

## Weaponsmith 2981

Chapter 2981 This Voice... (3)

However, this time, she didn't hear the voice that she was anticipating hearing.

"Are you leaving or not?" The guards urging voices were filled with threats.

It seemed as though they were about to attack if she hesitated any longer!

Huang Yueli hurriedly said, "I'll leave right now. Please don't be so hasty..." When she walked away, the two guards stared at her tightly until she walked to the end of the street. They heaved a sigh of relief when they totally couldn't see her at all.

It wasn't because the guards were overly anxious, but the responsibility for them to guard Young Master Moying was simply too important!

Even the clan leader wasn't as important as Young Master Moying. After all, a god grade genius represented the entire Cloudy Qilin clan's future!

Moreover, this was the Sacred Phoenix Continent's turf. If Young Master was exposed, it would cause a huge controversy.

Huang Yueli walked along the streets slowly as she recalled the voice that she heard in the courtyard.

Although it was just a cold "Shut up", the tone and voice was deep and sexy. It seemed extremely similar to her husband's voice!

But Huang Yueli knew that Li Moying would absolutely not appear in Sacred Phoenix Race's turf. All these were probably because she missed him too much, and it was just her hallucination.

"It's better not to let my thoughts run wild! Today, that Leyun had wasted too much of my time! If this continues, it will turn dark soon..."

Huang Yueli shook her head and continued heading towards the teleportation array.

Flame Square City's teleportation array wasn't difficult to find. It was just beneath the city wall on the east, and it occupied a large space.

Arrays were distributed into nine layers, and each layer was repeatedly overlapped, radiating outwards.

Huang Yueli was considered a professional, and she could tell that this nine layered array was essentially the same. But it was linked together through special methods and rare treasures. Each time a layer was added, the might would be amplified and could teleport to a place even further than the previous.

Outside the array, there were three teams of soldiers who were standing guard and patrolling the area. Seeing Huang Yueli walking close, one soldier stepped forward immediately and stopped her. "Halt! It's the military area up ahead and non-military personnel are not allowed to come near!"

Huang Yueli walked up to explain, "This buddy, I want to use Flame Square City's teleportation array. I wonder if you can help me convey this message?"

“You wish to use the teleportation array?” The soldier frowned when he heard that. “What did you think the teleportation array is for? Do you know how much crystal jades you need to spend for one-time teleportation? If it’s not a pressing situation on the battlefield, it’s impossible to activate the teleportation array! You’d better stop dreaming and go back quickly!” Huang Yueli was rejected immediately, but she wasn’t too anxious over it.

Theoretically speaking, the teleportation array was indeed built to fight against the demon tribe. Only military personnel were allowed to utilize it.

But actually, various large forces would usually activate the teleportation array for other reasons. They would often see if the person who applied to use the teleportation array was an important figure.

Huang Yueli hurriedly grabbed a handful of medium grade crystal jades and stuffed it into the soldier’s hand. She also said at the same time, “Buddy, can I trouble you to help me pass the message? I’m a Spiritual Armament Master from the Sky Gem Glass Chamber, and my name is Li Yuehuang. I’m asking to use the teleportation array so that I can take part in the war against the demon tribe at the frontline.”

The soldier received the bribe and silently thought that this fellow was rather street-smart.

But when he heard what she said, he had a huge shock.

Chapter 2982 This Voice... (4)

lan

Only now did he notice the Spiritual Armament Master’s badge that was pinned on Huang Yueli’s chest. His attitude immediately changed.

“Oh... you’re a Spiritual Armament Master! I must have been blind earlier. If I’ve offended you, will Master Li please accept my apologies! I wonder where would you like to be teleported to?”

Huang Yueli replied, “Empyrean Fox Continent, Blessed City.” Before she came, Huang Yueli had already studied God Realm’s map in detail, and she had set the teleportation destinations.

Flame Square City’s teleportation array distance was extremely limited. It would at most step over to the distance of two continents, the furthest reaching Blessed City in Empyrean Fox Continent.

Blessed City was located in Empyrean Fox Continent’s most southern end. The exterior of the city was an important warzone where humans and the demon tribe engaged in battle. It was extremely messy, and danger lurked everywhere. Ordinary practitioners would normally not head to that place.

But to save time, Huang Yueli decided to be teleported to the furthest place from here.

The soldier turned around and headed to the sentry post to report on this. Shortly after, a practitioner dressed in a commanding officer’s uniform appeared and verified Huang Yueli’s identity.

After verifying that Huang Yueli was indeed a noble Spiritual Armament Master, the commander’s attitude became extremely deferential.

“Master Li, I heard that you want to go to Empyrean Fox Continent’s Blessed City?”

Huang Yueli nodded and replied, “That’s

right.”

The commander looked her up and down, then said, “Master Li, you might not know the current situation recently. In the past two months, Blessed City had been repeatedly attacked by the demon tribe and had been in a tight state of security. Heading to Blessed City now is extremely dangerous. If you’ve got nothing on there, it’s better to take another route.”

Huang Yueli asked, “Which other routes would allow me to cross over two large continents?”

The commander was stunned. “This... crossing two large continents is of course not possible. Other than heading through Blessed City’s route, which was specially constructed to fight the demon tribe. The other routes would only lead to the sides of Black Tortoise Continent...”

Hearing that, Huang Yueli frowned. If one continent only could lead to the next continent, then the total time she spent on the journey alone would take at least half a year.

She thought for a moment and said, “Then I’d better head to Blessed City!”

Huang Yueli thought silently, “I’m just going to stay in Blessed City for a day or two. After that, I will teleport to another continent. Surely I won’t be that unlucky to meet with trouble, right?” The commander saw her insistence and didn’t continue to persuade any further. “The fee for using the teleportation array is based on distance. So the pricing would not be the same. To teleport to the neighboring Black Tortoise Continent, you only need to pay 100 thousand high grade crystal jades. But if you’re heading to Empyrean Fox Continent, the price would be 250 thousand crystal jades. The price might be more expensive, but the cost of maintenance for the teleportation array is also very high...”

Before he could finish explaining, Huang Yueli nodded and said, “This I know. Can I pay using the crystal card?”

Saying that, she took out the black gold crystal card.

Seeing that high grade crystal card in her hand, the commander’s eyes widened, and he thought inwardly, “I’ve met with a tycoon today!” Guests who came to use the teleportation array were mostly rich and powerful people but most of them would feel that the fee of teleportation was too high.

The commander said a little more because he noticed that Huang Yueli was a low rank Spiritual Armament Master.

After all, 250 thousand high grade crystal jades to a low rank Spiritual Armament Master was a huge expense. Whoever knew, Huang Yueli simply took out her black gold crystal card casually!

Chapter 2983 Exclusive Fragrance (1)

The commander received the crystal card and deducted the fees.

Huang Yueli asked, “How long does it take to activate the teleportation array?”

The commander smiled and said, “It’s a coincidence that you’re going to Blessed City. We have just received an order to teleport a few lords from the god clans to the battlefield with the demon tribe. You can teleport along with them. In around an hour, you can set off.”

Huang Yueli revealed a satisfied smile, "That's great!"

Flame Square City, Cloudy Qilin clan's secret base.

Li Leyun followed Li Tian Yi through the front courtyard, all the way to the main hall entrance.

The latter stopped in front of the room door and raised his hand by the side of the door. But he hesitated for a long time, not knocking. Li Leyun looked at him curiously, "Why aren't you knocking on the door?"

Li Tian Yi suppressed his voice and said, "Young Master had been cultivating in the past few days but he didn't manage to breakthrough. In fact, his Profound Energy suffered a backlash and his mood is extremely irritable. Whoever appeared before him would be berated. Moreover, he had been drinking in the past few days.." Li Tian Yi showed a sorrowful expression.

Li Moying's current condition simply made the guards worried!

Ever since the news of Huang Yueli's possible death was heard, he had been leading his days in a drunken stupor. Whoever dared to persuade him would end up badly injured by him!

Seeing the usually calm and composed Young Master Moying who was unfazed by any circumstances slowly degrading himself, everyone felt extremely shocked!

No one expected Li Moying to have such deep feelings for his Lower Realm wife ... Originally, the guards assumed that he didn't know how to please young ladies when those rich, young girls offered themselves to him! So, it was because the person wasn't right. These rich, young ladies were not the love of his life...

Li Tian Yi was worried but he didn't say the real reason for Li Moying's depression.

Because Li Moying had already given an ultimatum that no one was allowed to leak out the information between him and Sacred Phoenix Race's god grade genius's relationship.

So, the guards merely used the excuse that Li Moying had a mishap during his cultivation. When Li Leyun heard that, she didn't suspect anything at all.

She immediately turned anxious and said, "How can Brother Moying do this? It's very normal to suffer a backlash during cultivation and it could happen to anyone! His innate talent is so high, even if he meets with a bottleneck, he will definitely be able to pass through it smoothly very soon!"

Li Leyun pushed Li Tian Yi, who was blocking the door, aside.

"All of you are so useless. You can't even persuade your Young Master properly. Let me do it!"

Saying that, she pushed the door open and jogged right in.

"Wait, Young Miss Leyun!"

Li Tian Yi couldn't stop her at all and could only watch her rushing towards the volcano.

He shut his eyes, not daring to look! The scene following that was extremely miserable! As expected, before Li Leyun had reached Li Moying, she already sensed rampant and disorderly energy that filled the entire room.

This energy was released from Li Moying. The nearer she got, the more powerful that Profound Energy suppression felt.

Li Leyun was impacted suddenly, and her feet softened, almost unable to take it!

But she clenched her teeth and worked up her Profound Energy. Steadying herself firmly, she continued to trudge towards him.

Chapter 2984 Exclusive Fragrance (2)

Li Moying was currently seated on the chair. His elbows were on the armrest, propping up his head.

His pitch-dark eyes were as black as the eternal night, yet it radiated a strange cold glint.

He leaned against the chair, lifting his eyes slightly. It seemed as though he saw her, but also as though he didn't.

Li Leyun felt a sign of danger as his gaze swept past her. But that threat was tagged along with an astonishing charm. It attracted her to keep walking towards him, even though she knew that she was walking towards a bottomless abyss without any regrets...

Li Leyun's heart palpitated swiftly. Although her physical body was unable to take on Li Moying suppression and her fingers were starting to turn icy cold, she didn't stop moving

"Brother Moying, you... what's the matter with you?"

Li Moying totally ignored her. His slender fingers picked up a wine cup and placed it to his lips. Lifting his head, he drank the entire cup of wine in one go.

It was only now that Li Leyun realized that the entire room was filled with a thick stench of alcohol.

Evidently, Li Moying had drunk a lot of wine when he was here alone.

Thinking of that, she hurriedly walked forward, intending to grab the wine cup away from him.

"Brother Moying, you can't continue drinking like this! I heard from Tian Yi and Tian Er that you threw up blood a couple of days ago when you were cultivating, and your meridians are already damaged. You should be resting properly right now, how can you drink? Brother Moying... AH!" Li Leyun was practically leaning onto Li Moying, hoping to express her gentleness to him.

However, right before her fingers were about to touch his shirt, a huge impact suddenly attacked her!

Li Leyun was caught off-guard and instantly fell backward!

When she fell to the ground, her expression was still in a daze, apparently unaware of what had just happened!

She did not think that Li Moying wouldn't even allow her to touch him and just threw her off directly.

Li Tian Yi was looking at the door, and he shook his head silently.

He knew that this would happen. Li Leyun was too opinionated. Did she think that their Young Master would allow anyone to go near him just because he was drunk?

Or did she assume that she held a special place in Li Moying's heart, which would make him look at her differently?

Li Leyun was pushed to the ground, and her face flushed red from embarrassment.

However, she clenched her teeth and stood up after a short moment.

No way, she couldn't just give up like this! This was a rare chance!

She had to make her Brother Moying sense the gentle and meticulous side of her. In this way, when he regained his consciousness, he would be touched deeply by her deep sentiments!

"Brother Moying, you... please put down the wine cup, will you?"

She walked towards Li Moying once again. But this time, she took extra caution, not daring to go too close. Neither did she dare to touch him again. She persuaded him cautiously from a distance away. Li Moying seemed to have heard her voice and his gaze swept past her, then suddenly stopped!

His pupils constricted, staring tightly at Li Leyun as he revealed a shocked look.

Li Leyun saw the change in expression and assumed that he recognized her and was touched by her gentleness. She hurriedly said, "Brother Moying, you... are you clear-minded now? I'm Li Leyun! You shouldn't drink anymore. I'll help you back to the room, okay?"

Chapter 2985 Exclusive Fragrance (3)

However, Li Moying didn't answer her.

He looked at her from head to toe, as a hazy image appeared in front of his eyes. That familiar flowing dress, the hem was like a floating cloud. It felt as though the young lady whom he had loved for two lifetimes had once again appeared before him, coming close to him.

Moreover, he seemed to have smelled that familiar scent.

Seemingly as though there was.

That was Huang Yueli's exclusive fragrance, which would rove over him every single night in his dreams.

"Li'er... is... that you?"

His thin lips parted as though he was mumbling something. But he spoke so softly that even Li Leyun, who stood a short distance away, could not hear him clearly.

Li Leyun was excited by his scorching gaze, her heart beating so hard that it seemed as though it was about to jump out from her throat.

Li Moying had never gazed at her with so much concentration before this.

Li Leyun had wondered to herself many times in the past, thinking of the feeling of being gazed at so gently and attentively by Li Moying.

It was only now that she realized that this man seemed cold and emotionless. But when he was gentle, that gaze could simply drown someone...

Li Leyun's cheeks blushed, and she was even more certain that Li Moying had been touched by her gestures.

She walked up quickly and tried to walk next to Li Moying.

This time, Li Moying didn't attack her. On the contrary, his gaze quietly stayed on the young lady in front of him, not shifting away at all.

Li Leyun realized that he didn't reject her and happily stretched out her hand, intending to help him up.

"Brother Moving, you..."

Whoever knew, the moment she spoke, it was like a stone dropping into the water. It instantly broke the daze that Li Moying was in.

His dark gaze instantly became clear.

"It's not her!"

"This voice... it doesn't belong to my Li'er!"

Detecting Li Leyun nearing him, he raised his right hand and threw her off once again!

With a "bang", Li Leyun's body flew out.

If it wasn't because Li Tian Yi had already realized that something was amiss and dashed over timely to catch her, Li Leyun would suffer from a serious injury this time!

Even so, Li Leyun's right ankle was fractured by the huge impact. She was in so much pain that her complexion turned pale.

However, as compared to the pain, the greater impact for her was that Li Moying had actually pushed her aside once again. Moreover, his attack was so heavy, totally disregarding the fact that she was a lady!

"He... how could he do this?"

"Earlier, he was the one who looked at me in utmost adoration, as though I am his only true love."

"Why did things suddenly change in the blink of an eye?"

Not only did Li Moying push her away, but his gaze also turned as cold as ice. There was none of the gentleness left from before!

Just as Li Leyun was in a daze, Li Moying had already stood up and walked right out of the door.

When he passed by Li Leyun, he didn't even take a look at her.

She turned anxious and cried out, "Brother Moying, you... where are you going?"

Li Moying swept her a glance and said in a biting cold voice, "You're not qualified to wear this dress. Change out of it and don't ever let me see you wearing a flowing dress ever!"

Li Leyun's eyes widened in shock. Never in her wildest dream had she imagined that Li Moying actually would say such a thing!

She thought that putting on this dress would enable her to attract Li Moying's gaze, to let him notice her exceptional beauty...

Chapter 2986 Exclusive Fragrance (4)

The more Li Leyun thought, the more unreconciled she was, and she gritted her teeth.

"No, I won't change out of it. I like this dress! Why is it that only that woman can wear, and I can't? This is my freedom!"

Li Moying sneered, "Freedom? If you want freedom, then don't appear in front of me! You're not changing, is it? Tian Yi, go help her!"

"Yes, Young... huh, what?"

Li Tian Yi subconsciously agreed to Li Moying's order but when he subconsciously understood what he said, the former was stunned.

Did he hear him wrongly? She was their clan leader's niece!

"Didn't you hear what I said?" Li Moying's voice grew colder as he swept him a deep gaze that made one shudder.

Li Tian Yi felt his leg turning soft.

Ever since he received the news of Huang Yueli's demise, Li Moying was like a changed man. He was simply even scarier than the demon tribe!

The sweat on Li Tian Yi's forehead dripped down, totally unsure of what he should do!

He wasn't Li Moying and didn't have the guts to offend the clan leader's niece. But his Master's command was something that he didn't dare to not abide...

He could only brace himself and persuade her. "Young Miss Li, why don't you just change out of that dress? Young Master is in a bad mood now, so why must you go against him?"

"I..." Li Leyun's face was not reconciled!

She was the Cloudy Qilin clan's god grade genius!

Not only was a god clan's status noble, her innate talent just merely just second to Li Moying's! She also had gorgeous looks!

Why didn't Li Moying take any fancy to her, and keep thinking about his Lower Realm wife? No matter how beautiful that woman was, she was just a lowly human who couldn't even be compared to her finger!

Li Leyun felt extremely aggrieved but Li Moying's might was simply too powerful!

Under his piercing gaze, Li Leyun's heart was quivering and she felt terrified from the bottom of her heart. She didn't dare to go against him.

Biting her lip, she was just about to get up to change.

Suddenly, Li Moying's brow creased and he stopped. Then he walked towards her.

Li Leyun was stunned but she suddenly jumped with joy. Li Moying walked next to her on his own. It was the first time she met with such a thing! Could it be that this man had finally seen how beautiful she was, compared with his human wife, and had a change of heart? Li Moying walked nearer and without saying a word, he stretched his hand out towards Li Leyun's chest.

Her face flushed red. "Brother Moying, what are you doing..."

Li Tian Yi was totally stunned. His mind was in a mess, not knowing what his Young Master wanted to do!

Earlier, didn't he view Li Leyun with disdain to the point that he couldn't even tolerate her wearing the flowing dress? Why was he stretching his hand out to touch her breasts

now?

This... Was he overstimulated?

However, Li Moying seemed as though he didn't notice their abnormality at all.

He stretched out his hand towards Li Leyun's chest but he didn't touch her at all. Instead, using two fingers, he picked up the small piece of a leaf which was stuck on her shirt.

No one noticed that Li Moying's fingers were shaking slightly.

He took that piece of leaf and placed it under his nose to take a whiff. His expression which was cold like ice finally loosened a little.

This smell... was so familiar! It was obviously the scent of the fragrance sachet that his Li'er loved the most when she was in Soaring Heavens Continent!

Chapter 2987 Exclusive Fragrance (5)

This incense was made using tender buds from the Lingering Pheromone Tree, which were then dried. It was a kind of condiment and a kind of plant that only Soaring Heavens Continent had.

Since her past life, Huang Yueli had been personally plucking the leaves to blend her fragrance sachet. She gave him quite a few sachets as well.

So, this scent was deeply etched in his mind. No matter how long time went by, he would never forget about it.

***n***

It was no wonder that when Li Leyun walked near to him today, he had accidentally mistaken her as Huang Yueli while he was drunk.

It wasn't only because she was wearing Li'er's favorite flowing dress, but mainly because a slight hint of Huang Yueli's scent was on her as well.

But, why would Li Leyun have Huang Yueli's scent?

Thinking of this, Li Moying's gaze turned extremely cold. He stared at Li Leyun and hissed through gritted teeth, "This leaf... where did it come from?"

"Huh? W...What?"

Li Leyun still hadn't recollected her senses.

She assumed that Li Moying was smitten by her but in the end, he didn't even touch her at all. Instead, he took away a small piece of something from her that she hadn't even seen clearly! Immediately following that, Li Moying started to interrogate her. She hadn't even understood what he was trying to ask, so she naturally didn't know how to answer him.

However, Li Moying wasn't very patient. His heart was burning with anxiety, feeling both excited and fearful!

There wasn't any Lingering Pheromone Tree in God Realm, so this leaf could only be brought from Soaring Heavens Continent. Among the newly ascended practitioners, only Huang Yueli came from there!

So he could practically confirm that Li Leyun and Huang Yueli had crossed each other's path. Moreover, there was a 90% chance that it happened on her way here today!

Although that might be the case, he had already been disappointed multiple times previously. So this time, he didn't dare to believe that he would be so lucky!

Li Moying looked at Li Leyun who was hemming and hawing and his fury got the better of him because of his anxiousness.

He raised his hand and grabbed Li Leyun's collar, fiercely interrogating her, "Speak right now! When you came over earlier, who did you bump into? Why would this leaf fall on your shirt! Spill it out now!"

Li Leyun had never seen him acting in such a ferocious manner and she was frightened out of her wits!

It was until now that she realized that Li Moying had taken a piece of leaf from her shirt!

But she usually minded her image very much. As long as her shirt was tainted with a bit of dust, she would never wear it again. How could it be that a fingernail piece of leaf was stuck on her, and she didn't even notice it?

Unless...

Li Leyun suddenly recalled the scuffle that she had with Huang Yueli earlier at the entrance.

She was in a hurry and bumped onto Huang Yueli, causing her to fall.

Back then, she fell quite badly!

This lead was either stuck onto her when she fell or it must have dropped from that stinky lad!

Li Moying's gaze turned icy cold. Li Tian Yi was worried that he might really hurt their clan leader's niece so he wanted to step up to persuade him. But he was in awe of the former's aura and didn't dare to go near at all.

Li Leyun was so scared that her teeth were chattering. She put on a brave front and said, "This should be... it should be something that I smeared at the courtyard entrance..."

"Courtyard entrance?" Li Moying frowned.

"Right. Earlier, I was... a young fellow intentionally tripped me, so I fell. Later on, we started to quarrel... this young fellow had obviously done it on purpose..."

Chapter 2988 Exclusive Fragrance (6)

Li Leyun speedily explained the entire situation.

Lastly, she didn't forget to intentionally badmouth Huang Yueli, hoping that Li Moying would be able to stand up for her and teach this stinky brat a lesson!

Whoever knew, Li Moying only heard the first part and loosened his grip, dashing out of the entrance.

"Young Master Moying, where are you going? Wait... Wait up!"

Li Tian Yi hurriedly chased after him.

Li Leyun slumped onto the floor, feeling all the energy in her body had been sucked dry within an instance!

Earlier, Li Moying looked simply too terrifying and scary!

Moreover, she didn't even know how did she offend him!

Could the problem be that she had bumped into that stinky lad at the entrance earlier? Was Li Moying trying to take revenge for her by dashing out in a hurry?

If that was true, then the fright that she had gotten today was totally worth it!

She didn't know how Li Yuehuang had offended Li Moying, but from his furious look, that lad would probably suffer in his hands!

Li Moying was currently extremely anxious. The speed of his footsteps increased to the point that he was almost about to fly!

Li Tian Yi brought a few guards along, chasing after him but they could not match his speed at all!

Li Yuehuang...

Weren't those three words Huang Yueli in reverse?

Li Leyun also said that the young man was a Spiritual Armament Master, and he also had the Lingering Pheromone Tree's leaf on him!

This person was definitely his Li'er. Otherwise, how could there be such a coincidental matter under this heavens!

As to the question of why he looked different from his gorgeous Li'er, that was very easy to explain. Huang Yueli had always been skilled in disguises and she had the top-tier Holy Armament, the Sky Phoenix Ring, which could conceal her cultivation.

No wonder Sacred Phoenix Race's men couldn't find her after such a long time of searching!

He knew that his Li'er had not died! She was alive and well, moreover, she was somewhere near him!

Thinking of this, Li Moying couldn't wait to run over to Huang Yueli's side and hug her tightly.

He used his fastest body movement Profound Skill and perfectly coordinated it with his thunder attributed Profound Energy, dashing out of the courtyard like a bolt of lightning.

There was naturally no one else at the entrance.

Li Moying used the shortest amount of time to go through all the streets in the surroundings. But he didn't manage to find anyone like Huang Yueli.

Out of no choice, he could only stop and delve into his thoughts.

It had already been two hours after Li Leyun and Huang Yueli's argument. Based on his little fox's speed, she was able to go through half of Flame Square City within this amount of time.

Since she was no longer in the surroundings of these few streets, then it would become slightly difficult to find her.

Flame Square City's paths led everywhere, so who knew which direction had she gone in?

In the time that he used to think, Li Tian Yi and the others finally chased up. Panting, they bowed respectfully to him.

"Young Master, you... where are you going!"

Li Moying frowned slightly and opened his mouth to say, "That Spiritual Armament Master who argued with Li Leyun is most likely Huang Yueli."

"What??"

The guards were astounded.

No one expected to hear this piece of news.

After all, based on Li Leyun's saying, that Spiritual Armament Master, who dared to argue with her so many times, was a man!

Li Moying didn't bother to explain to them and asked directly, "Where is Li Leyun? Is she still in the courtyard?"

## Chapter 2989 Where Did She Go? (1)

“Ughh, oh, yes, yes!” The guards hurriedly responded.

Li Moying reacted instantly and immediately headed back to the courtyard in quick steps.

Now, the only person who possibly knew Huang Yueli’s whereabouts was Li Leyun.

Li Tian Yi and the others saw Li Moying leaving like a gust of wind and cried bitterly inwardly.

Whenever it had to do with this Sacred Phoenix Race’s young lady’s matters, their composed future clan leader would become extremely irritably. They totally couldn’t cope with his train of thoughts at all, so they could only follow behind him, running around like idiots

When Li Moying dashed into the courtyard, Li Leyun was still in a daze on the floor.

Seeing Li Moying running in again, she excitedly welcomed him. “Brother Moying, did you catch that stinky brat who bullied me? Is

he...”

Li Moying couldn’t be bothered to listen and asked directly, “Which direction did he take? Can you remember?”

“This...” Li Leyun was stumped.

When she and Huang Yueli parted ways, all she had on her mind was to meet Li Moying quickly. So she didn’t notice which direction Huang Yueli had gone to.

Li Moying waited for a couple of seconds and urged impatiently, “Where did he go? You argued with him for such a long time, didn’t you notice which direction did he went?”

Li Leyun was frightened by his anxious and fierce tone. Her thoughts were in a mess, and she totally could not recall the scenario at that moment.

When Li Moying saw this, his anger spiked up again, and he simply could not stop himself from wanting to hit her.

Luckily, Li Tian Yi and the others had already caught up to him. He stood behind Li Moying and weakly gave a reminder, “Young Master, This Subordinate was at the entrance earlier and I seem to have seen Huang... ughh... Young Master Li heading that way...”

Li Tian Yi pointed towards the east and Li Moying immediately stared at him. “Why didn’t you say so earlier!”

Saying that, he didn’t wait for Li Tian Yi to explain and left in a gust of wind again.

Li Tian Yi wanted to cry because he felt aggrieved!

OVP

He wanted to explain, but whoever knew his Young Master's body movement Profound Skill to be so incredible! As compared to the latter's performance in the Cloudy Qilin clan, his speed had almost doubled!

lla

In a blink of an eye, he was already gone without a trace. Li Tian Yi chased after him with all his might, to the verge of throwing up blood, but was still unable to chase up to Li Moying...

"Senior Brother Tian Yi, what's going on? Why is Brother Moying in such a hurry? Did that Li Yuehuang offend Brother Moying? It's just like what I said, that stinky brat is so bold. As a lowly human, how dare he offend us Cloudy Qilin clan, simply digging his own grave! After Brother Moying finds him, he must teach that brat a lesson!" Li Leyun walked over as she spoke with deep hatred.

Li Tian Yi swept a glance at her. "If you don't wish to be beaten to death by Young Master, it's better to stop bad mouthing Young Master

Li!"

Li Leyun didn't expect him to say that and was stunned momentarily, "Huh? Why? He's just a lowly human!"

Li Tian Yi saw how ignorant she was and didn't bother to persuade her any further. Anyway, he had already fulfilled his duty to remind Li Leyun. Since she didn't heed his advice, it had nothing to do with him!

The most important matter now was to quickly find Li Moying!

Thinking of this, he hurriedly led his men and ran out again.

Flame Square City's paths were built in an extremely structured manner.

Li Tian Yi headed towards the east. Although he didn't have Li Moying's speed, he wasn't worried that he might lose track of him.

Chapter 2990 Where Did She Go? (2)

But Li Tian Yi believed that Li Moying would definitely search while he walked. But in the end, Li Moying shuttered past various streets and only stopped when he reached the foot of the east city wall.

Li Tian Yi and the others stopped behind Li Moying, panting heavily.

"Young... Young Master! There were several bustling streets along the way where we passed by earlier, and... and there are some inns. If Young Miss Huang was in Flame Square City, it is possible that she might stop at those places. We... should we turn back and take a look?" Li Tian Er suggested.

Li Moying only shook his head.

Lifting his head, he looked in the distance away, at the teleportation array which was heavily guarded by hundreds of soldiers. The gaze in his bewitching plum blossom eyes turned serene and deep. "No need, since Li'er walked towards the east, she had most probably come here." He replied in a deep voice.

“Huh?” The guards widened their eyes, not understanding why Li Moying was so certain.

Li Moying didn't bother to explain. In reality, he didn't know how to explain.

This was his instinct. Or perhaps, it was because he had enough understanding towards Huang Yueli. That was why he could make a precise deduction on her actions.

His Li'er wasn't interested in the reputation as a Spiritual Armament Master. The reason why she went to Sky Gem Glass Chamber and had a conflict with Li Leyun was most probably because she wanted to obtain the Spiritual Armament Master's badge to derive at a certain

**aim.**

This aim was very easy to guess. It was because she wanted to use the teleportation array.

Huang Yueli should have been attacked by someone. Even under the protection of the Sacred Phoenix Race's Elder, she was heavily injured and went missing.

Moreover, after she managed to escape, she didn't show herself directly. Instead, she put on a disguise and appeared in Flame Square City, pulling wool over those people's eyes.

This meant that his Li'er had met with an extremely powerful enemy, and that was why she acted so cautiously, not daring to give the game away.

Hence, according to Huang Yueli's usual behavior, she would not choose to stay long in Flame Square City. Instead, she would hurry towards a safe place.

She didn't know anyone in God Realm so there were only two places that she could go to.

One was Ice Moon Summit, which was where Sacred Phoenix Continent's lineage was. The other... was where he was, the Cloudy Qilin Continent!

But he didn't know what choice would Huang Yueli make in the end?

Just as Li Moying was pondering over this, the soldiers near the teleportation array discovered their existence and strode over. “Who are you guys? So many of you lingering near the military zone, what are your motives?”

The team leader eyes them suspiciously. The lot of them held their weapons with both hands tightly, showing a guarded look.

This group of people was dressed luxuriously and their cultivation levels were extremely outstanding, especially the leader, Li Moying. His countenance was handsome and his temperament was noble. Just one look and they could tell that he was an aristocrat.

When this kind of person appeared near the teleportation array, it was impossible for them to take the wrong direction and get lost!

Li Tian Yi hurriedly walked up. “This buddy, my Young Master is here to look for someone. May I ask... did a Spiritual Armament Master surnamed Li come by earlier?”

The soldier's face was even more bewildered, “Why are you asking about this?”

“Ughh, this...”

Li Tian Yi was indeed a Cloudy Qilin clan’s talented practitioner. His thoughts raced swiftly and he soon found an excuse.

“My Young Master and Master Li have been great buddies for many years.”
