

Weaponsmith 3071

Chapter 3071: Unexpected Choice (2)

As Team 3's member, Zheng Yichuan ignored the military order. Not only did he not gather at the meeting point on time, he even urged several team members to act unilaterally.

Facing this kind of troublemaker, Huang Yueli didn't want to care about him. She was thinking of how to punish him severely after they returned.

But she didn't expect to meet this fellow halfway...

Huang Yueli raised her head and looked straight, only to discover that her vision had been blocked by a huge tree.

She could only nudge forward, found another hiding spot, and looked forward again.

On a small piece of vacant land in the forest, Zheng Yichuan and a few human soldiers were fleeing in a fluster. Right behind them was a group of devil soldiers brandishing their broad swords, pursuing them relentlessly.

"Damn humans, stop right there!"

"Run? Still trying to run? Do you think that the few of you can escape?"

"Stay still and prepare to die!"

The devil soldiers shouted arrogantly and aggressively, totally looking down on Zheng Yichuan and the others.

Whereas for Zheng Yichuan and his group, they seemed as though they were scared out of their wits. They were practically scuttering around everywhere in terror.

Huang Yueli was just finding it strange when she heard a soldier beside her shouting out in surprise, "Ah! Team Leader, take a look! There's... an Earth Devil is chasing after them!"

Two Earth Devils trudged in an unhurried pace from the depths of the forest.

They didn't chase after the enemy like the rest of the ordinary soldiers. Instead, they were several steps behind. That was why Huang Yueli didn't see them earlier.

"Looks like Zheng Yichuan and the others are in big trouble. No wonder they're in such a sorry state!"

Huang Yueli thought meaningfully at them but showed no intention of saving them.

Zheng Yichuan and the others didn't come forward to gather. So according to military regulations, the punishment was also the death penalty. Not going forward to kill them was already a huge part of her self-restraint. Were they expecting her to save them?

She wasn't this kind of goody-two-shoes.

However, Huang Yueli might not care about Zheng Yichuan and the others' life and death, but that didn't mean that she didn't care about the soldiers under her.

Zheng Yichuan might be a recalcitrant person, but he was extremely loyal. He saved many Team 3 practitioners' lives before this.

Now, seeing that he was in grave danger, these people couldn't sit still. All of them wanted to head up and save him.

But without Huang Yueli's command, they didn't dare to act rashly. All of them shot an appealing gaze at Huang Yueli.

Some practitioners slightly nearer to Huang Yueli even pleaded softly, "Team Leader, will you please think of a way to save Brother Zheng?"

"Yes, Team Leader, Brother Zheng must have been confused for a moment. He's actually a very good soldier. Please, save him!"

"He definitely knows that he was wrong, Team Leader..."

Huang Yueli was originally very indifferent and she didn't care what the others said. But with so many of them talking, her brows started to crease slightly.

Everyone had a friend or two, so someone pleading for Zheng Yichuan wasn't surprising at all.

But so many of them pleading for him made her relatively surprised!

One's character could be seen from this.

Could it be that this Zheng Yichuan's usual performance was not bad?

Just as Huang Yueli was pondering over this, a few soldiers who were on best terms with Zheng Yichuan got overly agitated and absent-mindedly walked forward, exposing themselves.

Although they immediately hid behind the tree again, from Zheng Yichuan's shocked expression, he had already discovered their presence.

Chapter 3072: Unexpected Choice (3)

Zheng Yichuan's sight shifted between those few big trees where Team 3's members hid.

Huang Yueli frowned slightly, but at the same time, made preparations to attack the demon tribe.

Since Zheng Yichuan discovered their teammates, he would surely ask them for help.

Although she didn't want to save them, if Zheng Yichuan were to run towards them, the demon tribe would definitely follow suit. To save their skins, she had no other choice but to attack those devils.

"Everyone, prepare..."

Huang Yueli gave her order in a low voice.

But before she could finish her sentence, Zheng Yichuan turned and ran in the other direction!

This time, what he did was totally out of everyone's expectations.

Those human soldiers who gripped their weapons tightly were all stunned as they stood rooted to the ground.

“What is Brother Zheng doing?”

“That’s right. He obviously saw us earlier, why did he run away?”

“Could it be that he has bad eyesight and didn’t manage to recognize us?”

The human soldiers were dazed, but Huang Yueli was well aware of his intentions.

“This is interesting...” Huang Yueli’s lips curled into a smile. “This Zheng Yichuan is true as what you guys described, he’s indeed very chivalrous! He ran in the opposite direction to make the devil soldiers follow him because he’s afraid that he would implicate us!”

Everyone was stunned.

“Huh? Why did this happen? We can deal with this group of devils, isn’t it? Why does he need to do this?”

Huang Yueli swept a glance at the person who spoke up. “In the group that is pursuing Zheng Yichuan, there are two Earth Devils! He’s not aware that we are capable of killing two Earth Devils simultaneously, right?”

The soldiers were then enlightened.

“Oh, so this is why...”

Not too long ago, they had experienced it for themselves. Even they didn’t believe that they could kill an Earth Devil!

It was exactly because they killed an Earth Devil, which was why everyone subconsciously felt that Zheng Yichuan didn’t need to escape at all. Instead, they had forgotten about the fact that Zheng Yichuan’s understanding of them was still stuck in the past.

From his point of view, even if he sought help from Team 3, they wouldn’t be able to kill all the pursuers. Instead of dragging the others down, it was better for him to handle everything on his own instead.

After all, he was the one who invited these devils in the first place!

“This fellow indeed has a good personality. Based on the decision that he just made, he’s worthy of me saving him!”

Huang Yueli had a slightly good impression of Zheng Yichuan and immediately came up with a decision. “Everyone get prepared. Let’s go save them right now!”

“That’s wonderful!”

The soldiers cheered and prepared to dash out from the trees.

Huang Yueli hurriedly called out to them, “Wait, what’s the hurry? This time, these devils are totally not prepared. This is a great chance!”

The crowd was stunned. "Team Leader, why can't we understand what you're saying? What great chance are you talking about?"

Huang Yueli's lips curled into a smile. "The great chance... is to test if you can kill two Earth Devils simultaneously!"

"Huh? What??"

"Kill two Earth Devils simultaneously?? How is that possible?"

"Team... Team Leader, please stop joking with us! Killing one Earth Devil earlier almost killed us! Two... how is that even possible? We're not as incredible as what you think..."

Although the team members were convinced by Huang Yueli, hearing such a ridiculous command still made them feel apprehensive.

Wasn't this team leader of theirs excessively bold?

Chapter 3073: Unexpected Choice (4)

Seeing Huang Yueli slowly increasing the stakes, the human soldiers were very worried when she would fail and cause the entire team to die.

Huang Yueli looked at their anxious looks and couldn't help but laugh.

"Why, don't trust me? Have I ever duped you guys before this?"

"N... No..." The soldiers shook their heads furiously and said, "B... But..."

Hearing them hemming and hawing, Huang Yueli waved her hand helplessly. "Enough, stop nagging. If we continue to drag this, your Brother Zheng will really be dead!"

In the forest a distance away, Zheng Yichuan had already been surrounded by a few devil soldiers.

And those two Earth Devils were getting closer and closer...

The soldiers hurriedly shut their mouths.

Huang Yueli calmly arranged, "Everyone will split into 4 groups. Group 1 will go round the third tree on the right. Group 2... Group 3..."

In the depths of the forest, Zheng Yichuan was madly exhibiting his Profound Skills, putting up a final struggle.

Although he had already tried his best and killed two of the devil soldiers, there were more than 20 devil soldiers who chased after him. Among the six team members that came along with him, one of them had already died in the demon tribe's hands when they were escaping.

The remaining few people who were under the encirclement of the demon tribe were slowly losing the strength to ward them off...

What was worse was two Earth Devils were walking towards him.

Zheng Yichuan was just thinking that there was no possibility of him escaping...

“Human, enough of the cat and mouse game. I’ve already lost my patience so just quietly wait and die!”

One of the Earth Devil pulled out the long sword hanging around his waist and slashed it down towards Zheng Yichuan’s head.

Zheng Yichuan lost all hope and shut his eyes as he prepared for the moment of death.

However, he shut his eyes for some time but he didn’t feel any pain. Not only so, but the devil’s angry howl also rang beside his ears.

“Damn it! Damn it! Where did these humans pop out from??”

Hearing that, Zheng Yichuan hurriedly opened his eyes and looked at his surroundings.

His teammates from Team 3 had unknowingly scattered out from the forest, and they were fighting with the devils.

Before Zheng Yichuan could see the situation clearly, he shouted, “You guys... why have you guys come? I specially ran to this side, you guys... why did you guys come over to dig your graves? Sigh!!”

He was devastated.

Originally Zheng Yichuan felt that he should do a good deed to lure the demon tribe away from his teammates before he died.

But whoever knew that these people came chasing up to him...

If they died because of him, he would never be able to rest in peace...

Zheng Yichuan was so vexed that he really wished that he could kill himself immediately.

But just at this moment, one of the soldiers who had defected from the team with him suddenly shouted, “Bro... Brother Zheng, look. Quickly look! I... am I dreaming?”

“I wish that I am dreaming. I... I’ve become the sinner who caused the entire team to die!”

Zheng Yichuan was still indulged in his frustrations. Although he heard his comrades speak, he didn’t lift his head to look at all.

His comrade tugged his sleeve. “No, I don’t mean that! Brother Zheng, quickly look. Our teammates blocked off the Earth Devil’s attacks!! Heavens, they’re so incredible!”

“W... What??”

Zheng Yichuan abruptly lifted his head and was completely stunned by what he saw!

Chapter 3074: Long Live Team Leader Li! (1)

Team 3’s team members lined into a neat formation and encircled the two Earth Devils in the center.

The two Earth Devils kept brandishing their long swords, wanting to struggle free from the human soldiers’ encirclement.

However, no matter how hard they tried, they weren’t able to find an opening.

Logically speaking, more than 30 human soldiers weren't two Earth Devils' match. Surrounding them like this was an extremely foolish way of seeking death.

But Team 3's practitioners had successfully fended off both Earth Devils' attacks!

Zheng Yichuan subconsciously rubbed his eyes. He finally understood why his comrades were so stunned.

"Dreaming... I also feel that I'm in a dream... This isn't possible. How could such a thing have happened!"

If they were Divine Lieutenant's personal guard regiment, Zheng Yichuan would find it easier to understand this situation.

But Team 3's ability was something that he was most familiar with. Not to mention the two Earth Devils, even if it was just one Earth Devil, they could not even ward off his attack!

Thinking to himself, "I must be hallucinating..."

Zheng Yichuan and his comrades looked at the scene unfolding in front of them in a daze, feeling as though they had been struck by lightning.

Just at this moment, the two Earth Devils' demonic qi suddenly rose sharply and their strength also increased by several times. They howled angrily and charged at those two human soldiers, as though they were going to risk everything that they'd got!

Under such an attack, some individual soldiers were at a loss and an opening suddenly appeared.

"Oh no!!"

Zheng Yichuan and the others trembled in fear and wanted to rush forward to save them. But they were too far away, and couldn't make it in time.

Moreover, based on their ability, they weren't able to ward off the Earth Devil's attacks as well...

"Why are you in a daze? Group 2, quickly fill up the gap! Group 1, change the formation!"

At this moment, a cold voice was heard coming from Zheng Yichuan's right rear.

Hearing this command, the human soldiers were all inspired and their spirits were roused immediately.

They swiftly followed the command and after a round of hard work, they finally managed to secure the battle, forcing the two Earth Devils back into their encirclement.

Zheng Yichuan and the others were stunned and subconsciously turned to look in the direction of the voice.

Under a tall tree stood a slightly slim figure, leaning against the tree trunk.

The other humans were soaked in blood. But in comparison, he stood upright with his arms wrapped around his chest. He looked extremely leisurely, as though he was sunbathing in his own rear courtyard.

Detecting Zheng Yichuan's gaze, Huang Yueli turned around to take a look.

Zheng Yichuan then caught sight of that face that was in the tree shade, and he instantly shrieked out in surprise.

“Y... Y... You... You are Li Yuehuang!”

Huang Yueli’s brows rose in displeasure and said, “I’m your superior, and I even saved your life. Why are you so disrespectful?”

“B... But...”

Zheng Yichuan stammered, feeling not very well at all!

Although the young man was Team 3’s Team Leader and it was very normal for him to appear at this place. But he somehow felt that something was amiss...

Right!

Zheng Yichuan finally sobered up and couldn’t help but say, “All the soldiers are fighting against the demon tribe. As their team leader, how can you hide behind alone??”

Huang Yueli swept him a glance and said, “Aren’t you also hiding behind to watch the show? Where do you find the cheek to say that about me?”

Zheng Yichuan’s face flushed into a deep shade of red.

“I’m...”

Chapter 3075: Long Live Team Leader Li! (2)

“It’s...It’s only because I can’t join...”

Zheng Yichuan explained while looking embarrassed.

In reality, what he said was indeed the truth. Team 3’s practitioners had lined up into a formation and that was why they could fight against the Earth Devils. Any other people by the side wanting to help couldn’t get involved at all.

If they were to forcibly join in, it would disrupt the human soldiers’ rhythm instead.

Huang Yueli nodded upon hearing that, “I knew you were useless, so what are you waiting for? Move to one side!”

“Oh... yes, yes!”

Zheng Yichuan nodded his head and bowed, as he nudged towards the side.

After he stood straight, he suddenly realized something and thought, “Why am I acting so obediently? That Team Leader Li asked me to move and I just listened to him? On what basis should I listen to that good-for-nothing?”

However, he had already nudged to the side, so wouldn’t it seem weird if he were to walk back to his original position?

Zheng Yichuan was vexed, and could only lift his head to look at the human soldier's battle situation in the forest.

This time, he suddenly realized that something was wrong with the situation.

Many ordinary devil soldiers' corpses laid disorderly in the middle of the forest unknowingly, and those corpses belonged to the same team that pursued after them!

"This... this... when did they die? How... how did they die?" Zheng Yichuan's eyes widened in astonishment, as he looked at his comrade and asked, "Did you kill those devils?"

"We killed them? How is that possible?" His comrade instantly shook his head.

Zheng Yichuan frowned. He was also thinking that those devils shouldn't have been eliminated by his comrades.

If they really had this kind of ability, they wouldn't be pursued like street rats by them earlier.

Another comrade spoke up meekly, "Bro... Brother Zheng, I saw it... I saw the person who killed those devils..."

"Who is it? Who killed them?" Before he could finish his sentence, Zheng Yichuan dashed over excitedly and interrogated, "Who is that top expert who did that?"

That person sneaked a glance at Huang Yueli and said, "It's... it's Team Leader Li who killed them!"

"Team Leader Li??" Zheng Yichuan was stunned for a moment but instantly frowned. "How can it possibly be Team Leader Li? Did you see it wrongly? How could he possibly have such powerful ability?"

Earlier, Zheng Yichuan and the others were stunned by Team 3's orderly attack in fighting the Earth Devils, so they didn't notice the situation around them. But that merely took 10 seconds or slightly more.

Continuously killing the group of more than 20 devils in such a short duration...

Even if they were the most ordinary devil soldiers, it was an extremely difficult feat!

That person would need to be in Dream Profound Realm mid-phase, at the least!

Wasn't that Li Yuehuang just a good-for-nothing? How could he possibly have such capability?

His comrade was being doubted and instantly became anxious. "Brother Zheng, would I lie to you about this? I saw it with my own eyes earlier! We have all mistook Team Leader Li. His ability is very strong. Earlier when he struck, his speed was astonishingly swift. It was so fast that I didn't even manage to see his moves and the devils just fell to the ground one after another..."

Recalling the scenario earlier, that person was still unable to recollect his senses.

The flame that followed the sharp blade seemed like a flame from the netherworld that took away one's soul and spirit. It instantly claimed so many devils' lives!

If they hadn't seen it with their own eyes, he wouldn't believe that there was such a ridiculous thing in this world!

Hearing him say that, Zheng Yichuan looked at Huang Yueli once again.

Chapter 3076: Long Live Team Leader Li! (3)

He couldn't sense a lot of Profound Energy fluctuations from Huang Yueli at all.

Arms around her chest, she leaned against the tree with a calm and tranquil expression. Huang Yueli would occasionally shout out some commands for Team 3's practitioners. But her tone was always that calming from the start to the end.

Even though the two Earth Devils' attacks were becoming fiercer and fiercer, or the situation was getting direr, there wasn't any undulation in her emotions at all.

Zheng Yichuan originally couldn't understand this. But after he listened to her commands for a while, he couldn't conceal the shock in his heart!

Lesser than 30 human soldiers trying to kill two Earth Devils was originally an impossible thing to achieve.

But Team 3's team members were attacking skilfully with ease on her commands.

Every time an accident happened, she would be able to save the situation with the every-charging formations.

The Earth Devils struggled long and hard, but the result was fruitless. Their injuries were getting more and more serious...

Now that things had come to this, Zheng Yichuan surely could tell that this was all because of Huang Yueli's incisive foresight and accurate commands.

Even though he didn't witness her killing the devils personally, based on her level of commands, she was absolutely a top exponent who did not show her true ability!

Zheng Yichuan thought, "Seems that I've really misjudged him..."

Time flew past swiftly and around one hour later, one of the Earth Devils finally couldn't withstand the human practitioners' continuous attacks and fell to the ground.

The other devil might have lasted a little longer than the first, but the result, in the end, was still the same.

After the two devils were killed, reality still hadn't sunk in for Team 3's and they subconsciously took their positions based on the formations.

After a while later, they stopped and realized that they had completed this amazing feat!

"Heavens, we... we've really killed two Earth Devils simultaneously!!"

"We did it, we did it!!!"

"Yay! Long live Team 3, long live Team Leader Li—!!!"

The soldiers couldn't help but cheer loudly. Some of them were so emotional that they cried!

A powerful enemy which they originally couldn't fight against was successfully killed by them. Moreover, none of their teammates had been injured!

This huge disparity could only be felt by those who had genuinely experienced it.

The human soldiers fell into ecstasy!

Huang Yueli clapped and smiled. "All of you have done well. Great job!"

Hearing Huang Yueli's voice, the soldiers all turned towards her.

Huang Yueli suddenly had a bad premonition...

Before she had a clear understanding of what was going on, the soldiers were already running towards her. Without any warning, they lifted her and threw her into the sky!

"Long live Team Leader Li—!!"

"I... what the... cough cough, cough cough! Let... let me down!"

Huang Yueli didn't expect such a thing to happen and was caught off guard, hence those soldiers managed to grab her.

She hurriedly tried to stop them but had choked on her saliva. That was why she couldn't speak out momentarily.

In this way, the soldiers threw her in the air a few times before she landed on the ground dizzily.

The human soldiers crowded around her and looked at her with reverence.

"Team Leader Li, you're too awesome! With you around, our battle power has increased by several notches!"

Chapter 3077: Regret Their Past Decision (1)

"That's right, Team Leader Li. We didn't know that when the original standard formation is used to mount a joint attack, it could display such powerful force!"

"This really is... too... too miraculous!"

The soldiers were extremely agitated and Huang Yueli's lips kept twitching.

"I'm really happy that all of you are willing to listen to my commands, but... you're not allowed to throw me into the air in the future! Do you hear me??"

"Ughh, this... Team Leader, we were wrong. We're just a little overly excited..."

"You can't do that even if you're overly excited!"

After Huang Yueli gave them a lecture, she turned around and walked towards Zheng Yichuan who was sitting dully on the ground.

Seeing Huang Yueli coming close, Zheng Yichuan and his comrades immediately knelt on the ground.

Zheng Yichuan's forehead touched the ground, not daring to look up at Huang Yueli.

“Li... Team Leader Li, This Subordinate did not fulfill the military order and left the team on my own accord. This Subordinate... deserved to die! Will... will Team Leader please punish...”

The other comrades who left with him all knelt as well, not daring to move.

Huang Yueli lowered her head and took a look at them. Then she slowly said, “Today when I set off, I’ve already decided that after the battle ends, I will punish all of you according to military regulations, as a warning to others!”

Hearing that, Zheng Yichuan and the others trembled. But none of them pleaded for mercy.

If they were to be punished according to military regulations, that would mean the death penalty!

Even if Huang Yueli were to kill them with her sword right now, they had nothing to explain. Because this was something that they deserved!

Zheng Yichuan might be a chivalrous person, but he made use of his outstanding cultivation and was arrogant and obstinate. In the team, he had always stood out as a pain in the a*s. The previous team leader had a big headache trying to deal with him.

But the old team leader valued his ability. So usually, even if he did something against the military regulation, the former simply closed an eye to it.

This gave Zheng Yichuan a disillusion that he had special authority because of his cultivation which was slightly more outstanding than ordinary soldiers. He might even be promoted faster than the others.

Hence after the previous team leader passed away and his promotion to team leader failed, anger got to him, causing him to commit such a serious mistake...

Now, after experiencing near death and upon seeing Huang Yueli’s high leveled commanding standard, he had no choice but to admit that he was totally wrong!

Alas, it was already too late to understand this now...

Standing behind Huang Yueli, a soldier opened his mouth and wanted to plead for Zheng Yichuan.

“Team Leader...”

A tall soldier hurriedly grabbed him and said, “Shut up. The more you speak, the angrier Team Leader will get! Don’t worry, Team Leader won’t kill Brother Zheng!”

He suppressed his voice to a minimum, practically whispering in his teammate’s ear.

But then, Huang Yueli seemed as though she didn’t hear anything and turned to look at him.

That tall soldier was so frightened that he broke out in cold sweat and almost knelt on the ground.

But Huang Yueli merely took a look at him and shifted her glance away.

That tall soldier shut his mouth quickly, not daring to say anything. No matter if he had seen it wrongly or not, it was just too scary!

Huang Yueli looked at Zheng Yichuan and the others who knelt on the ground.

“Let me ask you this. Earlier when you were being pursued by the devils and ran into the forest, did you already see us?”

Zheng Yichuan was stunned. But following that, he nodded his head.

Chapter 3078: Regret Their Past Decision (2)

“Yes! I’m familiar with a few teammates’ Profound Energy fluctuations so before I came near to your hiding spot, I’ve already detected...”

Hearing Zheng Yichuan’s answer, Huang Yueli was rather surprised.

Her brows rose and said, “Oh? In this case, your senses are rather acute. There’s such a huge distance between us and you can judge the different practitioners’ Profound Energy fluctuations. Your innate talent is indeed not bad. No wonder you’re so conceited!”

Before today, Zheng Yichuan had always felt that it was reasonable for him to be conceited.

But hearing Huang Yueli say this now, really made him feel so guilty that he wished he could disappear from the faces of this earth.

“This Subordinate is ashamed. If my senses are really acute enough, I wouldn’t have provoked those devils...”

In the beginning, he only saw seven or eight devils gathering in the forest. Hence, he intended to sneak an attack on them to earn some military merits. But whoever knew that so many devils were hiding in the surroundings, and there were even two Earth Devils!”

Recalling the situation back then, he had always followed the previous team leader to hunt for devils, but never once led a team on his own.

Only now did he realize that searching for devils in the forest was such a dangerous and difficult task!

Thinking of this, Zheng Yichuan blushed with shame. “Team Leader, it’s all This Subordinate’s fault. This Subordinate will accept the punishment that you have decided on! But these brothers who came along with me originally had no intention to violate the military regulations. I was the one who kept persuading them, and they followed me out of respect. Will you please let them off...”

When Huang Yueli heard that, the smile on her lips grew deeper.

“Your teammates say you are a chivalrous person, and they’re indeed right about it. Alright, get up!”

Zheng Yichuan was dazed and almost didn’t come back to his senses.

Huang Yueli cast an indifferent look at him. “Why? You’re too lazy to climb up from the ground? Don’t tell me you insist that I must kill you right here?”

Hearing that, Zheng Yichuan was suddenly inspired and hurriedly stood up.

“Team Leader, you... you’re really not going to blame us??” His eyes widened like full moon, as though he couldn’t believe that he was so lucky!

Huang Yueli killed so many devil soldiers earlier in such a short time, so that meant that her moves were decisive and vicious. She was absolutely not a lenient and merciful person.

Zheng Yichuan originally thought that today, he would be dead for sure!

So he only thought of helping his brothers out of the predicament, and not for himself.

Huang Yueli said, "On account that you didn't want to implicate your teammates when you were being pursued by the demon tribe, and even automatically lured them away, I'll not mete out the death penalty this time! But after you return to the campsite, go to the disciplinary hall to receive your punishment! Same for the others who followed you!"

Zheng Yichuan was simply overjoyed!

He was really lucky to have his life saved.

Initially, he managed to escape the pursuit of two Earth Devils and more than a dozen devil soldiers. Next, he even received Huang Yueli's amnesty...

Going to the punishment hall meant that he would definitely be hit by the army stick, but he was healthy and strong. So he was able to accept this punishment. As long as he stayed alive, everything would be alright.

"Many thanks to Team Leader for your leniency. This Subordinate will absolutely not commit the offense again!"

Zheng Yichuan and his comrades were extremely thankful and kowtowed to Huang Yueli before standing up.

Huang Yueli said, "Since you and those few comrades have such strong ties, you will be Group 5 then! You've seen for yourself how the others killed the Earth Devils earlier. Later on, just listen to my command."

Chapter 3079: Regret Their Past Decision (3)

This group of people under Zheng Yichuan had been observing them for a very long time. They were long influenced by their teammates hunting the devils. All of them were full of vigor and long wanted to have a go at it.

Hearing Huang Yueli's instruction, everyone hurriedly nodded in agreement and obediently lined up at the back of the line.

Huang Yueli instructed the soldiers to collect all the devil stones.

Just as everyone thought that she was about to lead them away, Huang Yueli suddenly stopped in her tracks and pointed at a tall soldier in the group. She said, "You, fall out! What's your name?"

The tall practitioner said a word of gossip earlier and was caught by Huang Yueli red-handed. Later on, he didn't dare to speak casually and had been hiding within the group, working diligently.

Now that he heard Huang Yueli pointing him out, he was extremely nervous.

“Team Leader, This Subordinate’s name is Wang Yuxin...”

Huang Yueli nodded and said, “Earlier, the person who said I won’t kill Zheng Yichuan is you, right?”

The tall practitioner jolted in fear!

He felt that Huang Yueli should have heard him, but as she didn’t scold him earlier, he was hanging around with an ostrich mentality, hoping that Huang Yueli didn’t notice what he said earlier.

Unfortunately, a false vision was still a false vision. It was still exposed by Huang Yueli in the end.

Wang Yuxin hurriedly tried to explain, “Team Leader, This Subordinate didn’t do it intentionally. I will watch my words in the future, and will absolutely not spout rubbish again!”

Huang Yueli looked at him with a vague smile and nodded as she said, “You’re an intelligent person. Earlier when you encircled the Earth Devil, someone made a mistake and you dared to remind them in front of me. You’re not bad!”

“Ughh? Huh??”

Wang Yuxin thought that he would be punished by Huang Yueli, so he didn’t expect to be praised instead?

His tanned face flushed a shade of pink. “Team Leader, you’ve overpraised me. This Subordinate... This Subordinate’s reaction is just a little faster than other people!”

“Fast reaction is a major advantage! Do your job well! And, remember what you said. Don’t ever say things that you shouldn’t be saying again in the future!”

Huang Yueli was rather appreciative of this smart young lad. Those practitioners with the talent to command were actually much harder to find than people with outstanding cultivation innate talent.

But she didn’t forget to scold him for his wrongdoing as well.

Seeing Wang Yuxin returning in line after being educated, she left them towards the next possible location where the demon tribe might appear.

With Zheng Yichuan and the others joining them, Team 3’s battle power had evidently improved by a notch.

Huang Yueli also discovered that those few people who were on good terms with Zheng Yichuan were at the tenth stage realm cultivation. Their ability was top-notch in Team 3.

It was because of that that Group 5’s ability was much stronger than the other groups.

Huang Yueli realized that as long as the six of them went through mutual coordination, they would be able to block off an Earth Devil’s attack on their own.

Although the process might easily come out with various dangerous situations, with Huang Yueli personally giving commands by the side, they could still successfully kill the Earth Devil to obtain the devil stone.

In this way, Huang Yueli’s team’s rate of killing the demon tribe was even higher.

Even if it was a four or five Earth Devil team, they would be able to annihilate all of them!

Huang Yueli spent an entire day leading her team to sweep through the forest once. Those devils who hid in the forest had run into bad luck. Basically, none of them survived and ended up as Team 3's military merits.

Huang Yueli was rather satisfied with this result.

Chapter 3080: Regret Their Past Decision (4)

"These human practitioners' comprehension is not so bad. But they lacked systematic training in the past, so that's why they can't display the full power of the basic formation, not to mention some special variations..."

"When we return, I think it's better to make them train properly. Earlier, I thought of some formations that I have to teach them as well."

"Also, that Zheng Yichuan and Wang Yuxin's innate talents aren't too bad. They can be nurtured to become temporary commanders during the battle. In this way, I don't need to do everything myself..."

As Huang Yueli walked, she kept pondering over these.

Seeing that it was close to evening time, spending the night in the forest was extremely dangerous. So she gathered the team and prepared to return to the united armies' campsite.

As for Zheng Yichuan, following Huang Yueli around for the day had left him gasping in surprise after surprise.

Huang Yueli's commanding standard was something that he had witnessed beforehand.

But very quickly, Zheng Yichuan realized that Huang Yueli's battle power was ridiculously strong!

Ordinary Earth Devil early-phase was basically defenseless in front of Huang Yueli. She only used a few moves and killed the other party.

Even if it was Earth Devil mid-phase, it was also a piece of cake for her!

This discovery made Zheng Yichuan break out in cold sweat!

He acted so arrogantly in the past, assuming that Huang Yueli didn't say out her cultivation level because her ability was beneath his!

In reality, she wasn't weaker than him at all. She just couldn't be bothered to compare with him!

Truth be told, Huang Yueli was actually on par with those commanders in the army.

Other than that, another matter made Zheng Yichuan extremely shocked. That was— the Spirit Armaments that Team 3 practitioners were holding!

"When did your attack power become so strong?" Zheng Yichuan was dumbstruck as he looked at a teammate making his move. "Wait, it's the long sword in your hands! Why is your sword so incredible? Where did you get it from?"

As long as it was a practitioner, no one would not be interested in a powerful Spirit Armament.

Zheng Yichuan looked at the rare sword in his teammate's hands and leaned closer, "Let me take a look! You're really capable to get such good stuff!"

The teammate generously passed the long sword to him, allowing him to observe it in detail.

"This is indeed good stuff, but it's not because I am capable. Team Leader gave it to me."

Zheng Yichuan was extremely astonished. "What? Team Leader gave such a good Spirit Armament to you? Why? Have you contributed some great merit?"

This teammate's ability was extremely ordinary, and he didn't have any special strong points.

Zheng Yichuan couldn't understand what great merit did he contribute to being awarded such an astonishingly strong Spirit Armament!

This tier of Spirit Armament was something that even team leader level couldn't afford to obtain, not to mention ordinary soldiers like them!

The teammate immediately shook his head and expressed, "I didn't do anything!"

"Didn't do anything? Why would Team Leader give you this sword then?" Zheng Yichuan obviously didn't believe in his words.

The teammate pointed at the other people around them. "What's so strange about that? I'm not the only one who received the Spirit Armament. Everyone in the team has it as well!. Oh, right, except for you guys..."

Zheng Yichuan's eyes opened wide. "Everyone has it? How is that possible??"

He was well aware of the value of this kind of Spirit Armament.

One sword would cost hundreds of thousands of crystal jades. Even for a Dream Profound Realm practitioner, they had to save for several years before they could afford this amount.
