

## **Weaponsmith 3111**

### **Chapter 3111: Who's In The Array? (3)**

The humans in the campsite originally bore no hopes at all.

Seeing the defensive array and mechanism on the high platform in the southeast direction enveloped in thick black smoke, it seemed as though everything was finished!

The allied armies... were done for!

But just at this moment, vigorous tremors could be felt under everyone's feet.

Immediately following that, a ray of silver light shone from the high platform!

This ray of silver light seemed like dawn breaking, as it tore the black demonic qi apart from the middle!

Sky Devil Rui Xuan's expression originally surfaced a delightful smile. But at this moment, his smile instantly congealed!

"W... What? How is this possible??"

His eyes widened in disbelief, not daring to believe that what he saw was true!

By the time he came round to his senses and was preparing to escape, it was already too late!

The distance between Rui Xuan and the high platform was less than a hundred meters. After the mechanism was activated, powerful energy instantly blasted right in front of his chest!

As he was very near, the damage dealt was much more serious than the previous two times!

Rui Xuan's body flew out in an instant!

He fell over a few hundred meters before landing heavily in front of the campsite's entrance.

In an instant, the entire campsite went silent. No matter if it was the allied armies or the demon tribe, no one dared to make a sound.

Everyone looked at the high platform in front, not daring to believe in their eyes!

Even Li Yukun also felt that he was in a dream.

He naturally knew that the few rays of silver light were shot from the mechanism which was attached to the defensive array. But even though he knew this clearly, there were many parts that he could not comprehend.

"Wasn't that mechanism only facing the front of the campsite? How did it suddenly change direction?"

He had activated that mechanism multiple times in the past, but never had it ever displayed such power!

"If a mechanism can deal a Sky Devil with such heavy injury, then the campsite's defense wouldn't be so weak."

“What on earth is going on? Was there an incredible Spiritual Armament Master who reformed the mechanism?”

“But this isn’t possible...”

Just as everyone was bewildered, a glimmer of light suddenly lit up on the high platform again.

Sky Devil Rui Xuan had just managed to climb up from the ground, and he saw the changes on the high platform with his peripheral vision.

The colour on his face drained completely. “Damn it! How many magical beast cores does this campsite have? That damn mechanism can still be activated?”

He had already suffered a serious internal injury, and if he took on one more blow, he might really die here!

Thinking of this, Rui Xuan clenched his teeth and suddenly turned around. Then he immediately scuttered out of the campsite.

“Lord Rui Xuan—!!”

Seeing that, all the practitioners in the demon tribe were shocked and they shouted in alarm.

Their Commander-in-chief had already escaped so the rest of the demon tribe were not interested in continuing to fight. So they hurriedly escaped out of the campsite.

The human soldiers still hadn’t come back to their senses, as they stood in a daze.

Huang Yueli and Xia Yunxi jumped down from the high platform and shouted, “Why are you all still in a daze? Hurry up and clean up those devils from the campsite!”

The human soldiers awoke from their stupor and raised their weapons, chasing after the devils.

Wang Yuxin had already gathered most of Team 3 and Team 4’s practitioners and led them to wait near the defensive array.

Huang Yueli and Xia Yun led their subordinates to earn their military merits.

### **Chapter 3112: Li Moying Who Went To The Frontlines (1)**

This battle lasted till morning.

When the devil soldiers escaped, they were overly flustered and many of them were killed by those human soldiers!

However, the allied armies’ losses incurred were extremely serious. Not only were there a lot of people who died, but many resources and the campsite structure were also damaged by the devils.

Huang Yueli’s Team 3 members reaped the most rewards. A huge amount of devil stones were credited into their accounts.

She was in a good mood because they defeated a strong enemy.

But this mood only lasted before the moment she stepped into the campsite.

“Team Leader Li, you’re finally back! Divine Lieutenant asks you to head towards the main tent immediately once you’re back!”

The minute she appeared, two soldiers who were filled with anxiety rushed up to welcome her.

Huang Yueli asked in astonishment, “Why? Did something happen?”

“Earlier when Divine Lieutenant fought against the Sky Devil, the demonic qi had affected his meridians and internal organs, causing it to be seriously damaged. He... he’s about to die!”

“What?!” Huang Yueli sucked in a breath of cold air and instantly ran towards the main tent!

...

Among the 12 campsites on the frontlines, Li Yukun’s stronghold was not the only campsite that was under siege by the demon tribe.

In reality, the demon tribe went on an all-out attack this time. So all the frontline strongholds were more or less affected.

At this very moment, another stronghold that was nearest to Li Yukun was also attacked by the demon tribe.

“Di...Divine Lieutenant! The demon tribe is increasing in numbers. We... we can’t hold on any longer!” A commander, whose face was covered in blood, knelt on the ground and spoke with a quivering voice.

The bearded Ice Serpent Clan’s Divine Lieutenant revealed a malevolent expression.

“Who allowed you guys to step down? Even if we die, we must protect the campsite! All of you, go and replace those who fell!”

The commander gripped his long sword and trembled as he spoke, “Divine Lieutenant, the majority of This Subordinate’s team had already sacrificed themselves. As for those remaining people, they are still holding on. But... it’s just a matter of time that they fall too. The campsite... we really can’t protect it any longer...”

The bearded Divine Lieutenant punched his fist hard on the wall, but as it tugged the injury on his chest, his brows creased together because of the pain.

“Damn it! Why did the demon tribe suddenly come out with so many top exponents! Moreover, it’s a sudden attack! Now, we can’t even send out any news for help. If they were to attack Blessed City, the consequences would be dire!”

All the practitioners kept silent.

Everyone knew this logic, but now, there was really nothing they could do...

Just then, a commotion broke out from the entrance of the campsite.

A few soldiers rushed into the tent as they staggered.

“Di... Divine Lieutenant...”

“What’s the matter?” The bearded Divine Lieutenant jumped up in an instant, as though he was struck by lightning. “Has the demon tribe already invaded into our campsite?”

Everyone had on a bleak and devastated expression on their faces.

Even though they had already tried their best, but... the campsite still couldn’t be saved...

The soldiers shook their heads furiously. “No... it’s not that... we... we are saved!”

“What??” The bearded Divine Lieutenant went into a blank, then instantly came to the front of those few people. “What do you mean by we are saved? Quickly! Explain yourselves!”

The soldier panted and said, “Earlier, there... there were two Young Masters who led their subordinates to our campsite. Those people’s abilities are very strong, and it didn’t take them much effort to kill the demon tribe’s Commanding Officer. The demon tribe has already retreated...”

### **Chapter 3113: Li Moying Who Went To The Frontlines (2)**

“What?? How is that possible??” The bearded Divine Lieutenant was amazed. “Don’t lie to This Divine Lieutenant!”

“That’s right, what exactly happened? Tell us clearly!”

“The demon tribe had already invaded the campsite, so don’t spread rumors to affect the morale of the army!”

“If you tell a lie, that is considered as deceit about the military situation. The punishment is the death penalty!”

The main tent’s few Commanders all spoke out. None of them believed what these soldiers were saying.

Because it sounded too ridiculous!

If the demon tribe were so easy to deal with, they would have defeated the devil’s invasion. How would they end up in this state?

Moreover, those soldiers that they sent to ask for aid were killed before they could leave the campsite. Who else would come and save them? Even if anyone passed by, how could they possibly be the devil army’s match?

The bearded Divine Lieutenant calmed down a little and sat despondently on his seat. Then he waved his hand.

“Forget it. Now that things have come to this, there’s no point for me to give you the death penalty. We can’t protect the campsite so if you wish to escape, go ahead and do so. It’s already very loyal of you to persist until now...”

The bearded Divine Lieutenant was so disheartened that he had no intention to pursue the responsibility against these soldiers.

But these soldiers weren’t willing to leave. Instead, all of them had anxious looks on their faces.

“Divine Lieutenant, Commanders, we... we’re not lying about the military situation! It’s true... someone really came to save us!! Moreover, they managed to defeat the devil army!”

“That’s right, Divine Lieutenant, we will not dare to lie.”

The few soldiers kept blabbering on, but what they said was the same. Every single one of them insisted that the reinforcements had really arrived!

After they said so much, the bearded Divine Lieutenant was also having doubts.

Even though he knew that this could not possibly happen, in times of desperation, one would easily develop some hope.

He thought to himself, “Could it be that we’re not meant to die today? Someone really...”

“Come, let’s go take a look!”

The bearded Divine Lieutenant gave his command and the Commanders hurriedly followed behind him.

Just as they were prepared to walk out of the tent, a group of people walked over.

Seeing them, the soldiers who reported earlier immediately jumped up in excitement. “Divine Lieutenant, it’s them! It’s them! Earlier, these two Young Masters and their subordinates saved all of us!”

The bearded Divine Lieutenant looked up and saw two handsome god clan practitioners walking in.

These two people looked very young, as though they were in their 20s. But the aura they gave off seemed as though they had been holding an esteemed position for years. Under such pressurizing aura, everyone in the tent couldn’t help but lower their heads.

Even the bearded Divine Lieutenant was not spared.

“Both... Both Young Master, are you the ones who drove away from the devil army? I am this campsite’s Commanding Officer, Meng Dajun, and I’m from the Ice Serpent Clan. This... I’d like to express my deepest gratitude on behalf of everyone from the campsite...”

Meng Dajun’s voice grew softer and softer, and the sweat on his forehead started to drip.

Even he couldn’t understand why. He was the campsite’s leader and his rank was already at Divine Lieutenant. In ordinary practitioners’ eyes, he would be considered a powerful person with noble status and a high-ranking officer. But not knowing why, in front of these two young god clan practitioners, he felt that he was much inferior to them. He was even stammering as he spoke.

### **Chapter 3114: Li Moying Who Went To The Frontlines (3)**

The two young men exchanged a glance and one of them said, “Divine Lieutenant Meng, don’t stand on ceremony. Since we’ve already met with the demon tribe, it’s just part of our duty to kill them.”

The other party just downplayed their achievements, and that made Meng Dajun even more shocked!

Because that meant that defeating that devil army was not some difficult task to these two Young Masters!

To a regular army, it was already very difficult to deal with the devil army. But in their eyes, it was merely something that they could easily handle!

"I wonder what are their backgrounds..."

Meng Dajun thought silently, but he could not ascertain their identities.

He probed carefully, "No matter what, both of you are our campsite's saviors! I will do my best to show my gratitude. I wonder how do I address both Young Masters?"

The two of them were just about to speak when a Commander behind Meng Dajun suddenly made a startling sound.

"Ah! Isn't he... no, that's not right. How would that Young Master possibly come to this kind of place..."

Meng Dajun abruptly turned around and asked, "You know these two Young Masters?"

The Commander who was asked felt that he had misspoke earlier. So he covered his mouth, attempting to pretend that he didn't say anything at all.

But since Divine Lieutenant had already asked, he couldn't just keep quiet.

This person carefully looked at the two expressionless men standing at the entrance and spoke out cautiously, "This... Divine Lieutenant, actually I only know one of them. If This Subordinate didn't recognize wrongly... this person on the right is Veracious Wyvern Clan clan leader's only son, Young Master Jun Sihan!"

"What?? Jun Sihan??"

"Young Master Jun's status is noble. Why would he suddenly appear at the frontlines?"

"Did you recognize the wrong person?"

When Jun Sihan's name was announced, it seemed as though a bolt of lightning had struck everyone's head!

Among the ancient god clan families, each person's identity and status were different, and it was arguably heavily fortified by hierarchy.

For someone like Jun Sihan who was the clan leader's successor, and also a top peerless genius in God Realm, he was extremely famous. He was someone that ordinary god clan disciples would not hope to become.

Meng Dajun looked at Jun Sihan in disbelief. "May I ask, are you really..."

Jun Sihan nodded and cupped his fists in greeting. His attitude was relatively humble.

"Divine Lieutenant Meng, Commanders, I am indeed Jun Sihan. This person standing next to me is Cloudy Qilin Clan's successor, Li Moying. We happened to pass by this place so defeating the demon tribe was just along the way. You need not be overly concerned about this."

Everyone's eyes widened as they looked at these two extremely outstanding young men.

Jun Sihan's name was famous throughout the entire God Realm.

However, no one heard about Li Moying at all.

The reason was that he had just arrived in God Realm over a year ago. To ensure his safety, Cloudy Qilin Clan intentionally concealed his news, hence his identity had not been transmitted to a secluded place like this.

But because of Jun Sihan's introduction and the both of them addressed each other like brothers, anyone could tell that Li Moying's identity was not any lower than Jun Sihan's!

These two God Realm's noble top exponents actually appeared in this place at the same time...

All the practitioners present exchanged glances as they felt both excited and terrified.

Meng Dajun hastily asked, "Young Master Jun, Young Master Li, many thanks for your help! Both of you, please come into the tent to have a seat!"

#### **Chapter 3115: Li Moying Who Went To The Frontlines (4)**

Li Moying and Jun Sihan helped them so much and they were both noble aristocrats, so Meng Dajun naturally wanted to show his gratitude and to be on good terms with them.

Whoever knew, Li Moying instantly shook his head to reject his invitation.

"Divine Lieutenant Meng, many thanks for your kind intentions but we have something urgent to do. Hence we can't stay here for long."

Meng Dajun was stunned. "What? You're leaving? What's the rush? I haven't even shown my gratitude towards both of you yet! No matter what urgent matter you have on hand, why don't you stay and have a meal first?"

However, Jun Sihan also said, "Divine Lieutenant Meng, there's no need to go to so much hassle. We're leaving right now!"

The both of them rejected him so resolutely, and that was really out of everyone's expectations.

No one knew what pressing matter these two noble Young Masters had on hand, that they couldn't even afford to take some time off to have a meal.

Moreover, in a place like the frontlines, the surroundings were full of the devil army who were eyeing them. So not one place was safe! What pressing matter could they possibly have at this kind of place?

"Could it be that... the allied armies had given them a mission?"

"But if it's true, why didn't the two of them say it outright? Could some secret be involved in this?"

Meng Dajun's thoughts wandered and he thought that he had already understood what was going on. Hence he said, "Since the both of you have something urgent, then I won't force you to stay. But I wonder what pressing matter do you have to handle? Is there anything that I can help you with? Please, just let me know if there is!"

Li Moying instantly asked, "Great, there's one thing that I'd like to ask. In the past fortnight, did two young human men appeared near the campsite?"

"Young human men?" Meng Dajun was stunned.

Li Moying added, "That's right. They look like they're in their 30s or so, and their cultivations are between Dream Profound Realm early to mid-phase. One of them is tall and thin and looks very handsome. He's the kind that girls will fall in love instantly while the other looks more ordinary, the kind with a common face where one wouldn't notice him in the crowd."

Li Moying was silently feeling gloomy as he asked.

His Li'er's disguise had always been focused on weakening her existence.

Every time after her disguise, even those who had seen her previously wouldn't be able to recognize her at all – she was just too ordinary!

Usually, it meant that her standard of disguise was very high.

But when Li Moying wanted to search for her, he realized that Huang Yueli's habit made one feel extremely gloomy. He wanted to describe her looks, but he didn't know where to start from!

Luckily, Jun Sihan's fiancée loved to dress up. Even when she was in disguise, she wasn't willing to look ugly.

This supplied them with a huge convenience when they were searching for these two ladies.

After Meng Dajun heard Li Moying's description, he couldn't help but took another look at them.

"Looks very handsome, the kind that girls will fall in love instantly..."

"Could they be talking about themselves?"

But Meng Dajun naturally knew that Li Moying wouldn't say that about himself. He racked through his memories and eventually shook his head.

"No, I really haven't seen them! We had always been attacked by the devil army in the past month. Other than the campsite's soldiers, I haven't seen any other outsider humans! I'm certain I haven't seen the two men you mentioned."

Hearing that, Li Moying and Jun Sihan exchanged a glance and saw the disappointment and worry in each other's eyes.

### **Chapter 3116: Li Moying Who Went To The Frontlines (5)**

Meng Dajun naturally wouldn't lie to them. That meant that Huang Yueli and Xia Yunxi really hadn't been here at all!

Or perhaps, they did come here, but before they met Meng Dajun, they were captured by the demon tribe!

When the two of them thought of this, they frowned deeply, wanting to purge this thought out of their minds!

“Those two young lasses were troublemakers. Now that they were together, if they met with the devil army, surely they should have a way to free themselves... right?”

This point was something that Li Moying and Jun Sihan were very certain about. But after so many days had passed, even if they believed in the two ladies’ capabilities, a bad premonition involuntarily arose in their minds.

In the past few days, they had already visited 10 of the 12 campsites on the frontlines. Meng Dajun’s stronghold was already the 11th!

After searching so many campsites, they still weren’t able to get any clues about Huang Yueli and Xia Yunxi. This started to make the two composed men anxious.

Jun Sihan thought about it and wasn’t feeling convinced. So he said, “Divine Lieutenant Meng, is it convenient for us to check around your campsite? These two people who we are searching for are very proficient in disguise. Perhaps they might be hiding in some corner of the campsite.”

Meng Dajun said in surprise, “This... the campsite’s soldiers need to do rollcall every day. Logically speaking, there shouldn’t be any unknown people who smuggled in. But if the two of you are not assured, please feel free to go take a look!”

Jun Sihan didn’t stand on ceremony and after saying a word of thanks, he walked out with Li Moying.

The two men went around the entire campsite and took a look at all the soldiers who were alive. But they didn’t find any familiar figures.

They even went through all the corpses, but none of them resembled those two young lasses!

For a second, the two of them didn’t know if they should be feeling disappointed or fortunate.

“At least the two of them are very smart. They aren’t in this pile of unlucky soldiers...” Jun Sihan’s brows were tightly knitted as he said softly, seemingly seeking a feeling of psychological comfort.

Li Moying sighed. “Looks like they really haven’t been here! Let’s hurry and head to the next campsite!”

Jun Sihan said with a heavy heart, “We’ve been searching from the most exterior campsite from the start. The more we advance, the nearer we are to the demon tribe’s control area. That means... the two young lasses are in even more danger! I’m getting more and more worried!”

Li Moying shook his head slightly. “It’s the same for me... but saying all these are of no use. Let’s hurry and grab hold of time tightly. I have a premonition that if we don’t find them soon, there might be big trouble!”

The two of them didn’t dare to waste any more time and headed back to the main tent to let Meng Dajun know that they were leaving.

Meng Dajun was a little worried, so he asked, “Both Young Masters, where are you headed off to next?”

Li Moying casually replied, “We’re prepared to continue searching inwards, heading towards the next campsite in the north.”

Meng Dajun couldn't help but frown upon hearing that. "Then both of you must be very careful! You might not know but the campsite in the north is in an even more precarious situation than us. One month ago, we received a letter from Divine Lieutenant Li for help, saying that their campsite had been surrounded by the demon tribe!"

Li Moying jolted. "Then? What about now? How's their situation?"

### **Chapter 3117: Li Moying Who Went To The Frontlines (6)**

Meng Dajun shook his head and sighed while saying, "I'm not sure about that! We were preparing to send someone to assist them but we met with the demon tribe's sneak attack. Following that, we were also trapped in their encirclement and were almost annihilated by the devils. So we didn't have any ability to go rescue them at all..."

Li Moying and Jun Sihan's expressions turned grave.

There was no sight of Huang Yueli and Xia Yunxi in the previous 11 campsites.

From another perspective, the possibility of them staying at the last campsite was extremely high!

And that campsite had already been surrounded by the demon tribe since a month ago. They were totally cut off from the outside world...

Wouldn't that mean that those two young ladies were also trapped inside?

If that allied armies' campsite was annihilated by the demon tribe, no one knew what danger would the two young ladies meet when they wander outside!

Jun Sihan said, "In this case, it is highly likely that campsite has already fallen into the demon tribe's clutches?"

Meng Dajun saw their ghastly expressions and said in hindsight, "Ughh, this... this might not be true! The Divine Lieutenant responsible for the campsite on the north is Li Yukun from the Cloudy Qilin Clan! He is most adept in commanding and famous for his skills in arrays! Facing those devils' attacks, he will be able to persist for a long time!"

"If the both of you head over, perhaps you might be able to turn things around..."

"Li Yukun?" Jun Sihan repeated his name thoughtfully.

Li Moying's gaze immediately landed on him. "Why? Do you know him?"

Jun Sihan nodded and said, "That's right, this person is a renowned commander! Although his ability is very ordinary, in terms of commanding the troops on the battlefield, he is very skillful! With him around, the possibility of the north campsite still holding fast is very high."

Li Moying was slightly assured, but he said swiftly, "Let's go right now!"

"Alright! Divine Lieutenant Meng, goodbye!"

Jun Sihan responded positively and the two of them hurriedly led their guards and left.

Watching them hurrying off, Meng Dajun sighed again.

“Young people nowadays are awesome! Even though they’re still so young and hold such noble statuses, the way they speak in such a decisive manner was so graceful... Indeed a large clan’s successor! Cloudy Qilin Clan and Veracious Wyvern Clan need not worry for the next few thousand years! In comparison, we Ice Serpent Clan might also be one of the 12 god clans, but...”

...

“What?? What did you say? Divine Lieutenant.... How is he exactly?”

Huang Yueli sprinted all the way and immediately dashed into Li Yukun’s tent.

At this moment, Li Yukun’s bed was already crowded with people.

The campsite’s Commanders have all arrived.

The army’s medics sat beside his bed and took his pulse. After a long time later, they sighed and shook their heads.

Their meaning was rather obvious... there was no hope!

Everyone’s heart thumped!

The devil army might have temporarily retreated today, but that Sky Devil Rui Xuan wasn’t fatally injured. As long as he recuperate for some time, he would show up again.

Whereas for them, the most powerful pillar who was capable of commanding strategies was about to die...

At this juncture, if Li Yukun were to die, how would the remaining people possibly be able to block off the demon tribe’s next attack?

“Everyone, don’t be so anxious. Perhaps there’s hope for Divine Lieutenant?”

### **Chapter 3118: Life In Critical Danger (1)**

Just as everyone was at their wits’ end, a voice suddenly rang from the door.

Huang Yueli turned around and saw Xia Yunxi hurriedly walking in.

She didn’t even have time to greet Huang Yueli and walked directly to Li Yukun’s bed.

“Let me take a look at Divine Lieutenant’s condition!” Xia Yunxi immediately ordered.

The medic was being questioned and was originally wasn’t very happy about it. But when he met with Xia Yunxi’s penetrative black eyes, he suddenly got cold feet and subconsciously obeyed her command, retreating to the side.

Xia Yunxi sat by the bed and grabbed Li Yukun’s wrist as she started to feel his pulse.

All the Commanders were initially shocked by her sudden action, hence they did not respond in time. It was only until now that everyone felt that something was amiss.

“Wait, what are you trying to do to Divine Lieutenant?”

“Quickly move aside! The medic is doing the consultation for Divine Lieutenant and you suddenly popped in to create a ruckus. What are you trying to do?”

“If anything were to happen to Divine Lieutenant, are you able to take up this responsibility?”

A few urging voices rang, asking Xia Yunxi to leave.

Xia Yunxi didn't bother about their hooting and remained unmoved. She even squinted her eyes slightly, not looking at those bystanders at all.

“Hey, Xi Yunxia, did you hear what the various Commanders said??”

White Tiger Clan's Jing Zhihai couldn't help but jump out, intending to pull her aside!

But before he could touch Xia Yunxi, his outstretched right hand suddenly felt a biting pain!

A powerful burst of energy hit his arm, causing him to move to one side.

Jing Zhihai staggered back several times and his expression instantly turned gloomy.

He took a closer look and discovered that Huang Yueli was already standing beside Xia Yunxi. Her arms were crossed as she looked coldly at the crowd in front of the bed.

“Team Leader Xi is doing a consultation for Divine Lieutenant right now. Which of you dares to go disrupt them? Are you intentionally hoping that Divine Lieutenant will not recover?”

Jing Zhihai stared at her fiercely and said furiously, “I intentionally hope that Divine Lieutenant will not recover? How dare you even say that! I think you two are the ones with ill intentions, that's why you don't allow us to go near Divine Lieutenant. You even chased the medic to one side, are you hoping to do something secretly?”

Huang Yueli sneered when she heard that.

“Ignorant! Team Leader Li is God Realm's famous Spiritual Alchemist! In terms of medical skills, ordinary medics cannot even be compared to his finger!”

“You really have the cheek to say that!” Jing Zhihai sneered, “Who would believe in the rubbish that you are spouting? Our campsite medic is a middle rank Spiritual Alchemist recognized by the Spiritual Alchemist Guild who has many years of experience seeing patients. How is he not more capable than that young brat?”

Huang Yueli said disapprovingly, “Shouldn't we use the truth to tell if they can be compared or not? Anyway, the medic is helpless towards Divine Lieutenant's injury. So what does it matter if Team Leader Xi takes a look?”

What she said was so logical that Jing Zhihai couldn't rebuke her at all.

In a second, the tent resumed back to its usual silence.

Xia Yunxi checked Li Yukun's pulse and did not move. No matter how intense the argument between Huang Yueli and Jing Zhihai was, it seemed as though she did not hear anything at all.

Everyone stared at her and waited to listen to the result that she found.

However, after waiting for a long time, Xia Yunxi didn't say a single word.

Jing Zhihai couldn't wait any longer.

### **Chapter 3119: Life In Critical Danger (2)**

"Such a long time had passed, are you done? Why does feeling a pulse take so long?" He couldn't help but urge.

Huang Yueli's brows rose and she was just about to stand out to defend her best friend.

Just at this moment, Xia Yunxi suddenly said, "Divine Lieutenant's injury is indeed very serious. Sky Devil Rui Xuan's demonic qi seemed to have a numbing effect. Not only did it invade Divine Lieutenant's meridians and internal organs, but it also caused severe damage to his brain!"

When the medic heard what she saw, he immediately stood out.

"That's the same conclusion that I derived when I was doing the consultation! Divine Lieutenant's injury is simply too serious, especially when the demonic qi had already entered his brain. This is simply... sigh!"

The medic gave a long sigh.

All the practitioners felt exceptionally melancholic upon hearing that.

Their conclusion was the same, so there shouldn't be any case of misdiagnosis.

Even if it was some ordinary person without any medical skills, one would more or less know how serious the damage was when demonic qi had entered one's brain. There was a 90% chance that the practitioner would die while in a concussion.

The remaining 10% might regain consciousness, but that person would either become insane or retarded. That was even worse than death!

As for the possibility of a full recovery...

If it was in a large city in God Realm where highly skilled Imperial Alchemists could administer treatment on time, he might have a slight chance of recovery.

But now, they were at the frontlines!

Not to mention an Imperial Alchemist, there wasn't even any high ranking Spiritual Alchemist around...

It seemed that it would be difficult for Li Yukun to escape from this calamity!

When the Commanders heard this bad news, everyone felt extremely sad and their expressions became extremely ghastly.

As everyone's heads were lowered, no one noticed that Jing Zhihai might look sad, but an excited glint flashed past his eyes!

He turned around and raised his voice to say, "Comrades, Divine Lieutenant is so seriously injured, so he might not be able to live past these few days. I know everyone is very sad, but since things have already

come to this, we cannot be sitting ducks. The campsite needs to operate smoothly. So I'm thinking, we should..."

Jing Zhihai hadn't even completed his sentence when someone suddenly interrupted him.

"Who said Divine Lieutenant wouldn't be able to live past these few days?"

An icy, cold voice rang from his back.

Jing Zhihai was stunned and momentarily swallowed the remaining words.

He hurriedly turned around, meeting with Xia Yunxi's cold gaze. She continued to say, "I only said Divine Lieutenant's injury is very serious, but since when did I say there's no way to treat him?"

Hearing that, the Commanders were stunned for a moment. But immediately following that, they became excited.

"W.. What? Team Leader Li, you mean, could it be that... you have a way to save Divine Lieutenant?"

"Yes, is that true? You can't crack jokes about such things! We will take it for real!"

"Our campsite relies entirely on Divine Lieutenant. If he falls, we don't know what to do!"

Everyone looked at Xia Yunxi with a hopeful gaze.

Jing Zhihai was the only one whose facial muscles kept twitching.

He originally wanted to take the chance while Li Yukun was severely injured to take over the command for the campsite. Whoever knew that such a good opportunity had come, but right before he could finish his sentence, he was interrupted by this stinky brat!

But Jing Zhihai wasn't a fool. He spent a great deal of effort before he controlled his urge to curse at her.

### **Chapter 3120: Life In Critical Danger (3)**

Jing Zhihai laughed coldly and looked at Xia Yunxi.

"Can you prove your words? Xi Yunxia, since you say you can save Divine Lieutenant, then you must show that you have the ability to do it! Divine Lieutenant's life and death concern our entire campsite's future. If you are just boasting, you will get all of us killed! By then, how are you going to explain to everyone?"

Xia Yunxi seemed to have detected something when she heard that, and her gaze turned extremely profound.

"Commander Jing, don't worry. I will be able to help Divine Lieutenant regain his consciousness today."

"Oh? Really?" Hearing Xia Yunxi's words, Jing Zhihai's heart thumped.

But the other Commanders were extremely excited, so he had to force himself to smile.

"Team Leader Xi has already said this, so I have nothing else to say. Medic, please assist Team Leader Xi to administer the treatment! I want to see what you are capable of!"

Xia Yunxi's lips curled up coldly. "You want to stay here and watch? Unfortunately, I never allow anyone to stay and watch while I'm administering treatment! Commanders, please wait outside the tent!"

"What??" Jing Zhihai didn't expect Xia Yunxi to not be intimidated by his cynicism.

On the contrary, he was going to be swept out of the door by her!

He professed that after Divine Lieutenant was severely injured, the next highest status in the campsite authoritarian would be him. But someone wrote him off like this!

Thinking of this, he was outraged!

"Brat, do you know who you are talking to??"

Xia Yunxi said calmly, "Then do you know who you are talking to? Divine Lieutenant's condition will deteriorate as time passes by, and the success rate of recovery will become lower! If you don't go out, and if I can't cure him... then who should we blame, you or me?"

"You—!" Jing Zhihai was rebuked so badly that he couldn't say a word at all!

The other Commanders hurriedly persuaded, "Commander Jing, forget about it. I heard that all Divine Doctors have some strange kind of habit. We'd better just wait outside! Anyway, even if we stay here and watch, we aren't of any help too!"

"That's right, let's go out and wait!"

Jing Zhihai couldn't accept that he couldn't win over a young man's truth, and was still saying stubbornly, "I'm doing this for Divine Lieutenant's safety! That Xi Yunxi had just come to our campsite recently and he had never said that he had medical skills. How can all of you trust him?"

"Anyway, he's still inside the campsite and can't escape. If he can't cure Divine Lieutenant, it wouldn't be too late for us to catch him by then, right?"

As the Commanders persuaded him, they started to drag him out. Finally, they managed to drag Jing Zhihai out of the tent.

Xia Yunxi didn't ask Huang Yueli to leave.

But Huang Yueli conscientiously left along with the few Commanders and walked out of the tent.

She didn't have the slightest doubt that Xia Yunxi would be able to cure Li Yukun!

Xia Yunxi's alchemy level was exceptionally high. Besides that, she was The Chosen One!

Huang Yueli remembered that she had once said that The Chosen One's greatest innate talent wasn't just in prediction. They also had an ability, and that was healing!

She could use those common methods of pills and acupuncture to cure a patient. But if she met with even more tedious illnesses, when ordinary doctors were helpless, she could use her witchcraft to save the patient!

According to what Xia Yunxi said, the magic in her was a special purification attribute Profound Energy, which was used to treat various poisons or injuries caused by demonic qi. To ordinary people, it seemed like a miracle!

After Jing Zihai left the main tent, he stood rooted at the entrance with an extremely ghastly expression on his face.
