

Weaponsmith 3131

Chapter 3131: Burning With Shame (1)

No one expected that Jing Zhihai, as a Commander and also a Heart Profound Realm mid-phase god clan top exponent, would actually resort to such despicable means to gain victory!

Other than two Commanders who were on good terms with Jing Zhihai, the others despised Jing Zhihai for resorting to such means.

Everyone's gaze landed on Li Yukun who was seated on the side, hoping that he quickly would voice out to stop this.

But Li Yukun had his eyes shut as he leaned against the chair. No one knew if he was asleep or if he just purely didn't want to care.

Other than him, the others naturally had no right to say anything.

This competition officially started under everyone's complicated gazes and comments.

Among Huang Yueli's 10 soldiers, Zheng Yichuan was the lead and was the one with the highest cultivation in Team 3. However, she was not just merely choosing the one with the strongest ability. She considered various aspects of the coordination among the soldiers.

Both parties gathered on the vacant land in the center of the campsite, each occupying half of the space. They were a few hundred meters apart and looked at one another from afar.

Li Yukun opened his eyes and said lethargically, "Then let's begin!"

Hearing that, Huang Yueli's Team 3 immediately formed into their most proficient Aerial Bird Formation.

But Jing Zhihai's side was a little slower in reaction.

The team members looked at Jing Zhihai simultaneously, as though they had not discussed this before the competition and did not know how to coordinate. They were still waiting for Jing Zhihai's order.

Jing Zhihai suppressed himself and clenched his teeth as he said, "Form into Swimming Fish Formation first! This should be the Aerial Bird's nemesis! After that, work it out on your own! Anyway, your ability is much stronger than them and you should be able to beat 10 on your own! Forget about whatever formation they have, just directly punch them and that will do!"

His team's practitioners had never coordinated together before this. Now that they were suddenly gathered into one team, they originally felt rather uncomfortable.

Jing Zhihai didn't give any clear instructions and that made them feel even more disoriented.

But it was too late to say anything now. Huang Yueli's team had already formed into the Aerial Bird Formation and were moving towards them!

Moreover, they immediately attacked the moment they were in front!

Jing Zhihai's team had just formed into the Swimming Fish Formation and were hesitating on what to do next when they were attacked by the other party!

They were caught off guard and hurriedly raised their weapons to counter-attack!

Huang Yueli's team was not highly skilled, and they didn't dare to fight face-to-face with them. When Jing Zhihai's practitioners counter-attacked, they immediately retreated!

This reaction made Jing Zhihai feel a burst of excitement!

"Tsk tsk, you really can't make it when your ability is too low! Your attack looks very aggressive, but wasn't that because we weren't prepared? Seems that when we are at close quarters, all they know is to escape!"

The two teams crossed hands several rounds after that.

One could tell that Jing Zhihai's small team was evidently much stronger and Huang Yueli's team didn't dare to fight with the other team directly.

Several times they were about to have a direct confrontation, Zheng Yichuan would lead them to retreat!

After a few rounds, the bystanders silently shook their heads.

"Sigh, it looks like Team Leader Li's team is going to lose!"

"As expected, if the disparity in ability is too huge, no matter how high one's standard of command is, it is impossible to gain victory..."

"Team Leader Li's loss is really wronged!"

Chapter 3132: Burning With Shame (2)

"Look at the team that he is leading, there's actually a carefully calibrated operational strategy to it. Facing so many outstanding opponents' attacks, they were able to persist for such a long time. This is already very good! If it wasn't because of Commander Jing's schemes, perhaps Team Leader Li might have won long ago!"

"Sigh, it's such a pity. Such a pity!"

From the outsiders' view, Huang Yueli's team had been on the defense and didn't seem to be able to fight back at all.

If this went on, the result would definitely end up in a loss. It was just a matter of time!

But their defense was so strong and could persist for so long, this was already a commendable performance.

Jing Zhihai heard the bystanders' discussions and his face darkened and instantly grew anxious.

He walked to the competition grounds and raised his voice, shouting, "Hey? What are you guys doing? They're just some tenth stage realm and ninth stage realm trash, and you still can't defeat them after such a long time? Quickly deal with them. Don't embarrass This Commander!"

According to the military competition regulations, they could not kill or cripple the opponent, otherwise, they would be punished.

The standard for judgment of win or loss would generally be until one side had fainted or was unable to get up.

Jing Zhihai's meaning was for his subordinates to swiftly defeat them. Otherwise under such great disparity of abilities, the longer they drag on, the more embarrassed he would be!

Hearing Jing Zhihai's urging, the practitioners couldn't help but smile bitterly.

"It's not that we don't know to settle this battle quickly, but..."

"These subordinates under Li Yuehuang are too sly!"

"Those who aren't on this battlefield crossing hands with them can't understand the pain that we are experiencing right now!"

On the surface, it seemed that Jing Zhihai's small team was indeed holding the advantage. The other party had been suppressed so much that they couldn't fight back at all. But in reality, Huang Yueli's team wasn't like what the others had imagined, with no chance of striking back.

Sometimes, they obviously had a good chance to attack, but they chose to retreat instead!

Jing Zhihai's team members originally thought that they were timid or were inexperienced and were silently feeling happy.

But as time went by, they realized that things were amiss.

Jing Zhihai's team members realized that they had been trapped.

No matter where they attack, they would be blocked immediately without any trace. Moreover, the distance between their team of 10 members was slowly growing nearer...

Sometimes when they attacked, they might accidentally hit the person next to them...

This situation was becoming more and more frequent and their attacks were getting worse. Everyone had an ill premonition.

But this feeling could not be conveyed in mere words. It was hard for outsiders to tell at all!

Jing Zhihai obviously couldn't tell and was urging with all his might.

"Quickly dash up and knock them unconscious in one move! Those trashy people aren't even at Dream Profound Realm, and they can't put up a fight at all! What are you guys dawdling so much for?"

"Damn it, are you listening to This Commander??"

"Quickly knock them unconscious! Whoever drags their feet, don't blame This Commander for meting you with military punishment!"

Jing Zhihai's team members on the battlefield wanted to weep but had no tears.

Heavens knew how much pressure they were under!

They wanted to quickly knock the opponent unconscious but... they really couldn't do it!

By now, the situation was totally out of their control!

Chapter 3133: Burning With Shame (3)

Unknowingly, Jing Zhihai's team members were becoming slower and slower, and the strength of their attacks was becoming weaker and weaker...

Those practitioners who were spectating slowly discovered that things were amiss.

Some practitioners with better foresight started to frown.

Just at this moment, on the end of the battlefield came Huang Yueli's cold voice.

"Encirclement complete. Next step, transform into Goshawk Formation and immediately start to counter-attack!"

"Encirclement complete??"

"Start to counter-attack??"

"This... what are these commands?"

The practitioners present heard this and were all dazed and astounded, totally unable to recollect their senses.

Other than making some slight arrangements before the competition, Huang Yueli had kept silent after it started. She stood silently by the side. Even if her team members were attacked by the other party and were in a precarious situation, she didn't make a sound and remained unmoved from the start.

Other than both parties' weapons clashing sounds, the entire competition ground only emitted Jing Zhihai's hooting.

Now, Huang Yueli suddenly spoke up.

Moreover, she said such shocking content!

No one understood why she would give such an order.

However, everyone was only dazed for a short moment. It was because whatever happened next made their jaws drop to the ground so much that they started to doubt their lives!

They heard Huang Yueli's team members shouting in unison, "Yes"!

However, the formation changed swiftly, and just as the bystanders' eyes turned blurry, they struck!

The sword tips were pointing straight at Jing Zhihai's team!

Jing Zhihai's team members hastily tried to block but they had just blocked off a move and the next move immediately came!

The speed was so fast that they couldn't respond in time!

On the other end, the distance between them was too near and they were restrained by their team members' movements, making them passive!

It was right until now that the bystanders discovered in astonishment.

Not knowing when it happened, Huang Yueli's team members had already formed an encirclement and surrounded those 10 people in the center. Furthermore, Jing Zhihai's movements were being constricted!

Practically in an instance, their positions had completely become reversed!

Moreover, Huang Yueli's small team either did not attack, but when they did, every single move was fatal!

They had wonderful coordination and it was simply as consistent as one person making the same move over and over again. They filled in the inadequacy of their team members.

Such penetrative attacks made Jing Zhihai's team unable to block them off.

Not too long later, they were stabbed and were slightly injured.

Due to the allied army's regulations, Huang Yueli's subordinates didn't dare to strike too hard. So no one was seriously injured.

But anyone with eyes could tell that if this was on the battlefield, Jing Zhihai's subordinates would either end up dead or injured, completely losing their combat power!

Jing Zhihai's team members on the battlefield understood this clearly and were already prepared to surrender.

But the moment they were about to put down their weapons, they heard Jing Zhihai's howl from the side of the battlefield.

"Damn it, you worthless trash! You guys can't even defeat such weak opponents? What use do I have for you then? Quick, continue to attack and show me your abilities! Whoever dares to surrender, don't blame This Commander for being ruthless!"

Chapter 3134: Burning With Shame (4)

Hearing his threats, Jing Zhihai's soldiers could only brace themselves and continue to fight.

But even though they tried everything they could, there was no possibility of turning defeat into victory.

Huang Yueli's team members no longer need any commands and just did according to what they usually trained to trap the opponent in the formation.

Jing Zhihai's team was similar to fishes in a barrel, with no way to escape. Instead, they were being attacked to such a sorry state, consecutively being stabbed.

Although these injuries weren't deep, accumulating so many injuries would result in one becoming anemic.

Shortly after, a practitioner started to sway and suddenly fell to the ground.

"Heavens! Someone fainted!"

“Why hasn’t the competition ended yet? In this manner, someone will become seriously injured!”

“That’s right. Commander Jing’s team is now short of one person, so it should be counted as their loss?”

The bystanders could tell the result of the competition very clearly, and it should have been stopped long ago.

But Jing Zhihai refused to admit defeat. Instead, he shouted even furiously, “Damn it! You practitioners are all in Dream Profound Realm mid-phase or higher! Trash, all of you are trash!”

Seeing the number of injured soldiers on the competition grounds increasing, everyone thought of walking up to persuade him. But Jing Zhihai’s malevolent look scared everyone off.

As time dragged on, even Huang Yueli was somewhat worried.

The campsite was still surrounded by the demon tribe and was in urgent need of people. Those practitioners under Jing Zhihai had decent cultivations so she didn’t want to injure them badly.

But now, Jing Zhihai refused to admit defeat and the competition couldn’t stop. The result was already very clear and if this continued, it might result in someone getting seriously injured or dead...

“Enough! Jing Zhihai, you’ve already lost this competition! Admit it when you’ve lost. You want to wager but don’t wish to concede defeat, what right do you have to become the campsite’s Commanding Officer?”

Seeing another practitioner falling to the ground, Huang Yueli couldn’t take it any longer. She stood up and barked at him loudly, “You ignored your subordinates’ life and death and made them bleed over such a petty feud. What right do you have to be their officer?”

Saying that, Huang Yueli turned around and said to Zheng Yichuan and the others. “That’s enough, you can stop now!”

As soon as she said that, Team 4’s members immediately responded and without any hesitation, they kept their weapons and simultaneously retreated swiftly.

The process of their retreat was very neat and orderly. They lined up behind Huang Yueli.

Jing Zhihai’s subordinates stood dazed on the ground, and some of them even sat despondently on the ground.

Jing Zhihai was extremely furious and ran up to yank those members.

“What on earth are you guys doing? Li Yuehuang’s men have all retreated, don’t you guys know how to follow up with your victory with hot pursuit? All of you are just standing there in a daze. What do I still need you guys for?”

When he said that, all the bystanders clamored!

“Even after things have turned out like this, Jing Zhihai refuses to admit defeat?”

“He even thought that Huang Yueli and the others had automatically retreated because they had been defeated?? And he had the cheek to tell his men to ‘follow up with your victory with hot pursuit’?? How did he even come out with this conclusion?”

“He’s completely shameless!”

All the practitioners participating in the competition were so embarrassed that they were burning in shame.

With such a Commander with no lower limit, being his subordinates, they were also making a spectacle of themselves...

Chapter 3135: Burning With Shame (5)

At this moment, they truly envied Huang Yueli’s subordinates!

Being able to follow a Commanding Officer like Huang Yueli would not only allow them to win, they would also be able to earn large amounts of military merits. Moreover, she was rational and knew how to take care of her subordinates. She was a world of difference from Jing Zhihai!

Jing Zhihai still hadn’t stopped hooting but no one was obeying his instructions any longer.

This batch of soldiers that he picked were so badly injured because of his conviction. In the end, not only did they get a word of consolation, they even earned a scolding.

Everyone was deeply disappointed so they were not willing to abide by his orders. Some of them even pretended to faint.

Huang Yueli ignored Jing Zhihai and walked straight to Li Yukun.

“Divine Lieutenant, the outcome of the competition is obvious. I should be able to take up the responsibility of our campsite’s Commanding Officer, right?”

Li Yukun’s lips curled into a smile, “Very good... you... are not bad!”

Li Yukun originally valued Huang Yueli greatly. But her performance today had yet surpassed his predictions again!

Under such a major disparity in both teams’ abilities, she was able to win so smoothly. Furthermore, none of her soldiers were injured at all!

This was a stunning innate talent!

Even Li Yukun himself found it hard to reach this standard.

Li Yukun instantly got his men to bring the allied armies’ tiger token and handed it over to Huang Yueli.

After that competition earlier, the entire campsite’s practitioners had practically swamped to the vacant land in the center of the campsite.

At this moment, they saw Huang Yueli receiving the tiger token and everyone cheered in unison.

“Long live Commander Li!”

“Commander Li is so awesome! There’s hope for all of us!”

To the ordinary soldiers, being able to stay alive on the battlefield and earn military merits was their greatest wish. It didn’t matter to them if their Commanding Officer was from the god clan or one of the humans. The most important thing was that person needed to have sufficient standard and ability.

Now, after Huang Yueli and Jing Zhihai’s battle, it had clearly reflected her astonishing commanding innate talent!

Ordinary soldiers would naturally stand on her side.

Even those people, who originally felt that the time she spent in the army was too short and were doubtful of her, had all recognized her ability.

Amid their cheers and applause, Huang Yueli lifted her hand and expressed for them to quieten down.

All the practitioners instantly shut their mouths. In a blink of an eye, the entire campsite was completely silent.

Huang Yueli said, “Since I’ve assumed the responsibility of the campsite’s Commanding Officer, there’s something that I hope all of you can remember! What I hate most is those who go against the military regulations. If I were to discover anyone who does that, I will definitely punish that person severely!”

“Second point is on the battlefield, all the teams must obey my instructions and arrangements. No matter how unreasonable you think it is, you must accept it fully and execute it strictly! If anyone is found not listening to my instructions, you will be executed without any mercy!”

“Do you understand me?”

The soldiers immediately responded without any hesitation, “We understand! We will obey Commander Li’s orders!”

Huang Yueli continued, “Now, will all the Commanders stay behind and discuss the next step to take in the main tent. As for the rest of you, you are free to return to your tents!”

The soldiers were convinced by Huang Yueli so when they heard her order, they left in an orderly manner.

The campsite’s center gradually became emptied of people.

Li Yukun nodded his head satisfactorily, “Alright... I’ll... hand over things to you now!”

Huang Yueli spoke solemnly, “Divine Lieutenant, please be assured and focus on your recovery. I will defeat the demon tribe!”

Chapter 3136: A Bold Plan (1)

Li Yukun was carried over to the other tent to rest.

The eight Commanders returned to the main tent once again to discuss the strategy.

Among these eight people, other than Huang Yueli and Xia Yunxi, their previous superior Commander Hu was the only human among them.

The remaining were Jing Zhihai and the others, a total of five god clan Commanders.

The moment they walked in, Commander Hu cupped his fists in greeting at Huang Yueli and Xia Yunxi and said, "Wow, I didn't expect this. I originally thought that you two were fleeing from calamity and would drag our campsite down. In the end, both of you are rare geniuses! It's only been a few days and the two of you have been promoted to become Commanders! Commander Li has even become our campsite's Commanding Officer!"

Huang Yueli replied politely, "I originally only wanted to return to Blessed City as soon as possible, but didn't imagine that so many things had happened in between. Will Commander Hu please try your best to coordinate with me to defeat the demon tribe? This will be beneficial to all of us! Anyway, I won't be staying for long in the army."

Huang Yueli put things across frankly because she deeply sensed the tense situation of fighting for power from Jing Zhihai in the allied armies.

Naturally, she could understand the reason for it.

Every single person in the allied armies basically went through life and death situations to earn sufficient military merits and risked their lives to exchange for honor and benefits. So naturally, none of them were willing to abandon it so easily!

But Huang Yueli wasn't interested in these personally. From the start to the end, her only aim was to reunite with her husband as soon as possible.

Hence, she simply blurted out her plan of "won't be staying for long in the army", in the hope to lessen the obstruction that she would meet during her time as the Commanding Officer.

However, Commander Hu had an astonished expression on his face. "Commander Li, why is that so? Your commanding talent is something that the entire allied armies lack the most! If you stay in the army, you will rise through the ranks very quickly. Moreover, with you around, we will be able to save many God Realm practitioners' lives..."

Huang Yueli didn't expect him to say that and couldn't help but took another look at Commander Hu.

Commander Hu looked really sincere.

In truth, when he saw Huang Yueli ascending the ranks, Commander Hu felt happier than upset.

After all, from his perspective, Huang Yueli was a human practitioner!

Human practitioners taking on a high-ranking post in the allied armies was very rare.

Other than the famous heaven grade genius human Lu Xihe, who had become a Divine Lieutenant very long ago, the other humans who wanted to become a Divine Lieutenant would need to gain many years of experience.

Moreover, no human took up an even higher rank than Divine Lieutenant.

Whereas based on Huang Yueli's commanding talent, her future would definitely be higher than Lu Xihe's!

This kind of person is the entire human race's pride!

Why would Commander Hu even go against her?

Huang Yueli thought about it and understood what he was thinking of.

But she knew her own identity and understood that Commander Hu had indeed misunderstood.

Of course, Huang Yueli wouldn't be so silly as to expose herself. Since Commander Hu was willing to coordinate with her, no matter what his reason was, there was no need to bother about it!

The main tent's space wasn't very large and everyone heard the conversation between Huang Yueli and Commander Hu.

The other Commanders looked at them in unison.

The other two exchanged a glance and walked up, cupping their fists at Huang Yueli.

"Commander Li, your commanding standard has really convinced us!"

Chapter 3137: A Bold Plan (2)

"If there's time in the future, please teach us!"

Huang Yueli hurriedly replied, "The two of you have overpraised me! If you're interested in the variation of formation transformation, I will find time to write down my notes about what I know for you to refer to."

The other party was so courteous mainly because they had acknowledged her ability.

Talking about learning formation transformation was secondary. The real meaning was to express that they were willing to listen to her commands.

Huang Yueli took a look at these two god clan Commanders and felt rather satisfied with them.

To be able to understand their inadequacy and submit to a younger human Commander's order, these two people were rather open-minded! This kind of person would have an even greater future ahead of them.

After exchanging conventional greetings, Huang Yueli looked at the remaining three people.

Jing Zhihai was the leader among the three god clan practitioners. He had been leaning against a corner in the tent, keeping silent all this while. Even his gaze was dark and gloomy, hard to fathom what was on his mind.

Detecting Huang Yueli's gaze, Jing Zhihai snorted and spoke in an eccentric tone, "Commander Xiao, Commander Yang, you two are our god clan traitors!"

Commander Xiao and Commander Yang's faces froze upon hearing that.

But they recovered shortly after.

"In the army, whoever has the ability will be the officer! There's nothing to do with being a traitor or not."

“If we don’t follow the military regulation, then wouldn’t we be violating it?”

The two of them expressed their standpoint and there was an obvious exhortation in their words.

Alas, Jing Zhihai refused to comply and said coldly, “Since Divine Lieutenant insists on assigning this human as the Commanding Officer, I can do nothing about it! But things won’t end like this so easily! Li Yuehuang, if you make any mistakes in your commands and cause the campsite to suffer losses, I won’t let you off so easily!”

It was already at this point but Jing Zhihai still refused to admit that he wasn’t as skillful. In fact, he was even emphasizing that the higher-up “insisted on” assigning Huang Yueli to take up this post.

Huang Yueli knew clearly that a nuisance like Jing Zhihai would not be subdued by her so easily!

If it was usual times where there would be a few months to train the troops, she could slowly think of a way to teach him a lesson.

But now, the situation was pressing so they had to immediately come out with a decision, and be ready to fight the demon tribe at any one point.

Under this situation, she didn’t have any time to deal with Jing Zhihai. So the most she could do was to issue him with the non-important tasks.

Huang Yueli said indifferently, “I will naturally give my best to help the troops breakthrough smoothly. But everyone had better remember what I said. I am not a merciful person. If anyone who violates the military regulations were to fall into my hands, no matter if you’re a Commander or an ordinary soldier, I will treat that person equally without any discrimination!”

These words were obviously warning the three Commanders, Jing Zhihai, and his gang.

In a second, their expressions turned ghastly.

Jing Zhihai instantly snorted loudly, showing an extremely disdainful expression.

But he didn’t jump out to retort her. Instead, he led them to their seats and sat down.

Huang Yueli frowned slightly. But thinking that there wasn’t much time left, she could only endure with it for now.

“Alright, Commanders, please have a seat! I have something very important to announce.”

Xia Yunxi and the others sat down as they looked at Huang Yueli gravely.

Huang Yueli slowly said, “I’ve decided... tomorrow at dawn, we will lead the troops to sneak an attack on the demon tribe’s base!”

Chapter 3138: A Bold Plan (3)

“What? Commander Li, what did you say?”

“I must have heard you wrongly. You said tomorrow at dawn, we’re going to... do what?”

“Are you sure? How... I also heard you wrongly...”

The few Commanders were extremely stunned. Only Xia Yunxi revealed a thoughtful look and didn't say a word.

Huang Yueli lifted her hand, expressing for them to quieten down. Then she said, "You didn't hear me wrongly. I indeed intend to launch a sneak attack on the demon tribe's campsite tomorrow at dawn! Will Commanders please go back and prepare immediately. Tomorrow at dawn, other than Divine Lieutenant's personal guard regiment, all the others must gather at the entrance of the campsite!

This command was totally out of everyone's expectations.

All the Commanders were dumbstruck, looking at her as though they had been struck by lightning.

Even those Commanders who were convinced by her commanding talent could not accept this order.

Commander Hu instantly raised his doubts. "Commander Li, what do you mean? We have just been attacked by the devil army and almost lost our campsite! Although we had chased them off, the entire campsite is full of injured soldiers. Even Divine Lieutenant is seriously injured! Even if we fully concentrate on defense, we might not be able to hold the fort. Now, you're... asking us to mobilize the entire troops... to sneak an attack on the demon tribe? Isn't this... isn't this equivalent to suicide?"

Commander Hu's viewpoint gained the approval of the other Commanders, other than Xia Yunxi.

"That's right, this... isn't this a little too risky? There's too much to think about!"

"The entire campsite's strength is only at 60%. Why are we still going to sneak an attack? To commit suicide?"

"Commander Li, the demon tribe's ability is very strong. Please don't underestimate the enemy!"

Although Huang Yueli was seated on the Commanding Officer's position right now, she was very young and also lacked experience. Her cultivation wasn't very high, so when they heard her raising this surprising suggestion, the Commanders subconsciously objected.

Jing Zhihai sneered, "This is the commanding genius that Divine Lieutenant has assigned? We'll just sneak an attack just because you said so? I think you still don't quite understand our campsite's situation!"

Huang Yueli swept a cold glance across them upon hearing that.

When the Commanders met her gaze, anxiety suddenly hit them.

It was strange that her cultivation was so much lower than all the Commanders, but her aura was much higher than all of them!

Could this mean that her soul trace was especially powerful?

Huang Yueli saw them keeping silent and said subtly, "Of course, we are not going to commit suicide. We are not the only ones with heavy losses during the war between us and the demon tribe! They are not any better off than us! Moreover, Divine Lieutenant might be seriously injured, but Sky Devil Rui Xuan was also injured by the mechanism! If we gather all our forces and attack them right now, we might even be able to kill Rui Xuan!"

“Besides, all of you also feel that tonight’s sneak attack by the demon tribe is whimsical. Then the devil army would not even expect this. Sneaking an attack throughout the night would be highly successful!”

Huang Yueli gave a brief analysis of the current situation.

In reality, if they were to think from another perspective, the so-called checkmate could become a golden opportunity!

Jing Zhihai had already thought of this hence he fought to earn the chance to be the Commanding Officer.

But Jing Zhihai didn’t expect Huang Yueli to be so decisive. She didn’t even want to wait for a single day longer, and wanted to attack the demon tribe’s base tonight!”

Chapter 3139: A Bold Plan (4)

According to Jing Zhihai’s plan, he intended to let the campsite’s soldiers rest for two days before sending a scout to gain intelligence on the demon tribe’s base.

After ascertaining Sky Devil Rui Xuan’s injury, then he would ask those Commanders over to discuss a strategy in detail, then proceed to sneak an attack.

Moreover, he wouldn’t bring a lot of men along. He only intended to get a small team of at most 500 people. They were equivalent to the suicide squad while the majority of the troops remained in the campsite.

In this way, even if the sneak attack failed, the entire campsite’s losses wouldn’t be too serious.

Now, hearing Huang Yueli’s plan made Jing Zhihai tremble from head to toe!

Huang Yueli was so bold to this extent, totally not giving herself any backup plan and staking everyone into one throw!

Such a resolute command would either mean that she was extremely confident about her judgment or she was purely blindly commanding!

In Jing Zhihai’s mind, Huang Yueli was absolutely the latter!

His lips curled into a cold smile. He didn’t expect this Li Yuehuang to give him a handle to grab so quickly!

He instantly said loudly, “Commander Li, your analysis is indeed not wrong. But aren’t you a little too rash to abruptly mobilize the troops like this? Perhaps you’re still a freshman in the allied armies, so you don’t know that the most basic thing in combat is preparation!”

“Now, the campsite’s soldiers had just escaped near-death and most of them are still very weak. However, you don’t even let them recuperate for a couple of days. So how do you expect them to have the energy to fight?”

“You didn’t even send any scouts out, how do you know what the demon tribe’s situation is right now? You just run over knocking on their doors to commit suicide?”

“Also, if the sneak attack fails, wouldn’t all of us die there? I can’t let my subordinates go dig their graves for nothing! Why not we do this? Commander Li can bring your own troops to sneak an attack on the demon tribe? Anyway, sneaking an attack is to catch the enemy off guard. The more people you bring, the worse the effect. We will guard the rear for you. In that way, if any accident were to happen, we will still be able to assist you, am I right?”

Jing Zhihai let out a delighted smile as he spoke, apparently assuming that his suggestion was excellent!

Huang Yueli’s expression instantly darkened!

“This fellow! Never mind if he doesn’t listen to my command. He intentionally said such thing to waver the other Commanders’ determination!”

Jing Zhihai’s plan was very sneaky.

He asked Huang Yueli to lead a few teams to sneak an attack, so the possibility of failure was very high.

As for himself, he would lead his men to guard the campsite, giving it a glorified name as guarding the rear.

In this way, if Huang Yueli’s sneak attack was successful, he would earn credit for protecting the campsite!

But if it ended up in failure? He, Jing Zhihai would be seen as having good foresight. He would say that he saw a loophole in Huang Yueli’s plan and saved the lifeforce of the campsite.

Moreover, he even gave a specious argument, in an attempt to waver the others.

The other Commanders actually felt that he made sense and voiced out to support him.

“Commander Li, I feel that... Commander Jing’s plan seems a little more secure...”

“That’s right. We are mainly responsible for protecting the campsite, and not killing the Sky Devil. So I think it’s better not to take such a huge risk.”

“Now the demon tribe might be weak, then our pressure would become smaller, right? Perhaps our reinforcements would arrive in another two days, and we can easily be saved. It indeed doesn’t seem too suitable to go on the initiative to strike them now...”

Chapter 3140: A Bold Plan (5)

People were naturally afraid to die, so hearing the idea to take the initiative and sneak an attack on the demon tribe’s campsite made the Commanders slightly frightened.

Originally, they were more inclined to guard their base tightly. But as it was Huang Yueli’s command, they couldn’t go against her so directly.

Now, Jing Zhihai voiced out so clearly and logically, so the others seemed as though they found a way to get off the platform, and hurriedly echoed in agreement.

Huang Yueli’s lips curled as she swept a glance at them.

“What Commander Jing said... seems logical!”

Jing Zhihai heard her reply and suddenly felt delighted. "Then, Commander Li is preparing to accept my suggestion?"

If Huang Yueli was really that dumb, he would be extremely happy!

When Huang Yueli led her men and died in the demon tribe's base, he would be able to take over the control of this campsite logically!

However, before Jing Zhihai could laugh out, Huang Yueli shook her head and said slowly, "It seems logical, but... it's actually a load of bullsh*t!"

Jing Zhihai's expression suddenly changed, "What??"

Huang Yueli's gaze turned cold and she replied without holding back, "The demon tribe might be weak and the Sky Devil might be seriously injured. But they are not so weak that a team of 300 to 500 people could easily handle! Even if all the soldiers were mobilized, it might not guarantee that we will attain success, what more for a small team? Wouldn't that really be committing suicide? What is your real intention?"

"Moreover, allow the campsite's soldiers to rest for a couple of days? That's right, resting for two days would indeed recuperate their strength. But the allied armies' soldiers aren't the only ones regaining their strength. The devil soldiers will also regain theirs!"

"As for sending out scouts... we have the demon tribe base's topography since a long time ago, so why do the unnecessary? Moreover, if the scouts are discovered by the demon tribe, they will prepare to defend themselves. Then how are we going to sneak an attack on them?"

"You... but... but..." Jing Zhihai couldn't rebuke her at all and his face turned from green to white.

After a while later, he thought of something and retorted, "Anyway, you're too rash, you're simply a risk-taker! You say sneak an attack and we'll just do it? There isn't even a plan. Is there anyone who even commands the troops like you in such a way?"

He couldn't win Huang Yueli in facts, so he started to make frivolous claims.

But he understood the other Commanders' mentality very well. He grabbed hold of the fact that they didn't dare to take any risks and made Huang Yueli out to be a rash person without proper planning.

As expected, the other Commanders started to be stirred up and were hesitant in making a decision.

Huang Yueli sneered when she saw this.

"I don't know how to command the troops? I'm rash, and I'm a risk-taker? Perhaps what you say is true! But I remember that we were attacked today because everyone here insisted on taking up the defensive tactic. You thought that it was a foolproof plan!"

She looked at Xia Yunxi and said, "A few days ago, Commander Xi had already reminded everyone that the demon tribe was very weak then, and it was better to attack than defend! But no one believed in him. In the end? The result is something that all of you had seen!"

"We've already committed a mistake, don't tell me you guys want to commit the same mistake again?"

“I know everyone has trained for many years to attain your current cultivation and rank. So naturally, you will cherish your lives. But if we don’t take any risks, we will all be sitting ducks! Have you ever considered that if Sky Devil Rui Xuan recovers and if our reinforcements have not arrived, what would be the final result?”

“Aren’t all of you afraid to die? By then, the only route awaiting us will be death!”
