Chapter 3031 The Chosen One (3)

“The twelve ancient God Clans’ surnames are exclusive. Since your surname is Huang, it has already proven that you are from the Sacred Phoenix Race.”

Xia Yunxi smiled and said, “Judging from your powerful ability, your background should be from a big family and bloodline noble. But why didn’t you head to Ice Moon Summit to return to your own clan? Instead, you went to look for your husband first? It seems that you two are very loving!” Huang Yueli smiled bitterly, “That’s what I wanted to tell you. My husband and I are indeed very loving, but it’s not that I am intentionally not returning to my clan. I’ve been targeted by an Elder in the clan so I can’t go back. That’s why I’m using the name Li Yuehuang to handle things. Don’t ever let my real name slip.”

Xia Yunxi was stunned. “What’s the matter? Someone in the Sacred Phoenix Race tried to assassinate their own clan’s genius? Is he insane? Every clan’s genius is their future hope. Why didn’t you go look for the clan leader to seek injustice for the thing that he had done?”

Huang Yueli thought of the situation back then and couldn’t help but sigh. “It’s a long story. I haven’t even entered Sacred Phoenix Continent and was already targeted. I can’t go near to Ice Moon Summit at all, so that’s why I decided to go look for my husband. I didn’t expect to meet with an incident like this on my first time teleporting...”

The two of them exchanged glances and realized that they were rather unlucky. But with a compatriot running into bad luck together, it didn’t feel that gloomy at all.

They rested on the treetop for a night and continued to search for the way out of the forest the next morning.

Xia Yunxi was in front leading the way while Huang Yueli followed behind her tightly. At the same time, she also surveyed the surrounding situation.

The two of them walked for several hours but the forest looked almost the same. It seemed as though they were going round in circles.

But Huang Yueli didn’t make any noise to urge. Instead, she was on full alert, following behind Xia Yunxi closely.

She knew that the forest was so dark, the topography was so complex. Moreover, several devils were walking about. If she wanted to leave this place, she could only choose to trust Xia Yunxi’s judgment totally.

The so-called Chosen One... should have some skills, right?

Huang Yueli went into a slight trance and almost bumped into Xia Yunxi, who had suddenly stopped.

“Eh? Why aren’t you walking?”

Xia Yunxi stretched out a finger and showed a hushed sigh. Then she lowered her voice and said, “There are four devils in front, and they are all low-class Earth Devils. Should we...”

“Yes!” Huang Yueli instantly nodded as her eyes flashed an excited glint!

Those weren’t devil soldiers. They were her military merits!

Yesterday, she chatted with Xia Yunxi for an entire night about the use of military merits and military ranks in detail. So now, what she wanted to do the most was to quickly kill the demon tribe to exchange for military merits. The more the merrier!

Xia Yunxi heard her decisive reply and was originally rather happy. In the end, when she turned back and took a look, she met with Huang Yueli’s look which resembled a hungry wolf. She was so scared that she shivered.

“I say... Yueli, you... are you alright?”

“Nothing, I’m fine. How could there possibly be something wrong with me?” Huang Yueli lifted her hand and patted Xia Yunxi’s shoulder, then urged, “Quick, let’s hurry up. Don’t let them escape. Those are my military merits!”

Xia Yunxi hurriedly pulled onto Huang Yueli who ran off. “Hey, hey! Wait! You’re running in the wrong direction. Here! It’s over here!”

In the forest, four low-class Earth Devils formed into a small team and were swaggering as they walked.

Their mission was actually to search for Huang Yueli and Xia Yunxi.

Chapter 3032 It’s My Military Merit (1)

Yesterday night, the two Earth Devils who had been dispatched to search for Huang Yueli did not return to the campsite.

Early in the morning, the demon tribe’s commander sent another small team to search for them. The four of them found two corpses whose devil stones had been dug out.

Seeing their compatriots killed, the four devils didn’t feel anything at all. Instead, they even gloated over their misfortune.

“Aren’t these two fellows a little too amusing? I heard that they were out to search for that human who had pretty decent innate talent. But in the end, instead of capturing that person, they got themselves killed?”

“That’s right, these two weaklings. They’ve totally embarrassed us! They can’t even defeat a human!”

A tall, thin devil asked the leader of the pack, “Team Leader, what should we do now?”

“What should we do? Of course, we have to capture that human who escaped! These two dumbasses failed to live up to expectations, so this credit is transferred to us instead! Although that human isn’t worth anything, at least it is a form of merit. Since we’re already here, we can’t leave empty-handed!” The team leader said as a matter-of-factly.

“Team Leader is wise!”

“Team Leader is wise!”

The tall and thin devil was still unassured. "This... one entire day has passed. Has that human already escaped? Will we be able to chase up to him?"

The team leader snorted. "Relax, that human can't escape! There are various kinds of forests around the Toxic Swamp. Even for the other devils, if they are not soldiers from our area, they might not be able to find their way out as well, not to mention the human! He definitely hasn't run too far away. Let's search the surroundings, and we'll be able to find him!"

"Team Leader is wise!"

"Team Leader is wise!"

The last person hemmed and hawed.

The team leader found him an eyesore. "Why is it you again! What else do you have to say?"

The tall and thin devil was rather frightened. He shrank his neck and said meekly, "But... but, the cultivations of these two fellows who came here yesterday are on par with us. But they were killed by that human. Could that human be some kind of expert in hiding? We... should we be... a little more careful..."

"Rubbish! You big mouth who always spouts nonsense!" The team leader howled angrily, "That two trash are killed because they are dumb! How powerful can a human be? Are you telling me that This Team Leader will end up like these two pieces of trash?"

"N... No, that's not what I mean..."

"Shut up! This Team Leader doesn't want to hear your explanation! Go to the end of the team right now and guard the rear!"

The thin, tall devil was kicked to the end of the line.

The four devils continued to travel through the forest while searching for the "human man's" whereabouts.

After searching for some time, they still didn't manage to see him.

The team leader frowned. "What's going on, where's that person? Could he have dug a hole and hidden in it?"

Just at this moment, the tall and thin devil's voice was heard from the back of the team.

"Oh no, Team... oof!"

That sentence was only half complete when it had been cut off by someone abruptly.

As he was guarding the rear, the tall and thin devil was a little far from the three others in front. The other two followers turned back but didn't see him. They were hesitating if they should turn back to look for him.

The team leader shouted angrily, "What's there to find? This fellow keeps saying such demoralizing stuff. I think he must be afraid, find a place to hide, and deliberately act mysterious. Is he trying to scare This Team Leader? Does he think I'm an idiot?"

Chapter 3033 It's My Military Merit (2)

"Don't bother about him! Just let him hide alone! After we capture that human, This Team Leader will whip him hard!"

"Team Leader is wise!"

"Team Leader is wise!"

The two devils hurriedly fawned on their team leader and continued walking forward without turning back.

A distance away behind a huge tree, Huang Yueli shrank her popped-out head.

"Seriously? They didn't even turn back to check? How dumb can these devils be?"

Earlier when she and Xia Yunxi took action, they made a little mistake.

Devils' senses are much stronger than humans and they didn't have enough experience so they didn't think of this. That's why when they came closer to the tall, thin devil, he had already discovered them.

The two of them were extremely decisive people. After they realized that they were exposed, instead of retreating, they advanced. Using the fastest speed that they could muster, they pounced forward to kill that tall, thin devil. After that, in the instance when the devils turned back, they dragged the corpse behind the tree.

At that time, they were a little worried and were mentally prepared to be encircled by the three devils.

In the end, those three fellows didn't detect any abnormality and just... Swaggered away?

Xia Yunxi was also a little astonished. But she thought in another way and couldn't help but burst out laughing. "I heard my husband say this previously. The demon tribe and humans aren't the same. Among the devils, their descent is different and it doesn't only affect their innate talent. It also affects their intelligence and their looks are very different. It's normal for these few low-class Earth Devils to be a little dumb. But Sky Devils are extremely smart. Moreover, all of them have outstanding looks."

"I see, no wonder then!" Huang Yueli nodded her head and said, "It's all thanks to them being so dumb. Now, it'd be even easier for us to do things."

She walked to the tall, thin devil's corpse, drew out a small dagger, and dug out his devil stone.

Xia Yunxi propped her head from behind the tree and asked worriedly, "Is the effect of the trap that you've set up good? Although these fellows are a little dumb, their battle powers are still rather strong. It's equivalent to the human's Heart Profound Realm early-phase. Ordinary traps can't trap them at all!"

Any one of the four demon tribe practitioners in this group could defeat them. It took a great amount of effort for Huang Yueli and Xia Yunxi to defeat the two Earth Devils yesterday. Today, they had to deal with four of them. Frankly speaking, judging from ability-wise, there was no chance of success at all.

Hence, before the two of them came to ambush them, they had already set up a few traps in advance.

In the process of set-up, Xia Yunxi looked at Huang Yueli's proficient stance and from her lightning-fast moves, she knew that this lady was an extremely highly skilled Spiritual Armament Master.

But Huang Yueli's cultivation was still lacking. If she wanted to trap enemies whose cultivations were much higher than hers by so many levels, it still posed a great amount of difficulty.

Adding on to the fact that she mentioned that she had just ascended to God Realm recently, Xia Yunxi's understanding of her wasn't adequate yet. Based on logical judgment, she somehow felt that Huang Yueli's techniques might be a little unreliable...

Huang Yueli patted her chest and said proudly, "Yunxi, don't worry! I've never made any mistakes in setting up traps yet!"

She had just finished speaking when they heard miserable cries coming from the forest in front!

The two young ladies looked at each other excitedly and immediately scuttered out from the tree that they were hiding behind./ please keep reading on MYBOXNOVEL(dot)COM.

Running forward to take a look, the three devils had all stepped into Huang Yueli's traps without any exception.

Chapter 3034 It's My Military Merit (3)

A row of sharp thorns on the ground pierced two devils that fell, as though they were like two pieces of fatty meat which were skewered on a skewer.

As for the Team Leader, a rope looped around his ankle and he hung upside down on top of a tree. When there was a breeze, he kept swaying around.

The three devils struggled with all their might, but the mechanism that Huang Yueli made was not that easily damaged.

Just as they were in misery, they suddenly saw Huang Yueli and Xia Yunxi walking over to them with bright smiles hanging on their faces.

They weren't that dumb after all. They instantly understood what happened and were so angry and anxious that they started to curse and swear.

"Damn humans! How dare you ambush me!"

"You humans are so sinister. Let me down if you dare, let's fight it out with our abilities!"

"Sinister, deceitful, vicious!"

The three devils shouted with all their might and tried their best to struggle free from the traps.

But no matter how hard they struggled, they weren't able to break free. On the contrary, their injuries tore while they struggled. Their wounds became worse.

Huang Yueli lifted her jaw and looked delightfully at Xia Yunxi. "How's that? Aren't my Spiritual Armament skills incredible?"

“Incredible, you’re incredible!” Xia Yunxi nodded her head continuously and said, “But... you seem to have forgotten to include an array to soundproof their voices. They are crying so miserably and there seems to be a team of devils in the east who heard the commotion. They’re also heading over here right now, and their numbers are not little at

all!”

“What?” Huang Yueli’s face turned red, “Mistake, that’s absolutely a mistake!”

As her soul trace was affected by the surrounding demonic qi, she wasn’t able to sense anything that was too far away hence she didn’t sense such obvious abnormality. But she would not doubt what Xia Yunxi said.

The past few days of experience had verified that she, the Chosen One, was indeed not someone to be trifled with!

When the demon tribe’s Team Leader heard their conversation, he became excited and shouted, “Our reinforcements are coming very soon! If you still don’t let us down, we’ll show you some colors after we free ourselves! By then, I’ll tear you to pieces alive! Let me down!”

“Right! Team Leader is brilliant! Let us down now!”

“Team Leader is so wise!”

Huang Yueli burst out in laughter. “Are you really dumb or just pretending to be dumb? Since you told me that you’re going to tear me into pieces, then why should I let you come down? Do you think I’m as dumb as you

guys?”

Cia Yunxi’s expression was much more solemn. “That team is just three miles away from us. Let’s quickly claim our military merits here and set up the traps in front! There’d be a lot of military credits waiting for us later on!”

Hearing the words “military merits”, Huang Yueli instantly became excited. She couldn’t bother to talk to these fools from the demon tribe.

The two young ladies took out a double shot crossbow and quickly dealt with those three devils. After they retrieved the devil stones, they went in the other direction.

Before they left, Xia Yunxi sprinkled some light yellow powder on the devil’s corpses.

“What’s that?” Huang Yueli blinked and asked.

“Dematerialize Powder.” Xia Yunxi swiftly explained, “This is a kind of medicated powder which is used to vaporize the corpse. I’m just cleaning up the scene in case our whereabouts are exposed too quickly.” Huang Yueli’s eyes lit up. “Good stuff!”

Ir

She understood what it was immediately. It was the same as the Cadaver Disintegration Powder that she used in the Lower Realm.

When she was in Soaring Heavens Continent, she would carry it around to avoid unnecessary problems.

Chapter 3035 It's My Military Merit (4)

But after Huang Yueli arrived in God Realm, she discovered that the Cadaver Disintegration Powder that she brought was basically of no use.

The reason was that after practitioners broke through to the tenth stage realm, under the might of the heavenly tribulation, their meridians and physique would undergo a total change and become extremely resilient. The medicinal power from the Cadaver Disintegration Powder couldn't disintegrate a practitioner's body at all.

Huang Yueli guessed that there should be a similar kind of powder in God Realm. But this kind of evil thing wouldn't be sold in official retail shops. It should only be available in the black market, but Huang Yueli hadn't found a way to get some yet.

She did not expect Xia Yunxi to have this with her.

When the latter saw Huang Yueli's excited look, she smiled and said, "This is something that I refined myself. If you like it, I can give you a bottle. But this Dematerialize Powder is only effective on the devils. For human practitioners who attained cultivations above Heart Profound Realm, they are immune to this. As for God clans, there's no obvious effect at all..."

Huang Yueli didn't mind and smiled as she nodded, "Thank you so much! With this powder, it will be more convenient to deal with those guys from the demon tribe."

The two of them traveled under the shadows of the forest while conversing.

Suddenly, Xia Yunxi lifted a finger and made a hushed sign.

She turned around and said without a sound, "The devils are 500 meters ahead and there are seven of them. Two low-class Earth Devils, five ordinary devil soldiers."

The forest was still pitch-dark but Xia Yunxi was able to explain the situation so early.

This impressed Huang Yueli again. "I feel so safe traveling next to The Chosen One."

After a couple of seconds, the seven devils' voices faintly drifted into her ears. Huang Yueli inclined her ear and listened briefly. Soon, she made a judgment that what Xia Yunxi said was correct.

"What should we do now? Their numbers are a little too many..." Xia Yunxi gestured and interacted with her.

Huang Yueli frowned for a moment and also felt that they were in a tight spot.

Among the seven people, there are only two Earth Devils. If it was in terms of their overall power, it was not any better than the four Earth Devils group earlier.

But they had more people on their side. If the two ladies wanted to sweep them in all at one go, it would be a little troublesome.

Moreover, when they schemed against the four people group earlier, it was a deliberate scheme against them. The other party was not guarded and fell into her trap.

But now, the situation was totally different. This group was rushing over because they heard some strange noises. So they would naturally be guarded. The difficulty in scheming against them would be much greater now.

Seeing Huang Yueli keeping silent, Xia Yunxi made another gesture. "If we really can't, then let's hide behind the trees, then attack them! Just kill whatever we can. We can't help it if one of two of them manages to escape..."

She hadn't finished gesturing when she saw Huang Yueli lifting her hand to gesture for her to relax.

Following that, Huang Yueli took out a ring from her pocket and wore it.

Xia Yunxi's eyes widened as she looked at Huang Yueli. Although this young lady was still in front of her, Xia Yunxi suddenly felt the aura on Huang Yueli had changed. It was a world of difference from before, but yet she couldn't tell what exactly was different!

Huang Yueli didn't wait for her to respond and directly turned and walked out behind the tree.

Xia Yunxi was shocked by her abrupt action and hurriedly stretched out her hand, intending to pull Huang Yueli back.

But it was already too late.

Chapter 3036 It's My Military Merit (5)

The demon tribe's small team had searched their way to where they were hiding, and they were just a hundred over steps away from the big tree.

Huang Yueli moved and was completely exposed in front of the seven devils.

Never in Xia Yunxi's imagination would she ever think that Huang Yueli, who had been calm and composed, was that impulsive!

The two of them hadn't even finished their discussion, and she just dashed out like that?

Xia Yunxi subconsciously wanted to jump out and help her.

But just at this moment, she suddenly realized that Huang Yueli had put her hand behind her back, shaking her finger at her.

The intent was very obvious. Huang Yueli was telling her not to come out.

Xia Yunxi's footsteps halted as she peeked through the leaves. Then she suddenly realized that the scenario was totally different from what she had imagined...

The seven devils formed into one team and they were talking loudly while searching, hoping to find the place where the miserable cries came from.

As for Huang Yueli, she had been following them from a short distance away. But every single devil ignored her, as though they didn't notice that an alien had smuggled among them!

Xia Yunxi's eyeballs almost dropped out of her sockets as she was extremely shocked!

The devil's senses were sharper than the God clans. So logically speaking, they wouldn't usually miss out on detecting the enemy getting so close to them.

The only possibility was that Huang Yueli had used some kind of special skill or Spirit Armament to conceal her aura...

Recalling the ring that she took out from her pocket earlier, a legendary high grade Treasure Armament surfaced in Xia Yunxi's mind

"The Sky Devil Blood Ring that was refined by top-notch Sky Gem Grandmaster, Grandmaster Xiao!"

"Could that ring on Huang Yueli's finger be the Sky Devil Blood Ring?"

"But aren't there only three Treasure Armaments in the entire God Realm? Other than the one which Grandmaster Xiao was personally safeguarding, the other two rings were in the hands of Life Profound Realm top exponents!"

"Where did Huang Yueli obtain that ring then?"

Xia Yunxi couldn't find an answer and her eyes opened wide, staring at Huang Yueli's actions without blinking.

When Huang Yueli walked out, she was originally thinking of testing the situation.

After Grandmaster Xiao had given her this ring, she had to keep keeping it inside her realm ring and had almost forgotten about it!

Now that she tried it out, she realized that it was indeed very useful. These few devils seemed as though they were blind. They couldn't detect her presence at all. Huang Yueli remembered Grandmaster Xiao's instruction back then. When she was using the Sky Devil Blood Ring, she should not use any Profound Energy. Once her Profound Energy caused any fluctuations, the invisibility would fail.

So if she attacked them, she would appear right before them.

But not using any Profound Energy would not affect her from setting up any mechanisms.

Huang Yueli followed this team of devils and while they weren't paying any attention, she secretly set up several mechanisms.

After the setup was more or less done, she gestured to Xia Yunxi and indicated for her to be prepared to coordinate with her attack.

The small devil team had already walked to the place where the former devil team of four had fallen.

Looking around, they couldn't find any abnormality at all.

The fluid that was left from the effects of the Dematerialize Powder had not yet dried. But the forest's surface was originally damp with a murky stench. Low-class devils were not as smart, so they naturally could not tell that something was amiss.

Only the two Earth Devils leading the team felt that something was not quite right.

Chapter 3037 Let Him Out Like A Fart (1)

“That’s strange? I know I heard miserable cries coming from this direction, but why is there nothing here at all now?”

“Did you hear it wrong? There’s obviously nothing here at all!”

“That’s not possible, right? I wasn’t the only one who heard that earlier. The others also feel that something is strange, otherwise, no one would come over at all.” “But there’s no one here now! This is what I think. The area around the Toxic Swamp is our demon tribe’s turf. Before the humans could even enter the forest, they would sink and be buried alive in the swamp. How can they possibly enter this place? The miserable cries or something is definitely part of your hallucination!”

“No, that’s not right...”

The first devil who spoke frowned. He wanted to rebuke his compatriot but couldn’t think of a reason to do so.

While the two Earth Devils were arguing, a devil soldier on the side suddenly shouted, “Quickly look, there seems to be a human over that side!”

The few devil soldiers hurriedly turned around and saw the disguised Huang Yueli appearing between two tall trees.

She held a longbow and pulled an arrow, aiming at their side.

Just at the moment when the devils turned back, her fingers loosened and a sharp arrow which was encased with the True Phoenix Fire, which dissipated scorching light and heat, shot out like a shooting star. It glided across the sky and pierced right into a devil soldiers’ chest. “Oof hmm-“

The devil soldier who was shot gave a dull moan and fell to the ground.

The Profound Energy and True Phoenix Fire that Huang Yueli injected into the arrow scorched his physical body, causing him to be seriously injured immediately.

When the other devils saw that, they growled furiously and dashed towards Huang Yueli!

“There’s a human! There’s a human here!”

“Damn human, how dare you sneak an attack on us. Everyone, let’s chop him up into minced meat!”

Facing rampant beast-like enemies, Huang Yueli was calm and composed. She stood rooted on the same spot and didn’t move, as though she was waiting for them.

The two Earth Devils almost reached Huang Yueli, only to discover a strange smile on her face. They instantly detected that something was wrong.

“W...Wait a minute!”

Alas, his response came too late.

Rows of iron thorns burrowed out from the ground, under the six devil’s feet.

These iron thorns were sharp and thin, like long swords. While they were unprepared, it pierced through their bodies.

The devils knelt on the ground, crying in misery.

But their bodies were much more robust than humans. Although they were hurt, they still wanted to struggle free.

Huang Yueli took lesser time to set up the traps this time, and the materials used were simpler, so it wasn't as solid as the previous mechanisms.

As the few devils kept using their demonic power to charge out, the mechanism was starting to loosen up.

was

But there was still no trace of terror on Huang Yueli's face because she had already seen Xia Yunxi appearing behind the devils.

Xia Yunxi struck out hand gestures and controlled the tree roots as she struck those devils hard. She held a dagger in her other hand and dashed up to stab those devils' backs who were near her.

Xia Yunxi was also a ruthless person. She didn't have the indecisive habit that ordinary young ladies had and hit wherever would hurt them the most.

Moreover, her actions had a suave and smooth feeling to them.

No wonder she could disguise as a man, and no one suspected her identity at all. She even pretended to be a man and harassed young ladies.

She was simply a scourge who attracted both men and women!

Chapter 3038: Let Him Out Like A Fart (2)

Everyone liked beautiful things.

Huang Yueli simply stopped her actions, propped her hands on her chin to admire her.

Xia Yunxi originally attacked aggressively, but shortly after, she realized that her pressure was increasing and was losing speed.

Quickly turning her head to take a look at Huang Yueli, anger instantly arose.

"Y... yo... you... What are you looking at over there? Quickly come over and help me out!"

Huang Yueli blinked. "Didn't you say that you were very handsome and I don't know how to appreciate how suave you are? I'm smitten right now but you don't allow me to take a few more looks!"

Xia Yunxi felt like crying. "Grand aunt, please stop fooling around with me! Can't you tell that I'm almost going to be killed by them? Hey— Save me!"

Those two Earth Devils struggled for some time and actually managed to break a few thorns to struggle free from the trap. Following that, they immediately pounced towards Xia Yunxi!

“Wa wa wa— Ah!”

Xia Yunxi cried out exaggeratedly and made a run for it.

The devils thought that she was frightened. They endured the pain on their bodies and chased after her, hoping to capture and take revenge on her.

“Human, stop right there!”

“You’re not allowed to run. There’s no point in running. I’m going to tear you into shreds!”

As Xia Yunxi ran, she summoned various tree roots to attack them but Earth attributed attacks were insufficient. She appeared to be in a rather thrilling situation right now.

Huang Yueli couldn’t stand still as well. Although she knew that Xia Yunxi was just pretending to be in a thrilling situation, she wouldn’t die from it at all. But considering that this lass was sneaky as well, she wasn’t an easy target to deal with if Huang Yueli really offended her. So the latter didn’t continue to stand on the sidelines.

She cried out exaggeratedly, “Yunxi, hang on! I’m coming to save you!”

At the same time, she ran towards the direction where Xia Yunxi and the devils were fighting.

The other devils saw her running over but didn’t think too highly of her.

“The other human is coming too, let’s kill them at one go!”

“That fellow is the one who set up the traps. Just tearing him apart isn’t enough to quell my anger, I’m going to swallow him alive!”

“Wow, oh my!” Huang Yueli’s face turned green. “This... isn’t this too vicious? Let me tell you this, human flesh isn’t tasty...”

“Stinky brat, you finally know what terror is? Earlier I asked you to come and be killed on your own, why didn’t you listen to me? You even dare to sneak an attack on us!”

“That’s right, I’m telling you. It’s too late to be scared now!”

Huang Yueli pouted. “Oh yes, I’m so frightened! So, in order not to let you tear me apart or swallow me alive, I think it’s better for me to try my best...”

She mumbled silently and her fingers flipped to retrieve a lush green zither from her realm ring.

Her slender fingers grazed past the strings and melodious zither music flowed out from her fingertips!

The music was like flowing water on the tall mountains which swirled smoothly. But those devils were showing extremely painful expressions.

“Ooh, damn it... this.. what is this...”

“My head... why is it suddenly in so much pain?”

While the devils were in a fluster, Huang Yueli swiftly summoned the True Phoenix Fire and hurled it towards the two Earth Devils!

Xia Yunxi was originally twirling around with those two devils. She just nicely coordinated with Huang Yueli. Under their mutual coordination, the two Earth Devils who were seriously injured by the traps weren't their match. Shortly after, the two of them fell to the ground.

Chapter 3039: Let Him Out Like A Fart (3)

The remaining five devil soldiers still hadn't struggled free from the iron thorns, but they were shouting to encourage their team leaders.

Now, seeing that the strongest two in the team were killed, they didn't dare to continue shouting. Instead, they wailed madly, begging Huang Yueli and Xia Yunxi to spare their lives.

"Aren't you guys going to tear us into shreds?" Xia Yunxi played around with the dagger in her hand, slowly approaching them.

"N... No, how would we ever dare to offend both Young Masters..."

"The two of you are so powerful whereas we're just devil soldiers. We aren't worth many military merits. Please have mercy on us..."

"Mercy, mercy please!"

Hearing what they said, Xia Yunxi instantly felt her stomach starting to churn. "I heard that the demon tribe are cold-hearted and always do as they please. But when it comes to saving their skins, they can be so thick-skinned! This is really..."

"Since they make you feel disgusted, then why are you still talking so much to them? Let's quickly settle the stuff here. I want to go look for other devil soldiers! They are all part of my military merit, military merits!" Huang Yueli urged impatiently.

/ please keep reading on MYBOXNOVEL(dot)COM.

Xia Yunxi gave her an angry stare and retorted, "You have the cheek to say that? Who was the one who looked on without lifting a finger earlier and wasted so much time!"

"Who's that? Why don't I know about it?" Huang Yueli replied in an extremely innocent tone.

Xia Yunxi wanted to kick her but on account that she was her partner, she forced herself to endure it.

The devils were still crying out for mercy and also used devil skills to try and struggle free.

Alas, it was all fruitless.

Huang Yueli and Xia Yunxi easily obtained another seven devil stones.

Huang Yueli took out all the devil stones that she received and placed them in her palm and she counted, feeling extremely happy.

"That's great. Adding on to those devil stones that we got yesterday, I've accumulated around 2000 over military merits! It just takes around 10,000 merits to become a divine soldier. Judging from this, it would only take a few days! It's actually so simple to get a promotion on the military ranks!" Huang Yueli roughly did a calculation and felt rather surprised.

The military ranks of those in God clans in the allied armies from the lowest to the highest are Divine soldier, Divine Lieutenant, Divine General, Divine King, and so on, respectively.

As God clans practitioners have much higher abilities and statuses, so the lowest-ranked Divine soldier in the allied armies could take on the position as a Grade-One Team Leader. But humans needed to accumulate at least 3,000 military merits before they can become team leaders.

If they wanted to attain a First Class Divine soldier rank, they needed at least 10,000 military merits.

If a Divine soldier participated actively, then they would be considered as a medium-class military officer. That person could take on the role of a Commander or Deputy General and lead at least a few hundred men.

Whereas based on Huang Yueli and Xia Yunxi's current speed of obtaining the military merits, they would probably take less than half a month to reach the rank of Divine soldier.

Hearing Huang Yueli's smug tone, Xia Yunxi rolled her eyes at her. "You wish! How is it even possible to advance to Divine soldier within half a month? We're killing Earth Devils now, and that's equivalent to a human's Heart Profound Realm expert. That's why we could get so many points. If it were ordinary human soldiers, even if they had 100 people, they wouldn't be an Earth Devil's match!"

Hearing this, Huang Yueli somewhat understood that. "Right, the main thing is because our ability is too strong. If it was any other person, it would definitely not work out!"

She was going on a roundabout to praise themselves.

Xia Yunxi didn't rebuke her on this.

"Isn't that so! On the battlefield with the demon tribe, a majority number of people are cannon fodders. There aren't many who has abilities like us."

Xia Yunxi paused for a moment and said, "But we've been really lucky over the past two days. Actually, it's mostly ordinary devil soldiers on the battlefield. Most of the time, it's very difficult to meet with Earth Devils. A devil soldier is just worth a few military merits. So no matter how powerful you are, there's not much use."

Huang Yueli instantly became disappointed and her face fell.

But it only took a couple of breaths before she turned excited again. "Don't bother about that. Since our luck is so good today, let's grab hold of time. Hurry! Use your prediction power to sense what direction is the next group of devils who are closest to us now?"

She grabbed Xia Yunxi so the latter could only go along with her.

But she didn't forget to warn Huang Yueli. "Later, you're not allowed to stay on the sidelines and watch the commotion, otherwise I will go on a strike! I'd like to see where you can go and find the demon tribe by then!"

“Yes, yes, yes, you’re absolutely right! I will not dare to do it again!” Huang Yueli said without turning back.

“Your reply is too superficial!”

The two young ladies squabbled as they walked towards the deeper part of the forest, continuing to accumulate their military merits.

When it was midnight, Huang Yueli had no choice but to admit that what Xia Yunxi said was right.

The two of them spent an entire afternoon searching the forest for the demon tribe but only found a few devil soldiers. They didn’t get to find any Earth Devils at all.

So their military merits did not increase much.

The two of them rested on a tall treetop for the night and early next month, they discussed a way to leave this forest.

“It seems that military merits aren’t that easy to earn! Too many devils had died in this forest. If we attract the devil army’s attention, we’d be in big trouble if they send a large number of devils to look for us. It’s better to leave this place first.” Huang Yueli said regretfully.

Xia Yunxi nodded in agreement. “We should change a place. The best idea to earn a large number of military merits is to return to Blessed City first. After that, we can apply to be stationed at the frontline stronghold. In this way, when we meet with the devil army attacking, we’d just be raking in the military merits in huge amounts! It’d be much faster than us playing guerrilla warfare now!”

Huang Yueli thought for a moment but shook her head. “Forget it, the military merits’ uses might be good but I can’t stay in this place for long. I have to go look for my husband. When we return to Blessed City, I’ll continue to teleport and think of a way to go to Cloudy Qilin Continent. As for earning those military merits... I will think about it in the future!”

After a short moment of excitement, Huang Yueli could still tell the difference between the severity of the matters on hand.

She had been separated from Li Moying for one and a half years, and she really missed him a lot. She wanted to meet him as soon as possible.

As compared to Li Moying, everything else wasn’t that important anymore.

Xia Yunxi’s gaze dimmed slightly upon hearing that and said, “You and your husband’s feelings for each other are loving...”

Huang Yueli patted her shoulder and comforted her, “It’s alright, you are so powerful and so pretty. Besides, you’re still so young! Just dump that scumbag! I’m sure there are plenty of talented men who are waiting to woo you! Just let him out like a fart!”

Xia Yunxi laughed at what she said and clenched her fists. “Alright, I’ll treat him like a fart and let him out!”

The two ladies giggled and rolled over with laughter.

Several hundred miles away, the azure robed man sneezed several times in a row.
