came from a royal bloodline!

**Chapter 2900: Was It You Earlier? (5)**

A thought instantly surfaced in every practitioners' mind.

"It's just too infuriating to compare with him!"

Look at him, in terms of talent, he is a god grade genius. At a young age, he had already advanced into Heart Profound realm. In terms of looks, he was so handsome and time had not left any traces on his face. It made numerous young ladies fall in love with him at first sight. In terms of status, he was from an ancient god clan and his existence was just beneath the clan leader!

Whereas now, he actually subdued an ancient spiritual beast so easily!

Sacred Phoenix Race practitioners went into a momentary daze because of the sudden appearance of the Qilin.

Even though it was just a few mere seconds, under this kind of battle, this bit of time could prove to be fatal!

Li Moying struck out a hand gesture and Little Qilin stomped its feet!

A ball of blinding purple glow shot out speedily under its feet. Moreover, it grew larger and larger, spreading all around!

Sacred Phoenix Race practitioners were caught off guard and they were struck by this ball of energy!

Among them, those with slightly weaker abilities were thrown out directly. As for those slightly stronger ones, they couldn't help but throw up blood and step backward.

Huang Sanbai made his move earlier and the burst of energy that he threw out crashed with that Little Qilin's purple ray!

Dao Profound Realm practitioners had strong abilities after all. Moreover, Little Qilin was considered an infant. So when the two bursts of energy crashed against each other, Little Qilin was also injured. It cried out sharply and when it moved backward, Li Moying just happened to catch it.

Although Huang Sanbai wasn't seriously injured, he immediately realized that the situation was not favorable to them!

The reason was that he suddenly sensed a numb feeling in his entire body and his limbs couldn't move at all!

"That Qilin's innate skill... is paralysis!!"

This thought flashed past Huang Sanbai's mind!

But it was too far for him to realize it now!

After Li Moying caught Little Qilin, he hurriedly grabbed the chance while the Sacred Phoenix Race practitioners were paralyzed and drew out his long sword. Then multiple bolts of lightning descended from the sky!

Huang Sanbai couldn't fight back and fainted after being struck by lightning!

The guards beside Li Moying cried out elatedly, as they gave words of praise.

“Young Master Moying, you really are... too powerful! It’s This Subordinate’s first time seeing an ancient Qilin!”

“Dashing, you’re too dashing! That Sanbai old man from the Sacred Phoenix Race is so used to flaunting his seniority. I’ve wanted to teach him a lesson since long ago!”

“What Dao Profound Realm Elder is he? He can’t even defeat our Young Master Moying, hahaha! Sacred Phoenix Race’s practitioners are really weaklings! How do you even have the cheek to claim that you are part of the ancient God clans?”

“You even dare to malign us! Let’s go beat that old man up!”

Cloudy Qilin clan practitioners were exceptionally excited. Seeing that the Sacred Phoenix Race’s Elder had fallen under their feet, this was such a rare chance to come across!

Especially Huang Sanbai, who was especially loyal to Sacred Phoenix Race. He would go around bullying people from the Cloudy Qilin clan and had made a lot of enemies.

Seeing him run into bad luck, everyone wanted to give him a kick in the face.

Whoever knew that they had just rushed up to that old man, but they heard Li Moying’s icy cold voice ringing behind them.

“Enough, don’t hit anyone’s face. In the future, anyone under me is not permitted to initiate any trouble with Sacred Phoenix Race!”

Cloudy Qilin clan practitioners were all stunned and they couldn’t believe their ears!

“Ughh, huh? What... what’s going on?”

“Young Master, you... you this....”

Li Moying was their future Clan Leader of the Cloudy Qilin clan, so shouldn’t he dislike Sacred Phoenix Race the most?

Even if he originally didn’t have any feud with them, but didn’t that old man Sanbai just malign him earlier?
