Chapter 3041: Huge Misunderstanding (1)

Li Moying's straight brows creased as he was slightly surprised to see the azure robed man in front of him.

"Brother Jun, why are you here?"

Jun Sihan nodded at him. "My dear little brother Li, how have you been! We haven't seen each other for half a year since the last time we met in Cloudy Qilin Continent, right?"

Jun Sihan was the eldest son of Veracious Wyvern Clan's Clan Leader, and he was the first friend that Li Moying made after the latter arrived in God Realm.

Veracious Wyvern Clan and Cloudy Qilin Clan had close ties and when Jun Sihan visited Cloudy Qilin Clan last year, he exchanged views with Li Moying several times. The two of them admired the other party very much and shortly after, they started greeting each other as brothers.

But meeting each other at this place was something that both parties had not anticipated.

Li Moying said, "That's right! I didn't expect us to meet at the demon tribe's battlefield. Speaking of this, I had been hoping to have another chance to exchange pointers with Brother Jun. If we could fight together, it would be even better. Alas... I have a pressing matter on hand, so I'm afraid I won't be able to travel around with you."

Li Moying's brows revealed a depressed and anxious expression.

He had entered the warzone for a couple of days and killed plenty of devils. His military merits were steadily increasing, but he had not been able to find any traces of Huang Yueli's whereabouts.

This made his mood turn heavy.

After all, the longer the time went by, the higher the possibility of Huang Yueli encountering danger.

Moreover, as they moved forward, it meant that Huang Yueli had gone deeper into the demon tribe's control zone.

Jun Sihan could tell his anxiety and silently nodded his head as he thought to himself, "Looks like that lad Jing Shaoyuan didn't lie to me. What he said is true! Li Moying has indeed come to the battlefield to look for someone."

He asked in a calm and unhurried manner, "I heard that you have a friend who encountered the demon tribe's attack when he was teleported to Blessed City and has possibly fallen into the demon tribe's turf?"

"How did you know?" Li Moying was stunned but he quickly came around it. "Is it Jing Shaoyuan who told you?"

Ancient God clan's young geniuses mutually knew each other, so it wasn't strange that Jun Sihan and Jing Shaoyuan were acquainted.

Jun Sihan nodded and said, "That's right. I heard that you taught him a lesson and his reputation had gone down the drain... you have to be careful of this lad. He minds his reputation the most. Now that you've embarrassed him, he will treat you as his opponent and fight with you over every single thing!"

Li Moying sighed as he shook his head. "I don't mind that very much. Moreover, I didn't intentionally get into a conflict with him. I was just anxious to find someone so I had no choice but to battle with him..."

Li Moying simply disregarded Jun Sihan's warning.

His mind was full of Huang Yueli right now. How would he possibly have the heart to bother about what Jing Shaoyuan would do?

Even if Jing Shaoyuan had targeted him, he was not afraid of him at all!

Jun Sihan saw his fretful look and he couldn't help but feel surprised.

In his impression, Li Moying was so calm and steady that he simply did not seem as though he was his age. But now, he was like a beast, giving off an uncontrollable sense of impatience, as though he would explode at any moment!

"What could make him so anxious?"

"Unless..."

Jun Sihan tried to probe, "I wonder if the friend you are looking for is a man or a woman? Is that person from the god clan or the human race?"

Li Moying frowned but didn't hide the truth. Instead, he told him directly, "Brother Jun, do you still remember that I had once told you that I was already married when I was in the Lower Realm?"

Chapter 3042: Huge Misunderstanding (2)

Jun Sihan nodded and said, "Of course, I remember! The two of us got married in our twenties and back then, I really felt that I had met someone who shares my sentiments! Since I found a young lady that I liked, of course, I had to get married immediately. Those talk about delaying cultivation or stuff like that are all nonsense!"

As he spoke, he started to realize what was going on. "Could it be that your wife had already ascended to God Realm from Soaring Heavens Continent? The person you want to save is..."

Li Moying nodded with a bitter expression, "That's right!"

Although Jun Sihan already had a premonition, hearing Li Moying's confirmation still left him slightly surprised.

"I seem to remember that your wife should be from the Sacred Phoenix Race, isn't it? Shouldn't she have ascended recently? What is she doing here in Blessed City?"

Li Moying's expression turned grave. "I'm still not too sure about this matter right now. When I heard that she had ascended to God Realm, I even specially headed to Soul Connection Ocean to pick her up, but those people from the Sacred Phoenix Race had already taken her away. They even got into an accident in the middle of their journey and she went missing! I've been searching for her for a few

months and just confirmed that she had teleported from Flame Square City to the destination, Blessed City! I think she should be trying to go to Cloudy Qilin Continent to look for me..."

Hearing that, Jun Sihan couldn't help but frown. "Sacred Phoenix Race had already picked her up but they got into an accident in the middle of their journey? Were they attacked by the demon tribe?"

"That I don't know. Sacred Phoenix Race had already been sending their men to look for her, but they hadn't been able to find her as well."

Jun Sihan couldn't comprehend the situation and just cast it aside. "Alright, let's not talk about these. We can wait until we find your wife and ask her what happened by then. The most urgent thing now is to find her first!"

"That's right, I've got the same thinking in mind. But the demon tribe's control area is so wide that it's difficult to find any clues in such a short amount of time. I'm really worried," said Li Moying as he burned with anxiety.

Jun Sihan saw him worrying about his wife and he could understand the feeling.

"To tell you the truth, the two of us are fellow sufferers. I entered the warzone this time because I'm also looking for my wife. She also disappeared when she teleported from Flame Square City to Blessed City."

"What??" Li Moying almost jumped up in shock!

What Jun Sihan said was simply out of his expectations!

"I always thought that you came to the demon tribe battlefield because you are involved with military affairs. Why... you're also here to look for someone?" Li Moying's eyes widened like full moons.

Moreover, he happened to be looking for his wife as well!

Jun Sihan sighed and nodded.

Li Moying asked surprisedly, "But, aren't you always together with sister-in-law? Why did she go to Blessed City for no rhyme or reason?"

When Jun Sihan recalled the situation then, his face instantly turned black!

No matter if it was being drugged by some unrelated woman or if he was caught red-handed in bed by his wife, both matters were not glamorous at all. If he were to spell it out, it would be extremely embarrassing!

He waved his hand and said, "Let's not talk about this. If I didn't guess wrongly, my wife should be with my sister-in-law now. We can go look for them together!"

Li Moying asked bewilderedly, "The two of them are together? How do you know? Moreover, the light sphere that teleported them fell from such a high distance. Even if they were in the same light sphere, they would probably be separated after they fell."

Jun Sihan said, "You don't know about this, but my wife has a habit. She especially likes beautiful young ladies..."

Speaking of this, Jun Sihan's lips twitch.

Having a wife who was more popular than himself among the young ladies left him speechless.

Chapter 3043: Huge Misunderstanding (3)

Li Moying's brows rose as he was rather surprised. But he didn't say anything.

Jun Sihan continued to say, "Sister-in-law must be a top-rate beauty for a god grade genius like you to fall for her. My Little Xi had definitely noticed her. So when the light sphere dropped, I'm very sure that they were together."

Li Moying muttered softly, "Even if you're right, but no one knows what happened after the light sphere dropped? It's hard to say about this, isn't it?"

Jun Sihan shook his head and replied, "Did you forget about something? Little Xi is the Chosen One! It shouldn't take much effort for her to find Sister-in-law. So the possibility of them being together is very high! Moreover, Little Xi can rely on her prediction power to avoid most of the dangers. I'm only worried about the two young ladies being surrounded by too many devil top experts and do not have enough time to hide. Then they would be in trouble."

At this moment, Li Moying also recalled Xia Yunxi's special ability and he heaved a sigh of relief momentarily.

If Jun Sihan's analysis was right, it was indeed much safer with a Chosen One as a companion in the group.

"I hope so!" Li Moying was still a little worried, "My Li'er is a Spiritual Armament Master, and her innate talent is also god grade! In terms of battle power, she's not any weaker than me. I only wish... hmm, wish that Sister-in-law would be calmer than her..."

Evading dangers or whatever, even without the Chosen One, Huang Yueli would be able to manage quite fine since her instincts were pretty spot-on.

But no one understood her personality better than Li Moying.

If this young lass heard that the demon tribe was around, she might be very excited to earn the military merits!

If it was under normal circumstances, it was fine. But at this juncture, Li Moying really wished that she wasn't that bold. He had been extremely worried during this period that he felt that he was starting to have white hair despite his young age.

"Calm?" Jun Sihan frowned as he totally could not comprehend Li Moying's meaning.

"How would my Little Xi possibly be calm? That's something non-existent!"

"Could it be that Li Moying's wife was more civilized and doesn't like noisy compatriots?"

"That's fine too. I'm worried that Little Xi would have wild thoughts and create trouble in the demon tribe turf. Since Li Moying's wife was quieter, I can relax..."

The two of them developed a misunderstanding towards their wife's personalities and instantly was assured by a great deal.

Li Moying and Jun Sihan quickly reached a mutual consensus. The men who they brought were gathered into one big team as they continued to search for the young ladies.

In this way, their search boundary and effectiveness had also been raised by a notch.

...

Demon tribe's control area.

Huang Yueli and Xia Yunzi spent several hours trying to leave the forest, as they prepared to move stealthily back to Blessed City.

Huang Yueli believed that she wasn't better than Xia Yunxi, the Chosen One, in finding the way back, so she had been following behind her obediently.

But as she walked, she suddenly felt that something was amiss.

Huang Yueli tugged Xia Yunxi's sleeve and asked softly, "Yunxi, are we going on the wrong path? I remember that Blessed City seems to be in the north!"

Xia Yunxi's footsteps halted and looked in the north direction as a glimmer of uneasiness flashed past her eyes.

"I know we're supposed to head towards the north. But I somehow feel uneasy about going there. My instincts tell me that something dangerous is occupying the north area. But I don't have enough time to judge that now, so I can't confirm what the threat is. Anyway, I think it's safer to make a detour."

Chapter 3044: Demon Tribe's Spy (1)

"There's danger?" Huang Yueli turned to look at the north as well.

The directions all seem the same and there were various forests of different sizes which lined up in a row near the Toxic Swamp. So she couldn't tell the difference at all.

But since Xia Yunxi had already said that, Huang Yueli decided to listen to her.

After they left the forest, Xia Yunxi was evidently even more prudent than before. She would stop for a short interval after some time to make a new judgment on the direction to move in.

Along the way, the two of them had gone past several forests and made several detours.

It was until the seventh day's evening when a smile surfaced on Xia Yunxi showed a smile after she looked for a while on high grounds.

"We're almost reaching the allied armies campsite!"

"What? For real? Let me take a look!" Huang Yueli, who went into a daze out of boredom, immediately jumped up when she heard that. She came next to Xia Yunxi and looked in the direction that she was pointing in.

“Really! There seems to be a campsite in front, and several human soldiers are patrolling the surroundings!” Huang Yueli also smiled after she took a look.

The past journey was relatively difficult. They had been trying their way out along the Toxic Swamp area and had been treading carefully every single day.

Moreover, what made Huang Yueli most disappointed was that they were fully focused on traveling for the past few days and had not encountered many devils at all.

The entire seven days of military merits weren’t even as much as what they had earned in the first two days!

If Xia Yunxi was not by her side, she would have died of boredom.

Now that they had finally reached the allied armies’ camp, that would mean that they would be able to return to Blessed City very soon!

That was simply a wonderful piece of news.

The two ladies were invigorated and all their tiredness was gone. They sped up and headed towards the camp.

After two hours or so, they had reached the surrounding of the campsite.

“This young brother, we... ohh! What... what’s going on??”

Huang Yueli quickly walked towards the sentry guard who was at the sentry post and was just about to tell him her identity and purpose in coming here.

Whoever knew that before she could complete her sentence, ten over sharp arrows were suddenly launched at her!

Moreover, every single arrow was aimed at her vital points!

Huang Yueli retreated in a fluster but as the situation was too sudden, she tripped and almost fell. Luckily Xia Yunxi grabbed her tightly from the side.

She wasn’t injured because the arrows were shot by ordinary human soldiers. Their cultivations were between seventh to eighth stage realm and the disparity was just too great.

But neither she nor Xia Yunxi had expected such a thing to happen and they were stunned.

Whereas at this moment, a horn-blowing sound rang throughout the campsite. Another troop of human soldiers ran out and formed a line. They pulled their bows taut as their arrows were aimed at the two of them.

Facing another round of attack, Huang Yueli quivered and hurriedly cried out.

“Wait! Don’t shoot! We... we are humans!! Take a clear look, the two of us are real humans!”

Hearing that, a man with a thick beard who was wearing a Commander's uniform walked out behind those soldiers.

He looked at Huang Yueli and Xia Yunxi from head to toe and said, "Humans? Some humans are spies for the demon tribe! Otherwise, explain how you can escape from the demon tribe's control are with such an intense battle on the frontline? This Divine Lieutenant would rather kill ten thousand innocent people rather than miss out on one! Release—"

Chapter 3045: Demon Tribe's Spy (2)

"Wait, we really aren't spies!"

When Huang Yueli heard the Commander giving the order to release the arrows, she shouted once again.

She took out a big handful of devil stones from her realm ring and raised it above her head, "Look at these devil stones. We obtained all these when we killed the devils at the frontlines! We are undoubtedly not the devil tribe's spies. It's just that an accident happened so we unluckily landed into the demon tribe's control area..."

The commander took a look and discovered that there were many dim devil stones in Huang Yueli's hands.

This made him surprised.

"Looks like these two young human practitioners have rather strong abilities!"

He waved his hand, indicating for the soldiers to keep away their bows.

"Enough, let the two of them in!"

The camp's gate opened up. Huang Yueli and Xia Yunxi exchanged a glance and walked right in.

The commander sized them up close and felt that they didn't look like villains. So he opened his mouth and said, "The situation of the war is rather tight right now. We haven't seen any humans appearing in this zone for a long time. Divine Lieutenant has given us the order that no matter if it's a human or devil, anyone who dares to come near the camp will all be killed without any pardon!"

Huang Yueli cupped her hand in obeisance and said, "Thank you, Commander, for being lenient with us!"

"Lenient on you?" The commander snorted, "What I say does not count! Come with me to see the Divine Lieutenant. If he agrees to let you stay, then you'd have a chance to stay!"

He brought the two of them to the biggest tent in the center and asked the chaperon outside to notify the Divine Lieutenant before he led Huang Yueli and Xia Yunxi in.

A middle-aged man sat behind a short chair.

He frowned when he saw the commander leading someone in and asked, "Who are these people? Why have you brought them into the camp? Haven't I already given orders that no one is allowed to come near the campsite and every single intruder will be killed without any pardon! How dare you defy my

orders? Go and receive your punishment right now! Men, drag these two fellows out of the camp right now!”

Huang Yueli’s lips tugged. She didn’t expect the Divine Lieutenant to be even more difficult than the commander. He immediately asked for them to be killed the minute he saw them.

Xia Yunxi hurriedly stepped forward and shouted, “Divine Lieutenant, you’ll definitely regret it if you chase us out!”

That middle aged Divine Lieutenant looked at Huang Yueli and Xia Yunxi’s ragged clothes and assumed that they were ordinary people. He totally didn’t expect them to rebuke him even under the suppression of a Heart Profound Realm end-phase practitioner’s might like him!

Hearing Xia Yunxi’s words, he went into a blank. But following that, his expression turned chilly. “Regret? If I’d regret only if I allow you two to stay!”

Huang Yueli stepped forward as well. “I didn’t expect the allied armies’ Divine Lieutenant to be headstrong and arbitrary. You haven’t even figured out why we have come into the warzone and just wanted to chase us away! In reality, we have brought information with us!”

“Information? What information could you have? I think you’re the demon tribe’s spies!” The middle aged Divine Lieutenant was accused by them right in the face, flared up, and slammed his fist on the table!

A harsh, threatening burst of Profound Energy bombarded them!

Huang Yueli frowned slightly and moved slightly to evade it.

Xia Yunxi, who was beside her, also evaded that burst of energy easily, without getting injured.

This scene left the middle-aged Divine Lieutenant even more surprised!

Chapter 3046: Demon Tribe’s Spy (3)

For safety’s sake, Huang Yueli and Xia Yunxi had maintained their disguise from the start. From their appearances, they seem to be human males in their thirties.

But even so, it was extremely rare for someone in their thirties to easily avoid a Heart Profound Realm end-phase practitioner’s attack.

The bearded Commanded was totally stunned.

The middle-aged Divine Lieutenant frowned. “You two lads have pretty good innate talent! Your cultivation should at least be in Dream Profound Realm early-phase, right?”

Huang Yueli and Xia Yunxi said nothing, which was considered as silent consent.

The bearded commander hurriedly said, “That’s right. Divine Lieutenant, these two’s abilities aren’t too bad. Moreover, I saw them take out a large handful of devil stones. They claimed that they obtained it

when they hunted the devils from the demon tribe's turf! Since many of our top experts are either dead or injured and these two lads' abilities are extraordinary. That's why... that's why I let them in..."

He was afraid that he would be implicated by Huang Yueli and Xia Yunxi so he quickly took this chance to explain his actions.

Divine Lieutenant's eyebrows rose, "Oh? Did you kill a lot of devils? Really?"

Huang Yueli nodded and took out all the devil stones that she collected without another word.

"That's just nice, we want to use these devil stones to exchange for military merits! Divine Lieutenant, can you help us with the exchange?"

The devil stones on the ground piled up high and there were several Earth Devils' devil stones in that pile as well. All of the practitioners were relatively stunned when they saw this kind of result!

"Earth Devil... that's equivalent to a human Heart Profound Realm top expert!"

Huang Yueli and Xia Yunxi looked very young, and their cultivation was just in Dream Profound Realm but they actually surpassed their level to kill Earth Devils!

Divine Lieutenant went into a blank for some time before saying in astonishment, "I didn't expect... I really didn't expect this! The two of you are so young but you've managed to kill so many Earth Devils. The younger generation will surpass us in time to come... wait... what are you doing?"

His gaze turned towards Xia Yunxi as he stared at her.

He saw Xia Yunxi's hand on her interspatial ring and it kept sparkling a weak glow. Every single time it flashes, a piece of devil stone appeared in her palm and she laid it on the ground.

Xia Yunxi said indifferently as she took out the devil stones, "I also want to tally my military merits. Don't tell me you're just going to tally for my younger brother, and not for me?"

"Ughh, I don't mean that, but... but..."

Divine Lieutenant felt that his brain was turning into knots. After such a long time, he wasn't able to catch up to their train of thoughts.

Lastly, he coughed heavily and said, "So to speak, all these devil stones are all obtained in the demon tribe's control zone?? The two of you actually... actually killed so many Earth Devils!"

He originally thought the devil stones that Huang Yueli took out were everything they had on their hands.

That pile of devil stones had seven to eight low-class Earth Devil's devil stones and the quantity was already extremely astonishing!

He didn't expect that to be only half of the devils that they had hunted. The other half was with Xia Yunxi!

If he hadn't witnessed this for himself, the middle-aged Divine Lieutenant would never believe that such a thing could have happened!

Two Dream Profound Realm early-phase practitioners surpassed their level to kill Earth Devils over and over again!

If something happened over and over again, that would absolutely not be a coincidence or mere luck.

This could only mean that their abilities had absolutely surpassed same level practitioners.

Chapter 3047: Demon Tribe's Spy (4)

Moreover, Huang Yueli and Xia Yunxi killed so many devils. Hence the possibility of them being demon tribe's spies was basically zero.

The demon tribe had always been selfish. They would not sacrifice so many devils' lives just to fulfill the two spies' mission.

Thinking of this, the middle-aged Divine Lieutenant finally rest assured.

After he let go of his misgivings, he felt a sudden surge of ecstasy!

He had been very worried about the situation over the high number of deaths and injuries every night, and his hair was about to turn white from the worries!

But it was all good now because two outstanding young top exponents appeared before him! He was simply too lucky!

The middle-aged Divine Lieutenant looked at the two young ladies and his expression was much more affable. "Two... two young brothers, I was mistaken about the two of you earlier! It's really brave of you to come over and be enlisted at this kind of time. Quick, come over here and have a seat! Men serve them a pot of hot tea!"

The way the middle-aged Divine Lieutenant changed his expression was so fast that Huang Yueli and Xia Yunxi were surprised.

But they were smart people so they quickly came around it.

"Divine Lieutenant, you're too kind! There's no need to go through so much trouble, we just want to verify that we aren't the demon tribe's spies!"

The middle-aged Divine Lieutenant laughed and said, "Previously, for safety sake, I did that so that no outsiders could enter the campsite. You probably don't know about this but the demon tribe had already surrounded our camp for more than a month. During this time, we were practically attacked by the devils almost every day..."

His expression turned slightly grave when he talked about this.

Huang Yueli was stunned. "How could this be? We didn't seem to see meet with many devils?"

The middle-aged Divine Lieutenant was full of bewilderment as well. "I was just finding it strange. Logically speaking, there are devil soldiers all around this place. You can't possibly have reached the campsite safely like this. It's exactly this reason why I feel that you guys have a problem!"

Xia Yunxi secretly tugged Huang Yueli from the back and shot a glance at her. Following that, she said to the middle-aged Divine Lieutenant, "Looks like our luck isn't that bad!"

Huang Yueli instantly reacted as well.

They were able to travel here safely because of the Chosen One's credit!

If she hadn't met Xia Yunxi, she could still possibly make her way out of the demon tribe's control area. But she would have met with a lot of danger.

She hurriedly echoed in agreement, "Yes, that's right. It seems that we have good luck! We're so lucky to be alive!"

The middle-aged Divine Lieutenant didn't think so much. He nodded and asked, "I haven't asked you about this. Both young brothers, why were you over at the demon tribe's area? Were you abducted by them during the war?"

There was no need to hide this fact.

Huang Yueli gave a brief explanation about how they were attacked while they were teleporting from Flame Square City to this place.

The middle-aged Divine Lieutenant remained silent for a moment before he spoke, "The demon tribe's forces are growing bigger! They are even able to grasp the location of where we were teleporting... Looks like there must be a Sky Devil behind the devil army's attack this time!"

Speaking of this, Huang Yueli and Xia Yunxi exchanged glances.

Xia Yunxi said, "Divine Lieutenant, the important information that we are going to tell you is related to the demon tribe's commander! While we were escaping, we heard a few devils secretly discussing that a top devil exponent was going to advance into Sky Devil end-phase stage!"

Chapter 3048: Demon Tribe's Spy (5)

"Sky Devil end-phase!!"

Hearing this news left a shocked expression on the middle-aged Divine Lieutenant's face.

"Sky Devil end-phase is equivalent to a human Dao Profound Realm's ability. That's a top rate top exponent among the demon tribe! He's not someone that an army like us can fight against."

The middle-aged Divine Lieutenant's cultivation was merely in Heart Profound Realm end-phase. As compared with a Sky Devil end-phase, it was a difference of an entire large realm. It wasn't something that the other party could rival, not to mention his subordinates.

Seeing his worried look, Huang Yueli immediately continued, "I heard that the Sky Devil seemed to be stuck at a bottleneck in the process of advancing. The reason why the demon tribe attacked us was mainly because they wanted to capture some human and god clan practitioners to refine as blood pills."

The middle-aged Divine Lieutenant muttered irresolutely, "No wonder... no wonder their attacks had become so frequent recently. So, this is why..."

Xia Yunxi nodded. "But that Sky Devil is on the verge of advancing and he's probably focused totally on cultivating. So he wouldn't personally come and command the war. I believe that we won't be in fatal danger temporarily."

The middle-aged Divine Lieutenant delved into deep thoughts and had no choice but to admit that what she said was right.

"Sigh, I hope it's true! Our camp is the nearest to the demon tribe's control area among the other twelve camps so we must hold the fort. Otherwise, the demon tribe manages to break through our defense and go nearer to Blessed City! That's right, your abilities are rather outstanding. I happen to have two team leaders who died in the battle yesterday and I can tell that you are suitable candidates..."

When he said that, all the practitioners were stunned.

Most practitioners who were just enlisted would need to start from the base.

Although Huang Yueli and Xia Yunxi had revealed their skills earlier, the devil stones that they had accumulated were worth around three to four thousand military credits.

But they had just arrived after all. If they were members of the god clan, that was passable. But now, they were disguised as humans!

If a human practitioner who had just enlisted was promoted to be a team leader, it would be hard to convince the others.

Huang Yueli and Xia Yunxi were surprised as well, but their worries were different from other people.

Huang Yueli frowned and asked in a muted tone, "This... Divine Lieutenant, we want to serve in the military very much and defeat the devils with our brothers together. But unfortunately, we have something urgent to do and must head back to Blessed City immediately. So we can only thank you for your kind intention."

"What??" The Divine Lieutenant said in shock, "You specially teleported to Blessed City, isn't it to be enlisted??"

Huang Yueli and Xia Yunxi shook their heads at the same time.

The middle-aged Divine Lieutenant's expression sunk and he spoke in displeasure, "The current situation is so dire. As humans, you're not thinking about joining the allied armies to fight for the humans. Instead, you're trying to escape to Blessed City in such an urgent situation? The two of you are so cowardly, do you even have the qualifications to be a practitioner?"

"Cough cough, this... Divine Lieutenant, please don't be mistaken. We really have some urgent matters!"

Huang Yueli also felt a little awkward. Her words did sound a little like they were planning to desert the army.

But in reality, she wanted very much to stay and accumulate the military merits. But she was even more worried that Li Moying would be worried about her if she had disappeared!

In her heart, nothing else was more important than Li Moying.

However, the middle-aged Divine Lieutenant could not accept their decision.

Chapter 3049: Really Can't Leave (1)

“According to military regulations, since you came to the campsite to ask for protection, then you will automatically be enlisted as a soldier in our base under This Divine Lieutenant’s jurisdiction! I have total authority to stop the two of you from leaving!” The middle-aged Divine Lieutenant gave a cold snort and spoke harshly.

“Moreover, even if I allow you to leave, you can’t leave at all! The campsite is surrounded by the demon tribe! You just happen to have good luck when you came. Do you want to go out and try now? In under three miles, you’d probably be torn into pieces by them!”

Huang Yueli could tell that the Divine Lieutenant wasn’t just bluffing them. So she started to hesitate.

“But, this...”

The middle-aged Divine Lieutenant waved his hand. “I will give you one night to think through this! If you are willing to stay, I can calculate your military merits and also assign you to become a team leader, to take command of one team. If you insist on leaving... no matter what danger you meet with, whether it’s life or death, it has nothing to do with us.”

Huang Yueli and Xia Yunxi said their thanks and walked out of the big tent.

In the middle of the night when no one was around, Xia Yunxi pulled Huang Yueli to one side and whispered, “Yueli, I’m afraid we’ll have to stay here for a while.”

Huang Yueli was stunned. “Why do you say that? Could it be that even you also have no way to get past the demon tribe’s encirclement and bring us back to Blessed City safely?”

Xia Yunxi squinted her eyes and said thoughtfully, “I don’t know how to explain clearly. It’s just a premonition... I feel that it’s more suitable for us to stay here. There should be a lot more devils around here than what we can imagine, and I don’t have the confidence that we will be able to break through successfully.”

Huang Yueli went silent upon hearing that.

Along the journey, she had acknowledged Xia Yunxi’s ability as The Chosen One. She was also well aware that the latter’s judgment was much more accurate than herself.

Since Xia Yunxi suggested staying in camp, then Huang Yueli thought it would be best to listen to her opinion.

But...

Huang Yueli’s feelings were inappeasable.

Her thoughts were on Li Moying right now. The two of them had been separated for such a long time, and she couldn’t wait to appear in front of him right now!

But somehow, things weren’t going according to her wishes. There would always be something to obstruct them...

Xia Yunxi stared to persuade her. “Yueli, I know you’re in a hurry to look for your husband. But you can’t be too rash and disregard your own safety, right? Moreover, didn’t you wish to accumulate more military merits? Doesn’t joining the army’s battle suit your intentions?”

She had just finished her sentence when a drum roll was heard inside the camp.

Immediately following that, messengers in the camp started to run about and shout.

“Bad news! Bad news! The demon tribe is sneaking an attack on us in the middle of the night!”

“Everyone! Quickly gather!”

“Quickly get in line and position yourself into your team to fight the enemy!”

The campsite was in a fluster as numerous soldiers put on their armor as they ran. Apparently, they had just awoken from the shock.

Huang Yueli and Xia Yunxi didn’t have any team that they belonged to yet. Under this disorderly scenario, no one noticed them at all.

But the two of them exchanged a glance, followed behind a soldier, and ran out together.

Chapter 3050: Really Can’t Leave (2)

The middle-aged Divine Lieutenant was apparently very strict. His soldiers gathered quickly and shortly after, they lined up in their formation and started to walk out of the campsite.

Huang Yueli and Xia Yunxi secretly snuck into a corner. When they lifted their head, they had a shock.

Because the number of devils in front of them was simply too many!

When they came to this campsite previously, all they saw were just a few members of the small team. In front of a genuine top exponent, they couldn’t put up a fight at all!

But it was different now. All they could see on the enemy’s end was a sea of pitch-black color. There were so many devils that they couldn’t count at all.

Moreover, when these devils brandished their weapons and executed their devil skills, a sliver of demonic qi emanated from their bodies, and many small drops make up an ocean. It actually formed into a large piece of black smoky demonic qi in the sky!

This black smoke looked the same as what they saw in the light sphere. Moreover, it was even darker and thicker than before!

Anyone who stayed in the black smoke for too long would feel suffocated, even if they were at Huang Yueli or Xia Yun’s cultivation level.

It was even more needless to say for those ordinary human soldiers. Those soldiers at the frontline weren’t able to ward them off at all.

Although they had already taken the medicinal pill to resist demonic qi earlier, under the invasion of such thick black smoke, the effect of the pill was indeed extremely limited.

Many soldiers couldn't take it and their actions were beginning to slow down. In the end, the devils managed to chase up to them and chop them into halves.

For a moment in time, the allied armies were on the losing end. Numerous soldiers were defeated by the demon tribe and blood splattered everywhere.

Some devils were also picking up those human soldiers' body parts along the way, keeping them into their realm rings. It was obvious that they were intending to bring it back to refine into pills.

"These devils... they're simply too brutal!" Huang Yueli couldn't help but frown.

Xia Yunxi was also disgusted by their actions. "This is also my first time seeing the army engaged in a battle. I didn't expect it to... be like this!"

"There are simply too many devils. Moreover, their demonic qi's destructive power is too large. Do you think that with this amount of manpower in this campsite, can they really ward the enemy off?"

Huang Yueli frowned and she could deeply comprehend the worries that the middle-aged Divine Lieutenant had told them earlier. It was not a bluff.

This campsite was indeed on the verge of destruction.

"Why don't we go and help them out?"

"Yes, I have the same idea in mind too!"

The two of them were just about to move when two rays of strong light shone from both sides of the camp. These two electric currents sliced past the sky and landed right in the middle of the demon tribe's formation.

"Rumble—!"

After a loud explosion, two deep pits appeared at the place where the devil soldiers had gathered.

Many devils were blown up instantly. Moreover, the demon tribe's formation was torn apart because of this. Those devils which had gathered were all dispersed into several teams because of the explosion, and their numbers were greatly reduced.

On the other hand, due to the separation of the demon tribe, the amount of demonic qi in the sky lessened. The black smoke also gradually turned lighter.

Huang Yueli also heaved a sigh of relief.

The allied armies' campsite seemed to be set up with several mechanisms and arrays. It was obvious that two huge mechanisms were detonated!

Moreover, the Spiritual Armament Master who refined this large-sized mechanism apparently understood the demon tribe's weak points. The mechanism itself wasn't complicated, but the destructive power towards the demon tribe was so tremendous. That proved that he was a veteran.

"Charge!"

Following the Commander's commands, the human soldiers seemed to have grabbed a chance as they charged at the demon tribe once again.

This time, the allied armies' troops had the absolute advantage. After the devils engaged in the battle for a short moment, they started to retreat.
