

## **Weaponsmith 3191**

### **Chapter 3191: It's Entirely My Fault (4)**

In the past, he indeed managed to do this.

But not knowing from when it began, everything started to change...

Moreover, as her husband, this was his fault...

Jun Sihan took Xia Yunxi into his arms, lowered his head, and sincerely planted his lips on her forehead.

"It's entirely my fault. Little Xi, it's all my fault! I promise that this time when we return, I will never let anyone make you feel aggrieved again! If the same thing as that day happens again, I will leave Veracious Wyvern Clan with you and Hao'er. Then we can go tour the world on our own!"

Xia Yunxi looked so pitiful that she was about to cry. Upon hearing this, her eyes finally widened in astonishment.

"What? You... you're going to leave Veracious Wyvern Clan with us? But... but, you're the Clan's Young Lord!"

If it was any other man who said this, there was a possibility of that person coaxing the young ladies with these honeyed words.

But Xia Yunxi knew that her husband was a man of his words. He would never say anything that he couldn't do, especially to her!

Jun Sihan looked at her seriously and said, "Little Xi, you rank number one in my heart. Even our Hao'er isn't as important as you! I only hope that you can trust me a little more!"

Xia Yunxi's tears rolled down her face.

She pounced into Jun Sihan's arms and hugged his neck, rubbing her tears on him.

"Boo hoo hoo, hubby, I miss you so much! I didn't want to leave you!"

Jun Sihan patted her back to comfort her, "I know, I know! I miss you too! But my dear Little Xi, can you stop rubbing your snot on my neck?"

...

The two young couples were enjoying their intimate time.

As for the three Commanders, they led their troops of more than 2000 men and spent a very long time reaching the campsite. It was almost dawn by the time they arrived.

Li Yukun was still seated in the center of the campsite.

He persisted through the night with his frail and seriously injured body, just waiting for them to return.

Upon seeing Commander Hu and the others, Li Yukun heaved a sigh of relief.

“You’re finally back! How did the attack on the demon tribe’s campsite go? From your looks, you must have won decisively, right?”

The moment Commander Hu saw Li Yukun, he hurriedly dashed over as though he saw his relative. He reported agitatedly, “Divine Lieutenant, bad news! Command Li and Commander Xi are in trouble!”

“They...” Li Yukun just said a word.

But Commander Hu was overly anxious and failed to notice his gaze. He continued to speak.

“Commander Li led us to secretly invade the demon tribe’s campsite. Initially, everything went smoothly. Commander Li and Commander Xi led a strike team of 100 people and successfully killed Sky Devil Rui Xuan! At the same time, they also damaged the demon tribe’s defensive arrays. We took the opportunity to lead the army in and attacked the demon tribe’s campsite!”

Huang Yueli and Xia Yunxi might have returned long ago, but they were both carried in by their husbands.

Li Yukun didn’t dare ask much due to the two men’s overpowering aura. So he let them return to their tents.

But as this was the first time he heard about the battle situation in detail, his eyes lit up.

“What? Those two young las... cough cough, they killed Rui Xuan? Then the rest of you successfully conquered the demon tribe’s campsite?”

Hearing that, Commander Hu’s expression sank and he shook his head.

“We didn’t! Just as we thought victory was in our grasp, an unforeseen situation suddenly happened!”

### **Chapter 3192: Mixed With Two Men(1)**

“Unforeseen situation? What unforeseen situation?” Li Yukun asked with a frown.

Earlier when he saw Huang Yueli and Xia Yunxi return, the two of them looked rather relaxed and were even flirting with their husbands. So he subconsciously felt that the process of launching the surprise attack should have gone smoothly.

But from Commander Hu’s tone, it didn’t seem so.

Commander Hu narrated the entire process of the battle at the demon tribe’s campsite.

“... just as we annihilated the entire demon tribe and were preparing to return, Sky Devil Rui Ze suddenly appeared at the campsite! Moreover, he kept asking who killed his younger brother!”

Li Yukun was startled!

“What? Sky Devil Rui Ze?? Why did Rui Ze suddenly appear? The location where he is in closed door cultivation is very far away from the demon tribe campsite! Moreover, he should have expelled all outer world interference when he went into closed door... could it be that the demon tribe purposely sent someone to ask him for help? Sigh, Huang... cough cough, is still inexperienced. He should have considered the demon tribe going to look for reinforcements at that moment!”

Li Yukun said vexedly.

Commander Hu hurriedly said, "That's not it, Divine Lieutenant! Back then, Commander Li also thought of this kind of situation. So before we started to fight, she assigned Commander Jing, Commander Jian, and Commander Hua to the only path that Sky Devil Rui Ze was in closed door cultivation, so that they could stop all those people who were prepared to seek reinforcements!"

Hearing this, Li Yukun's brows creased even more tightly than before.

"Since he's already prepared, why did Sky Devil Rui Ze still hear of the news?"

At this point, Commander Hu suddenly went silent.

He hesitated for a moment, then said softly, "This... this... This Subordinate isn't very sure as well!"

In view of their relationship as colleagues, Commander Hu didn't judge based on any unconfirmed guesses.

But Li Yukun was a shrewd man, so he had more or less guessed that something fishy was going on.

"Hmph, I think this matter should be related to Jing Zhihai! I should have known that Jing Zhihai is overly arrogant. He strives for power and thinks he is top-notch, so it's very hard for him to coordinate with other people! But I didn't expect him to treat the frontline battle as a game!"

"By divulging our army's surprise attack plan, he wasn't getting Li Yuehuang in trouble only. The entire campsite's soldiers and their lives were also planted into danger!"

The moment Li Yukun thought of this, he was so angry that he shook violently!

Originally he had recovered quite a bit after taking Xia Yunxi's pill and recuperating for an entire day.

At least, he was no longer gasping for breath or lying immovable.

But after finding out about the thing that Jing Zhihai and the others did, he started to pant heavily, as though he was about to faint!

Commander Hu was shocked by this scene and hurriedly ran over to support him.

"Divine Lieutenant, don't be angry... don't be so angry for now! We still haven't ascertained the truth of this matter yet! This Subordinate had already sent someone to head to the location where Commander Jing and the others were in ambush. When they return, we will find out what exactly had happened."

However, Li Yukun's expression was still consumed with rage.

Commander Hu thought and said, "Perhaps Commander Jing and the others didn't do any wrong, but were negligent. So they accidentally allowed the demon tribe's soldier to slip away and seek reinforcements..."

"Isn't that the same!" Li Yukun angrily interrupted him. "As a Commander, he is leading an army of more than 1000 people, yet he could still allow a devil to escape and seek reinforcements! Under military regulations, the penalty for neglecting one's responsibility is death!"

**Chapter 3193: Mixed With Two Men (2)**

Hearing this, Commander Hu no longer dared to make a sound.

Actually, he had secretly ascertained that Jing Zhihai and the others had already betrayed the allied armies.

Otherwise, how would things be so coincidental?

From the demon tribe's campsite to Sky Devil Rui Ze's closed door cultivation cave, the journey would take at least four hours. So how could Rui Ze possibly come in time? This was simply illogical?

Li Yukun's personal guards fed him a pill, and after drinking several mouths of water, his emotions gradually started to calm down.

"Alright, continue with your story. How could you guys possibly deal with Sky Devil Rui Ze when he appeared at the demon tribe's campsite? I can tell that your troops don't have many casualties. So how did you manage to escape?"

Commander Hu recalled the most important thing for today and he lifted his attention and continue with his story.

"... Sky Devil Rui Ze was pressing hard on us and we didn't have any other ideas. The only thing we could do was to choose to send a group of people to delay him to allow the majority of the troops to retreat timely. This Subordinate wanted to lead the troops to stay, but Commander Li insisted on holding Rui Ze back alone, to let all of us leave first!"

"We were in a stalemate and Commander Li just jumped out to fight with Rui Ze himself!"

Hearing that, Commander Hu suddenly stopped.

Li Yukun was totally absorbed in the story. When he realized that Commander Hu had stopped, he quickly urged, "What happened after that? How did Li Yuehuang hold Rui Ze off?"

Commander Hu hesitated for a moment and said, "This... I'm not sure if This Subordinate had seen it wrongly... after Commander Li stepped forward bravely, Commander Xi took over the control of the army and asked all of us to retreat at our fastest speed! After we left for a short distance, This Subordinate was just too worried and turned around to check on Commander Li's situation. In the end, I discovered... discovered..."

He stopped again.

Li Yukun frowned. "What did you discover? Why are you hemming and hawing?"

Commander Hu clenched his teeth and said, "I discovered that Commander Li summoned a Phoenix to fight with Sky Devil Rui Ze! But this... This Subordinate must have seen wrongly! Commander Li is a human, so how could he possibly have a phoenix? But he indeed managed to hold Rui Ze back for a long time."

"Even until we escaped back to our campsite, we didn't see Rui Ze chasing after us!"

Saying that, Commander Hu suddenly plopped to the ground. His eyes were filled with tears and his voice started to choke.

“Div... Divine Lieutenant! Commander Li he.. he saved all of us and is our benefactor! Moreover, he didn’t return to our troop. I’m afraid... I’m afraid that he had sacrificed himself already!”

It wasn’t only Commander Hu, even Commander Xiao and Commander Yang also looked touched!

All of them felt extremely touched whenever they recalled the moment when Huang Yueli stepped forward bravely!

“Divine Lieutenant, Commander Li died too aggrievedly!”

“It’s all thanks to Commander Li for our victory today! But he....”

Li Yukun’s brows started to twitch!

Hearing this now, the situation back then indeed seemed very critical. The thing that Huang Yueli did was indeed very touching.

But that lass was apparently saved by her husband! She was not hurt at all!

In fact, the two of them were enjoying themselves in their tents. Who knew what the young couple was doing right now! These fellows were wailing so loudly right now. They had better not disturb his Young Lord!

Thinking of this, Li Yukun coughed hard.

“Alright, don’t be so sad for now. Finish updating on the battlefield situation first.”

### **Chapter 3194: Mixed With Two Men (3)**

“Did everything go smoothly when you were retreating? Did you meet with any more demon tribe’s attacks?” Li Yukun continued to question them.

Hearing this question, the three Commanders stopped sobbing and went silent again.

After a while, Commander Hu said, “While we were retreating, under Commander Xi’s orders, we made a bit of a detour. But we didn’t meet any devil soldiers on the entire journey. But just as we were about to reach the campsite, another... accident happened again.”

“Another accident?” Li Yukun was stunned momentarily, then he felt a little amused when he thought of something.

Commander Hu and the others were filled with grief.

“That’s right! A mysterious god clan practitioner suddenly appeared halfway, and his power was extremely overbearing. He didn’t say a word and abducted Commander Xi! We couldn’t even chase up to him, much less fight with him!”

Commander Yang also said, “We guessed that that man might have a personal feud with Commander Xi. But even so, isn’t he a little too arrogant and conceited? He abducted our officer when the allied armies and demon tribe were engaged in war! This is a serious violation of the military regulations! We must capture that fellow!”

“That’s right, we must investigate this matter to the end and save Commander Xi!” Commander Xiao also echoed in agreement.

Looking at their indignant expressions, Li Yukun almost choked on his saliva.

“Cough cough, this... about this...”

He didn’t know what to say at this moment and suddenly, he heard a loud “plop”!

Li Yukun lowered his head and was shocked. Because the three Commanders kneeled in front of him at the same time.

The three of them looked somber and bitter.

“Divine Lieutenant, we are guilty. Please punish us severely!”

Li Yukun hurriedly said, “What are you guys doing? Quickly get up! You took part in the surprise attack and successfully destroyed the demon tribe’s campsite. This is huge military merit, what wrong have you done?”

The three of them shook their heads vehemently.

“The merit of destroying the demon tribe’s campsite is mainly because Commander Li and Commander Xi had killed Sky Devil Ruixuan! Otherwise, just based on the few of us, what military merit can we establish? Now, only a few of us lead the soldiers back alive. However, the two Commanders who made the most military merits... have gone missing!”

Actually, the three of them had already confirmed that Huang Yueli was dead!

Xia Yunxi’s life might still be alive, but from the man’s terrifying aura who abducted her, they somehow felt that he would end up in a miserable state...

Looking at the three Commanders’ self-abasement looks, Li Yukun shook his head helplessly.

“All of you... stand up!”

The three of them remained unmoved.

Li Yukun could only tell them this. “Get up! I’ll tell you the truth! Li Yuehuang and Xi Yunxia are fine. In fact, they came back much earlier than all of you, and they’re already at the campsite!”

“Huh? What??”

The three of them lifted their heads simultaneously with an extremely dazed expression.

Apparently, they didn’t expect to hear this result, even in their dreams!

“Divine Lieutenant, is what you said true?”

“Surely you’re not... not just comforting us, right?”

Li Yukun said disapprovingly, “Why would I need to comfort you? Is there a need to lie to you on this kind of thing? Both Commander Li and Commander Xi were brought back by their husbands. They’re both fine! But don’t you ever go disturb them!”

“What? What husband?” The three Commanders felt as though they had been struck by lightning!

#### **Chapter 3195: Mixed With Two Men (4)**

“Li Yuehuang and Xi Yunxia are both men! Men!”

“How can a man have a husband?”

“Could it be that... they are interested in men? Moreover, they secretly eloped behind their partners' backs?”

“No wonder!”

“No wonder that man who abducted Xi Yunxia had such a ghastly expression. He looked exactly like a jealous husband who caught his escaped wife!”

Back then, everyone still found it rather strange. But now, they finally comprehended the situation!

But the moment they remembered that there were two gays at their campsite...

The three Commanders covered their as\*es at the same time and were secretly feeling glad that they looked very ordinary. Otherwise, they might not be able to preserve their moral integrity!

Li Yukun didn't notice their rich expressions and simply waved his hand, dismissing them to go rest.

...

On the next day, the sky was bright and sunny when it was almost noon.

Sunlight seeped past the fabric's seams and shone into the tent.

The handsome man's upper body was bare as he leaned against a small single bed. His lips tilted upwards slightly as his gentle gaze landed on the young lady in his arms.

It was obvious that Huang Yueli was tired out by him because she was still sleeping.

He didn't know if Li Yukun had specially given out orders. The surroundings of their tent were very quiet and no one came to interrupt them.

Li Moying felt bad for his little fox and knew that she had experienced many dangers during this period. She had to face everything alone and her mental state was tightly wound. It was only until now that she could finally relax, so she slept very well.

Hence, he awoke long ago but he did not move. He did this to let Huang Yueli lean against his body to sleep comfortably.

Not knowing how much time had passed, Huang Yueli's eyelashes fluttered slightly.

After a while, she opened her eyes but her gaze was still rather dazed. Apparently, she was not fully awake.

Huang Yueli blinked and subconsciously rubbed her face on Li Moying as she mumbled softly.

“Oh, I dreamt of my husband again. This dream is so realistic... even his scent seems so real...”

Saying that, she leaned closer to Li Moying's neck and took a deep breath.

Li Moying couldn't stop laughing and lowered his head to plant a kiss on her face. "Li'er, are you sleepwalking? What do you mean like 'seems so real'? I'm real, right?"

"Oooh? Even your smile resembles my husband!" Huang Yueli's eyes opened wide in delight, as she lifted her hand to touch his perfected chiseled good-looking face.

Li Moying's brows rose and thought, "We haven't seen each other for two years. My Li'er seems to have gone a little dull?"

"Could it be that I did not nourish her enough?"

Thinking of this, he suddenly flipped over and locked the young lady in his arms on the bed.

Then he planted his lips on that noisy little mouth.

Huang Yueli instantly opened her eyes wide. Under such a clear assault, her foggy little brain immediately cleared up!

Last night's scene started to flow into her mind.

"Oh my gosh!"

"I... I had been saved by my husband last night! Moreover, the two of us returned to the campsite together!"

"All this is true! Even this man who is hugging me... is also real!"

Huang Yueli's heart was filled with joy.

But she slowly felt that something was amiss. Li Moying's movements seemed to be more and more unruly...

Huang Yueli's face flushed red in a second and she pushed Li Moying away.

"You... what are you doing? It's broad daylight now!"

### **Chapter 3196: Mixed With Two Men (5)**

Li Moying's body stood as still as a mountain.

Huang Yueli had no choice but to twist his ear. She said angrily, "That's enough from you! Quickly get up from bed! It's already very late. What will happen later if Divine Lieutenant sends someone to come look for us?"

She had just stopped when a soldier's cautious voice rang from outside the tent.

"Commander Li, may I ask... are you awake? Divine Lieutenant is asking all the Commanders to the main tent for a discussion."

Huang Yueli shot a glance at Li Moying, expressing for him to not make a sound, before she raised her voice to say, "Alright, please inform Divine Lieutenant that I will head over now!"

When the soldier left, she immediately shoved Li Moying again.

“Quickly get up! We have to go to the main tent!”

Li Moying stooped over her and stared at her face for a long time. Then he suddenly bit her nose.

“Ouch ouch—!” Huang Yueli hurriedly lifted her hands to cover her nose.

Li Moying snorted disgruntledly, “This goddamn place is so troublesome! Quickly come back to Cloudy Qilin Clan with me!”

Huang Yueli looked at his black face which she couldn’t help but find it comical.

“Alright, you’re really angry? We can’t go over to Cloudy Qilin Clan right now. At least we have to settle the matter for Divine Lieutenant first, isn’t it? After all, I’m the current Commanding Officer of this campsite!”

Li Moying became unhappier and his face darkened when he heard her say that. His wife actually refused to return home with him!

But at the same time, he felt rather proud.

Because his Li’er indeed had outstanding innate talent. Nothing could hide her brilliance!

Even though she came to this campsite for less than a month, her ability was already recognized by everyone on the campsite!

The only bad thing was... she was a little too bold. She actually fought a Sky Devil alone!

Thinking of this, Li Moying began to be upset again. He grabbed Huang Yueli’s shoulders and said in a deep voice, “If you want to stay here and help Li Yukun, that is doable. But from today onwards, you have to listen to me!”

Huang Yueli was stunned and looked at him in astonishment.

“Listen to you? Why? I’m the campsite’s Commanding Officer, alright?”

“It’s because... you’re too impulsive. I feel that you cannot manage things alone without your husband!” Li Moying shot a glance at her through the corner of his eye.

Huang Yueli immediately retorted in disagreement, “What? You’re being biased! When you weren’t around, I did very well at the campsite! Stop looking down on me!”

Li Moying mocked her coldly, “A Dream Profound Realm practitioner actually dared to challenge a Sky Devil mid-phase top practitioner? Yet, you dare to claim that you were doing well! Do you know that as the campsite’s Commanding Officer, how valuable is your life? Do you think it makes sense for you to risk your life?”

Huang Yueli retorted, “I... I just feel that I have Little Phoenix with me. So I have a higher chance of escaping! Since that’s so, why should I let the others take the risk of losing their lives just to cover me?”

Li Moying’s expression fell when he heard her words.

“So, when you were risking your life, you totally forgot that you have a husband waiting for your return?”

“Ughh, this...” Huang Yueli was at a loss for words.

“You probably don’t know that if you were to get into an accident, I will also not live any longer, right?”

“Ah, what rubbish are you talking about!” Hearing that, Huang Yueli jumped up agitatedly to cover his mouth. “I don’t allow you to spout nonsense!”

### **Chapter 3197: Mixed With Two Men (6)**

Li Moying held her little hands tightly in his palm.

“Li’er, I’m not joking. If you really got into an accident, I will definitely accompany you in death! If you still cherish this life that you saved with your own! You must remember that no matter what circumstance you are in, the most important thing is to protect yourself! Promise me this, alright?”

A bewitching glow shone like stars in Li Moying’s peach blossom eyes.

Huang Yueli blinked and felt that her soul was sucked into his eyes.

Eventually, she nodded her head obediently and said, “Alright...”

“Good. Since we’ve agreed on this, then you’d have to listen to me in the next few days!” Li Moying let go of her and stood up.

“Huh? What? What have we agreed on? I didn’t say I’m going to listen to you totally! You’re playing tricks on me!” Huang Yueli lifted the blanket and stood up, wanting to sort it out with Li Moying.

Just as she planted her feet on the ground, she suddenly felt the temperature in the air rising.

Li Moying’s gaze that fell on her seemed to be burning up!

Huang Yueli subconsciously lowered her head to discover that she wasn’t wearing anything at all. In fact, various marks were left on her body from last night’s activity...

“Ah, you... you shameless fellow. Get out right now!”

Using one hand, Huang Yueli grabbed her clothes and clutched them in front of her chest while the other hand was shoving Li Moying out of the tent.

Li Moying didn’t expect himself to be swept out of the door by his wife!

He hadn’t worn his clothes yet as well!

Facing the surrounding allied armies’ soldiers’ strange gazes, he was rather calm. He raised his voice and shouted into the tent, “Darling, my clothes are still inside. If you don’t pass it to me, I will have to run around in the nude!”

The last word had just ended when a man’s robe was thrown out!

Li Moying grabbed his clothes and shook his head helplessly. As he put it on, he sighed, "Sigh, why is my life so difficult? We're already married but my wife refuses to let me look at her. I only took a look and was chased out by her! Is there any other man who has a more pitiful life than me?"

"Shut up!" Huang Yueli's resentful voice echoed out from the tent!

After a long while later, Huang Yueli lifted the curtain door and walked out.

Li Moying had already tidied up his clothes. When he heard a sound, he turned around and looked in the direction where Huang Yueli walked out from.

Upon one look, he was stunned on the spot.

Li Moying was originally anticipating that he would be able to see his little fox dressed up as a beautiful young lady, holding his arm sweetly and appearing in front of the others to show off their love.

But in reality...

"Why are you in disguise again?" Li Moying frowned, as he didn't bother to hide the disdain in his eyes.

Huang Yueli said unconcernedly, "We're still at the campsite now! Look around you, there's not one woman in sight. If I were to put on woman's clothing, wouldn't it seem too strange! Anyway, I'm already used to this disguise, so I'll change it back once I reach Blessed City!"

Li Moying was extremely dissatisfied because bringing Huang Yueli with this face made him feel that he was in a relationship with a man...

But even so, he gave in to her in the end.

"Are you already prepared? Then let's go!" Li Moying said, holding her hand.

"Alright, let's hurry! Divine Lieutenant should be very anxious from waiting!" Huang Yueli looked at his natural reaction and beamed.

### **Chapter 3198: Such Heavy Taste (1)**

No matter how much he disdained this face, this man was still unwilling to let go of her, even for a short while!

While they were on their way to the main tent, they saw Xia Yunxi and Jun Sihan from afar.

Xia Yunxi chose to continue dressing up as a man, just like Huang Yueli. They were holding hands as well and looked very loving.

Huang Yueli blinked and exaggeratedly said "Wow!"

"Why haven't you dumped this scumbag husband who had an affair?" Huang Yueli asked intentionally.

Hearing that, Jun Sihan swept a cold glance at Li Moying. His meaning was very obvious. "Control your woman!"

Xia Yunxi seemed slightly embarrassed and turned to look at Jun Sihan first before explaining to Huang Yueli. "That... I had a little misunderstanding with Sihan previously. But we've already cleared it up..."

Huang Yueli said earnestly, "How can that be? You can't trust a man's words. How can you forgive him just because he casually coaxed you? You must make him kneel on the washing board or durians!"

"LI—MO—YING! Control your wife!" Jun Sihan finally lost it.

He tugged Xia Yunxi into his arms and directly led her to the main tent, not allowing Huang Yueli to continue inciting disharmony between him and Xia Yunxi.

Huang Yueli looked at their backs and stuck out her tongue. "Eh? Why did they leave so suddenly? I just barely said a few words!"

Li Moying helplessly pinched her cheek. "Stop torturing them. Brother Jun and Young Miss Xia went through a lot of events, even more than us! They have finally got a happy ending. If you make Brother Jun angry..."

Huang Yueli raised her chin and said, "So what if I make him angry? Does he dare to beat me? I also have my husband to protect me!"

Huang Yueli naturally relied on her husband's protection and that made Li Moying feel very satisfied.

But he said, "Although I will protect you, Brother Jun will never let you meet Sister-in-law again. Then you'll have one less friend!"

"Ughh, that's true..."

Thinking of this, Huang Yueli instantly gave up and stopped. "Alright, I won't speak badly of him anymore!"

"You little troublemaker!"

Li Moying's words might sound very disdainful, but his tone was extremely coddling.

He lowered his head, intending to kiss Huang Yueli, but met with that ordinary-looking man's face.

Li Moying instantly paused and turned his head to the other side. He decided to pretend as if nothing had happened.

However, Huang Yueli already knew what he was intending to do. Seeing his shrink back, she instantly said angrily, "You dare to scorn me, humph!"

She hugged Li Moying's neck and pulled him over. Then tipping her toes, she planted a kiss on his face.

It was rather loud.

Following her actions, a few gasps were heard coming from their side.

Turning her head, she realized that Commander Hu and the others were just standing a short distance behind them. Their expressions seemed extremely strange. To be precise, it looked a little constipated.

Huang Yueli realized that she had been caught red-handed for kissing Li Moying and instantly froze.

"Awkward! It's so awkward!"

But she was usually rather thick-skinned, so she calmed down rather quickly.

Huang Yueli coughed softly and grabbed Li Moying's arm as she introduced him to them, "This is my husband!"

### **Chapter 3199: Such Heavy Taste (2)**

Huang Yueli was confident that after she made known Li Moying's status to them, those Commanders' expressions would resume back to normal.

Whoever knew that upon hearing what she said, they looked even more terrified.

"Haha, so.... you're Commander Li's husband. Congratulations on your reunion. If there's nothing else, I'll make a move first..."

The Commanders left swiftly and in a second, they were gone!

Huang Yueli was instantly stoned. She turned back, took a look at Li Moying, and asked curiously, "What's wrong with them? Why do they seem to have seen a ghost when they saw me? In the past, my relationship with others was pretty good!"

Li Moying saw her dazed look and burst out laughing.

"Did you even consider the fact that you look like a man now? Would anyone not be horrified when they see you kissing another man?"

Huang Yueli was stunned but abruptly understood the situation. The look on her face instantly turned colorful.

"This... this bunch of fellows, isn't their imagination a little too rich? Moreover... even if... even if I have a gay tendency, do they need to run away so quickly? I'm not even interested in them! They're so narcissistic!"

Li Moying looked at her angry face and his lips curled slightly. "Ignore them. It's time for us to go to the main tent. It seems that we're the only ones who haven't arrived!"

He held Huang Yueli's hand once again and led her toward the main tent.

Li Yukun sat on the main seat with a slightly greenish expression. Apparently, his injury wouldn't be healed that easily.

Other than him, Xia Yunxi and Jun Sihan were seated together talking softly.

Commander Hu, Commander Xiao, and Commander Yang were seated on the other end, looking at Xia Yunxi and Jun Sihan weirdly. When Huang Yueli and Li Moying walked in, they turned to look at them as well.

Huang Yueli saw their paranoid expressions and intentionally held Li Moying's arm intimately. She pulled him to pay their greetings to Li Yukun.

"Divine Lieutenant, my husband and I have arrived."

Seeing Huang Yueli greeting him, Li Yukun was so shocked that he almost fell off his seat.

He hastily lowered his head and said, "Your Lady, you... please don't do this. You're torturing This Subordinate! I didn't know that you were Young Lord's wife previously. Otherwise, how would I even dare to assign you those dangerous missions?"

Hearing Li Yukun's words, Commander Hu and the others' facial muscles started to twitch involuntarily.

"These days... even a man can become get married officially to addressed as Your Lady?"

Huang Yueli laughed and shook her head upon hearing that. "Divine Lieutenant, my husband is my husband, but I'm indeed one of the Commanders in this campsite, one of your subordinates. So paying my greetings to you is necessary. You need not act in this manner."

Li Yukun hurriedly said, "It's originally our honor for Young Lord and Young Master Jun to come to our campsite..."

Hearing that, Commander Hu and the others finally felt that something was amiss.

Li Yukun might only be a Divine Lieutenant, but his position in the allied armies was still very high. Adding on that he was one of the core members of the Cloudy Qilin Clan, he might look humble but in reality, there was a hint of arrogance within him as well.

This was the first time Commander Hu and the others saw Li Yukun truly expressing his goodwill to someone. In fact, he seemed to be shaking in fear and trepidation.

They looked at Li Moying in astonishment, then at Jun Sihan who was beside Xia Yunxi, and asked cautiously, "Divine Lieutenant, may I ask who these two Young Masters are..."

### **Chapter 3200: Such Heavy Taste (3)**

Li Yukun then recalled that he hadn't introduced them.

Hence, he nodded respectfully toward Li Moying and said, "Oh, I almost forgot to do the introductions. Young Lord and Young Master Jun, these three people are our army's commanders. Old Hu, Old Xiao, Old Yang, don't be rude! This Young Master here is my Cloudy Qilin Clan's Young Lord, Young Master Li Moying. As for Young Master Jun Sihan, he is Veracious Wyvern Clan's Young Lord!"

Li Yukun's introduction left Commander Hu and the others in a daze.

"W... What? Cloudy Qilin Clan and Veracious Wyvern Clan's Young Lords?"

"I'm not dreaming, am I?"

"I think my ears are playing a trick on me. I must have heard him wrongly..."

The three of them muttered to themselves at the same time, making Li Yukun feel extremely embarrassed!

"What dreaming, what heard wrongly! These two are Cloudy Qilin Clan and Veracious Wyvern Clan's Young Lords! Their wives landed in the demon tribe's control area because of the accident during teleportation. Later they came to our campsite and had been stuck here since. Both Young Lords have specially come to pick them up!"

Li Yukun explained briefly and shot a warning look at the two Commanders who were still in a daze.

It was rare for Young Lord to come to his campsite personally, so Li Yukun was hoping to perform well.

In the end, these three dimwits caused him so much embarrassment! Why didn't he have any ingenious people around him?

Seeing them still in their daydream, Li Yukun coughed loudly.

"Aren't you guys going to pay your greetings to both Young Lords?"

The three of them seemed as though they had just awoke from their dreams and immediately half-knelt on the ground to greet Li Moying and Jun Sihan.

"Greetings to both Young Masters!"

Li Moying and Jun Sihan had already received weird looks from these three fellows in the morning. But they had no intention to make things difficult for them, so the two of them expressed for them to stand up.

Commander Hu and the others retreated to a corner in terror. They cautiously sized Li Moying and Jun Sihan up.

In the entire God Realm boundary, the ancient god clan's Young Lords were top figures.

Usually, it was impossible for Grade-One Commanders, who were mid-level military officers like themselves, to meet these people.

But this time, they met with two at the same time!

This made Commander Hu and the others felt extremely terrified, yet also flattered.

Moreover, when they saw these two from close up, they were indeed the noblest clan's successors. Both of them had extraordinary looks and elegant bearings. Although they seem pretty young, the aura that they gave off and their ability was no less than Li Yukun!

This kind of innate talent was never heard of.

Commander Hu and the others climbing to the rank of commanders were considered as a genius among the ordinary people in God Realm. They were usually very strict with themselves, hoping to break through to an even higher realm.

But after they met with the peerless geniuses like Li Moying and Jun Sihan, everyone suddenly felt as though they were being suppressed by a mountain. They felt that they were as minute as a grain of sand...

But when they had just appeased their agitated feelings and started to listen to their conversation with Li Yukun, they discovered that the two of them were very well-spoken with a hint of elegance in their speech. They also had a strong presence as though they were in a superior position for a long time, yet not making one feel pressurized.

This was something that a genuine noble could achieve.

**But...**

The three Commanders' visions landed on the people next to Li Moying and Jun Sihan. This time, their gazes turned complicated once again.
