### **Chapter 2931: Free Show (3)**

Huang Yueli cried out in surprise, “Really? Then I’ll have to thank Grandmaster Bai for this!”

She intentionally mentioned this to him but it was out of her expectations for him to agree so readily.

On seeing that Grandmaster Bai had agreed, the Spiritual Armament Master beside her couldn’t say anything about it. He gave a harrumph and led Huang Yueli to the rear courtyard.

There was a stage in the courtyard. Grandmaster Bai and Grandmaster Xiao were already walking towards it.

The place below the stage was filled with tables and chairs, and quite a number of Spiritual Armament Masters had already taken their seats.

Huang Yueli found a place in the corner and sat down.

When the admission officer saw that, he snorted softly. “It’s good that this fellow knows his limits!” He didn’t bother about Huang Yueli and looked for other Spiritual Armament Masters who he was familiar with to sit with them.

After a while later, Li Leyun also walked in from the other corridor.

When she appeared, all the other Spiritual Armament Masters’ eyes lit up!

“It’s Young Miss Leyun! Young Miss Leyun is here!”

“Young Miss Leyun, look here. I’ve saved the best seat for you. You can hear the lecture from here the clearest!”

“Stop dreaming. Why would Young Miss Leyun want to sit with you? Didn’t you see that President Gao had accompanied her here personally?”

Huang Yueli looked over curiously and saw a middle-aged man standing next to the beautiful Spiritual Armament Master. A Sky Gem Grandmaster badge was pinned on his chest and it seemed that he was the presiding officer in charge of Flame Square City’s Sky Gem Glass Chamber.

President Gao brought Li Leyun over to meet Grandmaster Xiao.

After they exchanged conventional greetings, President Gao pointed to the young lady next to him and introduced her. “Grandmaster Xiao, this is Spiritual Armament Master Leyun who came to Flame Square city on an experience learning trip. Young Miss Leyun isn’t even thirty years old yet but she’s already a mid rank Spiritual Armament Master. Her innate talent is really outstanding! She worships Grandmaster Xiao, you, a lot!”

President Gao was a humble man and he was especially glad to help the younger generation with outstanding innate talent. Hence he naturally had high expectations for Li Leyun.

On the contrary, Grandmaster Xiao’s response was much colder.

A mid rank Spiritual Armament Master under thirty years old might sound impressive to ordinary people, but Grandmaster Xiao had met plenty of them!

He nodded slightly. "Her innate talent is not bad, indeed a talent. She should be nurtured well!"

Although he said it politely, he didn't even look at Li Leyun in the eyes at all. Apparently, he didn't think much of her.

When Li Leyun saw his look, she felt her anger rising!

She was Cloudy Qilin Clan Leader's niece. Usually, who wouldn't fawn on her and praise about her armament refining innate talent! This old man looked as though he wasn't interested in her at all!

She didn't even despise this old man for being a lowly human race!

Luckily, Li Leyun remembered that Flame Square City was the Sacred Phoenix Race's turf, so she forced herself to swallow this anger and went down the stage to take her seat.

The Spiritual Armament Masters below the stage all swarmed around her, envious that she had the chance to get so close to Grandmaster Xiao.

Li Leyun sneered silently and ignored those human race Spiritual Armament Masters.

Huang Yueli hid in the corner and saw everything.

"Tsk tsk, this kind of person hangs around everywhere! I got to watch a free show again!" Huang Yueli shook her head.

Grandmaster Xiao got up on the stage and shortly after, she officially started his lecture.

Huang Yueli cast Li Leyun behind her mind and started to listen attentively.

The lecture had just started for a moment and Huang Yueli realized that Grandmaster Xiao lived up to his name for being God Realm's first rated Sky Gem Grandmaster!

He had in-depth research in the refining of Spirit Armaments..

#### **Chapter 2932: Free Show (4)**

The only thought that Huang Yueli had in mind was to refine the strongest weapon for Li Moying, so she listened extremely attentively.

She learned a lot of things from Grandmaster Xiao's analysis.

All the questions that she had when she read the books were all resolved.

Huang Yueli was very engrossed, and she felt that Grandmaster Xiao's lecture was truly great.

But to many of the Spiritual Armament Masters here, they were not feeling the same.

In reality, a majority of them totally couldn't understand what Grandmaster Xiao was talking about!

Although many of them had passed various assessments and became genuine Spiritual Armament Masters, most of them had scraped past the courses through memorization. They were not clear of the underlying principle at all.

Moreover, when they were refining armaments, they had to strictly follow according to the indications in the blueprint. So they only knew very few kinds of Spirit Armaments.

Once the materials in their hands had some slight changes or if the external conditions were different, their refinement would definitely fail!

But Grandmaster Xiao's lecture was all related to the most basic principles of armament refining. In these people's ears, it was no different from reading a hieroglyphic!

When the lecture started, a majority of the Spirit Armament Masters below the stage were dazed because they couldn't understand the contents at all!

Although they didn't dare to talk in front of Grandmaster Xiao, their minds were already wandering and all of them had already gone into a trance!

It was the same for the Spiritual Armament Master who admitted Huang Yueli. He sat upright and still while sneaking glances around.

Li Leyun was seated right in front of him, and she was listening attentively.

He couldn't help but think silently, "As expected from Young Miss Leyun, her innate talent is much stronger than us by so much! She's probably the only one who can understand Grandmaster Xiao's lecture in this entire place!"

The admission officer sighed and turned his gaze elsewhere.

When he looked in Huang Yueli's direction, he was stunned.

Huang Yueli propped her chin with one hand and her eyes were glued to the stage without blinking. She was extremely focused in listening to the lecture and she would nod occasionally, as though she was echoing in agreement to what Grandmaster Xiao said.

The admission officer went into a blank and sneered, "He's so good at pretending! Grandmaster Xiao's lecture is so profound so how could an apprentice like him possibly understand this? He even showed such an expression, he's really good at pretending!"

However, Huang Yueli didn't notice that someone was looking at her.

She placed all her attention on Grandmaster Xiao. She was listening to him analyze the armaments far away and also watching him display the method on stage.

At the same time, she compared her refining process against Grandmaster Xiao's method.

'Oh, so it's supposed to be treated in this way. Mmm, yes, it's logical. In this way, the blade will be even sharper... Hmm, if a few more reflection points are added to the energy field, it would indeed double up the power! Grandmaster Xiao is so incredible!"

“But...” After a moment later, she frowned puzzledly. “It seems a little strange on the way of handling this here. Grandmaster Xiao says that adding this array pattern would increase a total of 30% power. But there’s a pattern array that can increase up to 40%. I’ve already verified it for myself! Why didn’t Grandmaster Xiao use it? Could there be other problems? Later I’ll need to clarify my doubts!”

By the time Grandmaster Xiao was done with his lecture, Huang Yueli had already discovered about four to five similar doubts.

Finally, Grandmaster Xiao stopped and drank some water.

“Alright, I shall stop my lecture here today. Now, we’ll be going into the next segment..’

### **Chapter 2933: Free Show (5)**

President Gao hurriedly took over when he heard that. “Grandmaster Xiao had said that he would personally comment on the Spirit Armaments that everyone brought. It’s a rare chance for such an outstanding Sky Gem Grandmaster like Grandmaster Xiao to give you some pointers, so please don’t miss it!”

Hearing that, all the Spiritual Armament Masters began to stir with excitement!

Although everyone did not understand the lecture, they did not leave because they had been waiting for this moment!

Even Huang Yueli could not sit still!

She had a lot of questions and was hoping that she could have an in-depth discussion with Grandmaster Xiao!

The city walls soared high into the clouds at the Sacred Phoenix Continent.

Li Moying brought along his guards and was about to enter the city via carriage.

“Wait, the three of you, stop there. What are your identities and where did you come from?” The trio was stopped when they had just arrived at the city gates.

Li Moying frowned slightly, not expecting Sacred Phoenix Race’s men to conduct such strict checking. Everyone, who was entering the city, had to line up and be checked.

In this way, that meant that Sacred Phoenix Race’s men hadn’t found his Li’er as well...

Actually, Cloudy Qilin clan’s practitioners had always been rejected by the Sacred Phoenix Race. Luckily, Li Moying was already prepared and made some slight changes to his clothes. He removed all the items which bore the Cloudy Qilin clan’s markings on him.

Li Tian Yi walked up and after a period of socializing with the Sacred Phoenix Race’s guards, they entered the city successfully.

After they entered, Li Moying hurriedly went to the gathering point in Flame Square City where he was supposed to meet with up the others.

The guards had arrived earlier than him and when they saw Li Moying walking in, all of them swarmed up and bowed to him respectfully.

Li Moying waved his hand impatiently and said, "Alright, dispense with the formalities. I asked you to search for Li'er's traces in the neighboring towns. Has anyone found any clues?"

Hearing that, everyone turned silent.

"Young Master Moying, this..

"This Subordinate has failed to complete the mission. Will Young Master please mete out my punishment!"

"We've already checked with the neighboring towns and cities but no one had seen that young lady that you described..."

The guards started to speak cautiously. The more they spoke, the more apprehensive they got.

Speaking of that, the person whom Li Moying made them search for was very special.

From Li Moying's description, Sacred Phoenix Race's peerless genius was extremely beautiful. For a young lady of this caliber, no matter where she went to, she would easily attract everyone's attention so it was impossible that they couldn't find her at all.

But under such a large-scale search, there was still no news of her so the chances of survival were not high.

Everyone was thinking of the same thing but yet no one dared to say it out!

Li Moying had already said that the young lady was his Lower Realm's wife.

They had deep feelings for each other. If she really died when she just arrived

in God Realm... no one knew if their Young Master would be able to take this blow!

If it wasn't for the fact that they saw Sacred Phoenix Race's men also searching high and low for her, they might think that this was Sacred Phoenix Race's plot to deal with their Young Master a blow!

Li Moying's expression sank gradually and his hands were clenched tightly into fists. His fingers etched deeply into his palms.

Li'er... his Li'er..

What danger did she meet with? Why was there still no news of her until today?

At this moment, Li Moying was feeling extremely regretful. Why didn't he manage to reach Soul Connection Ocean earlier, and take her away right before the Sacred Phoenix Race's men had found her!

After a round of discussion, one of them stood out and passed a letter to Li Moying.

"Young Master, we've received Clan Leader's letter, urging you to return to

Amethyst Paramount Palace as soon as possible..."

## Chapter 2934: Free Show (6)

The guard submitted the letter, took a few steps back, bowed, and stood still feeling terrified.

Actually, ever since Li Moying left Cloudy Qilin Continent, the clan had sent numerous letters urging him to return.

However, Li Moying had turned a deaf ear to it, and the guards didn't dare to use this matter to disturb him.

But this time, the Clan Leader had personally sent the letter telling him that if he still didn't return, he would come personally to capture him back!

That was why the guards didn't dare to hide this any longer, passing the letter to him.

Whoever knew, Li Moying didn't bother to take a look at it. He simply threw the letter on the ground!

"That's enough. Didn't I already tell you that you can ignore whoever tries to urge me! If I can't find Huang Yueli, I will never go back! Do you disregard my instructions? If you want me to return, why don't you spend more effort and try to find her!"

The guards looked at the letter which had landed in the mud, and they were crying bitterly in their hearts.

Since when did they not put in any effort at all? But she had vanished in thin air so there was nothing they could do about it!

Seeing that Li Moying was on the verge of an explosion, Li Tian Yi suddenly had an idea. He walked up and persuaded, "Young Master, don't be anxious. Today, there's still one more guard who hasn't come back to meet up with us. That person is Tian Wu, who you sent to Ice Moon Summit to find out more news! Perhaps Sacred Phoenix Race had already found some clues, so let's wait for his return before we take the next step!"

Li Moying heard that and calmed down.

Indeed, Sacred Phoenix Race had sent a lot more people than his subordinates.

Moreover, only Sacred Phoenix Race was most clear about Huang Yueli's situation .

"Alright, let's wait for Tian Wu here for a couple of days. The rest of you, continue to search around the cities and towns nearby. Be careful, don't let the Sacred Phoenix Race's men discover us!"

The guards hurriedly responded to him and were about to leave when someone suddenly seemed to recall something and stopped.

"Young Master, there's one more thing..."

"What is it?" Li Moying's patience was almost worn out.

The guard hurriedly said, "Young Miss Leyun had also arrived in Flame Square City one month ago and she had been waiting for your return. What do you

"Li Leyun? What's she doing here?" Li Moying frowned angrily.

"This... I heard that a famous Sky Gem Grandmaster is giving a lecture in Flame Square City and she specially came to attend it. She's currently in the Sky Gem Glass Chamber..."

"What do Li Leyun's whereabouts have to do with This Young Master? Is this matter even worth wasting time over? In the future, there's no need to tell me about it! Hurry up and go search for her!"

"Yes! This Subordinate will go right away!"

Seeing Li Moying getting slightly angry, the guards were extremely terrified. They didn't dare to waste any time and hurriedly left to search for her.

Only Li Tian Yi stayed beside Li Moying as his personal guard. He looked at Li Moying's cold face from the side and couldn't help but sigh silently.

Li Leyun had specially come to Flame Square City and everyone knew that it was because she wanted to meet Li Moying and go on experience learning with him so that their feelings would grow over time.

Alas, the dropping flowers pinned for love but the heartless brook babbled on. Li Moying wasn't interested in her at all...

Sky Gem Glass Chamber.

After President Gao finished his sentence, the Spiritual Armament Masters started to raise their hands, hoping to attract Grandmaster Xiao's attention.

"Grandmaster Xiao, I have a question!"

"Grandmaster Xiao, This Junior has brought a few Spirit Armaments along. I hope that you can give me some pointers!"

The scene was extremely chaotic so President Gao coughed loudly and picked a person, "Yuankang, you go first!"

Ji Yuankang, whose name was called, was only 35 years old but was already a mid rank Spiritual Armament Master..

### **Chapter 2935: This Is The Real Genius! (1)**

Although his innate talent was slightly weaker than Li Leyun, he was President Gao's favorite disciple, a resident Spiritual Armament Master with the highest innate talent in Flame Square City.

As compared to an outsider Spiritual Armament Master like Li Leyun, he enjoyed some special privileges.

Everyone didn't dare to make a sound when they saw him, and could only watch him walking up the stage delightfully.

“This Junior, Ji Yuankang, would like to ask Grandmaster Xiao for some pointers!”

Ji Yuankang bowed deeply and took out the Spirit Armaments that he had refined, leaving it on the podium.

That was an extremely sharp cutlass. Both the blade and handle were engraved with ocher-colored plume array patterns.

Huang Yueli immediately recognized it. This was one of the weapons that she had seen on the Spirit Armament Illustration Book, the Crimson Plume Cutlass.

She had to admit that Ji Yuankang’s armament refining skills weren’t too bad. This Crimson Plume Cutlass was exactly the same in the illustration book. It had been perfectly restored. From its luster, it could be considered to be one of the fine quality mid grade Spirit Armaments.

As expected, when this Crimson Plume Cutlass was brought out, it instantly attracted the Spiritual Armament Masters’ gasps, and they were praising Ji Yuankang’s workmanship.

Li Leyun was the only one who sneered. Did he want to get Grandmaster Xiao’s pointers just based on this ordinary Spirit Armament? Simply overestimating himself! These lowly human races were so ill-informed!

The reality was exactly the same as what she thought.

When Grandmaster Xiao saw that Crimson Plume Cutlass, he frowned after taking a glance at it. “The Spirit Armament that you want me to see is this Crimson Plume Cutlass?”

“Yes!” Ji Yuankang replied respectfully, feeling confident.

Grandmaster Xiao sneered. “It’s just a standard weapon from the Spirit

Armament Illustration Book and so badly done! The standard of mid rank Spiritual Armament Masters is very low now!”

This was simply akin to telling Ji Yuankang in his face that he was not fit to be a mid rank Spiritual Armament Master.

All the praises and gasps suddenly stopped instantly and everyone looked awkward.

President Gao’s beloved disciple was criticized in such a manner, and he felt as though he was put on the spot. But he knew Grandmaster Xiao’s temper. He was an extremely proud man who always spoke his mind. Ji Yuankang could only blame himself for his lack of skills.

So he could only say, “Yuankang, didn’t you hear what Grandmaster Xiao said?”

You need to work harder and practice even more! What are you waiting for? Aren’t you getting off the stage?”

Ji Yuankang felt humiliated so he could only leave the stage dejectedly.

President Gao cleared his throat and said, “Who else wants to come up the stage to ask Grandmaster Xiao for some pointers?”

It was completely silent below the stage.

Originally, those Spiritual Armament Masters were fighting to get on the stage. But when they saw Ji Yuankang being mercilessly despised, who dared to go up on stage? Their skills were much worse than Ji Yuankang!

Just at this moment, a melodious voice rang within the crowd.

“Mid rank Spiritual Armament Master Leyun would like to ask Grandmaster Xiao for your pointers!”

The voice stopped, and Li Leyun stood up from her seat. No one was there to fight with her, and she directly walked towards the stage.

Grandmaster Xiao nodded noncommittally.

Li Leyun felt displeased on seeing his arrogant attitude!

This old man was just a human race, how dare he be so disrespectful towards the noble God clan! If it wasn't because he had some skills, she wouldn't even want to bear with this at all!

But all these were just temporary. Grandmaster Xiao would definitely have a change of attitude when he saw the Spirit Armament that she refined.

Li Leyun was extremely confident, and her right hand flipped around to retrieve three pieces of Spirit Armaments from her realm ring. She lined it up and placed it on the podium..

### **Chapter 2936: This Is The Real Genius! (2)**

“Wow, what are those?”

“Incredible, she took three mid grade Spirit Armaments out at the same time!”

“That's not all! I've never seen those few Spirit Armaments that Young Miss Leyun is holding in the illustration book at all!”

Li Leyun's Spirit Armament left everyone stunned.

Even Huang Yueli's brows rose in surprise.

The three Spirit Armaments that Li Leyun took out were all long swords. Moreover, those were something that she had not seen in the illustration books. Apparently, they were much higher grades than those ordinary standard Spirit Armaments.

Grandmaster Xiao's eyes also lit up. “These three long swords... This is the first time I've seen them! From the looks of it, these should be some special illustrations which some big forces have kept right? If I didn't see it wrongly, these three long swords' attacks are much higher than standard Spirit Armaments by 30%. Moreover, there should be additional Profound Skills attached to it!”

Li Leyun felt extremely delighted when she heard Grandmaster Xiao talking about her Spirit Armament's merits. Her chin was raised high up as she looked at the crowd disdainfully.

Based on her innate talent and ability, sitting next to these human race Spiritual Armament Masters to attend the lecture was simply an insult!

“Grandmaster Xiao, you have good eyesight! These three long swords of mine are all refined based on my clan’s inherited illustrated books. The illustrations are extremely complex and I spent a great deal of effort before I managed to refine them successfully.”

Li Leyun’s words sounded calm but in reality, they carried a hint of flaunting. She was just waiting for Grandmaster Xiao to praise her.

Whoever knew that Grandmaster Xiao suddenly frowned shortly after he focused on the three weapons for a while.

“These three weapons illustrations are indeed extraordinary! But...”

“But what?” Li Leyun asked surprisedly.

“But your refining skills are apparently out of practice. Various areas of the energy field’s fine details are treated very crudely, not to mention that there are several array patterns which are wrong!”

Saying that, Grandmaster Xiao put on a regretful look and shook his head. “It’s a waste of such exquisite illustrations and so many high grade spirit armament materials, yet coming out with such disappointing Spirit Armaments! A waste, simply a huge waste!”

Hearing Grandmaster Xiao’s comments, everyone was stunned.

Li Leyun’s face flushed red. “You... how dare you say that about me! I’m just a mid rank Spiritual Armament Master. There are not many people who can refine these Spirit Armaments! I’m already considered a genius!”

When she was in the Cloudy Qilin clan, she had always been fawned on by the clan’s Sky Gem Grandmasters. Who dared to say that the Spirit Armaments that she refined weren’t good!

But now Grandmaster Xiao said this and her anger just flared up. She immediately couldn’t stand it any longer!

Grandmaster Xiao wasn’t an easy-going person as well. He immediately snorted coldly. “Why? You are not convinced when I said that about you? You’re just slightly better than that young lad earlier. But if you claim that you’re an armament refining genius, it’s really very far off! Do you know how many mistakes you committed in those few Spirit Armaments that you refined?”

Everyone, look at this...”

Grandmaster Xiao originally couldn’t be bothered to bicker with Li Leyun but on hearing her rebuke him, he suddenly got inspired and started to pick out all the mistakes that she had made. He started to rant endlessly on it.

After speaking for around one hour, he felt thirsty and stopped. “Let’s stop here first. There are just so many low level mistakes! You still have the cheek to call yourself a genius?”

Li Leyun's face was extremely red, and she was furious.. But yet she couldn't say a single word to rebuke him, so she was feeling very aggrieved!

### **Chapter 2937: This Is The Real Genius! (3)**

Grandmaster Xiao might be sharp -tongued but what he said was not wrong at all!

Every mistake he pointed out was true.

The three Spirit Armaments that Li Leyun was so proud of were indeed inadequate. But she didn't expect him to point it out so directly!

Seeing a genius like her, shouldn't everyone be encouragmg and praising her instead? Why would he pick on her over a small mistake?

She felt extremely aggrieved, especially when she noticed the Spiritual Armament Master's gazes below the stage. It made her wish that she could dig a hole and hide in the ground!

Seeing her stand at the original spot not moving, Grandmaster Xiao looked at her impatiently. "Why? Do you still have any other questions to ask?"

Li Leyun wished that she could punch Grandmaster Xiao's face. But this was the Sacred Phoenix Race's turf so she didn't dare to create trouble here!

Moreover, if she continued to argue with Grandmaster Xiao, she didn't know what other ways would he pick on her Spirit Armaments again!

No matter what, she was in the wrong for this matter!

Li Leyun was extremely furious but there was nothing she could do about it. Hence she hissed through her teeth, "Thank you Grandmaster Xiao for your pointers!"

After that, she swiftly kept away her Spirit Armaments and left the stage dejectedly.

If one was to compare how complacent she was earlier on the stage, then she would be incomparably disheveled right now!

Moreover, she was a person with a lot of pride. After being embarrassed in such a way, there was no way that she could continue to stay on in the Sky Gem Glass Chamber.

Li Leyun directly walked towards the door, preparing to leave this goddamn place!

Grandmaster Xiao saw her actions and didn't think much of it. He had met plenty of the so-called "Genius Spiritual Armament Masters" who had slightly better innate talent!

Not to mention himself, even ordinary Sky Gem Grandmasters like President Gao or Grandmaster Bai weren't any weaker than Li Leyun when they were young. Who did this lass think she was, who would bother to fawn on her?

President Gao felt slightly awkward but he couldn't scold Grandmaster Xiao hence he coughed loudly again.

“Cough cough, cough cough, everyone please keep quiet! Now, are there any other people who would like to ask Grandmaster Xiao for pointers on their Spirit Armaments? The time is not early any longer so will everyone please grab hold of time quickly!” President Gao attempted to ease the commotion.

Hearing his words, the Spiritual Armament Masters looked at each other in dismay but no one dared to make a sound.

Originally, everyone wanted to ask for some comments, with the hope to gain some praise from Grandmaster Xiao to raise their status.

But now, they realized that Grandmaster Xiao wouldn't praise anyone at all. Even a genius like Li Leyun who was on stage got criticized so badly. Who else would dare to go up? Wouldn't they be asking for a scolding?

Seeing that the commotion had turned cold, President Gao urged once again. “Is there no one else who'd like to come up on stage? This is a rare chance! If there's no one else, then the lecture shall end here today!”

President Gao would be very happy if no one went up.

The earlier it ended, the lesser Grandmaster Xiao would deal a blow to the younger Spiritual Armament Masters!

Right now, Li Leyun had already walked to the entrance and was just about to walk out.

Right now, Li Leyun had already walked to the entrance and was just about to walk out.

She heard President Gao's words, and a sneer surfaced on her lips/

She had already been scolded and sent off the stage. Who else would dare to go up? Flame Square City's Spiritual Armament Masters was a bunch of trash who couldn't even be compared to a finger of hers! Who would dare to go on stage?

But just at this moment, she suddenly heard a voice coming from her back.

“Grandmaster Xiao, I have a few Spirit Armaments that I'd like to ask for your comments!”

#### **Chapter 2938: This Is The Real Genius! (4)**

What?!

There's someone else who wished to ask Grandmaster Xiao for pointers??

Hearing that voice, every Spiritual Armament Master present, including Grandmaster Bai and President Bai, were stunned.

Everyone had the same thought in mind. ‘Could it be that among the Spiritual Armament Masters today, there was an even more talented Spiritual Armament Master than Young Miss Leyun hidden in the audience? Otherwise, who would dare to ask for pointers after her? Wasn't that person asking to be shamed?’

President Gao was initially prepared to announce the end of the lecture. His words were stuck at the back of his throat.

He hurriedly coughed. "Cough cough, which Spiritual Armament Master wishes to come on stage? Since there's no queue, just come up directly!"

Everyone turned and looked around at the same time, hoping to find that "incredible genius" in the crowd.

Even Li Leyun also stopped. She turned around, wanting to see which Spiritual Armament Master had self-proclaimed himself to be even more talented than her!

A figure slowly stood up from a corner and strode towards the stage.

After everyone took a clear look, their eyes widened and their eyeballs almost dropped on the ground.

"This... this... who is this person? Why haven't I seen him before?"

"I've never seen him before either!"

There's a number of foreign Spiritual Armament Masters who came by today so it's very normal that you haven't seen him around. But... look at the badge on his chest. It's a Spiritual Armament apprentice badge, right?"

"You're right, he's really a Spiritual Armament apprentice!"

"A fella who isn't even a Spiritual Armament Master wants to ask Grandmaster

Xiao for pointers? Is he mad?"

"Hahahaha, things are getting interesting. A baby calf isn't afraid of the tiger! Young Miss Leyun had already been scolded by Grandmaster Xiao that badly. I wonder if he will be thrown out of this place directly!"

Seeing such a comical fellow, the Spiritual Armament Masters all started to relax in the original gloomy atmosphere in the courtyard.

Even Li Leyun also felt that it wasn't as embarrassing as before. She silently thought that even the heavens were helping her!

This fellow would definitely be scolded by Grandmaster Xiao so badly that he would doubt what he had been doing for his entire life. By then, she wouldn't be the most embarrassed person!

Thinking of this, Li Leyun wasn't in a hurry to leave any longer. She leaned against the door and waited to see how this unlucky person would embarrass himself!

Grandmaster Bai couldn't help but frown upon seeing Huang Yueli walking out from the corner.

When she walked nearer, Grandmaster Bai hurriedly spoke out before her,

"Little Li, what are you doing? This isn't a place where you can make trouble!"

Grandmaster Xiao said earlier that he would only accept those Spiritual Armament Masters who brought along the Spirit Armaments that they have refined. So don't join in the crowd! Quickly go down!"

Grandmaster Bai had a solemn expression and his tone was extremely fierce.

But Huang Yueli knew that this Grandmaster did that because he admired her innate talent. He was worried that she wouldn't be able to stand the scolding by Grandmaster Xiao hence he intentionally chased her away.

So Huang Yueli didn't think much of it and said with a smile, "Grandmaster Bai, you're worrying too much! This Junior knows the rules. Since I've come to ask Grandmaster Xiao for pointers, of course, I've brought my own Spirit Armaments that I've refined!"

"You refined a Spirit Armament??" Grandmaster Bai stared at her as though he had just seen a ghost. "Little Li, stop talking rubbish! Grandmaster Xiao hates young people who overestimate themselves!"

The Spiritual Armament Masters below the stage started to burst out laughing.

A Spiritual Armament apprentice bringing out his Spirit Armament? What kind of joke was that?

If she could refine Spirit Armaments, she would have applied for the Spirit Armament Master's badge, right?

Huang Yueli didn't make any unnecessary explanations. Her expression was indifferent as she raised her right hand. Three Spirit Armaments then appeared on the platform..

### **Chapter 2939: This Is The Real Genius! (5)**

Three Spirit Armaments appeared and everyone sucked in a breath of cold air.

Even Li Leyun's eyes widened in disbelief.

The reason was that those three might be all Spirit Armaments, but Huang Yueli took out three different types!

One was a long sword, another was an armor while the last piece was an extremely rare jade pendant-shaped Spiritual Artifact!

It wasn't just the exterior shape that was different, the functions were totally different as well. Hence the energy field within the Spirit Armament and fusion method were different.

Ordinary Spiritual Armament Masters were well versed in only one type. Or perhaps it could be put in this way, most Spiritual Armament Masters could only specialize in one type of Spirit Armament. For example, Spiritual Armament Masters who specialize in refining long swords would have much weaker standards if they were to refine daggers, not to mention armors.

A Sky Gem Grandmaster like Grandmaster Xiao who specialized in refining all weapons was extremely scarce!

But now, Huang Yueli took three different kinds of Spirit Armaments out at once!

Moreover, one of them was the Spiritual Artifact, which was the most difficult thing to refine!

Everyone lost their senses slightly and some of them even rubbed their eyes, not believing in what they were seeing!

Grandmaster Xiao also revealed an astonished expression. After a long pause, he said, "Are these... really something that you've refined on your own?"

Huang Yueli nodded. "Will Grandmaster Xiao please give me some pointers, please?"

This time, Grandmaster Xiao's expression was no longer disdainful. In replacement was a solemn look.

He took out a set of gloves from his interspatial ring and put it on. Then he carefully picked up the left most long sword. Lifting it against the sunlight, he checked on it carefully.

He checked extremely carefully and turned it around, checking every single fine detail.

Not only that, he even put his gloved finger and gently rubbed against the sword blade, feeling the energy that was released from the engraved array patterns.

Grandmaster Xiao took a very long time to check. Those Spiritual Armament Masters originally stuck out their necks, hoping to hear his evaluation on these Spirit Armaments.

But as time went by, the audience became a little impatient and started to whisper.

"What's going on? Why is Grandmaster Xiao taking such a long time to check?" "No idea! Could this be that the apprentice's Spirit Armament is especially outstanding?"

"What joke are you cracking? He's just an apprentice. Even if this Spirit

Armament is really refined by him, there should be a limit to his standard! Moreover speaking, everyone can recognize those few Spirit Armaments that he refined right? Aren't those all standardized Spirit Armaments?"

"That's right. Earlier Young Miss Leyun's three long swords were all esoteric lore illustrations from her clan and Grandmaster Xiao didn't even spend that long to look!"

Hearing those Spiritual Armament Masters discuss about her, Li Leyun's lips twitched and almost flew into a rage again!

The displeasure in her heart towards Grandmaster Xiao increased again!

"Is this old fella blind or what? It's just a few standardized Spirit Armaments.

What's there to look at, and he's taking so long to look! What kind of top rated Sky Gem Grandmaster is he? He can't even tell the difference between good and bad Spirit Armaments."

Amid everyone's guesses and discussions, Grandmaster Xiao finally finished checking the Spirit Armament and slowly put down the long sword.

He didn't check on the remaining two pieces of Spirit Armaments. Instead, he stood up from his seat and cupped his hands in obeisance.

"Your armament refining skills are indeed miraculous works.. It's an eye-opener for me!"

### **Chapter 2940: This Is The Real Genius! (6)**

Grandmaster Xiao's reaction was simply out of everyone's expectation.

All the Spiritual Armament Masters' mouths were agape and they couldn't make a single sound because their tongues were tied!

They had to be dreaming, right? This was absolutely a dream!

Grandmaster Xiao, an extremely proud Sky Gem Grandmaster famous throughout the entire God Realm, actually... he actually treated a Spiritual Armament apprentice with such respect!

Moreover, he even said that the apprentice's armament refining skills were

"miraculous works !"

Did they hear him wrongly? Or had they met a fake Grandmaster Xiao?

Such a thing... how could it possibly happen?

Even though everyone was in a daze, Huang Yueli remained composed.

She was also shocked that Grandmaster Xiao treated her with such respect. But shortly after, she calmed down and returned the greeting courteously.

"Grandmaster Xiao, you've over-praised me! I've just started to learn the skill of refining Spirit Armaments and there are many areas that I still can't grasp.

So I'd like to ask you for your pointers!"

"Just started learning?" Grandmaster Xiao's brows rose in astonishment.

But he didn't think too much about this. He only felt that the young man was being humble. After all, as compared to an old fellow like him who was a few hundred years old, a young man who was around thirty years old was indeed considered as "just starting to learn" even if he started when he was ten years old.

"You're simply too humble! Your Spirit Armament refining skills are self-accomplished and there are many parts of it where it's a new creation. It had greatly raised the Spirit Armament's original power! There are many areas which had been improved and this is my first time seeing this. It's such an eye-opener! I wonder which Grandmaster are you currently studying under?" Grandmaster Xiao's first reaction was that Huang Yueli had acknowledged an incredible Master who imparted her these exclusive methods.

Huang Yueli narrowed her eyes, not knowing how to answer him.

She didn't expect the Spirit Armaments that she had refined would gain such high evaluation from Grandmaster Xiao. Originally, she was prepared to be criticized by him.

After all, this was her first time refining Spirit Armaments, so it was understandable if there were flaws to it.

Now that Grandmaster Xiao praised her this much, Huang Yueli started to feel a little vexed.

She had intentionally laid low to conceal her identity, but accidentally gained such fame while she wasn't paying attention!

Huang Yueli was still hesitating when Grandmaster Xiao frowned and said,

"No, no, no, that's incorrect! I know all of the famous Spiritual Armament Masters in God Realm and I'm very familiar with their style. None of them are like you... could it be that you created these methods on your own??"

Huang Yueli hurriedly said, "Grandmaster Xiao, please stop guessing. My Master had gone into seclusion many years ago! Even if I tell you, you might not know who he is. Moreover, he doesn't allow me to expose his identity."

Grandmaster Xiao suddenly became excited upon hearing that. "Which

Grandmaster is your Master? Did he already advance into the Life Profound Realm? Can I meet him to get some pointers?"

Towards Huang Yueli's excuse of some Master, Grandmaster Xiao didn't doubt her at all.

Because Huang Yueli simply looked too young!

Although she had already disguised herself into a thirty over year old person, this age in God realm was considered as an adult..
