

## Weaponsmith 2971

### Chapter 2971 Too Despicable and Shameless (3)

Huang Yueli looked at Grandmaster Bai and went into a daze, "Grandmaster Bai, you're here too?"

No one expected Huang Yueli to come out so quickly again!

Moreover, she said... she had already completed the third Spirit Armament!

Grandmaster Xiao's smile froze, and there was no way he could maintain his calm. "Th... Third piece? Have you really refined the third Spirit Armament? You're that fast!"  
Needless to say, President Gao and Grandmaster Bai were speechless.

Huang Yueli placed the Spirit Armament into Grandmaster Xiao's hands and shrugged. "Alright, I have to continue being busy. If Grandmasters don't have any issues, you don't need to wait at the entrance. When I have finished refining all the armaments, I will send it over to you!"

Grandmaster Xiao laughed dryly, "We're still ok, and it's not tiring. We might be old, but we still have the energy to take a few steps."

Huang Yueli looked strangely at Grandmaster Xiao upon hearing that.

He could rest but wasn't willing to! Could this be some strange habit of those Grandmasters? Did they like to take a walk to work out for no particular reason?

But Huang Yueli didn't think too much about it. She simply walked straight back into the armament refining room and continued to refine.

The minute her figure vanished from sight, Grandmaster Bai jumped up and urged, "Quick, quick, bring that piece of Spirit Armament to the assessment mechanism! I must witness it with my own eyes, so see if you're lying to me or not!"

Time passed slowly and the sun was now descending in the west.

When it was midnight, Huang Yueli had indeed finished refining all ten Spirit Armaments!

Seeing those Spirit Armaments nearly lined up on the table, President Gao, Grandmaster Bai, and Grandmaster Xiao were so shaken that they could not describe their shock with mere words!

Huang Yueli... she really managed to do it!

She had completed an impossible mission!

If it wasn't for the truth that was put in front of them, no one in the world would ever believe in such a ridiculous thing.

This young man in front of them did not only have outstanding innate talent. His comprehension, endurance, energy were all first-class. He could be said to be the most outstanding armament refining genius for three lifetimes. Using heaven-defying and devil to describe him was not exaggerated at all!

Huang Yueli was totally exhausted.

She had continuously refined 10 low grade Spirit Armaments in such a short amount of time. To her, it was an extreme challenge.

After all, low grade Spirit Armaments could be said to be her current stage standard limit!

Moreover, she had been extremely meticulous while refining each piece of Spirit Armament. She kept on analyzing, hoping to do her best effort. In this way, the consumption of her mental power was much greater.

Under President Gao's hospitality, Huang Yueli had her dinner then returned to her room. Then she dropped onto the bed and fell asleep.

The next day, the situation was the same.

Ever since Huang Yueli woke up in the morning, she entered the armament refining room and started to refine the Spirit Armaments.

It was until midnight when she completed another 10 pieces of Spirit Armaments. She had finally completed refining all the standardized Spirit Armaments.

Huang Yueli was completely exhausted, and when she looked at them, she found that they looked very blurry. That was a sign of depletion of energy.

But looking at those twenty nearly arranged, shining Spirit Armaments, her eyes glimmered with delightfulness and satisfaction.

As expected, even if it were Spirit Armaments from God Realm, it didn't daunt her as well!

In the future, she must refine Li Moying's strongest inherent fated Holy Armament!

#### **Chapter 2972 Too Despicable and Shameless (4)**

It shouldn't be too far off to realize her objective!

Grandmaster Xiao, will you please do an inventory check on these Spirit Armaments. If there are no problems, we can proceed with the transaction!"

Grandmaster Xiao didn't even bother to look and beamed as he said, "Young Master Li, I've already checked on these Spirit Armaments and every single piece is the finest quality! I didn't expect you to immediately utilize those techniques that I've taught you. Your power of comprehension is really too shocking!"

To be praised by a peak rate Sky Gem Grandmaster like Grandmaster Xiao, other Spiritual Armament Masters would be shaking with agitation at this point.

But Huang Yueli merely smiled and replied courteously, "Grandmaster Xiao, you've overpraised me! Do you think that there are any problems with these Spirit Armaments?"

Hearing Huang Yueli repeating her question once again, Grandmaster Xiao suddenly came to his senses and said, "Oh, there's no problem at all! Let's settle the bill right now!"

Saying that, he didn't put his hand into his pocket. Instead, he walked to President Gao and said, "Old Gao, why are you in a blank? Quickly pay for it!" resident Gao felt extremely aggrieved!

But one had to accept to lose since they agreed to bet. It would be even more embarrassing if one reneged on the debt!

Moreover, he was a Sky Gem Grandmaster so he wasn't lacking in that bit of money...

resident Gao was gloomy for a second. Then he took out a gold-rimmed black card from his realm ring.

"There are a total of twenty low grade Spirit Armaments. Adding on to those twenty pieces that you've given me, it's a total of forty pieces. Each piece is 250 thousand high grade crystal jades so it works out to be a total of ten million crystal jades. It's not easy to hold on to so much money, so I've deposited it in this crystal card."

Huang Yueli received the crystal card and her eyes lit up. "So, this is the legendary crystal card! It's my first time seeing it!"

Ever since she ascended, she had stayed in various inns and saw those wealthy God Realm practitioners taking out their crystal cards to settle the bill.

Every single time, it would attract a round of gasps and envious looks.

Even the innkeeper and waiter's attitude became respectful.

She didn't expect herself to become an owner of a crystal card now!

Huang Yueli expressed her satisfaction. "Since this is so, I'd like to thank all of you for your passionate hospitality!"

The three of them were shocked by Huang Yueli making such a big deal out of this.

The crystal card might be a thing that represented one's status in ordinary practitioners' eyes. But to Spiritual Armament Masters, that wasn't some kind of treasure at all.

In God Realm, as long as one saved up ten thousand high grade crystal jades at one go, one would be able to obtain the lowest grade white crystal card. The black gold crystal card that Huang Yueli was holding might be higher by several grades, but based on her armament refining skills, there would be plenty of money for her to earn in the future!

She wouldn't even bother about this crystal card by then.

"Alright, President Gao is indeed a generous and frank person to pay upon receiving the goods! It was a pleasant cooperation. If you have any other good deals like this, we can continue to cooperate next time! If there's nothing else, I'd make a move first!"

Huang Yueli didn't care about what they were thinking. As long as she received the money, she was prepared to leave in contentment.

But she had just taken a step when she remembered another thing. Then she turned around.

"Right, I almost forgot the most important matter!"

“Young Master Li, what other matters are there?”

The three of them were stunned.

Huang Yueli turned to President Gao. “President Gao, other than attending Grandmaster Xiao’s lecture, I came to the Sky Gem Glass Chamber because I wanted to apply for the Spiritual Armament Master’s badge...”.

### **Chapter 2973 Too Despicable and Shameless (5)**

Saying this, President Gao and the others suddenly remembered that the badge which Huang Yueli wore was still a Spiritual Armament apprentice’s badge.

He hurriedly said, “I see. Young Master Li, why didn’t you say this earlier! I’ll get you the badge immediately!”

President Gao turned around and was just about to leave. Then he thought for a moment, stopped, and frowned.

“But, there’s just one thing... based on your standard, even we Sky Gem Grandmasters are not as good as you. It’s fine even if we give you a high ranking Spiritual Armament Master’s badge! But according to the Sky Gem Glass Chamber’s Headquarters’ regulation, we can only award the corresponding certification to the Spirit Armament that you have refined. I wonder if Young Master Li knows how to refine high grade Spirit Armaments? If you know, I can give you the high rank Spiritual Armament Master badge. If not, I can only distribute you with the low rank badge.”

Originally, based on Huang Yueli’s disguised bone age, even if she managed to refine a mid grade Spirit Armament, she would already be a peerless genius.

But now, President Gao was asking if she could refine high grade Spirit Armaments.

The three Sky Gem Grandmasters thought that Huang Yueli’s innate talent was so heaven-defying that all the miracles that happened to her seemed very normal.

However, Huang Yueli was about to disappoint the three of them.

She shook her head and said, “I can only refine low grade Spirit Armaments for now. But President Gao need not feel awkward about this. I just want a Spiritual Armament Master’s badge, so that I can use the Sacred Phoenix Race’s teleportation array...”

President Gao said in enlightenment, “With the low rank Spiritual Armament Master’s status, Sacred Phoenix Race will allow you to use the teleportation array. That’s no need to worry about it.”

Huang Yueli smiled, “That’s great.”

She received the low rank Spiritual Armament Master’s badge from President Gao and pinned it on the upper right position above her chest.

After that, she waved and walked away quickly.

While she walked, her footsteps were light and quick. She felt as though she was about to fly!

After experiencing those few months of impoverished lifestyle, this was the first time she felt that having money was really great!

With the ten million high grade crystal jades in her hand, it felt even better by a thousand hundred times than when she first sold her Profound Armament in her past life!

Based on this, Spiritual Armament Masters were indeed a moneymaking occupation. She had to refine armaments properly so that she could provide for her husband in the future!

Whatever her husband took fancy to, she would buy it! She had the money, so she could be wilful about it!

Li Moying's uniquely handsome countenance appeared in her mind, and she suddenly felt that she missed him even more.

She wondered what Li Moying was doing well in the Cloudy Qilin clan? Was he cultivating hard? Very soon, she made her way back to the Double Prosperity Inn.

When the innkeeper saw her walking in, he abruptly stood up and spoke in an unfriendly tone. "Young Master Li, where have you been to? I didn't see you for the past few days and I thought you had slipped off, preparing to renege on the bill! I'm telling you, you didn't check out of your room in the past few days and I had been keeping it for you. You need to pay for it! Don't even think you can skip paying for it!"

When Huang Yueli left, she was tied for time and was in a rush, so she naturally didn't think about checking out.

She knew that it was her fault so she spoke courteously, "Innkeeper, it's my negligence. But don't worry, I'll definitely pay for..."

Before she could finish her sentence, the innkeeper cut her off.

"Pay for it? You said you would pay for it? Did you think that I will believe a liar like you?!".

### **Chapter 2974 Too Despicable and Shameless (6)**

"When you first came in, I already found it strange. A Spiritual Armament apprentice like you can't even pay for the deposit? From the looks of it, you're indeed tricking me! I'm telling you, if you can't pay today, I will..., this... what is this??"

The innkeeper stared at the black gold crystal card that Huang Yueli put in front of him, and his eyeballs almost popped out!

"Black... black gold crystal card?? This... this is a counterfeit, isn't it?"

Huang Yueli was speechless upon hearing that. "Can you even counterfeit something like this?"

Of course, it wasn't a counterfeit!

There was only one Skyline Bank in the entire God Realm and that was commonly managed by all twelve God clans. No one would dare to create any counterfeit in front of them.

“B... But...”

This grade of crystal cards are not even owned by some middle rank Spiritual Armament Masters, moreover for a Spiritual Armament apprentice like her?

Thinking of this, the innkeeper’s swept a glance on the badge pinned on her chest.

He was immediately stunned. “You... this.. this badge... when did you turn into a Spiritual Armament Master??”

The innkeeper subconsciously rubbed his eyes, thinking that he might have seen it wrongly!

A month ago, when Huang Yueli just came to stay here, she brought out a Spiritual Armament apprentice badge. It had only been such a short duration and she had already become a Spiritual Armament Master??

Was he still dreaming?

Not only was the innkeeper stunned, even those guests who were crowded around were also stunned by this.

Originally, they only wanted to take a look at the fella who dared to renege on the bills at Double Prosperity Inn. But in the end, they saw a low rank Spiritual Armament Master!

A Spiritual Armament Master’s status was noble and their quantity was very rare. Most practitioners had never met one at such proximity in their entire lives!

“This young man is actually a Spiritual Armament Master!”

“I didn’t expect us to be staying in the same inn as a Spiritual Armament Master. It’s such an honor!”

“This innkeeper is also very amusing. He’s a Spiritual Armament Master, so why would he renege on the bill? Moreover, what if he doesn’t pay? It’s already very good for him to be willing to stay in Double Prosperity Inn!”

The discussions were fluctuating and when the innkeeper heard that, his face flushed slightly.

A Spiritual Armament apprentice wasn’t considered as something but a genuine Spiritual Armament Master wasn’t an existence that merchants like them could afford to offend!

He hurriedly said, “So... Young Master Li, you’re a Spiritual Armament Master! Why didn’t you say so earlier! Please don’t take it against a nobody like me for offending you today. Please show mercy on me. I’m really sorry about it...”

Huang Yueli stood at the original spot, ignoring the surrounding gazes, regardless if it was worship or disdain, without any change in her expression.

She tapped the side of the table with the black gold crystal card. “Then the payment for the room stay...”

“Oh, Young Master Li, why are you asking me about the payment! Like what the customer said earlier, it’s our inn’s honor for you to come here and stay...”

Huang Yueli shook her head and interrupted him. “It’s just payment for the room, would I take advantage of you? I will pay for it! Just deduct the crystal jades for the duration that I’ve stayed! Right, remember to deduct another day’s payment. I am staying here tonight and will leave Flame Square City tomorrow.”

When the innkeeper heard her say that, he didn’t dare say anything else..

### **Chapter 2975 So Impressive (1)**

He carefully received the crystal card and deducted the month-long payment.

Actually, the total was just merely three or four high grade crystal jades. It didn’t even amount to the loose change in the crystal card, so Huang Yueli couldn’t find the joy of spending any money at all. The innkeeper held the crystal card with two hands and respectfully passed it to her.

“Young... Young Master Li, your crystal card!”

Huang Yueli nodded her head, kept the card, and returned to her room.

In the dark and silent night, Huang Yueli lay on her bed but somehow, she couldn’t sleep at all.

Her thoughts had already drifted to the man who had disappeared for more than a year.

She had been rushing on her journey in this period and would deliberately or unintentionally run into some practitioners and ask about the news from the Cloudy Qilin clan, especially if it was related to Cloudy Qilin clan’s god grade genius.

Unfortunately, other than the initial few Sacred Phoenix Race practitioners, the other ordinary practitioners knew nothing about Li Moying at all.

Many people didn’t know about the Cloudy Qilin clan’s god grade genius, and neither did they believe in Huang Yueli’s words. They assumed that it was impossible to attain god grade innate talent and the so-called god grade genius was fabricated by the god clans to intimidate those ordinary humans.

Although there wasn’t any news of Li Moying, Huang Yueli always felt that he should be cultivating hard in Cloudy Qilin Continent!

Yesterday morning, when she was refining armaments, that sudden image that flashed past her mind made her heart instantly grow tight!

She seemed to have seen Li Moying throwing up blood...

That scene was just a hallucination but it looked extremely realistic. It instantly scared her out of her wits and directly caused the Spirit Armament furnace to explode.

Later on, although she realized that it was fake, her heart was still apprehensive. She simply could not calm down, no matter what.

It shouldn't be real, right? It's impossible to be real!

Li Moying's innate talent was so high and his character was so composed. He was also the core for the entire Cloudy Qilin clan and had a noble status. Why would he possibly meet with danger for no rhyme or reason?

But luckily, the same image didn't appear in the next two days after that.

"It must be because I missed him too much, that's why it caused this hallucination... sigh!" Huang Yueli shut her eyes and muttered to herself, "But tomorrow I will set off. If everything goes smoothly, I will be able to

teleport to the Cloudy Qilin clan in less than two weeks. By then... we will be able to meet again!"

Thinking of the shocked look when Li Moying saw her again, Huang Yueli's lips curled into a smile.

On the second day, she woke up and headed to look for the innkeeper on the first floor to check out of her room.

The innkeeper kept flattering her and sent her off with utmost gratitude.

Huang Yueli had already checked out the location of the teleportation array, and she headed over there straight.

However, just as she was passing by a corner, a carriage suddenly stopped at a distance near her.

Immediately following that, a young lady's graceful figure got down from the carriage.

Huang Yueli was in a daze. That figure looked a little familiar...

Young Miss Leyun!

The mid rank Spiritual Armament Master, who was embarrassed by Huang Yueli in the Sky Gem Glass Chamber, created trouble unreasonably, and was finally chased out by Grandmaster Xiao!

Although she had a veil over her face, Huang Yueli recognized her without any problem.

"This woman didn't leave Flame Square City?"

Huang Yueli's brows rose in slight astonishment..

## **Chapter 2976: So Impressive (2)**

Logically speaking, Leyun was someone who minded her reputation very much.

She was embarrassed at the Sky Gem Glass Chamber, and the ordinary people had on the streets also crowded around her to see her pathetic sight. So how could she even possibly have the cheek to continue staying in Flame Square City?

Suspicious filled Huang Yueli's heart, but she didn't bother to think too much about it. With a nonchalant look, she continued to walk forward.

When Li Leyun got off the carriage, she was troubled and her expression was dazed. Even her footsteps weren't stable.

She slipped and bumped into Huang Yueli.

The latter didn't expect Li Leyun to suddenly fall. But her reaction was extremely swift and immediately stepped back.

Hence, Li Leyun who was originally supposed to fall on her suddenly plopped onto the ground on her face.

The surrounding guards all ran forward.

"Young Miss Leyun, you... how are you? Why did you suddenly fall?"

"Are you hurt anywhere? Can you still stand?"

All of the guards looked tense and their hearts were pounding with fear.

Li Leyun originally was very arrogant and her temper was terrible. Moreover, she had been feeling upset over Young Master Moying in the past few days!

She vented her anger that she suffered from Li Moying on the guards. All of them were tormented badly and

no one dared to offend that young miss at all.

Now, they didn't pay any attention and caused her to slip and fall! They could imagine just how miserable they would become.

As expected, Li Leyun had just stood up and flew into a rage. She howled angrily, "You bunch of trash, where

have you guys hid yourselves to slack off again? Are there any guards who act like you guys? What use do I

have for you?"

She was exasperated and she took out the whip that was hung by her waist, lashing it out towards the guards.

All of them didn't dare to make a sound. They didn't even dare to evade her move.

Li Leyun whipped them a few times but it didn't make her feel any better. When she fell earlier, many pedestrians had seen her and she was thoroughly embarrassed! Moreover, this was the second time in just a

few days!

More importantly, the dress that she was wearing was brand new!

Previously, she heard Brother Moying talking about the popular flowing dress in Soaring Heavens Continent,

and that was the dress that Li Moying's Lower Realm wife loved wearing the most.

Li Leyun tried to find out from other people and finally managed to form the correct design of the flowing

dress. Then she looked for the most outstanding tailor in Sacred Phoenix Race to make the dress.

She had to say that this flowing dress design was indeed very exquisite. After she put the dress on, she felt

that she was even more beautiful now. It also attracted many young ladies' envious gazes.

But now, this fall caused her reputation to be destroyed!

Li Leyun was furious and she turned her head to stare at the unlucky fellow who bumped into her and said

nastily, "Men, catch that scum who intentionally bumped into This Lady! How dare he cause me to be embarrassed, I will absolutely not let..."

She stopped in the middle of her sentence and finally took a clear look at the person who was standing in front of her.

Huang Yueli's disguised countenance had become one of Li Leyun's most hated person!

The incident that happened in the Sky Gem Glass Chamber was something that she would never forget in

her entire life!

Originally, Li Leyun was already prepared to find a chance to catch Huang Yueli and give her a good beating.

But because of Li Moying's sudden appearance in Flame Square City, she couldn't care about that then. Now, the enemies had crossed each other's path.

A sinister sneer appeared on Li Leyun's face. "So, it's you!".

### **Chapter 2977 So Impressive (3)**

"Li Yuehuang, This Lady was troubled over the fact that I couldn't find you, and here you are! It's just nice, you're digging your grave on your own!"

Huang Yueli met Li Leyun's jealous and hateful gaze with a composed look.

Her lips curled slightly. "Young Miss Le, wow! You're indeed a mid rank Spiritual Armament Master, you're so impressive! Even when you stumbled and fell, you also need to blame it on other people. I was just finding it strange. A mid rank Spiritual Armament Master should at least be in Dream Profound Realm mid-phase, isn't it? Why can't you even walk properly? There aren't any holes on the ground, how did you even fall? Even a three-year-old child is better than you!"

"Peet!"

When Huang Yueli said those sarcastic words, someone among the crowd instantly burst out into laughter!

It was because what she said was spot on! This matter was simply too amusing!

All the citizens in God Realm were practitioners and their balancing ability was something that Lower Realm ordinary people could not compare with. It was really rare for someone to fall while walking.

If one fell accidentally, one would naturally blame themselves for failing to look carefully. Who would even blame the guards for not holding on to her?

"What's the matter with this Spiritual Armament Master? Could there be a problem with her legs?"

“Who knows? She seems to be on familiar terms with that young man, perhaps she intentionally fell on him?”

“Hmm, what you said might be possible...”

Hearing those various ridiculous deductions from the bystanders, Li Leyun’s face flushed into a beetroot shade!

Someone actually compared her with this country bumpkin! It was simply the greatest insult to her.

She, Li Leyun, was to marry a peerless top exponent like Li Moying. This fella couldn’t even be compared to Li Moying’s finger!

Li Leyun jumped up in exasperation and flicked her whip towards the top of Huang Yueli’s head without any warning!

When Huang Yueli saw that, she squinted her eyes, and a cold intent flashed past.

Originally, she had no intention to clash with Li Leyun. After all, she was rushed for time and didn’t want to care about other people’s matters. Even when Li Leyun spoke rudely, she was too lazy to rebuke her.

Whoever knew that this woman could not tell good from bad and even wanted to hit her! Huang Yueli wondered which clan nurtured Li Leyun to become so arrogant and wilful! At this moment, Li Leyun’s whip, which was flowed along with the wind, was about to land on Huang Yueli.

“Heavens! How could this woman be so vicious!”

“This buddy, be careful!”

“Quick, move aside!”

Li Leyun’s move blinded the entire group of bystanders.

Dream Profound Realm mid-phase cultivation was considered as top rated among the younger generation, moreover for ordinary citizens?

Everyone thought that the slim Huang Yueli would be seriously injured under this powerful attack.

Li Leyun naturally also thought so. She saw Huang Yueli standing still without even trying to hide and assumed that she was too shocked to move.

“A trash like you dares to go against This Lady?” She laughed sinisterly and increased the strength in her hand!

But whoever knew, the whip had landed halfway and stopped.

No matter how hard Li Leyun tried, it stopped in mid-air.

“Damn it, what’s going on!”

Li Leyun lifted her head in exasperation, only to realize the tail of the whip was held firmly in Huang Yueli’s palm.

That pair of hands were slender and beautiful, simply no different from a lady’s hand..

**Chapter 2978: So Impressive (4)**

But under her control, Li Leyun's rampant attack was reduced to nothing.

Li Leyun was stunned momentarily, not believing her eyes.

She subconsciously pulled backward, hoping to pull her whip back!

She tried once, and it didn't move.

The second time, it also didn't move.

Third time...

Li Leyun was tugging harder and harder, and she had used up all her energy. Her face flushed red, but she didn't have any way to recoil the whip back at all.

At this point, everyone could tell that the young man, Huang Yueli's disguised look, was a top exponent who didn't reveal his power!

As for Li Leyun, in a bid to save her reputation, she continued to tug hard at her whip.

A faint smile curled up on Huang Yueli's lips, and she suddenly released her right hand's grip.

The next moment, Li Leyun felt the whip loosening. The tremendous impact made her lose control of her body, and she staggered back continuously, unable to stop. In the end, she landed on the ground on her butt.

'Wow...'

Amid the bystanders' gasps, Li Leyun sprawled on the ground in a disheveled look.

This fall directly made her see stars.

By the time she regained her senses, she realized that everyone was laughing at her, and she exploded into a rage!

It was her third time falling on the streets!

Moreover, this time was even more embarrassing than the previous two times. It was because she was the one who initiated the provocation. She wanted to teach the other person a lesson, but in the end, she was the one who ran into bad luck!

Luckily, this fall seemed very serious, but she wasn't badly hurt. Only her butt was in pain.

Li Leyun bore with the pain and embarrassment, jumped up, and glowered at Huang Yueli. "Damn it! How dare you attack This Lady! You... are you tired of living!"

Huang Yueli blinked and asked with an innocent expression. "Attack? Since when did I attack you? Young Miss Le, you must speak with a conscience! Earlier, you were the one who tried to hit me. I held on to the whip for defense. Later, I saw that you were trying to pull the whip back, so I just let it go! I was thinking on your behalf, but you actually claim that I attacked you?"

Saying that, she turned to the surrounding practitioners and said in a clear, loud voice, "Everyone, you've witnessed the situation earlier. Will you please judge what is right?"

At this moment, the total number of bystanders increased again.

The two of them were surrounded by mountains of people.

Earlier when Li Leyun attacked, everyone saw Huang Yueli easily defeating the opponent.

“That’s right, that’s right. It’s this Young Miss Leyun’s fault!”

“This Young Master is already very magnanimous. He was whipped by her but only made her fall down. If I were him, I would definitely hit her back!”

“I wonder which force nurtured this genius, and how great is her innate talent? So what if she’s a Spiritual Armament Master? She is so arrogant, so she deserves to be taught a lesson!”

“That’s right. Her skills are no match for him, but she still has the cheek to complain here?”

Li Leyun’s brash look had already caused a public outcry.

Hearing their words, Li Leyun’s face flushed green then white. Pointing at Huang Yueli’s nose, she berated, “Shut up! Don’t try to shove your false arguments down their throats. Men, capture him!”

The guards exchanged glances and hesitated. However, they didn’t dare to defy Li Leyun’s orders so they could only step forward..

### **Chapter 2979: This Voice... (1)**

Huang Yueli was surrounded by people but she was still calm and unhurried.

“Why? Didn’t you say earlier that you want to teach me a lesson personally? But now you’re sending your guards here as cannon fodders? Did you feel that you can’t beat me, so you’re frightened?”

Li Leyun was so stifled that she almost threw up blood.

What Huang Yueli just said had poked at her sore point once again!

Li Leyun had always prided herself as a heaven grade genius so even in a god clan like the Cloudy Qilin clan, she had always been on top rate level.

Never in her dreams did she expect herself to be taught a lesson by a human at such a small place!

Moreover, the other party’s ability had evidently surpassed her by so much...

The blow to her was simply too huge!

Not to mention that this human’s innate talent in Spirit Armament refining had totally crushed hers!

Li Leyun was put in an awkward position and her heart was filled with jealousy. She wished for nothing more than to strangle Huang Yueli to death!

On the surface, Huang Yueli looked calm and composed. But she was actually observing her surroundings as her thoughts raced past swiftly.

Li Leyun only brought four guards with her. But their cultivations should be higher than Li Leyun herself, which were around Dream Profound Realm end-phase.

Huang Yueli's combat power far surpassed same leveled practitioners, so dealing with Li Leyun was a simple feat.

But it wouldn't be easy for her to successfully escape from those higher leveled practitioners in front of her...

It seemed that she had to make use of the surrounding environment to create a commotion to escape.

Just as Huang Yueli was pondering over what course of action to take, a voice suddenly rang from a distance away.

"What are you guys doing here? Why is it so noisy?"

Following the voice, a tall young man made his way through the crowd and approached them.

Seeing Li Leyun, he asked in shock. "Young Miss Leyun, what are you doing here?"

When Li Leyun saw him, she excitedly jumped up. "Tian Yi, go beat that fellow for me. He disrespected me!"

Li Tian Yi was the guard who was allocated to Li Moying, and he was also ranked first.

Ordinary clansmen would not get the chance to stay by the future clan leader's side. Li Tian Yi's innate talent was extraordinary and his background wasn't bad as well.

Li Tian Yi frowned but did not act according to her order.

"Young Miss Leyun, no matter what conflict you have, can't you stop creating a ruckus at my Young Master's door? Can't you settle your dispute elsewhere? Young Master had not shut his eyes for the past three days, and he finally just laid down to rest. But the commotion you created woke him up again."

Hearing that, Li Leyun's aggressive temper immediately died down. Her arrogant and wilful attitude disappeared and her tone instantly softened.

"Ah... this... I'm sorry, I didn't do it on purpose..."

Li Tian Yi didn't say anything much to her and just turned around as he indicated for the crowd to disperse. "Everyone, please go. There's nothing much to look around here."

Most people would not listen to the instruction after being chased away in such a manner.

But Li Tian Yi's dressing, aura, and cultivation made them feel that he wasn't a simple person. The bystanders had enough of watching the fun and since they were worried that they might get into trouble, they could only leave.

A strange feeling arose in Huang Yueli's heart as she watched them.

Li Leyun's arrogant character had completely changed because of this young man's words.

She wondered who was the “Young Master” that this young man was referring to?.

## **Chapter 2980: This Voice... (2)**

It was obvious that Li Leyun’s expression turned frightened when she heard the title “Young Master”.

Huang Yueli found it strange but she didn’t ask too much about this.

Being entangled with Li Leyun had wasted a lot of her time.

Now that Huang Yueli had already taught her a lesson, she didn’t want to stay here any longer.

Seeing the crowd dispersed, Huang Yueli also smuggled among them and prepared to leave.

Li Leyun turned her head and when she realized that Huang Yueli was about to slip away, she immediately shouted, “Li Yuehuang, you’re still trying to escape! Stand right there!”

When Li Tian Yi heard her sharp cry, he frowned. “Young Miss Leyun, if you’re not here to visit our Young Master, please leave immediately! Otherwise, if Young Master is enraged, none of us can take responsibility!”

Li Leyun’s face flushed pale and she stared fiercely at Huang Yueli. “Count yourself lucky! Next time if I ever see you again, I’ll not let you off!”

Saying that, she couldn’t be bothered with Huang Yueli and immediately followed behind Li Tian Yi, entering into a courtyard a short distance away.

That scum had offended her so even a thousand deaths weren’t enough to make up for it. But she could not afford to delay her visit to Brother Moying because of this small matter.

Hearing that he was in a bad mood, she decided to take advantage of this while he was feeling frail. She would show concern for him and make him fall in love with her.

Li Leyun and Li Tian Yi disappeared behind the courtyard door.

The bystanders on the streets also dispersed.

Huang Yueli stood in the empty street, and her gaze followed behind Li Leyun in a daze.

When she came back to her senses, she didn’t know what was going on because she followed them to the courtyard door. But stopped short of walking in.

Two guards appeared at the entrance and pulled out their long swords, blocking her way.

“Who are you?! This is a private residence, please leave immediately!”

Huang Yueli then regained her senses as she looked at that heavily guarded gaze on those guards’ faces. She instantly became embarrassed.

It indeed seemed rather suspicious of her to intrude into another person’s courtyard for no reason.

She didn't know why she actually followed Li Leyun sneakily to this place. It was like some mysterious power that was pulling her along...

Just as Huang Yueli hesitated, the room suddenly broke out in a clamor.

There were mixed sounds like porcelain ware dropping on the ground, giving off an ear-splitting noise, a young lady's screaming, and also...

There seemed to be a faint angry howl from a man.

This voice—!

Huang Yueli's heart jolted. For an instance, she even felt that she had heard Li Moying's voice!

But... how was this possible?

The guards saw her standing still and their expressions turned unfriendly as they unleashed the Profound Energy within them. Then they barked, "Why are you still standing here in a daze? Still not going to leave? If you still don't leave, don't blame us for attacking you!"

Huang Yueli frowned slightly. She wasn't afraid of these two guards in front of her. Although their cultivations were much higher than hers, it was still difficult for them to pose a genuine threat to her.

But Huang Yueli knew that she was at fault, so she wasn't willing to argue with them.

"I'm sorry, I've walked to the wrong door. I'll leave right now..."

Huang Yueli cupped her fist in her other hand and stepped back.

Just in that instance when she turned around, a messy shout was heard from the rear courtyard.

Huang Yueli's footsteps halted and she couldn't help but stop and listen again..
