### **Chapter 3141: A Bold Plan (6)**

When Huang Yueli was done speaking, the main tent was silent.

Several Commanders were deeply moved and delved into their thoughts.

The memories that happened a few days ago in this tent were still fresh.

When the campsite was almost conquered by the demon tribe today, everyone had once thought that if they listened to Xia Yunxi's suggestion to attack rather than defend, would things.. had turned out differently?

Back then, there were a lot of people who regretted the previous decision.

But after the demon tribe had been warded off, some people cast these feelings of regret right behind them.

Now, hearing Huang Yueli's words, they awoke once again and felt extremely ashamed.

Huang Yueli paused for a moment and continued to say, "As the Commanding Officer for this campsite, I request that you must obey the military order! No matter if you acknowledge me from the bottom of your heart or not, tonight at 3 in the morning, all the troops must gather at the campsite's entrance. Anyone who defies the order... shall be executed without any pardon!"

Huang Yueli gave her last warning and dismissed the Commanders to deploy their forces.

Only Xia Yunxi remained seated, not moving.

Seeing that everyone had left, Huang Yueli stood up from the host seat and walked over, asking, "Yunxi, what views do you have towards my order earlier?"

Xia Yunxi shook her head. "I have no views. If I don't agree to it, I would have spoken up at the meeting earlier."

Huang Yueli frowned slightly and asked, "But you don't look so well. Could it be that... you have some kind of bad premonition again?"

Xia Yunxi shook her head, then nodded. In the end, she shook her head.

"Sigh, that's not right! I don't know how to put it across! Previously, the trigram's prediction was terrible. But Divine Lieutenant managed to escape death whereas you have succeeded to become the campsite's Commanding Officer! That's how things will take a turn for the better! Logically speaking, things should be smooth sailing from now. But I feel that we will meet with other trouble..."

Huang Yueli blinked. "The trouble you mean.... are you referring to Jing Zhihai?"

Xia Yunxi said, "I can't predict exactly who it is related to. But according to the current situation, he is naturally the most troublesome character. You have to keep a tight watch over him. Otherwise, he will probably create trouble sooner or later!"

Huang Yueli sighed helplessly. "I know that too, but we don't have enough time. Tomorrow morning, we will go out to battle. I hope he will know his own place and lie down. After tomorrow, I have plenty of ways to deal with him!"

Xia Yunxi thought for a moment and sighed as she said, "Alright then. It seems that... we can only do it this way!"

Although she said that, Xia Yunxi's heart was still full of an ominous feeling...

...

Very soon, it was already 3 in the morning.

Huang Yueli stood at the campsite's entrance, looking deeply at those allied armies' soldiers dressed in armor.

Perhaps her warning in the afternoon was effective, or perhaps the battle between her and Jing Zhihai reflected her capability. Anyway, all of the soldiers had arrived on time, and there was no situation where anyone disobeyed the military order.

Even Jing Zhihai also led his team of over 500 men early in the morning, lined up orderly as they waited at the campsite's entrance.

This was something out of Huang Yueli's expectations.

She did a roll call and gave a satisfied nod.

Huang Yueli stood on the high platform and said loudly, "Brothers, we have an important mission to accomplish today!"

### **Chapter 3142: Surprise Attack (1)**

Hearing Huang Yueli's voice, all the practitioners lifted their heads to look in her direction.

In order to keep it a secret, Huang Yueli specially instructed that before they moved out, no one was allowed to tell the motive for gathering so early in the day. Hence, ordinary soldiers were still kept in the dark, unaware of what they were going to do.

Huang Yueli continued, "Our aim today is to sneak an attack on the demon tribe's campsite, and kill Sky Devil Rui Xuan! We will eliminate the devil army!"

"What??"

"We're going to sneak an attack on the demon tribe's campsite??"

"Really? This... this is too dangerous!"

Huang Yueli's words were like bolts of lightning raining down on them!

It was only now that the soldiers found out about the truth, and all of them were extremely stunned!

No one expected that the strict instructions they received to gather at this time and even to put on their hidden equipment for night travel were to take on such a risky mission!

In a second, all the soldiers started to comment on this. Although the various Team Leaders tried their best to suppress them, the effect was not very good.

Huang Yueli coughed loudly, "Keep quiet, all of you!"

The voices were reduced slightly.

Huang Yueli continued to say, "Today, our campsite might have suffered major losses. But the demon tribe's losses are even greater than ours! We must grab hold of this chance and completely annihilate them!"

She paused for a moment and continued to say, "We are all courageous soldiers in the allied armies. So why have we come to this place? It's to protect our homeland, to hone ourselves on the battlefield and complete our breakthrough, and to earn more military merits to get a higher rank! As long as we gain success for today's battle, then all of you... will be able to get these!"

Huang Yueli's voice wasn't very loud, but it caused ripples to stir in the practitioners' hearts.

"That's right! I joined the army and even became a frontline soldier, not so that I can escape like a beaten dog!"

"I brought my hopes and dreams to this place."

"But after such a long time on the battlefield living from hand to mouth every day, and even being trapped by the demon tribe this time, it had slowly vanquished my determination."

Huang Yueli continued to say, "Now, everyone's chance is here! Sky Devil Rui Xuan had been seriously injured by Divine Lieutenant, and this is a golden opportunity for us! I'm sure all of you know how high the rewards are for killing Sky Devil. It is sufficient for everyone on the campsite to be promoted to one rank higher!"

The soldiers below started to clamour once again.

Moreover, this time, they hadn't lost their head out of fear, but were discussing excitedly!

The way Huang Yueli spoke had a way to stimulate the crowd and invoke their inner determination. It also allowed them to see their future and hopes!

Huang Yueli cleverly stopped at the right moment. "I won't say too much. Today's operation is indeed a little risky. But to gain victory on the battlefield, it is necessary to take some risks. As long as everyone follows my instructions, executes them, and fights bravely, I promise you that you will gain enough military merits to satisfy you."

"Alright! Now, everyone, prepare to move out!"

With one command, the gathered soldiers started to move.

Before they gathered, Huang Yueli had already told the various Commanders their detailed instructions and arrangements.

Eight Commanders will each lead a big troop of soldiers that was composed of 10 small teams.

## Chapter 3143: Surprise Attack (2)

Various small teams' numbers were slightly different due to the casualties.

But the rough estimate of a big troop's total number of people was around 500.

Huang Yueli didn't bring her big troop with her. Instead, she brought her previous Team 3's 50 people. As for Xia Yunxi, she also chose to bring her Team 4's members.

The total number they brought along was around 100 people and was this operation's main force.

They had to infiltrate the demon tribe's campsite, find the tent of middle troops, and killed the heavily injured Rui Xuan!

As for Command Hu, Commander Xiao, and Command Tang, they will each lead three big troops, adding on to Huang Yueli and Xia Yunxi's remaining troops, making it a total of more than 2400 people. They were responsible for cleaning up the demon tribe campsite's ordinary devil soldiers.

As for the remaining troops under Jing Zhihai and the other two Commanders, who were on good terms with him, Huang Yueli simply could not trust them at all.

To prevent any mishap from happening, Huang Yueli dismissed their troops of over 1500 people to the exterior of the demon tribe's campsite. They would be responsible for security in the forest's surroundings and swamps, killing all those devils who attempted to escape!

Because there were too many soldiers taking part in this operation, to reduce the possibility of being discovered, Huang Yueli arranged different routes for all the eight Commanders.

So after leaving the campsite, various troops gradually went on their separate ways to their routes.

When they entered the demon tribe's control area, only Xia Yunxi's team and Huang Yueli were together.

"Yunxi, do you remember all the things that we need to take note of when we reach the demon tribe's campsite?" Huang Yueli whispered as she walked forward.

Xia Yunxi's lips curled slightly. "Don't worry and leave it to me. What do you have to worry about?"

Huang Yueli sighed. "I know you're the most reliable! But somehow, I just can't stop worrying."

Xia Yunxi actually felt the same, but since things were already at this stage, she didn't want to add to Huang Yueli's psychological burden.

"Don't worry so much. Our plan is so detailed. Even if there's an accident, we've already thought about a way to deal with it. There won't be any problem!"

"Alright!" Huang Yueli nodded hard.

The team that they led had already coordinated with them multiple times, considered to be highly trained.

Everyone moved forward swiftly and noiselessly in the dark forest. After slightly more than two hours later, they reached the outside of the demon tribe's campsite and hid in the surrounding forest to observe the situation.

Huang Yueli took out a hand-drawn map and looked at it with the help of the dim moonlight.

She pointed to a part of the map and said, "This map is drawn personally by Divine Lieutenant. The surroundings of the demon tribe's campsite also have a similar defensive array to ours. But their arrays and mechanism skills are much more primitive and would be damaged very easily. Later on, we will enter from this place! I will be responsible for destroying the array here."

She paused shortly and said, "But once the defensive array loses its effectiveness, a commotion will surely break out in the demon tribe's campsite. We can't stay here for too long. By then, just leave me there and lead the men to charge into the main tent directly. Get the soldiers to line up into their formation and surround the main tent first!"

Xia Yunxi nodded, "Understood!"

Huang Yueli didn't heave a sigh of relief upon hearing her assurance. Instead, she frowned and her finger moved slightly on the map, as though she was carefully deliberating over something.

### **Chapter 3144: Surprise Attack (3)**

"Next is the most crucial step, and also the things that I worry about most!" Huang Yueli said in a low voice, "By then, Sky Devil Rui Xuan would definitely be awoken by such a huge commotion and he will definitely attack you guys immediately! He is a Sky Devil after all. So if he strikes, all of you will die!"

"So, you must be fast enough to initiate an attack on him before he manages to respond!"

Huang Yueli took out the small mechanism that she was toying in her hand and said, "This spring mechanism that I distributed is called the Torrential Rain Shower Needles. It might look like a small tube, but once triggered, it will instantly shoot out thousands of silver needles. Moreover, I've smeared your exclusive poison on those silver needles!"

Xia Yunxi laughed, "Don't worry, my poison is really lethal! As long as it can poke through his skin, even if he is a Sky Devil early-phase practitioner in his peak condition, it will only take mere seconds for him to die. Moreover, Rui Xuan has sustained serious injuries. There won't be any problems. What I'm worried about is that the attack power of the spring mechanism isn't enough, and it can't break through his defense. By then, we'd really be in trouble!"

Huang Yueli turned the spring mechanism in her hand. "This indeed is a problem... I haven't tested it on a Sky Devil realm strong practitioner yet. So I can only tell you that according to the content in the illustration book, this thing can injure a Sky Devil early-phase devil. Even if one spring mechanism's power isn't enough, we have more than a hundred people holding the same spring mechanism. So accumulating the might from everyone, it should be sufficient!"

"Anyway, as long as we manage to land a small injury, your poison will take effect!"

"Yes! That's right! I will try and move at my fastest speed!" Xia Yunxi spoke with assurance.

Huang Yueli was finally relieved.

The most important element of the success of this attack was speed!

As long as their speed was fast enough, they will be able to catch the opponent off guard with a surprise attack. Then they will be able to kill the Sky Devil!

After Huang Yueli destroyed the defensive array, she would need some time to resolve the backlash caused by the array, so she wouldn't be able to chase up to them immediately.

Hence, she could only place her hopes on Xia Yunxi.

Luckily, they had been fighting hand-in-hand for some time and Xia Yunxi had already proven that she was a powerful and reliable teammate!

The two of them discussed in muted tones for a while more to verify all the details of the operation.

Huang Yueli lifted her head and took a look at the sky. Then she raised her right hand and said softly, "Action!"

Following her command, the strike team comprising 100 people swiftly moved towards the demon tribe's campsite!

They quickly arrived at the position that Huang Yueli had indicated on the map.

Huang Yueli made a time-out gesture, expressing for them to wait below for a while.

After that, she turned and jumped onto the high platform where the defensive array was.

Huang Yueli's movements were extremely outstanding. She landed on the ground silently and cut the throat of a devil soldier from behind in one move.

But while she was approaching the second devil soldier, the other party happened to turn around and saw her. Then he couldn't help but cry out.

"There's..."

Huang Yueli hurriedly settled him, stopping him from finishing his sentence.

However, that devil soldier did make a sound after all, and that attracted two other devils' attention on the high platform...

"What's going on? I think I heard someone shouting?"

"I think I heard it too!"

The two devil soldiers exchanged a glance and looked in Huang Yueli's direction.

#### **Chapter 3145: Surprise Attack (4)**

Huang Yueli didn't expect her luck to be so bad. She had just made a move and almost committed a mistake.

But she reacted swiftly and decisively. She threw the knockout drug that Xia Yunxi gave at those two devil soldiers.

While they were feeling dizzy, Huang Yueli raised her sword and killed them.

She surveyed the surroundings to verify that she had already settled all the devil soldiers on the high platform. Then she swiftly started to destroy the demon tribe's defensive array.

The demon tribe's array wasn't complicated, but in order not to attract the devil soldiers' attention, Huang Yueli didn't dare to light up the surroundings. She could only use a small flame to slowly check on the array's situation.

After a quarter of an hour had passed, she finally found the array eye and incisively took out the magical beast core.

Just as she was taking action, a silver light suddenly flashed past the entire campsite's exterior. The defensive array's pattern lit up in an instant!

After a moment of silence, the demon tribe's campsite broke out in a clamor!

"What's going on? What just happened?"

"It seems like... like something has gone wrong with the defensive array?"

"What? What's wrong with the defensive array? It was fine earlier, what happened to it? Could it be that the allied armies had sent someone to create trouble?"

"Quick! Quickly head over to the defensive array and take a look!"

Amid the clamor, Xia Yunxi was already prepared. She led the hundred strike team soldiers dressed in night travel garments and charged into the campsite.

Before they entered the campsite, they had already mapped out the routes.

Moreover, it was just like what Huang Yueli had predicted from the start. After experiencing a terrible defeat in the day, the demon tribe's soldiers' morale was extremely low and many of them were tired out. Many devil soldiers were sleeping like a log, and couldn't wake up in time.

Xia Yunxi and her team's luck wasn't too bad. They charged to the main tent and didn't meet with any Earth Devil grade top exponent. They only encountered a few scattered devil soldiers and easily settled those enemies.

By the time they hurried to the outside of the main tent, they heard the Sky Devil Rui Xuan roaring loudly from the inside.

"What's going on? Why is the outside so noisy? Men, come in here right now!"

Rui Xuan's voice sounded furious and impatient, but there was a tinge of lethargy in his tone. It was obvious that he also sustained a serious injury during the battle today.

Xia Yunxi acted immediately and gestured for her subordinates to spread out according to Huang Yueli's pre-planned formation to encircle the main tent.

Immediately following that, she lifted the curtain...

"Who is that??"

"Whoosh whoosh whoosh whoosh whoosh whoosh—"

In response to Rui Xuan were thousands of silver needles flying in mid-air towards him!

The strike team members had perfectly executed Huang Yueli's mission, and all of them activated the spring mechanism in the first instance. Bunches of silver needles flew towards Rui Xuan!

As the silver needles were too closely gathered, under the dim moonlight, it looked like a load of smooth silver silk!

Sky Devil Rui Xuan was caught off guard and was hit directly.

He stumbled and fell to the ground.

Xia Yunxi heard the crashing sound and dashed in to check. She discovered that Rui Xuan was pierced all over by the silver needles. He looked even more terrifying than a hedgehog!

"That's great! Rui Xuan's done for. Let's prepare to..." retreat!

However, before Xia Yunxi could finish her sentence, the tall frame that lay on the ground suddenly moved.

Immediately following that, she saw Rui Xuan climbing up from the ground!

### **Chapter 3146: Young Lord Came Personally (1)**

At the campsite.

Li Yukun was seated at the campsite's entrance. His brows were tightly knitted as he looked in the direction where Huang Yueli and the others left in.

Huang Yueli chose to leave very early in the morning to launch a surprise attack on the demon tribe's campsite. Li Yukun personally wasn't in favor of this decision.

As the Commanding Officer, Li Yukun had always been famous for having conservative strategies. It was exactly why he rejected Xia Yunxi's suggestion a few days ago and chose to focus on defense instead.

Now, Huang Yueli had just taken charge of the campsite and made such an aggressive choice. Li Yukun almost jumped out to object!

But Huang Yueli had been suppressing the news of this. It was only right after they were going to depart did she send someone to inform Li Yukun about this, requesting his help to protect the campsite.

She didn't even give him any chance to stop them!

Li Yukun felt flustered just thinking of the campsite's main forces being mobilized towards the demon tribe's campsite.

"Young people are just too rash, too impulsive! I didn't expect a genius like Li Yuehuang to be so impulsive. He totally didn't consider the consequences, sigh! At least we should discuss this, no?"

"Unfortunately it's too late to say anything now! I only hope that they can complete the mission smoothly and return in one piece. And... I hope that while the main forces are not at the campsite, we won't meet with any enemy attacks..."

Li Yukun muttered to himself.

However, before he had finished his sentence, clapping sounds from horse hooves were heard coming from the outside of the campsite.

Moreover, it was obvious that those people who came were extremely swift. It only took mere seconds for them to reach the campsite entrance from far.

Li Yukun's expression changed!

Dawn had just broken and the sky was still hazy from the morning sun rays. Huang Yueli and the others had merely just left two hours ago.

By now, they should already have reached the demon tribe's campsite.

If they were a little slower, they might not have started fighting yet!

So, these clapping sounds were definitely not signs of Huang Yueli and the others returning!

"Other than them, who else could come to our campsite at this timing?"

"Could it be that the demon tribe had already predicted that we will launch a surprise attack on them today? So they pretended to fall for the trick and lay an ambush near our campsite instead, hoping to invade us while our forces are not around?"

"If it's true, then all of us... will really be done for!"

Li Yukun hurriedly ordered his personal guard regiment to prepare for battle.

But the people coming were simply too fast. Before the personal guard regiment could leave, the riders had already reached their campsite entrance.

At the campsite, every single practitioner perked up their senses as they waited for the opponent's attack!

However, those people stopped once they reached the campsite's entrance.

Not long after, someone got off his mount and walked to the exterior of the defensive array. He raised his voice and shouted, "Is there anyone here? We just came from the southern campsite. Can you deactivate the defensive array and let us in?"

Li Yukun was stunned upon hearing that voice.

"What's going on? From the tone, it does sound like our native from Cloudy Qilin Clan... are they really not from the demon tribe? Men, go take a look and interrogate them thoroughly!"

His personal guards complied with his order and after a brief conversation with the people at the entrance, they hastily ran back in alarm to convey the message.

"Div... Divine Lieutenant, the person who came.... is... is a VIP!"

"Li Yukun frowned slightly, "VIP? What VIP? Surely they can't be the reinforcement soldiers from Blessed City, right?"

## Chapter 3147: Young Lord Came Personally (2)

The personal guard shook his head urgently. “No, they’re not from Blessed City. They’re...”

“Who are they? Quickly make yourself clear!” Li Yukun was so anxious that he impatiently urged for a reply.

The personal guard had calmed down a little and hurriedly said, “Divine Lieutenant, the person who came says they were from Blessed City. Moreover, there are two leaders. One of them is Veracious Wyvern Clan’s Young Lord, Jun Sihan while the other is from Cloudy Qilin Clan! He’s said... said to be the Young Lord from Cloudy Qilin Clan...”

Speaking until this point, the personal guard was full of doubt.

Veracious Wyvern Clan’s Young Lord, Jun Sihan was a peerless genius in God Realm and had a well-known reputation.

But who was Cloudy Qilin Clan’s Young Lord? There seemed to be no news of this person at all.

However, Li Yukun shook when he heard that!

“Cloudy Qilin Clan’s Young Lord? Isn’t he... isn’t he the legendary god... god grade genius? Could it... could it be him?”

Ordinary god clan practitioners might not know who Li Moying was.

But as a member of the Cloudy Qilin Clan, Li Yukun held a respectable status in the clan. A god grade genius appeared in their clan and had even become the clan leader’s successor. Even for someone like him who was on the frontlines, he had heard of this news.

“But, something’s not quite right. Shouldn’t Young Lord be in the clan under closed door cultivation right now? Why would he appear at this place? Moreover, it’s such a sensitive period for him to appear right here! Is this some plot by the demon tribe?”

If it was any other clan’s geniuses, they might possibly enlist in the army to train themselves.

But Li Moying was different.

He had just arrived in God Realm over a year ago and hadn’t even mastered various manuscripts in the clan yet. Moreover, Cloudy Qilin Clan was going to use him as their secret weapon, so they didn’t want too many people to know who he was. At the same time, it was also to ensure his safety!

Hence, before the next God Realm Tournament, it was not possible for him to leave the Amethyst Paramount Palace.

“No way, I have to check it out for myself!”

Li Yukun made up his mind and ordered, “Men, push me over to the campsite entrance. I must interrogate them personally!”

The personal guards entered a state of flurry. "Divine Lieutenant, you can't do that! If it is the demon tribe's plot, it's too dangerous for you to head over like this! You're currently injured and can't do what you always do!"

Li Yukun persisted, "Push me over!"

The personal guards couldn't talk him out of it hence they could only push him over to the entrance.

Even with the defensive array n between, they could see the situation outside clearly.

So Li Yukun merely took a look outside and his eyes widened in terror!

Jun Sihan came from one of God Realm's great families so everyone knew who he was. It was only natural for Li Yukun to see this genius's true countenance!

As for Li Moying, his portrait was no secret among the important members of the clan.

Li Yukun instantly recognized both of them. Moreover, he intentionally used his soul trace to check. But however he checked, it sensed that these two men were genuine god clan practitioners and not devils in disguise!"

"You... the two of you..." Li Yukun couldn't even speak properly.

Li Moying and Jun Sihan had been waiting at the entrance for some time.

Seeing that no one opened the door for them, they were slowly losing their patience.

Li Moying took out his identity token and flashed it in front of Li Yukun.

"I'm Li Moying from the Cloudy Qilin Clan, and this is my identity token as proof! This person next to me is Veracious Wyvern Clan's Jun Sihan!"

### **Chapter 3148: Young Lord Came Personally (3)**

Ancient god clan disciples' identity tokens contained a trace of the sect's special bloodline aura.

So when Li Moying flashed his identity token, Li Yukun acutely sensed that familiar bloodline aura...

This time, all the doubts he had vanished in thin air!

"You're indeed our Young Lord! Then... then this person here is really Young Master Jun? Why have the two of you come to our campsite? Quick! Quickly deactivate the defensive array and invite both Young Masters and their guards in!"

The soldiers hurriedly ran over to deactivate the array.

Li Moying and Jun Sihan directly walked in and cupped their hands in greeting Li Yukun.

"You... must be this campsite's Divine Lieutenant?"

Li Yukun's gaze landed on Li Moying's handsome, ageless face and he was extremely excited!

This person... was their legendary god grade genius!

To the Cloudy Qilin clan, the clan having a god grade genius was something that everyone in the clan was extremely proud of!

Having such a Young Lord would ensure the entire clan's status to rise steadily in the future!

Moreover, after meeting him personally, Li Yukun was instantly stunned by Li Moying's demeanor!

He was indeed a god grade genius. No matter if it was in terms of innate talent, ability, looks, or temperament, no ordinary person could match up to him. He had even surpassed the famous Young Master Jun from Veracious Wyvern Clan!

Li Yukun finally appeased his excited emotions and hurriedly apologized. "Young Lord, Young Master Jun, I'm so sorry. The two of you have come from afar and I should personally come out to welcome you. But it was unfortunate that I was injured yesterday. The campsite's main forces are also not around so we had to be a little more cautious. If I've offended you, please accept my apologies!"

Li Yukun's attitude was extremely deferential and there was nothing to pick on.

Although the army always talked with ranks and military merits, esteemed disciples from the god clans like Li Moying and Jun Sihan would enjoy special privileges wherever they went.

Moreover, Li Yukun was from the Cloudy Qilin Clan. So to him, Li Moying was the successor of their superior clan leader!

With this kind of status, no matter what rank Li Yukun held, it would not change anything!

Hence when Li Yukun met Li Moying, he consciously felt humble.

Li Moying was well aware of what Li Yukun was thinking so he didn't reject his goodwill.

He casually waved his hand and said, "Divine Lieutenant Li need not be so ceremonious! Young Master Jun and I are merely looking for someone on the frontlines, so we happened to pass by this place."

"Looking for someone?" Li Yukun didn't expect to hear this kind of answer and went into a blank.

Li Moying nodded. "That's right, we are looking for two young men. One of them is slightly thin and looks very ordinary while the other looks very handsome, someone that girls will like. Their cultivations are both in Dream Profound Realm and also skilled in Spiritual Armament refining or Spiritual Alchemy. I wonder if Divine Lieutenant Li has ever met them?"

The moment Li Yukun heard his opening, his expression revealed an astonished look.

After he heard the entire sentence, his eyeballs nearly popped out.

He couldn't help but say, "Young Lord, the people you are referring to, could they be Li Yuehuang and Xi Yunxia?"

When he said that, the people who became stunned were Li Moying and Jun Sihan.

"Li Yuehuang?"

"Xi Yunxia?"

The two of them exchanged a glance, and their hearts jolted!

“Isn’t this their names in reverse? Looks like these two bold women are really at this place!!”

#### **Chapter 3149: Young Lord Came Personally (4)**

Li Moying and Jun Sihan came around it and instantly heaved a sigh of relief!

Finally... just as they were running through all the campsites on the frontlines, they finally found those two troublesome young lasses’ whereabouts!!

God knew how anxious and worried the two of them had been in the past month!

Even those guards behind them also revealed joyful expressions!

Their young lords had been jittery and they were also jumpy. Sometimes, they were glad that Li Moying and Jun Sihan paired up to look for their wives!

If it hadn’t been for this, if their young lord were to travel alone, he might have already broken down in the middle of the journey!

Now there was finally accurate news. Now that they knew that those two ladies were at the campsite, they could finally rest assured!

Li Yukun was still in a daze. He didn’t know why his sentence actually made the bunch of people show such a strange expression.

Moreover, he couldn’t understand what Li Moying just said too.

“What? What’s called... spelled in reverse? Who are the bold... women? We don’t have any women at our campsite.”

Li Moying and Jun Sihan sighed in unison.

Jun Sihan said, “Speaking of this, Moying and I have troubled Divine Lieutenant Li! My wife, and Moying’s wife, came from Flame Square City to Blessed City. They were attacked by the demon tribe on their way here and fell into the demon tribe’s control area. The two of us quickly rushed over to look for them for more than a month!”

Li Yukun seemed to have thought of something but he was still bewildered. “Young Master Jun, you mean.... no... gulp, no... that’s impossible, isn’t it?”

Li Moying said helplessly, “It’s exactly like what you think! Li Yuehuang and Xi Yunxia are our wives’ pseudonyms! They should have done this out of consideration for their safety. So they used a pseudonym and disguised themselves. After they escaped from the demon tribe’s control zone, they came to this campsite.”

Li Yukun recalled the moment when Li Yuehuang and Xia Yunxi came to seek shelter with them, they indeed mentioned that they were attacked by the demon tribe during teleportation. They also mentioned that they were heading to Blessed City to look for someone.

In the end, as the devil army had encircled the campsite, the two of them could only stay behind...

Every single detail seemed to merge perfectly right now.

In this case, could it be that... these two young men with excellent innate talent were really... women? Moreover, they were married to these two peerless geniuses in God Realm?

Li Yukun felt that his brain was about to explode and that he would not dare to believe in his instinct ever again!

“In what way did these two young men resemble women? I used my soul trace to check on them and didn’t find any flaws. My cultivation is much higher than these two young lasses! Theoretically speaking, my soul trace should be much stronger than theirs as well!”

“Moreover, when they killed the demon tribe, they were merciless and decisive. Even I am ashamed that I can’t do it as well as them.”

“But now, they’re telling me that these... these two are women??”

“Moreover, they’re likely to be younger than Li Moying and Jun Sihan! Are they at least 20 years old?”

Li Yukun stood rooted to the ground. For a second, he couldn’t say anything at all and looked straight with his jaw hanging down.

Li Moying waited for a while, but he started to become impatient.

He hadn’t met his Li’er for more than a year!!

He couldn’t help but urge, “Divine Lieutenant Li, where are the two of them now? I’d like to trouble you to immediately send someone to lead us to look for them!”

### **Chapter 3150: Young Lord Came Personally (5)**

Hearing that, Li Yukun shivered and suddenly came to his senses!

At the same time, sweat started to profuse from his back in huge amounts, soaking up his shirt!

“This... this... Young Lord, This Subordinate has committed a crime... This Subordinate has done wrong to you!”

Li Yukun didn’t care if he was feeling frail or not, as he pushed away his chair and knelt in front of Li Moying!

Li Moying and Jun Sihan were stunned by his reaction! At the same time, a bad premonition arose in their hearts!

Li Moying grabbed Li Yukun’s shoulder and helped him up.

“Divine Lieutenant Li, you’re my senior so there’s no need to do this! What has happened to my Li’er? What on earth happened? You... quickly tell us clearly!”

“That’s right, tell us quickly! What danger has my Little Xi met with?” Jun Sihan also became anxious.

Li Yukun didn’t dare to hesitate and hurriedly briefed them about the demon tribe attack last night, the current day’s Commanding Officer competition, and also the troops being mobilized.

“Young Lord, Young Master Jun, it’s all my fault! If I had known that Li... no, Young Miss Huang and Young Miss Xia’s identity, I will absolutely not dare to let them take the risk to lead the troops into battle! Sigh, it’s all This Subordinate’s fault for being so senseless...”

Li Yukun was both reproachful and also afraid!

Li Moying and Jun Sihan were all were both successors from a large clan and the candidate for their wives had to go through thousands of selections. No matter if it was in terms of looks, innate talent, or personality, that person was the best among the best!

From this, it could be seen just how high Huang Yueli and Xia Yunxi were!

Even if he was to disregard these, just based on Huang Yueli and Xia Yunxi’s past performance in the army, even a fool knew that the two of them were first-class peerless geniuses!

Moreover, from the anxious expressions of Li Moying and Jun Sihan, he knew that these two young ladies should be extremely pampered by their husbands at home.

If Li Yukun knew about their identities beforehand, he would absolutely treat them like a bodhisattva.

If they were to get into an accident, suffered a slight abrasion, or even drop a few strands of hair, it would be difficult for him to escape punishment!

Thinking of this, Li Yukun felt extremely terrified!

However, after hearing what he said, Li Moying and Jun Sihan frowned. But they didn’t say anything to rebuke Li Yukun.

Li Moying helplessly said, “Alright, I understand it now! Divine Lieutenant Li, you need not blame yourself. If Li’er insisted on bringing the troops out, it’d be difficult for you to stop her!”

Not to mention Li Yukun, if Huang Yueli was bent on doing something, even Li Moying would find it difficult to persuade her out of it.

Jun Sihan also said, “My Little Xi must have also did some divinations since she is willing to go into battle, and feels that there wouldn’t be any problem. Moreover, she always had her own thoughts and I can’t do anything about her as well! Once her temper acts up, even I will get beaten up!”

Jun Sihan’s problems weren’t any lesser than Li Moying’s!

A Veracious Wyvern Clan’s Young Clan Leader would suffer from domestic violence by his wife. He was penned up with bitter tears.

Li Moying heard that and looked at him in shock.

Li Yukun felt that his brain was not working properly, so he said, “Ughh, huh... really? Is it... like that?”

Li Moying nodded slightly, “That’s right, so don’t beat yourself up over this. But we must immediately set off to the demon tribe’s campsite! Those two women are too bold! What if they met with danger?”
